

The Acadian

DEVOTED TO THE INTERESTS OF WOLFVILLE AND EASTERN KINGS

Vol. XL, No. 20.

WOLFVILLE, NOVA SCOTIA, FRIDAY, MARCH 4, 1921.

\$2.00, payable in advance

The Annual Report

of the Sir Robert Borden Chapter, I. O. D. E., 1919-20.

The Sir Robert Borden Chapter, I. O. D. E., held its fifth Annual Meeting in the Opera House, February 17th. The character of the work done during the past year has been constructive and far-reaching. Twenty-two new names have been enrolled, making a membership of one hundred twenty-one; this includes Five Life members. Prominent among the latter is the name of Miss Gladys Vaughan, who during the past year has been engaged in Relief and Reconstruction Work in Poland. Miss Vaughan addressed a meeting of the Chapter, giving a vivid description of her work, and recounting the almost super-human struggles of the Poles for their independence.

The Treasurer's Report shows

Receipts \$771.75
Expenditures 549.52
Cash on hand Feb. 8th, 1921 \$222.23

In October, the Regent, Mrs. Haliburton Moore, represented this Chapter as delegate at the organization of The Provincial Chapter of I. O. D. E. for Nova Scotia. During the convention Mrs. Moore was made a Councillor of the Provincial Chapter and Organizing Secretary for the Province. Both are distinctions well merited.

Mrs. Moore also briefly addressed one of the sessions on Child Welfare, as conducted in King's County under Mr. Stairs. She emphasized the need of a Home for the feeble minded of our Province.

The Chapter had as its main objective the securing of a Victorian Order Nurse for the town and vicinity. To this end five hundred dollars are on deposit (in Victory Bonds) to be supplemented by gifts from other organizations of the town. Further action in this connection is allied by advice from Head Office, Can. V. O. N., that owing to great scarcity of Nurses some will be available for Wolfville for some time.

The interest of the Chapter has also been directed to the War Memorial Fund, to which the sum of two hundred fifty dollars was contributed. In connection with the various scholarships provided by this fund, the name of Mr. C. B. Lumsden, student Acadia University was presented as a suitable applicant. Unfortunately no scholarships have been awarded this province for 1921.

The Children's Aid Society has received the sympathy and support of the Chapter. The sum of Twenty-five dollars (\$25.00) was contributed.

The cause of Armenia did not make a vain appeal. In support of this object the Chapter voted Fifty dollars (\$50.00).

The Military patients of the Provincial Sanatorium were substantially remembered at Christmas with warm knitted sweaters and attractively filled socks.

The public schools of the town have occupied a prominent place in the work of the Chapter. The good results are in a large measure due to the vigilance and painstaking effort of the Regent who is Chairman of the School Board. Visitation of the schools by members of the Chapter has been increased by contributions of books, maps have been repaired. But perhaps better than all the spirit of Patriotism in the school has received a fresh impetus in the presentation of flags from the Chapter—one for each department of the school, with instruction from the Teacher for daily salutation of the Flag by the pupils. These flags were presented by members of the Chapter on Armistice Day with appropriate addresses when a most inspiring Patriotic Programme was arranged.

Prominent among the Social activities to raise funds was the Lecture given by Miss Gladys Vaughan in College Hall on her "Experiences in Poland." This lecture was fully reported with enthusiastic praise. Proceeds \$151.05.

The sale of Food on the Campus July 1st, by a Committee of twenty ladies (with Mrs. B. O. Davidson Convenor) proceeds \$102.77.

The usual Tess. Pantry Sales, Bridge Parties, etc. assisted materially in increasing funds.

Total proceeds from Sales and Entertainments \$483.92.

The personnel of the Executive for 1920-21 is as follows:

Regent—Mrs. Haliburton Moore
1st. Vice—Mrs. R. DeW. Ardhibald.
2nd. Vice—Mrs. C. M. Vaughan.
Secretary—Mrs. Frances B. Elderkin.
Treasurer—Mrs. Faye Stuart.
Standard Bearer—Mrs. J. T. Roach.
Educational Committee—Mrs. Fearon, Mrs. H. Davidson.
Echoes Secretary—Mrs. A. C. Cox.
Councillors—Mrs. M. R. Elliott, Mrs. J. E. Hales, Mrs. Fearon, Mrs. Sleep, Mrs. S. Percy Benjamin, Mrs. E. S. Crawley, Mrs. Troyte-Bullock, Mrs. C. S. Fitch, Mrs. Coombs, Mrs. J. E. Smith.

The citizens of St. John, N. B., adopted Daylight Saving time on Monday by a vote of 2,568 to 1,258. The change will be in effect from midnight May 21, to midnight, September 3.

Wolfville Defeats Windsor

And Wins Championship of Valley Hockey League

Wolfville's final game in the Valley Hockey League resulted in an easy win for the home team, the score being 7 to 2. This makes the Wolfville boys the champions of the League. The game was witnessed by a large and enthusiastic audience who easily got their money's worth as the game was one of the fastest of the series.

Fraser was unable to play for the locals but his place was ably taken by Herman Baird who played the star game of the evening. The teams were as follows:

Wolfville—W. Spicer, goal; A. Parker and H. Baird, defence; P. Tingley, centre; K. Mason, right; W. Kennedy, left; M. Beardsley and A. Woodman, spares.

Windsor—Geo. Smith, goal; Chas. Wigmore and Sam MacDonald, defence; Victor McCann and Ross Cochrane, centre; Frank Poole, and G. Singer, right; M. Singer and John MacDonald, left.

R. V. Smith, of Windsor, was the referee.

Wolfville set the pace at the start and within a minute Baird received a pass and shot the first goal. Windsor paid a flying visit to Spicer, who guarded the goal well. It was soon seen that the home team greatly outclassed their opponents. Kennedy scored three more goals for Wolfville in this period while the visitors remained scoreless.

The second period was more evenly contested and neither team was able to score.

Windsor set the pace in the third period and John MacDonald scored twice in quick succession, greatly to the joy of the Windsor fans. The Wolfville boys then rallied and for the remainder of the game had things their own way. Kennedy, Beardsley and Parker each scored, making the final standing 7 to 2 in Wolfville's favour.

Working for Nova Scotia

Nova Scotians take their woods and rivers, hills and lakes and their tourists for granted, considering that natural beauty and historic attractions are the sole factors in developing an extensive tourist trade, but the New Englander considers this traffic as a business proposition and has organized to develop it on lines that will yield far reaching returns.

It is asserted that the business men in Boston alone profited to the amount of \$5,000,000 in one year solely through its advantages as a convention and travel city.

Halifax is to have a number of large conventions in 1921, beginning with the Canadian Good Roads Association in May, followed in July by the Canadian Medical Association and others. A number of conventions are also being held at other points in Nova Scotia.

The time is opportune for us to encourage visitors to come here and to render such efficient service as will enable the visitor to not only enjoy his visit but carry away with him a friendly feeling. The psychology of the visitor to Nova Scotia should be a matter of careful study that both in a tangible and intangible way the community may benefit.

In line with this idea the Halifax Board of Trade have been for some time active in gathering data, and it is later their intention to convene a conference of all interested, so that the tourist field may be developed on lines that will yield far reaching returns.

Mr. Saunders, Secretary of the Board of Trade, circulated a large number of enquiry sheets, which are coming in daily containing a vast deal of important information, and will appreciate suggestion and information from all interested in this traffic.

Tourist traffic to Nova Scotia properly developed should be one of our prime industries. It means millions of dollars every year scattered throughout the country.

NOMINATIONS FOR MODERATOR

OTTAWA, March 2.—Rev. C. W. Gordon (Ralph Connor) of Winnipeg, was nominated by Ottawa Presbytery meeting here yesterday to be Moderator of the General Assembly.

TORONTO, March 2.—Rev. Dr. A. T. Love, of Quebec, was nominated yesterday by the Toronto Presbytery as the next Moderator of the General Assembly of the Presbyterian Church in Canada.

Mr. Elmer Westcott has purchased from Mr. P. S. Hales the store next to the Opera House and will continue there his business of handling automobile accessories.

Wolfville Board of Trade

Council Meets and Appoints Committees

An important meeting of the Council of the Wolfville Board of Trade was held on Tuesday evening at the office of the president. The principal business transacted was the appointment of a number of Standing Committees for the year as follows:

Harbor Improvement and Waterfront—B. O. Davidson, J. L. Franklin, H. E. Calkin and H. A. Peck.

Streets—J. E. Hales, H. E. Calkin, J. Elliott Smith and E. H. Johnson.

Town Improvement—Dr. Elliott, H. A. Peck, Dr. Eaton and W. C. B. Harris.

Publicity and Tourist—Dr. Eaton, B. O. Davidson, W. D. Withrow, F. P. Rockwell and T. S. Sanford.

Transportation—H. E. Woodman, G. K. Prescott, J. E. Hales and W. C. B. Harris.

Agriculture—H. A. Peck, E. H. Johnson, J. W. Williams and C. S. Fitch.

Membership—H. P. Davidson, Mayor Fitch, G. D. Prescott, A. M. Wheaton and Dr. Coit.

A number of matters which will engage the attention of the Board during the coming year were discussed.

