Storm sash pay for themselves quickly in fuel saving. Storm sash does away with draughts and keeps the cold breeze out. Save your money and enjoy comfort and better health by ordering the storm sash for your home now.

We can supply storm sash to suit your openings. Most likely one of our stock sizes will do—If not, send us the outside measurement of the storm sash you want and we will make them up for you.

Our sash are made of sound white pine, practically clear. They are carefully finished and fitted so as to have all joints weather-tight.

Windows are glazed with clear glass, applied after printing, and secured by glasser's points and best gun putty.

We recommend always the 4 light storm sash even if your inside sash are in 2 light only. They are stronger, cost less on account of the smaller size glass used, and if a light of glass is broken you can replace it under and at less expense.

Stays in stock ready for immediate shipment. Complete with glass and ventilator in bottom rail.

	Price
2 lbs. 24x24	\$3.35 each
2 lbs. 28x28	4.10 each
2 lbs. 30x30	4.45 each
4 lbs. 12x24	5.15 each
4 lbs. 14x28	5.35 each
4 lbs. 16x30	6.15 each

DO NOT DELAY WE ADVISE YOU TO ORDER NOW
When ordering storm sash state outside measurement and also the size of glass in your inside sash.

WHAT BOND ISSUE IS FOR

Work Proposed to Be Done Under Resolution Passed Tuesday.

Citizens who read the original resolution as passed in Council on December 15th sitting forth the work proposed to be done, and seeing estimates of cost, will wonder how that amount can be accomplished with an expenditure of \$200,000 as asked by the resolution as passed at Tuesday morning's special meeting of the Council.

The Graphic understands that the engineer's estimate for that work ran up to an amount in the vicinity of \$400,000. This was considered too heavy an undertaking on the work was cut down to embrace the following:

New thirty inch sewer from subway to 300 feet east of Andrew Street.

Nov. 10 inch and 16 inch water mains and 8 inch sewer on Arden St. from Sugarloaf to Prince Wm. Street.

The following streets will be paved complete:

Ramsay St. from Harquail's to Water St.; Water St. from Ramsay to Subway; Subway from Water St. to Roseberry St.; Andrew St. from Ramsay St. to Subway.

The following streets will be broadway paved (that is concrete or roadway surfaced permanently):

Ramsay St. from Bridge to Harquail's; Roseberry St. from Sugarloaf to Western Boundary and Sugarloaf to Roseberry to park entrance.

Sidewalks of concrete to be constructed as follows:

East side of Ramsay St. from Harquail's to Water St.

North side of Water Street from Ramsay St. to Subway.

South side of Roseberry St. to be completed.

One side of Sugarloaf St. to Park entrance.

It is felt that this amount of work can be done for the sum estimated.

It is the duty of every taxpayer to seriously consider the whole question and then on Jan. 12th vote at his or she may feel is the best interests of the town.

Tuesday Morning.

Another special meeting of the Town Council was held in the Firemen's Hall at 10 o'clock Tuesday morning. His Worship Mayor McKay presiding. Councillors Belleisle, Patterson, St. Onge and Moore were present.

His Worship explained that the meeting was taken to take action in reference to the matter of permanent streets and water and sewerage extensions.

Coun. Moore moved the following resolution:

Whereas in the opinion of this Council it is advisable and expedient in the best interests of the Town that certain permanent street work as well as the extension of the water and sewerage mains on Arden Street and the installation of a new sewer on Water Street of an adequate capacity.

And whereas estimates have been prepared showing total cost of said work to be in the vicinity of \$200,000.

And whereas this Council is of opinion that the taxpayers should express their approval of such projects before same are undertaken.

Therefore resolved that a vote of the taxpayers be taken on Thursday, the 12th day of January, 1922, on the question of whether or not the ratepayers in favor of the same.

Whereas the ratepayers are authorized to issue bonds for an amount not to exceed \$200,000 to provide the necessary funds for the carrying out of said work of constructing permanent streets and sidewalks and the construction of a new sewer and water mains on Arden St. and the construction of new sewer on Water Street, and vote to be taken by "yes" and "no" ballots printed on white paper, a "yes" ballot to indicate that the ratepayer is in favor of said project and a "no" ballot to mean that the ratepayer is not in favor of said project.

Further resolved that for the purpose of taking said vote a poll be opened in each of the three wards of the Town, said polls to open at 10 o'clock a.m. and remain open until 4 o'clock p.m., the Town Clerk being hereby appointed Returning Officer.

Resolved that the following officers be appointed: Deputy Returning Officer

CAMPBELLTON BEATS OLD RIVALS

Clear Game But Campbellton Wins by Brilliant Work in Last Period.

Amid wild enthusiastic cheers from over seven hundred lusty throats, Campbellton was from Chatham by a score of 4 to 1 the initial game played by the hockey sides of the N. B. and P. E. I. A. H. A. opening. The game was clean and fast and at times so closely contested that the appreciative crowd of spectators ceased all clapping and merely chanted anxiously to the ralling.

According to schedule Bathurst was to play Shelburne on the latter's ice but the game was postponed on account of soft weather and the condition of the ice there.

Campbellton vs. Chatham 1. Campbellton, N. B., Dec. 31.—With the thermometer registering away to below zero Chatham went down to defeat before Campbellton last night by a score of 4 to 1.

The game was clean and very fast, no major penalties being handed out by Referee Sandy Staples. The Chatham forwards showed lots of speed but at no time was the Campbellton defence in serious difficulties. Mott and McLean showing their old time form of two years ago; Thomas was everywhere with speed to burn and with Matthews going as strong as ever on right wing and Sharpe at centre Campbellton has a goal getting forward line. Lavoie showed well in the goal.

Chatham had a good youngster in Eagles in goal and he made some good stops while McMahon, Keogh and Cripps were the outstanding stars for Chatham.

The first period was very fast, Chatham scoring one goal by Keogh and the period ending with the score 1 to 0 for Chatham. The second period opened with Campbellton trying hard to tie the score but the home team were unsuccessful all just before the bell rang when the action pieces of slide-hauling Sharpe scored tying the score, the second period ending with the count 1 to 1. Early in the third period Keogh and Cripps made many pretty rushes in their efforts to put Chatham in the lead but the Campbellton defence is like a stone wall this season and they were unable to score. The Campbellton team at many times in the past season demonstrated their ability to come out strong in the closing period and by good combination found the nets three times. Sharpe, Thomas and Mott each scoring a goal. The game ended with the score 4 to 1 in favor of Campbellton.

The line up:

Goal	Chatham
Lavoie	Eagles
Mott	Currie
McLean	Cover Point
Sharpe	Duncan
Thomas	Left Wing
Matthews	Right Wing
Battery	Spars
Wilkins	Cripps
Lavolette	Lawlor

Referee—Sandy Staples, Fredericton.

FIRE DOES SERIOUS DAMAGE

Sunday Morning Fire Completely Destroys Frank Gillman's House and Contents.

Fanned by a snow laden easterly gale, fire which broke out early Sunday morning in the residence of Frank Gillman, compelled he and his household to hurry out into the stormy night in order to avoid being trapped by the menacing flames.

