Notwithstanding his very that it is chiefly through prayer; by high office, His Lordship is ever ready to assist in any work, which worship and adore God, to acknowhigh office, His Lordship is ever ready to assist in any work, which he thinks may be a benefit to his people. On Sunday morning he officiated at two masses—the first at 9 o'clock and the second at 10.30 o'clock. After the second mass he delivered a sermon about as follows, in a very able manner, taking for his text the Gospel of the Day, and saying: "My dear brethren, in this Gospel our Lord proposes to us two persons, of altogether different charpersons, of altogether different characters, going up to the Temple to of- warfare. Our Lord in this parable teaches is not one of us but needs to pray. Why? Because we are still all anxious to obtain Heaven. God created us for Heaven. Christ offered his life upon the cross to open Heaven for us. He purchased for us a right to the Kingdom of Heaven, and that right is imparted to us by grace tions, to overcome the defects of grace flowing from the merits of Jesus Christ. How are we to obtain this grace, whereby our souls is saved." But it should be the proper tain this grace, whereby our souls is saved." But it should be the proper to the proper tain this grace, whereby our souls is saved. The proper to the proper t are fortified, whereby we are strengthened to resist temptations, and overcome evil? We are enabled to do only by grace, and grace is given to us chiefly when we pray, when we acknowledge our dependence upon Almighty God. If God gave us graces in abundance, without our knowledge and our dependence upon Him, then we might imagine that God was their faults, as if Almighty God did obliged to save our souls, without not know them already. God does not wish us to compare ourselves with others, and if we are not as bad as this or that one, let, us not say that we God will are better than they. God will judge us according to His own law, and not according to the faults or vices of our neighbor. Our neighbor will have to answer for his own sins, for his transgressions of the law, and we will have to answer for our own sins. Let us pray, looking at our own faults, and not like the proud Pharasee, looking at our neighbor's faults. When coming to pray we must have the proper dispositions. if we wish God to forgive and hear our prayers. Do we always give proper attention when we are offering our prayers? Sometimes yes, sometimes no. How often do we think of our business or of our neighbors, when we are praying? That is not prayer. Prayer is the raising of our thoughts and feelings to God, to Whom we are speaking. Let us rather say few prayers with more attention than many without recollection. Some times you hear people say, "I prayed for a special request, and my pray-ers were not heard, when God does grant those prayers, I do not that there is any use in my praying any more." Very frequently do we hear such utterances. Now, my dear brethren, such persons have not CONGESTEMPERANCES | dear brethren, such persons have not the proper knowledge of their faith. Abbey of Ypres

Ottawa, 12th Aug., 1904.

The reception of Mrs. John Redmond's niece, Miss Dora Howard, at the Irish Benedictine Abbey of Ypres, in Belgium, conjures up memories of that time-honored convent, founded in 1612, which, eighty years later, proved a peaceful home for many of Ireland's fair daughters, whether nuns or boarders. Indeed, from 1692 to 1840 the Abbey was almost wholly Irish, and it was ruled by a long line of Irish Abbesses from 1700 to In the "Calendar of the Stuart Papers," recently issued by the Historical MSS. Commission, are numerous allusions to the Abbey of Ypres. Queen Mary writes on July 31st, 1697, thanking the Bishop of Ypres for his kindness to the Lady Abbess (Madame Caryll) of the nuns of Dunkirk, and the Irish Benedictine Nuns of Ypres. Again, on June 19th, 1700, she went to the Bishop, undertaking to make suitable endowa favor to those poor ladies, their religion, and to whom is now left the only establishment that they have." In September, 1701, she recommended Father O'Donnell as chaplain to the Irish nuns of Ypres, and on September 28th, 1705, recommended Miss Mary Brigid Creagh, a niece of the Archbishop of Dublin, as a novice. Dame Creagh, as is re-corded in the necrology of Ypres, spent 62 years as a nun, and died at the age of 83 on May 20th, 1768. It is remarkable that after the death of Dame Mary Benedict Byrne, in 1840, no Irish Abbess was appointed, and in 1860 not a single Irish nun was amongst a sisterhood once exclusively Irish. Since 1865 Irish nuns have again entered Ypres, but the Irish flags which adorned the convent.

In reference to some of the correspondence which has not minced matters in dealing with the Grand Council, you appear to fear that suspicion of authorship or inspiration will attach to The Register itself. I know that several other delegates have similar instructions and if they obey them a very material reform in expenditure may be be a veritable haircurler if the ex- tion. travagant charge for printing suption a monopoly of C.M.B.A. printing at extravagant rates. It is a matter on which I cannot speak how the printing is done, but it is plain to everyone that which character should be awarded by tenerwise, no matter how honestly, there is sure to be the suspicion of favoritism. This is a subject which I hope will be fully threshed out at the convention, for at present no one appears to know anything about the cost or details of C.M.B. A. printing, and it is neither businesslike nor desirable from any point that such a state of things should continue for the next three vears.

