SELF-GOVERNMENT
IN IRELAND

Resolution of Deputy Lieutenants of County Cork

Mayor MacSwiney's Wife
Interviewed After Seeing
Husband in Prison—Seven
of Irish Constabulary
Killed at Week-End.

Cork, Ireland, Aug. 22.—The deputy lieutenants of County Cork, summoned to a meeting yesterday by the Earl of Rosmead, lieutenant of the county, passed the following resolution:

"We are of the opinion that the government has failed to secure the confidence of the law and has lost the respect of all classes. We see Ireland rapidly drifting to anarchy and we therefore feel that our duty to our country and the empire forces us to acquiesce in a leading peace movement."

"As the bill now before the parliament is not acceptable to any party in Ireland, we are of the opinion that an immediate effort should be made to settle the question by provisions which, while preserving Ireland within the empire and safeguarding the security of Great Britain, will give effect to the desire of a majority of the Irish people for self-government with adequate control of all Irish affairs, including taxation."

"We urge upon the government that every minute's delay in adopting this course renders the situation more dangerous and the chances of an agreement more remote."

Cork's Lord Mayor.
London, Aug. 22.—On Saturday the wife of the Lord Mayor of Cork, Mrs. MacSwiney, visited her husband in Brixton prison, where he is under sentence of two years' imprisonment for his part in the hunger strike. She said the lord mayor had written a letter to Home Secretary Short on Friday night in which he declared the full responsibility for his death would rest on the government, and the government would have to bear the consequences.

"He wrote, added Mrs. MacSwiney, 'that the English government was wrong in that the English government had to its charge the death of a second lord mayor of Cork in six months, and the fact that the lord mayor had been shot before a month had passed since he was released from prison. He wrote the letter with great difficulty, and nearly fainted twice while writing it.'"

Replying to the request of the lord mayor's sister for an interview, the home secretary wrote, saying: "An interview would serve no good purpose. It is the final decision of my majesty's government. Mrs. MacSwiney will not be released because she refuses to take food. Owing to the condition of his health, Mrs. MacSwiney cannot be forced. For any consequences which may ensue from his refusal to take food she is responsible."

Archbishop Mannix and the Bishops of Killaloe and Ballisheer have made arrangements to visit the lord mayor. Seven Constables Killed.
Belfast, Aug. 22.—Official telegrams received at Dublin castle yesterday indicate that there have during the week-end, seven have been killed by six constables and three men at Dundalk were suddenly confronted by six armed men. Constables Isbell and Withers, recruited from the English army, were badly wounded. Sergeant Masterson was shot dead on Saturday night at Macroom, County Cork. A police patrol was ambushed near Kildare. A constable was killed and a sergeant seriously wounded. Two constables are missing. Constable O'Hagan was shot dead at Killybegs.

Dublin, Aug. 23.—Sir Stanley Harrington, leader of the Cork delegation to the premier, and Captain Harrison, secretary of the Irish Peace Conference, have sent protests to the government against the treatment of Lord Mayor MacSwiney and other hunger strikers. Archbishop Wallace, in forwarding a £100 subscription for the relief of Catholics excluded from employment in Belfast, says: "The infamies in Belfast are only possible because they are openly tolerated by the English ministry now ruling only by the strong hand of force in this country."

Boston Resolutions.
Boston, Aug. 22.—The United Irish Societies of Boston at a mass meeting on the common yesterday protested against the seizure of Archbishop Mannix at sea by Great Britain as an act of piracy and an assumption of liberty. Resolutions called upon the United States to show disapproval of the wanton and diabolical acts of the British government by recognizing the established Irish republic and repudiating the League of Nations in so far as it would make America an associate with England in her crimes against the people of Ireland.

Appeal to British Labor.
Dublin, Aug. 23.—The executive of the Irish labor party, in an appeal to British labor to stop "the war with Ireland," as they did with Russia, and holding them responsible if it continues, says, "The military governors, whom you have placed over us calculate that the death of the lord mayor of Cork will lead to an uprising which can be suppressed only by wholesale slaughter." The appeal also declares that Home Secretary Short will be held personally responsible if the death of the lord mayor ensues.

Washington, Aug. 23.—Director Daniel T. O'Connell of the Friends of Irish Freedom Bureau made public on Saturday night a letter of protest he has sent to the American Bar Association against an invitation extended to Sir Auckland Geddes, British ambassador, to address

ONE MAN CARS FOR TORONTO.

Views of the new one-man street cars which are to be placed in operation on the civic car lines in Toronto.

PRIZE-WINNERS

The following were the prize winners at the fair held at Pandemonium on Saturday afternoon and evening:

Green tickets—Roy MacKendrick, leather club bag; Phillip Harrington, frame picture; Miss M. Daley, dozen linen napkins; William Steen, fancy cushion; J. E. Steed, dozen handkerchiefs; Mrs. M. L. Bonnell, fancy work basket.

Pink tickets—Roland Skinner, load of coal; Fred Hamm, jardiniere; J. S. Kerly, lady's sweater; Miss Vera Kay, ivory jewel case; O. Fraser, one dozen handkerchiefs; E. O. Thompson, tennis shoes.

Red tickets—F. L. Miller, Borsari; J. A. McKay, man's sweater; Leo Krant, lady's hat; Miss Hayter, hand bag; S. Johnson, box of cigars; C. Hamilton, man's cap; A. B. Clarke, flashlight; B. Calvin, fountain pen; F. Flewelling, Phillips rubber soles; Charles Hamm, fruit dish.

The highest score for the day in the bean toss was made by Mrs. W. Monaghan, who tossed a load of hard coal. H. E. Hunt received an electric grill for making the highest score in the bean toss. The highest score in the "bummy in the bucket" game was made by J. Fitzgerald, who tossed a set of military brushes. A. J. Tipples, spray; Miss A. Hamilton won first prize by guessing nearest to the correct number, which was 2,307. Her guess was 1,870; second prize, Miss Margaret Brown, 7,022; and third prize, W. Huggard Smith, 7,025. A doll donated by D. C. Arthur, was won by George Harrington.

FLORAL TRIBUTES.
Flowers sent in sympathy for the relatives of Mrs. Wm. Splaine of Fairville, who was killed in the explosion at Pandemonium, were:

From husband: wreath, Mr. and Mrs. F. X. Morris; spray, Mr. and Mrs. W. Black; spray, Miss Opal Gray; spray, Mrs. Ellen Hogan; spray, Miss Lillian; spray, Miss Myrtle; spray, Mrs. Wm. Boy and family; wreath, Mrs. John Keating; spray, Mr. and Mrs. William Gray; spray, Mr. and Mrs. Walter Scott; wreath, Mr. F. A. Tipples; spray, Mr. and Mrs. J. Golden; spray, Mr. and Mrs. Pleasant Point Sunday School; Mrs. and Mrs. R. M. Earle and family; spray, Mr. and Mrs. W. P. Gray; spray, Gordon and Joseph McMaster; spray, Mr. and Mrs. Harry McLaughlin.

