Pitchers But a Modicum of Importance in Ball Games.

### SERIES NOW EVEN

Both Ruth and Stengel are Idols of the New York Fans.

(Canadian Press.)  
New York, Oct. 12.—Pitchers, always looked on as the prime factors in contests between leading baseball teams, have been but a modicum of importance in the present world's series between the New York Giants and New York Yankees. Like clay birds, they have been hit by showers of targets for squads of maintenance and to the marksmen has gone the glory.

### LORD RENFREW HOST

Gives Small Supper Party in Montreal Hotel and Enjoys Several Dances.

Montreal, Oct. 12.—Lord Renfrew attended a supper party at a local hotel last night, being host to a small party. He was accompanied by Mrs. E. S. Meighen, Miss Madeleine Hebert and Brigadier-General J. B. Trotter. Later an adjoining table was occupied by Sir Charles Gordon and J. K. L. Ross.

### Ship Sunk; Blocks Traffic In Lake

St. Paul, Oct. 12.—A ship sunk, lake traffic practically at a standstill, and two dead, increased last night the toll of the forest fires which raged over the northern part of three states for several days. Rain and fog reported generally over the fire stricken area last night and early today, however, checked the progress of the blazes and enabled the fire fighters to gain control of many fires.

### Guessing About Ambassadorship

London, Oct. 12.—Laments that Great Britain is being drained of her best craftsmen because of unemployment here and the superior attractions of the U. S. labor market, are becoming frequent in the press. This loss is said to be causing the greatest concern to employers and labor leaders, not only because the skill of these craftsmen is necessary to the welfare of the British industry, but also because their departures throws an ever increasing number of unskilled workers into the ranks of the unemployed.

### Smashes Lock Gates And Takes a Dive

Montreal, Oct. 12.—Thrusting aside a young man who was standing looking into the window of a jeweler's store in the east end at seven o'clock last night two handbills broke the plate glass window of the shop with a hammer and made off with two trays containing diamonds and gold rings, to the value of \$500. They fired two shots through the window, and a third as they made off in their automobile, escaping without even the number of their car being taken.

### Paderevski Insures Fingers for \$50,000

Geneva, Oct. 12.—M. Paderevski, world famous pianist, who is returning to America soon for an extended concert tour, has insured his nimble fingers for \$50,000. He now wears white gloves all the time to protect his fingers. It is said, it is invariably the U. S. where they are said to be snapped up eagerly.

### Children Die In Two Fires

St. Johns, Nfld., Oct. 12.—Two fire tragedies occurred in the colony with a week. In both cases children have been victims. Wednesday morning Gladys Inkpen, eight years old, was burned to death at Ship Cove, Burin, when her clothing caught fire from a kerosene stove. THE EVENING TIMES-STAR, ST. JOHN, N. B., FRIDAY, OCTOBER 12, 1923

WAIT SOME ONE IN AUTHORITY IN CONNECTION WITH HYDRO MATTER

Carry on Tonight as Last—Various Factors in Situation.

The straightening out of the light and power controversy appears to await the coming of someone with authority to act for the Commission. It is understood that efforts to bring about a conference between this Commission and the New Brunswick Power Company are in active progress, and it was hoped it might be held today. There was a report that Premier Venoh, who has returned from Quebec, would be in the city today.

Hon. Dr. Smith is away with Mrs. Magee on a hunting trip. Until the proposed conference is held the situation in St. John and outside will remain unchanged. Mayor Fisher said this morning that he was satisfied matters could be quickly adjusted if the Premier were here.

N. B. Telephone Co. Protestants.

The new development in the case today was the receipt by the Civic Power Commission of the following letter from the New Brunswick Telephone Company, alleging interference with its toll line in Robbsey avenue, and calling for action to remove the cause, New Brunswick Telephone Company, St. John, N. B., Oct. 12, 1923.

Dear Sirs:—Attention R. A. McAvity, chairman. We have your letter of 11th instant, in reply to our letter of you of October 10th.

Notwithstanding your allegations that you have records of instances where no inductive interference took place in other places, the fact remains that inductive interference with our toll line in Robbsey avenue has become a matter of a marked degree and it is already causing trouble in the transmission of conversation.

On July 24th last in the matter of parallelism of our toll line on Union and Waterloo streets, we pointed out to you that you were proceeding to own risk and that if our interests were prejudiced we would have to resort to the courts if developments intended to nullify the interference.

This situation has now arisen, which is a serious injury to our main toll line and we now notify you that steps must be immediately taken by you to remove the cause of this interference. We sympathize with you over the number of controversies with which you are confronted, and to which you refer, but wish to impress upon you again that this is our main toll line, distant centres and the efficiency of this service must not be impaired.

Very truly yours, O. J. BAKER, General Superintendent, Civic Commission's Reply.

The letter from the Civic Commission, to which the above refers, was as follows:—St. John, N. B., Oct. 11, 1923.

Gentlemen:—We acknowledge the receipt of your letter of Oct. 10th, 1923. We are in receipt of your letter dated Oct. 10th, 1923.

The distribution line you refer to is built with the intention of connecting the wire distribution system with the McAvity generating station.

The generated voltage is 600, and is stepped up to 2,300 volts for transmission to the St. John sub-station by way of Robbsey Ave., Erin, St. Patrick, Union, Dorchester, Wall St., Rockland road and Cranston Ave. At the sub-station it is converted to 4,000 volts by way of two transformers, and is distributed through our sub-station to our system.

We deeply regret that you have Notices of Births, Marriages and Deaths, 50 cents.

Musquash, according to a decision reached at a special meeting of the Common Council yesterday afternoon. An effort to locate Hon. Dr. E. A. Smith, chairman of the N. B. Power Commission, at his home in Shediac, was fruitless yesterday. It was reported that he had gone on a hunting trip and was not expected back before Tuesday.

M. A. Pooler, manager of the N. B. Power Company, said at noon today that there was no change in the situation, so far as his company was concerned.

Chairman's Defence.—When the Council met yesterday afternoon, Lieutenant-Colonel R. A. McAvity, chairman of the civic commission, was present. At a Council meeting earlier in the day the action of the civic commission in going ahead and linking up with the McAvity plant without getting any authorization from the City Council had been criticized by several commissioners.

He gave the whole history of the situation from Oct. 2. He had seen Dr. Smith, and the Power Company had been asked to make a trial of the plant. He said that the power company had been asked to make a trial of the plant, and he had seen Dr. Smith, and the Power Company had been asked to make a trial of the plant.

TUGS FOR DRY DOCK COMPANY ACROSS Reach Newfoundland Port and Take in Coal and Supplies.

After a boisterous passage of 30 days across the Atlantic the seagoing tug Ocean Eagle, having in tow the smaller tug Bellinabulbin, is in port at St. John's, Nfld., from Queenstown.

Both have been purchased by the City Council and are en route here, but put in at St. John's for coal and supplies.

The tug Bellinabulbin is reaching this side, having left Southampton on Sept. 12.

They put into Cardiff on Sept. 14, and after coaling left there on Sept. 18.

Heavy weather was met, and in a raging storm on Sept. 22 the tug was parted and it was so bad that after twelve hours of manouvering it was decided to retreat and the little tug was beached on the rocks.

