Bothwell Times says:—At the last meeting of the town council a motion was carried reducing the cigarette license from \$75 to \$1. It appears that a proprietor of a standard hotel by virtue of his license can sell cigarettes in spite of the local by-law hence the reduction in fee.

Shell Gas is produced by Shell Oil Company, one of the largest Oil Companies in the world who have built up an enormous trade in many countries on quality goods. We feel lucky in securing the distribution of their products in this section.—Ray Morningstar.

The presence of Miss Anna Gordon, the World's Convention President, and Mrs. Gordon Wright, of London, the President of the Canadian W. C. T. U., gave great help in making the convention. The Women's Christian Temperance Union is backing the O. T. A. to the limit believing it to be the best law for suppressing the admitted evils of the liquor business yet devised, and especially protective to women and children.

Glove Sale, \$1.29, fancy cuff, suede regular \$1.75, about 4 dozen come Saturday.—Swifts.

The plebiscite on October 23rd—two weeks from to-day—promises to be interesting. Both the Prohibitionists and Moderationists are girding their loins for the fray and a great deal of literature will be circulated by both sides. However it is doubtful if very many votes will be changed by these eleventh hour factors. The great majority of the voters have already made up their minds how they will vote and are only waiting to mark their ballots. The ballot to be used permits of no misunderstanding. One X answers either question and two X's will spoil the ballot. Be sure your name is on the voters' list and exercise your franchise on polling day.

Special purchase boys pants, open now, \$1.69 and \$1.98. Come Saturday.—Swifts.

Mr. A. H. Francis, who some years ago directed a cast of local people in the production, "The New Minister," is now in Petrolia and will produce the same musical comedy under the auspices of the Hospital Guild on October 16 and 17. No doubt some of our local citizens who were in the cast when produced here will visit Petrolia to enjoy the play and "See ourselves as others see us."

Havelock Lodge, A. F. and A. M., was favored on Tuesday evening with the official visit of R. Wor. Bro. Graham, D. D. G. M. Wor. Bro. Little, B.A., D.D., of Toronto, will be the special speaker at both morning and evening services. Carleton Place Canadian:—One of the most difficult businesses to handle, particularly when an election is on, is a newspaper in a town or village. Unreasonable people come to the editor with all sorts of suggestions as to the policy to adopt and the arguments to advance. In a few instances we have suggested their writing a letter to the press along the line they suggest and with their signature attached their end would be attained. This, however, has not been found acceptable. The people who want to get the editor to say the unpleasant thing and shoulder the resulting criticism or blame, almost invariably dodge the issue when they are asked to express opinions over their signature in the press.

Mr. Peiry who is coming Friday with beautiful range of ladies fall coats and dresses, will be glad to make private appointment with ladies outside hour of display in afternoon. Phone 4 J.—Swift Sons & Co.

A very well attended Public meeting in the interests of the O. T. A., was held in Adelaide village town Hall, last Thursday evening. The chair was taken by Rev. Mr. Diehl, rector of the Anglican Church who in his opening address emphasized the fact that alcohol was a narcotic poison and always harmful. Rev. R. A. Brook of Kerwood and Mr. Wm. Carruthers, the President of the Township organization, were also on the platform. Rev. S. J. Thompson gave the chief address of the evening, on the question, "Has the O. T. A. made good its promise to benefit the Province?" Mr. Thompson proved from Government records that the O. T. A. had reduced the quantity of liquor drunk per cap. from 9 pints in 1914 to less than 2 pints in 1923. A very hearty vote of appreciation was given Mr. Thompson at the close of the evening. The Kerwood Orchestra furnished choice music throughout the evening.

Better start laying away a few "greenbacks." Tax notices are now being printed. This will be the next item on the average citizen's budget. Shell Gasoline aids starting your motor in cold weather and saves your battery. It is full of Pep and Power.—Ray Morningstar.

Many from this district attended the Masonic Lodge of Instruction held in Sarnia last Friday by D. D. G. M. W. A. Graham, of Inwood. Petrolia, Inwood and St. Paul's Lodge, Sarnia, exemplified the 1st, 2nd and 3rd degree respectively in a creditable manner, and R. W. Bro. W. M. Logan, of Hamilton, Grand Secretary, gave a very pleasing address in the evening.

