

Many Bayonet Charges Marked Day of Fierce Fighting

having been weakened by the loss of detachments sent to the aid of Von Kluck. On the extreme German left, where vigorous efforts are under way to drive back the French, creating a diversion in favor of their right, the situation remains favorable to French arms. Large numbers of reservists have joined the French right, and it is thought they will be able to withstand all German operations for the present.

STILL STRONGLY ENTRENCHED.
The sixteenth day of the conflict on the present lines finds the Germans still strongly entrenched and in a position to continue their resistance indefinitely, excepting always on their right wing, which is slowly losing ground. In view of the fact that the heights where their main defence centres were long ago dotted with cement foundations for heavy guns, and that they were enabled to dig numberless trenches while falling back from the Marne, it is believed phenomenal that the allies have made such excellent headway. The English and French armies have fought a successful battle in open country with only temporary defences for shelter, and without the advantage of solid gun foundations such as the Germans built under the pretext of factory foundations.

PREPARE FOR LONG SIEGE.

In the vicinity of Antwerp, just beyond the range of its forts, the Kaiser's troops are busy with preparations for what is evidently expected to be a long siege. Austrian Howitzers of the first class and countless German field pieces are being brought into position, while German reinforcements come up from Aix-la-Chapelle in large numbers. At Basroede, near Termonde, the Belgians have inflicted a defeat on 5000 of the invaders, the Belgian machine guns doing great damage. The Germans advanced with petrol bombs intended for the destruction of the town. Repeated efforts on their part to carry a bridge of strategic importance were unsuccessful.

DECISIVE BATTLE IMMINENT.

A despatch from Petrograd states that a decisive battle is imminent on the border of East Prussia. The Germans are being heavily reinforced, and the armies are in close contact along the whole western line from near Memel, in the north, to the frontier of the government of Kalisch.

COLD BATH MAKES KAISER ILL.

A despatch to The Times from Geneva says that the Kaiser's health is such that Emperor William is ill with inflammation of the lungs as a result of having fallen into a trench that was filled with water.

MALINES AGAIN BOMBARDED.

A despatch to the Reuter Telegram Company from Antwerp says that the Germans today recommenced the bombardment of Malines. The people were obliged to quit their reconstructed habitations. Heavy gun fighting is also heard in the direction of Hofstade.

GERMAN REGIMENT ANNIHILATED.

"The French have surrounded and annihilated the 109th Regiment of German Reserves," says the Basle correspondent of the Exchange Telegraph Company in a message sent by way of Rome. The despatch adds: "The German wounded include a colonel, a major, two captains and two lieutenants."

GERMAN CASUALTIES 115,000.

BERLIN, Sept. 27.—(Via London, 9.10 p.m.)—The total German casualties in dead, wounded and missing, as officially reported to date, are 104,589. The casualty list announced today adds a total of 10,527 casualties to those previously announced, or a total of 115,116.

JAPS GAIN VICTORY AT TSINGTAU.

TOKIO, Sept. 27.—(9.58 p.m.)—It is officially announced that the Japanese have defeated the Germans in a stubborn battle lasting 14 hours in the outskirts of Tsingtau, the seat of government of the German leased possession of Kiaochau, China.

The Japanese casualties so far as ascertained are given at 312 killed and wounded.

According to the statement, the fight began on Sept. 26. German gunboats bombarded the position of the Japanese troops. Japanese aeroplanes proved effective in reconnoitering expeditions, and are reported to have escaped unharmed.

JAPS SEIZE RAILWAY STATION.

Weihsein, Sept. 26.—(Via Pekin, Sept. 27, 7.15 p.m.)—Two hundred Japanese entered Weihsein Friday evening and occupied the railway station, capturing four Germans.

The Chinese troops encamped nearby are fraternizing with the Japanese. Railroad communication to the east and west of this town has been terminated.

Weihsein is an important city in the Chinese Province of Shantung, about fifty miles to the north of the German concession of Kiaochau, with which it is connected by railroad.

PEIHO TAKEN FROM GERMANS.

LONDON, Sept. 27.—(4.47 p.m.)—A despatch to the Exchange Telegraph Company from Pekin says it is officially announced that Peiho was occupied on Sept. 27 by a small Japanese detachment which repulsed 300 Germans.

FIFTY MEN CHECKED 5000 GERMANS.

ON THE BATTLEFRONT, Sept. 27.—(Via Paris.)—A French lieutenant, M. Verlin, is the hero of the day as the result of an affair in which he was the main figure yesterday. The lieutenant and fifty men of his company were reconnoitering ten miles in advance of the main body on the Oise River when they encountered 5000 Germans.

The Frenchmen took refuge in nearby woods, and from this shelter fired volleys until only thirteen of their detachment remained alive, and of these four were wounded. The party then crept away. The Germans hesitated to attack the woods for fear of a trap.

Desperate attempts made by the Germans on the western end of the long line of battle to break thru the allies' forces, which are engaged in a turning movement, have resulted in the most furious fighting which has taken place since the beginning of the campaign. After fighting without respite night and day, corps after corps of Germans was hurled against the flower of the French and English armies today, only to be thrown back.

FOUGHT HAND TO HAND.

The infantry bore the brunt of the incessant fighting, but the artillery of both armies continued throughout the 24 hours to bombard each other's positions. Hand-to-hand combats occurred at many points, and bayonets were used freely.

The French Colonial Infantry, most of whose men wear many medals for bravery displayed in colonial campaigns, was to the fore, and beside these men fought the black Senegalese troops, while farther along the line the British troops held an important point with the greatest determination.

The French troops showed more than their accustomed dash in attack, and everywhere acts of wonderful courage were performed. The cavalry also participated in the engagement at many points, the allies' horses having enjoyed a long rest, which enabled this arm of the service to distinguish itself. The famous Scots Greys, finding that the color of their horses offered a prominent mark for the German riflemen, had dyed their mounts brown.

GEN. MARQUET KILLED.

Another prominent French officer, Gen. Marquet, has met death on the field.

At Nubecourt, the home of the parents of President Poincare, the Germans broke open the Poincare family vault, it is reported, and buried a number of their dead there. The Germans plarced the Town of Valenciennes, demanding from the mayors of neighboring communes lists of the available supplies of clothing and food.

THE FIRST PINCH ATTEMPT TO WIN VICTORY OVER IN BRITAIN BY GERMAN IS DESPERATE

British Business Has Felt the First Pinch and the Last—Why Germany Cannot Endure.

[The World herewith presents another article by Othello Mowbray, a leading Liberal member of the British House of Commons, and an accepted authority on financial matters. He says the first pinch in Britain of the financial shock is over, and that business will continue to improve. The vigor of the financial policy of the government brought this about. Canada is still feeling the effect of the war; if our banks would loosen up, let out money, and help "to finance business" the pinch would soon be over for us. For one thing the Canadian Bankers' Association are still opposed to making bank notes legal tender in the clearing house, and as long as this practice continues the banks that would like to help business will not avail themselves to any great extent of the emergency money measure of our parliament. The same line of conduct is evidently being followed by the American banks. Fortunately, however, the secretary of the treasury, Hon. Mr. McAdoo, is after the banks there with a rather big stick and is getting results. Ed. World.]

[By L. G. Chidlow, Money, M.P., in The London Daily News and Leader, Sept. 17.]
After six weeks of warfare those who at the outbreak of hostilities ventured to reassure the British people as to the soundness of their economy in wartime, can point to accomplished facts with complete satisfaction. It is curious now to reflect how many people had been led to believe that a great war would mean a complete collapse of British credit, British industry and British trade. The origin of the delusion is not difficult to trace, but it need not concern us here, and I understand that those who are responsible for it are anxious to explain that they were completely misunderstood. How far some distinguished people went in prophesying ruin may be illustrated by a couple of instances. The first is that of a well-known historian, whose fine brain did not prevent him from prophesying six weeks ago that "the catastrophe (of our going to war) would be so vast that people do not realize it, and many are helplessly watching the drift to ruin."

The second is that of an editor, not mark you, of a popular organ designed for the consumption of the vulgar, but an expensive and select financial weekly written for the particular information of gentlemen who normally wallow in dividends. Six weeks ago this gentleman wrote "They (our government) may find in a few weeks that the population will be not only unemployed, but in a state of revolutionary discontent." But you cannot easily dismiss a prophet. So true is that saying that I propose in this column to address me to an exercise in this self-same gratuitous form of error; I am encouraged thereto by the fact that I did my best six weeks ago to point out to the above and other persons concerned that they were not a little wrong.

