GERMAN MILITARY FORCES BEGINS SUPPRESSION OF GENERAL STRIKE

NEWLY ARMED TO FINISH WAR

FEARED GRAVE TROUBLE

Report, Presented by Experts on Home Affairs, Launched Campaign.

Amsterdam, Feb. 1.—The Handelsblad today publishes a series of documents obtained secretly from German archives, showing the steps which led to the adoption by Germany of her unrestricted submarine campaign a year ago.

At the close of 1915 the German admiralty prepared a memorandum to the effect that unrestricted U-boat warfare would compel Great Britain to sue for peace within six months. The wording of this memorandum indicated that the admiralty already had decided to adopt this intensified warfare, but desired to convince the emperor, the imperial chancellor and the foreign office of the certainty of the good results.

Karl Helfferich, vice chancellor, reported it on the ground that it was impossible to see a limit on England's staying power.

The authors of the memorandum called in nine experts, representing German finance, commerce, mining and agriculture. These experts were: Waldemar Müller, president of the Dresden Bank; Dr. Salomonsohn, director of the Deutsche Reichsbank; Paul Reusch, Prussian councillor of commerce; Dr. Springorum, an iron and railway magnate; Max Schmickel, president of the Hamburg-Nord-Deutsche Bank; Hans Zuckerswerdt, councillor of commerce of Magdeburg; Wilhelm von Finckel, president of the Munich Bank; H. Schmidt, representing the German agricultural council; and Herr Engel Hard, president of the Baden chamber of commerce.

All the experts agreed in the first place that England would have to sue for peace in six months at most. Dr. Salomonsohn asserted that England's position was very vulnerable owing to her dependence on foreign capital and the absence of a spirit of self-sacrifice among the English people. He therefore thought six months was an excessive period.

Feared Collapse.
Although the experts differed as to the prospect of war with the United States, none of them advised against the U-boat war on that account. All the experts agreed that the internal situation of Germany demanded a drastic remedy. Herr Zuckerswerdt said:

DOMINION PERMANENT LOAN COMPANY CLOSES

Decision Made to Suspend and Affairs Were Handed Over to Assignee—Assets May Be More Substantial Than They Now Appear.

Unprofitable investments in a British Columbia railway system are stated to have plunged the Dominion Permanent Loan Co. into difficulties resulting in the company, with head offices at 15 West Wellington street, closing its doors yesterday morning. While it is hoped the assets will eventually prove more substantial than they now appear, the outlook at the moment is said to be an unpromising one for shareholders and depositors.

The decision to suspend was reached at a meeting of the directors on Thursday afternoon, and G. T. Clarkson of 15 West Wellington street, was appointed assignee. An application for a winding up order will be made in the courts.

The Dominion Permanent which has an authorized capital of \$10,000,000, was established 23 years ago. The annual meeting of shareholders was to have been held on Thursday of next week. A month ago, however, shareholders were notified by circular that, owing to the illness of the manager, F. M. Holland, and the impossibility of getting a quorum of directors together, no half-yearly dividend would be paid. Mr. Holland is suffering from pneumonia and is critically ill.

The company's clerical staff consists of about a dozen men, who have grown up with the business and who, it is stated, have their savings largely invested in its debentures or on deposit in its vaults.

Mr. Phillips said he was not in a position to discuss the company's affairs, adding: "Everything is out of our hands here now, and we must wait until the assignee is ready to make a report. We have not been advertising for business for over a year, but we were open yesterday to receive deposits in the usual way. The meeting of directors, at which it was decided to suspend the company, was held yesterday afternoon at 15 West Wellington street, and was attended by G. T. Clarkson, who is now making an investigation and preparing a statement of affairs. Mr. Clarkson will, at the earliest possible moment, submit a statement to the shareholders and creditors."

The following official statement was given to the press: "The directors of the company, after having made a thorough examination of the company's assets, find they are of such a nature that they cannot be realized upon at present without serious loss, and as there are obligations of the company maturing this month which it cannot meet, it was felt advisable under the circumstances to make an assignment to Mr. G. T. Clarkson, who is now making an investigation and preparing a statement of affairs. Mr. Clarkson will, at the earliest possible moment, submit a statement to the shareholders and creditors."

ISSUES AN APPEAL TO THE GOVERNMENT TO BE REASONABLE

British Labor Leader Declares Temper of Working Men is Dangerous.

London, Feb. 1.—Arthur Henderson, labor leader and former member of the cabinet, signed an agreement with the Amalgamated Society of Engineers, embracing the engineers' trade, in which the government agreed to meet the engineers in separate conference whenever necessary, tonight issued a lengthy statement appealing to the government to adhere to this practice and avoid a strike, which he said would seriously imperil the output of munitions and other war necessities.

Mr. Henderson's address, which also was directed to the representatives of the engineers, strongly advised the workers, in the interest of the war, not to lay down their tools.

"We are all weary of war," said Henderson. "Immediate peace is the greatest need of the world; but peace cannot be achieved by one section of labor acting by itself. Peace will come when the working class movement as a whole has discovered by conference the conditions of an honorable and democratic peace worthy of the unimpeachable sacrifices the people have made."

The temper of the workmen is most dangerous; the unyielding attitude of the government in bringing the country to the verge of industrial chaos.

Mr. Henderson's address, which also was directed to the representatives of the engineers, strongly advised the workers, in the interest of the war, not to lay down their tools.

The temper of the workmen is most dangerous; the unyielding attitude of the government in bringing the country to the verge of industrial chaos.

BOLSHEVIKI TAKE TWO TOWNS; RUMANIANS CAPTURE KISHINEV

ANTI-BOLSHEVIKI TO SET UP GOVERNMENT OF THEIR OWN

Congress of All-Russia Will Meet in Moscow, Sunday, to Decide on Future of the Country

Berne, Switzerland, Feb. 1.—(British Admiralty, per Wireless Press.)—A despatch received from Moscow by way of Kiev and Vienna says the anti-Bolsheviks have convened the congress of all-Russia to meet in Moscow February 3, to replace the constituent assembly.

The despatch adds that invitations have been sent to 105 representatives of the army and navy, 100 to the representatives of urban workmen, 430 to peasants, 52 to village zemstvos, 62 to the boroughs and 52 to co-operative societies.

The congress is to elect a government which is to hold office until the new constituent assembly can definitely decide on the future of the country. It is also proposed to enact an electoral law for the constituent assembly.

London, Feb. 1.—A despatch from Jassy, Rumania, dated Sunday, Jan. 27, says: Odessa was captured by the Bolsheviki Sunday night. The Bolsheviki troops are now in full control of that city. Kishinev, capital of Bessarabia, and the scene of Jewish massacres 15 years ago, was taken today by Rumanian forces, who were sent there in response to an appeal for aid from the local Bessarabian government.

A despatch from Petrograd today says: The Bolsheviki have captured Orenburg, capital of the government of Orenburg.

Orenburg is situated on the right bank of the Ural River in European Russia, a short distance west of the Asiatic frontier. It is a railroad junction of considerable importance, and also a manufacturing centre.

AIR DEFENCES OF PARIS TO BE STRENGTHENED

French Government Decides to Increase Airplane Garrison and Gunfire.

Paris, Feb. 1.—An increase in the number of airplanes defending Paris, and measures for rendering barrage fire more effective, were decided on today at a conference between Premier Clemenceau and Jacques L. Dumont, under-secretary of aviation. An intense anti-aircraft fire is considered here to be the only real protection against air raids.

HUGE FINE WOULD EXCEED VALUATION

City of Toronto Asks Legislation Imposing Record Penalty on Railway.

Five Hundred Dollars a Day for Each Car Not Supplied.

A penalty which would be the most severe, from a monetary point of view, were it exacted, that has ever been asked for in the history of the Province of Ontario, is the request of the City of Toronto in a petition for legislation which would require the Toronto Street Railway Company to pay a fine totaling, up to last night, \$1,600,000 for failure to have, since Jan. 1, 100 additional street cars in operation.

But even a fine of \$1,600,000 would not satisfy the petitioners, for they ask that the penalty continue in force until the number of cars ordered have been supplied and put in operation. In the event that it is another six months before any cars are supplied the total fine would be \$9,600,000, and that such a time will be necessary is assumed after hearing portions of the evidence submitted at the recent hearing of the Ontario Railway and Municipal Board.

The petition is that "An act may be passed by the Ontario Street Railway Company in 1916, for each car supplied less than the number fixed by an order of the Ontario Railway and Municipal Board, the penalty to continue in force until the full number the order calls for has been supplied and put in operation."

Allies Need Food Badly

Controller Regulates Mills

Food Situation in Britain is Far More Serious Than is Generally Realized by the People of This Country.

Ottawa, Feb. 1.—A cablegram received today by the food controller from the British ministry of food indicates that the food situation in Great Britain, France and Italy is very much more serious than is generally realized. The message states that the import supplies are low and an increase is urgently needed. The ration which the ministry has intended to put into force will have to be reduced because of the inadequacy of supplies.

The most situation in the United Kingdom continues acute. Supplies are low and an increase is urgently needed. A local rationing scheme is being authorized by the ministry of food, but the ration contemplated by us will have to be reduced.

In France the bread card scheme was put into force on January 27th with a bread ration per capita per day of three hundred grammes. It is proposed to adopt a general food card. The available supplies of meat are small. Butter is obtainable and milk supplies are satisfactory.

In Italy, in the first place, there is extreme need of cereals, and secondly, of meat, dried fish, and fats. For many months sugar and bread have been rationed in Italy, the consumption of meat severely restricted and public meals controlled.

In Italy, in the first place, there is extreme need of cereals, and secondly, of meat, dried fish, and fats. For many months sugar and bread have been rationed in Italy, the consumption of meat severely restricted and public meals controlled.