WOMENS' INSTITUTE HOLDS INTERESTING MEETING

The Women's Institute held their regular monthly meeting on Tuesday evening, Oct. 7th, at the home of Mrs. Sterling Lucas with nineteen members and two visitors present. Owing to illness of the President, Mrs. J. H. Humphries, the 1st vice, Mrs. J. D. Brown, took charge of the meeting.

Delegates were appointed for coming convention to be held in London in Masonic Temple, on Nov. 4, 5, and 6.

Mrs. T. A. Adams gave a very interesting reading entitled, "Is a woman's time worth anything." The dust-cap parade led by Mrs. J. Hawes was most amusing. Roll-Call was answered by "Hallow'e'n Customs." Community singing was enjoyed by all. The ladies hope to have a crowded house to hear Mr. Vining tell of his work among and for the Armenian boys at the home in Georgetown, in the Methodist church on Thursday, Oct. 16th, at 8 o'clock.

Ideal weather greeted the thousands of villagers and visitors from far and near on the occasion of the 50th annual Brooke and Alvinston Fall Fair, held on Tuesday and Wednesday. Officers state it was one of the most successful held in Lambton County. There were over 2,000 entries, and the gate receipts amounted to over \$2,000. More than 6,000 people were admitted during the afternoon.

Cattle, swine and sheep were shown in large numbers and appeared up to the usual high standard. Many fine specimens of horses were shown and entries in the heavy draft and agricultural classes were above those of last year. J. A. Hodgson, of Oakdale, who won the silver cup at Dresden, showed his heavy draft team and won special and first. G. Vosburg won prizes with his agricultural team. Mrs. M. B. McAll, of Mount Forest, won first prize for lady driver, while Mrs. M. A. McAlpine won first prize and D. McIntyre's special for the best ladies' turnout in the single roadsters. William Munroe and McLean Bros. won first and second place. M. A. McAlpine, of Campbellton, won first prize with his span of carriage horses.

In the main building there was an unusually fine display of homemade baking, canned fruits, raw fruits, honey, flowers, etc. The ladies' work on the east side of the building, attracted a large number. Embroideries of all kinds, table linen, laundry work, knitted socks and quilts created much attention and showed much skill and effort by exhibitors.

The center of the hall was given entirely to the school fair and the display was a credit to the many schools and individuals that helped make it the success it was. S. S. No. 4, Brooke, won the diploma and shield, the latter donated by the Molsons Bank for the largest display of farm produce.

In the second fair, on Tuesday, Verna McVicar won the sweepstakes for the greatest number of points won in the various classes. Donald McIntyre won a free trip to the Royal Air, at Toronto, as a result of winning first place in the judging contest. In the evening the Kenney-Wilson Concert Company gave an excellent program in the crystal palace to a full house. It was one of the finest ever given in the village.

What Govt. Control Means

(Pin this up as a Reminder)
Is it not the simple truth that a vote for government control is:

A vote to go into the liquor selling business?

A vote to place fresh temptation in the way of tens of thousands of men who have sobered up under the O. T. A., in spite of all the allurements of the bootlegger?

A vote to force the sale of intoxicants in hundreds of municipalities that were dry under local option for years before Ontario adopted prohibition?

A vote to increase drinking, drunkenness, bootlegging and reckless driving?

Unimpeachable records show that the O. T. A. has reduced drunkenness by 70 per cent. in Toronto, Ottawa and Hamilton and that government control during the last year has increased drunkenness by nearly 40 per cent. in Winnipeg, by 52 per cent. in Calgary, and by 111 per cent. in Edmonton. Equally reliable evidence shows that bootlegging has been multiplied by government control in Winnipeg and that system has increased reckless driving in Calgary by several hundred per cent.

Citizens who know the facts about government control and prohibition and who regard the public good will not vote for government control.

Safeguard Ontario and you save the boy and girl.

