## COMPANY WAS FINED HEAVILY

### Gas Concern is Handed Out Stiff Dose in Police Court.

Magistrate Discourses on Little Devils and Big Devils.

Once again the Brantford Gas Co. were charged with causing a public nuisance to the citizens of Brantford. Mr. Henderson briefly reviewed the past history of the case. In December, when Mr. Lynch Staunton defended for the company, he admitted there was a nuisance, and that there was a supply of sulphuretted hydrogen in the gas. Promises were made that purification was to be effected. That purification had proved to be a farce. Even the new and obnoxious gas was short in the supply, and even yesterday he had not enough in his office to heat it. The Gas Co. has had many opportunities to rectify the conditions, but in three months no amelioration of affairs had been effective. The gas had been turned on during the winter and no option was given to the people. It was a case of gas or starve in the cold. He asked the magistrate to impose the only penalty which the court could inflict. He submitted that the Gas Co. be fined, and fined, substantially. He had no fear that the company would cut off the gas, as that was a threat which had fallen through.

The magistrate could not see what would stop the Gas Co. turning the “Let them do it,” said Mr. Henderson, “that was thrashed out in the council chamber and nothing has resulted. If they turned off the gas they would be responsible.”

“I think it is better to put up with the little devil you know, than tempt the little devil you know, than tempt Magistrate Livingstone.

Mr. Sweet for the company said they had acted in good faith, they had installed purifiers, but the weather had been exceptionally hard against them. Owing to the large demand, a quantity of unpurified gas had to be supplied with the purified amount and this accounts for a part of the obnoxious odor, notwithstanding a great quantity was purified and this was supplied, along with the small quantity of unpurified gas necessary. He could see no objection in fining the company who had been put to a great expense, \$5,000 being a first cost to the company and a weekly cost had to be kept up in extra salaries. If the company shut the gas off they would not be responsible. The prosecution had never even offered suggestions for the remedying of the matter and in this matter they had been unreasonable.

Mr. Henderson replied that they had offered one suggestion which was said to be impossible. “What did the Gas Co. want them to suggest?” The city had nothing to do with the bringing of the gas into the city and were, therefore, not responsible for any remedies.

## Safe Conduct For Carranza Through Texas To Juarez

Good Faith of the Constitutional Leader Regarding the Benton Case to be Tested.

EL PASO, Texas, March 3.—At a meeting here yesterday of United States officials with British Consul Percival of Galveston, it was decided to ask Washington to permit Venustiano Carranza to come to Juarez through the United States from Nagles in order to settle the difficulties arising from the Benton case.

This would test Carranza's good faith and authority over Villa, it is asserted. The officials argue that Carranza can, as things stand now, contend that he cannot reach Juarez and thus he can delay action in the Benton case and also stave off for a time public knowledge of his break with Villa, if this is the case.

On the other hand, if the United States would offer him safe conduct through its territory, it is contended that he would either come at once and settle the present crisis or it would be

### City's Attitude Plainly Defined

In response to a telegram from Mr. W. F. Cockshutt, M.P., who is at present attending session at Ottawa, Mayor Spence defined this city's attitude succinctly and plainly in regard to the gas situation. Mr. Cockshutt's enquiry was in regard to the city's attitude in view of the deputation of representatives of the Western Ontario gas companies who will wait on the Minister of Inland Revenue on Thursday asking for concessions in regard to the distribution of sulphur gas. The Mayor wired to-day: “Brantford is strongly opposed to the deputation at Ottawa taking any steps to assist the Gas Company in unloading sulphur gas on the consumers to the detriment of public health.” Mr. J. H. Fisher, M.P., was also instructed, and the Brant representatives will be present Thursday when the Gas Company makes itself heard at Ottawa.

## TILBURY GAS COMPANY TO SEE MINISTER

### Make Arrangements to Oppose Request for Enforcement of Purification.

OTTAWA, March 3.—Hon. Broag Nairne, minister of inland revenue, has received word that representatives of the natural gas companies will be here on Thursday to protest against the enforcement of federal regulations regarding purification of their product, as was urged by W. G. Weichel, of North Waterloo, and John H. Fisher of Brant, in their interview with the minister last week.

The two members presented the particular cases of Galt and Pars, but pointed out to the minister that conditions in these towns did not differ from conditions in other places which had entered into agreements with the natural gas companies.

Notifies Mayors.

Immediately upon learning of the action that was contemplated by the gas interests, Mr. Weichel and Mr. Fisher proceeded to get in touch with the heads of the municipalities interested, and last night sent telegrams to a number of the mayors of Western Ontario, acquainting them with the situation and urging them to take action. The municipalities should be strongly backed up.

It is possible that there may be a delegation from Western Ontario here on Thursday to support the Western Ontario members who are preparing to attend the hearing and meet the objections of the gas people.

## KILLED BY UNKNOWN.

SASKATOON, Sask., March 3.—A coroner's jury at Fiske, Sask., declared that Lee Yuen, whose throat was slashed in his laundry adjoining the post office, was killed by unknown persons.

## STRAIGHT TALK FROM SIR EDWARD GREY RELATIVE TO THE PRESENT SERIOUS SITUATION IN MEXICO

### Britain Will Not Forget When Time Comes to Secure Reparation for the Butchery of Benton—Declares it is Fantastic to Send Troops at Present.

[By Special Wire to The Courier]  
LONDON, March 3.—The British Government's view that no immediate action could be taken by it in connection with the deadlock over the investigation into the death at Juarez of William S. Benton, the British ranchman, was made quite plain today in the House of Commons by Sir Edward Grey, the British Foreign Secretary. Sir Edward was, however, equally explicit in pointing out that if Great Britain failed to secure satisfaction through the United States, the British Government reserved to itself the right to secure reparation whenever it was able to do so.

The promised pronouncement on the Mexican situation from the Foreign Secretary had been anxiously awaited. It was delivered before a keenly interested gathering of the members of the House of Commons, while the entire nation looked forward to a declaration of the Government policy in regard to Mexico.

Intense resentment has been displayed throughout the British Isles, over what is regarded as an attempt on the part of Venustiano Carranza, the Constitutional leader in Mexico to sow discord between the British Empire and the United States and also over the repeated delays in the investigation of the circumstances of the death of Benton. Replying to another question Sir Edward Grey said that Great Britain had not recognized General Villa as a belligerent.

A further question brought the

statement from Sir Edward Grey that no assurances had been obtained from Provisional President Huerta regarding the protection of the British subjects in Mexico.

LONDON, March 3.—Sir Edward Grey, the British foreign secretary made an important statement on the Mexican situation in the House of Commons. In reply to a question as to the investigation at Juarez as to the death of William S. Benton, the English rancher, Sir Edward said: “I must ask leave of the House to make a somewhat more extended statement than can properly be compressed within the limits of an answer to a question: “All the efforts that have been made hitherto, have failed to secure an investigation into the facts respecting the death of William S. Benton. “The persistent difficulties put in the way of such an investigation create the strongest presumption of a desire and an intention to conceal the truth on the part of those in Mexico who are responsible for what has happened. “Communications with the government of the United States are still proceeding, but I would repeat what I said last week—that these communications do not imply that the Government of the United States has any responsibility for what has taken place—by which I mean of course the death of Benton. “While, therefore, we shall welcome any action that the United States is prepared to take to secure justice, we have no title to demand as a right

that the United States should itself resort to the use of force. “One can demand that another government should go to all lengths to secure reparation for a crime only when one holds that government is in some way responsible for the commission of the crime. “So far the United States has shown at least as much interest in the death in Mexico of a British subject as it has in the case of outrages on American citizens—for I understand that several Americans have been killed in Mexico. And the United States has shown every desire to use its influence for British subjects in the Mexican territory controlled by the constitutionalists. I would therefore sum up the situation by saying that if the United States thinks it proper to take further steps either on behalf of its own citizens or of a British subject, we will gladly wait the result. But if for reasons of its own the United States does not think it desirable to take such steps we must of course reserve to ourselves the right to secure reparation whenever it is in our power to do so. “Our general policy towards Mexico and the Central and South American Republics is continued to commercial interests, which we keep within our political limits. As a rule therefore all questions that arise between those republics and ourselves are settled by diplomatic means or can be referred to arbitration. “But the violent death of a British subject and the refusal by those in

### Benton's Body May Be Mutilated

[By Special Wire to The Courier]  
EL PASO, March 3.—Members of the Benton investigating committee did not know today whether they were to proceed to Chihuahua or not. They waited instructions from Washington. Should it be decided to proceed with the investigation the commission will make the trip to Chihuahua on a special train which yesterday brought Marion Letcher, an American consul at Chihuahua, to this city. The train is being held in readiness across the river at Juarez. The commissioners entertained but slight hope that the proposed investigation would reveal the manner of Benton's death at the hands of General Villa. It is belief of many here that if the Briton's body is not in an advanced state of decomposition, it probably has been mutilated by chemicals.

## UNEMPLOYED MADE DEMANDS FOR UNION WAGE

### Didn't Want to Shovel Snow in New York for Anything Less.

[By Special Wire to The Courier]  
NEW YORK, March 3.—While city, railroads and private companies are seeking men to remove snow, there are nightly meetings by a small group of self termed unemployed, who assert their right to a place to sleep. Last night at St. Mark's Protestant Episcopal Church 250 of these men were fed and offered work at 20 cents an hour shoveling snow. They refused to work at that price, demanding 30 cents an hour.

The Rev. William Gamble welcomed the men on behalf of the Socialist fellowship of St. Mark's, and said the wage offered was intolerable. He then introduced Frank Tannenbaum as chairman of the meeting.

“At last we have a chance to let the city know what we want,” Tannenbaum began. “We are members of the working class. Everything in this city was created by our hands, or the hands of our brothers and sisters. We have a right to share in every house and in every man's loaf of bread. What's more, we are going to make the city give it to us or take it by force. “We want work but we will not work for 50 cents or \$1 a day. We want \$3 a day for an 8 hour day. We want union wages and union conditions and we will not work unless we get them. We would rather go to jail.”

Representatives of labor unions, socialist and fraternal organizations, held a meeting last night at which arrangements were made for a general conference to be held to-morrow night, when plans will be made to aid the unemployed.

**WINNIPEG CUSTOMS.**  
WINNIPEG, March 3.—Winnipeg customs receipts dropped from \$833,044 in February of last year to \$402,816 in the month just closed.

## GENERAL ELECTION IMMINENT

### Political Deadlock Over Home Rule is Absolute One.

### Unionists Will Resist the Government to the Bitter End.

[By Special Wire to The Courier]  
MONTREAL, March 3.—A cable from London to The Gazette this morning says: The Pall Mall Gazette declares that a general election is in sight, the deadlock being absolute, with no prospect of its being broken under the conditions existing in the present parliament. Nationalist control of the Commons, and the government forbids any effective attempt to secure a compromise in Ulster. The Pall Mall Gazette asserts that the government is preparing its suggestions, while well knowing that they will be rejected. The Unionists of both houses will resist, and will use every constitutional method which is likely to compel the government to face the country before actual civil war is inevitable. The news from Ulster leaves little doubt that the Covenanters are prepared to mobilize as soon as the home rule bill passes the Commons. The whole situation is so profoundly altered that if the ministers are not constrained to face the people before the bill is passed, they must be induced to dissolve immediately afterwards.

The Westminster Gazette demands the settlement of the question whether one party has the right to manipulate the army in order to exempt Ulster men in case of their resistance.

## GUELPH NURSES' APPEAL DISMISSED

### U. S. Government Declines to Interfere in the Ann Arbor Case.

DETROIT, March 3.—According to a Washington despatch received here last night, the Government will not interfere in the order for the deportation of Miss Edna Schwalm and Miss Elizabeth Wilson, the two nurses from the Macdonald Institute at Guelph, Ont., who were ordered by the immigration department last week to be deported from Ann Arbor University Hospital.

Secretary of Labor Wilson, to whom an application was taken by President Hutchins of the University of Michigan, takes the stand that there was no sense in going to Canada to hire a hospital matron and nurse when there are plenty in the United States.

