NEW YORK, May 26.—The speed boat Baby Car IV, owned by Gar Wood of Detroit, beat the Twentieth Century Limited, crack New York Central train, from Albany to New York today.

The speed boat roared away from Albany down the Hudson River even with the train early this morning. It arrived at the Columbia Boat Club, 186th street, New York, at 9:30 a. m. The craft's time for the journey was two hours and 38 minutes.

The train was not due until 10:40 a. m.

MEMBER OF CARROLL PLAYERS MARRIES

W. R. Lowry (James Swift) and Miss A. C. Lawson Wed Here.

A wedding of interest to a great many friends throughout the Province took place in the Cathedral of the Immaculate Conception here on Monday morning when Miss Alice Carmel Lawson, daughter of Mr. and Mrs. W. E. Lawson, Crown Street, became the bride of William R. Lowry, known on the stage as James Swift, who has been a member of the F. James Carroll Players here since at Halifax for the last two seasons. The ceremony was performed by Rev. Eugene Heywood.

The bride wore an attractive costume of blonde satin, a wrap of the same color trimmed with fur and hat to correspond and carried a shower bouquet of butterfly roses. She was attended by her sister, Miss Gladys Lawson, who wore an ensemble suit of wine red with French hat. The bride's father, Frank, was best man. After the ceremony a reception was held at the home of the bride's parents and was given by Mr. and Mrs. Lowry left on the Boston train for New York.

After a few days there they will proceed to Groversville, Mass., where the groom will join Mr. Carroll's company, opening there soon. Amongst the guests present at the wedding were Mr. and Mrs. L. F. Webster, of Boston, the latter a sister of the bride.

Calls Church Union In Canada Great Move For Christianity

COLUMBUS, O., May 26.—That the statement that the union of the Presbyterian church in Canada with the Congregationalists and Methodists was "a tragedy" for the first denomination, was a falsehood and that there is no greater movement in the world today for Christianity than in Canada, was the contention of the Rev. J. Duncan Harley of White Fish, Montana, of the assertion of Rev. Henry B. Kirkland, Germantown, Pa., at the Presbyterian

WIDER SCOPE LIKELY AFTER CABINET SCRAP

Previously Dominions Asked Only To Reply to Questions

FRENCH CRISIS

Difficulty Encountered In Matching Views on Security Pact With Germany

LONDON, May 26.—Canada and other Dominions will shortly be asked by the government for definite views on the foreign policy of the Empire in order that the British may know clearly what policy it is the wish of a United Empire to pursue.

Hitherto the Dominions have merely answered specific questions that have been put to them but the time is rapidly approaching when positive views will have to be expressed in order to settle the controversy over foreign policy which has been raging within the cabinet with varying intensity.

SECURITY PACT

The Dominions have been informed of the general views of the government but now that France has replied to the questions submitted by Mr. Chamberlain with regard to a security pact the ministers going to work today will have to consider the policy upon which the Dominions will be fully consulted. This consultation will be in the form of a conference on a foreign policy.

FRENCH ATTITUDE

While Briand's replies to Chamberlain's questions show the wide divergence of opinion between British and French policies, the French want the right to send troops across Germany to defend Poland under cover of league action while they also demand guarantees that Germany will not attempt even peacefully to revise the eastern frontier or to abolish the Danzig corridor.

The British say they do not hope that any pact can be secured if France persists in such demands and it appears that Britain and France will have to pursue separate policies unless France changes its, this is the reason why it is considered desirable to consult the Dominions.

TOKIO, May 26.—Despatches from the Nichi Nichi correspondent at Kagoshima report the explosion of Mount Suwayama, an active volcano on Suwayama Island. The eruption sent huge rocks tumbling down the mountain, crushing a number of dwellers at the base. The inhabitants fled to Nakashima Island.

FREIGHTER PASSES THROUGH STRAITS

Latvian Steamer First to Negotiate Belle Isle on Way to Sen.

QUEBEC, Que., May 26.—The Latvian freight steamer Skants has captured the honor of being the first steamer to pass through the Straits of Belle Isle this season of navigation, to judge from a report of the Signal Service office, which credits the vessel with having passed the entrance to the straits at 8 o'clock Sunday night, on its way to the Atlantic Ocean and Mediterranean ports.

MORE MAY TRY.

The fact that one freighter had negotiated the strait successfully may cause many other similar vessels to try the route, but it is not expected passenger liners will do so for the next three or four days at least.

Henry J. Burgeois Is Dead In Moncton

Special to the Times-Star.
MONCTON, May 26.—Henry J. Burgeois passed away at his home here on Sunday evening. He was born at St. Anacostie in 1871. BUSINESS BETTER IS VISITOR'S WORD

J. Eisenstadt of Montreal Inspecting Branches of Robinson's Clothes Inc.

J. Eisenstadt, Montreal, of Robinson's Clothes, Ltd., arrived in the city yesterday on an inspection trip of the branches of the company in the Maritime Provinces. He arrived here while the big "change of policy" sale of Robinson's was in progress, and expressed himself as much pleased with the response of the people of Saint John to the appeal of the company.

Mr. Eisenstadt, who travels all over Canada, expressed himself as pleased with the signs of improvement noted in business of all lines, and said he found merchants everywhere had a more optimistic outlook for the future. The general improvement in business conditions was reflected in the volume of sales in the branches operated by Robinson's in various centres of the Dominion, from the Atlantic to the Pacific, which was showing a satisfactory increase over last year.

PRIZE WINNERS' NAMES ANNOUNCED

Results in Trinity Church Sunday School Examinations Given Out Today.

Harold Vincent, superintendent of Trinity Church Sunday School announced this morning the prize winners in the recent examinations of the graded classes. Rev. C. Gordon Lawrence, rector of the church, was the examiner, and expressed himself as greatly pleased. Out of 80 applying, 73 took the papers and very few missed the papers and many took over 80.

THOSE IN THE HOSPITAL

Three others in the party, Mr. McCarthy, Miss Margaret Kane, Glen Falls, and Miss Margaret Trainor, sister of Miss Christina Trainor, were also taken to the hospital and after their injuries had been attended to, they were allowed to go home. Mr. McCarthy went to Mispec this morning to salvage the remains of the car.

Detectives Bidlicombe and Kilpatrick, who responded to the call for assistance last evening along with the police patrol and the ambulance, said that it was only a miracle that all of the occupants who had fallen on the rocks were not killed. It was a fortunate they said that the car struck the abutment as had been the case on the bridge and crashed through the bridge railing they would have been precipitated into the river, 75 feet below, and probably all drowned.

DOOR LEFT OPEN

A Dock street merchant believed a break had been made into his store when he arrived on the job this morning and noticed the door open and a track on the floor. He found, however, that nothing had been disturbed. He notified the police, and they reported to him that his door had been left open.

N.B. FIRM AWARDED \$60,000 CONTRACT

Brewer and Bonne to Build Road Between Houlton and Woodstock.

WOODSTOCK, May 26—In the program of road building that is being inaugurated by the State of Maine the contract for three and a quarter miles of road from the boundary line to Houlton, that is between Woodstock and Houlton, has been awarded to Brewer and Bonne at a price of \$60,000. The work will be commenced at once. Mr. Brewer, who was formerly of the firm of Powers and Brewer, with his present associate, Mr. Boone, has already secured \$200,000 contracts in the State of Maine this summer.

To Construct Boulevard. It is also announced that the piece of road between Woodstock and the boundary will be reconstructed according to the plans of the Public Works Department of New Brunswick, making 12 miles which will be one of the main entrances to Canada from the United States almost a boulevard as it is understood that Premier Veniot intends carrying out this work as thoroughly as possible.

Blind Fish Are Found To Have Three Hearts

A blind fish with three hearts which abounds in Monterey Bay, Cal., is described in the current issue of the Scientific American. It is known as the "haighfish" and has a sense of smell which is controlled by some unknown kind of chemical guidance which has baffled science so far. It is a parasitic creature and so voracious that it has seriously interfered with net fishing in the bay.

Acadia Seminary Holds Class Day

Wolfville, N. S., May 25—The annual class day exercises of the graduating class of Acadia Ladies' Seminary were held in University Hall this afternoon. After the entrance march the class president, Miss Lena Price, gave an address of welcome. The roll call, reading of the minutes, election of officers and other routine business were run through, after which a short programme was given. This year the program took the form of a paper in three parts which were read charmingly by the Misses Mary Fearon and Alexandria McLean. A duet by Misses Mary Brady and Doris Laird and a piano solo by Miss Margaret Barnaby were the musical numbers on the program. Miss Evelyn Hatfield gave the class valedictory and following a presentation and announcements by Dr. De Wolfe, the class of 1925 marched out of their last class meeting at Acadia.

Automobile Business Near Saturation Point

CHICAGO, May 25—Automobiles and other users of gasoline will consume 10,235,000,000 gallons in the United States in 1925, according to DeWitt Foster, economist of the American Research Foundation. In 1924, 7,780,625,000 gallons were used. "It is apparent," said Foster, that the automobile business has approached the condition of stabilization with 16,000,000 cars on the roads of the United States in 1925. Stabilization is a word apparently much preferred to 'saturation' but it means nearly the same thing in this application. Replacement, amounting to about 2,250,000 cars a year, will be the backbone of the industry. Normal growth of approximately 1-3 per cent. a year will come from new business."

Miserable and Always in Pain Lydia E. Pinkham's Vegetable Compound a Dependable Help to Mothers. Port Greville, N. S.—"I took your medicine for a terrible pain in my side and for weakness and headaches. It seemed to blast all over, too, and my feet and hands were the worst. I am the mother of four children and I am nursing my baby—the first one of four I could nurse. I took Lydia E. Pinkham's Vegetable Compound and before the baby's birth, so you can see how much it helped me. I cannot praise it too highly for what it has done for me. I took all kinds of medicine, but the Vegetable Compound is the only one that has helped me for any length of time. I recommend it to any one with troubles like mine and you may use my letter for a testimonial."—Mrs. ROBERT McCULLY, Port Greville, Nova Scotia. Before and after childbirth the mother will find Lydia E. Pinkham's Vegetable Compound a blessing. Many, many letters are received giving the same sort of experience as is given in this letter. Not only is the mother benefited, but these good results pass on to the child. No harmful drugs are used in the preparation of this medicine—it just roots and herbs—and it can be taken in safety by the nursing mother. 98 out of every 100 women reported benefit from its use in a recent canvass among women users of this medicine.