JURY EMpaneled.
Coroner Kenney has empaneled the following jury to enquire into the death of Michael McDonald, who was killed on Saturday morning while working at the site of the new C. P. R. bridge at the reversing falls. William Hatfield, Thomas Hill, Charles Leffroy, Hugh Hilley, George Currie, Herbert Keys and Ernest J. Hodd, foreman. The jury will view the scene of the accident tomorrow morning at 10 o'clock.

REAR-END COLLISION.
A rear-end automobile collision occurred in Robesay avenue this morning when H. H. McLaughlin, attempting to cross the street, was coming from the west, struck across in front of E. S. Carter's car, which was behind him. Before Mr. Carter could pull up, he struck Mr. McLaughlin's car, damaging the fenders and tank. No one was hurt.

EXCHANGE TODAY.
New York, Aug. 22.—Sterling exchange on the common yesterday protested against the seizure of Archbishop Mannix at sea by Great Britain as an act of piracy and an assumption of liberty. Resolutions called upon the United States to show disapproval of the wanton and diabolical acts of the British government by recognizing the established Irish republic and repudiating the League of Nations in so far as it would make America an associate with England in her crimes against the people of Ireland.

REPORTS ON
HALIFAX ONE
MAN TRAMCARS

Commissioner Thornton Says
They Seem Satisfactory—
Does Not Favor Converting
Old Cars Here.

His observations on the working of the Birney safety one man car during his recent trip to Halifax were reported on by Commissioner John Thornton at this morning's session of the common council. He said that he had spent the whole day about the car sheds and about one-half day riding around on the various routes.

"I cannot see any objection to the cars run in Halifax," he said. The citizens seem to be very well satisfied and the car seems to be a good one. There were twenty-four of the new type in operation. The old type cars were declared due to be replaced by the new type. The operator was being familiar with the operation of the car.

Mr. Thornton also took up the matter of street parking with the street car people there and said he thought the cars are compelled to put down new calls where new permanent pavement is being laid and he space their ties two feet, instead of four as is the practice here. He said that this was a good thing. The public utilities commission, he said, control the traffic on the street. In one man cars, after the seats have been filled, not more than sixteen people are allowed to stand. In the two man cars there is no restriction on the number standing, but they must all be inside the car.

Regarding the service in Halifax, he said that the people there had a 4 1/2 minute service on the Halifax line. The fares were on a par with the Halifax line. The fares were on a par with the Halifax line. The fares were on a par with the Halifax line.

After studying the operation of the Birney car, the commissioner said, "I do not favor the conversion of the old cars to one man cars for St. John." He said he was told that the Birney cars cost \$140,000 each.

FEAR MINERS
IN OLD COUNTRY
WILL NOT STRIKE

London, Aug. 22.—The coal miners will not strike on Saturday, according to reports from the old country. The miners are again working full blast. A settlement of all the disputes between the miners and the management was reached on Saturday afternoon. The trouble in No. 2 was caused by the dissatisfaction of the miners with the terms of a new agreement. The management agrees to put some extra men on fire duty, pending a definite agreement on the part of the miners. The U. M. W. and Mr. McCann of the Dominion Coal Co. The miners of No. 6 have agreed to work for several weeks to enforce a demand for a wage adjustment. It was agreed to allow them an increase of from five to fifteen per cent, according to the height of the place in which they are working. This is satisfactory to the miners, they are back on the job once more. The adjustments were submitted to a mass meeting of the miners in the Gem theatre on Sunday afternoon and unanimously approved.

QUEBEC BUSINESS
MAN DIES AT 44
Quebec, Aug. 22.—(Canadian Press)—Eugene Julien, founder and general manager of the firm of Eugene Julien & Co., and one of Quebec's most prominent business men, died on Saturday night at the age of 44 from an attack of typhoid fever.

PLAY IN TENNIS
TOURNAMENT PUT
OFF BY RAIN
Weather prevented tennis being played at Robesay this morning. The Nova Scotia delegation arrived, and so soon as the weather cleared the games will be resumed. Mr. Rice of North Sydney, the Nova Scotia champion, was unable to come, and his place is being taken by Mr. Dawson of Bridgewater. The holders of the title for the men's doubles were also unable to be present, and their places are being taken by Mr. Grant of New Glasgow. In all six players and the secretary, Mr. Gastonguay, are present from Nova Scotia.

DAVID H. BETTS.
The death of David H. Betts occurred last evening at his home, 182 Bridge street, after a short illness. He was in his eighty-fourth year. He is survived by his wife, three sons, and three daughters. The sons are Daniel and Harry of this city, and William of Westminister, B. C. The daughters are the Misses Corcoran and S. Ellis at home, and Mrs. W. P. Gray of Campbellton, N. B. The funeral will be held on Tuesday afternoon from his late residence.

SPRUCE LAKE.
W. G. Chase, formerly chief engineer of the Greater Winnipeg water district, and now president of the Canada Lock Joint, Ltd., is in the city and will take charge of the Spruce Lake project. He has had charge of the project since it was first conceived. The new Winnipeg water supply in 1914, 1914 and 1915.

PLAYED AT PANDEMONIUM.
The Maple Leafs went to Pandemonium on Saturday afternoon and defeated the home team by a score of 28 to 8. The batteries were: For the winners, Maxwell and Merryweather; for the losers, Dalton and Seth Lewis. The game was the making of two home runs by the Maple Leafs. The home team scored in the first, second, third, fourth, fifth, sixth, seventh, eighth, ninth, and tenth innings. The Maple Leafs scored in the first, second, third, fourth, fifth, sixth, seventh, eighth, ninth, and tenth innings.

As Hiram Sees It
"Hiram," said the Times reporter to Mr. Hiram Hornbeam, as they sat under the shade of a great birch tree in the meadow, "did I ever live in St. John, or have I only dreamed it? I seem to belong right here. You don't seem to have a memory of a place where there were fields and woods, and paved streets instead of roads fringed with wild flowers and goldenrod, a place where one seldom or never saw the stars, and where there was constant noise, gay and bright?"

LIBERAL LEADER IN
SPEECH AT GUELPH

Guelph, Ont., Aug. 22.—Hon. W. L. Mackenzie King and A. R. McMaster, M. P., Brome, Que., addressed a gathering in Exhibition Park here on Saturday afternoon, under the auspices of the South Wellington Liberal Association.

