

BIGAMOUS THIRD WEDDING BETS FALSE LORD IN JAIL

Brother of Wealthy Kansas City Girl, Who Has Been Duped by "Lord Barrington," Son of a British Cabman, Causes His Arrest.

Jersey City Police Unveil Convict's Career—At Least Three American Women, One of Whom Lives in Brooklyn, Victims of Man Who Once Decamped With Bride's Trousseau.

(New York Herald, 4th inst.) In England the roving but talented and scholarly son of a Brighton fly driver, chieftain, burglar and convict notorious in Scotland Yard records, in America, "Sir Frederick Sydneyham Burgoyne, major in the Horse Guards of the Household, the most bearded of a false title as the vaunted scion of Lord Burgoyne, and in reality the bigamous husband of three American women, all living.

Such is the dual pedigree of the accomplished poseur and swindler who, under the name of Lieutenant Colonel Frederick Seymour Barrington, was sentenced in St. Louis, Mo., yesterday to six months in the workhouse.

Twice within two months he has married young women of good family and has deserted them after having successfully imposed upon them by his polished suavity and plausible.

In Brooklyn the woman believed to be his lawful wife is supporting herself and his twelve-year-old daughter. In Philadelphia a charming young girl of Canadian extraction, who, like Desdemona, found in him an Othello, who showed grim wounds and pictured his imaginary perils in the Boer War, found herself deserted in a strange city during her wedding, and her supposed soldier hero even decamped with her rich trousseau.

CAUSED HIS ARREST. In St. Louis his latest bride only realized her misfortune when her brother, after a quiet investigation, kicked "Lord Barrington" out of his hotel and caused his arrest.

If the Scotland Yard detectives are reliably informed, the wounds exhibited as a result of the Boer War were inflicted by a householdier years ago when "Lord Barrington," alias "Sir Frederick Sydneyham Burgoyne," as plain George Frederick Neville Barton, was ridding the home of a country gentleman and was caught before he had finished the job.

Barton's career would seem a marvellous one, even in the records of a criminal romance. It was completely exposed when Chief of Police Murphy, of Jersey City, last night recognized the photograph of the St. Louis prisoner as none other than that of the notorious Burgoyne, who served nine years' imprisonment in England and later has interested the police of no less than five American states—New York, New Jersey, Pennsylvania, Ohio and Missouri.

To make the identification absolutely certain, the same portrait was shown to Mr. and Mrs. Thomas Baughan of Jackson avenue, Oak street, Jersey City, with whom Burgoyne boarded before he duped his Philadelphia bride last December. They recognized him instantly in the portrait taken with the St. Louis police for the Bogues Gallery.

George Barton, though of humble origin, was uncommonly well educated. While yet a young man he had mastered Latin and Greek, could converse in French, Spanish or German, and as the result of a trip to India, where he passed some years, he acquired a partial knowledge also of Hindoostanee.

These were his valuable assets when he came to Brooklyn, about fifteen years ago, and won the heart of Elizabeth Miller, whose present home is at No. 1,300 Fulton street, Brooklyn. To her he was Lord Frederick Sydneyham Burgoyne, of lofty lineage and great expectations.

MEETS THE BAUGHANS. Barton left there under some kind of a cloud, and he next appeared at Short Hills, where he engaged himself as a farm hand and general helper at the country home of a wealthy aged woman, against whom he afterward brought a suit for damages on the ground that one of her dogs had bitten him. His next engagement was as coachman in the family of a Jersey City man, living near Bergen avenue and Virginia street.

BOOK OF JOB. A Puzzle to Critics in All Ages

Is Date of Working—Is An hour—His Wife—His Sons and Daughters—The Literature of the Book.

The Book of Job has been a puzzle to critics for more than two millenniums. The date at which it was written, the country of the author, the language in which it was first composed, the doctrine of the writer and his object in writing it are still in uncertainty and dispute.

It is history, epic, drama, and so on. It has been described by all these names. It has been assigned to periods two thousand years apart—the latest being 400 years before Christ's Rabbinic commentators have written Job's biography with assurance and have given the genealogy of his wife. Job has been characterized as a sceptic, as a man of faith, as a valiant battler against the lies of convention.