The steamer ran before the gale with the sea sweeping them fore and aft. The tug was beached on the rocks on Sept. 26 after taking on new hawsers, the ship resumed the voyage.

BURIED TODAY: The funeral of Mrs. Catherine O'Brien took place this morning from her late residence, 42 St. Paul street, services were conducted by Rev. Rev. J. Walsh, Y. G., D. F. Interment at St. Mary's.

The funeral of Hugh McLaughlin took place this morning from his late residence, 10 St. George street, in the new Catholic cemetery. The funeral was held at 10 St. George street, in the new Catholic cemetery.

DIED IN LEWISTON: James McConaghey, aged 80 years, formerly of Fredericton, N. B., died in Lewiston, Maine, on Thursday. He was twice married, and is survived by his widow, three sons, John and George of Lewiston, Me., and James W.M. Matthews of Loggsville, and Mrs. George Robertson of Bangor, and two sisters, Mrs. Robert Collock of Fredericton and Mrs. Wm. Graham in California.

GO INTO IT FURTHER: Gordon Selig appeared in the police court this morning on a charge of allowing his horse to stand in Hanover street without a footstrap. He pleaded not guilty. Police-man Quinn testified that he saw the horse hitched to a wagon, that he was not whitelabeled, with a piece of clothes line attached to the harness, and that he saw the horse being chafed by the police. Magistrate Henderson told Selig if he had any charges to make against the police authorities, he must do so to the proper authorities and not be making them about the streets. As the defendant had no witnesses, he was committed to the city lock-up until Monday afternoon at 2.30 o'clock.

SATURDAY SETTLES FATE OF STRESEMAN: Crisis Near For German Coalition—Deep Concern Over Situation in Ruhr.

Berlin, Oct. 12.—The political situation is still in a state of extreme uncertainty. With the final vote on Chancellor Stresemann's authorization law postponed until Saturday the German ministry faces another crisis, for should the measure fail, as seems certain, the Cabinet would be forced to resign. In this event it is taken for granted that a directorate with dictatorial powers would take the helm.

If the economic life of the occupied region is to be resumed, the statement asserts, both Germans and French must do their utmost to avoid causes of further disturbance.

Certain restrictions on the resumption of work are declared largely due to French measures. Moreover the French official arrangements for handling the complicated economic organization of the Ruhr is most inadequate, particularly as regards the import and export stations.

Found Heir to Big Sum After 9 Years: Danville, Ill., Oct. 12.—Nine years' search for the son of a \$100,000 fortune in Altoona, Pa., ended here when it was found through the pension records that the son was the grandson of John Woodring, who died in 1914, at Altoona, leaving the fortune. Nation-wide search was made for years for the missing heir by the late Senator Boies Penrose, who was administrator of the estate until his death.

Boston, Dec. 12.—Henry A. Puller, 70 of Merritt street, Dorchester, for many years station agent at the Harvard street railroad station, Dorchester, was found dead in the Codman Square Theatre by patrons as they were leaving the show. He was sitting in an orchestra seat. Death is believed to have been due to heart disease, from which he was a sufferer.

This Gold Seal is on every genuine, guaranteed Gold-Seal Congoleum Rug. It says and means, "Satisfaction Guaranteed or Your Money Back."

Brighten Up Your Home for Winter with Gold-Seal Congoleum Rugs

No wonder thousands of Canadian housewives are using these colorful, durable rugs to brighten up every room in the home. Their low cost, durability and sanitary features save so many hours of household drudgery.

Practically nothing can stain the smooth waterproof surface of a Gold-Seal Congoleum Art-Rug. All spilled things—milk, even ink and grease, can be whisked away without leaving a tell-tale trace! Just a few strokes with a damp mop and the rug is spotlessly clean again.

Gold-Seal Congoleum Rugs come in a host of artistic designs. There are elaborate Oriental motifs for living-rooms, restful floral patterns for bedrooms, and woodblock and tile effects for kitchens and bathrooms.

And these attractive rugs lie flat on the floor without any kind of fastening. They never kick up at the corners.

Write us for folder, "Modern Rugs for Modern Homes," which reproduces all the beautiful designs in full colors.

CONGOLEUM COMPANY OF CANADA, LTD. 1270 St. Patrick Street, Montreal, Quebec

### NOT THE WAY OUT.

It was not to be expected that the Canadian Bankers' Association would agree to assume the liabilities of the Home Bank by asking the shareholders of the other banks to make good the losses. The decision of the Association at yesterday's conference in Montreal closes that proposed avenue of relief for the Home Bank losers.

It was not to be expected that the Canadian Bankers' Association would agree to assume the liabilities of the Home Bank by asking the shareholders of the other banks to make good the losses. The decision of the Association at yesterday's conference in Montreal closes that proposed avenue of relief for the Home Bank losers.

Widespread sympathy for the innocent Home Bank losers is natural. It does not change the facts. As Premier of Ontario said, when he was asked to waive priority of claim in the matter of Ontario's big deposit in the Home, his government, as the people's trustee, has no right to shift the losses of one set of depositors to the population at large. It is not a precedent to be lightly established. The Bankers' Association evidently made it clear that its members are not to be compelled to assume losses for which they are in no way responsible and which they have no right to ask the shareholders of the other banks to absorb.

### TO KEEP TOURIST TRAFFIC.

New Brunswick, which is so much interested in enlarging its tourist traffic and in sending each tourist away in a frame of mind which will make him a booster for our attractions, will find some useful suggestions in Hon. J. L. Peron's advice to the newly launched Quebec Tourist Association. Good roads are a tremendous help in getting tourists to stay, but if Quebec province is to maintain its tourist trade it must have more and better hotels. At present there is not sufficient hotel accommodation outside Montreal and Quebec city. Hon. Mr. Peron, in referring to roads, said that Quebec spent eight millions on its roads last year, and was spending eight and a half this year, which will bring the total up to \$86,000,000 by the end of 1923. The first purpose of this immense expenditure, he says, is to give the farmers facilities to get to market, and the second is to bring tourist traffic. What has been done in the matter of tourists is indicated by visiting automobiles this year will number between 125,000 and 150,000, not to speak of the tourists who have come by railways and steamers.

In urging the establishment of more hotels where the scenery is attractive and the roads are good Mr. Peron said the harvest to be gathered in this way is "greater than the western wheat crop." Certainly the money spent in the country by the army of automobile visitors alone easily justifies his estimate.

Mayor Beaulieu of Outremont, one of the organizers of the association to promote tourist trade, wants the organization to recognize hotels which provide a proper standard of accommodation. To these he would give certificate, and an emblem which could fit in order to show that they had met the requirements. The association is going to carry on an extensive educational and advertising campaign concerning Quebec's attractions. It proposes to have the available hotels classified by its own inspectors.

New Brunswick's harvest from summer and autumn visitors is already large, but it can, and no doubt will be, very greatly increased as a much more extended knowledge of our good roads, our scenery, our fine summer climate, and our attractions for the sportsman is spread abroad. With proper support for aggressive tourist work, so that each year the campaign can be carried on vigorously and on a much more extended scale, there can be no doubt that the new money brought in and the impetus to every class of business would be far beyond even the most daring estimates of today.