Your grandparents relied on ENO Years before the C.P.R. spanned Canada, ENO's "Fruit Salt" had found its way across the continent. As years have sped, its sterling merits have become more and more widely acknowledged. Now there is not a corner of the civilized world where the morning "dash" of ENO is not part and parcel of life as it should be lived. ENO excels because it is the one simple, pleasant and, above all, natural way to ensure internal cleanliness. You never wish you hadn't taken ENO, as perhaps you have wished with other laxatives. It doesn't do good to-day to leave you worse to-morrow. It excels, too, because of its purity, its unchanging high quality, its freedom from purgative mineral salts and sugar and flavouring matter. The rule of our grandparents—ENO's "Fruit Salt" first thing every morning—is as sound to-day as ever it was. Sales Representatives for North America Harold F. SAINT JOHN, N. B., MAY 26, 1925.

VISCOUNT GREY SUMS UP

In concluding his Memoirs Viscount Grey of Fallodon, former British Foreign Secretary, says there can be no secure peace until the great nations "have a consensus of opinion among them sufficient to inspire confidence that they will stand by each other to avoid, to suppress, or to isolate war."
He does not expect the abolition of armaments in the near future, but he believes competition in armaments to be a deadly peril bound to bring frightful disaster to the world if long pursued.
He was Secretary of State for Foreign Affairs for eleven years, and during all that time the chief nations had been increasing their fighting forces by land and sea on the theory that in preparing for war they were promoting the security which they desired, but the effect was that a sense of apprehension resulted all round. Germany was forcing the pace in armaments, and Viscount Grey says that by so doing and by her policy of exclusive alliances from 1870 forward she was responsible for the war. He feels that if the Allies continue to pile up armaments that course will be followed by a new state of apprehension followed in time by another conflict.
If Germany has learned nothing from the war, then Britain, France and Belgium will be driven, as a last resort, to follow the old policy of preparation on a great scale, but Viscount Grey hopes this may be avoided. He is not yet willing to assume that even the Germans fail to see that there can be no security for any nation unless it is a security in which neighboring states have an equal share. He feels that there must always be danger of disaster unless the nations, as a result of the last war, understand that another one would mean physical, moral, and economic ruin. In looking back to 1914 and then looking forward to the future, he says that the progress of civilization must depend upon the existence of a more enlightened spirit than there was before the last war. If no such spirit prevails European civilization will go the way of others before it, and the future progress of mankind will depend on the rise of something new, outside of Europe and perhaps not of European race.
He does not see as yet any very great advance toward real security, but he sees hope in the fact that public opinion, while not yet decisive, is no longer indifferent. He evidently hopes that the next stage will be public recognition in all countries that only a sense of security can prevent further growth and competition in armaments. How is this desired and vitally necessary sense of security to be gained? "That," he says, "will require the combined effort of all the great peoples together, and in order that they shall make that effort they must first come fully to realize that the solution of these problems is the supreme need of civilized mankind."

NOT YET AGREED.

This morning's cablegrams indicate that the British and French have not yet arrived at an agreement as to what should be their attitude toward German disarmament and the proposed security pact intended to relieve French anxiety as to future military aggression and still recognize such rights as Germany would have if she joined the League of Nations. For some weeks past a report made by a commission headed by Foch, which investigated German armaments, has been under discussion by the Allies, and on several occasions it has been reported that the British and French had found common ground, but these reports seem to have been premature. At all events the Westminster Gazette says positively today that the French reply to recent British inquiries reveals "a great divergence" between the views of the two nations, adding somewhat significantly: "Unless some compromise is reached it looks as if Great Britain and France will have to pursue separate paths."
It was reported recently that the British Cabinet was not entirely in agreement as to these matters, and it was said that rumors concerning the possible retirement of the British Foreign Minister were due to his belief that the best course would be a pact including Britain, France and Belgium, looking to their own security, while other members of the Cabinet were said to favor the inclusion of Germany in such a treaty. After considerable delay and many rumors, the exact nature of the French proposal is still unknown to the public, but London evidently still hopes for a compromise which will permit Germany's ultimate membership in the League of Nations and still give the assurances which the French Government deems necessary, that in case of bad faith or dangerous progress by the militarist party in Germany, France and Belgium could count upon the effective support of

GOOD PROGRESS.

More effective organization to lessen the ravages of preventable diseases continues all over Canada, and the gain becomes more marked as the fight proceeds. What has been done already to reduce deaths from typhoid in Canada is really wonderful judged by former standards. The fight against tuberculosis is becoming better organized all the time, and public recognition of what has been done and what more can be done is constantly growing.
Some recent figures dealing with the war against tuberculosis in Toronto are presented by the Chief Health Officer of Ontario. In that province he says that \$1,500,000 is spent annually in anti-tuberculosis work alone, in addition to annual grants by governments and councils, and the results show that the money has been indeed well invested. Toronto is believed to have one of the most effective local public health administrations in the country, and some statistics concerning the work there must give strong encouragement to health workers all over Canada. Take, for example, the comparatively short period from 1910 to 1924, inclusive. In 1910, when the population of Toronto was 342,000, the deaths from tuberculosis were at the rate of 139 per 100,000. By 1914 the population had grown to 470,000, and the deaths from tuberculosis were at the rate of 102 per 100,000. This was reduced to sixty-five in 1923. Toronto then had a population of 538,000, and deaths from tuberculosis numbered 331, whereas in 1910, when the population was 342,000, they numbered 446. In 1924, with an estimated population of 542,000, the deaths due to tuberculosis were 338, or at the rate of sixty-two per 100,000. These deaths included those of Toronto patients in sanatoria outside that city.
Thus it is seen that the death rate from tuberculosis has been cut in half in fifteen years. What might have happened but for this intensive warfare against the disease it is scarcely necessary to ask. The fight against pneumonia and some other diseases is by no means so encouraging, but year by year, although many so-called cures turn out to be disappointing or useless, steady progress is made not only in the work of preventing diseases, but in their treatment, and the general situation constantly improves. In these days the public scarcely needs the warning that it should regard reports of new medical discoveries with caution until they have been pronounced upon authoritatively by the medical profession.

Odds and Ends

"You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."

"The Man Who Won the War."

(The Passing World in Manitoba Free Press.)
We observe that Mr. Asquith (Lord Oxford) has been saying who were the men who won the war. Apparently he named five men as having won the war: to wit, Jellicoe, Haig, Lloyd George, Kitchener and Sir John Cowan. This list could be extended quite a bit; it leaves out, for example, Winston Churchill, Horatio Bottomley, the Daily Mail and Sir Harry Lauder; and this is not even mentioning the numerous fat books of explanations about how the war was won by generals and admirals, whose names, as a matter of fact, we have forgotten. There was certainly quite a flock of distinguished citizens who "won the war," but in those illustrious chronicles one name seems to be left out, that of Thomas Atkins, and with all due respect to Lord Oxford, Mr. Atkins was the guy who trimmed the Kaiser and made the world safe for what was it, again?—safe for democracy. Thomas, undoubtedly, won the war. When the war started Atkins was new to the business. He, right off the bat, got killed very dead at Mons, and the great battle along the Marne river, but making a quick recovery he fought the bitter actions that planned the Germans down in the trenches in Belgium and North France. The generals and conspicuous persons sometimes hailed him up, but with orders that wouldn't work, and Atkins was constantly being blown up, and maimed, and gassed, and amputated, and sent home on sick leave. But he did not allow these minor details to discourage

Fashion or Health.

(Chicago Journal of Commerce.)
If one may judge from the advertisements of feminine garments, the great god Fashion is devoted to thin, bony, angular and skiny women. The drawings of the modes reveal only such creatures in poses of indolence, with flat bodies instead of round, and countenances in which there is no trace of character. The style photographs are better and have some animation, but a pretty face and a slender body are sought for them.
Fat, even plumpness, seems a crime to the creators of women's styles. Why, no man knows, unless they make draping more difficult. Yet health is the greatest charm a girl can have for the critical observer, and it requires plumpness, not leanness. A woman physically fit, but thin, young and old will talk about, but men, young and old will be surprised by what she says. She tells us that our stylish girls are avoiding fattening foods lest they take on the few pounds always necessary for the health of the young. These young women go on a semi-starvation diet in order to meet the models made by the perverted artists of style.
The results of this denial, the lady says, are hungry nerves, irritability, restlessness and discontent. All are dangerous symptoms of worse things to follow. A clever young man will shun a nervous woman, and will not be unwise if he avoids centering his affections on one of them. The most glorious possession of the young is unimpaired health. That it is necessary to warn girls against leanness shows a servile obedience to style models that is remarkable, particularly in view of the fact that it leads to a partial or complete loss of the beauty which health preserves.

HEART TROUBLE

SHORTNESS OF BREATH
Mrs. Geo. E. Bowman, Morrisburg, Ont., writes:—"I am writing you a few lines to let you know of my experience with Milburn's Heart and Nerve Pills. Two years ago I became very poorly with my heart and nerves and whenever I took the least little bit of exercise my heart would start to jump and flutter. I could not walk up-stairs without having to sit down and rest before I was half-way up, on account of my breath becoming so short. I commenced taking MILBURN'S HEART AND NERVE PILLS and in no time I felt a great improvement, and can now heartily recommend them to all those who are troubled with any affection of the heart."

C. MAGNUSSON HAS RETURNED

Saint John Man Will Report on Immigration to Government

Visits Scandinavia and Other Sections and Speaks of Conditions.

Charles Magnusson, head of the firm of Charles Magnusson and Son, arrived home yesterday after three and one-half months spent in Europe on N. B. immigration mission.

As regards Europe he said business conditions were generally fair but that some countries were better or worse than others.

Talking of Germany, he confided the most of his remarks to the recent presidential election.

SCANDINAVIA Russia also appeared to be becoming more normal in business affairs.

Norway, Mr. Magnusson said, was none too well off financially but the people were clever in business and were looking for improved finances soon.

GLASSES OFTEN NECESSARY
EYE strain, often a cause of headache, may be due to reading too long a period at one time, or reading in a poor light.
 Sewing and needle work also is hard on the eyes.
 In the school room near-sighted children should have seats near the blackboard, or near a window to enable them to see without straining the eyes.
 Good eyeglasses sometimes are necessary, even for small children. Before using them, however, one should be certain that other natural means of correction have been exhausted.
 Poor glasses may only aggravate the condition of the eyes, and lead to other more serious disorders of vision.
 Also it is a difficult matter to see well without lenses, after one has become used to them.

Adventures of the Twins

By OLIVE ROBERTS BARTON.
 PETER PENGUIN MAKES A VISIT.