DECAPMS WITH TROUSSEAU. They started on their wedding tour. The bride's trousseau, which had cost her \$200, was carried in several trunks and some of them the property of Barton. At Cincinnati, leaving her under some pretext, he abandoned her, taking with him the trunks containing the most valuable part of her wardrobe.

Broken hearted, the young bride returned east without finding a trace of her recalcitrant husband. But in one of the old coats he had left behind she found in a pocket a letter from the Baughans, of Jersey City.

She communicated with them, and they then learned how she had been duped. Mrs. Baughan went to Philadelphia and called upon Sir Percy Henderson, British consul general there. From him she learned that "Burgoyne's" pretensions were baseless, that he had no standing in the army, had never been in the Boer War and had nothing due him from the pension office. Then followed the Scotland Yard revelations.

Despairing, yet even then hardly convinced, the abandoned bride came to New York and, with Mrs. Baughan, went to Brooklyn and called upon the wife, who had been Celestine Elizabeth Miller. Then she knew that she had not been even a lawful wife.

He explained his St. Louis business confidentially by saying he was keeping an eye on the British consuls in St. Louis and Kansas City, and also upon certain persons who had large contracts for purchasing horses for the British army.

As his funds began to run low, Barton left the Southern hotel, and took apartments at the fashionable boarding house of Mrs. R. R. Elliott, in West Belle place, St. Louis. There he met the sister of Mrs. Elliott, Miss Wilhelmina Grace Cochran of Independence, Mo., who was attracted by his beauty and vivacity and grace and was visiting her married sister.

Their courtship lasted only eighteen days, and then Miss Cochran was greeted by her girl friends as "Lady Barrington." He took her to the Southern hotel after the wedding, and on January 4 he advertised in a St. Louis newspaper that "an English gentleman of high birth would like to meet a lady of refinement and education."

DEATH OF MRS. WM. J. KIRKPATRICK. A wide circle of friends will regret the death of Mrs. Wm. J. Kirkpatrick, of 85 Marsh street, who passed away Friday after a brief illness of pneumonia. She was only taken ill on Sunday last. Mrs. Kirkpatrick leaves, besides her husband, two sons, George and Fred, and two daughters, Mrs. Wm. Tinkner and Miss Letitia, all of this city.

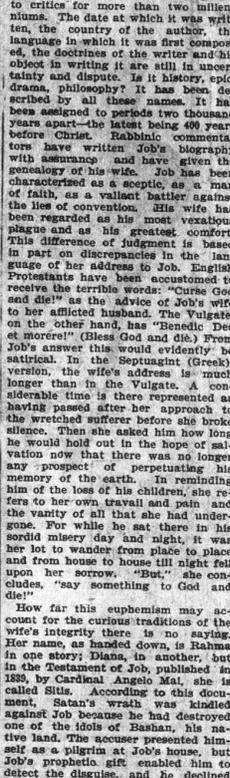

Mrs. Kirkpatrick leaves three brothers: Maj. John Daley of Digby, Richard and William of Rawlins, Wyoming, and one sister, Mrs. E. H. Snook, of Los Angeles, Cal.

FREE LADIES. The deceased lady was a member of St. Mary's church, a lady of a most kindly and sympathetic nature and greatly devoted to the welfare of her family, who have the sympathy of many friends in their sudden and bereavement.

THE SEMI-WEEKLY SUN. ST. JOHN, N. B., FEBRUARY 11, 1903.

TENDER AND CONTRACT.

The provincial government claims that the sum of money available for public works is not sufficient for the purpose. Everybody knows and especially those who use the roads most, that in the hands of the present ministers and their agents the purpose is not served.

In these circumstances it is important that the public money, whether taken from the revenue or obtained by borrowing, should be carefully expended. It was stated the other day that the common roads of the province were not so good now as they were twenty years ago. The truth of this statement will be confirmed by the farmers through the country, who suffer most by bad roads.

MINISTERS AND THE PUBLIC. The affair of the St. John dam is important in itself and in the light it throws upon the provincial ministry as protectors of the public interests. Attention is called to the obvious and certain effects of this enterprise when the discovery is made.