About 2:30 Sunday morning, Mr. Gillman luckily awoke by chance and was alarmed by the odor of something burning. He started for the lower floor of the house to investigate its cause but was halted on the stairs by the density of the smoke which rose from below. Little investigation was necessary to convince him of the impossibility of escape via the lower floor. Realizing that the house was doomed he hastened to arouse the family. Amidst frightened cries of protest from the younger children of the family the ominous crackle of the unheeded flames, they hurriedly made their escape half-clad and shivering, by way of the front balcony.

The alarm was then rung in and the fire department promptly responded but the flames had progressed too far to permit the firemen to attack the blaze from any advantageous point. The night was cold and disagreeable but the firemen stuck assiduously to their task until all evidence of fire was completely extinguished. Despite the high wind that prevailed throughout the night, they were successful in confining the blaze entirely to the Gillman building.

Owing to the sudden nature of the fire and its rapid progress the salvaging of furniture was impossible. The building was completely gutted and in consequence the only articles saved were a trunk, two pillows and a blanket. Although the house and contents were covered by insurance amounting to \$9000, the loss was considerable for it included not only the house furnishings but also furniture appraised in value to \$4000.

The fire is believed to have originated from the furnace but the exact cause is unknown.

CURLERS GET BROOMS BUSY

Local Curling Club Opens Season With Engaging Series of Games.

The Curling Club here celebrated the New Year by a cooly contested series of games. The series which concluded last evening shows the following result:

Monday, Jan. 2nd.

PRES.	VICE-PRES.

106 scores were captured by D. C. Firth Prizes for the lowest and highest and H. G. Milligan.

CONVICTED ON TWO CHARGES

Antoine Fontaine Gets Two Months on Assault Charge.

Antoine Fontaine of Balmoral appeared in court this morning on a charge of assault against Octave LaPage. Information was laid by the victim of Fontaine's brutality and five witnesses were present and gave evidence. The penalty was two months imprisonment with optional fine.

It was also discovered that the Fontaine above mentioned was the man against whom numerous informations have been laid in connection with the booze business. Conviction of guilt was obtained on one charge, the information of which was laid last spring. Fontaine was fined \$50.00 and costs.

UNION OF TWO CHATHAM CHURCHES

Presbytery of Miramichi Met Thursday to Complete Plans.

The Presbytery of Miramichi met with the two congregations of St. Andrew's and St. John's Churches in St. Andrew's Church on Thursday evening at 7:30 o'clock for the purpose of consummating the union of these congregations to constitute "The United Church of St. Andrew and St. John."

The meeting was one of great interest to the entire congregation and to the community at large. Rev. L. H. McLean, moderator of Presbytery presided and conducted public worship, the sermon being preached by the Rev. Thomas Harrison of Black River. All the books and papers of each congregation were laid on the table of Presbytery. The Basis of Union was signed by representatives of each congregation.

The officers were elected as follows: Moderator—Rev. W. M. Matthews. The meeting congregations held their closing meetings on Wednesday evening proceeding in their respective school rooms, to arrange all business matters in readiness for the union. An interesting feature of the meeting in St. John's was the burning of the mortgage payment on which has been completed in the past few days made possible by the receipt of the bequest from the estate of the late Mrs. E. B. Eddy, formerly a member of St. John's church. The congregation highly appreciate both the generous provision made by her bequest and the interest shown by Mrs. Eddy and also the officers of her estate and trustees in speedy payment of this particular bequest in time to enable the congregation to enter the union free of debt.

NOTICE.

The Northern Light Rebekah Lodge No. 77 will hold their regular meeting on Tuesday, Jan. 10th. Social evening and entertainment at nine o'clock. All Oddfellows and their families invited. Members please attend.

BOARD OF TRADE MEETING CALLED

Matapedia Highway and Other Matters.

A meeting of the Campbellton Board of Trade is called for Friday evening in the Firemen's Hall at 8 o'clock.

As very important matters are to be discussed it is hoped every business man will be present.

The matter of the Central Street subway is in such shape that it needs a little assistance to keep it moving. The Board hopes to be able to give that assistance.

The Graphic understands that a sewer is on foot to divert the course of the proposed highway from Montreal to the St. John river. A delegation of all the Quebec Municipalities interested will go to Quebec shortly to interview the government and we are sure that the most important matter which has come before the Board in years as it means a tremendous tourist traffic through this district when the highway is completed. Every effort should be made to have the road come down the beautiful Matapedia valley.

There are other matters which should be discussed at the proposed Board of Trade for permanent streets, etc., for Campbellton.

NEW SPORT AT NEW YORK

Success of Great "Human Fish" Contest Held in Madison Square.

Dealers, get ready for a big run on a tarpon fishing outfit. If New York's latest and most thrilling sport—angling for mermaids—attains a nation-wide vogue, as has been confidently predicted, there is bound to be a considerable stimulation of sales of heavy-weight, surf casting tackle capable of withstanding the struggles of tarpon fishing outfits. If New York experience has gone so far that it is the only kind of equipment to be successfully employed in casting a "human fish," it is only a matter of time before the new sport of "tarpon fishing" will become an enthusiastic craze among the ten thousand people at the big Madison Square Garden arena, which has been the scene of many exciting events in its day, but it is safe to aver that ever has a stunt been pulled off in that historic building that furnished more thrills and aroused more popular interest than the great "Human Fish" contest, in which three of America's most noted anglers matched their skill against Denmark's most powerful and famous swimmer who had undertaken to make good her boast that she could beat a man in a rowing race.

COULD HARDLY MOVE IN HER BED

Eight Boxes of "FRUIT-A-TIVES" Cured Her Rheumatism.

Labelle, P. Q., April 18th, 1921. "It is my duty to tell you and publish to all what your remedy 'Fruit-a-tives' has done for me. I suffered with Rheumatism for ten months; could hardly move in bed; and was miserable all the time. I tried several physicians and took many remedies, but they left me at the same place, in bed and suffering the Rheumatism was so bad. I finally started in taking 'Fruit-a-tives' and continued the treatment regularly as I found myself getting better. After using eight boxes of 'Fruit-a-tives' (which cost only \$1) I am completely well without a trace of Rheumatism."

ACCEPTS CALL TO BROCKTON

Rev. Thos. H. Roy, Well Known Here Goes Back to United States.

London, Ont., Dec. 23.—Rev. T. H. Roy, pastor of the Talbot street Baptist Church, has just resigned his pastorate to accept a call to Brockton, Mass. Rev. Mr. Roy is a native of Newcastle, N. B., and came to London from Lincoln Park Church, West New- ton, Mass., which is only a short distance from the city to which he is now called.

NEW CABINET AS SWORN IN

Number of Ministers Reduced—Hon. Mr. Laurier Remains Out at Own Request.

Ottawa, Ont., Dec. 23.—When Hon. W. L. Mackenzie King was sworn in as prime minister of Canada between 3 and 4 o'clock this afternoon, along with eighteen Liberals as cabinet ministers, there were inaugurated at the very outset three important reforms which promise well for the state, national government. Canada has seen so much in recent years of these reforms that the country now has for the first time in its history a ministry thoroughly representative of every province and every section of its people. Even the prairie provinces about which alone there were fears an active leader not to enter the cabinet, will have tried and experienced legislators and administrators in the person of ex-Premier Charles Stewart of Alberta and Hon. W. R. Johnston, ex-minister of Agriculture.

