

### JEWISH WAR RELIEF MAKING HEADWAY

#### Banquet Held Last Night to Launch Big Campaign.

The Jewish War Relief banquet at the King Edward Hotel last night was unique in three respects—firstly, for the eloquence of all the speeches; secondly, for the unfeigned friendliness that existed between adherents to two separate and distinct causes; and, lastly, for the wholehearted enthusiasm of the entire gathering for the cause which brought them together. The banquet was the first step in the great campaign to be launched next week on behalf of the destitute inhabitants of certain parts of central and eastern Europe.

The following sat at the head table, and thereby manifested their sympathy with the work of the commission: Sir William Mulock, Archbishop Neil McNeill, Mayor Church, Kenneth J. Dunstan, Col. Noel Marshall, Edmund Scheurer (president of the Toronto Jewish Federation), Aid. Singer, N. L. Nathanson, Judge Cohen, Percy Hermant, Abram Cohen, M. Goldstick, Rabbi Jacobs, Sir Edmund Walker, Frankel, J. O'Neill, M.L.A., Hartley Dewar, M.L.A., J. Atkinson, E. R. C. Clarkson, Arthur Cohen, Chas. Trautman, Kenneth J. Dunstan, Miles M. Goldberg, Mayor Stephenson (Nagara Falls), Judge Hiddell, and Controllers Maguire, Haslam and Gibbons.

The meeting was presided over by Sir William Mulock, who in his introductory speech explained that an appeal had been sent out by England to North America for assistance for those people in eastern Europe who were dying of starvation and exposure as a result of war and revolution. Canada, he said, as a part of that continent, must seize this opportunity to do its share of the greatest work ever undertaken in the name of charity. As most of the families belonged to the Jewish faith, the Jewish element in this city, and been the first to respond to the appeal, but the funds would not be used exclusively for relief among Jewish peoples. The committee to administer the funds would include many Christians, and if Christians would be true to their ideals they must assist in this noble work to the utmost of their ability.

Subsequent speakers all paid tribute to the eloquent speech by Rabbi Jacobs, which followed. The families of Russian and Polish soldiers, he said, had during the war, been dependent for maintenance on the Russian government. When the series of revolutions came these dependents had been rendered homeless and absolutely dependent on their own meagre resources. Then came the terrible tragedy of their massacre and the devastation of their homes. The populations of 400 Jewish centres were entirely obliterated, and the remainder commenced their pitiful wanderings.

Rabbi Jacobs concluded his address with the familiar text "as much as ye have done it unto the least of one of these, my brethren, ye have done it unto Me." Other speakers were Archbishop McNeill, Sir Edmund Walker, Justice Hiddell, J. O'Neill, Kenneth J. Dunstan, Col. Noel Marshall and Arthur Cohen. The last speaker explained some of the de-

### HAMILTON

Hamilton, April 14.—The Grand Council of Ontario, Royal Arcanum, convened at the Royal Temple Hall this morning. Nearly every Ontario town and city was represented. Toronto and London delegates being present in full strength. Suggestions for a suitable war memorial were heard at an open meeting held in the city council chamber this evening.

The Canada Steamship Lines has made further representations to the P&O board with a view to securing permission to raise the fare of adults to Wasago Park this summer by five cents. Church music of the old land was fittingly described at Centenary Church tonight by Rev. Luke Wiseman, M.A., Great Britain's fraternal telegram to the United States.

The Barton Lodge, A. F. and A. M. of this city, this evening acted as host for Washington Lodge of Buffalo, N.Y. Robert Holson, president of the Steel Company of Canada, stated this afternoon that the west-end plant and one of the blast furnaces of the company had been closed through shortage of coal, due to the switchmen's strike in the United States.

### YORK COUNTY AND SUBURBS RATEPAYERS HEAR SEWAGE SCHEMES

#### Danforth Park and Eastdale Associations See Plans for Eastern Section.

A well-attended meeting of the Danforth Park and Eastdale Ratepayers' Associations was held last night in 56-word school, Harrington avenue, where proposed water and sewer schemes for the eastern section of York Township were interestingly outlined. The meeting was presided over by Wynne Roberts and Frank Barber, York Township engineers.

Wynne Roberts, president of the Danforth Park Ratepayers' Association, said that the purpose of the meeting was to give the ratepayers a chance to see the proposed water and sewer schemes for the eastern section of York Township. The estimated cost of the water supply was \$170,000, and the cost of construction, including main, pipes, valves, etc., he estimated at \$170,000. The water supply scheme was an intake pipe at the lake, leading north to an elevated tank at an estimated cost of \$350,000 with an unlimited supply. Mr. Wynne Roberts stated that the little hope was to be expected from the city supplying water for five or ten years, although the city is morally, if not legally, bound to supply.

Regarding sewers, the question of storm sewers would also require to be considered. The speaker outlined several schemes and strongly advocated sewage disposal by the activated sludge method. Frank Barber, secretary of the Danforth Park Ratepayers' Association, said that the question of storm sewers would also require to be considered. The speaker outlined several schemes and strongly advocated sewage disposal by the activated sludge method.

Regarding annexation with the city, the feeling of the meeting was strongly against the proposition and the North Riverdale Ratepayers' Association was censured for the discussion of annexation to Toronto at their meeting.

Deputy Reeves J. A. Macdonald and Robt. Barker briefly addressed the gathering. S. Rowe, president, occupied the chair.

### PLAYGROUND GIVES GYMNASIC DISPLAY

An interesting demonstration of inside winter gymnastic work, under the auspices of the East Riverdale Playgrounds, corner of Myrtle and East Queen streets, was given last evening by the boys and girls, before a large and enthusiastic audience.

Ald. Maxwell, Ward Eight, presided, and a varied program of 24 events was successfully completed. The following items were folk dances in costume by the girls, pyramids and dumb-bell exercises by the boys, and a series of the girls' dumb-bell drill and wand drill. An interesting feature of the program was the boys' wrestling contest, science versus strength. T. Parks, weighing 115 pounds, demonstrated the scientific method, and D. Reading, weighing 145 pounds, gave an exhibition of strength in wrestling. The victory was won by the scientific method, in spite of the 30 pounds difference in weight. The proceedings were under the supervision of W. H. Hodgson, superintendent. E. S. Combe and J. Boyd, assistants; Miss M. Smith, supervisor of girls' department; Miss V. Good, accompanied the lord, assistants.

### CHRISTIE CAMP "AT HOME"

Under the auspices of Christy Camp, number 183, Scotch street, the annual "at home" was held last night in Playter's Hall, Danforth avenue. Over 100 members and their lady friends were present. An enjoyable banquet was spread, and dancing was indulged in to the strains of the Ethel orchestra. The following prizes were awarded in the euchre contest: Ladies, Mrs. W. A. Murray, Mrs. S. K. Kyles, Mrs. Kyles, Mrs. E. West, J. Maxwell and J. Liddell.

Thomson, solely chief, made the presentations. Words were rendered by Bro. E. Atkinson. The proceedings were under the supervision of Chief John Thomson, Bro. Wilkie and W. A. Murray.

### WARD SEVEN RATEPAYERS.

### DIED OF INJURIES

Robert Kingdon Has Both Legs Cut Off by Train.

After lingering for nearly four hours, Robert Kingdon, aged 19, 37 Noble street, died in Grace Hospital at 2:15 yesterday afternoon as a result of having both legs so badly mangled that they had to be amputated, when he fell under a G. T. R. freight train east of Mimico at 11:40 a.m. Kingdon, with three other youths, was walking along the railroad tracks when he attempted to board an eastbound G. T. R. freight train just west of Grenadier pond. Losing his grip he fell beneath the moving train and was terribly mangled before the train could be stopped. A police ambulance was immediately summoned and the injured youth was rushed to Grace Hospital where he died after both legs had been amputated in an effort to save his life. The youths who were with Kingdon at the time of the accident were: Douglas, Cavenry, Stop 9, Lake Shore road; Jack Veale, 93 Empress crescent, and James Turner, 20 Waterloo avenue.

