CAMPBELLTON WELCOMES MR. PUGSLEY

SIR WILFRID LAURIER

DALHOUSIE ENFETE HONORS PUGSLEY

The Greatest Political Demonstration in Years Held at the Shire Town Yesterday.

COURT HOUSE CROWDED

(Special News Service.)
DALHOUSIE, N. B., Wednesday.—Not since the visit of our governor-general to the Shiretown, has there been such a public demonstration as took place today on account of the visit of Hon. William Pugsley, minister of public works. Mills and stores were closed down, hundreds of flags floating to the breeze, hundreds of people from the country districts driving into town.
The minister arrived here about 8.30 in his private car, accompanied by Mrs. Pugsley, his son and his private secretary.
Dr. Pugsley spent the forenoon in inspecting the improvements that have been made in our harbor.
He was shown the wants still existing to place the harbor in a position to handle all classes of shipping. At 2 o'clock the court house was packed with people to hear the minister's address. The building was nicely decorated for the occasion.
Portraits of His Majesty the King, Sir Wilfrid Laurier, Dr. Pugsley, Charles Marcell, M. P., and James Reid, M. P., were seen hanging on the walls.
Mottoes were also hanging, "Welcome to our Minister of Public Works" and "Laurier, Pugsley, Reid and Progress."
Hon. C. H. LaBilloye presided at the public meeting ever held in this town. He spoke of his experience with Dr. Pugsley in local politics and said that no able man had ever been sent to Ottawa by New Brunswick than Dr. Pugsley.
Restigouche county had no better friend than Dr. Pugsley, and he gave

WAS FOUND GUILTY OF MANSLAUGHTER

(Special News Service.)
NORTH BAY, Ont., Wednesday.—Thomas Wright was this afternoon found guilty by a jury in the criminal assizes, of manslaughter, in causing the death of Fritz Young, a foreman employed by the Reynolds Company on construction work, on the G. T. P. at Iroquois Falls, on May 26th last.
The charge under which Wright was tried was that of murder.
James Quinn, and Michael Morris, who were included in the indictment, were acquitted.
According to the evidence, Young found fault with the other three in connection with their work and the altercation which ensued turned into a fight, in which Wright stabbed Young in the abdomen.
Young died from the wounds and the effects of exposure, while being taken down the river to get medical attendance.

OPERA HOUSE WAS CROWDED TO DOORS TO HEAR SPEAKERS

Enthusiasm Runs High as Provincial Liberal Leader Answers Slanders of the St. John Conservatives—A Clear, Honest Statement of the Mayers Case.

TRIBUTES PAID TO MR. JAMES REID

Never in the history of Campbellton has its citizens witnessed such a political demonstration as that tendered to Hon. Dr. Pugsley, minister of public works for the Dominion of Canada.

On the arrival of the express with Mr. Pugsley's private car, the citizens' band struck up a lively air. Hundreds of citizens were at the depot and as the honorable minister stepped from his car he was greeted with rousing cheers, which resounded throughout the length and breadth of the town. He was greeted by the committee in charge of the arrangements, and many citizens were also on hand to grasp the hand of the man who in his short term has done so much for Campbellton and the Restigouche.

At 7.30 another large crowd gathered at the depot, and formed in line, headed by the citizens' band, and proceeded to the opera house, where a large number of citizens had gathered

LeBlanc, Robert L. Duncan, George Mecler, Wm. Gray, Charles Goss, Geo. Laible, P. M. Currie, Henry White, Mayor Murray, J. B. Byrne, M. P. P., (Gloucester), William Currie, M. P. P., Charles H. LaBilloye, M. P. P., E. H. Anderson, Thomas Malcolm, E. A. Alexander, E. A. LaGallia, Patrick Uffican, John Groux, John Culligan, Jos. H. Taylor, Fred M. Anderson, Alexis Levesque, and others.

Promptly, at 8 o'clock, His Worship Mayor Murray took the chair, and in a few brief remarks he introduced Mr. James Reid, M. P., the Liberal standard-bearer.