The Liberal leader said that one of the issues before the people was the autonomy as against democracy. He criticized proposed military expenditures. On the tariff question he repeated former declarations that it was not a question of free trade or protection, but of tariff revision and the employment of the revenue required. Mr. McMaster stated the government for the high expenditures that were being called for.

MONEY STOLEN FROM
CHINESE HAS NOT
YET BEEN RECOVERED
Montreal, Aug. 22.—Charles Jackson, charged with being concerned in the robbery of \$11,000 from a Chinese club on Saturday morning, was arraigned on Saturday and committed for enquete in eight days time. No bail was allowed. The other two men in the robbery have not yet been apprehended and no part of the money has been recovered.

SALLY BETWEEN FRENCH
GARRISON AT ADAOA
Paris, Aug. 22.—The French garrison in Adana, Asia Minor, which had been besieged for two months, made a sally on Friday and, according to the foreign office, has now virtually been relieved. The foreign office says that the garrison badly defeated the besiegers and that the situation no longer is critical.

UNIFORM CONTRACT WITH
BRICKLAYERS UNION.
Toronto, Aug. 22.—A conference is being held here by officials of the Mason Contractors' Association of the United States and Canada on matters affecting the organization, including proposed uniform contract with the bricklayers union and the institution of schools for the education of apprentices in order to rehabilitate the depleted ranks of bricklayers.

WESTERN CROP STILL
SAFE FROM FROST
Prince Albert, Sask., Aug. 22.—There was no damage by frost in northern Saskatchewan on Friday night. The minimum temperature here was forty-two. Reports from other places in this part of the province indicate no frost damage to crops.

Settlement of Labor Matters
Was Effected on Sunday
Afternoon.
Amherst, N. S., Aug. 22.—(Canadian Press)—The Springhill mines are again working full blast. A settlement of all the disputes between the miners and the management was reached on Saturday afternoon. The trouble in No. 2 was caused by the dissatisfaction of the miners with the terms of a new agreement. The management agrees to put some extra men on fire duty, pending a definite agreement on the part of the miners. The U. M. W. and Mr. McCann of the Dominion Coal Co. The miners of No. 6 have agreed to work for several weeks to enforce a demand for a wage adjustment. It was agreed to allow them an increase of from five to fifteen per cent, according to the height of the place in which they are working. This is satisfactory to the miners, they are back on the job once more. The adjustments were submitted to a mass meeting of the miners in the Gem theatre on Sunday afternoon and unanimously approved.

LARGE SEIZURE OF
SCOTCH IN BOSTON
Whiskey From Canada Estimated to Be Worth \$25,000.
Boston, Aug. 22.—More than \$25,000 worth of the highest grade Scotch whisky was seized on Saturday at 7 Chatham Row, in the heart of the market and in the district of federal and city officers, under the direction of Prohibition Enforcement Agent William J. McCarthy and Sergeant Magee of Station 2. The law provides that two-ounce bottles of whisky are illegal. The whisky was packed in two-ounce bottles and was found in the trunk of a car. The car was driven by a man who was arrested. The whisky was valued at about \$25,000. It is the highest grade whisky seized in New England since the enforcement of the federal law was undertaken.

ANTIPROHIBITION VERDICT.
Ashcroft, B. C., Aug. 22.—As a result of drinking nearly half a quart of methylated spirits, John G. Kirkpatrick of Ashcroft, aged forty-nine, died yesterday in the hospital.

Four Arrests in Liquor Cases.
Sarnia, Ont., Aug. 22.—Operations of new special officers sent here by the provincial government to enforce the Ontario Temperance Act in this part of the province and to stamp out the illicit liquor trade, were responsible for four arrests of runners being gathered in by the police on Saturday night.

Death of I. B. Shaffer.
Halifax, N. S., Aug. 23.—Ex-Alderman I. B. Shaffer, formerly senior member of I. B. Shaffer & Co., flour and feed wholesaler, who recently retired from business, died at his home here this morning. He was a native of Lawrenceville, Massachusetts.

Girl Attacked.
Windsor, Ont., Aug. 23.—Hopes are entertained at the Hotel Dieu for the recovery of Miss Daisy Blake, aged nineteen, who was assaulted and seriously injured on Walker road, Walkerville, by a man alleged by the police to be Joseph Drouillard. Drouillard is awaiting a court examination.

POLICE HOLIDAYS
Deckman John O'Neill at the central policeman station is taking a well earned rest and his place for two weeks is being taken by policeman Edwin Thomas.

CLOSE AVENUES
OF RED RETREAT

Poles Cut Off Two by Capture
of Grodusk

Warsaw, Aug. 22.—Polish forces have taken the town of Grodusk, about twelve miles north of Ciechanow, and have cut off the retreat of Bolshevik forces north and south of this city by the way of Mlawa and Przasnyska.

London, Aug. 22.—The retirement of Russian Soviet forces from the city of Brest-Litovsk was officially admitted in a statement issued yesterday in Moscow. The eighteenth Polish division, which has been attacking Ciechanow, has been met by desperate resistance from enemy detachments covering the retreat of the fourth Soviet army, which last week advanced along the Pruzna frontier and threatened the Polish defenses along the Vistula river. After capturing Ciechanow the Poles advanced rapidly northward and succeeded in cutting the only direct line of railroad running eastward from the Soviet zone. Polish divisions are now attacking Przasnyska.

Losses Heavy.
Warsaw, Aug. 23.—Military authorities here announced today that the Poles have captured 85,000 prisoners to date in the counter-attacks against the Bolsheviks. Many guns, thousands of rifles, hundreds of machine guns, and munitions, carts and a great number of horses also have fallen into the hands of the Poles. Thousands of Reds are thought to be cut off in the forests, awaiting an opportunity to surrender. Among 300 Bolshevik soldiers killed in the fighting at Mlawa were found, it is said, a German officer and several German soldiers.

Paris, Aug. 23.—The number of Russian Soviet prisoners captured in the Polish counter-offensive will amount to 25,000, according to Warsaw advices to the French foreign office today.

Blame Poles.
London, Aug. 23.—Leo Karmelitz, head of the Soviet Russian trade mission here, has made public the following message to Moscow, dated Sunday: "The Poles are still trying to prolong the negotiations. After the signing of the armistice on the 19th, the Poles refused to convene before the 23rd. Danilushko formally protested against the delay in vain. The Poles refused to convene before the 23rd. They clearly do not want peace, but only to create a make-believe situation."

The Other Side.
Warsaw, Aug. 23.—The foreign office last evening issued a communication with regard to the negotiations between the Poles and the Bolsheviks in Minsk in which it says that on several points the terms presented by the Soviet representatives are more drastic than the conditions given the British government by Mr. Karmelitz. It says that the "course will not be accepted by the Polish government."

