

Debate on Home Rule Bill Opens in British Commons

German Government Sends Ultimatum to "Red" Forces

DISCUSS EDUCATING ALIEN IMMIGRANTS IN GOOD CITIZENSHIP

Commons Adopts Dr. M. Steele's Motion, Calling for Government Action.

MATTER FOR PROVINCES

Ottawa, March 29.—(By Canadian Press).—Private members' day in the house of commons was largely devoted to a discussion of steps which the government should take for preparing immigrants of alien origin to assume the duties and responsibilities of Canadian citizenship.

The discussion, which arose on a motion of Dr. Michael Steele (South Perth), was participated in by a large number of members on both sides of the house, all of whom concurred in the general principle that aliens should be given every aid in their effort to become good Canadians.

Hon. Arthur Meighen, speaking for the government, in the absence of the minister of immigration, said that the government was fully aware of the importance of educating the alien with a view to bringing him to the full stature of Canadian citizenship. He preferred not to make a definite statement on the matter, leaving that until such time as Hon. Mr. Calder was able to be in the house, but intimated that the department of immigration had certain plans in mind to deal with the problem.

Mr. Meighen, however, drew the attention of the house to the fact that the provinces had sole jurisdiction, under the British North America act, in all matters of education, and that the matter was primarily one for them to attend to. He questioned the wisdom of any interference by the federal authorities in such a matter, saying that the money for any federal scheme of education would have to be collected thru the provinces.

Need Language Instruction.
Dr. Steele, in moving the resolution which was finally carried, told the house that more than three million people had migrated to Canada in the last 20 years. Evidence was not lacking, he said, to show that the increase in the vast army of aliens in this country was a menace to public welfare. The census of 1911 had revealed that there were 147,228 illiterates in the province of Ontario alone. He advocated the instruction of the aliens in the language of the country of their adoption, and the institution of a common standard of nationhood which all would be required to conform to.

Vigorous Fisheries Policy.
Following the passage of Dr. Steele's motion, Mr. William Duff moved a resolution calling for the adoption by the government of a vigorous development policy on Canadian fisheries. He drew the attention of the house to the growing importance of fish as a staple food, and incidentally suggested that the fishers and drifters used during the war should be handed over to Canadian fishermen for use in the herring industries. These vessels, stated, were (Continued on Page 4, Column 2).

MASS OF WORKERS WERE NOT RADICAL

Royal Commission Finds Winnipeg Strikers Misunderstood Leaders' Objective.

CRITICIZE LABOR PAPER

Winnipeg, March 29.—The commission finds that the great mass of workers, intelligent and loyal to British institutions, did not acquiesce in all that was said and done and that it was not clear to the latter that the motive of obtaining the right to a mode of collective bargaining for a group of workers, but that their purpose was to elevate labor into a state of dictatorship. The statement made in an official report of the Robson royal commission, released for publication by Premier T. C. Norris today.

JEWES TO RESIST RENT PROFITTEERING IN NEW YORK

New York, March 29.—Almost 800,000 Jews banded together to resist rent profiteering tonight and formed the Jewish Tenants League.

TELEGRAM FROM TOLMIE ENDS GRASSHOPPER SCARE

Oxbow, Sask., March 29.—A telegram received from S. F. Tolmie, Dominion minister of agriculture, by W. F. Fraser, M.L.A., Oxbow, states that the grasshoppers appearing in this district are the colored wing species, hatching in the fall and are not dangerous. The dangerous species does not appear until May, says Mr. Tolmie, and there is no cause for alarm.

TEMPERANCE ACT IS VALID IN ONTARIO WITHOUT AMENDING

Federal Law Permits Vote to Decide Importation of Intoxicating Liquors.

ROWELL EXPLAINS

Ottawa, March 29.—(By Canadian Press).—The amended Canada temperance act, which was passed towards the end of the summer session last year, needs no further amendment to be applied to the province of Ontario, in the opinion of the department of justice, Dr. W. B. Whidden, Brandon, was informed in the house today by the leader of the government. The answer was to a series of questions which Dr. Whidden had placed on the order paper some days ago.

In a letter to Hon. N. W. Rowell, Mr. C. E. Steele, president of the Ontario branch of the Dominion Alliance, said, in part, as follows:
"1) Was it the intention of the government that the act should apply to Ontario?
2) Would the government be prepared to bring in legislation removing all doubt?"

Reply to Alliance.
Hon. Mr. Rowell replied on March 8, stating that in answer to question No. 1: "It certainly was the intention of the government that the act should apply to the province of Ontario, and, in the opinion of the department of justice, the act does so apply."
Replying to question No. 2, Mr. Rowell pointed out that, in the opinion of the justice department, no amendment would appear to be necessary. The act of justice was taking the opinion of eminent counsel upon the question.

Legal Opinion.
The opinion of Eugene Lafleur, K. C., is that the act provides for taking a vote in any province of Canada in which there is, at the time, a law in force prohibiting the sale of intoxicating liquor for beverage purposes, such vote being taken for or against the following prohibition:
"That the importation and the bringing of intoxicating liquors into such provinces may be forbidden."
Mr. Lafleur expresses the view that the amendment to the Canada temperance act applied not only to provinces which have absolute and unrestricted prohibition, but also to those which have a prohibitory law with qualifications and exceptions, and in the latter case effect is given to such qualifications and exceptions by the Dominion legislation.

Sent a Deputation.
The answers to Dr. Whidden's question further revealed that a deputation from the Dominion Alliance had waited on the government to request either amending legislation, or that the government should refer the matter to the supreme court for decision as to whether the amended act applied to Ontario or not. The government had replied that it had no doubts as to the application of the act to Ontario, and could not see its way to grant a reference to the supreme court.

DANISH CROWDS DEMAND REPUBLIC

Police Are Guarding All Streets Leading to the Royal Palace.

Copenhagen, Tuesday, March 30.—Large crowds fill the public squares throughout the city, demanding the establishment of a Danish republic, and all streets leading to the royal palace are held by the police.

START SEEDING IN WEST.

Regina, Sask., March 29.—Some seedling wheat crops in the country between Assinibois and Shaunavon about the end of this week, according to reports reaching this city.

STURDY YOUNG CITIZENS FOR CANADA. A group of boys and girls from one of the Dr. Barnardo homes on their way to this country. The photograph was taken on board the steamship Sicilian, which is bringing the youngsters across the Atlantic.

LABOR IS STRONGLY OPPOSED TO IRISH HOME RULE BILL; DEBATE IN COMMONS OPENS

Chief Secretary, Moving the Second Reading, Says Recent Events Show Undivided Ireland is Impossible—Clynes, for Labor, Objects to Undue Tenderness for Ulster—Lord Robert Cecil Condemns Measure.

London, March 29.—The long-expected debate in the house of commons on the second reading of the Irish home rule bill opened today. Special precautions had been taken by the government to suppress any Sinn Fein demonstration, but the services of special guards were not needed.

The second reading was moved by Ian MacPherson, chief secretary for Ireland, who, explaining the provisions of the bill, stated that the recent events in Ireland had only strengthened the view that an undivided Ireland was impossible. Referring to the proposal for an Irish council, which is one of the points in the bill that has been severely attacked, he said the government was prepared to listen sympathetically to suggestions for improving the council.

The government, the secretary declared, had acted magnanimously toward Ireland in past years. The present prosperity of the country was due to its connection with the United Kingdom, he asserted, and any secession, in whole or in part, could not be tolerated. It would be suicidal, he intimated, for Ireland to be separated from the empire.

Lord Robert Cecil, former assistant secretary of state for foreign affairs, declared that it was a very bad bill, without an atom of Irish approval behind it and lacking in Irish approval. He said he failed to see how it would conciliate American opinion if that were the object of British policy. He believed, he declared, that the British (Continued on Page 2, Column 3).

BRITISH VESSELS SAVED RUSSIAN VOLUNTEERS

London, March 29.—A war office communication, issued this evening, describing the capture by the Bolsheviks of the town of Novorossiisk, says that by strenuous efforts of the British naval craft a large number of the Russian volunteer forces embarked at the last moment on various vessels waiting in the port.

SINN FEIN M. P. HAS BEEN DEPORTED

Dublin, March 29.—William Coombe, Sinn Fein member of parliament for Kilkenny, chairman of the finance committee of the Dublin corporation, has been deported. He was arrested at his home in Dublin last Thursday. Among four persons arrested in Tipperary today was the Sinn Fein member of parliament, P. J. Maloney.

TORNADOES' TOLL IN EIGHT STATES IS NOW 160 LIVES

Many Thousands Injured and Property Damage Amounts to Many Millions.

ILLINOIS HARDEST HIT

Chicago, March 29.—The death list of the Palm Sunday tornadoes that swept sections of eight states tonight stood at 160.

Telegraph and telephone service with many isolated communities in the middle west had only been partly restored tonight and indications were that the toll of death and destruction would be augmented.

The known dead in six central western states numbered 105, while 55 were killed in Georgia and Alabama. The property loss in the Chicago area alone was estimated at \$6,000,000, while in the other states affected the material loss was large. Elgin, Illinois, suffered the heaviest property loss, the damage there being \$4,000,000.