The hospital authorities at Ann Arbor are still wondering who laid the information before the immigration authorities.

## ONTARIO'S FINANCES REPORTED

### A Net Surplus of \$320,000 for the Year 1913 is Shown.

[By Special Wire to The Courier]  
TORONTO, March 3.—The public accounts submitted to-day by Hon. I. B. Lucas, provincial treasurer, show total receipts from all sources for the year of \$18,472,638 and total expenditure \$16,091,672. The receipts include Dominion subsidy \$2,396,378; subsidy from federal government on account of the T. and N. O. Railway, \$2,134,080; lands forests and mines \$2,739,899; succession duties \$60,600; provincial secretary's department (mainly from provincial institutions) \$5,367,366; fish and game \$138,364; agriculture \$177,131; income from various sources under the supplementary revenues act \$97,599; interest on hydro-electric advances to municipalities \$207,805; T. and N. O. Railway earnings \$250,000; back interest from Dominion government on T. and N. O. accounts \$934,628; sales of treasury bills \$2,831,841; provincial loan \$1,437,173. The heaviest items of expenditure are education \$1,969,291; public institutions \$1,366,038; civil government \$720,225; justice \$715,924; agriculture \$603,391; hospitals and charities \$416,812; colonization and immigration \$124,801; legislation \$302,293; colonization roads \$406,034; crown lands \$582,593; hydro electric commission \$129,582; refunds \$164,212; miscellaneous services \$317,196; public buildings accounts \$2,778,689; roads in Ontario \$1,063,355; advance to T. and N. O. Railway \$750,000; good roads statutory fund \$288,367; new government house \$224,996; new provincial prison \$238,975; new hospital for insane at Whitby \$209,563. The accounts as presented show a surplus of over two million dollars, but the government figure a net surplus of \$320,000. Critics of the budget on the other hand will point out that \$8,945,614 of the gross receipts are from extraordinary sources such as loans, special subsidies, etc.

## Two Burned to Death Near Cambellford, Ont.

[By Special Wire to The Courier]  
CAMPBELLFORD, Ont., March 3.—A terrible catastrophe occurred early this morning at Healy Falls, six miles north of here, when two Austrians, Pete Bonivant and his wife, were burned to death in a fire which destroyed their boarding house. Twenty fellow-countrymen, employed in power construction, were occupants of the house, and escaped in their night clothes. About 1.30 Bonivant discovered the place to be on fire, and hastened to arouse the inmates and give the alarm. He then re-entered the blazing building for his wife, but the fire had gained such headway that their escape was cut off, and only the charred trunks of their bodies were found in the ruins. An inquest will be held by Coroner Dr. W. F. Loucke.

## START RACIAL CRY TO AID EVANTUREL

### Friends in Riding Say the Would-be Liqueur Merchant is Persecuted.

VANKLEEK HILL, Ont., March 3.—The Executive of the County of Prescott Liberal Association has been summoned by President J. N. LaPointe to meet at Vankleek Hill on Saturday, March 7, to consider the question of Gustav Evanturel, M.P.P., and his expulsion from the party. From opinions freely expressed it looks as though the association will almost unanimously demand Mr. Evanturel's retirement from public life. Some of his friends have started the race-religion cry in his favor, declaring he is being persecuted by Messrs. Pyne, Ferguson and Hanna and the Orangemen of Ontario. This was freely discussed in various parishes after church on Sunday. Mr. Evanturel's personal friends in Alfred are outspoken in these declarations. Mr. Evanturel, it is understood, will be asked to attend the meeting on Saturday.

## Confers With The President

### Sir Lionel Garden Will Then Set Sail for the Old Land.

[By Special Wire to The Courier]  
WASHINGTON, March 3.—Sir Lionel Garden, Great Britain's minister to Mexico, will confer with President Wilson to-night at 6 o'clock and later will leave for New York to sail for England to-morrow morning on the Olympic.

With Sir Cecil Spring Rice, the British ambassador, Sir Lionel Garden conferred briefly with Secretary Bryan and arranged the hour of his meeting with the president. Secretary Bryan will dine at the British embassy this evening before Sir Lionel leaves for New York. The British minister declined to comment on the Mexican situation in any way. “I am sorry,” he said to all questions, “but my government does not permit me to give interviews.”

Immediately after his brief conference with the two British diplomats, Secretary Bryan went to the cabinet meeting with the latest Mexican despatches, where the killing of Baugh, the American, the Benton case and probable attitude of Great Britain in the light of latest developments was discussed. There was no outward indication of any change in the situation, as President Wilson outlined yesterday.

Capt. Wm. McIlwain, a veteran ocean and lake mariner, for twenty-five years Dominion Examiner of Masters and Mates, died at St. Catharines, aged 87.

## TO TAX CHURCHES.

CALGARY, March 3.—The city council voted to submit the question of taxing all church property to a plebiscite, which will be taken at the general election.

Two Montreal brothers were arrested on board a transpacific steamer charged with fraud.

## New Bureau Of Information For Dominion Is Organized

### Hon. J. D. Hazen, Chairman of Committee to Supply Data on National Interest.

OTTAWA, March 3.—For the purpose of properly collecting and assembling information on questions which are of vital interest to Canada and become the subject of reference to the International Joint Commission an important committee representative of several departments of the Government and also the Hydro-Electric Commission of Ontario, was appointed at yesterday afternoon's sittings of the Cabinet.

The Hon. J. D. Hazen is chairman of the body and it is designed to perform a work of much utility. The Marine, Public Works, Naval Service, Interior and Hydrographic Departments will have properly qualified technical officers upon it.

In the United States there is an admirable organization with a similar purpose under direction of the Department of the Secretary of War.

When any project affecting the interests of the United States is to come before the International Joint Commission a staff of experts is put to work to examine fully the scheme and prepare data either in support of or in opposition to it. The commission is thus able the more to intelligently deal with such subjects.

In forming a Canadian Committee the object is similar, and in Mr. Hazen it has a head who is deeply interested in all matters affecting Canadian waterways and protective problems arising in connection with them.

## Bonar Law Barred Because a Canadian

DUBLIN, March 3.—The Corporation of the City of Dublin yesterday sanctioned the naming of streets “Carson,” “O'Brien” and “Redmond” after the Ulster Unionist leaders respectively, but refused to allow a street to be called “Bonar Law,” because he is a Scotch-Canadian. The name of “Carson” is allowed because Sir Edward is an Irishman.

Men, which he gave in a most interesting manner and listened to with interest. Miss Campion of the congregational choir then gave a most efficient number. The orchestra numbered fourteen pieces and gave the congregation some first class music. After the congregation gave a hymn it brought one of the most successful meetings ever held under the auspices of the P. S. A. to close.

**Income Tax.**  
American residents in Brantford in future be required to pay income tax, according to an announcement made on Saturday. It will be paid on conscience, however, as Miss Sam has no right to send his sons over here to collect. Awful things are promised, however, if they do not return to the States. Just at those things are has not been explained, but it couldn't be much less than the payment of arrears during the period of delinquency.

**Supper.**  
A large audience gathered at the Verdale Baptist church on Friday night to attend the oyster supper under the auspices of the Philanthropic Society of the church. The young ladies deserve congratulations for the very supper provided and the splendid programme which was rendered. Miss J. Cornelius, Messrs. Robt. Southworth and Burton, all of the Baptist church; readings by Miss Pearl Fyle; instrumental solos by Messrs. Street, Kitchen and Rich; guitar solo, Mr. R. Sweet; address by Mr. H. A. Pettit and Pastor Thomas E. Richards. Every number was encored. Mr. Sweet being called back the third time. Before the close a vote of thanks was moved by Miss Pearl Madgwick and tendered to all those who had helped to make the evening a success. The receipts amounted to \$30 and are in aid of the building fund of the church.

**STRAIGHT TALK FROM SIR EDWARD**

(Continued from Page 1)

Mexico to allow the circumstances to be investigated make it incumbent upon us to do what we can on our own behalf.

"Assuming that the United States does not itself desire to take any responsibility for intervention, it has been urged upon me that we should take immediate action without delay, giving me any suggestion or indication of what action we can take at the moment.

"I must repeat what I said last week—that there is nothing we can do under present conditions that the government in Mexico City has no control over the territory, where the death of Benton took place, nor over those responsible for his death. We cannot, therefore under the present circumstances secure reparation through that government.

"We have no intention of engaging in such a fantastic attempt as the sending of a force—which to be effective would have to be a very large force—into any part of Mexico.

"Under ordinary circumstances we might have taken action at a port or by way of blockade. Under present conditions, if we took such action and it had any effect, it could result only in giving assistance to the contending party in north Mexico.

"To take action that would positively help those from whom we demand reparation simply for the sake of appearing to do something, would be worse than futile.

"But we do not intend to let the matter stand and as soon as by any changed circumstances, it is in our power to carry the matter further, we shall take whatever steps may be practicable."

**COMPANY WAS FINED HEAVILY**

(Continued from Page 1)

"Well," said the Magistrate, "I had had this up before me till I am sick of it. A fine of \$100 and costs will be imposed."

Mr. Sweet thereupon asked for a stay of execution in order that he might communicate with head authorities in New York, and the Magistrate granted one month's stay.

Albert King was caught in the act of attempting to smash the plate glass window of Messrs. Young's drapery store and was taken in charge and charged this morning with being a vagrant. He had no idea of how he was going to subsist and the chief constable was of the opinion that the man wanted to go to prison. This the man denied and was allowed to seek work by the bench.

**TOWNSHIP COUNCIL MET ON MONDAY**

The Township Council turned out in full force yesterday and got through all business quickly and expeditiously. The financial statement was the lightest that had been submitted for some time and it was passed unanimously. The following resolutions were passed:

That the Township Engineer be instructed to call for tenders for the McIntyre bridge on the Brantford and Oakland Town Line. Tenders to be in by Saturday, April 4th.

The tender of Mr. H. M. Vandenberg for the concrete work on the White Bridge was accepted, and the tender of the Hamilton Steel Construction Co. for the Class C superstructure of the White Bridge was accepted. Their price was \$2,250.

The Brantford Courier tender for printing was also accepted.

It was decided that the Council as a whole be a deputation to meet the City Council to discuss the erection of a smallpox hospital.

A letter was received from Cainsville asking the council to build a sidewalk on the East and West sides of the village to communicate with Echo Place sidewalk, and also with Station 26 on the Brantford and Hamilton Radial. Earnest consideration of the application will be given.

This concluded the business and the council adjourned until Monday, April 6th.

**ENGINEER IRELAND ASSUMES BLAME**

The parties who are responsible for the mutilation of trees on Brant Ave. and surrounding district will appear at the police court to-morrow to answer charges in respect of the damage. Seen this morning, Engineer Ireland assumed all responsibility as far as the Hydro-Electric Power Commission is concerned. He knows that a tremendous kick has resulted from the depredations effected upon the rural aspect of the city, which must give way before the march of progress and he placidly takes upon his shoulders all the responsibility.

**Social and Personal**

The Courier is always pleased to use items of personal interest. Phone 1781.

Mr. Ed. Slattery is in Toronto to-day on business.

Mr. and Mrs. Bruce Gordon, Church St. are visiting in Stratford.

Mr. Frank Cockshutt and family left last night for a visit in Florida.

Mr. and Mrs. Harry Cockshutt and daughter, left to-day for St. Augustine, Florida.

Mrs. Dunyo of Brighton will receive with Mrs. R. C. Tegart, 12 Church St., to-morrow.

Mrs. H. Wallace and Mrs. E. C. Gallup will receive on Thursday, March 5th, at 107 Chatham street.

Mrs. J. Watson and Miss Green, of the Enterprise, attended the Millinery openings in Toronto, yesterday.

A. E. McLean of Sault Ste Marie, has succeeded Mr. Jeffrey Hale as manager of the Bank of Commerce at London.

A Picton despatch to-day says: Hon. Wm. Paterson, former Minister of Customs, who has been indisposed, is decidedly better.