It turns out that the largest individual shareholder in the Home Bank, who is also a director, lives in London. He describes himself as completely in the dark about the failure, which, he says, will be a very heavy loss. He attended only one meeting of directors, that held when he was in Toronto last year. He thought everything was going along well until a short time ago when rumors reached him through a London bank. He then called the Home Bank and received a reply from the curator—informing him that the institution had suspended payment. He speaks of his fellow-directors as men of the highest integrity. His good faith in the matter is probably shown by the extent to which he invested, but the fact that he never dreamed of trouble throws one more beam of light upon the extraordinary way in which the bank was run.

Canada is presented with another war by the New York Herald, which served notice on the Dominion "that another war is brewing in Europe, a war from which Great Britain will be unable to hold aloof," and in which the Herald says Canada will necessarily be involved. That is a pessimistic reading of Lloyd George's Toronto speech, but there was in that speech, however, much to warrant the Herald's repeated suggestion for another international conference to limit aircraft, poison gas and submarines. The world needs action in that direction. Lloyd George did, most impressively, that the danger of further wars has not yet been removed. It can be removed only by far-reaching international agreement.

The manner in which the Canadian people produce money for sound investments is a rebuke to those who are preaching discouragement. Since January, Canadian bonds, government, municipal, corporation and railroad bonds, to the value of \$432,000,000 have been sold, and of this vast total Canadians bought \$356,000,000, only \$76,000,000 going to outsiders. A few years ago such a home capacity and readiness to take up securities would have been regarded as amazing or impossible. But such are the facts today, and they should be appreciated as proof that the country has plenty of ready money and the utmost confidence in the future.

Selling Labrador to Canada is a scheme under discussion in Newfoundland. A Canadian humorist asks whether we are to buy it as ice as so much per chunk, or as real estate at so much per foot frontage, and says, "Newfoundland in naming a lump sum ought to keep the price down, remembering that if Canada buys it would not take Labrador away but leave it right there where it would be of about as much value to Newfoundland as ever it has been."

Health Centre tag day tomorrow. A good cause which benefits all. The giving should be general, and generous.

## LOOK UP! PARADE PLANNED FOR DOCK OPENING

Local Committee Will Ask for Proclamation of Public Holiday.

Decision to include a mammoth parade, similar to that held last winter under the auspices of the Retail Merchants' Association Carnival Week, on the city's programme of co-operation with the St. John Dry Dock and Construction Company, Limited, for the opening of the great dry dock on Monday, October 29, was reached at a largely attended meeting of the Citizens' Committee last evening in the Mayor's office with His Worship in the chair. To carry out successfully this part of the celebration it was felt that a public holiday should be proclaimed by the Mayor and with this in view the committee formally decided to request the chief magistrate to issue a proclamation calling on all citizens to observe the day. His Worship also will be asked to communicate with the Board of School Trustees at once and request the board to arrange a holiday for the school children. It was felt that this day was an event of great interest to the city and that its significance should be duly impressed on children and adults alike.

A committee composed of R. S. Sims and Commissioner Thornton was instructed to confer this morning with Frank M. Ross, general manager for the Dry Dock Company, and obtain definite information regarding the company's programme. This information will be placed before a meeting of the Citizens' Committee this evening at 7:30 o'clock in the Mayor's office. Other committees will be filled out today and definite decisions reached regarding a programme.

Walter H. Golding, chairman of the motion picture committee, reported regarding this feature. A suggestion made to have motion pictures taken of the event from an airplane was approved and the secretary was empowered to get in touch with authorities at Halifax. E. A. Schofield reported that arrangements were being completed to have the four city bands in attendance and J. C. Chesley, chairman of the transportation committee, announced that he had had a satisfactory conference with M. A. Poole, general manager of the N. B. Power Company, relative to additional street car service for the day. Mr. Chesley said that the company was willing to place in service cars running direct to the dry dock from West St. John, Douglas avenue.

## SHAVE RIGHT - yet fast

### The World's Fastest Shave

A speedy shave requires a super-keen blade. It takes a specially processed cutting edge.  
With a Valet AutoStop Razor you get the professional shave of an expert—speedy, smooth, scientific.  
By this faster shave men have found that for the first time they are shaving properly—they are treating their skin correctly—they have stopped irritating it, stopped scraping it.  
Only a super-keen blade gives this correct shave. A dull blade pulls the face, causes eruptions, embedded hair roots and a rough flaky skin.  
**ONCE OVER THE FACE**  
With this super-keen edge once over is enough. No scraping, no after-smart, no after-treatment to smooth injured raw skin, but a velvet shave as only a Valet AutoStop Razor can give.  
The first time you experience this new delight, you will agree with millions that we have introduced a new and distinct era in shaving.

**Speedogram**  
At Philadelphia last August, the world's speed record for seaplanes was broken by Dr. Denton Gordon, driving a N. W. 2 Plane, with metal propeller, he covered 180.8 miles in an hour.  
For the World's Fastest Shave, use the Valet AutoStop Razor.

Natural History Soc'y Programme in Honor of Mrs. Matthew.

The Ladies' Association of the Natural History Society has decided to promote a lecture course this season in memory of the late Mrs. George F. Matthew. The course will be called the Kate M. Matthew Memorial Lec-

ture Course, and the lectures will deal with various collections at the Natural History Society. A meeting of the executive of the association was held yesterday afternoon with the president, Mrs. Harold Lawrence, in the chair and the tentative outline of the course was presented and heartily approved. The first lecture will be given by Miss Christine, a niece of the late Mrs. George F. Matthew, who is a brilliant lecturer and a noted scientist. Miss Matthew will speak of "The Stories the Fossils Tell."

The programme was not completely outlined but the other lecturers and subjects which were proposed included an address by Mrs. D. C. Dearn on the collection of old lace and an address by Miss Ethel H. Jarvis on the collection of old china. Mrs. John Lawrence will speak about the wonderful collection of birds which the society possesses and Mrs. Heber Vroom will tell about the collection of old colonial furniture. Mrs. Harold Lawrence will have for the subject of her lecture the Indian basketry of which the society has some exceptionally fine specimens. The last event in the lecture programme will be a musical afternoon. The programme will be completed shortly and Miss Christine Matthew is to give the opening lecture next week.

## Kellogg's Bran gives permanent relief because it is ALL BRAN!

Every member of your family will enjoy better health—eat better, work better, sleep better—if they eat Kellogg's Bran regularly. Its natural positive work for health is actually a blessing to humanity! Kellogg's Bran gives permanent relief from constipation because it is ALL BRAN! It is scientifically prepared to relieve suffering humanity from constipation. Kellogg's Bran cleans and purifies the drainage channel; it clears away toxic poisons and frees you from the ravages of such dread diseases as Bright's, diabetes, etc., as well as sick headaches, rheumatism and mental and physical depression. A week's trial of this great nature food will prove that its work for health is wonderful! Consider Kellogg's Bran as a food. It is not a laxative nor a medicine. Bran is the outer coating of whole wheat and contains such nourishment factors as mineral salts and other elements vital in sustaining life! Kellogg's Bran is cooked and all ready to eat. It is delightful as a cereal, or sprinkled over your favorite hot or cold cereal. Another popular way to eat it is to cook or mix it with a hot cereal. In preparation, add two tablespoonsful of bran for each person. Delicious bakery batches are made with Kellogg's Bran. Recipes are printed on each package. DO TWO THINGS—Eat Kellogg's Bran each day for permanent relief from constipation and be certain to eat at least two tablespoonsful; in chronic cases, with each meal. First-class hotels, clubs and restaurants serve Kellogg's Bran in individual packages. Ask for it at your restaurant. All grocers.

