BRAIN'S BIGGEST STRIKE PREDICTED

GOVERNMENT CONSIDERING INTERVENTION

Coal Mining Crisis Assumes More Serious Aspect

PEACE POLICY

Trade Unions Said to Be Ready To Back Miners in Their Action

By HERBERT BAILEY, British United Press.

LONDON, July 6.—So serious has the coal mining crisis become despite the moderating influence of the leaders on both sides that the Government is considering intervention, although it is hardly hoped that the Ministry of Labor can prevent what is predicted will prove the biggest strike in the history of Britain.

Premier Baldwin fully realizes the truth of what his friends and supporters are reminding him that now is the time to put the policy of peace within industry into effect and to see what influence he commands over the industrial and trades union leaders.

PEACE EFFORTS

When the fiery A. J. Cook, who confronted with the possibility of a strike is beginning to lose patience and says now that he won't do anything to impede the peaceful efforts that are being made, while there are conflicting reports as to whether the formidable big four, consisting of the miners, railway men, transport workers and engineers, are likely to survive a close scrutiny of their methods, although it is stated that the committee which was appointed to inquire into their workings is said to be ready to report favorably.

BACKING ASSURED

The laborites are confident that the trades unions will stand by them which the miners may take, but there are many who are sceptical on this point. It is admitted, however, that the mining crisis will force the hands of the unions in the direction of a general alliance. Industrial England is being watched with the gravest concern.

BIRKENHEAD FINDS MORE TROUBLES

"Levee Dress" at Reception Calls Forth Storm of Protest and Investigation.

British United Press.

LONDON, July 6.—Lords Birkenhead and Reading are in trouble again. At the India office reception last Friday evening to meet "Their Excellencies Lord and Lady Reading," Lord Birkenhead insisted that Levee dress should be worn. The Morning Post points out that this is usually only worn at the King's Courts, at the Royal Palace, at Westminster receptions given by the speaker and in India at receptions given by viceroys.

LIQUOR VESSEL SEIZED BY CUSTOMS

Five Cases of Rum Sold From Ship in St. John's, Is Charge.

ST. JOHN'S, Nfld., July 6.—The steamer Herbert Green, loaded with 1200 cases of whiskey and 800 cases of rum, was seized by revenue officers here last night, after it was alleged five cases of liquor were sold over the side. The revenue men declared that the crew of the ship started to sail out of port with them aboard, but stopped when warned of the consequence of such action.

The Herbert Green is a British auxiliary schooner, and with her cargo represents an approximate value of \$100,000. She had taken on the liquor here and cleared for the high seas.

NOVELTY WEDS

NICE, July 6.—Vicente Blanes, the Spanish novelist, and Mme. Dona Elena Ortuzar Baines, widow of a Chilean diplomat, were married at Mentone Saturday. The wedding was extremely quiet, being attended only by the witnesses.

The first wife of Vicente Blanes died in 1918.

SYDNEY BANKERS ARE "NOT GUILTY"

Ernest Devison is Cleared of Charge at Sydney—Another Case Against Accused. SYDNEY, N. S., July 6.—After 35 minutes deliberation, the petit jury in Supreme Court here before Mr. Justice Graham, found Ernest Devison, N. Y., not guilty in the case of the King vs. Ernest Devison, of Glace Bay on a charge of the theft of \$19,994.47 from the Glace Bay branch of the Royal Bank of Canada.

CABINET CHANGES ARE SUGGESTED

Federal Government May be Reconstructed Soon According to Ottawa Rumor. OTTAWA, July 6.—Cabinet changes are expected here during the recess, but from present indications, it is not likely that there will be any important developments for some weeks yet. The annually voted by parliament to Hon. W. S. Fielding is taken to indicate his coming retirement to private life. The resignation of Hon. Dr. Beland, with his probable appointment as High Commissioner in Paris, and of Hon. Messrs. Motherwell, Bureau, Copp and Murphy, have also been rumored from time to time, but there is so far, no definite announcement.

WINDSOR FIREMEN RESIGN AS PROTEST

Wished to Conduct Fair With Wheels of Fortune—City Fathers Object. Canadian Press. WINDSOR, N. S., July 6.—This town was temporarily without a fire department following the resignation of the volunteer fire fighters' force as a protest against the action of town authorities in refusing the members of the department permission to conduct a fair with alleged gambling devices.

Soviet Russia To Welcome Chinese Students at Moscow

British United Press. BERLIN, July 6.—Soviet Russia is preparing an ovation to welcome the Chinese students who were expelled from France for staging a nationalist demonstration in the Chinese quarter. The Chinese passed through Berlin Sunday en route to China, and on their way they will pass in Moscow to receive Soviet congratulations on their efforts to compel the powers to relinquish their extra territorial grasp on China.

CANADA'S CONTRIBUTION.
 While close secrecy has been closely observed by the conference it is understood that in a general way Canada's contribution to the pact is a very considerably improved steamship service with special provision for the carriage of fruit, lack of which has constituted the chief complaint of the West Indies since the last treaty of 1912.

The West Indies in return are making favorable tariff concessions to Canadian agricultural products, chiefly flour. Also, it is known that another purpose running through the entire arrangement is to ensure more direct and immediate trade relations between these two parts of the Empire and the elimination of the United States as a middle-man.

FORMER PRINCE CITES HISTORY

Defends German Drive on Belgium by Reviewing History of George III.