The importance of the issue. The issue at stake here is of tremendous importance. As Mr. Churchill has said for us to endure in this war is to win. It is not only true that we are going to endure, but we are going to gather strength from day to day. We have endured the first pinch of economic adversity, but, most fortunately, that first pinch is to be the last. Not that we did badly in August. Last month we actually imported more and exported more than we did in August of the year 1905, which was a boom year of trade, and when we plumed ourselves not a little upon our economic capacities. But last month we were suffering from temporary dislocations, and especially from unnecessary fear. Our people now understand clearly that because the navy and army are at work instead of at play, it is not really necessary for the rest of us to be at play instead of at work. The German flag has been swept from the high seas, and we realize that, in war as in peace, we possess the means of prosecuting trade and industry, and that for the greater part we possess access to the markets of the world. Also we know that nearly £400,000,000 worth of German and Austrian exports of manufactured goods have been shut off, and that our manufacturers are profiting by the occasion. For example, I heard only the other day of a British silk manufacturer who secured an important order for some hundreds of pounds worth of toy "bricks," which before then had been supplied by that country—to his credit, he it is said, had made himself the purveyor of toys to all Christendom and to some of the outer barbarians. (It occurs to me in passing that after the war may be necessary for those who desire to sell toys to stamp them, very legibly, "NOT MADE IN GERMANY.")

German Economy Destroyed. By way of contrast to our own comfortable position, let us consider that of Germany. I am an ardent admirer of the further considerations which were presented in this column on Sept. 10. There is authentic news from Germany to show that, in spite of the large drain made by the war upon the able-bodied members of the German trade unions, a large proportion of those not serving at the front are unemployed. Unemployment ranging from about 15 per cent. up to 50 per cent. is already being suffered, and that after six weeks of warfare. Each week that passes must add to the severity of the German economic disaster. The stocks of material are being depleted, but that not all. Even the materials in hand were great enough to enable German manufacturers to produce normally, the output could not be sold because of poverty, or sold abroad because of the stoppage of communications.

It is because the economic issue is so clearly cut that I feel conviction that the present war cannot be long protracted. The sixty-eight millions of German people, with its population of seven and a half millions of people, will be less than that which Germany will have created, and that after six weeks of warfare. There is so often that in man which prevents him from realizing to the full the nature of a crime until it is actually committed. As I have already indicated, the German food problem will also take on an exceedingly serious aspect. At present Germany has almost entire possession of her own soil and of some parts of the soil of her neighbors. The Germans will be rolled back upon their own territory, and when, therefore, the whole aspect of the war changes, which is probably enough to feed her people for a year or more, will not be available for all her people. As the war progresses, the food supply of Germany will be cut off, and the food supply will be cut off, while an extraordinary amount of food will be sent to the front. What acute blindness of folly it must be that enables the soldiers of a nation, threatened with such a prospect, to deny the obvious, and to wait until the Nemesis awaited them in their own fatherland!

ALLIED FORCES GAINING FIGHTING ON HUGE SCALE

their right has checked the advance of a mixed French and British force, brought up by rail.

Recurring references to bayonet charges seem to prove conclusively that this picturesque and romantic phase of the advent of the great guns, and other equipment of modern armies, is not all a thing of the past. The French official statement says that at some points the trenches are only a few hundred metres apart; thus a small part of the millions engaged have known the stimulus and thrill of hand-to-hand fighting.

Despatches from Petrograd report the fierce fighting still goes on in Galicia, the Croacian, towards which the Russian posts have been marching ever since Przemysl was invested and the communications cut, has not yet been attacked.

Big German Front.
To the north the German invasion is assuming vaster proportions, notwithstanding the Russian war office insists that the German front extends from the Baltic coast to the southern boundary of Silesia, a distance of about 400 miles.

What opposition the Germans have met is believed to have been little more than a cavalry screen. Fighting continued again today along the River Niemen, from Drukeniki in Suwalki, Russian Poland, to Sopotzkin. The official statement issued tonight at Petrograd said that the German artillery had been unable to assume the offensive at Sopotzkin and that their retreat was more or less general.

There has been a dearth of naval news in the last twenty-four hours, and also the fall of the Austrian seaport of Cattaro has been reported in prominent several days, that event has not yet been recorded.

The German emperor's illness variously described last week as a severe

CANADIAN APPLES TO BE ADVERTISED

Sir George E. Foster Decides on Campaign to Promote Consumption.

OTTAWA, Sept. 28.—The department of trade and commerce under the direction of Sir George E. Foster will conduct a Dominion-wide advertising campaign to increase the consumption of Canadian apples throughout Canada.

The war has resulted in a curtailment of the market for Canadian apples in Great Britain. It has also resulted in evaporated apples with continental Europe, for Germany was the clearing-house for most of the trade.

In view of these conditions the department of trade and commerce, as a general effort to assist in creating new sources of demand to replace those cut off by the war, has been seeking to devise some means of assisting Canadian apple growers in quickly changing the market for Canadian apples from export to domestic channels.

Sir George E. Foster has decided after several conferences with the manager of the Canadian Press Association, John M. Inrie, to advertise Canadian apples to the people of Canada in order to increase the demand for them in the home market.

The department of trade and commerce has decided to entrust the whole campaign to J. J. Gibbons, Limited, who handle the advertising campaigns of many Canadian manufacturers. Expert advertising men are now in consultation with Sir George Foster, Hon. Martin Burrows and other officials of the department in the campaign will commence in a few days in publications throughout Canada from the Atlantic to the Pacific.

Safer at the Front
Rev. Paul Berman, German interpreter and Anglican mission ary to the Jews in this city, expresses his conviction that the German emperor will keep away from Berlin, as he will be far safer at the front, surrounded by his large staff of officers than in his castle at Potsdam.

There are 125 Socialist members in the German Reichstag, and even the district in which the Kaiser's residence is located returned a Socialist member to the Reichstag at the last election.

The Socialist party in Germany is against the war, and should the Kaiser return to Berlin he will have to be protected against his own people, says Mr. Berman.

cold and influenza, is now said to be inflammation of the lungs, due to the emperor falling into a water-filled trench.

To the cholera, heretofore reported among the Austrian troops, has been added, according to an Antwerp despatch, typhus fever, which is said to be raging in the German camps around Brussels and near Termonde. It is reported that several hundred Germans have already succumbed to this disease.

Quick to realize, as did Germany, the necessity of a high birth rate to offset the deaths due to the war, a movement has been started in England to reduce the marriage fees and to encourage soldiers and sailors to take wives before leaving for the front.

The Archbishop of Canterbury has addressed an open letter on the subject to all newspapers. In Germany a similar movement was inaugurated some time ago.

Cost of Movement is Staggering and Effort is Failing Completely—Exceptionally Fierce Engagements Are Being Fought.

Special Direct Copyrighted Cable to The Toronto World.

PARIS, Sept. 27.—Both the allies and the enemy, far from being exhausted after more than a fortnight of continuous fighting, appear to be throwing increasing vigor into their operations. Exceptionally fierce engagements are now being fought, particularly on the allies' left.

It is impossible on account of the rigorous press censorship, to divulge all the information. The opinions of those upon whose sight the dawn of success is beginning to break.

Our troops, on the left, are steadily, and at considerable cost, progressing toward the rising sun, to which the Germans now have their backs.

Policy of Desperation.
The movement of the German troops, on the left of the centre, to support the menaced right wing, reveals in itself the policy of desperation—an attempt to win a tactical victory at a staggering cost. This movement, however, appears to be completely failing.

Our men, despite the enemy's reinforcements, are still gaining ground and if the essentials of good organization and excellent organization count, they will continue thus to gain.

Only a first-class organization could have maintained the offensive against the Germans to have reinforced their right wing, but this does not obscure the fact that they have deliberately courted a serious defeat, risking almost everything on the outcome. The serious difficulty encountered by the enemy is that of provisioning, which increases daily and may yet spell disaster.

The pronounced German retirement here is calculated to produce a state of chaos in the lines of communication on which the Germans are relying for supplies.

Men Are Depressed.
The heavy autumn rains are now harassing the enemy on Genkha and rear and will seriously hamper the mobility of the armies, as well as serve to depress the spirits of the soldiers.

It is reported that, simultaneously with the transfer of the front line from the left to the right of the German line there should be an increase of activity in the French right flank. Apparently the enemy's operations south and southeast of Verdun have not been taken seriously.

Nothing seems to believe that any real danger is impending in the region of Metz are opposed to such a theory, and it is regarded as more than likely that the German activity in this region is designed to divert attention from the more vital points.

Many stores upon the fine spirit of the French troops. For instance: On the heights of K—(name deleted by the censor) which are strongly fortified by the enemy, they are reported to have been subjected to a bombardment of ten days failed to dislodge the Germans. Deciding to attack the enemy by surprise the French infantry, in the night, were perceived, to the base of a hill and waited in the pitchy darkness until the word was given by the commanding officer to rush the enemy's position like the rush of the wind, bayoneting the men at the howitzers on the hill's crest. In a moment the enemy's machine guns opened fire, but they were soon silenced in the face of the terrible onslaught of the French. All the gunners fled, except one battery which, which the harassed twenty horse. The heavy gun failed to budge in spite of the frantic lashing of the horses by the Germans, who as the French bore down on them, abandoned it with a gasp.

The Official Gazette records a touching drama of love and duty. Private Besanconnet, during the course of a battle, was wounded and taken to a hospital. He was there, in the face of a murderous fire, went to comfort his dying brother.