## American soldiers are buried, made public their findings.

"We found," said their statement, "that, due to the removal within the last few months of 1,200 bodies, it became necessary to remove and concentrate the location of those remaining. This necessitated laying out the cemetery on entirely different lines, which was done with great haste, but the required work of reconstruction, road building and drainage, while remaining unfinished, makes the cemetery only partially accessible, and in its torn-up condition it presents a disagreeable aspect." Concerning the collection of money at the cemetery gate for the "Belleau Wood Memorial Association," the report says 200,000 francs has been col-

lected and deposited with the Bankers' Trust Company. Visitors to the cemetery are not importuned to contribute.

## To Wear Thin Waists Or Sleeveless Dresses

(Beauty Topics) With the aid of a delatone paste, it is an easy matter for any woman to remove every trace of hair or fuzz from face, neck and arms. Enough of the powdered delatone and water is mixed into a thick paste and spread on the hairy surface for about two minutes. Then rubbed off and the skin washed. This completely removes the hair, but to avoid disappointment, get the delatone in an original package and mix fresh.

mature, but ship companies are going ahead with their plans, remembering sudden freeze-ups in other years. The long, mild autumn has swelled the gold yield of the Klondike and brought one of the best tourist seasons on record. Hydraulic works are still operating near Dawson, and several dredges will be working for another month. Residents are speculating about the cause of the prolonged high temperature, some attributing it to earthquakes or warm sea currents. The possibility of a permanent moderation in the Klondike winter is being debated. Miss Barbara Black, of Suckville, daughter of Lieut-Colonel and Miss F. B. Black, is the guest of Dr. and Mrs. H. A. MANY PRESENT AT LOCH LOMOND FAIR PRIZE WINNERS

New Community Hall is Opened—Fine Exhibits are Praised.

There was a large attendance yesterday at the Loch Lomond fair held at the new hall. Home products, plants, poultry and fancy work were shown in splendid arrangement.

The prizes were awarded as follows: school work, Grade 7, Jennie Cook and Dorothy Hayter, drawing, Grade 6 for maps, Helen Olive; drawing, Marie Ryan, Grade 5, maps, Aidon McFarland; drawing, Harold Clayton, Grade 4, writing, Mary Rayerfort; drawing, Kathleen Thorne, Grade 3, Mildred Norrell for writing and arithmetic, Grade 3, drawing, Christine Simpson.

For the home work the awards were as follows: Quilts, Mrs. W. Merrick; plants, Helen Mills; fancy work, Audrey Spear; vegetables, Mrs. G. Watson; bread, Mrs. George Buckle; cakes, Mrs. A. Taylor; preserves, Mrs. George Cuthbertson; pickles, Mrs. J. S. Clayton; pies, Mrs. James E. Potter; fancy work for women, Mrs. Laura Baslin; poultry, Mrs. George Buckle.

Mrs. James Sheehan had the arduous work of selecting the prizes which were suitably chosen. Those who took charge of the tea, which was well served were Mrs. H. A. Short, Miss Albert Spearman and Mrs. W. H. Parker. Mrs. Cuthbertson had the supervision of the fair and was assisted by Mrs. George H. Simpson and Mrs. George Buckle.

Among the many city people who attended were Mrs. E. Atherton Smith, Mrs. E. A. Young, Mrs. A. J. Mulcahy, Miss Grace Lewis, Mrs. L. A. Allen, Mrs. James McTavish, Mrs. L. M. Curran, Mrs. A. E. Logie, Mrs. A. W. Estey, Miss Alice Estey and a large number of others who are members of the Women's Council.

It has been suggested, and promise to be carried through, that this affair shall be an annual occurrence to encourage home industry and to develop the community spirit which has been fostered by the people of Glen Falls.

SON OF BISHOP SENT TO TRIAL

Montreal, Oct. 11—Rev. Maurice Day Baldwin, son of the late Bishop of Huron, was committed for trial before the higher criminal courts on a charge of bigamy here today by Chief Judge Desrosiers who heard the deposition of Mrs. Baldwin in enquete court.

Mrs. Baldwin produced two marriage certificates which she claimed were her own and another obtained from a minister in Vermont. After she had sworn that the first was her own certificate of marriage with the accused, the judge declared there was enough evidence to warrant a commitment. Voluntary statement will be given Oct. 18.

THREE KILLED IN TRAIN EXPLOSION

San Francisco, Oct. 11—The engineer and fireman and one mail clerk of Southern Pacific train No. 13, Portland to San Francisco, were killed today by an explosion in the mail car while the train was in a tunnel near Ashland, Oregon, according to a telephone message to railroad headquarters here.

The explosion was a supposed safe blowing. According to the Medford, Oregon, agent, the train was held up in the tunnel at Siskiyon, California. Engineer Bates, Fireman Sing, and Brakeman Bookmiller shot and killed and a number of people were injured, he reported.

"The chief fault to be found with the people of the Maritime Provinces today is, that they are not supporting their own industries, and their own affairs."

"If Maritime business received the proper co-operation and support of our own people, every industry in these provinces would not only be humming, but would be in a position to enlarge its staff and its output."

The above is from an interview given by Senator J. A. McDonald to the "Amherst Daily News."

White Lily Biscuits are manufactured in Moncton and branch warehouses are operated in St. John and Halifax. No better biscuits are made on the continent than are made in the Maritime Factory. Recently a Parisian visitor on being shown through the White Lily factory remarked: "It is the cleanest and best equipped factory I have had the pleasure of visiting. I have seen much larger factories, but none so spick and span or up-to-date." This factory is worthy of your patronage and its biscuits fit to grace the tables of the most fastidious of housekeepers.

**FOREIGN HUNTERS MUST GET PERMIT**

Fredericton, Oct. 11—Permits issued to non-resident hunters for the purpose of taking out of the province meat and head of game animals killed within the province must be secured from the nearest Customs official to the point of exit, according to instructions which have been issued by the Department of Customs and Excise.

This regulation, placed in effect this season, had been the cause of considerable confusion, Colonel T. G. Loggie, I. S. O., Deputy Minister of Lands and Mines, said today, in view of the fact that such permits have formerly been issued by officials of the Department of Lands and Mines. The Department has been flooded with inquiries regarding the operation of the new

regulation during the present game season.

Some complaints have also been made from points where difficulty has been experienced by non-resident hunters in reaching Customs officials in order to make the necessary declaration before returning to their homes outside the province and have been delayed in order to comply with the regulation.

**PROTEST AGAINST PULPWOOD BAN**

North Sydney, Oct. 11—A general protest against the imposition of an embargo on the export of pulpwood, signed by over 200 small wood lot owners of Cape Breton island, was the outstanding feature of the proceedings here today before the Royal Commission enquiring into the pulp wood industry.