MR. JAMES REID, M. P.

Mr. Reid was greeted by a reception which clearly showed the feelings of the large audience. Round upon round of applause and cheers greeted the popular representative of the county.

When order was restored he briefly addressed the meeting as follows:
Ladies and Gentlemen:—I thank you for the kind reception which you have

once many great works for this county are now under way and appropriations for others have already been passed.

I am not a public speaker, and do not intend to take up the valuable time of this meeting, so again thanking you all I would ask you on the 26th to show by your ballot your appreciation for the good work of Mr. Pugsley. (Great Applause.)

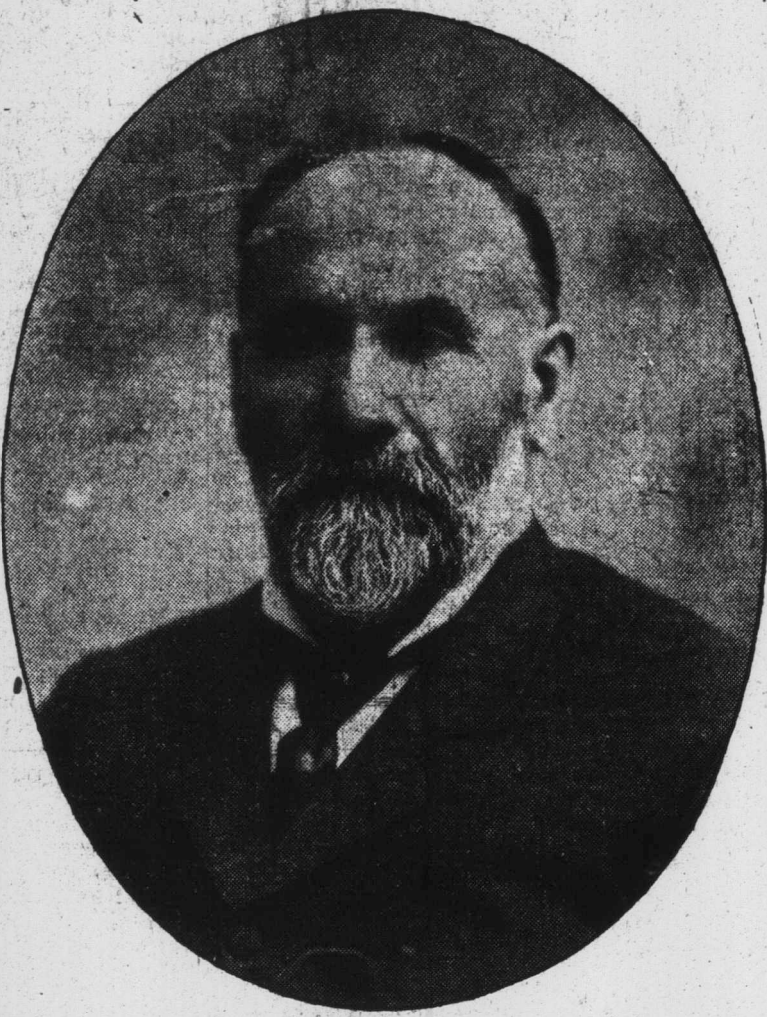

The chairman then introduced J. P. Byrne, M. P. P., of Gloucester.

J. P. BYRNE, M. P. P.

Mr. Byrne, who is one of the clever young men of Bathurst, and a valued member of the opposition at Fredericton, gave a very interesting address.

SCORED THE HAZEN GOVT.

He touched on a few of the issues of the Dominion campaign. But it was in his dealing with the policy of the Hazen Government that he evoked much applause. He laid bare the hy-

JAMES REID, M. P.

to listen to the provincial Liberal leader's exposition of the policy of his party, and answer the charges of wrong-doing put forward by the conservative speakers. He was greeted by tremendous applause.

A CROWDED HOUSE.

The Opera House was crowded to the doors to hear the addresses. Not only was every seat in the large auditorium filled but the gallery was packed, every foot of space being occupied.