### OLD FARM IMPLEMENTS FETCH HIGHER PRICES

Acincourt, April 14.—Prices for second-hand farm implements seemed to reach the peak at the farm sale of Geo. Scott, held this afternoon. The barns, stock, implements and all the farm crops of last year were put up at auction and sold for a total price of \$11,500. The Scott farm is Lot 23, Con. 2, Scarborough, and for many years has been owned by the late owner, who was taken ill on April 1 and decided to retire from the farm. The farm was only offered for a week, which is considered to be a record by farmers in the locality. It was Mr. Scott's own experience to sell his farm implements in nearly

every case for more than the original cost price. It was noted which he has used continuously for the past twenty years was sold for \$100, the same price that was paid for it, while a large number of implements purchased seven years ago were resold today for an average of 75 per cent of their original cost. This condition is accounted for by the high price and extreme scarcity of all implements used on the farm.

### LABOR NEWS

#### WILL SOON ADJUST UNION PROBLEMS

While many of the independent steel erection companies in Toronto are recognizing the Structural Steel Workers' Union, three large firms still opposing the union and refusing to negotiate agreements with its representatives. It was pointed out in an interview with Wynne Roberts, president of the union, that there was reason to believe that the matter of recognition would be properly adjusted within the next few months, and that the future of the union was never better. Structural steel is being used in some large erections, but it is more and more becoming the policy of erectors to use reinforced concrete for the everyday structures. This will tend to eliminate the structural steel company as a prime factor in the building trade. This at least was the hint conveyed in the interview with a man conversant with every phase of the subject. He stated that at the moment the three steel erection companies as a question were even refusing to recognize the Joint Industrial Council, the recognized leaving force between labor and employer in the building trade in Toronto. But, the day was not far distant when trades unionism would be recognized by every factor in the building trade. Steel workers in Toronto were organized a hundred per cent, and adjustment of the difficulties would be accomplished with a minimum of delay. Eighty-five cent minimum wage forms the basis of the present scale.

#### MAY DAY PROTEST MEETING.

While the political defence committee of the Toronto Trades Council has not yet officially reported such a decision on its part, the general opinion among labor men in Toronto is that May Day in the city will witness protest meetings, the conviction and sentence of Winnipeg strike leaders upon charges of sedition. The Trades Council meets tonight, and will undoubtedly take up this matter very thoroughly. A special executive meeting is to be held at 163 1/2 Church street on Sunday afternoon to discuss the matter.

#### TORONTO LABOR DAY.

Officials of the Labor Day section of the movement in Toronto met in executive session yesterday afternoon to take up a number of important matters in connection with the festival to be held on Labor Day this year. Interviewed by The World, a prominent member of the executive committee in his opinion that this year's Labor Day would be a Toronto, rather than a provincial day. Experience of last year showed that only one delegate arrived from any point in the province. The reason, he said, was clear. During the general meeting of the day, workers were celebrating the event themselves.

#### ORGANIZING FOOTBALL TEAM.

Division 113, Street Railwaymen's Union, Toronto, is organizing a strong football team, and Controller Gibbons has promised his strongest support to its activities. Already the chief promoters of the association have at least 24 good men in mind for the present season, and a team captain will be selected very shortly.

#### RED CIRCULAR OUT.

A circular printed in red ink is being circulated in the city calling upon workmen to take up a number of important matters in connection with the festival to be held on Labor Day this year. Interviewed by The World, a prominent member of the executive committee in his opinion that this year's Labor Day would be a Toronto, rather than a provincial day. Experience of last year showed that only one delegate arrived from any point in the province. The reason, he said, was clear. During the general meeting of the day, workers were celebrating the event themselves.

#### EXPECT AMICABLE AGREEMENTS.

Agreements between Canadian Federation of Labor unions and bakers, manufacturers, erectors, and other employers' bodies in Toronto are progressing apace, and will, so it is anticipated, be signed without difficulty by the end of the month.

#### MAY NEED CONCILIATION.

Negotiations between representatives of the Butcher Workers' Union and the packers at the Union Stock Yards are progressing apace, and no strike is anticipated, according to latest advices.

#### GEN. LANGTON RESIGNS.

Ottawa, April 14.—The militia department announces that, owing to the condition of his health, Brig.-Gen. J. G. Langton has resigned his position as a member of the militia council.

#### PEAK OF STRIKE REACHED

Reports From All Sections Indicate Return of Workers Has Begun.

New York, April 14.—The first overtures of peace on the part of striking railroad workers, who have deorganized the railroad transportation facilities of New York and northern New Jersey, came tonight, when Edward McHutch, chairman of the strikers' committee, gave out a statement that "now that the railroad labor board has been appointed, we desire to avail

urged to reorganize under one name. "We have positive proof of the plans for this expansion," Mr. Palmer said. "I know the dates fixed for nationwide strikes in other industries and our investigators have discovered that the foundation of these outbursts has gone on exactly as in the railroad strike."

#### WORKERS LED INTO TRAP.

The whole program was one phase of the plans of the Russian radicals, "designed at the ultimate capture of industry, the overthrow of government and the setting up of dictatorship like that in chaotic Russia," Mr. Palmer said. Workers were being led unwittingly into the trap set for them, he added. Through the industrial workers of the world, the communist internationalists—headed by Lenin and Trotsky—were attacking America's industrial life. Federal agents had intercepted a courier from Russia March 1, he said, bearing messages to American localities of the communists, detailing methods of organizing class wars.

#### AS A RESULT OF THESE DISCLOSURES,

the government has broadened its investigations; agitators in all labor organizations are under surveillance. Funds are closely watched and all clues to the source of the financial support are being followed. Federal agents reported that a permanent committee had been named to manage the organization, and that each of these were "members of the I.W.W., or would take orders from duly accredited representatives of the One Big Union. Leading I.W.W. men have been ordered to remain in the background hereafter.

#### MR. PALMER BELIEVED THAT THE

hation-wide roundup of radicals, conducted recently by the department, had halted at least, if not seriously hindered, promulgation of the strike plans by its leaders. He said that literature distributed among railroad workers described the raids as having shaken the foundation, but not disrupted our organization." In one of these documents, the attorney-general was termed "America's head policeman."

It didn't in 1914 and it won't in 1920.

You can't buy 1914 values with 1920 Dollars and any concern that tells you that you can is simply howling "low price" as a bait.

Test It Out.

Go in to any store or tailor shop that advertises "low price" suit or overcoat and try and buy one!—but don't—I'll tell you why.

The value of the cloth (?) in a \$20 suit is about \$3—it is not necessary to be a Solomon to know the kind of material that you would get in a suit for \$3—these days—less than \$1 a yard!!

### CHICAGO REPORTED THE FIRST IMPORTANT

break in the ranks of insurgent railroad employes in its territory came yesterday when groups of strikers on the Pennsylvania, the Soo line, and the Chicago, Rock Island and Pacific agreed to return to work. Other groups at St. Louis, Elreino and Chickasha, Okla.; Fort Worth, Texas, and Spokane, Washington, took similar action.

### SAFETY LEAGUERS HEAR F. W. MOODY

#### Motor Car Expert Deals With Accident Prevention in Industry.

The second day's session of the sixth annual meeting of the Ontario Safety League and the first annual meeting of the Canadian National Safety League, was held in the King Edward Hotel yesterday, with a fair number in attendance.