BERLIN, July 6—Former Crown Prince Wilhelm has gone back to the time of George III to find justification for the invasion of Belgium.

In a book entitled "I ask the truth" to be published in a few days, he attempts to prove that Germany was not the only nation responsible for the war.

It was mere pretence, he says, that England went to war for the defense of neutrality. When Great Britain was at war with France in 1807, he points out, British warships bombarded Copenhagen and destroyed the Danish fleet through fear that it might at some time reinforce the French fleet. Denmark was then a neutral nation, he says, and the British attack was made without any declaration of war proceedings.

KING'S PROCLAMATION.
 Shortly after the Danish fleet was destroyed, Wilhelm states, King George issued a proclamation declaring: "Even if the King regrets the cruel necessity of taking hostile action against a nation with which he earnestly strove to form an alliance, he nevertheless is consistent that Europe and the world find justification in his action."

"The unshrinkable duty of a ruler is his duty to provide for the safety of his people while there is yet time."

GERMAN BLUNDERS.
 Germany made some mistakes, the eldest son of the ex-Kaiser admits, but he believes that on the whole, his father was right in seeking expansion of the Empire, as Belgium under Blumkrantz German liberalism fostered the development of Tirpitz naval policy and the colonial schemes of the iron chancellor. They were not proposals of the Junker or any war party, he says.

France and England should be the last to reproach Germany for seeking spots for colonization by persons over-crowding the Mother country, he continues. France, he declares, has vast overseas possessions which its dwindling population is incapable of developing and England has gained a fifth of the world's territory by wars of conquest.

GERMAN BLUNDERS.
 Germany made some mistakes, the eldest son of the ex-Kaiser admits, but he believes that on the whole, his father was right in seeking expansion of the Empire, as Belgium under Blumkrantz German liberalism fostered the development of Tirpitz naval policy and the colonial schemes of the iron chancellor. They were not proposals of the Junker or any war party, he says.

SAINT JOHN, N. B., JULY 6, 1925.

GREY AND CHAMBERLAIN.

It is natural that Viscount Grey should give his support to the proposed compact between Britain, France, Belgium and Germany, for before Mr. Chamberlain outlined this treaty Viscount Grey had already pointed out very clearly that it would inevitably result in a European war.

Should this proposed compact fall of ratification, Lord Grey agrees with Mr. Chamberlain in saying that France would naturally continue to maintain a great standing army and that the same policy would be followed by Poland and her other allies.

Even those who view with anxiety any proposal that Britain shall commit itself to the use of force, if necessary, to prevent any change of the frontier between Germany on one side and France and Belgium on the other, are bound to give due weight to the Chamberlain argument that the security pact is necessary in the absence of anything safer or better.

Mr. Chamberlain, in warning the public concerning the danger of another speech, spoke of the proposed pact as an opportunity, perhaps the last opportunity, to prevent it. Much of the civilized world read with an increased sense of peril his solemn statement that Europe, six years after the signing of peace, still stands ranged in two hostile camps.

STOCKTAKING IN CANADA. A warning that national policies must be developed for the good of the West and of the Maritime Provinces, as well as for that of Central Canada, is issued by the Manitoba Free Press in an editorial on Canadian conditions.

Thirty-five years ago a portion of our population was favoring commercial union with the United States - free trade between the two countries with a common tariff against the world.

The Quakes

Science as yet has not got so far, and to locate the scene of the expected disturbance may prove an impossible task because of the complicated elements of the problem.

A doctor on board an ocean liner dispensed, rather freely, sea-water among the patients who were ill. No matter what their ailments were, a dose of the briny fluid was handed to them, and they were told to drink it. One morning the doctor felt overboard, quired the cause of the commotion. "Oh, it's nothing, sir," answered one of the sailors. "Only the doctor has fallen into his medicine chest."

HAPPY TIME IS HAD AT COUNTY HOSPITAL

Patients Entertained by Knights of Pythias and Excellent Programme Given.

The patients at the Saint John County Hospital were entertained well on Saturday afternoon when the Chancellors' Association, assisted by the Knights of Pythias, gave a picnic. An advance party of the knights arrived early in the afternoon and moved all the patients outdoors in chairs, on rubber sheets and on blankets. A programme of comic songs and funny stunts was given by good entertainers. His Worship Mayor Potts spoke.

Dr. H. A. Farris, medical superintendent of the hospital thanked the visitors for their kindness on behalf of himself and the patients. One little girl, who has been in the hospital for nine years, and who has never been beyond his walls, was overjoyed at the treat. Charles Jones, J. M. Jenkins and W. C. Peters all expressed the pleasure it had given them and their associate knights to give the picnic and entertainment. Dr. Farris took occasion to thank the knights for their donation of a radio to the hospital.

Races Held

The programme was interspersed with races, the winners being as follows: Fat men's, L. D. Murray; bald men's, W. H. Vall; nurses, Miss L. Flood; bean guessing contest for patients, Kathleen Elliott; for girls, Donald Banks; for boys, and J. Wiggins, for the men.

W. C. Peters played the part of a female impersonator and W. H. Vall and F. D. McFarlane, negro barbers, Miss Vida Waterbury and Charles O'Regan sang several solo delicacies were provided and a delicious supper served by the hospital, assisted by the visiting Knights of Pythias. A Dominion Express wagon took to the hospital the provisions for the treat. Much regret was expressed at the unavoidable absence of H. B. Schofield, president of the board of the hospital directors.

