WONDERFUL DISCOVERY IS CLAIMED

Chemical Which Will Revolutionize Warfare on Germ Life

IT'S NOT A POISON

Eight Times More Powerful Than Carbolic But Can Be Taken Internally—Safe With It, Says Discoverer to Drink From Typhoid Pool

St. Paul, Oct. 24.—To a Minnesota seat of learning belongs the honor of giving to the world the most wonderful discovery for the physical benefit of mankind that has been known since medical science discovered the germ theory.

Prof. H. C. Carel, of the University of Minnesota, for many years head of the department of medical chemistry and toxicology and chemist to the Minnesota State Board of Health, has discovered a chemical which will revolutionize the warfare upon germ life, that has been the enemy of the human system, and bring success in cases where the physician and surgeon has been heretofore baffled, because of the lack of a proper agent with which to wage the warfare.

Before giving out the result of his research, Prof. Carel has had exhaustive tests made by several of the leading state and university bacteriologists, and their reports having more than borne out his own, he comes before the world of medical science with his discovery, which he has fancifully styled Benetol, (Benetum Naphtolum) in spite of the desire of many of his friends that he give the chemical his own name.

To the public mind it is enough to know that the new chemical is eight times as strong as carbolic acid, and yet is not a poison. That is to say, that by its discovery physicians will be enabled to attack the deadly germs where they are lodged and living, within human beings, externally. Never before have the guardians of the public health been able to give doses of any of the disinfectants in sufficient strength to be inhaled with the human frame.

TEN MILLIONS FROM ENGLAND

British Capital in Lake Superior Corporation—To Run Algoma Central Line to Join C.P.R.

St. Louis, Oct. 24.—(Special)—General Manager Franz of the Lake Superior Corporation said in an interview today, that while British interests in the corporation had not been as active as they have been in the past, they have expended no less than \$5,000,000 in addition to the works at the Soo and have provided \$4,000,000 additional for completion of the Algoma Central Railway.

The first shipment of iron ore from the Magpie mine for the Soo industries was made on Saturday. This mine promises to be a greater producer than the famous Helen mine. The \$4,000,000 provided for completion of the Algoma Central Railway, is at present planned, will carry the road to connection with the C. P. R. The directors are said to be determined to carry the road through to James Bay.

MILLION FOR Y. M. C. A. Rockefeller Gives \$540,000 Other Large Contributors

Washington, Oct. 24.—Contributions of \$1,000,000 for the world-wide expansion of the Young Men's Christian Association, \$540,000 of which was given by John D. Rockefeller, are announced.

Mr. Rockefeller's gift tendered on the condition that a like amount be raised, was met by contributions from many prominent laymen, among them John W. Waukegan and Cleveland H. Dodge, of New York.

A FATAL MISTAKE Huntsman Mistakes Girl's Hair for Squirrel's Coat and Kills Her

Buffalo, Oct. 24.—Mistaking a girl's brown hair for the coat of a squirrel, Seeley Conley shot through a hedge and killed Miss Martha L. Pope, of Alden, seated on the other side of the hedge with her fiancé, Frank Lowney.

Lowney and Miss Pope had been for a walk in the woods, and were resting when Conley shot the girl through the neck. Conley was arrested.

THE WEATHER Northeast and west gales, some showers but mostly dry; Tuesday, strong southwest winds.

FIND GREAT LAKE IN WEST

Report of Discovery of Body of Water in Canada as Big as Lake Superior

Windsor, Oct. 24.—Announcement of the discovery of another great lake in the Canadian Northwest, the existence of which was hitherto undreamed of, is contained in a letter received by Mr. P. M. Donlauer, of this city from his son Wm. Donlauer, now in Edmonton, Indiana arriving in Edmonton from the far north, are said to have brought information that a party of government surveyors have discovered a new lake supposed to be nearly as large as Lake Superior.

CRIPPEN TO BE HANGED ON NOV. 8

London, Oct. 24.—Dr. Hawley H. Crippen, convicted of the murder of his wife, Belle Elmore, the actress, will be hanged on November 8. The date originally announced was November 15, but today the sheriff advanced the day one week.

ROOSEVELT LASHED

Cornell Professor, at Political Meeting Calls "Colonel a Unmitigated Liar"

Ithaca, N. Y., Oct. 23.—Twice in one speech here Prof. E. H. Woodruff, of Cornell University, called Theodore Roosevelt a liar; once an "unmitigated liar." His attack, making a political rally over which he presided, threw the house into an uproar. There were catcalls, hisses, cheers and clapping with a steady accompaniment of a steady stream of abuse.

Prof. Woodruff began to open up the Bellamy Store episode, which Col. Roosevelt felt only recently declared was closed. He charged that when the colonel denied sending Bellamy Store to the Vatican, he was "an unmitigated liar," and there were letters in his office, said the professor, to bear him out. The uproar over this attack had barely subsided when the professor took up his cudgels again. Roosevelt was twice a liar, he said, when he denied that the late E. H. Harriman had subscribed to a corruption fund to be used for Roosevelt's election to the presidency.

He closed with a quotation from the Italian historian of Rome, Ferrero, transferred from Clodius, to whom it was originally applied by the writer to Roosevelt. The speaker was careful to specify that he meant to imply no comparison between the private life of Clodius and Roosevelt. The quotation followed:

"The youngest recruit in the ranks of the proletariat, who knew neither fear nor scruples, and combined the violence of the demagogue with the self-assurance of the aristocrat, he was prepared to assert his claim to dominate the community so much by his intellect, which was indeed in no way remarkable, but by the one quality in which he outshone all his rivals—by his uncontrollable audacity."

EXPEDITIONS TO SEEK THE MISSING BALLOONISTS

New York, Oct. 24.—Edmund F. Stratton of New York representing the Aero Club of America will arrive in Ottawa, Canada, today to take active charge of the work of searching for the missing balloonists, and his companions, Alan R. Hawley and Augustus Post.

Mr. Stratton is accompanied by William Hawley, brother of the missing balloonist. They have credentials to the governor general of Canada.

They will organize a central bureau in Ottawa and will engage two civil engineers to plan relief expeditions.

To the officers of the Aero Club here, it seems very probable that Messrs. Hawley and Post have surpassed all other records made and that they will eventually be located several hundred miles further from the starting point than anticipated.

P. E. ISLAND CASE RESUMED TODAY

Charlottetown, P. E. I., Oct. 24.—(Special)—The trial of Victor Hudson, charged with causing the death of his aunt, was resumed today. Dr. Johnson, who performed an autopsy said he believed death due to shock; it might have been caused by a blow on the solar plexus. There were no marks of violence.

Breaks World's Record

Detroit, Mich., Oct. 24.—The world's motor cycle record for one mile over a circular dirt track was broken here yesterday by Don K. Klark, of Detroit, who, after a flying start, went the distance in 51 seconds. The record was held by Fred Huyck of Chicago, 51.35 seconds.

Likely Fatally Shot

Waterville, Maine, Oct. 24.—Charles Carey, aged 17, son of George Carey, received what may prove a fatal wound in handling a rifle yesterday afternoon. While returning from target practice he pulled the rifle from his shoulder in such a way as to discharge it, the bullet entering his abdomen.

WHEN THE THRONE OF PORTUGAL TOPPLED OVER

Liabon did not fall into the hands of the Republicans without a desperate struggle on the part of the Royalist troops. Acts of the greatest bravery were accomplished by the Municipal Guard, who fought to the death for their king, and suffered heavy losses during the street fighting. The Royalists, indeed, had little chance of victory, and were eventually overcome by sheer force of numbers. The photograph shows Republican soldiers resting under a Republican banner, although their bed is a public street, amid much commotion, they are apparently fast asleep. These are the first pictures out of Lisbon.