A lengthy paper by Fred W. Moody, engineering department of the McLaughlin Motor Car Co., Oshawa, was received with much acceptance. He dealt with "Accident prevention in the automobile industry."

He said that safeguards, rationally applied, cannot be overestimated, but where application of safety measures would possibly encumber the machine or the movements of the operator, so as to diminish production to such a degree as to more than offset the value of the protection thereby obtained, he was of opinion that the effectiveness of safety engineering is sometimes injured.

In the automobile business, specialty firms, he said, had sprung into existence to supply different parts required in car building, and as it was more feasible to manufacture one product under ideal conditions than if a wide range of quite dissimilar parts were being made with the same equipment, this factor helped safety movements.

**Accident Prevention.**

The speaker said there was no concerted plan of accident prevention in the McLaughlin works, but the management, superintendent, foremen, etc., have shown so much interest in the matter individually, that the shops and machines are as fully protected as good practice dictates. He gave a few instances of protective measures adopted in the plant, such as automatic rising gates at each floor, controlled by movement of the elevators, which have heavy wire mesh placed over each end to prevent articles falling thru the bars of the gates; protection of the elevator shafts at night by heavy iron fire-doors, etc.

It is anticipated that Premier and Mrs. Drury will also attend, while Mayor Church and Miss Church have signified their intention of being present at what promises to be a very interesting Toronto social event.

**B. O. T. A. CONVICTIONS.**

In yesterday's police court the following were convicted and fined for B. O. T. A.: Molly Goldman, \$300; James Mitchell, \$300, and Angelo Berger, \$300.

### ONTARIO TO EXTEND ITS MORATORIUM

#### Attorney-General's Bill Will Lengthen Life of Act Until July.

A bill was introduced in the legislature yesterday by the attorney-general to extend the moratorium act until July 1 next. He explained that representations both for and against the continuation of the moratorium have come to us. This appears to be the medium course.

J. W. Curry: "Will all arrears fall due after July 1?"

Mr. Haney: "Yes."

Gustave Ewanturel, Liberal member for Prescott, drew the attention of the house to an incident which occurred in the court room at Cornwall recently. When a French-Canadian who was on trial asked for an interpreter, Mr. Justice Lennox, the presiding judge, according to a newspaper read by Mr. Ewanturel, said: "Any man who has lived 20 years in Ontario and cannot speak English should be deported. Any foreigner who comes to this country to live should learn to speak the English language."

"French-Canadians," declared Mr. Ewanturel, "are not foreigners in the province of Ontario."

"And never will be," added Hartley Dewart.

"French-Canadians lived in this province long before Judge Lennox was born," Mr. Ewanturel continued. "This judge is certainly forgetting the constitution of the country when he takes advantage of his position as presiding officer of a high court."

Toronto's request to be permitted to establish residential districts was Hop, Thomas Crawford introduced a bill to empower the city to define areas which would be used entirely for residential purposes, permitting doctors, dentists and similar professional men only to carry on their work within the limits.

Gordon Waldron appeared in opposition to the bill, and claimed that if it passed there are many cases where it would impeach privileges that do not comprise a menace to a residential district. One objection had been lodged on St. George street, by a wealthy citizen, to a team kept by ladies on the grounds that they were making a business district of it.

**The Use of Tents.**

Another clause, which deals with the prohibition of the use of tents for human habitation on vacant lots when neighboring property-holders complained of them as a menace, was referred back to be brought in a new form. It will be reintroduced to make it possible for cities to define areas in which tents may not be used for this purpose.

The committee passed a bill to allow three days before a date set for voting on municipal elections and bylaws for railwaymen to vote. This is to allow the men, who have to leave their homes on duty during election time, to exercise their franchise. Peter Heenan of Kenora was the sponsor. A bill by Dr. Stevenson, London,

### REAL ESTATE NEWS

It is understood that a real estate firm has offered for the old General Hospital property on East Gerrard street \$50,000 more than the figure at which the board of health was proposing to take it over from the city, which was \$150,000. The board of health has only a verbal option, which expires next week, and, therefore, the board of control may deal with the matter this week. The board of health has plans to fit up the building for an isolation hospital. If it is sold to the real estate concern a street will be run thru the property and the land sub-divided into building lots.

The Coyne estate has sold the eight-story apartment, known as Stanley Apartments, 232 East Bloor street, to Mrs. J. M. Mussen of Niagara-on-the-Lake.

Robert Harmer has purchased from Captain J. P. Beatty a house in the Cedarvale sub-division for \$35,000.

A lease of the premises at 25 East Front street, formerly occupied by the Colville & Sons, cartage company, has been taken out for five years by the O. K. Furniture Company.

The following permits were issued yesterday:

### LEAGUE OFFERS \$500 REWARD

**For Arrest and Conviction of Motorist Causing Death of C. A. B. Brown.**

Owing to the public spirit of a prominent member of the Ontario Safety League, the league is in a position to offer a reward of \$500 for information that will lead to the arrest and conviction of the party responsible for the death of C. A. B. Brown.

Mr. Brown was one of the league's many good friends, and the committee laments greatly his death, which was caused by the recklessness of some motorist who had not learned the A. B. C. of safety on the highway. The Ontario Safety League has as one of its objects the promotion of safety on the highway, as well as safety in industry. The league is not a prosecuting organization, but an organization to teach safety, but there are evidently people who can only learn by the enforcement of the law.

A motorist who plays the coward and runs away after injuring another human being must be taught that others have rights on the roadways. The league hopes to be in a position materially to increase this reward in a few days.

### WILLS AND BEQUESTS.

Mrs. Jane Olive Hamilton, widow of Thomas Herbert Hamilton, a railroad superintendent, receives \$1,000 and one-half of the remainder of the \$6,821 estate left by deceased. Two brothers of deceased, John A., and Richard, divide the balance equally between them.

An annuity of \$400, and the use during her lifetime or widowhood of his furniture and home were left to his widow, Mrs. Harriet Lancaster, under the will of James Lancaster, builder of Picton. On her death or remarriage two sons, Mervin and James R. Lancaster, inherit in equal shares.

Probate of the will of the late Edward Loan, 1 Reid street, has been granted to his widow, Mrs. Isabella Loan, who is named executrix and sole beneficiary. The estate is valued at \$4,443.

Alfred E. Virgo, a plumber, left an estate valued at \$4,053, which will be divided equally between four sisters and two brothers.

Probate of the will of the late William H. Wilton, blacksmith, formerly of Fairbank, has been granted to Alexander MacGregor, barrister, and the estate valued at \$1,741. The widow receives the insurance, \$281, absolutely, and the income from the residue for the maintenance of herself and the children. On her remarriage or death the children inherit.

The estate, valued at \$1,234, left by the deceased Jesse J. Haycock, who died intestate, will be divided equally between the father, a brother and a sister.

### FERRY SERVICE THURSDAY MORNING

Thursday morning, seven o'clock, will witness the voyage of S. S. Ferryboat across the bay from the Toronto wharves to Hanlan's Point and Centre Island, not to say anything of Waf's Island, where all Toronto lunches and repouses for the summer. When asked yesterday afternoon respecting amusement arrangements for the coming season officials of the company stated that nothing definite had been decided upon, but that the policy which had been adopted for many seasons past would continue this season, and the usual amusements would be booked with naturally, a number of features not yet decided. None of the amusements will be put on until May 24, the date set for opening the real summer season.

### CROWN-ATTORNEY GREER RESIGNS FROM OFFICE

The resignation is announced of Richard Greer, K.C., the county crown attorney for York. He has been in the office nine years. The position brings about \$7500 a year in fees.

