A TOUGH FIGHT FOR MOIR'S LIFE

Will Be Put Up by the Lawyers for Defense.

ARE ABOUT SIXTY WITNESSES

Thirty-two Have Been Summoned by the Prosecution—Fewings Case in Court.

It was stated at the assize court this morning that the case of Pte. Moir, accused of the murder of Sgt. Lloyd, will be the first to be heard at the opening of the court at 10 a.m. tomorrow. The case will likely require several days for hearing. There are 32 witnesses subpoenaed by the crown, and about an equal number, it is understood, for the defence.

The case will be one of the most expensive with which the county has had to deal in a long time.

The most interesting feature of yesterday's session was when Mr. Gibbons announced to the court that a settlement had been arrived at in the cases involved in the Crystal Hall disaster of July 17, 1907. The settlement is for \$3,000, of which Mr. W. J. Reid pays \$4,000, and the other defendants the remainder. The amount of the action totalled over \$100,000.

The judge was requested to apportion the amount among the different claimants.

As two of the cases, however, involve the interests of minors, his honor refused to take action without the presence of the official guardians. It is understood that Messrs. Cronyn & Betts will represent the official guardian in these cases, and the division of the money will likely be settled in the next couple of days.

Yesterday Afternoon's Session.

The afternoon session yesterday of the January assizes was taken up with the consideration of the case of Edith Fewings against the Grand Trunk Railway, an action for \$10,000 damages for injuries alleged to have been done Miss Fewings by being struck by an engine while crossing the company's tracks at Richmond street. Miss Fewings was the first witness called, and told of the accident, stating that the gates were not down, and the gateman not visible, so she did not consider that there was any danger.

P. C. McNulty, who picked Miss Fewings up after the accident, was the next witness called. He told of seeing Miss Fewings crossing the track, and "I thought at the time if she didn't move faster she'd get it."

"Did she get it?" asked Mr. McArthur. "Seems like it, doesn't it?" responded the witness.

There was some laughter at this, and his honor remarked that it wasn't the first time there had been this disorder in this courtroom; if it occurred again he would fine the constables.

Medical Testimony.
Dr. Tufford, of St. Thomas, then took the stand, and gave testimony regarding Miss Fewings' condition before the accident and after. Mr. McArthur tried to get the witness to confess that the heart murmur which was noted in the patient might have been due to anaemia. Dr. Tufford acknowledged that it was possible, though, he said, that from his knowledge of the patient's condition, he did not consider that such a diagnosis would be correct.

The witness considered that the murmur was due to a rupture of the heart valve, caused by some blow.

Dr. McCallum, of London, was then called. He has made two examinations of the patient and found the murmur growing more harsh and pronounced.

The heart trouble is organic and will not get better, on being pressed as to the danger, the witness said that

Confession of the Dead Minister Tells Story of Battle Run Crime

Feared Hypnotic Influence of the Victim—Officials Disbelieve Story.

Carthage, Ill., Jan. 12.—When the authorities have satisfied themselves as to the circumstances attending the murder of Gideon Browning by Rev. John H. Carmichael, at Battle Run, it is expected that inquiry will turn to a possible motive for the brutal crime.

Dispatches from Michigan reveal an unwillingness on the part of the officials to accept the theory of Carmichael's insanity, as evolved from his strange confession. "I shall always be-

Turkey Scatters That War Cloud

Constantinople, Jan. 12.—The Turkish Government accepts the Austro-Hungarian offer of \$10,000,000 indemnity for the annexation of Bosnia and Herzegovina, thus removing every

LADDER SLIPPED INJURIES AVERTED

Mr. Chris. Butterworth Had Close Call at Local Church.

Mr. Chris. Butterworth, caretaker of the First Presbyterian Church, had a remarkably close call from being seriously injured while cleaning the snow from the roof of the church yesterday.

Mr. Butterworth had placed a ladder on the cement sidewalk, and was working at the top of it, 18 feet from the ground, when it slipped. Mr. Butterworth clung to the ladder, and by doing so prevented himself from falling as heavily as he would have otherwise. Some men, who were passing near Victoria Park, ran over and helped Mr. Butterworth up.

He went to a physician and found that three of the toes on his left foot had been broken and very painfully crushed by being caught beneath the ladder. In addition, he sustained a number of severe bruises, but considers himself extremely lucky in getting off so lightly.

P. M. LOVE HAD A SHORT SESSION

Business Was Very Quiet in the Police Court Today.

Magistrate Love had a five-minute session at the police court this morning.

Michael Fallis, a tobaccoist charged with selling tobacco on Sunday, appeared, but the case was enlarged until Thursday.

John Johnston, the Indian lister, arrested last week for loitering around hotels, was allowed to go on suspended sentence.

Several first-time drunks were let go.

INJURED BY A FALL ON WALK

Accident to Mr. George Ingram on King Street.

Mr. George Ingram, an employee of a local carriage works, met with a very serious accident this morning while on his way to work. When near Ridout street on King street, Mr. Ingram slipped on an icy place on the sidewalk and fell on his face. He was rendered unconscious by the force of the fall, and when picked up it was found that his face had been very badly cut.

Dr. Hagg was called and had Ingram removed at once to Victoria Hospital in the ambulance. It is not known at present how serious his injuries are.

DR. DRAKE IS NOW SAID TO BE THE MAN

Who Will Succeed Mr. Wm. Yeates on License Board.

The license boards for the Province are being appointed, and considerable interest is being taken in the London board.

For some time Mr. William Yeates, of Hamilton, has wished to retire, and on several occasions he tendered his resignation.

His successor will be appointed at this time, and it is more than probable that Dr. Drake will get the position.

He is a close personal friend of Hon. Adam Beck, and is agreeable to the rest of the board.

TOUR OF GREAT BRITAIN TRIP TO PARIS, FRANCE FOR ONTARIO LADIES

Advertiser's Great Offer to the Fair Sex of London and the Entire District.

A free trip to England, Ireland, Scotland and France will be given by The Advertiser this summer to a number of young ladies.

Plans are being prepared for the greatest popularity contest Western Ontario has ever witnessed.

Every young lady has an opportunity. It will be a memorable event, and will attract widespread interest.

This is a bona fide offer, backed by The Advertiser Company, and will be conducted with the strictest fairness and honesty.

The itinerary as mapped out includes the chief points of interest in England, Ireland and Scotland, and also a trip to Paris, London, Glasgow, Edinburgh, Stratford, Oxford, Cork, Dublin and Belfast will be visited. Side-trips will be made to the historic places near these famous centres.

THE TRIP ABSOLUTELY FREE.

The party will be conducted by an experienced tourist and guide. There will be no expense whatever to any of the young ladies making the trip. The Advertiser will pay the whole cost.

All ladies between the ages of 18 and 45, living in London, or the nine counties of Western Ontario, are eligible.

Such an opportunity comes but once in a lifetime. Many have dreamed of such a trip; here is the chance to realize it. It is worth striving for.

The party will travel by rail to Montreal or Quebec, and then sail to Liverpool or Glasgow, where an experienced tourist will take the ladies in charge. The trip will be educative.

A complete record of the voting will be kept by The Advertiser, and will be open to the inspection of those interested, so that there can be no dissatisfaction. No member of The Advertiser staff or his family will be eligible for the contest.

For the convenience of the paper, and to give all candidates an equal chance, the city and Western Ontario have been divided into districts. There are eight of these districts, and one lady from each will be chosen. Their boundaries are as follows:

THE DISTRICTS.

District No. 1.—All that territory inside the city limits, north of and including both sides of Dundas street, and west of and including both sides of Wellington street.

District No. 2.—All that territory inside the city limits, east of, but not including Wellington street, and north of and including both sides of Dundas street.

District No. 3.—All that territory inside the city limits, south of, but not including Dundas street, and east of, but not including Wellington street.

District No. 4.—All that territory inside city limits, west of and including Wellington street and south of, but not including Dundas street.

District No. 5.—County of Middlesex, outside the city limits.

District No. 6.—Counties of Lambton, Kent and Essex.

District No. 7.—Counties of Elgin and Oxford.

District No. 8.—Counties of Huron, Bruce and Perth.

The young ladies in the smaller places are under no disadvantage compared with their city sisters. All will have an equal chance to obtain the trip.

WATCH FOR IT!

The contest will begin very shortly. The details will be made known in a few days.

Watch The Advertiser for the conditions of the voting. It will be a record-breaker. All those desirous of making the trip—and there is not a young lady in Western Ontario who is not—should have a personal interest in the contest.

MR. G. C. GIBBONS IS NOTIFIED BY MR. BRYCE

That the Waterways Treaty Has Been Signed.

Mr. George C. Gibbons, K. C., who has recently returned from Washington, and who has been for upwards of a year engaged in negotiations with the Secretary of State with regard to a great treaty, which not only settles all existing disputes, but creates a board to deal with such as may hereafter arise, has received a telegram from Mr. Bryce, announcing that the treaty has been signed, with hearty congratulations on the result.

SERVIA OBJECTS

Thinks She Should Be Considered in the Austria-Turk Arrangement.

Vienna, Jan. 12.—It is felt here that the settlement reached between Austria-Hungary and Turkey may have an irritating effect on the other countries concerned in the near eastern difficulties. According to reports that have come in to Vienna, Servia and Montenegro resent the fact that they were not considered in the arrangement, and they may be expected to raise objections. But the agreement between the two principal powers has made war today a more remote possibility than any time since the annexation.

Presbytery of London in Session Church Union May Be Discussed

Routine Matters Dealt With at This Morning's Meeting.

The Presbytery of London held an adjourned meeting this morning in the First Presbyterian Church at 10:30 o'clock. Rev. H. MacKay, of London Junction, was in the chair.

It was announced that Rev. F. O. Nichol, formerly of Cargill, was inducted into the pastoral charge of Delaware, Cooke's Church, Caradoc, and Muncy, on Jan. 11. The stipend is \$950, with manse and four weeks' holidays. It was reported that Rev. J. P. Falconer had been inducted into the charge of Rodney and New Glasgow on Dec. 29 last.

Rev. Mr. Orr Ill.

It was reported also that Rev. Jas. Orr was in the hospital in Toronto very ill, and might not be able to preach again for at least six months. Rev. J. G. Stuart reported a letter from Rev. Dr. Milligan, of Toronto, asking for the Presbytery's sympathy and assistance for Mr. Orr in his serious illness. The Presbytery will do all possible in the case.

Rev. F. J. Meek, B. A., of Port Stanley, applied to be taken on trials for license. Dr. McDonald, Dr. Ross, Rev. Mr. Inkster and Mr. Alex. Stuart, K. C., were appointed a committee to prescribe subjects for trials.

Regarding Inductions.

Rev. Mr. Currie gave notice of motion in regard to uniformity in practice at inductions and other public Presbyterian functions.

Church Union.

The question of church union will likely be discussed at the afternoon session. The committee, consisting of Rev. E. L. Pidgeon, Dr. McCrae, John Currie and Rev. A. Stuart, will report that any discussion on the subject had better be postponed till the final findings of the committee are made known. The Presbytery adjourned till the afternoon at 12:30.

New Municipal Buildings Needed But Not So Badly as Other Things

People Admit That City Hall Is Antiquated, But Think It Will Do Awfully.

The matter of a new city hall was quite widely discussed on the streets today and the opinion was general that new municipal buildings are badly needed.

The present quarters are inadequate and antiquated, and it is felt that the city of London should have municipal buildings in keeping with its position as the centre of Western Ontario.

However, it is thought that the city needs many other things worse than a new city hall.

A large number of the streets are in need of pavements, and there is need of many sidewalks.

The elevation of the Grand Trunk tracks throughout the city will probably cost the city quite a sum, and in other ways money must be expended to meet the needs of the growing city.

NO OPINION ON THE APPOINTMENT

Of Edgar I. Sifton as Electrical Engineer for London.

No opinion has as yet been given regarding the legality of the appointment of Edgar I. Sifton as electrical engineer.

Pending the receipt of Mr. Meredith's advice he will not receive any salary.

It may be some time before the city solicitor reaches the matter. He is at present occupied at the winter assizes, and as he has a number of cases it is quite probable that the city council will have to wait some time before a definite opinion is received.

"I have heard nothing," said Mayor Stevely. "The matter is now in Mr. Meredith's hands, and until his opinion is received nothing will be done."

SUDDEN DEATH OF A LOCAL MERCHANT

Mr. H. J. Boyd Died While Sitting in His Chair Last Night.

Mr. H. J. Boyd, the well-known tin-smith, died at his home, 202 Richmond street, very suddenly last evening. Mr. Boyd had been unwell for quite a long time, but to all appearances was in his usual health last night.

He was sitting in his chair when he suddenly became unconscious and before Dr. H. A. Kingsmill could arrive he was dead.

His wife is prostrated by the sudden death of her husband. Mr. Boyd has several sons living in the Northwest, and they have been telegraphed, and will arrive as quickly as possible. The funeral arrangements will not be completed until they come.

GRANTED DIVORCE.

London, Jan. 12.—Mrs. George Guy Chetwynd, who is a daughter of the late Charles Zeser, of New York City, was granted a decree in the divorce court today against her husband for the restitution of her conjugal rights. The petition was not defended. Mrs. Chetwynd's husband is the son and heir of Sir George Chetwynd.

ious illness. The Presbytery will do all possible in the case.

Rev. F. J. Meek, B. A., of Port Stanley, applied to be taken on trials for license. Dr. McDonald, Dr. Ross, Rev. Mr. Inkster and Mr. Alex. Stuart, K. C., were appointed a committee to prescribe subjects for trials.

Regarding Inductions.

Rev. Mr. Currie gave notice of motion in regard to uniformity in practice at inductions and other public Presbyterian functions.