Miss Norma Motheral Waterloo, is visiting for several weeks at the home of her aunt, Mrs. Matthew Beitz, George street.

Messrs. Samuel Bowker and W. F. Crosby of Woodstock, are among the guests registered at the Belmont Hotel yesterday.

Mr. W. D. Schultz, who went to Battle Creek, Mich., about a fortnight ago for treatment, reports that he is greatly improved in health.

Miss Ethel and Miss Gertrude Jones of 31 Spencer Avenue, Toronto, are the guests of Mrs. George Andrews, 111 St. Paul's avenue.

Doctors Fissette and Phillips were in Toronto yesterday attending the "Bible" held by Sir William Leishman, the celebrated English physician.

The visitors representing Brant Chapter, Imperial Order Daughters of the Empire, for March, at the Brant Sanitarium, will be Mrs. C. J. Mitchell and Miss Ruby Wye.

Rev. A. E. Lavell of Brant Avenue Church, Rev. J. W. Gordon of St. Andrews, Rev. D. T. McClintock of Alexandra and Rev. G. A. Woodside of Zion Church, will attend the social service congress in Ottawa this week.

Mr. Jasper Green, who was a patient at the Brantford General Hospital for a month, following an operation, has sufficiently recovered to be removed to his home, Brant avenue, where he is rapidly convalescing.

**Laid to Rest**

Lilian Cole.

The funeral of the little daughter Lilian Cole, of Mr. and Mrs. Cole, of 272 West Mill St., took place yesterday to Mt. Hope cemetery from the parents residence, Rev. R. D. Hamilton of Wellington St. Church, conducted the last services amidst many signs of great sorrow. Floral tributes of great variety were offered.

The late Mrs. Logan.

The remains of the late Mrs. Logan were conveyed with due impressive ceremony to their last resting place in Mount Hope cemetery yesterday from the late residence on Darling street. Inspiring were the services held by the Rev. C. E. Jenkins, and numerous friends attended the cortege. The flowers were many and great, and the list is as follows: Piliow family, wreaths, grandchildren, Mr. and Mrs. A. McIntyre, and family, (Toronto); anchor, employees of J. M. Young & Co.; American beauty roses, F. M. Cooper, (New York); Mr and Mrs J. B. Allen of Pittsburgh; sprays, brother Andrew, Mr and Mrs R. Peddie and family; Mrs E. Lorian and family, Mr, and Mrs. Fred Ott, Mrs. Beldon Lundy, Mr and Mrs. D. Ritchie, Mr and Mrs S. G. Simpson, Mr and Mrs J. M. Young, Mr and Mrs Parker and Kathleen, Miss M. Everett, Mr and Mrs J. **ANDREWS—LONGSTREET**  
A quiet wedding was solemnized at the home of the officiating clergyman, Rev. Clifford J. Lohney, on Saturday afternoon, Feb. 28, at 4.30 o'clock, when Miss Florence M. Longstreet, daughter of Mr and Mrs C. Longstreet, Oakland, became the bride of Floyd M. Andrews, son of Mr and Mrs. Robert Andrews of this city. The bride was attended in a navy blue travelling suit with black pique hat and wore a set of handsome Persian lamb. The happy couple left amid showers of confetti and the good wishes of their many friends for a short honeymoon trip to points east, and on their return they will make their home at Goderich.

**JONATHAN—TIMBLECK**  
A very happy event was solemnized on Saturday last when Miss Florence Reta Timbleck, daughter of Mr. C. E. Timbleck, to Pearl street, was united in the bonds of matrimony to Mr Alexander Jonathan. The ceremony was performed by the Rev. J. W. Gordon, in the presence of the

numerous friends and relatives of the contracting parties. Mr. William Johnson acted as best man, and Miss Marjorie Timbleck as bridesmaid. Mr and Mrs Jonathan will take up residence in Brantford amid the good wishes of their many friends.

**Obituary**

The Late Thos. Holme.

Death claimed another of Brantford's well known sons in Buffalo, yesterday morning, in the person of Thomas William Holme, who passed away at his residence, 294 Hudson street, at the age of 68 years. Deceased was the youngest son of the late Squire Holme, of Holmedale, and several years ago removed to Buffalo where he was connected with the Grand Trunk Railway up to the time of his death. Deceased was a member of the Episcopal church and was a life-long Mason. He left to mourn his loss, besides a sorrowful widow, who is a sister of Mrs. J. C. Steele of this city, three sons and one daughter, George, William and Brent all of Buffalo, and Mabel (Mrs. Williams), of Birmingham, Alabama. The funeral, which will be private, will take place from the G. T. R. station on Wednesday morning to Greenwood cemetery. Rev. Chas. W. Saunders will officiate.

**IF CONSTIPATED OR BILIOUS, "CASCARETS"**

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels.

Get a 10-cent box. Take a Cascaret to-night to cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous, upset, bothered with a sick gassy disordered stomach or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the restines and bowels.

Remember, a Cascaret to-night will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

**Young Peoples' Societies Meet**

Sydenham St. League.

About forty young people were present at Sydenham St. League meeting last evening. The president was in the chair and the speaker of the evening was Mrs. Similis, who took up the work among young women connected with the W. C. T. U., known as the "Y's." It is an organization which has for its object the securing of young women to sign a pledge to abstain from partaking of spirituous liquors, smoking and to use their influence to discourage their use. It is for young ladies between the ages of 14-30. Young men are taken in as honorary members, also those who are over the age limit. The talk was given in an earnest manner and was appreciated by all present. At the conclusion a number signed pledge cards and joined the organization. During the evening an instrumental duet was given by two juniors, Miss Alma Batty and Mr. Howard Vaneverly, and a vocal duet by Miss H. Hoffman and Mr. Knott, both of which were very pleasing.

At Colborne Street.

The hearty co-operation of Colborne street church people is producing excellent results in connection with the special services now in progress. A largely attended meeting was held last evening, some of the young men's Bible classes attending in a body. Four groups of church

members, arranged alphabetically will have charge of the first half hour of the four remaining evenings of this week. All whose names begin from A to F will be responsible for to-night's exercises and also for getting out as large an attendance as possible for to-night's meeting.

At First Baptist.

The B. Y. P. U. of the First Baptist Church held a splendid meeting last night in the lecture room of the church, when Mr. F. W. Thompson of the Y. M. C. A. delivered an excellent address on "Love" basing his remarks on a passage of Scripture. Miss Edna Phipps sang a solo in a very pleasing manner. The young people last night voted \$10 to Foreign Missions. About 75 young people were present and Mr. Lloyd P. Pearce occupied the chair.

At Wellington St.

A very interesting and profitable meeting of the Wellington St. church Epworth League was held last evening. The Christian Endeavor Department had charge of the programme during which bright hymns were sung. The scripture lesson was read by Mr. J. Daniels and Mr. Hewitson gave an excellent address.

St. Jude's A. Y. P. A.

The members present at last evening's meeting were delighted with a literary treat, the speaker for the evening being Mr. W. G. Raymond. He chose for his subject "Shakespeare's Hero" and ably upheld his contention that Shakespeare had a hero in the character of Henry fifth. The way in which the subject was handled showed that Mr. Raymond is a deep literary student, and that he

was thoroughly conversant with his subject. Congratulatory remarks were expressed by Rector and Mayor Spence, and the meeting closed with the benediction, all having enjoyed such an evening that rarely comes to any society.

**TAKES OFF DANDRUFF HAIR STOPS FALLING**

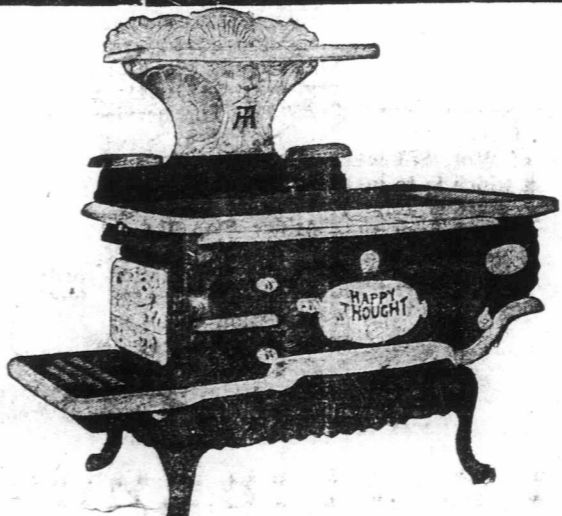

Girls! Try this! Makes Your Hair thick, glossy, fluffy, beautiful.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle, scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and as soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair, and lots of it if you will just try a little Danderine.

SYNOPSIS OF CANADIAN WEST LAND REGULATIONS

ANY PERSON who is the head of a family, or who may be homestead a quarter section of Dominion land in Manitoba or Alberta, may appear in person at the Department of the Interior, or by proxy, may apply for a homestead patent. Entry by proxy may be made only in certain conditions under the homestead act, and the homestead patent, unless the homesteader is a Canadian citizen, must be obtained from the Department of the Interior.

Duties—Six months' residence on the land, or the equivalent, must be made by the homesteader, or his heirs, before the land can be patented. The homesteader must also be at least 18 years of age, and must be a Canadian citizen, or the son of a Canadian citizen, or the wife of a Canadian citizen, or a person who has been domiciled in Canada for at least six months, or a person who has been domiciled in Canada for at least six months, or a person who has been domiciled in Canada for at least six months.

In certain districts a homestead may be obtained on a section of land, but not on a half section. The homesteader must be at least 18 years of age, and must be a Canadian citizen, or the son of a Canadian citizen, or the wife of a Canadian citizen, or a person who has been domiciled in Canada for at least six months, or a person who has been domiciled in Canada for at least six months, or a person who has been domiciled in Canada for at least six months.

A homesteader who has homesteaded right, and cannot obtain a patent, may enter for a pre-emption in certain districts. The homesteader must be at least 18 years of age, and must be a Canadian citizen, or the son of a Canadian citizen, or the wife of a Canadian citizen, or a person who has been domiciled in Canada for at least six months, or a person who has been domiciled in Canada for at least six months, or a person who has been domiciled in Canada for at least six months.

A GOOD MOVE

Hon. T. W. Crothers, Minister of Labor, has been generally congratulated by labor men and people who were interested in humanity generally on the bill he has introduced in the House of Commons to prohibit the use of white phosphorus in the manufacture of matches.

The use of white phosphorus has been prohibited in many civilized countries for many years. Mr. Crothers, as soon as he became minister, instituted an inquiry, and as a result came to the conclusion that its use was a menace to the health of the employees of factories handling it.

PRESCOTT AND EVANTUREL

Evanturel, the member of the Ontario House convicted of having offered to sell his services in that chamber for \$10,000, is credited with the statement that if he resigns he will go back for re-election in Prescott and again be elected. He seems to consider that he has done nothing wrong whatever, and that it is simply persecution for anyone else to think otherwise.

Meanwhile the Liberal executive committee has been called to meet on Saturday in order to consider what course it is best to pursue. There are a number of French-Canadians in the constituency, and a despatch from there says some of them have raised the race and religion persecution cry.

A VALUABLE MINISTER

Hon. Francis Cochrane, Minister of Railways and Canals in the Borden Government, has left Canada for a much-needed rest. The career of Mr. Cochrane since assuming office has undoubtedly been characterized by devotion to duty, self-sacrifice and a keen regard for the public weal.

Next to Public Works, it is well known that there is no other department in the public service at Ottawa more exacting and more strenuous. When it is recognized that the prosperity and advancement of the Dominion of Canada are linked up with waterways and railway transportation, the greatness of the task devolving upon the minister in charge can be realized.

Indeed, much of the success attending upon the administration of the Minister of Railways and Canals is due to his silence. Hitherto it has almost been accepted as an axiom in the life of a successful public man that volubility on all occasions should prevail.

erson, with rolling periods and violent gestures, tries to lure Mr. Cochrane from his den of silence, but the Minister of Railways politely refuses to be drawn into any argument which would waste the time of the House and of the country. Time and again has Mr. Emmerson tried, but time and again he has been baffled, and Mr. Cochrane has thus done a great service to his country.