ONLY ENOUGH EGGS FOR WEEK IN STOCK

So Declare Wholesale Produce Dealers of Toronto After Meeting.

TO ASK FOR CONTROL

O'Connor Report States That Quantity of Eggs Has Doubled in Year.

"Only enough eggs for a week" is the declaration of the wholesale produce dealers of Toronto in refutation of W. F. O'Connor's views on egg hoarding.

A meeting was called yesterday afternoon of the Toronto Produce Exchange, at which the leading firms of Toronto were represented. A show-down of the total holdings of eggs brought to light the fact that only enough for seven days' consumption was in storage in Toronto. The produce dealers would welcome a control of their trade by the food administration, as shown by the fact that next week representatives of the trade are going to Ottawa to discuss this very thing with the food controller.

TO CONSULT ULSTER ON GRAVE SITUATION

Sir Edward Carson Arrives at Belfast—To Stand by North Ireland.

Belfast, Feb. 1.—Sir Edward Carson, the Ulster leader, arrived here today to consult with the Ulsterites regarding the situation brought about by the proceedings in the Irish convention. He received a great ovation, the Ulster workers carrying him from the depot to his motor car. In a brief speech, Sir Edward said:

"I never for a moment have been false to any pledges I have given the people of Ulster, whom I have now come to consult on a serious situation."

"I never for a moment have been false to any pledges I have given the people of Ulster, whom I have now come to consult on a serious situation."

SUBMARINE IS HELD, FIRST LORD DECLARES

Geddes Declares Sinkings Reach Lower Level Than Before Campaign Began.

London, Feb. 1.—"The submarine is held." Thus, in four words, Sir Eric Campbell Geddes, first lord of the admiralty, today summed up the results of the first year of Germany's unrestricted submarine warfare, which began Feb. 1, a year ago.

As a measure of its failure, he added to the correspondent, was found in the fact that the sinking of merchant ships now had been reduced to a level lower than before Germany cast aside all restraint.

As a measure of its failure, he added to the correspondent, was found in the fact that the sinking of merchant ships now had been reduced to a level lower than before Germany cast aside all restraint.

GERMAN STRIKERS STILL STAY OUT

Authorities Keep Berlin Papers From Holland—Excesses Reported.

London, Feb. 1.—A despatch from the Central News from Amsterdam received this evening, says:

"No Berlin papers have arrived up to midnight. The Cologne Gazette says nothing definite can be stated about the strike movement, but there is a general impression that it is diminishing or, at any rate, not extending. The Socialist newspapers in various towns continue to incite the workers to strike."

A semi-official statement issued in Berlin, and dated Friday, says that the excesses committed Thursday caused the government to take the necessary measures against a further extension of the strike. These measures at once were put into effect, and the strike does not appear to be increasing.

BRITISH TAKE SOME PRISONERS

In Repulsing Raid at Arleux

London, Feb. 1.—A raid attempted by the enemy last night west of Arleux-Gohelle was successfully repulsed, says today's war office statement. "We captured a few prisoners. The hostile artillery showed some activity during the night in the neighborhood of Gouzeaucourt and Lens."

EATON'S DAILY STORE NEWS

COME TODAY--It's To Be a Big Day of Unusual Values in the SALES OF FURNITURE AND HOUSEFURNISHINGS

Bales and Rolls of Rugs Pour in for the Sale

Rugs that, if bought yesterday, would cost many dollars more, and here they are at sale prices that simply cannot be equalled for an indefinite time—perhaps not for years. Buy your floor coverings in this February Sale. As instance of the great special values note the following:

Axminster Rugs at \$10.50 to \$33.50

If beauty and utility, combined to an unusual degree, be what you demand in a rug, then you could scarcely go wrong in choosing an Axminster. Equally suited to living-rooms, dining-rooms, or libraries, their colorings are for the most part rich tans, browns, dull blues, greens and reds, in dignified patterns, copied from genuine Persian and Indian rugs. As to size and price:

Size 4' 6" x 7' 6"	Sale price	10.50
Size 6' 9" x 9'	Sale price	18.75
Size 9' x 9'	Sale price	25.50
Size 9' x 12'	Sale price	33.50

Among medium priced floor coverings, Tapestry Rugs hold an honorable position since they will withstand a surprising amount of strenuous wear, and still retain their fresh appearance. For the Second Day of the February Sale are these Tapestry Squares, pat-

Divanette, as Illustrated, Complete with Spring and Mattress, One of the Greatest Features of the Sale of Furniture \$29.50

These we believe to be the greatest value in Divanettes in the country, so if you have promised yourself one of these all round useful pieces of furniture, NOW is the time to buy.

This Divanette has solid oak frame in fumed finish, and can be used in living-room, bedroom, or in fact it fits in anywhere in the house. The back and seat are upholstered and covered in artificial brown leather. It opens into a double bed by a most simple arrangement and with little effort. And remember, this is fitted with link weave spring and mattress at this Sale. Price 29.50

DESERTER AND BIGAMIST.

Special to The Toronto World.

Belleville, Feb. 1.—Allen Asselstine, whose home is in the northern part of Hastings County, was arrested as a deserter from the 155th Battalion and was taken to Kingston. Assel- stine married two years ago a woman named Mrs. Geo. Cartwright, and it transpires that she has a husband living at Dunnville. She was also arrested on a charge of bigamy, to which she pleaded guilty and was sentenced to a year in the reforma- tory.

SHOWER OF SOX VERY SUCCESSFUL.

War Time Tea Attracted a Crowd to Help Secours National.

"Hundreds and hundreds," exclaimed Mrs. Beardmore when asked how many socks were received at the sock shower of the Secours National yesterday afternoon. The great mountain of socks well bore out the president's ex- clamation, for there must have been hundreds of pairs heaped up, an offer- ing from Toronto women to their brave soldier laddies.

The war time tea also was well pat- tronized, and the sale of bags and baskets seemed to be popular. Pouring tea and coffee were Lady Eston and Mrs. B. McLean.

The workers for the shower and sale were Mrs. Beardmore, Miss Hendrie, Mrs. Gilbert, Mrs. Adams, Mrs. Gray- son Smith, Mrs. Trumbell Warren, Mrs. J. B. McLean, Mrs. Magnum, Miss Dorothy Walker, Mrs. Mill- wraith and Madame Roucheau.

WILL INVESTIGATE SHIPMENT.

In all probability the shipment of \$1000 worth of whiskey, which it has been discovered was consigned to a western Ontario citizen, will be in- vestigated by the Ontario License Board. There are said to be 100 cases. Other large consignments have been noted, but none as pretentious as the one mentioned.

BISHOP AT MILITARY SERVICE.

The Bishop of Toronto will preach at the military service to be held to- morrow morning in St. Alban's Cathed- ral and in the evening at the Church of the Good Shepherd, Mount Dennis.

SOLDIERS' CHOICE FOR LEGISLATURE FAMOUS DUPLEX HAIR CUTTER ARTISTIC MODELS ON SALE AT HALF PRICE FOR WOMAN'S EYES

Alberta's Woman Member Tells Toronto Press Women About England.

HAD WOMEN'S SUPPORT Some of the Conditions in War-Time Seen by English Hospital Nurse.

Members of the Women's Press Club were privileged yesterday afternoon to have as their guest Lieutenant Roberta Catherine MacAdams, M.L.A. for Alberta, who was passing through Toronto from overseas to attend the sessions of the legislature. She left the city last night en route for the west.

Miss MacAdams has been dietitian at the Ophthalmic Hospital, and it was while in this position that she gave the great soldiers' vote that gave her a place in the legislature. Perhaps because she had so important a position and also because she had secured election to parliament, the general conception of Miss MacAdams was very far from the reality, as she is almost girlish in appearance, and is not as yet hedged about with the things which might tend to awe her sister women.

In a most interesting address in the course of which she proved herself a speaker of considerable length without for a moment losing the attention of her audience, Miss MacAdams told of conditions overseas and as she sees them on her return. She told of the time of her election and of the help given her by the English press women who gave her more free advertising than any of her opponents could possibly buy with any amount of money.

Wonders About Canada. Speaking of the soldier who will return to Canada, Miss MacAdams said that conditions here make his life so problematical that his country has become a very dear thing to him. He recognizes that changes are taking place in Canada, and wonders if the new democracy will sympathize with him in his new developments.

Women of England. The women of England were spoken of with great enthusiasm. In civil life they are doing most of the things that men did formerly. They climb ladders to clean windows, they are employed on all the household work outside of cars, while in the army the men are doing the things of housekeeping that before the war belonged to the domain of woman.

Encouraging reports of the year's work were given at the annual meeting of Queen Street Auxiliary Union Jack Chapter, I.O.O.F., held in the schoolroom at Islington Wednesday.

CHARGED WITH STEALING WHISKEY. Charged with the theft of two cases of whiskey from the Canadian Pacific Railway, John McLarty, 67 Vernon street, was arrested last night by County Constable Hughes. McLarty, who is in the employ of the railroad as a switchman, is alleged to have taken the liquor from a car which was standing on a siding. He will appear in the police court this morning.

ASKS DAMAGES FOR THUMB. William K. Ross, a nurse, broke her thumb while attending the wife of George Argo. She is demanding \$500 for pain and inconvenience, from Argo.

\$2.00 Reg. Price --- For Only \$1.00 \$1.00 CASH GIVEN FOR THIS AD

Read This Offer Carefully. It Will Never Appear Again.

There are only two good plans on this continent that can turn out the fine quality of steel necessary for the DUPLEX. Our contract with the steel mill is for 100,000 lbs. of steel for the DUPLEX. We have just this week made up 5,000 DUPLEX HAIR CUTTERS. These will be sold for more than a week or so, and when they are sold we will be forced to charge \$2.00 again.