Church Union.

The question of church union will likely be discussed at the afternoon session. The committee, consisting of Rev. E. L. Pidgeon, Dr. McCrae, John Currie and Rev. A. Stuart, will report that any discussion on the subject had better be postponed till the final findings of the committee are made known. The Presbytery adjourned till the afternoon at 12:30.

Wait Awhile.

"We can wait for the new hall a short time yet," said a prominent citizen today. "We want to bring more industries here, and increase the population before we commence so great an expenditure of money as that will entail. We want the tracks elevated so that the automobile level crossings may be done away with. We want to protect our citizens by installing a garbage system, public lavatories and many other things, useful things, before we build a city hall."

Will Do All Right.

"The present building is inadequate and certainly is not good to look upon. Nevertheless it will do us for some time, at least. To build a new one will cost a lot of money. We could not sell the present building for anything like enough money to pay for a new hall. In a few years the land will be much more valuable, and then we will be enabled to get a sufficient sum of money out of it to make it worth while selling and building a new one."

Money Will Be Used.

If they decide to admit the advanced cases to the hospital, part of the \$5,000 voted by the people will be utilized in remodeling the present isolation ward, erecting verandahs, and the like to make it complete in every particular for the work to be done.

Say It's Up to Council.

The bylaw is sufficiently broad to enable the council to use the money in many ways so long as consumptive poor are looked after properly.

Chairman Speaks.

"We have not dealt with the question at all," said Mr. S. S. Searson, chairman of the hospital trust. "We are largely an administrative board, and have not the power to initiate legislation to any extent. I presume if the council decide to accept the suggestion of the provincial officers, that part of the present consumptive ward be utilized as a consumptive ward, we will have to administer it. We have not taken the matter up at all as yet. These men speak authoritatively. I presume, and we will have to give considerable weight to their opinions."

A Big Saving.

"If it is possible to use the present isolation ward for the treatment of Continued on Page Eight.

PLENTY OF USE FOR THE \$5,000

Voted by the People for Tuberculosis Hospital.

DESPITE LATEST PROPOSITION

Money Will Be Needed to Fix Up Ward in Victoria for Incurables.

The consumptive hospital bylaw matter is somewhat in the air, now that the London Health Association has launched its scheme for a sanatorium.

It is still fresh in the minds of the citizens that a bylaw, setting aside \$5,000 for a consumptive hospital, received a favorable vote at the municipal elections.

This money was to be devoted to the erection or obtaining of a hospital, not a sanatorium, where the consumptive poor would have a place where they could die in peace, and be removed from all possibility of endangering the lives of those about them.

The association's plan is for a sanatorium, where incurable cases can be cared for and cured.

Use Victoria Hospital.

There must still be some provision made for the advanced cases. And it is just here that the suggestion of the provincial medical officers comes in. They ask that a part of Victoria Hospital be set apart for the treatment of the advanced cases. But the situation is somewhat awkward.

There is in the city a great body of opinion against the admission of tuberculous patients to Victoria Hospital. The present hospital trust has up to the present refused to admit any such cases, owing to the danger of infection.

Money Will Be Used.

If they decide to admit the advanced cases to the hospital, part of the \$5,000 voted by the people will be utilized in remodeling the present isolation ward, erecting verandahs, and the like to make it complete in every particular for the work to be done.

Say It's Up to Council.

The bylaw is sufficiently broad to enable the council to use the money in many ways so long as consumptive poor are looked after properly.

Chairman Speaks.

"We have not dealt with the question at all," said Mr. S. S. Searson, chairman of the hospital trust. "We are largely an administrative board, and have not the power to initiate legislation to any extent. WEATHER NOTES.

A disturbance which was scarcely visible last evening is now moving quickly northward across the Middle Atlantic States, and is causing snow in Southern and Eastern Ontario.

The weather has become more moderate in the Western Provinces, and colder in Ontario and Quebec.

WOODS' FAIR

One Week of Solid Graniteware Bargains

A great many people took advantage of our bargains in Graniteware on Saturday last, the first day of the big sale. Some lines we were nearly sold out of, but by Wednesday morning we will have another lot—enough for everyone, as we don't want anyone disappointed. Remember this is not a sale of seconds, but all perfect, smooth finish and good weight. Don't fail to get your supply this week.

SOME OF WEDNESDAY'S GREAT VALUES

12 dozen 10-inch Pie Plates, Regular 12c, Wednesday price, 2 for 15c
 3 dozen 10-quart Dishpans, Regular 50c, Wednesday sale price, 24c
 6 dozen 4-quart Pudding Dishes, Regular 25c, Wednesday sale price, 17c
 2 dozen medium sized Chambers, Regular 40c, Wednesday sale price, 17c
 2 dozen large 32-inch Wash Bowls, Regular 25c, Wednesday sale price, 15c

SOME GLASSWARE SPECIALS FOR THIS WEEK

Largest and best Glass Jugs, 1-quart size, for 25c
 Four sizes of thin Bell Tumblers at 5c, 6c, 7c and 10c each
 Ordinary Glass Tumblers at 3 for 10c
 Thin Belgium Glass Tumblers at 5c each
 Glass Berry Sets, plain finish, 50c set
 Flower Vases, 8-inch size, 10c each
 Glass Egg Cups, double, 5c each
 Vinegar Bottles, 15c; Water Bottles, 15c and 25c
 We handle the famous Duncan Miller Unbreakable Glass Lamps. All sizes; and they don't cost much more than the common kind. Ask to see them at the Glass Counter.

DINNER SETS, TEA SETS, TOILET SETS

Our big stock of the above goods never were more attractive than just at present. We import all our sets, and in that way can sell below our competitors that buy through the jobber. Call and see what a small amount will purchase in our basement.

WOODS' FAIR

J. M. THOMSON

A NOVEL WAY TO BEAT HOSPITAL

How Out-of-Town Patients Get Into Institution Nowadays.

It was stated to The Advertiser this afternoon that some local physicians in order to avoid paying the extra rate for out-of-town patients at Victoria Hospital have hit upon the plan of getting their patients to come to the city and stay a day at a private boarding-house, and then after entering the hospital they give the boarding-house address as their real address.

As long as no one gives the thing away, the patients are treated at the same rate as regular city patients.

According to the recently-framed rules, all people coming to the hospital, not belonging to London, or the county of Middlesex, must pay at least \$1.50 per day for their rooms. These same rooms are given to city people at \$1 and \$1.25 per day. The trust will probably have to deal with the problem of making these outsiders pay their regular rates, although how they are going to do it, if the patient chooses to give a wrong address, will be a difficult matter.

It is well known that many of the city doctors do not believe in outside rates having been raised on outside patients.

ORIGIN OF THE MAMMOTH CAVE

Interesting Lecture Last Night by Dr. Woolverton.

At a largely-attended meeting of the Anglican Young People's Union of St. Luke's Church, Broughdale, last night, Dr. S. Woolverton gave a most interesting address on "The Origin of the Mammoth Caves of Kentucky." Dr. Woolverton stated that the caves were discovered quite accidentally, just 100 years ago, and were still considered to be one of the most remarkable geological formations known. Dr. Woolverton showed a large number of stalagmites and stalactites, which he had obtained while visiting the caves several years ago, and gave a vivid description of his personal adventures while going through the different chambers of the cave, which extends for nine miles. He described the remarkable river found in the very heart of the cave, and spoke of the fish and other living things found there being entirely without eyes. In concluding, Dr. Woolverton stated that 6,000 people visited the caves last year, and he showed a number of diagrams, illustrating different features of interest.

Brain and Nerve Cells require right food to replace natural waste---

"THERE'S A REASON"

CHOSEN FRIENDS INSTALL OFFICERS

Council No. 75 Held Annual Event Last Night.

The installation of the officers of Council No. 75 of the Canadian Order of Chosen Friends took place in the lodgerooms last evening. The ceremonies were conducted by Grand Marshal Thorpe. The officers installed were: P. C. H. Winder; C. C. E. Winkett; V. C. R. E. Sanders; recorder, A. Ellis; assistant recorder, J. Tanton; treasurer, J. W. Thorpe; prelate, W. Mitchell; marshal, D. C. Murray; warden, H. C. Sanders; guard, J. E. Serle; sentry, W. H. Pickett; trustee, Dr. Mel-drum. The installation of the officers was followed by a dainty supper, served by the lady members, and the evening was brought to a close by a game of carromball.

WANTS TO COME BACK TO FOLD

Tom Flanagan Will Apply for Reinstatement as an Amateur.

Toronto, Jan. 12.—Tom Flanagan, ex-manager of Tom Longboat, will apply to the C. A. A. U. for reinstatement to amateur ranks—and he should be received with open arms.

Of course, it is against the ethics of amateurism for a man to have anything to do with professional athletics or athletics in any form, but this is an exceptional case. Canadians would not have been satisfied with the Indian under any other name than Tom Flanagan's, so he went along. Now they have parted company, if the C. A. A. U. consults the welfare of athletics in Toronto, they will reinstate him. Flanagan was the life of athletics in Toronto. Just as soon as he left for England in 1908 things dropped, and have been flat ever since.

President Merrick is dubious about Flanagan's chances of reinstatement.

BLYTH COMMITTED

Must Stand Trial on a Charge of Murdering His Wife.

East Toronto, Jan. 12.—Walter Blyth, of Agincourt, was sent for trial for the murder of his wife a week ago Sunday night. Blyth pleaded not guilty.

Constable Hobbs was the only witness. He said that when he arrested Blyth the latter admitted the deed, and walking over to the stove picked up a poker, saying, "This is what I did it with."

The prisoner sat during the hearing with a blank stare in his eyes. He would look up at what was going on about him, and then would bite his lips and blink his eyes until they sparkled with tears.

He sat with hands crossed one over the other, and would tighten the grip at intervals and look down at the floor.

On the way to and from the jail the prisoner did not talk with the constables, and only asked about his children.

The largest blue topaz known was recently found in Queensland, Australia. Cut it is seven karats heavier than the stone in the crown of Portugal, yet it was used by a miner to throw at stray dogs.

OUR GREATEST January Whitewear Sale WILL COMMENCE TOMORROW

The benefits or advantages of our January Whitewear Sale to ladies who admire refinement is too well understood to require any lengthy explanation from us here, as we know our customers are only waiting for the announcement of the arrival of the new Lingerie — Eager to make selections during our January Sale while the assortment is complete, fresh and new. These points we wish to impress, that our assortment is greater and our values bigger than ever before. This you will quickly appreciate when you examine the stocks of the most beautiful Garments we ever prepared for January selling.

DOES CANADA NEED A NAVY?

The press recently has discussed the need of a navy for Canada, and it must be confessed that it is a paradox to continue large expenditures on militia as a means of defense, and nothing on naval defense, when the one is the sister arm of the other. It must not be supposed for one minute that the Liberal party is willing to have Canada indifferent to her duty. As a big unit of a big empire, Canada must realize her responsibility. This must be done in a dignified manner, and in no incoherent spirit. If military expenditure is incurred in order to prepare Canada against a possible attack, and if such preparation is not accomplished without naval defense, then a naval defense Canada should have. At the present time Canada is wholly exposed to an attack by sea, Goldwin Smith points out that notwithstanding Great Britain's naval supremacy, a foreign cruiser might easily reach our seaboard in time to pound our coastal possessions to atoms before help from Great Britain reached us. Our one reliance is on the single cruiser we possess of about 900 tons displacement. This, it is conceded, could play only an insignificant part in any defensive scheme.

It is argued that Canada's naval strength need never go beyond cruisers and submarines. If this is so, and it appears reasonable, the public need not be frightened at the cost, as battleships would not be needed. What would be required, it appears, is a fleet of ships for defense, and the cost of these, it is said, is easily within Canada's ability. The Canadian Government has taken the initiative toward coastal defence by garrisoning Halifax and Esquimaux, and relieving the mother country of the cost of these undertakings. To provide for the naval defence of these harbors would be a logical development of the first step. It would be merely following the course adopted by the Australian Commonwealth. It is certain that Canada will never consent to a policy which would deprive her of control over the expenditure of Canadian money, and the sooner this idea of a cash contribution to the British admiralty is abandoned the sooner will Canada take up her share of the burden of imperial naval defence, which is now borne almost wholly by Great Britain.

CANADA'S GROWTH BY IMMIGRATION.

The year 1908 was an off-year in immigration, but the showing made by Canada was much better than that of the United States. For the first eleven months of the year the total immigration into the Dominion was 142,754, as compared with 268,337 during the corresponding period of 1907—a decrease of 124,583, or 46 per cent. In November, the last month for which figures are available, there was a falling off of 51 per cent, as compared with November of the preceding year. It was in the arrivals via ocean ports that the decrease was most noticeable. There was an actual increase in the number of settlers who crossed the western frontier to make their homes in Canada—a most gratifying feature. To this latter fact as to homestead entries, which fell off after the west's reduced crop in 1907, but concurrent with the recent bumper harvest, revived. The appended figures of homestead entries are interesting:

Entries during the fiscal year ending March 31, 1907..... 27,738
Entries during the fiscal year ending March 31, 1908..... 30,424
Entries nine months, January-September, 1907..... 23,055
Entries, nine months, January-September, 1908..... 26,357

On the other hand there was practically no increase in the population of the United States last year through the excess of immigration over emigration. Official figures show that the total net addition to the population of the republic by foreign immigration during the year ended Oct. 1, 1908, was only 6,295, but this number should be reduced by deducting the number of naturalized Americans who took up residence abroad.