Belfast Cable Brings a Rumor of Two Gigantic Liners for the Atlantic Trade—Dominion and Free Trade

Times' Special Cable

Belfast, Oct. 21.—It is rumored that the shipbuilding programme of the C. P. R. includes two new gigantic steamers for the Atlantic trade.

London, Oct. 24.—Sir G. Doughty, who was on a recent tour of Canada, said that an unfair inference had been drawn in some quarters from Sir Wilfrid Laurier's speeches. On the question of free trade, Sir G. Doughty said he found nowhere in the whole Dominion any even moderate opinion in favor of following the lead in England. He said that Premier McBride of the British Columbia said that in the whole of British Columbia there was no free trade party. Premier Scott of Saskatchewan did not think there were 800 who had a leaning towards so-called free trade principles. Sir G. Doughty is of the opinion that there is a strong feeling of reciprocity between Canada and the United States.

Bond quotations today include—Dominion of Canada convertible 4 per cent, 1911 at 99, 101; Province of Ontario 4 per cent, 1947, at 102, 103; Montreal 4 per cent, 1912, at 101, 103; Montreal 3 1/2 per cent, 1942, at 91 to 93; Vancouver, 4 per cent, 1931, 101, 102; Vancouver, 4 per cent, 1932, at 100, 102.

John Rogers & Co's, Liverpool office today states that the demand in Birkhead was very slow and, although prices held firm, the tone was weak and it would not be unexpected if prices came lower. Quotations ruled as follows:—States steers from 13 1/4 to 14 cents; Canadiana from 12 3/4 to 13 1/2 cents; and ranchers from 12 1/2 to 12 3/4 cents a pound.

Hogs killed in Denmark in the last week numbered 39,000; in Ireland, 8,200. In the United States, the total for the week ending Oct. 24, 1910, was 112,000.

Glasgow, Oct. 24.—Edward Watson & Ritchie report 424 cattle on offer, trade slow and prices as follows:—Prime cattle, 12 1/2 to 14 cents; secondary and ranchers, 12 cents; bulls, 11 cents to 11 1/2 cents a pound; weather mild.

CAPT. SOL PAYS A VISIT TO HALIFAX

Halifax, Oct. 24.—Capt. Sol Jacobs, the veteran mackerel fisherman of Gloucester, arrived in port on Saturday night for shelter and spent Sunday in Halifax. His schooner is the George, and is a trim looking craft.

Capt. Jacobs reports having on board 115 barrels of mackerel valued at more than \$3,000. Large shoals of mackerel were seen off this port on Friday, but the weather was so rough that it was impossible to lower the seines. The George sailed again for the fishing grounds.

A Hobble Skirt Tumble

Detroit, Oct. 24.—A crowd of 200 saw a young woman, attired in a hobble skirt, tumble down the stone steps of the Federal Building to the sidewalk below. Her escort made a vain effort to save her. The young woman, with tears in her eyes, managed to replace two patent leather pumps and was lifted to her feet by two University Club men. The couple then hurried away.

THE TIMES' NEW REPORTER

CONVENTION ECHOES. Woodstock, (Special) to the Times new reporter.—Mayor Jones has ordered repairs to be made to the new court house, where the plaster fell off when the St. John delegate was discussing the question of taxation. The mayor wants to know what kind of plaster they have in the city council chamber in St. John. One of the best speeches, by common consent, was that of a St. John delegate. He told another St. John delegate to sit down. The latter got mad, a d said he didn't have to sit

down, for he was able to stand up. Ald. McGoldrick's assertion that the C. P. R. had no opinion on him is regarded here as an intimation that he favors the Canadian Northern for the Valley route. The next session of the Union will be held in the open air. One of the subjects for discussion will be:—"Why is an Alderman?"

TIE THE EYE. Our esteemed fellow citizen, Mr. James Jones, is of opinion that Attorney-General Hazen and Recorder Baxter should be given a furlough, to enable them to go

away and recover from the effect of Dr. Pugsley's evil eye, which was fixed on them during the settlement of the Mayor's case, and so utterly demoralized them that they let him go instead of bringing him to justice. James says he never heard of two strong and sane men being so completely overcome by hypnotic influence. James once read a story in the old New York Ledger, entitled The Evil Eye, or the Red Doctor, and is firmly convinced that the mantle of the man who gave that story its title has fallen upon the minister of public works.

CANDY BANDIT IN HANDS OF POLICE

Youth Wanted on Theft Charges, Also Gives Hint of Two Murders

East St. Louis, Ill., Oct. 24.—Lee Rhodus, 24 years old, known to the police of St. Louis and East St. Louis as the Candy Bandit, has been arrested here. Following his capture he hinted at the murder of two persons. He made a full confession as to the robberies charged against him. He was called the "Candy Bandit" because most of his alleged robberies were in drug stores and candy was usually a part of his plunder.

BRITISH COLUMBIA LEGISLATURE, JAN. 11

Some of the Matters Which Will Engage Attention of the M. P.'s

Victoria, B. C., Oct. 24.—It is announced that the next session of the British Columbia legislature will meet on January 11. Many matters of interest to the province will be introduced. The principal features of the session will be the consolidation of the provincial statistics, the report of the forestry and insurance commissions upon which it is expected legislation will be brought forward, and applications for important railway extensions. It is also anticipated that the budget will show a substantial surplus as the year has been a prosperous one.

Philadelphia Pitcher Threw 621 Balls to Plate During Series; Cubs 659

Chicago, Oct. 24.—In the final defeat of Chicago for the world's championship, Combs, the Philadelphia pitcher, who already had won two games, threw only 120 balls to the plate, while Mordecai Brown, the Cub twirler, in his effort to stop the team which finally became champions hurled 162.

As compared with the former game Combs' twirling was about equal. On Monday in Philadelphia Bender threw 120 balls to the plate. On Tuesday Combs threw 120, the game in which he gave nine bases on balls. On Thursday, he threw 120 and on Saturday sent 110.

Chicago pitchers in the opening game on Thursday, 149; and on Saturday 125, as against 142 yesterday. During the series the Chicago pitchers threw 659 balls to the plate as compared with 621 by the Athletics.

STARTLING PREDICTION IN LABOR DISPUTE

Denver, Oct. 24.—Prediction by a national official of a labor union that the building of three local newspapers whose pressmen are on strike will encounter destruction before the publishers win has startled the Denver trades and labor assembly. The speaker was Albert B. Kreidler, third vice-president of the International Printing Pressmen and Assistants Union of America, who appeared before the assembly asking aid in the strike. When asked to make a prediction, he said: "I tell you the buildings will blow up before this thing is settled the way the publishers want to settle it," he said. He finished his speech amid applause.

ANOTHER STRIKE OF GAS IN ALBERT

Moncton, N. B., Oct. 24.—(Special)—Another big strike of gas was made in the Albert county wells on Saturday at a depth of 1,480 feet. Another large flow was struck in Well No. 14 at a depth of 1,400 feet. This well yields 3,000,000 cubic feet of gas. The present strike will bring the yield up to at least 10,000,000 feet, experts say.

Harry Attis, complainant in an assault case against Provincial Constable John W. Colpitts, was arrested on Saturday evening on a warrant sworn out by John W. Colpitts charging Attis with common assault. The assault is alleged to have been committed when Colpitts is alleged to have committed an assault on Attis' wife.

Attis was before Magistrate Russell on Saturday evening, but as the complainant did not appear the Magistrate adjourned the case until Thanksgiving day, allowing Attis to go on his own recognizance.

In connection with the robbery of S. C. Carpenter's store, four boys were arrested, aged from 7 to 11 years. They were allowed to go with a severe reprimand from the court.

Three Lewisville youths while in the woods on Sunday near Lockhart's Pond, were charged by a bear.