The matter of calling a public meeting of the Board to discuss town manager and harbor improvement was left in the hands of the president and secretary.

THE MAPLE LEAF ON THE FLAG

(From the Ottawa Journal)

If Canada is to have a distinctive flag, the emblem should carry the maple leaf. One correspondent points out that thirty-five years ago a design was submitted to the College of Arms. The design proposed a Canadian flag with a maple leaf in gold on the main body of the familiar "Red Ensign," the recognized flag of the British mercantile marine. The design, he states, met with the enthusiastic approval of Lord Strathcona. The Manitoba Free Press is still agitating for a Canadian flag with the Dipper and North Star on a white field. Neither the Dipper nor the North Star have ever been associated with Canada, and at a distance would not be distinguished from the Southern Cross of the Australian flag. In the minds of the British people, the world over, the maple leaf is now regarded as Canada's emblem. Canadian soldiers carried the maple leaf on their uniforms into England and France, a wreath of maple leaves was laid on the coffin of the "Unknown Warrior" in Westminster Abbey, and maples are being planted in the cemeteries of Canada's dead in Flanders and France. The maple leaf, either in gold or autumn tints, on a red field with the Jack in the corner would make a beautiful flag and one peculiarly Canadian.

ACADIA NOTES

Saturday evening was Junior Pierian at the Seminary, the young ladies putting on an original program in which "1921 Follies" was the feature. After leaving the chapel the Juniors entertained the Seniors before a cosy open fire, there being pop-corn, college songs and a jolly time generally.

During the illness of E. C. Leslie, of the Academy staff, Mr. John Mosher will substitute as instructor in French. It has been necessary for Mr. Leslie to go to the sanatorium at Kentville, and his many friends wish him a speedy recovery.

Dr. DeWolfe, who has been ill the past week, is back at work again this week.

The second hockey game between the faculty and Wolfville business men has been cancelled.

THE FIRST APPLE SHIPMENT

Annapolis was the first port from which apples were shipped to England. The late A. W. Corbett, father of Captain George E. Corbett, of Annapolis Royal, made the first shipment in 1894 in a small schooner. There were no chilled rooms in those days. To preserve the apples during the voyage he packed icy lumber in the hold of the vessel along the barrels of apples. Now the export of apples from the Annapolis Valley has become an enormous business. The largest orchard on the continent possessed by an individual owner is that of S. B. Chute, Berwick.

Figures that would be considered incredible were they not from unquestioned official records, go to show that in five years in Nova Scotia, ending September 30, 1919, 1,763 people were killed by preventable accidents. That the average yearly death from accidents in this Province is 340 people, that should this terrible toll of human life continue on that average until the end of ten years, a population equal to that of the thriving town of Windsor will have been wiped out.

Daughters of the Empire

School Matters Discussed—Paper Read by Mrs. Faye Stuart

A meeting of the Sir Robert Borden Chapter, I. O. D. E. was held in Parish Hall on March 1st. The Regent expressed regret at the absence on account of illness of Mrs. H. D. Johnson and spoke in appreciation of the excellent character of her work as secretary for 1919-20. The entire Chapter were in sympathy with the remarks of the Regent. On motion a vote of thanks will be sent Mrs. Johnson.

The annual report of the Chapter was presented and is found in this issue of THE ACADIAN.

Mrs. Fearon (Ch. Educational Conv.) reported for Schools. She observed need for Crayolas in Mrs. Davidson's department. On motion the Chapter will provide one dozen boxes.

The leading subject under discussion of the Chapter was the School Library. The members expressed willingness to assist in providing books and magazines in general supervision of the work.

Mrs. Moore (on motion) was commissioned to bring the above question before the next meeting of the School Board and report to the Chapter.

Discussion re the necessity of a Rest Room for the town was enthusiastic. On motion, Mrs. J. E. Smith will seek information from sources where such a scheme is in operation and report at next meeting.

Committees were appointed: (1) Progressive and Entertainment (2) Teas and Supper, A Shamrock Tea with Mrs. A. J. Woodman (Convenor) is slated for March 15th.

The leading number on the program was a paper "Woman and Civics" by Mrs. Faye Stuart. When Mrs. Stuart resumed her seat not a member present doubted that she was born to rule.

VENTILATION OF BEDROOMS

In an interview on the subject of Ventilation of Bedrooms, Dr. B. Franklin, Executive Officer of the Massachusetts Halifax Health Commission, said: "We were to advocate the smashing of storm windows with a sledge hammer. Bad ventilation of bedrooms means high death rates from lung diseases, Sickness rates and death rates from pneumonia, tuberculosis and like affections reach their highest peaks in March and these sick rates and death rates by smashing storm sashes and throwing up bedroom windows. Wide open windows, outdoor sleeping porches in use night and day with plenty of blankets and food cure the tuberculosis sick at Kentville Sanatorium. Why not practice preventive medicine at home? Invest in fresh air bonds, and clip good health coupons."

DAYLIGHT SAVING

An Ottawa despatch says: Whether or not Dominion-wide daylight saving time will be adopted this year has not so far been discussed, but it is thought probable that the Dominion Government will leave the question to the municipal authorities as was done last year.

Natural daylight saving time was last proclaimed and the Government declined to continue the experiment.

SOCIAL NOTES

Mr. and Mrs. B. O. Davidson entertained at five tables of "Auction" last Friday evening.

The Ladies' Bridge Club was entertained on Tuesday evening at the home of Mrs. R. E. Harris.

A number of friends of Mr. and Mrs. Herbert Stairs were entertained at "Bridge" last evening at their hospitable home.

SPRACKLIN NOT GUILTY

WINDSOR, Ont., Feb. 24.—After fifty-five minutes deliberation the jury deciding the fate of Rev. J. O. L. Spracklin found him not guilty of manslaughter at 3.15 p. m. this afternoon. The clergyman was charged with slaying Beverly Trumble, proprietor of a Sandwich, Ont. roadhouse.

The U. S. Senate have asked the President to call a conference of the United States, Japan and Great Britain to consider naval disarmament.

Men's League Social

The condition of the weather and roads on Monday evening was probably the worst of the season but notwithstanding over one hundred men assembled in the dining-room of the Baptist church on the occasion of the second social given by the Men's League of the Church. During the first part of the evening the time was pleasantly spent in conversation and the singing of old songs under the leadership of Dr. Spidle. The program also included two well rendered selections by the College quartette.

The lecture by Rev. Dr. MacDonald on "David Lloyd George" was the principal event of the evening and was listened to with close attention. The speaker gave an interesting account of the early life of the young Welshman and traced his career through the different channels of usefulness until at last he became the Prime Minister of Great Britain and the most out-standing figure in the great world war. Many of the chief incidents of his life were recounted and the lecturer also indicated several of the characteristics which contributed to make his life the wonderful success it has been. Lloyd George was described as a man of intense religious feeling, of wonderful courage and energy, a close observer of man and able to draw to his side those best adapted to render the needed assistance in every crisis of the Empire's need. The lecture was eloquent and instructive and will not soon be forgotten by those who had the privilege of hearing it.

Mr. Morgan Tamplin, who is a fellow countryman of Mr. Lloyd George, and who had frequently reported his addresses in the old land, also gave a number of interesting circumstances which were well received.

On motion of Mayor Fitch, seconded by Prof. McPhee, a unanimous vote of thanks was extended to the lecturer of the evening and gracefully acknowledged.

Refreshments were served by the ladies of the Church which added not a little to the pleasure of the occasion, and the singing of the National Anthem brought to a close an exceedingly pleasant evening.

Inter-collegiate

Basket Ball

The first inter-collegiate game to be played in the new Acadia Memorial Gymnasium was played on Saturday afternoon when the Acadia Co-ed. basketball team defeated the Kings College girls by the score 38 to 24. The Acadia team was composed as follows: forwards, Misses M. Wickwire and I. Murray; centres, Misses Jean Foot and M. Brown; guards, Misses G. Spicer and M. McCurdy.

Two twenty minute periods were played and in the first the King's girls had the advantage, scoring 16 to Acadia's 10. In the second period, the story was different, the local team scoring practically all at will till they had totalled 26 to King's eight, making the final score 38 to 24. Acadia's work in the second period was exceptionally fast, the ball often going from centre to forward and immediately into the basket. Miss Wickwire starred.

On Wednesday evening the Halifax Y. M. C. A. basketball team defeated the Acadia team by the score of 35 to 22. This was Acadia's first game of the season and they showed up well against their more experienced opponents. Acadia had more shots than Halifax, but they were unable to find the basket as often as the visitors.

At the end of the first period the score was 19 to 12 in favor of the Y. M. C. A. The Acadia team was as follows: forwards, Corey and Wetmore; centre, Flemming; guards, Dobson and Murray; substitutes, Lewis and Robson. A. B. Daws, physical director of the Halifax Y. M. C. A. accompanied his players and acted as referee.