Saved Baby's Life

Mrs. Alfred Tranchemontagne, St. Michel des Saintes, Que., writes: "Baby's Own Tablets are an excellent medicine. They saved my baby's life and I can highly recommend them to all mothers." Mrs. Tranchemontagne's experience is that of thousands of other mothers who have tested the worth of Baby's Own Tablets. The Tablets are a sure and safe medicine for little ones and never fail to regulate the bowels and stomach, thus relieving all the minor ills from which children suffer. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The weakening agony of piles robs life of its pleasure, turns days of brightness into days of misery, and brings periods of acute suffering. Overwhelming evidence proves Zam-Buk incomparable for banishing the pain, bleeding, swelling and inflammation.

Mr. Alf Brown, of Merriton, writes: "I hope that my testimony will reach thousands suffering from that dreadful ailment, piles. For six years I was never free from pain. No one ever spent more money in search of a remedy. A sympathetic friend gave me a part of a box of Zam-Buk to try. Its soothing power was marvellous, and I soon had a further supply of this grand herbal healer. I used Zam-Buk until the old, painful trouble was gone completely."

Equally successful for eczema, psoriasis, salt rheum, pimples, boils, bad legs, ulcers, scalp disease, poisoned wounds, cuts, burns, scalds, etc. Dealers everywhere sell Zam-Buk at 50c. box, 3 for \$1.25

Note and Comment

One million eight hundred and fifty thousand square yards of looking-glass are manufactured in Europe annually. This certainly provides material for reflection.

"I don't think," said the proud young husband: "I honestly don't think my wife could tell a lie in a year." "You're lucky," said his friend, "my wife can tell a lie the moment I utter it."

The report of the engagement of world's champion Jack Dempsey to a Hollywood film actress may be subject to Manager Kearns making satisfactory arrangements for the gate receipts and moving picture privilege of the ceremony.

Anglers who have been fishing in California streams highly charged with glacial mud as a result of the recent floods, report that the friction of the sandy deposit has polished the skins of the fish and they come out of the water ready for the frying pan.

Political opponents have filed an injunction to prevent "Ma" Ferguson from becoming governor of Texas. The Ku Klux movement does not disturb "Ma" who has washed and ironed many a pillow slip in her day.

A student brought his mother to the university and was showing her about. The dear old lady was anxious to make her boy think she understood everything. "Over there, mother," said the son, "are our wonderful polo fields." Ah, sighed the old lady, "what is there that is nicer than fields of waving polo?"

She was a very stout, jolly-looking woman, and she was standing at the corset counter, holding in her hand an article she was returning. Evidently her attention had been suddenly drawn to the legend printed on the label, for she was overheard to murmur, "Made expressly for Timothy Eaton. Well there! No wonder they did not fit me!"

The Guide-Advocate is indebted to Mr. Albert Jones, of Provo, Utah, for an exceptionally interesting book crammed full of beautiful color plates depicting the scenic wonders of Salt Lake City and vicinity from the heavy salt bathing in Great Salt Lake to the snow-clad peaks of Mt. Timpanogos. Utah must surely be the vacationist's paradise, whether summer or winter.

Sugar Beet Harvester

A beet harvester machine has been tested out near Chatham, with encouraging results. The method of operation is to remove the tops while still in the ground, lift the roots and convey them to a hopper in the rear.

For years efforts have been made to manufacture a machine to do this work but the difficulty has been to secure one that will top the beet properly.

The machine is designed to be operated by the light tractor and is attached directly to the ends of the rear axle, and the rear is supported by a single wheel. Power is supplied to the working parts by means of a chain leading from belt pulley-shaft.

The harvesting mechanism consists of two elements. A topping element which cuts the tops from the beets while they are still in the ground and a digging element which lifts the beets after they have been topped and conveys them to a hopper in the rear, from which they are dumped on the ground, by raising a lever, close to the driver's seat.

The hopper consists of a power driven tread belt and a power driven revolving belt disk cutting unit. The tread belt travels over the tops of the beets and holds them firmly in place while the cutting element cuts off the tops. Only the crown of the beet is removed. The manner in which the topper worked was surprising. In some places the crown of a large beet would be nearly two inches above the ground, while the crown of the beet next to it would be close to the ground, but the topper removed the crown perfectly.

