Mayor Announces Two Half-Holidays Carnival Week

FRANCE WITHHOLDS COMMENT ON LATE DEVELOPMENTS

Break-up of Lausanne Conference Not Considered Complete Rupture

Believe Turks are Willing to Continue Negotiations—Painful Surprise in Constantinople on Receipt of News.

Paris, Feb. 5.—The French Government is awaiting the return of the head of its delegation to the Near East conference before commencing officially on the Lausanne developments, but considers meantime that the break-up ought not to be considered a complete rupture of the negotiations for peace in the Near East.

The declaration made by Ismet Pasha is interpreted in official circles here as distinctly indicating a desire by the Turks to continue the negotiations. It was also pointed out that the break-up occurred on one of the points which all agreed the conference had been regarded as less likely to bring about a rupture than the question of Mosul, and this is taken as showing the situation not to be so desperate as the break-up of the conference would indicate on its face.

That the negotiations for peace must continue so long as there is the faintest hope of success is the French intention. Premier Poincaré will decide whether the action of France shall be as general as he had a talk with M. Bompard, Constantinople, Feb. 5.—News of the rupture at the Lausanne conference, reached official foreign circles in Constantinople this forenoon, causing painful surprises, in view of the optimistic despatches of the last few days. Up to noon the news had not been in the general public. No one in authoritative quarters would venture to forecast the effect the rupture would have on the populace particularly outside Constantinople.

The entire French delegation planned for Paris early today. The Turkish delegation, in a telephone message with M. Bompard, requested the return of the French representative to Constantinople. The Turks will probably leave tomorrow. Meanwhile, Ismet continues to be disturbed over the possibility that the armistice terms have put him. He said today that Turkey had no desire to resume hostilities with either Greece or Great Britain, but emphasized that the Turkish and English armies were still facing each other in Asia Minor. It is believed that the misunderstanding which developed between the British and French delegations in the last days of the conference contributed to the final break, as the Turks got the idea that they could count upon a split among the allies and obtain more favorable peace conditions either here or in the event of a separate treaty with the various powers.

London Opinion.

London, Feb. 5.—The Turkish refusal to sign the treaty at Lausanne, although regarded in London as probable, has caused great disappointment and regret, while arousing considerable uneasiness for the future. Although a renewal of war with Turkey is not considered as an inevitable result, the possibility of such an outcome is admitted as it is contended that Great Britain has gone to the utmost limit of concession.

Defends Turks.

An exception to the almost universal chorus of press condemnation of the Turks' stand is afforded by the Daily Mail which launched a vehement editorial attack upon Lord Curzon, defending the Turks.

The article says that the conference failed because the allied delegates refused to recognize the reasonable demands. "Lord Curzon has haggled, manded."

Request of Executive for First and Last Days of Meet at Lily Lake Accorded—Other Carnival Questions Taken Up—News of Skaters—Ticket Sale Begins—Want More Room Registrations.

St. John will have two half-holidays during Carnival week according to the announcement of Mayor Fisher this morning that he proposed to proclaim them. The Common Council in committee was waited upon by a committee for the executive of the affiliated Rotary-Y. M. C. I. executive handling the Carnival this morning and the delegation expressed appreciation of the action of the Mayor and Commissioners in acceding to this request and for other evidences of co-operation.

The Carnival committee delegation was headed by R. D. Paterson and others present were D. Carr, secretary, H. Mont Jones, C. A. Owens, Dr. J. H. Barton, W. K. Hale, Fred W. Kelly, and Frank I. McCafferty. Paterson presented three requests. The first was that of the proclamation of the half-holidays on Wednesday, Friday, February 14 and 16. This was left in the hands of the Mayor who said he intended to proclaim them. The second question was permission to erect an ice arch at the head of King street. The commissioner of public works said he would be pleased to give permission for the erection of the arch subject to the supervision of the street engineer and the superintendent of streets. A request for the council to install lights in King square and to keep the square brightly illuminated during the week of February 10 to 17 was laid over for a report tomorrow morning.

Republican Prisoners Killed by Mine at Road Barricade—More Acts of Destruction.

Dublin, Feb. 4.—Five State soldiers while escorting a party of Republican prisoners near Bandon yesterday encountered a barrier across the road. The prisoners were ordered to remove the barrier, and while engaged in this work a mine exploded killing two and wounding seven of them. Numerous acts of destruction were reported today. Senator O'Sullivan's summer residence at Killisnoe was burned, cross-chairs were set on fire at Howth, and the courthouse at Talghy, Dublin County, was destroyed by fire.

Try to Drag Ludendorff From Auto

Vienna, Feb. 4.—The arrival of the German General Ludendorff in Klagenfurt, Carinthia, yesterday, was the cause of serious fighting between Socialist workmen and the street cleaners. Ludendorff had intended to regular the National Peasant Congress. He was absolutely refused to get out of his automobile, meanwhile characterizing him as "Germany's grave-digger," "bloodhound" and "murderer."

The other was arrested on a charge of theft of a watch valued at 25 from Harry Hatfield at the St. John's Hotel.

St. John's Carnival Queen Is Attracting Much Attention in Montreal

As Hiram Sees It

"Hiram," said the Times reporter to Hiram Hornbloom, "The Times is a great newspaper. In fact there aren't any others. Such survivals as there may be of past-forgotten things are a haven for the old and stupid and the young and lazy. You want genius, sir, to run a newspaper. With myself and the editor and the rest of the staff The Times has it. There are no strings on The Times. It is a public benefactor. Money is no object. We have a gold mine in the cellar. Ah—again I say, 'Hiram'."

More Assessment Matters At City Hall

Maritime Nail and Harris Abator Cases

The matter of the valuation of the Maritime Nail Company's plant and on the assessment appeal by the Harris Abator Company occupied considerable of the time of the Common Council at a meeting in committee. P. H. Butler of the Maritime Retailer and Business Review asked the assessors and the council in putting out a big number of the Maritime Retailer and Business Review, 200 to 250 pages, containing information on the port of St. John and exporters and importers in the city. It would be an expensive undertaking and \$1,000 was asked from the city.

POLICE PUP, FIRE HERO, DIES Barks Arouse Tenants, Who Escape, But is Forgotten.

New York, Feb. 5.—Tosca, a police dog only three months old, gave the alarm at a fire in the five-story tenement at 810 Amsterdam avenue and aroused the tenants so that they were able to escape, but the puppy lost his life.

There was a narrow escape from a bad fire yesterday afternoon in Trinity church. A number of young men remained after the conclusion of the afternoon service and detected the smell of wood smoke.

The dog was owned by Joseph Carmelina, who with his wife, four children and three other relatives, lived on the second floor. When Carmelina was awakened by the dog's barks he found the apartment full of smoke.

AMERICAN OPINION.

Senator Borah, in a speech in the United States Senate, giving reasons why his country should make a real effort to get the European tangle unraveled, made this remark: "It was our soldiers that made possible the defeat and disarming of Germany."

SOCIAL DISEASES.

Such a meeting as was held in the Imperial yesterday afternoon would have been impossible in St. John not many years ago. Health might be ruined, lives destroyed, homes made wretched, children born with hereditary taint, and communities suffer from the effects of venereal disease; but a false and fatal modesty made the subject one not to be discussed in public or mentioned in the presence of young people.

Courtesy to strangers and to show so-called qualifications require that we shall not add them into confusion by taking for granted the things which are not special. As said in a previous article, we will write with special care to written communications.

Lumpy-Muscle Amazon Can Never be Artist's Model, Says Painter

Charles Chambers in his studio. The woman who has been called the 'lumpy-muscle Amazon' is the artist's model.

"I have yet to see a professional woman athlete whom I considered beautiful," says Mr. Chambers. "However, a beautiful woman is a normal one, and to be normal exercise must get a certain amount of exercise of one kind or another."

"I have never yet seen a woman athlete, with the exception of swimmers, who had a beautiful form," said Miss Gygerson.