The subscribers to the declaration described themselves as landlords of the province of Nova Scotia. The declaration specified the number of acres in their holdings and protested that the imposition of an embargo would be an interference with their rights as property owners.

**CAR BURNS UP IN DOUGLAS AVENUE**

The fire department was called out at 9:30 o'clock last evening for the first time by an alarm from a new box, No. 129, placed on the corner of Douglas avenue and Prospect street. The cause for the alarm was the burning of an automobile owned by Robert Chapman, of Leominster, Mass. Before the department arrived on the scene, the car was totally destroyed, and the occupants had a narrow escape from injury. The car was a Ford and is said to be insured for \$250.

Mr. and Mrs. Goodwin greeted the members at the door and the chairman during the evening was P. S. Thomas. A pleasing programme was given and, after the brief opening devotions, the various numbers were as follows: Recitation, Miss Frances Kimball; piano solo, Miss Vera Corbett; vocal solo, Miss Parlee; reading, Mrs. H. B. Peck; vocal solo, William Lanyon; reading, Ronald Shaw; recitation, Miss Muriel Chown, and vocal solo, Leslie W. Bewick. Refreshments were served by the Ladies' Aid of the church. Special guests were Rev. W. H. Spencer and Rev. Dr. David Hutchinson. Rev. R. P. McKim sent his regrets that he was unable to be present. The schoolroom was attractively decorated for the occasion with autumn leaves.

**3 ARE DEAD IN STEAMER CRASH**

Philadelphia, Oct. 11—Three members of the crew of the British steamer Dagbird were killed and several others were injured in the explosion of a boiler while the ship was proceeding down the Delaware river today, bound from this city to Sydney, N. S., in ballast. The dead were firemen.

The steamer was proceeding to this city tonight under one boiler. The accident became known ashore when Captain McPhail sent a radio message to the agents of the ship in this city asking that a tug be sent to the vessel with a doctor.

Home Bank Depositors Bitter In Montreal Meeting

STRONG WORDS UTTERED BY FIGHTING LAWYER

Urges People Who Had Money In Bank to Bombard Ottawa and Leaders in Provinces Affected—Advices Trek to Capital.

(Canadian Press) Montreal, Oct. 12.—That the Hon. L. A. Taschereau, premier of the Province of Quebec, should convene a conference of the premiers of the several provinces most directly concerned by the failure of the Home Bank of Canada and that the assembled premiers should pledge themselves to the opening of provincial banks in the event of the final failure of the Canadian Bankers' Association to take ameliorative action in the Home Bank matter, was the suggestion of Bernard Rose, K. C., at a meeting of Montreal depositors of the Home Bank, held here last night.

**DEALERS ENGAGE IN A MILK PRICE WAR**

One Dealer Reduces Price and Interesting Developments Expected.

What is said to be virtually a milk war is reported to be waging amongst the retail dealers of the city, according to a survey of the situation made yesterday. The cutting of the retail price from 14 cents to 13½ cents a quart by one of the local dealers has brought about this condition, and some interesting developments are looked for.

A meeting of the dealers was held in their hall in Colburn street on Wednesday evening when it was hoped that some adjustment of prices might be made satisfactory to all of the dealers. Exactly what transpired at that meeting the general public is not to know but the result to the public is the announcement that in all probability many of the smaller dealers, who are now having their milk pasteurized by the company which has cut the price, the Purdy Company, are contemplating leaving that firm and getting their milk pasteurized elsewhere.

J. N. Kelley, the president of the Milk Dealers' Association, said last night that the dealers believed the Purdy Company was cutting the price in an endeavor to gobble up the entire milk trade and he felt that any such attempt must be done to aghast. He maintained that even the price of 14 cents was not high enough to give the dealers a fair margin.

F. J. Deneen, manager of the Pacific Dairy Company, Limited, was also of the opinion that the cut in price was intended to put the other fellow out of business. He said that some of the dealers would probably leave the Purdy Company and have their milk pasteurized in the Pacific Dairy plant instead. His plant had a capacity enough to handle all of the city's milk supply, he said.

E. E. Brown, the manager of the Purdy Company, said that the firm had never established milk routes in all sections of the city and nine teams were carrying its output of 5,800 quarts to the daily customers.

Mr. Brown said that it was because of the large volume of his business that he was able to reduce the price to 12½ cents a quart. The farmer was receiving

ing 83 cents for an eight-quart can and allowing one and a half cents a quart for pasteurization and half a cent for bottle breakage and freight the cost of the milk was 8½ cents a quart and the extra four cents would cover the delivery costs which were the heavy end of the expense of marketing.

Denies Monopoly Is Aim.

The company has no idea of striving for a monopoly of the milk business by cutting the price, Mr. Brown said. He considered that the ideal way for milk to be handled in the city was to have two large firms controlling the pasteurization and to have all of the individual dealers routes so adjusted as to prevent wasteful overlapping. He did not

quarts, a small amount considering the population of the city.

He did not consider that the farmers were getting an excess price for their milk but felt rather that they were not getting a fair proportion of the price for which milk had been sold.

As to the quality of the milk which is sold in St. John Mr. Brown said that the Board of Health exercised eternal vigilance and that Inspector Tilley of the board had said that the milk in St. John was the best of any in Canada, as regards quality.

Other Plants.

It is understood that the Pacific Dairies have been selling milk for 14 cents a quart and their daily output has been about 5,800 quarts. Of this amount a portion is milk that is pasteurized for other dealers. There are about 40 independent dealers in the city, of whom about 20 have been having their milk pasteurized at the Purdy plant of which Mr. Brown is president.

The Standard Creamery Company has a pasteurization plant in the north end of the city and seven dealers have their milk pasteurized there. Its output is about 2,000 quarts. When it was first opened the Standard Creamery pasteurization plant handled the milk for three dealers. It now handles the

Lord Byng, Governor-General of Canada, Rt. Hon. Arthur Meighen, Hon. Dr. J. H. King and other notables who will be present here for the opening ceremony at the new Dry Dock will be invited to attend a special evening at the G. W. V. A. Fair, which opens Oct. 27. As Lord Byng has a soft spot in his heart for all veterans, it is probable that His Excellency will accept, if at all possible for him to do so. The decision to invite these prominent men was reached at a meeting of

the fair committee held last evening when satisfactory committee reports were presented by the various chairmen.

SAYS RING WAS A PRESENT.

Speaker Declares It Did Not Signify His Engagement.

Cleveland, Oct. 12.—Reports that Tris Speaker, manager of the Cleveland Indians, is engaged to marry Miss Frances Cudahy of Cleveland were denied by both Speaker and Miss Cudahy.

Speaker admitted giving Miss Cudahy a large diamond ring, but both he and Miss Cudahy denied that it signified their engagement. The ring was merely a present, they said.

Speaker left for a two weeks' fishing trip at Rainey Lake, Ont. Upon his return he will go to his home at Hubbard, Texas.

### IT'S EASY—WHEN YOU KNOW HOW

"Taking the hurdles isn't so bad—when you take 'em," says Betty Berry here on Silver Crest at the Greenwich, Conn., horse show. The thrill of the steeplechase, however comes in the fact that not all the horses get over.

