London, Aug 24—Sid stmr Rappahannock, for St John.

SOME GOOD REASONS WHY THE VOTE SHOULD BE AGAINST THREE-DECKER

Editor Times:  
Sir,—Does the ordinary voting citizen fully realize all that tomorrow's special election means to him and his city? Let him consider just a few honest untechnical points before he deposits his ballot, points which recent debates have possibly considered too commonplace to be voiced or printed, but which are very essential in the making of a city of which a citizen may be proud. For instance:  
It is the three-decker house—aye, the four-decker—that swept Indian town almost off the map of St. John a few years ago.  
It is the poorly constructed three and four-decker that today menaces so many lives in all sections of the city.  
It is the three and four-decker Noah's Ark building that has enriched a few cunning mortgage sharks at the expense of the nominal owner and the city's safety and beauty.  
It is the three and four-decker tenement that gives many of St. John's most populous districts the appearance of a Klondyke boom town—big upright packing boxes for stowing away human beings.  
It is the three and four-decker "country hotel" model that makes the traveling citizen hang his head when he is driving visiting friends about town to "see the sights" in The Falls, Park and Sand Point just about save our bacon on this score.  
It is the antiquated and architecturally primitive three and four-decker that robs our courageous little city of two-thirds its natural attractiveness; makes it a "shack town" and gives the skyline a square ungraceful effect.  
A continuation of the greedy enveloping three and four-decker will cut St. John off the list of Canadian cities willing to reform its building laws so that ourselves and our successors will live more conveniently with better health and with greater safety.  
St. John is a city of sidewalk dwellings. It is crying aloud for green grass and garden spots. With a continuation of the big wooden building—necessarily filling the lot from corner to corner—bringing us any nearer these much-desired home surroundings?  
Some will argue that three-story brick houses may be just as unsightly. While this is not nearly so often the case, there is the assurance of safety, stability and permanence in a brick building and legal structures will see that these points are guaranteed.  
And now finally, who has not visited Canadian and American cities, towns and villages and enjoyed their systematic building schemes? What is the St. John man's dismay and chagrin upon returning home and contemplating the ragtime methods of building up his own houses? This is plain straight talk, but is it not true? We must wake up to the demands of our people. We want more homes and better homes. We want grass plots and verandas. We want a

DAUGHTER OF WEALTHIEST PRINCE AGAIN ENGAGED

London, Aug. 25—A despatch from St. Moritz to the Daily Mail quotes the Guelphs of Baroda who, with the Maharajah, is spending the summer there as saying that his daughter, Princess Indira, has started for London where she intends to marry Prince Jijendra, the son of the Maharajah of Kuch-Bihar, another powerful Indian ruler. The father and mother of the princess will not attend the wedding.  
The Guelphs of Baroda, one of the wealthiest of native princes won notoriety when he insulted King George on the occasion of the Durbar at Delhi a year ago.  
Several months ago the Princess Indira was engaged to wed a prince of another native family, and a sensation was caused when, on the eve of the intended marriage the young woman cancelled the engagement. Caste prejudice was the assigned reason.

Daily Hints For the Cook

CHOCOLATE JUMBLES  
Beat to a smooth cream 1-4 pound butter with a silver fork and add 1 cup of sugar, a little salt, 1 teaspoon of cinnamon, 2 ounces of grated unsweetened chocolate, 1 well-beaten egg and 1-2 teaspoon of soda dissolved in 2 tablespoons of milk. Stir in sufficient flour to make a dough that can be rolled out thin. Cut with a doughnut cutter, dust with sugar and bake quickly.

PARKER HOUSE ROLLS  
Three cups scalded milk, 4 tablespoons butter, 3 tablespoons sugar, 1 teaspoon salt, 3 cups flour, 1 dry yeast cake, dissolved in 1-4 cup lukewarm water.  
Way of preparing: Pour the scalded milk over the salt, sugar and butter. When lukewarm beat in 4 cups of the flour, mix well and add the dissolved yeast. Cover closely and let rise in a warm place. When light add 4 cups more of flour and knead. Cover. Let rise until light, roll out to 1-2 inch thickness. Shape with a blunt cutter; brush each shape with melted butter, crease through centre, fold over and press edges together. Place in buttered pan one inch apart and let rise very light. Bake in brick oven 15 minutes.

The Gurney-Oxford Attracts Madam To The Kitchen

THE GURNEY-OXFORD has a large following of fashionable cooks who dip into the culinary art simply for the pleasure they derive from trying dainty recipes previously not attempted. They are all most enthusiastic supporters of the Gurney-Oxford because it contains many exclusive devices that make a perfect cooking equipment.