Overwork is given as one of the reasons for his resignation. The attorney-general declines to make any statement regarding the matter. Mr. Greer intends devoting his whole time to his private practice.

PAY INFORMERS ON PERCENTAGE BASIS

Chairman of License Board Tells of Workings of Department.

Chairman J. D. Flavell of the Ontario license board was a witness before the public accounts committee yesterday. He testified that a commission of 20 per cent. was paid to an informant for giving information leading to a conviction and \$1,000 fine under the act.

A fine of \$300 against Dunford was also remitted, and later when Stewart became involved in an investigation, a result of indiscreet talk on his part, the license board paid his counsel's fees of \$700.

Questioned by Mr. Sinclair, Mr. Flavell said that in the case against Mr. Dunford, his fine was remitted to him. Subsequently Mr. Dunford gave information to Jos. Stewart, the license commissioner's inspector in Peterborough county.

"Why, then, should the board pay this large sum to Stewart's counsel?" "We believed Stewart was sincere and had believed the police to have been crooked, the I never heard of evidence to support it," said Mr. Flavell.

"Dunford, the informant, was censured by the investigating commission during proceedings."

"A Mr. Hamilton, who during the investigation was in danger of losing his license, 'peached' on the others, who in turn 'peached' in retaliation. 'A bunch of crooks,' commented Mr. Flavell.

"Did Hamilton get any money for his information?" asked Mr. Sinclair. "We would not pay a crook if we knew it. We would certainly pay a man for information leading to the breaking up of a gang."

Hamilton had been fined \$500 on two occasions. Applications for remission of these fines were made, but no action was taken. Cognizance was not taken of the precedent in the Dunford case.

Inspector Stewart was reprimanded for involving himself in such an expensive investigation, but his salary went on as usual. "How was Dunford so fortunate as to get his money back?"

"We didn't know as much about him as we did subsequently. Remission was made largely upon the representations of our inspector who retired. 'They were chummy'."

"Not to my knowledge." "The result was the board paid out \$900 and got \$1,000 out of Sullivan."

"That's hardly a fair way to put it," objected Mr. Flavell.

HAS THROWN CANE ASIDE, HE SAYS

Toronto Man Had to Give Up His Work Because of Rheumatism in Legs and Hips.

"Yes sir, I have thrown my cane away and I am now as active as ever and it's all because of a good Tanlac did me," said John Nicholas, a farmer and thimberman living at 634 Rhodes Ave., Toronto, Ont., Canada, a few days ago.

"Three years ago rheumatism got the best of me and I gave up all work and came here to Toronto to live and see if I could find something that would restore my health but my search was in vain until I got hold of Tanlac. All my joints were stiff and they pained me so bad I could hardly get around at all, and when I was able to walk, I could not make it without my cane. The rheumatism was worst in my left leg and hip and at times the pains in my hip and knee were so severe they nearly doubled me up. It was agony for me to try to sit down and get out of my chair. In fact, I was so badly crippled up I was almost helpless. My stomach got out of order and my appetite left me and when I did eat a little something I had to pay for it in suffering. My strength and I began to lose in weight and I felt weak and good-for-nothing all the time."

"I heard so many people right here in Toronto praising Tanlac and so many people were making statements about it that I decided to give it a trial. My appetite came right back and in a short time I could eat anything I wanted without suffering any bad effects and my weight and strength returned. By the time I had finished my third bottle I threw my cane away, couldn't tell I had ever had rheumatism in my life and was feeling as spry as a boy. That was nearly three years ago and I have enjoyed the very best of health from then until just a short time ago. My appetite got a little weak and my stomach didn't seem just right and knowing well that I could depend on Tanlac to set me right I have come here today to get another bottle. A general Tanlac representative is at the Tamplin store, 137 Yonge street, where he is meeting the public daily."

Tanlac is sold in Toronto by sixteen Tamplin Drug Stores. A general Tanlac representative is at the Tamplin store, 137 Yonge street, where he is meeting the public daily.

perly interpret the feeling of the people as a whole. There were to be taken now it should be stated what questions were to be asked. There should be no catch ballot. In taking the position he did Mr. Harlow said he was in good company. There were a number of other members who held the same views as he did.

Hon. Thos. Crawford thought the government should take full responsibility and not submit referendums. There had been too many referendums and some people suspected political trickery when referendums were mentioned. In the present case Mr. Crawford did not think the province would be justified in expending \$1,500,000 in taking a referendum. The government should themselves act in the matter.

Mr. Crawford repeated he would vote against any referendum and urged the government to assume full responsibility for the whole question. The debate originated over a motion by H. McCreary (North Lanark) that a vote of the province be taken for or against "the importation and bringing of intoxicating liquors into such province may be forbidden."

Mr. McCreary was reading his speech when interrupted by a member who asked who prepared it. Mr. McCreary answered: "Hartley H. Dewar asked for the name. The answer was that it was 'Prepared by the counsel who usually prepares such measures.'"

"I think he should be good enough to quote his authority," said the Speaker. "I understand it is a lawyer who is outside of the house," said Mr. McCreary.

"If the resolution passes there is no time stated as to when the referendum is to be taken," observed Mr. Homuth. The reply was that the Dominion government would order the referendum in three weeks or three months. The debate will be further considered at a future sitting of the house.

Election of Commissioners

There was a warm time at the municipal committee yesterday when T. Tooms (Peterboro) brought up his bill to provide for the annual election of police commissioners, instead of having the mayor, police magistrate and senior judge form it as at present. Mayor Church and Alderman Gordon, of Peterboro, attacked the bill as of vicious purpose, as it would admit politics to the police force. All the Toronto members opposed it. The promoters of the bill were almost entirely Labor members. Mr. Tooms stated that his idea was given city councils the control of expenditures on police forces.

Mr. Pinard, Ottawa, moved that the bill be left over and that the law clerk form a substitute which would enable city councils to control the expenditures by making it necessary for the police commissioners to submit annual estimates for approval. "Mayors, magistrates and judges are not the only ones in a community who are capable of acting as police commissioners," stated Hon. Walter Rollo, minister of labor. Those men frequently have been connected with politics. Many of them would not have their jobs if they had not been."

Mr. Rollo, perhaps not in Toronto, but Toronto is not the whole province. "I submit there is a demand," replied Mr. Rollo. "I am not in Toronto, but Toronto is not the whole province."

WELSH R. F. C. CONCERT.

The Toronto Welsh R. F. C. first annual concert which is to be held at the Foresters' Hall on the 27th of this month, under distinguished patronage, is going to be one of the big musical events of the season. The famous Toronto Welsh Male Voice Choir under the baton of E. P. Howells, which sang before the Prince of Wales at parliament buildings, should be an attraction in itself. Also the following well known artists: Madam Gwendys Jones-Morgan (winner of the National Eisteddfod), Miss Irene Humble (composer of "We Are From Canada," etc.), Miss Maud Dowling, Mrs. Bac, solo pianist, Messrs. John A. Parlong (celebrated Welsh baritone), Albert E. David (Welsh tenor), Robert Thomas (Welsh pianist), W. Tweedie (accompanist). Concert under the direction of W. L. Niles, president Toronto Welsh R. F. C.

Plans open at Nordheimer's on the 21st of April, and any further information may be obtained from W. L. Niles, North 948, and W. Gimblette, North 2671.

ATTEMPTED GRAVE OFFENCE. For attempting to commit a grave offence, Howard Dunford was sentenced to six months at the Jail Farm by Judge Coatsworth, yesterday.

FALL OF EARTH KILLED WORKMAN

Two Companions Injured by Burial Under Seven Feet of Soil.