Illinois was the hardest hit of the central states with 30 dead, more than 1,000 injured and 2,000 made homeless. Indiana reported 36 fatalities, and Ohio 26. Eleven were killed in Michigan, and one each in Wisconsin and Missouri.

The death list in Georgia was placed at 38 and in Alabama at 17. The districts most severely affected in the Chicago area were Irving Park, Melrose Park, and the west side. At Joliet, Ill., three persons were probably fatally injured, four were seriously hurt, and the property damage was estimated at half a million dollars.

Troops patrolled the streets of Elgin, Melrose Park and Wilmette today. Health Commissioner Robertson of Chicago mobilized every available surgeon and nurse and sent them to the stricken areas.

GERMAN WORKMEN RECEIVE ULTIMATUM FROM GOVERNMENT

Troops Will Invaade Mining District Unless They Capitulate by Today.

CONFERENCE OF UNIONS

Berlin, March 29.—Proceedings against supporters of the movement led by Dr. Wolfgang Kapp in the reactionary revolt of March 13, have been begun by the government. Former under-secretary of state Falkenhayn has been arrested at Brandenburg-Havel, and proceedings have been commenced at Kiel against Admiral Von Loewenow, former governor of Kiel who is under arrest. Major Von Winterfeldt and others, who were implicated in the revolt, are also made defendants by the government.

Rewards up to 10,000 marks have been offered for information leading to the arrest of other officers who have fled. The list includes Lieut.-Gen. Von Estorff, who was in authority at Altona when the revolt occurred and who favored the Kappist regime. Major-General Ledebour is also being sought.

Essex, March 29.—The revolutionary workmen of this region are considering their reply to an ultimatum of the government, which threatens that government troops will march into the Ruhr district unless General von Winterfeldt, leader of the Reichswehr, is assured by noon on Tuesday that the workmen absolutely recognize the Berlin government. The ultimatum also demands disarmament of the army and civilians, the immediate dissolution of the red army, the release of its prisoners, and the restoration of the regular authorities to power.

At Duisburg, posters were hung reiterating the threat to dynamite the mines if the Reichswehr advances. Three workmen's delegates are leaving for Cologne to ask the allied representatives to intervene in the Ruhr trouble and send troops into the district.

There was some perplexity at a secret meeting of the workmen today over the course to be pursued. After a discussion, the plan of sending delegates to Münster to negotiate the difficulties was voted down. A military representative then told the meeting that the allies had offered to mediate.

The leaders of the reactionary movement say the surrender of their arms means their death warrants. The government at Berlin has announced a decided repulse of the red army before Wesel and south of Münster, according to advices received here.

Following a conference of representatives of the Berlin trades unions and the communist authorities, there were signs of discord in the ranks of the army, and a conflict between the military and civil leaders of the movement. The conference declared strongly for supremacy in the working class. All the parties of the left sent their leaders to the conference from Berlin, and these united in urging peace and the cessation of warfare. The strongest advocate of the demand was Dr. Paul Levy, president of the Communist party of Germany, who was recently released from prison where he was serving a term for a political offense. Dr. Levy denounced the commander-in-chief of the workmen's forces, Herr Lehner, and the army itself in opposing an armistice as an attempt at military dictatorship.

General Strike Threatened.

The conference decided to demand control of all arms and ammunition, with seizure of the munition plants, and the right to copy the red works. To forestall the possibility of the government's rejection of the conference's proposals, the threat of a general strike, which had been previously made to support its demands, was incorporated in a resolution by which the conference, representing the executive committee of the cities and districts, agreed, if necessary, to use all possible means to effect a most complete general strike.

Three of the Berlin representatives were Herr Krasman, vice-chairman of the trades union federation, and Deputies Brasse and Osteroid, Social Democrats. They said they came not as government agents but to seek to mediate and adjust the differences existing.

Essex has become the heart and soul of the Ruhr Soviet movement. It is the most thoroughly controlled city of the district, and the Red army centres here as well as the central committee, and the conference of executive committees. There is a multiplicity of passes, the authorities working according to a system that to outsiders seems somewhat scrambled.

A Motley Crowd.
In the city hall the main officials have executive up the headquarters where drift in Red army widows of fallen Reds and long, ragged streams of ill-assorted, beaten-looking men, nearly all with rifles and heavily charged cartridge cases. All of them seem quiet and respectful except an occasional belligerent person, such as a young truck driver captain who wanted to requisition clothing. When he was refused the necessary authority, he declared: "I wish I had my own company here. I'd shoot up the whole lot of you."

The revolutionary tribunal, of which Little is said, is officially reported to have effected its first execution.

Mayor Victim of Sinn Fein Six Others Doomed to Death

London, March 29.—Official inquiries in Ireland have proved beyond a doubt that Thomas MacCurtain, lord mayor of Cork, who was assassinated a week ago Saturday night, was "actually a victim of Sinn Fein vengeance," says The Daily Mail. It declares it has obtained its information upon "unimpeachable authority."

Lord Major MacCurtain and six other prominent men who were expelled from the inner circle of the Sinn Fein and condemned as untrustworthy to the cause they had vowed to support were doomed to death, the newspaper says. Of these seven, Lord Mayor MacCurtain was the first to be killed. Another, Professor Stockley, was shot at four times, but escaped with his life. A third man, whose identity has not been disclosed, was found blindfolded, bound and shot to death in a field at Limerick. He had in his hand a rosary. The remaining four are still alive so far as known.

AMBITIOUS ACTORS ARE BADLY STUNG

Two Men Arrested on Fraud Charges for Running Fake Booking Offices.

Robert Reilly and Howard Nolan, Bond street, were arrested by Detectives Ward and Tuft on charges of fraud. Both men are alleged to have been running a theatrical agency known as "The Conway Road Show Company." They also had a union known to themselves as "The Eagle Theatrical Association."

Last week they advertised in the evening papers for chorus girls and girls who were anxious to go on the stage as stars. Reilly and Nolan offered 100 people were in line to join the police, for the actresses and actors to join the Eagle Union with a fee of 40s. The police seized letters and papers from girls writing in from out of town expressing their desire to appear before the footlights. In all, it is charged, 100 people were in line to join the union, some of whom, it was stated, had already advanced their union fee. A further charge will be made in connection with the case in police court this morning.

TO PRESENT REPORT ON C.N.R. OPERATION

Important Statement by Hon. J. D. Reid Due in Commons Today.

Ottawa, March 29.—(By Canadian Press).—The commons will probably have a sort of field day on railways tomorrow. The Canadian National Railways will be the chief item on the bill of fare, and the operation of these roads together with the vote in the estimates necessary for the operation and maintenance of the system will be discussed in detail.

When the house meets at 3 o'clock in the afternoon it is expected that Hon. J. D. Reid, minister of railways, will move to go into supply and he will then submit his annual statement showing the result of operations of the Canadian National system from January 1, 1919 to December 31, of the same year. This statement will show in detail the results obtained on each section of the system.

Proposals for the future, including absorption of the Grand Trunk System, will also probably be dealt with. While the official announcement as to the board of management of the Grand Trunk System has been delayed awaiting the arrival from England of the shareholders' formal ratification of the agreement, it is expected that the government plans to provide for a co-ordination of the Grand Trunk with the other parts of the Canadian National system and a complete reconstruction of the board of directors when that railway system is finally taken over in full.

SPRINGTIME IN HAT BUSINESS.

The hat merchant knows that springtime means a season of hard work—new hats arriving every day—cases to be opened and marked and checked, and properly arranged in show cases. The Dineen Co. have been working hard on their spring shipments, and today they had the satisfaction of getting the finishing touch on their new styles.

Look at the new styles of Dineen's Yonge street store and in examining the prices are also looking at the 40 Yonge street store.

cution, that of an alleged looter, Saturday night. As one arrives at the city hall there can be seen six field pieces and inside all corners get an excellent view of two wooden coffins.

Quitting Fighting Point. Copenhagen, March 29.—The majority Socialists who have been in the ranks of the rebellious workers in the Ruhr district of Germany, have quit the fighting front, and are now being followed in their action by the independent Socialists, according to a telegram from Muenster today.

The manager of the Krupp plant at Essen has issued a statement that the plant was manufacturing munitions for the insurgents.

The executive council of the Essen workmen has withdrawn its order permitting the seizure of food in private houses, the message said, because the privilege had been made a pretext for the plundering of the better class houses for valuables.

Threaten to Flood Mines. Berlin, March 29.—The Independent Socialists had thirty meetings Sunday. The speeches delivered indicated that the Independents desire a purely Socialist cabinet under independent leadership. They demanded the immediate withdrawal of the troops from the Ruhr region, saying that otherwise the rebels would continue fighting, and, if defeated, that they would devastate the mines.

Herr Kunert, Socialist member of the assembly from the Halle-Saalkreis district, threatened otherwise the rebels would continue fighting, and, if defeated, that they would devastate the mines.