Moose Pays Visit To City on Sunday

A large cow moose visited the city yesterday. It was first seen in Fairville, then it crossed the bridge and ran over the hill to Strait Shore and entered the waters of the harbor. The animal swam towards Market Slip but frightened by the crowds, returned and landed near the Maritime Nail Works.

The moose then crossed over Douglas avenue again and plunged into the waters of Marble Cove. Crossing to the opposite shore the crowds that had gathered frightened the animal and it returned to Marble Cove. The moose refused for a long time to leave the water, but finally emerged and disappeared as darkness set in.

Former Governor of Province Gives \$14,800 For Citizenship Lectures.

SACKVILLE, July 5—Hon. Dr. Josiah Wood, former Governor of New Brunswick, has supplemented his many gifts to Mount Allison University by placing in the hands of the Board of Regents \$14,800 to be used for a lectureship on "The Duties and Advantages of Citizenship." This amount has accrued to the credit of Dr. Wood at Ottawa since the time when as a Senator. He refused to take over the increased indemnity.

SANG IN CENTENARY.

Dr. A. Pierce Crockett of Fredericton, accompanied by Mrs. Crockett and his sister, Miss D. Crockett, arrived in the city yesterday by motor and registered at the Admiral Beatty. At the evening service at Centenary church, Mrs. Crockett sang a duet with William Lanyon.

THAT SALE AT EVERETT'S IS GETTING 'EM'

A. ERNEST EVERETT shows how to happily revive the Furniture and Rug Business, You'll Buy--You Can't Help But Buy. That's the Big Idea behind this thrilling movement to distribute \$100,000.00 worth of High Grade Furniture and Rugs in 10 days.

When we were planning this Great 10 Day Distribution Sale, the one dominating question was, can we get the price low enough to sell it?

It had to be a Bold Stroke. We had to grin and bear a real sacrifice! This Store had to knuckle down to a radical departure from regular profits. No ordinary methods could accomplish the desired results. What was done had to be startling in its effects, and that is the basis of this sale.

This sale had only one chance of success. It had to be instantly recognized and taken up by the people as a Price Sensation. "Regular prices have failed," business lagged—lagged for this great store, and lags for all other Big Furniture merchants.

A Sale that would usher in a New Day in Furniture and Rug Values—A sale that would unquestionably demonstrate to the people that the time to buy had arrived, was the remedy—and this Sale is it. You'll buy now at Everett's because you see that you are getting a marvelous money's worth.

DULLNESS IS THE FEATURE IN MONTREAL

Only Three Issues Appear in Board Lot Quotations

RISE IN NEW YORK

Buying Orders Are Distrusted Over a Wide List—Gain Recorded

MONTREAL, July 6.—Extreme dullness marked the opening of the stock exchange this morning. Only three issues appeared in board lot quotations, namely, Detroit unchanged at 1/2; Standard Oil, up 1/8 at 84 1/2; and Steel of Canada up a like fraction at 99 1/2.

NEW YORK, July 6.—Rising prices characterized the resumption of trading, after the double holiday in the stock market. Buying orders were again distributed over a broad list, initial gains of a point or more being recorded by Fisher Body, Montgomery Ward, Ward Baking Co., Colorado Fuel and American Ice.

Morning Stock Letter
NEW YORK, July 6.—Friday's market indicates there was a good demand for stocks on selling. The failure brought in a large amount of selling, which was well taken. At the same time call money rates eased off to four per cent, and should remain at that rate for a few days. The market is generally an increase in activity and prices advancing again. The fact that the market seems bullish and in addition there is more power than in the past, indicates that the market is at a high level and that buyers begin to look for a recovery. Predictions are being made in the street that we are about to run into another very large market. It is claimed that a number of new pools have been formed so that upward moves in specialties should continue. Among the latter, we expect Electric Power and Light, Ward Baking Co. and American Ice to sell higher again.
As groups, however, oils and rails seem to be the best technical position. The oil industry grows stronger consistently and the good oil stocks should be affected. We expect Texas Company, Associated Oil, Phillips 66, Shell, Esso, and the Standard Oil to sell higher. In the rails, Reading, Rock Island, D. & N. Y., and the Southern Railway issues should attain a higher price level.

MERRY DUEL FOR PREMIER HONORS IN CITY AMATEUR LEAGUE

GORMAN MAKES STRONG BID FOR THE LEADERSHIP

Nelson Continues To Top the Batting List

Ken contests for the leadership in the various departments of the City Amateur League have marked the first half of the schedule now finished and that a merry duel for premier positions for the final half will be staged soon without saying.

Earl Nelson continues to hold away at the top of the batting list with the exceptionally fine mark of .381. Charlie Gorman by cracking out four out of five on Saturday, jumped into second place with .444, just two points ahead of Paul, the Royal's third sacker.

Willey, the Trojans star, improved his position during the week and is now leading .381 for fourth place.

Is Leading Scorer

Charlie Gorman shows his all-round worth by leading the run-getters with a mark of 18, or four ahead of Manager Snodgrass, in second place, Gorman is second in the base-stealing division, being tied with Corrigan and Austin, each. Moran and Paul Fraser are tied for first place with 9 each.

Paul Dalton is the nominal leading pitcher although Lloyd Sterling, with 6 wins and one loss, has a better clip.