CAPT. G. H. PERRY OF YARMOUTH MURDERED

Capt. G. H. Perry of Yarmouth, former master mariner, was found murdered on his own doorstep late on Saturday night. The weapon of the murderer was a bar of iron, used as a cobbler's tool, found near the body. It measured fifteen inches in length with a diameter of an inch and a quarter. Two blows were apparently struck, over the forehead and head, inflicting very deep wounds and fracturing the skull. Capt. Perry was about sixty-four years old and leaves a wife and family. He was well known among members of the nautical profession in Yarmouth. Up to Wednesday night the murderer had not been discovered. Detective Kennedy, of Halifax, is working on the case and developments are expected at any time.

One of the most disastrous railroad wrecks in history occurred at Porters, Ind., on Saturday night when a westbound New York Central train crashed into a head-on eastbound Michigan Central train. Between thirty and forty persons were killed and many injured.

Town Council Meeting

Decisions of Appeal Court Dealt With

The regular monthly meeting of the Council was held on Wednesday evening with Mayor Fitch and Couns. Nowlan, Shaw, Sutherland, Moore and Cox present. There was also present an unusually large number of citizens.

A petition signed by a number of citizens was read asking that permission be given to Mr. S. W. Fullerton to conduct a billiard parlour in connection with his barber shop. On request of the chairman of the License Committee, this was laid on the table for further consideration.

Coun. Sutherland, for the Street Committee reported that during January and February about \$290 had been expended in clearing the streets and side-walks, which was the only work done.

On behalf of the Water Committee Coun. Nowlan reported that ten small freeze-ups had occurred during the month. Otherwise the service was carried on as usual.

Coun. Moore reported the expenditure of the Poor Committee during the month to be \$208.05.

Coun. Shaw, chairman of the Finance Committee, reported on the financial condition at the end of February, showing the overdraft to be in the vicinity of \$12,000.

The following bills were read and ordered paid:

Ernest Coldwell	\$1.50
Freeman Leslie	4.50
T. E. Hutchinson	9.00
A. M. Jack & Son	22.10
H. E. Blakeney	1.45
Municipality of Annapolis	117.50
Burton Croft	12.00

For the ensuing town elections J. W. Vaughan was appointed returning officer and S. C. West poll clerk for District No. 16, poll to be held at Rockwell's Sample rooms; and B. O. Davidson was appointed returning officer and Morgan Tamplin poll clerk for District No. 161, poll to be held at Town Hall.

Much of the time of the session was taken up in dealing with the decisions of the Appeal Court. The law requires that when the total assessment is lowered because of appeals, that the court add a sufficient amount to replace that taken from the original assessment of the property and houses in the roll were added and some valuations were increased. Owners of such properties have the right of being heard by the Council and a member availed themselves of the privilege on Wednesday evening. The first item to be considered was Evangeline Rink which was not assessed last year but was previously assessed at \$2,000. This valuation was placed on the property by the court. Dr. Archibald appeared and claimed that owing to existing conditions the assessment should not be over \$1,000. Under the former ownership the Rink also paid to the town a license fee of \$50 per annum. All these licenses were not taken over by the legislature and Dr. Archibald claimed that from a Lockey game was a high as \$-C.00. In view of the excessive tax, a decrease was asked. The assessment was reduced to \$1500.

Mr. J. L. Gertridge of Gasperau has a barn on his dykeland within the town limits which was assessed at \$1000 and was reduced by the appeal Court to \$700. Mr. J. D. Martin appeared before the Council asking for a further reduction. No action was taken.

T. E. Hutchinson's stables, which were not on the assessor's roll were assessed for \$500. Mr. Hutchinson appeared and asked for a reduction, which was granted, the valuation being placed at \$300.

Coun. Cox opposed the raising of the assessment on his property by \$200, but no action was taken.

The valuation on the estate of B. J. Murphy, which was raised from \$100 to \$300, was not objected to. An increase of \$500 on the assessment of R. W. Tufts was not opposed.

Dr. G. E. DeWitt's assessment was raised \$500. Not being able to attend the meeting Dr. DeWitt sent a letter, which was read but no action was taken.

Dr. Wheelock addressed the council on the matter of assessment and suggested that new residences erected during the past year at excessive cost had not been fairly dealt with.

J. M. Woodman's assessment was raised \$200, A. C. Johnson's \$100, and F. W. Barteaux's \$100, but there were not objected to.

The assessor's roll as amended by the Council was then finally passed.

The resignation of H. Y. Bishop of the position of Town Clerk and Secretary of the Electric Commission, to take effect April 1st, was read and laid on the table for further action.

Application of C. M. Gormley for the position of Town Clerk, Chief Assessor, and Inspector of Plumbing and Electric Wiring at a salary of \$1000 per annum was read and laid on the table.

Police Officer Cowell was re-appointed for the ensuing year.

Council adjourned until Wednesday evening next at the usual hour.

WEEDS

It is impossible to estimate even approximately the loss caused by weeds to Canadian agriculture. A bulletin recently published in the United States estimates the annual loss due to weeds in that country at more than \$300,000,000. Not long ago a western paper stated that the annual loss to farmers in Saskatchewan due to weeds was not less than \$25,000,000. If there is this loss in one province, the total in all Canada must be tremendous. There are many districts in the Dominion that stand high in weed production.

Weeds cause a direct, actual money loss such as those due to drought, hail or frost. There is also a loss in depreciation of property badly infested with weeds.

We do not know the full reason why weeds reduce crop yields, but it is well known that weeds deprive crops of moisture, plant food and sunlight, which cause decreased yields. A crop of grain or grass and clover seed which contains weed seeds will not grade No. 1, and there are certain weeds which it is well nigh impossible to screen out. Every time a sample of grain or grass seed drops a grade the price is lowered.

Weeds cause much extra work. They must be handled a number of times in a grain crop, and extra ploughing and cultivating are necessary in a weed-infested field if a crop is to be obtained. Net profits are reduced because of increased cost of production and of cheapened product. In a sense, farming is a war on weeds. This warfare must be unrelenting and relentless if the farmer is to emerge victorious. Many men make a start to clear their farms of weeds but quit too soon. The campaign is stopped when success is in sight. The plan of attack must be carefully made and faithfully carried out. Every farmer should be his own weed inspector and his own weed eradicator.

Lack of careful planning with reference to weeds is too frequently evident throughout Canada. One man puts in more hoeing than he can properly care for; another fails to follow a sort systematic rotation of crops; still others fail to give the land sufficient preparation for their crops, or sow seed that is foul with weeds. It is because these things have not been given sufficient consideration in the past that the evil conditions of today prevail. The weed problem is one of national concern and calls for active co-operation on a large scale. Every member of the community is affected and should lend assistance. Farmers, weed inspectors, owners of vacant property, township and county councils, and governments must work together if weeds are to be held in check.

The problem is how to get rid of weeds and keep them out. First, follow a short rotation of crops; cultivate the land thoroughly and often; prevent weeds going to seed; clean all seed before it is sown.

If the grain field is weedy, seed it heavily in clover and grass; mow the annuals and biennials before they seed, and pasture closely to keep down perennials; follow by a hoed crop or another crop and most varieties will be checked. — F. C. Nunnick.

Some of the most eminent medical men declare the summer use of daylight saving, with its longer hours of sunlight after work ends, is as good as two weeks' vacation for those who labor hard under adverse conditions and have few opportunities for the recreations of the more fortunate. This claim for the individual and community daylight saving is a complete, a convincing answer to all the smaller arguments against its adoption and should make the city toiler its most enthusiastic advocate.

The dealers who have confidence in their goods and prices, advertise them.

ADVANTAGES OF HOME GROWN TURNIP SEED

(Experimental Farms Note.) Tests conducted at the Experimental Station, Kentville, N. S., indicate clearly a great advantage from the use of turnip seed produced at home.

Home grown seed has shown greater vigour in germination than much of the seed purchased from other sources. This is doubtless due to the fact that it has been of more recent production and has not suffered in vitality from storage, age, or other causes.

The Corning Green Top Swede which had its origin at Yarmouth and the Ditmars Swede which originated at Deep Brook, Annapolis County are outstanding sorts, and in fact, in point of trueness to type are equal to the best Swedes tested. Those men have done a wonderfully good work in originating these two Swedes to their present standard of perfection. Not only are they high in dry matter, in fact higher than many of the varieties usually grown, but they are the best for home use or market of any so far tested. They run true to form, being even throughout with a uniformity that cannot be excelled. They are equal in yield to the best sorts grown.

In view of these facts it is well that consideration should be given to the advisability of using the Nova Scotia grown seed thereby increasing crop yields and at the same time encouraging an industry that means so much to a country where roots form a large part of our succulent crop.

Areas have been devoted to seed production and seed is available at reasonable prices considering its guaranteed quality. By applying to the Secretary of the Yarmouth County Agricultural Society, Yarmouth N. S., and the Dominion Seed Branch, Truro, N. S., farmers may get in touch with growers who have seed of known purity.

After having tested nearly 100 lots of seed grown from different sources for two years we are convinced that the home grown seed will give best returns. This seed, however, is not available through the local trade, and the object in writing this article is that farmers may know it may be secured.

W. S. Blair, Superintendent, Experimental Station, Kentville, N. S.

John Stanfield, ex-M. P. of Truro, and J. A. MacDonald, of Amherst, both Conservatives, have been appointed to the Senate, the former as successor to the late Senator Dennis, the latter for the vacancy created by the death of Senator McSweeney, of Moncton. Mr. Stanfield represented the County of Colchester for two terms and was Conservative Whip. Mr. MacDonald is a piano dealer of Halifax, Amherst, and Moncton. He spends most of his time in Amherst, but has a residence at Shediac.