Now comes Charles E. Chambers, famous illustrator, who adds to the burden of proof against the activities of such famous athletic women as Molla Mallory, Susanne Langen, and Schnall, and others.

Mrs. Pankhurst Appeals For Single Moral Standard

Better Improved Social Conditions Urged by Social Service Workers—Meetings on Saturday and Sunday.

An earnest appeal for the single moral standard by Mrs. Emmeline Pankhurst, famous leader in women's activities, and plain speaking by her co-workers, Dr. Gordon Bates and Dr. J. H. MacKinnon, was the feature of the Imperial Order Daughters of the Empire meeting in the Imperial theatre Sunday afternoon in the interest of social hygiene reform was an outstanding success.

Governor Pugsley extended a cordial welcome to Mrs. Pankhurst. At the conclusion of her address Dr. W. W. White moved a hearty vote of thanks which was seconded by Hon. H. J. MacKinnon and in a gracious manner Mrs. Pankhurst asked for thanks to be tendered Governor Pugsley and the other speakers.

M. I. Ewing, at the piano, provided music during the meeting and a collection was taken in aid of the Social Hygiene Council in St. John.

The speakers pointed out the seriousness of the problem of social diseases and urged concerted action by the people for the sake of the future of the race.

Mrs. Pankhurst was greeted with prolonged applause. She said Dr. Hagarly had been in aid of the problem was not one for scientists and physicians, but one which called for the active co-operation of every one.

PRAYERS FOR WORLD PEACE

Anniversary of Intercession Day in Sixth Century is Chosen for Rome Ceremony.

Rome, Feb. 5.—Acting on a recommendation of Pope Pius, a large congregation gathered yesterday in the famous Basilica of St. Paul to offer prayers for the complete restoration of peace throughout the world.

"We do not need the lumpy-muscle Amazon, and I would not want to paint her, but I would like to paint a woman who is healthy, well-proportioned, and who has a beautiful form."

"It all hinges on the word over-indulgence. So long as one confines exercise within the limits of enjoyable recreation, there is no danger of harm to either beauty or health. They should be found together."

KILLED SWEETHEART

Girl, Aged 15, Slain Because She Refused to Elope.

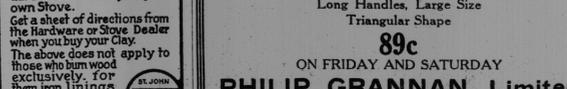

Jersey City, N. J., Feb. 5.—Because her father said she was too young to wed, Christina Oppido, fifteen of Centre street, is dead, and Daniel Maniere, twenty-one, of Mercer street, is dying, having shot himself after killing his sweetheart.

Maniere, the police said, met the girl at a hemstitching plant to carry out an elopement plan. The girl at the moment was unwilling to violate her father's wish. Maniere, angry, shot her twice, one bullet piercing her heart.

The shots and the girl's scream attracted factory workers, who chased Maniere. Seeing his pursuers gaining, Maniere shot himself through his breast. He was taken to the Jersey City Hospital, where he confessed, telling police he was temporarily crazed by his great love for Christina.

The girl was the daughter of "Little Gene" Oppido, a political leader in his section of Jersey City.

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis
Formerly Technical Electrical Expert For U. S. Government

Lesson No. 224.
REMEMBER THAT POINTS TO REMEMBER.

The coupling between the antenna and detector circuit should be as loose as possible without materially decreasing the signal strength in order to render the receiver responsive to either 400 or 300 meters without suffering interference from other stations.

Tuning coils may be wound with bare wire by winding a piece of waxed silk fishing line between the turns at the same time to prevent the turns from touching.

Sensitive telephone receivers should give an audible click when the tips are moistened and brought into contact with each other.

An aerial 50 to 75 feet long will permit of much sharper tuning of the receiving circuits than an antenna several hundred feet long.

The expense of constructing an antenna may be reduced by placing one or two insulators in the rope connected to the bridge instead of inserting an insulator in each individual wire. The chances of breakdown in the insulation of the aerial are also reduced.

In order to prevent the burning out of amplifier transformer windings never employ greater plate potential than the transformer is designed to be used with. Most transformers are designed for use with plate potentials of from 40 to 60 volts.

A fully charged storage battery gasses freely when it is time to remove it from the charging circuit and the specific gravity as indicated by a hydrometer reading ceases to rise.

Dry cells when employed for the operation of vacuum tube filament circuits will last longer if a number of cells are connected in parallel. This decreases the drain on the individual cells and polarization does not occur so rapidly as when a single cell is used.

Detector crystals which are most sensitive to radio signals are usually the crystals most affected by contact with the air resulting in chemical decomposition on the surface of the crystal and a decrease in the sensitivity of the detector. The crystal may be cleaned with a knife thereby exposing a fresh surface.

Impurities in the water used to replace that lost by evaporation from a storage battery result in local action between the elements of the battery and the foreign substance, causing the gradual disintegration of the plates.

In the construction of receiving sets avoid the use of iron or other magnetic materials and be very careful in the selection of the varnish used. Some varnishes contain lamp black or other materials which tend to reduce the insulating qualities of the parts on which the varnish is used.

In buying or building a receiver, select a design capable of rendering selective tuning. The new radio bill contemplates the use of adjacent wave bands for stations operating simultaneously.

YESTERDAY IN CITY CHURCHES

Rev. John MacVicar, D.D., a former minister of St. Andrew's church, but since missionary to China, yesterday morning was the preacher at St. Andrew's and in the evening at the First Presbyterian church, West Side.

Rev. John MacVicar, D.D., was warmly welcomed yesterday morning when he spoke from the pulpit of St. Andrew's church, which he had formerly occupied as minister. His sermon was an interesting account of the recent changes in China. He contrasted conditions as they were twenty-

years ago, when he left China because of the illness of his wife, and conditions as he found them seven years ago, when he returned to missionary work in that country.

The sixty-sixth anniversary of the formation of the St. John Y. W. C. A. was celebrated yesterday with special services, at which Rev. H. E. Thomas presided, and special music was rendered under the leadership of E. E. Thomas. Miss Gladie Smith of the staff of Mount Allison Conservatory of Music assisted.

In the morning there was a song service, illustrating the life of Fanny Crosby, the blind poetess. In the evening, they included Mr. and Mrs. James Myles, Mrs. J. S. McKay, Miss Delstad, Mrs. E. E. Thomas, Arthur Powers, George Cochrane, H. G. Adams, Frank Wilson and W. Y. Case. The services will be continued through the week.

"Best-Dressed Woman In World" Is Broke; Young Hubby Deserted

London, Feb. 5.—Edward Henry surname of Smith, met his bride at a ball. "Got a dance for mother?" was her greeting, and they danced. The elderly woman became fond of the young veteran and adopted him as her son. Later, according to his story, she told him people were talking and that they must get married. So they did.

After that came the plunge into the spotlight. At the Ritz in London, and at Claridge's in Paris, they lived in palatial fashion, while reporters and newspaper photographers turned the spotlight on Mrs. Smith-Wilkinson's fabulously costly gowns.

Today she is broke, and has gone to Africa, according to her deserted hubby, to avoid humiliation.

INTERESTING CANADIAN WOMEN

(Judge Emily F. Murphy)

Mrs. Murphy's name is a household word in Canada. Her activities have included work for almost all the important women's organizations in the Dominion. Almost twenty years ago Mrs. Murphy moved to the west, and as in the case of several other western women leaders, discovered a great deal to be done there for the betterment of conditions affecting women and children. Her experience there are reflected in her books, "Janey Cannon in the West," "Open Trails" and "Seeds of Peace," while her latest, "The Black Candle," deals with a problem, serious all over the Dominion, the drug problem. Mrs. Murphy is judge of the Juvenile Court and a police magistrate in Edmonton, and has been decorated by the King as Lady of Grace of the Order of St. John of Jerusalem. In 1920 she was a member of the Imperial Press conference. She is honorary president of the Canadian Women's Press Club, vice-president of the Social Service Council of Canada and the Canadian Committee on Social Hygiene, besides being associated with the Federated Women's Institutes, Society of Women Journalists, National Council of Women, Canadian Committee on Mental Hygiene and the Canadian Authors' Association.