Scarcely had Mister Wild Duck faken himself off, when Nick exclaimed, "Oh, Doctor Bill, here comes another bird that looks like a bishop. He has a black coat and a white shirt front and he's fat and straight and sort of leans backward."
 Doctor Bill, the bird doctor, laughed and laughed. "That's right, Nick," he exclaimed, looking where Nick was pointing. "It's Peter Penguin. He does look like a bishop. He visits me once a year to tell me the news. We are old friends. How are you, Peter?" he asked as the fat bird waddled in and looked at them all with his funny round eyes. "I'm all right so far," said Peter Penguin. "But it's only because I have enough sense to come away when the coming is good. It's about this time of year that boat loads of men come to our island and kill us by hundreds. I always get away first."
 "What do they want to kill so many of you for?" asked Nancy sympathetically.
 "They say that we are extra oily and they boil us down to make penguin oil. I don't know what it is used for, and I don't care," he added indignantly.
 "Won't you sit down and tell us the news?" invited Doctor Bill.
 "Thanks, I am sitting," said the bird.

called sea-gees, for they really belong to the goose family, but their legs are so far back on their bodies they have a hard time walking. They live on the water most of the year."
 "That is interesting," said Nick. "Are there any others?"
 "Looks," said Peter Penguin with a strangled air. "There are the sea-parrots, too! They are called puffin birds, but they look exactly like parrots. They have enormous bills which make it easy to catch fish.
 "And then there are the gullimots, which have the same habits as the puffins and are always found near them. The gullimots look at lot like me," said the penguin. "Only they can fly and I can't. The puffin birds and gullimots have some friends they never leave. These three kinds of birds—the puffins, gullimots and razor bills, all live near to each other on high rocky cliffs beside the sea. You will see thousands of them together at a time. They jump off the rocks and fly down to the sea to catch fish."
 "There are other interesting things not only about these birds, but about other sea-birds as well," said Peter Penguin importantly.
 "Then," coaxed Nancy, "do tell us, won't you?"

POWER EXPORT TAX DEBATED

Premier King Tells Drayton Matter Still is Under Consideration.

Levy Not Ultra Vires, Says Report From Department of Justice.

OTTAWA, May 25.—Sir Henry Drayton, Conservative, West York, enquired in the House this afternoon if the Government had come to any decision in regard to the request of Western Ontario municipalities to be afforded relief from the export tax on long term contracts for exportation of power to United States.

"The matter is under consideration," replied Premier King.

ISNT ULTRA VIRES.

The proposed Federal export tax on power is not ultra vires, according to a ruling of the Department of Justice. The statement was made in the House of Commons this afternoon by the Prime Minister in answering verbally some questions on the order paper regarding that tax and in the name of T. A. Church, North Toronto. Premier King also stated that application has been received by the Department of Railways and Canals for the Carillou Power lease, but up to

the present matter has not been before the Federal Cabinet for consideration.

Asked by Sir Henry Drayton what was the nature of the ruling of the Department of Justice, Hon. Ernest Lapointe, the Minister of Justice, said it had been the custom to treat as

confidential rulings on the part of that department for any other department of the Dominion Government.

FIREMEN'S CIRCUS

St. Andrew's Rink Scene of Entertaining Features Under Local Auspices.

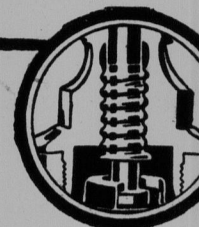

The Firemen's Indoor Circus opened in St. Andrew's Rink, Charlotte street, with a large attendance last evening

and all present left the building well satisfied with the show. W. Hamilton and R. W. Rogers are managers of the circus and a strong committee of the local permanent firemen are looking after the different booths and games. In addition to the numerous games, merry-go-round, kiddies ride, which is similar to a merry-go-round, house house, blanket boot, doll and clock booths, candy race track, Japanese

booth, and many other attractions, there is something new to this city in the form of a balloon race. Here patrons turn wheels forcing air into toy balloons held in the mouths of small

clowns and the person who bursts the first balloon wins the prize. Then there is a strong man who bends iron bars and allows some person from the audience to use a sledge hammer in breaking a heavy stone on his chest, he

also drives an iron spike through a plank with his naked hand. The Williams Brothers are seen in clever ring stunts, D. Farrell & Co. contortionists, as well as acrobatic and horizontal-bar performers give acts.

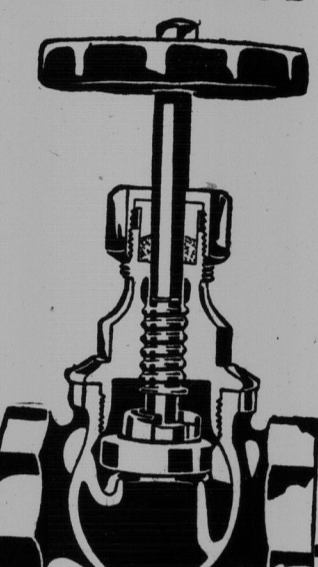

More Engaged Spindle Threads in Fairbanks Globe Valves

Note the unusual length of the threaded portion on the stem and in the hub of Fairbanks Globe Valves. Open or closed this Valve has an unusual number of threads engaged to ensure strength and to combat wear. For example a 2-inch valve has five threads engaged when open and four when closed.

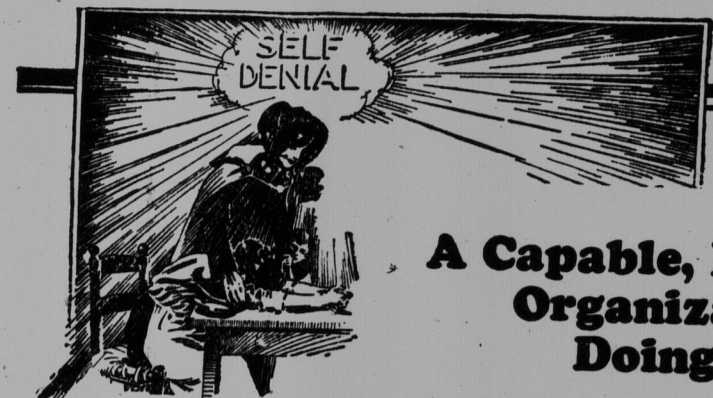

Other outstanding features of Fairbanks Valves are the integral disc and disc holder which can be removed in less than a minute; full rounded seat which prevents lodgment of scale and sediment.

Fairbanks Globe Valves open up wider than others, giving a clear passage, with no nuts or washers to obstruct the flow. They are strong and heavy and of very high quality metal.

Can be packed under pressure when wide open.

PRESIDENT OF SHAWINIGAN AGAINST MOVE

REFERS PARTICULARLY TO CARILLON PROJECT

Says Domestic Needs in Few Years Will Absorb All Available.

MONTREAL, May 26—The exportation of Canadian power to the United States must inevitably prove, sooner or later, a bad bargain for Canada, stated Julian C. Smith, vice-president and general manager of the Shawinigan Water and Power Company, in the course of an interview here yesterday.

He discussed the question of power exportation with special reference to proposals before the Federal government for the water power concessions at Carillon, on the Ottawa River.

NONE TO SPARE

There is no territory, he said, along the international boundary from the Atlantic to the Pacific, where Canadian power can be safely stored for exportation.

AN ANALYSIS of the future power requirements in the various provinces indicates that it is only a matter of a comparatively few years, when domestic needs will absorb all the power that can be economically developed within transmission range of the boundary, from New Brunswick to British Columbia.

Many at Wembley Notice Their Absence From Parade of Military.

LONDON, May 25—Many of those present at the Empire Thanksgiving service at Wembley stadium yesterday attended by Their Majesties the King and Queen, were surprised to discover that members of the Royal Canadian Mounted Police now doing duty at the Canadian Pavilion of the British Empire Exhibition, found no place in the military procession.

The only thing that Canadian officials at the exhibition would say today was that last year members of the Canadian force were invited to participate in the ceremony, but that this year no invitation was forthcoming.

The Wembley authorities stated that they were not responsible for the arrangements in connection with the service, which rested with the Department of Overseas Trade.

NIAGARA DEVELOPS NEW BEAUTY SOURCE

Falls Painted in Glowing Colors by Searchlights in Night Hours—Thousands Revel at Sight—Maritime Province Man is Designer.

NIAGARA FALLS, N. Y., May 26.—Mighty Niagara, object of wonderment throughout the ages, last night was transformed by the hand of man into a new source of beauty—an ever-changing wall of countless colors, heightened in their intensity by the blackness of night, which hovered above.

The event marked the formal opening of a new illumination project designed to supersede the flood lighting of the falls in effect since 1907. Installed by the General Electric Company, and designed by W. D'Arcy Ryan, head of the firm, the new lighting takes the form of a battery of 24 thirty-six inch searchlights mounted on a parapet on the Canadian side of the Niagara river, from which an unobstructed view is obtained of the entire rapids, and wall of falling water.

THOUSANDS WATCH
Early last night, long before darkness had fallen, thousands of persons lined the high banks of the river opposite the falls. The long beams of the lights, flashing about the sky, soon attracted other hundreds and by the time of the first feature on the programme—a reproduction of the lighting seen here during the eclipse in January, the vantage points were packed.

HOLIDAY WAS WELL OBSERVED

Many Visited Suburban Homes During the Week-End.

Baseball, Golf and Theatres Attracted Large Numbers of Pleasure Seekers.

While the sun failed to make its appearance yesterday the holiday seekers had a good time and found the weather in the country fairly warm. In the city the cold weather interfered to some extent with the outdoor sports but the theatres had bumper houses. The suburban trains were crowded with pleasure seekers and others going out to the country to fix up a bit before moving to the country home for the summer.

Few in Rockwood.

Rockwood Park saw the smallest holiday crowd it has had for some years and the few people who did make a trip to the Park did not linger at all in windy spots or venture on the lake in great numbers.

Suburban Gardens.
At Grand Bay many summer residents moved out and much work was done in putting homes to rights and planting gardens. Gardening activities were in progress on a larger scale than ever. At night the first dance of the season was held in the pavilion. About five new cottages were built this season and nearly all of the cottages at Grand Bay are already occupied. The summer community is expecting a good season.

At Westfield there were between 30 and 40 on the golf links but the day was without any special event. The official opening of the Club takes place on June 8.

At Riverside.

At the Riverside Golf and Country Club the new regulations were in force and it was a "men only" day. Thomas McAvity with a net score of 88 won the medal competition in the morning and in the afternoon match against bogie Thomas Bell won one down to bogie. There were large numbers at the Club during the day. The official opening of the Club will take place on June 8 when there will be a president versus vice-president match in the morning and mixed foursomes in the afternoon.

Yachts on River.