### WORK A MAN CAN DO INDEX OF HEALTH

Performance Counts More Than Physical Appearance, British Doctors Find.

The question of what constitutes health has been a matter of debate among physicians for a long time. The subject was discussed at the recent meeting of the British Medical Association, and in most of the papers submitted the modern tendency to place performance before mere form was discernible. In other words, what a man can do is a better index to his fitness than what he looks like or what the organs of his body may be supposed to look like, appeared to be the consensus of opinion.

A very different opinion prevailed a few decades ago, at the beginning of the so-called "scientific age" in medicine, says the medical correspondent of The London Times. Then the stethoscope was the instrument of judgment. If that revealed an abnormal sound the outlook was often regarded as gloomy, no matter what the patient's present capacity might be. Consequently, there were many unfavorable forecasts which were not realized. Their victims outlived or outworked the days of grace allotted to them. That was the period of "medical sense" of

adequate response. So is giddiness; so is exhaustion. Yet every one of these symptoms may be due to causes other than physical. Further, every one may be due to causes which are neither physical nor mental, the physician explains.

"Thus, excessive cigarette smoking often produces exhaustion and giddiness, especially during or just after a meal. Worry in business or at home will give rise to the very same symptoms. The victims in those cases cannot be described as unfit in a strict sense, yet they are failing to make adequate response to their surroundings," he continues. "They are fit men living in difficult or impossible circumstances. A far more serious objection to the definition is, however, its failure to take into account the activity of the human spirit.

"Every business man knows that 'strength,' as measured in the city, has but a small connection with bodily strength. A man must possess the means of living; but great souls have burned in feeble and broken bodies. They have burned there too, during long years and in defiance of every known law of medicine. That kind of strength is very much a factor to be reckoned with in estimating a man's fitness or in calculating his chances of becoming fit.

"Indeed, the 'will to fitness,' as every doctor knows, is the next best thing to fitness itself. Almost anything can be done with a man or woman who possesses it. Those who do not possess it are doomed already.

"Indeed, bodily weakness supported

by courage and hope is stronger than bodily vigor unsupported by those moral qualities.

"When that fact is remembered it becomes more difficult than ever to lay down the law about fitness or to give a complete definition of it. Some men

**A single teaspoonful of DR. CALDWELL'S LAXATIVE SYRUP PEPSIN**  
Will restore good humor

**Mothers! Apply Common Sense**

THIS is the era of the prevention of disease and sensible people do not wait until sickness has actually come before remedying the trouble. The crowded hospitals everywhere are and examples of the results of neglect. Be especially watchful of children. Restlessness, lack of normal appetite and feverishness usually indicate constipation. Stop it that instant with a spoonful of Dr. Caldwell's Laxative Syrup Pepsin and you will have prevented real sickness. Mrs. C. S. Bunney, 19 Chatham Av., Halifax, N. S. and Mrs. W. F. Hunter, Biggar, Sask., seldom have illness in the family because of their prompt use of Laxative Syrup Pepsin.

**A Great Family Laxative**

It may be difficult to decide just what medicine to use out of the many that are offered, but it would not be if you knew the facts. There are laxatives, cathartics, purgatives and physics, and they vary in their reaction on the system. Naturally, the stronger the medicine the more it shocks the system, so wise parents never give anything but a laxative to children. Dr. Caldwell's Laxative Syrup Pepsin is a mild laxative, a vegetable

**Three Rules of Health**

Purchase a bottle of Laxative Syrup Pepsin at a drug store and always keep one in the family medicine chest. Give it to anyone from infant to grandparent, for it is safe, and the cost is less than a cent a dose. You can keep a family healthy with just this simple medicine. Give it for constipation, torpid liver, indigestion, biliousness, headaches, colds and other evidences of bowled obstruction. Dr. Caldwell, who was a practicing physician for 47 years and who originated this formula, had three rules of health that he found very effective among his patients and which you can follow with great benefit: Keep the head cool, the feet warm, and the bowels open.

of what is called "scientific medicine" that this truth may be overlooked. We are too apt to allow ourselves to be terrified by a test tube. The chemist or physicist who has lately invaded the practice of physics, as a rule, so positive about his results that we take them at his valuation.

"Our fathers knew better. They chose as their doctors men of broad sympathy and understanding who never for an instant forgot that they were dealing with men and women and not with machines. These old-time doctors studied mankind as much as medicine. Their results in the matter of treatment were often astonishingly good.

"These middle-aged men who may be inclined to worry about their fitness and who may have submitted to the opinions and dictates of science" without relief would be well advised to seek out a "human doctor," a man possessed of the knowledge of men. From him they will obtain, if not the "latest" treatment, at least a dose of the good medicine of common sense and kindness. And so they may discover for themselves the answer to the question, "What is health?"

### ITALY AND GREECE ROW DISCUSSED

London, Oct. 11.—The Imperial Conference met today in the morning and afternoon at the Marquis Curzon, Foreign Secretary, opened the session with a statement of the political developments as a result of the Janina murders which brought on the recent Italo-Grecian crisis.

Lord Robert Cecil followed with an address on the League of Nations dwelling in detail on the developments arising from the dispute between Italy and Greece. There was some criticism expressed in the subsequent discussion, it is understood, but the general tenor of the proceedings was an indication of the strongest desire on the part of each of the Governments represented at the Imperial Conference to give the fullest support to the League.

The Canadian viewpoint expressed was that as regards European affairs the League was the best agency for whatever mediation might be necessary. Sir Lomer Gouin warmly thanked Lord Robert Cecil for his assistance at the Geneva Assembly in regard to the Canadian objection to Article X of the League Covenant. Sir Lomer outlined the history of the Canadian objection, remarking that the Right Hon. C. J. Doherty, former Minister of Justice, had originally only accepted the article under reserve. He added that the interpretative clause, meeting the Canadian objections to the original article and submitted to the recent assembly of the League, might be considered as having been accepted by the various nations in view of the fact that only Persia had voted against it.

When the Imperial Conference meets again on Monday the Marquis of Salisbury, Lord President of the Council will take the discussion on empire defence. Lord Salisbury's statement will deal, it is expected, with defence generally. Colonel L. C. Anson, First Lord of the Admiralty will subsequently deal with the problem of naval defence.

### RESUME TRIAL OF HALIFAX OFFICIAL

Halifax, Oct. 11.—At continuation today of the trial of ex-City Collector Robert Theakston, charged with the theft of \$34,000 of city funds, Mayor John Murphy under cross-examination recalled a conference on June 2 when a report from the auditors making a special audit of the city's affairs was read to Mr. Theakston. W. F. Page, a taxpayer, who held receipts for taxes, paid

ment of which was not entered on the city books, was present at the conference.

Mr. Theakston said at that time after the reading of the auditor's statement: "The taxes are unpaid. I have an arrangement."

Mr. Page replied: "Theakston, that's a damn lie; there is no arrangement." The accused had then said that the arrangement was with a member of Mr. Page's staff.

The Greater Admiration.