The lifting element consists of two outward revolving power driven augers, in front of which are two digger points which act in conjunction with the augers to lift the beets from the ground. Above the augers is a travelling chain belt which holds the beets in the augers as they are conveyed to the hopper.

Only one man is needed to operate the harvester.

Smiles' N' Chuckles!

Good Advice. Married Man (to friend.) "You bachelors don't feel comfortable either at home or when you're away. Get married and you'll at least feel comfortable when you're away."

"And how is your wife?" "Oh, her head is troubling her a lot."

"That's bad. Chronic headache eh?"

"No; she wants a new hat."

"—Mama, said a child recently, am I descended from a monkey? I don't know, replied mama. I did not know your father's people very well."

"—Minister—I hear they've gone dry in the village where your brother lives."

Sandy—Dry! Man, they've got parched. I've just had a letter from Tom and the postage stamp was stuck on with a pin.

A New York Central foreman recently told one of his men, an Italian, just taking a job as trackman to beware of the rattlesnakes which abound in that section. He explained that they give warning with their rattles. The new man seemed greatly impressed with the information. Some time later upon turning around suddenly, he was amazed to see a snake coiled behind him. "Christopher Columbus!" he exclaimed taking to his heels, "why you no ringa da bell?"

Every Government Sale Province is a Bootleggers' Paradise

LIQUOR once sold cannot be controlled. The evil lies in the liquor, not in the method of its sale, nor in the form of the package. This is proven in every Canadian province where government sale, in varying forms, has been tried. With easier access to intoxicating liquor, drinking has increased enormously. More drunkenness and crime associated with drunkenness have naturally followed. Bootlegging—instead of being CURED by so-called government "control"—is flourishing to a degree that makes Ontario's illicit sale seem small and insignificant by comparison. A ghastly failure, serving only to MULTIPLY the very evils it was heralded to cure! That is the story of government sale of liquor in BRITISH COLUMBIA, in MANITOBA, in QUEBEC.

British Columbia and the Bootleggers

The Vancouver World, a newspaper friendly to the government, has declared in an editorial: "British Columbia is the bootleggers' paradise."

The Attorney-General of that province—who is the official administrator of the Government Liquor Control Act—said in a recent speech: "The greatest bootleggers of all are the brewers and export liquor dealers."

Dr. A. E. Cooke, of Vancouver, in The Canadian Congregationalist, asserts: "The Government controls neither the manufacture, importation, transportation, nor exportation of liquor. The distillers and brewers control all these, and the Government simply acts as one of their sales agents, controlling about 50 per cent. of the retail end of the trade. The whiskey ring and the bootleggers control the rest."

Manitoba Sick of "Control" in Less Than a Year

Eleven months after Manitoba adopted its government control system, an open-minded investigator of conditions in that province, sums up the situation in these words:

"I leave Manitoba impressed with the evidence that both wets and dries are dissatisfied with the government control system—the wets because there is no legal sale of beer by the glass and because there is some delay and trouble in getting hard stuff, and the dries BECAUSE BOOTLEGGING AND DRUNKENNESS HAVE GREATLY INCREASED."

The same neutral authority declares: "There is no dispute in Winnipeg about bootlegging. Everybody—dries, wets, moderationists, police, government officials, business men, professional men and rounders—tell the same story. The unanimous verdict during the week of August 24th, when I was in Winnipeg, was that bootlegging was being carried on on a tremendous scale, that the city was wide open, that the hotelmen had no re-

gard for the will of the people as expressed in the disapproval of sale of liquor by the glass, and that something had to be done."

Quebec under Government Sale Eclipses Open Bar Evil

Quebec, with its longer experience in government sale, has drifted still further back toward the evil days of the open bar. In fact, the only difference between the Quebec "tavern" and the old bar-room is that customers sit down at tables to drink, rather than stand up at a bar!