One man was killed and two others injured yesterday afternoon when they were buried in seven feet of earth in a fifteen-foot excavation at the corner of

Kendall and St. Clair avenues. Harry Vero, 154 1/2 Dundas street, was dead

when his body was recovered by the police and other workmen. Philip Dogosterni, the second man released, was

found to be suffering from a fractured collar-bone. He was rushed in the po-

lice ambulance to Grace Hospital, Louis Santaros, 540 St. Clare's avenue, was

the first man recovered. He escaped injury, but is suffering from shock. After

twenty minutes of digging workmen lo-

ated Santaros. The men were working in an excavation

for an apartment house, when it is believed the weight of large pile of

brick and stone at the edge of the ex-

causation caused the collapse. A

motorist was used on Vero for over an hour, but all efforts failed to revive

him, and his body was removed to the morgue. A coroner's inquest will be

held. Dogosterni lives at 427 Symington

avenue.

CITY HALL NOTES

Mr. A. C. McMaster, K.C., headed a

deputation of business men to the board

of control yesterday to protest against

the city bill, now before the legislature,

taxing income from manufacturing and

mercantile businesses, the same as in-

come from stocks and bonds. He con-

tended, and Controllers Maguire and

Cameron appeared to agree with him,

but such a tax would be penalizing the

city, and would be a success of it. Mr.

COLONEL "DICK" GREER, K.C.

Resigns His Post as County Crown-Attorney

Official Duties Affect His Health.

Col. Richard Greer, K.C., the county

crown attorney for York, familiarly

known as "Dick" Greer, has sent in

his resignation to Attorney-General

Raney. He has held this office nine

years and is probably the youngest

attorney ever held it. The salary at-

tached to the position is about \$7,500

in fees. The crown-attorney was not 37

years old when he took office. He

had practiced law as a member of the

firm of Smith, Rae and Greer, and

this, with his official duties at the

assizes, sessions and inquests, has

proved a strain so heavy as to have

affected his health. In the legislature

on Tuesday Col. Price asked Hon. Mr. Raney

if he had received the resignation of one

of the crown attorneys. Mr. Raney

expressed regret that the question had

been asked, and still declines to dis-

cuss the matter.

TORONTO STREETS SAFER THAN MOST

Only 41 Fatalities From Motor Cars—Two Accidents Daily.

It is becoming almost an attempt at

suicide for pedestrians to cross a

street? Are motor cars responsible for

innumerable fatalities? Are all motor-

ists simply speed demons with no

thought or regard for the safety of

human life? These are just a few

of the questions which are bandied

about, and in some cases the answer

given in the affirmative.

The Toronto police department and

the provincial department of high-

ways, however, state emphatically that

such is not the case. Statistics com-

plied by them corroborate their state-

ments. Pedestrians are not being

ruthlessly cut down by reckless drivers

and it is still comparatively safe to

cross a street, even in the downtown

section. As a matter of fact the great-

est number of accidents due to motor

vehicles in Toronto occur in the most

congested districts, as the crowd there is so

great, speeding is impossible.

"But we hear of accidents happening

nearly every day," says the skeptical

individual, "and quite a few of them

## LEAFS SHOW REAL BATTING STRENGTH

Have High Old Time at High Point With Hickory.

High Point, N.C., April 14.—(Special.)—Hitting hard and timely, Hugh Duffy's Toronto Internationals had little trouble in getting the verdict in the exhibition game with the local club of the Piedmont League here this afternoon, 15 to 7. The Toronto players, en route from their training camp, picked up expenses by staging the game, and they went through the route with an evident ostentation to roll up as large a count as possible.

Seven of the Toronto bats connected for doubles, the last two local pitchers being very ineffective. Lena Blackburne had an especially good day, getting four clean hits out of five times up. Heck, while lambasted rather heavily in the seventh inning, when six consecutive hits sent over four runs after two were out, was more effective than Bader, as the big right-hander had plenty of stuff.

The condition of the outfield made the day a trying one on the outfielders of both clubs, but conditions were just right for the inner protectors. The Canadians took no chances with their limbs, the result being that some fly balls went for hits that would have been fielded on better pastures.

Three doubles, two passes, two sacrifice hits and a wild pitch were responsible for the Toronto hits. In the ninth, when five runs were secured. Two doubles, a single, a wild pitch and a walk gave four in the ninth. Borden, the locals hit one over the right-field fence, a hefty smack for the circuit, off Bader in the second. The Toronto Club left tonight for Raleigh, N.C., where they play Thursday. They go to Danville, Va., Friday, and to Greensboro, N.C., Saturday, after which they move on to Reading for the opening of the season next Wednesday.

## GUELPH AMATEUR BALL LEAGUE IS ORGANIZED

Guelph, April 14.—(Special.)—The prospects for another successful season of amateur baseball in the city never looked brighter than at the present time. The annual meeting of the Guelph Amateur Baseball League was held tonight, when nine clubs identified their intention of entering teams in the league, where there were over six hundred members. The following officers were elected: Patrons, Mayor Westoby, Geo. E. Black, F. E. Furber, J. M. Taylor, H. Quarmby, E. Bartram, A. W. Alexander, Leat-Col. E. G. Shannon, A. F. Dwyer, Sam. Carter, F. W. Kramer, J. M. Pressell; hon. president, Alderman J. E. Carter; president, E. C. Allen; vice-president, Jas. Cockman; secretary, John Jelons; treasurer, N. Keeffe. It was decided to again affiliate with the G. A. A. and M. B. Dulmage was elected to represent the league. At the annual meeting to be held at Toronto at the end of the season, the league also decided to affiliate with the Guelph Amateur Athletic Association. The following clubs were named in the league this year: St. John's Club, Guelph Athletic Club, G. B. Spring and Aisle Co., Speedwell Hospital, Falsler Athletic Club, Grand Trunk, Hamilton Iron Co., Knights of Columbus, G. W. V. A.

## EXTRA INNING ON OPENING DAY

### Pirates Beat Cards in Ten, and White Sox Win From Tigers in Eleven.

At New York (National)—Boston easily defeated the New York Nationals in the opening game yesterday, 4 to 2. Boston drove Barnes out of the box in the second inning when they scored five runs on four hits, a base on balls and a wild pitch. It is the first time Boston has defeated Barnes since he was traded by last club to New York two years ago. A recruit left-handed pitcher, on the Boston club, made a good showing for the Braves, but weakened perceptibly in the closing innings and was relieved in the ninth by McQuillen. The score: Boston... 4 2 0 1 0 0 0 0 0—R.H.E. New York... 2 1 0 0 0 0 0 0 0—3 2 2.

At St. Louis—Pittsburgh defeated St. Louis, 5 to 4, in ten innings in the opening game of the season. Nicholas, who pitched for the Pirates, scored the winning run. Bases were forced to leave the box in the third inning on account of illness. The score: R.H.E. Pittsburgh... 5 2 0 0 1 0 0 0—4 1 1. St. Louis... 4 1 0 0 0 0 0 0—3 8 0.

At Cincinnati—The world's champions opened their season yesterday by beating the Chicago Cubs, 7 to 2. Alexander hit freely and was untended, but his batting was responsible for all three of Chicago's runs. Roster held the Cubs out for three innings in the second, but was relieved by Perkins in the seventh by scoring three runs on a home run. The score: R.H.E. Cincinnati... 7 2 0 0 0 0 0 0—7 1 0. Chicago... 2 0 0 0 0 0 0 0—2 1 0.

At Philadelphia—Ruth's snuff of Dusen's long liner allowed two runs to score in the eighth inning here yesterday. Philadelphia thrice-to-one victory over New York Americans in the opening game of the season. Home runs by Pipp and Perkins scored the early tallies. Both Perry and Shavkey over in fine form, but twice double plays came to the rescue of the local pitcher. Score: R.H.E. Philadelphia... 3 1 0 0 0 0 0 0—3 1 1. New York... 0 0 0 0 0 0 0 0—0 2 0.