## SPORT NEWS GLEANED FROM WORLD'S CENTRES

### RUTH, WITH TWO CIRCUIT WALLOPS BRINGS THE YANKEES TO VICTORY

#### Second Game Goes to American League Champs and Ties Series.

With "Babe" Ruth swinging a mighty cudgel, the New York Yankees yesterday vanquished their rivals, the New York Giants, by a score of 4 to 2 in the second game of this year's world's series, which was staged on the Polo grounds. With two mighty circuit drives, Ruth led the assault on the Giants and was largely instrumental in winning the game and placing his team on even terms with the National League champions in their struggle for premier honors. The game was a thriller, and the large throng of fans were keyed up to a high degree of excitement. A total of four home runs were made two by Ruth, one by Ward, the Yankees' second baseman, and one by Irish Meusel, left fielder of the Giants.

Ruth secured his first home run in the fourth inning, when he connected with a fast one and it landed in the second tier of the right field grandstand. Again in the fifth inning he connected with one of Jack Bentley's curves and drove the ball into the corner of the right field stands. His two home runs in successive innings is a feat unparalleled in a championship series history and places him in the "hall of fame".

Hugh McQuillan was started for the Giants, and led to the showers in the fourth inning, and Jack Bentley, a southpaw, replaced him. Aside from the home run drive secured by Ruth, he pitched well, only allowing five hits in five and a third inning.

Herb Pennock, the Yankees' star southpaw, pitched brilliantly, and with an exception of two innings held the Giants at his mercy. His support at times was spectacular, but again it was his own individual effort that turned the Giants back.

#### Two Mighty Smashes

"Babe" Ruth's comeback is complete and none rejoice more than the average fan. When the "Babe" crashed out his first one, fans attending the progress of the game at the Fybian Castle waxed enthusiastic but when the Bam connected for No. 2, the noise was deafening. His attempts today to set a new record will be followed with intense interest. There were 243 pitched balls in the second game of the Giants-Yankees world's series at the Polo Grounds. Of the 243, Pennock of the Yankees was charged with 116, McQuillan and Bentley with a combined total of 127. Analysis shows 84 of the number were called balls; 53 called strikes; 25 foul; 14 fouls; 34 resulted in infield outs, 14 in outfield outs and 19 in safe hits.

1. Scott flied out to Meusel. One run, one hit, no errors.  
Giants, second inning—Young up. Strike 1. Young popped to Dugan. Meusel up. Strike 1, ball 1. Meusel hit a homer into left field tying the score. Cunningham up. Strike 1, foul strike 2, foul. ### Happy

Here's "Young" Stribling of Macco, Ga., with his family. Mr. Stribling, he it known, is the gent who recently caused the uproar in fifth circle by making Mike McQuig, light heavy champ, stop some. First the referee called the draw, then gave it to Stribling, according to wire reports, and finally called it a draw again. "Ma" Stribling (left), "Pa" Stribling (right) and the baby of the family helped their batter to train.

### SUMMER WORK OF Y. M. C. A. REVIEWED

The first meeting of the board of directors was held last night in the association building with the president, S. E. Fisher, in the chair and a large attendance. The opening devotion was led by T. D. Patton, territorial secretary of the National Council of the Y. M. C. A. of Toronto and points east, who is visiting in the city at the present time.

The report of the general secretary, A. M. Gregg, referred to the great enthusiasm which was to be seen on all sides by the members and he reviewed the work of the association during the summer months, showing that a very active and effective programme had been carried out. A special committee was to go into the matter of obtaining a camp site near St. John for next summer and another special committee was named to arrange for the celebration of the fifty-sixth anniversary of the association. The date of its founding was Nov. 28, 1867, and it was decided to observe the anniversary of the association. ## EXECUTIONER WILL PAY DEATH PENALTY

Paris, Oct. 11.—Isidore Nespel, officially known as "The Jackal", official executioner of the French penal settlement at Cayenne, French Guiana, is shortly to be guillotined himself. As he has a very poor opinion of the skill of the executioner who succeeded him, he has asked to be allowed to erect the guillotine himself for his own execution.

Nespel was appointed executioner after serving a long term of penal servitude. Recently he quarrelled with a convict and killed him in a fight. He was tried and condemned to death and the court of cassation rejected his appeal.

## MGR. HEBERT GIVES UP PASTORAL WORK

Venerable Priest of Buctouche Retires from Parish Charge.

Right Rev. Monsignor John Hebert, V. G., venerable priest of Buctouche parish, has resigned his pastoral charge and will give up active parish duty. He is about 70 years of age and for nearly 40 has been a priest. In all that time he has had the care of but two parishes, St. Paul for the first 20 years and Buctouche also for 20. It was on October 17, 1908, that he transferred from St. Paul to Buctouche. He will have the best wishes of many warm friends for many years of happiness in his retirement from active duty.

The announcement of this change was made this morning by His Lordship Bishop LeBlanc, who also told of appointments following Mgr. Hebert's retirement. These are:

Rev. Philip Hebert goes from St. Mary's, Kent, to Buctouche. Rev. John Gaudet goes from St. Anne to St. Mary's. Father Gaudet is held in kindly memory in St. John as chaplain of the 18th French battalion which trained here for the Great War and went overseas from here, he going with them as chaplain.

Rev. Hector Bellevue of the L'Assomption parish succeeds Father Gaudet at St. Anne. It is Father Bellevue's first parish. He was formerly stationed in St. John and, during the war, was a military chaplain. He is well remembered in this city.

It is with sincere sorrow, says the Moncton Transcript, that the parish of L'Assomption Church have learned that Rev. Father Hector Bellevue, who has been assistant to Rev. Father H. D. Cormier, pastor, for a number of years, is about to be transferred to St. Anne, Kent County, where he will take charge of the parish.

Rev. Father Bellevue has made a large circle of warm friends during his stay in Moncton through his genial disposition, who will regret to hear of his leaving. He has taken a deep interest in sports, and is especially popular with the young people, whose good wishes will follow him to his new field of labor.

The Times is indebted to the New Freeman for the pictures produced herewith.

## SAVES HIS DOG

Stephen Campbell Joins in When Chum is Attacked by Six.

The action of a young lad, Stephen Campbell, in defending his Alredale terrier from a concerted attack by six other dogs in the vicinity of the corner of Sydney and Brittain streets yesterday afternoon, was commented on by a lady who resides in that locality this morning. She said that the lad, who is a driver for Vanwart Bros., was delivering groceries in the south end of the city when the dog, which usually accompanies him on his rounds, was suddenly attacked by the sextette. Alighting from his seat he braved the onslaught of the growling, biting animals, and fought them off and rescued his pet, which by this time had been badly mauled.

Even then his troubles were not over for one of the attackers was persistent in following up the assault and the young lad was compelled to take hold of him, push him bodily through a fence opening and close the gate on him. His action was highly commended by those who witnessed the affair.

## EIGHT MORE CARS TO E. ST. JOHN FOR DOCK OPENING

Eight additional street cars will be put into service to accommodate the crowds going to East St. John for the opening of the big St. John dry dock, so M. A. Pooler, manager of the N. B. Power Company announced this morning. Two groups of four cars each will alternate between the head of King street and the terminus of the railway at Little River, operating on about a fifteen minute schedule. A new turnout, capable of accommodating the four cars, has arrived in the city and will be installed in the Westmain road near the corner of Egebert street.

