—Samuel B. Sanborn, a prominent lawyer of Sherbrooke, Que., aged about 39 years, was killed by a train on the Montreal and St. Lawrence Railway last week by a revolver which he was attempting to take from the hands of his little boy, who had been playing with a revolver in a room.

It is believed Doherty will die.

—The Halifax Herald publishes an interview with the Hon. Senator P. Grant, President of the Pictou bank, showing the transactions of that bank with John Logan, who conducted the largest tannery in the Dominion, near Pictou, Logan, in addition to bona fide commercial business advanced to the extent of thousands of dollars, also obtained advances upon bogus drafts on Halifax, St. John, Montreal and Boston parties to the extent of \$125,000 from the cashier unknown to the directors. The cashier, who was dismissed, made good a personal defalcation of \$20,000, but Logan says he cheated him out of \$20,000. The bank took possession of Logan's tannery and other property valued at \$200,000 by its policies for \$80,000, which have been written off as bad. The \$125,000 obtained on bogus drafts was secured in this way: Logan would draw on regular customers or imaginary persons for certain amounts and get the money from the cashier. These drafts were only entered in the current cash account in figures, but not in the books created by the directors, and instead of being forwarded and collected were returned by the cashier and renewed by Logan. Logan's books showed the bogus drafts. The bank has now \$125,000 of the bogus paper on hand, besides some \$200,000 of Logan's bonafide commercial paper. The Pictou bank is now, however, believed to be perfectly safe.

PHILDERMA is a bland and soothing liquid, nicely perfumed, and is applied to the hands and face produces a delicious soft and cool feeling. It is also a most effective and safe remedy for all cases, where treatment is required.

Scott's Emulsion of Pure Cod Liver Oil, with Hypophosphites, is Most Nutritious and Strengthening.

I have no appetite.—Then use Eley's Iron and Quinine Tonic, and note the improvement after a few doses.

After a few weeks of mild weather, we are again visited by Jack Frost.

—Smells lately have been a drug on the market. Shippers realizing so small profits could not pay, but it is to be hoped this cold snip will be of some benefit.

—The only men here that seem to be making money are the liquor sellers. They, in spite of W. A. Black, the Scott-Aet, and all the temperance men from Ottawa to St. John, keep on.

—Times are dull. The long continued spell of no snow has prevented farmers from getting to market. Consequently traders are compelled to wait till they feel disposed to pay, or, in some cases, call on a magistrate to assist in collecting small amounts due. But even this does not seem to work, as, in some cases, the magistrate pockets all, even money is not safe in their hands. It is a pity that the government does not do something to help the poor.

—The Dundas Justices are the same; no, far from it, you meet one upon the road and he is still at his old stand ready to sell for cash or trade. Mr. P. Cornier, blacksmith, must not be forgotten. He has now a partner and his sign is known as Messrs. Cornier and Bourgeois, the latter is a young man from Bretonville, Messrs. L. Lucas & Son, blacksmiths, are still at the old place, and here you may get any kind of ironwork from a needle to a multi-digger. This season has fitted up 7 or 8 multi-diggers already this fall and are preparing for more. Mr. Hugh Dysart, proprietor of the Dysart House, is still flourishing. Anyone in want of a square meal continues a fine day from his breakfast. Who is still at his old stand ready to sell for cash or trade. Mr. P. Cornier, blacksmith, must not be forgotten. —A change decided and demonstrative has taken place in the weather temperature—now freezing like great guns. The harbor is again frozen over, and if the cold continues a few days the ice will be sufficiently strong for teams to cross on.