Burglaries.

New York, Feb. 5.—A striking decrease in crime in 1922 compared with the several "crime waves" of the past few years is the amount of claims paid by the American Surety Company during the year. The figures given in the annual report showed a marked decrease in embellishments by employees and in burglaries. On the other hand, it is pointed out unsettled business and agricultural conditions in a period of increased activity resulted in more contract failures and bank closings, and judgments by claims, was a decided increase in defaultings by local government workers.

"WOMAN AT
THE CROSSROADS"

Canon Shatford, in Halifax,
Deplores the Tendency to
Gamble, Smoke, "Tipple."

The Mission at All Saints' Cathedral. The attendance at the afternoon meeting for women Wednesday was remarkable, the vast building being nearly full of women from all parts of the city, and from every parish. After a hymn and a few prayers, Canon Shatford gave out as his subject, "Woman at the cross-roads."

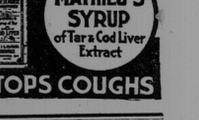

Our Portrait is of Mr. E. F. WHEELER, of 22, Regent Street, Balby, Doncaster, England, who writes—

"About two years ago I had a nasty wound break out in my big toe. I had it attended to for about three months, but during that time it had spread to the toes, with the result that I had to undergo an operation, but with no avail. Then, after another operation, as it did not get any better, I thought I would give you 'Clarke's Blood Mixture' a trial. After taking the first three bottles I could walk better, and now after having nine bottles the wound has quite healed, and I am pleased to say I have not seen any sign of it breaking out since."

Sufferers from Bad Legs, Abscesses, Ulcers, Glanders, Swellings, Piles, Hemorrhoids, Eruptions, Itching, and all skin diseases, should realize that before any ointment can be given temporary relief—to be sure of complete and lasting benefit, the blood must be thoroughly cleansed of the impurities which cause such troubles. Clarke's Blood Mixture quickly attacks, overcomes, and expels the impurities, thus why so many remarkable recoveries stand to its credit. Pleasant to take, free from injurious ingredients.

Through her horse bolting a woman visiting to Paisley Bridge, Yorkshire, was thrown as the animal attempted to jump some railings surrounding a garden and the woman was suspended by her hair-catching in the spikes, reports "The London Daily Mail." The bridle of the horse also became fixed in the railings, and both horse and rider were thus prevented from falling into a low garden. They were rescued by workmen. The only injury the woman rider sustained was a scalp wound.

GREEK ROYALTY IN MONTREAL
Two Greek princes, nephews of Queen Alexandra, and brothers of the late King Constantine, Prince Andrew and Prince Christopher, were visitors to Canada recently. Prince Christopher, it will be remembered, married Mrs. Leeds, a wealthy United States widow, a few months ago, and Prince Andrew was recently exiled from Greece, by a court martial which tried him for treason. Only British intervention saved his life. While in Montreal they attended high mass in the Greek Orthodox church, for the repose of the soul of the late ex-King Constantine. Left to right are Prince Christopher, Alderman Herbert Sybold of Montreal, Prince Andrew, and his wife.

CANNOT CURB LIQUOR UNLESS BRITAIN AIDS
State Department Sees No Gain in Further Diplomatic Moves Against Smuggling—Big Plan from the Bahamas.
Washington, Feb. 5.—It was stated in a high official quarter that the administration, while fully recognizing that the serious difficulties this Government is facing in the smuggling of liquor into the country might be met effectively with the assistance of British authorities, can see no method of improving prohibition conditions by diplomacy. The matter has been taken up diplomatically with the British Government, which has given assurances of its desire to cooperate in certain lines, and there the matter has been resting for some weeks.
Officials were not inclined to disagree with the statements made by Representative Rogers of Massachusetts, that more than 1,000,000 gallons of liquor annually are being smuggled into this country from the Bahamas Islands, by means of an undertaking of State that data upon which Mr. Rogers' statement was based had been furnished to him by the State Department. It was intimated that the figures had been received direct from American Consular officers in the British West Indies.
From what could be learned this Government is apparently taking the position that it has done all it can with propriety by international negotiations in proposing to Great Britain a mutual arrangement whereby ships might be subjected to seizure outside the three-mile limit.
The British Government, however, stated in its formal reply that the principle involved in such an undertaking was considered so important that it could not co-operate in any treaty for extension of three-mile limit.
Officials at the State Department asserted that there had been no change in the status of the negotiations since the latter part of last year, when the British suggestions were rejected by the British Government. Secretary Hughes for a careful supervision of the situation in the West Indies, and of clearance papers for such vessels. The British Government reply was that it had already taken steps in that direction and had issued supplementary instructions regarding the matter. This reply was handed to Mr. Hughes on Oct. 19 last, and on Dec. 18 Ambassador Greider of the British Government that the Canadian Government has likewise intimated its desire to cooperate in restricting the smuggling of liquor by means of fraudulent transfer of vessels to the British registry.
There is every reason to believe, officials stated, that in view of the hearty reception accorded by the British Government to the proposals of Secretary Hughes, a more careful surveillance is being made by British local officials in the West Indies.
Officials declined to comment for publication on statements that British Government officials in some instances in the islands were benefiting from such traffic, though reference was made to the fact that in the American note of last June attention was called by many "irregularities" in the transactions.

ENGLAND HAS NEW SECRET SOCIETY
New Order Resembling the Ku Klux is Springing Up—Known as Order of the Crusader.
London, Jan. 19.—(A. P. by Mail)—A strange secret society known as the Order of the Crusader, which seems to blend with an antique ritual certain points of resemblance to the Ku Klux Klan and the Fascisti of Italy, is springing up in England.
According to a member of the order it was founded two years ago. During the last two months it has been conducting an intensive campaign for membership, and while it refuses to divulge the number of its members, it claims to have them in every section of the British Isles.
The avowed object of the society is to bring back the spirit of the Crusader to everyday life.
Meetings of the order are held behind closed doors. Its ceremonial occasions the members are dressed in a striking garb. Officers wear crimson robes with a large white cross on the left side, and other members adopt a black gown with a white surplice over it, on the breast of which is a red cross.
Some of the emblems of the order are suggestive of a different purpose, however. In the ritual a sword is carried to symbolize "service," spurs are worn to represent "chivalry," and a "crosier" is expressed by carrying a hammer. The literature of the order states that it aims at forming "in every ward of each town and in every large village a conclave of crusaders, composed of real leaders of public opinion in the locality," and in every large village a conclave of crusaders, on county and local councils, in the churches and out of them.
The initiation of candidates, as regards time, place, and ceremony closely resembles the Ku Klux Klan.
When each candidate is initiated he is expected to make a donation of ten pounds or more, being no limit, to be used by the officials as they see fit.

CHURCHES PLAN TO RESTORE PEACE
Would Muster the United Efforts of the Christian Churches of the World with That End in View.
(The Associated Press)
New York, Feb. 5.—Concrete plans to muster the united efforts of the Christian churches of the world for the restoration of world peace and tranquility are behind an announcement made that Rev. James DeWolf Perry, Bishop of Rhode Island, has accepted the chairmanship of the executive of the Ecumenical Church Commission on the World Conference on Faith and Order. He will establish headquarters in Providence, Rhode Island, and begin work on the details of a conference of churchmen representing seventy-eight Christian denominations in the United States, Africa, Asia, Australia, and Europe, which will meet in Washington in May, 1923. Planned originally to restore unity among the Christian churches throughout the world, it is the belief of those behind the movement that a supreme duty confronts the church today of restoring peace and order through a practical application of the doctrine of Christian brotherhood. In a brief statement, Bishop Perry said:
"For the uniting of a divided world, the leadership of an united Christian church is essential. The World Conference on Faith and Order will bring Christendom together for the first time in many centuries to consider the differences which have stood in the way of unity; not in the spirit of controversy, but in the belief of those behind the movement that such conferences will point the way to ultimate unity."
Actively associated with Bishop Perry in the movement is Rev. Floyd W. Tompkins, Jr., of Pittsburgh, as secretary. Mr. Tompkins is the immediate result was the appointment of a commission by that denomination of which Bishop William T. Manning of New York is the chairman. Through this commission overtures were made for a conference of all Christian churches, to consider questions pertaining to faith and order with a view to ultimate unity.
A preliminary conference of church representatives was held in the summer of 1920, at Geneva, Switzerland, when the immediate result was the appointment of a commission by that denomination of which Bishop William T. Manning of New York is the chairman. Through this commission overtures were made for a conference of all Christian churches, to consider questions pertaining to faith and order with a view to ultimate unity.