The government has entered into negotiations with the Independent Socialist leader, Cohn, with a view to modifying the ultimatum to the Ruhr workers' army, as it was feared that the workers were driven to desperation they might flood the mines and destroy the blast furnaces.

Resembles a Panic. The Hague, March 29.—According to an announcement from an authoritative source, the retreat of the Red troops in the Ruhr district of Germany closely resembles panic. As the scene of the fighting has been further removed, the Dutch frontier guards' corps was decreased today and the volunteer corps, which was mobilized last week, has been disbanded.

German Prisoners Escaped. Berlin, March 29.—Prisoners at Brandenburg-on-Havel, to the number of 140, overpowered their keepers Sunday and made their escape. Cavalry pursued them and eighty were recaptured.

NO QUARTER TO LEADERS. Reactionary Elements in Army Will Be Swept Away.

Berlin, Mar. 29.—Chancellor Mueller, in a speech outlining his program, told the national assembly today that "the reactionary elements in the army will be swept away with an iron broom." The new chancellor devoted half of his speech to consideration of the recent revolution.

No quarter will be shown to the military leaders who violated their oath, said the chancellor. The terms of the peace treaty were responsible for the reactionary sentiments still prevailing in many quarters in Germany, he added.

The chancellor asserted the German troops into the neutral zone, demand for allied occupation of Frankfurt, Darmstadt and other cities, in return for the privilege of sending German troops into the neutral zone.

The government, he continued, "does not propose to subject these peaceful communities to the terrors of occupation."

The new government was fully represented at today's session of the assembly, Gustav Noske, the former minister of defense, and Dr. Schiffer, former minister of justice, occupied seats with their party factions. The assembly recessed for two hours to permit the parties to prepare their responses to Dr. Mueller's speech.

Dr. Mueller declared that the government was determined to prosecute the conspirators as well as "the intellectual lightweights" of the revolution. The chancellor addressed his remarks to the right side of the house without making any specific reference to individuals.

The swift collapse of the Kapp regime, the chancellor continued, was due to the fact that there are still democrats in Germany.

"Our duty now is to put them in the leading official positions," said Dr. Mueller. He announced the government would take the most energetic measures to restore order and to protect the German people from foreign acts which are taken by the government against communists and other operators in the Ruhr region, said a manifesto issued by the government, if leaders of the communists were taken to give adequate guarantees to General von Watter, commander of German troops in that district.

DR. MICHAEL CLARK EXPLAINS STAND.

Says Wrong Impression Prevails on His Franchise Act Speech.

Ottawa, March 29.—(By Canadian Press.)—Dr. Michael Clark, member for Red Deer, and acting leader of the new agrarian party in the house of commons, complained today that an entirely wrong impression had been taken from his speech on the franchise act last Friday, in which much was said about keeping people of the Teutonic races out of the country. Dr. Clark denies that he made light of the idea of keeping Teutons away from the country and quotes the following from Hansard which reads:

"We have, as a nation, the right of every other nation to keep out of our country any people who we desire to keep out, and it is within our own immigration laws that we come to people already in the country, and recognized as citizens to the extent of promoting the wealth and prosperity and development of the country, then it is grave responsibility for a government to go to the length of depriving them of their rights. But when it is in the interests of a citizen working for the promotion of the general material prosperity of the country, he ought to be a citizen of the country. That is the only logical conclusion to which I can come."

AMENDMENTS MADE TO SUCCESSION ACT

That is, They Are Proposed by Provincial Treasurer in Report.

Forecasts of Provincial Treasurer Smith's proposed amendments to the following scale of taxation:

Where the aggregate value exceeds \$25,000, but does not exceed \$50,000, one per cent.

Where the aggregate exceeds \$50,000, but not \$75,000, 2 1/2 per cent.

Where the aggregate exceeds \$75,000, but not \$100,000, 3 1/2 per cent.

Where the aggregate exceeds \$100,000, but not \$150,000, 4 1/2 per cent.

Where the aggregate exceeds \$150,000, but not \$200,000, 5 1/2 per cent.

Where the aggregate exceeds \$200,000, but not \$250,000, 6 1/2 per cent.

Where the aggregate exceeds \$250,000, but not \$300,000, 7 1/2 per cent.

Where the aggregate exceeds \$300,000, but not \$350,000, 8 1/2 per cent.

Where the aggregate exceeds \$350,000, but not \$400,000, 9 1/2 per cent.

Where the aggregate exceeds \$400,000, but not \$450,000, 10 1/2 per cent.

Where the aggregate exceeds \$450,000, but not \$500,000, 11 1/2 per cent.

Where the aggregate exceeds \$500,000, but not \$550,000, 12 1/2 per cent.

Where the aggregate exceeds \$550,000, but not \$600,000, 13 1/2 per cent.

Where the aggregate exceeds \$600,000, but not \$650,000, 14 1/2 per cent.

Where the aggregate exceeds \$650,000, but not \$700,000, 15 1/2 per cent.

Where the aggregate exceeds \$700,000, but not \$750,000, 16 1/2 per cent.

Where the aggregate exceeds \$750,000, but not \$800,000, 17 1/2 per cent.

Where the aggregate exceeds \$800,000, but not \$850,000, 18 1/2 per cent.

Where the aggregate exceeds \$850,000, but not \$900,000, 19 1/2 per cent.

Where the aggregate exceeds \$900,000, but not \$950,000, 20 1/2 per cent.

Where the aggregate exceeds \$950,000, but not \$1,000,000, 21 1/2 per cent.

Are You Moving This Spring?

We are now booking orders for your moving requirements. How nice to have your coal and gas range disconnected and connected—just when you want it. We are as essential as the cartage man and come prepared to stay and finish your work once we start. Our service is daily to all parts of the city. Make an appointment for any date—so as to be sure of our service.

OSHWANNIDIN LTD.

LABOR OPPOSES HOME RULE BILL.

Continued From Page One.

would get the respect, and affection of the American people—not of politicians or of the people who governed that strange body the senate—of Great Britain did the right thing from the viewpoint of justice and good administration "and left American opinion to follow and understand what our actions mean." Lord Roberts added that the bill would not restore order in Ireland. He declared it was "fantastic nonsense" to enforce a scheme of self-government on a country that utterly rejected it.

O'Connor's intervention.

T. P. O'Connor, Irish Nationalist, severely criticized the provisions of the bill, which he described as "a bill for making worse the government in Ireland" and "a bill for making a republic out of a kingdom."

Austen Chamberlain, chancellor of the exchequer, defending the bill, appealed to the house to make a supreme effort to settle the difficult problem of Ireland, either by consent or by rebellion.

Interest centres upon the bill, Mr. Asquith will speak against the bill and will be answered by Premier Lloyd George.

MORE TOLERANT REGIME.

Appointment of New Commander Indicates Change in Policy of Government.

London, March 29.—The appointment of Sir Neville MacCreedy, chief of the Metropolitan Police of London, as military commander in Ireland, as military commander in Ireland, is a sign of a more tolerant regime, according to The Daily Mail.

The government intends to abolish some of the vexatious restrictions, The Mail says, and in that respect the new regime will be more tolerant. At the same time the new administration will be empowered to obtain greater efficiency for the police service in Ireland.

The Daily Mail adds that important information regarding the Sinn Fein organization has reached the government, and documents dealing with these revelations will be published soon.

Thomas MacCurtain, the late lord mayor of Cork, who was murdered in his home recently, asked to be arrested for his own protection, but the soldiers sent to arrest him arrived today, according to a report which The Daily Mail publishes today.

Women fans will be expected to be very active in the extremist wing of the Sinn Fein party, says The Daily Mail.

TWO SERIOUS FIRES OCCUR IN HAILEYBURY.

Farr Block Suffers Heavy Loss—Damage Several Thousand Dollars.

Haileybury, March 29.—Two disastrous fires have occurred here within 18 hours, both entailing heavy losses. In addition to the Farr block, badly damaged in an early morning blaze, the house on Little street, occupied by W. Howard, was gutted this afternoon. The loss in the latter instance will be approximately \$2500 on buildings and contents, but the damage in the Farr block has not yet been estimated. C. L. Nama, the chief sufferer, carried a \$10,000 stock in his dry goods store. F. Saxton's electrical store, the office of the division court clerk, with a number of householders also suffered in this blaze.

New South Wales Premier Is Definitely Deafened.

Sydney, Australia, March 29.—Premier W. A. Holman has been definitely deafened in the New South Wales election. The assembly is likely to be evenly divided between the labor and anti-labor forces.

ORGANIZE HISTORICAL SOCIETY.

Cornwall, Ont., March 29.—A meeting of prominent citizens of the town was held in the office of Maurice E. Mulhern today, when it was decided to organize a historical society to be known as the Stormont, Dundas and Gengarry Historical Society.

YORK COUNTY AND SUBURBS

ALWAYS A BIRTHDAY IMPROVEMENTS IN LARGE FAMILIES YORK TOWNSHIP

Russians Have Big Families—Bolsheviks Unscrupulous, Says Toronto Man.