The Minister of Railways and Canals, in the House of Commons, is brief, but pointed. While chary of achieving a reputation for verbosity, he is polite in his answers and clear in his speeches.

In the administration of his department he exhibits the same qualities which have gained admiration and respect in the House of Commons. Deputations and interviewers daily lie in wait for him at his office in the West Block on Parliament Hill. Some approach him with extravagant propositions, others with feasible projects, but all of them receive consideration on their merits.

FOOD PRICES

"The high cost of living commission is to make a tour of the country, all sections to be visited. These commissions are costly playthings, and in this case an absolutely useless one. Will a Tory commission, appointed by a Tory Government, be likely to recommend a lower tariff on food-stuffs, when the Liberals have such a plank in their platform?"

Our contemporary sticks to the idea that free food means lower cost with about as much fatuity as it exhibited when it tried to keep Hydro-Electric out of Brantford.

The organ apparently favors the British plan. It knows, or ought to know, that in the Old Land taxes on a variety of articles of common consumption yield time and time again more than they do here.

Public revenues do not grow upon bushes, and they have to be collected somehow. Meanwhile the commission will be able to make valuable enquiry into better methods for getting producer and consumer closer together.

The fact that said commissioners are Tory does not mean that they lack intelligence, as the large-minded Expositor seems to think.

NOTES AND COMMENTS

So old Borcas has ceased blowing himself.

Having looked things over from one end of this continent to the other the recent land storm has now taken a trip to sea.

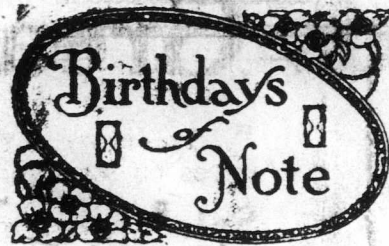

The Ottawa Free Press (Liberal) says that the indications at Ottawa are for "a hum-drum session." No valid points for attack by the Opposition, eh

There is one Villa in Mexico at any rate which does not render location alongside very desirable. It is stated that for years he has averaged one murder a month.

Lloyd George and Winston Churchill are always more or less in the limelight in the Old Land, but the two main assets of the Liberal party there are undoubtedly Premier Asquith and Foreign Secretary Grey.

Says the London Free Press: "London does not seem to have made any mistake in turning down unpurified Tilbury gas. The protests to the government of Messrs. Fisher and Wichel, members respectively for Brant and Waterloo, show that there is genuine dissatisfaction because of the odors that come from the gas."

cost of the product as to make it commercially valueless as fuel. This may be true, and if so, means must be devised for delivery and consumption that will obviate the fouling of the air. Health and comfort will always be placed first by the mass of the people.

Are You One Of The Unfortunates

WITH BACKACHE, HEADACHE AND THAT TIRED FEELING.

If So Listen to the Story of George F. Stander, and Use Dodd's Kidney Pills.

HANDSWORTH, Sask., Mar. 2.—(Special)—If you are one of those unfortunates who suffer from sore back, headache and that tired, listless feeling that makes work a hardship and life not worth living, the story of George F. Stander, a well-known young man of this place, will interest you.

"For nearly ten years," Mr. Stander says, "I suffered from sore back and headache. I had a bad taste in my mouth in the morning and I was always tired. I finally decided that my kidneys were the cause of the trouble, and decided to try Dodd's Kidney Pills. I got half-a-dozen boxes and before I had finished taking them I was completely cured."

Healthy kidneys strain all impurities, all the seeds of disease, out of the blood, weak kidneys leave these impurities in the blood, and the result is nervousness, tired feeling and pains and aches that often develop into Diabetes and Bright's Disease. Dodd's Kidney Pills make weak kidneys strong and healthy.

Scrutiny of Scott Act Ballots Adds One to the First Figures.

BRAMPTON, March 3.—The 'dry' majority of 57 for the Canada Temperance Act at the election in Peel County in January was increased by one vote at the scrutiny of the ballots here yesterday before Judge McGibbon, one "wet" being discarded. In No. 7, Toronto township, where the "wets" had a majority of 15, none of the counterfoils had been torn off at time of voting, but the judge allowed the ballots to pass.

Indigestion Can be Cured by Dr. Williams' Pink Pills

If your digestion is weak, you derive proper nourishment from your food. The pain and you suffer is a protest from your stomach that it is unable to work. It is then that your appetite, have dull headaches, pains in the chest and a heartburn, and other symptoms.

You cannot cure indigestion with laxatives and purgatives, only make the stomach sluggish. Indigestion can be cured by giving tone and strengthening the nerves that control the stomach.

Dr. Williams' Pink Pills have cured indigestion time after time, because they purify the blood. In this way they improve the appetite, disperse the indigestion and enable you to derive benefit from the food you eat.

The following is a statement from Mrs. George Great Shemogue, N.B., six years ago I was taken with a fever which left me from nervous stomach trouble. I could not get over it, but Dr. Williams' Pink Pills cured me.

In this condition I saw in paper the story of a woman similarly suffered and was through the use of Dr. Williams' Pink Pills. I decided to try the pills.

Indigestion Can be Cured by the Use of Dr. Williams' Pink Pills

If your digestion is weak you cannot derive proper nourishment from your food. The pain and distress you suffer is a protest from your stomach that it is unable to do its work. It is then that you lose all appetite, have dull headaches, acute pains in the chest and abdomen, heartburn, and other distressing symptoms. You cannot cure indigestion by the use of laxatives and pre-digested foods only make the stomach more sluggish. Indigestion can only be cured by giving tone and strengthening the nerves that control the stomach. Dr. Williams' Pink Pills have cured indigestion times without number, because they purify and enrich the blood. In this way they improve the appetite, dispel the torments of indigestion and enable you to derive benefit from the food you take. The following is proof of these statements. Mrs. George Brien, Great Shernock, N.B., says: "A few years ago I was taken down with a fever which left me suffering from nervous stomach trouble. I apparently got over it, but the trouble could not have been wholly eradicated, as during the summer of 1912 I was again taken down with it. I took many medicines and was attended by two different doctors, but instead of getting well seemed to be growing worse. I could not eat without suffering the most intense pains; even a drink of milk seemed to upset me. I slept poorly and at last dreaded to see night come. In this condition I saw in a newspaper the story of a woman who had similarly suffered and was cured through the use of Dr. Williams' Pink Pills. I decided to try the pills and found by the time I had taken three boxes that they were helping me. I continued using the pills until I had taken eight boxes when the trouble had disappeared and I have to thank Dr. Williams' Pink Pills for restoring my health after I had practically given up hope of ever being well again."

Dr. Williams' Pink Pills are sold by all medicine dealers, or will be sent by mail at 50 cents a box of six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

## MR. ROWELL AND HIS CLUB

Says it is Non-Political - A Statement From the President.

TORONTO, March 3.—Newton Wesley Rowell, K.C., took occasion yesterday afternoon in the House to explain the position he holds in the Ontario Club, which has a club liquor license in full blast and which rejoices under a Liberal patronage. He drew special attention to an article in the London Free Press concerning his connection with the club, but which he claimed was "entirely without foundation."

He made no attempt to deny his membership in the organization, but stated that he was no guardian of its conduct and could voice only the opinions of one member. The three members of the Opposition beside himself in the House at the time applauded vociferously but the Government side met the argument with laughter, particularly his efforts to show that the Ontario Club is non-political.

His statement was as follows: "My attention has been drawn to a statement appearing in the London Free Press that the Ontario Club is the official headquarters of the Liberal party, and that I am primarily responsible for the proper conduct of the club. I presume this statement must be based upon the suggestion of the honorable member for West Hastings in this House the other day, though the honorable member did not go so far as The London Free Press. "Permit me to say that the statement is entirely without foundation. The Ontario Club is not the official headquarters of the Liberal party in this province. It is a social club, organized in the same way as the Albany, the National or the Toronto clubs. Its membership is composed of both Liberal and Conservative. It is the second place, I am neither an officer nor director of the club and have no more say in its management than any other of its more than 500 members; and on the other hand, the Ontario Club, as such, has no say or voice in shaping the policy of the Liberal party. "I believe it is an exceedingly high-class and well run club, but like all the other leading clubs in Toronto, it has a club license. "The honorable member for West Hastings asked the other day if I had been doing anything to get this license canceled. Permit me to say that I have been doing my best, not only to secure the abolition of this license, but the license of every club in this province. My regret is that I have not received any support in so doing from the honorable member for West Hastings or any other member on the Government side of the House. "What President says. TORONTO, March 3.—"The Ontario Club is a Liberal club," said P.C. Larkin, the president, last night, referring to the statement as to its political hue made by N. W. Rowell yesterday. "A candidate for membership is told that it is a political club, as the Reform Club, of London is Liberal or the Carlton, of London is Conservative. A man to be admitted a member does not have to swear he is a Liberal, but if he were pronounced Conservative he would not be elected. However, many members are not pronounced in their Liberal

views, but applicants, if not connected with any political party, would be admitted. But it is primarily a Liberal organization formed by Liberals to further Liberal principles. The club was opened, by Sir Wilfrid Laurier and every Liberal minister of his Cabinet has addressed the club."

## PONY CONTEST AT COLONIAL

Manager Symons Has Launched a Unique Contest at Popular Theatre.

Manager Symons of the Colonial Theatre is presenting to the theatre-going public a unique and interesting contest in the Dunlop pony contest. With every ticket purchased for the show, a coupon is given, which entitles the holder to a certain number of votes for a candidate. The candidate may be any child, boy or girl under 16 years of age, and the one securing the most votes in the allotted time will receive a splendid pony and outfit valued at \$50. The competition commenced Saturday and will continue for fifteen weeks, at the end of which time the winner will be announced and the pony given.

In the afternoon matinee the value of the coupons will be two and three times as much as the evening performance. This is being done in order to make the matinee more popular. Already over two hundred children have entered in the contest and a large number of votes have been cast. In the advent of a tie at the end of the three weeks, the management offers the winners \$300 for the outfit to be divided between the winners. The pony and outfit will be here in the course of four or five weeks, and will be on exhibition until the end of the contest. Manager Symons is himself selecting the pony, and contestants can be assured of an excellent pony. A large number of theatres in Ontario are carrying on a like contest and have found them to be very popular. The winner is entitled to a splendid outfit and one well worth trying to win.

## STEDMAN TEAM FAILED TO APPEAR

Were to Have Played McHutchison Boys, But Did Not Put in an Appearance.

An unusual incident happened at the Alfred Street rink last night when Stedman's hockey team failed to appear at the time they were to have played McHutchison's septette. The bakers were disappointed over the affair as they intended to sweep down and clean up on the "Booksellers." The McHutchison team paid their share of the rink money and got the benefit of an hour of good stiff practice, and they are no slouch at playing either.

This same team would like to arrange a game with Waterous' apprentices and show them that they are not the only bunch of juniors that can handle a hockey stick. Those wishing to play the McHutchison team, can do so by communicating with T. McHutchison at the bake shop.

## Agitator for Africa To Stir Up Trouble

Tom Mann Will Go Out to Replace the Deported Strikers. LONDON, March 3.—Tom Mann, English labor leader, who has been at the head of many strike movements will sail for South Africa on Saturday to organize a labor agitation in retaliation for the expulsion of the South African labor leaders after the recent general strike. By the scrutiny of votes cast on the Canada temperance act in Peel county the "dry" majority was increased to one.