Conductor Was Killed

Portage, Wis., Oct. 24.—A special train with a cargo of milk, being taken at express train schedule to the east, collided last night with a night train on the St. Paul Road here, and Thomas Steinfeld, a conductor, was killed and his body burned in a fire which followed the wreck. Three other trainmen were slightly hurt.

Are in Montreal

Montreal, Oct. 24.—The venerable Archdeacon Madden of Liverpool, and the Rev. G. H. Hansen, M.A., D.D., of Belfast, who are visiting Canada in the interests of the Evangelical Alliance, are in Montreal after going as far west as Edmonton and Calgary. Everywhere they have been received with enthusiasm.

They gave several addresses here yesterday.

AN EMPIRE EXHIBIT AT CORONATION

Resources and Life of All British Dominions To Be Shown

INDIAN PALACES

Priceless Treasures From the East With Exhibits From Canada, Australia, New Zealand, Jamaica and Other Colonies—Australia to Send 18 Delegates

London, Oct. 24.—The great event of next year, the coronation of King George V., will be celebrated at the white city, Shepherd's Bush, by an exhibition which is intended to show the dominion, power and resources of the British Empire. For the first time in the history of this country there will be seen representatives of all races and nationalities who own allegiance to the king, and all their special industries will be reproduced.

From India will come some of her most skilled artisans, while exhaustive specimens of her agricultural and mineral products will be housed in exact replicas of Indian palaces. Her priceless treasures will be for the first time adequately set forth, thus enabling visitors to see how large a part India plays in the greatness of the British Empire. Canada, Australia, New Zealand, Jamaica, the Fiji Islands and others will tell the story of their origin and development.

In addition to gold miners, blackwoodmen and other pioneers of the empire, there are to be natives from all these places, and their homes and habits will be seen as well as their work. The resources of England, Scotland, Ireland and Wales will also be shown, and the grounds will contain representations of some of the beauty spots of the United Kingdom.

In short, the coronation exhibition will be a glorified stock-taking of the British Empire at the commencement of the new reign.

Melbourne, Aust., Oct. 24.—The Australian commonwealth Parliament has decided to send a delegation consisting of sixteen members to represent the commonwealth on the occasion of the coronation of the king. The ministerial party as well as the opposition will be represented, the former by eleven and the latter by seven members.

LARGE IMPORTATIONS OF PRECIOUS STONES

Some \$32,000,000 Worth of Diamonds Into New York This Year

New York, Oct. 24.—Large shipments of diamonds and other gems received at the port of New York in September and during the first half of the present month have swelled the total valuation of diamonds and other precious stones received thus far this year to more than \$32,000,000. One Maiden lane merchant estimates that the receipts for the calendar year will be \$40,000,000.

This estimate is much greater than the valuation of the gems received during 1908, when only \$12,862,896 worth of diamonds and other precious stones passed through the custom house at this port.

EXCLUDED FROM THE IRISH LEAGUE

Editor of Catholic Register Arouses Ire of the Society

Toronto, Oct. 23.—Strong words were spoken at a meeting of the United Irish League here with reference to an article in the Catholic Register, following the reception in Massey Hall recently, which was addressed by T. P. O'Connor, M. P. It ended in a resolution being passed excluding Father Bury, editor of the Register, from the league.

The objectionable part of the article is "Irish affairs often get into ruts. There is a small class of professional Irishmen everywhere butting in on these occasions, that is neither good for creed nor country, and the decent element of the community is about sick and tired of them and their pretensions. This sort of thing could not fail to have a discouraging effect, and the distinguished speaker was quite aware of it himself."

DEATH OF JAS. W. FANJOY

James W. Fanjoy, a well known and highly respected citizen, died this morning at his home, Clarence street. Mr. Fanjoy who was seventy-three years of age, was a descendant of the Loyalists of his father, Samuel Fanjoy, being one of those who came to St. John in its teens.

Mr. Fanjoy figured very prominently in the early shipbuilding life of this port. He was an honorary member of the old Carleton Fire Department, having the honor of being one of those who took part in drawing the late King Edward in his carriage along the streets during his visit to St. John as Prince of Wales.

Besides his wife, Mr. Fanjoy is survived by one son, William, and three sisters. The funeral will take place tomorrow at 2 o'clock. Rev. Dr. Raymond will read the burial service. Interment will be in Church of England burying ground.

Out of Dry Dock

Halifax, N. S., Oct. 24.—(Special)—The steamer Crown Prince Olaf, which was in collision with the C. P. R. Lacer Montclair some months ago, has come out of dry dock here and sailed for Sydney to proceed to Montreal.

Once you have used PURITY FLOUR you will readily pay the little more it may cost.

Until you have actually tried PURITY FLOUR you may demur at the trifle more it costs you than lower grade flours cost—but your first sack will show you why that seemingly higher price is a real economy for you

PURITY FLOUR

That trial sack (which you ought to order this very day) will teach you what Purity Flour is worth to you, as contrasted with an ordinary flour.

PURITY FLOUR is milled from only the kernels of the choicest Manitoba hard wheat—the world's wheat standard.

From the 84 grain elevators which we own and operate, we select the finest wheat of the year's crop. This, at our mills, is so treated that only the most richly-nourishing part of the wheat berry gets into a PURITY sack or a PURITY barrel.

The result is a flour so strong that it produces more bread for the quantity used than ordinary flour.

But bulk of product is not all you are to expect of PURITY FLOUR. You are to expect lighter, snowier bread; bread that

has the nutlike, sweet, wholesome taste every housewife tries to put into the bread she bakes.

PURITY FLOUR, moreover, is not merely a bread flour. It is an every-purpose flour. It makes the kind of pastry you can be proud of—cake that invites praise—biscuits that suggest an encore.

Not only is PURITY the flour for economy's sake, you see, but the flour for quality baking. Thus, the few extra cents which it may cost you actually insures you against baking disappointments. PURITY FLOUR is the flour you will never be without, once you fully test its unusual merits.

Begin with a small trial sack, if you are dubious. Your grocer can supply you.

BORINGS BEGUN TODAY FOR DOCKS IN COURTENAY BAY

Under the direction of Mr. M. Davy, engineer of the public works department, Ottawa, work was commenced this morning taking borings on the site of the proposed dock on the western side of Courtenay Bay. This was in accordance with instructions received on Saturday from the department at Ottawa. Mr. Davy said this morning it would depend largely on the weather as to the length of time that it would take to complete the work. With the weather it could probably be finished in about two weeks. The work being done is a part of the general plan. The docks will be longer on one side than the other, owing to the angle at which they will be built. Accommodation will be provided for four steamers. Mr. Davy is also taking borings at St. Andrews and deepening the channels there. Soundings have been completed in the eastern channel and they are now being taken in the western channel.

ARE THEY GUILTY?

Is it the opinion of the St. John Standard that Attorney General Hazen and Recorder Baxter have been guilty of compounding a felony? Let us get down to plain talk in this matter of the settlement of the Mayes case.

Either the Standard is making statements that are false, or Attorney General Hazen and Recorder Baxter stand convicted of a very grave dereliction of public duty. It is impossible to evade the issue.

LOOK AT THE RECORD

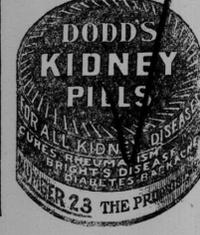

The few who read the St. John Standard and do not need to be told that the Conservative machine in St. John is sadly out of gear. The affidavit makers failed to score against Dr. Pugsley in the federal elections, or later when the dredging matter was thoroughly sifted in parliament.

In the meantime they are also proven to have been false prophets. They sneered and jeered at the mere suggestion of developments at Courtenay Bay, or that the Grand Trunk Pacific had any other intention than to make its terminal port in the United States.