"The Truth in Russia" was the subject of an interesting address delivered before a crowded audience in Danforth Methodist Church, Danforth avenue, last night by Capt. Norman Rawson of the Canadian advance party connected with the Y.M.C.A. The speaker dwelt at some length on the religious and social customs of the people.

The Russians, who are usually blessed with large families, give each child the name of a patron saint, and on the anniversary of the birth the whole family take a holiday. Some families, the speaker pointed out, have such a numerous progeny that half the year is taken up with holidays. Day after day family groups are to be seen dressed in their Sunday best honoring the birthday of a member of their family. The Russians are strong adherents of their religious customs.

Insanitary Conditions. Concerning the Bolsheviks, Capt. Rawson said almost all the supplies of the population have been commandeered by the soldiers, and officers have taken over the best habitations for their own use and have issued passes to the householders of the humbler classes. The speaker pointed out that the common people live in very insanitary conditions. "Nothing published concerning the Bolsheviks is exaggerated and the present leaders are absolutely unscrupulous," said the speaker, adding that the Russian people deserve every sympathy for their stand with the allies in the early part of the war, and who were taken advantage of for political purposes.

NEED NOT FEAR YELLOW MENACE.

Says Dr. Robertson, Japanese Missionary, to St. Barnabas' Church.

"The white race need never worry about the yellow peril," said Rev. Cooper Robinson, Anglican missionary, in an interesting address, descriptive of his 38 years' missionary experience in Japan before a large gathering in St. Barnabas' Anglican Sunday School, Danforth avenue, yesterday.

The speaker, who again leaves for his distant home in Nagoya, Japan, today, outlined the agricultural, educational and military conditions in Nagoya, a city in northern Japan, which he said, was equal to Toronto in size and population, and is rapidly growing. There are three churches in the city. Concluding the speaker said the people were looking to western Canada for enlightenment and opportunities for the open door. Rev. F. E. Powell, rector, presided.

NOMINATE FARMER TO OPPOSE LIBERAL.

North Yorkers Will Hold Meeting to Prepare for By-Elections.

North York farmers will meet en masse at Newmarket on April 10 to nominate a candidate to oppose the Liberal candidate, Hon. William Lyon Mackenzie King, who will contest that riding in the coming by-election. At present the choice of the U.F.O. party looks like either R. W. E. Burnaby, rector of the U.F.O. and an officer in many provincial and Dominion agricultural associations, or Cameron Currey, a farmer living two and one-half miles east of Yonge street, between Newmarket and Sharon. The election promises to be interesting as the farmers will probably be divided in their support of U.F.O. and Liberal candidates.

NEW SIDEWALKS AND WATER MAINS TO BE CONSTRUCTED—TENDERS ARE CALLED FOR.

York township council started the spring season at their regular meeting yesterday by calling for engineer's estimates on several miles of sidewalk and water main construction.

A deputation from the district north of Danforth and east of Woodbine avenue waited on council and asked for a number of improvements and also inquired about what steps they could take to oppose annexation by the city of the strip of the township lying south of Sammon avenue. They were informed that the township council was taking no action in the matter, but that they could put in their protest to the railway board at the proper time.

Two garbage collections a week, a sidewalk on Cedarvale avenue, ending at King Edward avenue and early installation of street lights were some of the improvements asked for. Council will give these matters consideration.

A deputation representing ratepayers' associations and churches and schools of Swansea, appealed to council to provide a recreation ground for that district. They were informed that a report would have to be obtained from the solicitor, on the powers of council to expend money for such a purpose.

Council notified that the city board of control would receive a deputation from the township on Wednesday morning at 10 o'clock to take up the question of a water supply from the city for certain sections of the township.

New Electric Lights. Petitions for the installation of electric lights were received from residents on Lambton Park from Scarlett road to the Belt Line, and on Eileen avenue from Scarlett road to the west limit of plan 2878. They were approved and sent along to the Hydro Commission.

A bylaw was passed to provide for the cleaning, repaving and inspecting of shooting galleries in the township.

The engineer was authorized to take preliminary proceedings looking to the construction of concrete sidewalks, as follows:

Both sides of Rymymede road, from city limits at Bloor street southward to Forest Hill, a distance of 729 feet.

Both sides of Watford road, from Atlas avenue easterly to Dundurn avenue, a distance of 477 feet.

Both sides of Wychwood avenue, from the northern city limits to Vaughan road, 1937 feet.

North side of Corby avenue, from McRoberts avenue to Caledonia avenue, 277 feet.

North side of Eglinton avenue, from Weston road easterly to the G.T.R., 500 feet.

Both sides of Barrie avenue, from its western limit of plan 1885, westward a distance of 127 feet.

Both sides of Hollis avenue, from Weston road, northeasterly to the east end, 390 feet.

Both sides of Eileen avenue, from Scarlett road to the T. & N. Power Co.'s right of way, 1540 feet.

Both sides of Grimthorpe road, from Atlas avenue westerly to easterly limit of plan 1886, a distance of 325 feet.

East side of Rushton road, from the city limits northerly to High street, a distance of 1075 feet.

East side of Willard avenue from St. John's road to Annette, a distance of 1,350 feet.

Both sides of Kenwood avenue from north city limits to Vaughan road, 1,635 feet.

Russell Hill from Kilbarry avenue to Frybrook, 615 feet.

Frybrook street from Russell Hill to Spadina road, 925 feet.

NO HOUSES TO RENT EAST END FULL UP.

Real Estate Agents Have Stopped Listing Them—Few for Sale.

"The waiting list for houses to rent in the Danforth section having assumed such enormous proportions, we have discontinued listing," said J. H. Conybere, real estate broker, Danforth avenue, to The World yesterday, who estimated that there are 1000 names already on the list of people requiring houses to rent. "We have also a list of 350 people wanting to buy houses, and many of our clients are coming from the west end and other parts of the city," he said.

FORMATION OF MENS' CLUB.

A meeting of the men of the Danforth Methodist congregation was held last night in the auditorium for the purpose of discussing the formation of a men's club. Rev. J. J. Coulter, pastor, occupied the chair. Addresses were delivered on the advantages of men's organizations, and their aims and objects, by Rev. J. Clark of the Men's Federation, and J. McLeod, of St. Paul's Methodist Church.

After a lengthy discussion it was decided to draft a constitution to be submitted to a meeting for approval at a later date. A strong committee was appointed with J. W. Mowbray as convener.

Owing to the recent heavy rain, the roads throughout the eastern section of York township are practically impassable from mud and water. In the Todmorden district motor lorries have been unable to use the roads, and vehicles of all descriptions were mired at various parts of the district. According to the statement of a prominent resident, much dissatisfaction is expressed by the ratepayers owing to the neglected condition of the streets. The practice of

1 Lot of Raincoats made from Scotch tweeds, mixtures and in plain colors—can be worn as a Spring overcoat as well as a raincoat. Prices, \$10.50, \$15.00 and \$20.00.

INITIATION NIGHT.

Todmorden Lodge, No. 296, Sons of England, held "White Rose" degree night in Player's Hall, Danforth avenue, last evening. W. Brock, president, occupied the chair. Seventeen candidates were initiated, and bread and butter were delivered by D. J. Proctor, supreme secretary; W. Tyler, president, and others. Among those present were visitors from Coleridge, Kent and Rugby branches. There was a large attendance and a pleasant time was spent after the business proceedings.

WON'T BUILD.

Owing to the high cost of building material, a local firm of builders who intended to erect a number of modern residences at Birchcliffe, have decided to quit for the time being.

UNVEIL TABLET.

Tonight the Home and School Club of Withrow Avenue School will unveil a tablet to the memory of the 132 students of the school who fell in the W.W. Judge Cofsworth will officiate and Mr. R. F. Speer, former principal, will take part in the ceremonies.

Death From Fractured Skull.

"That Ada Griesdale came to her death in the General Hospital, March 28, from a fracture of the skull, sustained in a fall from a street car at the corner of College and St. George streets, was the verdict returned by the jury at the morgue last night. The jurymen also attached a rider to their verdict, which was as follows: "According to the evidence submitted, the jury is of the opinion that proper care was not taken by the crew of the car, in not ascertaining that the rear platform of the car was clear before starting the car." Mrs. Griesdale was injured on March 17 and died three days later. Coroner McCollum conducted the inquest.

Wilson Will Spend Summer in Massachusetts Village.

Washington, March 29.—President Wilson will spend the summer at Belleville, a village on the southern coast of Massachusetts, where the summer White House will be established on the estate of Charles E. Crane, recently appointed minister to China.

Belleville.—(Special.)—Mr. Henry F. Forward, one of Belleville's well-known citizens, died Sunday night, in his 18th year. Deceased for a number of years conducted a cigar factory in the city. He was a member of the Anglican Church, and was a prominent member of the Masonic Order.

WILL MAKE EFFORT FOR SUITABLE SITE

Medical Men at University Discuss Matter of Reception Hospital.

That determined and concerted effort will be made at once to settle the question of a suitable site for a reception hospital for those mentally afflicted; one that will at the same time serve the purposes of a place of training for doctors and nurses, in mental disease, was made evident at a representative meeting held in the medical building of the university yesterday afternoon.