## Music and Drama

At the Brant. Manager Ernie Moule of the Brant Vaudeville has a splendid bill of vaudeville and motion pictures to present to the theatre-going public for the first part of this week. The Flying Lenolians in their spectacular trapeze work form the feature act and are very good. Some of the stunts they do are very clever and merit well earned applause. Senzell, the acrobat performs a number of difficult and pleasing stunts particularly his dislocation of both shoulders at the same time. McGarry and Revere in their singing and talking and dancing act are very good, the former doing some new and very difficult step dances. Amiotte and Caldwell present a pleasing skit entitled "A Night Out" introducing some new jokes and a couple of well rendered songs. Johnson and Johnson in their singing and dancing act which is very good completes a splendid bill of vaudeville. A three reel drama entitled "Partners in Crime," Path's Weekly, and a splendid split reel comedy makes up the balance of a splendid programme for the first part of this week. At the Colonial. Seldom has a better entertainment been served up than is presented at the Colonial theatre this week, both pictures and vaudeville being first-class. The principal is a three-reel production entitled "From the Be-

BRITAIN'S AIRSHIPS EQUAL TO GERMAN

Of Eight Under Way One Rivals the Latest Zeppelin.

LONDON, March 3.—In the House of Commons yesterday Winston Churchill, First Lord of the Admiralty, in explaining the necessity for the supplementary naval appropriation of \$12,500,000 said the money was mainly for the acceleration of the building of warships. The rest of the money was needed for oil, aircraft and wages.

Mr. Churchill said the price of oil had more than doubled in two years. The Admiralty had already stored away enough to last during three years of peace, and had contracts for a war supply of a year. The First Lord of the Admiralty declared that British tardiness in the matter of air service had been justified, as they were now able to take advantage of recent progress that had been made in that direction. Mr. Churchill said that eight dirigibles had been built, or are building, including one which is approximately equal to the latest Zeppelin vessel.

The Radical and Laborite members and the "little navy" men made pungent criticisms of the extravagance of the First Lord of the Admiralty, but their remarks will not prevent the passage of the appropriation. The debate was adjourned.

STRATFORD MAN HURT AT PARIS

Was Struck by Grand Trunk Passenger Train.

PARIS, March 3.—J. H. Bell, a brakeman, whose home is in Brantford, was struck by passenger train No. 2 on the Grand Trunk tracks, near the Sanderson-Harold works, yesterday afternoon. His head and arms were badly cut, and after being attended by Dr. Dumton, he was removed to Brantford hospital. The unfortunate man was walking inside the signal boxes which has recently been installed, and did not notice that there was not clearance enough between them and the track. When struck he was hurled several feet, alighting on his head.

The high wind of Sunday did practically no damage around Paris. A metal boat house was lifted bodily and broken against the abutment of the G. T. R. bridge.

Prston won the hockey game from the Paris boys by the score of 7-3. Half time score, 4 to 2. The home-sters had equally as much of the play as the visitors throughout the game, but were not nearly so dangerous when inside their opponents' defense. The game was fast and clean, fewer penalties being handed out than during any match this season.

BROKE HIS LEG

John Wanamaker Met With Accident on George Street To-day.

John Wanamaker, one of the Hydro-Electric linemen fell from the top of a ladder in front of 162 George St., this morning and broke his leg and also injured his head. Wanamaker was engaged in installing a service into 162 George St., and in some manner his foot slipped and he fell.

The ambulance was called and the unfortunate man was removed to the hospital where Dr. Barber was called and set the broken member. He is resting nicely this afternoon.

A POSTMAN'S FALL

Emerson Johnson's Head Struck an Icy Sidewalk Monday—A Painful Injury.

Mr. Emerson Johnson, a postman residing at 9 Brighton Place, met with a serious accident yesterday afternoon while delivering the afternoon mail. His feet slipped from under him and he fell on his head on the sidewalk, rendering him unconscious. He was removed to his home where medical aid was summoned, but he did not regain consciousness for about three hours. A slight concussion of the brain is feared, but no fatal results are expected.

MINIATURE FLOOD

Water, water everywhere and more than we want, is the song the residents of Wilkinson Street are singing to-day. The thaw which set in to-day has made a miniature lake of the sidewalk along that street, and as one resident stated this morning, "we have to use boots to get along the street." The sidewalk along this street is below the street level, and every time it thaws or rains, large pools settle on the walk, making it almost impassable. If the city engineering department does not have it repaired soon the residents intend to petition the city council to have it fixed, as the water causes a great deal of inconvenience to pedestrians.

A Conservative Rally

A Conservative rally will take place in the Borden Club rooms on Saturday night next. There will be an attractive program, and all members of the party are cordially invited.

New York Has 50,000 Men Engaged in Digging the City Out of the Snow.

(Special to the Courier)

NEW YORK, March 3.—New York began to dig itself out of the snow. The weather is fair and the temperature is rising with warmer days in prospect, according to weather bureau announcements to aid the army of snow shovellers at work in the streets and on the railroads in the storm area.

With a foot of ice and snow packed hard upon the heavy coating of snow left by two previous storms, the city to-day is assuming something like normal conditions after 36 hours of blizzard weather. The removal of snow from streets and sidewalks is the chief occupation of every person, not otherwise employed anywhere in the greater city.

The most prominent figure next to the great mounds of snow left by the previous storm, which he builds still higher.

It was estimated that in New York and vicinity, including the employees of the railroads, that an army of 50,000 men is engaged in raising the snow embargo.

MR. KELLETT PROVED GOOD FIRE FIGHTER

He Had Blaze Out Before Fire Department Arrived at His House.

The fire department had an early morning call to-day to Mr. W. P. Kellett's residence at 266 Park Ave. Mr. Kellett was awakened this morning about 3:30 a.m., by the smell of smoke in the house. He immediately got up and having a pretty good idea where the fire was he rushed down to the parlor and found the floor underneath the fire-place smouldering. Unable to reach the seat of the trouble Mr. Kellett ran down in the cellar and ripping some of the lath and plaster off the ceiling dashed some water on the fire.

In the meantime Mrs. Kellett telephoned for the East Ward fire department and they responded together with No. 1 hose wagon from the Central station. When they arrived Mr. Kellett had the fire out, but they examined the floor carefully to make sure that no sparks remained smouldering.

The fire started from the overheating of the tile floor of the fireplace, which ignited with the floor. Mr. Kellett started to the firemen that they had had an extra large fire in the grate last night and he was a little afraid of it doing some damage to the floor. The loss will be about \$10 or \$15.

STARS ORGANIZED

Eagle Place Ball Enthusiasts Held Successful Meeting Last Night.

The Eagle Place Stars baseball club held an organization meeting in Reed and Trumper's store last Saturday night, at which the following officers were elected: Hon. Pres. Harry Cocksbutt; Hon. Vice-Pres. Mr. Gantle, Jack Newham, George Weidake, Dr. Robinson, Fred Marks, Jas. Brown, Ald. Geo. Ward, Red. Martin, Lloyd Miller, Ald. Woods, Mr. Hewson and Mr. Plant. President, Frank Reed; 1st Vice-President, Chas. Potter; 2nd Vice-President, Robert Long; 3rd Vice-President, Gordon Schofield; Secretary, E. F. Trumper; Treasurer, R. Fisher; Manager, Fred Billio; Travelling Secretary, Fred Johnson, Executive committee, Frank Reed, Chas. Potter, Fred Johnson, P. Fisher and E. F. Trumper.

The Eagle Place Stars will have an extra strong team in the field this year, and expect a banner year. They have not decided yet to enter the proposed semi pro league with Guelph, Berlin, Stratford, Woodstock, London and St. Thomas yet, but will send representatives to the meeting to be held in Berlin next Saturday.

RIGHT TO VETO ANY MEASURE

Said to be One of Concessions of Asquith Government Re Ulster.

LONDON, March 3.—Commenting on Premier Asquith's promise to introduce the Irish Home Rule Bill for the last time with a statement of what concessions the Government is inclined to make to Ulster, the Daily Chronicle says the Cabinet will not consent to the dismemberment of Ireland, but will propose that education and licensing remain under imperial control, as already provided for in the case of the police, for a period of six years.

The newspaper says also that the post office will remain under the Imperial Parliament; that provision will be made for a board of patronage so as to insure that all public appointments will be made on merit and not on a certain basis; that the Ulster members of the Irish Parliament will have a right to veto legislation inimical to Ulster's interests, and that Northeast Ulster will be included in the Irish Parliament from its inception, but with the right to withdraw from it by a plebiscite in five years.

The Opposition reject the above offer. The Daily Chronicle says the government will proceed with the bill on its present lines. Suggestions made afterwards will be placed on a separate paper accompanying the bill to the House of Lords.

The Chronicle says it is expected that the government will make its offer within a fortnight.

Penman's Annual

The annual meeting of Penman's, Limited, was held at the company's office at Montreal yesterday. The financial statement issued showed net profits for 1913 were \$325,900, as against \$287,216 for 1912. Balance at Friday evening of this week, March 6th, against \$447,106 last year, while the reserve account was increased from \$500,000 to \$600,000, and the surplus of liquid assets over liabilities from \$1,005,022 to \$1,099,491. D. L. Morice, Montreal, who has acted as president of the company since its reorganization in 1905, resigned, and C. B. Gordon, Montreal, was elected to this position, with R. B. Morice, Montreal, as vice-president. William McMaster, Montreal, succeeds E. B. Greenstead, Montreal on the board of directors, the remainder of the board being re-elected.

Rather a Silly Measure

The motorists of the province will raise a loud wail of protest when they realize the purpose of the bill J. McAnderson, Liberal member for South Bruce, has under his wing.

The only comforting fact for them is that the bill comes from Liberal sources, which means that it has the chance of surviving of the proverbial snowball unless and here is the pinch, the farmer members in the Conservative ranks have one of their periodical uprisings and force action. W. J. McAnderson believes that it is a crying injustice the farmer has to stay inside his fences or else drive in the ditches to avoid accidents. The South Bruce man would give municipalities the right to set aside "safety" periods in which the most nervous old dray horse that ever plodded a rural road will have nothing to worry about. The bill, which will be introduced this week will allow a municipality to set aside 24 hours a week on any highway with-in its boundaries during which no motorist may drive along it.

## THE "UNEXPECTED" UPSET DOPE IN COURIER FOOTBALL CONTEST

### Avalanche of Surprises in This Week's Contest—Many "Dead Certs" Failed to Come Across With a Win and Few Correct Guesses Are Made

With a total of twelve correct answers, Wm. Taylor, of 222 Sheridan street, jointly with G. Johnson of Lady's Lane, carries off this week's prize for the Courier football competition. Owing to many unexpected results, a high average of correct answers could not be given. Many of the seeming "dead certs" went down, and with each surprising result competitors dropped a precious solution.

**Winners, Coupons**

Unlike last week's winners, there was very little similarity between the selection of winners by the successful competitors. Taylor got three first league results, four second, one Southern, and four Scottish results correct, whilst Johnson gave four

first league, two second, three third and three Scottish league answers right, Johnson was stronger on the first division, whilst Taylor was better in the Scottish league. On the other leagues each did moderately.

**The Games.**

Taken as a whole, the games turned out very unexpectedly and many away teams gave their opponents a surprise by the way they obtained the points. Supposedly weak teams went visiting and gave their hosts a drubbing, with the inevitable result that they upset the calculations of the most careful and painstaking competitors. If a man had sat down and just chalked his coupon without discrimination, he would have stood as good a chance, on Saturday results as the man who studies carefully every single result. There is no plan which can be systematically followed with regard to football, for it is a game in which there are wheels within wheels. A wealthy club may have all the players of renown, as have Newcastle United, and yet bow the head to a mediocre team where brilliance is not a feature, but where doggedness of purpose and co-operation is utilized. Stars without combination do not shine as a collective organization.

**First Division Games**

Not one in a thousand expected the league ends to beat Burnley at home, and it is a fact that only two competitors marked them to win. Chelsea at home against Aston Villa were equal favorites with their great opponents, against whom they did not survive. Everton had a ground advantage over Manchester City and it helped them to win. Owing to an error, the Courier stated Manchester City as winners, this is not correct, as Everton got through by the only goal of the match. Odds were in favor of Oldham against Liverpool, but the Mersey men managed a point and this caused most guessers to make a miscue. The two Sheffield fields battled, and their meeting was the cause of a great deal of conjecture. Wednesday eventually coming out on top by a single score. These games are usually fiercely contested, and the result is ever in doubt

**Second Division**

Notts County, who are going well, were up to anticipation and did it good and proper to the discomfiture of a large Bradford crowd to the tune of three goals to none. Bury were thought good enough to account for Bristol, but they could not do it, hence a failing of guessers. Clapton Orient surprised the Fishermen of Hull City by their triplet victory—another failure for guessers. Glossop, lowly placed, were not expected to make good against the Wanderers, and fulfilled expectations, and competitors had a safe answer. Leeds City overcame Barnsley after a moderate display by the usual three and pleased competitors, soome hwev r, favored the chances of the Barnsley boys.