DALHOUSIE.
 Jan. 3, 1922.—Mr. and Mrs. James E. Stewart left last week for Keweenaw, New Hampshire, where they will make their home for the future. Mrs. Stewart was a native of Westmorland and for some years served his county as sheriff. He was also town clerk for Dalhousie. Mr. and Mrs. Stewart will be much missed.

Miss Violet McKay, principal of the school at Harvey, is visiting her parents Mr. and Mrs. Alexander McKay. The basket social and dance which was held on Wednesday in the Foresters' Hall, Bel River Crossing was a great success. The sum of \$50.00 was cleared. This will be donated by the members of Lons Star, L.O.L. No. 125, under whose auspices the affair was held, towards helping furnish a room in the Soldiers' Memorial Hospital, Campbellton.

Officers of Westmorland Lodge, No. 25, F. and A. M., were installed on Tuesday evening, St. John's Day, as follows: Irving B. Deacon, W. M.; A. B. McKinnon, S. W.; A. McQ. McKinnon, J. W.; T. G. Scott, Secretary; C. McNeil, Treasurer; Murray McKay, Chaplain; S. L. T. Clifford, D. of C.; J. B. McKay, S. D.; J. E. Gould, J. D.; W. K. MacIntyre, S. S.; W. Rindler, J. S.; L. McKinnon, I. G.; C. G. Chambers, Tyler.

The installation ceremony was performed by A. B. McKinnon, P.D.D.G. M., with M. McKay, P. M., as D. of C. Today at 9 a.m. the masonry stood at ten degrees below zero. The sky is cloudless.

The Sunday School pupils, friends and parents of St. Mary's Church enjoyed the annual Xmas Tree entertainment in the Hall on Friday evening. The programme consisted of:
 A Fowl Supper—Opening remarks of the Chairman, Rev. E. J. Coleman. Chorus by School. "White Sheep" Herds Watched Their Flocks by Night.
 Recitation—By Billy Williams.
 Winter Song—Eileen Clamphorn, accompanied by Miss A. Gallop.

DALHOUSIE JUNCTION.

Great credit is due Gertrude Blair, Ruth McQuarrie, Mrs. A. T. Wafer and A. T. Wafer, Victor Jamieson and Harriet Craswell who helped to make the affair a success.

BROADLANDS.
 Mr. Angus Sinclair has returned home from college.
 Mr. Leman Bolton returned on Monday from Montreal.
 Mr. Henry Sherrard was in Broadlands last week.
 Mr. Clinton Babcock was the guest of Mrs. Walter Warren Christmas.
 Miss H. E. Stewart who for the past few weeks has been the guest of Mrs. Lillian Cross Point, is visiting Mrs. T. G. Mott.
 Mrs. H. E. Mott and family have returned from a visit to relatives and Sackville.
 Miss Marie LeBlanc, nurse-in-training at the Roosevelt Hospital, New York, is visiting her parents, Mr. and Mrs. Alex. J. LeBlanc.
 Large quantities of good sized smelt are being caught by the fishermen. The buyers are offering eight cents per pound.

BUFFALO HERD

NOW IS 5,000
 Considering Killing Some and Commercializing the Undertaking.

Edmonton, Alta.—Commercialization of the buffalo at Wainwright Park, Alta., stocked twelve years ago with 750 animals and now having a herd of more than 5,000 is under consideration by the Federal government. The herd is increasing rapidly each year and with the eventuality of the animals outgrowing the 100,000 acre park the government representatives are seeking ways to commercialize the surplus animals. Commercial undertaking would include the sale of meat, robes, mounted heads, and possibly leather and wool.

An excellent demand exists for buffalo meat, and all the animals the government cares to kill can be sold at five prices in both Canada and the United States. Some of the surplus bulls, it is said, will be killed this winter for the market. Buffalo robes are remarkably durable and even with the hardest service will last for years. They were in common use fifty years ago when the remnants of the once great herds were still in existence. Now with the source cut off by the almost complete extermination of the bison, they are rarely seen and command a price of \$100 a piece and more. Mounted heads also fetch a good price, running from \$125 to \$200.

The tanning of buffalo hides may develop into an important industry. Experiments made, it is said, show that the leather is tough, pliable and practically waterproof. The wool which the animals shed every spring has been manufactured into a strong cloth fabric which has industrial possibilities though of a restricted kind. The original herd of 750 was purchased in Montana from Michael Pablo, a Flathead Indian.

LIME DUST CURE

FOR CONSUMPTION
 Doctors Tell Paris Medical Academy of Favorable Results.

Striking experiments with a view to the cure of tuberculosis were related by Doctor Coutieres before the Paris Medical Academy yesterday. Having noticed that men working in lime kilns never developed tuberculosis, he made tuberculosis patients breathe dry hot atmosphere saturated with quick lime dust, calcic powder, carbon anhydride, with the result that a large proportion of them were cured.

Another doctor acting on the same reasoning has been similarly experimenting with similar results. It is believed that this treatment can now be advocated as both a therapeutic and prophylactic measure.

FORMER EMPRESS
 ZITA PERMITTED TO SWITZERLAND

Lisbon, Jan. 3.—Former Empress Zita of Hungary, in exile with the former Emperor on the island of Madeira, has finally received permission to visit Switzerland to be present when an operation is performed on her son Robert. Her application for permission was made some time ago, but there has been considerable delay in securing it from the Allies. It was announced yesterday the ex-Empress would leave for Switzerland January 6.

A Famous Sea Captain
 Late Commander of the "Empress of France."

The Canadian Pacific recently lost by death in England one of their popular sea captains, Captain Cook, R.N.R., also commander of the Canadian Pacific liner "Empress of France" who was away at his residence at Great Crosby.

After conveying Mr. A. B. Blair, four and other prominent guests to the Conference and presented a message across the Atlantic. Captain Cook was taken to the hospital at Quebec, arrived at 11:30 p.m. on the 24th inst. and when the doctor reached the hospital he was found to be suffering from a severe attack of pneumonia.

The late Captain Cook, who was 57 years of age, was a man of fine appearance and possessed a most courteous and genial disposition. He was called upon one of the most arduous commands during the war years, and he performed excellent service during the war years. Captain Cook was born at Tayport, and joined the Allan Line in 1888 as fourth officer of the "Carrisburgh." Within four years he was promoted to chief officer of the "Dunstan," and he became the Commanding Officer of the "Oriskany" in 1907. On the commencement of the war he was appointed to command the "Carrisburgh" and was given the command of the "Albatross" at that time flagship of the Allan Line. Squadron of the North Atlantic.

His family resided in the "Albatross" which line, following his conversion from war service, was renamed the "Empress of France." Captain Cook has since sailed regularly on this line, and he was very highly respected by the crew and passengers, including such distinguished passengers as the Hon. J. A. Macdonald, the Hon. J. A. Macdonald, the Hon. J. A. Macdonald, and the Hon. Mr. A. Balfour.

FOUND DEAD WITH BULLET
 ROLE THROUGH HEAD

Sydney Man Disappeared After Losing \$25,000 by Fire.

Sydney, N. S. Jan. 3.—A Crown enquiry into the death of George Libbey found dead at noon Sunday in an old barn on Lingon Road with a bullet hole through his head, was recommended by Coroner J. C. Townsend's jury.