MAKES POSSIBLE ON LOCAL RANGE

R. O. M. S. Moore Was Indivisible Star in Fuzliers Rifle Assn. Shoot.

The shooting of R. O. M. S. Moore, of the Fuzliers Rifle Association, at the 300 yard range, getting a bull for a single and seven consecutive bulls to count, making a possible for the range, featured the third Canada Rifle Assn. shoot held by this club this season on the North End range.

The new made Saturday were comparatively. It is hoped that the fourth in the league, to be held next Friday, will witness a larger turnout of the club's members.

JERESFORD WINS

Defeats Golan in the Finals of Diamond Sculls—Leander Eight Wins.

HENLEY, July 5.—In the record time of 6 minutes, 50 seconds for the new course of one mile and 500 yards, W. P. Melien, stroked the Leander crew to victory yesterday, in the final heat for the grand challenge cup. Leander defeated the crew of the Thames Rowing club by three-quarters of a length after a stirring race, with never more than a length separating the two boats.

In the final of the diamond sculls Jack Buresford, Jr., of London, holder of the trophy, defeated G. H. L. Golan, of the Leander Club. Golan led at the start, but was soon overhauled by Buresford, who crossed the line as a winner in 8 minutes, 27 seconds, a record on Friday defeated Walter Lee, of Philadelphia, in the elimination for the Diamond Sculls in the same class.

HENLEY, June 6.—In the record time of six minutes 50 seconds over the new course of one mile, 500 yards, W. P. Melien stroked the Leander crew to victory Saturday in the final heat for the Grand Challenge Cup, defeating the Thames Rowing Club crew by three-quarters of a length.

Along The Sport Trail

THE ANNOUNCEMENT that the Saints professional team was disbanded was heard with regret by fans in general. Many of the boys who made up that team were identified with the sport since its reorganization in 1918 when the Giants and Courtneys played a series of games in West Saint John. The following season they were prime movers in organizing a city league, the first to be formed after a lapse of many years. In 1920 St. Peter's park was built and from that until the close of 1922 the game went along by leaps and bounds until as many as 3,600 fans paid admission to an afternoon game and on the same evening over 3,400 fans were in attendance. In those days the St. Peter's boys had a team which more than held its own with some of the fastest and strongest touring clubs outside of the minor leagues. They played a great inside game and continually studied the finer points, meeting two and three times a week just to work out problems, plan offensive and defensive plays and perfect themselves in every department. The team may be permanently disbanded but their achievements will not soon be forgotten. The great popularity of the game in Saint John can in part be attributed to their efforts to revive the sport and place it on a basis which could compare favorably with many larger cities in the States.

FANS THE world over will have to take off their hats to Ty Cobb. For 20 years he has been one of the most brilliant performers in the major leagues and today, despite his age, is the leading hitter in the younger circuit.

THE NECK-TO-NECK race being staged in the City League now between the Water Dept. and the Saint John Baptists, with the Trojans, Saint Johns and Royals in the offing watching every chance to improve their standing and incidentally trip up the leaders when the opportunity is afforded, is the magnet that is drawing big crowds at both grounds these fine nights. July weather also has much to do with it and unless the signs are much astray this month should witness a record for attendance at these games. It is estimated that approximately 2,500 fans witnessed the doubleheader in the City League last Friday night, the grandstands in the North End and South End being loaded to capacity with many hundreds on the sidelines.

The brand of ball also is improving and by the time the 1925 schedule has passed into history, this city should have a powerful team to represent it in the provincial and Maritime games. Any team that can pull out on top of this bunch in the next few hectic weeks thoroughly deserves all the honors.

LAST WEEK was a disastrous one for Connie Mack and his team of pennant contenders. When pitted against the champions the players went into a batting slump and quickly dropped their lead until they were finally back into second position. Coveloskie and Johnson were largely responsible for their undoing.

EFFORTS of the Western Skating Association to have Harry Kaskey reinstated will be watched with interest by local fans. The Chicago "flash" made a great showing here on his first appearance at the big meet staged on Lily Lake under the auspices of the T. M. C. L. and it was with regret that friends learned of his suspension. He did not compete last season but plans to make a strong bid for honors next winter if he is returned to good standing. As there is talk of Saint John staging part of a series of races for the world's championship a hope has been expressed that the amateur officials will see their way clear to reinstate him so that he can compete in the proposed meet which should be one of the best ever staged in America.

NOVEL RACE WILL BE FEATURE EVENT

Programme for Moosepath Park Arranged—Eastman to Meet Patcher King.

Final arrangements for the novel race at Moosepath Park between Elmer Patcher and Patch King, a local race horse, have been made. This feature event will be staged on Wednesday evening at 7:45 o'clock. The original date was for Thursday evening, but owing to counter attractions the management decided to advance the event. In addition to the match race between three-year-old trotting colts Lady Belle and Jimmy O'Neil, Jr., best two in three mile heats; also a half-mile bicycle race between messenger boys representing the Western Union Telegraph and Canadian Pacific Telegraph companies for a prize.

The programme has been arranged as follows:

GEORGE FIFE GETS DECISION OVER MCINTYRE

Had Nova Scotian On Verge of Knock-out

HALIFAX, July 5.—George Fife, Toronto, Canadian welterweight champion, was awarded the judges' decision over Johnny McIntyre, Halifax, Maritime welterweight champion in a 10-round bout staged here last night before a record crowd of spectators, the 20-year-old Torontoan winning eight of the 10 rounds with a wide margin. Fife's title was not at stake. The fight had been arranged as a title match, but announcement was made before the men entered the ring that they would fight at catch weights. Fife did not weigh in, but McIntyre did at 2 o'clock yesterday afternoon, at 141 1/2. Fife's weight was estimated at 154.