That the hospital should be properly placed, as a place of reception and also as a place of training for medical students, was pointed out by the chairman, who urged that all questions of expenditure be referred to the committee in considering the project.

Dr. Hinks gave credit to the city for providing a site, but to his mind this was but half a loaf. The site was not adequate to the situation as a site near the General Hospital and convenient to the university was the thing required.

Only Half a Loaf. Dr. Hinks gave credit to the city for providing a site, but to his mind this was but half a loaf. The site was not adequate to the situation as a site near the General Hospital and convenient to the university was the thing required.

Dr. Hinks pointed to the provincial legislature and to the city council. Manitoba raises \$250,000. In answer to the question as to where the \$250,000 should come from, Dr. Hinks pointed to the provincial legislature and to the city council.

Delegations Appointed. The conference, concluded by the naming of delegations, moved by Professor Sandiford and seconded by Dr. Hinks: First, that the meeting go on record as advocating a reception hospital to be built in the vicinity of the General Hospital at the university; secondly, that immediate steps be taken for reopening a reception hospital; thirdly, that a delegation go to the government on Wednesday, April 7, and also to the city council.

Several Theft Charges. On several charges of theft, Ernest King, 21 Pembroke street, was arrested last night by Detectives Carter and Hicks. King was employed as an electrician with the firm of Arthur Green, 422 Bloor street. From the firm, King is alleged to have stolen about \$200 worth of electrical fixtures.

Wills and Bequests. Rev. William Henry Poland, Malden, Essex, England, left an Ontario estate valued at \$1,846. His total estate of \$36,770 is left to his widow, sister and two children.

LEGISLATURE NOTES

T. Tooms introduced a bill to amend the factories, shops and office buildings act.

W. E. Raney introduced a bill to amend the crown attorneys act by extending crown attorneys from private practice.

J. W. Curry introduced a bill to amend the factories, shops and office buildings act.

J. E. Thompson introduced a bill to amend the public health act.

During the time devoted to answering questions by members in the legislature yesterday, Hon. Peter Smith informed John O'Neill that cabinet ministers have not granted any sums so far this year for non-accountable expenses.

Mr. Raney said all election accounts have not yet been paid by the government, but when paid, they will come to about a million dollars.

H. A. Stevenson, London, had two motions on the order paper which were allowed to stand over, the Premier Drury would prefer to have seen them withdrawn.

The second motion was an Ontario, through counsel, which attempts by the federal government to procure amendments to the B.N.A. which might in any way prejudice the interests of the province.

Mr. Raney said the first motion is the principal subject before the legislature at Waterloo. He doubted that any progress could be made by discussion of the subject.

Mr. Stevenson thought it imperative that the Dominion government be asked to go on with the work by which ocean going boats could bring coal to Ontario and take back wheat.

Mr. Stevenson thought it imperative that the Dominion government be asked to go on with the work by which ocean going boats could bring coal to Ontario and take back wheat.

Mr. Stevenson thought it imperative that the Dominion government be asked to go on with the work by which ocean going boats could bring coal to Ontario and take back wheat.

RIGHT TO APPEAL NARROWED DOWN

W. E. Raney Introduces Bill Restricting Appeals to Supreme Court.

Attorney-General Raney yesterday introduced in the legislature a bill which proposes doing away with the statutory right of appeal and the prerogative right of appeal, leaving only in Ontario right to appeal to the supreme court of Canada, from which appeals will still be made to the privy council.

The bill is the attorney-general explained to Howard Ferguson, covers all appeals to the privy council and not constitutional appeals alone.

H. A. Stevenson, London, had two motions on the order paper which were allowed to stand over, the Premier Drury would prefer to have seen them withdrawn.

The second motion was an Ontario, through counsel, which attempts by the federal government to procure amendments to the B.N.A. which might in any way prejudice the interests of the province.

Mr. Raney said the first motion is the principal subject before the legislature at Waterloo. He doubted that any progress could be made by discussion of the subject.

Mr. Stevenson thought it imperative that the Dominion government be asked to go on with the work by which ocean going boats could bring coal to Ontario and take back wheat.

CITY HALL NOTES

If the recommendation of the civic property committee is carried by city council, the board of control will be relieved of the direct administration of the municipal abattoir.

City Solicitor Johnston and City Architect Price were asked to report on the committee last week, that no garages be built under private houses.

This motion arose from a complaint registered by a deputation that such a garage had been built in the front of a house on the corner of the street.

Mr. Albert Tetrault succeeds Mr. Lambert on "MADE-IN-CANADA SHOES" PUBLICITY COMMITTEE.

The government of the province of Quebec has requested Mr. Alfred Lambert of the firm of Alfred Lambert, Montreal, to act as a member of the commission of business men who will work out a new charter for the City of Montreal.

In consequence of the additional demand on his time, Mr. Lambert requested the national advertising committee of the Shoe Manufacturers' Association of Canada to name another member to relieve him of his duties in that connection, which the committee regrettably agreed to do.

The committee counts itself fortunate in having received the consent of Mr. Albert Tetrault, of the Tetrault Shoe Manufacturing Co., Limited, Montreal, to take Mr. Lambert's place on the committee, since Mr. Tetrault's well-known energy and ability are a great asset to the business man.

Gas Tank Explodes. Store is Guttled by Fire and \$1700 Damage Done. Damage to the extent of \$1,700 was caused at five o'clock last evening, when gasoline in a tank became ignited and exploded in a cleaning and pressing store at 205 Spadina avenue occupied by James Barrington.

Passion Play Staged By Toronto Amateurs. An ambitious presentation of the passion play was given last night by local amateurs, and the production caused unusual comment by an audience which packed St. Patrick's auditorium to the doors.

Newspaper Gets A Warm Rebuke. Legislature Resents Reflections Upon Its Members and Their Debates. All groups in the legislature stood together yesterday for the dignity of the assembly.

Residence Bought. The purchase has now been completed of 95 St. George street by the McMaster Alumnae Association, to be used as a residence for women students of the Baptist University.

Theft is Charged. George Ferguson, Shuter street, was charged at large in the district to be made accessible there are forty-two townships practically untouched by the best hard wood in the world.

Theatre Sold. The Woodbine Theatre, 1333 East Queen street, has been sold to Edward Thompson of Orangeville, who will convert the entire space into apartments.

Attempt to Steal. In the sessions yesterday J. J. Lowe was fined \$25 on a charge of attempting to steal a parcel from the Canadian Express Company.

Judgment Reserved. Counsel were heard yesterday by the appellate division in the case of George J. Coppen, who is under sentence of death for the murder of his wife last autumn. Judgment was reserved.

T.S.R. Sued For \$500. Evidence was partly heard yesterday before Judge Vance and a jury in the action of B. G. Cohen against the Toronto Street Railway for \$500 damages to his automobile when it was struck by a street car on Avenue Road in August last. The case will be further heard today.

B.O.T.A. Convictions. The following were assessed \$200 and costs in yesterday's police court for B. O. T. A.: Edward Langdon, Harry Rosenberg, John Northey and Fred Lowe.

PARTNERSHIP LAW IN FOR AMENDMENT

Attorney-General's Codification Makes Its Appearance in Legislature.

Government bills awakened some interest in the legislature yesterday. Attorney-General Raney's codification of the law of partnerships, the adoption of the English law of thirty years ago, disclosed a wrinkle or two that would not be smoothed out by discussion on the spot, and one clause had to stand over Canadian conditions are such that more elasticity may possibly be demanded in business partnerships, especially in such business as mining claims and speculative ventures of the order according to Charles McCrea.

The house went into committee of the whole on Attorney-General Raney's bill to declare and amend the law of partnership.

Howard Ferguson wished to know distinctly whether the bill changes the law as it is now in Ontario.

Mr. Raney: There may be different interpretations. Howard Ferguson: Heretofore a man became insolvent only voluntarily. By this bill he would become insolvent by a somewhat different process.

H. H. Dewar called attention to its effect upon partnerships not carried on for profit but for pleasure.

Howard Ferguson: In that respect there is a change in the law of Ontario.

H. H. Dewar wished to know to what extent the bill had been scrutinized by practicing members of the profession.

Of English Origin. Attorney-General Raney explained that the origin of the bill is entirely English. This government has had the bill pressed upon it by the committee for the codification of the laws of Canada. The point is whether Ontario will come into harmony with the English provinces in respect to the law of partnership.

H. H. Dewar asked if the bill had been submitted to the benches.

Mr. Raney did not know such a practice has ever been followed.

Mr. Dewar saw several reasons why the benches should have the opportunity of looking over the bill.

Howard Ferguson's personal experience is being engaged with two different parties in two different localities in a like undertaking. By section 31 of the proposed act he must account for any over to each partner all the profits made in the other business.

The attorney-general also moved the second reading of a bill for modifying the law relating to the sale of goods.

Mr. Manning Doherty moved the second reading of a bill to regulate the purchase of milk cream. At the present time cream is purchased on the basis of butter fat. Milk is not always so sold. By the bill the test shall mean the Babcock test.

