Government—Alfred West, W. A. Machum.

Government—Charles W. Hughes, George W. Dingee.

Government—Fred Magee, F. E. Bourgeois, F. L. Estabrook, Reid McManus.

Government—Franker—Dr. D. V. Landry, Col. John Shevada, Councillor David Roach.

First White Born On Vancouver Island Is Dead In England

George R. Langford Was Born in Governor Blanchard's Home in 1851.

Victoria, B. C., Sept. 29.—Word has been received here of the death at Hethurst, Sussex, Eng., of George Richard Langford, the first white man born on Vancouver Island, that event occurring in 1851 at Governor Blanchard's house in this city.

MacSWINEY IS IN LESS PAIN, RESTS BETTER

General Condition is Little Changed But He is Obtaining Some Sleep.

Belfast, Sept. 29.—A coroner's jury, inquiring into the death of James MacSwiney, 78 years of age, who was shot dead at his home in Kilmogh, South Donegal, when the military went to arrest his son, who is now a prisoner in Belfast jail, today returned the following verdict:

"He died from shock and hemorrhage caused by a revolver bullet wound inflicted by an officer of the British Army who accompanied a military sergeant accompanying him. We find the officer and the military sergeant guilty of wilful murder, which is accentuated by their not attending the inquiry."

London, Sept. 29.—The bulletin on Lord Mayor MacSwiney issued by the Irish Self-Determination League tonight says that his condition is little changed.

London, Sept. 29.—Notices have been posted in Drogheda bearing the following warning:

"Drogheda, beware; if in this vicinity a policeman is shot five of the leading Sinn Feiners will be shot. It is not coercion. It is an eye for an eye."

FIVE SINN FEINERS WILL BE SHOT FOR EVERY POLICEMAN

Warning Posted in Drogheda Declares Policy is "An Eye for An Eye."

Dublin, Sept. 29.—Notices have been posted in Drogheda bearing the following warning:

"Drogheda, beware; if in this vicinity a policeman is shot five of the leading Sinn Feiners will be shot. It is not coercion. It is an eye for an eye."

Government—J. B. Hetherington, Geo. H. King.

Government—Alfred West, W. A. Machum.

Government—Charles W. Hughes, George W. Dingee.

Government—Alfred West, W. A. Machum.

Government—Charles W. Hughes, George W. Dingee.

Government—Fred Magee, F. E. Bourgeois, F. L. Estabrook, Reid McManus.

Government—Franker—Dr. D. V. Landry, Col. John Shevada, Councillor David Roach.

FARM-LABOR COMBINATION AT CHATHAM

Labor Nominates Two Candidates and Farmers the Same But Four Unite.

MAY NOT CHOOSE THE LATE MEMBERS

Four Party Ticket May be in Running in Northumberland County Election.

Special to The Standard. Chatham, N. B., Sept. 29.—Northumberland county has been getting into life for the provincial election, and some very interesting developments are looked for, and the chances of any of the late members returning to Fredericton next session grows smaller daily.

Government, Opposition and Labor-Farmer combination is almost certain, and indications point to a fourth or straight independent ticket also being nominated.

THREAT TO STOP WORK DOES NOT SCARE FARMERS

Friends of Hon. Mr. Tweeddale Try New Way to Secure His Election.

Andover, N. B., Sept. 29.—Those who are working the county in the political interests of the Minister of Agriculture (the Hon. Mr. Tweeddale), in their zeal for securing his nomination and re-election are working a new club to drive voters to the Tweeddale course and government support.

It is claimed by these opponents of the Government and of Mr. Tweeddale that should the Government be defeated the Frasers will not go on with the work of developing the Tobique Narrows water power, and they argue this would be a detriment to the business interests of this county as well as the province.

Not Starting Farmers. The argument is not having any weight. It is well known that the Frasers have the power rights on the Tobique Narrows safely bottled up so that no one else can secure the privilege there if they wanted them.

It is not believed here that the Frasers ever seriously contemplated any construction work at the Narrows. Their real and greater activity is displayed in securing the rights to farm the Tobique which was primarily the forestall others who might want the water power of the province.

Will Not Stop Work. The electors here know the Frasers are greatly interested in Mr. Tweeddale and also have a great influence with the Government, but they do not believe a change in government would ever deter the Frasers from going on with any work of development on the Tobique if they had ever seriously contemplated such work. The argument of the Government supporters fails to be effective.

PREMIER DRURY DENIES LABOR MEN ARE BOLSHEVISTS

Oshawa, Ont., Sept. 29.—Premier E. D. Drury, addressing a gathering here tonight under the joint auspices of the U. F. O. of South Ontario and labor men of Oshawa, hit back at Premier Arthur Meighen, of the dominion, for having, as Mr. Drury said, caused farmers and labor men with Bolshevists.

"I resent that. Can you call our record in the province Bolshevist? He added. Only thing the government had overturned was the worst system of forest planting in the North American continent."

DIED FROM RIOT WOUNDS. Belfast, Sept. 29.—Fred Blair, who was wounded during the rioting here last night, died today.

KILLED IN TRAIN WRECK. Watertown, N. Y., Sept. 29.—E. N. Kenyon, engineer of this city, was killed and others injured early today when a passenger train bound from Utica, to this city, was wrecked at Aider Creek.

ANOTHER WALL ST. DEATH. New York, Sept. 29.—The thirty-seventh death as a result of the explosion in Wall street, Sept. 16, occurred tonight when Theodore Peck, a passenger train bound from Utica, to this city, was wrecked at Aider Creek.

R. E. ARMSTRONG SECRETARY OF MARITIME BOARD

Problems of the Three Provinces Before Board of Trade at Amherst.

Special to The Standard. Amherst, N. S., Sept. 29.—At two o'clock today with the President, Mr. H. J. Logan, K. C., in the chair, the twenty-second annual convention of the Maritime Board of Trade began its first session, facing an agenda covering nine topics. The following delegates reported: Halifax—A. H. Whitman, G. E. F. Fred Pearson, A. Montgomery, R. A. Samad. Sydney—F. C. Kimber, R. R. Chaplin. A. W. McLennan, North Sydney—Geo. R. Robertson, Sydney Mines—S. R. Pinasco, Amherst—A. M. Campbell, Sackville—J. C. Avers, A. B. Copp. Moncton—Frank B. Danison, E. A. McSwaney, J. E. Masterson, St. John—R. E. Armstrong, Woodstock—A. D. Holyoke, Summerside—Leroy Holman, James Monson, F. D. Ramsey, W. J. Lyden, R. H. McDonald, J. B. Campbell, Alberton—S. H. Burke, A. J. McIsaac, J. E. Birch, Central Kings—S. H. Knight, T. G. Soxa.

President Logan expressed regrets at the enforced absence of Secretary Williamson, of Moncton, who had been expected to attend for years, but on account of illness is forced to relinquish his work. On motion of Messrs. A. H. Whitman, of Halifax, and P. C. Kimber, of Sydney, Mr. Robert Armstrong, of St. John, was selected as secretary.

Welcomed by the Mayor. President Logan called upon Mayor Ralston, of Moncton, who had welcomed on behalf of the town to the delegates. He responded pointing out some of the needs of the Maritime Provinces. His Worship emphasized the need of united effort if the rights of the three provinces are to be safeguarded. Continuing he drew attention to the efforts of Amherst along the lines of creating proper social and industrial conditions.

Following the Mayor's words of civic welcome, President Logan called upon Mr. H. M. Campbell, of the Amherst board, who on behalf of the Amherst board, welcomed the representatives. To the addresses of welcome replies were made by Messrs. Captain J. Masters, of Moncton, and Robert Holman, of Summerside. These gentlemen expressing in behalf of the visitors the pleasure at being in Amherst and an appreciation of the welcome extended.

Following the exchange of these courtesies the real business of the convention started with the taking up the question of reorganization of the Maritime Board. Such was decided on the passing of a resolution which moved that a committee be formed to investigate and report on the advisability of continuing the present organization or of forming a new one. The committee, which was composed of Mr. H. M. Campbell, of Amherst, Mr. Robert Holman, of Summerside, Mr. F. C. Kimber, of Sydney, Mr. J. E. Masterson, of St. John, Mr. G. E. F. Fred Pearson, of Halifax, and Mr. James Monson, of Summerside, were appointed.

Mr. John Smith, secretary of the Amherst board, in a speech surveying in a detailed manner the needs of education and recreation and the organization of a full time secretary, moved a resolution which was seconded by Blair McLaughlin and passed unanimously. "That the Maritime Board of Trade place itself on record as being in favor of the appointment of a permanent organization, at a salary to be determined by the executive, and that the matter of raising funds necessary for the salary and expenses of said organization be referred to a committee to report at this annual meeting."

The following committee was appointed by President Logan, to go into matters of reorganization and report back at Thursday's session: Messrs. Saunders, Halifax; Armstrong, St. John; Avers, Sackville; Higgins, Charlottetown; Dennison, Moncton; Holman, Summerside; McLennan, Sydney; Masters, Moncton, and the President.

Heb to thank you for the honor you did me last year in electing me President and to express my delight to see such a large number of delegates from the Maritime Provinces have so much needed co-operation. The growing strength of Western Canada, of which we Canadians, we all are proud, has had a tendency to lessen the influence of these Eastern Provinces and I sometimes think that at Ottawa, both sides of the House forget that there is an East as well as a West and a Centre.

The dreams of the Fathers of Confederation have not come true. There was difficulty in overcoming the consumption of Confederation. Our Maritime representatives pointed out how far removed we were from the big markets of Canada. But we were disappointed with promises, which should be as sacred as any Act of Parliament, that the Intercolonial Railway would be built and operated, not as a commercial enterprise, but as a public necessity and for a military standpoint.

Canals Made Free. As it was considered wise to make the Canals of Ontario free, it was also thought right in carrying out the terms of Confederation and in satisfying the different Provinces together, that the rates and charges of the Intercolonial Railway should be such as would encourage interprovincial trade. Up until a few years ago the old Intercolonial, under Maritime Province management, did a great work in building up trade between East and West. Then came a change. Railroads costing in the last twenty years over a billion dollars have been constructed, particularly for the benefit of Western Canada. These roads were not paying, in fact, were rapidly coming bankrupt. A money war was made between these roads and the old Intercolonial and in order to pay for the long loan section the promise of Confederation have been forgotten and the rates on the Intercolonial railway which carries eighty-five per

Beautiful Luxembourg Ruler Retires from World to Enter Church Work.

(Copyright, 1920, by Cross-Atlantic.) Brussels, Sept. 29.—The Grand Duchess Marie Adelaide, former ruler of Luxembourg is about to take the veil and join the order of St. Theresas at the Madeiras, Convent, Italy. Announcement to that effect has been officially made by the Bishop of Luxembourg. The Grand Duchess is very beautiful, and is known for her goodness, piety, and gentleness. On the heights of Mount Carmel, Modena, she intends to spend her time praying for the people who were once her subjects, as she is prominent in the proclamation of her abdication.

Born in 1894, the eldest daughter of the Grand Duke William of Luxembourg and Grand Duchess Marie Amalie of Prussia, she was proclaimed Grand Duchess on her father's death, but only took possession of the throne on her majority in 1902. She abdicated in favor of her younger sister on June 10, 1919.

Real Beliefs. "German workmen," he goes on, "who are not two-legged beasts but upstanding human beings, would never submit to the dictatorship of a few. He says they have nothing in common with men who 'are neither socialists nor communists and generally have only a vague understanding of politics, government and society.' They are mostly unable to read and write," Dittman continues, "and their horizon hardly extends beyond their own thesholds, as might have been the case of the German peasantry of the middle ages. And these men constitute 75 per cent of the entire population of the country."

"Blind passion and high ardor have idealized soviet Russia as a land where all the wrongs of the proletariat have an end. Hitlerite, the extinction of soviet Russia from western Europe has helped to crystallize and firmly establish these illusory conceptions," Dittman concludes.

FAITH IN POWER OF AMERICANS TO STAND ALL STORMS

Ex-President Taft Points Out Similarities Between States and Canada.

Winnipeg, Sept. 29.—Firm faith that the constitution of the Republic is built to weather all storms and that it will survive the present era of unrest, was expressed today by Hon. W. H. Taft, ex-President of the United States, speaking at a luncheon of the Canadian Club. His special subject with the guaranteed provision in the constitution for the liberty of citizen of the United States conceived for the protection of their property.

Nations Are Similar. The address was an admirable exposition of the American Constitution and showed the striking similarity as to fundamentals between the United States concept of liberty and that held by British peoples. He saw in the constitution, he declared, a guarantee of future progress and a guarantee of the extension and perpetuation of Christian civilization.

CIVILIZATION. The funeral of Laura Kathleen, little daughter of Mrs. and George D. Buchanan, 166 Millidge avenue, took place yesterday afternoon.

OBITUARY. Mrs. H. L. Moran. The residents of St. Martins and a host of other friends gathered for a service to hear the death of Clara S. wife of Dr. H. L. Moran, of West St. John. Mrs. Moran had been in poor health for several weeks. The call came for her at 2 o'clock on Wednesday morning. The body will be taken to St. Martins today (Thursday) for interment on Friday afternoon.

Mrs. Moran was the daughter of Mr. and Mrs. James Bourke, of St. Martins. Mrs. Moran has left, besides her husband, three children, two sons and a daughter; also three brothers and a sister, and her mother, Mrs. Bourke. Miss Ella and Allison reside in St. Martins.

Ernest Bourke is Comptroller of Finance at Ottawa, Harry W. Bourke is a dentist in Alberta. Mrs. Moran will be missed by her very large circle of friends in St. John.

Samuel Kaplan. John H. Touge, of Black River, received a telegram yesterday announcing the death of Mr. Samuel Kaplan, which occurred on Monday of this week, following an operation in a New York hospital. Mr. Kaplan was married only a year and a half ago to Mr. Touge's daughter, Lucy. The sympathy of a great many friends will be extended to Mrs. Kaplan in her sad bereavement.

CUT THIS OUT OLD ENGLISH RECIPE FOR CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES.

If you know of some one who is troubled with Catarrhal Deafness, head noises or ordinary catarrh cut out this formula and send it to them. You may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear, which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs, which is equally as dangerous. The following formula, which is used extensively in the damp English climate, is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions.