Send \$1.00 Today and Save \$1.00

No experience or practice is needed with the DUPLEX. You possibly go wrong. Over 50,000 now in use daily in Canada. No scissors or clippers are needed. The Duplex does the work of a hairdresser. It is simple and easy to use. It is the only hair cutter that has been patented in this country. It is the only hair cutter that has been used by the British Army. It is the only hair cutter that has been used by the British Navy. It is the only hair cutter that has been used by the British Air Force.

DUPLUX MANUFACTURING CO., DEPT. 57, BARRIE, ONT.

PLAYS, PICTURES AND MUSIC

"So Long Letty." Earl Carroll, author of "So Long Letty," the popular musical comedy which comes to the Royal Alexandra Theatre next week, commencing Monday night, the 24th inst., is a new candidate for membership in that select group of composers which Victor Herbert is dean. It is a musical comedy in the style of "So Long Letty," at least half of them were sung or whistled through Toronto all night long, notably "So Long Letty," "Here Come the Married Men," "Beautiful Beach" and "Maryland." Reserve seats are now on sale for all performances.

"The Riviera Girl." Of the many notable musical productions which Klaw & Erlanger have brought to Toronto, "The Riviera Girl," which commences at the Princess Theatre next Monday night, following its five months' run at the New Amsterdam Theatre, New York, is promised to be the one which will mark a new stage achievement. The engagement is for all next week with matinee Wednesday and Saturday.

"The Irish 15th." Al H. Wilson will begin his week's engagement at the Grand Opera House Monday night in "The Irish 15th," Mr. Wilson's deeply rooted in the hearts of local portents, who never miss the opportunity to witness the performance. Wilson one of the best roles he has ever had in the part of Richard Dale, a young Irish officer who joins the 15th to France to fight under the flag of that country.

Sally Fisher, the well-known musical comedy star, will headline the musical comedy "The Choir Rehearsal," commencing Monday night at the Grand Opera House. The play is a musical comedy in the style of "The Choir Rehearsal," commencing Monday night at the Grand Opera House.

"The Ghosts of Yesterday." The screen version of "Two Women," which will be shown next week at Loew's York Street Theatre and Winter Garden, with Norma Talmaage in the stellar role, depicts the spiritual attraction of a woman cabaret singer from the dance halls of the underworld. The play is a musical comedy in the style of "The Ghosts of Yesterday."

"The Hippodrome." The first of the Russian art films to be seen in Toronto will be "The Painted Doll," starring Ivan Mouzkin and Tanya Petner, which will headline the bill at the Hippodrome next week. The telling, is replete with situations from which much strength has been derived. Rawson and Clare, well known to vaudeville patrons, will head the all-star variety bill in their newest offering, "Just Kids." Morgan and Gray have an exceptionally clever one-act comedy sketch with bright lines and amusing situations. "The Seven Sammys" present a bright musical comedy revue with new songs and bright line sketches.

CHARGED WITH THEFT. Nichol Wellish, 55 Pearl street, was arrested by Policeman Waterhouse yesterday evening charged with the theft of a bag of shell fittings from the Ontario Products Company, West Adelaide street. Wellish is alleged to have removed the material from the company's yard. He was apprehended on York street by the constable, while endeavoring to sell a sack of shell fuse cuttings.

ALUMNI ENJOY EVENING. It is the desire of the alumni of the Toronto College of Music to perpetuate the name of Dr. Torrington in some tangible form. Mrs. Mallon, the president of the alumni, voiced this feeling at the meeting in Wednesday evening, and it is the intention when present national stress is over to formulate a definite plan to carry out this desire.

Sore Eyes Granulated Eyelids. Eyes inflamed by exposure to sun, dust and wind quickly relieved by... The American Watch Case Co. of Toronto, Limited.

Attractive Showing of Furs and Garments Appeals to Woman's Fancy.

Figures and furs. These were the allurement that drew a passerby into the always thronged store of the Dineen Company on Yonge street yesterday. Figures that told of prices almost incredibly low, and furs that spoke of high grade and the finish so dear to the feminine heart.

"Look at this beautiful coat," continued the girl, and the coat was well worth looking at. It was of that purplish-prune shade of velvet, which proves so warm and inviting, and it was lined with a lighter shade of satin and trimmed with a wide collar of Hudson seal. The original price was \$55, and it was selling at \$35.

In the furs there were sets of red fox which had sold at \$75 and were reduced to \$55. Natural wolf sets, now bore a long price of \$75, were now being sold at \$50. A pair of attractive Siberian wolf muffs, that looked just the thing for these days of extra cold weather, were marked down from \$15 to \$10, and a stole to match, that had once represented \$35, might now be had for \$5.

Blouses of many designs and models were piled up in the cases. "You must have hundreds," said the saleswoman, "we have a thousand any way." This was a modification of her first remark, and she was not alone in all shades and sizes that were \$5.50, and are now going at \$3.45. And a beauty in ivory white gauze, with a high collar and a row of Val. inserted across the front, was marked down from \$9.75 to \$6.

Then there were separate skirts and undershirts, the latter in heatherblown and taffetas—all shades. Handbags—in many varieties, in plush, leather or artificial leather. A few of the special and away below the regular price. A few of the special and away below the regular price. A few of the special and away below the regular price.

FORESTRY-AUXILIARY DISCUSS UNIT'S NEED New Organization to Remember Needs of Battalions in France.

The new auxiliary of the forestry corps met at the Central Y.M.C.A. yesterday afternoon, with Mrs. F. O. Loft presiding. The needs of the men of the forestry corps in France, and the need of a new organization to remember their needs, were discussed, after which Lieut. Holms, who has been overseas, told the forestry battalions in France. But little is known of their work, he said, and he would like to see the speaker stated. The corps is a development of a time that has trench warfare, and the men are to be prepared and prepared the ground.

HIGH SCHOOL BOYS ARE WELL REPRESENTED Returned Officer Tells of What They Are Doing in the Present War.

The high school boys can rest assured that they are well represented on the firing line and in all branches of the British army," asserted Lieutenant Rowland Locke in the course of a talk to the members of the Toronto High Schools Club at their weekly meeting in the Central Y.M.C.A. last night. "These men have made excellent fighters," he continued, "and there were many of the old members of this body in Europe at the same time as myself. I saw Houston, of Jarvis, while on leave in London. Since that time he has been wounded and has won the military medal. I also met McQueen, of Jarvis, and 'Sweeney' Davis of Harbord. When I came into the hall tonight I looked around, but could only see about three faces that I really knew in the days before the war. Where are the rest? I can answer that. About seventy per cent of them are fighting in France at the present time and many more are in training getting ready to go."

GOOD WORK OF LEAGUE. Interesting Reports Show Much Work Accomplished Along Patriotic Lines.

College Heights and Rosedale Patriotic League met yesterday afternoon at the Deaconess Home, Mrs. Kenneth J. Dunstan in the chair. Considering that the members had been engaged in the late Red Cross campaign reports of work done were most commendable and included 102 stretcher caps, 15 gaiters, 36 bandages, 24 fomentation bandages, 36 pairs of socks, 400 property bags, 12 handkerchiefs, 102 pairs of pyjamas, 120 pairs of slippers, 22 pairs of socks.

ROSS McPHERSON KILLED. Met Death in Airplane Accident in England Saturday.

Word was received in Toronto yesterday that Flight-Lieut. Ross McPherson of 39 Delaware avenue, was killed in an airplane accident in England last Saturday. Lieut. Ross McPherson was in his twentieth year, born in Toronto and took his military training at the University of Toronto. In 1916 he enlisted in the infantry and took out a commission, later transferring to the Royal Flying Corps. He trained in Toronto and at Camp Borden, leaving for overseas last July.

The One New Idea in Phonographs

The "Organola" Model of our "Phonola" is the only really new idea—the only radical improvement—in phonographs in years.

Into this model we have built tone control pipes, carrying out the principle of the church organ. The tone result is remarkable and marks the "Phonola Organola" as the supreme achievement in phonograph construction.

The "Organola" cabinet is superbly finished. The winding crank is concealed. The motor is noiseless. It is an instrument of real distinction.

Other models of the "Phonola" from \$18 up. They play all makes of disc records.

RESIDENTS MUST PAY THEIR SHARE

Roxton Road Property Owners Plead Their Cause in Vain.

SIGNS AUTHORIZED

New Electrical Devices May Only Be Used According to Order.

After listening for over an hour to the plea of a large deputation of Roxton road residents, who appeared for the third time to ask that the cost of the grading on their street, between Dundas street and College street, should be paid for by the city in general, instead of being taxed as a local improvement, the works committee yesterday afternoon decided that they had no power to grant the request, and accordingly the deputation left in deep disgust, promising that the matter would be finally settled in the law courts.

Our only way to get justice seems to be the law courts," remarked a member of the deputation. Subjugate Private Interest. Another deputation of Ward One residents, headed by George Shields, who came to oppose the erection of a civic stable on Kingston road, were given a lecture on public spirit by the street commissioner. The deputation suggested the Morley avenue sewage plant as an alternative site.

You should learn to subjugate your interests for the general good of the public," said Mr. Wilson. "And as for a stable being offensive, such is not the case."

Referring to the proposal to place the stable on the sewage disposal plant property, the commissioner said: "I will find a site myself and suggest it. I refuse to allow this committee or any deputation to dictate to me where the civic stables are to be placed, but they may overrule my decision in the end." The commissioner withdrew the Kingston road recommendation.

Must Not Use Power. A number of permits for electric signs were granted, and for the first time a clause was added to the permits specifying that any concerns given by the city for such erection, does not carry with it the right to

CHARGES AGAINST WILSON BASELESS

Street Commissioner Completely Vindicated in Arbitrators' Report.

OUTSIDE INTERFERENCE

"Flag Grievance" Dismissed as Puerile and Without Foundation.

