CHANGED MIND ON TRIP.

New York, May 19—There's nothing in the United States immigration laws about a woman who changes her mind in mid-ocean, so Miss Violet Cooper, an English girl, who came to New York on the Mauretania the other day is now on her way back home. She started for America to marry an American soldier who had been her sweetheart in England, but thought the matter over during the

voyage, and decided to remain unwed. The immigration officials turned her back because of the decision.

The Importance of an Easy-Running Bicycle for the Boy

A "BUNCH" of joyous boys and girls on a bicycle ride! How they do breeze along the smooth, level stretches! What fun! What exhilaration!

But pity that poor boy on the hard-running bike. How he has to pull on the handles and push on the pedals to keep up with those on the easy-running C.C.M. Bicycles. It's no joy ride for him.

And the strain is always there, to some extent, even when he only runs errands on his hard-running bike.

Overtaxing the strength of a growing boy or girl is to be avoided. It might lead to serious consequences. Be safe. Buy your boy a C. C. M.

C. C. M. Bicycles for boys and girls are built of the same high grade materials and with the same skilled workmanship as the adult models.

They have the same special construction that gives the easy-running direct line drive—

The same case-hardened polished bearings that turn so smoothly.

The same strong, safe "Fish-mouth" reinforced frame.

And, of course, they have the new Hercules Positive Drive Brake—the Coaster Brake without a side arm.

There's a light, strong, easy-running bicycle waiting for your boy or girl at the C. C. M. dealer's right now. He will be glad to show it to you.

Also ask to see the new 18-inch Curved Bar Model—the bicycle the boy won't outgrow.

AT OTTAWA.

Sir James Loughheed says the Union government has a platform, and that it will be announced at an early day. It is also announced that Sir Robert Borden has resumed his duties with much vigor and is giving his cabinet an abundance of work.

ALONG THE RIVER.

Summer has come to the Long Reach. The mercury at Public Landing yesterday went to seventy-two in the shade. On Sunday it was nearly as warm, and both Sunday and Monday were perfect days.

hand, there is no doubt that a lowering of prices in many commodities has set in, and while this process is going on, some recession in corporate earnings is inevitable.

Everywhere about the city today the citizen is reminded of the Salvation Army and its work. St. John knows the value of that work, for the Army has long been active here in religious and social efforts that has borne good fruit.

Accommodation at St. John for another eleven hundred cars will hold eleven hundred cars. But what does the government propose to do to facilitate the transfer of freight from those cars to the steamers?

Daylight saving will become fairly general in the city next week. It will be welcomed by most people, and especially by those who want to plant a garden, see a good game of baseball, or get some fresh air in the park or elsewhere.

St. John is to have a real clean-up day. If the incinerator scheme can be carried out the city will make a great step forward in the matter of cleanliness and public health.

A public welfare exhibit would be not only a novel but a valuable educational feature of the fall fair.

CANADA—EAST AND WEST

Domestic Happenings of Other Days

A MAN HUNT.

While waiting at Koonstad in May, 1900, in the war in South Africa the Canadian Mounted Rifles had some interesting experiences in "outings". The white flag trick had been played on a small party of British troops and three squadrons were sent to a farmhouse at Jordan's Crossing where the crime occurred.

On the 15th at 5 o'clock in the afternoon, just as night was settling down on the valley, fifty men from each of the two battalions of Mounted Rifles and 100 men from the First Mounted Infantry were ordered to saddle up for a rapid night dash.

The first contingent was now only a skeleton of the force that had left Canada. Its strength was now only 480 men and of forty-five officers only twenty-three were left.

SYRIAN ARCHBISHOP VISITS AMERICA; HOPED THAT HE WILL COME TO SAINT JOHN

The arrival of the Most Rev. Chekalla Khouri, Archbishop of Tyre, in New York a few days ago, has created great interest among the large Syrian citizenship in this city.

The picture of His Grace, which the Times prints today, was reproduced from the New York Evening Post. It was taken as he was leaving the steamship on arrival here, and has caught well the smile brought to his face by the welcome accorded him.

BROWN'S FLATS NOW NEAR AS WESTFIELD

What the Valley Railway Can Do With a Proper Service—Long Reach Brought Close to City.

Brown's Flats has been moved down to Westfield.

The Valley Railway, which is responsible for many remarkable things, has also wrought this miracle.

That is to say, with a proper service on the Valley Railway, the man who lives at Brown's Flats can get home at night as quickly as the Westfield man who travels by the C. P. R. suburban.

And to get to the city in the morning, also with a proper service, he need not rise any earlier than does the Westfield man. How does it work out?

The Valley Railway train does not stop between Fairville and Westfield. The C. P. R. suburban running time between St. John and Westfield is about one hour.

Always assuming, of course, that there is a satisfactory Valley Railway service, which is still in the future. Not

**RECENT DEATHS**

The death of Brunswick A. Olive, occurred yesterday at his residence, 181 Tower street, West St. John. He was a son of the late Eben and Sophia Olive of Moncton, and had lived in St. John for twenty years. He was proprietor of Medical Hall, and a popular citizen of the west side. He is survived by his wife, who was a daughter of the late

William Dunlavy, and two sons, Gilbert C. of Cambridge, Mass., and S. Morton Olive, druggist in the Military Hospital on the west side.

Mrs. Letitia Ireland, widow of R. D. Ireland, died on Friday at her home in Winthrop, Mass. She was formerly Miss McTavish of St. John. She is survived by three sons and three daughters.

One of the oldest newspaper men in

Massachusetts, R. William Waterman, died at his home in Athol, Mass., on May 18, at the age of eighty-three years, following a paralytic stroke. He was born in St. John and moved away with his mother when quite young.