Current events on the front seem to have considerable influence on the attitude of the Poles and also by way of wireless dispatches which are being sent to Minsk and also by way of Moscow. It would seem that notwithstanding several clear agreements of telegraphic communication with our delegates is difficult.

Paris, Aug. 23.—Sir Reginald T. Fowler, high commissioner for the League of Nations at Danzig, has requested the Allied nations to supply him with 20,000 rounds of ammunition for use in permitting the unloading of munitions intended for Poland now being held up at Danzig according to the ministry of foreign affairs.

The foreign office yesterday announced the arrival of the gunboat Accra at Danzig, where she will operate for the purpose of capturing the gunboat there by the French cruiser Gueydon.

Disaster for Reds.
Paris, Aug. 23.—Soviet Russian armies which invaded Poland and threatened to capture Warsaw appear to be on the eve of complete disaster, says the Warsaw correspondent of the Matin. He quotes Gen. Weygand as saying Poland will be the grave of three-fourths of the Bolshevik army.

Two Polish cavalry divisions are advancing toward Bialystok for the evident purpose of cutting off the retreat of the Soviet troops operating to the north of Warsaw. The correspondent declares the Bolsheviks will soon be forced into a hurried general retreat, and that discipline has broken down in their ranks.

ACCIDENT.
To be hit on the head with a pick in the hands of a fellow workman, was the fate of Ephraim Hogan of West St. John, a city employee working on the street work in Prince William street on Saturday. He was stooping to pick something off the ground and the man with the pick did not notice him until it was too late. The pick hit him glancing blow on the side of the head just above the right ear, inflicting a nasty gash. He was attended to by Dr. G. A. B. Addy.

Three are dead, twenty homes destroyed and a new school house raised in bush fires at Malville, twenty miles north of Winnipeg on Friday and Saturday.

FULL WORK AT
SPRINGHILL MINES

Amherst, N. S., Aug. 22.—The Springhill mines are again working full blast. A settlement of all the disputes between the miners and the management was reached on Saturday afternoon. The trouble in No. 2 was caused by the dissatisfaction of the miners with the terms of a new agreement. The management agrees to put some extra men on fire duty, pending a definite agreement on the part of the miners. The U. M. W. and Mr. McCann of the Dominion Coal Co. The miners of No. 6 have agreed to work for several weeks to enforce a demand for a wage adjustment. It was agreed to allow them an increase of from five to fifteen per cent, according to the height of the place in which they are working. This is satisfactory to the miners, they are back on the job once more. The adjustments were submitted to a mass meeting of the miners in the Gem theatre on Sunday afternoon and unanimously approved.

DAVID H. BETTS.
The death of David H. Betts occurred last evening at his home, 182 Bridge street, after a short illness. He was in his eighty-fourth year. He is survived by his wife, three sons, and three daughters. The sons are Daniel and Harry of this city, and William of Westminister, B. C. The daughters are the Misses Corcoran and S. Ellis at home, and Mrs. W. P. Gray of Campbellton, N. B. The funeral will be held on Tuesday afternoon from his late residence.

SPRUCE LAKE.
W. G. Chase, formerly chief engineer of the Greater Winnipeg water district, and now president of the Canada Lock Joint, Ltd., is in the city and will take charge of the Spruce Lake project. He has had charge of the project since it was first conceived. The new Winnipeg water supply in 1914, 1914 and 1915.

PLAY IN TENNIS
TOURNAMENT PUT
OFF BY RAIN
Weather prevented tennis being played at Robesay this morning. The Nova Scotia delegation arrived, and so soon as the weather cleared the games will be resumed. Mr. Rice of North Sydney, the Nova Scotia champion, was unable to come, and his place is being taken by Mr. Dawson of Bridgewater. The holders of the title for the men's doubles were also unable to be present, and their places are being taken by Mr. Grant of New Glasgow. In all six players and the secretary, Mr. Gastonguay, are present from Nova Scotia.

GREAT CHANGE IN THE KIEL CANAL

Hamburg Today Literally Under Foreign Colors

Disastrous Effect of War on German Shipping - Lines of Once Busy Docks and Warehouses Now Empty and Still.

Hamburg, Aug. 22.—(Associated Press Correspondence)—In one day last week twenty-two steamers passed Cuxhaven in the way to Hamburg or to enter the Kiel Canal. This was the largest number of ships to come into the Elbe in twenty-four hours since the early days of the war, and the event was hailed with intense satisfaction here as a sign of better times. Five years ago it was a daily thing to see a score of vessels arrive. The Hamburg-American line alone usually had from twenty-five to thirty ships in port and the harbor was so crowded with shipping that the problem of docking often became acute.

In those days few flags other than those of the German companies were seen in the harbor. Today Hamburg is literally under foreign colors. Shipping companies of all the principal nations have set up offices here and the formerly powerful German lines, having lost their ships, are acting now only as agents.

American, British, Japanese, French, Italian, Spanish, Dutch and Brazilian companies display their advertisements in the shipping papers. Advertisements of German concerns are so few that one must search for them.

There is some life again in the harbor but the ships are nearly all foreign. One passes long rows of splendidly equipped docks and warehouses, once a hive of industry, but now empty and still. And in the absence of the many ships that used to make Hamburg a thriving commercial centre, trade has died away and the great market places on the water-front are practically deserted.

How to Pop Corn It is done in different ways, but the most approved method is to use the corns with Fatless Corn Extractor—corns pop out for fair, and stay out, too, when removed by "Puffing". Try this painless remedy yourself, etc. at all dealers.

TONIGHT'S BILL AT OPERA HOUSE

Pingree and Dwyer Will Conclude Their Popular Performance Tonight - Big Acrobatic Novelty and Other Features - New Bill for Tuesday.

The week-end bill at the Opera House will be as follows: - Callo, a European ecclesiastic musical melodrama; The Three Rounders, in a hilarious comedy singing act; Gene and Myrtle Conroy, in dances that are different; Dorothy Wahl, in her own original song cycle of Broadway hits; Jussie and Oasie, in a sensational acrobatic novelty direct from the Grand Theatre, Stockholm, Sweden. There will also be another episode of "The Silent Avenger," featuring William Duncan.

NOW HAVE REDS BOTTLED UP ON NORTHERN FRONT

Gateway Closed and Great Number of Prisoners and Much Material Captured.

Bulletin—Warsaw, Aug. 23.—The process of bottling up the Russian Soviet forces on the northern front between Prussia and the Vistula river has been completed, according to an official statement issued just before last midnight.