What, as much as anything else, tends to stimulate emigration to Canada, both from the old world and the United States, is the rapid increase in railway mileage in the western provinces, particularly the construction of new lines in undeveloped sections of the country. The Dominion Government finds in the railways splendid allies in the carrying out of its most ambitious colonization schemes. For instance, it is proposed to locate a town every eight miles on the Grand Trunk Pacific between

Winnipeg and the Rockies, or 120 towns in the entire distance, and it is expected that 30 new towns will be brought into existence in Saskatchewan and Alberta on the Canadian Northern, and some 35 on the Canadian Pacific. In addition to this an interesting crop-sharing plan in connection with its vast tract of irrigated land, which will render settlement easy, is being carried out by the Canadian Pacific.

Another important factor is the vast tract of rich farming land which the Dominion offers to settlers, while in the neighboring states good arable land available for settlement is becoming scarcer every year.

THE WORLD'S WHEAT PRODUCTION.

Canada ranks tenth among the wheat-producing countries of the world—at least, that is the showing for the two latest years for which returns are available, 1906 and 1907, according to a report issued by the department of trade and commerce. In 1901 Canada's total production was 89,324,000 bushels; in 1906 it increased to 123,000,000 bushels, but in 1907, owing to the partial crop failure in the west, it dropped to 92,000,000. The past year's production is certain to exceed by millions of bushels that of the best previous record.

The average yield per acre for all Europe is about 14 bushels, and in the United States about 12 bushels. In 1907 Canada's average was 16 bushels per acre, and in 1906 18 bushels, the Dominion in this respect leading all countries. The following table shows the total wheat production of the countries named for 1907:

	Bushels.
United States.....	624,087,000
Russia.....	455,000,000
France.....	389,570,000
British India.....	315,358,000

In 1907 the world's total wheat production was 3,104,582,752 bushels, or a decrease of about 300,000,000 bushels, as compared with the production of the preceding year.

The haste in filling the vacancy on the local board of license commissioners is quite disgraceful.

The Provincial Treasurer is naturally anxious to have the Soo loan repaid at once. He needs all the money he can raise this year. There are no Co-bait "plums" to be picked.

New municipal buildings are needed, but can the city afford them until the water and power problems are settled and taxpayers know where they stand?

The Federal Parliament and the Ontario Legislature will convene almost at the same time. Each of them meets for the first session after a general election. In each of them his majesty's loyal Opposition is an object of sympathy.

The new treaty signed by Secretary Root and Ambassador Bryce should be the beginning of an era of untroubled relations between Canada and the United States. The last of the boundary disputes has been settled, and neither country is likely to become excited over anything that does not involve loss of territory, especially if there is to be some provision for direct negotiation in future between Washington and Ottawa.

The Michigan murder is a hideous outrage. The absence of any known motive; the scene of the crime, a place of worship; the murderer an ordained minister of the gospel; his allegation of hypnotic influences—these circumstances make the tragedy one of almost unparalleled horror and mystery. The most rational explanation is insanity. Any other theory implies a depth of human depravity which no person cares to contemplate.

A HANDSOME TRIBUTE.

The Canadian Northwest is now drawing 100,000 of America's best farm population away to the virgin lands of the north. However unimportant these facts may be to an American, it is folly to blind one's self to the fact that the Canadian Northwest is destined to supply beef and pork, and cheese and butter and bread to the world. It has the soil, the climate and the cheap transportation, and it will have the people.

GREAT BRITAIN HOLLAND'S FRIEND.

Though foes at one time and rivals for domination of the seas, Great Britain and Holland have been good friends for many years, sentimental, commercial and political ties making it natural for British influence to be cast in Holland's favor when contentious continental neighbors have just-ified after her. That Great Britain would protect Holland has been known for so long a time that it is not surprising now to read of the hand under the hand between the two powers giving unequivocal warning to those who may be ungrateful.

STILL THEY SAVED.

The people of France saved a billion dollars last year from the ravages of the fire in the Louvre by the timely intervention of Count Boni and Prince Helie in their handling of Goud money.

AN ECONOMICAL GOVERNMENT.

We have been accused in this matter (old age pensions) of recklessness and improvidence, a charge which, considering the very small sum of money—less than \$100,000,000—being expended in the carrying out of its most ambitious colonization schemes. For instance, it is proposed to locate a town every eight miles on the Grand Trunk Pacific between

(Cheese) I was chairman of the exchequer for three years, and during the whole of that time we were careful not to make a move in old age pensions till we could make a proper case. (Hear, hear.) What did we do? We remitted nearly seven and three-quarter million pounds on taxation. (Cheers.) By March 31 next we shall have reduced the aggregate capital liability of the nation 41 million pounds, with an actual annual saving of interest of 14 millions. I don't hesitate to say to you that but for these precautionary measures, which it took us the best part of three years to carry through, we should not have had this old age pension scheme. (Cheers.)

THE CRISIS IN INDIA.

(Goldwin Smith to Canadian delegates.) Some day the end must come. It is impossible that a race should rule forever in a land in which it cannot be civilized. The coming day will be hastened by this great movement of the east, of which the initiative may come from Japan. But at present, if military power remains in the hands of the governing race, as it seems likely to be, though there may be, and probably will be, disturbance, and the difficulty to see from what quarter revolution can come. Editors of revolutionary journals are not generals, nor will an undisciplined and unarmed populace face the cannon. Native princes have armies more numerous than efficient, but none of them have shown any disposition to revolt, and apparently have as much to gain as they have to lose by revolution.

RECENT MARVELS OF SURGERY.

(Scientific American.) In a remarkable paper read at the meeting of the American Philosophical Society in Philadelphia, Dr. Alexis Carrell, of the Rockefeller Institute, showed how the knee-joint of a dead man has replaced the injured joint of a living person; how the arteries of husband and wife have been successfully joined, so that the blood of the two persons circulates in the same system; how an infant's blood has been revitalized by the blood of its parent; how a human artery and jugular vein have been interchanged, and are fulfilling each other's function; how the kidneys of one cat were substituted for the corresponding ones of another, and how a living rooster now frisks about under the legs of a dead companion. "In my experiments to preserve arteries," states Dr. Carrell, "I found that desiccation would not do, but produced a state of absolute death. Then I put the arteries in refrigerators and kept them enclosed in hermetically sealed tubes at a temperature a little above freezing. I found that an artery could be kept alive for several days, and substituted for the artery of a living animal." Clearly, the day is not far off when the perfect organ of a man who in life had been stricken from disease may be kept in cold storage after death and used to replace diseased organs in living men.

WABASH RAILWAY WINS ITS APPEAL.

New Trial of Case, in Which Verdict for \$5,000 Was Given Widely.

The divisional court at Toronto, has allowed the defendant's appeal and ordered a new trial in the action of Minnie May Walker, widow of John Walker, of St. Thomas, against the Grand Trunk engineer, against the Wabash Railway. The action was brought to recover compensation for the death of her husband on Jan. 2, 1908, in a collision between his train and a freight train of the Grand Trunk, near St. Thomas, on April 13 last, after a jury trial at St. Thomas, gave judgment awarding \$5,000 to the plaintiff as administratrix, apportioning \$4,000 to the widow and two children, and \$1,000 to the father, father-in-law, and \$500 to Elizabeth Jane Walker, his mother. The appellants moved to reduce the judgment by a policy of \$1,000 carried by the husband of the respondent. The court says that it appears as if Walker had been guilty of neglecting rule 213 of the G. T. R. governing precautions as to having control of trains approaching crossings and stations, and that it may well be that but for that breach the accident would not have occurred.

LEMON SUPPLY REDUCED.

The Importation of Fruits From Sicily Badly Disorganized.

New York, Jan. 12.—The importation of fruits and other products from the earthquake-stricken districts of Italy has been badly disorganized by the catastrophe, and as a result prices of lemons and other fruits in this country have jumped all the way from 25 to 350 per cent. The situation is abnormal, but return to a normal basis of trade is expected within three months. Importers expect a temporary shortage of lemons, which followed the California earthquake in 1906, when prices jumped sensationally for the first few days following the disaster, but settled again after business had been re-established in temporary quarters at Oakland and elsewhere.

The situation in Italy is in many respects much worse than that which followed the California earthquake. Messina was the main shipping port for lemons to the United States and Italy, and about 2,000,000 boxes of lemons from Italy annually, while California supplies about 1,500,000 boxes, so that more than half of the lemon supply has been temporarily cut off. It is estimated that 200,000 boxes of lemons were destroyed in the Messina warehouses, but it is not believed fruit plantations outside of Messina have been damaged greatly. Hundreds of fruit handlers and their employees are dead.

CONAN DOYLE ILL.

London, Jan. 12.—A bulletin issued this afternoon, saying that Sir Arthur Conan Doyle, the author, had passed a restless, painful night, was the first public intimation that he had been suffering from illness. The opinion was given for a painful though not serious interior affliction.

RAN DOWN STEAMER.

Singapore, Jan. 12.—The French liner Polynestan ran down and sank the Dutch steamer Diamant at the wharf here today. Seven natives were drowned. The Polynestan proceeded on her way.

RELIEF FOR CATANIA.

Catania, Jan. 12.—The relief ship Bayern, which arrived yesterday, has a wide field for its charities here. The town is crowded with refugees and the hospitals and municipal relief committees are eagerly and gratefully accepting all the supplies of food offered.

QUAKE FELT ALONG COAST.

British Columbia and Washington Have Seismic Shock.

Vancouver, Jan. 12.—British Columbia and Washington State were yesterday shaken by an earthquake shock which was distinctly felt at many points. Seattle, Victoria, Vancouver, Bellingham, Tacoma and Sumas have reported the tremble, all at the same time, 3:45 in the afternoon. It lasted several seconds.

In this city the shock was slight, but it served to cause considerable excitement. People rushed from the buildings, many of them almost in a panic.

The shock seems to have been worst at Bellingham, Wash. Reports from that city say that the duration of the shock was about ten seconds. Brick buildings were so badly shaken that the plaster fell to the floor and there was a panic.

Amateur Night at Bennett's. Tonight will be amateur night at Bennett's, and a great array of talent has been gathered together.

Lena Rivers. The attraction at the Grand tonight will be that favorite play, "Lena Rivers."

A Good Company. The Partello Stock Company, well-known to London theatregoers, is at the Grand this week. They opened last evening to a good audience in the "College Girl," a story of university life.

The company is a capable one, and pleased. All the roles were handled in a very capable manner, and the play itself had many interesting features. Miss Alice Kennedy is the leading lady, and is an actress of merit. She possesses a pleasing personality, and can act. Harry J. Leland was good, as were Jessie Lyons and John Westernman. Between acts some specialties were introduced. They were excellent.

HEROES ASK PARDON.

Stoessel and Nebogoff Desire a Commutation of Sentence.

St. Petersburg, Jan. 12.—Gen. Stoessel, Rear-Admiral Nebogoff and several other officers of high rank now in the fortress of St. Peter and St. Paul, have applied for pardon or commutation of their sentences. No action yet has been taken. Gen. Stoessel was sentenced to death by court-martial in St. Petersburg for surrendering Port Arthur to the Japanese, and this sentence was commuted by Emperor Nicholas to ten years' imprisonment. Rear-Admiral Nebogoff is serving a like sentence for surrendering to the Japanese in the sea of Japan.

STEWART-CHARLTON.

Pretty Wedding in Lobo—Miss Alice May Charlton, the Bride.

A quiet but pretty wedding took place on Monday afternoon at the residence of Rev. J. C. McCracken, when Miss Alice May Charlton, only daughter of Mr. and Mrs. Edward Charlton, of Lobo, was united in marriage to Mr. Donald N. Stewart, second son of the late Archibald Stewart, of East Williams. The bride looked charming in a brown travelling dress with hat to match, and was given away by her brother, Mont.

Mr. and Mrs. Stewart will make their future home on the 27th concession of East Williams, where the bridegroom is a prosperous and successful farmer. A wide circle of friends join in wishing the young couple happiness, long life and prosperity.

An English scientist gives some interesting figures regarding the occurrence and distribution of radium in the earth. The total amount of radium in the ocean is reckoned to be 20,000 tons.

This Athlete of Fifty-Two Years.

SAYS HE OWES HIS WONDERFUL ENERGY TO DODD'S KIDNEY PILLS.

Was Tortured With Rheumatism and a Cripple Till the Great Kidney Remedy Cured Him.

Six Nations, Ont., Jan. 11.—Fifty-two years of age, but still young enough to captain the lacrosse team, John Silversmith, of this place, can truly be looked on as a wonderful athlete. One would naturally think he was all his life a healthy man. But it was far otherwise, and he is unabatingly states that his wonderful energy and vitality are due to Dodd's Kidney Pills.

"I suffered from Rheumatism for over seven years," Mr. Silversmith says, in telling his story, "and it finally made a complete cripple of me. My back was bent nearly double and when I tried to walk I had to use crutches. I could not get around at all, and I suffered excruciating pain. Two boxes of Dodd's Kidney Pills gave me relief; six boxes cured me completely."

Dodd's Kidney Pills always cure Rheumatism because Rheumatism is caused by disordered Kidneys and Dodd's Kidney Pills always cure disordered Kidneys.

TORONTO'S BAD SPELL THE "U" BOGEY

"Meteor" Takes Some Queen City Notables to Task.

To the Editor of The Advertiser: On Friday evening The Advertiser published the reporter's lineup of a spelling class around Queen's Park, Toronto. The first was his honor the Lieutenant-governor, who said: "I am opposed to fonetic spelling."

"Meteor" took some Queen City Notables to Task. The first was his honor the Lieutenant-governor, who said: "I am opposed to fonetic spelling." "Meteor" took some Queen City Notables to Task. The first was his honor the Lieutenant-governor, who said: "I am opposed to fonetic spelling."

HOTEL LICENSE WAS TRANSFERRED

Canada News Co. and the Grand Central Hotel Deal Closed.