"I JUST DIDN'T SAVE"
THAT is why I am here. That is why the others are here. In my younger days I made plenty of money. But it was a case of 'easy come, easy go'. If I had only formed the habit of putting something away out of my earnings I would be comfortable and independent today.
A pathetic story this, told in bitterness by an inmate of a home for dependent poor—a man, old and penniless because of a bad beginning in life.
It is a story of wilful neglect and disregard for the future. In its main essentials it is the story of a vast number of men—men thoughtless and shortsighted—who blindly refuse to consider to-morrow seriously.
All about us we see these men. The evening of their lives is a time of drudgery, if not of humiliation. They pay a heavy price for the folly of a wasted youth.
A few dollars a year saved now—when you can spare the money—and invested in an Imperial Endowment policy will secure a guaranteed monthly pension to support you when you are old. Or, it will provide for your family should death call you early.

SAYS ONLY AMERICA CAN SAVE EUROPE
Frank A. Vanderlip Declares Moral Intervention will Prevent Their Ruin.
Detroit, Feb. 5.—Only the moral intervention of the United States can save "the decadent civilization of the old countries from utter ruin," Frank A. Vanderlip of New York declared in an address here. The key to European peace, he said, was spiritual, rather than political or economic. Mr. Vanderlip criticized the "inactivity of America" in the present crisis.
"My observations have given me a pessimistic view as to the future of Europe," said the speaker, who recently returned from abroad. "Those conditions are a state of mind, political and economic factors are involved, but politicians and economists cannot cure the conditions that have developed. Only a spiritual fellowship, an application of the Golden Rule, can prevent the absolute breakdown threatening the civilization of Europe."
"Europe needs only a simple moral guidance for its salvation, and we as a nation should be giving it. The United States today is facing a moral crisis, a decision as to when we were debating our entry into the World War. But debating now is on our part in peace, and we are lacking decision while the world waits for us. I believe we are awake morally, as a nation, and in the eyes of the world we are losing respect. Half of the world is in grave danger and here we are vacillating and lacking the leadership to make a contribution toward world stability."
Mr. Vanderlip spoke at a meeting called to discuss a proposal to establish an endowed non-sectarian school of religion at the University of Michigan.
Dr. Charles Foster Kent of Yale was another speaker.

HELP EX-SOLDIERS SETTLE IN CANADA
Major Ashton Will Tell of Opportunities—Leaves for England.
Ottawa, Feb. 5.—Major H. J. Ashton, D. S. O., of the Soldier Settlement Board, has left for England to make arrangements for handling the fund created by benevolent ex-soldiers' associations for the settlement of imperial ex-soldiers on farms in Canada. Applicants were required to deposit \$200 each and a good deal of money was put up on behalf of men who did not avail themselves of the opportunities provided in the Act. Arrangements have been made by which these monies may be used on behalf of other Imperials who may be settlers under the Board.
It has been brought to the attention of the Government that there are some 5,000 Imperial ex-officers in Great Britain with capital aggregating from \$700 to \$2,000 each, who are contemplating settlement in some of the overseas Dominions. In order to encourage the settlement of many of these men in Canada as possible the Government has instructed the Board to make arrangements for the settlement of these men in England, place before these officers and ex-soldiers the opportunities and facilities which Canada offers for the settlement of ex-soldiers.
The Sunday morning service for boys at the Y. M. C. A. yesterday was largely attended. S. E. Fisher was the speaker and taking as his subject, "Courtesy," he gave a very helpful address. Commissioner of Sunday Morning Services, Stanley Goodwin, was the pianist.

ROBBED OF \$25,000 RELICS OF TRAVEL
Ex-Vice Gov. Gen. Gilbert of Philippines Lost Jewelry from His Home on Dec. 31.
New York, Feb. 5.—The apartment of Newton W. Gilbert, a former Vice Governor General of the Philippines, at 800 West 106th street was ransacked on New Year's Eve, it was learned last week, and robbed of a collection of jewelry worth approximately \$25,000. There were eighty pieces of jewelry in the collection, most of which had been gathered by Mr. and Mrs. Gilbert in their travels in various parts of the world.
The Gilberts returned to their apartment in Coney Island Court, on a charge of burglary, Agid was held in \$2,500 bail on a charge of receiving stolen goods.
Harry Jackson, a seaman of Wallace avenue, was arrested and accused of having broken the apartment of Edward Grant, on the third floor of Grand Concourse, early yesterday morning. He had jewelry and other articles. Detective Nylan told Magistrate Simms in Morrisania Court that Jackson had admitted breaking into three apartments Saturday night.

WARNS HIP-FLASK USERS AGAINST HANDY "LIFE-SAVER"
New York, Feb. 5.—A warning to beware of the hip flask is issued by Charles H. Laying, Maiden Lane assayer. Laying explains if it is silver-plated and filled with hooch, the handy little "life-saver" is more deadly than any gun. This combination, Laying declares, produces a deadly metallic poison, and as proof offered an analysis of the contents of a silver flask picked at random from an unnamed person's hip, showing the presence in the unsuspecting tippler's liquor of a quantity of copper as well as some iron.

REAL OLD GRIPPE
Toronto, Feb. 5.—The number of cases of old-fashioned gripe existing in Toronto is estimated to run into thousands, but apparently the ailment is of a mild form. The number of deaths from similar complaints remains normal, and not one case of influenza has been reported to the medical health department this winter.

FARE TOOK CAR, HE SAYS
Albert Glaser, a chauffeur, of 165 West 128th street, told Magistrate Simms in Morrisania Court yesterday that John E. O'Grady of Eighth avenue, engaged him Saturday night and had him drive them to several places in the Bronx. At Jerome avenue and 190th street, according to Glaser, O'Grady pulled a pistol and demanded that Glaser "come across."
Glaser told his passenger he had no money and whereupon Glaser said he replied, "Well, I'll take your car," and drove off. Glaser gave chase in another automobile, and was joined by Sergeant Lynch of the Bronx Park station. Glaser said, O'Grady was forced to stop when the machine struck a new \$4,000 automobile driven by Charles Carlish of Second avenue. O'Grady was held in \$15,000 bail for examination tomorrow in West Farms Court on a charge of robbery.
Catherine Barrett, 16 years old of East Ninety-fifth street, employed in a dance hall at East Eighty-sixth street, was held in \$3,000 bail for examination today by Magistrate Brough in Yorkville Court yesterday. Helen Lynn of Columbus avenue told the police she left her fur coat in charge of Miss Barrett Saturday night, but that it was missing when she called for it. Two fur coats of other dancers were missed at the same time. Detective Donovan of the West 125th street station, said he found the three coats at the home of a friend of Miss Ryan. Donovan told the court there was an alleyway beside the dance hall and that the prisoners had

Jackson was held in \$15,000 bail for examination tomorrow.
Indications as to one of a group who held a game of cards and robbed the players of several hundred dollars' worth of jewelry, Barry Osterhaus, a clerk of Eighth avenue, was held by Magistrate McAndrews in the West Side Court in \$5,000 bail for examination tomorrow. The game, in an apartment on Claremont avenue, was raided early Saturday. Osterhaus was identified by Archer R. Donovan of 157 West 128th street.
FARRAR DIVORCE SUIT.
Hearings Before Referee Resumed in New York.
New York, Feb. 5.—Rumors of a possible reconciliation between Gertrude Farrar, former prima donna of the Metropolitan Opera Company, and Lou Tellegen, film star, collapsed when the referee's hearing into the divorce action brought by Miss Farrar was resumed.
The hearing was conducted in the office of the referee, Thomas H. Mahoney. Miss Farrar was not present. Her only part in the hearing will be to present her marriage certificate. Tellegen, who is in California, was represented by counsel.
Marjorie Ketrick, private secretary to Miss Farrar, was one of the first witnesses called. Others waiting to testify for the singer were August Larsen, a contractor, and Jack Bogart, restaurant proprietor, both of Long Beach.