**ASSAILANT DIES.**

Ottawa, May 17.—William Collier, the young man who shot Miss Hazel Evans, Chateau Laurier telephone operator, after escorting the young lady to her home on Sunday night, and who then turned the weapon upon himself, died this morning. The shooting, it is said, is the result of Miss Evans refusing to marry Collier. Miss Evans will recover.

**EYES OF YOUTH MADE A DEEP IMPRESSION**

Clara Kimball Young in the Very Best Picture of Her Illustrious Career at the Imperial.

The Imperial resumed its picture policy yesterday with the splendid special feature "Eyes of Youth," in which Clara Kimball Young is being starred. It was a very fine offering indeed, a decided novelty in the way of photoplays dealing with glimpsing into the future and the occult arts of the Eastern Yogi. Very large attendance marked the return to the silent drama after the week of grand opera.

To quote a recently published editorial, "What would you give to be absolutely certain today of what would happen tomorrow?" there is probably no person who would not risk a great deal for one little peep into the future.

Advance information has been the basis of over fifty per cent. of all the great fortunes in the world. It is a historical fact that the fortune of the Rothschilds, the greatest individual fortune in Great Britain, was founded upon advance information secured by a mem-

ber of that famous family of the defeat of Napoleon at Waterloo. Probably one-half the world today is in some sense interested in the experiments of the people who are endeavoring to read the future by communicating with spirits or by some other method, and the other half of the world is sitting eagerly back, awaiting the result of these experiments before they, too, become actively interested.

Many of the leading ministers of the world hold that if the Creator had intended that humanity should know its future, some method would have been provided by which the future could easily be read. Psychologists maintain that if the future can be accurately determined, there will be no further interest in life, since the only interest the people have in their affairs of today is based upon the gamble inherent in all people as to what the morrow will bring.

In the production, "Eyes of Youth," which Clara Kimball Young is now appearing in at the Imperial, the exciting events of the story are based upon the opportunity given the heroine to read her own future through the assistance of a Hindu, who teaches her the mysteries of crystal gazing, and in this way she is able to avoid the mistakes that would have been her lot had she followed one of the many opportunities offered her. "Eyes of Youth" is a gripping production because, in addition to being one of the famous plays of the year, as well as one of the elaborate productions of Miss Young's entire screen career, the development of the story shows in a new and startling the possibilities of reading the future through the process of crystal gazing in which some people have great faith.

**DESTROYERS of stockings! Truly.**

The rules of wear and tear they know from A to Z. Yet, try as they will, it takes them longer to go through the knees of Penmans stockings.

There's something more than strong re-inforcing to defy the wear and tear. The yarn is of special long-fibre, spun carefully to insure strength.

To make sure of extra wear as well as neatness and warmth, mothers need only remember the name Penmans.

"I tried some remedies, which failed, and then thought I would try Cuticura Soap and Ointment. It was not long till the rash began to disappear, and I used three boxes of Soap and four boxes of Ointment, which healed me." (Signed) W. M. Hymers, Paris, Ont., Sept. 15, 1919.

**THE FEAST OF SHABUOTH**

Shabouth, the Feast of Weeks, will be observed in all congregations of the Jewish faith on Sunday, May 23. Orthodox congregations also observe the day following. This festival is one of three agricultural feasts which were observed in the ancient Biblical era. The Feast of Weeks was in Biblical times a farmers' holiday, celebrated at the end of the first seven weeks of harvest. The ceremonial consisted in offerings of the field brought as a thanksgiving token for the new crop that was being harvested. (Deut. xvi-9.)

This feast of the first fruits, like other agricultural festivals, was gradually transformed and invested with symbolic significance. In course of time the Jewish people developed a historical consciousness and linked traditional events with these institutions and festivals that were transmitted from a remote ancestry. In the case of the Feast of Weeks the giving of the first fruits, and so commemorated to this day.

By this combination a universal significance was attached to the festival in which the ripened fruits of the field, instead of the first fruits of the field, were offered in praise and thanksgiving as an offering from the People of the Covenant. All synagogues read the Decalogue on this day and renew their pledge of loyalty to the Covenant of Israel as their fathers did in days of yore.

During the last century the Feast of Weeks was enriched by introducing a confirmation ceremony in connection with its observance. The confirmation ceremony was sponsored by the leaders of Reform Judaism who made of it a feast of consecration of the Jewish youth, boys and girls, to the ancient covenant of their fathers.

The confirmation service does not exact from the confirmands any other confession than that of a belief in One God, and in His justice and truth as manifested in history. Confirmation day in some congregations synchronizes also with graduation from the religious school in which the confirmands have covered an eight-year course comprising Biblical and Jewish history, Jewish ethics and literature and an introduction to the Hebrew language, including a reading knowledge of the prayer book in its original language.

**INSISTS WILL BARS  
 HENRY FIELD'S SON**

**Counsel for Marshall Field,  
 3rd, Argues Only Legal Issue  
 Was Meant — Not Specified, Says Dunne.**

Chicago, May 18—The relations of the late Henry Field, a grandson of Marshall Field, and Peggy Marsh, an actress, were subject of much of the argument on the resumption of the trial of the action fought in behalf of Marshall Field, 3d, for a construction of his grandfather's will.

The claim of Peggy Marsh on behalf of her son, Henry Anthony Marsh, to share of the \$100,000,000 estate of the late Marshall Field was termed ridiculous by Edward O. Brown, representing Marshall Field, 3d. The question as to whether Mr. Field intended to include illegitimate children of any of his heirs he asserted not worthy of argument.