Secure from your druggist 1 ounce of Parmit (Double strength). Take this home and add to it 2 pint of hot water and a little granulated sugar, stir until dissolved. Take one teaspoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should be open breathing becomes easy and hearing improve as the inflammation in the eustachian tubes is reduced. Parmit used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or ear-noises hearing should give this treatment a trial.

REDS LIKELY TO MAKE DRIVE AGAINST HUNS

But Some Decare Workers Are Too Sane to Do Such a Thing Now.

Berlin, Sept. 29.—Only romancers and dreamers believe that the Russian Red army will eventually strike at Germany and seek to establish a soviet here with the aid of which it will make way on France, declares Wilhelm Dittman, the independent socialist member of the Reichstag.

Dittman, who was one of the German delegates to the Moscow communist congress, in an article in the Freiheit turns upon bolshevism, which, he declares, is an impossible system which can exist only in Russia because of the "crass ignorance of the Russian peasantry."

Real Beliefs. "German workmen," he goes on, "who are not two-legged beasts but upstanding human beings, would never submit to the dictatorship of a few. He says they have nothing in common with men who 'are neither socialists nor communists and generally have only a vague understanding of politics, government and society.' They are mostly unable to read and write," Dittman continues, "and their horizon hardly extends beyond their own thesholds, as might have been the case of the German peasantry of the middle ages. Real Beliefs. "German workmen," he goes on, "who are not two-legged beasts but upstanding human beings, would never submit to the dictatorship of a few. He says they have nothing in common with men who 'are neither socialists nor communists and generally have only a vague understanding of politics, government and society.' They are mostly unable to read and write," Dittman continues, "and their horizon hardly extends beyond their own thesholds, as might have been the case of the German peasantry of the middle ages. And these men constitute 75 per cent of the entire population of the country."

"Blind passion and high ardor have idealized soviet Russia as a land where all the wrongs of the proletariat have an end. Hitlerite, the extinction of soviet Russia from western Europe has helped to crystallize and firmly establish these illusory conceptions," Dittman concludes.

SCOTLAND YARD ASKS ABOUT DOUGHTY

(Copyright, 1920, by Cross-Atlantic.) London, Sept. 29.—Scotland Yard has requested the Canadian authorities to give a description and all details of John Doughty, secretary to Ambrose J. Small, who disappeared from Toronto last December and for whom a reward is offered for information leading to the arrest of Doughty, who is wanted for theft committed in the disappearance of Small.

POISONED BY BAD BREAD.

Monte Video, Sept. 29.—More than 400 persons in the town of Melo, 200 miles northeast of here, are suffering from poisoning due to eating bread containing arsenic. The poisoning of the bread is believed to have been accidental.

BOMB OFF IN CHICAGO.

Chicago, Sept. 29.—A Mark powder bomb which exploded in the 19th ward, but no one was injured. Mr. Powers said he believed the bomb was planted by political enemies.

Finest Living Room Furniture

Advertisement for J. Marcus, 30-36 Dock St. The prices on our splendid new Chesterfield Suites will actually be a revelation to you in the value-giving power of this store. An early visit to our showrooms will convince you of the wonderful values we are offering. See our attractive window displays, featuring a few of our Suites. THE LAY-AWAY PLAN—Furniture may be selected now, and a small payment will hold it for future delivery. COURTESY ALWAYS.

ANNUAL MEETING OF BIBLE SOCIETY

Upham and Simonds Branch Report a Most Successful Year.

Barnesville, Sept. 29.—The annual meeting of the Upham and Simonds Branch of the Canadian Bible Society is always an event of special interest, and this year the attendance was large and enthusiastic and promises to be the banner year in its history.

The President, James Kee, presided and special music was furnished by a selected choir. In his opening address the President referred to the fact that this Branch had now a history of over sixty years and was still more active than ever; he referred to the zealous interest and work of the late Rev. J. R. Lawson, who for more than twenty-five years was the President, also to Mrs. Andrew J. Currie who was the first collector, and is still living at 83 years of age, as well as, her husband; the secretary is their son, and active today in the work of the Society. At the suggestion of one of the speakers that Mrs. Currie be made a Life Member, practical effect was given to this by voluntary subscriptions in the sum of \$30.00 handed in at the meeting.

The contributions have always been liberal but this year an increase of at least, 50 per cent, is expected, in addition to the Life Membership. Rev. Nell McLaughlin spoke of the place of the Bible in the educational, social, moral, as well as religious life of the people; it easily had first place in literature and art and was the greatest force in the world. He pointed out how important to the missionary enterprises of all the churches and appealed strongly for financial support to carry on and fulfill its mission.

Rev. J. Heaney spoke of the Bible as the Word rather than the Book, his message was to the individual inquiring reverence for God, and a desire for Holy living. Every life was shortened and limited in its influence.

MR. F. L. POTTS ON PROHIBITION ENFORCEMENT

Extract from Official Report 6th April, 1920.

"The intoxicating liquor Act had been brought up. It had been placed upon the statute book by the party at present in opposition as a war-time measure, but the people who for fifty years had clamored for such a measure were not ready to give their support to the former Government which had made prohibition a fact. He had signed no agreement to vote for any amendment to this Act. If the people had no confidence in him he could stay home. Those who had signed such agreement were mere politicians. He did not speak as an opponent of prohibition, but he believed that a measure of that kind should have the support of the people before becoming law. A plebiscite had been expected last year and again there was mention of a possible vote this year. Did anyone connected with the Government receive anything from the liquor interests, that the present state of affairs should exist? Did the Government tell the Chief Inspector who were to be inspectors and who were to be vendors. Could anyone consider the Act as existing anything but a farce? Could the Chief Inspector appoint whom he liked? Personally he believed the Chief Inspector to be a good man for the position. He (Potts) believed in prohibition but he wanted it honest. He did not want an Act under which the rich man could get all the liquor he wanted and the poor man could get nothing except by prescription. Did the Chief Inspector know that ninety per cent. of the liquor sold by vendors was sold without prescription? Did he know that vendors would rather sell without prescription because they did not have to stick to Government prices? Could the Chief Inspector say that he was not meddled with by the Government? The law as enforced in the City of Saint John encouraged excessive drinking for it cost \$200 for a man to have liquor outside and \$8 to have it inside. There were bigger things to get after in St. John than a man in the street with a bottle on him or a man getting off a train carrying a flask. If the facts were not given he (Potts) would force an investigation."

USE SURPLUS TO PAY CO

AT OLD F

Toronto Declares Does Not Need Rates to Meet Ottawa, Sept. 29.—P. E. Gougar, president of the Ontario Railway Board, has declared that the higher rates to the railways at the afternoon session of the cabinet, G. H. Gougar, outlined for Toronto, making the C. P. R. has been more in revenue than has any to pay fixed charges and maintain a reasonable surplus in the event of a surplus, it should be used to take abnormal year. That the order of board means that for as the C. P. R. is entitled to fixed charges and dividends, it should be used to take abnormal year. That the order of board means that for as the C. P. R. is entitled to fixed charges and dividends, it should be used to take abnormal year. That the order of board means that for as the C. P. R. is entitled to fixed charges and dividends, it should be used to take abnormal year.

MONCTON WOMAN SHOOT A MOOSE

Special to The Standard. Moncton, Sept. 29.—Miss Maud R. Major has returned from a successful hunting trip on the Miramichi. Miss Major brought back with her a moose and two deer, one of the deer being the largest shot in the vicinity of the Miramichi for some time, weighing 360 lbs. and having a spread of 36 inches, the other deer had a spread of 30 inches and the moose 60 inches.

ECZEMAT

Dr. J. Roy Campbell on Provincial Affairs. From Official Report, 1920. "The hon. Premier has expressed pleasure because the House had met once again with few members absent. On his (Campbell's) side of the House they could not forget that they had a vacant chair which showed that one of the most important Counties of the Province was disfranchised. Personally he could not see how a Government claiming to conduct the affairs of the Province in a business-like manner could sit by and realize that one of the most important constituencies was without its full representation. Hon. members attended sessions to criticize acts of the Government and pass upon items of business. Some times he believed that it was almost useless to come. The House considered various matters and dealt generously with the departments, only to find at the next Session that in one department for permanent roads alone there had been huge expenditures made under special warrants. What was the object in lopping off small items in the estimates if this course could be pursued? Was it fair to the hon. members? This was what produced the deficits. The hon. members for Kent had said that the deficits were bad and such a remark from the Government side was encouraging. New Brunswick had a fair domain, good climate and intelligent people and yet her debt was piling up and her influence in Canadian affairs not increasing. The hon. Provincial Secretary had informed the House that deficits were incurred because the people wanted the money spent. He did not believe that. The people did not want money squandered, and when an election should come around the Government would be confronted by a serious situation. The hon. Premier had expressed the opinion that the deficits could be made up. He hoped that could be done. The hon. Provincial Secretary dealing with the deficit had remarked that Ontario also had had a deficit. There was no comparison with New Brunswick and that Province with its great wealth and huge population. A fairer comparison could be made with British Columbia and that Province had had a surplus of \$1,000,000. Old friends of the House, Price, Waterhouse & Co., again had appeared. Just where that excellent firm fitted in the scheme of provincial finance he could not say. Last year he (Campbell) had drawn attention to the fact that a statement of audit had not been signed. The hon. Provincial Secretary had said he would see that it was signed. He did not recollect that such had been done, but the hon. Provincial Secretary may be able to give the information. Much was said upon the Government's side with regard to the audit Act, but that measure was substantially the same as that of the Hazen Government. The Auditor General had come to be termed the Comptroller General, but the terms of the Act, nevertheless, required that that official maintain a continuous audit. Under the circumstances why were two auditors necessary? Why need Price, Waterhouse & Company appear at all? This firm seemed to be introduced as a solace for the hon. Premier and the Comptroller General, who should be the auditor was relegated to a subordinate position in the office of the hon. Provincial Secretary-Treasurer."

DR. J. ROY CAMPBELL ON PROVINCIAL AFFAIRS

From Official Report, 1920.

"The hon. Premier has expressed pleasure because the House had met once again with few members absent. On his (Campbell's) side of the House they could not forget that they had a vacant chair which showed that one of the most important Counties of the Province was disfranchised. USE SURPLUS TO PAY COSTS AT OLD RATES

Toronto Declares C. P. R. Does Not Need Higher Rail Rates to Meet Bills.

Ottawa, Sept. 29.—Proceeding with his argument against the raising of higher rates on the railway of Canada at the afternoon sitting of the cabinet, G. R. Geary, corporation counsel for Toronto, maintained that as the C. P. R. has been collecting more in revenue than has been necessary to pay fixed charges and dividends and maintain a reasonable surplus, the excess surplus should now be used for the better of the public from which the money was collected.

He recognized that a railway should have a surplus, but in this instance the surplus in hand was an unreasonable amount and a portion of it should be used to take care of an abnormal year.

That the order of the Railway Board means that for all time to come the C. P. R. is entitled to pay its fixed charges and dividends and keep on piling up a surplus, was the next assertion made by Mr. Geary. This order was unnecessary, he said, because the company possesses realizable assets of many millions, and no one can reasonably claim that it is not able to finance itself.

Wait is Advice
Mr. Geary advised the government to wait for a year or two when the real facts as to the position of the C. P. R. could be ascertained before deciding to allow the new rates to remain in force. The effect of a continuance of present rates would be bad on the general life of the people. It would put the stamp of authority on high prices and continue indefinitely the high cost of living.

The rates once in force would be hard to remove. They would not be an incentive to economy or a check to extravagance, but a license to go ahead with huge expenditures. The judgment of the railway board throughout, he declared, was permeated with misconception of the rights of the people. All through it there was shown sympathy for the rights of the company rather than for the equally important rights of the people of Canada.

Mr. D'Arcy Scott, counsel for the shareholders of the railway, former member of the Railway Commission, asserted that Chief Commissioner Curvell had erred seriously in his judgment that the rights of the shareholders should take precedence over the position of the government system of railways. Fair rates, he said, must be based upon the operating conditions and traffic of the roads concerned.

Suggests Two Rates
In answer to a question by the Prime Minister, Mr. Scott said that in his view the government was justified in fixing one schedule of rates for the Canadian National Railways and another for the C. P. R. Murmurs of protest from some of these presents greeted this remark.

At any rate, continued Mr. Scott, the condition of the government railway could not be considered in fixing rates. Until the time came when the Canadian National Railways could look after themselves, their owners, the people of Canada, must look after them. If the cabinet had any conception of incidence in the matter, Mr. Scott said that he would like the supreme court to pass upon the legal right of the railway commission to fix rates for the C. P. R. on the basis of the Canadian National requirements.

No. C. P. R. Increase
In closing, Mr. Scott asked that the C. P. R. should not be given any increase at the present time, but that the matter should remain in abeyance until the company makes its statement for 1921. If it could then be shown that the company had seriously impaired its reserves, no one would offer further objections to higher rates.

A. C. MacMaster, on behalf of the Toronto Board of Trade, stated that, while business men did not desire to see the position of the railway impaired, they would follow that which would be shown to be the best for the nation and the surplus of any railway. Under the terms of the judgment it was highly probable that the railway would be able to pay a surplus of many millions to the five hundred million the company has gathered in past years. This company, Mr. MacMaster had never been called upon in the past to encroach on its surplus, and it should be willing to take some risk of having to do so now.

Permanent Passenger Rates
Mr. MacMaster next advanced the contention that the Railway Board had gone wrong in deciding that the increased passenger rates should not be made permanent. In his opinion they should be permanent and the reductions should take place in freight rates. This because in recent years freight rates have been increased by nearly one hundred per cent, and passenger rates by only fifteen per cent.

C. B. Watts, representing the Dominion Millers' Association, appealed to the cabinet to grant any advance in the rates on grain and grain products.

Fruit Growers Objected
A. E. Adams, of Annapolis, N. S., presented objections of fruit growers in the Annapolis Valley to the freight rate increase on apple growers in Nova Scotia, he said, found their market chiefly in England and were unable to pass on to the customer the increase in rates. At a round table conference between representatives of the Dominion Atlantic Railway and Annapolis Valley Apple Growers, a local increase in freight rates was agreed upon. Now, this would be superfluous if the increase granted by the Railway Commission. Since 1915, apple growers of the Annapolis Valley had met five increases in rates and last year many of them did not make enough to cover railway and ocean freight charges.