Whether he is called Ambassador or High Commissioner, there is, the Toronto Globe believes, urgent need for a Canadian spokesman at Washington to deal with Canadian problems and enlighten the American people.

Miss Choate, who is to appear in the Baptist Church on Thursday evening, March 10, 1921, is a young American artist born in 1895. Her training has followed all of the fine things in Music in America. Her forebears are American through and through and all possessed of musical traits that in Miss Choate have arrived at a point of culmination.

Her voice is of unusual range, youthful and of limpid sweetness. It seems remarkable to note the ease with which she renders, in a manner most musical the difficult compositions of the great masters of all generations. She sings with an elemental quality which has the real spontaneity of musical feeling; a voice of exquisite beauty flows from her with a volume seemingly without bounds. No matter where she has sung, all reports are the same; a unanimous expression of satisfaction and delight.

Tickets 75 cents on sale at Rand's Drug Store.

To illustrate the state of unemployment in Boston, a writer in the Post states that an advertisement for a man to work brought upwards of 300 applicants. The crowd attracted the attention of a police officer who, on inquiring as to the cause, received the following reply, "Only one man needed, and yet we have a parade."

Savings Bank deposits in Canada were \$150,000,000 greater in January than they were a year ago. There need be no doubt as to the business situation with this great reserve at call.

FERTILIZERS GUARANTEED

How can we be sure exactly what we are getting? The Fertilizer Act of the Dominion of Canada provides for this assurance that it requires fertilizer manufacturers to attach labels to the packages of fertilizers on which they guarantee the per cent. of nitrogen (the plant grower), phosphoric acid (the plant strengthener) which the contents of the bag carry. These are no imaginary figures but are actually the findings of competent chemists. The law requires that the inspectors of the Department in charge take samples of fertilizers at times and places chosen by these authorities. The consequence is that the products of the fertilizer industry are always open to a checking up by these agencies of inspection, hence the fertilizer manufacturer is bound for his own protection to live up to the guarantees.

But there are other things which assist in the maintenance of the quality of the material. Fertilizers of low grade will not give the financial results obtained from higher grade materials. The fertilizer man knows this. He knows that his only claim for a place in the business world rests upon the service which he renders to the farmers of the country; hence he is primarily interested in putting out good grade material which will give results and consequently build up business for him. As a matter of fact, a farmer buying fertilizer has an infinitely better guarantee than a man buying a carload of manure. — Henry G. Bell, B. S. A.

The Labor Department reports retail food prices dropping in practically all commodities except eggs and potatoes.

The frequent repetition of advertising produces familiarity. Familiarity, on the right plane, produces friendship.

Foreign Basic Slag

Farmers who may be offered Foreign Basic Slag should carefully look into the question of quality and not allow themselves to be hoodwinked into thinking they are getting a better article than is actually the case. For instance the importers of this Slag talk of it as containing 17% Phosphoric Acid, or even 18%, whereas the foreign sellers offer the goods on the basis of 16 to 18% Phosphoric Acid, with a minimum guarantee of 6%, of which only 75% is Soluble. Divested of all camouflage, this means a Slag containing 18% Soluble, or in other words Available, Phosphoric Acid. Then again the guarantee of Finesness given with the Foreign Slag is only 75%, whereas the Sydney product is guaranteed 85%. This is a difference of vital consequence in getting results. Another thing that should be known to Nova Scotia Farmers is that sampling of this Foreign Slag is done at the foreign ports of shipment, and analysis is determined by foreign chemists. If any agricultural organization or individual is foolish enough to do business on such terms, why should Canadian Farmers risk their money in buying goods purchased on such ridiculous conditions? It is wise when offered Foreign Basic Slag to ask for:

- (1) Guarantee of Soluble or Available Phosphoric Acid.
- (2) Guarantee of Finesness.

and compare same with the guarantees given in connection with the Home Product. Do not allow yourself to be fooled into buying a Foreign Basic Slag simply because it is offered as a 17% or an 18% article. Investigate first, and so avoid useless regrets later.

THE BRITISH EMPIRE

There has never been under single sway so great a part of the earth as is now British. Before the world war the empire was credited with 13,153,712 square miles, distributed in Europe, Asia, Africa, the American continent and Australia. The War added immensely to these possessions. From Germany, Great Britain took over 1,027,620 square miles and other hundreds of thousands of square miles in Palestine, Mesopotamia Arabia, Persia and Egypt, making a total of war requisitions of 2,264,040 square miles. Thus is made up an empire of 15,417,752 square miles; and about 500,000,000 souls. In three continents, North America, Africa and Australia, the empire is the largest landed proprietor; in the fourth, Asia, her 3,073,970 square miles represent nearly twice the extent of Imperial Rome. Of her 500,000,000 souls, about 65,000,000 are self-governing citizens, the rest, subjects. If the reader wants to settle in a wide awake community, all he has to do is to look at the local newspapers. A wide-awake, well supported home newspaper is always associated with good schools, churches, active business, and intelligent people. It never fails. No business man or pioneer in any community makes any better investment than in the support of a home newspaper. The three commodities out of the list of 76 which have not come down in price are newsprint paper, wood pulp and banana

Grand Pre News

Mrs. Louise Bishop returned home on Saturday after spending a few weeks with her sister, Mrs. Jackson, of Berwick. Mr. and Mrs. G. F. S. Townsend left on Monday for Halifax. Mrs. Townsend will likely return after a week's visit in the City. Miss Phyllis Fuller spent Sunday at her home here. A public meeting of the Farmers' Association will be held in Evangeline Hall on Friday evening, March 4th, the subject for the evening being Dairying. Mr. W. J. Bird, B. S. A., Provincial Dairy Inspector, will speak on this work.

THE RETURN OF THE TRAMP

The tramp, who almost disappeared during the war, is returning to the highways of the country and the cheap lodging of the towns. By report, the new tramp although as shiftless and as homeless as ever, is better dressed than the old tramp was, and since he cannot get whiskey, has generally a more respectable air. The increase in number of those who wander in search of work—or to avoid it—raises the old question of how to prevent vagrancy. Some authorities advocate farm-labor colonies. At any rate there should be some place where men with neither means nor inclination to support themselves could be put to productive work. The more vagrancy, the more criminals.

FERTILIZING ORCHARDS, VINEYARDS, AND SMALL FRUITS

In fertilizing vineyards, orchards or small fruits, best results are obtained by applying the fertilizer away from the trees, vines and shrubs, so that it may be immediately helpful to the feeding roots. In trees these active roots are found at a distance from the tree about as far as the tree's branches stretch. Fertilizers should be applied to vines and cane fruits about a foot from the vines and canes. The best time to apply the fertilizer is early in spring when the growth and cultivation start. At this time the added plantfood is most helpful to the crop. The fertilizer should be thoroughly worked into the soil. The quantity and analysis of fertilizer to use is as follows: For grapes, use fertilizer analyzing about 3 to 5% ammonia, 6 to 8% phosphoric acid, and 1 to 4% potash. Good results have been obtained by applying 400 to 800 pounds per acre of such fertilizer. For orchards, fertilizers analyzing 3 to 6% ammonia, 8 to 10% phosphoric acid and 3 to 5% potash applied at the rate of about 10 to 15 pounds per tree have given profitable results. Cane fruits and strawberries as well as orchards benefit greatly from an application early in the season of bonemeal or fertilizer analyzing 3 to 4% ammonia and 8 to 10% phosphoric acid.—Henry G. Bell, B. S. A.

Doctor—Your wife's mind is completely gone. Husband—Well, I'm not surprised. She's been giving me a piece of it every day for about two years.

Supervisor—I just found a new spike on your track; practice economy, Mike. Section Foreman—Good fir ye! Oi've bin having two of me min huntin' fir that spike all morning!

It's not the rooster's early rising that makes him unpopular, but his talking about it.

The population of Montreal is given as 800,000 most of it engaged in the liquor business.

For real "honest to goodness" value you will use Red Rose Tea. The same good tea to-day as for over 26 years.

A Man's Estate

There is but one certain way of having an Estate, and that is through life insurance.

At age 21 "twas all the Estate he had."

At age 30 he wisely increases his insurance.

At age 40 he finds the security of his Estate unquestioned by his Banker.

At age 50 he has no fear of hardship for himself or his family.

At age 60 his "Estate" fully paid for becomes a substantial fund, earning dividends.

The records of the Surrogate Office of New York County, covering a period of five years, showed that the average number of deaths among adults for those years was 27,011. Of these: 23,051 or 85 per cent. left no estate at all. 1,171, or over 4 per cent. left estates valued at \$300 to \$1,000. 1,428, or over 5 per cent. left estates of more than \$1,000, but less than \$5,000. 476, or nearly 2 per cent. left estates of more than \$5,000, but less than \$10,000. 480, or nearly 2 per cent. left estates of more than \$10,000, but less than \$25,000.