Not one of the charges brought against George B. Wilson, street commissioner, during the city scavengers' strike last autumn, has been proven, according to the report of the board of arbitrators made public yesterday. The commissioner is completely vindicated by the report, which also accented the charge that he desecrated the Union Jack by removing it from a manure truck and throwing it on the ground "puerile in the extreme and without foundation."

All the charges were trivial, says the report, and all the complaints would have been remedied had they been referred to the commissioner in the first place. The grievances of the "hired carters" are also dismissed.

Should Confer With Commissioner. "Of the complaints preferred against Commissioner Wilson," say the arbitrators, "we find that these are not of a serious nature, and we feel that had they been brought to his attention they would have been speedily remedied by him so far as he believed them to be fair and reasonable. This has been the attitude displayed by him throughout our sittings and borne out by evidence from both sides before the commission."

"We are further of the opinion that had the men advised themselves of their privilege, according to their code of discipline, to confer with Commissioner Wilson on any matter in dispute, the conditions between the head of the department and the employees would be of a more satisfactory character, and we further recommend that in future where any grievance exists that the men in the department take full advantage of the opportunity given as laid down in the code of discipline.

Flag Charge Childish. "We find the charge that Commissioner Wilson desecrated the Union Jack by removing it from a manure truck and throwing it to the ground to be puerile in the extreme and without foundation. This charge was not subjected by the commissioner to any denunciation or disrespect whatsoever, as was clearly demonstrated and borne out by the evidence adduced. The improper charge of disloyalty against Mr. Wilson was, we have no doubt, actuated by a desire on the part of certain outsiders to interfere with the commissioner and his department. We feel that he is to be commended for the firm stand taken by him in this connection, and are of the opinion that his action should receive the unambiguous support of council."

Not Enough Co-operation. The arbitrators found no truth in the statement that men worked for from two to five years without holidays. The code of discipline, enforced by the commissioner, is dealt with as follows: "It would appear to us that there has not perhaps been sufficient interest taken in the administration of the code and the dissemination of knowledge concerning it by the superintendents. They are, however, invited to appeal to their foremen or superintendents for the interpretation of any section of the code which did not appear to be clear to them. It would appear that in no single instance was any information sought by them with this end in view. It is to be regretted that it does not appear that when the men recently conferred with the commissioner they made it clear that they would have withdrawn their objection to the code were it not that they feared accepting responsibility for so doing."

The arbitrators did not think the hired carters should receive the status of civic employees. They add: "The

Kidneys Now in Perfect Order

Pains in the Back and Rheumatism Disappeared When the Poisons Were Eliminated by Healthful Kidney Action.

Komoka, Ont., Feb. 1.—If everybody could only realize that pain is the result of poisons in the system there would soon be far less suffering. Poisons only collect in the system when the kidneys fail to perform their regular functions and the liver and bowels are torpid and sluggish. These organs are easily regulated by the use of Dr. Chase's Kidney-Liver Pills, as is evidenced by the cases described in these letters.

Mr. J. F. Robson, R. R. No. 4, Komoka, Ont., writes: "I am certainly glad to recommend Dr. Chase's Kidney-Liver Pills to anyone suffering from kidney trouble. I suffered for a long time from kidney disease and pains in the back. I commenced using Dr. Chase's Kidney-Liver Pills, and found that by using two pills a week the kidneys and bowels were kept in perfect order, and that I had no more pains in the back. We always keep these pills in the house for general use."

Mr. Wm. H. Taylor, Elgin street, Bowmanville, Ont., writes: "I was troubled with rheumatism, and commenced using Dr. Chase's Kidney-Liver Pills. I found them a splendid remedy, excellent as a purgative. They also benefited the kidneys, and relieved me of rheumatism. I can recommend these Pills very highly for rheumatism or for toning up the system and keeping it in shape generally."

This letter is endorsed by John Lyle, J. P. Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, 5 for \$1.00, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. There are imitations, so it is necessary to look for the portrait and signature of A. W. Chase, M.D., on the box you buy.

C. N. R. AUDITOR KILLED. Winnipeg, Feb. 1.—James A. Wilson, auditor of the Canadian Northern Railway, was accidentally killed in Flanders, Rainy River District. Mr. Wilson was on the road to recovery, while in motion, the train by which he was traveling.

Nationalization of American Railways

THE action of the United States Government in taking over the control of the railway systems of that country emphasizes the advantage of being a daily reader of THE GLOBE. Through its exclusive arrangement with The New York Times, this action of international moment was forecasted in The Times and THE GLOBE the day before the official announcement was made.

CANADIANS have always shown a lively interest in American affairs, but never more than now, when Uncle Sam is speeding up for the war.

THROUGH THE GLOBE'S enterprise, the citizen of Canada lives as close to the American news of the day as the man in Washington or New York, for THE GLOBE'S American news service is complete and almost instantaneous.

In Canada

The nationalization of Canadian railways has been persistently advocated by THE GLOBE, through its editorial columns and special articles by experts.

Common garden sage brewed into a heavy tea with sulphur added will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the sage tea and sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Weyth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

Other People's Opinions

Insurance for Draftees.

Editor World: I always thought the Toronto World was a paper that upheld fair play, but I have begun to think otherwise since reading your editorial, "Draftees and Volunteers." You say draftees have no right to expect premiums because they have been at home for three years, but whose fault is this? Not altogether the draftees' fault, but the government's fault for not handling the situation sooner. Most of these men have been waiting for the other man goes, thinking in their own minds that one man has as much right to go as another, which is quite true, hence the hold-up.

This way in which the press and some of the people speak with contempt of the draftee, who is going to take the same risks and face the same horrors as the volunteer, and maybe finish the work he began, seems to imply that he is not worthy of the people's consideration. It is wrong if they do not try to stop their \$1.10 a day, and yet these draftees, as they call them, are going to protect these same people from the atrocities of the Hun.

A few weeks ago an article appeared in your editorial column deploring the idea of discriminating between the draftees and volunteers and then the next you say is the draftee has no right to the same as the volunteer. (Maybe you think his life is not worth \$1.10.) Why this sudden change? I am glad to see that the Wentworth County Council are not following your ideas, but are granting the same considerations to the draftees as they did to the volunteers.

Fair Play.

Hamilton.
 Why Not Garbage Fuel?
 Editor World: I cannot conceive, with all this cry for fuel supply, why the city council, instead of talking about coal, which owing to its steady growth here, is so different from the peat of Ireland where it dries rapidly, but will require slow and costly processes here, does not adopt the garbage plan we have roared on several occasions. There is sufficient waste matter to enable the city to be supplied with fuel to the extent of 110,000 tons a day, and at \$6.50 or \$7 a ton. Why waste for the time and continue to keep this fuel supply from the people? They are making it in the States. If it belongs to us with the very best results. The plants are swamped with repeat orders. Their garbage is no different from ours. We can use the coal dust and tar just as well as they can. We can get the machinery to make it, in fact, a company has offered to do this, I am told. Why don't the council adopt it? Eleven hundred tons a day means something, and the difference in the price means something. Let's have action.

Householder.

WILL PROBE PILOTAGE
 Official Announcement of Personnel of the Halifax Commission.
 Ottawa, Feb. 1.—Official announcement of the personnel of the commission which has been appointed to investigate pilotage conditions at Halifax and other ports in the province was made today by the marine department. The commission will be made up of three men, Thomas Robb, manager and secretary of the British Federation of Canada, and also managing director of the Marconi Wireless Company, Montreal, who will act as chairman; Captain James MacNeil, deputy port warden, Montreal; and Captain James W. Harrison, marine superintendent, Furness Withy, Halifax.

SOLDIERS HAVE GOOD FOOD

Food Controller Asks Public Not to Send Them Parcels.
 Ottawa, Feb. 1.—After conference with Gen. Meuburn, minister of militia, the food controller has issued a statement that the military authorities are not in need of additional food to be supplied by civilians and friends to soldiers in the front lines in this country. In view of the liberal and varied food ration issued to the troops by the military department, the public are therefore, asked to discontinue the practice of sending foodstuffs to the soldiers in Canada.

Rats Carried Poison to Nest

And Phosphorus Started Fire
 Kingston, Feb. 1.—That the fire that destroyed the home of James Harris was caused by rat poison which contained a very large percentage of phosphorus, is the opinion of members of the fire and light committee.

Sterilization of All Milk Will Be Urged in Brantford

Special to The Toronto World.
 Brantford, Feb. 1.—Sterilization of all milk deliveries in this city will be strongly recommended to the city council by the board of health, which held its inaugural meeting here today. One accidental case of typhoid traced to the source of supply of one milk vendor last year, and a resultant epidemic. More sanitary disposal of garbage and utilization of by-products of the same will be urged on the civic authorities as a protective measure for the health of the city.

TRAIN KILLS SEVEN CHILDREN.

Moore Lake, Minn., Feb. 1.—Northern Pacific train No. 82, northbound struck a bus in which twenty school children were riding late today, killing seven. None of the passengers nor members of the train crew were injured. A number of the children were seriously injured.

The Press and the Railways

The Toronto Star yesterday had a special from Washington to prove that government control of railways had broken down in the United States because "practical men" were not put in charge. Of course the fact is that the United States transportation system had confessed to an utter breakdown under the management of the private corporations and the national government had to intervene. No reasonable person expected that Director-General McAdoo would be able to clean up the mess of accumulated mismanagement and let the American railways into an efficient transportation system within six weeks. The government has to spend \$1,000,000,000 immediately and a good many experts said that it will require \$10,000,000,000 all told and a good many years of hard work to make the American railway system what it ought to be. Meanwhile, Mr. McAdoo is going ahead scoping a good many parcels off of the top and is not surprised to hear quite a howl against his administration.