How to Pop Corn It is done in different ways, but the most approved method is to use the corns with Fatless Corn Extractor—corns pop out for fair, and stay out, too, when removed by "Puffing". Try this painless remedy yourself, etc. at all dealers.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

"SANTOY" WILL OPEN IMPERIAL'S SEASON

Noted Anglo-Chinese Comic Opera Here Next Week By English Performers.

The theatrical season of 1920-21 in St. John will be opened at Imperial Theatre next week—Wednesday and Thursday—with Sidney Jones' sparkling opera "San Toy" by a specially-selected aggregation of English singers and comedians secured by F. Sturtz-Whyte, theatrical impresario now well-known in this territory by his delightful pantomimes "Cinderella" and "Little Red Riding Hood." "San Toy" is the first of several contracts to be filled for the Keith interests in St. John, the others being the new pantomime "Babes in the Wood," "The Maid of the Mountain" (85 people), Martin Harvey, the Danubians (new show), Huntley White, noted British comedian, in "O, I Say," Alice Lloyd and others. Therefore in announcing "San Toy" the Imperial management assures the public of a delightful performance, in which will appear two stars already popular here, namely Zara Clinton and J. V. Barrett-Leonard ("Will You Sussie" and "Head-Boiled Egg" fame). There are thirty-five people in the company next week, several special instrumentalists introducing novelty Oriental flutes, tom-toms, etc., and a wealth of costumes and scenery. Seat sale opens Friday of this week at 10 a.m. but small orders will be accepted now and booked in order of receipt.

AND WILL BE SHOWN AT IMPERIAL TONIGHT

"The Walk-Offs," which is being shown at the Imperial tonight and Tuesday, was written by Frederic and Fanny Hatton, considered to be the most gifted collaborators on plays in this continent. Practically all of their work has been produced by Oliver Morosco, who has within recent years come to the fore as a producer of brilliant and successful plays.

The Hattons are man and wife and take the greatest delight in creating their plays. They have admitted that a great deal of their happiness in married life has come from the fact that they have done together and the compatibility of tastes which led them to admit it as a joint profession. So closely do they co-operate in writing that when a play is finished there is the anomalous situation of each one disclaiming that he or she wrote it. Their method of work is to seat themselves at a desk opposite each other and then one writes a scene and the other writes another, after, of course, the general outline has been decided upon. They then exchange work and rewrite what the other has written until the acts have been finished. Before her marriage Mrs. Hatton was a Chicago society woman and her husband was a dramatic critic on one of the big newspapers in that city. Together they have written, besides "The Walk-Offs," "Love Hardly Ltd.," "Years of Discretion" and "Captains and Down."

SYNOPSIS ISLAND OF REGENERATION, UNIQUE THEATRE TONIGHT

A gripping, spectacular feature of the South Seas; an island inhabited by a half savage, childish youth, who had lived alone since he was six years of age; a girl cast upon the beach by the tide and the working out of their salvation form a human interest tale that cannot be excelled. "The Island of Regeneration" is different from other unusual story given extraordinary treatment. A volcano in eruption, a burning island, an exciting encounter between man and girl and a final rescue are a few of the high-light. The scenic background is typical of the South seas, natural caves, tropical foliage, and birds refreshing pools and cool shady nooks abound. The character development is unusual. It is a picture that you will remember a long while and one that you will want to see a second time. Also Larry Semon in a hilarious comedy, The Star Boarder.

From Grand Bay to St. John the present schedule is not disturbed. 8-20-23-25-27-28

MYSTERY OF THE HUDSON RIVER

Sawing Off of Head, Legs and Arms of Woman Not Work of Surgeons, Says Medical Examiner.

(New York Times.)
Every available detective of New York and Jersey City was put to work last night to unravel the mystery surrounding the identity and the death of a young woman whose torso was found floating in the Hudson River, off Cornwauque, Jersey City. The head, arms and legs had been crudely sawed off. A few bits of red flannel clinging to a piece of twine tied about the torso furnished the police with their only clue. The head had been severed at the collar bones, the legs at the hips, and the arms close to the shoulder. The bone saw way through and then broken off, but the other leg had been completely sawed off, as were the head and arms.

In the opinion of Dr. Arthur Haskins, medical examiner of Hudson county, who made a superficial examination, the body had been in the water between two and six weeks. Except at the points of amputation there was no cut or wound on the torso.

The body was found on Pier 5, Central Railroad of New Jersey, which is abutted opposite the Battery, 2:30 o'clock on Tuesday afternoon, by William Hamner of Elizabeth, N. J., a railroad employee. He summoned a policeman and the torso was fished out of the water and taken to Mayor's Morgue.

A DANGER SIGNAL—TENDER AND BLEEDING GUMS
Healthy teeth cannot live in diseased tissue. Gums tainted with Pyorrhoea are dangerously diseased. For not only the teeth are affected, but Pyorrhoea germs seep into the body, lower its vitality and cause many ills.
Pyorrhoea begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the poisonous germs that breed in pockets about them.
Four out of five people over forty have this disease. But you need not have it. Visit your dentist often for tooth and gum inspection. And keep Pyorrhoea away by using Forhan's For The Gums.
Forhan's For The Gums will prevent Pyorrhoea—or check its progress—if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy, the teeth white and clean. If start using it today. If gum-irritation has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

HOG AND GOOSE JAG

LEAD TO BOOSE PLANT
Kansas City, Mo., Aug. 23.—Two "stewed" hogs and a goose that could hardly navigate on land or water led to the arrest of Joe Olson, his wife, and John Harmon at Bonner Springs, and the confiscation of seven barrels of "moonshine" whiskey.

Officers noticed the hogs running radically through the streets. They followed them. Soon they saw a goose far gone in his "coups." The goose joined the procession, which led them to the home of Olson. The officers say hogs and goose became intoxicated by eating sour mash from the still.

Remember—Luxurious here Means Quality—Serviceability

Luxurious Furs at Economy Prices

HUGE coats, magnificent capes and shawl collars, smart coats, chic chokers and a wonderful array of miscellaneous smaller pieces of unsurpassed beauty and luxuriousness. Dozens of distinctive designs representing the latest creations of the Fur Garment world are now offered at prices far below what we will have to ask later in the season.

One glance at our wonderful display will quickly convince the most skeptical of the unusual opportunity offered in

Our August Fur Sale

Never before have conditions equalled the present. Every Fur trading center reports a scarcity of skins, while an increasing demand makes the situation still more complex.

Such acute conditions are what make rigid economy vitally important with all of us. An appreciation of these facts is the chief reason for the present unusual offer of our entire line of Fur Garments at Pre-Season prices.

The saving we realize on over-head costs is passed along to you in sharp price reductions you cannot afford to overlook.