Bunting was tastefully displayed about the building, together with mottoes. On the stage was placed a large number of potted plants and ferns.

On the platform was a large number of the prominent men of Restigouche county, among whom were: Lawrence T. Joudry, W. D. Duncan, Herbert Hilyard, Arthur Hilyard, Henry McIntyre, William Comeau, Dalhousie; Wm. Comeau, William Glover, Murdoch Mann, John Barberie, A. T.

tendered me tonight. It is always my great pleasure to meet the electors of my native county.

THE LIBERAL STANDARD BEARER.

I am again chosen as the Liberal standard bearer, and I can assure you that I appreciate this great honor done me. I do not wish to pose as an ideal representative, but I may say that during my eight years as a representative I have endeavored to do my duty by my country. I have always done my duty not only to the friends of the Liberal party, but have not discriminated against its enemies.

THANKS TO DR. PUGSLEY.

I thank my honorable friend, Dr. Pugsley, the minister of public works for the Dominion, for the great interest he has always taken, since his occupancy of that important office, in the county of Restigouche.

He was always ready and anxious to do what was right and in the best interests of the public. By his influ-

poorly of Mr. Hazen and his government, in their dealing with the electors. The increase tax for roads, was cleverly explained and was punctuated with great applause.

VICTORY FOR MR. TURGEON.

Mr. Byrne, during his remarks, stated that there was not a doubt but that Mr. Turgeon would be returned by a large majority in Gloucester.

HON. C. H. LABILLOIS.

Hon. Mr. LaBilloye was the next speaker introduced by the chairman, and was greeted with unbounded enthusiasm.

He said that as no doubt the large audience had come to hear the Hon. Dr. Pugsley, and A. B. Copp, M. P. P., he would not take up much time, but he could not take the opportunity pass without thanking the electors of Campbellton, for the splendid support given him at the last election. He trusted that the electors on the 26th would show their appreciation of his good work to the man who has done

HON. WM. PUGSLEY

so much for Campbellton, (Hon. Dr. Pugsley), by voting for Mr. Reid. If Campbellton people would but think seriously of the town's prosperity and also of its possibilities, he felt quite sure that Mr. Reid would carry a splendid majority out of it. (Applause.)

MR. A. B. COPP, M. P. P.

Mr. A. B. Copp was the next speaker. He was greeted by applause. In opening his remarks he said that he was surprised to see Dr. Pugsley here on the platform, as on taking up a paper at Moncton in the morning, he was afraid that the Hon. gentleman would be in jail, and he had made all haste to proceed to Campbellton, and endeavor to take up his work.

But he was glad to see the Hon. gentleman here and no doubt he was able to look after himself, despite the assertions of the Tory press.

Mr. Copp is a very pleasing speaker and eloquently dealt with the large issues of the day. His talk was along purely business lines. His arguments were one of dollars and cents, in which every elector of the Dominion could understand and appreciate.

He showed that although the postal rates had been decreased, the revenue had grown thrice that of the postal revenue under the Conservative administration, and whereas the Conservatives had a deficit of nearly two hundred thousand dollars, the Liberal administration last year showed a surplus of nearly a million and a quarter dollars.

He scored Premier Hazen for his mismanagement of the provincial business. For his unmanly attacks on public men, and his campaign of slander which he is carrying on throughout the province of New Brunswick, and other provinces of Canada.

THE MONCTON LAND DEAL.

Clearly, as a man who knew of what he spoke, Mr. Copp exploded the charge of a rake-off in reference to the purchase of land at Moncton, needed for railway purposes. He also read the report of a committee of gentlemen, among whom was Mr. F. W. Sumner, stating that the land was worth \$15,000.

In conclusion Mr. Copp advised the citizens to elect Mr. James Reid, to the House of Commons, a man who has done so much for the town of Campbellton, and his county; a man who is so popular among the members at Ottawa, and he was sure that the 26th of October would show a large majority for the popular representative. (Applause.)

The chairman, amid great applause, introduced Hon. Dr. Pugsley.