An Heroic Lieutenant.
Another case reported in The Official Gazette follows: A reconnoitering party of fifty-two, was surrounded by a band of the enemy. Thirty-nine of the French were killed, but the doughty lieutenant kept the rest together and all rejoined the lines the next day.

Here is another report: The day following the deed of the lieutenant, Corporal Salvat of the same company was knocked over by a shell bursting in the ranks. His men waved, but the corporal shouted, "Steady, men! It is nothing." The company was forced to retire under a heavy fire, but the corporal remained to help bring in the wounded, the he himself was wounded in so doing.

PRZEMYSL COMPLETELY CUT OFF --- GERMAN ARMY IN POLAND IS NOW IN FULL RETREAT RUSSIAN VICTORY DECISIVE

Enemy's Attempt to Cross Niemen River Failed and Retirement is General Before Russian Advance--Austrians Fight Stubbornly, But Vainly--Przemysl Partly Occupied, Says Unofficial Report.

(RUSSIAN OFFICIAL)

Canadian Press Despatch. PETROGRAD, Sept. 27.—The general staff today gave out the following official statement: "The German attempts to cross the River Niemen, near Druseniki (Russian Poland), have been foiled by our fire. The German artillery has been unable to oppose our offensive movement near Spoztkin. The German retreat towards the government of Suwalki has become general. The fortress of Osowetz continues to resist the German heavy siege artillery with success. The fighting in Galicia has been marked by special tenacity, particularly at a hill where the Hungarians were dislodged from three positions and withdrew in disorder. We have taken a whole battery and several hundred prisoners. The pursuit of the enemy continues. Przemysl Cut Off. "All communications with Przemysl are cut. The defence fortress there remains passive. Deserters said they heard that great treason had been encountered in the garrison. "The forts of the River Vislok are occupied by the Russians. The Austrian rear guards have fallen back towards Donauetz."

RUSSIANS OCCUPY TURKA

Canadian Press Despatch. PETROGRAD, Sept. 26.—An official communication issued from the headquarters of the general staff today says that in the region of Drusenki the Russian troops engaged the Germans on September 25. The Austrian army is now retiring westward, utilizing the roads leading to Cracow. After defeating two regiments of Honveds the Russian troops occupied Turka.

PRZEMYSL PARTLY OCCUPIED.

Canadian Press Despatch. LONDON, Sept. 27.—The Russians on Saturday occupied the greater part of the city of Przemysl, according to a message from Vienna, says the Rome correspondent of the Exchange Telegraph Company. His despatch continues: "The Russians approached the city from the southwest, forcing the Austrians to take shelter in the eastern part of the town. The situation of the city is critical, as it is entirely surrounded. "Russian troops are advancing from Grodek, on the Austrian positions, and the right wing continues to attack from the north. Troops are being poured into the city of Przemysl to press the attack from the southwest. "The Petrograd correspondent of the Daily Telegraph has forwarded the following semi-official statement regarding the operations in Russian Poland: "The German Advance Failed. "The movement of German troops from East Prussia in the direction of Warsaw has come to nothing. The Government of Russian Poland says that the Germans have suffered a serious repulse. The left flank of the Russian army has defeated the troops under the command of General von Hindenburg at the battle of the Niemen River. At the same time our troops won a complete victory at Mariampol, and the attacking Germans were thrown back ten miles across the River Szescha with a loss of many guns and prisoners. On the right flank at the Niemen River the battle ended in success for us at Srednik, where a German attempt to cross the river was repulsed with great loss."

BIG COLUMN RETREATS.

Canadian Press Despatch. LONDON, Sept. 27, 8:15 p.m.—A despatch to the Exchange Telegraph Co. from Petrograd says: "A big column is retreating along the road towards Sanok from Przemysl, Galicia, after having been shelled from the heights by Russian artillery. In their hurried retreat the enemy left parts of their train of motor cars. "The Russians defeated the enemy at Ushon, in the Carpathians, capturing artillery and many prisoners. Continuing their pursuit the Russians entered the borders of Hungary."

ROUMANIANS ORDERED OUT.

Canadian Press Despatch. PETROGRAD, via London, Sept. 27, 8:15 p.m.—A Bucharest despatch to The Novoye Vremya says it is rumored that the first Roumanian army corps has been ordered to the Austrian frontier.

SALVATION ARMY WOMEN KEPT IN PRISON 13 DAYS BY GERMAN AT BRUSSELS

Mrs. Captain Weeks, wife of Captain Weeks, in charge of the Paris court corps, Salvation Army, 36 Earlscourt avenue, has received the following letter from her sister, Captain Whittaker, who, with Brigadier Murray, head of the navy and military work of the Salvation Army, left England for Belgium on Aug. 14. The letter was written in Brussels and mailed in Dieppe, France. "We arrived in Ostend and proceeded direct to Brussels, arriving in that city on Aug. 18. Soon after our arrival the Germans occupied the city and Brigadier Murray and myself were thrown into prison. I shall never forget the sights I have witnessed. The Germans are so cruel; they shoot the women and children down like dogs. "The German general, who ordered us to be placed in jail, did things too awful to write about. The dead bodies lying around Brussels have contaminated the water and no one is allowed to drink it. The whole thing is terrible. The village burnt, and the poor people seeking safety and shelter in Brussels and other towns is pitiful to see. "There were about one hundred English nurses waiting in Brussels when the Germans came and they were commanded to nurse the German wounded. We were released after being thirteen days in jail. "This letter was mailed thru the kindness of a wounded soldier from the firing line, returning to England."

LONDONER ARRESTED FOR BREACH OF MILITARY ACT; DETAILS NOT REVEALED

Detective Armstrong made an arrest Sunday afternoon at the request of the military authorities, which, although few details concerning it can be obtained, is believed to be of great importance. Robert M. Michaels, who claims to be a broker, and says his home is in London, England, was arrested in the Military town hotel by Detective Armstrong, charged with a breach of the Military Act. Armstrong himself says he does not know what the military authorities have against Michaels, and Sergeant of Detectives Mackie declined to discuss the arrest. Michaels registered at the King Edward Hotel on Sept. 16, and gave his address as London, England. He intended leaving today for New York City.

LARGE GIFT OF CASH BY CANADIAN WOMEN

British War Office and Admiralty Authorities Notified of Donation of Two Hundred and Seventy Thousand Dollars for Hospital Purposes—Suggestions as to Use Desired.

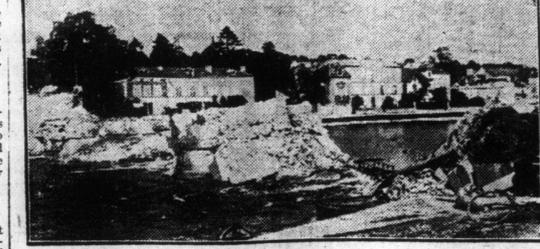

Canadian Associated Press Cable. LONDON, Sept. 28.—The war office and admiralty authorities have been notified of a telegram received Saturday from the Duchess of Connaught, stating that over £5,000 (\$285,000) had been collected for their use by the women of Canada, of which \$20,000 is to go to the war office and the balance to the admiralty. Her royal highness also expressed the hope that the war office would in some way identify the names of the donors of the gift, as the admiralty has done. It is unofficially stated that not only shall the women be specifically named with the gift, but that they will be given the opportunity of approving the manner in which it is proposed to apply the money. Sir Arthur May, director-general of the admiralty, is particularly pleased with his share. In the course of a conversation last night he said that the women of Canada have done magnificently, and the amount that they have collected for this department far exceeds admiralty expectations. "The question now arises," said the director, "do they want us to build a hospital and run it for them? Personally I would rather that they should send or appoint a representative here, and build and manage it themselves. We are giving them all the assistance possible, and I think this plan would appeal to them more." A similar arrangement was adopted by Princess Christian, and proved satisfactory in every way. An expression of the women's desire on this point would help considerably to expedite matters. Sir Arthur has already mentioned that he estimates the building, if erected at \$1,000 a month, and its maintenance at \$1,000 a month.

The party were out on a short run, and the accident was caused by turning the car out of the road to avoid some loose gravel.

FLIGHT OVER CATTEGAT BY SEVERAL ZEPPELINS

Aircraft Thought to Be Seeking Location of Part of British Fleet. Special Direct Copyrighted Cable to The Toronto World. LONDON, Sept. 27.—The flight of several Zeppelins over the Cattegat is reported from Copenhagen. It is suggested that they are seeking the location of a part of the British fleet, which is thought to have passed thru the Skagerrack, en route to the succor of the Russian fleet in the Baltic, believed to have been engaged with a superior German force. The channel is heavily mined, and the danger of attack from German torpedo boats is imminent, but English commanders have often courted chance by disregarding such obstacles.