The minister of public works has lost no time in ordering the preliminary borings on the site of the first wharves to be built in St. John harbor east. These wharves will be on the west side of Courtenay Bay, to accommodate the first Grand Trunk Pacific traffic arriving over the I. C. R. via Moncton.

A woman, entered a drug store at Courtenay Bay, and handed the clerk a prescription which had been made out for her in 1867. The prescription was made out to the concern which had occupied the store at that time. The druggist filled the prescription, which was older than himself.

It is sometimes happens that a well-to-do man is willing to dye for a woman. The site for an armory has been appropriated and plans for the building are being made. The Grand Trunk Pacific has secured a site at Courtenay Bay, and has approved of the plans drawn by Mr. Coste for an extensive system of wharves. Boring tests have been made which prove that St. John may have at Courtenay Bay the model harbor of this continent. Plans are about completed for a dry dock and ship-repair plant which Engineer Davy said on Saturday he had no doubt would be constructed on the east side of Courtenay Bay.

LIFE WORK OF THE LATE MRS. JULIA WARD HOWE

Julia Ward Howe was by birth a member of a fashionable New York circle; by education a cultivated and accomplished woman of society; by marriage made one of a group of zealous and uncompromising philanthropists—abolitionists, prison reformers, equal-suffragists, co-educationists.

The New York of her youth was still a neighborhood, where the small set of cultivated and leisurely families saw much not only of each other, but of the agreeable foreigners who came to the United States. Her father, Samuel Ward, was a well-known banker, to whom all notable persons, brought letters of introduction, and in whose household the young people learned to be agreeable, to be alert and to adjust their mental vision to an ever-widening horizon.

She had been a New York belle for two or three seasons when her marriage with Dr. Samuel Gridley Howe, of Boston, introduced her in a new world. This eminent philanthropist, then in the prime of middle age, had devoted his whole life to the unfortunate. When hardly out of college and medical school he had enlisted as a volunteer in the cause of Greek independence in the revolution of 1824—the contest to which Lord Byron gave his life; out of untrained material he had created an excellent surgical corps.

Mrs. Howe's nature responded generously to these new demands. She became the eager defender of the oppressed, whether victims of the law like the slaves, of political tyranny like the Irish, the Poles, the Hungarians, or of public opinion—as so her thinking, were all women. Her ready pen was always at the service of her many clients. But she found time to study French, Greek and Italian, and to devote herself to modern philosophy, working hard at Schelling, Hegel, Fichte, Spinoza and Kant. She wrote philosophical lectures, which she read at her own house and she helped to establish philosophical clubs. With her husband she edited an able anti-slavery paper, the Boston Commonwealth, to which she sent her leaders, essays, poems, letters and witty comments.

Notwithstanding this enormous activity and productivity, her own countrymen regarded her name almost wholly with one poem, "The Battle Hymn of the Republic," a poem struck off at white heat early in the Civil War, when in the camps about Washington, Mrs. Howe was thrilled by the marching of thousands of gallant young soldiers to the martyr's field. "John Brown's Body" The stanzas caught up with enthusiasm the new words which were set to the familiar tune; and the "Battle Hymn" was sung in camp and field, from Maine to the Gulf of Mexico. It became the March-music of the national Yankee. The verses are as follows:

BATTLE HYMN OF THE REPUBLIC Mine eyes have seen the glory of the coming of the Lord; He is tramping out the vintage where the grapes of wrath are stored; He hath loosed the fateful lightning of His terrible swift sword; His truth is marching on.

I have seen him in the watch-fires of a hundred circling camps; They have builded him an altar in the evening dews and damps; I can read his righteous sentence by the dim and flaring lamps; His day is marching on.

I have read a fiery gospel writ in burnished rows of steel; "As ye deal with my contemners, so with you my grace shall deal; Let the hero, born of woman, crush the serpent with his heel, Since God is marching on."

He has sounded forth the trumpet that shall never call retreat; He is sifting out the hearts of men before his judgment seat; Oh, he sweeps me clean, says he; he sweeps me clean, says he; Oh, he sweeps me clean, says he; Whoe'er he sweeps, let him be swift and sweep, Where God is marching on.

In the beauty of the lilies Christ was born across the sea; With a glory in his bosom that transfigures you and me; As he died to make men holy, let us die to make men free. While God is marching on.

THE "SCORCHER" You can easily have your house warm this winter if you use an ENTERPRISE "SCORCHER." The experience of those who have used them during the past few years, and they number some hundreds, is that they are great Heaters—easy to keep over night, which is a most important feature in a Heating Stove, and economical on the fuel. If you buy a "SCORCHER" it will be a great comfort to you during the cold days and nights that are coming. We shall be very glad to show it to you, or send you illustrated circulars.

BETTER SALARIES FOR MINISTERS Western Presbyteries Fix \$1,200 as Minimum—Meetings Held in Winnipeg Toronto, Oct. 24—Rev. Dr. McLaren, general superintendent of home missions for the Presbyterian Church in Canada, who has returned after a conference in Winnipeg under the auspices of the Home Mission Committee, the Evangelistic Committee, and a special committee on the supply of ministers, says that, on the subject of the support of ministers reports were given in by laymen representing two presbyteries. They reported that through the action of the laymen in these presbyteries it has been decided that hereafter no congregation should take place until a settlement was prepared to pay a salary of at least \$1,200.

ENFORCING LIQUOR ACT British Columbia Government Dismisses Magistrate Who Was Lenient Victoria, B. C., Oct. 24—The government has furnished an instance of its determination to strictly enforce the liquor law enacted at the last session of the legislature. A magistrate in one of the interior districts assumed the responsibility of not imposing the minimum fine in a case of acknowledged guilty, discharging the accused with a warning against further offense, whereupon the attorney-general requested his resignation, which has been tendered and accepted.

The new act to regulate the liquor traffic in the province has worked so successfully that it is reported other provinces are considering the adoption of some of its provisions. Mrs. Flora P. Johnson of Alexandria, N. H., has a gold watch that has been keeping excellent time for 60 years.

Baptism at Kars

Kars, Kings county, Oct. 21—On Sunday, Oct. 16, the people of Kars and surrounding districts witnessed another baptism, some of the prominent citizens of the parish being among the number of those baptized by Rev. E. A. Allaby. They were:—H. Palmer Wesley, Elliott Vanvort, Mayes Jones, George Clark, Melbourne Jones, William Jones, Eldon Akery, Carey Cookson and Mrs. Willard Jenkins. Pastor Merritt, Gladys Morrell. In the evening the church was filled to the doors. Pastor Evans welcomed thirty into the church fellowship. Mr. and Mrs. Israel Sprague, Mrs. Day and Mrs. A. Morrell were received by letter. The remainder of the service was conducted by Evangelist Irvine. The friends of Mrs. Helms will be pleased to know that she is improving in health. Mrs. Herbert Jones, who is under medical treatment, is improving slowly. Lee Sprague returned home on Sunday suffering from an attack of fever. Dr. Fraser is in attendance. George Edgar, senior, has been confined to his bed for some time. The good you do often lasts long enough for the world to forget it. When a woman starts out to reform she ways begins on some man. Fashion Hints for Times Readers

A BLACK AND WHITE COSTUME FOR RESTAURANT DINING. Black and white is the keynote of color in Paris, says an authoritative fashion journal, and it is true that half the frocks being turned out by the great couturiers are in this combination. The restaurant gown illustrated is of white satin, over which is dropped black chiffon embroidered with white, the bodies being of white Irish lace veiled with the chiffon. The tunic merges into a black satin dounce, the joining being made under a very soft pattern of white lace. At the waist there is a wide sash of black ribbon, with an obi bow illustrated in white satin, over which is dropped black chiffon embroidered with only bit of color—tucked in at the front.