The R. K. Y. C. held its opening yesterday and a few of the yachts went on week-end cruises. The wind was quite stiff on Saturday and Sunday but yesterday there was only a slight breeze. The members had an informal social dance in the Club House in the evening.

Power Club Opening.

The Saint John Power Boat Club opened its season officially with some ceremony. A new flag was raised on the clubhouse flagstaff with Commodore F. M. McKelvie taking charge of the ceremony and all of the officers present. About 100 of the motor boats went on the cruise the majority going to Crystal Beach but others getting as far as the Coders. All the fleet made time and there were no mishaps re- sulting in anchorages in Marble Cove at night ported during the day.

Two Dead, Lad Hurt in Sydney Car Accidents

SYDNEY, May 25—Two persons are dead and a young boy lies in the city hospital seriously injured about the head and body as a result of accidents occurring in Sydney and vicinity over the holiday. Mrs. Frederick T. Nichol died in the city hospital this morning from injuries caused when she was struck by an automobile on Saturday.

The second fatality occurred on the Balls Creek bridge about ten miles from the city, when Alex. J. Ball, 89, a resident of the district, was run over by the outgoing Sydney morning express and instantly killed.

QUAKE LOSSES 800

Estimate of Dead and Hurt is Received by Japan's N. Y. Consulate.

Canadian Press Despatch.
NEW YORK, May 25—A cablegram received today by the Japanese Consulate-General states that the probable number of dead and wounded from the earthquake is 800.

Toy-o-Oka, with 2,000 families; Kinokuni with 700 and Kumihama with 500 are the principal towns that suffered, the message says. Toy-o-Oka and Kinokuni were said to have been destroyed mainly by fire.

No further anxiety for the stricken region is felt, according to the cablegram. Railway communications were established the day after the quake, it says, and relief work is proceeding satisfactorily.

AT ZION CHURCH

At the morning service in Zion Methodist church on Sunday, Rev. George Oram, pastor, preached his farewell sermon, prior to his departure for England for the summer. Suitable hymns were sung and Rev. Mr. Oram's discourse was appropriate to the occasion. At the evening service, Rev. Walter Small was the preacher. He gave a strong sermon on Moses, portraying him as a splendid patriot and an incomparable law giver. He enforced his arguments and appeals with striking illustrations from the mission field.

ALE SEIZED

Ten barrels of Montreal ale, shipped from Saint John to Shediac on Saturday and addressed to the name of a man who has been dead four years, was seized by an internal revenue man Sunday at the C. N. R. freight shed in Shediac.

SAYS BOTH DEFAULT.

E. J. Garland of Bow River answered a statement of the minister that it was necessary to continue this service in order to fulfill the terms of the trade agreement, by saying that both parties had defaulted in this agreement. Mr. Low said that the whole question of steamship service would be discussed at the Canada-West Indies conference opening on the 19th of next month.

GAGETOWN GIRL RETURNS HOME

Phyllis Appleby, Missing for Week, Returns of Own Accord

Objections to Marriage With Man Suspected of Abduction Removed.

GAGETOWN, May 25.—Anxiety as to the whereabouts of Miss Phyllis Appleby, 18-year-old daughter of Benjamin Appleby, who disappeared from her home a week ago last night and who was thought to have been abducted by George Hersey, an acquaintance of hers, was put to rest when the girl returned home Thursday. It is rumored that her father's objections to the young man, which are in the nature of a family quarrel have been dispelled and the young couple are to be married.

The girl, being upset by her father's objections to her going about with the young man, left Gagetown a week ago last night, went two or three miles to Swan Creek, left the train and walked back to Upper Gagetown where she stayed at the home of some of the Hersey family until Thursday morning when she returned home. Her father thinking that the girl had been abducted, was organizing a search party at the time of her arrival home.

URGES SUPPORT OF LEAGUE OF NATIONS

Sir George E. Foster Speaks in St. John—Notable Men Recalled.

A large audience gathered in Centenary church on Sunday evening to hear Rt. Hon. Sir George E. Foster speak on the importance of the League of Nations to the peace of the world. Police Magistrate G. A. Henderson, president of the Saint John branch of the League, presided and introduced the speaker. Sir George envisioned the horrors of another war which he said was bound to come unless some plan of nations getting together and settling their differences was evolved and accepted by them, and said he believed the League of Nations was the answer to the problem. He urged an intensive campaign for membership in this city.

Recalls Old Days
Judge Henderson recalled a Y. M. C. A. Maritime convention held in Saint John 30 years ago when the two delegates from Fredericton were George R. Parkin and George E. Foster, and the two young men who had reported the convention had been William Pugsley and George W. Burbridge. The latter afterwards became a judge of the Exchequer Court of Canada. That quartette, he believed, any country might well be proud of. Sir George Foster was the only one of the four still living.

To Film Forests Of Nova Scotia

HALIFAX, May 25.—To tour the forested sections of Nova Scotia with a moving picture camera and to give exhibitions and lectures in the interests of forest fire prevention is the plan of G. Gerald Byth, of Ottawa, representing the Canadian Forestry Association, who was in Halifax today to interest the local government in the movement. According to his plan he will be accompanied by A. Hector Carter, of Truro, as lecturer and they will also attempt to get some thrilling motion pictures of forest fires should any occur in the province.

Grand Manan Native, 103 Years Old, Is Dead

BATH, Me., May 25.—A month after her 103rd birthday, Mrs. Margaret L. MacFarland is dead at her home here. She was born in Grand Manan and came to the city over 70 years ago. Two sisters, one 90 years old, and the other 85, survive her.

Take a tip?

Smokers don't like advice. Not even from their wives or from the old family doctor, who usually says: "Of course, you smoke too much."

So this is not about that. You're the boss on how much you smoke.

But we do have a suggestion that we think you'll appreciate.

Between smokers try eating a few Life Savers. See how they freshen up your mouth and make the next smoke taste so much better.

M'Laren Asks Re Report On Ship Insurance

OTTAWA, May 25.—A document of vital importance to the ports of Saint John and Halifax was the subject of a brief discussion in the House of Commons this afternoon when Dr. Murray MacLaren, one of the members for Saint John, asked the prime minister if he had yet received a copy of the report of the Imperial Shipping Committee on the question of marine insurance as this affects Canadian Atlantic ports.

Premier MacKenzie King said he had received some time ago an interim report which he had read, and later on further questions from Dr. MacLaren said he had received a copy of the draft of the final report which document was marked "secret" as it is not yet signed. The prime minister said he would lay this on the table as soon as it was signed and released by the British authorities.

Celebration at St. Joseph's College

MONCTON, May 25.—The sixtieth anniversary of the founding of St. Joseph's University was celebrated today, field and track sports taking place in the morning and baseball in the afternoon, followed by a band concert. GOOD PROGRAMME

Women's Council Session of Interest on Thursday—Schools and Health Centre.

The programme for the Thursday night meeting of the Women's Council will be one of special interest and is being looked forward to by the women of the city, all of whom are cordially welcome. Dr. Mabel Harrington has charge of the programme and is arranging to have it start promptly at 8 o'clock in order that the meeting may be over by 10 o'clock. Dr. Harrington's address will be on the feeble minded, a subject which is receiving special consideration at this time by those interested in public welfare and public health.

Miss Gilchrist, teacher in the East Saint John school, will give the teachers' viewpoint in speaking of what medical inspection has accomplished in the schools. Miss H. Dykeman, director of the Health Centre, will give an address on what the Health Centre does and what it does not do, a theme that is especially attractive to the women of the city. Miss Margaret McMillan, teacher of one of the opportunity classes in the city, will explain what they accomplish and how they are organized.

Going Carefully On New Market Scheme

LONDON, May 25.—In reply to a question in the House of Commons as to whether any progress had been made in regard to the proposed grant of £1,000,000 to assist in the marketing of colonial produce in Great Britain, Premier Baldwin said that he had nothing to add to his statement of March 17, which was to the effect that no ex-

penditure would be incurred on this service until the House had passed the necessary vote, when a full scheme would be prepared and estimates passed. Meanwhile great care would be taken in the adoption of this policy to ensure no injustice will be done to the home producer.

MOVE TO REDUCE AMOUNT FAILS AS VOTE TAKEN

Continued from Page 9.

Hon. H. H. Stevens, Conservative of Vancouver Centre, suggested cutting out the subsidy and using the amount to fit out vessels of the Government Merchant Marine for the West Indies service.

MINISTER'S STAND.
Hon. G. P. Graham, Minister of Railways and Canals, thought that in view of the coming conference, it would be unwise to discontinue the subsidy.

On division, the amendment was lost. Thirteen Progressives voting for it and 56 government and Conservative members uniting in opposition.

The vote was then carried. A few moments later, a vote of \$100,000 for steamship service between Canada and South Africa was passed and the house rose.

Wedgeport Light Keeper Gets Medal

YARMOUTH, May 25.—A unique event in the history of Wedgeport, Yarmouth county, took place yesterday afternoon, when Severine LeBlanc was decorated with the Imperial Medal for long and faithful service.

The programme of games during the afternoon included very many different varieties. There were sports, races, tag-of-war and a baseball game and the tug-of-war rope, stout though it was, parted company more than once.

There were council fires in the evening and hearty sing songs were indulged in. The various troops carried their colors and the many flags lent a specially picturesque air to the scene while they were enjoying their outing.

Baby Girl Is Hurt By Firecracker

MONTREAL, May 25.—Surgeons tonight removed from the brain of Jeanne Chabbot, aged two and a half years, a silver of tin and a fragment of her hat which was driven into her skull to a depth of four inches when a firecracker placed beneath a tin can exploded in front of the victim's home in celebration of Empire Day.

ANTI-SMUGGLING BILL UP

OTTAWA, May 25.—A bill to provide more drastic penalties for the smuggling into Canada of goods valued at more than \$200, was given first reading in the House of Commons today.

It provides for the confiscation of the goods and for fine or imprisonment, or both, for those found guilty of attempting to smuggle them.

SCOUTS' GOOD TIME

Seven Troops Represented at Outing at Raynes' Beach on Holiday.

Seven troops of Boy Scouts were represented in the company of 73 Scouts that went out to Raynes' Beach beyond Milford yesterday and spent a perfectly happy day with camping out pleasures.

Amongst the company were the 40 members of the Sunrise troop of Scouts from East Saint John with Scoutmaster O. J. Lawson and Assistant Scoutmaster E. H. Wiley, who hailed from East Saint John to Range's Beach and back again, making their homeward trip in the afternoon.