Comes to Canada on Behalf of Belgian Refugees

BY THE WAY

In the present European conflict the situation of the Balkan States is entangled to such an extent that one can scarcely make any headway in attempting to point out their different positions. Add to such a state of affairs the fact that the full information of their various manoeuvres is lacking, that authentic news is meagre, and that despatches are complicated and contradictory—and one is constrained to deal with mere conjectures. After the second Balkan war, which ended with the peace treaty of Bucharest, a new constellation appeared. Roumania, Servia, Greece and Montenegro formed an alliance. The czar's diplomatic machine had worked with great care and precision. Toward this reshaping of the political map of the Balkans this alliance now being realized, "the other sick man of Europe," Austria-Hungary, it was proposed, should have his portion of the same treatment that the Turk had a couple of years ago. The Sultan's visit to the Roumanian King, Karl I, at Constantza, sealed the pact. The equilibrium of the Balkans was destroyed, and the European "triple alliance," already crippled by Italy's "neutrality," was to face this very inconvenient situation. The Servians desire to push the boundaries of their kingdom further into the body of Francis Joseph's empire. Bosnia and Herzegovina are populated by Servians. For centuries their dream had been to gather all these lost provinces and to rebuild a great Servian state. The Roumanians have four millions of brethren in Transylvania and Bukovina. Their king, who is a Hohenzollern, is a personal friend of Francis Joseph and William II. Roumania has always been considered a German "hinterland," ready to bring considerable aid to pan-Germanic conditions. In the second Balkan war the Roumanian soldiers will surely go to liberate the oppressed Transylvanians, whose leaders were always the darkest and most savage of anti-Semites in Roumania. As for Greece, she fears the Bulgarians, who now are the enemies of Roumania and Servia. This alliance, with Russia's assistance, hopes to disrupt the territory now under the old emperor's heavy yoke. Thus it is hardly to be believed that the Balkan states, at the beginning of the European war, that Roumania and Bulgaria are going to help Austria, against Servia. Now, let us see the other side of the shield. Albania is out of the question, deserted by her king, she is hived in her own troubles. There remains then Bulgaria and Turkey. Two eternal foes. The cross and the crescent. The new masters of Macedonia and the old persecutors of Macedonia. In the second Balkan war the Bulgarians reached Saloniki and Kavava and their plan was to take them. With Roumania's army near Sofia, however, they were unable to realize that dream. These two nations, Bulgaria and Turkey, are in a very peculiar position. Their interest is to go hand-in-hand with Germany and Austria. They shall the Bulgarians allow a Turk army to pass thru Macedonia, and their fresh prey taken with so much sacrifice in order to attack Greece at Saloniki, a province on which they had long cast envious eyes and coveted with passionate eagerness? Can they do this with the hare and hunt with the hounds? Bulgaria will in all probability go against Servia and Roumania, and should they unite for an attack, in order to check their advance in Austria. As for Greece, she will have to deal with the Turkish navy on the sea, and the Bulgarian and Turkish armies either in a co-operation of aggression against Roumania, or against Greece or against Servia and Montenegro. Turkey is the avowed friend of Roumania. The students of Constantinople recently made a visit to their Roumanian fellow students of Bucharest and Jassy. The two governments are in a friendly relationship, and what is of more interest, their chief and common point is to weaken Bulgaria's influence in the Balkans. Turkey's mobilization and appearance on the war arena must be explained otherwise. She is not at this moment thinking of reconquering her lost territories in Europe. Perhaps she has accustomed herself to the renunciation of this idea forever. Turkey has the Dardanelles, and there is the real danger. English and Russian battleships are floating near the romantic Bosphorus—the blue waters reflecting white palaces and minarets. For the sake of this piece of poetry on earth, they direct the mouths of their guns along both shores of the golden strait, against the too persistent gallant ships. Turkey feels her small European dominion crumbling under her feet. Peter the Great's will may possibly be realized. The Sultan here comes in direct contact with the Kaiser. In Germany's chess-play, Turkey is a pawn against Italy and England. The Sultan is the spiritual chief of all the Mohammedans, Egypt, subjected to England, and Tripoli, subjected to Italy, have a considerable number of believers in the Koran. By causing a religious war to break out in these two colonies, the Sultan believes that he will be able to regain his lost territories and peoples. Germany sees with favor this movement which will trouble Italy and England. On the other hand Russia is Turkey's neighbor in Asia. Caucasus is a place where Turkish armies can force a few corps of the Russian army to leave the European battlefield. Germany and Austria will then certainly win, thus enabling the northern masses which are pouring into their countries, with heavy strength. Perhaps the Sultan will arouse a Mohammedan revolt in Egypt against England; he may do the same thing in Tripoli against Italy. Perhaps he will fight on the sea with a few Greek battleships, and take the islands on the Aegean Sea and the archipelago; he may march against the czar thru Caucasus; but whatever he is planning one thing is clear, and certain, and that is that even "five hundred thousand veteran Turkish fighters" who must agree, make a very poor cast for such a big stage. What will be the result of the European conflict and how it will affect the Balkans, it is impossible to forecast. One thing, however, is certain—Turkey is no longer and never will be a great and influential European power. If the "triple alliance minus Italy" wins, the Balkan states will hold their own in the Balkans, as he has been doing, gaining some influence in North Africa, a prize for which he has been fighting. We do not think that the "triple entente" will drive them. The key of the Dardanelles and the golden Bosphorus are prizes for another series of gun performances, which Europe will not permit herself to engage in for many years to come.

DESTROY FRENCH OBJECTS BUT SAVE ART OBJECTS

Such is Advice Given by a Noted German Professor. Special Direct Copyrighted Cable to The Toronto World. BORDEAUX, Sept. 27.—Meyer Greffe, a noted German professor of art and fine arts, has admonished the German soldiers to destroy the French nation but preserve its art. He advises extermination of the population, but careful preservation of all objects of art. The professor is included in an article of a peculiarly ferocious character in the Berliner Tageblatt. PILLAGED THE ESTATES OF POINCARRE FAMILY. BORDEAUX, Sept. 27.—The Germans have plundered buildings in the commune of Sampigny, and the personal effects of President Poincarre, having previously pillaged at Thiaucourt the house of the president's brother Lucien and also the property of relatives of the president at Nubecourt.

TWO GERMAN WARSHIPS SUNK BY FRENCH GUNBOAT

Surprise Disposed of Rhios and Italo, Patrol Gunboats, in Taking Possession of Coco Beach, in Kamerun Colony, a Week Ago.

Special Direct Copyrighted Cable to The Toronto World. BORDEAUX, Sept. 27.—Victor Auguste, minister of marine, announces that the French armored gunboat Surprise had sunk two small German warships and taken possession of Coco Beach, Kamerun, Africa, after a sharp conflict. He described the feat as a very brilliant one, the Surprise having overcome the Rhios and Italo, patrol gun boats and a considerable German garrison. The conflict occurred Sept. 21. Kamerun has 500 miles of coast on the Right of Biafra, with a native population of about 3500. It was formerly a French possession, ceded to the Germans in 1911 after a diplomatic controversy over boundary lines.

GERMANY SECURES SUPPLIES OF FOOD

Grain and Other Articles Pass Freely Up Rhine From Rotterdam. By a Staff Reporter. OTTAWA, Sept. 27.—The Canadian trade commissioner in Holland reports to the trade and commerce department that grain and food supplies are now passing as freely as the shipping facilities will permit from Rotterdam up the Rhine to Germany. The Netherlands are observing a strict neutrality and only interfering with German traffic so far as to reserve the right to seize foodstuffs, military stores, raw materials, etc., that may be required directly for the defence of Holland. The commissioner states that the freedom of Dutch ports to German imports or exports is of little moment at present, as practically no grain ships and few of any kind were entering when he wrote on September 1. Mr. Lithgow says that as a result of the interruption of traffic 60,000 men are out of employment at Rotterdam. The Dutch troops called out before September 1 totalled 240,000 men, and the whole army is on a war footing. The field army is on duty near the boundary, and the coast is patrolled.

AUSTRIAN ARMY IN POOR STATE

Condition is Deplorable, Says an Officer Who Was Wounded. Special Direct Copyrighted Cable to The Toronto World. ROME, Sept. 27.—The Secolo's correspondent at Trieste says that an Austrian officer who was wounded at Lemberg and is now in a Trieste hospital, states that the condition of the Austrian army is deplorable, there being woful scarcity of horses and absence of the slightest attempt at organization. "We were four days on the Russian frontier," the officer is quoted as saying, "without artillery, cavalry or provisions. The several regiments of our infantry were annihilated without having caught a glimpse of the Russian troops. Some regiments were without officers, and having no orders from a superior, were forced to act independently. The disorder was then complete."

CARDEN MADE REPORT TO SIR EDWARD GREY

Minister to Mexico Understood to Have Reputed Alleged Statements. Canadian Press Despatch. LONDON, Sept. 27, 6:08 p.m.—Sir Lionel Carden, British minister to Mexico, who recently was appointed minister to Brazil, called at the foreign office Sunday and made his report to Sir Edward Grey, secretary of state for foreign affairs. While no official announcement has been made concerning the interview credited to Sir Lionel Carden, criticizing the American administration in Mexican affairs, he is understood to have denied such statements.