Let me whisper to the Grand Council that The Catholic Register is voicing the opinion of the rank and file of the C.M.B.A. in its frank and vigorous criticism of C.M.B.A. management. This should be made apparent at the convention next week, and if it is not it will be because the delegates will forget their instructions or will hesitate about making remarks which may offend the grand officers. This wire-pulling and logrolling for office are certainly deplorable and were scarcely forseen by the benign and philanthropic founder of the C.M.B.A., the late lamented Bishop Ryan of Buffalo. If the horoscope of the C.M.B.A. had been cast that eminent divine would have been pained and prostrated at the spectacle of his beloved C.M. B.A. in danger of degenerating so far and so much as to be engineered and manipulated by greedy, grasping and ambitious politicians. It is a great pity that the politicians of both parties cannot be kept out of the councils of the C.M.B.A. The day has has |

The conflict has thus become all the keener, and it is now hoped that the Bishop of Laval will also remember that, in the circumstances, his obedience is due to the Sovereign Pontiff and not to the Government, which has been using him as an instrument for the purpose of bringing about a rupture with Rome. The despatch of the so-called "ultimatum" of the French Government to the Vatican has caused not a little amusement in "diplomatic circles," as Paris corstrictly Catholic circles the preposterous conduct of M. FRANCE AND THE VATICAN.

Whilst Catholic papers all over the world are lamenting the falsehood deception practised by the press with reference to the present lamentable relations Republic towards the Holy See, it may not be amiss for themselves to spare a little space for some self-examination. There is a show of contradiction in the Catholic newspaper estimates of the Bishops of Laval and Dijon, whose correspondence with the Vatican, and the public scandal arising from it, constitute admittedly the saddest phase of the new Pope's experience with the religious crisis in France. Some Catholic correspondents have already brought into their impeachments of Mgr. Geay, Bishop of Laval, matters essentially foreign to the accusations bearing upon the diplomatic rupture. The Catholic press has a great cause to uphold and is doing noble service to that cause. The translation of his reply is as follows: In landing on the sacred soil of Ireland heart is penetrated by sentiments the liveliest satisfaction, since thereby is realized one of the most ardent wishes of my life—the wish which I have always cherished to know more nearly a people for whom I have ever had the greatest sympathy, and in whose glorious history I in my quality as a Cardinal of the Holy Roman Church have been called upon to interest myself (cheers). The devotion of the Irish nation to the Catholic Faith, and its attachment to the Holy See, on which you have so eloquently touched, and which have from times immemorial entitled Ireland to be called the Island of Saints, constitute a bond with Rome which is to-day as close as it has been in the past. that this glory shall be far beyond by the invisible things of this world. Let us consider what this means. It anything that can be considered in this world. Thus, the sufferings endured in this life are not at all and magnificent, as beautiful paintto be compared to this glory, or in other words, that though all of our days may be spent in sorrow and in filled with roses and flowers of the days may be spent in sorrow and in sufferings, yet if all these bring us as a reward the happiness of one day, possessing God in Heaven, it would be worth our toil and labor, to thus suffer in this life. Why? Because as the apostle tells us in this epistle, "the glory of God is so great the happiness of the saints is and stand gazing at them for hours, great the happiness of the saints is and stand gazing at them for hours, so excessive, that nothing in this imbibing as it were, their beauty, world can be compared to it, that grandeur, and magnificence, we are it is worth all and every sacrifice told that by these beauties of nathat man can make to secure that ture, these works God has created, happiness, that it is worth all kinds which we occasionally see in this tion and toil on the part of a Christian of God, and the happiness of Heaven, for all sternity. Heaven, for all eternity. Now, we know the many labors we endure in this life, even for temporal gains, we know the sacrifices individuals we know the sacrifices individuals are ready to make for a little honor, for worldly honor, for worldly possessions and riches; we know how kingdom, only the invisible things of willing we are to expose our health God are far beyond the beauty, gransessions and riches; we know how and even to sacrifice our lives, if we receive the praise and approbation of man. We are aware that the soldiers will go into the battlefield and will endure all sorts of privations and hardships and be willing to suffer death so long as he knows he will be praised as a great soldier or that he will receive the approbation of his fellow-citizens, or provided as he knows he will be considered by his countrymen, as a noble, brave and courageous soldier. He heeds not greatest aim through life to a true. He heeds courageous soldier. the sufferings he endures. For this worldly glory, and for this worldly praise he is willing thus to expose his life, to endure most unheard of hardships, and even, if ne-

Now, the Apostle tells us that the sufferings of this life, no matter how numerous or oppressive they may be, are not to be compared with glory God shall give us with the blessed in Heaven. If, then, brave soldier is willing to sacrifice his life, and endure so much for the cause of his country, for a little praise that soon passes away, and he is soon forgotten by the world at large; if the soldier is willing to endure hardships should not the christian soldier be ready to endure to make sacrifices to the acquisition even greater hardships and make of this wealth, that passes away, greater sacrifices, if God demands should you then not be more willing them of him, knowing his compensation will be to behold the glory of God in all his grandeur, to receive the praise and approbation of his Lord, that he has been a faithful solin the cause of Christianity, that he has kept the commandments; that he has fought the good fight against temptation; that he has proved a noble soldier in the Christian Army of Jesus Christ.

cessary, to suffer death.