The Canada Life Way

This Company will guarantee to provide at your death an Estate which is twenty or thirty times greater than the amount of your annual deposit. And if you live—

Every dollar of regular annual deposit will be returned at the end of twenty years, along with substantial dividends.

Fifty dollars a month will be paid to you while living if you should become totally and permanently disabled before reaching the age of sixty.

Our "Capital Return" Policy

- 1st. Deposits are made yearly. This is what you are saving, and at the end of 20 years the Canada Life guarantees the return of every dollar paid in. 2nd. Your life is insured from the day you make the first deposit,—for \$5,000, or whatever amount you decide. 3rd. Dividends are paid at stated intervals in addition to the return of all deposits at the end of 20 years. 4th. These dividends may be used to increase the amount of your insurance, or be allowed to accumulate at interest for 20 years. 5th. The cash value of Policy and Dividends represents a valuable asset, useful in business, and your "estate" is protected by the insurance. 6th. At the end of Twenty Years you can draw out all you have paid in, along with the accrued dividends—

you can draw a Special Cash Guarantee, together with the Accumulated Dividends, making a substantial sum, and leave the \$5,000 Policy fully paid for and continuing to earn Dividends as long as you live—

this Special Cash Guarantee may be applied to increase the amount of your policy to more than \$7500.

Subscription Rates—In British Empire, in advance, \$2.00 per week. To U. S. A. and other countries \$2.50 per year.

Advertising Rate Cards and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Weekly Newspaper Association.

Advertisers must have copy in by Tuesday noon in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

Correspondence—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter its chance of insertion. All communications must bear the name of the writer, not necessarily in full. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

THE ASSESSMENT

Assessment is one of the most difficult problems which towns and municipalities have to face today. One of the chief causes of complaint on the part of the ratepayer is that his property is not valued equitably in comparison with his neighbors. The Assessor's oath of office requires him to set the actual cash value of each property, but so far as we can learn, this is seldom attempted. The usual course is to adopt a fifty per cent. basis or a forty per cent. basis, or whatever can be agreed upon. Why this should be we are unable to say. The result, however, is that no assessor attempts to place a correct valuation and that each is seeking to establish the lowest possible percentage. This is due in municipalities to the fact that an even rate gives the advantage to the ward that is assessed the lowest. As between towns and municipalities joint service is the disturbing factor. What is meant by joint service is that a number of expenditures of the county are born jointly by the municipality and the town. The proportion is based upon the assessment and the advantage falls to the district having the lowest percentage of assessment. It will be readily seen that it is more difficult to make a fair assessment on the percentage basis than it would be if the assessors endeavored to make an actual valuation of each property. Hence very much of the difficulty which exists. In our opinion the best way to overcome the difficulty so far as the towns are concerned would be to do away entirely with the joint service, and have each municipality entirely responsible for its own expenditures. This would remove the element of jealousy and enable each district to make its own assessment without regard to its relative proportion to its neighbors. The result would be that the actual valuation would be made and taxation based on them would bear equitably upon the ratepayers. Instead of viewing present conditions as if it were not possible to make a change the wise course would seem to be to seek such amendments to the Town's Incorporate Act as will permit us to carry on in a sane and logical manner.

The total number of those assessed for income in Wolfville is fifty-six and the total amount assessed on these is \$26,760. This makes an average of about \$177 each, but as a few individuals are assessed for a much larger amount the ordinary income assessment must be much smaller than that amount. The matter of income assessment ought to be thoroughly gone into as at present operated it is as much a farce as the personal property valuation.

LOSSES IN MAILING

The astounding statement is made by the postal authorities in Washington that more than 20,000,000 letters in the United States reach the Dead Letter Office each year because they are so incorrectly and improperly addressed that they cannot be delivered to the addressee or returned to the sender, and the first Assistant Postmaster General well says: "If your letters are important enough to write, is it not important enough to see that they are correctly addressed? Mail is usually dictated and signed by the highest salaried officers and employees of a business then entrusted to the lowest paid employee for mailing."

Every business man will acknowledge the truth of this last remark, yet what a pity 'tis 'tis true. In view of this fact the chief surprise is not that twenty million letters every year are lost or cannot be delivered, but that the number is not very much larger.

THOU SHALT NOT KILL

To the Editor of THE ACADIAN: Dear Sir:—I notice of late that there is considerable smoking at the Post Office. This, as I understand the matter, is in direct opposition to the present rules of the Department, as well as a decided nuisance to the public. If at the present day there is one place that is supposed to be free from the smokers' pollution it is a pity that the rules cannot be better observed. Ordinary courtesy should prevent any well-bred person from making a public nuisance of himself, but the average smoker apparently fails to realize this. May I suggest to the caretaker at the Post Office that the rules regarding smoking in that public institution be enforced.

DECENCY

AN ELECTION

Tuesday was nomination day for the town election to fill the vacancy caused by the resignation of Mr. A. M. Wheaton.

Two nomination papers were filed, the nominees being Mr. A. M. Wheaton and Mr. C. M. Gormeley.

Mr. Wheaton's paper was signed by Messrs. D. G. Graham, Edson Graham, Arthur C. Johnson, C. R. Nowlan, H. G. Bishop and F. S. Crowell.

Mr. Gormeley was nominated by Dr. Spidle, Dr. Archibald, Dr. DeWolfe, and P. S. Hsley.

Tuesday next will be election day when the vacant seat will be filled. The unexpected is what happened as it was not generally supposed there would be a contest. On the other hand a rather lively one is anticipated.

ANOTHER CRACK AT THE PRINTER

Printer's ink is still away up in price and may go higher.

In a number of the States across the border there is a law to prohibit the use of natural gas for the purposes of making carbon black as this gas is much more valuable for heating and manufacturing purposes. This law may extend to our states, if so Printer's Ink will go even higher than at present. The poor printer gets it on all sides.

LOWER HORTON ELECTRIC CO.

A meeting of the share-holders of Lower Horton Electric Co., was held on Tuesday evening in the basement of the Methodist church. The following officers were elected:

President—Rev. G. W. Whitman.
Secretary—L. H. Curry.

Directors—Miss Annie M. Stuart, G. P. Fuller, R. W. Woodman, S. H. Trenholm, and Rev. F. E. Roop.

The company is capitalized at \$25,000. The line will be constructed along the "Ridge" road to Grand Pre and Hortonville and the work will be completed as soon as possible.

THE KING'S MOUNTED RIFLES

The Companies of the King's Nova Scotia Mounted Rifles have been localized by the Militia Department as follows: Headquarters, Kentville, N. S. "A" Squadron, Canning, N. S. "B" Squadron, Kentville, N. S. "C" Squadron, Middleton, N. S.

It is to be regretted that the Mount Allison campaign for half a million dollars has so far failed to reach the objective. Over \$300,000 was subscribed, and the balance is needed and will likely be gone after later.

AVONPORT NEWS

Miss Olive Parker returned to Halifax on Wednesday after spending a week with her parents, Mr. and Mrs. W. O. Parker.

About forty-five members of "Hopeful" Division enjoyed a very pleasant sleigh drive to Wolfville on Friday evening of last week. After taking in the Hockey match between Wolfville and Windsor, lunch was partaken of at Young's restaurant.

Miss Muriel Starrat returned to her home in Lockartville on Wednesday last, having spent a week with her grandparents, Mr. and Mrs. Jas. Starratt.

Mr. and Mrs. Barrett and little son Carroll have arrived from St. John, N. B., and are occupying the house recently owned by Major J. B. Gordon-Ralph.

Two very interesting hockey matches were played here on our open air rink on Saturday last. In the morning Hantsport Juniors came up by train and played the Junior team of this place. The game resulted in a victory for our boys, score 6 to 0. In the afternoon Gaspereaux team played our senior team, that game also resulting in a victory for the home boys, score 5 to 2. Wm. Millett refereed in a most satisfactory manner.

King Nicholas of Montenegro died on Tuesday at Antibes, France.

Chiropractic Health Talk

Who Hath Ears to Hear Let Him Hear

No one was greater master of the art of giving the World a message than Christ. It was He who urged that those who have ears to hear should use them to hear and to heed any message of good.

Chiropractic brings a message of good for those who are ill or suffering from disease. The twenty-four movable joints of the back-bone become disordered by strains, jars or accidents and in such disorder cause pressure upon spinal nerves at their exit between the disordered joints.

Chiropractic adjusting removes the pressure. It is a simple common-sense method of correcting bodily ailments that will bear all the investigation you can give it.

The Providence Methodist Church, at Yarmouth was completely destroyed by fire on Sunday morning.

Dr. Edward Freeman will receive call at Mrs. Lawrence Eaton's, 183-11, until able to locate elsewhere.

Last evening at the Acadia Gymnasium the Mt. Allison girls defeated the Acadia girls at Basketball by the score of 9 to 7.

The announcement that Dr. T. Stannage Boyle has re-considered his resignation from King's University and will remain as its honoured President, is received everywhere with satisfaction by the friends of Kings College.

Mr. W. J. Bird, B. S. A., Provincial Dairy Inspector, is addressing meetings in this section under the auspices of the Kings County Farmers' Association. Last evening he addressed a good meeting at Gasperau and to-night he speaks at Evangeline Hall, Grand Pre.