THIS WILL WARD OFF AND BREAK UP COLDS
Just a teaspoonful of Dr. Caldwell's Laxative Syrup Pepsin removes the congestion.
THE two ailments that people generally regard as of the least importance are in reality the cause of most serious illness and of the greatest proportion of deaths. They are constipation and congestion.
Many doctors believe that colds, tonics, a touch of congestion, instead of constipation being their cause.
The fact remains that you seldom have a cold without constipation, due to general congestion. The only way to avoid colds is to keep your vitality. You usually catch cold in the winter if you are run down. Therefore in cold weather exercise more, eat more fatty foods; drink four to six glasses of water a day; keep the head cool, the feet warm, the bowels open.
You are also less liable to colds if your system is free from the intestinal poisons of constipation. So empty the bowels regularly with a plain vegetable laxative like Dr. Caldwell's Laxative Syrup Pepsin. At the first sign of a cold,

WHAT'S DOING IN THE MONEY AND STOCK MARKETS TODAY

IRON ORE PUT IN AS A SUBSTITUTE

Investigation Shows Slate and Other Non-combustibles in Coal—British Coal Exports.

New York, Feb. 5.—Iron ore is the newest substance to be sold as coal in Brooklyn, according to reports received by Albert Luff, investigator of the Brooklyn Fuel Administrator's office. Samples of iron "substitute" were taken to the administration offices by Stephen Moore of 861 Putnam avenue, Brooklyn, who had been disclosed that two tons of stove coal and two tons of buckwheat delivered to Moore thirty per cent water, and a quantity of iron ore thrown in for good measure.

Five tons of fuel delivered to Mrs. L. Smith of 227 Gates ave., Brooklyn, proved to be almost non-combustible. An apartment house at 608 Clason avenue also reported receiving a ton of "coal" that would not burn. Edward J. Kenyon, 207 South Portland avenue, Brooklyn, reported that he had found a new solution for the heating problem. He took a fire hat, bored a hole in the top, wired a tin inside and attached the hat to a rack over an oil lamp. The metal soon became hot and threw off enough heat to warm an entire room.

Representatives of the firm of F. E. Cadeburg of 167 Fort-First street, Brooklyn, told the Fuel Administrator yesterday that poor people might call at their plant and obtain nut shells in 100-pound sacks for five cents a sack. These, it was said, made a satisfactory substitute.

The following statement concerning British coal exports was made public yesterday by the Bankers' Trust Company: "British Board of Trade figures showing the distribution of Great Britain's coal exports in the year 1922 indicate that more than 10,000,000 tons were shipped to France, Belgium and the Netherlands in that year than was exported to those countries in 1921. The largest amount of coal was shipped to Germany in 1922, more than equal to the 1918 shipment, and were used in large quantities in 1921.

On the other hand, the official figures as received by the Bankers' Trust Company of New York from its English Information Service disclose that Great Britain's 1922 coal trade with the United States was only slightly above that of 1919. In 1922, it was made in 1922, compared to 1919 in British coal exports under the same classification to the United States. The exports for 1919 under the same classification were valued at \$1,478,477 tons, while in 1922 they were valued at \$1,608,823 tons. That increase was principally due to the fact that more British coal in the United States because of the mine dispute."

OTTAWA AGAINST TOURIST CAR TAX Ontario Motor League Protests Liberal Leader's Proposal.

Ottawa, Feb. 5.—A proposal made by Wellington Hay, Liberal leader of the Ontario House in an address to the Ontario Motor League, that additional levies be made on motor car owners in the form of a tax on motor cars brought into the province by tourists, is strongly disapproved of by the Ottawa Automobile Club. The Ontario Motor League has also taken the matter up and written a letter of protest to Mr. Hay, which is backed up by the local automobile club.

In his letter to Mr. Hay, the secretary of the Ontario Motor League, Mr. W. G. Robertson, says: "There is a grave objection to the taxation of tourists' cars, which may possibly have serious attention. Any registration fee imposed on motor cars entering Ontario, whether from other provinces or from the United States, would automatically annul the reciprocal agreements now existing between the province and the other provinces and states regarding the recognition of licenses on tourists' cars. If a tax of \$5, or any other amount, were to be levied on tourists' cars entering the province, Ontario motorists touring into other provinces of Canada or crossing the United States boundary line, would be required to pay the full amount of the annual registration fee of the province or state visited, instead of having free access as at present. As to the tax on gasoline, the Ontario Motor League is opposed to the imposition of any further taxes on motor vehicles or their use, on the ground that the license fees now in force are sufficiently high. The total amount collected in motor vehicle license fees last year by the Province of Ontario was approximately \$3,500,000, and as the number of cars registered shows a considerable increase each year, the Government is assured of increasing revenues from this source without any further increase in the fee or collection of new forms of taxes."

New York, Feb. 5.—(Wall Street)—Opening prices in today's stock market were irregular, but the main tendency appeared to be downward in reflection of selling pressure founded on the unfavorable week-end news from Lausanne. Oil and railroads were the most active. A few strong spots developed during the first half hour. American Ice was pushed up 1/2 points and Willys Overland Pfd 4, while Famous Players, United States Alkali, New Orleans, Texas and Mexico, and Mack Trucks advanced 1/2 to 1-3/8. General Electric dropped 1/2 and Corn Products 1/4, while Pressed Steel, American Locomotive, Studebaker and Southern Pacific each lost a point. Heaviness also was apparent in St. Paul Pfd, Prisco Common, Reading, United States Steel, Consolidated Gas and North American.

Foreign exchanges were reactionary. Demand sterling dropped 8-8 of a cent to 84.65. French francs slumped 2 1/2 points to 227 cents, Belgian francs, yielded 30 points to 548 cents. The pound sterling was 177 1/2 cents. German marks were quoted at 2022 cents as compared with Saturday's price of 2025.

TROUBLE IN MONCTON OVER MILK QUESTION

Moncton, N. B., Feb. 5.—Threatening of the Milk Producers' Association at the point of the revolver was the climax of a meeting of the Milk Producers' Association held here Saturday afternoon to discuss the situation arising from the test being applied to milk trucks supplying milk to the city of Moncton and which marked such havoc among the milk producing cows in this vicinity during the last six weeks. The trouble occurred yesterday over an alleged infected gland taken from a slaughtered Albert County cow found in the possession of a member of the Milk Producers' Association. It is claimed by the test authorities that the gland was given him by the man who produced it at the Milk Producers' Association has four or five witnesses to the fact that he was not a member of the Milk Producers' Association. It was while the members were in the hall proclaiming their right to the possession of alleged infected gland that an officer is stated to have drawn a revolver and threatened to riddle with bullets a member of the Milk Producers' Association who objected to the proceedings being taken. BIG BATTLE FOR CANTON NEAR. A Royal Send-Off.

Given a royal send-off on Saturday afternoon by hundreds of friends and well-wishers, Miss St. John (Miss Winifred Blair) left on Saturday afternoon for Montreal to enter into competition for the position of Miss Canada. At the station she carried a beautiful bouquet of flowers, the gift of the Vincent's Alumnae and the local florists. At the train she received a letter from the Mayor, which ran as follows: "Dear Miss Blair, Please allow me to extend to you my congratulations on your having been selected to represent St. John at the Montreal carnival. I wish you every success and, doubtless, all the citizens of St. John will join with me in the hope that you will achieve added honor in the All-Canada competition."