FAKE LIBERTY BONDS CIRCULATE

Startling Charge Made by the Assistant Registrar of the United States Treasury.

Washington, Sept. 29.—The startling charge that many millions of dollars in duplicate numbered Liberty Bonds are in circulation in the United States, was made public today in a letter sent to Secretary of the Treasury Houston, by J. W. McCarter, who recently resigned as Assistant Registrar of the Treasury.

Mr. McCarter also alleges that millions of dollars worth of other Liberty Bonds, which were paid off by the Treasury, but were never cancelled, are also again in circulation. Many such bonds he says, have been stolen from the Treasury.

If Mr. McCarter's allegations are true, then many bonds now held by some of the 21,000,000 Liberty Bond subscribers have already been paid off by the Government. It would appear, however, that this startling news, being due to the alleged carelessness of the Government, will fall upon the Treasury, and not upon holders of the bonds.

In his letter, Mr. McCarter gives a long list of bonds, with their numbers and denominations, which, he declares, were redeemed and reached the paid-off securities vault for destruction just as they were originally issued, without being cancelled or marked "paid" in any manner whatever.

EIGHTEEN MONTHS TO START TRIAL OF ALLEGED MURDERER

Landru is Charged With Murder of Eleven Wives Near Paris.

Paris, Sept. 29.—(Associated Press).—The "preliminary investigation" in the case of Henri Landru, whom the police refer to as the Gambals Bluebeard and hold responsible for the disappearance of eleven women from whom he had promised marriage, has just been concluded. It has lasted 18 months.

All the documents in the case, amounting to over 5,000, have been turned over to the Prosecutor General of the Republic by Judge Bonin, who concluded the preliminary investigation. The judge immediately left for a delayed vacation. He was accompanied by the good wishes of Landru, who told the judge that it had been a great comfort to him to make his acquaintance and that he hoped the feeling was mutual.

Landru has consistently refused to answer the questions of Judge Bonin and has made the investigation so difficult as possible for the magistrate. It is the feeling in court house circles that the case against Landru is weak and much doubt is being expressed as to the chance of conviction for murder against him. The eleven women have simply vanished into thin air. The "corpus delicti" is lacking in the case. Bones were found in the villa occupied by Landru at Gambals and the prosecution will contend the defense will call experts to swear they are rabbit hump, and dog bones.

Landru is confident of acquittal and is already considering offers from moving picture concerns in the event of his being freed.

FEEDING "OLD HICKORY" TROOPS GREAT PROBLEM

Asheville, N. C., Sept. 29.—Three thousand chickens, 400 dozen eggs, 1,000 dozen tomatoes, 400 bushels sweet apples, 300 bushels potatoes and other great quantities of food are being amassed here to feed the Old Hickory (31st) division veterans during their two-day reunion, Sept. 28 and 29. Approximately \$20,000 has been raised for the expenses of the reunion.

Governors Roberts of Tennessee, Cooper of South Carolina, and Bickett of North Carolina, Secretary Daniels, Major-General George W. Head and former commanders of the division, are on the programme as speakers. Sir Auckland Geddes, British Ambassador to the United States, General Pershing and Major General Wood have been invited.

It is the fact that they had agreed to a local increase in freight rates on apples.

You should bring it before the railway commission," Sir George Foster suggested, and Mr. Adams agreed that this would probably be the proper course to follow.

"DANDERINE" Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys Danderine. After an application of "Danderine" you can not find a fallen hair or any itching. Besides every hair shows new life, vigor, brightness, more color and thickness.

LIBERAL HEAD SAYS MEIGHEN GOVT IS "RED"

Hon. W. L. Mackenzie King's Starting Charge Made at Victoria Meeting.

Victoria, B. C., Sept. 29.—The Hon. W. Mackenzie King, leader of the Liberals of Canada, continued his Pacific coast tour with a meeting here tonight. Referring to an Ottawa despatch quoting Mr. Ballantyne, minister of marine and fisheries, as denying that money was spent on contracts for German residents in the plebiscite area, a freight car which had been manifest as "furniture" and closed when opened at the town of Hindenburg, to contain 980 German military rifles, eight machine guns and a large amount of ammunition. The government's discovery was a matter partly abated by the admission of the French General Leroind, president of the International Plebiscite Commission, that the Germans charged that the Poles are smuggling arms in large quantities into Upper Silesia are true.

General Leroind declared gun-running activities to be a matter of daily occurrence and making the disarmament of the civil population as desired by the commission all most imminent. The general in October confirmed the observations of the Public Ledger's correspondent in his recent visit to Upper Silesia and here cast his conclusions that in regard to the stripping of trouble both sides were tarred of the same stick and that a plebiscite is impossible until peace and order has been restored in this cockpit of civil war.

Imperial Justice.
General Leroind declares the commission intends to serve out stern, impartial punishments to the leaders and members of partisan bands in the region of armed terror which now prevails throughout the province. Whenever these are caught they will be imprisoned. With reference to the charges of a new outbreak, it is planned that any one undertaking to stir fresh trouble can expect an unpleasant awakening.

Mr. Meighen and his colleagues, he declared, made it clear that they regarded the demand by government for voice in control of internal policies and in control of industrial activities as evidence of a desire to establish Soviets in this country.

"We of the Liberal party," he said, "think the Government has mistaken the real Bolshevik movement; we believe that it is the Government, not labor, that is Bolshevik."

Blames Marine Policy
William Duff, M. P. for Lunenburg, N. S., said that if Canada was ever to take her right place among the nations, a large merchant marine must be built up, but that the present maritime policy of the Government makes it impossible to establish a fleet of Canadian ships.

Mr. Duff said that when the Minister of Marine was asked in Parliament he had stated that the ships had a net profit of about \$1,000,000 and a credit in cash and Victory Bonds, but that when the Minister filed a statement it was found that he concealed \$800,000 in cash and bonds, and that also, although he told Parliament five per cent had been put to rest account for depreciation it could not be found in the statement rendered by him.

Motor Car Race St. John To Halifax

Thousand Dollars Subscribed for a Free For All Pleasure Car Event.

Halifax, N. S., Sept. 29.—One thousand dollars was subscribed yesterday for a free-for-all pleasure motor car race from St. John to Halifax, it was announced at the Halifax Commercial Carnival Headquarters here tonight.

The auto race will pass through St. John, Moncton, Sackville, Amherst, Truro, and other towns. Automobile agents in the various towns will offer cash prizes for the car which reaches its respective town first.

St. John automobile men are enthusiastic over the race and have wired several entries for the event. Truro and Amherst have also entered cars. More entries for the big event are expected today. The race will be the first of its kind held in Eastern Canada. Certain rules will be laid down by the committee when the entries for the race are all in. A suitable place will be selected in or near Halifax for the race to finish. The course will be announced later. This course will be patrolled and every precaution will be taken to avoid accidents.

More particulars regarding the race will be announced tomorrow.

CLAIM MONTREAL EDITOR'S PAPER CORRUPTS MORALS

Five Charges Are Laid Against "Montreal La Nuit," a French Weekly.

Montreal, Sept. 29.—George Henri Robert, publisher of a weekly paper called "Montreal La Nuit" equated today Judge Lacombe in a Quebec court today, charged with having "without justification and legitimate excuse" exposed to public view and put in circulation or distributed, printed material, to wit a newspaper, "Montreal La Nuit, which tends to corrupt morals."

GERMAN STORES FOR SILESIA HELD

Allied Commission Finds Car Manifested as Furniture Full of Arms.

(Copyright, 1920, by Public Ledger, Company.)

Berlin Sept. 29.—The outcry of the government of the Polish population in Upper Silesia in preparation for a new outbreak received a painful setback by the interception by the inter-allied Commission of a carload of arms and ammunition destined for German residents in the plebiscite area. A freight car which had been manifest as "furniture" and closed when opened at the town of Hindenburg, to contain 980 German military rifles, eight machine guns and a large amount of ammunition. The government's discovery was a matter partly abated by the admission of the French General Leroind, president of the International Plebiscite Commission, that the Germans charged that the Poles are smuggling arms in large quantities into Upper Silesia are true.

General Leroind declared gun-running activities to be a matter of daily occurrence and making the disarmament of the civil population as desired by the commission all most imminent. The general in October confirmed the observations of the Public Ledger's correspondent in his recent visit to Upper Silesia and here cast his conclusions that in regard to the stripping of trouble both sides were tarred of the same stick and that a plebiscite is impossible until peace and order has been restored in this cockpit of civil war.

Imperial Justice.
General Leroind declares the commission intends to serve out stern, impartial punishments to the leaders and members of partisan bands in the region of armed terror which now prevails throughout the province. Whenever these are caught they will be imprisoned. With reference to the charges of a new outbreak, it is planned that any one undertaking to stir fresh trouble can expect an unpleasant awakening.

Mr. Meighen and his colleagues, he declared, made it clear that they regarded the demand by government for voice in control of internal policies and in control of industrial activities as evidence of a desire to establish Soviets in this country.

"We of the Liberal party," he said, "think the Government has mistaken the real Bolshevik movement; we believe that it is the Government, not labor, that is Bolshevik."

Blames Marine Policy
William Duff, M. P. for Lunenburg, N. S., said that if Canada was ever to take her right place among the nations, a large merchant marine must be built up, but that the present maritime policy of the Government makes it impossible to establish a fleet of Canadian ships.

Mr. Duff said that when the Minister of Marine was asked in Parliament he had stated that the ships had a net profit of about \$1,000,000 and a credit in cash and Victory Bonds, but that when the Minister filed a statement it was found that he concealed \$800,000 in cash and bonds, and that also, although he told Parliament five per cent had been put to rest account for depreciation it could not be found in the statement rendered by him.

OBITUARY.

Charles P. Thorne
The many friends in St. John of Charles P. Thorne will learn with regret that this popular young man died at his home in Charlottetown last Saturday and was buried on Monday.

Mr. Thorne was well known in this city, having for some time been in the employ of D. S. Reid, in the Red Studio, Charlotte street. In the fall of 1918 he contracted the flu. He went to his home in September of that year and had been confined to his home until the time of his death. While in St. John he was a lover of horse racing, and on a few occasions officiated at some of the meets on Moosepath Park track.

SANE REVOLUTION ACHIEVED IN ITALY

Great Social Movement Has Been Accomplished Through Peaceful Means.

(Copyright, 1920, by Public Ledger, Company.)

Milan, Sept. 29.—Premier Giolitti's meditation has succeeded in settling the metal industry struggle. The result practically amounts to a complete workers' victory, all the more important in that the principle of participation of the workers in technical and administrative control of each firm will be adopted not only in factories and the metallurgical industry but in every other branch of Italian industry.

It is a momentous step which will be followed with deep interest by every other country. Its importance is derived from the fact that the movement is only a substitute for a labor revolution; in fact, war we have lived through the last few weeks in Italy is a sane revolution. Instead of violence and bloodshed a great revolutionary social movement has been accomplished in an orderly fashion through peaceful means, without the political regime being altered or even so much as the cabinet being changed.

There are many optimists who think the most dangerous period is over, and that Bolshevism in Italy will become harmless now that the Italian workers have got what no Russian will ever possess "a direct interest in their own industry."

CANADIANS WON AT WRESTLING

Montreal, Sept. 29.—In two wrestling features put on at the Mount Royal Arena here tonight, Sakuroza Chevalier, the French heavyweight wrestler defeated Jack Marowitz, of New York, after one hour and five minutes wrestling with a leg and scissors hold.

In the other bout Eugene Tremblay, Canadian lightweight wrestling champion, successfully defended his title against Young Gotch, of Utica, taking two straight falls, the first in 18 minutes, and the second in 15 minutes later.

MARRIED.

CLARK-CAMPBELL.—At St. David's Presbyterian church, St. John, N. B., Sept. 28, 1920, by the Rev. J. A. MacKeigan, B. A., Constantine Bliven youngest daughter of Mr. and Mrs. G. Wilford Campbell, to Harold Olive Clark, son of Mr. and Mrs. A. R. C. Clark, all of this city.

SPRINGER - WETMORE.—In St. David's church, on September 29, by Rev. J. A. MacKeigan, Emily Elizabeth, daughter of Mr. and Mrs. Edward S. Wetmore, to William White Springer, of Houston, Me.

SPEIGHT-VAIL.—At 80 Main Street, St. John, on September 29th, by Rev. D. Hutchinson, D.D., Charles Hiram Speight, of Welsford, Queens County, to Miss Florence B. Vail, of Brockway, York County.

A Woman Likes To Be Admired, No Matter How Old She May Be

Nature undoubtedly made woman to be admired, made woman to be admired, and man to admire her. No woman ever gets so old that she doesn't want admiration, and no man ever gets beyond admiring her. Good looks in woman do not depend upon age, but upon health. A woman's health depends more upon the distinctly feminine organism than upon anything else. Between that organism and her beauty there is the closest connection. You never see a good-looking woman who is weak, run-down, irritable, out of sorts, fitfully nervous. Headaches, backaches, dragging-down and troubles of that sort are all destroyers of beauty. Men do not admire sickness.

It is within the reach of every woman to be well, healthy and strong if she will take Doctor Pierce's Favorite Prescription. It is the safest woman's tonic because it is made entirely of roots and herbs, without alcohol. (Ingredients on label.) It is fifty years old, and its age testifies to its goodness. A medicine that has made sick women well for half a century is surely good to take. Women from every part of Canada testify to its merits.

Send ten cents to Doctor Pierce's Invalids' Hotel in Buffalo, N. Y., for a trial package and confidential medical advice.

Overseas Trade Made Us Prosperous

Will Keep Us Prosperous

(Copyright, 1920, by Public Ledger, Company.)

Montreal, Sept. 29.—In two wrestling features put on at the Mount Royal Arena here tonight, Sakuroza Chevalier, the French heavyweight wrestler defeated Jack Marowitz, of New York, after one hour and five minutes wrestling with a leg and scissors hold.

Abbey's EFFERVESCENT SALT

"My Skin is Clear at Last"

Pimples, Boils and Other Skin Eruptions are caused by impure blood—often due to indigestion or constipation

Abbey's Effervescent Salt is the simplest and most efficient blood purifier that can be used; and is the ideal tonic-laxative for the whole system.