And while Quebec goes on spending more money for booze than for education (\$28,000,000 annually for liquor and \$26,000,000 for educational purposes), crime is rampant. The Montreal Gazette was recently constrained to declare: "Montreal is a perfect Mecca for evil-doers, with vicious, immoral resorts and gambling joints, the hiding-places of the alien and other criminals from all corners of the continent."

Ontario Has Higher Hopes

Ontario citizens do NOT want THIS province to become "a bootleggers' paradise". They do not want their government to go into partnership with the distillers and brewers, splitting the booze business "fifty-fifty" with bootleggers—which is the best any government has been able to do under "government sale".

The responsible electors of Ontario DO want the happier homes, women and children, made possible by The Ontario Temperance Act. They DO want to defeat the liquor traffic's insidious effort to turn back the clock. They DO want Ontario to be spared the costly experience of such bootleggers' paradises as British Columbia, Manitoba and Quebec.

In this belief, and with the Government pledged to "give active and vigorous enforcement" of The Ontario Temperance Act, the Ontario Plebiscite Committee asks, with every confidence, that Ontario citizens give the Government an unmistakable mandate on October 23rd.

For the Honor of Old Ontario mark Your Ballot thus:

Ballot form with two questions: 1. Are you in favour of the continuance of The Ontario Temperance Act? (marked with an X) 2. Are you in favour of the sale as a beverage of beer and spirituous liquor in sealed packages under Government control?

THE HIGHEST RATE

(Blenheim News-Tribune).
There was a little discussion in the western Ontario press a few weeks ago upon Blenheim's announcement of a 33 mill tax rate as to who had the lowest rate for 1924; and it would appear that the palm went to Leamington with its rate of 30 mills on the dollar. Now the laurels for the highest rate appear to belong to Watford. A contemporary remarks that the municipal council of the village of Watford has just struck a tax rate for the coming year of 52 mills. This is a reduction of ten mills from last year's rate. The decrease

BROOKE TOWNSHIP IS HAVING AUDIT

(Alvinston Free Press)
At the request of a petition signed by the requisite number for such a purpose, the Township of Brooke is having an audit by Government officials, of the business transactions during the past five years.

We understand that if everything is found wrong in this period that the auditors will go back still further.

So far nothing has been found wrong, and no doubt the final outcome will be the same as when such an audit was held in Alvinston, all was found in good shape.

When one considers the vast sums of money which passes through the Brooke officials' hands during a year it would be little wonder if certain items would be placed in the wrong column, therefore making perhaps a slight mix-up in the distribution of the funds.

The auditors are working at the home of the Treasurer, Mr. Walter Annett.

Work Worn People

Find Renewed Health by Improving Their Blood.

If you feel run down, it means that your blood is thin and watery, that your vitality is low. Your feet are easily chilled. You do not sleep well and you are tired when you rise in the morning. You find no pleasure in your meals and are listless and dispirited at your work. You have no energy to enjoy yourself.

Thousands of men are run down by anxieties of work. Thousands of women are broken down by their house hold toil, with tired limbs and aching backs; thousands of girls are pale, listless and without attraction. It all means the same thing—thin and watery blood, vitality run down, anaemia, poor appetite, palpitating heart, short breath.

Do not submit to this. Get new blood and with it new vitality. There is no difficulty in doing this. Dr. Williams' Pink Pills build up and enrich the blood, which brings with it new health and vitality. The man, woman or girl who takes Dr. Williams' Pink Pills is never run down. Their friends notice how energetic they are, what a fine appetite they have, and how much they enjoy life. You can get these pills through any dealer in medicine, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The Moderation League of Ontario

President, I. F. Hellmuth, K.C.

ONE of the most embarrassing facts that the advocate of compulsory total abstinence has to face is that wherever his theory has been put into practice there has grown a strong movement against it; further, the longer the experiment of prohibition has been tried, the greater the opposition it has created. Time has always been against it.

This movement is that in favour of Government Control.

Had Government Control been dependent for its adoption on the votes of those who have always voted against so-called prohibition, it could never have become the law of any Province in Canada. One of the most encouraging things to those who have been active in the work of Moderation Leagues is that there have rallied around them everywhere men and women who in the past have voted with the opponents of the Leagues.