If thus we are aroused through worldly motives, should we not be animated by the higher motives toil, to work for God, because the reward is far greater? What is that reward? Heaven. What is meant by heaven? The Scripture gives us only a very indefinite idea of heaven. St. Paul says "that eye hath not seen, nor ear heard, neither hath it entered into the heart of man, what things God hath prepared for them that love Him," I. Cor ii., 9. Think of these words. We cannot see nor hear anything in this world, be it ever so beautiful, be it ever so attractive or grand, that can be compared with the glory reserved for the elect; we cannot get an idea of the happiness and glory the blessed shall enjoy in

In another portion of the Scripture we get what is called a negative idea of heaven, that is to say, we are told what heaven is not, rather than what it is. The apostle says, "there shall be no suffering, no sickness, no trials, no misery, no pains or infirmities, such as we experience in this world." In heaven there shall be none of these miseries, for it is exempt from all these evils. Now, in this world we know that we are more or less subject to sickness, to sufferings, to trials and sorrows, and yet with all these evils and miseries, many

"A gentleman?" Her ladyship rose from the chair and made her way to the door. "A gentleman," she repeated, pausing at the threshold, "is everything the groom is not!"

Cynthia watched her mother's de-

AN EXAMPLE OF GOTHIC. The "News" of last week had short but interesting article on the new spire of St. Mary's church. Alluding to the form of architecture used in the building, that is what is known as pure Gothic, is pointed out other churches of our city which have the Gothic spire; those are the old Primitive Methodist, corner of Davenport Road and Yonge street; St. James Cathedral and St. Michael's. If I am not mistaken Trinity College is throughout a specimen of Gothic architecture, and if memory serves correctly it was pointed out by a lecturer some years ago as the only building then in Toronto which could claim to be pure Gothic. The word which describes this style of building is somewhat misleading. Gothic originally meant, and in some senses at the present day means, rude or barbarous, and yet it is applied to the most beautiful forms which the mind can conceive. On this point the Century Cyclopedia says. epithet was originally applied scorn by Italian Renaisance archito every specis of art which had existed from the decay of Roman art until the outward forms of that art were revived as patterns for imitation, but although no longer used in a depreciative sense, the adjective is inappropriate as applied to one of the noblest and completest styles of architecture ever developed which owes nothing what-ever to the Goths and is seldom now described as Gothic in other languages than English." So St. Mary's spire "noblest and completest of styles." It will be a landmark in the west end of the city and a great ornament to the group of parish buildings amongst which it is situat-It is expected that it will be completed before the end of Septem-

TO THE TRADE

An Invitation

The Toronto Industrial Exhibition and Wholesale Millinery Openings commence Monday, August 29th, the Millinery Openings continuing for one week, and the Exhibition for two weeks. During these weeks more merchants and their buyers visit our city than at any other time during the year. To them and their friends we extend a cordial invitation to call at our warehouses. The facilities we have for our visitors' accommodation are complete in telephone connection, telegraph dispatch, letters addressed to our care delivered when called for, a place for resting, meeting friends, and doing your correspondence, stationery and writing material supplied, your wraps and valises taken care of, Exhibition programs, railway timetables, city directory, and useful information always available. We want to make everyone feel thoroughly at home when visiting our warehouses.

Profitable

Our object is to make your visit pleasant and profitable, both to you and ourselves. You are in business to make money, and so are we. In these days of keen competition buyers must buy in the best markets, and sellers sell on the smallest possible margin of profit. The battle of competition is often won before it is fought. To buy advantageously you must have a thorough knowledge of the requirements of your customers and the market value of the goods you are buying. Our stock has been selected by men who know every detail in the manufacturing of the goods they have bought. We, therefore, face any competition with the assurance of success in receiving orders from those who are experts and compare values. We do not sell one or two lines in different departments at less than cost, to try and make buyers believe that we sell so much cheaper than others. Some one has said-" Real honor and real esteem are not difficult to be obtained in this world, but they are best won by actual worth and merit, rather than by art and intrigue which run a long and ruinous race, and seldom seize upon the prize at last." What we ask is a comparison of values right

YOUNG-MARKLE.

On Monday, the 15th inst., a quiet wedding took place at St. Helen's church, when Mr. Allan Young of the Heintzman firm was married to Miss Albertha Markle. The groom was assisted by his brother, and Miss Cassie Wallace of Toronto Junction, cousin of the bride, performed the duties of bridesmaid. Rev. Father McGrand officiated and said the Mass before which the ceremony took place. The choir of the Blessed Virgin's Sodality of which the bride was a regular and much admired member, sang several hymns during the Mass; they had previously presented Miss Markle with a beautiful little statue as a mark of their esteem. The bride was prettily gowned in white and the bridesmaid in cream. Mr. and Mrs. Young begin wedded life accompanied by the good wishes of many friends.