When a department enters an important industry to be closed down, it is not likely to come before them for adjudication, the feeling about it would not be so strong. But there is an uneasy suspicion that in matters where public and private interests come into conflict, the ministers who should protect the public are often too closely allied with the private interests. There is also too frequent suggestion that when the government has to decide between opposing private interests the decision is not always judicial.

SUBJECT TO CORRECTION. In advance of the nomination convention the Telegraph announces the names of the candidates and in addition the vote of the electors. It would be unnecessary to hold other conventions or elections if these statements had authority. But it seems likely that both proceedings will go on, though the conventions may not be important. While the government for which the organ tries to speak, may dictate to the convention, it is not quite so powerful with the electors.

Two slanders. Among the campaign statements which appear in the Telegraph is the assertion that Mr. Hazen offered to allow two government candidates to

are of the opinion that the Tweedle government is that much weaker than the Emmerson government, and that the people will conclude that after twenty years of successive reorganizations it is time for a complete change. It is true that Mr. Emmerson's successor considers himself a much greater man than Mr. Emmerson. Indeed, it has become altogether the fashion in local government circles to sneer at Mr. Emmerson as an incompetent and impractical leader. The practical statesmanship of the attorney-general and his present chief are most attractive to a few in the inferior to whom it is personally profitable. This statesmanship was worth \$300,000 (less the take-off) to a couple of investors in Toronto. But the Toronto investors are not the people of New Brunswick. It was the people of New Brunswick who lost the \$300,000. We shall know better when the returns come in how the people like it.

DR. PUGSLEY DIDN'T KNOW. Of course the attorney general explains that when he became one of the promoters of the Fort Kent bridge scheme he did not know that the enterprise would do any harm. It is not important what Mr. Pugsley knew or thought when he rushed into this undertaking. No way is open for the public to find out what he then had in his mind. There is no doubt that he ought to have known and should have been the first to intervene. One would suppose that when the project of a dam across the St. John river was mentioned to an attorney general of the province of New Brunswick the first thing that would occur to him would be the rights of the people who use the river. The first thing that seems to have occurred to Attorney General Pugsley was that he must have a share in that dam and be in the front foot. Having become so interested nothing less than a general protest at election time calls his attention to the interest of the people at the mouth of the river. It is, if the government should be sustained, the attorney general will probably retain, and cheerfully explain the dam away after the elections.

A LABOR CANDIDATE. The labor party in Vancouver almost achieved a victory in the recent by-election for the house of commons. They claim that they actually did win, but were in some way cheated out of their election. In any case the majority is less than one hundred in a riding which two years ago gave more than six hundred majority for the government. On this occasion the conservative party sympathized with the object of the labor men, who desired a fulfillment of the government promise concerning Oriental immigration. Therefore no conservative candidate was nominated. No doubt Mr. Foley received a majority of the conservative votes, and he had the support of the conservative press. Mr. Foley is himself a liberal. At least he was one until the Chinese trouble arose. But there are not many conservatives who could match the Chinese trouble. Mr. Foley used in describing the faithlessness and treachery of the government on the Chinese question. Had ex-Governor McInnes not been a third candidate, the labor representative would have been returned with some two hundred majority. Members of the labor organizations seem to have resisted the many strong allurements offered them to desert the man of their own choice. They recognized that the fight was their own, and were reminded by their leaders that they need not expect recognition as a political force in the future. They have not elected their man, but there is no doubt that they have secured recognition.

INSURGENTS PUT UP STIFF FIGHT CLOSE TO MANILA. MANILA, Feb. 9.—A force of 100 constabulary, under Inspector Keithley, yesterday defeated a body of 200 insurgents near Marquina, a small town seven miles from Manila city, after a severe engagement in which Constabulary Harris and one man of the constabulary were killed and two men of the insurgents wounded. The enemy left 15 dead and three wounded.

THE PHILIPPINES. MANILA, Feb. 9.—The body of insurgents formed the main force of the irreconcilable General San Miguel. The constabulary were divided into three detachments, which were scouting in the Marquina Valley. The detachment commanded by Inspector Harris, came upon the enemy, who were in strongly entrenched position. Inspector Harris fell at the first volley, being hit five times.