Germans Must Give Way Before Desperate Bayonet Charges

SENATE TO STUDY ANTI-TRUST BILL

Conference Report on Clayton Measure to Cause Long Debate.

FILIPINO INDEPENDENCE

War Tax Statute Has to Be Worked Out by Committee.

Special to The Toronto World.

WASHINGTON, Sept. 27.—The conference report on the Clayton anti-trust bill will occupy the boards when the senate convenes tomorrow. On a report of Senator Culberson, who has charge of the measure, it was made the unfinished business of the senate Saturday afternoon immediately after the passage of the Australian coal lands leasing bill, and then laid temporarily aside. It is not believed that the house will be able to dispose of the conference report without several days of debate because a number of senators, including Reed of Missouri and Nelson of Minnesota, think that the bill has been considerably weakened in conference. The Reed is particularly incensed over the elimination of a number of specific penalties for the violation of certain sections of the proposed law.

In the meantime the senate finance committee will work out the war tax bill which was referred to it by the senate Saturday afternoon. Senator Simmons, chairman of the committee, has called a meeting for tomorrow. Already many amendments to the bill have been tentatively suggested by members of the committee, but so far no attempt has been made to get a consensus of opinion regarding these suggestions. However, it is evident that the senate intends to adhere to its previous intention of amending the tax bill, and important changes are likely. One of the proposed amendments which finds considerable support is that calling for a direct tax on automobiles rather than the present two cents per gallon on gasoline, as adopted in the house bill.

Filipino Independence.

When the house convenes tomorrow a nice question of party procedure will determine whether the Philippine independence bill will be passed during the week or whether it will be strung out over the first week or ten days. The rule by which the bill becomes privileged is construed by some of the house members as allowing it to be taken up directly on Monday, which ordinarily by the rules of the house would be a violation of the District of Columbia. Other members think that "district day" will stand and that the Philippine bill be debated on Tuesdays, Thursdays and Saturdays, leaving Wednesday for the calendar bills and Friday for private claims, which is the regular routine of the house.

Talk of Adjournment.

The judiciary committee expects to dispose of the conference report on the Clayton anti-trust bill next week. Talk of adjournment will take on new life as soon as these two matters have passed through the house. The effort is being made to adjourn on Oct. 15, or begin to take recesses of three days each from that time on.

FIELD NOW TOO LARGE FOR ONE CONVENTION

Women's Institutes Divided This Year Into Three Districts — Topics for Discussion.

The Women's Institutes of Ontario have developed to such large proportions that three conventions will be held this year instead of one, as has been the custom heretofore. Plans have been made for the following: Eastern Ontario convention, Ottawa, Oct. 27 and 28; western Ontario convention, London, Nov. 4 and 5; central convention, Toronto, Nov. 11 and 12.

LOCAL OPTION CANVASS.

CORNWALL, Sept. 27.—At a largely attended meeting of temperance people of Cornwall township, held at the Township Hall, Cornwall Centre, it was decided to make a canvass of the different polling sub-divisions with a view to ascertaining the feeling of the people regarding the submission of a local option bylaw at the municipal election in January next.

Automobile Thieves Quickly Routed Up

Car Stolen at Midnight Was Found in Less Than Six Hours and Five Men Arrested by Dawnlight.

Five young men ranging in age from 17 to 21 years, were arrested by officer 520 and Acting Detective Nicholas of No. 5 division Sunday morning charged with the theft of a motor car from George E. Fair of Castle Frank avenue, from the curb in front of a downtown theatre Saturday evening. Those under arrest are Michael Cox, 335 West Richmond street; James Macrooney, 123 William street; Thomas Goddard, 242 Dufferin street; Thomas Quinn, 216 Brunswick avenue and Jack Shell, 20 St. Clarens avenue. Cox was arrested in the military uniform of the Army Service Corps Cavalry, and Shell is a paroled prisoner.

ENGLISH GIRL SENT THANKS TO CANADA

Grateful to Country for Gift of Flour — Money for Belgian Relief.

By a Staff Reporter. OTTAWA, Sept. 27.—The government has received the following letter from a little English girl, Marjorie Robertson of Wandswoth Common, London: "It is with most grateful appreciation that I write to thank you on behalf of my country for the handsome gift of flour you have so generously sent us, which is most welcome. We most heartily thank you, not only for the gift, but for the kind thought and your action in the time of war. It is nice to feel that your Dominion remembers the mother country in such a nice way. It is announced that the Government of Canada view with deepest sympathy in the movement in Belgium. They have decided to make at present an appropriation of \$50,000 toward this fund, and will supplement it, if necessary.

INCREASED DEMAND IN CANADIAN GOODS

Stoppage of Trade With Germany and Austria Responsible.

By a Staff Reporter. OTTAWA, Sept. 27.—The Canadian trade commissioners in England report increased demands for Canadian natural and manufactured products, as a result of the stoppage of trade with Germany and Austria. Enamelware, brushes, brooms, tool handles, nails, wire fencing, palm sand, tools, hardware sundries, boots and shoes, leather and leather manufactures are wanted. The wheat crop of the United Kingdom is estimated at not less than 50,000,000 bushels, or 4 per cent. greater than last year. There is sufficient wheat in the country to last for four months. The potato crop is sufficient for a year. The price of provisions is about normal.

DEMOCRATS AFRAID TO FACE ELECTORS

Wisconsin Congressman Denounces War Tax as Sops to Cotton Growers.

Canadian Press Despatch. OTTAWA, Sept. 27.—The Democrats are dinking. "I'm afraid to go home in the dark," shouted Rep. Lenox of Wisconsin in a house on Saturday. "There is not a Democrat here who doesn't go home in the dark after voting for the war tax bill. He is safer here where his constituents cannot see him. I have no doubt but that passage of the war tax bill to raise \$105,000,000 and other banking and currency legislation is for the purpose of giving federal relief to the cotton growers of the south. They have no more right to government money because they cannot sell their crop than the corn growers who a few months ago wanted the treasury to reimburse them for corn they could not sell."

HAD SCHEME TO STEAL ICE CREAM, IS CHARGE

Three Employes of Neilson Works Arrested by Acting Detective Nicholls.

Three employes of the Neilson ice cream works, Gladstone avenue, were arrested in that establishment by acting Detective Nicholls of No. 6 division Saturday evening, charged with the theft of cans of ice cream with a value of about \$50. Edward Turner, 26 Ossington avenue; Lacey Bowen, 95 Syngtoun avenue, and Lawrence Walker, 127 Pauline avenue, are those under arrest. Turner and Bowles are employes as drivers of delivery wagons, while Walker is a receiver, who on the return of the delivery rigs checks off the amount of returned goods. The police state that Walker during the past month has been checking one can of cream too much per day on each rig and splitting the proceeds with the other two men.

GERMANS CLAIM MORE VICTORIES

Official Statement Says Superior French Force Has Been Defeated.

ARTILLERY WAS BUSY

Fire From Big Guns Has Silenced the Enemy, Says Berlin.

(GERMAN OFFICIAL)

Special to The Toronto World. BERLIN, Sept. 27.—(By wireless via Sayville)—An official statement given out here today by the general staff, says a furious fight has taken place north of the Somme River, between French troops and an inferior force of Germans, in which the Germans were successful. The statement adds that the Kaiser's men overwhelmed a French division near Bapaume and that they silenced the forts south of Verdun on the Meuse River. Bapaume is 90 miles northeast of Paris and 13 miles southwest of Cambrai. The statement indicates that the battle line is being pushed farther to the northwest of its original position. Favored in Attacks. The Germans report that the French have been favored in their attacks upon the German lines of communication by the use of railway lines. The complete statement is as follows: "The enemy by utilizing his railroads made an attack on the German right flank, but was repulsed by an inferior force of Germans. The French forces south of Verdun were silenced by our artillery. The German forces near Bapaume engaged a French division, which failed to withhold our advance. "Otherwise in the western theatre of war, the situation has not changed. The fighting around Bapaume is evidently between French forces which have been trying to swing around the German line of communication. An enveloping movement in order to attack the German line of communication."

ADVANCE ACROSS MEUSE STOPPED

French Embassy at Washington is Informed of Continued Success.

RUSSIANS ADVANCING

Railroad Leading to Cracow Now in Hands of Czar's Troops.

Special to The Toronto World.