The question centres around the word "issue," used in one place in the Field will, and the term "legal issue," used in another place, in reference to the children of Marshall Field, 3d, and Henry Field. In one place Mr. Field made provision for the "issue" of his sons, providing Marshall and Henry should die

before the expiration of the long term \$100,000,000 trust.

"After Henry Field and Peggy Marsh had erred they acted pretty decently on both sides," said former Governor Edward F. Dunne, counsel for Henry Anthony Marsh.

"When faced with maternity Peggy Marsh was neither a coward nor an infanticide. She bestowed upon her son all the love of a mother. Henry Field proved himself to be a man. He lavished money on his son and his mother, left nothing undone that would add to their comfort, and before marrying signed a contract to support them."

According to the contract, Henry Field was to pay Peggy Marsh during their joint lives \$10,000 a year for the support of her and the child. When the boy became five years and ten years old the sum was to be increased by \$2,500, to go toward his education. Field also took out an insurance policy for \$100,000, of which, at his death, \$20,000 would go to the mother and the child, and the remainder would be so invested as to bring an income of five per cent.

**APPLICATIONS FOR PLACE  
 IN CANADIAN AIR FORCE**

Ottawa, May 18—(Canadian Press)—Announcing its intention to close the lists for commissioned ranks in the ranks in the Canadian air force on May 20, the air board states that applications for commissions by ex-officers of the royal air force, not posted at that time, will not be considered in the original allotment of commissions. It adds that a large number of applications have been received, and possibly the total may exceed the number of commissions, but all present applications may be accepted.

 A forest fire raging yesterday afternoon near Hammond river, along the C. N. R. The path of the fire was through dense woods, but it is said no large timber was burned. The fire had burned itself out this morning.

**TO FREDERICTON.**  
 F. P. Brady, general manager of the eastern lines of the Canadian National Railways, and L. S. Brown, general superintendent of maritime division, left for Fredericton this afternoon in their private cars, which were attached to the Valley train. They will inspect the line and look into requirements, service, etc.

**WON BY TABERNACLE.**  
 The banner put up for competition among the young people's societies of the Baptist churches of the city for the one having the largest representation at the grand rally, was won by Tabernacle Baptist church Young People's Society, not by the Waterloo street society, as was published. The Tabernacle figure was 99 per cent.

**LUMBER INQUIRY TOMORROW.**  
 Mayor Schofield announced this morning that the inquiry into the alleged cutting of lumber on city lands would be commenced at city hall tomorrow afternoon at 8:30. The investigation will be open to the public and will be conducted by Dr. J. B. M. Buz, K. C., city solicitor. The mayor will preside and all the members of the council will sit on the committee. It is proposed to hold an evening session if necessary.

**TO CAMP SUSSEX.**  
 Brigadier General A. H. Macdonnell, C. M. G., D. S. O., general officer commanding military district No. 7, Lieut. Colonel A. H. H. Powell, assistant adjutant general for this district, and Lieut. Colonel A. E. Lawson, senior engineer officer, left for Sussex this morning to inspect the camp grounds to decide on preparations for the camp in June. The grounds have not been used since several battalions were drilled there for overseas service during the war, and doubtless some work will be necessary.

**ACTIVITIES OF CHURCH REVIEWED**

Annual Meeting of Fairville Methodist Quarterly Board.

The annual meeting of the Fairville Methodist quarterly official board was held last evening with a good attendance. Rev. Thomas Marshall presided. Reports on the activities of the church were read. Mrs. McCumber reported for the Ladies' Aid Society, Miss Gladys Shaw for the Epworth League and H. M. Stout for the Sunday school. The treasurer's report was also read and approved.

Among the interesting items brought to the attention of the board was the matter of the amounts raised by the Epworth League during the year; also that the Women's Missionary Society raised \$152 and Mission Bend \$27.50. The Sunday school contributed some \$467 to all causes, including \$38.50 to missions and \$81 to the Armenian fund. J. Stout was re-elected treasurer and Miss Gladys Shaw assistant. The old board of stewards was re-elected as follows: H. M. Stout (recording steward), Perry Kelly, Wm. Stymest, D. Linton, J. Stout, W. E. Earle, S. T. Cougle. Refreshments were served at the close of the meeting by the lady members.

**RIVER NOTES**

D. W. Brown, who has been postmaster and storekeeper at Public Landing for some years, has sold out his houses, store and farm land to James Holman of this city and will remove to St. John on Wednesday. Mr. Holman is now in charge of the store.

There is the sunken boiler of a boat that was burned last fall at one side of Public Landing wharf and a sunken scow at the other side. Steamers have difficulty in making the wharf when there is a strong wind. Nobody seems to know who is responsible for keeping either the sides or the top of the wharf clear for the public.

George Craig, of Craig's Point, is ill of pneumonia, and was in a critical condition on Sunday last. All patrons of river steamers know Mr. Craig and will hope for his recovery.

**BUSY MORNING AT CITY HALL**

Many Matters of Interest at Committee Meeting

Proposal to Flush Streets and Arrange with Street Railway Watering by Car During the Early Morning — Some Talk of Welcoming East St. John and Lancaster Into City.

Many matters of interest were discussed at this morning's committee meeting of the common council, including the preparation of a complete plan of the city for the use of the board of assessors, the institution of water services at East St. John, co-operation with the board of health for clean-up days, and the flushing and sprinkling of streets.

On motion of Commissioner Bullock the sale of a lot in Orange street to John White for \$800 was recommended, the purchaser to build a retaining wall when required to do so by the city; estimated cost of wall \$400.

Mr. Bullock moved that the wages of Thomas Thompson of the ferry department, who died on May 4, be paid his widow to the end of May. Carried.