The bill provides machinery for the appointment of inspectors, who will go thru the province making tests, and if such tests show unfairness to the producer prosecutions will be authorized.

In 1917 his attention had been directed to the possibility of fraud between the producer and the consumer, and some investigations were made in Toronto. The average discrepancy discovered was 3 per cent in 247 tests. The loss to the producers would run to possibly \$250,000 in the province.

The producer of milk is upon the same basis; but this bill only affects places where milk is now sold on the butter fat basis. He foresaw a moral effect from the legislation that would remove the fear of fraud among producers of both milk and cream.

The bill has the support of most of the large creameries in the province. He was proceeding to discuss G. A. Henry's sympathy with dairy companies when Howard Ferguson checked him on Mr. Henry's absence.

J. A. Calder: Will the minister go a step farther and put the dairy standards act in force and put the map in the hands of the municipalities on a level with the other fellow?

Mr. Doherty explained that conditions would be more suitable for doing so after the passing of this bill.

Mr. Stevenson asked that the bill make it obligatory to pay the same price at all purchasing stations.

TIMBER LIMITS UNDER SCRUTINY

Their Sale Will Be More Fully Discussed by Legislature.

Premier Drury, leading the legislature yesterday, felt constrained to give way to H. H. Dewar after having made a request that the Liberal leader's motion on the order paper touching the affairs of the Pic River, the Black Sturgeon River and the Great Lakes Pulp and Paper Co. be withdrawn.

The object of the premier was to avoid embarrassment of the government in effecting, thru Sir Adam Beck, a settlement of power and matters in dispute. To this extent Mr. Dewar was entirely "co-operative," but when the premier said the subject might be discussed after the settlement had been reached, Mr. Dewar reminded him that discussion would then be useless, because his intention was to have the sale of the limits cancelled and better prices obtained after they had been advertised.

Mr. Dewar's motion declared the subject to compensation and repayment of all sums received by the government under the title of the Great Lakes Pulp and Paper Co., and all other parties to the limits should forthwith be cancelled and the limits immediately advertised for sale on the express condition that Hydro-Electric Power be used.

Mr. Dewar added that he had not yet discovered all the facts and he hoped before the house prorogued to give an opportunity for full discussion of the matter. He had asked Sir Adam Beck to make every effort to produce a settlement in the interest of the province.

H. H. Dewar: My motion looks to a recovery of money that should be obtained on a discussion being carried on if the old agreements.

Mr. Raney: Does not my hon. friend suggest that the agreement is not bound by the agreements made?

Mr. Dewar replied the province is bound by the agreement. So far as the price goes it is quite satisfactory.

Howard Ferguson thought it unfortunate that the agreement should exist as to validity of the contracts.

Premier Drury: We have no objection to a discussion being carried on if the hon. gentleman moves for a cancellation of the contract on the grounds of non-fulfilment of the contract.

Mr. Dewar: I object to discussion of the matter as I am debarred from discussing it.

ASK RAILWAY BOARD TO DO RATE FIXING

Deputation From Radial Companies Asks That Board Seek This Legislation.

Representatives of Canadian electric railways at the parliament buildings yesterday asked the Ontario Railway Board to assist them in securing legislation empowering the board to fix rates without reference to agreements made with municipalities in which these lines are operated.

J. E. Eastman, Windsor, Essex and West Shore Railway, told the board of a meeting between the electric railway interests and the cabinet last week.

Raney Favors Inquiry C. L. Wilson, Toronto and York Railway, declared the attorney-general favors inquiry into the position of the trolley lines.

Chairman McIntyre: "Mr. Raney stops at over-riding existing agreements." He asked Mr. Wilson how the Metropolitan would be affected?

Mr. Wilson replied that under the agreement with the county of York the company could charge three cents a mile or nine cents for three miles, but the Ontario act restricted them to five cents. The Dominion charter enabled railway companies to operate at 37 a mile more than was possible under provincial charter.

G. C. Royce intimated that rates on the Toronto suburban will have to be advanced, and F. W. Walter, Hamilton, said all existing municipal agreements must be revised.

COMPANY LOST MONEY Sir John Gibson said his company has lost money in Hamilton extending mileage at the request of the city.

Chairman McIntyre told the deputation that if instructed to do so by the government the board would make an investigation, but possesses no power of its own. The problem of the survival of the trolley is up to the government.

OCTOGENARIAN DIES.

The death occurred on Sunday of Mrs. Mary Anne Windsor in her 84th year. Born in County Derry, Ireland, she immigrated to Canada at an early age and has lived in the neighborhood of Toronto for the last 70 years.

Mrs. Windsor, who was a member of the Roman Catholic church, is survived by one sister, Mrs. Essie Bush of Highland Creek.

TUESDAY MORNING, MARCH 30.

Stateswoman Pankhurst.

Mrs. Pankhurst will speak in Canada on "Women's Relation to Industrial Peace." She is rebuilding the world with ballots, as against the unnecessary methods of direct actionists who desire to use the weapon of economic force. "Now that women have the vote, she says, let them use it. The vote can accomplish everything that is lovely and of good report."

Some British members of parliament have become alarmed by the new bill which will enfranchise women of 21 years of age, and will replace the present act which confers the franchise on no women under 30. They dread the men being in a political minority—a foolish dread, as any man with a houseful of daughters knows. Take this very matter of industrial peace and see where the women will stand.

It may well be that the world could get along splendidly if everybody, from duke to dishwasher would work, say, four hours a day. But, at present, it is not easy to reorganize society by reducing factory hours so near the vanishing point. Nobody knows the impossibility of organizing toll out of existence as our blessed wives.

Now and then an ultra-confident enthusiast who demands "a cataclysmic thing away," is reminded that, while he has not the power to start the sweeping machine, there is another institution of that sort towards which he has a certain definite and extensive power. If it is so easy to reorganize industry on a six-hour or four-hour basis, why not begin in the place where he really counts, as an arbiter of working periods? Let him begin by giving his wife a six-hour day and a six-day week.

An electorate in which the majority is feminine and knows the tyranny of the sink is highly qualified to teach unthinking men something. Mrs. Pankhurst seems to be out to appeal to it to get busy. If it does, the world may yet be stabilized by the old-time suffragettes—bless 'em.

Economy's Climbing Cost.

Jeremiah, who used to discuss regularly in the columns of The Weekly Sun, now The Farmers' Sun, led a large section of the U. F. O. constituency to expect that immense savings in Ontario governmental costs could be made by any government which was not consumed by a passion for spending other people's money. The changes used to be rung on the fact that a few years ago the provincial government's budget was four or five million dollars, and that now it was approaching twenty millions—that is to say outside of capital commitments for Hydro and other requirements.

The situation used to be orientated in the temper of a remote pioneer who learned that a government official sent to Chicago, paid \$6 a day for his hotel expenses, and 25 cents for cleaning his hat. If discussions among private members at Queen's Park are not utterly vain, Mr. Drury and his fellow-retroucers find that, like everything else, the cost of economy is going up.

An excellent example has been set by the provincial treasurer tabling his estimates long in advance of the budget, so that every member may have a chance to contribute constructive criticism of the handling of a somewhat heavy financial situation.

Often enough the key to public finance may be looked for in the supplementary estimates. The word is going around among the government supporters that the supplementary estimates now being incubated look like totalling between 1-2 and 4 millions more than they have ever done. Stories are told of ministers who were affected by Waldron's last October. Making discoveries which appealed to their sense of humanity, with the supplementary estimates as a result. When the figures are tabled Mr. Ferguson and his friends will be found proclaiming that the Hearst government, so far from being extravagant, was almost culpably penny-pinching, especially in regard to salaries paid many provincial employees. Men are working for the government in Toronto at salaries which would be more tolerated at the Labor Temple than in the executive offices of Standard Oil. Instances can be given of officials who, with their equipment, can do little more than pay the family rent and furnish themselves with tobacco and matches.

Mr. Drury's constant plea for frankness of discussion in the legislature can produce much fruit as soon as ministers and members are as frank—and, perhaps, as confidential—as the action warrants. Increased expendi-

tures seem to be inevitable, not only because the functions of government steadily become more numerous and complex, but because servants of the province who cannot wisely be dispensed with have been working for less than a living wage. To public duty the refrain of a song of long ago applies:

You must have bread and butter,
 For you cannot live on love.

Good Business Here.

The second reading of the new housing bill is expected before the Easter adjournment at Queen's Park. The main change it will effect will be that after the end of this year no more money for houses will be receivable from the Dominion government at five per cent, and loaned out by the province to municipal housing commissions at the same rate. The municipalities themselves will be authorized to issue housing securities at whatever rates of interest they can arrange, with a provincial guarantee when the province is satisfied that everything is afloat.

There is a feeling, perhaps fairly justified, that the Drury government is not anxious for too ambitious housing schemes in the cities. In some quarters the fear is taken that the greatest need for Ontario is more people on the land, and that if the period of depression arrives, which Premier Drury predicted immediately on his accession to office, the pressure for houses in towns and cities will diminish.