The Evening Chit-Chat

By RUTH CAMERON. INSTEAD of talking myself, I'm going to let my readers talk to each other today, for a change. You see, it's this way. A few weeks ago I received a letter from a young girl who had written asking me to tell her of some way to overcome her extreme shyness and self-consciousness. Not knowing exactly how to answer her, I published the appeal and asked my readers to help me out. And they have. Most handsomely. Here are some of their very excellent suggestions. They are especially addressed to the girl of the letter, but I suspect that there are plenty of other girls who can make use of them.

"Sensitiveness is selfishness," writes one young woman. "Two years ago I was absolutely the most sensitive and shy person on the face of the earth. I believe. Then I went to a boarding school and fell under the influence of a preceptor, whose life is lived entirely for others. She taught me to realize this truth—that sensitiveness is selfishness—and to cure it by concentrating my mind on some object besides myself. It was hard work, but I finally succeeded, and today people wonder how it was I changed so much in so short a time." "I was just such a girl as you described," writes another. "I was a painfully reserved, bashful, self-conscious girl. I was quite all the things your correspondent says she is. To be liked and sought after and my head bowed I found that my ideal was wrong. To be liked was not enough. It did not strike the point. The more I pondered over the matter the more I realized that I must reconstruct my ideal, and I finally came to the conclusion that to strive to be liked is not enough. It is in striving to be worthy to be liked that the secret of popularity lies. My viewpoint was now changed completely and in the place of self-consciousness and uneasiness, I found self-reliance and assurance coming. It was no lightning change, remember, but it did come at last." Another woman suggests: "But, dear me, I try to tell you the half of the wisdom that has been flowing into my office I shall be reproved for running over my space. So please consider it 'continued in our next'."

Daily Hints for the Cook

VELVET SPONGE CAKE. Beat the whites of two eggs to a stiff froth. Add the yolks and beat well. Then beat in 1 cup sugar. Sift 1 1/4 cups flour (sift before measuring, then sift again), with 1/2 teaspoonful of soda and 1 teaspoonful of tartar and a little salt. Beat this into the eggs and sugar. Last of all, add 1/2 cup boiling water and stir until smooth. Flavor as you like. Bake in 12 muffin tins. This recipe makes very nice jelly roll, baked in a large tin and rolled while warm. OLD-FASHIONED MOLASSES COOKIES. One cup molasses, 1 cup sugar, 2 1/2 cup butter and lard, 1 cup sour milk, with 2 rounding teaspoons soda. Spices to taste. Do not melt shortening. Mix not too stiff, roll quite thick, sprinkle with sugar and bake in moderate oven.

FIGURES THAT TELL STORIES

THE INCREASINGLY EXPENSIVE FURS. THE increase in the cost of mink skins since 1890 is graphically shown in the illustrations, and the comparison is based upon figures published by the Federal Department of Labor. In 1890, the average wholesale price of a mink skin was 93 cents, and skins were bought that year as low as 80 cents each; in 1909, however, the average price of a mink skin was \$6, and during some parts of the year \$10 was paid for a single skin. This is equivalent to saying that the wholesaler could buy six mink skins in 1890 for the price he has now to pay for one. Although mink has soared in price enormously of late years, other skins have advanced very considerably. For instance, black Canadian skunk skins could be bought for 68 cents a skin in 1890, while last year the price ranged from \$1.25 to \$1.75, the average being \$1.33. Raccoon skins brought 65 cents each in 1891, but last year the average price was \$1.35 per skin. Even muskrat skins, which were sold at 18 cents each in 1890, and as low as 8 cents a skin in 1895, were valued at 27 cents each in 1900. The chart which shows the relative prices of these four furs indicates a practically steady advance since 1896, and the climax was reached in 1907, when the price was over 140 per cent. greater than the average price for the ten-year period from 1890 to 1899. Since 1907 there has been a slight decline, but the price in 1909 is still 125 per cent. greater than in the period mentioned.

JUST ONE DOSE OF DIAPEPSIN MAKES DYSPEPSIA VANISH

Misery From Indigestion, Heartburn, Gas and Headache Goes Before You Realize it

You can eat anything your stomach craves without fear of indigestion or spasms, or that your food will ferment or sour on your stomach. You will take a little Diapepsin with you. Your meals are digested, and anything you eat is not digested; nothing can ferment or turn into acid or poison your stomach, which causes Belching, Dizziness, a feeling of fullness after eating, Nausea, Indigestion (life a lump of lead in stomach), Bloating, Heartburn, Water brash, Pain in stomach and intestines or other symptoms. Headaches from indigestion are absolutely unknown where this digestive remedy is used. Diapepsin really does all the work of a healthy stomach each case. A single dose will relieve the food you eat and prevent the fermentation or sour and unwholesome results. Get a large bottle of Diapepsin from your druggist and start taking now. How far it will prove successful is admitted will depend upon careful tests, but so far actual tests upon people in hospitals in various states have brought reports of even greater success than had been expected by Prof. Carl and his co-workers.

WONDERFUL DISCOVERY IS CLAIMED

It is claimed by some of the enthusiastic scientists who have tested benetol, that it will mean the ending of the terror which has attended typhus, cholera, and all germs which can be successfully treated. Benetol is admitted will depend upon careful tests, but so far actual tests upon people in hospitals in various states have brought reports of even greater success than had been expected by Prof. Carl and his co-workers.

Discoverer Talks of It

It is difficult discussing the success of my work until it has been proved beyond a doubt by medical science," said Prof. Carl, speaking of the new chemical. "As for my own faith in it, I can only say that I am so confident that I am willing to submit myself to cholera infection to prove that it can be successfully treated with my discovery. I firmly believe that if Benetol had been known, and in use in Russia during this last terrible epidemic, it would have been arrested. "It may be difficult for the lay mind to realize the great benefits of a powerful germicide which can be taken internally. In plain language it means that internal infection can be arrested just as effectively by its use as external infection has been in the past by the old agents. As a further illustration in another way, suppose a soldier, parched with thirst after a battle, comes upon a pool of stagnant water, in which the deadly typhus germ was present. He might die of his thirst, or he might die of the typhus germ which he drank. By adding one drop of this new chemical, that water would become harmless and would not change from a deadly poison to a beneficial medicated drink. It is probable that the medical journals will very soon be full of the news regarding the practicability of the use of the new chemical in thousands of different ways. First tests, it is claimed, will probably be made upon animals for new uses. The first result of the discovery, however, will be to displace, in time, the use of the carbolic acid, which is so generally used for self-protection. It is even possible that now a more powerful substitute has been found, has been found, the sale of carbolic acid may in time be prohibited by law, and the use of lysol and peroxide practically done away with. Moreover, benetol can be produced so cheaply that it can be used among the very poor, as well as the rich.

MORNING LOCALS

Ald. Forts and Superintendent Waring of the ferry service, left on Saturday evening for New York via Boston. They will be gone about a week or ten days looking into the matter of the purchase of a ferry boat for the harbor. A general temperance meeting was held last night in their hall by members of Granite Rock Division, S. of T. E. S. Hennigar, president. Rev. W. R. Robinson delivered an able address to a large audience. Mrs. Jas. McCartney, of 277 Main street, slipped on a banana peel on Saturday night and broke her leg. The accident occurred in Main street. Dr. Roberts attended to her injuries. In the Clifton House on Saturday the N. B. Life Insurance Underwriters' Association tendered a dinner to George Allan, of Montreal. Mr. Allan spoke interestingly on life insurance work, and thanked the members for their kindness. F. S. Bonnell, president of the New Brunswick body, occupied the chair. The average man isn't swift enough to have pipe dreams. Hats and shoes are intended to serve the ends of humanity.