At Cleveland (American)—Cleveland opened its season by defeating St. Louis, 5 to 0, before one of the largest opening day crowds in the history of Cleveland baseball. Coveltski held St. Louis to five hits and struck out seven men. Cleveland hit Schorner hard, bunting his hits in the second inning. He scored 4 runs. Johnson's fielding was a feature. Score: R.H.E. Cleveland... 5 0 0 0 0 0 0 0—5 3 0. St. Louis... 0 0 0 0 0 0 0 0—0 2 3.

At Chicago—Weaver, E. Collins, Williams and Holman furnished thrills in an exciting 11-inning game, which Chicago won from Detroit, 3 to 2, ushering in the American League season. Holman's home run tied the score and forced the game into extra innings. R.H.E. Detroit... 0 0 0 0 0 0 0 0—2 2 2. Chicago... 3 0 0 0 0 0 0 0—3 1 3.

At Washington—Washington-Boston, no game yet grounds.

MAGEE FILES SUIT. Cincinnati, O., April 14.—Lee Magee, former member of the Chicago National League Baseball Club, today filed suit here for \$300 damages against that club and asking for an attachment against the club's share of the opening game's receipts at Redland Park.

WILL MEET MONTAGUE. Boston, April 14.—Harold C. Cubitt, the one-mile amateur, has been appointed track coach of Boston University. He will meet Montague of Oxford University in a special three-mile relay at the Pennsylvania relay carnival.

## COMMISSION ONLY SAVING OF BOXING

### Lovers of Game Insistent in Their Demand for Proper System.

Boxing, properly handled under a provincial commission, would be one of the finest sports in the land. This was the opinion of a large gathering at the parliament buildings last night, called by the province at large.

The returned soldier organizations were strongly represented and told of the money raised by boxing shows to help out their relief funds. Great praise was given them for the business-like manner in which these shows were conducted and no less a judge than Chief of Police Col. Graetz handed out unstinted praise.

The following officers were in attendance: Mr. Marston, Mr. Ayers, F. McEwen, J. Coombs, H. M. Alexander, and G. W. P. Hood. Auditors appointed were W. Ayers and F. Coombs.

## LACROSSE GOSSIP.

Jimmie Lambert's new club bag is open and ready to receive donations for "kid" sticks. One enthusiast in sending in a letter yesterday, sent along his best wishes for the success of the venture. This fan, by the way, was from the east, and the committee is interested in the national pastime in Toronto.

## SOCCER NOTES.

T. and D. Junior League clubs are requested to note that the address of the secretary of the Willys-Overland Junior Football Club is, A. G. O. Monaghan, 305 High Park avenue, or 64 Temperance street, Tel. Adelaide 650.

## COMMISSION CHAIRMAN.

New York, April 14.—Appointment of a new chairman for the National Football Commission will be announced some time this week. Ban B. Johnson, president of the American League, is believed to have been chosen.

## KINGSTON LADIES WIN AT BADMINTON.

Kingston, Ont., April 14.—The ladies of the Badminton Club, Ottawa, played the Kingston ladies of the Badminton Club, Kingston won out by a score of 11 to 2 and captured the Hodgson trophy.

## CALGARY'S HOPE.

Calgary, Alta., April 14.—W. Clements, who has had considerable boxing experience in the army and navy in the old country, and who was official referee for the first imperial division during the war, will be Calgary's representative in the Olympic trials, to be held at Ottawa. He will compete in the 118-pound class. Captain Clements leaves for the east on Saturday.

## TORONTO LEAGUE ENDS BEST HOCKEY SEASON

### Fifteen Hundred Players in Big Outdoor League—The Prize Winners.

The Toronto Hockey League held its final executive meeting last night at the Empress Hotel after the most successful season in the history of the league. The Toronto Hockey League, which has over 1,000 players registered with the league secretary, will be presented with silver medals for the 1919-20 season.

The Melville Club won both the juvenile and midget championships and they also will be presented with silver medals for the 1919-20 season. The Inter-mediate championship was won by the Victoria Skating Club and the executive presented them with a set of solid silver medals.

The following officers were in attendance: Mr. Marston, Mr. Ayers, F. McEwen, J. Coombs, H. M. Alexander, and G. W. P. Hood. Auditors appointed were W. Ayers and F. Coombs.

## BRITISH RUGBY

A practice game has been arranged between the Toronto Scottish and the West of England British rugby clubs, to be played on Saturday, April 17 at the St. Andrew's Hospital grounds, Roseville, between 3 p.m. sharp.

## GOLF AT PINEHURST.

Pinehurst, N.C., April 14.—Franklin H. Gates, medalist in the mid-April tournament at Pinehurst, had a narrow escape from defeat at the hands of Donald Barron of Youngstown, in today's first round of match play.

## FAST TEN-ROUND DRAW.

Rochester, N.Y., April 14.—Augsie Rattner of New York and Jackie Clarke of Allentown, Pa., fought a fast ten-round draw here last night.

## AMATEUR BASEBALL

The West Toronto Baseball League, perhaps the foremost of its kind in the western district, is looking forward to a most successful season. The league is giving the younger players a chance to develop their talent, so that in time, Toronto public will still be able to look forward to high-class ball.

## CRICKET

The Toronto Cricket Carnival has made the following allotment of grounds for the 19 clubs under its control. At High Park (Rear street entrance)—St. Matthews and West Toronto will practice and play their home games.

## LACROSSE GAME SURELY ON BOOM

St. Simons and Mulroy—Notes of National Game. Can a player in the O.A.A. be signed on "left-over" certificates from last season? This is the question foremost in the mind of Eddie Sullivan, chief of the St. Simons club.

The... are two in Que-... bec, Connaught Park, Hull, and Blue... Bonnets, Montreal. It was with un-... unanimity foreseen that the... directors of the Connaught Park Jockey... Club of Ottawa, selected a site across... the river for their course. For doing... this, several years after the Ontario... government proposed to levy this tax... for the privilege of conducting horse... races, and Senator Belcourt's Associa-... tion will save \$14,000 on the year's... operations, which amount to the Ontario... Jockey Club, Hamilton, Windsor and... Montreal, also escapes the penalty. Thus Connaught Park and Blue Bon-... nets will be able this year of grace to... put away \$10,000 each for a rainy day... that the Hamilton, Fort Erie and Win-... der must look over on account of a Ran-... ceys tax. The tax of \$10,000 per day for mil-... le tracks, under which heading the On-... tario Jockey Club comes is a pro-... hibitive one. What action the directors... of the Ontario Jockey Club will take... is not known. There are also two independent mile... tracks at Windsor, Kenilworth and... Devonshire, and Thorncliffe in Toronto... and they, of course, also come under the... new war tax. For several years the half milers are... only asked to contribute half the amount... it is likely because they cater to a... smaller patronage and not on account of... the alleged friendship between an hon-... orable and an owner. However, the... myriads of merry-go-rounds are still... loose in Montreal and if Hillcrest and... Dufferin Parks decide to close down... those who love short prices must go... and follow the summer circuit in Mon-... treal. The Dominion government has come to... no decision yet as to the result of the... Rutherford report on racing. The ques-... tion has arisen, that the \$10,000 tax be-... coming prohibitive, such a law would be... beyond the power of the Ontario govern-... ment. No one has come forward yet to... protest on behalf of the public in regard to an... expected increase in the price of admis-... sion. And the first meeting of the... public will surely take place next Sat-... urday, May 22, at Woodbine Park, if... the O. J. C. decides to carry on re-... gardless of the entrance over the per-... centage the iron may exact. It is fully expected the government... will be able to early pass the bill. There is sure to be plenty of scattered... opposition. Unless specially exempted... the trotters and pacers will also com-... under the tax if they race with the let-... ting accompaniment.