ONE MAN'S BURDEN.

As was to be expected, the report which came from an American agent to the effect that Lloyd George was soon to visit Canada and the United States has met with prompt denial from London.

The British prime minister is chained to the post of duty by responsibilities without parallel. He carries an enormous burden today after years of pressure such as perhaps no other statesman in history has had to bear.

There is every reason for believing that it is known that the prime minister not only has not had the rest and recuperation he needed, but that since July he has been subjected to fresh anxieties from many directions, at home as well as abroad.

Counting the intense activity and anxiety of the war years, and adding to this the difficult and desperate issues with which he has had to deal since the armistice, the mental and physical endurance of Lloyd George carries all the world to wonder not only that he has come through so far but that he has retained the mental virility which still places him in the front rank of the world's public men.

There is every reason for believing that it is known that the prime minister not only has not had the rest and recuperation he needed, but that since July he has been subjected to fresh anxieties from many directions, at home as well as abroad.

lever in turn. Now that we are dizzy, it is time to stop the whirling.

"To increase railway rates at this stage by \$120,000,000 would run up the prices of manufactured goods and food products, and by raising the cost of living necessitate general increases in wages.

Thus the vicious revolution would begin all over again.

"Industrial and social conditions would be greatly disturbed and the tendency to revert to normal be rudely checked by a big advance in transportation costs.

With an apparent improvement in sight, the Railway Commission should reject the applications now before it, or stall for time."

The average Canadian gets a lot of advice about accommodating himself to circumstances. Until the government and its commissions set an example and show that the procession of upward prices is not necessarily an endless one, the ordinary man can only regard the conditions of the day with growing uneasiness.

"It is," as the Star says, "time to stop the whirling."

A very successful masquerade dance was held in Fair Vale on Saturday night. Many people were in attendance and the evening was much enjoyed by all.

A successful fair was held at Pampodoc by the residents there on Saturday afternoon and a large number of people were in attendance to enjoy the usual attractions.

About one hundred names were added to the revision list of the city polling list number, but the most bitter of them might well hesitate if asked to select another capable of doing the prime minister's work and living up to the high average of his wisdom and his activity.

Three years ago this autumn the Canadian Corps was engaged in one of the greatest battles in which it took part in the course of all its magnificent work in France—the three weeks fighting at Passchendaele.

This action is the subject of an interesting treatment in "The Canadians in France 1915-1918," a book written by Captain Harwood Steele, M. C.

The fair held at Seaside Park on Saturday afternoon and evening was a complete success. The committee in charge was: G. A. Langbein, P. A. Campbell, C. Stevens and Felix McMullin.

The annual meeting of the Canadian Bar Society will open in Ottawa on September 1 and Viscount Cave, P. C., and Hon. W. Howard Taff, former president of the United States, will be the principal speakers.

Hon. Dr. W. F. Roberts, minister of health, has been invited to speak at a health meeting in Halifax, but was unable to accept the invitation.

The body which was washed ashore near Chance Harbor on Friday was identified as that of Carl Evans by a wedding ring which, according to Mrs. Campbell, his boarding mistress, belonged to the young man's mother.

As a result of being struck on the head by a splinter of flying rock from a blast at the new C. P. R. bridge at reversing falls, Michael MacDonald of Glace Bay, an employee of the Foundation Company, was killed on Saturday morning.

On Saturday afternoon a small blaze was discovered in the house of Emily Puddington, opposite the C. P. R. elevator, West St. John. It originated from an electric iron which had been left attached to the current.

For years we have been spinning on an economic merry-go-round, with increased prices, increased wages, and increased cost of material working the

THE EARTHQUAKE

The other evening, while I wandered beside a Cheap John inland lake, and on Dame Nature's beautes pondered, the earth reared up and threw a quake.

CANADA—EAST AND WEST

DOMINION HAPPENINGS OF OTHER DAYS

FORT GEORGE

On August 20, 1918, Sir George Prevost, in command of the British troops then in Canada and at war with the United States, arrived at Saint David's where the British had established their headquarters for an attack on Fort George.

On the British side a captain and ten men who had advanced beyond the main force were cut off and compelled to surrender. Prevost, without attempting anything more, returned to Kingston.

Ever since that engagement critics of military tactics have wondered at the object of the demonstration. The British gained nothing through it in any way and some soldiers, very rightly, are of the opinion that the loss of the object of the fight seems to have been to give the appearance of activity on that day.

IN OLD AGE
And what remains? First joy is gone; then, hopes, they fade away; But fears take root and cling. Not so, we say—and we are old, we know.

LIGHTER VEIN
Cause and Effect.
Wife—it's great to be a man. One dress suit lasts for years and years, while a woman must have a new dress every day.

GOING UP
A very junior officer was trying his first case.
"Seven days confined to camp," he snarled at the defendant.

AN EXPERIENCE
Though warned with him 't might not He ate and almost died;
"I was only by a hair that he Escaped chop-ney-side."

PROHIBITION OFFICERS ARRESTED
P. W. Horgan and H. L. Harvey, United States government special officers sent to northeastern Maine to enforce the Volstead Prohibition Enforcement Act, have been arrested as the result of an automobile collision on the highway to Caribou in which a car owned and operated by Alhabet J. Viollette, a hotel owner residing at St. Leonard's, was demolished.

END OF A WAR ROMANCE
Belgian Girl Asks \$20,000 Heart Balm at Toronto.
Toronto, Aug. 22—Murielle Van Houde, a Belgian girl, who arrived in this city recently expecting to meet her fiance, Capt. Walter W. McKewen, M. C., who she met overseas, has now entered an action against him for \$20,000 for breach of promise.

WOMAN OF 131 NEVER HAD DOCTOR, DECLINES THEM
Highland, N. Y., Aug. 22—Mrs. Lydia Le Barron, said to be 111 years old, spurned offers of doctors' services, although compelled by illness to remain in bed. Friends summoned two physicians, but she would not employ them.

PATCH POCKET GO IN BAN ON FANCY STYLES FOR MEN
Chicago, Aug. 23—Ultra-conservatism will be the watchword in clothing styles for men this fall. Patch pockets and long roll lapels will have to go, according to leading clothing manufacturers, to be succeeded by plain pockets and straight lines.

RECENT DEATHS

The death occurred at the General Public Hospital yesterday, after a short illness, of Samuel Knowles, who leaves a wife, two sons and one daughter to mourn. The sons are James, in Montreal, and Wm., in British Columbia. Miss Georgiana, the daughter, lives in the city. The date of the funeral will be announced later.