ABSCONDER CAPTURED AFTER MONTHS

Bonding Company Finds Him on United States Battleship

New York, Oct. 24—After a chase leading around the world and lasting more than a year, the Fidelity and Deposit Company of Maryland, has caused the arrest of John Majoros, accused of absconding with \$10,000 stolen from a bank in Saratoga, Pa. According to the officers of the Fidelity company here, he is said to have appropriated money brought to the Saratoga banking house by poor foreigners who wished it sent to their relatives abroad. Majoros was manager of the banking house and his departure forced the concern to the wall. The Fidelity company had bonded him for \$5,000. They made this good to the banker, Joseph Reichman, and then spent \$3,800 in running down the fugitive. He was first chased to England, then to Hungary. In the latter country he married, expecting a \$3,000 dowry, but when the money was not forthcoming he is said to have deserted his bride and made his way to New Zealand. Later he was traced in San Francisco and crossed the continent to New York.

FOR AGED PEOPLE

Old Folks Should Be Careful in Their Selection of Regulative Medicine

I have a safe, dependable and altogether ideal remedy that is particularly adapted to the requirements of aged people and persons of weak constitutions who suffer from constipation or other bowel disorders. I am so certain that it will relieve these complaints that I offer it to you with my personal guarantee that it shall cost the nothing if it does not substantiate our claim. This remedy is called Rexall Orderly. Recall Orderly gives soothing, healing, strengthening, laxative and regulative action on the bowels. They remove all irritation, dryness, soreness and weakness. They restore the bowels and associate organs to more vigorous and healthy activity. They are eaten like candy, may be taken at any time without inconvenience, do not cause any griping, nausea, diarrhea, excessive looseness, flatulence, or other disagreeable effect. Price 25c and sold only at my store—The Rexall Store, Chas. R. Wason, 100 King street.

JUDGE COLLAPSES AS HE SENTENCES MAN TO PRISON FOR LIFE

Spokane, Wash., Oct. 24—Almost immediately after he had sentenced Alexander David Minor, alias Charles D. Howell, to imprisonment for life at hard labor in the federal penitentiary for robbery, Judge Edward Whitson of the United States district court in Spokane, collapsed from a stroke of paralysis on the right side of the body. The attending physicians say he will recover. Minor was convicted last September on a charge of robbing a mail car on the Great Northern railway between Bonner's Ferry, Idaho, and Spokane, in April, 1909. The robbery was one of the boldest ever committed in this part of the northwest. Just how much was the amount stolen, Minor is not known, but it is believed to have been more than \$10,000. Minor worked alone.

Elephant Tramples Keeper to Death

New York, Oct. 24—Robert Shields, head keeper at Bartlett's animal farm, Marcy and Mallory avenues, Jersey City, was hurled against a wall and then what life was left in him was trampled out by an angry elephant known as Queen, and weighing four tons, is one of the attractions of Frank Robbins' circus and menagerie, which arrived at Bartlett's farm a week ago for the winter. The elephant was seemingly docile when put through its exercise by Charles Kirby, the trainer, and was left to rest, tethered by a chain to a heavy iron post. The animal suddenly began tugging at the chain and broke it. Shields sent Charles Reed, an assistant, to procure an armful of hay to tempt and soothe Queen so the chain could be secured. But the elephant rushed at Shields, and catching him in its trunk, hurled him against a brick wall and then trampled him to death. A beam board of fine shingles should be very smooth and but thin covered. Some laundresses use a marble board, but these cost quite a sum.

THEY ACTUALLY DO THE WORK

Food Eaten is Worthless Unless Digested—Some Stomachs Must Have Help

Food taken into the stomach which, from the nature of the food or the condition of the stomach, is not digested, is worse than no food at all. This is a true statement as far as it goes and a great many dyspeptic go only this far with their reasoning. They argue with themselves that because their stomachs do not do the work given them, they must be given less work; in other words, they must be starved. It would be just as sensible for a business man who is unable to do all his own work to cut down his business to his own capacity as it is for a man to starve himself to relieve his stomach. The sensible business man employs help and goes forward with his business. Likewise the sensible dyspeptic will employ help for his stomach and give his body proper nourishment.

Stuart's Dyspepsia Tablets actually do the work assigned to them. They relieve weak and overburdened stomachs of a great portion of digestive action. Their component parts are identical with those of the digestive fluids and secretions of the stomach and they simply take up the grind and carry on the work just the same as a good, strong, healthy stomach would do. On this account Stuart's Dyspepsia Tablets are perfectly natural in their action and effects. They do not cause any unnatural or violent disturbance in the stomach or bowels. They themselves digest the food and the system with all the nourishment contained in what is eaten and carry out Nature's plan for the sustenance and maintenance of the body. How much more sensible is this method than that employed by many sufferers from weak stomachs? This means the body and brain get the good, nutritious food they need and the man is properly nourished and equipped to carry on his work and perform his duties. He could not possibly be in proper working condition by starving himself or employing some new fangled, inefficient food that does not contain enough nutriment for a year-old baby. A strong man doing strong work must be properly fed and this applies to the brain as well as the body. Stuart's Dyspepsia Tablets, by relieving the stomach of its work, enable it to recuperate and regain its normal health and strength. Nature repairs the worn and wasted tissues just as she heals and knits the bone of a broken limb, which is of course not used during the process of repair.

MORNING NEWS OVER THE WIRES

F. A. Acland, deputy minister of labor, was seriously injured on Saturday night in Toronto. He struck on his head in jumping off a street car and is now in the hospital suffering from concussion of the brain. Senator Frost, of Smith's Falls, Ont., was taken suddenly ill in Ottawa, on Saturday night, and is in the hospital. His condition is reported somewhat improved. An order in council has been passed at Ottawa, establishing a new standard of meats and meat products, including fish. This has to do with adulteration of food products and will become operative in thirty days. The four year old daughter of Robert Fowler, of Ottawa, was run over by a street car there on Saturday and her hands severed and both legs broken. She died two hours afterwards.

The private cable laid between Pictou and Wood Islands, P.E.I., for F. B. McCurdy & Co., of Halifax, is completed. Conversation was carried on Saturday between Charlottetown and Pictou and later between Charlottetown and Halifax. As the result of trouble arising out of the recent sale of the Dunsmuir coal properties to William MacKenzie, of MacKenzie & Mann, James Dunsmuir has brought suit against the former on claims which aggregate in the neighborhood of \$100,000. William Richards, on trial at Sweetsburg on the charge of having murdered Leonard Dougherty, of St. John, in a drunken brawl, was acquitted there on Saturday. In presenting the report of the Grand Life Mission at the Baptist convention of Ontario and Quebec, in Toronto, on Saturday, Rev. E. J. Stolo ridiculed the Eucharistic congress at Montreal, and said that he did not fear a man like Father Vaughan, but rather the man that minimized the differences between the churches. With tears streaming down his face, Myron A. Crispen, father of Dr. Crispen, announced at his home in Los Angeles, California, on Saturday, that he believed his son innocent. He said he believed that Belle Elmore was living some place in the United States.

The flavor of Estabrooks' Coffee is always the same, because its quality never varies.

DEBTS PAID AFTER YEARS OF SACRIFICE

Countess, Deserted by Husband, is Discharged from Bankruptcy

New York, Oct. 24.—Countess Hattie B. de Maize, who filed a voluntary petition in bankruptcy on October 10, 1909, was discharged through an order signed by Judge Holt in the bankruptcy court. In the cold, matter-of-fact order which was filed there was no mention of the tragedy that stalked behind its legal phraseology, nor of the months and years of sacrifice, or the manner in which the Countess, left alone by her husband several years ago, worked and paid her debts and educated her only son.