ROCKEFELLER'S SECRET. The secret of Mr. Rockefeller's purpose toward Acadia has been well kept. But it is reported that President Trotter when asked what he needed suggested that he should have a sum that could be raised at home. Another slander which has been repeated several times, directly or indirectly, by the government organs, presents Mr. Hazen Grimmer of St. Stephen as favorable to the government. The Sun is authorized to give a flat contradiction to this statement. Mr. Grimmer has given no one the slightest reason for these reflections upon him. They are untrue and uncalculated.

THE GLOBE ANNOUNCES. Mr. James Donville, president of the Kings county liberal association, has called a meeting of the liberal party at a select of candidates to support the government. A prominent liberal of Kings informs the Sun that he will be glad to attend a convention of his party to nominate candidates, but he can hardly see his way clear to help select candidates supporting the government. He is one of many Kings county liberals who supported Colonel Donville, but does not support the two-man government. Therefore he would be obliged to vote against his own candidates.

The deposits at the St. John branch of the Savings Bank during January were \$67,088 and the withdrawals \$43,524. J. M. Johnson of Calais sold the station baronade which he bought at New York, the following day at an advance of \$1,000. A petition is being circulated among the voters in Lancaster asking Oun. Lowell to again run for the municipal council. The Nova Scotia apple crop last year was 7,000 barrels of inferior fruit for export, compared with an average yearly export of 300,000 barrels. Mrs. James Fleming has purchased from R. B. Travis his residence, No. 50, Main street. Mrs. Fleming will occupy it after May 1. The company mining hard coal at Central Norton, Kings County, are shipping forty tons to Portland, Me. There is talk of a \$150,000 American company to open up the mine. Portland, Me., is disappointed that the new Eastern S. S. Co's steamer Calvin Austin will go on the direct Boston-St. John route next summer instead of calling at that port. Mrs. John Carleton of St. John desires to heat from, or concerning her brother, William John Woods, son of the late Daniel Woods, whom she has not seen since childhood. When last heard from he was in Rochester. The Victoria Station, J. T. of H. and T., held its annual slight drive last night to Torribyrua and return. After the drive supper was served in the hall, Market building, followed by a short programme of speeches and music. Capt. Murphy of Yarmouth conducted marine examinations at the custom house yesterday and granted masters' certificates to the following: J. B. McMan and Hiram D. Parris coastwise, and W. H. Mabey inland. All belong to St. John. Rev. Austin K. DeBelle, Fr. D. has been selected pastor of the First Baptist church, Chicago. Previous to going west some six years ago, Rev. Mr. DeBelle was pastor of the Baptist Seminary at St. Martin's, St. John Co. George H. Waring, Jr., of St. John has lately been appointed chief engineer of the steamer Hudson, one of the Standard Oil Co's fleet, carrying petroleum between New York and Japan. Many friends will hear with pleasure of the new advancement of this young engineer. There is one lucky P. E. Islander on earth and he is now on his way to his home across the straits. If he finds it necessary to go over on the ice he will not get nearly as cold a touch as he would have experienced here but for the interference of the police. He has worked up in Maine for some years and has on deposit in this city \$700. Reaching St. John Saturday he drew the money and started in to have some fun. In time he reached Sheffield street, where it would appear he succeeded in getting rid of \$20. The police having been informed of the man's financial standing, took him in charge and sent him away on last night's train with a ticket for the island. ROCKEFELLER'S SECRET. The secret of Mr. Rockefeller's purpose toward Acadia has been well kept. But it is reported that President Trotter when asked what he needed suggested \$100,000, in addition to the sum that could be raised at home. It is not unlikely that this is the sum which Mr. Rockefeller proposes to give, and that he makes it a condition that \$50,000 be raised from other sources. ANOTHER CASE OF SMALLPOX. Dr. W. H. McKinnon, 13 years of age, who was one of the inmates of the St. John hospital, made his escape before quarantine was enforced and took refuge in a boarding house on the Marsh road. Yesterday he developed symptoms of a mild type of smallpox, with the result that the house was quarantined by Dr. McKinnon. The patient will be removed to the epidemic hospital this morning. SPECIAL MEETINGS. The special meetings which were begun in Tabernacle Church last week will be continued every evening this week. Rev. W. H. Jenkins of Onslow, N. B., a brother of Deputy Chief Jenkins is assisting Rev. E. H. Bosch in these services, and is meeting with encouraging success. Subject last night, "Mazzuchetti's Feast." STANLEY AND MINZO. Steamer Stanley is still drifting in the straits. She is completely surrounded by ice. Stanley's feet in depth. Stanley has not started since Saturday, when she had to return. A boat which has been trying to find out what has happened to the steamer Stanley is now generally supposed that it was the steamer Stanley.