VISITORS IN THE CITY PULPITS

Visiting clergymen were the preachers in many of the city churches yesterday. Rev. W. Fraser, of St. Andrew's, conducted the services for the united congregations of St. Andrew's church and the German street Baptist church, exchanging with Rev. F. S. Dowling who preached at the Kirk in St. Andrew's. Rev. Hamilton Wigle, D.D., principal of Mount Allison Ladies' College, Sackville, was the preacher at the Carlton Methodist church in the absence of the pastor, Rev. J. Heaney, who is on his vacation. Rev. George Scott, of the Children's Aid Society, conducted the services in St. David's church, Rev. J. A. MacKegan, the minister being at his former home in Cape Breton for the summer holidays. At Trinity in the morning the preacher was Rev. H. I. Buckland who is in charge at St. Jude's while Rev. J. H. A. Holmes is away on his holidays. Rev. D. H. Lowth, of Trinity, preached in St. Jude's church Mr. Holmes is at his home in Hammond River. The editor of the Maritime Baptist, Rev. R. J. Colpitts, of Hampton, conducted the services in the Charlotte street Baptist church, filling the pulpit of Rev. J. H. Jenner who is in St. George. Thomas Brindley, of Grand Bay, conducted the services in the Fairville Baptist church.

A Garment Colored Is A Garment Saved

Would you like to renew your entire wardrobe—without buying a single new thing?

You can do it—easily—by giving each garment a "color change."

Aladdin Dye Soap is made for that very purpose. Enables you to convert an old faded blouse into a thing of beauty—supplies the needed fresh color for your Summer Dresses, Camisoles, Stockings and all wearing apparel.

No ordinary dye—but a new and entirely satisfactory way of coloring wool, silk, cotton, or any mixture. With Aladdin, there's no need for boiling—no messy work, no staining of hands or bowl. You just "wash" the fabric in ALADDIN and it comes out resplendent in its new color.

The use of ALADDIN is at once a delight and a real economy. Choose the shade you want from the Aladdin color range—whether it be a vivid red, a flashing green, or a soft tint of moonbeam delicacy, ALADDIN will faithfully add to any garment the exact color you select.

Eighteen beautiful fashionable shades to choose from.

You can get Aladdin for 15 cents a cake, at almost any Drug Store, Grocery Store, Hardware Shop or Departmental Store.

Quouist Fur Sale

St. John's Only Exclusive Fur House is offering at its annual August Fur Sale an opportunity that the buying public will appreciate when it visits our "Fur Parlors" and sees for itself the wonderful values being shown. These values will not be duplicated later in the season as the retail prices we are asking are in many cases below the figures the wholesaler is receiving for the same goods today.

As "Exclusive Furriers" we have many buying opportunities not offered to merchants handling furs only as one department of their business. A visit to our Fur Parlors will convince you that our statements are ones of fact. We would call your special attention to our Hudson Seal garments of which we have the largest showing in the maritime provinces.

NEW YORK TO 'FRISCO IN DAY

in Currents of 800 Miles an Hour at Great Heights Mean Terrific Speed.

In the last fifty years winds have lost their importance in the eyes of man. But, by a strange chance, winds the next fifty years will become once more a potent factor in man's movements, in the opinion of Charles F. Reid, general sales manager of the Aero-Plane and Motor Company, of Springfield, N. J.

"At the present time surface winds either help the aviator slightly, acting as he flies with them or against him," Mr. Reid said recently. "These aerial currents are of little importance, however, for their velocity is never more than a fraction of the speed of the plane. Surface winds will, however, exert much in aviation."

"Nevertheless, as flying develops in the next half century—winds will be of such consequence as in the days of the paper ships. The winds I mean are not the currents of air blowing aloft at two hundred miles an hour or more at altitudes of six or seven miles higher."

"Although scientists had long suspected the existence of these terrific winds, which are due to the rotation of the earth, Captain Rudolph W. Schroeder, of the Army Air Service, was the first to give their existence. He reported after flight at Dayton, Ohio, in which he set the world's altitude record, that he was flying at an altitude of 22,000 feet, when he was actually being blown backward at the rate of 120 miles an hour."

"Above this west to east wind, the scientists believe, is a period of comparative calm, and above this another great current blowing in the opposite direction. These winds, I am sure are to play a great part in man's future transportation, which will be many times faster than it is at present. Since in the seventeen years since the Wright machine man has succeeded so high it is reasonable to assume he will go higher, and that what is now a daring flight will become commonplace."

"Two recent inventions go far toward making this conquest of the higher altitudes certain. These are the super-charger or turbo-booster and the variable pitch propeller. Both are designed to overcome the difficulties of flying rapidly in the rare air far above the earth. The super-charger or booster is a device which compresses the thin air to sea level density, fifteen pounds per square inch, before it is fed to the engine. Motors require air just as much as do human beings, and without this device the motor at high altitude does not develop half its sea level power."

"The other device, the variable pitch propeller, is a propeller, the blades of which may be turned in flight so that they have a great or small pitch. This makes it impossible to adjust the propeller to give the greatest forward or climbing motion successfully as the plane mounts from dense air to lighter air. "Other problems which must be faced are oxygen supply and heat for passengers of the terrific speed of these air currents is to be used for the transportation of men, mail and fast freight. These will easily be overcome, however, for the speed of three hundred miles an hour or more, given by adding the speed of these air currents to the speed of the machine, is too valuable to man to be held up by small obstacles. This speed, as Captain Schroeder and others have predicted, breakfast in San Francisco and dinner in New York, and New York to London in a single daylight flight."

"Our introduction of the cabin plane will undoubtedly solve both the cold and oxygen problem. Cabin planes can be heated electrically or by some use of the exhaust gases of the motor and other tanks or oxygen or air compressed by the motor."

the super-charger can supply the passenger. The air grows too rare at eighteen thousand feet for comfortable breathing. "The move towards completely enclosed planes, begun two years ago in this country when the Aeromarine Company built the first cabin flying boat, is becoming more and more rapid, and soon the plane in which the passenger is exposed to the rush of the wind and the bite of the air will be a rarity. The move to take advantage of these great air currents will be slower, but man sooner or later will make use of them, as he has always made use of every force of nature he has encountered."

St. Peter's Win
First Game But
Second is Tied
Halifax, N. S., Aug. 22.—Large crowds turned out on Saturday to witness two games of baseball between St. Peter's team of St. John, and the Crescents of Halifax. The first game was won by St. Peter's with a score of eight to two. The second game was a draw, and was called on account of darkness with the score standing one each. Both teams put up a good exhibition of ball, and enthusiasm of the fans.