Libbey disappeared Tuesday after losing \$25,000 by a fire which burned his general store early Monday morning. Sunday Libbey was found lying face down with a 38-calibre revolver a few inches away. Medical evidence showed that the bullet entered the left ear and came out through the top of the skull. Libbey was left-handed, the right arm having been affected by blood-poisoning some years ago.

Just before he disappeared Libbey expressed the opinion that the fire was set by burglars to cover a robbery.

Admiral Kilpatrick and Dan McLean were held by the police charged with having in their possession a quantity of fowl play which was brought out at the inquest and Coroner Townsend would say on what grounds the Crown enquiry is called for.

One Thing Saved.
 "The thief took my watch, my purse, my pocketbook—in short everything."
 "But I thought you carried a load of revolver!"
 "I do—but he didn't find that!"

Campbellton, N. B., Jan. 5th, 1922.

TIME FOR ACTION.

Through the medium of our local press and by word of mouth most of us have been repeatedly informed of the effect that there is considerable suffering from poverty in our midst, due largely to lack of employment.

To speak again of the matter may seem to many a tiresome repetition of a much discussed subject. But on the other hand has anything been done to better these conditions? So far as we can learn nothing has been accomplished by which this suffering and privation may be eradicated or even alleviated to any considerable degree, regardless of whatever well-intended plans have been taken.

Are we going to let this matter drop? Is Campbellton with its well-deserved reputation for liberality in patriotic and philanthropic causes going to fall below the expectation of those who regard her as a champion in all worthy work? Or are those in command of our municipal affairs going to display the initiative and sympathetic liberality to organize ways and means by which the cessation of these lamentable conditions may be accomplished?

Let us first be assured that the need is urgent and the cause a worthy one. We know of several instances where families and individuals are experiencing all too keenly the pinch of penury. Moreover there are several cases where, if work is not secured ere long the incalculable demands of winter for proper food and clothing will, unless some good Samaritan intervenes, exact a wretched toll.

But enough has been said. The time for idle debate on this matter is past. We trust that our town council or some citizens of influence will lay aside the spirit of hesitation and proceed at once to organize ways and means by which the disposal of this unfortunate contingency may be judiciously and speedily accomplished.

ROOM FOR IMPROVEMENT.

In the persons of our local liquor inspectors we have two very quiet and peaceable citizens. In fact they are so peaceable and so kindly disposed to their fellow men that it would seem they have not only imbibed the true Christmas spirit but have been admir-

ably successful at retaining it, for it is seldom that they inflict upon us the excitement of any disturbances that carefully governed realm of they may possess. Suffice it to say, without prolixity that the moral atmosphere of the gatherings of the town are boys, can produce nothing but a lower type of manhood, if not criminals themselves.

Consideration of these facts brings to our minds. First, what effect will these habits have on the boys who indulge in this erroneous

logical reasoning tells us that the result. This in time will develop into incorrigibility. No other result can be reasonably expected. Such obnoxious habits, if continuously indulged in by the town are boys, can produce nothing but a lower type of manhood, if not criminals themselves.

Our next thought is: What is the cause of the lamentable fact? This is a matter upon which we hesitate to make any definite remarks. The cause of delinquency in the teen age boy and his acquiring of detrimental habits is a delicate and complex subject to discuss. Nevertheless prevention was never productive of lasting good. Any experienced judge of a juvenile court will invariably tell us that delinquency or incorrigibility on the part of boys or girls is largely due to the laxity of home training and home discipline.

Every normal boy of teen age has and always has had a peculiar propensity to indulge in things not proper for him. This human trend to perversity may be traced back to that primitive period of time whose history relates the fall of primitive man, and his mate and the ingenious utilization of the fig leaves. And some of us fail to outgrow this tendency even with our departure from boyhood and our consequential adoption of the "store pipes."

One thing is clear, this disturbing tendency in the youth should be judiciously curbed by proper methods. What from this "remedy" should take is a matter for consideration.

We are grateful that our local Sunday schools supply at least one hour each Sunday for the religious education of the young. Without assuming the attitude of a religious crank, we can safely say that the privilege for uplifting and educating associations is not cherished as it should be. Also, we have in our midst men who are interested in the training of boys and who have given liberally of their time and means towards the advancement of this worthy work. The clergyman of this town have also thrown their weight into this struggle for better conditions in the boy life of our community. The result has been the establishing of a branch of the Canadian Standard Efficiency Training Ass. for boys.

The organization has and still is doing good work among teen age boys here. But the combination of Sunday School and the C. S. E. T. provides only a few hours of entertainment each week and of course, in leisure hours boys must have some pastime. Apparently the only institution that

want is a Y. M. C. A.

Now this is an idea which has been much discussed by numerous citizens of the town. Why Campbellton, the nucleus of progress on the North Shore in matters commercial, patriotic and philanthropic, should be without a "Y" is a question few will undertake to answer.

We know of several residents of the town who would welcome a project of the nature and who would be willing to contribute liberally to the cause. There is no apparent reason why such a movement should not ultimately prove successful.

CAMPBELLTON WINS

Rushing game between Campbellton and Shediac teams played here tonight, resulted in an overwhelming victory for Campbellton. The Shediac line-up was as follows:—

Smith, Johnson, McGarvey, D. McGarvey, P. McGarvey, C. McGarvey and Cassidy, manager.

The Campbellton line-up was as follows:—

Lavoie, Mott, McLean, Sharpe, Thomas and Matthews.

The score by periods was as follows:—

1st Period—Campbellton 2, Shediac 0.

2nd Period—Campbellton 4, Shediac 0.

3rd Period—Campbellton 2, Shediac 0.

Final Score—Campbellton 8, Shediac 0.

PRESENTATION TO MR. JAMES COOK

Presented With Token of Appreciation.

(Special to the Graphic.)

Charlo, N. B. Dec. 24.—Teachers and members of St. Paul's Presbyterian Sunday School gathered together on Friday evening, Dec. 23rd in the hall of the church here to enjoy the gorgeous treat which bequeathed a beautifully decorated Xmas tree.

A special programme was arranged by the teachers of each department whose scholars rendered various selections acceptably.

Mr. Santa Claus arrived and bountifully distributed candy, fruit and nuts to all the children.

During the evening the Sunday School Superintendent, Mr. James Cook, who having acted for the past number of years in the capacity of superintendent, was read an address by Miss Frances MacPherson and presented with a beautiful fountain pen testifying to the esteem in which his praiseworthy services were held.

Much credit is due the committee in charge of the gathering and also to Mrs. W. A. Hamilton and Mrs. Archie Henderson for making this programme such a success.

EDITOR'S MAIL

Campbellton, 4th Jan., 1922

Editor Graphic.

Dear Sir:—

The writer is not after civic honors, but would like to know from some of our councillors just how much the over expenditures are in the various spending departments. We had pledges from the Mayor and some Councillors of "strict economy and 'no over expenditures.'" In the face of this I am informed that there is an over draft at the Bank of fifty thousand dollars. As our Great Alphonse Ponsi seems to want his name in the press perhaps he or the chairman of the Finance Committee can give the above information as it is in the interests of all the tax payers, and all look to the people's paper, the Graphic for information.

Yours truly

TAX PAYER.

doing good work among teen age boys here. But the combination of Sunday School and the C. S. E. T. provides only a few hours of entertainment each week and of course, in leisure hours boys must have some pastime. Apparently the only institution that

LOCAL ITEMS OF INTEREST

Newsp Notes of Town and Country Happenings Gathered by Graphic Reporters.