DESIGNERS' CLUB MEETS

Expert Gives Technical Address on Stage Costuming and Lighting.

The Designers' Club met for dinner... at the Laura Matilda last evening... Miss Charlotte Storey, president, be-... ing hostess. Miss Mitchell, designer... of costumes at Hart House Theatre... gave a technical and interesting ad-... dress on the manner in which cos-... tumes are decided upon and evolved... for the different plays. The spirit and... period to be portrayed are to be un-... derstood before decision is made. If... the play is fantastic, the thing to do... is to get the basic idea and then go... ahead. More serious plays must be... considered from more angles. The... subject of lighting is one of the great-... est difficulties to be understood, light... having disastrous effects upon certain... colors. Miss Hart gave a short talk on the... benefits to be derived from mem-... bership in a club, pointing out that... the present is a golden opportunity for... designers, as production in manufac-... tures and the slogan, "Made in Can-... ada" is a great call to designers... along every line.

Plays, Pictures and Music

"Martinique." Walter Hast, producer of "Scan-... dal" is bringing Laurence Eyre's... new play of the French West Indies... "Martinique" to the Royal Alexan-... dra theatre for one week beginning Mon-... day night, April 19, with the usual... matinees. Mr. Eyre, who wrote "Mis' Nelly of... N'Orleans" for Mrs. Fiske, personally... selected the distinguished cast and... directed the play. Miss Josephine... Victor, for whom the play was espe-... cially written, has the leading role... "Lumden Hare, Arthur Hohl, Ida... Waterman and twenty others are in... the notable cast. But few productions in recent years... have been as costly to the dramatic... stage as "Martinique." charm that is extremely alluring... ful Dorothy Dalton is appearing with... great success at the Strand Theatre... this week, is probably the most un-... usual picture in which this very pop-... ular star has appeared in her notable... career. It is based on George Barr... McCutcheon's highly entertaining... story of a wife who left her husband... and had her revenge by winning his... love while he believed her to be an-... other woman. In a role that requires... her to delineate three distinctly dif-... ferent types of women, Miss Dalton... scores a triumph. For next week the Strand has... booked a big attraction—the enthrall-... ing Parisian picture, "The Mystery of... the Yellow Room," which comes re-... claimed as a wonderfully thrilling... and baffling detective story. It is... based on the internationally famous... French novel by Gaston Leroux.

"His Chinese Wife."

At the Princess today, seats are on... sale for all performances of "His... Chinese Wife," the new Oriental... American drama of morals and man-... ners, which opens a week's engage-... ment at this theatre for the week... starting next Monday evening. "His... Chinese Wife" concerns the hap-... penings to a young man of good... family who thru dissipation has gone... to bad entirely, and to the great... family of his bad record he goes to... China. There he falls in love with... a native princess and finally mar-... ries her. Living her life to America... where he introduces her to his fam-... ily. "His Chinese Wife" is a play of... novelty, originality, fine dramatic... situations, charming comedy, and... notable in being full of those things... that will be remembered when most... other plays are forgotten. The com-... pany, which is an unusually excellent... one, is headed by Forrest Winant and... Madeline Delmar.

"Just a Minute."

John Cort's musical comedy, "Just... a Minute," is the attraction at the... Princess the week of April 26th. Harry H. Cort and George E. Stoddart... have written the book and lyrics, and... Harold Orlob the score; the trio who... have to their credit the successful... musical comedy "Listen, Lester,"... TAX ON RACING PROHIBITIVE ONE

Is Consensus of Opinion Expressed by Racing Men and Officials.

"It is simply an indirect way of killing racing" was the almost unanimous comment made by racing authorities when asked for an expression of opinion with regard to the budget speech made by Hon. Peter Smith, in the legislature on Tuesday, wherein it was stated that a tax of \$10,000 a day for mile and half mile tracks would be imposed.

Although they would not commit themselves to any definite statements, it appears to be the opinion of enthusiasts of this "sport" that the various tracks will be in operation this summer. They say that it is an increase on the tax to the tracks, but like all other increases, it will have to be born by the public who patronize horse racing.

Ex-Controller Sam McBride, president of the Standard Breed Association, stated that the tax was imposed on the half-mile tracks it was simply the "beginning of the end." He declared that this tax was nothing less than prohibitive, and if carried out, the only thing which could be done was to turn the key in the door and go home.

"Do you think it is simply an attempt to kill racing?" asked The World. "I would not go as far as to say that," was the reply. "I am of the opinion that the case has not been gone into on its merits, but that those responsible just looked on this tax as an easy means of producing revenue. Possibly the big mile tracks could stand it, but I know that the half-mile tracks couldn't. It will certainly be a shame if this goes into effect, as there are no mile tracks west of Windsor in Canada, and none east of Montreal.

Against Farmers' Interest. "I can't understand any government, especially a farmers' government, doing a thing like this. They profess to be interested in the furthering of agriculture and stock-raising, and yet they are actually doing the opposite. It is the half-milers where the racing men are held, that are the backbone of the thoroughbred horse industry. If these tracks are put out of business it is going to be one of the hardest blows that could be directed against this branch of agriculture. I would have thought that the agricultural department at the parliament buildings would have done something in the matter.

"Not only that," he continued, "but it is the public who will have to stand the tax. The mile tracks can draw such big crowds that by increasing admission fees they can make up the difference at the expense of racing enthusiasts." Ex-Controller McBride stated that he was not averse to a tax being imposed on race tracks, if the revenue produced by doing so was utilized for the promotion of the stock-raising industry in the province. "What should be done," he said, "is to levy a certain tax and turn the money over to the provincial department of agriculture to further the work of raising the race to raise this money for other purposes."

Meant to Be Prohibitive. "It is meant to be prohibitive, and that's what it is," was the statement made by William Hendrie, of the Hamilton Jockey Club, just another attempt to put the clubs out of business." Mr. Hendrie, however, would not say whether the Hamilton Club would try to operate under the new law.

Officials of the Ontario agricultural department at the parliament buildings would not commit themselves to any statements. One official, however, intimated that he did not think that the new law would in any way prohibit racing. He said that the big financial interests behind the same, and that there was money enough in it to carry it along despite this extra burden. "All they need to do is raise the admission fee," he said.

R. W. Wade, of this department, while expressing himself as not being opposed to racing, said that, in his opinion, the American interests had too big a hold on the Canadian racing. "Recently they managed to put over a scheme whereby every horse before it can race on any circuit, either in Canada or the States, must first be entered on the records of the American Jockey Club," he said.

Proceeded With Plans. Secretary W. D. Fraser of the Ontario Jockey Club, said that when the Government's statement of January 17th was received, the Ontario racing men were at once set to work. The O.J.C. proceeded with its plans for the spring meeting. "The King's Plate, which closed on March 1, has a record entry, with 49 nominations," he said. "The conditions attached to its stake, which will close on May 5, which include the \$10,000 Toronto Cup, are already in the hands of the horsemen. Over-night purses included in its program of \$30,000 for the coming spring meet have also been arranged, and the conditions are in print. Contracts have been let and the engagements entered into, and horsemen are busy preparing for a resumption of racing after an interval of three years.

"The tax of \$10,000 a day for mile tracks, under which heading the Ontario Jockey Club comes, is a prohibitive one. I think the members of the O.J.C. will take it as an inability to state at the present time."