MCINTYRE GOT TWO.

Two even rounds was the best the Halifax man could claim, while the other eight went to his vigorous young opponent, who pushed the older man all around the ring, and landed often in the fourth round McIntyre was groggy from a series of rights and lefts, ending with a swinging left to the stomach. Holding himself by the ropes with one hand, McIntyre made a dazzling display of boxing skill, fighting the Toronto boy off with the other hand while he recovered, finally working his way back to the centre of the ring. Fife exerted himself to land the few that would send McIntyre down the count, but could not, and the Nova Scotian was in no further apparent danger of a knock-out throughout the remainder of the fight.

FINE BOXING SKILL.

McIntyre, out-maneuvered his opponent and exhibited fine boxing skill, but could not withstand the aggressive tactics of Fife, who was tearing into him every second of every round. McIntyre returned blow for blow in the first round, and blocked beautifully and broke even. In the seventh round Fife, evidently seeing his chances of winning by a knockout vanishing, lost a little of his vigor and his judgment of distance. McIntyre landed several lefts, but did not do much damage, and Fife tried everything he knew in the last three rounds, but could not put McIntyre off his feet, although he did open up a bad cut over the Nova Scotian's eye and had him on the defensive all the time.

Geo. Fife, accompanied by his manager, S. Keller, of Toronto, returned to his hometown from Halifax where Fife won from Johnny McIntyre. The Canadian title holder is scheduled to meet Frankie Quill, of Boston, in a 10 round bout.

VETERAN BALL PLAYER FOOLING YOUNGSTERS

Work Is Noticeable In Almost Every Department

CHICAGO, July 6.—Ty Cobb, for 20 years a star in baseball, today has an opportunity to laugh at the moths catered adage that "youth must be served." Cobb, forty years young, is fooling the youngsters of the American league, at least, for he is safely perched at the top of the leading sluggers with an average of .409. Cobb's batting performance in his last nine games set him 10 hits, showing him up the ladder from fourth place. The work of the "Georgia peach" is noticeable in almost every department. He is tied for second place honors in two base hits, having 25, the same number as Boone of Boston. Cobb also has pounced out nine triples and 11 home runs.

Inspiration to Them

Cobb's sensational batting has been an inspiration to his team mates, three of whom are trailing him, all hitting around .400. Wings is second with .408, while Hellman and Burke, are tied for third with .400. Sumner Hale, of the Athletics, the leader a week ago, has dropped from the picture.

Meats, of the Yanks, ran his total home runs to 19, and Williams, of the Browns, boosted his mark to 16.

Johnny Mostil, of the White Sox, increased his batting average to .325 by adding another thief, while Simmons of the Athletics, brought his total scoring figures to 92.

Rice, St. Louis, .388; Lamar, Philadelphia, .384; Pothergill, Detroit, .381; Catrile, Boston, .371; Simmons, Philadelphia, .370; Spender, Cleveland, .369; Faschal, New York, .368; Hale, Philadelphia, .367; Combs, New York, .360; K. Williams, St. Louis, .358; Sider, St. Louis, .354; Collins, Chicago, .354.

Seasoned hitters in the National League are beginning to creep toward the top to vie with Rogers Hornsby for the leadership. Milton Stock and Jack Fournier, buddies of the Dodgers, have made the greatest strides. Stock advancing to third place with an average of .357, while Fournier, who had added 26 points to his average for a mark of .353 and a berth in sixth place.

Hornsby dropped six points, but continues to lead with .421, with J. Wilson, of the Phillies, the runner up, with .410.

Barnhart, of Pittsburgh, remains in third place with .395. Bottomley, of the Cardinals, is lodged between Stock and Fournier with .387. Hornsby failed to add to his string of 12 homers, but his circuit drive fever has taken a firm hold on others. Hartnett, of the Cubs, has 17 and Jim Bottomley, of the Cardinals, Fournier, of the Dodgers, George Kelly, of the Giants, and Glenn Wright, of the Pirates, boosted to 11 each.

Other Leading Batters

Moran, Philadelphia, .382; Brooks, Chicago, .378; Bancroft, Boston, .378; Blades, St. Louis, .371; Bentley, New York, .367; Carey, Pittsburgh, .364; Harper, Philadelphia, .360; Wrightstone, Philadelphia, .360; Grantham, Pittsburgh, .356.

VENIOT DENIES CHARGE MADE AGAINST HIM

Speaks of Hydro Commission and Other Matters in Fredericton

27 MONTHS FOR GRAND FALLS POWER Watson, Coburn, Fawcett Are Nominated by Liberals for York County

FREDERICTON, July 6.—The Liberals of York county named their standard bearers in the coming provincial election fight at a largely attended convention, held on Saturday in the county court house here. The hall was filled to capacity and endorsement of the policies of the government and hearty support of the candidates chosen were among the features of the meeting.

The men chosen were P. S. Watson, merchant, Devon; Frank Coburn, farmer, Harvey; and William R. Fawcett, contractor, Southampton. Brief speeches of acceptance were made by the candidates and the balance of the time was given to Premier Veniot, who spoke for about two and a half hours. The Premier answered the charges which have been made by Hon. B. M. Baxter, K. C., M. P., leader of the opposition, at various nominating conventions of the opposition the last two weeks.