Scoutmaster C. G. Hoyt was in charge of the Scouts from No. 2 St. Paul's troop and No. 8 Mission troop. Scoutmaster C. L. Sears had charge of Scouts of Fairville Troop No. 24, and L. L. Johnson, district secretary, had charge of the Scouts from No. 9 First Presbyterian troop No. 21, St. George troop and No. 25 Assumption troop.

The camp was opened and closed with proper ceremony of scouting and both dinner and supper were served. The Scouts put in good work in fire-lighting and cooking tests, signalling, rope spinning and other Scout activities and were given some valuable camping hints.

The programme of games during the afternoon included very many different varieties. There were sports, races, tag-of-war and a baseball game and the tug-of-war rope, stout though it was, parted company more than once.

There were council fires in the evening and hearty sing songs were indulged in. The various troops carried their colors and the many flags lent a specially picturesque air to the scene while they were enjoying their outing.

Birthday Party For Kenneth Black

Kenneth Black, son of Mr. and Mrs. G. P. Black, of West Saint John, celebrated his thirteenth birthday yesterday. He has been a patient in the General Public Hospital for the last few weeks and although his condition is steadily improving it will be three or four weeks more before he will be well enough to be taken to his own home.

His friends of the Ludlow street Baptist church, the Trail Ranger group and his class in Albert school, all showered him with gifts and greetings yesterday and he had many callers. Among his presents were a nice birthday cake, many lovely flowers, a shower of cards and letters from the boys and girls of his own grade in school and many very acceptable gifts.

Adelaide Street Dwelling Damaged

An alarm from box 124 about 3:10 yesterday afternoon called the fire department to a three tenement house at 67 Adelaide street, owned by the Saint John Real Estate Co., formerly owned by the Clark estate. The building is occupied on the ground floor by R. C. Teicker, the second flat, by J. Lamb and the top flat by Thomas Boyce.

The house was full of dense smoke when the firemen arrived and it was found that the fire had started under a toilet floor in the flat occupied by Mr. Boyce, but the origin of the fire is unknown.

The fire burnt through the toilet room floor, as well as between the walls and finally through the roof of the building.

"Kellogg's ALL-BRAN has entirely relieved me of constipation," writes grateful father

You can get permanent relief from constipation with Kellogg's ALL-BRAN if eaten regularly—two tablespoonfuls daily, or in chronic cases, with every meal. Doctors recommend it because it is a bulk food which sweeps the intestine clean, stimulates digestion and normal, healthy action.

Mr. Hunt's case is typical of thousands of others who have found habit-forming pills and drugs of no avail in seeking permanent relief from constipation. Read this interesting letter:

HUNT, (Address on request.)

Mr. Hunt's case is typical of thousands of others who have found habit-forming pills and drugs of no avail in seeking permanent relief from constipation. Read this interesting letter:

Kellogg's ALL-BRAN has entirely relieved me of constipation. Before I started using ALL-BRAN I was a regular case in taking pills—always getting something to bring relief. Now I never touch them. I fully recommend it to anyone in seeking constipation as you advertise on the package. My daughter has also used ALL-BRAN and I can see her health improve. (Signed) S. V. Healthy Babies are the Result of Proper Feeding

The early care of the baby lays the foundation for its later life.

About the sixth month baby needs additional nourishment to make teeth and build the bone and muscle needed for the approaching sitting up, creeping and walking period.

It is at that time, too, that breast milk begins to fail.

To supply the strength needed for this period of activeness, physicians prescribe cereal foods.

The simplest, safest way is to use Nestlé's Milk Food. Nestlé's is a perfect blend of both milk and cereals, a proven strength-building

food. The finest cow's milk is dried to a powder and to this are added wheat biscuit, wheat malt, and cane sugar. To prepare, just add water and boil one minute.

In tests on thousands of infants Nestlé's Milk Food was found to agree with 98%.

If You Do Not Nurse Baby use Nestlé's Milk Food entirely. A splendid substitute when for any reason mother's milk is not available.

NESTLÉ'S MILK FOOD

Made in Canada by the Makers of Nestlé's Evaporated and Condensed Milk.

FREE Trial Offer and Mother Book

A package of Nestlé's Milk Food sufficient for 12 feedings sent free upon request. Also our wonderful Mother Book which tells how to feed baby, how to keep baby healthy, and how to keep it strong. Expert advice on sound and tried methods of bringing up baby, and baby's instruction in simple clear language.

For your own happiness — and baby's — send for the Mother Book right away. Use coupon.

Look for the Simmons Label

To protect you, a label with this trade-mark is on all Simmons bedding. Find it before you buy. Beware of imitations.

Spring-tied for sagless comfort

continuous coils join the 26 steel strips. This is an exclusive feature. Stops sagging, adds comfort and eliminates noise.

It costs so little, why do without Canada's best steel-fabric spring?

If you do not go to sleep easily, rest thoroughly, awake refreshed, your bed probably needs a new spring.

Go to your nearest merchant and see how much in restful luxury the Slumber King offers you. Both joined and suspended by coil springs, its 26 steel strips conform to your

weight and do not spread or sag. Sagless edges, high risers and a stout frame are added features found only in the Slumber King.

When you divide its low first cost by its many years of service, you will realize that you cannot afford to do without it another night.

A Cabinet Range For Small Kitchens

THE Moffat model we recommend for the small-sized kitchen is our "E-36.F". The body of this range is only 41 inches and takes up a floor space 42 x 25 1/2 inches. It has everything a woman longs for—deep, one-piece, Electra Porcelain Enamel 20-inch oven, big enough to take a large turkey, Moffats Heat Deflector (patent applied for) is a new feature which insures an even heat in every corner of the oven, front and back.

Every surface exposed to grease splashes, steam or the fumes of cooking food is coated with hard, shiny electra enamel, including the inside walls of the oven. The terminal switch handles are right at hand, plainly marked. The range is wired on the soundest and surest electrical

principles. The elements are of the quick-heating and durable type for which Moffat Ranges are famous. It has four cooking elements in the one-piece table top, one of 1,700 watts, and the temperature of each is controlled at three degrees of heat, by an indicating switch. Total maximum capacity of range 70 amperes. The Moffat elements are economical of power.

This range has a 660-watt electric outlet for the Electric Iron or any other Electric Appliance. And many other features.

Your electric dealer wants to help you choose the range that suits your purposes best. Let him show you the good points of them all and then compare the Moffat "E-36.F". Would you like our catalogue? Write us a card today. Moffats Limited, Weston, Ontario.

MOFFATS Electric Ranges

The Ideal Electric Oven

The fireless cooker oven of McClary's Electric Range is and does all these—

Uses Minimum Current—Bakes Uniformly and —Is Easily Cleaned

Having three walls with an air space and 1 1/4 inches of insulating material it holds the heat longer than any other electric oven. Because you can heat the oven and retain a baking heat for hours after the current is "off."

McClary's Electric Oven is a Genuine "Fireless Cooker"

The seamless one-piece (not just welded in spots) porcelain-enamelled interior with round corners, and the removable elements and rack hangers make the oven as easy to clean as an enameled dish.

The pull-out elements slip out and in as easily as the oven racks: —No crevices, no openings to gather dirt or to make cleaning difficult.

With McClary's patented oven element connection the terminals cannot overheat.

McClary's Fireless Cooker Oven is fitted with an absolutely tight door with solid Magnesia Block insulation that cannot sag and leave non-insulated spots. The door fastens tightly with a refrigerator type catch. In every particular of construction and operation, McClary's Fireless Cooker Oven leads.

It bakes perfectly. It uses minimum current, because it operates on stored heat. It is easily cleaned.

Ask your Hydro or electrical dealer to fully demonstrate for you the special features of

McClary's Electric Range

Or write for descriptive booklet to McClary's, London, Toronto, Montreal, Winnipeg, Vancouver, St. John, N.B., Hamilton, Calgary, Saskatoon and Edmonton.

GARBAGE BARREL FIRE

The contents of a garbage barrel at the corner of King and Charlotte streets caught fire yesterday afternoon, and before Police Sergeant Scott and Traffic Officer Duffy could extinguish the fire the iron barrel was considerably damaged. The fire is supposed to have caught from a lighted cigar or match thrown in among the waste paper.

OPENING IS QUIET ON MONTREAL EXCHANGE
Brazilian, Price Brothers and Montreal Power Are Most Prominent

NEW YORK, May 26.—Further irregularity developed at the opening of today's stock market as a result of the extensive readjustment of speculative accounts following three weeks of almost steadily rising prices.
May Department Stores, which had been in brisk demand lately, opened 2 3/8 points higher, but most of the other initial changes were of a fractional nature. Sloss Sheffield was one of the early heavy spots.

QUIET IN MONTREAL

MONTREAL, May 26.—The opening of today's stock market was quiet, with Brazilian the least inactive issue. It was up one-eighth at 64 1/2. Price Bros. followed unchanged at 89. Montreal Power was strong, being up a half to 18 1/2. The only other change worth mentioning was a decline of one-half in Canada Car to 44, but the stock appeared in a small lot. Leaders to sell unchanged were Canada Cement, 105, Winnipeg Rails, 47 1/2, and Twin City 69.

CABLE TRANSFERS

Morning Stock Letter

NEW YORK, May 26.—There was a good accumulation of buying orders at the opening yesterday and on the buying professionals took profits. Realization was increased by the increase in money rates. Consequently leading industrialists, particularly those which had the big advances in the last few weeks, were particularly active. A reaction of a point after nine days advance is nothing to be alarmed over. The market is in very high spirits, but at the same time we do not think the upward movement is over and look upon the market's action yesterday as a temporary setback. This morning's action was decidedly weak, although there was a New Haven, So. Ry., N. Y. C. and H. O. should be higher. Steel Common was decidedly weak, although there was no news on this break since the 10th. Paper can be bought on any set-back. Copper and metal stocks have not to score an advance in the market.
LIVINGSTON & CO.

Brokers' Opinions

NEW YORK, May 26.—Fenner & Deane.—Activity may be temporarily transferred from industrial to rail. Stock Market.—There is increasing profit interest and the large supply of available funds makes for higher prices.
Hornblower.—There probably has never been a more perfect physical swing as a base for speculative movements than the present. The market is merger developments and stock split-up. The upward action is predominantly on the buying side.
Harris.—Thus far there has been nothing sensational in advance in the market. Think if that in any part of the list there has been real accumulation in the past two weeks. It has been in the oil group, and we feel that it will play to stick to the long side of oil.
Hard to Conquer.