**Southern League Surprises.**

With home teams only obtaining 3 points in the aggregate this league was certainly a come-back upon all coupon fillers. A very few anticipated the survival of Queen's Park Rangers, and Milwall or Merthyr, yet these teams were not vanquished. Crystal Palace allowed West Ham to steal a march on them and thus they lost league leadership to Swindon, who regain a lost treasure. Only Brighton were value for two home points whilst they caused Portsmouth to buckle under after a gruelling contest. The Southern League was a trial for the guessers and of the answers no one correct was the average.

**Scottish Results.**

Kilmarnock gave Airdrieonians a knock when they extracted two points by the odd goal of free in a hot contact. Motherwell acted well and showed Dunbarton how to get goals and points. Their result was expected. St. Mirren presented no difficulty to Dundee, whilst Morton were good winners, and favorably followed against Raith Rovers. Two to one fairly represented a splendid exhibition. The Third Lanark v. Ayr United match was postponed, and therefore does not count.

To avoid confusion in the future in order that one man may win the consolation prize it has been decided that the coupon bearing the first numeral, when two or more are tied will be the winner. In this way it is hoped to avoid dividing the prize.

**Competition Grows.**

This week's entries were more numerous than ever, and they have assumed dimensions that speaks well for the popularity of the sport and competition. Don't forget about the early number scheme and get one of the first coupons filled in. You all have a chance.

## ERIE CLUB OUT AFTER THE BEST TEAM POSSIBLE

**George O'Neil Has Baseball Situation at New City Well in Hand.**

Erie, Pa., Mar. 2.—George O'Neil, owner of the Erie franchise in the Canadian league, and George Heine (Smith) of Buffalo, who will manage the Yankees during the coming campaign, reached Erie last night to settle the baseball situation here and make the final arrangements for the season.

Eleven players have signed the contracts tendered them by manager Smith and among the eleven there are men destined to go higher, Smith believes. He has deals under way now for additional men whom he believes will make one of the strongest aggregations in the Canadian league.

Leroy H. Osborne, of Blandside, N.Y., is a pitcher from whom Smith expects much. Osborne is young and has always played semi-professional ball and until this spring he would never sign a league contract. He is a giant in stature, being six feet three inches in height and he weighs 193 pounds. According to Smith he has a complete assortment of curves with a complete command of control.

Charles E. Urban was the sensation of the Canadian league last season in the short field position and he comes to Erie with the Guelph franchise.

Leo E. Wilts is a third baseman who was with the Guelph team last year, but he will have to battle with others for his position, for Smith isn't sure that he is speedily enough to the circuit.

Frank Daniels, of Bradford is a catcher who was considered a whirlwind before he threw a ligament of his arm out. Even with the handicap he hit .324 and fielded at .914 in thirty-five games. This spring he visited Bonessetter Reese and his arm is as good as ever, he reports.

W. H. Nagle is a six-foot hurler from Buffalo, who flings with his good right hand. He has never been in organized ball, but Smith regards him as a comer and worthy of a tryout.

Arthur Pagel is a first sacker and was with Guelph last year. He, too, will have a battle on his hands, for Smith is scouting for a good man for that job.

The signed contract of J. A. Schaeffer, of Toledo, now rests in the strong box of the manager. Schaeffer was the batting sensation of the league last season and hit at the terrific clip of .398. He is a right fielder and had a percentage of .971.

Two youths from Titusville, S. Peer, a shortstop, and John Beck, a catcher, have also been signed. While both lack league experience they were recommended to Smith by a baselball man of experience who believes the youngsters are comers and worthy of a tryout.

Owen Harris, of Baltimore, a fielder, and Paul Warner, of Cleveland, who did some good work at third bag in the city league last year, have also been signed.

Manager Smith will come to Erie about April 12 and the players will be ordered to report at Perry field April 15. The Buffalo Internationals will play in Erie on Sunday, April 19, and it is possible the Philadelphia Athletics will be here a few days later. During the season Philadelphia, Detroit, Washington and Cleveland will appear at the ball yard.

**HOPPE DEFEATS JAP.**  
CHICAGO, March 3.—Willie Hoppe last night beat Koji Yamada, 500 to 374 in the first match of the five-man 18.2 ball line billiard tournament. The match ran to innings. Hoppe having a high run of 156 and Yamada's best innings was 91. Hoppe averaged 50 and his opponent 19.39.

Sunday's gale caused damage of \$100,000 in Toronto and vicinity.

## SPORTING COMMENT

The pick of last season's soft ball league has challenged the Dufferin Rifles indoor ball team to a game of ball at the Armouries some time in the near future.

The Duffs have become the least bit conceited over their wins lately and the pick of the soft ball exponents can take a fall out of the soldiers.

There are some followers of the sport who are also of the opinion that they can do it, and no doubt it would be a corking game.

Secretary Hewitt of the O. H. A. has selected Chilton Childs, the 16 year old goal tender of the Woodstock juniors to guard the nets for the Western Ontario All Stars for their game against the East. Brantford fans who saw his boy wonder work here this year, will no doubt agree with Secretary Hewitt in his selection as Childs is one of the neatest and cleverest goal guardians seen here this year.

The big stars whom the Feds landed earlier in the year, are gradually coming back to organized baseball. "Fritz" Blanding and George Kahler are the last ones to jump back and Dame Rumor has it that the former is to receive the small sum of \$10,000 a year while the latter will get \$6,500 per year.

That Canadian hockey teams have something on American teams still was evidenced in Ottawa Saturday night when Ottawa College defeated Princeton University 3 to 2. Baker the Princeton star was easily the best man on the ice.

The O. H. A. season will wind up on Thursday night, and then we will be free to write baseball for seven months.

It is now up to the Canadian bodies concerned.

## FIVE RECORDS FALL AT INDOOR MEET

**Two of These, 600-Yard and 300-Yard Run, Are World Marks.**

NEW YORK, March 3.—Five new championship records, two of which established new world's indoor marks were made at the indoor national championships of the amateur athletic union, held at Madison Square Garden last night. Two other championship records were equaled.

Thomas J. Talpin, of the Boston Athletic Association, and Alvah T. Meyers, of the Irish-American Athletic Club, set the two new world's records. Halpin won the 600-yard run in the new time of 1:13 2-5. Meyers in the 300-yard run, established a record of 32 1-5.

The other events in which new championship figures were hung up were the two-mile walk, won by Richard F. Remer, Irish-American A. C. in 14:21 4-5; the 1,000-yard run won by Abel R. Kiviat, Irish-American A. C. in 2:15 2-5, and the two-mile run, won by Harry J. Smith, Bronx Church House, New York, in 9:18. Platt Adams, of the New York Athletic Club, won the standing high jump standing broad jump and pole vault for distance. Meyers and Patrick J. McDonald, both of the Irish-American A. C., were double winners. In addition to making his record in the 300-yard run, Meyers captured the 25-pound shot put and was first in throwing the 56-pound weight for height.

The championship's point banner was won by the Irish American A. C. with the New York A. C. second and the Boston A. A. third.

## MOTHER! IF CHILD'S TONGUE IS COATED

If Cross, Feverish, Constipated, give "California Syrup of Figs."

A laxative to-day saves a sick child to-morrow. Children simply will not take the time from play to empty their bowels which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment give a teaspoonful of "California Syrup of Figs"; then, don't worry, because it is perfectly harmless, and in a few hours all this constipation, poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your grocer for a 50 cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company." Don't be fooled.

### EVOLUTION OF SCOTLAND FROM THE OLDEN TIME

#### An Edinburgh Man Calls Attention to Former Conditions.

EDINBURGH, Scotland, March 3.—Mr. R. Graham Ferguson, writing to the Scotsman, says:—

"A writer in Club gave some interesting items regarding the prices of farm stock 400 years ago, and drew the inference that the farmers were poor. We look at the past through the wrong end of the telescope. Money was scarce, but cattle, sheep and horses were plentiful, and game and fish were in abundance. Hence the average Scot was better fed and warmer clad than at the present time. He was also free from the evils of overindulgence in whiskey, tea and tobacco.

English writers have assumed that before the union the Scots were barbarians. A French scientist termed Rob Roy a savage, and Napoleon had a similar opinion, as he ordered his Guards to drive the bare-legged savages into the sea.

"When Edward, 'The Hammer' invaded Scotland, he got abundance of supplies of cattle and grain for his army from Galloway. Gerwick was as great a port as London; the 300 years of war did not ruin the country or create barbarism, as their laws prove. From 110 AD, there were schools; in 1494 education was made compulsory; fire brigades were established in 1424, music and singing were encouraged by the King in 1379. In 1661 members of parliament were paid. In the 10th century Scotland led the world in progressive laws. It may be noted that there were no schools in England for the common people until 1803.

"The feuds and clan wars have been much exaggerated by historians. True the Scots were a fighting race, as every battlefield from the Ganges to the St. Lawrence can testify, but we are told by high authority that now the fighting Gaels come from the East End of London. No country in the world was as free from crime; in 1577 not a single capital crime was committed.

"Money and Dreadsnaughts and aeroplanes are not wealth; it is the men and women, the bold yeomen, their country's pride."

### WEEKLY REVIEW OF OLD COUNTRY SOCCER

(By Geo. Aitken).

What happened to the leaders on Saturday one of the leaders in the four principal leagues in the Old Country won their respective games. Two of these games were drawn. Blackburn Rovers came up against Tottenham and although played on the Rovers ground, they could not do better than draw with the Hotspurs. And Sunderland, the runners up in the first division received a bad check to their fast progress. Bradford City was responsible for pulling up Sunderland and they did it on the "cool boys' own ground, too!

"Cutlery Town" the two local teams met and the result was that the Wednesday took the points with a 2-1 win. Some high scoring resulted at Burnley with Preston taking the long end of a 4-3 score. Oldham and Liverpool retired with a good fight left drawn. Derby County is still on the losing list and this time West Bromwich were the victors. Everton registered another win, taking a 1-0 game from Manchester City. Middlesboro' and Bolton Wanderers divided the honors. Newcastle United travelled to Manchester to meet the United of that City, who held the Newcastle boys and the game ended drawn 2-2.

**Second Division.**  
Huddersfield Town made short work of the locals at Birmingham. Hull City was badly beaten by Clapton and Bradford suffered a like defeat from Notts County.

Barnsley were up against a tough proposition when they met Leeds City and returned beaten by 3-0. Fulham did not find Nottingham Forest easy and they probably did well to avert defeat. Bury got a 2-0 beating handed out to them in Bristol, by the City team.

Lincoln City showed their best form in taking their game at Grimsby. **Southra League.**

Gillingham, who have been well to the front in the winning column these last few weeks, dropped a point, but when considered, they did remarkably well in drawing with Cardiff City. Merthyr made a pretty good showing against Coventry. Swindon has struck a winning streak again, their latest victims being Norwich City. Queen's Park Rangers are making up for their recent reverses by putting it over Southampton to the tune of 2-0. Reading could only draw with Plymouth

Argyle, and the same was the result in the Watford-Bristol Rovers game. Millwall had a cinch in beating Southend 3-1.

**Scottish League.**

Patrick Thistle got upset on their own ground, when Aberdeen grabbed the only goal of the game. Most surprising of all, however, is the defeat of Celtic by Falkirk, and yet many have come to look on the outcome of the game as a win for Falkirk. The "Bairns" certainly have a margin on Celts in wins during the past few seasons. Clyde mowed down the Hibs and got an easy win to their credit with four goals to nothing. Rangers too half a dozen goals and gave Queen's Park no end of trouble. Hearts after their defeat of last Saturday, did not do so well against Hamilton Accies, although Hearts won, they should have had a greater margin of goals, and the result of the game speaks well for the Accies. Morton just squeezed home with the odd goal from Raith Rovers.