During the past few weeks extensive repairs and improvements have been going on at the residence of the late Dr. R. V. Jones, now the property of Judge Ritchie. It is understood that the judge and his family will take up their residence here in the spring.

If the evidence is to be trusted, spring cannot be far away. The weather which introduced the month of March was most balmy and spring-like and "marbles" made their appearance the opening day. It is not improbable, however, that a more lion-like character may yet develop.

The death of Lillian, daughter of Mr. and Mrs. William Cook, of this town, occurred at the Victoria General Hospital, Halifax, on Feb. 23rd, after a very serious illness of two weeks duration. The deceased had made her home in Halifax for some time. The remains were brought Wolfville last week for interment in Willow Bank Cemetery.

Our enterprising dry goods merchant, Mr. C. H. Porter, has made arrangements for extensive improvements in the appearance of his place of business, which will be begun at once. A new front of an up-to-date and handsome appearance is included in the change and Mr. Porter expects when the work is completed to have the finest looking dry goods store between Halifax and Yarmouth.

Mrs. Mary Kinley Ingraham, librarian at Acadia University, has received an invitation to attend the convention of Canadian authors which is to be held at Montreal on March 11th and 12th. Mrs. Ingraham has been a contributor to The Canadian Bookman, The Canadian Magazine and various Canadian newspapers. She is also the author of "Acadia," the play which recently made such a hit.

The death of Mrs. Eliza Pinch occurred at her home at Wallbrook on Sunday. The deceased was 51 years of age and although occupying a humble sphere was highly esteemed and will be greatly missed in the community of which she was a useful member. She is survived by her husband and seven children. The funeral was held on Tuesday afternoon and was largely attended. The service was conducted by Rev. Mr. Whitman, the interment being at the Methodist Cemetery at Lower Horton.

The St. John's Parish Hall, recently opened by a congregational reception, is now in full use. It supplies a long felt need of the old Anglican parish of Horton and no doubt will greatly facilitate the various departments of its work. The remodelling of the building, which formerly comprised a store and two tenements, was carried out under the direction of Mr. Jes. Pratt with very satisfactory results, and the congregation may be heartily congratulated in the possession of an attractive and commodious parish room, with a large assembly hall suitable for meetings, and social gatherings and two smaller rooms to be used as a kitchen and store room. The Hall will be used for Sunday School, week night services, parish meetings and will be rented to Societies for meetings and for parties, etc. It will be seated with chairs which though ordered, have not yet arrived. Till then the Sunday School will continue to be held in the Church. The congregation as a whole have taken up this scheme with great enthusiasm and no doubt will carry it through to a successful completion.

Coming Events

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

Don't forget Professor McPhee's lecture in St. John's Parish room on Friday evening at 7.30. Admission free.

A meeting of the Cricket Club and all interested in the game will be held at the Royal Hotel, Tuesday, March 8th, at 8 p.m.

Mrs. F. W. Woodworth will be "At Home" on Wednesday and Thursday, March 9th and 10th, at her home on Pleasant Street.

Mrs. Edward Freeman will receive at the home of her mother, Mrs. Lawrence Eaton, on Tuesday afternoon and evening, March 8th, 1921.

The Boy Scouts will meet this evening as usual at 6.45. Tuxis Boys at 8.30. A full attendance of the latter is requested to arrange a program for the ensuing season.

There will be a short meeting of the Social Service Council at the Town Hall on Saturday evening at 7 o'clock. A full attendance is desired as matters of importance are to be discussed.

Don't miss the sensational race between Sir Barton and Man O' War, at the Opera House Monday and Tuesday. Two thousand feet of film. You see the race from start to finish. A great race.

President Wilson yesterday vetoed the Forney Emergency Tariff Bill.

Sir Robert Borden is confined to his bed, suffering from a fall. He is quite seriously hurt.

Rev. E. B. Moore, formerly pastor of the Wolfville Methodist church, died yesterday at Halifax.

The Railway Commissioners have ordered the D. A. R. to continue the "Owl" train to Annapolis.

Just as soon as the weather permits, the work of erecting a \$100,000 school building in the east end of Truro will be commenced.

We are told that there is a bread line of famine sufferers today that would reach around the world, allowing two feet for each victim.

H. L. Dennison, Town Clerk of Digby, has resigned and Alfred Boden, a young Englishman, living in Digby for ten years, was appointed to the vacancy.

Next December the United States will mark the tercentenary of the first planting of the potato, Bermuda sent the first potatoes to the neighboring Republic 300 years ago. Next December the celebration takes place.

The debate between King's and St. Francis Xavier Colleges will not take place. In the subject for debate, "Resolve that the good effects accruing from the late war outweigh the evil effects attending upon it," St. F. X. chose the affirmative, but as the debate has been called off, King's wins by default.

We wish to call the attention of our readers to an error in the adv. of the Cross Fertilizer Co. Ltd., which appears on page two. The third sentence reads, "Divested of all camouflage, this means a slag containing 18% soluble, or in other words available Phosphoric Acid." This should read 12% instead of 18%.

Rev. E. S. Mason, Superintendent of Home Missions for the Maritime Provinces, spent Sunday in the city. In the morning he spoke before the German Street church regarding the important work committed to his care. In the evening he was with the Central church. The denomination is fortunate in having a man of such sound judgement and sane commonsense to supervise this department of our work.—Maritime Baptist.

Money to Loan on Real Estate

Apply Blauvelt & Withrow Herbin Block - WOLFVILLE, N. S.

Paper money in existence in Germany amounts to 105,000,000,000 marks and that in circulation amounts to more than 80,000,000,000, as against 50,000,000,000 in circulation in 1919. Keeping the printing presses going in Russia, Germany and other countries turning out paper money has done a lot to increase the paper shortage.

Despite the Mohametan law against drunkenness, the Moslems find it necessary to start an anti-drinking campaign. The shops are picketed and any inebriated believer is seized, his face blackened and marched through the streets with a garland of old shoes around his neck to the music of oil-tin drums.

CANADA'S CREDIT ABROAD

(From the Toronto Globe)
It is reported in New York that the Dominion Government has already bought in a considerable part of an issue of \$25,000,000 of war bonds sold to American investors in the spring of 1916, and has completed arrangements to retire the remainder of the issue at maturity on April 1. The British Treasury still owes the Dominion Government and the Canadian Chartered Banks a very large amount advanced during the war for the purchase in this country of military supplies. It is said that the repayment of this loan will be undertaken before long by the British Government. No better use could be made of any Treasury surplus thus created at Ottawa than by retiring the indebtedness of Canada to the United States. At present our exports to that country come far short of paying for our imports from it, yet we are under the necessity of increasing this adverse balance by devoting a considerable part of our exports to the payment of interest upon our borrowings in New York. A rapid reduction of these obligations by utilizing British payments to meet our maturities in the United States would strengthen materially Canada's credit abroad and lessen the drain of adverse exchange.

Now that science declares seventy per cent. of Americans to be mentally less than fifteen years old, the Boston Transcript says it can understand why a man who draws pictures for the Sunday supplements may be earning more than the President of the United States.

Mitard's Liniment for Dandruff.

DIED AT UPPER CANARD

The death occurred very suddenly at her home at upper Canard on Monday Feb. 21st of Mary, wife of Robert W. Rand. The funeral services were held Thursday, conducted by Rev. A. J. Prosser at the residence.

Mrs. Rand had been in her usual health. Just before retiring she took ill and lived only an hour.

Mrs. Rand was Mary Kinsman, daughter of the late Samuel Kinsman, so well known in Canard. She leaves a sorrowing husband, one son, Lorne, who lives in an adjoining house, and has charge of the farm; also one sister, Mrs. Cyrus Ellis, of Belcher Street.

Mrs. Rand will be deeply missed in the Baptist Church and the community in which she had lived so long.

The old system of appointing census enumerators will be continued when this year's census is taken, says an Ottawa despatch. Three years ago the Government placed all appointments in the hands of the Civil Service Commission, but it is felt that the census which will require over fifteen thousand enumerators is a particularly large order for the Commission so the Government will make the appointments on the recommendation of the census commissioner for the different counties, who will consult the sitting members of some one of prominence.

In 1920 the New York Times published 23,450,000 agate lines of advertising. This represents the greatest volume of censored high-class advertisements that has ever appeared in one year in any newspaper in the world.

HOLIDAYS FOR 1921

There will be only 88 days, exclusive of Sundays, during the year 1921, when some country somewhere in the world is not celebrating a holiday of one sort or another. Even this small number of world wide working days will be reduced by advances to other days of celebrations which would otherwise fall on Sundays. Moreover, there will be further abstentions from toil for religious and other festivals not recognized as holidays by governments or banks, but which nevertheless will be participated in by many thousand men and women. Of all countries Turkey is most given to the keeping of holidays, there being twenty-six days in the year when special celebrations are held. Scotland, with only five holidays is the most thrifty country of its time. —Acadian Recorder.

The following from the news columns of a British Columbia paper is a sample of what we will probably read often in future: "Mrs. Heggie, wife of Mr. Hugh Heggie, solicitor, of Vernon, was suffocated early on Friday morning last with her three months old baby, as a result of a fire caused by a cigarette stub the deceased lady had been smoking before falling asleep. Mr. and Mrs. Heggie had only the night before celebrated the first anniversary of their wedding.