HON. DR. PUGSLEY.

In part, he said as follows: Ladies and gentlemen—Last evening, in St. John, we had the pleasure of listening to that popular and eloquent member, of the adjoining constituency of Bonaventure. He meant the Hon. Chas. Marcell, and he had expected to be a

speaker at this splendid meeting tonight, but other engagements in Kent County prevented. But Mr. Marcell asked him to announce that he would have the pleasure of addressing a Campbellton audience on the evening of the 23rd. (Applause.)

His friend, Mr. Copp, had referred to the fact that Conservative friends have not the best words to say often. (Dr. Pugsley.)

He did not know if this is true, if it was, he forgave them. He forgave them as in the past, every charge of wrongdoing on his part had receded, and had done the Conservative party more injury than himself.

There was a proper place to make these charges, a place that no man among the Conservatives had dared up to the present time to approach, and utter his charges. That place was on the floors of parliament, where they would have to substantiate their charges or resign their seats. In the house. During his twenty-two years of public life, not a man had dared to take this course.

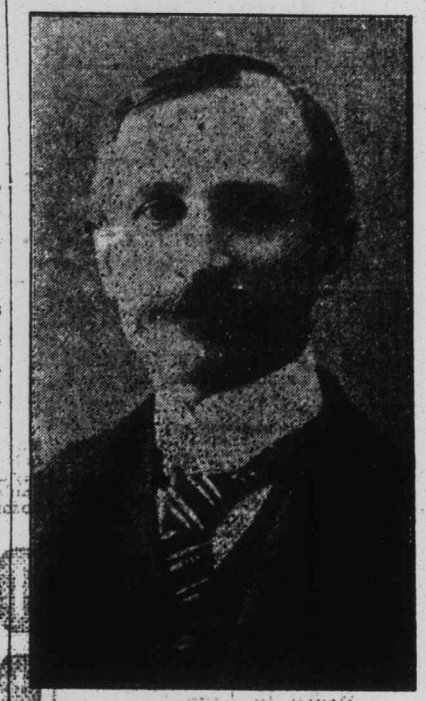

It had been said here that he had been a good friend of this county, but he was no better friend to Restigouche than Restigouche deserved. This was a grand county, a county which had before it a grand future. Its resources were being exploited and trade is increasing every year. You have every reason to be proud of your county. Its grand river and the Bay of Chaleur.

It is possible of great development. Some years ago he had visited, this section and learned of the resources of that large section of fertile land lying between Campbellton and the head waters of the St. John. Lands that contained large quantities of lumber and suitable for farms, which required only to be opened up.

For this purpose it was proposed to run a line of railway across that country and the International is the result, a railway that is being rapidly pushed to completion. And he said Mr. Hazen and his friends fought this road tooth and nail, and it was only after the strongest efforts that the enterprise had been successfully launched.

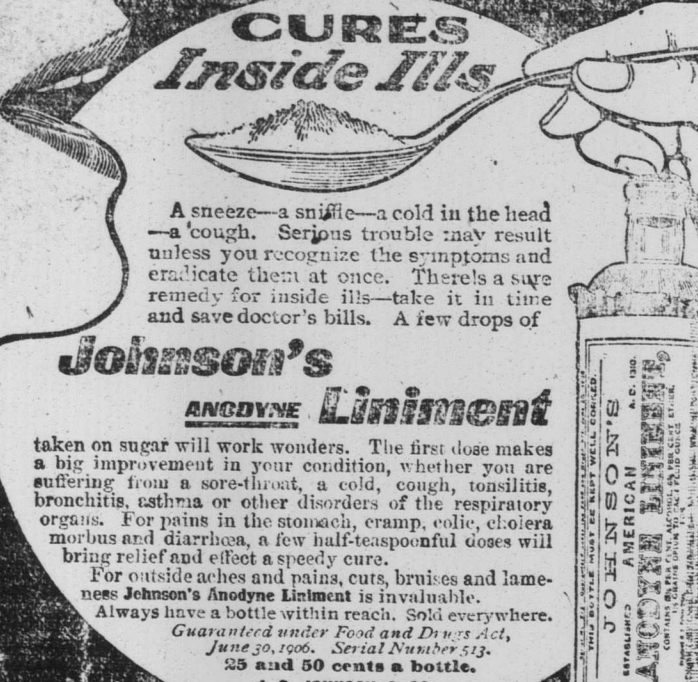

It was always a pleasure to yield to the wishes of your representative, Mr. Reid, when he asked for improvements for his county, as it is recognized at Ottawa in the various departments.