FRENCH IVORY. At Half Price at Moore's Drug Store.

SCHOOLS OPEN. The Town Schools will reopen on January the 9th.

DIED. SALMON.—At the home of her daughter Mrs. J. M. MacLean on Jan. 1st, 1922, after a long and trying illness, Rosanna C. Salmon, widow of the late Rev. James Salmon, M. D. (formerly of Chatham, N. B.).

BIRTH. At Victoria Memorial Hospital, Town, Dec. 29th, to Rev. and Mrs. J. Harrington, a daughter.

NOTICE. I will be out of town from the December until Jan. 7th.

DR. BRENNAN. Don't fail to read M. P. Moore's on page four. He is offering very attractive prices in his Clearing Sale of the most enjoyable social events of recent months.

SUCCESSFUL DANCE. The "bachelor girls" of Campbellton added very suitably to the town's festive by putting on a grand dance at the Rose Room Monday night. A large number of guests were present and the result was a most enjoyable social event of recent months.

NOTICE. The party who removed the china tea cups and saucers from the Presbyterian Church, Hall will please return them at once in order to save the expense which will follow if this is not done, as your identity is known.

(Sgd.) SOCIAL COM. S. M. H. AID \$2.00 FOR 50c.

I have received a superb assortment of classic and popular Vocal and Instrumental Music. I will mail upon receipt of fifty cents four (4) copies, 2 Vocal and 2 Instrumental. YOU! don't let your chance pass for less than \$2.00. Write to R. E. DOUCET, Music Studio, P. O. Box 10, West Bathurst, Jan. 5-4 wks.

ENJOYABLE BASKET SOCIAL. An enjoyable Basket Social was held at the El River under the auspices of the Lone Star L. O. L. 125, Wednesday, Dec. 28th. The total receipts of this Social, which amounted to \$62.11, was forwarded to the County Master, James H. Duncan to be handed to the Executive Committee of Jeanie Gordon, L. O. B., 340, to assist them in furnishing their room in the Soldiers' Memorial Hospital.

TEACHERS PAID. The money to pay teachers' salaries has been obtained on a note signed by some of the trustees. Perhaps the citizens, having learned a lesson by standing back and allowing town elections to go by default, will take the trouble, next spring, to see to the election of a Council that will manage the finances in such a way as to preserve the town's credit. The situation is a disgrace to all concerned.—Chatham World.

FRENCH IVORY. At Half Price at Moore's Drug Store.

NOTICE. A meeting of the Camp Board of Trade will be held in Fremont's Hall, Friday, Jan. 5, 8 p.m. The new subway as labor situation are among the items to be discussed. Town council will be re-elected at this meeting.

H. R. SMITH, I

NOTICE. Owing to the shortage of gr Campbellton Grist Mill will be on Tuesdays and Wednesdays each week.—Jan. 3-2 pd.

HAY FOR SALE. If you want the best of hay I call on S. W. DIMOCK for price.

SLIGHT FIRE MONDAY NIGHT. Members of the fire department were rudely interrupted in their day activities on Monday night, five broke out in the residence of Dobson, Hillside Street, many abruptly summoned by the fire from fire sides which were melting than the old home hearth. Fire was discovered about 8 p.m. originated in a pipe in the vicinity of its entrance to the kitchen. Little damage was sustained, but the blaze was extinguished by the fireman present on the scene.

CAMPBELLTON,

N. B.

PROFESSIONAL.
Dr. A. Pierce Crockett, eye, ear, nose and throat specialist will be at the St. Louis Hotel, Campbellton, Fri. Jan. 18th, where he may be consulted professionally.—Jan. 5-3pd.

COLD WEATHER.
The temperature which has been the coldest so far this winter has registered around 12 degrees for the last week. On two successive mornings the mercury dropped in certain parts of the town to 18 and 19 below.

ACKNOWLEDGEMENT.
The Campbellton Fire Brigade acknowledges with thanks the receipt of a cheque for \$15.00 from McManis Foundry and Machine Works in appreciation of services rendered that company at their recent fire.

HOCKEY TONIGHT.
The Shediac and Campbellton teams will cross sticks here tonight at the skating rink. This is the third game in the northern section of the N. B. and P. E. I. Amateur Hockey League. Shediac was victorious in its recent clash with Bathurst so a fast game is expected.

NO PROCEEDS.
On account of the very small attendance the receipts from the recent presentation of "The Blue Eyed Baby" were hardly adequate to cover expenses. In consequence those in charge regret to inform us that it was impossible to apportion an acceptable amount towards the relief of the poor as had been their original intention.

MONGRAIN—MARCOTTE.
A very pretty wedding was solemnized on Wednesday, December 29th, at Amos, P. Q., when Miss Marie-Anne Marcotte, eldest daughter of Mr. J. F. Marcotte, formerly of New Carlisle, P. Q., was united in marriage to Mr. Leon Mongrain, of Amos, P. Q. The bride, who was given away by her father, looked charming in a suit of navy tricotine with hat to match and black furs.

HAY FOR SALE.
If you want the best of hay in town call on S. W. DEMOCK for prices.

NOTICE.
A meeting of the Campbellton Board of Trade will be held in the Firemen's Hall, Friday, Jan. 6th, at 8 p.m. The new subway and the labor situation are among the important matters to be discussed. The town council will be represented at this meeting.

NOTICE.
Owing to the shortage of grain, the Campbellton Grist Mill will be opened on Tuesdays and Wednesdays only, each week—Jan. 5-2 pd.

OBITUARY.
John Babcock.
There passed away on Wednesday the 29th, inst., one of Matapedia's most respected citizens in the person of Mr. John Babcock after an illness of almost a year. Deceased was seventy-six years of age, was of a sterling christian character and a valued member of the English Church. He leaves to mourn his loss his wife three daughters Mrs. S. C. Fraser of Matapedia West, Mrs. S. D. Wyers, Wyers Brook and Mrs. J. W. Lawlor, Matapedia. Three sons William of Escuminac, Robert of Campbellton, Wesley at home, also two sisters Mrs. Pratt of Campbellton, Mrs. Chesser, Michigan and two brothers Benjamin and David of this place.

FRENCH IVORY.
At Half Price at Moore's Drug Store.
Shipping liquor into the United States by schooner is getting to be risky business.
BIRTH.
At Campbellton, N. B., Jan. 3rd, to Mr. and Mrs. F. H. Dickson, a son.
Washington reports indicate that the whole question of auxiliary warship tonnage may be left for consideration of a later international conference. The British Government indicated the way to safety by their submarine proposals, but the opposition is thought to be too strong to be wholly overcome at this time.

NOTICE.
All parties wishing to make appointments with Dr. Brennan during his absence will please phone 294.

MISS LENA PARKER.

WEEK OF PRAYER BEING OBSERVED

Prayer Meetings Being Held This Week in Different Churches.

The churches here are this week observing the week of prayer and services are being held each evening under the leadership of the different clergymen. Rev. Mr. Boothroyd addressed the Monday evening meeting in the Baptist Church, Rev. Mr. Miller was the speaker at the Anglican Church on Tuesday night; Rev. Mr. Camp addressed the Wednesday evening meeting at the Methodist Church and Rev. Mr. Harrington will be the speaker tonight at the Presbyterian Church. On Friday night another union prayer meeting will be held under the auspices of laymen of the various churches. This meeting will be at the Baptist Church.