NEW YORK, May 26.—There was a good accumulation of buying orders at the opening yesterday and on the buying professionals took profits. Realization was increased by the increase in money rates. Consequently leading industrialists, particularly those which had the big advances in the last few weeks, were particularly active. A reaction of a point after nine days advance is nothing to be alarmed over. The market is in very high spirits, but at the same time we do not think the upward movement is over and look upon the market's action yesterday

DAVID HAL AND DR. GANO HAVE THRILLING RACE AT MOOSEPATH

Big Derby Race Will Be Staged on Historic Epsom Downs Tomorrow

FAST TIME FOR FIRST HARNESS MEET OF SEASON

All Three Events On Card Produced Keen Competition

The programme of horse races which were held at Moosepath Park yesterday afternoon proved thrilling and were thoroughly enjoyed by a fair-sized gathering of enthusiasts. The time made was exceptionally good for so early in the season, and more particularly as mile heats were run. Frankie Carr had a notable day, driving two of the three winners. He captured the free-for-all with Dr. Gano, and the green race with "Wait a Minute". The named race went to Lucky Strike in three straight heats, with Patten King a close second.

A Great Heat.
The final heat of the free-for-all was a thriller. It was a driving heat from wire to wire. Silas E. Rice was up behind his star pacer, David Hal, while Carr was guiding the old campaigner Dr. Gano. From the start the two horses went off at full speed, David Hal leading by a nose until the quarter mark was reached. Dr. Gano pulled up and they rounded the lower turn side by side. They continued at this slip right around the track, and when coming into the homestretch Carr attempted to lift Dr. Gano up and force to the front, but David Hal was hitting too fast a clip and went under the wire in a time of 2:19 1/2.

Make Good Showing.
In the green race Lady Bell showed class for a colt and pushed Walter a Minute hard in every heat. Jimmy Ritchie's new colt, Jimmy O'Neil, Jr., showed good advantage in the green class and was in the money, taking third place.

The following is the summary of the races:

Along The Sport Trail

By RAY HANSEN

HERE'S A GOOD ONE because it is true. A few days ago a small boy rushed into a house in the North End with blood on his face and one of his eyes badly swollen and discolored. On seeing him his mother seized him in her arms and while endeavoring to ascertain how badly he was injured, "Johnnie what has happened to you?" Between his sobs, Johnnie stammered, "I got hit with a dollar and a half." Not knowing what he was referring to his mother thought the blow must have affected his brain and immediately set about getting hot water, ammonia and alcohol to bathe the injured member. Later, when she saw that he was not seriously injured, she again questioned him in an effort to find out who was hurling money about indiscriminately and then discovered that the "dollar and a half" was a term for a particular kind of baseball that formerly cost that amount of money.

WELL, THE GRAND OLD holiday is over and it was a weary army that started out this morning with its "bread and butter brigade." Ball players, tennis enthusiasts, fishermen and others who indulged in any form of pastime found their muscles sore and tired. Well we had a good time anyway.

WALTER HOOVER made a notable comeback in the big race on the Schuykill river last Friday and will now match his skill against Jack Bessford of England for the Philadelphia Gold Challenge Cup. In former years the name of Hilton Belyea was listed with these crack oarsmen and the citizens of Saint John awaited with intense interest for the result, but this year only those who love the great aquatic sport bothered asking for details. Perhaps local enthusiasm will be aroused when the Canadian National championships will be held at St. Catharines during the summer months. This sport should not be allowed to die out and every encouragement should be held out to promising scullers. It is expected that Hilton Belyea and Harry Giggy will enter the Canadian classic, the former to stage a comeback and try to regain the championship crown, while the latter will endeavor to prove that he is qualified to take his place among the premier oarsmen and keep the name of the Loyalist City, Saint John, on the rowing map.

WELL, THE BASEBALL season is here again and from all indications should be a successful one. If fans will only be a little patient and remember that weather conditions have been very backward, making it hard for the boys to get into proper condition, they should bear in mind that even major leaguers make errors. After the first week some thrilling games may be expected.

TWO OF THE MOST notable comebacks in sport during this season are Earle Sande, the famous jockey, and George Slater, manager of the St. Louis Browns. Both the premier jockey and the great baseball player overcame physical disabilities and went back to work to score even greater successes than they had ever previously achieved. Sande, it will be recalled, went down in a big crash at Saratoga last August and sustained a broken thigh and several fractured ribs in addition to a dislocated shoulder and serious internal injuries. At that time, and in fact for many months, physicians held out little hope for his full recovery, but time and nerve accomplished what science lacked. The comeback of Slater is also interesting. Two years ago when the star initial sacker had been acclaimed the perfect ball player he was afflicted with eye trouble and he was unable to get in the game during the season of 1923. Last year he appeared in uniform and while he lacked his former ability he was still a good player. This year he has certainly been a real sensation and hit safely in 54 consecutive games.

HOPPE AGAIN WINS FROM BOB CANNEFAX

Defeats Three Cushion Billiard Champion 600 to 434—To Meet Again.

Willie Hoppe announced that he had accepted terms for another match against Bob Cannefax and he left New York for Chicago, where the match will be staged. He said it would be at 600 points, played under the same conditions which prevailed in New York. He has twice taken the measure of the world's three-cushion champion, and said he agreed to give Cannefax another chance inasmuch as it meant so much to him.

Hoppe won the first match by 600 to 544, and won the second one, which ended at the Strand Academy last Saturday night, by the score of 600 to 411 in 29 innings, having a high run of 18. Hoppe also said that it would be the last match at three-cushions in which he would consent to meet Cannefax this season.

Hoppe had a grand average of better than 1 for the match, making his 600 points in 597 innings. In the first match it required more than 700 innings for Hoppe to collect his total. Cannefax left for Chicago shortly after the match ended on Saturday night.

WILL BACK GIBBONS

Syndicate Sends \$5,000 to be Placed on St. Paul Light Heavyweight.

The first signs of the odds that will prevail for the coming bout between Tommy Gibbons and Gene Tunney, American light heavyweight champion, at the Polo Grounds next month became evident on Saturday. Jimmy DeForest, matchmaker for the Polo Grounds A. C., received a telegram to the effect that a syndicate of sporting men had telegraphed a pool of \$5,000 to be placed on Gibbons at even money, if possible, or at odds of 6 to 5 if necessary.

De Forest verified this report through Jack Farrell, to whom the money was sent. Billy Gibbons, manager of Tunney, said that he intended to make several wagers, but that he put up any more on his man. He said that the money he has placed on Tunney has been at even money, but that he hoped to get odds before the bout.

LARGE CROWDS ATTEND OPENING OF CITY LEAGUE

St. John The Baptist And Water Works Teams Win

The City Amateur League opened their series of games yesterday. In the morning the Saint John The Baptist team defeated the Royals 8 to 5 on the North End diamond, and in the afternoon the Water Department won from the Trojans, 14 to 6. In the first game the winners made six hits and the losers five. The Royals, however, made several errors, which were instrumental in allowing several of the runs. Both games were enjoyed by large crowds. The box scores and summaries of the games follow:

BABE RUTH READY TO LEAVE HOSPITAL

Plans to go Home Tomorrow or Thursday—Worries Over Increasing Avoiridupis.

NEW YORK, May 26.—The matter of weight still is one of the vexatious in the life of Babe Ruth. Yesterday Babe went up to the Yankee Stadium for his daily drill at batting. He hit out several long drives and had a right merry time. Afterwards he stepped on the scales in the Yankees' dressing room and immediately a frown disturbed his features. He found he was gaining weight. As a matter of fact Babe has lost thirty pounds since his sickness began down south this week, but since he has been gaining on the varied ailments that overtook him he has regained eight of these.

"I go down south to lose the weight and get well. Now I am gaining weight and I don't know what it means," lamented the Babe.

After he went back to St. Vincent's Hospital, where he has been under treatment, the Bam began packing his grip. The many gifts that have been sent him by admiring fans were carefully tucked away for transportation to the New Rutherford domicile this week.

"I guess I will get out of here this week," said Ruth, and in this he was concurred in by his doctor. He was scheduled for Wednesday or Thursday the famous home run king can bid a fond farewell to the hospital, and according to Ruth, that's what he "wants to do nothing else but."

Mr. Ruth, who has been under treatment at St. Vincent's Hospital for a nervous breakdown, is said not to be progressing so rapidly as his former husband and is not likely to leave the hospital for some time yet.

DUNDEE VS TERRIS

Have Been Matched to Meet at Coney Island in 15 Round Bout.

Johnny Dundee and Sid Terris, who fought the last battle old Madison Square Garden a few weeks ago, have signed articles to meet in the opening bout of the Coney Island Stadium in their last meeting. Terris gained the decision, although some of the spectators at the ring-side seemed to dispute the verdict of the judges. That battle lasted twelve rounds. In the coming encounter the two rivals will have three additional rounds in which to settle their argument, the bout being scheduled for Friday, the date for the opening show at the Coney Island Stadium has been set for June 9.

FIRST GAME IN PRO. LEAGUE IS WON BY ALERTS

Defeat The Saints By Close Score Of 8 to 7

The local professional league got away to a good start on the East End diamond yesterday afternoon when a large crowd of fans witnessed the Alerts defeat the Saints by a close score of 8 to 7. The Saints went on a batting rampage in the first inning and scored six runs. They secured another in the fourth but from that on failed to tally. The Alerts got started in the second inning, when they scored three runs. They got two more in the fifth, one in the eighth and two in the ninth. Considering it was the first game of the season the play was fast and interesting, and only two errors were made by each team.

BETTING FAVORS CROSS BOW TO WIN BIG CLASSIC

Manna Is Second Choice Owing To Donoghue Being Up

LONDON, May 26.—Tomorrow is Derby Day, and tens of thousands of Britons are eagerly canvassing the probable results of the mile and a half race over the historic course at Epsom Downs.

There is little enough to guide their choice. It is generally admitted that the horses this year are below the highest standard, and there is no strongly outstanding favorite. The betting, however, favors Lord Astor's Cross Bow, which has many followers among the professional tipsters.

Has Been Unfortunate. Lord Astor has thus far been unfortunate in his efforts to win the Derby, his horses having run second five times within the last seven years. In the face of this persistent ill luck, which some people term a hoodoo, the gamblers have been chary in supporting Cross Bow. Nevertheless the figures were steadily in the horse's favor last night at 5 to 1 against.

CHARLEY'S AUNT IS HIT AT IMPERIAL

Large Auditorium Overflowed For Rollicking Comedy Picture—Musical Treat.

It was said in the advance advertisements that the comedy picture "Charley's Aunt" would convulse the town. It did. While a great proportion of the population was holiday-making outside of city limits yesterday those who remained filled the Imperial Theatre to overflowing afternoon and evening to see this familiar old farce as presented by Syd Chaplin and his merry-makers.