Its oven is evenly heated in every corner to insure deliciously dainty cakes, golden brown biscuits, and light flaky pastry. A special Divided Flue carries the heat to every hole on the range. The top is perfectly smooth and clean, requiring no black lead polish.

But most important is the Economizer. It is a small lever that moves around a series of six notches giving the exact degree of heat required for any particular dish. The heat of the range can be shut off and the kitchen kept cool between meals by turning the lever to a certain number.

The fire is held at a low ebb on a special Reversible Grate until a baking oven is required. Then the necessary heat can be obtained quickly by simply turning the Economizer lever to another notch.

Such control as this enables many smart women to invent some very tempting dishes which they set triumphantly before their friends. It will pay you to investigate the Gurney-Oxford.

GLENWOOD RANGES  
MAKE COOKING EASY

If you are going to purchase a new range, come and see the celebrated Glenwood line before making your selection.

This cut shows one of our leaders, the Cabinet Glenwood. Note the neat attractive appearance of this range, no fussy ornamentation or fancy nickel to catch the dust or dirt, just the plain smooth casting.

As a baker the Glenwood is unequalled having a large roomy oven, and every modern improvement to help make cooking easy.

McLEAN HOLT & CO., Limited

The Evening Times and Star

ST. JOHN, N. B., AUGUST 25, 1913. The St. John Evening Times is printed at 127 and 129 Centenary Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

TOMORROW'S VOTE

Commissioner McLellan, in a letter to the morning papers, presents a strong case for the by-law prohibiting the erection of three-decker wooden tenements, upon which a vote is to be taken tomorrow. The commissioner points out that if the city rejects the by-law, it will reflect progressive methods in relation to public safety, and announce to the world its ignorance of what other cities are doing or the indifference of its people to housing reform.

There is no evidence whatever to support an assertion which has been made to the effect that rents will advance if the three-decker is prohibited. If the citizens do not uphold the by-law by voting in its favor tomorrow, they will practically tell the outside world, which they have been boasting about St. John's progress and its new spirit of enterprise, that all this has been idle talk, and that all they want is an increase in the number of fire-traps, and the herding of more and more people together in that class of tenements which encourage the development of slum conditions.

GOOD ROADS

The recent good roads crusade in the state of Missouri has attracted a great deal of attention. The governor of that state announced a good roads campaign to last for two days, and invited everybody to take part. The affair came off last week, and it is stated that on the second day 250,000 people joined in a voluntary attempt to improve the roads.

RECENT DEATHS

Death removed a widely known and respected citizen on Saturday, at Coldbrook, when Major John James Gordon passed away after a few weeks' illness. He was a native of this city, having been born on October 13, 1858, in west St. John, of Irish parentage. He left school when thirteen years of age, and worked at different times in a saw-mill, brass foundry and grocery business.

BIRTHDAYS OF NOTABILITIES

MONDAY, AUGUST 25 This is the natal day of R. J. Chamberlain, president and general manager of the Grand Trunk Railway System, Montreal. He is sixty-one years of age and was born in Lansaster, N. H. He was for many years general manager of the Canada Atlantic Railway, prior to its absorption by the Grand Trunk.

LIGHTER VEIN

The sweet young thing was being shown through the locomotive works. "What is that thing?" she asked, pointing with dainty parasol. "That," answered the guide "is an engine boiler."

Second-hand Dealer

"James," said the efficiency expert, annoyed by the cheerful habit which his chauffeur had of whistling while at work. "You should remember that the greatest fortunes nowadays are made from the byproducts of waste. Hereafter when you whistle, whistle in the tires and save the expense of a pump."

Farewell to Missionaries

A farewell service was tendered Rev. E. J. Heninger and Mrs. Heninger in Centenary church last evening before their leaving today for the mission field in Japan. Mr. Heninger gave an able and interesting address on conditions in that country. He said that the fact that the nation is so wealthy and powerful is due to the fact that it is a land of moralists, being responsible for such immorality amongst both the wealthy and poorer classes. The country was governed by men of doubtful morals, by agnostics and atheists.

### DYKEMAN'S Ladies' Coats and Suits

Lines we are strong in.

For the last three years we have not carried over a single coat, consequently you see nothing but the newest goods that have been produced. The very fact that we sell the stock out so clean each year is positive proof that our coats are right in style and price. People of the present day are so well posted but the best, and it must be absolutely right priced. That is why this store meets these conditions and they are coming here for their suits and coats in increased number, and the reason we sell twice as many coats and suits as we did three years ago is because we insist on entire satisfaction in every garment that is sold.