After a delay of some months the transfer of the license of the Grand Central Hotel, owned by Mr. William Malton, to Mr. T. P. Phelan, of the Canada News Company, Toronto, was made yesterday by the license commissioners.

The consideration amounted to \$25,000. The deal was consummated a long time ago, but there have been several difficulties in the way, and they have at last been removed.

SNOWPLOWS SLEPT IN THIS MORNING

As a Result People Were Compelled To Wade Through the "Beautiful."

The snowplows were characterized by a splendid inactivity this morning. The average citizen waded down town this morning in snow to his knees, and the plow generally made the retreat from Moscow look like an easy jaunt.

In the north end there were no plows at all until after 9 o'clock. From other parts of the city the same report is heard.

If the snowplows are to be used, why don't the city get them out? said an irate citizen this morning. "Why, I waded through snow, knee-deep almost, trying to get down town, and not a snowplow had been over any of the streets I walked on. If we are to depend on the city to clean our walks, it is time something was done. I think it is a disgrace. The snowplows should be got out early, so that people could get to work in a reasonable hour."

WIND BLEW OUT GAS SLEEPERS IMPERILED

Tilbury Couple Have a Narrow Escape From Suffocation.

Tilbury, Jan. 12.—Mr. and Mrs. Bruce Richardson had a narrow escape from asphyxiation last night, owing to natural gas escaping. The high wind blew the gas out, and, as the chimney is somewhat defective, the gas filled the house.

Mrs. Richardson, who noticed the strong odor, with difficulty aroused her husband, who, after raising the windows en route, gained the stove and turned off the gas.

NESBITT'S SUIT.

Toronto, Jan. 12.—Hon. A. B. Morin, K.C., and Mr. R. A. Reid, counsel for Dr. Beattie Nesbitt in the suit for defamatory libel against Mr. J. A. MacDonald, gave notice yesterday that they would argue the demurrer, filed before Mr. Justice Anglin last May, at 2 o'clock this afternoon, in the criminal assize court before Mr. Justice Magee. Mr. N. W. Rowell, K.C., objected, on the ground that he had

Our windows will give you some idea of our genuine reductions, then "Come On In."

OAK HALL

WHEN YOU CAN'T SLEEP.

There is many a man and woman tossing night after night upon a sleepless bed. Their eyes do not close in the sweet and refreshing repose that comes to those whose heart and nerves are right. Some constitutional disturbances, worry or disease has so debilitated and irritated the nervous system, that it cannot be quieted.

Or again, you have a sinking sensation, a feeling you are going to die; or perhaps, you wake in your sleep feeling as though you were about to choke or smother, and rest leaves you for the night. If you allow these conditions to continue for a short period even, you will begin to feel your health declining. It is the nerves and heart not acting rightly, and they can only be set right by the use of Milburn's Heart and Nerve Pills. They soon induce healthful, refreshing sleep, not by deadening the nerves, but by restoring them to healthy action.

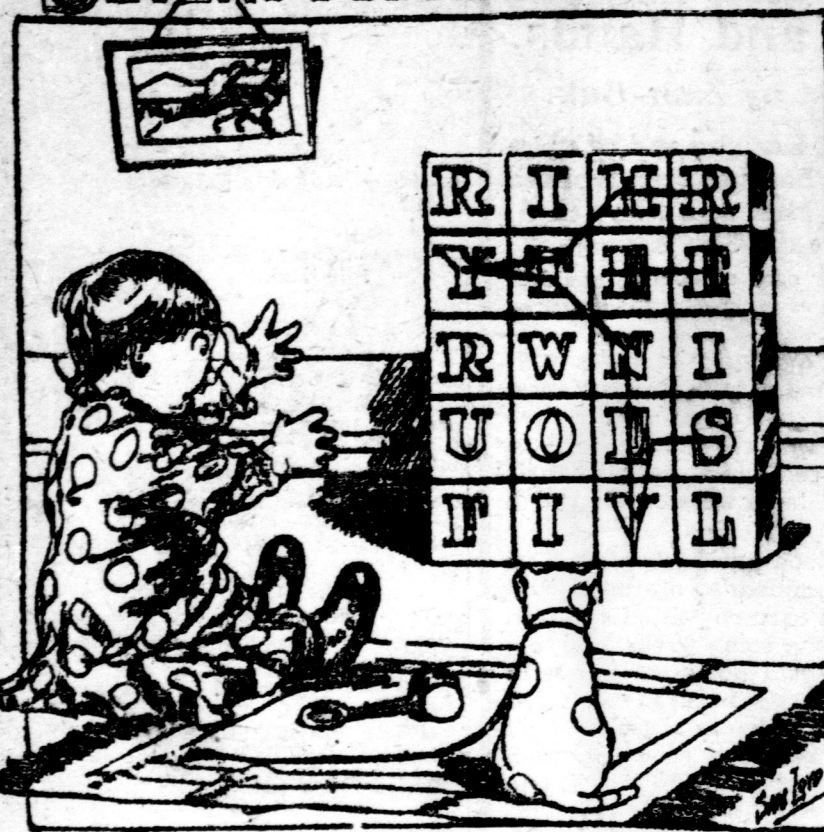

Mrs. E. Nutt, St. Mary's, Ont., writes: "I can gladly recommend your Milburn's Heart and Nerve Pills as I was so badly troubled with my nerves. I was so bad I could not sleep at night without the lamp burning, but after taking four boxes of the pills I became all right again."

Price, 50 cents per box; 3 boxes for \$1.25, at all dealers or The T. Milburn Co., Limited, Toronto, Ont.

SAM LOYD'S PUZZLES.

(Copyright by Sam Loyd, New York.)

SEVENTY-THREE PUZZLE

SEVENTY-THREE PUZZLE.

The child prodigy is explaining to Fido how he may learn his letters and to count at the same time. His blocks are arranged so that numbers may be spelled out in the same manner as seventy-three; that is by proceeding from block to block in a continuous line.

The Kid says there are a great many numbers that cannot be found in his pile of blocks, so do not be discouraged if you have to skip quite a few in counting from one upward.

ANSWER TO THE CAT AND DOG PUZZLE—In the cat and dog puzzle, she goes there and back, a distance of 262 feet, in 54 jumps, but as the dog goes five feet in a bound he has to take 17 leaps each way, which is the same as having to lose 8 feet. Dividing the cat's 54 jumps by 8 and multiplying by 5, shows that the dog would be beaten by 1 foot 3 inches.

THE LOST MILLIONAIRE

BY L. CAMPBELL DAVIDSON.

CHAPTER XIX.

Amazement.

"The last place she was at there was a baby that was going to have millions afterward. She came away from there because he died, and I guess the lady gave her a good big pension." She stopped short and her lip dropped. She cast a glance around the room that seemed to have horror in it. "Why, perhaps, we'll have to give all this up now," she cried. "We were poor enough till she came home to live with us! This house was hers and all the furniture, and what we lived on! Oh, I do hope the lady she lived with will let us have some of it still!"

"Did you know anything about the place your aunt lived at last?" Suter asked in bewilderment. Certainly it could not be from Mrs. Suter that the late nurse held her pension!

The girl shook her head slowly. "No, I never heard her and she talk. Ma knows, I guess. Oh," she broke off suddenly, "what I wanted to speak to you about—she just came back to me, I've a message from aunt to you."

"I'm afraid I excited her yesterday," murmured Suter. The woman's death had filled him with strange feelings.

"No, I don't think it was all that—her heart was weak and it was another bad attack. But she could speak just before her breath went, and she spoke about you. She said to me, 'Tell the gentleman that was here that I lied to him, and I don't want to die with a lie—who knows what'd happen to me? It was all a make-up about being tied and drugged. I wanted to throw him off the scent. Perhaps I harmed the baby. I saw the number on the motor car and the letters. They were Z 103. And I let the baby go and said nothing. I was well paid to hold my tongue.' Then she just gave a noise like this, and she was gone. It was awful sudden."

The girl began to cry again, but Suter did not heed her. He had started to his feet with stifled word. So she was an accomplice! She had aided and abetted! That was why she dared not face his cousin's widow! She had had a hand in the carrying off, and it was to help the scheme she had sent the nursemaid out of sight and hearing while the villainous thing was done!

How he left the villa he never afterward knew. He had a confused memory of a farewell to the girl and some words of sympathy, but it was all a confusion. Presently he found himself walking hard back to Bideford, hurrying as if he were pursued. In his mind was a blur of wonder, of rage, of hope. He had the name and number of the motor. That was at least something.

E. W. GILLET CO., LTD. Toronto, Ont.

Morning brought Mrs. Melville's letter. He smiled faintly as he looked at the thick envelope with the crest and the address outside. His cousin's wife had had to come to her with a crestless envelope when she was Mrs. Suter. The Suters did not possess armorial bearings! He tore it open. A subtle scent of some rich, fragrant perfume he could not give a name to floated in his nostrils. That was so like Grace Suter! Always heavy scents and rich clothes and luxurious surroundings! His own Violet was fresh and breezy as a healthy down! The address, "Colforton Court, Yorkshire," was stamped in high relief in two colors. It all looked a trifle vulgar and overdone to Maxwell. But he only took in the vague impression of it in his haste to read what she said.

"Dear Maxwell,—I beg of you not to move any further in the matter of the poor dead baby. You are altogether mistaken if you think he is still alive. These continued rakings up of a terrible subject are horribly painful to me, and I beg you to drop them at once. It is more harrowing to me than I can express to have these suggestions made that he lives. It is more folly to suppose it. I have buried that grief and tried to forget it. Do not rake it into light. I have reason to know that should have been informed of it if he were alive. I need say nothing more on a topic that I never want further mentioned. If you care to come down here for a couple of days' shooting later on, my husband has a capital moor and we shall be glad to see you. Your affectionate cousin, Grace Melville."

The letter dropped to the table. Maxwell sat staring at the white page where the bold, firm writing sprawled. Never in his knowledge of her had Grace Suter been so gracious to him. He did not know whether he were more amazed at that in her letter or in the other part. To forbid him to continue the search for her lost baby when he had told her how certain it was he was not drowned! To tell him she wanted that episode in her mother's life covered over and forgotten. It was monstrous, atrocious! It could not be believed! Was she a woman so inhuman that she could forget the child she bore—the flesh of her own flesh? Did she want to bury the memory of the baby that owed its being to her—that had known no other help or comfort in the world than hers? It was horrible—horrible!

To Be Continued.

Advertiser Patterns

DESIGNED BY MARTHA DEAN.

A CHARMING GOWN FOR A LITTLE MAID—5954.

The vogue of the mandarin sleeve is as much to be noted among the styles for little girls as among their elders, and exceedingly quaint and charming are some of the models shown. One is developed in white challis. It is simple and girlish and very becoming. The waist blouses prettily all around, and is attached to the full-gathered skirt, which is simply finished by a deep hem and the under sleeves and gumpie are of lawn dotted Swiss or China silk. Any of the stylish plaids and checks, as well as cashmere and albatross, are suggested for the making of the dress. For a child of 8 years, 3½ yards of 36 inch material will be required for the dress.

Girls' Dress, No. 5954.—Sizes for 4, 6, 8, 10 and 12 years.

A pattern of the accompanying illustration will be mailed to any address on receipt of 10 cents in silver or stamps.

PATTERN DEPARTMENT OF THE ADVERTISER.

Please send above-mentioned pattern, as per directions given below, to:

Name

Street Address

Town

Province

Measurement: Bust Waist

Age (if child's or miss's pattern).....

CAUTION.—Be careful to inclose above illustration and send size of pattern wanted. W in the pattern is bust measure you need only mark 22, 24, or whatever it may be. When in waist measure, 22, 24, 26, or whatever it may be. If skirt, give waist and length measure. When miss's or child's pattern, write only the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than one week from the date of order. The price of each pattern is ten cents in cash or in postage stamps.

Give the Children Plenty of Fruit

IT HELPS TO KEEP THEM WELL.

In a growing, active child the cells of which the body is composed are being worn out—and replaced—very rapidly. This dead tissue must be gotten rid of somehow, and the danger is that the eliminative organs—the Bowels, Kidneys and Skin—may not do their work well enough. Then the blood becomes poisoned and the child does not thrive.

Nothing has such an invigorating effect on these organs as ripe fruit juices. Apple juice increases the action of the kidneys; other fruit juices stimulate the liver to secrete more bile, and bile produces easy and regular movements of the bowels; others stir up the glands of the skin to throw off more waste matter.

The difficulty is that to get these effects a great deal of fruit must be eaten, and the excess of pulp and woody matter may upset the digestion. The better way is to give the children "Fruit-a-tives," which are tablets made of concentrated fruit juices with valuable tonics added.

"Fruit-a-tives" have the combined effect of the different fruit juices, helping all the eliminative organs to work properly, curing Constipation, toning up the system, and keeping the children plump and rosy. Twenty-five cents for a trial box. Fifty cents for regular size—six boxes for \$2.50. Fruit-a-tives, Limited, Ottawa.

AN APPRECIATED PASTOR

Presentation Party Surprises Rev. Dr. and Mrs. Nixon.

An interesting affair occurred on Friday evening, the 8th inst., at Hyde Park, when a large number of church members and adherents met at the manse and surprised their pastor, Rev. Dr. Nixon, by invading his home, unloading a lot of baskets filled with good things, and preparing at once for an enjoyable time.