Be that as it may, administratively the province's participation in housing has been a notable success, especially in one or two unexpected ways. Up to the end of this year, about \$10,000,000 will have been available, over half of which has been spent. To date, it is said, the expenses of administration by the province have been less than \$25,000, or one-half of one per cent.

At first municipalities kicked against the idea of any sort of provincial supervision, but recently representatives of many municipalities with housing schemes have requested the government to continue supervision because their experience led them so to do. A town like Oshawa, for instance, starting with local management and local ideas, could not, without great expense, use the wide architectural experience which the province had at its disposal.

It is no secret to those who are in touch with the housing situation that in the province has been able to supply sets of plans on blue-print costs, which, if they had been prepared ab initio by an architect working for the commission exactly as he would work for somebody who desired to build a big residence or a fine church, would have been multiplied tenfold, and perhaps twentyfold.

Hitherto, municipalities have fought shy of governmental supervision of their work. But efficiency and economy in housing have wrought a change, and appreciation of an able government department is very much in order.

The Innocents at Home.

While the Canadian Pacific Railway was building thru the Selkirk, and the great snowsheds were being constructed, some untold contractors appeared on the job. Their teams were not equipped in quite the same fashion as those of the more experienced contractors, and they became jocularly known as "The Farmer Outfit." But they completed their contract, and before they quit the game they had built hundreds of miles of railway for other people, and about ten thousand for themselves.

In another place there is a working force which some people call "The Farmer Outfit." It is doing some of its work with unaccustomed hands but it will get there all the same. "The Farmer Outfit" in Queen's Park shows a few of the unsophisticated ways of the strong and honest fellow newly arrived in town, but they can quickly overcome some of the distinctions of the innocents at home.

Session time is always fly time. A government which goes along more or less placidly between legislative sittings is asked all sorts of questions while democracy fills its mighty seats. Questions are like the flies. Some ask information which, when it is given, fills the recipient with good red blood of which he can make active use. Others are like mosquitos. Some are like black flies. A few are friendly.

The Drury government has raised a fair crop of queries, but it is not dealing with them quite in the traditional way. Old hands like Sir James Whitney used to look over the recurring batches of questions, and divide them according to their useful or vexatious content. Those which it seemed in the public interest to answer were turned over to the departments for reasonably quick action. Those which seemed intended to worry the government by placing ammunition in the hands of critics were put aside, if possible, until the end of the session was so near that when Mr. Man received his answer he was probably thinking more about collecting his sessional indemnity than of planning any sort of guerilla warfare upon the administration.

The Drury government has not yet seen things that way. Its zeal for the maximum participation of the legislature in the functions of administration led it to answer questions as quickly as the answers can be prepared. But already the blessings of deliberation are being sensed by de-

SHOULD RETAIN AERIAL ADVANTAGE

F. Handley Page Says Canada Able to Develop Flying Mercantile Force.

partment chiefs who do not want their subordinates to be like Mr. Morrison, the dynamo of the U.F.O., who works twenty-six hours a day.

Pretty Fanny's Way?

Heaven knows the Irish situation is bad enough, but sometimes it is shot thru with unconscious gleams of humor, which suggests that even Sinn Fein may yet learn to smile.

Appeal for protection has been made by extremists in Dublin, who, on other days, vow that what they want to be rid of is the very protection which they sometimes crave. The only place where men want to have their cake and eat it seems to be in the restive Ireland.

"Take your law and order out of here" seems all right, till it is followed by "But leave us some to get along with."

A Tipperary farmer, who calls himself a Sinn Feiner for no other reason than that England does not like the name, was speaking of the glorious times ahead when the Irish Republic became a reality. They were not going to fight England's battles any more. But supposing, he was told, your country fell out with some foreign nation and Ireland was invaded. Your farms, which you got under the land purchase act, would be taken from you. "And what would our British Navy be doing to allow that?" was the Republican's immediate inquiry.

INCREASE THE RENTS FOR OTTAWA HOUSES

Ottawa, March 29.—Increases ranging all the way from five to twenty dollars per month over previous rents, are being asked for by local landlords, who are renewing lease agreements, which become effective May 1, and are in most cases of one year's duration. Apartment house rents are expected to show advances, ranging all the way from five to twenty-five dollars when the old leases are renewed or new ones made next October.

NEW CANADIAN BRANCH FOR A. STEIN & CO., LIMITED

A. Stein & Co., Limited, a branch of the same firm, with offices in Chicago and New York, and well known as the makers of "Hickory" Garters for women and children, "Flexo" Arm Bands, and other elastic products, recently began active manufacturing operations in The Empire building in Toronto.

This firm has been in business since 1887, and their main factory at Chicago, embodying the most progressive ideas in modern production methods, is the world's largest plant in its particular line. "The high standards of quality which A. Stein & Co. have always maintained, and which have won for them an international reputation, will, of course, be strictly adhered to," said Mr. R. S. Donnelly, their manager. "There is a real appreciation in the Dominion for superior products like ours, and there is no reason why we should not duplicate here the same success that has rewarded our efforts in the United States."

Laborer Fatally Injured At Cement Company's Plant

Belleville, Ont., March 29.—John Powless, an employe at the Canada Cement Company's plant at Point Ann, was fatally injured at an early hour this morning. No person saw the accident and the man had apparently been dead for some time when the body was found. It is thought that Powless came to his death thru being struck by a steam shovel.

HUNGARY KINGDOM WITHOUT A KING

All Parties Agreed on Monarchy, But Are Unable to Agree on Selection.

Budapest, March 29.—Hungary is virtually a kingdom without a king, but there is tacit observance of the former monarchical constitution. All parties are agreed on the question of a monarchy, but they show divergence as to who should be king. In order to avoid serious troubles, therefore, the parties are disposed to postpone the election until conditions are more settled.

The Farmers party, which is against the return of the Hapsburgs, has adopted a resolution for a motion in the national assembly, that propaganda in favor of any candidate at the election of king will be declared an act of conspiracy, and punished accordingly.

The state officials and the army will take the oath to the constitution and swear allegiance to the regent on Easter Sunday.

COMMUNISTS AVENGE LIEBKNECHT'S MURDER

Berlin, March 29.—A tragic sequel to the assassination of Dr. Karl Liebknecht, the Socialist leader, has taken place in Friedrichshaven. Captain Figuratung, who was among the officers who were taking Liebknecht to Luxembourg the day Liebknecht was killed, was about to start for Berlin yesterday in an automobile with a party of friends. A quarrel arose between Figuratung and local Communists, who declared that Figuratung would not be permitted to leave the city. A hand grenade was thrown into the automobile, killing Figuratung and one of his companions and wounding several others. His guests and also some soldiers, who were standing nearby.

THE VANCOUVER EXPRESS FOR WINNIPEG CALGARY—VANCOUVER.

Passengers for western Canada will find the "Vancouver Express" for Toronto, 10 p.m. daily, via Canadian Pacific, a most convenient train. It stops at and connects for all principal points.

The equipment consists of up-to-date Standard Sleepers, Dining Car, Tourist Sleepers, Compartment Observation Car, First-Class Coaches and Colonist Car.

The most beautiful scenery in Canada is along the line of the Canadian Pacific, with magnificent Rocky Mountain resorts at Banff, Lake Louise and Glacier.

Those contemplating a Pacific coast trip should get in touch with Canadian Pacific ticket agent or write W. B. Howard, district passenger agent, Toronto.

TURK NATIONALISTS DESTROY A BRIDGE

Constantinople, March 29.—The nationalists have destroyed an important railway bridge at Bledjik, on the line between Constantinople and Aleppo. The British are now restoring it. The destruction of the bridge isolated a small detachment of Punjabi, but it is expected they will come out safely within a few days.

EMIGRANTS FOR CANADA

London, March 29.—Two hundred and fifty Church Army emigrants, mostly ex-soldiers and their families, are being sent to Canada by the Empress of France on Saturday. King George sent a farewell message, expressing "the hope and the desire that each one of you may prosper, and by showing true pioneer spirit and brave endeavor, help in building up strong and lasting foundations the mighty dominion of the west."