MR. L. P. D. TILLEY ON THE WORKMEN'S COMPENSATION ACT

From Official Report, 25 March, 1920.

"He had been surprised that hon. members on both sides, especially Ministers who had spoken, had failed to make but a passing remark in reference to the Workmen's Compensation Act. He considered the report of that Board one of the best submitted to the House, and its work was certainly rendering a wonderful service to working men and their families throughout the Province. The last fiscal year showed that there were 2,115 payrolls contributing out of an estimated payroll of \$20,396,000. The accidents during the year considered by the Board totalled 2,746 with 37 deaths. The heaviest casualties occurred under classes two and seven, the former taking in lumbering and pulpmill industries, the accidents totalling 573. Class seven covered transportation and navigation and the accidents numbered 98. While every County contributed its number of accidents, those showing the heaviest lists were St. John with 525, Westmorland 144 and Northumberland 137. In August last the Board had recommended payment of first aid and hospital care in addition to the regular compensation. The question of first aid had been found a difficult one and he heartily approved of the Board's recommendation that full medical aid be provided during disability. He had heard individual criticism of the cost of management in connection with the Board. Was it so heavy after all? The total assessment collected during the last fiscal year amounted to \$427,854 and the administration expenses \$32,821. That was less than ten per cent, and he would like to know what accident or life insurance company could show a less cost of management in proportion to premium receipts. He would say a word in regard to the investment of the funds. He noticed that over \$300,000 had been invested in Government and municipal securities. He also noted that the books had been audited by a most careful and efficient chartered accountant in the person of R. A. McIntyre.

Hon. Mr. Foster—He was appointed by the Government.

Mr. Tilley, continuing, said he was quite aware of that. Both the present and the former governments had taken credit to themselves in regard to the carrying out of the Workmen's Compensation Act, but they should not forget to give credit to labor's representatives who for many years advocated the adoption of the measure and stood by it until it was safely launched on the statute books."

A STORY OF INTEREST TO THE MEN OF ST. JOHN

Reproduction of an advertisement that appeared in the Winnipeg Free Press during 1916. While the prices of clothing has advanced in the last four years, ROBINSON'S UPSTAIRS CLOTHES SHOP still saves you from \$10 to \$20 on every suit or overcoat.

"WALK UPSTAIRS AND SAVE TEN"

A Court Decision That Means a Saving to Every Man in Canada

ROBINSON'S
\$15.00
CLOTHES

HERE IS THE PROOF

Don't take my word! Read it for yourself.

(Extract from Manitoba Free Press, Nov. 2, 1916.)

TEXT OF STATEMENT.

In dismissing the charge, Sir Hugh John McDonald, said, in part:

"Having gone carefully into the evidence given in this case, and tabulated that of the experts called by the crown I come to the conclusion that it is not necessary for me to call on the learned counsel further as I am satisfied that on the evidence given, the crown has not established a prima facie case.

"I might have not come to this conclusion were it not for the evidence of Mr. Lambert, the last witness, who identified a number of suits produced by the defense, and put in as lettered exhibits, and which enabled me to understand the evidence given by the crown experts respectively. With that evidence before me, and looking at the evidence given by the experts it seems to me that all it established is this: that some of these suits are better and some worse than the suits bought in downstairs stores and some of equal value, and on that I could not find a prima facie case has been established."

Come Here
any day in the
Year and Pay

Have you heard about the suit which was instigated against Robinson's Upstairs Clothes Shop, in the Winnipeg Police Court, on October 10th by the Retail Merchants' Association, in which they allege my false statements made in advertising?

This suit was filed against me in the interests of a large body of ground floor "Clothing Merchants" located in one of the cities in which I operated stores.

The case was dismissed by the magistrate, Sir Hugh John McDonald, entirely on the evidence introduced by the prosecution and without the defence having to put a witness on the stand.

This particular case with which I was charged stated that I sold the "very clothes" for \$15 for which the "Ground Floor" clothiers charge \$25, and that I sold them every day in the year.

The charge could not have been very much stronger, and it was incumbent upon me to prove the fact. There were 28 suits produced in court, some of which had been purchased from me for \$15, and some of which had been purchased from the Ground Floor Clothiers at from \$25 to \$27.50. After listening to the opinions put forward by five experts for the Crown (all tickets and identification marks having been removed from the garments) for a period covering three weeks.

This is the first time in any court that any merchant has ever **PROVED ABSOLUTELY THAT HE IS UNDERSELLING HIS COMPETITORS 40 PER CENT.**

Just think what this decision means to you men of St. John and all of Canada!

Just think what it means to you in future to know that you can save \$10 to \$20 every time you buy a Suit or Overcoat!

No advertised Bargain Sale—no so-called Special Purchase Sale—no promise of savings by any individual or firm through any advertising columns can mean to you a saving compared to what this court's proof absolute guarantee of mine means.

My love for my business was engendered by the love of the idea of finding a way to save the people money in an honest, straight-forward way—I loved the idea ever since I opened my first small upstairs shop in Montreal seven and one-half years ago with \$400.00 capital.

I have despised the idea of limping through life on the crutches of borrowed brains and precedent! From the first day I started I have dealt fairly and squarely with the public.

I have made the public my confidants, and always will, as it is only through truth telling and mutual confidence that I have built this wonderful business, in this short space of time to be the Largest exclusive Clothing Business in the Dominion of Canada. There isn't a single plank of sham, extravagance, or hypocrisy anywhere in the Robinson institution. It is through this very honesty that I expect to make the word Robinson a big word in the mouths of the men throughout Canada; to make the word Robinson wherever it is heard or seen in connection with clothes buying—to mean and stand for an ABSOLUTE GUARANTEE OF SAVING \$10 TO \$20.

I have always courted the closest investigation of my principles and methods, and the result of this trial is but the CLIMAX OF MY AMBITIONS! It is only through honest methods, square dealing and honest values that I have sold over 200,000 garments and SAVED THE MEN OF CANADA OVER \$2,000,000.

From the first minute that I started Square-Deal Institution, I have cut out all pomp and false display; have cut out the ground floor rents, elaborate window displays, decorated ceilings, velvet hangings, cut-glass chandeliers, losses on charge accounts, delivery service, and every cent of extravagant expense that makes it necessary for you to pay more for your clothes than the actual value of the clothes themselves.

Own your own mind and let us hope it isn't furnished on the instalment plan with ideas picked up here and there from other men for whom the ideas of long ago were good enough.

This is the AGE OF TODAY.

This is the City of "I WILL."

This is the one spot in the world where we have the right to expect more independent thinking, more self-deciding brain power than anywhere else on earth.

St. John men have the reputation of thinking for themselves.

Figure for yourselves the results of this law suit.

Figure for yourselves the results of what it has established.

I leave the public to draw their own conclusions as to why this action was brought.

I leave the public to draw their own conclusions as to the honesty of my methods and intentions.

JAPAN USING RACE ISSUE TO FORCE CLAIMS

Crystallizing Nipponese Sentiment for Showdown With America on Shantung.

WANT RECOGNITION OF ASIATIC INTERESTS

Propose a Joint Body to Delay Final Settlement Until After Presidential Election.

Washington, Sept. 29.—Japanese statesmen, it became apparent today from the expressions of those who have been in close touch with the negotiations now going on between officials of the State Department and Ambassador Shidehara, are forcing the California situation to the front in Japan for the purpose of solidifying sentiment on this issue so that it may prepare for the far graver step that will come when Japan demands a show down with the United States on the question of the "special interests" to be enjoyed by Japan in the Far East.

SOVIET JOKER HIDDEN AWAY IN PEACE PACT

Terms Proposed by Russians Less Acceptable to Poles on Closer Analysis.

Copyright, 1920, by Public Ledger. Riga, Sept. 27.—That the end of the Russo-Polish hostilities was in sight and the delegates at today's session could immediately proceed with the work of drafting an armistice stabilizing the long-disturbed conditions in Eastern Europe was the first impression of all listening yesterday to the negotiations at Minsk and the midwives of the Polish counter-proposals.

EARL GREY HAS PLAN TO SOLVE IRISH TROUBLE

One Army, Navy and Foreign Police for Great Britain and Ireland But Self Rule.

London, Sept. 29.—Viscount Grey, former Ambassador to the United States, in a letter to the Westminster Gazette today puts forward new proposals for the solution of the Irish problem. He declares the present Home Rule Bill is not accepted by any one and says:

VISCOUNT GREY.

"The only practical policy that offers any prospect of success seems to me to have three cardinal points, first, a definite announcement that for these two islands of Great Britain and Ireland there can be only one foreign policy, one army and one navy, and that we cannot stand separation in these matters any more than the North could stand the separation of the South in the United States.

HONEST ADMINISTRATION

According to Foster Government Standards

In 1918 the Government assessed the Municipalities for Patriotic purposes \$518,000, well knowing that only \$400,000 was needed for the purpose. The balance, \$118,000, which on readjustment was reduced to \$99,079, they stole from the fund, and used it for general expenditure.

Here is how it was spent:

Interest on Potato Bonds	\$ 6,000
Halifax Relief	10,000
Halifax Public Works Dept.	1,003
Grant to Returned Soldiers' Commission	3,000
Grant to Great War Veterans' Association	4,000
Food Controller	1,605
Paid Guards at Legislature Buildings	3,375
Paid Guards at Reversible Falls Bridge	3,050
	<hr/>
	\$32,033

"The balance of the fund went towards the payment of the increased cost of labor and materials used in the various services of the Government brought about by war conditions. Having in view all the adverse conditions due to the war the statement that there had been an improper expenditure of the amount could fairly be denied."—Hon. Robert Murray, Pro'l Secy. in his Budget speech.

Was ever a clearer case of misappropriation shown up? First of all the Government levied for \$100,000 more than they knew they needed, then the taxes levied directly on the people for patriotic purposes were used to pay the increased cost of labor and material which had gone up in price!

Is this the sort of Honest Government the people want? Again: In 1917 the Government was authorized to fund the automobile fees, and use the proceeds for the construction of permanent roads. That year they issued \$400,000 bonds for road purposes, at 4 per cent. Instead of putting the auto fees on one side to repay these bonds, they changed the Act so that they need only pay off a certain amount each year. In the three years that have elapsed there has been received from auto fees, in 1917, \$61,664; in 1918, \$90,188, and 1919, \$151,584, making a total of \$268,436 altogether. After payment of interest, there would have been enough left to have paid off at least half the bond issue. As a matter of fact they have paid off just \$29,000 and have used the balance of the money for ordinary expenditures. Another clear steal.

Besides this they have borrowed \$750,000 more on Road Bonds to be used to make better roads for automobiles, yet the roads that the farmers and ordinary people use are left in the same almost impassable condition as they have been in ever since the present Government took charge.

Electors, how do these instances of so-called Honest Government strike you? And they are only samples!

GIVE YOUR VOTES TO THE OPPOSITION CANDIDATES ON OCTOBER 9TH AND PUT SOME CAPABLE MEN IN CHARGE OF PROVINCIAL AFFAIRS.

Will Not Embarrass

"That Japan has no intention of embarrassing America on the immigration question may be conceded at once. But she will resist and resent to the limit of her power what she considers unnecessary interference by the American Government in the affairs of that region where she claims a policy not dissimilar to the Monroe Doctrine."

Seek Right of "Special Interest"

Treating the sort of a policy, the Japanese are, it is understood, particularly anxious to obtain recognition of their right of "special interest" both so that they may expand in the Far East and so that their operations may be carried on without continual opposition from the other nations, among which the United States, as the originator of the "open-door" policy, is the leader.

MAKE SECOND GRADE BENZOL

Ottawa, Sept. 29.—A change in the regulations governing the denaturing of alcohol for industrial purposes, has been made with a view to making industrial alcohol available to the arts and industries at a more reasonable price than the present. Circulars are being sent out by the Department of Inland Revenue authorizing the manufacturers and sale, without restrictions, of a new grade to be known as grade two benzol.

PLEASANT EVENT

A pleasant surprise was tendered Miss Helen Turner, Tuesday evening, at the home of her parents, Prospect Point, Miss Turner leaves Thursday for Cuba, Me., where she intends to train for a nurse. About thirty friends from the Progressive and Enterprise Clubs of St. Matthew's Church spent an enjoyable evening in games, dancing and music. On behalf of the club Mr. Austin Galbraith, in a neat little speech, presented Miss Turner with a handsome umbrella in appreciation of her work. Refreshments were served and the party broke up in the wee small hours of the morning.

MRS. BERGDOLL GUILTY

Philadelphia, Sept. 29.—Mrs. Emma Bergdoll and her four co-defendants were found guilty last night of conspiracy to aid two of her sons, Grover and Erwin, evade the draft.

SEIZE LIQUOR AT MONTREAL

Montreal, Sept. 28.—During the past few days over \$7,000 worth of contraband liquor has been seized from automobiles passing over Victoria bridge.

Free For Own Rule

"Second, with this exception Irishmen must be as free as the peoples of the great self-governing Dominions to settle for themselves how their country is to be governed."

No Other Way Possible

"In no other way," continues Earl Grey, "can we bring home to Irishmen that sense of responsibility of which we have for centuries deprived or relieved them or lack of which, as I believe the deepest underlying cause of Irish troubles, of Irish disunion and of the failure of every attempt hitherto made to find a solution of the Irish problem."

"I'll tell the World"

Baby's Own Soap
The fragrant creamy lather of "Baby's Own Soap" and its absolute purity have won a great popularity. It's best for Baby and best for You.
ALBERT SOAPS LIMITED, MONTREAL.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all. Aspirin only "Bayer Tablets of Aspirin" is an unbroken "Bayer". There is only one Aspirin—"Bayer"—You must say "Bayer" package which contains complete directions. They are getting real Aspirin—the genuine Aspirin—prescribed by physicians for over nineteen years. Now made in Canada. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark registered in Canada of Bayer Manufacturing of West-Weinheim, Germany. While it is well known that Aspirin means Bayer, manufacturers to assist the public in the purchase of Aspirin Bayer will be stamped with their general trade mark, the "Bayer Cross".

The St. John Standard.

REPRESENTATIVES: Chicago, New York, Montreal, Toronto, London, Eng.