Mr. Bullock asked for authority to call for tenders for the painting of sheds Nos. 1, 2, 3 and 4, at West St. John, at an estimated cost of \$4,000. The matter was left over for further consideration.

Commissioner Jones presented a petition from Frank Hazen, who had recently completed a house on the south side of Mt. Pleasant court, asking for extension of water and sewerage mains. He said this would mean about eighty feet extension and the estimated cost is \$800. Mr. Jones suggested a four inch pipe, while Commissioner Frink suggested a larger dimension so that a fire hydrant could be installed. It was pointed out that the applicant agreed to pay ten per cent of the cost each year until sufficient revenue is derived. The motion carried.

East St. John people were calling for water services, the commissioner said. Some of those living close to the main had water installed, while others living farther away were asking for extension. City and County.

Commissioner Frink said that the tendency was toward unification of the city and county. As the city had extended the main to East St. John, it was only natural that the people wanted use of these services.

There are gates at Kane's corner and the Suspension Bridge that are preventing the principle of a bigger and better St. John. He would like to see the gates opened and would welcome a petition from either the eastern or western neighbors for amalgamation with the city. He was sure the council would be glad to welcome East St. John into the city and if this matter of water extension was an opening he would be pleased to go half way to meet the East St. John people.

Commissioner Jones said that the hydrant from which the residents of Visart street were procuring their water was causing considerable waste. On account of the great cost he was not prepared to recommend the extension of water main, the cost being about \$18,000. The matter of sewerage, which would have to be carried by Newman Brook would also enter into the consideration, and he would like to take the members of the council to this site as well as to East St. John. Thursday afternoon was set for the visit.

Commissioner Frink said he wished to withdraw his resolution regarding the paving of City road, as he understood that there were 1,800 feet of service pipe to be installed.

Mr. Jones said that the work on the service pipes would start tomorrow morning.

It was decided that Commissioner Jones and Frink should get together on this matter before further action was taken.

Commissioner Thornton moved that he be authorized to go ahead with repairs to the exhibition buildings to be done by day's work, the estimated cost not to exceed \$12,000.

Commissioner Frink said it was too bad to spend so much money on the old buildings.

The mayor said it had to be done to have a show.

Regarding the clean-up day, the mayor asked if it was possible to flush the paved streets.

Commissioner Frink recommended that \$200 be paid by the city towards the fund for payment of the clean-up day work.

Regarding the flushing, Commissioner Frink heartily approved of the suggestion provided the consent of the safety department could be secured. Mr. Wornton said he was willing to co-operate.

Commissioner Jones suggested to the commissioner of public works that the engine of street sprinkling taken up with the street railway. He thought that tank cars might be sent out early in the morning to spray the streets served by the street railway and save a great deal of time.

The matter was left in the hands of Commissioners Jones, Thornton and Frink for arrangement.

The mayor read a letter from G. G. Murdoch regarding the preparing of plans for the use of the assessors. He said that the cost would be about \$150 a block, a total of \$37,000. However, with information already in his possession, he would be able to do the work at a maximum cost of \$25,000, including the unbuilt portion of Stanley ward to be completed by Jan. 1, 1923. After the engineer and the chairman of the board of assessors had explained the need for the plans, Commissioner Frink moved that the survey be made of the whole city, the work to be carried out under the direction of the city engineer and that he be authorized to make arrangements with G. G. Murdoch and others, the cost not to exceed \$25,000 and to be completed by Jan. 1, 1923. Carried.

**Of Course You'll Want to See The Louis XVI Bed Set Now Showing**

We don't want to appear to be over boastful, but it's impossible for us not to feel a trifle "chesty" over the superb period bedroom set now in our windows, and we know you'll condone our failing when you see the set.

It's the popular Louis Sixteenth design, with the attractive bow foot bed and substantial and roomy dresser. Solid mahogany of the quiet, dignified, majestic English brown finish.

Altogether the set consists of seven pieces—bed, dresser, chiffonette—a roomy and compact bedroom servant—night table, chair, dressing-table and stool.

No obligation attached to a "close up" inspection, so slip in and see it first hand.

The death of William Harvey Morrell, in his seventy-second year, occurred this morning at his home, 18 Harvey street. Mr. Morrell, who was a native of Belleville, Kings county, had resided in St. John for the last forty-five years, engaging in his trade as a mason.

ANNIVERSARY

When Police Magistrate Ritchie opened the bench this morning to open the session of the police court a handsome bouquet of roses adorned his desk as a reminder that today is his thirty-first anniversary as police magistrate for the city. The gift was from some unknown donor. The magistrate glanced at the dock in which three men were seated, charged with drunkenness, and exclaimed: "Thirty-one years here as police magistrate and I haven't been drunk yet, but every morning I have had an object lesson—a Christian city with spires pointing to heaven—and people going to hell." The magistrate received hearty congratulations during the day on his anniversary.

INGRAHAM-SULLIVAN

A wedding of interest to a large circle of friends took place at six o'clock this morning in St. Mary's church, when Miss Margaret Sullivan and William P. Ingraham, both of this city, were united in marriage by the Rev. R. Taylor McKim. The bride entered the church with her brother, William Sullivan, and looked charming in a navy blue suit with hat to match, and seal cape, the gift of the groom, and carried a bouquet of bridal roses. Mr. and Mrs. Ingraham left on the Boston train on a short honeymoon trip and on their return will reside at 66 Winter street. They received many beautiful presents. Mr. Ingraham is a popular member of the C. N. R. freight office staff.

Benjamin Watson, janitor, said that the accused brought the pair of boots in question to his room. He said he reported the matter to the matron and handed the property over to her. The matter was reported to Dr. Ferris who laid the charge. The case was postponed for other witnesses.