The situation, however, was soon relieved, when Mr. Thomas Ramsay, one of the party, requested the pastor to come forward. The minister responded, whereupon a kindly worded address was read by Mr. Ramsay, and most substantial fur and beaver-cloth coats were presented to him by Mr. Richard Smith. The address voiced the donors' good wishes for the pastor and Mrs. Nixon, and asked him to accept these coats as a slight tangible token of the love of those who claimed him as their pastor. The address was signed on behalf of the friends by Richard H. Smith, Thomas Ramsay, Harry Hall and Robert Small. Dr. Nixon made a suitable reply, thanking his people for the substantial gift of the love of those who claimed him as their pastor. The address was signed on behalf of the friends by Richard H. Smith, Thomas Ramsay, Harry Hall and Robert Small. Dr. Nixon made a suitable reply, thanking his people for the substantial gift of the love of those who claimed him as their pastor.

At the Christmas season Mrs. Nixon was presented with a well-filled purse by the Hyde Park people as an appreciation of her services as organist of the church. The substantial gift from a devoted people gives evidence of the mutual esteem and confidence existing between them.

Manse refreshments were served, when the gathering broke up, all feeling that the new year would bring them even greater blessings than the past.

OLIVER PREDICTS

Toronto's Mayor Sees Half-Million Population in Decade.

Toronto, Jan. 12.—Starting off with the prediction of a half-million population for Toronto in the next decade, Mayor Oliver struck an optimistic note in his address to the council at the inaugural meeting yesterday. His worship's message was a clear outline of the work done and to be done, and showed among other things a total income of \$16,822,160; an increase in bank clearings in five years, \$358,154,176; an increase in postoffice receipts in five years, \$561,211, the total receipts last year being \$1,472,711.

His worship suggests a conference with the street railway management, re extensions, urges an early construction of the water front viaduct, recommends the passage of the license reduction bylaw, censures the extravagance of the cost of education, and recommends that legislation be applied for limiting the expenditure of the board to 5½ mills on the dollar; recommends that the question of water engineers for an exhaustive report, and the establishment of a central criminal court for the county and city.

C. P. R. BUYS TRIBUNE.

Winnipeg, Jan. 12.—The transfer of one of the city's newspapers to the C. P. R. and other corporations in this city, is one of the topics of conversation on the streets today. The Tribune is the paper involved, and the deal has either been closed or will be within the next few days. What are claimed to be the details of the transfer are also quoted. According to the report, the consideration is \$74,000 for the Tribune plant. R. L. Richardson, the owner and manager, will retain the building and editorship of the Weekly Tribune, while the new management will increase and improve the plant, with the intention of bringing out a morning as well as an evening edition. It will be an Associated Press paper, of which organization the C. P. R. controls the Canadian franchise.

FELL OFF HIS WAGON.

Strathroy, Jan. 12.—Joseph McCandless was picked up in an unconscious condition on Friday near his house, and upon examination it was found that he was suffering from a broken shoulder. He had been driving his team, when he was seized with a fainting spell and fell off the wagon.

HAWKING MACHINES

CATARRH SUFFERERS ARE NOTHING BUT HAWKING, SPITTING AND BLOWING MACHINES, SAYS AN AUTHORITY.

Is it possible that in these days when cleanliness and sanitary reform is being preached in the churches, schools and at public gatherings, that thousands of people will continue to suffer from catarrh when there is an absolutely certain remedy always on hand.

Hyomel (pronounced High-ome) is a pleasant, medicated and antiseptic air. Breathe it in and it will cure catarrh. It will stop foul breath, watery eyes, and crusts in the nose.

Mrs. H. W. Wilson, of Johnson street, Wallaceburg, Ont., says: "Yes, we are great friends to Hyomel for the reason that Mr. Wilson has had catarrh for several years and tried several remedies and doctors, but nothing has relieved the trouble like Hyomel. His trouble is from pains across the eyes and a burning or huskiness in his throat. Sometimes much difficulty in breathing, the glands in his eyes and nose swollen and the disease made him literally sick all over. He cannot say enough in praise of Hyomel, and there is nothing that can give better relief to catarrh than this remedy, which we heartily recommend."

A complete Hyomel outfit, consisting of a strong, hard rubber pocket inhaler and a bottle of Hyomel, costs only \$1.00, and extra bottles, if afterwards needed, cost only 50 cents each. W. T. Strong sells it and guarantees it to do exactly as advertised. Hyomel also cures asthma, bronchitis, coughs, colds and infants' croup.

A Woman's Sympathy

Are you discouraged? Is your doctor's bill a heavy financial burden? Do you have a heavy physical burden? I know that these mean to delicate women—I have been discouraged, too, but I learned how to cure myself. I want to relieve your burdens. Why not end the pain and stop the doctor's bill? I can do this for you and will if you will assist me.
All you need do is to write for a free box of the remedy which has been placed in my hands to be given away. Perhaps this one box will cure you—it has done so for others. If so, I shall be happy and you will be cured for the cost of a postage stamp. Your letters held confidentially. Write day for my free treatment.
WINDSOR, ONT. J. E. CURRAH, Windsor, Ont.

Security

Whatever amount of money one puts in an investment—whether it is \$10,000 or \$100—the first consideration is the security of the investment.
If added to the security there is a profitable dividend, the investment becomes an ideal one—exactly the kind that the saving people of Ontario most desire.

Huron & Erie

Loan & Savings Co., London, Ont.

THE cost of living is an important thing in most homes. You may have to figure closely in these matters. A little extra on a barrel of flour may look big to you.
But there is a difference between spending money wisely and spending it foolishly.
Sometimes it is economy to spend instead of to save. It is in the case of Royal Household Flour.
Those few extra cents a week, that give you

Royal Household Flour

in preference to inferior flour, buy health.

Nothing contributes so much to the food you eat as flour, and therefore nothing should be more carefully bought. Ogilvie's Royal Household Flour is the whitest, cleanest and most nutritious flour that's milled. It is the only flour that is absolutely pure.
Ask your grocer.

Ogilvie Flour Mills Co., Ltd. Montreal.

Eddy's Gas Lighters

The match that is indispensable to all users of gas. Put up in boxes of three to a package. Ask your grocer for them. Manufactured by

FIFTY MILLIONS FOR 500 WORKS

English Gold To Pay Provincial Guarantee and Develop Resources.

Toronto, Jan. 12.—Hon. A. J. Matheson, provincial treasurer, is in New York today, looking after the interests of the Province in the negotiations which are being completed for the paying off of the \$50 million of a million dollars.

The loan is being paid off by British capitalists, who, it is said, will invest upwards of fifty million dollars in reviving the allied industries at Sault Ste. Marie.

In 1904 the industries secured a two-million-dollar loan in New York on the strength of a guarantee by the Ontario Government. One million was paid off a couple of years ago, and the other million has been renewed from time to time.

It falls due again tomorrow, and the taking over of the industries by the British capitalists means that it will be paid, and the Province will be relieved of further liability. This does not, of course, mean that the Province gets the million dollars. It means that the Province is entirely relieved of even the remote possibility of having to pay out a million dollars.

The Algoma Central. The proposition now under way may require legislation in respect to another matter. The Algoma Central, which will be relieved of mortgage by the paying of the loan, is to be extended to a junction with the Transcontinental, and it would not be surprising if assistance of some kind is granted by the Government to the enterprise.

C. D. Warren, president of the Soo Corporation, confirmed the report made some days ago that Robert Fleming, of London and Edinburgh, would become identified with the concern, but declined to say what interests he would represent, but it is much British capital, F. S. Pearson, of London and New York, is said to be associated with Mr. Fleming.

The intention of the corporation is understood to be the extension of the Algoma Central Railway, and erection of another large industry. The corporation now controls the following industries:

Algoma Central and Hudson Bay Railway Company.
Manitowin and North Shore Railway Company.
Algoma Commercial Company, Limited.

Algoma Iron Works.
British American Express Company.
Algoma Steel Company, Limited.
Lake Superior Power Company, Limited.

International Transit Company.
Trans-St. Mary's Traction Company.
Tagona Water and Light Company.
Michigan Lake Superior Power Company.

Lake Superior Iron and Steel Company.
The total number of men engaged at Sault Ste. Marie is approximately 4,000.

The authorized capital was \$40,000,000, on which there is outstanding \$10,000,000 on first mortgage bonds and \$3,000,000 income bonds. The prospects for the year are exceptionally bright. The last year's operations of the subsidiary companies showed a net surplus of \$1,072,909.

MEXICO HELPS.

Mexico City, Jan. 11.—President Diaz and his cabinet yesterday attended a bullfight given for the benefit of the Italian earthquake sufferers. Thirty-five thousand dollars in gold was added to the Mexican relief fund, Kingston and Peel.

A FIGHT IN COURT

The Jailer and Magistrate Mix It Up at St. Agathe, Ont.

Montreal, Jan. 11.—A sensational story is reported here from St. Agathe, a small town in the Laurentians, a short distance north of this city. While the trial of a man named Roberts was in progress Jailer Loiseau entered and ordered several witnesses to refuse to give evidence. The presiding magistrate ordered a policeman to arrest the jailer, but he refused. The magistrate then tried to make the arrest, but a free fight followed. A judge then condemned the jailer for contempt of court, and ordered Bailiff Garceau to take charge of the jailer. Another fight followed in which the jailer came out best. The magistrate has declared that he will resign unless the jailer is dismissed.

A ROMANTIC WEDDING

A Hamilton Man Finds Long-Lost Daughter With "Gay Musician."

Hamilton, Jan. 11.—There was a romantic meeting in this city on Saturday. Many years ago George T. Canfield, well known in this city, separated from his wife, who took with her their 2-year-old daughter. On Saturday Canfield heard that a member of the chorus of "The Gay Musician," which was playing at the Grand, was visiting his wife's relatives in this city. He made inquiries at the New American Hotel, and as he descended the steps his daughter started up from the bottom. Father and daughter met half way on the stairs and the meeting was pathetic. They had a long talk together. The daughter later left with the operatic company.

LADY BERESFORD DEAD

Was Known for a Time as Dowager Duchess of Marlborough.

Dorking, England, Jan. 11.—Lady William Beresford, who was Lillian Warren Price, daughter of the late Commodore Price, U. S. N., of New York, died here today. She had been ill for some months past.

Lady Beresford's first husband was Louis Hammersly, of New York. After his death she married in 1888, the eighth Duke of Marlborough, who died in 1892. She was consequently known for a time as the Dowager Duchess of Marlborough. Her third husband was Lord William Leslie Beresford, who died in 1900.

BOARDS REAPPOINTED.

In Forty-One Ontario Districts the Present Commissioners Remain.

zette announces the reappointment of the present boards of license commissioners for 41 of the 102 license districts in the Province. The list is without change, the districts in which the personnel of the board will be altered are not yet dealt with. The only city in the present list is Hamilton. The unchanged districts are: Addington, Algoma, North Brant, North Bruce, Carleton Place, East Huron, Centre Grey, Haldimand, Hamilton, Halton, East Hastings, North Hastings, West Hastings, North Huron, South Huron, East Kent, South Lanark, Lennox, Manitowlin, Monck, Muskoka, North Norfolk, East and West Northumberland, East and West Peterborough, Port Arthur, Prescott, North Renfrew, the four Simcoes, Stormont, Sudbury, Temiskaming, East and West.

EXPRESS RATE PROBE

Companies' Counsel Say That Many Concessions Were Made.

Toronto, Jan. 11.—The railway commission took up the case of the express companies this morning when it was left off in Montreal last week with Chairman Mabey criticizing the companies with bad faith in raising their rates contrary to their promise while the matter was before him. This morning the ball was opened by Mr. Wallace Nesbitt, K. C., and counsel for the Canadian Express Company. He made a defense of the position of all the companies. Mr. Nesbitt complained bitterly of the action of the press in drawing the inference from the Montreal proceedings that the companies had deceived the commission. He declared that the commission expert, Mr. Hardwell, had wronged concessions from the express companies to which there had been many concessions in the new scale of classification. It had been submitted to the commission March, 1907, and the revised classification in May, 1908. Application for approval was made June following, and in July the commission suggested numerous changes. These transactions, he declared, showed that the commission had not been surprised, but had considered the whole matter carefully.

TO SUE POWER COMMISSION

Farmer Says Were Not Informed of Danger to Their Cattle.

Hamilton, Jan. 11.—Gideon Hodgkins, of Gainsboro Township, Lincoln County, has issued a writ against the hydro-electric power commission of Ontario, to set aside an agreement for the use of certain portions of his lands for the erection of the power line towers. He alleges that misrepresentation and the concealment of material facts were used to induce him to grant the lease. The plaintiff claims that he was told nothing by the commission as to danger to his live stock, because of the proximity of the steel towers. It is stated that fourteen other farmers intend issuing similar writs against the commission.

A REFORM DEPUTATION.

Toronto, Jan. 12.—A deputation, representing the Moral and Social Reform Association of Ontario, waited upon Sir James Whitney yesterday and urged increasing vigilance in the enforcement of the law in the Province in regard to liquor licenses and houses of prostitution. It particularly asked for special efforts in the unorganized districts. The deputation commended the manner in which the special officers of the Province were enforcing the liquor license law.

Referring to repeated reports that the situation in this way you will before long, accumulate enough to go into business for yourself and be your own boss. 3 1/2% interest on deposits of \$1 and upwards.

A LIFE SENTENCE.

Deham, Mass., Jan. 11.—A plea of guilty of murder in the second degree was entered by Dr. Walter Raleigh Amesbury when he was arraigned in the supreme court today on the charge of having murdered his wife. Judge Sherman sentenced him to life imprisonment.

Dr. Amesbury shot and killed his wife, Anna Vatteliver Amesbury, at her home in Hyde Park on Christmas Day, 1907, to which he had gone to take part in a family reunion. Domestic questions came up and the shooting followed. Dr. Amesbury was born in England, the son of a surgeon-general in the British army, and himself served for some time in both the army and navy of Great Britain.

Doctor Amazed Zam-Buk Cure

Sores on Scalp, Face, and Hands.