Old Sailor—"Yes, sir, I fell over the side of the ship, and a shark 'e came along and grabbed me by the leg."

Visitor—"Good gracious! And what did you do?"

"Let 'im 'ave it, o' course. I never argues with sharks."

FOUNDERS IN CANADA

ON Place d'Armes in the City of Montreal stands a monument to Sieur de Maisonneuve who, landing near this spot in the year 1642, founded the settlement which is now the City of Montreal.

Facing Place d'Armes stands the Bank of Montreal, which opened its doors for business a short distance from the same spot over one hundred and three years ago.

From the Settlement founded by Maisonneuve, civilization has spread to the east and west until to-day the Dominion of Canada extends from Halifax to Vancouver.

Likewise the Bank of Montreal has grown, until after over a century of steady and conservative progress, it to-day has Branches in all of the cities and larger towns in Canada, with offices in the principal financial centres of the world, and correspondents in every country.

On account of the storm of Monday night, the carnival which was to have been held Tuesday evening, is postponed indefinitely.

Mr. S. L. Gates spent February 26th. in Halifax.

Mr. O. G. Cogswell is spending the winter months in Mobile, Alabama, with his brother, Capt. M. D. Cogswell.

The "Lily of the Valley" Division is preparing to give a public entertainment on March 11th, entitled, "The Making of Canada's Flag."

Mr. H. R. Holding, manager of the Royal Bank of this town, spent Saturday in Halifax.

Had roads do not seem to hinder the stork calling; as we hear a son has arrived at Mr. Reginald MacDow's, also one at Mr. A.N. Coulstan's, and a daughter at Mr. Justin E. Gates'.

Miss A. M. Cogswell is in Lakeville for two weeks.

Miss Hanson, of Geo. A. Chase & Co., who has been spending the past two weeks at her home in Amherst, is expected here March 2nd.

Mr. Geo. A. Chase, who has been spending the last month in U. S. A., is expected home this week.

Several enjoyable sleighing parties have recently taken place among the young people. On February 12th, the Port Williams Mission Circle enjoyed a drive to Wolfville, and on returning, were entertained at Mrs. O. N. Chipman's.

On the 19th, the "Live Wires" S. S. class, entertained the "Busy Bees" S. S. Class on a drive to Wolfville.

On returning they were entertained at the home of Mr. M. A. McKinnon, teacher of the "Live Wires" class; where they all enjoyed a dainty luncheon, served by the "Busy Bees" class, assisted by their teacher, Mrs. S. L. Gates.

The "Class in the Corner" (boys) gave the "Royal Oaks" (girls) "Sunshine Class" (girls), and "Little Builders" (boys), a delightful drive to Kentville on Saturday, the 26th, and were entertained in the evening at Mr. A. C. Murphy's, teacher of the "Class in the Corner."

Toronto—A new organization, to be known as the Daughters of Canada, with head office here, has been incorporated.

The aims of the incorporation, it is stated, in the letters patent granted by the Department of State, is "to develop a spirit of true patriotism based on love and pride in country."

They also propose to study the constitutional history and geography of Canada, to advance a knowledge of sound domestic principles, to stimulate love for Canadian art, music and literature in our schools and community centres, and "to welcome strangers within our gates, help them to understand our institutions and to encourage them to become citizens of Canada."

Don't advertise on fences. Cows don't do any buying, and autoists go too fast to read.

Rheumatic Pains Are relieved in a few days by taking 30 drops of Mother Selgel's Syrup after meals and on retiring. It dissolves the lime and acid accumulation in the muscles and joints so these deposits can be expelled, thus relieving pain and soreness. Selgel's Syrup, also known as "Extract of Roots," contains no opium or other strong drugs to kill or mask the pain of rheumatism or lumbago, it removes the cause. 50c a bottle at druggists.

Piles Cured Permanently Without Drugs

Internal Bathing Relieves the Cause.

Mr. A. N. Steele, Cupar, Sask., writes: "I had been troubled with my stomach, Piles and Constipation for years until I had become very thin and looked 20 years older. A leading Doctor in Regina told me that the main canal was badly ulcerated. I gradually became worse, until one day, when purchasing a threshing outfit from Mr. Russel of Regina, Mr. Russel noticed my condition and said: 'I can cure you. Get a J. B. L. Cascade. Well, I did so, and the first night I used it I slept all night for the first time in weeks, and in a short time felt quite myself again. It also cured my piles, which had troubled me for years.'"

If you are troubled with constipation don't drug yourself. Internal bathing with the J. B. L. Cascade is the only permanent way. This wonderful appliance is the invention of Dr. Chas. A. Tyrrell, New York. It is pleasant and easy to use, and will serve the whole family. It should be in every home. See the J. B. L. Cascade at A. V. Rand, Druggist, Wolfville, where it will be shown and explained to you. Ask for 32 page booklet all about internal bathing. It is free, or write Tyrrell's Hygienic Institute, 163 College Street, Toronto, Ont.

THE CURLER'S TOUR

(From Canada, London.)

The Canadian Curlers' visit to Scotland and England has been in every way a success. Although they have had to hand over the Strathcona Cup to Scotland, who won three out of the four Scottish-Canadian matches, they defeated their opponents—Scotland in the one case and England in the other—in the remaining two of these fixtures. As far as the thirty games against district teams were concerned, the Canadians—whose native climatic conditions are so much in their favor—had quite a triumphant progress, suffering only two defeats. Throughout their tour the Canadians have established a reputation among all those with whom they have come in contact as the best of sportsmen. They themselves leave Scotland with the deepest appreciation of the kindness attended them on all hands, and by the Royal Caledonian Club in particular. We are sure one of their spokesmen was in no degree exaggerating the importance of their presence when he claimed that the visit had been fruitful of good results, not only from the personal, but from the Imperial standpoint. It is not the first time that sport has proved the means of knitting closer the kinship of the Empire.

THE PRICE OF PAPER

(From the St. John Telegraph)

It is intimated that the price of newspaper for the second quarter of 1921 will be reduced by a cent a pound, but anyone who supposes that the Canadian newspapers are out of the woods if this reduction becomes effective on April 1 knows little about the facts principally affecting publishers' costs. Before the war Canadian publishers paid a little less than \$40 a ton for newsprint. At the present time they are paying \$120 a ton. This year postage on newspapers is two hundred per cent. higher than it was last year. Freight is still excessive as compared with pre-war rates, and the promised reduction will amount to little. Thus while some lines of business have been benefited by declining prices, and while there is general talk of lower price levels, the cost of publishing newspapers has not declined, and the promised reduction to \$110 a ton for newsprint next quarter would by no means offset the rather excessive costs which the newspapers still have to face and will have to face indefinitely. There is a slump in pulp, and the export demand for newsprint is likely to decline considerably this spring and summer, and it seems hardly probable that the American and Canadian manufacturers can keep the price-nailed up at the \$110 level and still dispose of the larger output resulting from expansion of mill capacity brought about by war prices, by a tremendous American demand for paper and by the booming period for paper stocks. There never was any justification for \$130 paper, and there is no justification for the \$110 level now promised. But the publishers have no choice. They are notified periodically what the price will be, and all they can do is step up to the captain's office and settle. A falling American demand and the offering of stock from foreign sources closed during the war and for a time after may change the situation sharply a few months hence so far as paper is concerned, but most of the other costs which publishers must meet are higher than ever with little likelihood of a change.

Shorter—How the dickens do you know which twin you are engaged to? I can't tell the difference. Longhurst—Nor can I, old man; that's what makes it so frightfully interesting, don't you know.

NEW UNITED STATES CABINET

President Harding has completed his Cabinet as follows: Edward Denby, Detroit, Secretary of Navy.

W. H. Hayes, Indiana, Postmaster-General.

John W. Weeks, Massachusetts, Secretary of War.

Andrew Mellon, Pennsylvania, as Secretary of the Treasury.

Henry Wallace of Iowa, Secretary of Agriculture.

A. B. Fall, New Mexico, Secretary of the Interior.

J. J. Davis, Pennsylvania, Secretary of Labor.

Charles E. Hughes, of New York, Secretary of State.

Harry M. Daugherty, Ohio, for Attorney General.

Herbert Hoover, of California, Secretary of Commerce.

CREAM The WEST FLOUR

The family eats more bread since Mother started using Cream of the West Flour. It makes loaves of extraordinary whiteness and flavor. Maple Leaf Milling Co., Limited Toronto, Winnipeg Brandon, Halifax

You can procure Cream of the West Flour from R. E. HARRIS & SONS WOLFVILLE, N. S.

Give us a trial when in need of electrical repairs and wiring. J. C. MITCHELL Phone 168 Central Main Street.

Personal Paragraphs

Miss Doris Chambers returned home from Halifax last week, having resigned her position there.

Mr. Allan Doane, of Halifax, spent Sunday in Wolfville with his brother, Mr. J. A. Doane.

Mrs. Jos. Taylor, of Falmouth, spent the week end in Wolfville, the guest of Mr. and Mrs. W. O. Taylor.