PUGSLEY WILL CARRY PROVINCE

(Winnipeg Free Press.)

James Robinson, of Brandon, N. B., a former member of the Dominion House, is a guest at the Royal Alexandra hotel and leaves with a party of friends for Regina tonight to attend the auction sale of western lands which is to take place there from Oct. 12 to 17.

Mr. Robinson when asked by a reporter in respect to the coming election in New Brunswick, replied that he felt sure that the Hon. Van Pugsley would carry the province for the Laurier government, probably with ten Liberals to three Conservatives.

When asked how he accounted for Premier Hazen's victory in the provincial election, Mr. Robinson replied that Premier Hazen did not appeal to the people on party lines.

A SHAMEFUL ROORBACK.

If there was anything wanting to make the people of this country distrust the Conservative gentlemen who are now busily trying to win them, it surely is to be found in the attempt which has been traced to them to wreck public faith in the new Transcontinental Railway.

Of course, it has been well known that the Conservative party has no love for this great enterprise, but it is almost beyond objection that they should go to such lengths in their antagonism and in their desire to capture the administration as has become evident in the last few days.

On Wednesday last a despatch was sent out from New York that the Grand Trunk was about to abandon its bargain with the government, and have no more to do with the Transcontinental project. The despatch, on the face of it, was suspicious.

Some light is thrown upon it by the startling discovery made by Hon. Mr. Graham, that a pamphlet was being prepared by an American journalist which is to be placed in circulation by the Conservatives a few days before the election, in order to prevent the opportunity of dealing, making the charges concerning the construction of the railway, as well as against some of the men connected with it.

On top of it all comes the absurd statement of Mr. McGarry, of Renfrew, that Contractor O'Brien has contributed \$400,000 to the Liberal campaign funds which he is to be repaid in extra allowances on his contracts.

We say that it is hardly conceivable that a great party should so far lose sight of its responsibilities to the country at large as to adopt such shameful methods to win an election, but we cannot forget that in 1904 an equally disgraceful plot, hatched by the same party, was discovered at the eleventh hour, and promptly squelched.

Hon. Mr. Graham yesterday made the following statement in an interview:

"There has been no intimation to me nor to any member of the government, directly or indirectly, that the Grand Trunk Public Works is to back out of the bargain. I rather think I am the only one who knows it. I don't know it. All the intimation we have is that the company will push on and complete the railway as soon as we can complete it."

Mr. Graham has asked what the significance was of his statement at Tilbury that if the G. T. P. Company withdrew there was another company ready to go on under the same agreement. His reply was:

"Why, that statement was one I made in Parliament last session. It was only a chance remark, and means nothing more than that I am ready to see the railway completed."

HEALTH COUNCIL WILL PURCHASE LAND

(From Wednesday's Graphic.)

A meeting of the town council was held last evening, the full board in attendance.

The report of Police Inspector Matheson for six months, ending Sept. 1st, was submitted. Fines collected amounted to \$621.00 and costs \$150.00.

Coun. McDonald submitted a report recommending the purchase of six acres of land from A. P. Chamberlain, on the Tobique road, for an almshouse, for the sum of \$1,000. Coun. McDonald stated that he and the committee had looked over several sites and had come to the conclusion that the Chamberlain property was the best property. It was beautifully situated and was close to the new water main.

After some discussion the report was adopted.

A number of accounts were passed. Coun. Anderson from the water and sewerage committee, submitted a report recommending that the claims of H. S. Alexander and Thos. St. Onge, for alleged damages from overflow from sewers, be not entertained.