Children's Torture ended at last by Zam-Buk.

One of the greatest cures of Eczema and of open discharging sores ever effected, has just been worked by Zam-Buk, in the family of Mrs. J. Butler, of 5, Bannockburn Avenue, Montreal. She says:—

"Three of my children owe their cure of Eczema and foul discharging sores, which made their lives miserable, to the curative power of Zam-Buk."

My eldest daughter, Annie, first took the disease. It broke out on her face and scalp, causing nasty sores which discharged freely and gave off a very offensive odour. The disease was quickly transmitted to Herbert and Edith, and in their cases not only their heads, but their hands and faces were covered with sores and scaly places.

"I first tried various blood-purifying remedies, together with a highly recommended ointment and salve, but it did no good, so I then consulted a doctor. He treated the three children for some weeks applying all kinds of lotions and salves, but they did not seem powerful enough to get to the root of the disease. He next advised that the hair be all shaven off from the girls' heads in order to get down to the disease on the scalp, but as they each had such long hair I thought it a pity to cut it all off, and refused to comply with his request. He thereupon withdrew his services altogether. After that I bought first one kind of ointment and salve from the druggist and then another, but after using awhile, the result was the same—no benefit."

"I was now at a standstill not knowing what to do when my son Herbert got a supply of Zam-Buk. The result in his case was so clearly beneficial after using the contents of one box that I immediately sent to the druggist for more, and lost no time in applying this balm to the discharging sores on the girls' faces and scalp. It seemed to take immediate effect, for the next day the sores looked healthier, and there was not so much complaining."

"From that time on, day by day Zam-Buk clearly demonstrated its exceptional healing powers. The discharging sores kept drying up, and disappearing from both face and scalp, and the itching, pain, and soreness grew less and less, until ended altogether."

"In the course of six weeks from beginning with Zam-Buk the two girls were entirely cured of this eczema—not a spot or sore to be seen on either face or scalp, while Herbert's case not being so serious, Zam-Buk cured him in less than two weeks. The doctor and all who have known of the children's sufferings have been amazed at the wonderful cure which Zam-Buk effected in so short a time."

MOTHERS SHOULD KNOW.

"That the skin, once it is broken, is no longer a protection against disease and neglect to remember this fact is the reason why fevers, inflammation, discoloration, swellings, pruritus, flesh and even blood poisoning so often follow ordinary every-day sores. The great merit of Zam-Buk lies in its unique composition and its wonderful antiseptic quality. It immediately takes the soreness out of a wound, allays inflammation, destroys a virulent germ, and prevents festering. Zam-Buk will not only cure the most troublesome case of skin disease, but for cuts, bruises, burns, sprains, festering wounds, ulcers, pimples and sores, there is nothing to equal Zam-Buk. It is always reliable for the many minor diseases to which children are liable and should be kept always handy."

SOLD BY ALL STORES AND DRUGGISTS at 40c. box, 8 for \$1.25 or post free upon receipt of price by Zam-Buk Co., Toronto, Montreal, Windsor. Refuse dangerous substitutes and imitations sometimes offered as "just as good," etc.

Agricultural Savings & Loan Co.
100 DUNDAS STREET, LONDON, ONTARIO

A NEW U. S.-JAP JAR

Mikado's Editors Object to Proposed California Legislation.

Tokio, Jan. 12.—Following cablegram news from San Francisco relating to bills now pending before the California Legislature, Japanese newspapers today elaborate on the strained relations that might arise through the enactment of laws forbidding the ownership of land and the attendance at public schools by Japanese residents of California. A majority of the papers assume the passage of the bills as a probability, and protest against them as an injustice to the Japanese in California.

The Asahi, the Jiji and the Nichi Nichi express surprise at what is termed an evidence of unfriendliness toward the Japanese on Japan's part to prove her friendship towards the United States.

The extreme opposition papers assail the Japanese Government in round terms.

The Japanese statesmen have shown the greatest candour and desire the strongest censure for falling into the arms of a nation which at the first opportunity not only shows it unfriendly spirit but even denies equal opportunities to the Japanese.

Newspapers in English, representing the British and German interests, are also pointing out that America, while endeavoring to create an impression of friendliness toward Japan, in reality was unfriendly.

The situation is seriously embarrassing the Americans in Japan, especially as this incident follows so closely the creation of an excellent feeling through the visit of the Atlantic fleet, the American commission to the Japanese exposition and the excursion of business men from the Pacific coast of the United States.

The foreign office is endeavoring to convince the protesting newspapers that the action of the California Legislature does not represent general American sentiment, but the publications continue extremely pessimistic, and some of the editorials are likely temporarily to inflame popular opinion and seriously hamper the exercise of American influence in Japan for many years.

FAVORS BOARD OF CONTROL.

Hamilton Jan. 11.—Mayor McLaren, who was elected on the independent ticket, in his inaugural address to the new council today, declared himself in favor of a board of control, the appointment of a strong industrial committee, and a commissioner who will devote all his time to hunting for new industries. He also advocated, among other things, an underground conduit system to be owned by the city for all wires.

DR. JOHN EASTON DEAD.
Brookville, Jan. 11.—Dr. John Easton, one of the oldest medical practitioners of the Province, is dead. He was a graduate of McGill University and practiced his profession in Pres-

cott and Brockville since 1885 with the exception of one year spent in British Columbia. He stood high in the Masonic Order, being a Knight Templar and a 32nd degree man.

LOSES BOTH LEGS.

Montreal, Jan. 11.—Samuel Assaley, the Syrian peddler who shot and killed his brother and tried to murder his sister-in-law at Hawkesbury, on Dec. 28 last, had both his legs amputated yesterday at L'Original. Assaley spent five days and five nights without food or water, under a pile of wood in the shed adjoining the house where the deed was committed, and then dragged himself four miles along the road with both his legs frozen, only to be arrested on the train while on his way to Montreal. Assaley is not likely to recover from the operation.

T. AND N. O. SURPLUS.

Toronto, Jan. 11.—Estimates made one year ago of the surplus of the Temiskaming Railway for the year 1908 have been greatly exceeded, and a check for \$50,000 just forwarded to the Government is exactly to the excess. This brings the total paid over to the Province of \$250,000.

A check of \$15,000 was received by the department of mines from the Crown Reserve Mining Company, being the 10 per cent royalty due the Province from the shipments during the last three months of the year. The total for the year was over \$50,000.

"Its Only a Cold, A Trifling Cough."

Thousands have said this when they caught cold. Thousands have neglected to cure the cold. Thousands have filled a Consumptive grave through neglect. Never neglect a cough or cold. It can have but one result. It leaves the throat or lungs, or both, affected. Dr. Wood's Norway Pine Syrup is the medicine you need. It strikes at the very foundation of all throat or lung complaints, relieving or curing Coughs, Colds, Bronchitis, Asthma, Whooping Cough, Sore Throat, and preventing Pneumonia and Consumption.

It has stood the test for many years, and is now more generally used than ever. It contains all the lung healing virtues of the pine tree combined with Wild Cherry Bark and other potent remedies. It stimulates the weakened bronchial organs, allays irritation and subdues inflammation, soothes and heals the irritated parts, loosens the phlegm and mucous, and aids nature to easily dislodge the morbid accumulations. Don't be lured into accepting an imitation of Dr. Wood's Norway Pine Syrup. It is put up in a yellow wrapper, three pine trees the trade mark, and price 25 cents.

"Mrs. J. Brewster, Graston, N.S., writes:—'Two winters ago I suffered severely with a very bad cold and asthma. I was so bad I could not get my breath, and every action brought I would choke. My husband became very much frightened, and got me a bottle of Dr. Wood's Norway Pine Syrup and it gave me almost instant relief. I can recommend it to anyone having the least kind of a cold.'"

Hard to Learn

COFFEE knocked Dorando out twice, once in London at the Marathon race and again in New York. Read the doctor's report:

From the New York World, Dec. 18, 1908.

DORANDO'S HEART IN BAD SHAPE AFTER RACE, SAYS DOCTOR

By Dr. Jos. Creamer.

"I examined Dorando immediately after he was carried from the track. His heart was in bad shape and he was in a state of total collapse. In my opinion, the condition of his heart was due partly to overstimulation. His handlers gave him stuff from a bottle which they said was coffee. Even coffee taken in such quantities would be likely to affect his stomach and cause his collapse. There wasn't a bruise on him to show that the fall did any damage."

It has been a part of our mission to explain to people that the drug, caffeine, in coffee

seriously affects the stomach, heart and nerves of some people (a good many).

If you want health and the power to do things and win in the race for any kind of supremacy you better trim off the handicaps—and coffee is one.

It is joy of the keenest sort to be entirely well.

Try it.

Quit coffee ten days and use well-made POSTUM, which goes straightaway to work rebuilding broken-down nerve centres.

"There's a Reason"

You can prove it in your own case.

POSTUM

Made at the Pure Food Factories of the Postum Cereal Co., Ltd., Battle Creek, Mich.

All Latest Sporting News and Gossip

London Intermediates Lose at Simcoe Defeated by 9 to 4 in a Fast Game

Show Good Form in Flashes, But Lacking in Shooting Ability.

[By Our Own Man.]

Simcoe, Jan. 11.—The London Intermediates with the best will in the world found themselves unable to hold Platt, Rucker and company tonight and the full time score stood 9-4 in favor of Simcoe. The rink was crowded to its capacity, and the ice was good. London arrived by a special train, bringing with them about 150 rooters, who manifestly shouted themselves into a state of excitement in the interests of the team. The game was very fast and fairly clean, though in the last half there was a tendency towards heavy checking and tripping, which put several players on the fence.

Bernhardt played his usual good game. He is one of the hardest and most effective workers in the team, and shares with Abram the honors of being the best check back on the team. He played his difficult position well, but he is weak in shooting. Abram did great work; as did Jimmy Orr, who did a large part of the effective shooting. "Crow" Carrothers was probably the most effective man for London last night, and his great rushes were responsible for several goals, and several more attempts that looked remarkably like goals. Youngs, who took Wagner's place at left wing, faced Oaten, about the heaviest man in the Simcoe team to check, and played a very fair game considering it was the first time in the game this year. He could not hold Oaten's pace and the latter succeeded a number of times in getting away for dangerous rushes. He was inclined to be too slow in shooting, and too slow in what looked like an easy goal. In the second half he picked up wonderfully, and showed fine form.

Casselman Watched. Kenny Casselman has unfortunately a reputation, and it was practically impossible for him to break loose whenever he would get the puck. There were three men checking him, thus making those spectacular rushes which are Kenny's specialty practically an impossibility. Pearson in goal, let in some rather easy shots in the early part of the game, but in the second half saved time and time again with Simcoe shooting from all angles, and Simcoe can shoot and shoot hard, and despite Casselman's efforts the Simcoe combination got behind the defense, and it was only Pearson's work that saved the score being more than doubled.

Locals Can't Shoot. The fault of London is only too evidently their inability to shoot, while in last night's game there was rather too much lone rushing and too little combination, and Rucker and Thompson are not men easily to be fooled by this kind of play. There were bursts of fine combination, but on the whole the line did not work together as they are wont to do.

Handicapped by Rink. The fact that the Simcoe rink is about twelve feet narrower than the Princess, of course handicapped the players greatly, as they could not judge the passing very well, and had much to do with the ragged combination.

Simcoe's Fine Team. As for Simcoe, it is only giving the devil his due to say that they deserved to win. They have got a great team that works together like clockwork, and time after time the line would come down with a four-man rush. They knew the rink and its possibilities and so made few mistakes. For Simcoe Platt and Rucker starred, Rucker scoring several of the goals through a straight field. Oaten, too, was a very dangerous man, while Andrews had a wicked shot from the left. Jay Thompson did not show up particularly in the offensive work, though he was very much there on the defense, and more than once alighted London's hopes.

Opens Fast. The opening five minutes of play was lightning fast from end to end, with little to choose between the teams. Casselman gets off for a great rush through the whole team, but shoots wide. The play returns to London territory, till Jimmy Orr gets away with the rubber again, but could not score. Platt goes off for throwing the puck near London goal. Carrothers retrieves twice in quick succession for very dangerous looking situations. Abram and Orr make a nice rush, but are stopped by Rucker. Bernhardt breaks loose and makes one of his zig-zag rushes, getting inside Simcoe's defense and passes to Jimmy Orr, who makes the first tally for London amid wild enthusiasm on the part of the London rooters. Platt and Andrews soon eye him up, and Andrews shooting hard from the side, and getting past Pearson in more or less of a duke shot.

Thompson makes a great rush and clears the whole London team, but Pearson makes a sensational stop. The play is inclined to be ragged, with little effective combination. Bernhardt and Abram make several attempts to get away, but these are ineffectual. Youngs and Casselman try one that looks more promising, but fails to score. One of the lights over the London goal gave out, and Simcoe scores in the semi-darkness, which does not give Pearson a chance to save.

Youngs gets through the defence on a great rush, but shoots wide, missing a good opportunity. Simcoe takes up the tale again, and Andrews adds another to the score. A few minutes later Platt also gets inspired with the same notion and gets through Pearson for Simcoe's fourth goal.

Carrothers and Orr get away, shooting dead on, but Pym makes a nice stop, saving the goal. Orr and Bernhardt do some nice work around Simcoe's goal, but the defence is too strong for them. Carrothers and Casselman save some very dangerous situations, but Casselman is unable to get away.

Carrothers breaks loose at last, for what seemed a sure goal, and there is close work around the Simcoe territory. Pym lies down in his goal, saving a score and is put off for a minute. Youngs gets away for a nice rush and passes to Carrothers in front of goal, "Crow" doing the trick for London.