ST. JOHN, N. B., THURSDAY, SEPTEMBER 30, 1920.

PUBLIC HEALTH AND PERMANENT ROADS.

Government speakers and press are making the assertions that if the Opposition party is returned to power it will do away with the present Public Health arrangements. It certainly will. It will not do away with the Act itself, but will make such changes in the working of it as will, while not impairing its usefulness at all, cut the cost of operation in half at least. No one but a fool will contend that the maintenance of the health of the people is not a matter of the most vital importance, and no reasonable measure that will promote good health must be set aside or neglected. Put there is no sense whatever in needlessly wasting money over it. The operations of the Act as at present carried out are costing the municipalities from \$4,000 to \$10,000 a year, according to their size and population. Besides this, there is an army of officials of all sorts under the Government, whose salaries and expenses last year ran up over \$17,000, and will be considerably more this year. The public health can be satisfactorily maintained at very much less expense than it is at present costing, and when the Opposition party comes into power, it will see that the reduction in cost is made, without, as we said, in any way impairing the usefulness and efficiency of the Act. Then, again, there is the matter of permanent roads. Everybody knows that there is no such thing as a permanent road; at the best a road will only last for a few years. The policy of the Foster Government as carried out by Mr. Veniot seems to be to borrow to the limit and spend the money on what is at the best only repair work. The greater part of the money borrowed has been secured by twenty-year bonds, and it has all been spent. Is anyone foolish enough to suppose that these roads upon which which the money has been spent are going to last for twenty years, or even half that time? Mr. Veniot says he wants the appropriation for ordinary roads to be used on the branch roads, so how does he propose to keep the "permanent" roads in condition? It is all right to borrow money to make so-called permanent roads, but the roads should at least be built in such a manner as will ensure their lasting for the term for which the bonds exist. In five years or less every road that has been repaired out of the proceeds of the bond issues will need doing over again, and where is the money to come from? The province cannot afford to be swamped with debt just to provide money for the temporary betterment of its roads.

TELEPHONE RATES AND SERVICE.

It would be interesting to know upon what grounds the N. B. Telephone Company bases its contention that a written contract entered into by it for a definite period can be revoked or altered at any time it may choose to do so. This is a phase in business methods which is certainly new to most people, and our opinion is that the courts would turn it down somewhat unceremoniously, unless there is some sort of "joker" clause in the contract enabling the company to break it at will. The fact of the matter is that the higher the telephone rate becomes, the worse the service gets. The new rates now in force are upon such a scale as will produce a revenue at least five or six times as great as the needs of the Company require. The Company realizes that conditions of business are such in the present day that many merchants now have to depend upon the telephone for a great part of their business; and they are compelled to pay any rates asked for. If any of them resent the imposition, they know that the Company will give them a retort more serious than ordinary. One business concern, whose average yearly bill was about \$200, found its bill for August alone nearly \$50, and this without any unusually additional number of calls. Another concern whose annual account was around \$500, now pays anywhere up to \$200 a month. There is one thing we can tell our readers. If the Opposition should be returned to power next month, one of their first acts will be to look into the matter of telephone rates and service, and make such alterations in the Telephone Act as will redress some at any rate of the grievances that users now have to complain of.

THE GOVERNMENT'S PROGRAMME

Summed up in a few words, the programme of the Foster Government, as laid down by the Premier himself, seems to be to do all those things that ought to be done, and not to do

any of the things that would better left undone. That is to say, in theory at least, it is everything it should be. But if it is to be carried out, there will need to be a considerable change from the methods which have obtained in the past. For reckless and wanton extravagance the Foster Government has left all its predecessors far away in the rear. It has shown no regard whatever for economical administration; it has enjoyed a larger revenue by far than ever was known in the province before, and yet each fiscal year since it came into office has seen an ever-increasing balance on the debit side of the ledger. The Premier makes the statement that he and his colleagues will continue to follow along the lines they have laid down during the past three years, which means that if the same policies and practices are carried out, the annual deficits will continue to be piled up. As the Premier also says, "good government is essential; honest government, impartial, and economical government necessary." And yet his record shows that he is not giving any one of the three.

IN KINGS COUNTY.

Government agents are working frantically to get a farmer put upon the Government ticket in Kings County, for they recognize the fact that with a Farmers' ticket in the field a considerable slice of farmers' support is going to be lost to the Government. All morning long on Monday these agents were endeavoring to put a stop to the proposal to run a Farmers' ticket, among the most active being Mr. E. S. Carter, the secretary of the Valley Railway Company, Sterling Keith and Col. Wetmore, the two latter being members of the Government ticket. Other "farmers" who were most assiduous in endeavoring to dissuade the regular agriculturists from running their own men were Messrs. G. Hazen Adair, A. E. Pearson, and J. H. McFadden, all barristers by profession. The situation is peculiar to say the least. Mr. Harmer, the third member of the Government ticket, has declared his determination not to run, because he knows the Government ticket must be defeated, so an attempt has been made to add Mr. W. H. Huggard, one of the Farmers' nominees, to the Government ticket also. At the Farmers' meeting the other day, Mr. Huggard was the most outspoken of all the speakers in voicing the Farmers' determination not to tie up with either of the other tickets, declaring that the Farmers were determined to stick by themselves and have "no truck" with the others. Just how far the Government agents will get with Mr. Huggard is yet to be seen, but their opposing with him is certainly amusing.

A few days ago Mr. B. M. Hill, the Provincial Road Engineer, woke up to the fact that the road out of the city to Westfield wanted sealing, to be forthwith promised prompt attention. It apparently needed an election to draw his attention to the state of this road, which is a disgrace to any civilized community. Men have been "working" (save the mark) on this road all season; scraping the mud and stones from the sides and dumping it back into the middle, to make dust in dry weather and mud when it is wet. The Westfield road is a main road, and if the treatment it has received is what Mr. Veniot calls scientific road making, it is high time some other system was tried that is not quite so scientific.

In the course of his manifesto, Premier Foster says it was necessary to hold certain enquiries and investigations, and the findings "so far as possible" were dealt with by the Legislature. Will the Premier kindly inform the public just why it was not possible to deal with the finding of Mr. Commissioner Priel in respect of the charges against Mr. Wintam Currie? This finding, it will no doubt be remembered, was that the Treasurer had been defrauded of some \$4,000 due from Mr. Currie's company, which Mr. Currie was in a position to have prevented, but didn't. Will the Premier say, too, whether Mr. Currie's company has ever been called upon to pay the amount it defrauded the Treasury of, and, if not, why not?

Electors in the county might be reminded that both Dr. Baxter and Mr. Carson are residents in and taxpayers of the county. Dr. Curran, one of the Government candidates, is an outsider, whose interests are centred in the city.

"Truly this is a Government worth while"—turning out.

WHAT OTHERS SAY

Cure for Wife Beating. A cure for wife-beating has been discovered by Elwood City, Pennsylvania. It is a simple one and consists in choosing women as jurors to deal with wife-beating cases. Presumably the Pennsylvania town will insist on men jurors in all cases where husbands are beaten by their wives. Just to even up.

The Liberal Champions. (Edmonton Journal.) The other day, in taking note of a very foolish attempt which is being made to convey the idea that Premier McEwen and the Hon. Robert Rogers are close political associates, The Journal said that it would be quite as fair and reasonable to attack the Hon. W. L. M. King on the ground of his one-time political association with "Ting-the-Machine". When this was written we were obviously not prepared for the news which comes less than a week later, giving the result of a federal Liberal convention in the constituency of Durham, Ontario. This convention chose as its candidate at the next ensuing Dominion election, not a less a personage than the famous "Ting-the-Machine".

A BIT OF VERSE

OLD HANDS. Caroline Bishopham. Old hands are not for kisses Nor the girls of long ago; But the old hands in a garden Can make the flowers grow.

We look at them in wonder One day and a sighing, see Them changed and old and withered, Surprised that this should be. Such smooth, soft hands they once were.

The flowers don't see the difference, They only feel a touch Of tender understanding And blossom twice as much.

Old hands can hold a baby, And smooth a crying one; Old hands can write a letter Signed "Grandma's love to you."

Old hands return the pressure Of strong, big hands of sons, Of grandsons and granddaughters— The loving little ones.

So old hands do God's bidding In gardens and highways, And at evening in contentment Old hands are clasped in praise.

THE LAUGH LINE

Being ignorant is not so much a shame as being unwilling to learn.

The man who is satisfied to sit down and wait for something to turn up will need a good soft seat.

Still Hungry. Tom Tightwad—Hasn't this been a nice little dinner? The Girl—Yes, indeed. Very nice and very little.—Boston Transcript.

Little Dignity Chasers. Meeting one's best girl after one has had one's two front teeth extracted at the dentist's.

Slightly Mixed. The deacon of the colored church thought he would tip off the new parson that he was using too many big words. "Why, in yo' sermon, parson," he said, "you used 'practisation' about six times an' no one heah knows what it means."

Variety Desirable. "I've been reared in the lap of luxury," said the millionaire's daughter. "Try mine for a change," suggested the impecunious young man.

Benny's Note Book

I was down town with ma yesterday and on the way home she went in to see Puds Simkins' mother, and me and Puds sat outside on the front steps talking about different subjects, and Puds' mother, Hagg, Benny, suppose you was on a boat with your wife and your mother and the boat started to sink for any reason and you had only had time to save one, which would you save, your wife or your mother? O, I don't know, which would you? I see. I don't know, which would you? I see. Well, of course its your duty to do everything you can for your mother, even save her life if its necessary. Sure its, but how about your wife, it aint everybodys duty to leave their wife drown'd, is it? I see Puds. No, thats rite, and besides your wife would probably be match younger than your mother so you'd be saving her for a much longer time than wat you'd be saving your mother, I see. Sure you would, and besides, suppose you left your wife drown'd and had children after that and no wife for them, that would be a heck of a nof, wouldn't it? I see Puds. Gosh, it courcey would, well, I don't know, which would you save? I see, and Puds' mother, which would you? Wich jest then I looked at Puds' parlor window and hear ma and Mrs. Simkins was both standing there listening to us, and I quick whispered to Puds, Shh, there they are, and I ead out loud louder than usual, Well, I know who I'd rescue no matter who eads was with me, I'd rescue my mother thats who I'd rescue. Me too, sed Puds even louder than me, id save my mother every time and leave my wife drown'd if she wanted to. Wich ma and Mrs. Simkins both clapped their hands like applause and we took advantage of the opportunity and asked them if we could go to the movies after supper, wich they sed we could.

Andover

Andover, N. B., Sept. 29. — Mrs. Joshua Knight of St. John, is visiting her daughter, Mrs. J. Robinson Bay at the Rectory.

False Claims.

WE hope there is no Mother who thinks she can treat her sick baby without calling in a Physician, or with remedies that she uses for herself.

Most Mothers know that Baby requires remedies especially prepared for babies, yet there are some who think that what is good enough for them is good enough for Baby, and it is to these Mothers we appeal to give nothing to their babies that is not specially prepared for babies or recommended by their Physician.

False claims may kill, but false claims can never restore your child.

For over thirty years Fletcher's Castoria has been aiding in the reduction of the deaths among infants as Mothers have become more and more acquainted with it. Always keep it in the house.

Children Cry For

Are You Prepared?

A doctor in the house all the time would be a good idea. Yet you can't afford to keep a doctor in the family to keep baby well or prevent sickness.

Fletcher's Castoria is perfectly safe to use. It is a harmless substitute for Castor Oil, Purgative, Drops and Soothing Syrup.

If you love your baby, you know how sweet it is to be able to help baby when trouble comes. You cannot always call upon a doctor.

MOTHERS SHOULD READ THE BOOKLET THAT IS ATTACHED TO EVERY BOTTLE OF FLETCHER'S CASTORIA.

Sixteen Heats in Grand Circuit

Biggest Programme of Entire Meeting and Then Card Not Completed.

Columbus, Sept. 23.—Sixteen heats were raced today in the biggest grand circuit programme of the circuit season, and these the card was not completed. Dottie Day in the third heat of the 2.07 class trot from harness and winning from Selma just about to catch the race and causing the final heat to be taken over until Thursday for a decision. Dottie Day in this mile paid \$151.50 on a \$2 mutual ticket, the largest price of the day.

The weekend horsemen future for today's race was the best event, and in it Arion Guy defeated a field of excellent colts, taking a new record for the event by his second heat when he finished in 2.05 1/4. The first half of the first mile was stepped in 1.01 with Emma Harvester chasing the harness colt.

Confessions From Two More Players

Williams and Feisch Admit They Were Paid to Throw World Series.

Chicago, Sept. 29.—Confessions from Claude Williams and Oscar Feisch, admitting they were bribed to throw last year's world series, were made public today and at the same time

JOHN A. HEYDLER
President of the National League.

who has been summoned to appear before the Chicago Grand Jury investigating gambling on baseball games.

The grand jury investigating the baseball scandal took its first action against gamblers who are said to have engineered the deal by indicting two men whose identity was only partly revealed.

Williams and Feisch were the names under which true bills were filed against the alleged gamblers and both were said to be from Boston or New York. Later, however, it came out that the jury believed these names to be mythical and used them by the men when they discussed the series "throwing" with the ball players. Possibility that they are two men whose names already have been brought before the jury and who are widely known, was expressed by officials in the state's attorney office.

Glaring Error.
Peisch's one glaring error of the series—when he dropped a fly ball—an accident and he was warned afterwards by the other players not to be so awkward in making his mistake. He was quoted as saying the outfielder declared he did not want to "get in on the deal" at first, but the other players at the hotel conference told him it would be easy. He said he had been promised \$20,000, but was double-crossed. Abe Atlas and Gandil were the ones he believed guilty of the double-crossing. Feisch denied that the White Sox had thrown any games this season.

Heydler and McGraw.
John Heydler, president of the National League, and John McGraw, manager of the New York Giants, today told the jury details of the Loe-Magee and Hal Chase cases, and also of dropping of Heinie Zimmerman.

McGraw is said to have told the jury that he dropped Hal Chase from the club after President Heydler had told him Magee had confessed that Chase bribed him to throw games. He said he had heard of many other gambling activities of Chase's before the Magee case, Zimmerman was dropped from the New York team, because information had come to the New York manager that the third baseman offered Benny Kauff \$500 to help throw games.