Victor Pleasant, an Italian, was held by the police for investigation.

LOCAL NEWS

ANOTHER CONTRIBUTION. A contribution of \$17.50 to the Olympic fund was made this afternoon by the members of the St. John Postal Clerks' Association.

ACCIDENT CASES

The condition of Mrs. Anne Stone was reported from the General Public Hospital this afternoon to be about the same. The report as to two injured boys, Walter McAuley and LeRoy Northrup, was good. They spent a very comfortable night and are both doing as well as can be expected. Little Window Magee, who is at the Infirmary, was reported much better today.

LOYALIST DAY

Today is the anniversary of a day memorable in the history of St. John. A profusion of flags upon the business houses of the city proclaims a special occasion, as does the number of children about the streets in school hours. This is one occasion when the school children of St. John "have it over" the children of the other towns and cities of the province. Some of the societies of the city are celebrating the day, notably the Women's Canadian Club. This society is holding a reception in the school room of Trinity church.

BY-LAW MATTERS

POLICE COURT

In the police court this morning, a case against Florence Best, charged with bigamy, was taken up but a postponement was asked for by Vancouver, counsel for the complainant. He said that J. A. Barry, counsel for the defence, was not of town and as a matter of professional courtesy to Mr. Barry he requested that the case be set over until Friday afternoon at 2 o'clock. The postponement was granted.

POLICE COURT

A case against Frank Minniech, charged with threatening his wife, was resumed and Sergeant O'Neill and Inspector McAlain agreed to go as sureties of \$100 each to bind the accused over to keep the peace. The accused was allowed to go.

POLICE COURT

Thomas A. Emms, charged with stealing a pair of boots, valued at \$7, the property of a patient in the County Hospital, East St. John, was again before the court. Benjamin Watson, janitor, said that the accused brought the pair of boots in question to his room. He said he reported the matter to the matron and handed the property over to her. The matter was reported to Dr. Ferris who laid the charge. The case was postponed for other witnesses.

"PRESIDENTIAL ROW" SOON THE SCENE OF ACTIVITY

Has Been Institution of Republican Party in Chicago Since 1904 - Biggest Season in History.

(Associated Press.) Chicago, May 18.—"Presidential Row," an institution unique in American politics, is preparing for the final drive that will culminate the week of June 8 in the nomination of a republican candidate for president of the United States.

"Presidential Row" includes parts of two Michigan Boulevard hotels, which are connected by a subterranean passageway, and along the row every leading republican presidential candidate has established or will establish his headquarters.

Since the Republicans began holding their conventions here regularly in 1904 the "Row" has become an institution of the party.

National headquarters of Governor Frank O. Lowden and Major General Leonard Wood were the first to open this season. The Wood delegation has been active on the "Row" since early last winter and the Lowden camp has been on the ground since January 1.

Later arrivals included western headquarters for Herbert Hoover and Attorney General A. Mitchell Palmer, and the regional offices of the National Personal Liberty League, working in the interests of Governor Edwards, democrat of New Jersey.

Reservations have been made for Senator Hiram Johnson, Senator Miles Poindexter and Governor Coolidge, of Massachusetts. They will open offices several days before the convention.

The Republican National Committee has had offices on the "Row" for several months. The committee will move to convention headquarters at the Coliseum about May 28, and there will begin hearing contests for convention seats on May 25 or 26, according to present plans.

Following the convention the Republican commission will occupy an entire floor, including the ball room, in a downtown hotel, and also establish work rooms in a loop office building.

Will H. Hays, chairman of the committee, is expected to spend considerable time during the campaign here, and one of the large hotel parties is being prepared for his private office.

The Democratic National Committee will maintain headquarters here, but has not yet selected a location. Chairman Homer S. Cummings will divide his time between the offices here and those at the Grand Central Palace, New York.

Strength Declines And Age Advances Follow This Suggestion

So many women grow old before their time, perhaps your wife or sister, a little while ago, buoyant, full of vigor and imparted pleasure to the whole family; but now in a few short years she has faded and lost color and strength. She is just ready to develop some disease that will further weaken and debilitate.

You remember how it began, failure of appetite, tired in the morning, found housework burdensome, always nervous and a little irritable. It's a shame to let her go down hill further when you can build her up so quickly with Ferronze. The change this nourishing tonic makes in a weak woman is surprising. It gives great zest for food, increases appetite and digestion enormously.

The blood gets richer and stronger and adds new life to every organ in the body. A rebuilding process works through the entire system. The first week will show an improvement, and a month or two will fatten up the thinned, most run-down women you can think of. Take Ferronze for lost color, for nervousness, for weakness, use it when run-down and feel poorly, it will do you more lasting good, keep you in better health, than anything else. Just so good for men and children, too. Because Ferronze is harmless and safe, 50c. per box or six for \$2.50, at all dealers, or direct by mail from the Cattaraugus Co., Kingston, Ont.

The best spring medicine and tonic is called Dr. Pierce's Golden Medical Discovery. It puts vim, vigor, vitality into the blood. Try it. This is what folks say about it:

LINDSAY, ONT.—"Doctor Pierce's Golden Medical Discovery is the best medicine I have ever taken for stomach trouble. For many years I suffered, with gastric stomach trouble and nervous indigestion. I would be so bad at times that it was necessary for me to be in bed two or three days at a time. I have doctored and taken many different medicines with little relief. Just recently I began taking the 'Golden Medical Discovery' and it has given me more relief than all the other medicines I have ever taken. My stomach does not bother me and I have not had any indigestion since taking this medicine. I can highly recommend the 'Discovery' to others who suffer with this ailment."—Mrs. Geo. WELLINGTON, No. 6 John Street.