The Second Half. Shortly after the opening of the second half, Oaten gathers a pass in front of London's goal and scores again. Within less than a minute Andrews scores again. Carrothers breaks away from the Simcoe forwards, but has no support and cannot elude the defence.

Oaten gets away from Youngs, and by a clever zigzag rush draws the defence out, and takes his time to score. As Pearson rushes out to stop the puck, Bernhardt clears from the field, and scores on a lone rush. London is pressing hard, but are inclined to shoot wide. Rucker comes down for one of his sensational rushes, passing to Andrews, he clears the defence, and Andrews return the puck, Rucker scoring. Poor clearing of the London defence gives Simcoe another chance within a few minutes, and Andrews tallies the last score for Simcoe. Youngs gets a good chance, but takes too long to shoot and the shot is spoiled. Platt and Andrews and Oaten keep up a continual fusillade on Pearson, but he is in fine form, and gathers in everything that comes in his direction. Casselman makes one of his sensational rushes, getting through the whole team, but makes a wild shot, with nothing but the goal man before him.

Orr and Youngs go through, but Orr shoots wide, with five minutes to play. Casselman goes down again and passes to Bernhardt, who scores. There is some fast work, Carrothers especially distinguishing himself, but the game clothes without either scoring.

Final score: Simcoe 9, London 4. The teams: London. Goal, Simcoe. Pearson. Cover, Rucker. Carrothers. Cover, Thompson. Abram. Rover, Cratt. Bernhardt. Centre, Platt. Youngs. Left, Andrews. Orr. Right, Oaten.

JEFF WILL FIGHT When Johnson Steps on the Tail of His Collie Pup.

Los Angeles, Jan. 12.—"The only way Johnson could get a fight with me would be for him to step on the tail of this little collie pup," said Jim Jeffries this afternoon to a crowd of sporting writers here to watch the champion train for his theatrical engagement.

"If he should hurt this pet of mine, you would see the quickest and best heavyweight fight ever paid off. The big champion laughed as he coddled his pet. Then seriously, "I mean every word I say when I repeat for the thousandth time that I shall not return to the professional prize ring. That ought to be enough."

Right here I want to say a word or two in favor of Marvin Hart, the big Kentuckian has been made the butt of the sporting writers' jokes from the Atlantic to the Pacific. Probably there are good reasons for Hart's claims being derided, but I am willing to go on record as being of the belief that Hart will give Johnson a stubborn fight, if they ever meet.

"Marvin is credited with a twenty-round victory over Johnson three years ago at San Francisco. This fact alone entitles Hart to the talk of a return match that he has been making. Some people figure that Hart's only idea in this connection is to land the loser's end of the money. I think differently, however. I sincerely believe that Hart would prove a troublesome adversary for Johnson."

CURLING AT SARNIA Schedule for the Inter-Rink Play for This Week.

Sarnia, Jan. 12.—The following inter-rink curling games are on the schedule for play at St. Andrew's Rink:

Tuesday Afternoon. A. J. Johnson vs. J. McGibbon. A. S. Burnham vs. D. C. McGibbon.

Tuesday Evening. H. Johnston vs. A. Laschinger. J. Newton vs. D. McGibbon. Dr. Hayes vs. R. W. Fawcett. C. Mackenzie vs. W. J. Ryder. W. Nickel vs. P. Clark.

Wednesday Afternoon. Dr. Hayes vs. A. J. Chester. Dr. Hayes vs. W. J. Giechist. J. J. Broderick vs. Dr. Logie. Dan, McGibbon vs. J. A. Farquharson. A. D. McLean vs. R. W. Fawcett.

Pro. and Amateur Hockey Results

Ingersoll, Jan. 11.—Ingersoll defeated Paris here today in O. H. A. intermediate series. The final score was 5 to 1. A stubborn struggle was witnessed in the second half and Ingersoll's first goal was scored by Gregory a few seconds before the call of time. The line up:

Ingersoll—Goal, Cross; point, Bearss; cover, Hay; centre, Gregory; rover, Woolson; left, Kelley; right, Mason. Paris—Goal, Herriott; point, Peebles; cover, Coleman; centre, Gill; rover, Fraser; left, Boyce; right, Meggs.

Referee—Hancock, Toronto. Listowel, Jan. 11.—In a scheduled game in the Northern League, the home team defeated Palmerston by 9 goals to 3. The half-time score was 4 to 1 in favor of Listowel. The teams lined up as follows:

Listowel—Goal, Yule; point, Roose; cover, L. Thompson; rover, Haddo; left, Hay; right, Bricker; centre, S. Thompson.

Palmerston—Goal, Weston; point, Lawrence; cover, Burrows; rover, Bort; left, Brown; right, Haddock; centre, Saller.

Referee—B. Stott, Palmerston. Galt, Jan. 11.—The professional hockey match played here tonight between Galt and St. Catharines resulted in favor of Galt by a score of ten to four.

Guelph, Jan. 11.—The Guelph pros. were defeated by Berlin 8 to 3. Guelph tallied on a rush by Manson, another goal for Berlin ended the first half with a score of 4 to 1.

Only two goals were scored by the locals in the last half to four by the visitors. Guelph's forwards were fast, but as in the league, they were not night, their defence was very weak. "Road" Edmunds, Berlin's new centre from Stratford, was a star forward for them. Service also played a very fast game.

There were numerous penalties, the locals being the principal offenders. It is evident that Guelph must strengthen up her defence materially if the Royal City is to make any showing at all in the league. The teams: Guelph (3)—Goal, Booth; point, Sanford; cover, Black; rover, Manson; centre, Mercer; right, Rowden; left, Doherty.

Berlin (8)—Goal, Lehman; point, Corbett; cover, R. Young; rover, Seibert; centre, Edmunds; right, Dumart; left, Service.

Referee—Fraser, Galt. Brantford, Jan. 11.—By a score of 9 to 6 Brantford defeated Toronto in a Professional Hockey League game before 2,500 people in the local rink tonight.

The lineup: Brantford—Goal, Meade; point, Poole; cover, Macdonald; rover, Miller; centre, T. Smith; left, Throp; right, Marks.

Toronto—Goal, Tyner; point, Corbeau; cover, Roman; rover, Birmingham; centre, Lalonde; right, Kerr; left, Redpath.

Referee—Pete Layden, Park.

M. DONLIN WILL RETURN TO GIANTS

Chicago, Jan. 12.—The spirits of the Cub fans dropped with the temperature this morning when Mike Donlin, the Giants' great outfielder and slugger, announced that he was leaving nothing in the talk that he would not join New York next year.

Donlin says he has not signed a contract yet, but it is a safe bet that he will be in the outfield when the Giants line up for their first game. When he left New York, Mike said he told McGraw what he expected in a salary way, and McGraw has taken the matter up with Brush.

DORANDO DEFEATS PERCY SMALLWOOD

St. Louis, Mo., Jan. 12.—The first professional Marathon race ever held here was run here last night by Dorando, Pietri and Percy Smallwood. The latter had done most of his training for the contest in this city, and had numerous friends to cheer him in the struggle.

The runners got away at 9 o'clock, and Smallwood started in the lead and kept it by a yard for the first mile, when he appeared to grow a bit lame, and at the end of the fifth mile Dorando had an easy lead of two and a half laps. The time was 28:41.

Dorando was a mile and four laps ahead of Smallwood at the end of the tenth mile. Time, 59:29. Smallwood, according to his manager, was then suffering a severe pain in his left leg. At the end of the fifteenth mile Dorando was four miles ahead of Smallwood, whose left leg was bandaged during the running. Smallwood at times was just able to walk around the track. Time, 1:26:30.

Smallwood quite before finishing. He said his leg pained him very much from the fourth mile on.

After Smallwood quit, Dorando began a sprint, endeavoring to break the world's record for the Marathon race. He finished the 26th mile in 2:03:30.

LONDON JUNIORS LOSE TO MIDGETS

Locals Defeated at Stratford by Score of Fifteen to Five.

Stratford, Jan. 11.—The O. H. A. junior game here tonight resulted in a defeat for London by the score of 15 to 5. Although the score would not indicate it, the contest was a fast one.

The morning London had slightly the better of the play. Munroe notched a goal after three minutes' play, and then the Midgets scored three goals in rapid succession. They added three more before Leckie broke away, and in a pretty lone rush tallied London's second goal.

Swansea 10, Llandely 6. Stratford, Producers came back and added another for the visitors on an easy shot, which rolled over Dillon's foot. The locals scored twice before the end of the period, the half time score being 9 to 3.

With the score 12 to 3 against them, Munroe netted four as the result of a combined rush with Leckie and McColl. The locals added three before the finish, Leckie concluding the scoring with a goal following a long individual rush.

Parkinson in goal was the bright and shining light for the Londoners. Producers and Leckie were the star performers on the forward division. McColl was in the line frequently with end to end rushes.

The game was comparatively free from roughness, scarce half a dozen penalties being imposed by Referee Wettlaufer, of Berlin. It was marked by hard and close checking, both teams using their weight to advantage whenever the opportunity offered. The following was the lineup:

Dillon.....Goal.....Parkinson
Richards.....Point.....McColl
Preston.....Rover.....Fetterly
Barnes.....Centre.....Munroe
Rankin.....Rover.....Producers
Bradshaw.....Right.....Collins
Simson.....Left.....Leckie
Referee—Wettlaufer.

OLD COUNTRY FOOTBALL RESULTS

London, Jan. 12.—The results of Saturday's games in the British Soccer League were as follows, the name of the home team being given first in each instance.

PRIZE MATCHES—FIRST DIVISION. Newcastle United 3, Woolwich Arsenal 1. Notts County 1, Sheffield Wednesday 0. Bristol City 1, Leicester Fosse 1. Preston North End 3, Everton 3. Middlesbrough 2, Manchester United 0. Manchester City 4, Bradford City 3. Liverpool 1, Blackburn Rovers 1. Nottwich City 0, Sunderland 2. Aston Villa 1, Notts Forest 2.

THE LEAGUE—SECOND DIVISION. Barnsley 1, Tottenham Hotspurs 1. Burnley 5, Stockport 1. Nottwich City 2, Derby County 0. Fulham 2, West Bromwich Albion 0. Grimsborough Trinity 2, Bolton Wanderers 1. Town 0, Birmingham 3. Hull City 4, Leeds City 1. Oldham Athletic 3, Blackpool 1. Northampton Wanderers 3, Chester Town 0.

STANDING. G. W. L. D. Bolton Wanderers 23 15 3 3. Tottenham Hotspurs 22 12 5 5. Newcastle United 21 14 7 0. Birmingham 20 11 7 2. Notts County 19 12 6 1. Preston North End 19 10 6 3. Middlesbrough 18 8 6 6. Nottwich City 18 8 6 6. Woolwich Arsenal 18 7 11 4. Sheffield United 18 7 11 4. Chelsea 18 7 11 4. Notts Forest 18 7 11 4. Burnley 18 7 11 4. Leicester Fosse 18 7 11 4. Bradford City 18 7 11 4. Nottwich City 18 7 11 4. Aston Villa 18 7 11 4.

SOUTHERN LEAGUE. Crystal Palace 2, West Ham United 2. Brighton and Hove 1, Plymouth Argyle 1. Brentford 0, Leyton 0. Exeter 1, Watford 0. Swindon 5, Reading 1. Portsmouth 1, Norwich 1. Brighton 2, Bristol Rovers 0. New Brompton 0, Coventry 1. Millwall 2, Southend 1.

STANDING. G. W. L. D. Northampton 22 15 4 3. Southampton 22 12 7 3. Crystal Palace 21 10 7 8. Brighton and Hove 21 10 7 8. Bristol Rovers 21 11 6 4. Swindon 21 11 8 4. Millwall 21 11 9 3. Leyton 21 11 9 3. Portsmouth 21 11 9 3. Exeter 21 11 9 3. Watford 21 11 9 3. West Ham United 21 11 9 3. Brighton and Hove 21 11 9 3. Plymouth Argyle 21 11 9 3. Brentford 21 11 9 3. Southend 21 11 9 3. Coventry City 21 11 9 3.

SCOTTISH LEAGUE. Partick Thistle 4, Aberdeen 0. Ardrossians 1, Clyde 2. Dundee 4, Rangers 0. Celtic 1, Hearts 1. Partick Thistle 1, Celtic 1. Hamilton Academy 1, Queen's Park 1. Hibernians 2, Kilmarnock 1.

COVERPOINT'S PHILOSOPHY

Ralph Rose, the big person dwelling in California and elsewhere when the amateur athletic game is good, is out with a challenge for J. Johnson. It will be remembered that Mr. Rose had pugilistic ambitions not so long since, and an amateur boxer got the big mitt in the same ring with him, and filled his young life so full of boxing gloves that Ralph did not look the same for some time. J. Johnson could beat him to a pulp with both feet anchored, and his right hand paralyzed.

Pat Powers may think that handling the Eastern League is some trouble, and also that the six-day bike races are somewhat of a worry, but when he gets through with T. Longboat, every dollar he got out of the redskin will be engraved indelibly on his memory.

RUGBY. Cumberland 4, Durham 3. Gloucestershire 14, Cornwall 6. Bristol 10, Tredegar 8. Watsonians 14, Glasgow Academy 6. Swansea 6, Llandely 6. Leicester 8, Bedford 5. Devonport 6, Newport 6. Cardiff 22, Moseley 6.

PROFESSIONAL. Australians 9, England 5. Australians 7, Wigan 10.

FLYNN AND PAPKE TO BATTLE NEXT MONTH

Los Angeles, Jan. 12.—James Flynn, Colorado, and Bill Papke, Milwaukee, have been matched for a ten round battle to take place in February before the Pacific Athletic Club. The date has not been settled.

BYRCE AND ROOT SIGN TREATY

All Sorts of International Friction Is Done Away With.