**The Internationals.**  
Drawn games between Scotland and Wales have been few, and Saturday saw another draw placed to the list. In their Rugby encounter with Ireland, Scotland came off second best. The men of Erin are playing a great game this year and deserved to win.

**ADVERTISING IN THE LOCAL DAILIES**

Don. C. Seitz, business manager of New York World, in addressing the Pulitzer School of Journalism at Columbia University recently expressed very strong convictions based on actual experience, against the attempts of some newspapers to become national in scope. After all, the large circulations of metropolitan dailies outside their places of publication is too scattered and general to have any very positive value from the advertiser's standpoint. On the other hand, the purely local, and therefore intensive circulations of smaller dailies and weeklies in their respective territories has a definite and proven value which should be recognized as a vital factor in any national advertising campaign.

The Welland Canada Temperance Act scrutiny is concluded, the "wet" majority now being increased to 114.

### BIG BACKER FOR PITTSBURG FEDS

#### Millionaire, Said to be H. C. Frick, is Behind the Club.

CHICAGO, Mar. 3.—President Gilmore, of the Federal League, announced last night that a "Pittsburgh millionaire" had decided to become backer of the club in his town. Stories that Henry C. Frick, of Pittsburgh, had seriously contemplated taking an active part in the natural game have been current for some time, and though Gilmore would not say Mr. Frick was the man, followers of the game here believe he is the one.

The announcement was made after a conversation over the long distance telephone between Gilmore and W. A. Kerr, of Pittsburgh in which the latter is said to have promised that the deal would be closed on Thursday in New York.

**Threaten War.**

The telephonic conversation led President Gilmore to declare any attempt by organized ball to sign players already signed by the Federals, would be the beginning of a war that would threaten the foundations of the organized faction. This statement was made in answer to questions concerning the reported defection of Pitcher Blanding, who, it was said, finally had agreed to join the Cleveland team despite his contract with the Federals.

It leaked out this afternoon that Tom Seaton the pitcher last year with Philadelphia, would join the Brooklyn club was to get Seaton, but the allotment on Saturday gave him to Tinker's club. Ground will be broken for the local Federal League plant on Wednesday. President Weeghman said last night. The contractors agreed to have the stand finished by April 21.

Much disappointment was shown by the Federal managers when it was learned that Christy Mathewson had signed up with the Giants and had not waited for their offer of \$25,000 for three years, made yesterday in a telegram by President Gilmore. Mathewson was wanted to manage and pitch on the Brooklyn team, but efforts will be made to get Sam Crawford, the Detroit outfielder for the job, while President Gilmore intimated that Fiedler Jones, former manager of the Chicago Americans, might be made an offer.

INGERSOLL, March 3.—A big bid is being made by the famous Sarnia "exhibits" for the championship of the consolation series. Ingersoll could not stop the Tunnel Town seven last night in a game that was a thriller from start to finish. The visitors won by a score of 9 to 5 after leading at half time by 5 to 3. It was impossible to detect a weak spot in the visitors' line up and they played classy hockey at all stages, excelling in speed and team work.

Hints on Beauty Culture Rest and Breathe Right To Add to Your Weight

By MAGGIE TEYTE

MAGGIE TEYTE

PERHAPS it is because the too thin woman has recently been designated as "an animated knitting needle" and "a human lead" and "a girl" that I am in receipt of several direct inquiries for rules to increase flesh. If for no other reason than that of novelty and a change from the constant plea for "something to reduce weight," these requests are interesting.

Personally, I have never seen the beauty of the human skeleton. I cannot even see where she is picturesque, or where she fits into the picture. Unless she is very young and gives the idea of being undeveloped, she has always aroused a feeling akin to pity. So it is with genuine pleasure that I listen when she tells me she wants to gain flesh. If there is nothing organic the matter with her system there is no reason why the woman who leads a normal life should be either too thin or too fat. Nor do I think it altogether a question of diet. It seems to me to be largely a matter of assimilation of the food.

Repose Needed First

About that subject you must consult a wise mind than mine. There is where the family physician has a work to perform. I have tried to make it emphatic I know nothing about medicines, nor have I ever pretended to any such knowledge. All I can tell you is how to use common sense in the effort to be well and look well.

Excessively nervous persons are more apt to be thin than are their sisters who take life easily. This is not an infallible rule, however, for the other day I met a woman who was too stout, and she told me a very noted doctor had told her she was a nervous woman.

As a general thing, though, the first thing for the too thin woman to gain is a sense of repose of mind and body. She wants to learn to take things easily. Rest means to you can. Rest means to relax. Let go all your worries. Give your body and mind a chance to recuperate. Don't keep on edge every minute. Sleep and eat. It seems to me that in most cases those are excellent rules for

the woman who is interested in gaining flesh. As I say to the too fat woman, limit your sleeping hours to seven or at the most eight, and shun the midday nap, so I say to the too thin one, sleep eight or nine hours, and take a nap whenever it is possible. And think well of your eating. Eat plenty and often and the most nourishing of foods. Eggs and milk and butter and pure salad oil—that I am in receipt of several direct inquiries for rules to increase flesh. If for no other reason than that of novelty and a change from the constant plea for "something to reduce weight," these requests are interesting.

THE DEBUTANTE :: :: By Michelson

JUST like a flower that seems suddenly to be full and blown. Maybe you didn't notice it very much when it was a mite of a flower, pale and slight, maybe, and a bit ungainly in its lankness. Then all at once, when you're not exactly looking, something happens. The fair wand of the seasons has touched again the opalescent petals, and something in the air or the sunlight, or something hidden all the time in the flower pot of life, throws a flush of rose and gold and amethyst into the lovely outlines and the flower is COMPLETE.

A Question of Temperament

By WINIFRED BLACK

Copyright, 1914, by Newspaper Feature Service.

A GREAT French writer has announced that he is going to get a divorce and marry the widow of one of his best friends.

Winifred Black

The friend was a great writer, too. How pleasant it will be for the widow and the great author to sit by the fire of evenings and talk about the dead man and think how pleased he would be if he knew—everything.

The man who is getting the divorce has a very sweet wife of his own at home. But of late she has not been well. She was, they say, a gray, light-hearted little thing when she married the great writer. That's why he fell in love with her. She was so pretty and light-hearted and she always found it so easy to laugh.

Of late she has not laughed easily at all—and those who love her still yet cannot make themselves believe that she is still beautiful, try as they may. Her eyes do not sparkle any longer; she has grown thin, and the worst of it all is she is a little, just a little, dead.

How could he, and live his own life—his life full of dinners and little breakfasts and pretty excursions into the world of romance with pretty companions who petted him and made much of him and who did not let him remember too often that he had a wife at home—alone.

To be sure, the great writer himself is no longer young. He is quite fat, they say, and very bald, and he dyes his little military moustache, and they do say he suffers terribly with his feet since he fell seriously in love with the widow of his dead friend.

The dead friend had very small feet, and the widow, they say, sometimes speaks of them. It is hard to live up to such a reputation. But the woman he is going to marry when he divorces his faded wife is rather young and very poetic. I wonder if she loves the great author as dearly as the woman he married first loves him. I wonder if she will be as patient with his follies and his little faults.

She has given him up voluntarily, the first wife, because she knows that he is dead in love with the other woman. She is clever after all—if she is not as pretty as she used to be. Unless the great author is very different from the average man, it will be about a year from the day that he is married for the second time when he will not be able to find in it the sentimental poems he is writing—to "One Who Loved Me Well"—the woman he is leaving so heartlessly now.

They say revenge is sweet. Cheer up, deserted wife. A sweet hour is on its way to you.

| With long fingers will be found a love of detail even to trivialities.   | Complete absence of hair on the hands betokens effeminacy and cowardice.   | Hairy hands show a love of luxury.  |
| Fingers that are too square show a fanatical love of order and a servile submission to conventionalities.          | A hairy hand on a woman always betokens cruelty.   | Short fingers prefer generalities to details.   |
| The dignified, respectful person who is easily embarrassed has long fingers.                                       | If the back of the hand is very hairy it betokens inconstancy.   | An exaggerated pointedness of the fingers shows an impossible and fanatical romanticism resulting in impotence.   |
| The whole instinct of the person whose fingers terminate in a cone is artistic. He loves beauty for beauty's sake. | If your fingers are broad and flat at the ends, resembling a chemist's spatula, you will have a desire for movement and manual exercise, a love for what is useful, and a taste for war, travel, agriculture and commerce.   | Any excess in the formation of the hand whereby one part is too large or too small is bad, showing disorder.  |
| A small fleshy ball or knob on the face of the outer phalanx of the fingers denotes tact and taste.                | If your fingers are square at the ends your prevailing characteristics will be a love for symmetry and a taste for politics, philosophy, logic and the languages, and you will incline to discover, rather than imagination. | Among musicians, the most thorough in theory have square fingers, while the most brilliant and skillful instrumentalists have spatulate fingers. The shape of these fingers is not, as many people imagine, the result of practice, but is due to the temperament that makes the practice a pleasure. |

Folklore Signs and Omens

By Elizabeth Hayward

SUPERSTITION seems to be interwoven with all that appertains to human life. Even such matter of fact necessities as most articles of dress have scores of odd and whimsical fancies attached.

At Easter let your clothes be new. Or else be sure you will it rest. Of course there are a few persons today who hold to the old superstition, but at that one finds that not many of her acquaintances will accept their good luck for the next twelve months by letting Easter pass without donning some new article of dress.

If you have your clothes mended on your back you will be ill-spoken of or "come to want" are two readings of an old saying. If an article of dress is not on wrong side out it is an omen of success or good luck. The luck is reversed, however, if the article is changed before the regular time comes for taking it off. An unexplainable fact is that if the garment is put on "hind side before," instead of "inside out," the omen is reversed and betokens ill-luck.

In Chambers' "Book of Days" we are told that William the Conqueror, in arming himself for the battle of Hastings, happened to don his shirt of mail with the hind-side in front; when his followers expressed alarm at the unlucky omen, he quieted their fears by claiming that the sign was a good one, inasmuch as it meant that he was to be changed from a duke to a king.

Queer Creatures on Land and Sea

"The Flying Ape"

By Anita von Hartmann

ALTHOUGH there are many strange kinds of monkeys, there is only one which walks upright all the time like a man and which flies through the air like a bird. It is the gibbon, a small, hairy ape, only three feet high, with long, muscular arms that he waves on high to balance himself as he walks.

With the help of these powerful arms, Master Gibbon leaps from tree to tree with a swift, unbroken motion. He looks like a huge bird flying through the forest. It almost seems as if Master Gibbon had a body made of elastic, he swings along with so little sign of effort.

Should a married woman's apron fall off while she is at her duties it is a sign that something is coming to vex her. If it is the apron of an unmarried woman, she is thinking of her sweetheart. In putting on one's stockings in the morning, if the left foot be clothed before the right, it presages misfortune.

A curious old superstition gives this method for a maiden to get a glimpse of her future husband. If she finds herself sleeping in a different county than that in which she resides she must, upon going to bed, take care to wind the left garter about the right stocking, repeating these words:

This knot I knit  
To know the things I know not yet;  
How he uses and what he wears,  
And what he does all his dearest years,  
As soon as sleep comes she will dream and the wished-for one is expected to appear in her dreams, showing by his dress, or something he carries, his trade or calling.

Throwing an old shoe after one for luck is not only a very old custom, but must have been a popular one. Beaumont and Fletcher, in "The Honest Man's Fortune," use these lines:

Captain, your shoes are old, pray put them off, and let me see a pair of 'em after us.  
An old Jewish custom called for the putting on of the right shoe and the right stocking first, without tying, then the left stocking and shoe were donned and tied, after which the right shoe was tied, thus beginning and ending with the right, which augured a successful day. An old doggerel upon the wearing of the shoe runs as follows:

To at the toe; live to see war;  
Wear at the side; live to be a bride;  
Wear at the heel; live to spend all.  
Wear at the heel; live to save a deal.