CHRISTIAN CHURCHES MUSTERING FOR PEACE. Plan Conference From All the World at Washington in 1925.

Providence, Feb. 5.—As the first step in mustering the united efforts of the Christian churches of the world for the restoration of world peace, Bishop James Dewolf Perry of the Rhode Island Episcopal diocese has accepted the chairmanship of the executive committee of the Episcopal church committee to restore unity among the Christian churches throughout the world. The immediate work in hand is planning the details for a conference of churchmen representing 78 Christian denominations in the United States, Europe, Asia, Africa, Canada and Australia, which will meet in Washington, D. C., in May, 1925. Started originally to restore unity among the Christian churches throughout the world, the movement is now going forward backed by the belief that a supreme duty of the church is to restore peace and order through a practical application of the doctrine of Christian brotherhood.

STEAM ROLLER AND ITS DRIVER WEAR OUT TOGETHER FROM AGE. South Orange, N. J., Feb. 5.—South Orange's steam roller and its proprietor operator have given out at the same time, village authorities here just been notified. He announced a few days ago that a committee would go carefully into the world electricification project. He is president of the system and I don't think he has changed his purpose. Time will probably make this quite clear.

DEMPEY NOT ALLOWED TO DEFEND TITLE IN N. Y. STATE

Too Much "Ballyhooping," Says Muldoon of Boxing Commission

New York, Feb. 5.—A bout for the world's heavyweight boxing championship of the world will not be permitted in New York state, Chairman William Muldoon of the state boxing commission, announced last night.

The duration of the ban was not made known by the commission chairman. It precludes all possibility of Jack Dempsey meeting any boxer for this title in this state while it is in effect.

The reasons that impelled this action, Muldoon said, were similar to those which caused him to announce last week that neither Harry Wills, the negro challenger, nor Jess Willard, former champion, would be permitted to meet the present champion in this. His reasons then were too much "ballyhooping" and too much money involved.

"You can say that the state boxing commission will not permit in this state any bout in which the heavyweight championship is involved," he said. "There has been altogether too much noise, with all the tommyrot and loose talk of money-mad managers and promoters, until the situation has developed into a common nuisance to all classes of people."

A Long Race.

FULLY STOCKED FARMS IN THE U. S. FOR VETERANS

New Orleans, Feb. 5.—Sixteen veterans of the World War rehabilitated as farmers have started an experiment at Canton, Miss., under direction of Blair Harrison, chief of rehabilitation for the sixth district of the United States Veterans' Bureau. These men moved into the first farming community established by the United States Veterans' Bureau, and will conduct their own marketing through cooperative methods solely among themselves. They will have their own school, to be used for continuing their agricultural training and by their children for regular school work.

The sixteen farms on which the men moved comprise a part of the initial tract of 1,600 acres which has been set aside by the people of Canton. When the colony of 150 men is completed, nearly 17,000 acres of land adapted to truck farming will be under cultivation.

According to the announcement, livestock is being supplied by the Illinois Central Railroad. The railroad has agreed to provide thoroughbred hogs and allow the veterans to pay for them out of the revenue from increases in the herds. The same proposition has been made by a Southern cattle breeder and a group of chicken fanciers.

The venture will be watched by the veterans' bureau as a solution of the problem of caring for thousands of veterans being trained as agriculturists and, if successful, probably will be adopted elsewhere, it was said.

Material for the construction of the houses and farm buildings has been purchased. In the meantime, the men and their families are being housed by Canton citizens until they can move into their new homes. Cultivation of the land is under way.

LOCAL NEWS

Yesterday morning about 10.45 an alarm from box 144 gave the firemen a run to a house at 424 Main street, occupied by Robert Anderson, where a small blaze was extinguished by the chemical.

His Lordship Bishop Richardson, who recently has been making a pastoral visit to the Anglican churches in the city in turn was the preacher in St. Mary's church yesterday morning and in St. George's church yesterday evening.

The contractors having finished their work, the epidemic hospital has been taken over by the commissioners of the General Public Hospital and will be thrown open for the inspection of the public on Thursday afternoon from two to five. It is a modern and well-equipped building of which St. John may well be proud.

Lantern slides showing port development will be shown this evening in the Seaman's Institute by R. L. Charlton, chief surveyor for the Canadian Board of Marine Underwriters, who is in the city on a tour of inspection. Last week he addressed the Chamber of Commerce in Portland, Maine. He will return to Montreal tomorrow.

Insulin, recognized as affording relief in cases of diabetes and looked as a possible cure, will be used in the General Public Hospital under the direction of Dr. W. S. Rowley. Only one general hospital in a province is to be allowed the insulin in order that results may be sent to headquarters and a record kept. A survey of the province will be made by Dr. Rowley and a report made to Dr. Roberts, who will base his order on the estimated amount required.

WILLIE LOGAN CLEANS UP THE JUNIOR EVENTS AT ENDICOTT

SPORT NEWS OF A DAY: HOME AND ABROAD

HOCKEY. Canadiens Lead N. H. L. The Montreal Canadiens resumed their leadership of the National Hockey League on Saturday night in Montreal, when they defeated the Ottawa Senators by a score of 4 to 1.

St. Pats Win From Tigers. In the National League fixture at Toronto on Saturday night the St. Patricks defeated the Hamilton Tigers by the close score of 6 to 5. Rosch's goal-keeping was a feature of the game. The score at the end of the second period was 5 all.

Marysville Here Again. A fast game is promised tonight in the Arena, when the local team will meet the players from Marysville in a regular league fixture. The Marysville boys are hoping to beat both the local team and Sussex, and thus to win the latter for league leadership. The locals are anxious to wipe out their defeat at the hands of the Marysville team in an exhibition game recently. The game is considered so important that the St. John management has been asked to secure an outside referee.

Tonight's game will probably see the Marysville team lead up as follows: Goal, Ferrey; left defence, Edgar Wade; right defence, F. Harrison; centre, I. Wade; right wing, Mark Wade; left wing, Clarence Wade; spares, B. Harrison, Brewer and Charles Wade.

For St. John the following men have been picked: Nicholson, Taft, McPhee, Gilbert, W. MacGowan, Howard, Montith, L. MacGowan and Short.

Dartmouth Coming. Halifax, N. S., Feb. 5.—Dartmouth hockey team of the Halifax City League will play St. John on Feb. 12, Fredricton Feb. 13 and Sussex Feb. 14.

N. S. Games. New Glasgow, N. S., Feb. 5.—New Glasgow defeated Thornburn 4 to 1 here Saturday night in the Antigonish-Pictou-Colchester Hockey League.

Springhill, N. S., Springhill defeated Sackville in exhibition hockey game 7 to 4 on Saturday night.

BASKETBALL. St. John High Wins. St. John High school defeated Rothery Collegiate, 46 to 12, in the Provincial Inter-scholastic Basketball League game in the Y. M. C. A. on Saturday afternoon. The High school boys had the game well in hand throughout the match. Fredricton High and St. John are now tied for first place in the league.

Scots Lose Two. Fort William, Ont., Feb. 5.—Two games were played by the Scottish curlers at Capital.

St. Andrew's Curling Club of this city will compete with the Fredricton club this afternoon and evening on the Fredricton ice. The Fredricton skips are Walter Limerick, S. D. Simmons, A. S. MacFarlane, T. L. Fowler, H. E. Fowler and T. Ames Wilson.

Staff Breaks Record. Art Staff, of Chicago, broke the world's record for the 220 yard dash on an indoor track yesterday at St. Paul, making the time of 19 1-5 seconds. Staff also won the half and three mile contests. Everett McGowan finished second in all three races.