Washington, Jan. 12.—After a long period of hard, patient work, some features of which ran into years, United States Secretary of State Root and Ambassador James Bryce of Great Britain have signed a treaty for the settlement of international differences between Canada and the United States. The signatures were attached to the instrument at the home of Secretary Root at 8 o'clock last night.

This is the agreement which has been popularly alluded to as the "waterways treaty," but its scope is broader than that designated implies, as it contemplates a disposition of everything in the nature of differences between the two countries, and machinery for questions that may arise along certain lines in the future. Provision is made for a joint high commission to be made permanent in character.

The final draft and printing of the treaty was not finished until yesterday, almost at the last moment a whole page having to be reprinted because of a slight alteration in the text.

Numerous Questions. Dependent upon the final ratification of the treaty rests the settlement of numerous complex questions connected with the water boundaries which have been the source of more or less annoyance at different times. Included in these are the regulations of the use of the waters of the great lakes, with the secondary, but none the less important question of the diversion of the waters of these boundaries, including Niagara Falls, which will be continued by the treaty.

The final draft and printing of the treaty was not finished until yesterday, almost at the last moment a whole page having to be reprinted because of a slight alteration in the text.

To some extent the operations of the treaty will supersede the work of the international waterways commission, made up of representatives of the United States and Canada, whose duty it is to settle and re-establishment of the location of that portion of the international boundary between the United States and Canada passing through the great lakes. That feature of its work, however, will be continued by the treaty, its other portion gradually being absorbed by the joint high commission to be appointed in accordance with the treaty signed tonight.

Although no official statement is obtainable it is the understanding that the contracting powers have agreed upon a line of principles which are to guide the commission in its work, leaving to them the interpretation of these principles as applicable to the questions that may require settlement immediately, and for those that may arise from time to time. This takes from the joint high commission any functions of a treaty-making body and confines its duties simply to that of determining to what extent principles already laid down shall be applicable in any particular case.

The treaty is regarded as one of great importance, and the hope is expressed that its effective operation will result in permanently putting an end to the difference between the United States and its neighbors on the north.

BOWLING Games are now on in earnest. This season promises some of the best of them.

PRIZES are offered every week for high scores at both five and ten-pin games.

Ideal Bowling Alleys GRAHAM & MARTELL, Proprietors, 195 KING STREET.

City and District

A Popular Officer.

The Military Gazette just issued contains the announcement that J. D. Balfour, the popular captain of the First Hussars in this city, has been appointed major.

Coal Trade Matters.

Mr. Wm. Heaman, of this city, left yesterday for Ottawa, where with other members of the coal merchants' committee, he will take up various questions affecting the coal trade with the government commission.

Passed the Examinations.

The results of the preliminary examinations for entrance to the civil service show that the following Londoners were successful in passing: Raymond Woollett, Fred W. Field, Frank G. Copp, Walter Bigg, O. Elson, Albert B. Callahan, Wm. A. Spry, R. F. Bowen, O. L. Deacon, W. Beamish, F. E. Davis and W. P. Flynn.

Kerwood Resident Dead.

One of the oldest and best-known residents of Kerwood died in Victoria Hospital this morning after a long illness, in the person of Mr. John Morgan. Mr. Morgan was 76 years old. Mr. Truman Morgan, of the Medical School, is a son, and the late Mrs. J. W. Cameron, wife of Mr. J. W. Cameron, mayor of Strathroy, was a daughter. The funeral arrangements have not yet been completed.

Coldstream Institute.

The Coldstream branch of the Women's Institute will meet at the Friends' Meeting House, on Wednesday, Jan. 13, at 1:30 o'clock in the afternoon. The lady delegate, Mrs. Ashly, of London, will give an address on "The Responsibility of Mothers to Daughters, and Vice-Versa." Roll-call will be responded to by Sen-

timents on the new year. There will be a joint meeting of the Farmers' and Women's Institutes in the evening in the town hall, and Mrs. Ashly will again give an address on "The Needs of the Twentieth Century." All are cordially invited to attend both of these meetings.

Good Fishing at the Port.

Only three of the tugs of the whole Port Stanley fishing fleet are left up, the remainder of them are fishing, securing good catches. One boat brought in three tons on Sunday.

Inspecting System.

Mr. H. H. Adams, of St. Thomas, superintendent of the Michigan Central, was in the city yesterday making an inspection of the local system.

A Former Londoner.

The Pasadena Star, dated California, Jan. 6, contains the following item: Canadians of Los Angeles County gathered last evening in McKinley Hall, Los Angeles, at a social and dance given by the Canadian Club of that city, among those present being a big delegation of Pasadena people. Rev. E. L. Howe was chairman of the meeting, and an excellent program was given, including songs by Miss Jessie Logan, Mrs. Hyde and George Logan, and a piano selection by Miss Ada Street. Addresses were delivered by the British consul, C. White Mortimer, Dr. W. S. Philip and A. W. Warratt, of Pasadena, who compared the divergent pleasures of life in his birthplace, London, Canada, and the home of his adoption, Pasadena. A violin solo by S. M. Hanna and a recitation by Miss Fitzgerald, closed the programme, after which dancing was enjoyed until a late hour.

SALT WATER SOAKED.

The T. E. Mara Company completed the purchase this morning of a shipment of high-class dress goods, consigned to Robinson, Little & Co., wholesale drygoods, London, which were forwarded to them from a large manufacturer in Paris, France. The dress goods arrived here in a badly water-soaked condition, on account of the rough passage of the steamship Pretoria to Halifax. The entire shipment, which was worth a lot of money, has been bought by us for a very small amount, and all will be sold on Wednesday morning at 10 o'clock at 15 cents a yard.

Baggage delivered to any part of the city. Hueston's Livery.

First-Aid Men

HELD A CONCERT

Benefit Last Night for St. John's Ambulance Association.

A concert in aid of Forest City, No. 1 Division of the St. John Ambulance Association, was held in the city hall last evening, and proved very successful.

The programme was well received by the large audience, all numbers being loudly applauded. The second part was particularly fine, Masters Adair and Selby, Messrs. Fowler and Cook, and Messrs. Hewer and Rigby, each receiving encores.

Mayor Stevely presided, and in the opening address, spoke of the local division, which is the first in Canada, and stating that the move was worthy of the hearty support of the citizens.

Arrangements had been made to have Hon. Adam Beck act as chairman, but as he was called to Toronto yesterday afternoon on important business, he found it impossible to do so.

Miss Alma Gillies acted as accompanist in a capable manner. The following was the programme:

Part No. 1.

Chairman's Address.

Solo—"Go to Sea".....Trotter

Reading—Selected.....Mr. V. L. Hewer.

Solo—"Kissing".....Miss Cook.

Duet—"Kissing" in characters.....Eber

Masters Adair and Selby.

Selections on Banjo and Mandolin.....Mr. Rigby.

Solo—"The Gipsies".....Miss Forester.

Reading—"Mrs. McDuffey on Baseball".....Miss Sanborn.

Duet—"School Girls' Dilemma".....Martha

Masters Adair and Selby.

Solo—"Song of the Bow".....Mr. Webster.

Solo—"Frühlingsrauschen".....Sliding

Miss Vera A. Chalmers.

Allow Consumptives in Hospital

Provincial Health Officers Approve

Say There Would Be Absolutely No Danger of Contagion.

A very important conference was held yesterday afternoon when Dr. Hodgetts, provincial health officer, Dr. John A. Amyot, director of the laboratory of the Provincial Board of Health, and Dr. R. W. Bruce-Smith, inspector of hospitals and charities, met several members of the hospital trust and other physicians regarding the proposed tuberculosis hospital in London.

They were interviewed by The Advertiser yesterday afternoon, and gave some very interesting information regarding the treatment of consumption.

All three emphatically stated that for economic reasons, the upper section of the present isolation ward in the old hospital should be set apart for incurable cases of tuberculosis. They pointed out that there was absolutely no danger whatever.

Tuberculosis.

"There are two distinct types of tuberculosis, the incipient cases and the advanced cases," said Dr. Hodgetts. "The first must be treated in a sanatorium, situated near the city, perhaps, but on as high altitude as possible. Several municipalities or countries might use in making this a sanatorium for all such cases in that district. That is being done in the eastern part of the province. Then the advanced cases should go to the hospital—Victoria Hospital, in the upper part of the present isolation ward. No danger should be created to make it proper for the care of such patients. There is no danger of contagion."

"Both the sanatorium and the incurable ward should be under the direction of a medical superintendent. He could hold office in the city three times a week on the disease, and the medical students would be taught some valuable lessons regarding the proper care and prevention of this disease."

Diagnose Cases.

"Of course, there should be qualified nurses, who would look after the patients properly. I would suggest also that the ward at the hospital be a detention ward, where the cases could be diagnosed properly. If they were incipient cases they could go to the sanatorium, and if they were incurable they could remain in the hospital. I would also suggest the employment of visiting nurses in connection with the dispensary. They would prove invaluable in giving information as to the prevention and cure of this disease, and in other ways would do much good."

Up to the Physicians.

"There should also be a compulsory notification of every case of tuberculosis in the city by the medical man in charge just as there is in smallpox. The houses should be thoroughly disinfected, and every effort made to prevent a further spread of the disease."

"The ignorant consumptive is the cause of great danger to the public. The consumptive who knows how to take care of himself is no danger at all. It is the ignorant consumptive who spits everywhere, and contaminates others with the sputum that spreads the disease."

"The method outlined by the committee in London is the ideal way, as it combines charity organization, the council and the Legislature, affording the minimum cost to all."

Wipe Out the Disease.

"With a good man in charge it would not be long until the disease was brought within bounds, and the expenditure decreased. The disease can be prevented and can be blotted out."

"There are objections to a hospital in the city, but there can be no danger. The Phipps Institute, the largest

of its kind in America, is in the centre of Philadelphia, and no contagion ever comes from that place. It is rarely indeed that a physician or nurse is affected."

Dr. Amyot agreed to the above statement of facts, and declared that there was no reason in the world why the upper flat of the present isolation ward could not be used for consumptive patients.

Dr. Bruce-Smith.

Dr. R. W. Bruce-Smith gave the following statement, bearing on the subject:

"I consider the whole hospital plant now one of the most complete and best equipped in Ontario. The recent completion of the new buildings for the isolated care and treatment of patients suffering from diphtheria and scarlet fever, the erection of a new laundry, and the conversion of the old building into a maternity department, and an out-patients' department, brings Victoria Hospital up to a standard of which the city of London has reason to be proud."

"The prediction may be safely made that inside of five years the people of London will most thoroughly appreciate the fact that the expenditure to improve their hospital accommodation was wisely and prudently made. Some may say that more accommodation was provided for contagious and infectious diseases than was needed. That may seem so at present, but the experience of Brantford and many other places in Ontario is that it is most fortunate to be deficient in hospital accommodation when an epidemic arises."

Use Upper Flat.

"It is highly satisfactory to learn that a health association similar to that at Hamilton is being organized, for the care and treatment of acute cases of tuberculosis. It is most important that the movement should be encouraged. What has been done at Hamilton can be equally well done at London."

"I purpose suggesting, however, to the Victoria Hospital trust that the upper flat of the building now occupied as isolation wards for contagious diseases should be fitted up for the care of chronic tubercular cases. It is not necessary to dwell upon the absolute necessity of caring for the chronic cases. By adding verandas to the building it can be readily made, and without much expenditure, very suitable for the comfort and treatment of the cases, which are not suitable for the outside sanatorium reserved for the more recent cases."

"I do not consider that placing the chronic cases in the upper flat of the building I have mentioned would be at all a menace to patients in other parts of the hospital. They would be kept separate and distinct."

"In my judgment too much has been said to frighten the public in regard to the contagiousness of the disease. It is highly important to segregate the chronic cases, and this, I consider, can be done here without any detrimental effect. In the town of Gravenhurst, or the district of Muskoka, no case of consumption can be traced to the sanatorium's presence there."

Decreases Deaths.

"The German statistics clearly show that in every town or village in which a sanatorium has been erected for the treatment of pulmonary tuberculosis the number of deaths from consumption has lessened. This is due to the fact that such institutions teach people how to live and how to care for patients who have the disease. Educating the consumptive how to care for himself and protect his associates, is absolutely necessary."

"And after all, what is to be aimed at, is to teach people that tuberculosis is a disease arising from insanitary conditions, and is easily preventable. As soon as the gospel of right living, with an abundance of pure air is understood, the disease will be eliminated and its present ravages checked. Let London finish the good work it has commenced."

Solo—"The Holy City".....Adams

Master Selby.

Part No. II.

Solo—"Johnnie Rankin".....Mather

Masters Adair and Selby.

Reading—"Betty Hawkins Goes to the City".....Miss Selby.

Solo—"Neath the Rolling Tide".....Jude

LABOR CONCERT

PROVED SUCCESS

Excellent Talent Rendered Programme To Help Unemployed.

The benefit concert given in Bennett's Theatre last night in aid of the unemployed proved to be a most attractive musical entertainment, and the large audience present thoroughly enjoyed the somewhat varied programme. The stars of the evening were without any doubt Mr. Maurice Pouré and Miss Jean Robb. Mr. Pouré's selections were most artistically rendered, and he won deserved applause. Miss Robb's readings were given in her usual excellent style, and she, too, won for herself the applause of all present.

The programme was as follows:

Overture.....Bennett's Orchestra

Division A. O. G. Giger.

Partone Solo.....E. A. Webster

Scottish Dance.....Bella and Victor Riddle

Carmena Waltz Song.....Miss Mina Taylor

Rondo Capriccioso.....Saint-Saens

Maurice Pouré.

Reading.....Miss Jean Robb

Scene and Aria from "Der Freischütz"