WASHINGTON, Sept. 27.—Advices to the French embassy tonight from the foreign office in Bordeaux declare the German advance across the Meuse River has been checked and that the invaders have been stopped. The despatch says: "We are making progress on our left wing. The situation on the Meuse heights is unchanged. We have gained some ground in the Woerwe district. "Violent engagements continue on our right wing. Our troops have advanced slightly between the Oise and Soissons. "At the end of the day, September 27, our troops occupied the front of Dompiere, southwest of Peronne. "Ridecourt and Noyons have been put on the defensive by the Germans. We occupy Berry-le-Buc. "The Germans have been able to cross the Meuse River near Saint Michel, but our troops took the offensive and forced them back to a large extent on the river. "The enemy has retired on Blainmont with a series of heavy losses and has neglected Badenovillers, which was forced from Lesseux and also from the woods between Lesseux and Wiffenbach." "The Russian and Servian situation were also given by the Bordeaux foreign office as follows: "Russian Successes. "The Russians have taken Rzeczow and on the front of the Przemysl, Czarow and also to fortified positions north and south of Przemysl. "In Homania the Germans appeared to be fortifying themselves north of Kalisz. "Violent engagements about Krupan and as far as the River Drina, but without decisive result. "The foreign office also enters a denial of the Germans' charge that the cathedral of Rheims was used as an observation post to control the French artillery fire. It transmitted a report from General Joffre, in command of the French army, which it is declared, shows that the bombardment of the cathedral was without the shadow of an excuse. "General Joffre's report was as follows: "The Fifth French army occupied Rheims on September 18th, and then was relieved by the Ninth. Both declare that they established no post of observation on the cathedral, the systematic bombardment of which began on the 19th at 3 p.m."

ALBANIA IN TROUBLE CAUSED BY INSURGENTS

Special Direct Copyrighted Cable to ROME, Sept. 27.—Albania is in dire trouble. Insurgent bands and Greek irregulars are said to be robbing the peaceful part of the population on all sides. There is no semblance of organized government and everything is topsy-turvy in the little state. The Albanians, it is reported, will ask the intervention of one of the great powers, believing that a stable government by foreigners would be preferable to their present misery.

MUCH FEAR IN AUSTRIA AT SPREAD OF CHOLERA

ROME, Sept. 27.—(Via Paris, 2.33 p.m.)—Despatches from the Austrian frontier say that the spread of cholera, especially in Hungary and Galicia, is causing anxiety. Lazarettos are being prepared to prevent the spread of the disease.

CHICAGOANS WILL COLLECT.

Special to The Toronto World. CHICAGO, Sept. 27.—The Western British-American committee Prince of Wales Club was organized yesterday at a meeting in Chicago to provide a fund of \$100,000 for the relief of widows and orphans of British soldiers and sailors engaged in the present European war.

YOUNGSTERS MAY AID RED CROSS BY READING

A Munro Grier Has Plan to Make White Book Popular.

A Munro Grier wants one thousand Toronto children to know how the war started. To this end he has made an offer of ten cents to the Red Cross Society to stand in the name of each child up to a total of one thousand, who will read the "White Book" and inform him of the fact before the end of October. The signature of a parent or teacher must accompany each letter. "The suggestion may have some merit in it besides inducing a perusal of the document," says Mr. Grier, in a letter to The World. "For instance, it should help to make the youngsters of the country interested in the question of the justice of the war and in the work of the Red Cross Society. I also hope that it may be a source of satisfaction to any child who otherwise would have no means from which to make any contribution. If the newspapers will co-operate I shall be only too happy to have a roll of honor published after the date named above, Oct. 31, 1914, giving a list of the children who have thus subscribed. "It occurs to me that where of my friends or others who may read this present letter may feel inclined to add to the subscription in order that more children may have an opportunity to contribute. "The documents contained in the British "White Book" will be sent free to anyone who writes to Ottawa asking for the blue book entitled, "Documents Relative to the European War." Mr. Grier lives at 32 Roxboro drive.

FURTHER LOSS OF BRITISH OFFICERS

Thirty-Five Killed and Thirteen Missing in Latest Report.

Special Direct Copyrighted Cable to LONDON, Sept. 27.—Names of thirteen officers missing, fifty-four wounded and thirty-five killed are contained in a British casualty list issued from army headquarters under date of Sept. 25. The regiments and their losses in officers are as follows: Sherwood Foresters, 4 killed and 7 wounded; Connaught Rangers, 4 killed; South Lancashire, 3 killed and 1 wounded; West Yorkshire, 7 killed and 4 wounded, including Lieut.-Col. Towsey, and 3 missing; Worcestershire Regiment, 3 killed, 5 wounded and 1 missing; Durham Light Infantry, 5 killed and 6 wounded, and the East Yorkshires, 5 killed, among whom are Lieut.-Col. Benson, and 3 wounded. Despatches from Berlin, by way of The Hague, emphasize a heavy casualty among German officers, particularly those of high rank.

CAMP AT COOKVILLE FOR G. G. BODYGUARDS

Regiment Held Sham Battle Yesterday in the Credit River Valley.

The Governor-General's Body Guard under Lieut.-Col. Sandford F. Smith, paraded at the armories on Saturday afternoon and marched to Stanley Barracks where they went into training over the week-end. Saturday evening outpost duties were taken up and training given in this department of service requirements. Yesterday morning the regiment fought a battle on the Credit River. A camp has been started at Cooksville under Major T. L. Kennedy, commanding C Squadron, and will be carried on for a month. The regiment proper holding week-end camps regularly for these men's employment that cannot spend the full week in camp. Riding instruction is given at the armories, Monday, Wednesday, Thursday and Friday evenings through the kindness of the Robert Simpson and T. Eaton Companies who loaned horses for this work. The regiment has vacancies for a few recruits.

TWO HINDUS CONVICTED OF RUNNING BOMB PLANT

VANCOUVER, Sept. 27.—Laboratory findings, automatic revolver cartridges, magazines and different kinds of powder were among the interesting exhibits produced in the case of Ghirdit Singh and Behle, two Hindus who were yesterday convicted in Victoria of manufacturing bombs. Ghirdit Singh was sentenced to four years penal servitude and his companion to two years. The bombs were made of prussic acid, combined with some highly explosive powder.

CORNER STONE AT ST. FRANCIS' LAID

Five Thousand Parishioners Watched Rite Performed on Grace Street.

ARCHBISHOP PRESIDED

Ecclesiastical Procession Marched From Old Church to Site of the New.

Beautiful and impressive ceremonies marked the laying of the cornerstone of St. Francis' new church, Grace street, yesterday afternoon, when Archbishop Neil McNeil assisted by a large number of priests from all parts of the city officiated. The hour appointed was three o'clock, but long before the time scheduled a concourse had gathered and the people massed and filled the streets about until 5000 had assembled. A temporary floor had been laid in the building where chairs were placed of coloring to the thousands. The remainder stood, interested spectators during the ceremonies and sermon. The ecclesiastical procession formed from the vestry of the old church, and then, preceded by the members of the Holy Name Society and headed by the professional cross and acolytes, marched along Grace street to the platform within the building, near which the stone stood in readiness. The procession was quite picturesque, the archbishop in cope and mitre with his assistant priests in gold and white vestments and the acolytes in red, black or white cassocks with sashes and lace surplices, giving rich notes of coloring to the proceedings. The uniformed Knights of St. John formed a guard of honor. Well and Truly Laid. According to the ritual of the occasion, the procession circled the building, the archbishop saying the prescribed prayers and blessing the place where the altar will be situated, the walls and the building generally. The antiphons, psalms and litany were sung by Rev. Father Staley and a chorus of ecclesiastics and sanctuary boys. Then the stone, having been blessed and the customary papers and coins placed beneath, was well and truly laid by the officiating prelate. The singing of "Holy God, We Praise Thy Name," followed. An impressive and appropriate sermon was preached by Rev. Father O'Donnell, parish priest of St. Ann's Church, the full voice of the speaker reaching even to the outskirts of the blessed sacrament closed the religious observances. For Italian Population. A collection was taken up and a handsome sum realized to help defray the cost of the church, which is the second built by the congregation since the founding of the parish twelve years ago. The old structure when vacated will be for the use of the Italian population of the district. The new St. Francis is of stone, and when completed will seat a thousand. The plans promise that it will be one of the finest churches in the city. The pastor, Rev. W. A. McEann, who has been in charge since its foundation, Rev. A. Staley is assistant. Among those present at the ceremonies were Rev. Father Connolly, C. S. B. and Rev. Father Hayes, C. S. B., both of whom attended his grace; Right Rev. Mgr. McCann, Very Rev. Dean Hand, Rev. Dr. Crean, Very Rev. Dr. Burke, and Rev. Fathers McGrath, Minehan, Dollard, Murray, C. S. B. Kelly and Williams.

Where is Ontario Heading?

Once more Ontario stands at the parting of the ways. After 19 years of stable and progressive government, the responsible head of that government, the premier, who was a first to whom there was no second, has departed...

Obviously this is necessary unless the Conservative party and the people of Ontario are satisfied to have the government run by a small and local machine...

So far as can be judged the Austrian armies have been decisively beaten and, for the time being at least, badly demoralized. They have not been able to offer serious resistance to the Russian advance on Cracow...

Prussia Self-Deceived

Evidence continues to accumulate that Germany has been long preparing for the war which it is hoped would give her a dominant place in the sun. No country was without her armies of spies...

This self-deception, which may prove an important factor in Germany's undoing, had its root in the fundamental difference between British and German policies and methods. For many years Prussia has been endeavoring to destroy the national spirit of the Poles...