Contrary to the statements made by the prohibitionists, these men and women were not and are not concerned with promoting the interests of what is so euphoniously called "the booze business". They were not and are not men and women ignorant of conditions existing in their own communities. They were not and are not ignorant of conditions existing in other communities. They were and are, for the most part, typical sound, sane and reasonable citizens of Canada.

These men and women, just as is the case with the men and women of Ontario today, had placed before them all the usual stock arguments of the prohibition propagandist. They had placed before them rows of figures and lurid statements showing that prohibition was a success and that Government Control was a failure.

In spite of this, the greater argument of personal experience and observation made them discard prohibition and adopt Government Control.

It is impossible to enumerate all the reasons prompting the change, but it is highly significant that, to take one example only, the Province of Saskatchewan, which for years had voted strongly, whenever opportunity arose, in favour of prohibition, should last year have voted decisively against it; and the significance of this is increased when there is taken into account what the people have been told in Ontario regarding Manitoba. The people in Saskatchewan have, by their geographical position, a much better opportunity of knowing the conditions in Manitoba than have those in Ontario, and it will not be questioned that they had a much better opportunity of knowing the conditions in their own Province than people residing elsewhere.

Let it be remembered that the system in Manitoba had been in operation many months before the people in Saskatchewan voted on this question.

The conclusions are irresistible.

Prohibition was considered a lamentable failure in Manitoba, a lamentable failure in Alberta, and a lamentable failure in Saskatchewan. For their prohibitory laws these Province adopted a policy of Government Control.

And Prohibition has been a lamentable failure in Ontario.

There is no substantial evidence anywhere that any of these Western Provinces would revert to its old prohibitory system.

On the other hand, after less than twelve months, the revenues of the Province of Manitoba have been increased by more than a million dollars and for the first time in years they have balanced their Budget.

No one contends that Government Control has yet attained its last degree of perfection. It is, however, contended that it is a better method of dealing with those evils with which prohibition pretends to deal, and that in addition the revenues of the Province benefit.

Government Control can be had by marking your Ballot as follows:

1	Are you in favour of the continuance of The Ontario Temperance Act?	
2	Are you in favour of the sale as a beverage of beer and spirituous liquor in sealed packages under Government control?	X

"IN THE PUBLIC EYE"
BY Carl A. Glass

DO YOU EVER HAVE AN "EYE-HEADACHE"?

An eye-headache some times accompanied by an earache and burning sensations of the eyes is caused by an over effort of the brain to understand a blurred image that has been thrown on the retina of the eye. In the eye-camera the foci are changed by the eye muscles that swell and reduce the shape of the crystalline lens. When these muscles become weakened an optometrist must prescribe the outer-man-made lenses to bring about this focus accommodation.

8 New Ford Sedans & 8 New Fordson Tractors Ford Contest Announcement

The Ford Motor Company of Canada, Limited, has now been in business for twenty years. During that time 340,964 Ford cars and trucks have been built and the Ford has won a nation-wide reputation for giving satisfactory service.

In our relations with the public as local Ford dealers we have learned that the best advertising we get is the recommendation of a satisfied customer. Many Ford cars are sold on such recommendations and many more will be sold in the same way.

If you are one of the many thousands of Canada's farmer Ford-owners, here is a big opportunity for you.

Three farmer Ford-owners or members of farmer Ford-owners in each township in this territory will be given the privilege of taking orders for Ford cars, trucks and tractors. Only the first three to apply for this privilege in each territory will be enrolled. You can enroll immediately.

Order forms and complete instructions will be supplied to all contestants.

All you are expected to do is to tell your friends who need a car, truck or tractor of your own experience with your Ford. If they decide to buy, you take their order and send it to the Ford Branch in this territory.

On all such orders you will get credit in points at the rate of 5% on the list price of the order. The contestant gaining the highest number of points in each Ford Branch territory will receive, absolutely free, a Ford Tudor Sedan, fully equipped, all taxes and delivery charges paid, and with 1925 license, ready to run.