Cleveland 10; St. Louis 2
St. Louis, Sept. 29.—Cleveland made a clean sweep of the four games series with St. Louis, winning today by a lead of one and a half games over Chicago. The Indians hit opponents and were aided by St. Louis errors. The locals could do little with Coveloske.

Cleveland 10; St. Louis 2
St. Louis, Sept. 29.—Cleveland made a clean sweep of the four games series with St. Louis, winning today by a lead of one and a half games over Chicago. The Indians hit opponents and were aided by St. Louis errors. The locals could do little with Coveloske.

Some attempt to copy the institution of the Penn relays will shortly be seen in England. In fact, the great meet organized by the Achilles Club (a joint Oxford and Cambridge concern) in which an American team has met a British Empire team in a series of relay races, has shown already the attempt to introduce this splendid form of racing into England where at present it is comparatively unknown. It is significant, too, that a request was made for an All-American exhibition in the Polo Vault and the Javelin throw.

AMERICAN LEAGUE LEADERS FIGHTING FOR THE PENNANT

Nine Game Series Is Decided Upon
American League Gets First Three Matches in Baseball Classic.

The National Baseball Commission has decided upon playing a nine-game series to decide the title of the world's baseball classic. The schedule as drawn gives the American League the first three games, while the National League gets the next four. The eighth game, if necessary, will be played on American League grounds, and a ninth game would be played in National League grounds.

Island Track Record Lowered
Fern Hal Paced Three Heats at Charlottetown All Under 2:12 3-4.

Charlottetown, P. E. I., Sept. 29.—The feature of today's racing was the reduction of the track record of 2:12 3/4 held by White Sox in every heat of the 2:11 pace which was won in straight heats by the old reliable campaigner Fern Hal, driven by Fred Cameron.

Wearing of the Green.
"And when it comes to hugging the green seems to wear very well," remarked the Ulster man this morning.

AMERICAN LEAGUE FIGHTING FOR PENNANT.
It is now a battle of brains between Tris Spicker, manager of the Cleveland American League team, and Kid Gleason, generalissimo of the Chicago White Sox. These two teams are leading the American League race, which is the closest in the history of the league. Baseball experts have stated that the winner of the race will be the team which displays the most strategy.

Brooklyn Captain Makes Statement

Zack Wheat Denies Rumors That His Team Has Been Approached to Fix Games.

New York, Sept. 29.—Zack Wheat, captain and left fielder of the Brooklyn team, winner of the National League pennant, tonight denied rumors that members of the team had been approached in an attempt to "fix" the coming world series. Wheat was greatly surprised when he learned that some of his fellow players were to be questioned by District Attorney Lewis with reference to the reports.

"No one has ever approached me, and it would not be well for any that did. I am sure that none of the other players have been approached. If any persons have doubts about the game we will play, they had better come out and see us perform. Perhaps we will be beaten in the series, but we will play the best game that we can. Even the hint that there is anything wrong is bound to affect the feelings of the men. We have always played clean ball and will continue to do so up to the finish."

Dr. C. H. Godin, of Ottawa, of the Dominion Health Department, arrived in the city yesterday.

Chicago White Sox Trailing Indians

One and Half Games Behind Cleveland — The Present Standing of Both.

New York, Sept. 29.—Cleveland, by winning from St. Louis today, went another half length ahead of Chicago in the final dash for the American League pennant. The White Sox were favored by one and one half games. Although New York completed its schedule with a double victory over the Athletics, the Yanks were favorably and finally put out of the race as far as the pennant is concerned by Cleveland's victory. The latter has four games to play and if the team loses all of them the Indians still would be one game ahead of the Yanks.

To settle the race between Cleveland and Chicago, the former to win must take three of the remaining four games, provided Chicago wins the three remaining games on its schedule. If Cleveland should do no better than break even and the White Sox should win their three games they would finish the season with 53 wins and 55 loss.

While the Yanks were eliminated today as pennant contenders, there is still a mathematical possibility of the team tying the White Sox for second place, but in order to bring this about the White Sox would have to lose their three remaining games.

2:15 Class (3 heats)—Purse \$1,000.
Two heats yesterday.
Mighty Tull, h m, by Mighty Onward (Blom).
Time—2:06 3/4; 2:08 1/4; 2:10 1/4.

Man o' War's Old Pal Will Ride Him
New York, Sept. 29.—Clarence Kummer will ride Man o' War when this wonder horse meets Sir Barton in their special race at one mile and a quarter over the Kenilworth Park track at Windsor, Ont., on October 12, for a purse of \$75,000 and a gold cup valued at \$5,000.
Samuel D. Riddle completed this important detail yesterday and Louis Noel, the trainer, felt greatly relieved as the boy has handled Man o' War in most of his recent title year and understands him thoroughly.
Commander J. K. L. Ross has second call of Kummer's services, but will not send him to Earl Stude's with the Sir Barton.

WORLD'S SERIES TO OPEN OCTOBER 5
At a meeting held in Chicago on Monday the American League won the toss at the meeting of the National Commission and the first world series game will be played October 5 in the American League city winning the pennant.

26,500,000 WOMEN IN AM
Total Male Vote in Electoral Election is 500,000.

Washington, Sept. 29.—Figures compiled by the census bureau and other participants indicate that the total vote in the United States 26 years of age is 23,000,000, approximately 26,500,000 women in the United States and 26,500,000 men in the United States. American women made a substantial advance in the number of women barred from voting this year. Census bureau figures, however, that 23,000,000 women in the United States are eligible to vote. The number of eligible women in the United States has not been determined. American women are not eligible to vote in the United States because of their husbands, but that they are not eligible to vote in the United States because of their husbands, but that they are not eligible to vote in the United States because of their husbands.

No Change About Duty On Show Dogs

While the Canadian Kennel Club and the American Kennel Club are doing everything in their power to prevail upon the U. S. Government to remove the onerous restrictions in regard to Canadian dog owners showing at American shows, unfortunately little progress has been made. The A. K. C. report that the matter has been taken up very strenuously with Washington and is in the hands of the Law Committee of their Association, for investigation.

Smart as an Easter parade—serviceable as an army boot. Style is rather useless unless coupled with durability.

FOR WOMEN AMUSEMENTS

26,500,000 WOMEN VOTE IN AMERICA

Total Male Vote for Presidential Election is Over 31,500,000.

Washington, Sept. 29.—Associated Press.—Figures compiled by the census bureau and other government departments indicate that the number of women in the United States over 21 years of age is 23,485,000, of whom approximately 26,500,000 are eligible to vote in the November election. This estimate makes a liberal allowance for alien women, American women married to aliens and others ineligible.

Exact figures are not available on the number of women over 21, but barred from voting through various reasons. Census bureau officials believe, however that this year at least 1,000,000 of the 2,550,000 foreign-born women in the United States will not yet have become naturalized.

The Indian Women.

In addition there were in 1910, according to the census about 60,000 Indian women, most of whom were living on reservations. 8,807 Chinese and Japanese women ineligible to vote, a comparatively small number of American women married to aliens and barred from voting for that reason, and a large number deprived of the ballot under state statutes in harmony with constitutional provisions. The total of these ineligible was estimated at about 1,600,000.

American women married to aliens are not eligible to vote, the Department of Justice has held, but foreign-born women married to American citizens or whose fathers have become American citizens are entitled to the ballot without naturalization proceedings.

The number of eligible male voters in the United States this year has not been determined. Based on an estimated population of 103,000,000, however, the census bureau figured that there are now 34,807,000 men in the United States over 21 years of age, of whom probably 31,500,000 would be entitled to vote in November.

SENTENCE WOMAN TO THE SCAFFOLD

Edmonton, Alta., Sept. 29.—Mrs. Sarah Jackson, tried for the murder of her husband, Hugh Jackson, at Swan River, last Christmas, was found guilty by a jury here yesterday, and sentenced to be hanged on Dec. 21st next.

The jury, after twenty minutes deliberation, returned with the verdict, and made a strong plea that leniency be recommended to the governor general at Ottawa.

Mrs. Jackson is the first woman in the province of Alberta to have been found guilty of murder and to be sentenced to be hanged.

Women Voters Are Interested

Large Gathering in Seamen's Institute Heard Addresses by Opposition Candidates.

The ladies of the city are interested in the problem of good government was amply demonstrated last evening when more than one hundred of them, despite the unpleasant weather, gathered at the Seamen's Institute to hear the Opposition candidates for the City of St. John place before them the policies for which they party stood, and the hearty applause which greeted the remarks of the several speakers, particularly their references to the Prohibition question, showed that the audience were with them and that not a lady was there as the result of personal canvass, but that all had come on the general invitation issued to the public at large, and it was not necessary, as happened at one of the government meetings, to telephone for an audience before any business could be done.

Shortly after eight o'clock, Mr. Tilley called the meeting to order and asked the ladies to nominate a chair person to speak. Mr. Lewis expressed his pleasure at seeing such a large number of ladies in attendance at the meeting, and that he thought, was certain evidence of their interest in the campaign of this day, and an earnest of the fact that they intended to use the franchise which had been bestowed on them primarily through the efforts of the Opposition party.

Mr. Tilley was the next speaker called on, and he also expressed his pleasure at seeing so many ladies present, all of whom had come on a general call, not only on a personal invitation. This was the true democratic principle and the one on which the Opposition proposed to act in all things.

He then took up the record of the government in its different departments and the policy of the Opposition, when it was called upon to form a government. First he reviewed the Caswell Lands. In 1917 she rate for surface was \$1.50 per thousand; it has now become \$5.00 per thousand, while private lands the operators were paying as high as \$10 and \$12 per thousand. The Opposition claimed the

land.

Mr. Potts

The next speaker was Mr. Potts, who, in one of his characteristic fighting speeches, discussed the record of the present administration. The reconstruction program of the day, he said, needed men of conviction and, unfortunately, it seemed the present government were sadly lacking in men of that kind. The premier was the chief offender in that respect and seemed moved by every wind that blew. "How can you expect," said Mr. Potts, "a man who stood on the fence in the greatest crisis that ever faced the empire to do anything else on other questions in the politics of this Province of New Brunswick that in 1917 the only provincial premier who refused to take a stand one way or the other was the Hon. W. B. Power, and in this he was ably supported by the Hon. Dr. Roberts, both of whom are asking for your suffrage today."

With regard to temperance legislation, the government were fooling the people and would continue to do so. He was in favor of real prohibition and so was his party, and if the ladies wanted the importation stopped they would vote for the Opposition candidates, for it was up to them.

Dr. J. Roy Campbell

Dr. J. Roy Campbell was the last speaker of the evening. He complimented the ladies on the part they had already taken in the politics of the county and said he believed the granting of the franchise had been a benefit to the province and to the country at large. They had raised the tone of elections generally and their influence was wholly for good.

About the only good thing the government had ever done was to let alone the legislation passed by its predecessors, and now it was going about the country claiming the credit for this legislation. The Anti-Red Act, the Workmen's Compensation Act, were originated by the former government.

At the close of the addresses practically all the ladies present handed in their names as volunteer workers, and after tonight's meetings in North and West Ends, the ward organizations will be completed.

The meetings tonight will be in Temple Hall, Main street, and "Prentice Boys' Hall, West End. The Congressional Church has been secured as headquarters for the ladies, and this will be open every day from now until the end of the campaign.

Reflections of A Bachelor Girl

By HELEN ROWLAND

(Copyright, 1920, by The Wheeler Syndicate, Inc.)

Many a man waits until after forty, to look for real love—and then discovers that his eyes are so dim that he can't tell it from all the glittering imitations.

When a man tells a pretty girl that he is married, she never quite knows, in his manner, whether he is boasting, apologizing, or looking for sympathy.

In these days of riding-breeches, overalls, bloomers, and one-piece bathing suits, it looks as if a girl were going out of her way to make the "sex-appeal" when she wears skirts.

How it is that a man can get more service out of a waiter with a growl and a fifty-cent tip, than a woman can coax from him with a dollar and a smile?

"Experience" is the gentle name which a man bestows upon his foolish and mistakes, a woman gives to her sorrows and failures, and a poet, to his sins and emotions.

A man never HEARS anything a woman says; because, before marriage he listens to her conversation with only his eyes, and after marriage with only half an ear-drum.

Somewhat, as soon as a man and woman learn to love each other, they begin to think up ways of making each other suffer for it. Also, why is it that one can only be "kind" to people for whom one cares nothing at all?

The only way to cure a man of wanting anything, from Bolshevism to a woman's heart, is to let him HAVE it—for a little while.

A man is known by the cellar he keeps—opening.

WEDDINGS.

Spaight-Vail

At the Main Street Baptist Church Parsonage a pretty wedding took place yesterday when Charles Hiram Spaight of Wolford, Queens County, was united in marriage to Miss Florence Brockway, daughter of Brockway, York County. The ceremony was performed by Rev. David Hutchinson in the presence of a few relatives. The young couple will make their home in Wolford.

Hamilton-VanWart

At 2:30 o'clock at the Main Street Baptist Church Parsonage yesterday afternoon, John Hamilton, a farmer of Kars, Kings County, was united in marriage to Miss Serotta M. VanWart, also of Kars. The ceremony was performed by Rev. Dr. David Hutchinson in the presence of a few relatives and friends. Mr. and Mrs. Hamilton will make their home at Kars.

Humphries-Keirstead

Last evening George G. Humphries of St. John was united in marriage to Miss Erle C. Keirstead, daughter of William Keirstead of Chesley Street. The couple were united and the marriage ceremony was performed by Rev. Dr. David Hutchinson. Mr. and Mrs. Humphries will make their home in Chesley Street.

Wallace-King

A very pretty event of more than local interest took place at the home of the bride's parents, Mr. and Mrs. William King Sagwa, Kings county, on Wednesday afternoon at four o'clock when their daughter, Miss Hazel Audrey, was united in marriage to Frederick A. Wallace, of Jerusalem, Queens county, in the presence of a large number of relatives and friends.

The bride was attended by her sister, Miss Greta King, and was given away by her father. She looked charming in a handsome gown of white crepe-de-chine, wearing a pearl necklace and carrying a bouquet of roses.

The groom was supported by his brother, Charles Wallace. The ceremony was performed by the Rev. W. K. Robinson, of St. John.

Following the ceremony, a wedding supper was served, the wedding being very prettily decorated with autumn leaves and golden glow.