HOCKEY. Play This Afternoon. St. Malachi's hockey team will play a postponed game on the East End rink this afternoon with the Cliff street High school team. The game will be for the Junior championship of the city. Both teams are in good condition and a good game is expected. Gaynes will referee. The line-up for St. Malachi's is as follows: Centre, Bougrau; goal, Murphy; right wing, Whely; left wing, Gayton; defence, Friars; centre point, Gaynes; point, Mayes. The game will start at 2:30 o'clock.

Sackville Lost. Springhill, N. S., Feb. 4.—Springhill defeated Sackville in an exhibition game of hockey here Saturday night, 7 to 4.

Hockey Match Off. A hockey match between St. Matthew's team and one from the High School, which was scheduled to be played on the East End rink on Saturday

curlers here Saturday, the visitors losing the afternoon games 6 to 36, and the evening games by one point 47 to 46. On the aggregate the Scotsmen were beaten 111 to 82.

SKATING. South End Races Tonight. The second of the series of races for the South End skaters will be held tonight on the South End rink, weather permitting. The carnival for the children, scheduled for Saturday afternoon, was not held owing to the bad weather conditions. It will be held at the first opportunity.

European Champion. Christiania, Norway, Feb. 4.—Harold Stroom, who last year won the world's skating championship, today won the contest for the European title.

Making Skating History. Of the Saranac Lake skating races on Jan. 31 the New York Tribune correspondent says: "The half-mile event made Kasky skate at a pace to cross the line first, with Gorman second. Garnett and Murphy skated, a dead heat for third place, the ten points the position being tied being split between them, but both received a third-place medal.

"The three-quarter mile event was the high spot of the meet. Kasky again broke the tape first. But only a terrific sprint in the last lap made it possible. Donovan and Gorman fought it out for second honors, the former placing, while the latter was again forced to sprint to take third honors from the onrushing pack.

"The unsetting of Jewett and William Steinmetz of Chicago, from the stellar positions they occupied last year is making skating history. The Lake Placid track is battling a field determined to crowd him out, while Steinmetz is without an ally, all the dash of last year being gone."

"My Wild Irish Rose" AN ALL STAR CAST A Big Special Spectacular Production Adapted from Don Boucault's Famous Play "The Shaughraun."

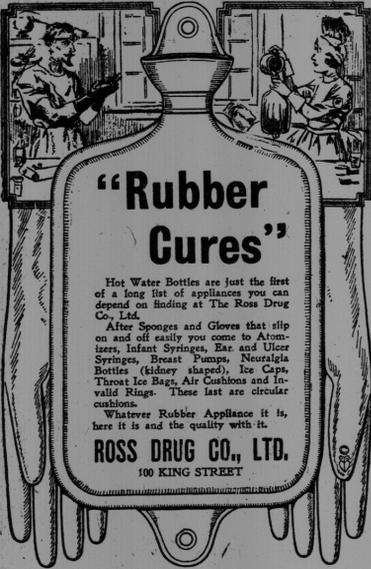

IMPERIA Super-Paramount Today The Drama of a Fashionable Wife, a Baby Boy, a Jealous Husband and a Handsome Friend Gloria Swanson "The Impossible Mrs. Bellew" YOU'LL see a new and greater Gloria Swanson in this picture. Gloria as a gay divorcee, tarnished by the tongues of scandal, shocking the gilded Monte Carlo throngs with her daring—and breaking her heart in silence. Gloria wearing wonderful new gowns, which she went to Paris to get especially for this picture. Gloria flirting on the beach at Deauville. French society's famous playground, amid a hundred one-piece bathing beauties.

"Begorra it's a Foine Pitcher." UNIQUE TODAY Tuesday, Wednesday One of the Best Programmes of the Year. "My Wild Irish Rose" AN ALL STAR CAST A Big Special Spectacular Production Adapted from Don Boucault's Famous Play "The Shaughraun."

"My Wild Irish Rose," the sweetest flower that grows, according to the old song, is certainly one of the best pictures of the year. It has the atmosphere of Ireland with its brogues, and its shamrocks, its Irish collens—to say nothing of a fight or two. The action moves swiftly with here and there a touch of laughter which offsets the tender moments of real drama in which Conn, the shaughraun, and Robert Follitt make thrilling escapes. "Mickey" Daniels, the freckled faced boy in the world, adds much to the humor of the production. It is a picture that every Irish heart goes to see, and those who have a spot in their being for Irish romance cannot afford to miss it.

MELITA IN AFTER-INEVENTFUL TRIP

Prominent People Among Passengers on Big C. P. R. Liner

Members of Religious Order Tell of Marist Conventions in Italy—Montreal Man and Bride Return from Honeymoon.

The Canadian Pacific steamship Melita arrived in port last night from Antwerp, Havre, and Southampton, and docked at No. 2 and 8 berths, Sand Point. The passengers began to disembark at eight o'clock this morning, and the first special train got away at noon with all of the cabin and some of the third-class passengers. A second special train left at two o'clock with the remaining third-class passengers. The Melita has on board 126 cabin and 816 third-class passengers, in addition to 2,080 packages of mail and parcel post, over 500 pieces of baggage and a large general cargo.

Prominent among the cabin passengers were: A. W. G. Lane of London, Mrs. and Miss Lane of London, Macaulay Pope of Toronto, F. D. Pink of London, Simon Fish of Toronto, Mr. and Mrs. Savage of Chicago, and L. F. Savage of Salt Lake City.

O. Howard Linton and his bride are returning to Montreal after a honeymoon trip to France and Italy. Mr. Linton is a nephew of the late O. J. Warwick, and was met at the steamer by his cousin, George L. Warwick.

J. H. Lane of London, who is in the employ of Montague L. Meyer, a prominent lumberman in England, and who has been in this country for some months cleaning up the balance of the British Government stocks, was at the dock to meet his wife and daughter. Mr. Lane said that from late reports received from London, the lumber market is improving, and that he is to the large quantities of lumber purchased by the British Government during the war, he said it would be disposed of and only now awaits delivery.

From Italian Conventions.

Among the cabin passengers were Brothers Alphonsus N. Lucic and Joseph S. Beaulieu, of the Sacred Heart College, Montreal, and Brother Dumarsq of St. Anne's Academy, New York City. All three are returning after attending a convention of the Marist Order in Turin, Italy. At this convention, which lasted for six months, there were present Brothers from all parts of the world. One of the main subjects taken up was the introduction of technical classes in their colleges and schools. Means to interest students in their various studies were considered, and members from every country represented were called on to explain conditions at their institutions, any problems confronting them, and ways and means of overcoming every subject was given careful consideration. Asked about conditions in Italy, the Brothers said they are really becoming better, and that the improvement was evident during their stay. The value of the lire is increasing, and is now quoted at eighteen to a Canadian dollar. Brothers Louise and Beaulieu left on one of the special trains for Montreal, but Brother Dumarsq remained in the city and will go to Digby tomorrow. After a visit in Nova Scotia, he will proceed to New York.

Passengers said that the trip across the Atlantic had been a pleasant one, and with the exception of a couple of days of rough weather, was exceptionally good for this time of year. Nothing eventful happened on the voyage.

Frank Garnett, Home to Break Up Cold, Talks of the Skaters

Much Faster Work Than Last Year, and He Looks for Records to Go at International Here—Others Home Today—St. John's Fane Spreads.

"I am going to start off with saying that all the big circuit skaters who their admirers and backers are looking forward with the keenest interest to the International skating meet in St. John this month," said Frank Garnett local speed skater to a Times reporter this morning. Garnett arrived in the city some weeks ago to take his chances on the blades with the other stars of United States and Canada. He said that the race being set this year around the circuit was from twenty-five to fifty per cent. faster than last season. Many of the skaters had started off at the peak of condition and speed which accounted for the circuit being so much faster to date, but now many of the topnotchers were holding back preparing and saving themselves for the International in this city.

Record Meet Here.