Coun. Andrew stated that legal advisers had said that Messrs. Alexander and St. Onge had no claim. He also stated that the engineer intended to make use of an old box drain in that locality, to relieve the pressure this fall and have a new outlet put in the spring.

The report was adopted.

The council, after some discussion, decided to offer Mr. R. L. Duncan two cents per square foot for road passing through his land to the reservoir, containing 750 square feet.

Mr. Wainwright, second vice-president of the G. T. R., when asked if there was anything in the story, said: "It's all Greek to me, and I don't believe a word of it."

If the Grand Trunk were to withdraw from their contract to lease and operate the eastern end of the road, the section which will open up northward, it would only be on forfeit, they would have no forfeit. They would have as the Montreal Herald points out, to forfeit their guarantees on the bonds floated to build the prairie section, and to be floated to build the mountain section. They could not take all and give nothing. They would have then what Mr. Hays once called a local road in the east, and a local road on the prairie, with no connection between them. And if the worst came to the very worst, the country would still have what Mr. Borden has always argued it ought to have, a road from ocean to ocean, built by the country and owned by the country.

ROUSING MEETING AT NEW MILLS

(Special News Service)

NEW MILLS, Tuesday.—The meeting here this evening in the interests of the Liberal party drew a full house, there being only standing room when the meeting commenced.

Thomas Hays was chosen chairman and the speakers were Mr. Hays, Mr. Both, Mr. Currie, M. P. P., and A. E. G. McKenzie made good speeches, sticking to the great questions of the campaign.

They were frequently interrupted by the enthusiastic audience, who, to use the phrase of one present, "fairly raised the roof" with their applause.

On all sides are heard expressions of the good work done by Mr. Reid for the country; of the broken promises of the Hazen government and of the certainty of victory for the Liberals.

Miss Mary Johnson Was too Unprepossessing to get along as a Woman

NEW YORK, Tuesday.—The Ellis Island Immigration authorities, who had detained Miss Mary Johnson, a Canadian woman, when she arrived here on the American liner New York under the assumed name of "Frank Wood Hall" and wearing men's clothing, today decided to allow her to proceed to her destination, New Orleans still garbed in masculine attire.

Miss Johnson, fifty years old, and of masculine appearance, had declared to the authorities that, having been born unprepossessing as a woman, she had found herself practically shut out from earning a living and that only as a man had she been able during the past fifteen years to earn a regular income as a book agent, and maintain her respectability.

NEW MILLS, Tuesday.—The meeting here this evening in the interests of the Liberal party drew a full house, there being only standing room when the meeting commenced.

Thomas Hays was chosen chairman and the speakers were Mr. Hays, Mr. Both, Mr. Currie, M. P. P., and A. E. G. McKenzie made good speeches, sticking to the great questions of the campaign.

They were frequently interrupted by the enthusiastic audience, who, to use the phrase of one present, "fairly raised the roof" with their applause.

On all sides are heard expressions of the good work done by Mr. Reid for the country; of the broken promises of the Hazen government and of the certainty of victory for the Liberals.

Miss Mary Johnson Was too Unprepossessing to get along as a Woman

NEW YORK, Tuesday.—The Ellis Island Immigration authorities, who had detained Miss Mary Johnson, a Canadian woman, when she arrived here on the American liner New York under the assumed name of "Frank Wood Hall" and wearing men's clothing, today decided to allow her to proceed to her destination, New Orleans still garbed in masculine attire.

Miss Johnson, fifty years old, and of masculine appearance, had declared to the authorities that, having been born unprepossessing as a woman, she had found herself practically shut out from earning a living and that only as a man had she been able during the past fifteen years to earn a regular income as a book agent, and maintain her respectability.

The True Test

of value is not the price you pay but the style, comfort and fit you get. Don't imagine that all tailors work is alike. Nor the goods alike in garments sold at similar prices. Not at all. Good, bad and indifferent describes it. Some excel. We make it a point of honor to give value and perfect fit. Can we do more.