The bride was the recipient of many beautiful gifts, indicating the high esteem in which this popular young lady is held.

The groom's gift to the bride was a substantial check, and to the bride, a beautiful diamond bracelet; to the groomsmen a pair of jeweled gold cuff links.

Among the many guests present from outside were Mrs. B. Munde, Mrs. King, Miss Lulu Munde, Mrs. Munde, Mr. and Mrs. Louis Simms, Mrs. Stanley K. Smith, Mrs. H. Colby Smith, Mr. and Mrs. Forger, Mrs. Morton McLaren, Mrs. W. R. Robinson, Miss Fox, Mr. Geo. MacCarthy, Mr. and Mrs. Evans, Mr. and Mrs. Fuller, Mrs. and Miss Galbraith, of St. John; Mr. and Mrs. Richard Wallace, Charles Wallace, Misses Margaret, Edna and Lillian Wallace, of Jerusalem, Queens county; Mr. and Mrs. Allen Wallace Mr. and Mrs. L. B. Worden and Miss Bell Wallace, of Browns Point; Mrs. Fraser Burlock, of Blaine; Mr. ex-Councillor D. W. McKenzie, of Nepesic; Miss Ruby Kilpatrick, of Ennisville.

The happy young couple left for a month's wedding tour of Boston and other United States cities. On their return they will make Westfield their future home.

Famous Croakers.

Jackdaw of Rheims must look to its laurels. Chambers of Commerce, the other day, were entertained by E. P. Fredericks, of Belleville, who cawed like a street railway crow about "four tickets for a quarter when the city took over the street railway."

J. Boyle, of Victoria, is in the city. G. H. King, of Chipman, spent yesterday in town.

Dr. J. E. Hetherington, of Cody's, is in the city.

New Victoria Street Baptist Church

Corner Stone to be Laid Saturday—Complete History of the Church.

The laying of the corner stone of the new Victoria Street Baptist Church took place on Saturday afternoon at 3 o'clock. Sir Geo. E. Foster, Minister of Trade and Commerce will officiate at the ceremony and will be the principal speaker. Mayor Schofield is the chairman of the corner stone laying committee and other speakers at the function will be Premier W. E. Foster, Hon. J. B. M. Baxter, and Hon. Dr. W. F. Roberts.

Church History

In the days before the Union the Victoria Street Baptist Church was known as one of the Free Baptists. It originated on Nov. 21st, 1876 and the church's first pastor was Rev. T. W. Clark. The meeting place was a small hall in Metcalfe Street in the then, City of Portland.

The first officers were: Deacon, L. Dunphy, William Whitaker and William Humphreys; treasurer, William Humphreys; clerk, Geo. Black; helps, James Brown and N. B. Ward.

An extract from the minutes in an old church book of Nov. 28 reads: "It was moved that our pastor be Rev. T. W. Clark for the coming year (1879) at a stipulated sum of \$400 for his services." That was over forty years ago, though.

Article II of the same conference says "that it was moved and seconded that we proceed forthwith to build a meeting house, with dimensions 38x70 and that the congregation increase with some additions that is to be vacated for the new brick church."

Pastors Since Origin
The pastors of the church since its origin were:
1878-82, Rev. T. W. Clark.
1882-87, Rev. W. J. Halse.
Rev. Mr. Rude served for nine months in the year 1887 when he was stricken one Sunday in the pulpit and died the following day.

1887-1889, Rev. B. H. Nobles.
1889-1899, Rev. W. J. Halse.
Rev. T. W. Clark was recalled in 1899 and served on until the year 1899. Under his pastorate the church enjoyed great prosperity and the numbers of the congregation increased rapidly. Rev. Gideon Swim supplied for one year and then Rev. Mr. Nobles was recalled and served until 1917. During his pastorate 316 names were added to the church roll.

Rev. W. Willison served the church for somewhat over a year and he was followed by the present pastor, Rev. Geo. D. Hudson, who took charge on August 1st, 1918.

Larger Building Needed

For some years it had been evident that a larger building was needed to house the growing congregation. Several schemes were advanced but none of them bore fruit. The project was taken up by the present pastor who shortly after took charge and working quietly, but diligently, among the members of the congregation he finally got things going in earnest.

One of the trustees purchased a site at the corner of Durham and Victoria streets for the sum of \$5500 and presented it to the church on the condition that the building of the church be proceeded with this year.

Plans Drawn

The plans were drawn by H. Claire Macdonald of this city, and they called for a building 100 ft. x 60 ft. with interior decorations done in quartered oak, and with a seating capacity of 800. The estimated cost of the building will be \$75,000. The first sod was turned by the pastor on July 26 and the work has been in the hands of John Edgett and John Corbett. It has gone on rapidly and now one-fifth of the brick wall is standing. It is hoped to have the building complete and ready for the holding of services early in 1921.

The Officers

The present officers of the church are: Deacon, Budo Flewelling, Roy Walters, Geo. Smith, W. H. Macdonald, Ernest Davidson, H. Valls and Fred Holman; trustees, C. W. Parlee, H. Parlee, G. M. Burke, C. Ducey, C. Watts, John Colwell, J. Christie, S. Ackerly and L. Maybee; clerk, T. De Witt Clark; treasurer, G. M. Burke.

FACE WAS FULL OF PIMPLES

For Three Years, Hard and Awfully Sore, Disfigured. Cuticura Heals.

"I had been suffering with a pimply face for three years. My face was full of pimples and they were hard and awful sore. They festered and dried up, and were scaly, and disfigured my face. They caused me to lose a lot of sleep, and were awfully itchy, making me scratch and irritate my face."

"I started to use Cuticura Soap and Ointment and I used two cakes of Cuticura Soap and two boxes of Cuticura Ointment when I was healed." (Signed) Clifford Yeomans, East Chesham, N. S.

Use Cuticura for every-day toilet purposes. Wash with Soap, soothe with Ointment, dig with Cuticura.

Use Cuticura for every-day toilet purposes. Wash with Soap, soothe with Ointment, dig with Cuticura. Sold throughout the Dominion. Canadian Depot: 100-101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200.

RANEY PROMISES BETTER LAWS TO ONTARIO WOMEN

Toronto, Sept. 29.—Many reforms in the legislation and regulations dealing with the treatment of women inmates of asylums and prisons, in the Province of Ontario, were urged by the Provincial Committee of National Council of Women, which under the leadership of the Vice-president, Dr. Stows Gullen, waited on the Hon. W. E. Raney, attorney-general of the province at the legislative buildings.

Hon. Mr. Raney announced to the deputations that at the next session of the legislature, a bill will be brought in to establish the position in society of illegitimate children.

Mr. King made a plea for the inauguration of such courtesies as mark the public life of Great Britain.

"We see," said Mr. King, "the evidence of a larger patriotism in the efforts to make Canada a greater and united Dominion, united by good-will among her people. We see this in the courtesies of political opponents, which I hope will develop and attain the high standards which mark public life in the Old Land."

CAME FROM "BEAVER" FOR MACKENZIE KING GIFT OF THE LADIES

Vancouver, B. C., Sept. 29.—Upon his arrival here last evening from Victoria with the members of his party, Hon. W. L. Mackenzie King, Liberal Leader, was presented by the Liberal Women's Association of Vancouver with a gold-headed walking stick made from oak timber of the Beaver, the first steamer to reach Vancouver from England, and mounted with gold from the mines of the province.

Mr. King made a plea for the inauguration of such courtesies as mark the public life of Great Britain.

"We see," said Mr. King, "the evidence of a larger patriotism in the efforts to make Canada a greater and united Dominion, united by good-will among her people. We see this in the courtesies of political opponents, which I hope will develop and attain the high standards which mark public life in the Old Land."

THE STANDARD'S FINANCIAL SECTION

'MERGER' STOCKS AT MONTREAL ARE ONLY STRONG ONES

Dominion Steel With 1,500 Shares Led the Activity at 55 1/2 to 57 Points.

Montreal, Sept. 29.—Stocks on the local exchange today pursued an irregular and desultory course, the only notable development being the display of strength in the so-called "merger" stocks. Dominion Steel Common had the heaviest turnover with nearly 1,500 shares. The initial transactions were through at 55 1/2 and advanced to a high of 57 ending at the top, a gain of over 2 points from the low of Monday and two points over yesterday's closing.

Steamships Common was even more spectacular. From the first sale at 62 3/8 to yesterday's close of 63 and worked up to 65 1/2, a net gain of 3 1/8 points.

Papers Very Uneven

The paper stocks presented an uneven appearance at the end of the day, a partial recovery to 150 on the part of St. Maurice being the outstanding feature. Brompton was most active and rose to 7 1/2 in the morning and substantial selling reduced the figure to 7 1/8 in closing sale, a loss of 5/8 points. Spanish River both lost a point in net, the common to 118 and the preferred to 124, while Abitibi finished at 75 after selling up to 81 1/2.

Atlantic Sugar ranged between 132 to 133. Breweries was fairly steady at 64 to 65. Asbestos common dropped a point to 94 and the preferred receded two points to 101. The transactions were featureless. Penman's in very light trading declined to 150 as compared with 140 some three weeks ago.

Total sales, listed, 7416; bonds \$24,300.

PRICE CHANGES IN WALL STREET ARE STILL IRREGULAR

Extension of Commodity Market Readjustment Credited as Cause of Unrest.

New York, Sept. 29.—Extension of the recent readjustment in the various commodity and merchandise markets was primarily responsible for further irregular disposition of several values on the stock exchange today.

One of the significant developments of the season, as affecting the general credit situation was the news that the Federal Reserve Bank of New York City had advanced discounts on Liberty Bonds and Victory Notes from 6 1/2 to 6 per cent.

Local bankers were of the opinion that this increase in the rate of discount was not a necessary resort to similar measures as a partial safeguard against the under expansion of loans.

Announcement of additional price reduction by automobile manufacturers, a sharp cut in steel plates and suspension of operations at three of the mines of the Anaconda Copper Company in Montana testified to the unsettled conditions in many lines of raw and fabricated materials.

The Iron Age confirmed reports of further shrinkage of iron and steel being due chiefly to the state of the automobile trade and to the fact that the steel mills are working at a lower level of production than the market.

Stocks opened at materially higher levels, especially in the transportation division, but started sharply before mid-day when heavy selling, partly of professional order, was resumed throughout the entire list. Variable rallies ensued in the final dealings, regardless of a rise in call loans to eight per cent. Sales amounted to 300,000 shares.

Foreign exchange again moved against home centers. The London rate fell almost three cents under the maximum of the week, and the active arrival of very large consignment of British gold to strengthen the reserves of the Federal Reserve Bank was announced.

Speculative calls and local transactions were strong features of the bond market. Liberty issues showing mixed changes, with no special alterations of international press. Total sales, per value, aggregated \$1,775,000.

Old United States bonds remained unchanged on call.

GOSSIP AROUND THE MARKETS

Loan Will Be Paid.

Cable despatches from Paris say France will pay every dollar of the \$50,000,000 loan due in New York on October 15, according to an official announcement by M. Francois Marschal, Minister of Finance, to the Cabinet Council. This sum is France's share of the \$500,000,000 Anglo-French loan floated in the United States during the war.

That Mexican Contest?

There was very little to be heard for the moment about the fight which was being waged between conflicting American oil interests operating in Mexico. Not long ago both parties to the controversy were having a great deal to say as to the merits of their respective claims. The absence of discussion now has led some to believe that harmony has been restored and that before long a definite announcement of this will be made.

Report of Crude Oil Cut.

The contest for supremacy in Wall Street between the bears and the bulls on Mexican Petroleum was continued with vigor, and the tide of battle first swung one way and then another. The bears seemed to have the better of it at the end of the stock market session yesterday, as the stock showed a net loss. They were aided in their operations by the price of an impending drop in the price of crude oil.

WANTS LOAN TO RUN STEAMSHIPS IN ICELAND TRADE

Montreal, Sept. 29.—A continuous freight and passenger service to Iceland from Montreal during the open season and Halifax in the winter, will be soon in effect if Mr. Arvid Bergstrom, prominent real estate and financial broker of Winnipeg, is successful in the mission he has undertaken for the government of Iceland from which country he has just returned.

RIORDAN PULP TO BUY O'BRIEN TIMBER LIMITS

Special to The Standard

Montreal, Sept. 29.—In pulp and paper circles the acquisition by the Riordan Pulp and Paper Co. Ltd. of the timber limits of Senator M. J. O'Brien is regarded as a probable development. These are located at the north end of Lake Nipissing near the Quince water falls and is one of the largest in Canada. The Mattawa branch of the P. R. is being extended and it is also believed that the Ontario Government will extend the Nipissing Central Railway from New Liskeard in the same direction.

SHIP PLATES FOR SOUTH AMERICA

Special to The Standard

Sydney, N.S. Sept. 29.—Shipment of 150 tons of ship plates is being made by the Dominion Steel Corporation for South America under the authority of the Dominion Government Department of Marine which is handling the complete output of the mill for five years from the opening.

CLOSE TRANSFER BOOKS FOR VICTORY BONDS

Ottawa, Sept. 29.—Notice is given by the Department of Finance that an account of interest payments due first November, 1920, on the common for third quarter, payable October 15 to record September 30, Russell Motor Car Co. Ltd., 1-3-4 per cent, on preferred and 1-3-4 on common for quarter to October 31, payable November 1, to record October 15th.

SUGAR DROPS AGAIN.

New York, Sept. 29.—Through a further reduction of half cent by the Federal Sugar Refining Company today, the price of granulated sugar dropped to 13 1/2 cents a pound.

This is the lowest price since the Government relinquished control and about 15 cents per pound less than the high level prevailing early in the summer.

CHICAGO GRAIN

Chicago, Sept. 29.—Closing—Wheat December \$2.24 1/2; March \$2.20. Corn September \$1.29; December \$1.27 1/2. Oats, December \$1.27; March \$1.27. September \$2.50; October \$2.60. Lard, October \$19.22; January \$17.30. Tils, September \$16.00; October \$16.00.

CLAIM SUGAR IS HOARDED AT VANCOUVER

HOLDERS OF DOMESTIC PRODUCT WANT DUMPING CLAUSE TO AFFECT JAVA SUGAR.