GAVE HIM NEW LEASE ON LIFE

Keddy Says He Was Almost Past Working When He Got Tanlac.

"I simply feel like I had been given a new lease of life, and I don't believe money could buy a better medicine than Tanlac," recently declared Nathan Keddy, machine blacksmith in the employ of the Starr Manufacturing Co., and living on Wentworth street, Dartmouth, N. S.

"For six years previous to taking Tanlac I had been in a very run-down condition. I had no relish for my food and what I did eat seemed to do me no good for I lost no less than thirty-two pounds in weight. In the mornings I felt so tired and worn-out that I would rather have taken a beating than get out of bed, and I was so languid and drowsy all day I would almost fall asleep while standing over the forge.

"It was the many statements from people right here in Dartmouth and Halifax, telling what a blessing Tanlac had been to them, that led me to give it a trial. I've now taken about six bottles altogether and it sure has put me back on my feet. I've now got an appetite like a lumber-jack and can eat three good square meals every day. My food is doing me good too, for I have lost that worn-out feeling and can now do nine hours solid work a day without getting tired out. When my wife saw how much good Tanlac was doing me she took some too and it is helping her fine. I don't hesitate to advise anyone in need of a good medicine to try Tanlac for I am satisfied that they will get great good from it."

Tanlac is sold in St. John by the Ross Drug Company and F. W. Munro; by G. W. McKay, Beaver Harbor; Willard J. Colwell, Evans; C. V. Pearson, Highlands; and by the leading druggists in every town.—(Advt.)

hoop skirts were worn by those who first asked the druggist, and insisted on having the genuine Golden Medical Discovery put up by Dr. Pierce over fifty years ago. Dress has changed very much since then! But Dr. Pierce's medicines contain the same dependable ingredients. They are standard today just as they were fifty years ago and never contained alcohol.

Dr. Pierce's Golden Medical Discovery for the stomach and blood cannot be surpassed by any remedy today.

Every spring most people feel "all out of sorts"—their vitality is at a low ebb—the blood becomes surcharged with poison! The best spring medicine and tonic is called Dr. Pierce's Golden Medical Discovery. It puts vim, vigor, vitality into the blood. Try it. This is what folks say about it:

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, and strengthening arms, neck and bust, and replacing ugly hollows and angles by the soft curves of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under guarantee of satisfaction or money back.

By feeding the nerves directly and by supplying the body cells with the necessary phosphoric energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes brighten and pale cheeks glow with the bloom of perfect health.

CAUTION.—While Bitro-Phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.

CATARRAL DEAFNESS MAY BE OVERCOME. If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises go to your druggist and get 1 ounce of Parmitin (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Cleared nostrils should open, breathing become easy, the mucous stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises should give this prescription a trial.

Use Gun for Amputation. Sydney, N.S.W., May 19.—Two Australian boys who were bitten by snakes owe their lives to drastic resource. In one case the father, unable to amputate the lad's toe because his knife was blunt, made the boy lie down with the toe protruding over the barrel of a shotgun. Then he fired the gun, blowing the gangrenous toe off. In Marsh Lake district, a youth of nineteen tried to chop off a snake-bitten toe, but finding the axe not sharp enough, finished the amputation with a razor.

Why teeth discolor. There is on your teeth a viscous film. You can feel it with your tongue. It clings to teeth, enters crevices and stays. That film is the teeth's great enemy. It dims them and destroys them. The tooth brush fails to end it, for the ordinary tooth paste cannot dissolve it. So for months between your dental cleanings it may do a ceaseless damage.

It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea—a trouble which few escape. Dental science has for years sought a way to fight that film. BRUTAL MURDER OF LONELY WOMAN

Keeper of Small Dry Goods Store in Detroit Victim of Assassin.

Detroit, May 18.—Her throat cut and her face hacked many times with a razor, the body of Iuliana Zavorina, keeper of a small dry goods store at 503 Clinton street, was found by her brother-in-law. A small baby, with blood upon its clothes, was tottering around the house when the officers entered to investigate.

It was evident the woman had been wrapping a bundle at the counter when she was attacked, and that she had made strenuous resistance to her assailant. In a sink in the back room were stains of blood and some discolored water where the murderer had washed his hands. The razor was lying at the side of the body.

A neighbor told the police that she had talked to Mrs. Zavorina fifteen minutes before her body was found. Zavorina, the husband, works at the Ford factory. Detectives of homicide and Italian squads have been assigned to the case.

NO LABOR TROUBLE IN FINLAND

London, April 28.—(A. P. Correspondence)—Finland has no labor difficulties, declared its foreign minister, Dr. R. Holste, who is on a visit here, in explaining the steadiness and promise of his country's economic and industrial recovery. All the factories are working well, and they were able to export all sorts of timber products, wood-pulp, paper, textile goods and so on. They had a matter of fact, huge stocks of paper, but the difficulty was to obtain ships to export it.

"We are anxious," said Dr. Holste, "to have friendly relations with Russia. We are a little nation of three and a half millions of people and we don't want to attack Russians. We are becoming more and more an industrial country; we cannot compete with Russia in growing grain, and friendly relations with her will mean cheap food."

**FEAR BREAD LOAF MAY REACH 25 CTS.**

Washington Experts See Peril When Wheat Control Ends — Barnes Calls New Conference.

(New York Times.)  
Washington, May 18—Predictions are being made that the price of bread may go as high as twenty-five cents a loaf this year after government regulation of the price of wheat expires on June 1. That this may result from the breakdown of transportation, labor troubles, shortage of the grain and alleged manipulation of the market is thought possible by those familiar with the wheat market and general economic conditions.