Dealing with the hydro policy of the government he said there was no deficit, as claimed by the opposition, on the operation of the Moush and it was good business to go ahead and develop Grand Falls. POWER APPLICATIONS. Referring again to the applications for power, Mr. Veniot said that in addition to the 10,000 horse power requested by the International Paper Company with 10,000 as a subsidiary request, the Royal Trust Company applied for 20,000 on behalf of the Fraser interests. The Nashwaak Pulp and Paper Company wanted current for the mill at Fairville, the McAvities in Saint John wanted 8,000 for smelting brass and iron, St. George wanted 3,000 for a new line industry and the pulp mill in the same place wanted current. In fact, he held in his hand an application on behalf of the Fraser Companies signed by R. B. Hanson, M. P., praying for permission to export current to Van Buren, yet that was the same Mr. Hanson who traded against the agreement to build a dam of 2,000 horse power from Grand Falls.

LUXURY IN ALMSHOUSE

Morden College, England, a gem of architecture, is the most luxuriously equipped almshouse in existence. Admission is strictly limited to merchants who have fallen on evil times. Mercers are not eligible, candidates being required to prove that they have established in a large way of business for themselves. Each member of the college draws a yearly allowance of \$500, and an admission receives a substantial grant to buy furniture for his home. There are well-trained men servants, and one maid servant is allotted to every three sets of rooms. Members must attend a certain number of chapel, and be in by 11 p.m., if they come in at all; but there is no restriction on their liberty, and they can go away for weeks at a time if they choose.

PRIZE PLAY COMING

"A play within the play" forms the theme on which "The Next Best Man," the 1925 Chautauque prize play, is written. The author is Leon M. Pearson, son of Dr. Paul M. Pearson, President of the Swarthmore Chautauque Association. His play was chosen from the several hundred submitted in the open contest held by the Chautauque Drama Board.

CHAUTAUQUE PRIZE PLAY

Chautauque fans will recall that "Crossed Wires," the first Chautauque prize play, went to Broadway the winter after it was presented on the Chautauque circuit. They will also recall "Their Honor the Mayor," last season's success. This year's play is said by those who have seen it to surpass those others in both novelty and amusing situations.

Does "Eating at Night" Interfere With Your Sleep?

NEARLY everyone likes to have something to eat at bedtime. Yet too often we eat, at this time, foods which are difficult to digest. The result is that we roll and toss in bed for hours, unable to sleep. Often you've had that experience, haven't you? Well, here's a suggestion: Grape-Nuts is made from whole wheat and malted barley, which give to Grape-Nuts a wealth of nourishment—energy-giving carbohydrates; iron for the blood; phosphorus for the teeth and bones; proteins for muscle and body building; and the essential vitamin-B. They give to it, too, a temptingly-appetizing flavor—its crisp, crunchy granules have a delicious nut-like flavor that everyone likes. But here's the important point—Grape-Nuts is easy to digest! Baked 22 hours—it is one of the most digestible of all foods. That's why Grape-Nuts is a perfect bedtime treat. You can SLEEP after eating Grape-Nuts at night. Try it at bedtime to-night and see! You'll enjoy it as much as you do at breakfast. All grocers have Grape-Nuts in wax-wrapped packages. Ready to eat. One serving—4 teaspoons—costs less than one cent. Serve with milk or cream.

"There's a Reason" Grape-Nuts Made in Canada

Doctors and dentists are constantly warning that we must eat some soft foods that require chewing. Grape-Nuts must be chewed—pleasant "crunchiness" and delightful flavor tempt you to chewing. This starts digestion in the mouth—where it should start—and gives to teeth and gums the benefit which alone can maintain in healthy condition.

Mail the coupon and we will send you two individual packages of Grape-Nuts—free—enough for two breakfasts. We will also send you "A Book of Better Breakfasts," containing menus for a series of delightful health breakfasts—written by a former college physical director. Follow these menus and form the habit of healthful breakfasts.

CANADIAN POTTING CEREAL CO., LIMITED. Please send me, free, two trial packages of Grape-Nuts. Note: Each trial package contains one of our "A Book of Better Breakfasts" and a coupon for a further free trial package. Name: Address: City:

AT THE IMPERIAL TODAY

"THREE WOMEN"

THE STORY IS NOT CUT AND DRIED. It tells of three women and a hardened man of the world, who values money above everything else. At first ostensibly in love with Mrs. Wilton, he transfers his affections to her daughter, whom he finally marries. His marriage, however, does not change his old habits, and soon he finds himself in the midst of a love affair with a third. Then the trouble starts, and the story is brought to a dramatic climax when the man is killed. The picture is drawn to a satisfying conclusion, with the mother happy in her daughter's freedom and marriage to a former sweetheart. AN ESPECIALLY SUMPTUOUS PRODUCTION. 8.30 and 10.00—E. Commissioner Harding Votes Against Main Street Application But It's Granted

CLOSE BIDDING ON ASPHALT CONTRACT

Five Cents Ton Difference—Water Main Renewals Are Discussed

The desirability of setting aside certain zones of the city where there would be no service stations allowed was presented this morning by Commissioner Harding when an application of John Kelly for permission to install a gasoline pump in Main street was under discussion at a meeting of the city commissioners. He spoke of the visible pump as dangerous. The renewal of several water mains was under discussion and action deferred until Monday. Commissioner Harding brought up the question of the overhead bridge at the western end of Douglas Avenue but no action was taken.