Next highest contestant will receive, free, a Fordson tractor, fully equipped with fenders and belt pulley, ready to work.

All contestants who do not qualify for first or second prizes will receive credit of 3% of the list price on all orders taken by them. This will be awarded in any kind of Ford-made merchandise or in cash.

This contest closes December 30th. Prizes will be delivered January 15th. Enrollment applications will be sent to all farmer Ford-owners but if you wish to enroll immediately in order to insure acceptance application may be had from the undersigned.

Bosanquet Fair Great Success

Schools Exhibits and Horse Races Feature of Theodford Show

Theodford, Oct. 5.—The fall fair of the Bosanquet Agricultural Society was held at Theodford on Friday. The weather was ideal. The exhibits were the best in years, and the school children's exhibit was exceptionally fine. In the live stock classes the entries exceeded those of last year. A. E. Doan and Eldon Land, the well-known fowl fanciers, carried off nearly all the prizes in the poultry class.

Eight schools were in the parade, Theodford school took first prize, No. 11, Bosanquet, second; No. 5, Bosanquet, third, and No. 8 Ravenswood, fourth. The other schools competing were Nos. 11, 3, 12 and 2, Bosanquet, John Farrell and Duncan Wright, of Forest were the judges.

In the free-for-all pace, Tony Mack, (Fraser) took first, Hal Bell (Hollingsworth) second, and Silver Graton, (Barrett) third. In the green race, McDowling, (G. Elliott) took first, Skinlight (Ross) second, and Freda Patchen, (Humphrey) third.

Twenty babies competed in the baby contest, and the judges, Messrs. Farrell, and Whyte, certainly had a hard task in making decisions. The winners were baby Everett Tanton, first; baby Margaret Warren, second, and baby Helen O' Hara, third.

NERVES AND FAINTING SPELLS

Sent Woman to Bed. Great Change After Taking Lydia E. Pinkham's Vegetable Compound

Sarnia, Ontario.—“After my girlie was born I was a wreck. My nerves were too terrible for words and I simply could not stand or walk without pains. I suffered with fainting spells until I was no longer any good for my household duties and had to take to my bed. The doctor said I should have an operation, but I was not in a fit condition at that time. My neighbor said, ‘Why don't you try Lydia E. Pinkham's Vegetable Compound?’ I am sure it will do you good and will save those doctor's bills. So I was advised by my husband to try it after I told him about it. I am very thankful to say that I was soon able to take a few boarders for a while as rooms were scarce at that time. My baby is 17 months old now and I have not yet had an operation, thanks to your medicine. I have recommended the ‘Vegetable Compound’ to a few people I know and have told them the good it has done me. I know I feel and look a different woman these last few months and I certainly would not be without a bottle of your medicine in the house. You can use this letter as you see fit, as I should be only too glad for those suffering as I have to know what it has done for me.”—Mrs. ROBERT G. MACGIBSON, R. R. No. 2, Sarnia, Ontario.

A recent canvass of women users of the Vegetable Compound report 98 out of 100 received beneficial results. This is a remarkable proof of its merit. C

The Poets Corner

OCTOBER 23 1924

Say sisters, brothers in your hands?
The ballots placed for you, and I,
To do as conscience still demands
To keep our province high, and dry.

Heard not the cry of subtle sin
But use the privilege we've got
To keep our district clear, and clean
From any hidden leprous spot.

Of course the packages, they seal,
A subterfuge so mean, so small,
The vile contents at once reveal,
We do not need the stuff at all.

Perfect the present law we've got,
Don't let Ontario lose it's soul
But settle by our sacred vote
And banish what we can't control.

AN OLD MAN WONDERS

Did we have more fun than they
Who wear the garb of youth today?
Were our eyes really brighter then,
Or are we foolish, gray, old men
Who merely fancy in our rhymes
That life has lost those good old times?

I wonder were the girls we knew
In gingham gowns of pink and blue
And braided hair and ankle skirts,
So very shy; or were they flirts?
Were they much different from the maids

Of now, who have no ribboned braids?
We sang and danced the latest styles
We lost our heads for maiden's smiles
We often stole a kiss or two
Which like as not these youngsters do;

I fancy, though I do not know,
They still hold hands, as long ago.