"Charley's Aunt" probably holds more records for long-distance running than anything outside of "Uncle Tom's Cabin." The farce was written by Brandon Thomas and first produced in England in 1892. The remarkable thing about the play was the fact that it has run continuously for the last thirty-three years and still shows evidence of going strong.

"Charley's Aunt" is also credited with being the funniest play ever written, and in making the picture the producers have designed the scenario to keep all of the funniest laughing sequences in the play intact. Syd Chaplin plays the title role of "Charley's Aunt" from the "where nuts come from" and he is said to do the best work of his career.

Chaplin is developing into one of our stellar comedians. There are critics who maintain that his "Submarine" picture was still young, still stands as the funniest film ever made. It is only lately that he has blossomed out as a featured comedian.

"Charley's Aunt" will be shown again today at all four shows and the concert will be held as usual in the evening at 8.30. In fact the big comedy is to be shown again on Wednesday but for one day, Thursday, George DuMaurier's unique novel-play, "Tribby" will be an unusually big hit with the young ladies of the audience.

The Queen Square Theatre was crowded to overflowing at both performances yesterday. It was the start of the summer policy and met with instant approval.

First there was a seven-reel feature, "Wilders," one of the best of the season. Then came the Young Adams Players, headed by H. Wilmot Young and Marjie Adams. Miss Adams on

her initial appearance was greeted with thunderous applause. She was never seen to better advantage and her acting and costumes were greatly admired.

H. Wilmot Young has a wonderful part in Donald Hayton which he does exceptionally well. Marguerite Young as Cecile was petite and winsome and created many hearty laughs. Dorothy Lynne as Gwyn Anstruther and Miss Dufene as the Veiled Woman played to advantage. Alfred Stretton as the district attorney gave a masterful performance. Edward Stauffer as the inspector was the part to the life.

Edgar Harris Jason as Robert Elton gave a finished performance. Harry W. Young as Charley Ramsey made a big hit with the young ladies of the audience.

The feature, "The Veiled Woman," a four-act drama with a real punch, and four acts of real vaudeville make three shows for the one admission.

In vaudeville Dorothy Lynne, Alfred Stretton, the Haven Sisters, a very clever dancing team and Strad and Levesque, a clever musical and singing act, all made a big hit.

The same programme for Tuesday and Wednesday, and the last half of the week will see a complete change of play, pictures and vaudeville.

With matinees daily, Messrs. Selby and Young believe they have hit the popular taste and expect to test the capacity of the theatre several times during the engagement which is as long as the people want that kind of entertainment.

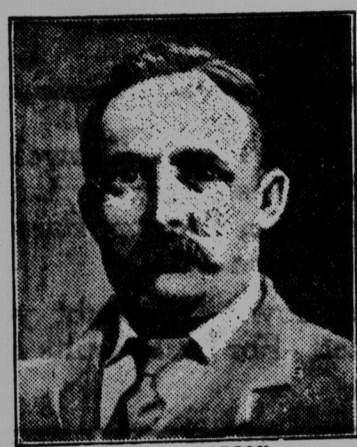

EAST SAINT JOHN FIRE.
The house of Constable Charles Osman at East Saint John was destroyed by fire early yesterday morning. The fire was first seen by George Robey at 2.40 a.m. He notified the fire department and they were soon on the scene, but could not save the property, the flames had gained such a headway. Mr. Osman and his family left home Saturday afternoon for a fishing trip and had not returned at the time of the fire.

HOLIDAY AUTO TRIP.
Mr. and Mrs. J. A. Davidson and son and Mr. and Mrs. J. A. Johnston and Miss Jean Johnston motored to Houlton, Me., for the holiday, via Fredericton and Woodstock. They left early on Sunday morning and arrived home last night. They report having found the roads in splendid condition for motoring.

LEG IS BROKEN.
Dividing up the Pond street sidewalk on Sunday to avoid running over a dog, a local motorist ran down James Quinn, 35, whose leg was broken by the impact. The car was being driven by William C. Parker, 74 Wall street, and Mr. Quinn resides at 44 North street.

AGONIZING RHEUMATISM

OF 5 YEARS STANDING COMPLETELY RELIEVED BY "FRUIT-A-LIVES"

"So good enough to publish for the information of Rheumatism sufferers how 'Fruit-a-lives' relieved my Rheumatism which had lasted five years standing." The trouble was in my right hip and shoulder; the pain almost unendurable. This kept up until I started to take "Fruit-a-lives". After a continuous treatment for about six months, I am now in first-class condition. This I attribute to my persistent use of "Fruit-a-lives".

The above is the letter which Mr. James Dobson wrote after trying the wonderful Fruit Treatment "Fruit-a-lives" which consists of intensified fruit juices combined with tonics. If you suffer with Rheumatism, "Fruit-a-lives" will make you well and keep you well. 25c. and 50c. at dealers.

CHARLEY'S AUNT IS HIT AT IMPERIAL

OPERA HOUSE FILM STORY STRONG ONE

Richard The Lion-Hearted, Sequel to Robin Hood, With Wallace Beery Leading.

Fulfilling the enthusiastic predictions of early reviewers, "Richard, the Lion-Hearted," screen version of "The Talisman," is proving one of the screen sensations of the season. It opened yesterday at the Opera House.

Touching the highlights of the adventurous King Richard's career and based on his Third Crusade into the Holy Land, "Richard, the Lion-Hearted," which really is a sequel to Douglas Fairbanks' Robin Hood, has been produced with a lavishness that lends it powerful historical and entertainment appeal.

In stupendous settings, constructed with a keen appreciation of conformity to historical records, the scenes of conflict between King Richard's valiant knights and the swarming Saracen invaders who had gained possession of the Holy Sepulchre, have been screened with inspiring realism. The stirring action of the picture, combined with the throbbing romance of the story, carries a tremendous "punch" that cannot fail further to endear Scott's famous novel, on which it is based.

Costumes of great beauty have been used throughout the production. It is said \$40,000 was spent in providing the magnificent robes of velvet, satin, silk and fur worn by the king, the queen and the court ladies. The chain mail suits worn by the knights proved even more costly than the fabric costumes as they had to be made for the production.

Wallace Beery's characterization of Richard stands out as one of the finest pieces of screen delineation ever drawn, while other members of the cast include Kathleen Clifford, Marguerite de la Motte, John Bowers, Charles Gerard, Clarence Geldert, Wilbur Higby and Tully Marshall.

Young Blood

"When I was a boy," says Grandpa — and then he stops, and you see a twinkling smile in his eyes. "When he was a boy?" Of course, he's still a boy, as all the world knows. You, too, whatever your age may be, can keep the high spirits and energy of the heyday of your life if only you have learnt how to keep your blood young, as Grandpa has done.

It's on the condition of your blood stream that your health depends. If your blood is pure and vital, then at 60 you can combine the experience of age with the boundless enthusiasm of youth. There's no difficulty and no mystery about it. All you need do is to start now and maintain the freshness of the "little daily diet".

There are six salts your body needs for its proper health — to cleanse it of all impurities and to keep the blood pure and vigorous, and to brace up and vitalize the whole system. Any medical man will tell you that these six salts are the sulphates and chlorides of Sodium, Magnesium and Potassium. If you had an ideally healthy life in the open air, with plenty of exercises and made no mistakes in your diet, you had prevented this condition from ever occurring. But the artificial life you lead prevents this. Kruschen Salts are just those six vital salts. That's why it's so important for people to take them. Kruschen and Glauber will do just as well. But Kruschen is more cheerful, more energetic and more powerful. It's the little daily diet that does it. It's the little daily diet that does it. It's the little daily diet that does it.

Put as much in your breakfast cup as much as you can on a 10 cent piece. It's the little daily diet that does it.

Good Health for Half a Cent a Day
A 16c bottle of Kruschen Salts contains 160 doses—nearly enough for six months' daily use for adults. "As much as will fit on a 10 cent piece," taken in your breakfast cup of coffee or tea, or in a glass of water, will keep you healthy for less than half a cent a day. Get a 16c bottle to-day. Jack Sharkey Wins From George Cook
BOSTON, May 25—Jack Sharkey, of Boston, was awarded the decision over George Cook, heavyweight champion of Australia, at the end of their ten round bout here tonight. The verdict was not a popular one and the crowd boomed and roared with their ten round protest. O'Connor's announcement of the judges' decision for several minutes.

TO Y. M. C. A. MEETINGS
Arthur M. Gregg, general secretary of the Saint John Y. M. C. A. left on Sunday to attend two Y. M. C. A. meetings and make a trip across Canada. He will go first to Chicago for the city general secretary's convention from May 30 to June 2, and will then proceed to Estes Park, Colorado, for a conference of Y. M. C. A. workers with boys.

4 out of 5
Dental statistics show that four out of every five over 40—and thousands younger—are victims of dreaded Pyorrhea. Will you escape?

Pyorrhea is a disease of the gums—not the teeth
You may take good care of your teeth and still get Pyorrhea. Once Pyorrhea secures a firm hold, pus pockets form, gums become weak and flabby, the teeth loosen and fall out no matter how white and sound they may be.

Forhan's means healthy gums
It contains the right proportion of Forhan's Astrinogen, as used by the dental profession in treating Pyorrhea. Forhan's protects the gums, keeps them in a firm, healthy condition, and leaves the mouth sweet, fresh and wholesome. If you don't care to purchase your regular tooth paste, at least brush your teeth and gums once a day with Forhan's.

Forhan's is more than a tooth paste; it checks Pyorrhea. Thousands have found it beneficial for years. For your own sake ask for and get Forhan's For the Gums. At all druggists, 35c and 60c in tubes.

"CAFE IN CAIRO" IS FINE PICTURE

Priscilla Dean at Unique For The Holiday—Makes Big Hit With Audience.

In the field of tempestuous, emotional, historic art Priscilla Dean has no equals. And when you place her in an action story with a background as romantic and colorful as that of Egypt, the theatregoer is assured of a fascinating entertainment.

Although "A Cafe in Cairo" is from the novel by Iva Fawcett, it might well have been written directly for the star, so well does it fit her personality. This is partly due, no doubt, to the fact that the photoplay version is by Harvey Gates, who wrote "The Wildcat of Paris" and other Priscilla Dean successes.

The story concerns a fascinating little hour, who falls in love with a dashing young American secret service operator. This picture is one of the special pictures that local screens have offered in many months, and the spectator's interest is held in a vice-like grip from the fast-moving progress to the spectacular underwater knife fight in the climax. But its most unusual feature is the love interest, which has been injected in such a manner that the romance neatly balances the thrills, tempering the melodramatic moments with a realism that is truly delightful. It is also pleasant to record that there are more moments of natural humor in this offering than anything in which Miss Dean has recently appeared.