GETS PERMISSION.

Mr. Kelly, relative to his application for permission to install a gasoline pump and tank at 644 Main street, said he was willing to comply with all the requirements of the law and thought he was entitled to the same concessions as others in the city. Commissioner Frink moved that the request be granted, subject to the usual conditions. Commissioner Harding moved in amendment that the interest of safety no gasoline tanks be allowed in Main street from Douglas Avenue to Paradise Row. The amendment was lost, only the mover voting for it and the motion carried. Commissioner Harding said he did not think that gasoline pumps should be allowed in this part of Main street or in any street where there was such heavy traffic. Once a gasoline tank was located it was there for all time. Mayor Potts said he thought it would be wise to have all gasoline stations under a year's license and thus they would be under the control of the council at all times. Commissioner Frink said he would like to have included in the motion permitting this pump of Mr. Kelly's that it must be a visible pump, as he considered these dangerous. Commissioner Frink said that from a safety standpoint he was inclined to agree with Commissioner Harding but these pumps were installed under rules of the fire insurance underwriters and they were the one most interested in fire hazards. No action was taken on the suggestion that Mr. Kelly be requested to install a visible pump.

CLOSE BIDDING.

Tenders for asphalt were referred to the Commissioner of Public Works and road engineer for a report, as follows:—Imperial Oil Co., \$23 a ton; Carrite Company, \$27.45 a ton. Commissioner Frink said he had taken up time during the meeting of the provincial public works department the matter of providing a proper drain at the junction of the old Westmorland Road and the county line as the city street was being destroyed by the flow of water. Another question which he had been trying for some time to get action was the putting into repair of the railway crossing at Haymarket Square and near the One Mile House by the C. N. R. The railway engineers had said they had been more than once but there was not any result yet.

WATER MAIN RENEWALS.

Commissioner Wigmore presented a programme of water main renewals calling for an expenditure of \$53,292 and moved the work be undertaken and paid for by bond issue. Commissioner Bullock asked if these mains were dangerously weak and Commissioner Wigmore said he would not say that. Commissioner Bullock thought this was too large a programme unless the work was absolutely necessary. He suggested that the first matter to be taken up was the metering of the city. Commissioner Harding said he thought the work was necessary but as the council had adopted a policy of no bond issues which could be avoided action might be deferred for the present. He understood the work was undertaken with the idea of providing employment as well as for a better water service. Commissioner Wigmore said that while the idea of providing employment entered into the matter it was not the principal idea. Commissioner Frink thought the employment end of the project ought to be considered very seriously. He was carrying 210 men on his pay roll and today's pay would run to \$850. This was more than the department could really stand but there had to be employment provided for the men. The city engineer, G. G. Hare, said the proposed renewals were necessary to provide a better distribution and fire protection to the city. Commissioner Bullock asked if the new mains would help the people of Douglas Avenue to get a better supply in winter as there had been a complaint. Mayor Potts said it was true the city did not want bond issues unless they were absolutely necessary but the water department was in a peculiar position. It had a revenue and the interest on the bonds did not go into the general revenue as did that for other services. He suggested that

Newton Fanjoy, Gordon Titus and W. P. Russell. Several of these left on Saturday for Kingston, the others will leave this evening.

TESTS GATE VALVES

Commissioner Wigmore said this morning that beginning tonight at midnight the annual inspection of the main gate valves of the water system would be commenced. This work will take about a month and the work will be done after midnight. Every gate in the city will be tested to see that it is in proper working order.

UNDERGOES OPERATION

Friends of Miss Helen Wilson, daughter of Mr. and Mrs. Alexander Wilson, of Queen Square, will regret to hear that she was taken suddenly ill Saturday night, while visiting for the week-end with Mr. and Mrs. H. Wilcox, Westfield. She was taken to the Saint John Infirmary for an operation for appendicitis. Her condition is reported very favorable.

KEPT IN BY FOG

Both the government steamers Dordard and Laurentian reported this morning to the local Marine and Fisheries Department that they were tied up at Yarmouth and were unable to continue the regular work of visiting the buoys and alarm stations until the weather cleared. The report states that the fog along that section of the coast is very thick today.

NOT GOING TO QUEBEC

The tug Ocean Hawk will not proceed to Quebec from this port to take the place of the ill-fated tug Ocean Hawk. It was announced this morning at the office of the Saint John Drydock and Shipbuilding Co. Ltd. It is expected that the tug will be taken suddenly to the place of the ill-fated tug Ocean Hawk, but had not been there for 24 hours, renewed old friendships and received a hearty welcome.

NARROW ESCAPE

While sitting on one of the benches in the old burial ground Saturday evening, a resident was startled by hearing a heavy object whizz by his head and land in the pathway. On examining it, he found it to be a jagged piece of stone that apparently had been thrown in from the roadway by a passing automobile. There were many boys around at the time and this seems the only logical conclusion. The stone weighed fully a pound.

HELD UP AT BORDER

A. O. Van Wart, of this city, writes from Sarnia, Ont., that while he was on the way to that city from Port Huron, Mich., he saw Mr. and Mrs. H. Beagwood, who, with their child, are travelling on foot from Saint John to Vancouver wheeling along their baby carriage. He wrote that they had been held up by the U. S. immigration officials for not having the necessary papers but did not tell what was the outcome of this.