THE GIRL WHO SMILED THRU
By MARION RUBINCAM

LAWRENCE.
 CHAPTER 44.
 Lawrence Marlowe, meantime, pursued the rather monotonous course of his life, and found in Alice merely a new interest. He lived in one of the largest houses on Brown avenue, the centre of the most fashionable residence district in Farmington. It was a queer and rather dreadful house; all the Marlowes realized that but it was so comfortable they made no effort to change it. Lawrence Marlowe, senior, had built it 25 or 30 years before, when wealth first came to him from some wheat lands he owned. He had torn down the dainty little home of white painted boards, with green blinds and clematis climbing over the colonial porch and in its place had erected a huge mansion of artificial stone, at that time considered very smart. The terrible regularity of the blocks of "made" stone were punctured by large windows of imported plate glass, by bow windows and by occasional fancy balconies that never looked, in their airiness, as though they had ever seen speaking acquaintance with the house they were attached to. Everything was as comfortable and expensive and hopelessly ugly as was possible. It was before the craze for period furniture had reached Farmington, and the house was furnished forth with a multitude of stuffed velvet chairs and much ornately hand-carved oak. The floors were carpeted, and rugs thrown over the carpet and brass stoves were set upon marble columns. And yet when time had worn off the garishness, the house looked rather comfortable, even if it did seem too crowded. Inside, as used to this house immensely, Lawrence remarked to his mother one afternoon in the spring: "It merely annoys me now. When I did I outgrew it, and now I am pointed to a carved wood panel on the wall, where were depicted realistically two bleeding ducks, so carved that they stood our somewhat from the panel. "You outgrew it in college," his mother remarked smiling. She was a small woman, with dark eyes that contrasted beautifully with her snaw white hair. She had been handsome and rather coarse when she was young. Her social relations had all ways been nipped in the bud, and she never knew why. But when she became old, her white hair softened her face so she was simply a handsome little old lady. And daily contact with the better quality of goods and people that money makes possible, had given her a certain refinement. In Farmington she had finally achieved the social distinction she coveted. "I would do away with this awful"

SYDENHAM HOSPITAL MENACE TO HEALTH

Demand Probe Into Sewage Disposal—Dominion Government Criticized.

Kingston, March 29.—(Special.)—Dr. A. R. B. Williamson, medical health officer, is taking up with the Dominion government authorities the question of proper sewage disposal at Sydenham Hospital for returned soldiers. Sewage from this institution has been emptied into the harbor since last fall, without any treatment in a septic tank. The board of works gave the Dominion public works department permission to empty the sewage into the harbor on condition that it be first treated. It appears that this condition was not carried out. It is felt that the Dominion government should be first to follow up on the advice tendered by the health officer. A quarrel arose between sewage pouring into navigation streams from which the drinking water supply of cities and towns is secured. Demands for an investigation into the Sydenham Hospital matter.

No Debate on Naval Affairs Expected in Commons for Week

London, March 29.—The long-expected Order of the British Empire honors list for war services appears today. Three thousand dames, knights, commanders, officers and men are included in it. No Canadian names, not even of Canadians permanently residing in the British Isles, appear. Among the hundred odd knights are Percival Phillips, Philip Gibbs and Perry Robinson, the war correspondents. The list as a whole ranges over every conceivable phase of civilian war or semi-war activity, including marchionesses doing Red Cross service, chief constables, town clerks, railway officials, clergymen, medical men, Salvation Army directors, cartoon managers and tax inspectors. Clerks, typists and cooks are not forgotten.

Fire Causes Damage of \$10,000 At Ontario Insane Hospital

London, Ont. March 29.—Fire this afternoon destroyed a cow barn and granary at the Ontario Hospital for the Insane, the loss is estimated by Superintendent Dr. Robinson at \$10,000. Other farm buildings were endangered by a strong wind which hampered the work of the firemen.

Committed for Trial on Charge Of Beating and Assaulting Girl

St. Catharines, March 29.—Tony Gingo was today committed for trial on a charge of assaulting and beating Miss Morgan. She identified Gingo as the man who followed her late one night and jumped on her as she stepped in an effort to escape to her home. Two other charges against Gingo are pending.

MORE WILSON NOTES TO AMBASSADORS Sees No Objection to Occupation of Ruhr District by German Troops.

Paris, March 29.—The conference of ambassadors today continued consideration of the response to be sent the Hungarian plenipotentiaries concerning questions which have arisen with regard to the peace terms submitted to Hungary. Measures for the evacuation of Hungarians menaced by the Bolshevik advance in the Novorossiisk and Crimea regions were also taken up.

The conference decided that the population in the territories in which plebiscites have been held may not participate in the coming German elections.

During the session, Ambassador Wallace handed to Premier Millerand the note of President Wilson regarding the Turkish question.

President Wilson's note on the subject of the Ruhr region sees no objection to the occupation of the zone by German troops, but on the contrary it finds that such occupation would prove a serious disadvantage.

Mr. Wallace took the opportunity of handing the note to Premier Millerand to confirm the text of the note relative to Turkey.

In this note President Wilson is rather inclined to the expulsion of the Turks from Constantinople. He shows himself favorable to the independence of Armenia, but is reserved as to the fate of Smyrna.

Finally the note claims for Americans the same economic facilities as are given other powers in accordance with the principle of the open door.

STORMONT COUNTY HAS DOUBLE TRAGEDY Man Kills His Tenant Then Turns Revolver on Himself.

Cornwall, March 29.—(Special.)—Today J. G. Harkness, county coroner at Cornwall, notified by Dr. Locke of Williamsburg, coronor for that district, that Wm. W. Cline had shot and killed Gordon C. Felley with a shotgun, and afterwards turned a revolver on himself and ended his own life.

So far as is known here, there has been trouble between the two families thru Cline threatening to kill Ada Felley, wife of the dead man, as well as attempting to do her bodily harm early in the month of February.

The Felley family became frightened of Cline, and a few days ago Mr. Felley and his wife's father, John Cassel, came to Cornwall and laid a complaint before Police Constable Danis to have Cline brought before him to answer the charges, and asking for a peace bond over to keep the peace for two years.

Court Case Was Pending. Cline is a man 70 years of age, and Felley is 62. The former is the owner of the west half of Lot 28, Concession 5, township of Williamsburg, and the latter was his tenant. The latter claims that the old man has been somewhat of late, and his trip to the county town was made in an effort to put a stop to the matter.

It is stated that the old man has been somewhat of late, and his trip to the county town was made in an effort to put a stop to the matter.

It is stated that the old man has been somewhat of late, and his trip to the county town was made in an effort to put a stop to the matter.

Gladsome Easter Frocks For Little Misses

There are hundreds of little hearts just throbbing with joy in the anticipation of gay new Easter frocks, suits, coats, and bonnets. And to make these hearts the joyfulest possible, we have gathered together the very nicest little wearables we could find for Easter and all the days that follow. Loveliest you ever saw, in all the jolly bright shades wee people, and big people too, love in Springtime. This page pictures only a few from the great assortment. Lovely little creations for "bestest" dresses, dear little play suits with all sorts of pockets for treasures, smart little gingham gowns for the important young lady just off to school, and of course we haven't forgotten the "wee tot" so worried about her first really-truly Easter bonnet. If you'd like to visit "Happyland," just come and see our Kiddies' Shop.

[A]

A—Of course mother never expected her to skip in this exquisite little coat of soft shining satin. Hand-embroidered white georgette over-collar and white silk lining with padded underside. Sizes, 4, 5 and 6 years. Price 30.00

D—A small boy with an eye for dash in his togs will seize on this snappy wash-suit. Button-on pants of tan, navy, reseda or saxe blue chambray. Hand-embroidered or smocked waist of white mercerized cord. Sizes 2 to 5 years. Price 7.00

D

B

B—What little Miss but would quite on this crisp little taffeta frock with its novel embroidered coatee and cunning flutings? Navy, copen or brown. Sizes 12, 14 and 14X. Price 19.50

C—Equally lovely for Easter or Confirmation—this winning frock of sheerest, snowiest English voile with Valenciennes lace, pintuckings and soft satin girdele in blue or pink. Sizes 8 to 14 years. Price 10.00

E

E—The "Patsy," cutest of rompers for wee 2 to 5 kiddies. Note the Dutch poke pockets, the hand blanket-stitched neck and sleeves. Made from chambray, in rose, navy, copen, pink and saxe. Price 5.50

F G

I—Miniature "grown-up" frock for girls of 10 to 15 years. Featuring the new Eton coat very smartly embroidered. Colors, navy or soft green. Price 18.50

H—Her Gingham Gown, no less. Hand-embroidered white organdie collar and wide sash caught in front with big pearl buttons with streamers. Sizes 8 to 14 years. Price 12.50

H

F—An exclusive little frock for Miss 2 to 6 years. Made from fine Devonshire chambray, in saxe or pale yellow. White Fauntelroy ruffles, black velvet ribbon girdele and hand-embroidery. Price 8.00

G—For the tiniest tot, what could be lovelier than this coat of white Crepe de Chine, silk-lined and warmly interlined. Sizes 6 months to 2 years. Price 15.50

Misses' Easter Coats

Stunning Models Greatly Reduced

No less remarkable than the values is the fact that there is not one, but many styles at each moderate price—a fact that adds far greater interest to the choosing.

The question of the Spring Coat may be easily solved from amongst this selection. Nothing is lovelier over a dainty Summer frock, and nothing is more serviceable for a motoring trip. A comfortable top coat is really a necessary requisite in every girl's wardrobe. These models are fully lined.

Besides, there are such favored materials as velour, polo cloth, jersey and wool poplin in the assortments—with contrasting trimmings, leather belts and pipings, strappings, cord tucks, chenille stitchings in Oriental tones and novel buttons for charm. Popular Spring shades. Sizes 14 to 20 years. Prices, \$35.00, \$37.50, \$42.50, \$45.00 and \$47.50.

Simpson's—Third Floor.