NEW MATERNITY HOSPITAL. Ottawa, April 14.—Ottawa is to have a new maternity hospital. It is to be built by the Salvation Army at a cost of \$125,000, and will be completed and ready for occupation by the end of November. The decision of the Salvation Army to erect a new hospital in the city was reached at a recent meeting held in Toronto.

ELECT WOMAN CLERK. Amherst, N.S., April 14.—Miss Bessie Downey was elected municipal clerk for Cumberland County at the session of the county council yesterday. She is the first woman to hold this position in New Scotia. Three names were submitted to the council, that of Constance Logan, who has been holding the position for some time; C. Howard Black, one of the best-known farmers of the district; and Mrs. Downey, who has been deputy registrar of deeds.

BEAVER STATEMENT CAUSE OF SELLING

Satisfactory Explanation of Annual Report Expected at Meeting to Be Held Today.

McINTYRE IN GOOD DEMAND

Criticism of the recent annual statement of Beaver and Kirkland Lake was yesterday thought to have been responsible for the declines in the shares on the mining exchange. Beaver sold down to a new low of 47 1/2, and Kirkland declined three points to 55 1/2. The criticism hinted at regarding these companies' showings was not conceded as justifiable, and it is stated that explanations which will be made at the annual meeting of the Beaver today will confirm this statement. The mining exchange was excessively dull, as shown by the sales which were only 32,200, and more than half of this was in the shares of the Beaver. The market showed no other change worth noting, save, perhaps, an urgent demand for McIntyre at the close, which brought the price up to 209. The general stagnation in business on the Standard Exchange was only explainable at the close by the absence of selling orders and present low levels, and it was confidently expected that even a small volume of new buying would readily change the market's trend.

FIND OF SILVER ORE.

Nelson, B.C., April 14.—A stranger of ore, running from 800 to 2000 ounces of the fifth level, has been opened up on the McIntyre mine, near the town of Slocan City. The streak was observed Saturday, and was estimated to contain a sackful of ore. By noon yesterday, mining cars worth \$500, had been taken out from what is now dubbed the "One Sack Slope."

WHEAT'S STRENGTH SENDS CORN HIGHER

Exporters Paying Sixty Cents Above Established Minimum for Wheat.

Chicago, April 14.—Fresh strength developed in the corn market today, largely as a result of the high prices previous to \$4 1/2. The close was nervous at 1 1/2, but the government weakness in general unsatisfactory and the weather, germination and growth of other crops was retarded by unfavorable weather. In addition, the opinion was widely accepted that receipts of corn were likely to be small for a considerable time, even after the switch strike came to an end. During the last part of the day some temporary weakness was shown because of seaboard exporters cancelling transactions in oats, presuming that the cancellation, however, was to provide increased vessel room for wheat and rye. Oats were governed by sympathy with corn. Provisions averaged higher, reflecting upturns in the value of hogs and grain.

Gold and Silver Profits From New Ontario Passing Into Foreign Fields.

LARGE SUM DROPPED

Cobalt, April 14.—(Special).—After making their money in the gold and silver mines of Ontario many of the companies are turning to foreign fields. The Hollinger Consolidated and the Nipissing are drilling oil wells in the United States. The Kerr Lake has acquired control of a silver property in Utah and a gold dredge property in New Zealand. It is reported that the Dominion Reduction Company have lost \$500,000 in a mining venture in the western states while the Mining Corporation is making excursions to some of the out of the way parts of the world in an eager search for minerals. If only these organizations would make a search in Northern Ontario and they would soon find all they wanted. In nearly every camp there are a few very promising prospects and one would naturally think that companies whose millions were made in Cobalt and Porcupine would have some sense of obligation to their country and would at least give it a fair trial before investing in the United States or elsewhere.

Halfax Orangemen Petition To Eliminate French Language

Halifax, April 14.—A delegation from the Grand Orange Lodge of Nova Scotia today appeared before the council of public instruction and presented a petition pointing out that the French language had no official status in Nova Scotia and asking that it be eliminated either as a medium of study or instruction in primary grades. The delegation also expressed its disapproval of the present separate school system. The council replied that the matter will be considered.

Incorporated by Letters Patent from the Provincial Secretary of Ontario.

Capital Authorized \$1,500,000 Capital Issued 515,967 Treasury 984,033

PAR VALUE \$1.00

Location, Etc.

The HUDSON-PORCUPINE property has an area of 160 acres and is located in the great Porcupine Gold District, directly north of the Hollinger Consolidated Gold Mines, Limited, and one claim north-west of the McIntyre Porcupine Mines, Ltd. This section of the now famous gold camp is admitted to be the richest gold area present known on the North American Continent.

Plant

A fully equipped plant to develop the property to a depth of 600 feet is installed, and the necessary camp buildings to accommodate a large working force have been completed. The plant consists of two locomotive type boilers, whose aggregate horse-power is 90; a 600-foot Sullivan air compressor; a 6 x 8 Jencks hoist, and all the incidental steel equipment, etc., to do the necessary surface work and the underground work, to a depth of 600 feet.

Underground Development

Following the recommendations of the Company's engineers, the development of the ore bodies is now under way. A two-compartment shaft has already been carried to a depth of 115 feet, and cross-cutting at the 100-foot level has so far resulted in the cutting of three of the veins found on the surface. Continuation of this work will, no doubt, result in the cutting of the other known veins, and possibly other ore bodies that do not outcrop on the surface. Most satisfactory assay results have so far been obtained from the veins so far cut at the 100-foot level, and indications are that with further development of the property at depth, the work will open up ore bodies of a commercial grade of ore similar to those existing

INSURANCE CO. BILLS UP IN COMMITTEE

Ottawa, April 14.—(By Canadian Press).—Four private bills were passed, two of them with amendments, by the standing committee on banking and commerce today. A fifth was discussed but members took objection to the name of the company which sought incorporation thereby, and refused to incorporate an insurance company calling itself Canadian-American. The committee in the title would tend to confuse people and make unnecessary trouble for those seeking to incorporate. Three alternate names were suggested by the incorporators. They were "Victory," "Aberdeen," or "Canadian Mercantile." In the latter holds good, so the choice will still be between either of the others when the bill is taken up next week.

RICH ORE SAMPLE FROM TRIANGLE MINE

Cornwall, Ont., April 14.—The president and one of the directors of the Triangle Silver Mines Limited have just returned to the head office of the company here, from a visit to their mine in Auld Township, bringing with them wonderfully rich specimens of silver ore and large chunks of wall rock assaying over 1,000 ounces per ton. Heavy leaves of native silver are showing thru the wall rock for 18 inches on each side of the vein.

ACQUITS ENGINEER

Montreal, April 14.—Judge Leest this morning acquitted John Howland, the engineer of the Empress of France, Canadian Pacific railway express local near St. Vincent De Paul, in a case which resulted in the death of two passengers.

London, April 14.—Announcement by the Bank of England today that the rate of interest on treasury bills had been raised one per cent.

While a seven per cent. rate would undoubtedly handicap trade, it is recognized that the authorities must take cognizance of the international monetary situation.

It is not anticipated that an advanced rate would affect shipments of gold to America, which will continue for exchange purposes.

LIBERTY BONDS WEAK

New York, April 14.—Basing their calculations largely on the more encouraging aspects of the railroad strike, bull pools continued to press their advantage on the stock market today.

Stock dividends, actual and prospective as represented by American Tobacco, Woolworth and Union Bag and Paper, helped to sustain the advance.

Several noteworthy instances highest quotations of the day were made toward the close, also realizing for profits elsewhere was apparent.

With Liberty issues and Victory notes again weak, the entire bond market reacted, rails and industrials also being ground.

Old U.S. 2's were lower by 1/8 on call.