If you are feeling all worn out, if you can't eat, sleep or work with any satisfaction, you need Tanlac. Sold at Wrán's Drug Store.

CHRISTMAS AT THE HOTEL DIEU HOSPITAL

It is well understood that in a hospital all the patients who are on the convalescent list must be at home for Christmas, but alas! all are not on this list, therefore the question that confronted the Sisters at the hospital on the approach of Christmas was "How can we make Christmas happy for all the inmates, patients, nurses and help their own pleasure and joy on Christmas consisting, ever since their attachment to the institution in "making others happy." Christmas eve was busy with preparation. The wards, rooms and corridors decorated in red and green with Christmas trees here and there changed the aspect of the surroundings and made one forget the regular hospital discipline.

Midnight mass in the chapel was followed by the singing of Christmas carols in the corridors of the wards which made all feel that Christmas had really come. Then a quiet came, which permitted all to enjoy a good sleep, the more relaxed as the eve was a day of excitement and expectation.

At breakfast, dinner and tea the trays tastefully decked, containing "something delicious" for each specially prepared diet were wheeled in on their decorated carriers, while music from the corridors resounded throughout the wards.

And last but not least Old Santa passed late in the afternoon on his well loaded special car drawn by six nurses, giving as he went a small present to each patient, even was Corinne and Lois were not forgotten, and as he passed a sound of merry laughter arose from every sick bed.

The nurses had their own Christmas Day.

WILL VOTE ON BOND ISSUE

The Council Favors Borrowing \$200,000 for Permanent Streets and Water.

A special meeting of the Town Council was held in the Fire Hall, Friday evening at 8 o'clock, His Worship Mayor McKay presiding, Couns. Belle-Lale, St. Onge and Duncan present. His Worship explained that the matter of permanent streets and the extension of the water and sewerage system. He felt that as Campbellton had nearly 6,000 population, its streets were a disgrace to a town of its importance. He regretted that more councillors were not present as it was an important matter. The matter of permanent streets was discussed informally but no action was taken, it being decided to hold a committee meeting of the whole Council Monday morning, Jan. 2nd. The Council then adjourned.

If you are feeling all worn out, if you can't eat, sleep or work with any satisfaction, you need Tanlac. Sold at Wrán's Drug Store.

OBITUARY.
James Hendry.
 We regret to announce the death of Mr. James Hendry of Bellefleur Gloucester County, which took place on Tuesday at Mrs. Ward's in West Bathurst after an illness extending over a considerable period.

The deceased Mr. Hendry was in his seventy-sixth year. He belonged to the family of Hendrys that has been associated with Bellefleur for generations. As a matter of fact his people were among the first settlers in the district. He resided there all his life, while other members of the family went to British Columbia and the United States.

Brought up on the home farm the late Mr. Hendry became a farmer himself, and together with a sister within the year, he spent his life amid the friends and surroundings of his youth. Respected by everyone who knew him Mr. Hendry's death will be regretted by a wide circle.

A nephew and namesake of the deceased, Mr. James A. Hendry arrived from Duluth several days ago and he took charge of the remains which were conveyed from the village to the deceased's home in Bellefleur where interment took place yesterday in the little cemetery by the Bay of Chaleur.

Other relatives of the deceased, cousins and so forth, are resident in Vancouver, B. C.

ZION CHURCH.

 Hopedale at 7 p.m.
 Subject: "Thoughts for the New Year."

JANUARY ROD AND GUN.
 Lovers of the out-of-door life will welcome the January edition of Rod and Gun in Canada, which contains many interesting and instructive articles and stories dealing with Nature and her children, in the winter. "Teens Less Twenty," is the title of a romantic story by Charles Derlan, which appears in this issue along with several other stories by such well known writers as F. V. Williams, Harry M. Moore, E. T. Martin and others equally famous. For the firearms crank there is the usual valuable Guns and Ammunition department and special articles on rifle and revolver shooting. The fisherman takes a trip along a Nova Scotian trout stream, by Bonnycastle Dale, while Robert Page Lincoln's article opens the road to the thrills of ice fishing. The trapper is taken care of by M. U. Bates and Archie Joseph, in the Trap Line department. The January issue of the national sportsman's magazine of Canada is published monthly by W. J. TAYLOR, LIMITED, WOODSTOCK, Ont.

AN I. C. R. VETERAN.
 The oldest conductor, if not the oldest employee of the I.C.R. is John Coffey, who for many years had conducted the Moncton-Springhill train. He has been forty-six years a conductor. He was first employed on the old E. & N. A. Railways in 1869, when Lewis Carvell was manager. He was for two years a section hand at the Shediac end. In 1881 he became a brakeman and in 1875 a conductor. He has a unique record. He never had a passenger killed or even injured on his trains, no employees with him has ever been injured.

PUBLIC NOTICE

Public notice is hereby given that a vote of the ratepayers will be held on THURSDAY, JAN. 12TH, 1922 on the question of whether or not the ratepayers are in favor of asking the Legislature for authority to issue bonds for an amount not exceeding \$200,000 to provide the necessary funds for the purpose of constructing permanent streets and sidewalks also the construction of new sewer and water mains on Arran Street and a new sewer on Water Street; said vote to be by "Yea" and "Nay" ballots, printed on white paper, a "Yea" ballot to mean that the ratepayer is in favor of said project and a "Nay" ballot to mean that the ratepayer is not in favor of said project.

For the taking of said vote polls will be opened in the several wards of the Town as follows:—

For Ward One—At J. D. Murray's Store, Water St.
 For Ward Two—At D. F. Graham's Shop, Water St.
 For Ward Three—At the Commercial Block, Minto St.

The said polls will open at 10 o'clock a.m. and remain open until four o'clock p.m.

I will be at the Fire Hall, Roseberry St., at five o'clock on the 12th instant to receive the returns from the several wards and sum up the votes given for and against the said project.

Dated at Campbellton, this 3rd day of January, 1922.

JOHN T. REID,
 Town Clerk.

A DOCTOR'S DAUGHTER & Zam-Buk

Well-known Salvationist Tells of Mother & Son Saved from Blood-Poison & Disablement.

"One cannot speak too highly of this wonderful Zam-Buk," says Mrs. Jane E. Zealley, an ex-Major of the Salvation Army and daughter of the late Dr. Bevan, of St. David's, South Wales.

Called upon at her home, 3, Baskin Avenue, Toronto, Mrs. Zealley said: "Eight years ago my boy Alfred sprained his leg with the brass tag of those lace and blood-poisoning set. It had used various ointments on it, so, without doing good, when hearing splendid reports about Zam-Buk I decided to give it a trial. You can imagine my relief, when, after a few applications of Zam-Buk, I saw that the leg had already started. Continued treatment quickly removed every trace of the detestable sore. It made me realize what pain and suffering I might have saved the boy, had I got Zam-Buk at first."

"When I fell over a steel ladder and injured my knee badly, I again used Zam-Buk. My daughter, who was a nurse, thought an operation would be necessary to remove the mass of inflammation and pus, but I hadn't forgotten my previous experience with Zam-Buk. Again regular applications of the balm took out all pain and swelling, and healed the wound in a few days. The knee has never given further trouble." (Verbal Zam-Buk is 50c. box; all dealers.)