Julius H. Barnes, director of the United States Grain Corporation, has now asked a conference of members of the cabinet, congressmen, railroad men and others here on May 19 to discuss this threatening situation and devise steps to meet the crisis. In a dispatch sent out today to the persons whom he invited he said:

"The approaching termination June 1 of the three years' stabilizing influence of the United States Grain Corporation requires earliest consideration. America's grain marketing machinery and its large credit needs formerly depended on the security afforded by hedging transactions in the great grain markets. These hedging markets will not be reinstated because of present hazards. The disorganization of Europe forces the purchase of their bread supplies by government officials, instead of through private merchants whose thousand differing opinions introduced a measure of

cushioning against violent price fluctuations.

"Conference May 7 of 400 representatives of wheat-handling and manufacturing trades, bankers and producers discussed the situation menacing not alone grain handling, but the credit structure of the country and resulting possible agricultural demoralization. I cannot face the termination of my office as wheat director without bringing these conditions to the attention of those who in conference may devise steps for their correction. These difficulties centre about inadequate transportation and disturbed credit, resulting in widening trade margins, affecting producer and consumer and possibly suspending the produce market entirely from time to time.

"No over emphasis in my judgment can possibly be laid on the need of some corrective steps." Those invited are Secretary Houston, Secretary Meredith, Governor Harding of the Federal Reserve Board, Attorney General Palmer, Chairman Clark of the Interstate Commerce Commission, Interstate Commerce Commissioner Henry Hall, Chairman Cummins of the Senate Interstate Commerce Committee, Chairman Each of the House Interstate Commerce Committee, Chairman Gronna of the Senate Commerce Committee, Chairman Haugen of the House Agricultural Commerce Committee, Hal Holden, president of the Burlington Railroad, and A. H. Smith, president of the New York Central Railroad, representing the trunk lines.

Ottawa, May 18—The loss of time on account of industrial disputes during April was greater than during March, 1920, but less than during April, 1919, according to the May issue of the Labor

Gazette. There were in existence at some time during the month forty-four strikes involving about 6,249 work people, and resulting in a time loss of about 84,099 working days, as compared with twenty-two strikes, 5,789 working people and 48,169 working days in March, 1920, and forty strikes, 13,470 work people, and 132,346 work days in April, 1919.

**PLANS FOR THE CLEAN-UP DAYS**

Special Meeting of Board of Health Outlines Campaign — May 26 and 27 Days Set.

A special meeting of the Board of Health and city officials was held yesterday afternoon in the Board of Health rooms for the purpose of considering details in connection with the holding of a clean-up day. Wednesday and Thursday, May 26 and 27, were the dates decided upon as it was considered that May 24 was generally used as a clean-up day in households and the official day following immediately after would be doubly effective.

Dr. William L. Warwick, medical officer of the sub-district of the Board of Health, was in the chair, in the absence of John Kelly, chairman of the board. Others in attendance were Mrs. R. J. Hooper, G. E. Blake, W. H. Gollins, T. M. Burns, secretary of the board, Richard Ingleton, representing the Boy Scouts, Commissioner Frink, of the public works department, Commissioner Thornton, of the public safety department, Commissioner Jones, of the water and sewerage department, and the street superintendent, Clifford Price.

Mr. Ingleton guaranteed that more than one hundred Boy Scouts would

volunteer to give notification to householders and said that the Scouts were already allocated to districts, so that the matter of systematizing the distribution would be easy. They would expect no recognition for their services other than appreciation, being pledged to help the place they lived in.

Mr. Price then gave the meeting a very clear idea as to how his men and teams would proceed in collecting barrels and boxes, etc., filled with the cleanings of private premises. He divided the city into districts as follows: No. 1, Sheffield street in the South End to Leinster street in the East End; No. 2, Leinster street to City Road; No. 3, City Road to Portland street, North End; No. 4, Portland street to Bridge street, Indiantown; No. 5, Germain street, West End, to Rodney street, West End; No. 6, Rodney street, West End, to Water street, West End.

He said two days would be necessary to complete the collection with twelve or fourteen teams and he emphasized the importance of impressing upon the householders that it was incumbent upon them to have the garbage receptacles at the proper line or street curbing where the teams passing could pick them up readily, facilitating the dumping of material from garbage cans into enclosed wagons and the carrying away of all barrels, etc., bodily. He drew attention to the fact that the free teams would not return any ordinary barrels and boxes and that though there would be a man with each collecting team householders would do a good service in assisting the team crew to make a quick transfer and add to the general efficiency of the scheme.

Commissioner Frink said that as the Board of Health had reserved \$200 of its funds for defraying the expenses of

the campaign he felt justified in promising that the City of St. John would give another \$200. Commissioner Thornton and Commissioner Jones readily assented to this statement.

Mr. Price, while pledging his department to exert itself to the utmost effort, suggested that private owners of trucks, slovens, dump carts and motor teams might lend them for clean-up day.

It was arranged that the collection of refuse should commence at 7 a.m. and conclude at 5 p.m. on both May 26 and 27, making it necessary for householders to have their barrels at the curb overnight. Reminder was given of the fact that there is a fine of \$200 under the

new health act for unclean premises and this, it was felt, would be an added inducement to the public to make the clean-up day a success.

*A Coach of Beauty Adorns This Silent Chalmers*

THE fine craftsmanship of coach building turned itself loose in this new appearing Chalmers. You observe a high front line and a low rear line, which a well known artist has said is the way a car should look.

You find nothing severe, however, about this Chalmers. It has a new elegance, a new grace; and yet a quiet reserve distinguishes the car from others.

Particularly does this appeal to you after you've been seated and touch your foot to the accelerator.