BASEBALL IN SUBURBS.

The married and single men of Fair Vale are to clash this evening on the baseball diamond. Stack and Stubbs will form the married men's battery, while Sullivan and Hoyt will bear the brunt of the work for the bachelors. The Fair Vale senior team is to play Robthey in the league series tomorrow night. The game will be at Robthey and the contest for the most popular player will be started. This contest will be conducted up to the first Tuesday in August.

COUNCIL ON THURSDAY.

On motion of Commissioner Bullock the following Lancaster lots were ordered sold: Edward W. Griffiths, lot 10, Mill Street, \$150; Silas A. Chace, man, lot in Prospect Street, \$200; Mrs. Jennie Haggerty, lot in Union Point.

Mayor Potts announced that the council meeting would be held on Thursday morning at 11:00 a.m. as the Municipal Council would meet tomorrow afternoon.

HERE BY AUTO FROM WEST ON HONEYMOON

Mr. and Mrs. G. S. Connors Visiting Relatives After 4,500 Mile Journey.

Saint John people are welcoming a former resident, Mrs. G. S. Connors, of Edmonton, Alberta, who was formerly Miss Evelyn Sharkey, daughter of Mr. and Mrs. Peter Sharkey, 193 Waterloo street. Mr. and Mrs. Connors were married on June 8 in Edmonton and started for their honeymoon trip in their touring car. They arrived last evening, after traveling 4,500 miles, coming via Chicago and New York, where they stayed for a short time. Mr. Connors is a lumber merchant and manufacturer with his father at Red Deer. He said this morning that business promised to be good this year, better than five years, because the crops were exceptionally good. Mr. and Mrs. Connors plan to stay here for two weeks, visiting relatives and friends and will return via the Canadian route, stopping at Montreal and Winnipeg, as well as at Montreal and other large cities. Mr. Connors said that for actual time spent in motoring he thought that they had taken only two weeks to cover the long trip and he did not think that it amounted to any real spending limit. They encountered deep mud in Montana and had some little difficulty with bursting tires. Otherwise their trip was a joy throughout.

HELD IN COURT HOUSE

County Council Session in Grand Jury Room First in Restored Building.

The quarterly meeting of the municipal council will be held on Tuesday afternoon and will be first body to meet in the restored court house. The session will be held in the grand jury room on the top floor of the building as the council chamber is not yet ready for occupancy. Among the matters which are expected to come up are the providing of money for a new roof on the General Public Hospital and the Simonds sewer extension in Loch Lomond road and Russell street.

St. David's Boys Are Away to Camp

Twenty-four boys from St. David's church left on the D. J. Purdy this morning at 8 o'clock for their annual camp outing at Holder's Point. Rev. Hugh Miller, M. A., and Henry Hoiles will be in charge of the company. Their leader, Douglas MacLachlan, went with the advance guard to arrange the camp over the week-end. They will remain for two weeks.

The advance party which left on Saturday to have tents up and everything ready for the week-end, returned to the camp on Sunday. The boys are now at the camp on the St. James Street track. The boys are now at the camp on the St. James Street track. The boys are now at the camp on the St. James Street track.

St. James Street Track Laying Completed

M. A. Pooler, general manager of the New Brunswick Power Company, announced today that the track work in St. James street has been completed. The old tracks were torn up and new 8 1/2 pound rails installed in place of the 60 pound type. They were laid on steel ties over six inches of concrete and all of the joints were electrically welded. The work of laying concrete blocks is being pushed to completion and is expected to be finished by Wednesday. As soon as the concrete has set properly and the paving is completed the cars will be run over the new rails.

HIGHER MUSICAL STUDIES.

M. Courtwright Ewing of the Imperial Theatre Orchestra, left on Saturday night on the steamer Governor Dingley to take up graduate work in theory and competition at the Institute of Music Pedagogy, Northampton, Mass. He will be absent for three weeks.

PRINCE ARTHUR HAS 257

The steamer Prince Arthur arrived this morning about 7:15 o'clock from Boston. She brought 287 passengers. The vessel also brought one automobile and a small general cargo.

TRAFFIC CASE

William Puddington was found technically guilty of exceeding the speed limit, on a report by Policeman Young in the Police Court this morning and a fine of \$10 was allowed to stand.

As Hiram Sees It

"Hiram" said The Times reporter to Mr. Hiram Hornbeam, "what are the prospects for the development of the hardwood industry?" "Lookin' pretty good," said Hiram. "Have any prospectors been looking over the hardwood hills in the Settlement?" asked the reporter. "I haint seen any," said Hiram, "but they'll be along soon." "I have always felt," said the reporter, "that we ought to have many hardwood mills in this province." "Mill?" said Hiram. "Who said anything about mills?" "Surely you don't favor the export of logs," said the reporter. "No export about it," said Hiram. "I'm talkin' about firewood. Aint the coal mines ever where gontoshet down? You folks here in town'll be holle' for wood afore spring—an I caltate to make some money—By Hen! You won't give us no price for our produce—but you'll pay for the wood all right—yes, sir." "Would you gauge a shivering citizen in his helplessness?" asked the reporter. "Aint everybody goug'n?" retorted Hiram. "It's the way of the world, these days."