But why should The Toronto Star be the yelper in Canada? The Star has not troubled itself to express any views on the Canadian railway situation. No one can venture to say that The Star either favors or opposes railway nationalization or government control. It gives no evidence of ever having heard of such a corporation as the Canadian Pacific Railway Company. Yet apparently The Star would like to see nationalization and government control of the railways in the United States.

The Winnipeg Telegram charges that the Norris Government has thrown away the case of Manitoba against increased railway rates by joining forces with the government of Saskatchewan and Alberta.

In the recent hearing before the privy council all three provinces were represented by H. J. Symington, K. C., of Winnipeg, who by the way, made an excellent argument. The Telegram thinks that he scattered as badly as an old shot-gun at about the time he confined his argument entirely to the contract between the Canadian Northern and the Province of Manitoba, which enables the lieutenant-governor-in-council to regulate the rates of the C. N. R. until 1930.

If Manitoba can fix the rates of the Canadian Northern it follows that she can in practice at least fix the rates of the other roads as well. They would have to meet the Canadian Northern rate. But the Dominion Board of Railway Commissioners has already ruled in the Regina rates case that the C. N. R. must give an equitable rate to Saskatchewan and Alberta as are given to Manitoba under substantially similar conditions. It would, therefore, appear that Manitoba can secure reasonable rates not only for her own people but for the entire prairie west if the old agreement between the Manitoba Government and the Canadian Northern overrides the Railway Act. Whether it does or not is a question of law now before the supreme court of Canada.

Canada has some lessons to learn in the case of railway nationalization.

Some days ago we referred to a prose poem by P. A. O'Farrell on the railway question. Mr. O'Farrell's eye in the frenzy-rolling, saw the agents of the C. P. R. "scouting in every land and clime for business." So great had been the services of the C.P.R. to Canada and all the Manitoba Government and the Canadian Northern. Indeed the governments of these provinces are denounced as "demagogic" because they dare to complain of the 15 per cent increase in railway rates. Mr. O'Farrell's eye in the frenzy-rolling, saw the agents of the C. P. R. "scouting in every land and clime for business." Indeed the governments of these provinces are denounced as "demagogic" because they dare to complain of the 15 per cent increase in railway rates.

ITALIANS AT HEAD OF TELAGO VALLEY

Present Offensive Gains Important Advantages Over Austrians.
 COUNTER-SMASH FAILS
 Young Sardinian Troops Behave with Distinction in Advance.

Rome, Feb. 1.—The Austrians yesterday attacked on the Asiago plateau in an attempt to drive the Italian newly-won positions on Monte di Valcarlos, the war office announced today. The enemy, however, was unable to reach the Italian line.

The Italians by a sudden attack at dawn yesterday advanced their lines as far as the head of the Telago valley. A despatch from Italian headquarters says: "The splendid success gained by the Italian troops in two days of fighting west of the Brenta River has been maintained at all points and the area occupied rapidly without further effort by the enemy to regain his lost positions."

As the Italian brigades which took part in the fighting reassembled, it developed that their losses were comparatively small, the aggregate being considerably less than the number of prisoners taken from the enemy.

But the enemy losses were extremely heavy as is shown by the number of dead left on the field and the remains of the Italian army the troops have been stimulated by the success in the Asiago area and the Italian triumph is taken to show the really formidable and aggressive spirit of the new forces. A considerable part of the troops engaged were of the classes of 1914, including some 19 years old.

Throughout the Italian army the troops have been stimulated by the success in the Asiago area and the Italian triumph is taken to show the really formidable and aggressive spirit of the new forces. A considerable part of the troops engaged were of the classes of 1914, including some 19 years old.

Many of the Saccari brigade, which distinguished itself in the Asiago area, were of the classes of 1914, including some 19 years old.

The result of the action is having an effect on the morale of the enemy.

vince, however, presumably acting under instructions from the Government of Manitoba.

This is not the case. To suggest that it is the case in merely to give the Dominion authorities an excuse to confuse the issue, to treat Manitoba as if it has "no special rights, and to ostracize our protests as mere selfish sentiment, deserving of no more serious consideration than the demagogic opposition of other governments, which seek to make themselves popular with the unthinking masses in their communities, who always applaud opposition to a proposal that they should pay more for anything and at the same time applaud every suggestion that they should receive more for what they have to sell.

The Calgary Albertan believes that the Canadian Pacific Railway Company could be nationalized without taking a dollar out of the public treasury or adding a dollar to the national debt.

The Calgary Albertan believes that the Canadian Pacific Railway Company could be nationalized without taking a dollar out of the public treasury or adding a dollar to the national debt. The C. P. R. stockholders, it says, would simply have the chance to exchange their stock for government consols bearing ten per cent interest, and even at this price the C. P. R. would carry itself and make a profit for the government. The Albertan wants government control of all the railways without delay, and has this to say about the wonderful Canadian Railway War Board, of which we have been hearing so much since President Wilson's proclamation:

Calgary people know that a few weeks ago Calgary and many other points in western Canada were faced with a coal famine. Conditions were alarming. The shortage was caused by the troubles of the C.N.R. The C.P.R. was able to help out. The railway board took no action. It is very doubtful if the present war board is worth while. It is not taking the place of government operation.

The Journal of Commerce, edited by Hon. W. S. Fielding, shrinks from the great responsibility which the government would assume in nationalizing the Canadian Pacific and the old Grand Trunk.

The Journal is quite willing to have the government assume the responsibility of the railway rates that do not pay, but it likes to see great corporations run the roads that yield a profit. After somewhat cautious review of the situation, The Journal says, with some anxiety:

Canada has some lessons to learn in the case of railway nationalization. She will do well to learn them better and acquire a valuable experience before plunging so deeply.

Company's Position.

Depositors and debenture holders will be the first to share in the assets of the company, as the Loan and Trust Corporation Act provides that depositors shall rank as creditors, having regard to the assets of a corporation in the same way as holders of debentures and debenture stocks. According to the last report deposits on hand on Dec. 31, 1916, amounted to \$215,785.12, while the debentures issued in Canada amounted to \$2,356,840.39.

Reserve Fund \$508,000.

According to this financial statement, the subscribed capital was \$1,582,251. There are 14,092 shares, of which 1,205,904. A reserve fund of \$508,000 and a contingent fund of \$594 and a balance of \$98,327 are shown in the accounts.

Emma Goldman is Ordered To Surrender to Marshal

New York, Feb. 1.—Judge Mayer issued an order in federal court here today directing Emma Goldman and Alexander Berkman, anarchists, to surrender themselves to United States Marshal McCarthy tomorrow morning.

CHILD BURNED IN HOME.

Bryson, Que., Feb. 1.—Early yesterday morning at four o'clock the home of Mrs. Samuel Laporte, who lives at the mountain on Calumet island, four miles from here, was the scene of a very serious fire, causing the death of his youngest daughter, Rose, aged eight years, who was burned to death.

SURVEYORS ELECT OFFICERS.

Ottawa, Feb. 1.—At the closing session of the annual convention of the Association of Dominion Surveyors today the following officers were elected for the ensuing year: President, J. N. Wallace, Calgary, Alta.; secretary, treasurer, Major E. W. Hubbell, Ottawa.

TUSOCK MOTH AT BRANTFORD.

Special to The Toronto World.
 Brantford, Feb. 1.—The Brantford parks board received a report tonight from the provincial expert that the tussock moth was prevalent in this city in large numbers. The board will take steps at once to eradicate the nuisance. Franklin Grobb was elected chairman for the year.

GODERICH COLLECTOR DEAD.

Goderich, Feb. 1.—Ashur Farrow, aged 78, for over thirty years collector of funds, died here from the effects of a fall on the stairs at his home, which he sustained a fractured thigh.

SAMSON AND THE FOXES

And Samson went and caught three hundred foxes, and took firebrands, and turned tail to tail, and put a firebrand in the midst between two tails. And when he had set the brands on fire, he let them go into the standing corn of the Philistines, and burnt up both the shocks and also the standing corn, with the vineyards and olives.—Judges xv, 4-5.

DOMINION PERMANENT LOAN HAS ASSIGNED

(Continued from Page One.)

Toronto, directors, T. H. Johnson, Winnipeg; C. H. Cowan, Vancouver; J. B. O'Brien, Renfrew; F. M. Holland, Toronto.

McGarry Not Director.

Hon. T. W. McGarry, provincial treasurer, is not connected with the company. More than a year ago, while out of the city, he was elected vice-president, but he resigned immediately upon his return. He has not had anything to do with the management of the company, and was not even a depositor. When the statement was made yesterday, Hon. McGarry was much surprised as any other citizen.

Hon. J. B. Lucas, attorney-general, made the statement yesterday that no money of the province was involved in the assignment.

Depositors and debenture holders will be the first to share in the assets of the company, as the Loan and Trust Corporation Act provides that depositors shall rank as creditors, having regard to the assets of a corporation in the same way as holders of debentures and debenture stocks. According to the last report deposits on hand on Dec. 31, 1916, amounted to \$215,785.12, while the debentures issued in Canada amounted to \$2,356,840.39.

The total assets of the company at that time are placed at \$4,476,386, giving a surplus over liabilities of \$1,852,251.

There are 14,092 shares, of which 1,205,904 are fully called stock, for which \$890,000 has been paid and \$388,785.12 have been paid on which \$242,785.12 payments have been paid, and constituting an asset of the corporation.

Special to The Toronto World.

Guelph, Feb. 1.—Robert J. Pepper, local manager of the Dominion Permanent Loan Co., closed the local office this morning on instructions from Toronto. The agency was established here 18 years ago, several of the officers being residents of Guelph at that time. It is understood that a number of Guelphites have invested quite heavily in the shares of the company, some of them also being farmers in the vicinity of New Germany who are financially interested. The debenture holdings of the com-

STREET CLEANERS NOT ALL SATISFIED

Chairman of Strike Committee Voices Opinion Based on Newspaper Reports.