Vancouver, Sept. 29.—An ugly reply has followed the application of the dumping clause to Java sugar coming into the western provinces, even among staunch supporters of the principle of protective fiscal policy. New angles of an old conflict are disclosed. The British Columbia refiners supply all sugar east to Regina. The monopoly is owned by the Rodgers multi-millionaire. There has been more or less of a sugar famine in that territory through the year. The monopoly is owned by the Rodgers multi-millionaire. There has been more or less of a sugar famine in that territory through the year. The monopoly is owned by the Rodgers multi-millionaire.

TURKEY IN NEED OF SOME PAINT

Buildings Dismal and Wretched as a Result of War Poverty.

Constantinople, Sept. 29.—Turkey is a pitiable land. Most of the houses are wooden and unpainted. This is not a condition growing out of the war. The short-sighted policy of the government in imposing taxes on buildings in proportion to the shabbiness of their exteriors is encouraging shabbiness.

SWINDLE EUROPE WITH CONFEDERATE MONEY ONCE MORE

(The Associated Press)

London, Sept. 29.—The old swindle of passing currency notes of the Confederate States of America which has been worked in England for years, is flourishing again. Reports of the victimization of shopkeepers at ports have been reaching the American embassy here in increasing numbers recently.

A ticket seller at one of the big London railway stations gave a Swiss waiter eleven English pounds for a \$50 Confederate note but became suspicious before the waiter had gone far and had him detained. The police were in a dilemma as they could not distinguish the note from good American money and finally had to appeal to the American embassy.

The Swiss said he obtained the note from an American but declined to say how much the transaction cost him. The police believed his story that he had acted in good faith and had not been misled.

FLOUR AND FEED MARKET UNSETTLED

Special to The Standard

Minneapolis, Minn., Sept. 29.—The Northwestern Millers' Weekly report of the flour trade says:

"Rapid and wide fluctuations in the wheat market the past few days have today unsettled the flour trade and while buying has on the whole been heavier than in previous weeks, it has been very scattered and at widely different prices. Canadian flour quoted at the advance of exchange, well below domestic level has had a pronounced influence. Wheat buying by foreign governments is apparently largely responsible for the erratic quality of the wheat market and until wheat prices are more stable, it seems unlikely that flour buying will begin on any large scale. Flour prices are fifty cents per barrel lower than a week ago, and millers are down a dollar or more per ton, with little demand. The flour output remains about half of capacity, whereas at this season it is normally over 90 per cent."

DIVIDENDS DECLARED

Toronto, Sept. 29.—The following dividends have been declared:

Marcus Loewe Theatre Limited, 1st and 2nd preference 5 per cent, on common for third quarter, payable October 15 to record September 30, Russell Motor Car Co. Ltd., 1-3-4 per cent, on preferred and 1-3-4 on common for quarter to October 31, payable November 1, to record October 15th.

TURPENTINE AND ROSIN

Savannah, Ga., Sept. 29.—Turpentine firm \$1.37 1/2 to \$1.39; sales 600; receipts 400; shipments 6; stock 15,311. Rosin, firm; sales 384; receipts 1,887; shipments 494; stock 61,883.

SETTLED.

Rumor charged a resident in a northern suburb with dragging his wife from a certain meeting and compelling her to return home with him. The man let the story travel until he had a fair opportunity to give it a boost, and then he replied in the local paper as follows:

"In the first place, I never attempted to influence my wife in her views or her choice of meeting.

"Second, my wife did not attend the meeting in question.

"In the third place, I did not attend the meeting myself."

CROPS SO GOOD FARMERS PAYING OFF THEIR LOANS

In Many Cases Repayment is Being Made Before Loans Are Due.

Winnipeg, Sept. 29.—Reports from rural societies throughout the province show that farmers, due to excellent crops this year, are entering a period of unparalyzing prosperity. As an indication of a good year, C. Gifford, supervisor of rural credit societies for the province, stated today that farmers in a large number of cases are repaying loans before they are due.

Loans totaling \$1,900,000 have been advanced to Manitoba farmers since January 1 through the rural credit department of the Provincial Government. Of this amount the provincial government advanced \$1,200,000 after the banks had refused further credits, Mr. Gifford stated.

OTTAWA BONDS SOLD FOR 97.29

Special to The Standard

Montreal, Sept. 29.—A syndicate formed of Nesbitt Thomson and Co., and the United Financial Corporation of this city, together with the Guarantee Trust Co., of New York and E. G. Rollins and Co., were the successful tenderers for the City of Ottawa bond issue of \$2,300,000. The bid was 97.29. The bonds are 6 per cent serials maturing in from one to 30 years. Interest and principal are payable in New York or in Canadian funds.

LONDON OILS

DUSTY IN GERMANY TAKES ANOTHER SLUMP

Supply and Price Levels Hammer Iron and Steel Lines

TEXTILES SHOW A SLIGHT IMPROVEMENT

Foreign Business Practically Ceased During the Month—Demand in All Lines Poor.

(Copyright 1920, by Public Ledger.)
By SEYMOUR BEACH CONGER.

Berlin, Sept. 21.—The monthly survey of Germany's economic situation, compiled by government experts, shows a further decline of conditions in the iron and steel industry, particularly in the iron and steel branches. The only one of which anything is said is that a consistent level of demand at home and abroad, in the iron and steel industry, is being maintained. The reduction in the price of iron August 1 would give a good impetus to the home demand, but the iron and steel industry is not so well off as it was a few months ago. The current of emigration has assumed large dimensions, owing to the upheaval and economic conditions in Russia and Poland. The majority of the inmates of the camp are women and children whose husbands and fathers preceded them and are now able to send the passage money. The percentage of Jews is overwhelming, for whether under Bolshevik or Polish rule the history of Jewry in the east is up to the present day a sewer-end.

DANZIG GREAT EMIGRATION PORT OF EUROPE

Thousands Passing Through it Bound for America—Jews Mainly.

By MAURICE LANGE

(Copyright, 1920, by Cross-Atlantic.)
Danzig, Sept. 23.—Danzig has become the most frequent emigration port of Eastern Europe. Before the war Polish and Russian emigrants for the United States ports sailed from Hamburg, Bremen, Stettin or Antwerp. Danzig never saw an emigrant. Owing to passport difficulties in Germany, and aided by practical arrangements, Danzig has taken the lead. A large war camp known as the Tyrol, which during the war was used for housing 15,000 Russian prisoners, is now being used for the emigration of the United States, where countless emigrants are temporarily housed.

The arrangements for their comfort are unsurpassed. The "Hisa" (Hebrew Immigration Aid Society) and "The Joint Distribution Committee of America" is working wonders. Their ample means and business-like arrangements have created ideal conditions which are highly appreciated by the camp officials. Every contingency has been considered. The American Consul has an office on the spot to examine passports; Steamship Companies have their branch offices in the camp; markets and shops supply all necessities at controlled prices; repairing tailors and shoemakers give their services "promptly and at moderate charges." There is even a picture palace which vies with a dance hall as a focus of amusement. A fine Jewish Prayer-house is hailed with joy by the orthodox majority.

The current of emigration has assumed large dimensions, owing to the upheaval and economic conditions in Russia and Poland. The majority of the inmates of the camp are women and children whose husbands and fathers preceded them and are now able to send the passage money. The percentage of Jews is overwhelming, for whether under Bolshevik or Polish rule the history of Jewry in the east is up to the present day a sewer-end.

Textiles Show Improvement.

The slight improvement in the textile market which set in during August. Purchasers who had been out of the market for some time owing to the "consumers' strike" and overfilled warehouses, again appeared with orders, and many of the cotton mills are now provided with work for several months and have been able to resume working on full time. The demand for woolen goods also increased and the silk industry thrived in the general improvement. Textile wholesalers reported even more optimistically than manufacturers. Prices of textiles showed an upward tendency under the increased demand. A general revival of inland demand was noticed in the chemical industry, accompanied by increasing prices. Exceptions were those branches manufacturing chemicals for the leather, varnish and photographic trades. The revival was, however, not on a large scale since business was confined to the home market; foreign purchasers refraining from coming to Germany for chemicals which could be obtained as cheaply abroad. Manufacturers of glassware reported excellent foreign business and satisfactory conditions generally, except as to the supply of coal. The porcelain works of Dresden and elsewhere, producing high grades of fine china, were also better pleased with their foreign business, but as prices could not be reduced and home demand was absent, many of the potteries warehoused the bulk of their production against hoped-for future orders. Other luxury industries, such as the manufacture of pianos, have neither home nor foreign orders.

Hood's Sarsaparilla Makes Food Taste Good

Creates an appetite, aids digestion, purifies the blood, and thus relieves scrofula, catarrh, the pains and aches of rheumatism and gives strength to the whole system.

Nearly 50 years' phenomenal sales tell the story of the great merit and success of Hood's Sarsaparilla. It is just the medicine you need now. Hood's Pills help—fine cathartic.

THE WEATHER.
Forecast.
Monday, Sept. 29.—The weather was clear and a light breeze from the west. Tuesday, Sept. 30.—The weather was clear and a light breeze from the west.

Street Car Was Damaged By Fire

Short Circuit Set Floor in Blaze — Extinguished by Chemical.
Considerable excitement was caused on the corner of King and Charlotte streets last night about 11:30 o'clock when street car No. 90, of the Haymarket Square loop route, caught on fire.

Corner Stone of New Nurses' Home

Temporary Platform Collapsed—Stone Well and Truly Laid by Mayor.
An event in the history of the General Public Hospital took place yesterday when the corner stone of the new Nurses' home was laid.

Public Utilities Commission Met

Old Contracts Must Be Fought Out in Courts—Other Petitions Postponed.
The major portion of the session of the Public Utilities Commission in Government rooms, yesterday morning was taken up with the hearing of a request of F. A. Dykeman, who appeared before the board and asked that a contract entered into between himself and the N. B. Telephone Co. be ordered continued.

AROUND THE CITY

ONLY A BONFIRE.
The fire department was called out last night at nine o'clock by an alarm from No. 139 of the Street Shore Road, only to find that their services were required to extinguish a bonfire.

CHANCERY COURT.

In Chancery yesterday morning hearing was resumed in the case of George W. Hensley versus Hollis Murray, and after some evidence had been taken was postponed to Friday at 11 o'clock. The parties are from Grand Falls.

BOARD OF TRADE.

The meeting of the Board of Trade on Monday night next marks the beginning of the autumn sessions. The story of what Toronto is doing toward port and industrial development will be told by delegates of the Chambers of Commerce of the Empire.

LORD MAYOR OF LONDON.

London, Sept. 28.—Alderman James Hill today was elected Lord Mayor of London by the court of aldermen with all the ancient picturesque ceremonial. He will take office November 8, succeeding Sir Edward M. Cooper.

MANY TOURISTS.

Twelve hundred tourists have passed through Calais into Canada by automobile so far this season, and the number from Canada entering the United States via Calais and St. Stephen is two hundred.

WEDDING CELEBRATION.

There was a wedding celebration at the lower end of Mecklenburg street, last evening. A big bonfire in the middle of the street was included in the festivities. It did not meet with the approval of the authorities, however, and Detective Saunders was dispatched to the spot with orders to have it put out.

ONLY ONE ARREST.

But one arrest, and that for drunkenness, was made by the police last evening. The prisoner was found peacefully lying on the street, quite resigned to his fate. As he was found drunk, a grocer's delivery truck was called in and a prompt delivery was made to the central police station. The "straitlaced case" was confined to a cell to sober off. It is doubtful if he will be in a fit state to face the judge by this morning.

CITIZENS INVITED.

All citizens who have interested themselves in any way toward providing for the amusement and welfare of the boys of the Industrial Home, are cordially invited to attend the sports and indoor entertainment to take place on Saturday afternoon on the grounds. Sports at 3 p.m. Concert at 4 p.m.

SURPRISE PARTY.

A pleasant surprise party was held last evening at the home of Mr. and Mrs. David McCrossin, 8 Brussels street, when about forty couples "bered in honor of the silver anniversary of their wedding. A procession of a purse of silver was made by Mr. and Mrs. McCrossin, the address being made by George Taylor. A pleasant time was spent in games and dancing after which refreshments were served. The greatly enjoyed party broke up after the singing of "For They are Jolly Good Fellows."

POLICE COURT.

Philip and Ernest Bushkin were charged in the police court yesterday before Sitting Magistrate Henderson with breaking and destroying furniture in the house of Mrs. Higgins, Union Ave. Also with being drunk. Ernest was charged with resisting arrest, a bag of flour, by L. Moore; excruciating prize, smoking set, by Roy Hughes; first door prize, ten dollars, by William Burley; second prize five dollars, by Mrs. F. Lord.

CURLERS' FAIR.

A large number were in attendance at the Curlers' Fair last evening, and the usual good time was enjoyed by all. The Devil Among the Tailors prize, a silver case, was won by William Lamerigan; the silver prize, a bag of flour, by L. Moore; excruciating prize, smoking set, by Roy Hughes; first door prize, ten dollars, by William Burley; second prize five dollars, by Mrs. F. Lord.

Elected Officers

At Annual Meeting.
Presbyterian Ministerial Assn. Arranged for United Services on Thanksgiving Day.
Arrangements for a United Presbyterian Service to take place on Thanksgiving Day were made at the annual meeting of the Presbyterian Ministerial Association yesterday. The meeting was held in the vestry of St. Andrew's church, Rev. F. S. Dowling presiding.

Placed in the Stone

A copper box containing records was then soldered and placed in the stone, and covered with melted wax. With three taps of the mallet the mayor declared the stone well and truly laid, and the proceedings terminated.

John LePierre Badly Injured

Struck on Head in the Stetson Mill—Ambulance and Automobile Damaged.
John LePierre, a sixteen year old lad residing on Newman street, was severely injured in the head while working at the Stetson, Cutler mill yesterday afternoon. A hurry call was sent in for the ambulance, but it broke down while on its way to answer the call. Joseph Driscoll volunteered his car as a temporary ambulance and the offer was accepted.

PERSONALS.

Mr. J. Kerr Higgins, 5 Union square, left on Monday for Montreal where he will take up his studies at McGill University. Mr. Higgins was formerly principal of the Grand Falls Grammar school, and during the past year he has been teaching in the West. His many friends will wish him all success during his term at McGill.