Commenting on the coming meet in St. John Garnett said: "The skaters are just waiting for St. John. Records will go galore and I look for at least three to go by the board. Jewtraw is now laying off taking it easy, but you will meet him here in the local meet. A big feature of the meet here will be the six lap track, the second to be used this season. With the skaters having previous to their advent to St. John there should be the fastest skating ever witnessed in America right here in this city. Jewtraw will be back in shape; Moore is saving himself for the big meet in Geneva; and Kasky will be there until then; Kasky will be there and don't forget it and altogether it should be a whirlwind meet of every skater out to win with so much at stake. It will be the supreme test."

Asked about Kasky, Garnett said that he was a wonderful skater. He skated well last season and it should be interesting to see how he does in the silver trophy meet a year ago. "He is flying at the present time" added Garnett, "and is a splendid fellow. He is quiet, unassuming and makes little of his wins. He is yet a youth."

Garnett said that Charles Gorman was going much faster this year than last as was evident from his positions. He gave great credit to his trainer who was interesting himself in all the St. John skaters and had been particularly kind towards Garnett himself. Frank also had a word of praise for Jewtraw's trainer who offered him a pair of skates when his own went bad.

Garnett surprised himself this year on the rounds of the circuit in as much as he was clipping it much faster than any other skater. He was to win in five yards of the tape when the latter broke the world's record for the six lap track he looked to be heard from when the boys gathered on Lily Lake.

Kasky to this, although he gives the young Chicago skater full credit.

Speaking of the showing of the local juniors, he said that Willie Logan is a wonder and was the talk of the meet. His stroke and general style were matters of much favorable criticism and many are predicting that he was a coming champion.

The great showing of young Buckley, who skated under the colors of the Assumption Club, Mr. Ingraham said, was most gratifying. He won the half mile for boys fourteen years and under and his time of 1:26 is only four seconds slower than the world's record for that class. Mr. Ingraham also praised the work of the other St. John boys. He said Tommy Tebo skated exceptionally well and is going faster than ever. Leonard, he maintains, had hard luck in starting his race and made a plucky fight finishing fourth. Young Fowler won his race in the twelve year old class and skated well. Gayton, who was representing the Y. M. C. I., took third in the eighteen year old class and his showing was good considering that he was pitted against many strong skaters.

Mr. Ingraham said that Fred Logan, former International skating champion, who is with his son, did much towards helping all of the St. John boys. He sharpened every one of their skates, coached them and assisted in looking after them during the meet.

LOCAL NEWS

DEATH OF CHILD.
Many friends of Mr. and Mrs. Thomas Breen, 4 Chubb street, will regret to learn of the death of their infant son, Thomas Louis, which occurred yesterday at their home.

K. C. TO HAVE FLOAT.
The Knights of Columbus will notify the Retail Merchants' Association today of their intention of placing a float in the big carnival parade on Tuesday night. The exact design has not been chosen yet but a strong committee has been appointed and plans are already in the making for a splendid show by the local council.

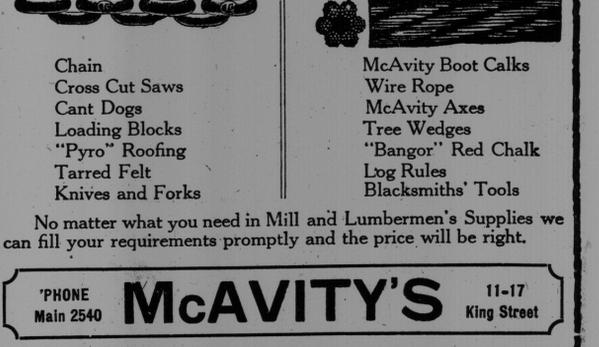

FAIRVILLE BOYS ENTERTAINED.
The gymnasium hall of the Fairville Baptist church was the scene of a happy event on Saturday night, when the junior members of the club were rendered a supper. Following the repast an interesting lecture was given by LeBaron Stubbins on "The Boyhood of Jesus." Mr. Estey amused the boys by relating some very humorous experiences in which he had been a participant. After the addresses the boys adjourned to the gymnasium floor and passed a pleasant hour under the supervision of Byron Linton and James Fox, junior leaders.

DOUGLAS AVENUE CHURCH.
Special sermons were delivered by Rev. William Phillips, pastor of Douglas Avenue Christian Church, yesterday before large congregations. In the morning his subject was "The White Race." A special diet was sung by Mrs. V. R. Henderson and Mrs. Taylor. At the evening service Mr. Phillips took as his subject "From Ireland to the Centennial." Special music was furnished by the choir, including a number by the McEachern male quartette and a solo by Miss Neill. Special organ preludes were given by the organist, Alexander Craikshank.

AMHERST HIKER DYING.
Word was received in Amherst last week announcing the very serious illness of Somerville, Mass., of Eddie Langille, a former Amherst boy, and stating there was no hope for his recovery. The young man was one of the hikers who started out last winter to walk to California, and after several illnesses and mishaps had to abandon the adventure at Waltham, Mass. He secured employment at Somerville and was married a few months ago. His father, Joseph Langille, is working in Attleboro, Mass., and his mother in Amherst who received the message, left for Waltham. His illness is typhoid.

LIQUOR CASE.
Mrs. D. Hartt pleaded not guilty today to having liquor in her shop in Long Wharf illegally. Inspector Killen gave evidence that he had gone with Inspectors Journeay and Carson to the shop on Saturday afternoon. The shop was connected with a kitchen and he went into this. The defendant, he said, was standing near a pan full of dishes and she placed a flask in this pan, under some plates, the inspector testified. He had found a small glass with a strong smell of liquor. There had been a couple of men in the store under the influence of liquor. He said the defendant had been convicted previously for violation of the prohibition act. Inspectors Journeay and Carson corroborated this evidence. E. S. Ritchie, for the defendant, said that she would be willing to pay a small fine and that he thought this best in view of the fact that she had the liquor for her own personal use. She was allowed to go on a deposit of \$100 while her case was investigated. W. M. Ryan appeared for the inspectors.

POLICE COURT

Three men faced the magistrate this morning on drunkenness charges and were sent below with the warning that they were liable to fines of \$20 or eight months in jail.

John McKenzie pleaded not guilty to a charge of lying and looking in the window of Lester street, and not giving a satisfactory account of himself. Policeman Thomas said that he had been phoned on the phone about 1 o'clock on Saturday night by Mrs. Albert Anderson, Lester street, who said there was a man looking in her window. He arrested the accused in the alleyway next to the house he said. Mr. Anderson had identified him. He was sent below with the other three.

DEATH OF MOTHER OF MRS. W. C. BOWDEN, IN BOSTON

Sad news came on Sunday morning to Mrs. W. C. Bowden, wife of Prof. William C. Bowden, 74 Sydney street, when a telegram arrived announcing the death of her mother, Mrs. Mary McIntyre Mahoney, which occurred in Roxbury, Mass., at 2 o'clock on Sunday morning. The deceased lady, who had resided in Boston for the last twenty years, was a daughter of the late Duncan McIntyre and Fenelope Campbell McIntyre of Boisdale, Capt. Breton, James Campbell, Magistrate of Boisdale, being her uncle. The late Sir Duncan McIntyre of Montreal and His Lordship, the late Bishop McIntyre of Cape Breton were cousins of the deceased. James Murray of the customs staff, Halifax, and the late Hon. Wm. F. Murray, who was postmaster of Massachusetts, were Mrs. Mahoney's nephews by marriage.

Her immediate surviving family comprises three daughters and two sons—Mrs. A. J. Lordly and Miss Manie; John and Lewis, all of Boston and Mrs. Bowden of St. John. Mrs. Bowden had the pleasure of visiting her mother only a few months ago. She will now leave for Boston on the first opportunity, which will be this evening, on the sad mission of attending her mother's funeral.

MRS. ROSE KANE.

The death of Mrs. Rose Kane, widow of John J. Kane, of 4 Chapel street, occurred this morning at her home. She leaves four sons, James E., Michael F. and John T., of St. John, Charles, of Vermont, Mass., and one daughter, Mrs. Thomas H. Jefferson, of West St. John. Many friends will be sorry to hear of her death.