Canadian Apple Exhibition

THE SPEED AT WHICH CANADIAN PRODUCTS CAN BE PUT ON THE MARKET IN ENGLAND WAS STRIKINGLY DEMONSTRATED RECENTLY.

The Department of Colonization and Development of the Canadian Pacific Railway recently shipped by Dominion Express on the "Empress of Britain" a consignment of Canadian apples for exhibition at 62-65, Charing Cross, and the other offices of the company in Europe. The apples came from various Canadian provinces, and it is interesting to note that some of them actually left the producer and were on show in less than eight days. For instance, the Ontario consignment left Trenton, Ontario, at 2 a.m., November 1, by C.P.R., arrived Montreal at 8 a.m., left at 9 a.m., and arrived Quebec at 2 p.m. They were immediately placed on board the Canadian Pacific liner "Empress of Britain," which arrived Liverpool on Tuesday morning, Nov. 8. Before the last passenger was off the ship the apples were discharged, whicked in Dominion Express motors to the special train to Euston Station, London, which was reached soon after 2 p.m. the same day. Here Dominion Express vans collected them, and at 3 o'clock they were on exhibition in the windows of the Canadian Pacific at Charing Cross, with a card reading, "Canadian apples, from producer to consumer in less than eight days."

"Though Canada is three thousand miles from England, our system of quick transportation is bringing us nearer to that country every day. Recently the "Empress of Britain" went to Liverpool and back to Quebec in 15 days, including the time taken in embarking and disembarking passengers.

When a child starts coughing mother's duty is to give the little sufferer a Peppermint Cure for Coughs, Croup, Whooping Cough, Sore Throat, and all the troubles of the lungs. As the child breathes in the child's mouth, the soothing medicinal fumes given off pass through the trachea breathing passages straight to the lungs and bring immediate comfort and relief.

Peppermint Cure contains no opium or other harmful drugs, and it can be given to a child (either whole or crushed to a powder) with the assurance of absolute benefit.

One little Peppermint Cure will clear the breathing passages and let the little one's sleep be unbroken by coughing fits. A Peppermint Cure is also an invaluable safeguard for the children's throats and chests. All dealers, Dec. box.

REVEALS SECRET OF BIG BERTHA

Designer of German Giant Gun Tells His Own Experiences.

Though the main secret of the German gun which bombarded Paris was soon known to British artillerists, the gun and its story long remained a mystery to the public. Commander Kinsel of the German navy, who took part in the design, construction, and tests of the gun, has now made public an account of his experiences with it.

The gun, he says, was a naval gun in that it was invented and served by naval "personnel." It was designed to fire seventy-five miles.

For a long time the designers were at a loss, but ultimately they seem to have overcome all ballistic difficulties and the gun was built. The charge, ordinarily one-third of the weight of the projectile, was twice as heavy. The length of the chamber was monstrous. At an angle of forty-five degrees the barrel towered over houses, trees and roofs. It needed some courage to shoot with a thing like "a stick of gigantic apparatus." But the material stood it.

Commander Kinsel gives an interesting account of the testing; on artillery trial ground, he says, was large enough. In conjunction with the ministry of marine the decision was reached to fire the gun from land at about the approximate distance from

the sea the shell was calculated to carry. Batteries on the shore were warned, the ground divided into observation areas and two seaplanes sent out to sea to watch for the shell. It was estimated that it would explode at 110 kilometres (sixty-eight miles) from the gun.

At 3.15 one afternoon the seaplanes were warned by wireless. "Attention, shell fire." Three minutes was the time estimated for the shell to reach the marked area. Then came a ring on the telephone at the central station: "Report of explosion heard." It was found on inquiry that the shell had fallen at ninety-five kilometres (sixty-nine miles) from the gun, and 1,400 yards inland. It had hit a command but there were no casualties.

Three pieces were collected and examined. They showed that the shell had been to an altitude of forty kilometres. The distance, however, was short of that for which the gun was designed, and there followed new consultations, calculations, and designs. Finally, a few weeks later, they were in a position to bombard Paris.

Two guns were made and a third put in hand. Commander Kinsel gives some details of the two when they had been brought into position in a wood behind Lagny in March, 1918. The nearest enemy lines were twelve kilometres (seven miles) away. Paris was 128 kilometres (eighty miles) distant. The crew were naval gunners. Special apparatus had to be made for the cartridges and shells and special smoke apparatus for concealment, since at forty-five degrees the barrel overrode the forest. The shells, he says, looked modest side by side with the cartridges, which were three and four times as long as the shell and the length of two grown men. That the gun could not lay Paris in ruin was plain; this was a "moral" gun. On March 23, at 7.15 a.m. they opened fire, and then continued every quarter of an hour, later speeding the rounds. At two o'clock the sun came through, and they ceased for the day, so as not to give away the position, as French observation balloons were searching the district. They fired for three days before they got the first news of where their shells had fallen. Within thirty hours, French artillery had located and shelled them, but they continued to fire. Neither gun was hit.

The guns, however, had a life of less than 100 shots before the ignition chamber was so damaged that further firing was impossible. The old barrel was returned to the factory, a new one being ready. The battery lost seven killed and thirteen wounded.

WHY SUFFER PAIN?

YOU can't do justice to yourself in business, social or home life if you suffer from headache, backache, neuralgia, toothache, or any of the thousand and one pains with which all of us are afflicted at one time or another.

These pains indicate a very real physical danger. But there are very few pains of any nature that are not promptly relieved by Dr. Miles' Anti-Pain Pills.

Get them in handy boxes at our drug store. A box is insurance against headache, earache, neuralgia, and pain of almost any nature.

DR. MILES' Pain Pills
HEADACHES AND RHEUMATIC

There are no disagreeable after effects. Dr. Miles' Anti-Pain Pills without most disagreeable after effects, better in the head, or danger of forming a habit. Sold in Campbellton by Thomas Wran, Druggist.

NEW RAILWAY RATES!

FOR PASSENGERS
The advance on sleeping and parlor car tickets authorized in 1920 has been cut in half—the advance made on ordinary fares at that time having been completely taken off many months ago.

FOR SHIPPERS
The percentage of advance granted to the Railways in 1920 has been reduced ten points. In addition to a five point drop at the first of the year.

These changes became effective December 1st.

Your cost of Living

YOUR cost of living should be directly affected. If it is not it is because (1) as the railways have pointed out before, the actual money paid for their services is an almost negligible factor in making prices, and because (2) even the huge sum now cut out of the railways' revenues and amounting to approximately—

\$25,000,000.00*

annually—becomes a very small fraction of a cent when split up among the billions upon billions of small and large articles which constitute the freight traffic of Canada during a year. And because

(3) the Court which has the power to control railway rates is not able to direct who is or is not to get the benefit of reductions. In other words, whether these savings in railway charges are passed on to you—or whether they are absorbed in marketing, cannot be controlled either by the railways or the public.

BUT this fact remains: a very great sum of money—amounting to \$25,000,000.00 a year—a small city, or a Quebec Bridge, or four hundred and fifty of the newest and most powerful locomotives—is now removed from the revenues of the Canadian Railways and should be reflected, at least to some extent, in the family budgets of all Canadians!