"Cafe in Cairo" delighted holiday crowds and big business will likely continue with such a picture.

MAY REMAIN HERE
An order from Ottawa and a order from Sir J. Douglas Hazen, Chief Justice, lifts the detention of Mrs. P. S. Harding, who was not allowed to land from S. S. Chignecto after a voyage here from Barbados, as reported in this newspaper at the time. W. R. Scott conducted the proceedings before the Chief Justice.

LOOK—HERE'S THE LATEST
Cod Liver Oil Now in Tasteless Tablets—Greatest Flesh Builder.

No more will weak, thin, unfortunate children cry in protest when the nasty, fishy-tasting, horrible-smelling cod liver oil is brought out.

Medical science progresses rapidly, and now you can get your drug-store's real genuine cod liver oil in sugar-coated tablets that young and old can take with ease and pleasure.

Even the run-down and skinny grown-ups, who ought to take cod liver oil, because it really is the greatest vitamin food, will find it healthily joyful when they read this welcome news.

Of course, doctors have been prescribing cod liver oil in tablets under another name for several years, but it is only of late that one can walk into a drug store and get a box of these fresh-producing tablets just as easy as a bottle of cough syrup.

This, run-down, anemic men, women and children who need to grow strong and take on flesh are advised to get a box of McCoy's Cod Liver Oil Compound Tablets, and if you don't see them in five minutes in 30 days just get your money back.

Five women gained fifteen pounds in five weeks according to their own doctor's reports. A very sickly child, aged nine, twelve pounds in seven months, and now plays with other children and has a good appetite.

Just ask for McCoy's Cod Liver Oil Compound Tablets. Watson's two stores, Ross Drug Co., Wm. Hawker & Sons, or any good druggist will tell you that they are wonderful flesh and health builders. Only 60 cents for 60 tablets, and don't forget that they are wonderful workers for fresh, old folks.

Be sure and get McCoy's, the original and genuine.

FORMER PUPILS HONOR SAINT

Sacred Heart Alumnae Members Attend Mass in Monastery Here

Form Choir for Occasion in Honor of Founder of Order, Canonized in Rome.

A high mass of thanksgiving was celebrated this morning at 10 o'clock in the chapel of the Monastery of the Sisters of the Good Shepherd in honor of the canonization of the founder of the Order of the Sacred Heart, Saint Madeline Sophie Barat, who was canonized in Rome on Sunday, May 24.

The first number on the program was an address of welcome. This was followed by musical numbers, physical exercises and drills. The thanks of the alumnae were heartily extended to the Sisters for their kindness.

It was a happy occasion for the alumnae members, for it brought them together in the scenes of their pupil days at the Sacred Heart Convent, now the Monastery building. A tour of the rooms brought back many happy recollections.

In the Catholic churches on Sunday special reference was made to the canonization. A shrine was erected in the cathedral, with a relic of the saint and a large portrait of her painted by Mother Mary Byrne, a native of Sussex, sister of His Honor Judge Byrne of the Supreme Court and of Mrs. Dufferin Harper of Saint John.

Among Alumnae members present today were Mrs. Laura Bogie and Miss Alma Sullivan of St. Stephen.

Running broad jump—E. Mackay, first; J. Dempsey, second; G. Crawford, third.

Ball throwing—Chester Leblanc, first; L. Ewart, second; C. Leblanc, third.

A walking race was won by T. Laviolette in a cavally race. E. Eastman and C. Leblanc were first, Dempsey and Leblanc, second, and Butt and Crawford, third.

Senior running race—Dempsey, Eastman, second; McKay, third. Junior running race—Crawford, first; Eastman, second; McKay, third.

Senior walking race was won by Eastman. Wheelbarrow race—McKay and Eastman, first; Crawford and Butt, second.

After the races baseball was played against the Mission Troop and Troop No. 4 won 1-3. The umpire was Scoutmaster O. J. Lawson and assistant Scoutmaster T. Willey. The boys went home satisfied that they had a real good time.

TWO RESIGNING

Rev. W. A. Ross of Milltown and Rev. R. J. Miller, Grand Falls.

Rev. W. A. Ross, who has been pastor of the Presbyterian church at Milltown, N. B., for some years, is resigning. Rev. R. J. Miller, of Grand Falls, has also signified his intention to resign from that charge. Their resignations will come up at a meeting of the Saint John Presbytery in St. Andrew's church on June 2 at 2:30 in the afternoon. Rev. Hugh Miller, pastor of St. David's church, is moderator of the presbytery.

ON HYDRO BUSINESS.

Hon. Dr. E. A. Smith, chairman of the New Brunswick Electric Power Commission, and Hon. J. E. Michaud, M. L. A., were in the city today to attend a meeting of the commission here. Dr. Smith said the commission members were discussing several matters in connection with the ordinary work and also in connection with the organizing of the staff for the Grand Falls project. Dr. Smith will leave this afternoon for Shediac and Mr. Michaud will leave for the home in Edmundston, going by way of Fredericton.

Tiny LaTour Photographed On Supposed Historic Fort Site

It was a unique visitation at the Old Fort, Middle street, West Saint John on Saturday when six-year-old Yerdun LaTour of Ottawa, son of Lorenzo LaTour, stood on the mound of earth said to be a relic of Fort LaTour and was there photographed for a place in his scrapbook when he grows large enough to have one.

The wee chap, who with his mother had been visiting friends here, of course, did not appreciate the significance of the occasion but it will all be explained to him later. The LaTour family of Ottawa claim to be of the same family line as the intrepid militant settler so

much linked with the romantic history of Saint John in the days of its French occupation. J. Fred Belyea, whose home is near the supposed site of the old fort, so valiantly defended by Madame LaTour in her husband's absence, told the wondering little visitor how when he was a wee slaver he was frightened with the story that on a tree in the neighborhood Madame LaTour was hanged by D'Auiney and his band. Little Master LaTour's grandfather was one of the first settlers of the City of Ottawa, having walked there with others from a great distance.

TROPHIES DISPLAYED

Keen interest was manifested by dog fanciers in a display on exhibition in the window of the Saint John Pharmacy at the corner of Union and Dorchester streets. It consisted of all-merit cups and ribbons won by Count May Fly, Donald B. and Bud's Pal. Count May Fly is an English setter owned by Gerald McCarthy, and is an international champion. Bud's Pal is a cocker spaniel and is owned by Roy McCarthy. Donald B. is a pointer and is owned by E. S. Buchanan.

POTATO MERGER

Plans for the formation of a merger of New Brunswick potato shippers have been practically completed and will come before a meeting in Woodstock on May 27. The merger will include about 15 of the largest dealers conferred on the matter and it is understood that preliminary negotiations will be completed to go ahead with the legal details.

A committee, consisting of H. H. Hiram, G. G. Porter, R. Estey, B. F. Smith, and A. D. McCain, was appointed to evaluate the properties of various dealers intending to amalgamate and it is reported that work has been completed for Carleton and Victoria.

As Hiram Sees It

"Well, sir," said Mr. Hiram Hornbostel to The Times reporter, "I went up to Moncton last week to see Bob Porter and them Progressive fellers. Bob said he was awful sorry he didn't see me when I was in Brandon last February—"

"but he was busy then" up his farm machinery an' gittin' ready to go to Ottawa. He says the farmers out there is fixin' up machines they been usin' for years—rather than run bills for new ones at the price they'd hev to pay fer 'em. He's only farmin' half as much land as he used to do. I guess they been hev'n' their own troubles out there—same as we been hev'n' 'em down east. Bob's a nice feller. 'Tain't me he had a long talk with me. I didn't see one Progressive feller. A French feller among 'em made me laugh. He said he'd been doin' his share to git real unity in Canada. He was born in Quebec—he lives in Manitoba—he speaks English an' French—he married a Scotch girl, but he's got four kids—an' they hev porridge fer breakfast an' pea soup fer supper. Well, sir—that brought down the house. I'd give that feller a vote if I had one where he lives—Yes, sir—I would so. By Hea!"

All Civil Business—One Jury Case and Four Non-Jury.

The May sittings of the County Court opened here this morning with His Honor Judge J. A. Barry presiding. The docket consisted entirely of civil business, and was small, there being only one jury case and four non-jury matters.

The case of Evelyn F. Fegan vs. Charles Givian vs. Francis Kerr, immediately adjourned until this afternoon at four o'clock. This is an action in the arrangement it was stated the plaintiff cashed for a third party and which bore the defendant's name as maker. The defendant disputed the checks and is alleging want of consideration. Francis Kerr appeared for the plaintiff and Charles D. Turner of Sussex for the defendant.

The docket for the May term follows: JURY: Valarda vs. Carey; Kelley & Ross vs. Fegan vs. Givian vs. Francis Kerr. NON-JURY: Bentley vs. Black; Francis Kerr vs. Fegan vs. Givian; Robinson Co., Ltd.; L. P. D. Tilley, K. C. Currier vs. Maritime Union Farmers' Co-operative, Ltd.; Belyea & Gilbert.

GRANITE HERE FOR WAR MEMORIAL

Halifax Visitor Suggests That The Stone Should be Polished.

Dressed granite for the soldier memorial, King square, is beginning to arrive. Several large slabs, some of the base are already on the lot in crates, having come from St. George, where the finishing shops are located. A Halifax visitor was examining the granite today and was interested to learn it was the Spoon Island, N. B., product. He was surprised, however, to find the stone had not been polished and expressed the opinion that the sea air and fog of this coastal location would engrain the monument with discoloration.

He said the new soldier memorial in Halifax had been brightly polished and it was easily kept clean because of the smooth shining surface. To illustrate his contention the visitor pointed to the Sir Leonard Tilley monument nearby and which showed discoloration on the rough stone.

KIDDIES SEE BEAR

Come Across Bruin at Gaspercaux as They Are Picking Flowers.

Three little children, Phyllis Andrews and Reginald and Eric Seely, while picking violets near a camp at Gaspercaux saw a black bear. They hurried back to the camp greatly excited and told their parents. Walker Andrews and some friends had been fishing at the lake and enroute through the woods had come upon tracks of a bear. Needless to say the little tots did not stray far from the camp for the remainder of the day.

TO FAR NORTH.

Rev. C. M. Hatheway, Wycliffe College graduate, will leave on Tuesday next for a two-day journey to the far north to join Rev. Eldon Merritt, also of Saint John, in Church of England missionary work there among the Eskimaux.