ITALIAN BATTERIES WITHOUT NEW GUNS

Improved Artillery Ordered Not Yet All Delivered by Manufacturers.

Canadian Press Despatch. ROME, Sept. 27, (by way of Paris, 1.40 a.m.)—Signor Monti Guarneri, deputy from Rome, has called upon the ministry of war for an explanation of the delay in the manufacture of cannon ordered from Italian firms. Parliament not being in session, the interregnum in the absence of an official reply may cause some uneasiness. It is semi-officially stated that the question concerns 37 field batteries. The delivery of the sum of 75 millions was delayed owing to a modification in the specifications made after the order had been given. However, 400 of the guns already have been delivered and 100 more will be ready before the end of the year. The war office has received many applications from people wishing to enlist in the army in case of mobilization. The applicants include deputies, ecclesiastics, and journalists.

Whitney Funeral to Be Held at Early Hour in the Morning.

Out of respect for the late premier the courts at Osquode Hall remained closed today. It is not thought, however, that there will be any further delay in the business of the courts in this regard. They will open at the usual time today, and it is hardly possible that they will close tomorrow for the funeral. The lord chief justice said that while nothing definite had been decided he thought it highly improbable that the courts would close, more especially as the funeral is to be held at 9 o'clock in the morning.

LEGAL STUDENTS WITHOUT OFFICES

Services Are Not Sought by Lawyers—Registration is Lighter This Year.

Law students are unable to find offices during the coming term, and are accordingly forced to drop their course or else continue it with only the lectures, and minus the experience which they could acquire as the result of their work in the office of a Toronto lawyer. A second year man told the "World" that 50 students out of the second year class of 138 could not get offices. The first year men are even worse off, although there is only a class of 61 this year, in contrast to the 130 who began their legal studies last term. The third year class will number about 100 this fall, and they will not be affected as much as the others. This will bring the total registration figures up to about 290.

Need More to Remove Wounded From Firing Line—American Women Give Six

LONDON, Sept. 26, 2.40 p.m.—Acting on a suggestion from the British war office, the committee in charge of the American women's war relief fund has dropped the idea for the time being of equipping and maintaining an ambulance ship, and has instead presented the medical corps with six motor ambulances for use at the front. In accepting this gift Earl Kitchener, secretary of war, intimated that there was great need for properly constructed motor ambulances which would make possible the quick transport of wounded men from the firing line.

THIS WEEK'S ATTRACTIONS AT THE THEATRES

THE ROSARY

The Ontario Jockey Club was favored with a second beautiful Saturday for the last day of the meeting, and many smart and light gowns made their appearance.

THE BLUE BIRD

Jack Davis, noted boy actor, and hero of "The Blue Bird," in the role of Tyltyl, at the Royal Alexandra, week of Sept. 28.

LADY LUXURY

"Lady Luxury," the new Whitney opera which is to be seen at the Princess Theatre beginning tonight, came to town yesterday in a special train of six cars from Detroit, where the opera was given all last week with unusual success.

THE ROSARY

The success of "The Rosary" has been of the electric kind, ever since its first production. And Father Kelly, the wise and kind, ever since its first production.

AT SHEA'S

The headline attraction at Shea's this week will be Cecil Lean and Cleo Mayfield in songs and travesty of "The Grand Duke."

AT THE GAYETY

Out of the ordinary in its general make-up and personnel is "In Russia," the new two-act musical comedy, which has been produced by Sam Howe's "Lovers' Company" at the Gayety Theatre this week.

Rugby First Scores of the Season

ADOPT SCHEDULES RUGBY FOOTBALL

Intercollegiate Will Play With Cadets Out—Games Arranged by Little Big Four.

At the meeting Saturday in Kingston the executive of the Intercollegiate Union decided to carry out the schedule with the club taking a bye every day it was down to meet the R.M.C. Cadets, who are unable to put a Rugby team on account of the absence of the front. Thus the schedule for this fall will be as follows:

Oct. 3—Old Boys vs. Varsity. Oct. 17—Varsity at McGill, Queens bye. Oct. 24—McGill at Queen's, Varsity bye. Oct. 31—Varsity at Queen's, McGill bye. Nov. 7—McGill at Varsity, Queen's bye. Nov. 14—Queen's at McGill, Varsity bye. Hugh Gall's Ontario Union opened the Rugby season on Saturday when three games in the junior series were played, resulting as follows:

At Varsity—Captains 14, Balmly Beach 7. At Trinity—Parkdale 13, Don R.C. 7. At New Gardens—Kew Beach 11, Broadview 2. An exhibition game between Balmly Beach junior city team and Parkdale resulted 11 to 3 in favor of the Beach. Jarvis Street Old Boys play their annual Rugby game with the present team today. Any old boy wishing a game should be at the Don Flats at 4.30. P.F. Munroe will referee. Upper Canada College met the old boys in their annual Rugby match on Saturday at Deer Park, the veterans winning by 15 points. North End Y.M.C.A. members turn out tonight to practice at 7.30. The Capital Junior O.R.F.U. team defeated Balmly Beach in their first league fixture on Saturday afternoon at Varsity campus by the score of 15 to 5 in an exciting game. B.I.B. teams put up a good brand of Rugby, it being the first time out for some of the players. The features of the game were the booting by Landeberg for the winners and Brophy for the Beesches. Carrick, Fraser, Mannors and Leworthy also played a good game for the winners. All players, old and new, of the junior, intermediate and senior city and Junior O.R.F.U. teams are requested to be out to practice in uniforms on Monday, Wednesday and Friday nights from 7.30 to 9.30. Jesse Ketchum Park, as it is necessary that all teams have good work out for the games this week. Any new players wishing to join fast teams are made welcome.

Something Doing in Ottawa Rugby Circles

OTTAWA, Sept. 27.—Consternation was thrown into the camp of the Ottawa Big Four Rugby team last night when it was announced that wholesale jumping had taken place to the new O.R.F.U. club following a gun shot visit of a well-known organizer. It is hinted that there is something doing. The newcomers have captured George Boucher, G. Cummings, Dave McKinnon, also McGill and Wilkes, two promising recruits, who both played in a couple of games last year, and several other promising youngsters. With Martin Kilt, Jack Williams, Stewart Robertson, the former R.M.C. and Ottawa halfback, Naylor, Clifton, Jim Kennedy and five or six husky college wings they appear to have rounded up the best available Rugby material in the city.

NIAGARA DISTRICT BASEBALL

ST. CATHARINES, Sept. 27.—The Hamilton Bowling Club won the last scheduled game in the Niagara District Baseball League here on Saturday, from Niagara Falls, and are now tied with McKinnon of St. Catharines for first place. A special series between St. Catharines and Hamilton will be once arranged to decide the championship.

Weston Beat London O.A.L.A. Semi-Final

LONDON, Sept. 26.—Weston defeated London in a semi-final intermediate O. A. L. A. game here this afternoon by 4 to 1. The visitors outplayed the locals in the first three-quarters, but Weston was surprised by the form of the locals in the final quarter when they notched four goals early in the last period. The score stood 7 to 3 when the last period started. H. Coulter, one of Weston's stars, scored a goal in twenty seconds from the outset, but this only served to spur on the locals, who ran in sufficient rallies to make the final score 8 to 6. The line-up: Goal, Rowntree; point, McEwen; cover-point, Holly; first defence, Ramsay; second defence, Clayton; centre, Reilly; second home, Coulter; first home, Hargrave; outside, H. Coulter; inside, Smith. London (6): Goal, Reuter; point, Simons; cover-point, C. Hawkins; first defence, D. Holly; second defence, H. Pottery; centre, G. Pottery; second home, Aitchison; first home, Hodgins; outside, Scott; inside, Hawkins. Referee: Frank Dole, Toronto. Score by quarters: Weston 3, London 1; London 1, Weston 3; London 1, Weston 2; London 0, Weston 1; London 4.

CHANGES NEXT YEAR IN INTERNATIONAL

NEW YORK, Sept. 26.—The International League's season officially closed with Providence as the pennant-winner for the first time since 1905. It was the closest in years, and it was not until Friday that the club leadership was decided. In the closing days of the season Rochester dropped from first to third, with Buffalo in second position. President Barrow said tonight that, although some of the clubs lost considerable money this season, the International League will be changed in the field next year, with likely two changes in the circuit. Jersey City is to be dropped from the circuit, he said, and the franchise in another city may be transferred. Following is the official standing:

Motordrome Winners On Saturday Night

At the Motordrome on Saturday night in the long distance race Lloyd Leonard was in front at the finish with Henkman right on his back and Walker a close third. The time was 8.52 2/5, or at the rate of 83 miles per hour. In the bicycle pursuit race the Spencer-Cole team won in three miles. The last pair they caught was Wilson and Brady, with McDonald and McCarthy, the veterans, in the batting department, with 3 hits in 3 trips to the plate. Score: R.H.E. Spencer 1, 2 0 0 4 0 2 0—10 14 0. Cole 1, 2 0 0 0 1 0 0—10 9 3. Jersey City 2, 0 0 0 0 1 0 0—9 3 3. Smith and Wheat: Williams and Reynolds.