Mr. John Woodworth, of Berwick, spent the week end in Wolfville, a guest at the home of Mr. and Mrs. W. O. Taylor.

Mr. Ormond Forsythe, of Port Williams, spent a few days in Centrelea, the guest of Mr. and Mrs. Alton Messinger.—Bridgetown Monitor.

Mr. J. Stanley Crockett, who had been visiting his mother, Mrs. Alton Messinger, Centrelea, returned to Port Williams Friday.—Bridgetown Monitor.

Rev. W. R. Foote, D. D., left recently for New York, where he has been in attendance at a joint meeting of the committees from the American and Canadian Presbyterian Mission Boards, which is considering the conditions in Korea. Dr. Foote from his long experience in that interesting country is very properly regarded an authority on Korean matters and his advice is naturally very valuable to the committee. Dr. Foote is now at Washington.

Miss Spedon, of Bermuda, who has been visiting at Mr. O. Chase's, Church Street, left Tuesday, February 15th, for Huntington, Quebec, her former home. Miss M. Chase accompanied Miss Spedon, and after seeing her safely at her destination will proceed to Ontario. Miss Chase will be the guest of her aunt, Mrs. Turkington, at "The Manse" Whitby, Ont., and expects to visit her sister, Miss Lillian, at Toronto Medical College, and Miss Susannah, at Agricultural College, Guelph.

O. Gains Steeves, charged with burning his house three miles from Moncton and taking the lives of his wife and five children has been sent to a higher court for trial.

When the Empress of Russia arrived in Victoria, B. C., March 1 from the Orient it was found that \$20,000 in gold bullion had been stolen from this steamer's mail.

The Address in reply to the speech of the Lieutenant Governor at the opening of the Nova Scotia Legislature on Wednesday March 9th, will be moved by Major J. Welsford MacDonald, M. C., of Pictou, and the seconder will be Mr. Adam G. Burrell of Upper Musquodobit, two of the youngest members of the new House.

The German delegates arrived in London on Feb. 28 for the Conference on Reparations and German disarmament. There was no reception of any kind and the railway porters refused to handle the baggage of these German delegates whose nation had been the cause of millions of human beings losing their lives.

Gaspereau Notes

Mr. Delmer Coldwell left for the Windsor Hospital on Monday morning last, to undergo an operation for appendicitis. His many friends wish him a speedy recovery.

The Gaspereau Division spent a very pleasant evening with the "Lily of the Valley" Division on Tuesday March 1st. A very interesting programme was given by both Divisions. After the programme refreshments were served.

Mrs. John Gertridge and little son, Donald Martin, have returned home from the Windsor Hospital.

A pie social will be held in the Gaspereau Hall on Friday evening March 4. Proceeds for wiring the Hall.

A very interesting concert was given by the Hantsport Choir on Thursday evening, February 24. A silver collection being taken amounting to \$11.00 for the Christian Endeavour Society.

CARD PLAYING AGAIN DISCUSSED

To the Editor of THE ACADIAN:

Dear Sir—I have read with interest the correspondence in the last two issues of THE ACADIAN, with reference to card-playing. It was with amazement that I read of X. L. C. Or comparing card playing with athletics. There is absolutely no comparison. One being a clean, out door sport, and the other merely a pastime. We are all aware that clean sport, such as is being agitated in Wolfville, is very beneficial both morally and physically. And while card playing in moderation is a pleasant and instructive pastime, there can be no doubt that excessive playing is detrimental to the participants. If the older women and men of the town who have shelved care and responsibility, and are now enjoying well earned freedom wish to devote their days and nights to card playing it probably will do them no harm. But the habit is not indulged in only by this class—the young men and women think they must follow suite. Card playing in itself, other than the nervous tension, is not to be condemned, but the results are. How about the young housewife the morning after who lags around her kitchen with only one eye awake, neglecting her home duties, and the young husband suffering with indigestion and loss of sleep, at his place of business. We should be temperate in cards as well as other things when they are the means of interfering with home life as well as community life as they did on the night a meeting of citizens discussed and voted upon the all-important question of schools. About forty of our prominent business men and town fathers allowed the card fad to keep them absent. B.

"Where is Bill these days? I don't see him around any more." "Oh, old Bill has had some hard luck. His wife broke her arm and he had to go to work."

HOCKEY NOTES

Dalhousie won the Maritime Inter-Collegiate Championship last Friday night by defeating the University of New Brunswick team by the score of 9 to 1. The game was played at Amherst.

Canning and Windsor played a clean and closely contested game of hockey in the Canning rink on Monday night. The game resulted in a win for Windsor, the score being 6 to 5.

The Wolfville A. A. A. hockey team who have won the Valley Amateur Hockey League Championship have issued a challenge for the Maritime Provinces challenge cup which is being offered by Messrs. Morton & Thompson to be defended by the winners of the Halifax League.

It used to be if a man's cellar was wet he would notify the superintendent of streets. Now he doesn't tell a soul.

A TIMELY PRESENTATION

The Wolfville Public School has recently been presented by our townsman Mr. H. W. Phinney, with an excellent phonograph which is a valuable addition to the equipment of the school. The phonograph is intended for the use of the Kindergarten department and that it will be greatly appreciated and prized by the young people goes without saying. Mr. E. S. Crawley has contributed twelve records and Mrs. J. Elliott Smith six, and it is hoped that similar contributions may be made by other citizens. This interest in the welfare of the school children is most laudable and deserves the hearty thanks of all interested in our schools.

Port Williams and Canning Beaver hockey teams played a match game in Canning last week. The game was an interesting one, and was won by Canning by 6 to 0.

To Meet the New Price Levels

We are now selling all our goods at prices much lower than the high peak of last year.

Now is the time for the person to buy who has been waiting for the bottom to be reached, as all conditions point to a steady market for some months to come.

Here are a few examples:

- Men's \$4.00 and \$4.50 CAPS now \$3.00
\$60.00 SUITS now \$45.00
\$12.00 BOOTS " \$7.65 & 8.50
6.50 " " \$4.50

Waterbury Co., Ltd. Wolfville

Boots, Shoes, Rubbers and Men's Wear.

Opera House, Friday and Saturday, March 4th and 5th

MOUNTAINS CHOPPED DOWN—because they interfered with a GIRL'S view. The engineer hero would not let mere rocky ranges obstruct the vision of the lady he loved—and whom he had loved long before they ever met. It's a corking romance. SOLDIERS OF FORTUNE AN ALLAN DWAN PRODUCTION Mayflower Photoplay Corporation Realart Pictures. Story by Richard Harding Davis. Seven Reels of Thrills. Also Harold Lloyd in a two Reel Comedy. Better than Charlie Chaplin. Don't fail to see this show on Friday and Saturday, March 4-5. Prices 20c. and 35c.

Acetylene Welding

Battery Repairing and Charging. Cylinder Re-boring and Accessories.

J. F. CALKIN MAIN STREET EAST

THE OPERA HOUSE

Monday and Tuesday, March 7-8th

The Sensational "Race of the Age"

SIR BARTON MAN O' WAR

TWELVE Cameras stationed at equal distances around the track at Windsor Photographed the Race from start to finish.

ALSO MADGE KENNEDY

"DOLLARS and SENSE"

The Race picture will be shown at 7:30 and at 9:00 p.m. twice each night. Prices 20c. Don't forget the dates, Monday and Tuesday, March 7-8. Worth your while to see this race.

Dry Goods Department

For the woman who likes to get her Spring Sewing done early.

We have just opened three cases of new Spring Sheetings, bleached and unbleached cottons, Gingham, Galateas, etc.

Fine bleached sheeting, 72 in. wide, 55 cents per yd. Superior one quality, 81 in. wide, \$1.25 per yd.

500 yds. heavy Factory Cotton to sell at 22 cents per yd. width 34 inches.

Extra fine quality full 40 inches, price 32 cents yd.

As each lady sees the new Gingham she is heard to exclaim, "wouldn't I like a morning dress of that!" or "what pretty rompers this would make for Baby!"

New shadow cretonnes, chintz, sateens, and Curtain Scrims are on display.

A list of the following articles will be found in the small-ware department.

- Jet Pins, Safety Pins, Common Pins, Toilet Pins, Buttons, Middy Laces, Sewing Needles, Darning Needles, Bias Tape, Rick Rack Braid, Lingerie Tape, Barrettes, Side Combs in amber and shell, Bone hair Pins in shell, amber and grey. General

Because the world must keep on eating, farmers will keep on producing—a certainty that establishes a steady demand for CLETRAC TRACTORS (the right size for orchard work), Harrows, Ploughs and good Farm Implements.

IMPLEMENT REPAIRS—START THINGS—You have hours to spare for repairing now where you will not have minutes to spare next Spring when the busy time of field work is on. Don't let it find you with Implements not ready for service. List the parts that need replacement and tell us as soon as possible what you want are, we will meet them promptly. An Implement that is kept well painted will out-wear two that have not been kept in good painting repair. We carry a complete line of PAINTS, VARNISHES, etc.

Call, phone or write, you will find us well stocked in our different departments, awaiting your requests. Yours,

GEO. A. CHASE PORT WILLIAMS, N. S.