—One of those monotonous-breaking entertainments was held in the Temperance Hall last Friday evening. The young men of the Baptist Church here, except the Presbyterians, were present. The entertainment proved to be satisfactorily enjoyable to the numerous assemblage present. The interest excitement prevailed here last week among the subscribers for Picturesque Canada. They supposed that, by a verbal agreement made with the canvassing agent, they were to receive the parts consecutively monthly periods, and pay for each part as received by them; but when the distributing agent came with the whole thirty-six parts, demanding for them \$21.60 and showed them the agreement they concluded that they were being overruled by sharper and trapped—some refusing to have anything to do with them, others receiving and submitting to the inevitable, reluctantly shelling out the money. The result was that the circumstances are favored with a reasonable extension of time for payment, making it about as easy as if the arrangement for periodical delivery had been carried out. The feeling in this community was not so much excited by the means sought for revenge by some evil disposed person, who broke into the barn where the wagon and harness of these agents were, and cut and destroyed the wagon, and on the next morning destroyed the harness, and some coats that were left in the wagon, belonging to other parties, were seriously mutilated and damaged. Such conduct, under any circumstances, should be condemned as disgraceful in the extreme, and the perpetrator if found should be made an example of.

—A fancy dress carnival will take place in Lorne Kirk here (weather permitting) on Thursday evening, 22nd inst. The proceeds will go towards the Union Cornet Band.

—A sad accident happened on Wednesday last week to a young daughter of Mr. Myers Robinson, light-house keeper, Shediac Island. She left home in the morning to go to school at Point du Chene, on skates, and on her way broke through the ice and was drowned.

—The officers of Zealand Lodge, No. 24, F. & A. M., for the present year are—D. S. Harper, W. M.; John McFadden, S. W.; W. B. Deacon, J. W.; James Inglis, Sec'y; J. W. Smith, T. F.; L. Theil, S.; J. W. Henderson, J. D.; Geo. L. Harrington, S. S.; U. Keith, J. S.; H. S. Bell, Tyler.

—A man named the "Union Accidents," held on 6th inst., the following officers were elected:—Ferdinand Robidoux, President; H. Gallant, Vice-President; D. M. Cormier, Secretary; A. M. Legere, Treasurer; Louis Robidoux, Librarian; J. A. J. Cormier, Auditor; H. Dechene, F. Porter and J. J. Bourdreaux, Clerks.

—Had severe attacks of gravel and kidney trouble; and was unable to get a medicine or a doctor to cure me until I used Hopy's Kidney and Bladder Pills. In a short time I was cured. I am now a healthy man. A DISTINGUISHED LAWYER OF WATNE CO., N. Y.

## Oceango, Kent Co. Items.

—The Municipal Council rose on Tuesday last.

—Railway matters still elicit a good deal of talk, talk, talk.

—Joseph Cook's lecture on Monday evening was largely attended.

—W. H. Dickson, general merchant at Spring Hill, with a branch store at Amherst, has assigned.

—A Robb & Sons are adding to their already well equipped machine shop a large suspension drill and a large break lathe, which will turn a pulley eight feet in diameter.

—Railway matters are apparently making some progress. There does not seem to be much excitement as yet, but still waters run deep. An application to Parliament for incorporation will of course be made at the ensuing session.

—A carnival is advertised for this (Wednesday) evening, and being the first of the season, will doubtless be largely attended. A. L. Spencer will be present, with a large variety of new and beautiful costumes. The Amherst Brass Band will be in attendance.

—The Cumberland Prohibitory Alliance met here last Thursday, and was largely attended by delegates from the various districts. Reports from the different parts of the county showed that the number of saloons in full operation is enormous, and that unless something is done to stop them, the evil will continue to multiply. There is great division of opinion and doubt as to what is the law in Cumberland County, and even the legal fraternity is divided on the question. It is understood that a test case will be entered soon as possible in order to determine how matters stand. Two of the Spring Hill vendors, who were unable to pay fine imposed by the Stipendiary, have been lodged in jail.

From Parrsboro.

—Mr. J. A. Killam will soon have the bridge over our river completed, which will be a credit to the builder and the place.

—Twenty-three new buildings have been built this season in this village, besides a great many repairs and additions put on other buildings.

—Mr. George Mason, aged