## LOCAL NEWS

### BODY RECOVERED

School Inspector McLean received word this morning that the body of his nephew, Arthur E. Hamilton, who was drowned in Lake de Bonnet, Manitoba, on last Friday, had been recovered and would reach Ottawa on Tuesday.

### DIED IN MILWAUKEE

Friends in St. John will be sorry to learn of the death of Miss Eunice Beverly, daughter of the late C. L. and Frances Work, which occurred in Milwaukee last week. Interment took place in New York.

### THE PAVING

The bituminous pavement on half of the north side of King Square will probably be finished tonight. Rapid progress is being made, and the moment the roller is placed on the surface, and the roller goes over it, it will be ready for traffic.

### DEATH OF BABY

Mr. and Mrs. Gerald Northrop, of 187 Victoria street, will have the sympathy of their friends in the loss of their infant son, Robert Allen, aged eleven months, which occurred yesterday. The funeral will take place from the parents' residence on Tuesday afternoon at 2:30 o'clock.

### A GREAT SUCCESS

In the Cathedral yesterday His Lordship Bishop LeBlanc announced the net receipts of the Cathedral Sunday school picnic for the orphans as \$176.16, the largest ever realized, and \$800 more than last year. He warmly thanked the committee and all, and expressed great gratification at the handsome returns.

### PILOT LAHEY ESTATE

In the probate court today the matter of the estate of Frank L. Lahey, pilot, was taken up. He died intestate, leaving his wife, Mary, and four children, Frances Helen, Maude Elizabeth, Edith and Winifred, all infants. On the petition of the widow she was appointed administratrix. There is no real estate; personal estate \$800. J. Starr Tait is proctor.

### AHEAD OF TIME

The steamer Quebec arrived at Indian-town ahead of time this morning and caught the street railway napping. There was no car at Indian-town when the passengers went ashore and they were therefore delayed more than usual in reaching the city. This was a perfect morning on the river and the people enjoyed it all the more because it was so near the end of the summer holiday season. As usual the Quebec had a very large passenger list.

### HERE'S THE BALLOT

Tomorrow's Vote in St. John And What it Means

The following is the form of ballot which will be used tomorrow in taking the vote on appeal from the amendment to the building by-law.

### SPECIAL ELECTION

Building District By-law

25th August, 1913

Shall the by-law changing the building districts in the City of St. John take effect?

YES  
NO

(Signed)  
HERBERT E. WARDROP,  
Common Clerk.

The principal feature of the by-law to which objection was taken by petition was not the change in the fire districts, but the provision which was also included in the new law, that no wooden building of more than two stories in height should be erected anywhere in the city except in Stanley ward and this is the issue on which the effect is being taken. Those in favor of continuing the construction of wooden "three-deckers" in any part of the city not included in the brick district will vote "no" by scoring out the word "yes," and those in favor of the modern regulations will score out the word "no."

### THE BASEBALL SITUATION

N. B. and Maine League Standing

| Team         | Won | Lost | P.C. |
|--------------|-----|------|------|
| Frederickton | 41  | 24   | .631 |
| Marathons    | 42  | 29   | .592 |
| St. Croix    | 31  | 31   | .500 |
| Bangor       | 18  | 48   | .375 |

Although the corrected standing for the New Brunswick and Maine baseball league, including Saturday's game, as here given shows the Frederickton team in the lead it will be noticed that the Marathons won a larger number of games than the leaders and it is only fair to expect that by the time the Fredericktons had played an equal number of games the standing would have changed considerably. As the Marathons had played six more games than Frederickton it is contended that the pennant can hardly be claimed by the latter team at this stage of the proceedings.

The real test of the merits of these two teams will be made in the series of thirteen games the first of which will be played in Frederickton this afternoon. As St. Croix and Bangor have dropped out these games are regarded as a continuation of the league series and that to the winners will go the championship of this territory.

The management of the St. Croix team announced their decision to disband on Saturday and a telegram which amounted to the same effect was received from the president of the Bangor club. The latter wired that ball park would not be available this week on account of the fair but offered to play at Calais or St. Stephen if money for both games was wired on Saturday and to play four games at St. John this week under the same conditions. At such an arrangement was contrary to the previous customs and the management here felt under no obligation to advance money for the purpose the telegram was taken to mean that Bangor wished to drop out.

A Frederickton dispatch says:—There seems to be some hitch over the special series of games to be played by St. John and Frederickton. The Marathons want thirteen games, Frederickton only nine. It has been proposed as a compromise that eleven be played. Negotiations are going on today. The Marathons are here today to play the first of the series. Pitcher Dedrich will probably return to his home tomorrow.