"No. If the report of the arbitration committee as presented in the evening papers voices the correct feeling of the arbitrators, then I must say we do not feel satisfied with their findings," said Chairman J. Kennedy of the recent street cleaners' strike committee last evening at the Labor Temple.

Dividends Paid.

The balance sheet for 1916 shows dividends declared in respect to part of 1916, and fully called shares, totaling \$84,000. Unappropriated profits in respect to these shares total \$97,175.

There are 1,205,904 shares of terminal stock of withdrawable stock in force representing investments of an additional \$120,300, of which only \$60,150 has been paid for by 107 shareholders.

The holders of this stock, however, will not be held liable for the unpaid subscriptions.

The original company was incorporated as the Dominion Building and Loan Association in 1890.

Eight years later the scope of the institution broadened, and it became the Dominion Permanent Loan Company. The late Hon. J. R. Stratton was president of the company up to 1915.

The stock of the company is not listed, but has been dealt in by local brokers.

Some months ago the shares were around \$74 a share, but since the beginning of the year have taken a drop until lately they have been on offer around \$63.

CLOSE GUELPH OFFICE.

Special to The Toronto World.

Guelph, Feb. 1.—Robert J. Pepper, local manager of the Dominion Permanent Loan Co., closed the local office this morning on instructions from Toronto. The agency was established here 18 years ago, several of the officers being residents of Guelph at that time. It is understood that a number of Guelphites have invested quite heavily in the shares of the company, some of them also being farmers in the vicinity of New Germany who are financially interested. The debenture holdings of the com-

pany in this vicinity are said to be between \$300,000 and \$400,000.

When the news that the doors had been closed on orders from Toronto became noised around the streets the office was visited by several persons who had accounts there, but Mr. Pepper was compelled to tell them that he was powerless to give them any money, and that they would have to wait developments.

Canadian Red Cross Society ANNUAL MEETING

Hockey U.C.C. 4 S.M.C. 3

ONE-GOAL VICTORY FOR UPPER CANADA

Hung on Gately to Stall Off Fast-Finishing St. Michael's Team.

A man needs strong nerves to take in the prep college junior fixtures at the Arena in the late afternoon. Yesterday's clash between Upper Canada and St. Michael's was another of the thrillers, and it gave many a fan a shock. The final score was 4 to 3 for U.C.C., but it was the tightest fit of the lot.

U.C.C. had an edge in the early stages, but the Saints kept coming stronger every minute. U.C.C. ran in three goals to the freshmen's one in the first period. The second was a clincher, with the Saints scoring the only goal of the period. St. Michael's were first to count in the last round, and this tied the score. Upper Canada then got one to give them the margin. They tried the fresh crew were fighting like tigers to get the goal. The U.C.C. goalie was hunched for going to his knees two minutes before the final bell, and the Saints sent every man up to attack. A more care in the shooting would have tied up the score.

Upper Canada, a light team, have tired and in every game, but they stuck gamely to their guns yesterday, and it was only withering back-checking that kept the Saints from tying it up.

Upper Canada kept a close watch on Stan Brown, and if he got past forwards the defence drove him out. The work and poke checks. Brown was a busy boy on the defensive. Upper Canada's work in and around the net was cool and careful. The Saints were more erratic, with their shooting. Wright was the pick of the winners. He rushed the time after time, and did yeoman service on the defence. Little Tyrrell was again good. Cronin played useful hockey for the winners. The teams:

- U.C.C. (4) — St. Michael's (3) —
- Hardaker — Goal; — Brown — Defence; — Kelly — Defence; — Tyrrell — Centre; — Beaudoin — Right; — Todd — Right; — Cronin — Sub; — Macintosh — Sub; — Referee — Lou Marsh.

SIXTY-NINTH BATTERY READY FOR THE FINALS

Enter Military League Final by Winning at Arena Last Night.

The artillery brigade provided a winner for the Military League final at the Arena. The 69th Battery had no trouble in downing the 1st by a score of 8 to 2. The 69th scored four goals in the first period, two in the second, and failed to count in the third. The winner, "St. Michael's" got their two. The winner, "St. Michael's" got their two. The winner, "St. Michael's" got their two.

Kitchener Ran Up Score on Hamilton

By a Score of 21 to 4 the Kitchener Senior Hockey Team Defeated Hamilton Here Tonight.

The Kitchener senior hockey team defeated Hamilton here tonight. The game was a thriller, with Kitchener leading 12 to 4 at the end of the first period. Hamilton's only goal was scored in the second period. Kitchener's forwards were in excellent form, and their defence was solid. The game was a well-fought one, and Kitchener's victory was well-deserved.

BATTERY BEAT BRAMPTON

By a Score of 12 to 4 the 69th Battery Defeated the Brampton Team in the Military League Final.

The 69th Battery defeated the Brampton team in the Military League final. The game was a close one, with the 69th leading 8 to 2 at the end of the first period. Brampton's only goal was scored in the second period. The 69th's forwards were in excellent form, and their defence was solid. The game was a well-fought one, and the 69th's victory was well-deserved.

AURA LEE'S LAST CHANCE FOR GROUP

Victory Tonight Would Make North End Team Favorites for Group.

"Take your choice" is the prevailing answer when one is asked how tonight's game at the Arena will come out. So evenly matched are the Aura Lee and De La Salle junior teams, the "experts" are divided. The Aura Lee team is interested in tonight's game is even greater than in the other two contests, and judging from the advance sale the Arena will hold one of its largest crowds of the season. Many out-of-town fans who are interested in junior hockey are making the trip to Toronto for the sole purpose of watching these good junior teams perform.

MIDLAND JUNIORS WIN

By a Score of 8 to 2 the Midland Team Defeated the Brampton Team in the Military League Final.

The Midland team defeated the Brampton team in the Military League final. The game was a close one, with the Midland team leading 8 to 2 at the end of the first period. QUEEN'S NO MATCH FOR THE CRESCENTS

Senior Game at Kingston Close Till Third Period, When Home Team Blew.

Kingston, Feb. 1.—The Crescents of Toronto outplayed Queen's of the senior O. H. A. fixture here tonight, winning by a score of 10 to 3. Queen's put on a fair exhibition in the first and second periods, but went to pieces in the third after they had saved several attempts to break thru the Crescents' defence. Queen's fell down badly in the combination, while the Crescents worked like a machine. The game was played in intense cold weather, but there was a big crowd of fans who were the most part made up of student supporters.

ABNOX SETS NEW SEASON'S RECORD

Harry G. and Kerjolla Won Only Two Races Finished at Mount Clemens.

Mount Clemens, Mich., Feb. 1.—Charley Valentine, the Columbus reinsman, made his ice-racing debut today behind Abnox and set a new season's record by winning the second heat of the 2.12 pace in 2.14.4. All Direct, on his earlier victory, was the choice for this event, but was never a real factor. Sunburn Pointer upset calculations by winning two heats, Abnox took the third and Lord Seymour the first, drawing intervening after a four-heat grueling contest.

4. Time 1:43 3/4. Ben Hampson, Confagration, Little Russian, Dolly, Bookie, Bill, Evelyn V., Erin, Waco Boy, Weynoske also ran.

Germany Kill Eleven Women In Nocturnal Raid Over Paris

Paris, Feb. 1.—Forty-five persons were killed and 307 injured in the German air raid of Wednesday night. Of these, 31 persons were killed and 181 injured in Paris, while 14 were killed and 76 injured in the suburbs. The killed include 11 women and five children. The funeral of the victims of the raid probably will be held on Sunday, all expense being defrayed by the government. The City of Paris will allot burial plots in perpetuity, without cost, to the families of the victims.

BAVARIA OPPOSES GERMANY.

Petrograd, Feb. 1.—In reporting the reopening of the negotiations at Brest-Litovsk the semi-official Russian news agency says that the presence in the conference of Dr. Count Podewils-Durnitz is due to the opposition of the Bavarian press toward the Berlin government.

MEASURE PLANNED TO CONSERVE LOBSTERS

International Fisheries Commission Receives Evidence on Industry.

Boston, Feb. 1.—Consideration of the lobster industry occupied the attention today of the international fisheries commission, continuing its hearings here on questions involving the fishing interests of this country and Canada.

A federal law, regulating the size of lobsters trapped in the waters of the United States, or shipped in interstate commerce, with a similar law in Nova Scotia, was favored by several of the speakers. Lobster dealers told the commission that if the industry was to be saved it would have to be protected by laws rigidly enforced. They advocated the adoption of 10 1/2 inches as the minimum size for marketable lobsters in both countries.

During a discussion of the fish-turting business it was brought out that the increased consumption of shell fish as a meat conservation measure had caused an unprecedented demand, which the dealers had not always been able to supply. To meet this demand plans are being made for the expansion of the steam trawler fleet operating out of Boston to three times its present size.

American Liberty Motor To Decide Supremacy of Air

Chicago, Feb. 1.—America, thru the use of the Liberty motor, will decide the supremacy of the air in the world war, according to Major L. C. Eckenfelder of the French military mission, who spoke here today. Major Eckenfelder represented M. Andre Tardieu, French high commissioner, at a banquet of the Society of Automotive

Spain Asks Payment For Sinking Steamer

Madrid Government Wants Germany to Guarantee Protection of Ships.

Madrid, Feb. 1.—The cabinet met yesterday under the presidency of King Alfonso and decided to send a strong protest to Germany, demanding reparation to Spain for the sinking of the steamship Giralda. The note will not be sent thru Prince von Rathbor, the German ambassador here, but will be telegraphed direct to the Spanish ambassador in Berlin.

The note to Germany will insist on a formal declaration by the German Government that Spanish ships engaged in coastwise trade will be respected.