D. R. A. MEET.
Ottawa, Aug. 22.—Lieut. J. A. Steele, of the C. A. S. C. of Guelph, is the winner of the Governor General's prize after a tie with Major George Mortimer, of the Governor General's Foot Guards, a previous winner of the prize. This is the second time that the honor has gone to Guelph, as a previous winner was Captain C. Crowe. The score of 215 out of a possible 280 is a decidedly good one, but the weather has been ideal for the shooting at both ranges. F. H. Morris of Montreal, finished in third place, but being a civilian was not eligible for the first four prizes and had to be placed in fifth position. When the shoot-off came and the men were tied at the fourth shoot, Mortimer was the first to shoot and finished up with a magpie giving him 23. Steele put on an inner making 24 and winning the big money. Major Mortimer had won the first stage with 101 and Lieut. Steele had 98, starting with a handicap of three.

ATLANTICS WIN GAME.
The Athletics of the South End League defeated a team from the Hampton High School Saturday afternoon by a score of 7 to 3.

Says English Girls Tiptoe.
London, Eng., Aug. 22.—War work initiated many English girls in the habit of drinking, according to Mrs. Stanley, chief of the women police of London. She said this when a young girl confessed frequently going home drunk. She said, however, that women drink port and stout in preference to whiskey.

Manager O'Connell has received a letter from W. S. Harkins, in which he gives the sad news that his son, Harry, is dying of cancer, with no hope of recovery.—Halifax Recorder.

SCENE FROM VITAGRAPH'S
THE ISLAND OF REGENERATION
FEATURING
ANTONIO MORENO

The bursting into flame of a dormant volcano is one of the spectacular scenes of "The Island of Regeneration," featuring Antonio Moreno. After the two inhabitants of the island, a half savage man and a gateway girl, had fled to a place of safety they offered a prayer of thanksgiving. A burning ship, an exciting encounter in the cabin and beautiful tropical scenes are highlights in this unusual feature.

Also Larry Semon in "Star Boarder"
He Knows How to Make You Laugh. Same Prices.

Mrs. CHARLIE CHAPLIN
(Mildred Harris) In LOIS WEBER'S SENSATIONAL PHOTO DRAMA PRODUCTION
See This! Great Play!

When the wretched man came to be executed, he stood how this young girl could have shot him with his own gun when it wasn't loaded! How did it happen? Why did she do it?
See beautiful Mildred Harris in "FORBIDDEN" and you'll see a picture of the great suspense that every woman knows. A play that you won't forget for years. Now showing. Don't miss it.

FREDERICTON TAX MONEY FLOWS IN; RECORD SUM
(Special to Times)
Fredericton, N. B., Aug. 22—A record payment of city taxes within the discount period was made in Fredericton. The total received was \$146,991.19. It would have been substantially increased if the electric current had not failed for an hour on Saturday night. On account of this discount will be allowed on payments made today. The total so far is not only a record in amount but is also a record in proportion to total assessment.

F. B. CARVELL HAS CONFERENCES IN HALIFAX RE COAL
Halifax, N. S., Aug. 22—Hon. F. B. Carvell, dominion fuel commissioner and minister of railways, arrived in the city from Ottawa last night, held a conference with coal mine operators and representatives of the miners this forenoon and will leave this afternoon direct for Ottawa. The conference was private and no statement was given out.

CAR ROUNDS CURVE TOO FAST; IS DITCHED; TWO SEVERELY HURT
Montreal, Aug. 22—Louis O'Brien, fifty-one, suffered severe internal injuries and a fractured jaw; Albert Shaw, thirty-nine, was severely injured internally; and James Ray, twenty-one, severely bruised, when their automobile took a curve too fast and all were ditched last night near St. Jean de Minervae, Que. All are from Pittsfield, Mass. The condition of O'Brien and Shaw is reported serious.

RAISE PRICE OF PAPERS
Barrie, Ont., Aug. 23—Publishers of weekly papers in Simcoe county and the electoral riding of North York have decided to advance their subscription rates to \$2 a year.

CAN KEEP WATER IN MILL POND

Report on Matter at City Hall Meeting

Not Necessary to Lay 'Phone Conduits in Douglas Ave. — Bills Out for Lumber Cut on City Lands But No Returns Yet, Says Commissioner.

At a committee meeting of the Common Council this morning the mayor read a letter from the N. B. Telephone Co. advising that it would not be necessary to lay conduits in Douglas avenue. He said he understood the conduits would be laid down the Strait Shore road. Referred to Commissioner Frink.

A letter was read from the London Times asking for an advertisement for their Canadian industrial number, of which 100,000 copies would be distributed. The price was \$500 for a full page and proportionately for less space. It was decided to contract for a half-page ad.

Commissioner Jones reported that he had his clerk send out bills for lumber cut on city lands, as brought out in a recent investigation, and he had heard nothing from them. It was pointed out that an order-in-council provided for collection of this amount by the city solicitor.

Commissioner Jones asked for authority to divert the course of the sewer in First street to Cranston avenue in order that some houses not now served might be taken care of. The new pipe necessary would amount to about 200 feet and the cost of the work \$700.

Commissioner Thornton thought the city should be self-guarded in case buildings should be placed over the sewer, which would pass over private property. It was decided to refer the matter to the city solicitor.

Commissioner Frink referred to the Cretion will pond and said he had been informed by good authority that the sluice gates might be arranged so that three or four feet of water might be kept there at all times.

The city engineer reported that the project was feasible, but that the keeping of the water might make conditions worse. The city engineer was asked to bring in a report on the matter.

Commissioner Frink asked if the city was not allowed to remove the piece of plank sidewalk between the Hamilton building and the Globe Office. He said he understood the McAvity warehouse in Water street ran under the sidewalk and that some agreement had been entered into with the city regarding the keeping of this sidewalk in repair. It was decided to have the city records examined to ascertain if it was possible to have the sidewalk extended over this space.

F. B. CARVELL HAS CONFERENCES IN HALIFAX RE COAL
Halifax, N. S., Aug. 22—Hon. F. B. Carvell, dominion fuel commissioner and minister of railways, arrived in the city from Ottawa last night, held a conference with coal mine operators and representatives of the miners this forenoon and will leave this afternoon direct for Ottawa. The conference was private and no statement was given out.

Announcing an Early Display of New Fall Millinery

Our head designer, Miss Corkum, and our millinery purchaser, Miss Magee, have just returned from a trip of one month duration to New York, Montreal and Toronto. Consequently we are showing a most up-to-the-minute and most exclusive line of millinery for Fall.

You are cordially invited to inspect these creations of the master artists, and every courtesy will be shown you during your visit to our millinery salon.

The Beret shape is one of the most popular for Fall, while Brown, Chow and Jade are the leaders in color, and Metallic, Ostrich, Coque and Hand Embroidery are the proper trimmings.