WHETHER your railways can continue to function without the revenue thus lost to them, is an experimental problem facing the various managements. It depends largely on whether traffic keeps up or falls off—and whether costs rise or decline. But the managements are attempting the problem cheerfully and with determination to keep Canada's railway service the cheapest, mile for mile, and among the most efficient in the world!

Your Clothes

Your clothes should be the best that money can buy.

Clothes do not make the man, but they make him presentable, and he is interested in his appearance.

Call and see our line of men's and Black Serge absolutely guaranteed.

Bernier, The Tailor

They called him "Whistling Dick," deep down in the happy hobo's soul dwelt a love of harmony music come from his lips in a liquid whistle—the only mode of expression he knew. Will Rogers makes Dick a character you'll never forget.

Coming MONDAY-TUESDAY

Eugene O'Brien in "WORLD'S APART"

Cheap Living in Germany

After reading an article by Max Eastman in the New York Tribune we were surprised at the conclusion that if the Allies are determined upon winning the war they ought to move to Germany. There they will receive the fruits of victory. For they must have a big nest egg fifty cents a year in Germany they will be able to have a comfortable life. The cost of accommodation that is not in Canada and the United States for twelve dollars a month a six-room bungalow with a bath and a kitchen for twelve dollars a year. It has been decreed by the authorities and authorities are quite as authoritative as the Allies. It is true that it is not possible to get a six-room bungalow with a bath. When found by the Allies, are not building bungalows and bath with great volubility. Nevertheless, it is cheap and pleasant to live in Germany. It does not have to be the English or French and is able to take care of money with it.

Mr. Eastman writes that whereas school children were taught that a German mark was worth twenty-five cents in the United States, the German mark is now it is possible to lay out a German dollar and receive from 17 to 21 marks for it. The Canadian dollar being somewhat less valuable than the German dollar, though hotly sought in Canada, we may figure that a German mark is worth about two of our cents. For sixty or eighty cents one may have a dinner consisting of fish salad, so-called, cutlets, potatoes, apple sauce and a large glass of beer. If you don't feel like eating you can still have the beer, which to many would seem an advantage. The disappointed waiter is said to expect a ten-cent tip, but we presume that by this time he has ceased to be an optimist, and after he meal is ready to call the incident closed if the guest doesn't kick him on the shin. Nevertheless, he lives on his lips. He receives no salary.

Milk remains a luxury in Germany. Coffee is not drunk as it was formerly because of the milk scarcity. Sugar is almost as it was in the good old days of the blockade, but Mr. Eastman's astonishment at the fact that pies and cakes with huge quantities of sugar and candy are still being made in Germany is not surprising. He has failed to read the painstaking explanations of Canadian candy makers to the effect that all the candy manufactured in a year accounts for merely a fractional part of the year's supply. Mr. East says that he was frequently mistaken for an Englishman, a Spaniard or a Hun, but never for an American. If once we saw his game spent we should have read "The Curious Incident of the Dog in the Night-Time" by E. B. White. He is being nothing but stalling among the Germans. We infer that war was a good thing for the Germans.

The writer was astonished by the German police system, and he writes that by means of it Germany is trying to evade some of the conditions of the Peace of Versailles. Germany's army was cut down. It could hardly quell a beer garden riot. Germany's police, however, is a tremendous force, so far as numbers go. The regular police have been reinforced by a great uniformed, green-cloaked body of young and sturdy fighters. There is a third body of policeclothesmen, practically all of them trained soldiers. Their salary is \$13 a month with board thrown in, and whatever washing may occur to them. They work only every second day, and usually have some other line of business which they depend upon to make a living wage. One captures from Mr. East that their favorite avocation is selling police logs. He tells us that the daschunde is a practically or fact, it seems the most desperate days of the war it was a choice between the Germans and the daschunde. With their characteristic blundering the Germans chose themselves.

We quote his concluding sentence: "My habitual question, everywhere I went, was: 'Was denken Sie von dem Kaiser?' Without any preliminary introduction I fire this question like a bolt from the blue sky at a mile-aged ticket-taker in a Berlin railroad station. He was not surprised at my boldness and answered: 'He said: "We are well off as we are," he said. "Nobody is starving, and soon every one will have shoes. The military regime has gone, and we are better off, and we are better off than we are."

The next four people I approached, a policeman, letter carrier, proprietor of a Fruhstuckstube, and ship worker, expressed similar views. But the coachman who took us around Berlin shook his head. He wanted the Kaiser back. "I imagined the old pomp and splendor and Hohenzollern ostentatiousness,"

A candidate of the University of Berlin, disappointed with his position as clerk with the Hamburg-American Line, was frankly disgusted with the Ebert Government.

"The people have too much liberty these days," he said.

It may suffice.

Patients: "How I wish you'd give me something to help my memory."

Doctor: "All right, I'll send you in a bill every month."

Marquis & Co., Ltd.

"Yellow Jack"

A new chapter in the history of man's conquest of disease is now being written. It is the penultimate chapter of a romance, every page of which thrills with courage and self-sacrifice and mystery. For "Yellow Jack" has been one of the greatest scourges of the world since those far-off days when it attacked the troops of Christopher Columbus on the Isle of Spain in 1493. Now, a great American bacteriologist, has prepared a serum, and has, says the London Times, tested it on guinea-pigs. The surprising result has been obtained that, if the guinea-pig receives three small doses within 56 hours after being infected—i.e., bitten by an infected mosquito or insect—disease is completely prevented. Employed at a later stage, however, when the disease has been raging for several days, the serum has failed.

India is many times the size of Nova Scotia, and Ceylon many times more. It is not enough to know that it is the Aimapolis Valley. In India or Ceylon Tea—Cape Breton

Hon. Although shipbuilding on the Clyde has fallen off sharply this year, more than 500,000 tons have been launched there. The aggregate tonnage is 514,000 tons, as compared with 558,000 in 1920.

These are stormy days in the French Chamber of Deputies. The Radical Minister is not in danger, however. It was endorsed yesterday by a substantial majority.

which is grown where sun and soil unite to make the most fragrant and flavorful of teas.

Blue Bird Tea Brings Happiness

The

FLOORS

The Eskimo has floors of ice and probably thinks them nice, and strictly up to date; but it ever came a thaw they'd be the worst you ever saw that's as sure as fate.

The Arab has his floors of sand; We have no one who thinks it grand, a floor beyond compare; but in full of bugs and ants and they climb up a fell pants, when he sits in a chair.

The Mexican has floors of dirt and floors of kind will not hurt, so long as weathers dry; but there comes a season wet, such floors are not the best bet, which no one can deny.

In Olden times men built their homes with beams and towers and stone, and ornaments of wood; but all the floors were made of stone, and they people sigh and groan, they were so hard and cold.

And then with rushes they were strewn to them warmer to the shoon, and also to the feet these stale rushes decay, their scent would drive folks away, in agonized retreat.

It took uncounted years of toil and planning the midnight oil to dope out modern floors; in which we dance and walk, and sigh and cuss wildly talk of hoarders and such bores.

The floors on which we spend our lives, and our kids, and pet our wives, are surely hard things, be they of color light or dark, we prod them and remark—

"They are good enough for Kings."

Your Mansion might have Jasper walls, the paintings in it's halls that artists can produce, and stairs and marble doors, but if it had no modern floors 't would be a poor excuse.

Good Hardwood floors make life a poem beautify your happy home as nothing else can do have the best, the years have given it the means so much to you.