WONDERFUL POWER OF INDIA'S WOMEN MUST BE REACHED

Splendid Reports at Annual Session of Zenana Bible and Medical Mission.

ELECT NEW OFFICERS

People of India Have Unfavorable Opinion of Canada, Says Missionary.

Increased interest in the work of the Zenana Bible and Medical Mission was reported at the annual meeting held in Willard Hall yesterday afternoon. Rev. Prichard O'Meara of Wycliffe College presided over the well attended meeting. Miss Mary Campbell, the secretary, reported 400 Canadian workers in the field now and the different mission houses doing well. The Canadian hospital supported in India by this mission is doing a splendid work. The first baby taken into the Canadian baby home in India years ago is now doing his bit on the battle front. The treasurer reported total receipts for year \$15,491.75, all of which has been derived from 577 subscribers and 419 mem-

bers. The amount raised this year is \$418 over last year's total.

Officers Elected.

The following were elected as members of the executive committee and of the advisory board of the Canadian auxiliary of the Zenana Bible and Medical Mission for the year 1918:

Honorary president, Mrs. Henry O'Brien; president, Mrs. R. J. Fleming; vice-presidents—Mrs. Griffith Thomas, Mrs. Salter Jarvis, Mrs. A. C. Greaves, Mrs. R. H. Verity, Mrs. J. C. Gattshore, Miss K. O'Brien; committee—Mrs. A. W. Austin, Mrs. H. R. Strathairn, Mrs. R. D. Richardson, Mrs. S. H. Blake, Mrs. R. S. Williams, Miss Joan Harris, Mrs. G. J. Bishop, Mrs. J. W. Gray, Mrs. W. H. Langlois; advisory board—Rev. W. H. Griffith Thomas, D.D.; Rev. John McNeill, E.D.; N. W. Hoyles, K.C.; L.L.D., Henry O'Brien, K.C., E. R. Wood, Esq., R. D. Richardson, Esq.

Returned Missionary.

Rev. Dr. Wilkie of Gwalior Presbyterian Mission gave a most eloquent address of the work in India. He has spent 38 years in India and said if he had his life to live over again he would live it in India as a missionary. Dr. Wilkie paid a splendid tribute to the missionaries sent out by the Zenana Bible and Medical Mission. There are 154,000,000 women in India. Of these 44,000,000 are prisoners from marriage to death, 26,000,000, or two in every 11 of the population are widows, which means they are outcasts. 938 in every 1,000 are illiterate, 42,000,000 cannot have medical aid in case of sickness.

In spite of the appalling figures Dr. Wilkie declared that woman is a power in India. That religion has been built up at the expense of woman, but the women of India may remove the burdens laid upon them. The men say "When you can influence us, we will have a movement that cannot be ignored."

Women of India are conservative. The mothers love their children, but ignorance and fear has them firmly held down, and the awful burden of expense, the curse of the child marriage customs, binds them to the horrors which constantly occur. The music of India, said Mr. Wilkie, is usually in the minor key and is a true picture of the heart of India's people. It is a music of tears.

Canada Hated.

India has been loyal to the British Empire and it is only a small portion who desire a change, the great mass of the people want no change. Dr. Wilkie spoke very strongly about the action of British Columbia forbidding the landing of the wives and children of the Hindus. He declared it has caused Canada to be disliked in India and is the cause of many of the wealthy princes holding back hun-

A WONDERFUL SET. Of ermine and seal is illustrated. The coat cape shows much grace of line, and is very lovely in its purity of color and perfection of make.

have a movement that cannot be ignored.

HEALTH TALKS.
By WILLIAM BRADY M.D.
NOTED MEDICAN AND AUTHOR

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column. All letters will be answered by mail if written in ink and stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

Mistaken Notions About the X-Ray

A very frequent inquiry coming to this department of distress runs something like this:

"I have been troubled for quite a while with stomach and bowel trouble. I have tried numerous remedies recommended by friends without success. Would you advise me to have an X-ray picture taken? Please tell me where to have it done."

An X-ray picture is often a great aid in arriving at a diagnosis. But the picture itself practically never makes the diagnosis. And the opinion of the technician who makes the picture is seldom of any diagnostic value. His service is to make the picture and then make an expert interpretation of the picture. It is good X-ray technician generally has little diagnostic value.

An X-ray picture is of no value unless interpreted by the man who made it. The information obtained by the patient's physician thru ordinary clinical observation and examination.

Some of our correspondents even mail in X-ray films, and ask us to advise treatment. We do not advise these readers, but a picture is about as useless as a diagnosis-blank in arriving at a honest diagnosis. The expert who makes the pictures must interpret them for the expert who knows the history and character of the patient's trouble. You can't get away from the old family doctor, even with the best of pictures.

The X-ray is like specialists in that respect. People who imagine a specialist is a more skillful or a better trained man than an ordinary doctor deceive themselves. A specialist must work with and thru the patient's ordinary family medical attendant, in order to accomplish good results.

The X-ray is of no value at all in the diagnosis of the majority of diseases. There are all kinds of ailments which make no impression whatever on the plate.

On the other hand, there are thousands of unhappy adventures who have jumped into an X-ray picture and learned that the stomach or kidney or something isn't just where they supposed it should be, and become miserable worrying over a fancied displacement—just because the X-ray technician happens to be a little short on anatomy or physiology.

No, don't have an X-ray picture made unless your doctor feels that it is necessary.

ing and acid stomach. My rings and neckchain turn black in contact with my skin, and I have a rash on my hands. My physician advises me to eat no red meats, no acid fruits, no eggs, and to take cream of tartar and salts. Kindly give me your opinion. M. E. T.

ANSWER:—Our opinion is that your physician ought to invest in a few modern medical textbooks and perhaps subscribe to a few medical journals. The rash on your hands we can't explain without seeing the rash. But the blackening of the jewelry has nothing to do with uric acid, nor has red meat more than any other shade of meat, and acid fruits render the blood rather more alkaline, and the urine less acid, and cathartics and diuretics (increased secretion of urine). The uric acid myth passed out several years ago.

QUESTIONS AND ANSWERS.

Draft on the Head.

1. Does it do any harm to sleep, the year round, near a window open a foot from the bottom with the head right close to the open window? I have done it for a year and a half and have never experienced any noticeable harm. It is the only window in the room. 2. How much studying do you consider it advisable from the health point of view, for a boy or girl fifteen years of age to do out of school hours?

ANSWER:—In my opinion, no harm. In the opinion of any mollycoddle, you must have been dead for a year now. 2. In a boy or girl should play, read, find wholesome amusement or useful work to hours. The student should be physically and mentally without evening study while in high school.

3. Strange Effect of Uric Acid.

I am troubled with uric acid poison-

ROYAL CANADIAN INSTITUTE—Professor A. F. Coleman will deliver a lecture entitled "A Geologist in South America" at a meeting of the Institute tonight at eight, in the library of the University School, Bloor street. Public cordially invited.

ANNUAL MEETING York Pioneer Society, Tuesday, Feb. 5, at the Normal School, 8 p.m.

"MANY CALLED, FEW CHOSEN"—The Theosophical Society, Sunday, seven-fifteen, Canadian Foresters' Hall, Miss Madelyn Stratton will sing.

RED CROSS SOCIETY.

Annual meeting of the Canadian Red Cross Society will be held on Wednesday, February 6th, at 3 o'clock in the Convocation Hall of the University of Toronto. Their Excellencies the Duke and Duchess of Devonshire will attend the meeting. All interested in Red Cross work are invited to be present. Seats will be reserved for representatives of Red Cross branches and life members of the society.

HUNDREDS OF SOCKS SENT.

Appeal Responded to by Many I.O.D.E. Chapters in Toronto.

Captain Gordon Armstrong, D.S.O., made the suggestion that as woolen socks were urgently needed by some of the imperial troops the war workers of Toronto might like to contribute to the British as well as to the Canadians. The response to this suggestion from the patriotic women of Toronto was immediate. The number of pairs contributed were 625. Capt. Armstrong has sent these direct to his battalion so that they may get them before the winter is over. He has written, gratefully acknowledging the gift.

WHAT A GIRL SHOULD KNOW.

To do housework. To cook and sew. To be economical when needed. To do all work carefully and thoroughly. To know how to dress well. To know how to avoid extravagance. How to make others enjoy her presence.