Nor would the Countess, or her lawyer, discuss these matters. The countess and her attorney appeared before Judge Holt and the motion for dismissal, upon the ground that she had met all her obligations, was made. The order was signed by the court.

Two years ago the countess suffered a severe blow in the disappearance of her husband, who, at one time was a physician in Manhattan. He went abroad, and so far as could be ascertained, did not return. One day there came a request to the State Department at Washington to intercede to stop a certain proposed marriage. An investigation developed the fact that a young American society woman, Miss Isabella Garwood, was engaged to, and about to be married to one Count de Maize. It seems that he was none other than the husband of the countess.

AT ONE O'CLOCK WHAT? (The Sporting Times). A girl was trying to stop betting on horse racing. For even women are involved. A girl consulted a bookmaker. "If I put on a sovereign at eight to one," she asked, "what should I get if I won?" "Nine pounds back," said the bookmaker. "And ten to one?" The bookmaker explained that this might mean £11. "Yes, now I understand," she said; "but what would happen if I put a sovereign on exactly at 1 o'clock?"

TENDENCY TO CONFUSION.

(The Argonaut). Senator William Alden Smith says the evident desire of Colonel Roosevelt to listen to the plaints of both insurgents and regulars places him in a different category from an Irish justice of the peace.

In a trial the evidence was all in and the plaintiff's attorney had made a long and very eloquent argument, when the lawyer acting for the defense arose.

"What you doing?" asked the justice as the lawyer began. "Going to hear both sides argued. It has a tendency to confuse the court."

SPORT NEWS OF A DAY; HOME AND ABROAD

Athletics Championships
Chicago, Oct. 23.—The base ball championship of the world belongs to the Philadelphia club of the American League. They clinched the big pennant today seven runs to two from the Chicago Nationals, and there was none in the big overflow crowd to say that they had not won it fairly and squarely. Five games were played and the eastern youngsters took four of them by outbattling, out-slugging and out-slugging the veteran Chicago Cubs. They "got the jump" at the start, and although Chicago halted their progress with a defeat yesterday, it really did not change the situation a bit.

While the series was not the most profitable ever played the players' share of the money amounts to \$70,071. Of this amount 60 per cent, or \$42,043, goes to the winners, and \$28,028 to the losers. As there are 23 players on each team eligible to participate, each of the Philadelphia players is entitled in round numbers to \$2,000, and each Chicago to \$1,200.

Chicago, Oct. 23.—Nineteen thousand delirious enthusiasts saw the Chicago Nationals "come back" today and take the fourth game of the world's series from the Philadelphia Americans 4 to 3, after a ninth inning and a ninth inning victory. The combat was one to live in history. It was anybody's game until the last inning, when the Nationals put the winning run across the plate.

Court Closed Because "Cubs" Lost.
The first world's championship baseball game between the Philadelphia Athletics and the Chicago Cubs, which was held in Judge Scanlan's court, that the justice game had to be called on account of inattention.

An important case was on trial. The judge noticed the jury were more interested in the burning question who was to pitch in the baseball contest than in the mere arguments of attorneys. He sought to right matters by having a balliff read the score to the jury by intermission.

Dalhousie to Play Glace Bay.
Glace Bay, Gazette.—Neil McKay has received a telegram from the secretary of the Dalhousie football team, agreeing to play Glace Bay, tent here on Thanksgiving Day. Glace Bay agreed to give the visitors 60 per cent of the net gate receipts, or a guarantee of \$100. The terms are satisfactory to the collegians, and they will be here on the holiday.

Fredericton, Oct. 23.—(Special)—The N. B. football team again met defeat Saturday at the hands of the Fredericton city team. The score was 9 to 0. At no time was the game out of control of the winning team. The game was not rough but accidents were numerous. One of St. John's, U. N. B. quarter, had his collar bone broken in an unknown manner and was replaced by Peter Deane and Glynn. The U. N. B. forward injured one of his legs so badly that he had to be carried from the field. W. Lorge took his place. Glynn was also hurt but continued in the game.

Sinking Spells Every Few Days

"At the time I began taking Dr. Miles' Heart Remedy I was having sinking spells every few days. My hands and feet would get cold; I could scarcely breathe, and could feel myself gradually sinking away until I would be unconscious. Those about me could not tell there was life in me. After these spells I would be very weak and nervous, sleepless and without appetite; had a burning in my head and heart. After taking the remedy a short time all this disappeared and in a few weeks all the heart troubles were gone."

For twenty years we have been constantly receiving such letters as these. There is scarcely a locality in the United States where there is not some one who can testify to the merits of this remarkably successful Heart Remedy.

Frank Brown converted the goal, this being the local's only score. About fifteen minutes later Mount Allison secured a try but Capt. Cochran failed to convert. This ended the scoring.

Neither Team Scored.
The St. John High School played a tie game with the Rothesay College team at Rothesay on Saturday, neither side being able to score. The game was fast throughout, as follows is the lineup of the teams:

St. John High School.
Forwards: Rothesay.
Nelson, Lockhart, McKinnon, Rankin, McGarity, Hibbard, Dever, R. McKay, Malcolm, Brown.

Y. M. C. A. Team Victorious.
The Y. M. C. A. junior-football team scored a victory over the Carleton junior team in a fast match on the Every Day Club grounds Saturday afternoon, by a score of 3 to 2. The game, as the score indicates, was fast throughout. The Y. M. C. A. scoring their try in the first half. They were unable to convert, however. After this a miscellany of punts, down and leg and long range.

The second round was even, Corbett being the gainer over several of his lifts. In the third the tide of the battle began to turn. Beecher took the lead by getting out of Corbett's face with slapping hands, and with one of these blows gashed Corbett's left eye.

Alexander, Morrissey; halves, Wetmore, Morrison, Cunningham, Woods; quarters, Cunningham, Gilbert; fullback, McGowan. Quite a few enthusiasts thronged out to see the game.

Nine New Brunswickers in Halifax Race.
Halifax, Oct. 23.—(Special)—Nine runners for the New Brunswick title have entered from New Brunswick. They are: Stealing, Horsman, Stubbs, Cromwell, St. John; White and Coward, Fredericton; Harris and Maynard, Moncton, and Fawcett, Mount Allison.

The St. John City Rifle Club had their weekly noon match on the range Saturday afternoon. The attendance was small and only the match in A Class was shot. The afternoon was an ideal one for shooting and some big scores were put out. These present greatly enjoyed the afternoon's sport. The following were the winners and their scores:

Moncton Club Prize Winners.
Moncton, Oct. 23.—(Special)—Saturday was field day on the Moncton golf links, some thirty-five players participating. The Moncton Country Club at St. Lambert was considered at a meeting in Moncton last Thursday. Some high in sending notices to the members of the club, it is only about fifteen of the Westmounters turning up, but all who were there entered their names for membership in the new club.

Organization of the new club is proceeding apace, the Ranelagh Club having already ceased exist, and the incorporation will be applied for when the legislature opens. No difficulty is anticipated in securing recognition of the club, as the \$30,000 required for the immediate taking over of the Ranelagh property.

The Westmounters will be disappointed to go out of existence, the present negotiations being with individuals only, though their property will probably be taken from them within a year or two.

Young Corbett Fails to Come Back.
Another ex-champion made a futile attempt to "come back" in New York last week. Young Corbett, conqueror of "The Ring" Terry McGovern, entered the arena against Willie Beecher, the vigorous East Side lightweight, at the Langens A. A. Club. Beecher was to go ten rounds, but after four sessions Referee Mike Newman stopped the bout to save Young Corbett from a serious injury.

