Seventeenth Year of Publication! The publisher made an important change in the terms on which the paper is furnished to Subscribers. These include

1st. Strict adherence to the system of cash in advance for all subscriptions. 2nd. The reduction of the price

It is to be particularly understood that all outstanding subscription accounts due after November 6th, 1890, are to be settled on the old terms, viz., \$2 per year, the advertised credit rate.

I have reason to hope the foregoing announcement will meet with
general approval and be the means of largely increasing the circulation