The silent flow of power, the notable harmony, the ease of the engine engage you.

And again you pay a compliment to Hot Spot and Ram's-Horn, which tackle the low grade gas of the day and make it perform...

Thus the beauty which the eye sees is enhanced by the beauty of action of its master engine; and you, too, say with so many others that Chalmers surely is one of the few great cars of the world.

**BABY WELFARE CAMPAIGN IN MONTREAL**

Montreal, May 17—At the official opening of the fourth annual Baby Welfare Campaign this afternoon, Hon. N. W. Rowell said that the government of Canada had been congratulated as possessing the first federal health department on the North American continent, but he added that the women of Canada as represented by the women's conference which met in Ottawa in 1918, were largely responsible for the establishment of that department.

At the conclusion of his address Mr. Rowell declared the exhibit, which was shown in Almy's Limited, open.

**WAR MATERIALS.**

London, May 17—A question concerning war materials which are being shipped from England to Poland was raised in the house of commons today. Andrew Bonar Law, the government spokesman, said they formed part of the supplies purchased by Poland last year and that they were being shipped by the Poles because they are the property of the Polish government.

Mr. Bonar Law added that Great Britain had sold Poland some surplus stores

Not like any other sauce—different—quite different.

**ALTITUDE MARK.**

Mincola, N. Y., May 17—The airplane altitude record for a pilot and three passengers, was broken here today by Clarence E. Coombs, who rose to the height of 17,170 feet, this is fifty feet higher than the altitude reached by Captain Lowell H. Smith, commanding officer of Puryear field in El Centro, California, last Monday.

Coombs formerly a sergeant in the American army air service, carried two newspaper men and an official of an airplane company.

This is the third time that the altitude record for a single motored plane has been broken within two weeks. Coombs set a mark of slightly over 16,000 feet May 8, and this was exceeded three days later by Captain Smith.

**KILLED BY AUTOMOBILE.**

Little Rock, Ark., May 17—Major R. B. Weinwright, Q.M.C., and Capt. S. O. Garrett, eighteenth infantry, both stationed at Camp Zachary Taylor (Ky.), were killed here yesterday when a motor car in which they were riding was wrecked.

**STEAMER WRECKED.**

London, May 17—The American steamer Lake Grafton, bound from Swansea for Copenhagen, was wrecked off Mounts Bay, Cornwall, on Saturday. The crew was landed safely. The Lake Grafton was a vessel of 1,610 tons.

**TROOPS FOR IRELAND.**

London, May 17—Questioned in the house of commons today on the number of troops being sent to Ireland, Andrew Bonar Law, the government leader, replied:

"I have no information to give on the subject, but we are sending and shall send whatever troops are asked for by the Irish executive."

**COST OF FOOD.**

London, May 17—The cost of food up to May 1 had risen to 146 per cent above the pre-war level and there is a prospect of its going still higher, says Charles A. McCurdy, minister of food in an official statement issued tonight.

Mr. McCurdy, however, points out that the price of food in England, is still lower than in France, Italy and Sweden and says it is not much higher than in the United States.

**STUDENTS ALARMED.**

Montreal, May 17—Fire of unknown origin set the high board fence in the rear of St. Mary's College, Bleury street, ablaze tonight and brought the collegians, some 300 in number, out of their beds in the belief that the college buildings were on fire. The firemen of the district had the flames under control within half an hour from the outbreak and the damage done was slight.

**READ What Men Like These Have to Say About The Salvation Army Jubilee Appeal—They Know!**

**Deny Yourself Something and Respond to This Appeal**

HON. N. W. ROWELL,  
President of Privy Council. Says:—

"I need hardly say that I consider the important social work which the Army is carrying on of very great practical benefit, particularly at a time like this. It expresses the Christian spirit of brotherhood, and that spirit was never more needed than today. I trust your Jubilee may mark the beginning of a new era of enlarged usefulness in the work of the Army."

HON. W. L. MACKENZIE KING,  
Leader of the Opposition in Dominion Parliament, says:

"I have through personal observation seen something of the service the Army is rendering humanity, not only in Canada and the United States, but also in Europe and the Orient. I shall esteem it a privilege to be included as one of the members of a Territorial Committee of Patrons who endorse the movement."

**ARE YOU WILLING?**

HON. SIR H. C. DRAYTON, K.G.M.G.,  
Dominion Minister of Finance, Says:—

"It is not necessary for me to wish you complete success. The measure of public confidence which the Army has always enjoyed, and which has been so remarkably enhanced on account of its war activities, assure a ready response to any appeal which the maintenance and extension of its work may make necessary."

D. B. HANNA,  
President Canadian National Railways, Says:—

"I have always been deeply in sympathy with the good work carried on by your organization, and, needless to say, it will give me a great deal of pleasure to act as a member of a Territorial Committee of Patrons."

BRIGHT COMEDY SCORES SUCCESS

St. Peter's Dramatic Club Delights Large Audience with "It Pays to Advertise."

"It Pays to Advertise," a three-act farcical comedy by Rol Cooper McGee and Walter Hackett, was presented in St. Vincent's auditorium last evening by St. Peter's Dramatic Club.

There are eleven characters in the play and although every part is important the plot is built around five characters.

It would be hard to find a better character for Ambrose Peale than Arthur B. Walsh, his business associate, who had a long and difficult part and upon whom the major portion of the comedy hinges.

William D. O'Connor as Cyrus Martin had one of the most important parts and it certainly has been placed in more capable hands. He is a clever actor and well deserved the applause he received.

At the monthly meeting of the Y. W. C. A. yesterday afternoon with the president, Mrs. John A. McVitty, in the chair, suggestions for enlarging the Y. W. C. A. were received.