## As Hiram Sees It

"Well," said Mr. Hiram Hornbeam to The Times reporter, "I see you folks here got lots of lamps to your feet 'n' aint satisfied yet."

"No, sir," said the reporter, "we are still in a blaze of darkness."

"Well, sir," said Hiram, "fer purse cussedness you can't be licked. Aint St. John the 'git-together city'? Why don't you git together? Why don't one bunch know what the other bunch is doin'—so's they kin keep 'em from gettin' tangled up?"

"The atmosphere," said the reporter, "is so electrified that if the City Council got up close to the Civic Power Commission the members of both would be sheked into insensibility. Also, if the New Brunswick Electric Power Commission got close to the New Brunswick Power Company there would be a fine visible 'Musquash' in the air."

"Well," said Hiram, "if you want to know what I think about it—I'd say it's time this here shooting 'n' yowling shakes a lamb's tail. No wonder folks up west is askin' what's the matter with the Maritimes. The idee of growed-up men sparin' around like a lot of young roosters—an' making faces at one another like little kids. Blah!"

### A BREAK

In George Cunningham's stall in the country market today was to be seen a cabbage stalk on which were 12 heads. It came from the farm of Wm. Brown of Digby N. S.

### WAS DENSE

The fog was dense here last evening. It took time to settle only on the harbor and ground as the stars could be seen brightly gleaming overhead.

### MR. COPP TO BE HERE

Hon. A. B. Copp, Secretary of State, has left Ottawa for a visit to the Maritime Provinces. He will return about the 21st. Mr. Copp will later come to St. John to be present at the opening of the great dry dock on October 28.

### HERE FOR MATCH

The Fredericton High School football team arrived in the city this morning en route to Rothesay, where they will play the Rothesay Collegiate School fifteen this afternoon in the second game of the interscholastic league.

### MILK OUTPUT

In connection with the milk question, E. E. Brown, managing director of the Purdy Milk Company said this morning that his company pasteurizes 4,000 quarts a day for other people, and distributes 3,800 quarts on its own delivery, so that the total handled is 7,800 quarts.

### MORE FRIENDS GO

Men have been engaged during the last few days cutting down trees in King Square and the Old Burying Ground. Some of the trees were dead and considered a menace to pedestrian travel and it was decided to remove them. Other trees are having dead branches cut off.

### PINES IN MILK CASES

Sarah Nelson and Thomas Dean appeared in the police court this morning on a charge of selling milk without license. They pleaded guilty and were fined \$5 each. Edward Boyle was also fined \$5 for transporting milk to St. John. Other men in cases other than the size and type approved by the Board of Health. Dr. J. Roy Campbell, K. C., appeared in the interests of the Board of Health.

### A GENEROUS GIFT

Mrs. E. Atherton Smith, convener of the ways and means committee of the Health Centre, was rejoiced this morning upon receiving from J. S. Gregory a check for \$100. Mrs. Smith spoke enthusiastically of the generous donation, a fine example for others to follow tomorrow — which is Health Centre Day. A day of generous giving for this cause which is of so much direct service to all is naturally expected.

### FAMILY TROUBLE

A family quarrel, in which the evidence was that the father seized a flower pot to hurl at his son and the latter seized a chair and started for his parent threatening to split his head open, was aired in the police court yesterday afternoon. The defendant in the case was Herbert Nichols, colored, who was arrested on a charge of assaulting his father, Charles A. Nichols. Magistrate Henderson struck a fine of \$20 against the accused, but allowed it to stand pending his future conduct.

## LOOKS LIKE WORK ON BREAKWATER

Department Notice of Discontinuance of Light About Nov. 15.

A notice which was received in the city this morning, issued by the Deputy of Marine and Fisheries, Ottawa, gives notice of the discontinuance of the light at Negro Point breakwater on or about Nov. 15, and is taken as confirming announcements that the extension work will be undertaken immediately. Alexander Gray, engineer of the Public Works Department, is at present in Ottawa, probably in connection with this matter. The official notice reads:— (193) Bay of Fundy—Entrance to St. John Harbor—Negro Point breakwater light to be discontinued. Date—On or about November 15, 1935. Position—About 50 feet from outer end of Government breakwater, west entrance to harbor.

## COAL SHOULD BE NO HIGHER HERE

That is Summary of Situation From Enquiries by Times.

From enquiries made today The Times-Star finds that there is no good reason to expect higher coal prices in St. John in the coming winter than those of last winter. There is an abundant supply of soft coal in sight. Of Welsh semi-anthracite, 4,000 tons have been imported, and 2,000 tons of Welsh anthracite is on the way. There is also Scotch coal. Any advance in the price of American anthracite at the mines is not likely to be sufficient to justify an advance here. Something depends on whether dealers buy from the companies or New York brokers, the latter of course getting a snug commission.

In regard to handling coal here, at least two firms have found a way to reduce the cost. Whereas last winter considerable coal was landed at a railway wharf and had to be hauled by rail to the yards, it has been found that by chartering a small steamer the coal can be laid alongside the firm's own sheds, and this should make a material difference in cost.

## FAR FROM HOME

Big American Squirrel Shot Today Near the Manawagonish Road.

When George McPherson of Manawagonish Road, was passing through his yard this morning he saw an unusually large squirrel chomping a small tree or one in one of the trees. He got out his rifle and shot the animal. He found that the animal was 28 inches long from tip to tip and had a tail which was fully 12 inches long. It was almost entirely grey in color, with slight touches of brown underneath. George Cushing, who has had considerable experience in the New Brunswick and Maine woods, when shown the animal, declared that it was not a native of New Brunswick, nor had he ever seen one in Maine although he had been shown some of them on the Boston common. He said that it was known as the American grey squirrel, and he was unable to account for its presence so far from its native habitat. The squirrel was sent to N. H. Fannoy, principal of the Fairville Superior School, and it was examined with great interest by both pupils and teachers. It is Mr. McPherson's intention to have the pet stuffed and mounted and keep it as a souvenir.

## Winter is Coming-- Is Your Property Protected ?

Most people consider paint and varnish as a mark of beauty, but their real function is to protect and preserve. Is your property ready to brave the rigours of winter? You insure your property against fire. With paint and varnish protecting your property it is equally insured against the ravages of time and the elements.

Paint this autumn and save the repair money that you will inevitably lose if you commence the winter with your house unprotected.

"Hand and Ring" Pure Prepared Paint

is GOOD paint—made with dependable oils and lasting colors. It not only protects you against loss in property value, but it adds beauty and attractiveness to your home.

## The Table of a Hundred Uses

What a blessing a Folding Table is! One that may be kept behind a door or in a closet, ready at any moment for the odd game of cards, for serving tea on the verandah, or even for ironing there on a warm day, or in the cool of the evening it will support the phonograph or father's smoking kit and the daily papers.

The one illustrated is so light (weighing only 11 pounds) so strong (will support half a ton) so compact and so easily handled and withal so good looking, that it is not surprising that "everyone who sees one wants one." As shown, with fumed oak top, price is \$5.65. Others have felt top or linoleum top and some are larger in diameter. Let us show you how necessary they are in your home.