SOCIETY

The college corps dance at St. Andrew's College last night was an enormous success, there being about 250 present. The floor was good and the music excellent. The college piper heralded the first dance, marching up the hall and into the ballroom, which was very effectively decorated with flags from the beams, and on the platform shaded standard lamps, palms and flowers, with comfortable chairs for the chaperons. Dr. Macdonald and Mrs. Macdonald received at the door, the latter looking very handsome in grey satin, the corsage draped with black lace embroidered with gold and silver, an emerald bandeau in her hair, and a necklace of the same stones, and a bouquet of mauve orchids. Also receiving were Cadet Capt. Hewitt, Cadet Lieut. Kent, Cadet Lieut. Gordon. The boys' library was arranged as a sitting-out room, with a large fire and lovely scarlet shades on the lamps, and flowers and ferns on the table. The supper was served downstairs in the dining room, the long table bright with flowers, and 1 o'clock came all too soon for the young people. The first few couples present included Capt. Hewitt, Miss Louise Macdonald, Miss Christie, pale blue tulle and satin edged with silver; Mr. George Lalschman, C.E.F., I.R.F.C.; Miss Marian Bailey, lovely in rose tulle with coral and motif of opalescent sequins, the corsage edged with the sequins; Miss Alice Woods, very pretty in pale blue tulle and tulle; Miss Isabelle Brown, soft pale green and silver silk, with black silver lace; Mr. and Mrs. Robinson, the latter in black; Mr. Lyman Howe, Miss Sylvia Lyons, in pale blue; Miss Matthews, in white tulle and satin; Miss Girandell, pink flower tulle, white lace petticoat, with tiny roses edging the frouces; Miss Shannon, pale blue tulle, frouched with silver and corsage of silver lace; and Mrs. Yuell, the latter in royal blue tulle and pink tulle and satin; Mr. Taylor; Miss Ad-rienne, in white tulle and satin; Miss Burrie, who has lovely coppery hair, wore pale orchid crepe and satin; Miss Margaret Dymont, bright green tulle over silver; Miss Bunting, very pretty in silver, with black velvet girdle with silver motif, and a large tortoise shell comb in her hair; her sister, in light green; Miss Beryl Beatty, much in white tulle and satin with high Spanish comb of tortoise shell; Miss Victoria Gooderham, very smart in white tulle and satin with pink rosebuds; Miss Kathleen Sullivan, in black and violet tulle and tulle; Miss Gough, very pretty in gold chiffon velvet with corsage of white and gold lace; Miss E. S. Sully, in black and white with bouquet of roses and a rose scarf; Miss Dorothy Lash, Miss Phyllis Macklem, Miss Mabel George, Miss Kathleen Sullivan, Miss Snow, Miss Katherine Sullivan, Miss Frances Campbell Reeves, Miss Mary Thornburn, Miss Alice Thompson, Miss Rose Flinn, Miss Ruth Smith, Miss Gwendoline McWhinney, Miss Dorothy, Miss R. O'Hara, Misses Dorothy and Margaret McCullough, Miss Margaret Morion, Miss Aileen Campbell, Miss Aileen Cook, Miss Helen Turnbull, Miss Maguire, Miss Doris Sav-ages, Miss Pajury Gordon, Miss Lil-ian, Miss Louise Lockhart, Miss Elsie Murray, Mr. Christie Clark, Capt. Ashley Kilgour, C.E.F.; Capt. E. K. Clarke, C.E.F.; Mr. Hugh Sykes, I.R.F.C.; Miss Clarke, cerise tulle and tulle with girdle of flowers; Major and Mrs. Barton, the latter in a berry tulle and satin with white pearls; Capt. Davidson; Miss Macklem, black lace; Miss Douglas, flowered chiffon; Miss Davies, silver tulle and tulle; Mr. Sergeant Emmerson, Sergts. Wood, Ross (L), Heath, Harris; Corporals Earle (L), Curry, McLaughlin, Pringle; Drum-mer Mackenzie, Sergeant Drummer Dingman, Sergt. Bugler McCullen, Trumpet-Corp. Macdonald (L), Pipe-Sergt. Denison.

luncheon party yesterday at the Ladies' Club—just two or three of the I.O.D.E.—to meet Mrs. Sexton, regent of the Municipal Chapter, Halifax.

Mrs. A. D. Armour received yesterday afternoon for the first time since her marriage, at 103 Avenue Road, with Mrs. Edward Armour, the bride looking very pretty in old gold satin trimmed with stunk. Mrs. Armour was in black velvet with a corsage bouquet of pink roses. Mrs. Armour was in mauve embroidered chiffon, and Miss Phyllis Armour in biscuit georgette crepe and satin. The drawing-room was sunny with daffodils and freesias, and in the dining-room the mahogany table was arranged with real lace and a silver basket of daffodils, the silver candlesticks being shaded with yellow. Mrs. Robert Morris, the bride's mother, said Mrs. Robert Armour poured out the tea and coffee, assisted by the Misses Armour and Miss Morris.

The guests for this afternoon are Dr. Augusta Stowe Gullen's tea for the university alumnae, and Dr. Howard and Dr. Culler, the afternoon dance and tea of the Lord Nelson Chapter at Columbus Hall, and Lady Pellatt's entertainment for the Girl Guides at the same place.

Miss Grace Evans has returned from a visit to her sister in Kitchener, Ont.

Miss Margaret Evans, a small dinner last night, taking her guests on to the dance at St. Andrew's College afterwards.

Mr. and Mrs. Andrew Allan, Montreal, have left with Mrs. J. K. L. Ross in her private car on a trip to Vancouver and San Francisco.

Miss Ruth Smith is staying with Miss Maida Macleod in Ottawa.

Dr. Garrett Anderson, one of the most progressive women of Great Britain, died recently in Aberdeen, England. Dr. Anderson had the distinction of being the first woman doctor to practice in England and the first woman to her splendid career as a doctor.

She was a strong advocate of woman's suffrage, and a gifted speaker on all topics relating to the advancement of her sex. Her funeral was attended by many prominent men and women of the country and in tribute to her splendid work, the many wreaths sent were all of laurel leaves.

Mrs. E. Doby, Burnaby Lake, and her little son, are in Toronto, visiting her parents, Mr. and Mrs. C. Darby Smith.

Mr. and Mrs. Paul Tallon, who have been visiting the former's parents, Mr. and Mrs. Tallon, Ottawa, are in Toronto, from whence they will go to their new home in Timmins, Ont.

The St. Henry Pellatt Chapter, I.O.D.E., are having a reception for Madam Gardiner at the Sherbourne House Club from 4 to 8 o'clock.

Dr. Alfred E. Webster, 42 Bloor street west, has gone to Florida and will not return until after Easter. Mrs. Webster will join him at Pinehurst, N. C., about March 1.

Receptions.

Mrs. Howard V. Maynard, formerly Miss Hilda Murray, will receive for the first time since her marriage on Wednesday, at 23 Park road.

ALARMING EPIDEMIC OF HAIR TROUBLES

1,000,000 HAIR HEALTH PARCELS FREE

Remarkable interest has been aroused by the ever-increasing number of cases of hair troubles reported from all parts, and more especially in the great metropolitan-making centres. Thousands of men and women are finding Hair Poverty, Premature Baldness and Loss of Color troubling them today as never before.

HOW THE HAIR IS BEING POISONED

Mr. Edwards, the Discoverer-Inventor of "Harsene" and "Harsene Hair-Drill," when his opinion was sought, had much of interest to impart.

"There is certain a great increase lately in all kinds of hair troubles," he said, "but this is chiefly due to the fact that many people now use hair washes, shampoos, and hair oils, which are simple a task it is to make the hair grow naturally bright and healthy. In the great metropolitan centres, I have heard of extraordinary cases of hair troubles, but there are hundreds of thousands more who are suffering from hair weakness, which could so speedily be remedied if they would only accept the Free Gift I am prepared to offer."

"Thin, Weak, Discolored, Brittle, Greasy, Splitting or Falling Hair—robs a man or woman of the semblance of youth. These, therefore, who are among the many thousands just now whose hair is deteriorating in quality or quantity should immediately take advantage of the special Free Gift for the Hair."

At this time, when men and women are all concentrated on war-work, never has the great "Harsene Hair-Drill" exercise proved so important as now. If you are in the least worried as to your hair health send for this special gift offered you here free.

You have only to avail yourself of this generous offer to learn of the most successful method of regaining, restoring and preserving hair-health.

This is your hair-health gift:

1. A bottle of "Harsene," the true liquid food and natural tonic for the hair.
2. A packet of the marvelous hair and scalp cleansing "Cremex," Shampoo Powder, which prepares the head for "Harsene."
3. A copy of the new edition of the secret "Harsene" Manual.

After a Free Trial you will be able to obtain supplies of "Harsene" from your Drug Store. We send post free on receipt of price direct from "Harsene" Powder, 50¢ per box of seven shampoos.

Any or all of the preparations will be sent post free on receipt of price direct from "Harsene" Powder, 50¢ per box of seven shampoos.

Agents for Ed-ward's "Harsene" (Ltd.), Carriage extra for postage orders. Cheques and P.O.'s should be crossed.

WOMEN CALLED TO SACRIFICE.

Mrs. Rebecca Dayton, president of the board of home economics society of Manitoba, has issued a strong appeal to the women of the province to take their part in the national movement for conservation of food. Her pronouncements, addressed to the 600 members of the society in Manitoba, read:

"During the years preceding the war the work of the home economics societies has been to assist the home, school and community with lines tending to promote better living. After the war broke out this work was not only continued but everywhere this organization turned its attention to Red Cross and patriotic work, and splendid things have been accomplished thru its efforts, but now we are called upon for greater effort. An effort that is not along all lines, but an effort to save humanity—to do not only our bit but our all to save it from starvation. We women of Manitoba dare not refuse, if we value not only our own sons, but our own souls' welfare. Our men returning are struck with the comfort with which we are surrounded in contrast to the condi-

Qualities in Arrow Shirts \$1.29

Save Further---Buy Them Four for Five Dollars

An unusual midwinter sale embracing broken sizes and incomplete assortments of the famous "Arrow" Shirt, which came to us from the factory at a remarkable price concession.

They are fresh, clean and new—never out of their boxes before—offering SOME OF THE MOST EXCLUSIVE DESIGNS AND COLORINGS EVER INCLUDED IN A SPECIAL PURCHASE. We have in our present stock the same handsome patterns and colorings at \$1.50, \$2.00 and \$2.50.

They are coat shirts with laundered or soft French cuffs, in sizes 14 to 17. At such a tremendous saving it will pay you to buy your summer supply of shirts now! \$1.50, \$2.00 and \$2.50 qualities at \$1.29, or 4 shirts for \$5.00.

Simpson's February Hosiery Sale Starts Today Twelve Big Values for Men, Women and Children Will Open the Sale With a Rush

This year more than ever before the February Hosiery Sale deserves your enthusiastic attention. From English, United States and Canadian factories we brought together huge quantities of travelers' samples, factory odd lots and factory "seconds" for this sale. Every pair of hosiery offered is extraordinary value. Stockings that are "seconds" are so designated, but you will find the "seconds" among the best values. Come to this sale—buy hosiery for now, for next summer—yes, and for next winter, too. Every pair you buy will save you money.

No Phone or Mail Orders for These Items