Stanley Ketchel Buried.
Stanley Ketchel, the murdered middle-weight champion pugilist, was buried at Grand Rapids, Michigan, in a new vault. The body was escorted from Ketchel's farm by a delegation of Elks and a large number of friends. Eight flower girls preceded the white hearse.

De Oro Retains Title.
Alfredo De Oro, the Cuban, is still the three-division carom champion of the world. In the final block of his match with Lloyd Jevne, the Salt Lake player in New York, De Oro ran out his string of 50 wins, all he needed to win, in seventy-six innings. The challenger made 44 but, an improvement of four points over his previous night's play. The total of the three nights' play was De Oro, 150; Jevne, 121. Albert Cutler presented De Oro with a diamond trophy awarded by John Doyle.

De Oro in the closing match, once more showed himself to be a past master at billiards. Repeatedly he left the balls for Jevne in such awkward positions that Jevne was forced to make miraculous shots in the early innings of the concluding block, making the highest runs of the match, running six in the fifth session and five in the fourteenth.

Aeronauts from the German and Swiss Balloons, Germania and Helvetia, started from St. Louis, Mo., Monday last in the race for the Gordon-Bennett cup, reached Montreal on Saturday after a thrilling trip. They landed in the impetuous forest north of the Transcontinental Railway in Quebec province. They were lost for thirty-two hours.

Two aviators came to grief at the aviation meet at New York yesterday. As the wind was veering, Grahaime White and Moisant were the only two who dared to brave it. The propellers of Grahaime White's machine struck and were badly broken. The wind-picked Moisant's machine out of the hands of his mechanist and let it fall, crumpling both the planes.

Falling from a height of 100 feet, Captain Madiot, a French military aviator, was instantly killed at Douas, France, on Sunday.

GASTORIA For Infants and Children. The Kind You Have Always Bought Bears the Signature of Dr. J. C. Watson. In Use For Over Thirty Years GASTORIA

AMUSEMENTS FOR OURSELVES AND OTHERS

Reserved seats for the Jessie MacLachlan concert at the Opera House next Wednesday are now on sale. The celebrated prima donna is in better voice than ever this season and is meeting with great success everywhere she has sung in the province. Her numbers are all attractive, embodying Scotch, Gaelic and Irish songs.

Much interest was created a few days ago when announcements were made to the effect that Huber's International troupe of trained bears would perform at the Lyric Theatre for the first three days of the week. The act, though not given to a detailed description, is said to contain a great many funny and clever things by the grizzly family. They have been in the large city for the last three years, always proving an attraction out of the ordinary.

So that nothing will mar the vaudeville portion of the bill, a picture programme of excellent quality is promised in four fine films. "Dixie," a war story; "The Street Sweeper," farce; and splendid travel study, "From Laganos to Ponte Trosa."

The Hoodoo," is a comedy by the American Pathé Freres wherein some old Biograph favorites play the leading roles. Two other stories and the singing of F. Louise Tufts in "The Silent Violin," will make up an ideal programme. Wednesday and Thursday Steve Hurley, electionist will offer one of his best lecture films in the Edison classic, "The Bellringer's Daughter."

There are times when even the most hardened of persons may be touched by a responsive phase of human heart interest, and a splendid instance of this is shown in the big Vitaphone production, "Brother Man," at the Grand Theatre today and tomorrow. This is a fascinating playlet in which two men of opposite points of view, a young student and a burglar, recognize the fine qualities of each other from a man-to-man viewpoint, and extend a hand of fellowship in the betterment of the brotherhood of man.

In the comedy film, "Actors' Fund Field Day," are seen the men and women of the "Rialto" at play with their friends. In this picture the characters are the best known of the actors and actresses before the footlights at the present time. An excellent story of love and sacrifice is narrated in the Imp production, "The Two Daughters," a drama which will appeal to all. "Washington Under the British Flag" is an instructive historical production, and with a solo, "Hear the Pipers Calling," by Donald McGregor, and Kerry Mills' latest Metropolitan successes, by the Gem orchestra will complete the programme.

"The Iconoclast" is one of the Biograph Company's most powerful productions and presents the best actors and actresses in this talented aggregation in their best work. The story is plainly told how a socialistic printer seeks to bring about happier conditions by methods which fail and have a great wrong was righted by gentler process. As an effect to this strong drama there will be some of those laughable "Hank and Lank" pictures. Western dash and excitement will be furnished in "The Pony Express Rider," and delicious comedy of the highest class in Edison's film de luxe, "The Great Secret." Al. Weston will sing "You Look Just Like a Girl I Used to Know."

At this fine, new, clean theatre, a good bill is provided for tonight and Tuesday night. "The Writing on the Wall" is a comedy. "The Curse of Gambling" is a strong drama, well acted. "The Woman Hater" is another good comedy. Miss Mac Dunphe of New York will sing "If I Knew."

NEWS OF SACKVILLE

Sackville, N. B., Oct. 23.—A very successful shoot was held on the range of the Sackville Rifle Association last Friday. The winners were—Class A, 1st, R. Read; 2nd, C. McNutt; 3rd, Samuel McKay; 4th, J. H. McNutt; 5th, Arthur Oulton; 6th, Estey Chapman; 7th, Fred McKay; 8th, Walter Anderson. Class B—1st, Roland Murray; 2nd, John Crawford; 3rd, Scrimgeour; 4th, W. D. Doherty; 5th, August Sander; 7th, Hugh Brown; 8th, Wilfrid Anderson. Class C—1st, William Blacklock; 2nd, George Field; 3rd, William Strating; 4th, Albert Davis; 5th, Clarence Amos; 6th, M. Taylor; 7th, Cecil Taylor.

The dredge which has been undergoing repairs, is now at work in Port Eglar harbor. The general opinion is that the dredge has done excellent work this season.

Mrs. Charles Audet, wife of Conductor Audet, and her daughter, Miss Charles H. Campbell, spent a few days in town last week as the guests of Philip A. Audet. The report that A. W. Doe, of Bermuda, has lately been coaching Mount Allison football team is entirely without foundation in fact. Mr. Doe never was nor is now a coach for the Mount A. team.

City Wallace of the office staff of the Enterprise Foundry, will probably be one of the competitors in the Halifax Herald's road race on Thanksgiving Day.

Dr. Grant, of Vancouver, a famous preacher, and lecturer, will lecture here on Friday evening, November 4, on Art and Ruins in Rome. The marriage of Miss Elizabeth Wells, daughter of Mr. and Mrs. Charles H. Wells, of Upper Point de Bute, to Dr. M. A. Oulton of Point de Bute took place in Amherst last Tuesday. Rev. D. Steele, performing the ceremony. The announcement came as a great surprise to the friends and relatives of the principals.

Anna Lawrence was yesterday successful in shooting a large mouse in the woods at West Sackville. Mrs. Charles W. Fawcett, entertained at bridge on Friday afternoon. Included among the guests were several ladies from out-of-town, among them, Mrs. G. H. Willett, Mrs. W. H. Chapman, Mrs. C. L. Hamilton, Mrs. C. Pavan, of Dorchester and Mrs. Smith of Sackville.

Mrs. J. W. Robinson and children, who have been spending the last four months at Cliffort T. Amos, who recently sold his home in Squire street extension to W. A. Simpson, station agent here, has rented the flat in Squire street lately occupied by Leslie C. Carey. Mr. Carey has moved into his new home in Allison avenue.

FIRE PROTECTION ALONG RAILWAY.
Toronto, Oct. 24.—Hqn Clifford Sifton, Chairman of the Conservation Commission, addressing the Empire Club at the St. Charles Cafe, said the commission was to introduce legislation at the next session of the Dominion Parliament to require railway companies to maintain efficient fire protection all along their lines. When the legislation was secured, he said, they would ask the provincial governments to appoint special inspectors to see that the law is carried out.