## SERIOUS CHARGE IS MADE AGAINST ONE OF SCHOENER'S CREW

### Captain Says Man of the Roger Drury Left His Post in Thick Weather in the Bay, Endangering Lives—He Denies

The serious charge of refusing duty on the high seas was brought against a sailor, Robert Linder, by Captain William R. Johnson, of the American schooner Roger Drury. Linder had been unwilling to work on several occasions, the Captain said, but until he left his post on a thick foggy night the schooner was in the track of the American boat and surrounded by a fleet of fishing vessels, he had overlooked his omissions. He did this, however, the Captain said, one night off Dipper Harbor and had thereby endangered many lives.

After that offence he felt the only thing to do was to take the sailor brought before the court.

The mate of the Drury backed up the captain's evidence. Linder, who is a Russian Finn, had a great deal of trouble in making himself understood, but after long questioning by the other stories, asked for two of the sailors of the vessel as witnesses. As it was also necessary to consult the American consul, the case was set aside until this afternoon. Earle Logan appeared for Captain Johnson.

## DEATH OF JOHN BODEN BRINGS MUCH SORROW TO ST. JOHN

### He Had Won His Way to High Place in New York Newspaper Life

News of the death of John Boden which occurred early yesterday morning in New York was heard in St. John with great regret by a great many old-time friends who, although many of them had not seen him in years, still fondly cherished the memory of this man of sterling character and genial disposition and a true friend. Although he had not visited St. John since 1887 he still took an keen interest in its welfare, and many who went from here and sought a footing in the big metropolis found in him a friend of value with a big, warm heart. He had helped more than one man in the big city.

Mr. Boden came to wield considerable influence in New York. On leaving St. John, where he was engaged in newspaper work, being at the time city editor of the Daily Telegraph, he soon won a name for himself in the big city. One of the great dailes at the time was advertising a price of \$100 to the one writing the most valuable essay about certain alleged defects in a new libel law then before the legislature, and entering his contest. Mr. Boden won the prize. This established him quite firmly and he rose rapidly from the position of reporter to political writer on the "Press" and afterwards became managing editor. He was appointed secretary of the Democratic Committee by Governor Morton and besides this was official handicapper of the Canadian tracks at Montreal. He also owned some very fast horses. While on the "Press" his work as sporting writer caused him to travel extensively through the state, so that his acquaintanceship was very large.

Born in the North End of this city and living here for some years, Mr. Boden was very popular on account of his many fine qualities and strong personality. His primary education was received at the public schools, and then he went to St. Joseph's University where he received the B. A. degree, graduating with honors. He studied for the legal profession and was a member of the law firm of Carlton & Boden, the present Judge Carlton being the other partner. His Honor had graduated with him at St. Joseph's in the same year with His Grace Archbishop Casey and Rev. J. J. Walsh.

Mr. Boden took an active interest in local politics, and followed politics when he went to New York, so much so that he was offered the nomination as Democratic candidate in that state for congress a few years ago.

He had offered himself here as a Liberal candidate, with labor interests a strong plank in his platform, but though receiving the nomination and hearty support, he retired before the election came. He was a prominent platform speaker and was noted for eloquence and force of expression. Though only a young man, he was much respected for his hearty and earnest nature.

In St. John and his departure for New York was at the time a cause for much regret.

The various successes with which he met in the United States metropolis in after years were heard of here by his friends with pleasure but the joy was turned to sorrow today when they learned of his death at the age of fifty-two years at his summer home in Spring Valley.

His mother and two brothers survive. He was unmarried, and lived with his mother. They were frequently visited by St. John people going to New York and to all he extended the hand of greeting.

## MOTOR BOAT DRIVEN ASHORE

### County Secretary, to the Rescue, Tows The Bonnie Jean to His Camp

While going up river on Saturday afternoon, the motor boat Bonnie Jean was blown ashore during one of the worst storms of the season. The wind was blowing at the rate of more than forty miles an hour, and in passing Land's End, about three o'clock in the afternoon, the boat—a small one—became unmanageable and was thrown by the waves, with considerable force, on the rocks and damaged badly.

J. King Kelley was also going up river about the same time in his motor boat, "Barbara," and he threw a line to the disabled boat and towed her as far as his camp at Sand Point.

Among those on the "Bonnie Jean" at the time of the disaster were W. E. Denings, of North End, and Thomas Davies. The boat is owned by George Crosby. She is leaking considerably as a result of the accident.