We tell our little boasts of all
We did when we were young and tall
We fancy joy was sweeter then;
But are we foolish, gray, old men
Still clinging to the long ago,
And is our prattle really so?

Will not these youngsters turn and say,
When they like us are old and gray,
And hear some newer ballad sung;
"We'd sweeter songs when we were young."

I fancy they like us at last
Will cherish memories of the past.
—Edgar A. Guest.

THE MAN WHO IS AHEAD

In almost every paper
You are pretty sure to find
A lot of gush and nonsense
All about the man behind;
The man behind the buzz-saw
And the man behind the ploughshare
And the man behind the sash
The man behind the whistle
And the man behind the cars,
The man behind the kodak
And the man behind the bars;
The man behind the whiskers
And the man behind the fist—
Oh, read of them often,
For they're always on the list;

But there is another fellow
Of whom nothing has been said;
It's the fellow who is even,
Or a little way ahead;
The man who pays his bills
And whose checks are always signed
He's vastly more important
Than the man who is behind,
For every kind of business
And the whole commercial clan
Is indebted for existence
To this honest fellow man.
He keeps his family going
And his memory is never dead,
So we all take our hats off
To the man who is ahead.

THE CIRCUS

We had a circus in our shed,
(Admission three new pins a head)
And every girl and boy I know
Is talking yet about our show.

They laughed so hard at Fatty Brown
When he came out to be the clown
That all the neighbors ran to see
Whatever such a noise could be.

Our tin-pan and mouth-organ band
Played tunes that sounded simply grand;
We had a truly sawdust ring,
Pink lemonade, 'n everything.

The big menagerie was nice;
Three cats, one dog, and five white mice,
A parrot that Bill's uncle lent.
All underneath a bedspread tent.

Then Ned and Buster took a sheet
That covered them from head to feet
And made a horse that kicked and pranced,
And when it heard the band, it danced.

And Sally Ann was 'Bareback Queen'
No finer rider could be seen;
She stood right up, and looked so proud,
But kissed her hand to all the crowd.

We took some chalk—blue, green
and red—
And made a "Tattooed Man" of Fred
Jim juggled lighted cigarettes,
And Tom turned double summersets.

We had tall stilts—and flying rings—
And lots and lots of other things—
And every girl and boy I know
Said yes, it was a dandy show!

PROVIDENCE, PS. 145: 18

The Lord is nigh to every cry
That from His child proceeds
The cry untrue will never do
Sincerity succeeds.

God sees the snares, and fleshly cares
That crowd around our being
If in the test we do our best
He's daily, hourly seeing.

We always find He's extra kind
To those that's imbecile,
But we've found we must be sound
"In whom there is no guile."

He guides, He leads, inspires, and speeds,
The soul that's bound to win
Our weakness knows so He bestows
More grace to conquer sin.

In our affairs He always shares,
The work that we should do
The strain, the stress, will make success
The finest shade of blue.

He asks that we should always be,
Friends of the Perfect Man
Our confidence, His providence
When we do all we can.

Our daily tasks He simply asks
To live them to His praise
To dedicate, and consecrate,
Our fast dissolving days.

The Lord is nigh just standing by
To succor, help, and save,
If we begin to sink in sin,
He pulls us from the wave.

The ancient saints had their complaints
When'er they turned aside
God can't forsake if we will make
His promises our guide.

FATHER'S FATHER

MOTHER'S MOTHER

Oct. 7.—The recent weddings of Karl Braun, 25 years old, and his father have started an endless chain of relationships which has got beyond the reach of genealogists and culminated in Braun becoming his father's father-in-law.

Young Braun married a widow of 45 with grown-up children. Shortly after his father, 50 years of age, married the 24-year-old daughter of his son's wife. Genealogists figure that as a result of the two weddings young Braun became his father's father-in-law and that his wife's daughter became her mother's mother-in-law and the step-mother of her own stepfather.