Secrets of Health and Happiness

Imperfect Feet Common Among Booted Peoples

By DR. LEONARD KEENE HIRSHBERG

A. B. M. A., M. D. (Johns Hopkins).

Copyright, 1914, by L. K. Hirschberg.

WHEN the strangers visited Abraham, he extended to them the most conspicuous mark of ancient hospitality. He removed their sandals, washed their feet, anointed the toes and invited the visitors into his tent.

This is pronounced proof that the hygienic laws of Moses were known thousands of years before his day. Perhaps much of the knowledge which modern bacteriology has rediscovered was known hundreds of thousands of years ago, only to be lost and refound as may be again and again.

Shoes, sandals and foot covers have always been intimately associated with health, vigor, perfection of form and muscular development. Pigeon-toes, flat-foot, varus, bunions, periarthritis and callous feet are all physical ailments and deformities which have to do with the feet.

So many troubles are connected with the fashion of enclosing the feet in boots that the people once believed the Devil lived in shoes.

Sir John Shorne was noted for curing malaria and the gout by conjuring Mephisto into a boot:

To master John Shorne,  
Most blessed man born,  
For the age to him we pray,  
He lightens a boot,  
The diablo to sprout,  
Oh Nick be evensit, he'll deft.

Usually, nowadays, with strange shoe lasts, tight shoes and the ill-ventilated, closely woven leather which is the fashion of the times, it is not a matter of wrong feet or odd shoes.

Stuck feet and bony defects, awkwardness and other pedal troubles come despite the greatest care. Leather shoes are, in short, responsible for imperfect feet. There are today absolutely no feet among leather-shod, civilized nations.

Skippy and his bare-footed friends; the bare-footed Ethiopians, as well as wild, tribal Africans, Tartars and Indians may do among their numbers a certain percentage of sound feet.

Among the staid, recherche, modish millions of the dressed-up world there are 100 per cent. of bad feet. All due to shoes.

You all know where the shoe pinches, because each person knows—and exaggerates—his own troubles.

Perhaps you have read Sheridan's "Trip to Scarborough?" Here is a dialogue which explains why plumbers, painters, carpenters and shoemakers seldom mend their ways or learn new ways of doing old things and other ways of doing new things:

Lord Fappington—Mark these, shoemaker, these shoes don't fit me.  
Shoemaker—My lord, I think they fit you very well.  
Lord Fappington—They hurt me just below the instep.  
Shoemaker—No, my lord, they don't hurt you there.  
Lord Fappington—I tell you they pinch me externally.  
Shoemaker—Why, my lord—  
Lord Fappington—What? Will you persuade me I cannot feel?  
Shoemaker—Your lordship may please

Witticisms of Little Ones

Jimmy—I'd like to be a doctor when I grow up.  
Tommy—What for?  
Jimmy—So's when fellows mothers brought 'em to me I could say to keep 'em home from school a week or two.  
A Sunday school superintendent at the close of an address on the creation, which he was sure had kept within the comprehension of the least intelligent of the scholars, smilingly invited questions.  
A tiny boy, with a white, eager face and large brow, at once held up his hand. "Please, sir, why was Adam never baby?"  
The superintendent coughed, in some doubt as to what answer to give, but a little girl of 5, the eldest of several brothers and sisters, came promptly to his aid.  
"Please, sir," she said, smartly, "there was nobody to nuss him."

Daddy's Good Night Story

By GEORGE HENRY SMITH

MRS. SQUIRREL was seated on the limb of a tree cracking a nut when she spied Mrs. Rabbit. "How do you do?" asked Mrs. Squirrel, "and how is Erer Rabbit?"

"He is very well," replied her visitor. "I played a good joke on him the other day."  
"Tell me about it," said Mrs. Squirrel.  
"Well," began Mrs. Rabbit. "When you want to make Mr. Squirrel tell you a secret all you have to do is to wait until he is asleep. Then you put his hand in water and he will answer everything you ask him."  
"You don't mean it!" exclaimed Mrs. Squirrel. "Is that what you did to Erer Rabbit?"  
"Indeed it is," began Mrs. Rabbit. "He didn't tell me all I wanted to know about his getting drowned."  
"You mean the time he got wet?"  
"Yes," said Mrs. Rabbit. "Well, I waited until he was fast asleep and then I put his hand in a bowl of water and he told me all about it."  
"What did he say?" asked Mrs. Squirrel.  
"He said—I'm not going to tell what my husband said," replied Mrs. Rabbit.  
"Very well," said Mrs. Squirrel, as she skipped away to look for Mr. Squirrel.

When she found her husband Mrs. Squirrel told him of what Mrs. Rabbit had said and he hopped right down from the tree to ask Erer Rabbit about it.  
"He found him in a fence corner eating a cabbage leaf, and when Mr. Squirrel told him about what Mrs. Rabbit had said Erer Rabbit replied:  
"Ha! ha! I was awake all the time. That's a joke on my wife!"

"Fruit-a-lives" cured me of Rheumatism. It was the only medicine that made any impression on me. I was a terrible sufferer from Rheumatism. I was laid up for four winters with Sciatic and Muscular Rheumatism, and was completely crippled.  
Some neighbor of mine told me that "Fruit-a-lives" helped him, and I started in to take them. I used "Fruit-a-lives" faithfully for two years, taking them every day as I saw they were doing me good, and the results were marvellous. For over two years, I have been completely free from any Rheumatic Pains whatever, and I give "Fruit-a-lives" the credit." W. H. RACHER.

**Chicago Man's Trial for the Killing of His Wife.**

[By Special Wire to The Courier]  
CHICAGO, March 3.—Wm Cheney Ellis, the Cincinnati leather merchant on trial here for the murder of his wife in a Chicago hotel, last October, was in a serious condition as a result of his attempts to commit suicide. It was testified to-day by Dr. E. A. Eesenstadt, ambulance surgeon, the first medical witness to be questioned about Ellis.  
"I did not study his mental condition," said Dr. Eesenstadt, who removed Ellis from the room in which he was found with his wife's body. "His physical condition was serious. He was severely injured about the throat and wrists and I ordered him taken at once to a hospital for emergency treatment."  
Physicians testifying for the defence said Ellis was insane when he committed the crime. Dr. Julius Gdinker of the County Hospital staff declared Ellis was insane when he killed his wife, but was sane now. Other physicians testified Ellis' mind still was affected.  
It is expected the State will put other alienists on the witness stand to-day.

**When Woman Gets a Chance**

**Most Women Get Married Between Twenty and Twenty-Five.**

GRAND RAPIDS, Mich., March 3.—There need be no old—no back-door girls, according to a local mathematician, who signs himself W.A.E. He has devoted much time to statistics, and at the end of his labors comes a message of hope—or of despair, it all depends on the viewpoint—to every unmarried female. Every woman, according to his figures—has some chance to wed.  
"It may be 1 to 50," he admits, causing hope to sag, but he buoy's it again by adding, "and it may be 10 to 1." But to every woman will come that chance.  
Representing her entire matrimonial opportunity at 100 at "certain points in her progress in time," the chance is found to be in the following ratio, and then comes this table which shows that 20 to 25 is the most favorable time for accumulating a husband:  
Between the ages of 15 and 20 years, 14 1-2 per cent.  
Between the ages of 20 and 25 years, 52 per cent.  
Between the ages of 25 and 30 years, 18 per cent.  
Between the ages of 35 and 40 years, 3 3-4 per cent.  
Between the ages of 45 and 50 years, 3 1-4 per cent.  
Between the ages of 50 and 60 years, 1-8 per cent.  
After 60 it is 1-10 of 1 per cent., or one chance in a thousand.

**Paris News**

PARIS, March 2.—At a special meeting of the town council on Friday evening the early closing by-law was given its third and final reading and passed. The by-law provides that all grocers, dry goods merchants, boot and shoe dealers and tailors shall close their places of business at 7 p.m. the first four nights of the week, 9 p.m. on Fridays and 10 p.m. on Saturdays. The by-law goes into effect on March 9th.  
The new building by-law came in for some discussion but no action was taken at this meeting.  
A sad death occurred at Colpoys Bay, on Wednesday, Feb. 26th, when Mrs. Harry H. Bell passed away after a brief illness. She was formerly Eleanor Elizabeth O'Neil of Paris. Besides the sorrowing husband she leaves three infant children, two of whom are twins of about two weeks of age. The remains were brought to Paris for interment, the funeral taking place yesterday afternoon from the residence of her brother Harry O'Neil, South Dumfries to the R. C. Church and cemetery.  
The Board of Trade has called a special meeting for Tuesday, March 2nd to discuss the taking of a "Census" of the town. The churches will supply 150 canvassers, who will each call on eight houses and ascertain the names of all the occupants, together with their religious leanings and other facts. Each clergyman will be given a list of those who signify their religious principles as pertaining to his denomination.  
The members will also discuss a "Do-or Day for Paris."  
Mayor Hocken of Toronto gave a splendid address in St. James' Paris Hall last Thursday evening on "The Possibilities of Canada." Col. the Hon. Sam Hughes will probably be the next speaker at this series of lectures.

**TARZAN OF THE APES**

By EDGAR RICE BURROUGHS

Copyright, 1912, by the Frank A. Munsey Company

The tribe of anthropoids, over which Kerchak ruled with an iron hand and bared fangs, numbered some six or eight families, each family consisting of an adult male with his wives and children—some sixty or seventy apes, all told.  
Kala was the youngest wife of a male called Tublat, meaning "Broken Nose," and the child she had seen dashed to death was her first, for she was but nine or ten years old.  
Notwithstanding her youth, she was large and powerful—a splendid, clean limbed animal, with a round, high forehead, which denoted more intelligence than most of her kind possessed. So also she had a greater capacity for mother love and mother sorrow.  
But she was still an ape, a huge, fierce, terrible beast of a species closely allied to the gorilla, yet with more intelligence, which, with the strength of her cousins, made her kind the most fearsome of those awe inspiring progenitors of man.  
When the tribe saw that Kerchak's rage had ceased they came slowly down from their arboreal retreats and pursued again the various occupations which he had interrupted. The young played and frolicked about among the trees and bushes.  
They had passed an hour or so thus when Kerchak called them together and, with a word of command to them to follow him, set off toward the sea.  
They traveled for the most part upon the ground, where it was open, following the path of the great elephants

The Sight That Met His Eyes Must Have Frozen Him With Horror.

whose comings and goings break the only roads through the tangled jungle mazes of bush, vine, creeper and tree. When they walked it was with a rolling, awkward motion, placing the knuckles of their closed hands upon the ground and swinging their ungainly bodies forward.  
But when the way was through the lower trees they moved more swiftly, swinging from branch to branch with the agility of their smaller cousins, the monkeys. And all the way Kala carried her little dead baby hugged closely to her breast.  
It was shortly after noon when they reached a ridge overlooking the beach, where below them lay the tiny cottage which was Kerchak's goal.  
He had seen many of his kind go to their deaths before the loud noise made by the little black stick in the hands of the strange white ape who lived in that wonderful lair, and Kerchak had made up his brute mind to own that death dealing contrivance and to explore the interior of the mysterious den.  
He wanted to feel his teeth sink into the neck of the queer animal that he had learned to hate and fear, and because of this he came often with his tribe to reconnoiter, waiting for a time when the white ape should be off his guard.  
Of late they had quit attacking or even showing themselves, for every time they had done so in the past the little stick had roared out the terrible message of death to some member of the tribe.  
Today there was no sign of the man about, and from where they watched they could see that the cabin door was open. Slowly, cautiously and noiselessly they crept through the jungle toward the little cabin.  
On they came until Kerchak himself slunk stealthily to the very door and peered within. Behind him were two males and then Kala, closely straining the little dead form to her breast.  
Sir William Leishman told Toronto doctors of success from inoculation for typhoid.