Champion Grays Close In a Comedy With Birds

PROVIDENCE, Sept. 26.—The Grays closed the International League season here today by defeating Baltimore in a comedy game by a score of 20 to 19. Score: R.H.E. Grays 2, 1 7 4 2 0 1 0—23 25 2. Baltimore 1, 0 2 0 1 0 1 2—19 26 2. Batteries—Donovan, Schultz and Gleason and Kane. Umpires—Mullen and Cauliflower.

Little Big Four Rugby

Representatives of the Little Big Four met in Toronto on Saturday to discuss the schedule for the season as follows: Oct. 24—Ridley at U.C.C. St. Andrew at T.C.S. at U.C.C. Oct. 31—St. Andrew at Ridley, T.C.S. at U.C.C. Nov. 7—Ridley vs. T.C.S. at Toronto, U.C.C. at St. Andrew.

LAST BASEBALL OF THE SEASON

Toronto and Rochester Wind Up International, Dividing Double-Header at Island.

Toronto wound up the baseball season on Saturday before a crowd of 2000 with a double-header with Rochester, which was the last game of the season. The first game was a 2 to 1 victory for Toronto, with Herb Foster hitting the home run in the opening encounter and scoring a victory by keeping the hits well scattered. He held the Husters to one run, which they got in the fourth on two singles and a sacrifice fly. The Leafs bunched their hits in the third and eighth for two runs in each in seven of their ten hits. The second game went to the visitors, the Leafs outbatted them. Rochester played the better ball. Johnson twirled as well as Upham, but was not as well supported. A double, a sacrifice and a single scored Rochester's first run in the second, and in the fourth they added four more after two errors. A wild throw to first was followed by a misjudged fly and a base on balls, filling the bases. A clean single scored two and another fly falling safe inside the diamond brought in another, then a fourth came in on a double steal. Toronto got their two runs in the sixth on a double and three singles in a row. Score: R.H.E. Toronto 2, 1 7 4 2 0 1 0—23 25 2. Rochester 1, 0 2 0 1 0 0 0—10 9 3. Batteries—McMillan, Schultz and Gleason and Kane. Umpires—Mullen and Cauliflower.

Three Winners!

Perhaps it was a coincidence, maybe some luck, but most likely the sterling worth of the horses that caused a filly and two full brothers to win their races on Saturday, one a 2-year-old at Woodbine Park and the other two four and five years old at Havre de Grace. The Ontario Jockey Club winner was the filly Amanat that beat The Pin a head in the maiden 2-year-old event. Abdin and Acton, whole horses, were the winners in Maryland. All three are by Bryn Mawr-Miss Deems, and owned by the same distinguished gentleman, a whole-hearted Roman Catholic clergyman of the South, who delights in his runners to different owners for the races. Al Weston is Amanat's trainer.

Races and Games For the War Fund

By Staff Reporter. EXHIBITION PARK, Sept. 26.—The women's patriotic fund meet of motor-cyclists and athletes was held here this afternoon before a small crowd. A very strong wind was blowing from the west, which hindered the contestants considerably on the stretch, but the competition was very keen notwithstanding. F. McGarry started the races. The results: One mile, boys under 16 years—1, B. King, West End; 2, F. McGrath, West End; 3, Frank H. Johnson, Time 5:02 3/4. The boys ran well, but the wind was very trying on them. One-mile bicycle race—1, A. Spencer; 2, H. McDonald; 3, G. W. Wright, Time 2:15 3/4. Spencer and McDonald had a great battle in the stretch, but the Canadian champion got the jump. Wright got show money for pace. Five-mile motorcycle, amateur—1, Fred Miles, Indian; 2, W. Morrison, Excelsior; 3, G. Headley, Indian, Time 8:24. Miles went out in front from the start and was never challenged. Morrison closed his way from fourth place into second position by some nice work on the corners. Ten-mile walk—1, H. Leask, Central; 2, J. Goulding, Central; 3, E. MacLaren, West End; 4, G. Goulding, Central, Time 1:15 1/2. The champion was on scratch, but the handicap was too great for him, although he was only nosed out by a foot for third place. Leask uncocked his spirit in the last lap and beat out J. Goulding, a brother of the famous George. Three-mile bicycle race—1, Watson; 2, Hefferan; 3, McDonald, Time 7:15 2/5. 100-yard run—1, N. Newell, Central; 2, J. Johnston, West End; 3, H. Trent, West End, Time 2:23. Newell came away in the sprint, while Trent, out of his distance, forced the running. Ten-mile motorcycle race—1, Headley, Indian; 2, Morrison, Excelsior; 3, Thomson, Excelsior, Time 12:00. Headley went out in front and secured a big lead, with Miles and Morrison chasing him hard. Morrison came away into second position but was too much speed.

Billy Hay says

"Way back in 1844, a great idea was born. "In a small town in England, where wages were pitifully low and food prices 'famously' high, twenty-eight poor weavers put their heads together and planned the first co-operative concern. "Co-operation! "What a wonderful force co-operative associations are today! The principle is right. "It is so right that the spirit of co-operation is woven into business everywhere today. "People look for it—demand it. "It may take different forms at times, but the principle is always the same. "In this store, co-operation is in the form of personal service. "Come in, men, and let me show you just how far we go to satisfy. The new Fall styles in Men's Suits and Coats are waiting for you." Semi-ready Store, "Billy" Hay, Manager, 146 Yonge Street.

Great Britain, Top Weight, Wins C.O.J. Cup in 3.54, New Record

REMARKABLE RACE BY GREAT BRITAIN

Won O. J. Cup in Drive With Barnegat—Great Crowd on Closing Day.

Two favorites, Veneta Strome and Back Bay, four second choices, Wadship, Great Britain, Amant and latter race, and the outsider, Lady Curzon, proved the winners on closing day at Woodbine Park. The afternoon was cloudy and cool but the attendance exceeded all expectations, being about 8000, and bringing the figures for the week almost up to the standard of a year ago. There was a scene of animation all over the grounds. Unlike on opening day, which was of milder weather, the cool weather of Saturday enabled the ladies to turn out in a variety of beautiful new fall gowns.

The volume of money wagered in the popular mutuels made you forget all about the supposed war-time stringency. In fact the machines were far in excess of the business of closing day, and long lines of speculators were cut off by the bell during most of the races.

The track was fast, as indicated by the time in the cup race, 2 1/2 miles, in 3:54.5, beating Alroy's last year's mark by 3 full seconds. The performance of the Commoner 4-year-old was all the more remarkable on account of his crushing impost of 136 lbs. It was the first win of the race by a heavyweight. Cave Adam, with 115 lbs. in 1909, comes next to Great Britain, but his time was only 3:59.4-5. Alroy, 191, won last fall; Sotelia, in 1911 and 1912, with only 100 and 89 lbs. up, and Duke of Rosnoke in 1910 with 97 lbs.

Barnegat started a slight favorite over Great Britain. The seven paraded at exactly four o'clock and Dade soon had them in charge in the chute at the head of the stretch.

Great Britain was rated in the rear division for two miles and then ran over the straight he had only Barnegat to dispose of. The latter had taken the lead a half mile from home. Murphy saved ground winding home and he was right at the rail when Great Britain started the final heading drive. It was first a nose, then a head, a neck, a half and three-quarters length. Fourteen furlongs, the pacemaker for two miles, beat Calumny, that was second to the last turn, for the show. Alroy was fourth, Good Day fifth and Lahore limped home a furlong behind. Thus they finished as they were backed except that Barnegat had the call second to 2. The best price was on Fountain Pay to show. The pool three ways was \$42,000.

Lady Curzon, from the Dryden stable, won the Grey Stakes, at better than 21 to 1. Bancho would have had him in a few more strides. He, with King Hamburg, carried the coin.

Wadship jumped straight and beat Shannon River, that had Allen on his back, in the Hendrie Steeplechase. It was a close finish.

Back Bay beat Panzarella a neck in a furious drive in the second race, again receding the track record of 1:11.4-5 for 4 furlongs by a fifth.

FAMOUS PLANT UNDER HAMMER

Shipbuilding Yards at Philadelphia Disposed of at Public Sale.

Special to The Toronto World. PHILADELPHIA, Sept. 27.—"Going, going, gone!" These words and the bang of the sheriff's hammer sounded the death knell Saturday of one of the land marks which made the port of Philadelphia internationally famous.

The incident marked the passing of the shipbuilding plant established more than forty years ago at Chester by John Roach. It was sold at public sale this morning.

John H. Hinkson and Kingsley Montgomery, attorneys for the Cambridge Trust Company, purchased the property for \$5,000. The trust company is trustee of a bond issue in the sum of \$150,000 issued to cover a mortgage of \$104,396.

The sale came as the result of the fifth financial reverse which the plant, consisting of 20 acres of ground, shipways, machinery and other equipment, has suffered since its inauguration in 1872. It is feared that the famous old yard will never recover from this last blow.