No! No! No! No!

This word is used four times by Prof. W. Hodgson Hills, Official Analyst of the Dominion Government, in reporting the result of his analyses of Sunlight Soap. "No unaponified fat"; that means no waste. "No free alkali"; that means no damage to clothes or hands. "No loading mixture"; that means every atom is pure soap. "No adulteration whatever"; that means pure ingredients. Try Sunlight Soap—Oatmeal Bar—and you will see Prof. Hills is right. He should know. 329

THE LATE REV. M. J. COUGHLAN.

At Sunday's services at the Church of the Holy Trinity, the Rev. W. C. Gaylor spoke in fitting terms of the death of the Rev. M. J. Coughlan, parish priest of Johnville. The reverend gentleman referred to the energy displayed by the deceased pastor in his parish, and his untiring Christian labors, and his untiring Christian faith which earned for him a great reward. The body will arrive in St. John from Johnville on the Boston express tonight, and will be accompanied by Rev. Fr. Chapman of Woodstock and a delegation of the Johnville A. O. U. E. Father Gaylor, in the course of his remarks to the congregation, informed them that he had established a Sunday school library for the children of the parish. The library at present consisted of 95 volumes, and it was hoped that it would increase in time, as it was his great desire to establish a library for the parish in general.

GOODSPEED TO BE ADMITTED TO INDUSTRIAL HOME.

A meeting of the board of governors of the Industrial Home was held yesterday afternoon, when the case of young Goodspeed was considered. It was felt by the board that in view of the unanimous decision of the supreme court that there was no option but to receive Goodspeed at the institution, no other course was open to the board than to admit him. Even if an appeal might be made to a higher court it was thought it might not be expedient to do it. The matter having been decided and the responsibility placed upon the court, the only course for the board was to provide means to increase the security of the place as a penitentiary, which it has been decided is in the eyes of the court. A small committee was named to report upon the best means to be devoted to this purpose with a view of asking that the board be put in funds to carry it out.

WILL REDUCE IRELAND'S REPRESENTATION IN THE IMPERIAL PARLIAMENT.

NEW YORK, Feb. 9.—The government has determined to reduce Ireland's representation in parliament. The Tribune's London correspondent says the government's hands will be quite full this year with Irish land and other matters, and it may be taken for granted that the redistribution scheme is to be the chief measure for 1904. Under the scheme England has 96 members too few, Scotland three too many, and Ireland 33 too many.

THE LUNCH QUESTION.

How a Big Chicago Firm Solved It. So many employes 'boit the lunch' and eat what they should not, that they soon show the effect in nervousness and drowsiness. This has attracted the attention of managers of the big stores and shops. In one Chicago firm an experiment on some of the girls resulted in a complete solution of the question. The woman that made the experiment tells the tale as follows: "About a year ago I became alarmed at the state of my daughter's health. She was employed by a big firm here and for some reason steadily lost flesh, grew very nervous, had no appetite, and could not sleep. "Questioning her I found she ate but little lunch for that busy hour she was seldom served promptly and the time being short she just 'bolted' her food and rushed back. She ate very light breakfasts and I could see she suffered from lack of nourishment. I felt responsible for this and finally got her some Grape-Nuts for breakfast. "I also got a neat leather case holding two pint flasks. One I filled with milk, the other with cold Postum Coffee which had been properly made. She also carried a package of Grape-Nuts. The system she drank first with a dash of lemon. She followed the Grape-Nuts with some fruit and this made up her lunch. "In spite of the war she improved greatly in two weeks' time. She gained in flesh, her nerves were steady and she slept sweetly at night. She never felt the old drowsiness, but hunger. "In a short time a few other girls in the office tried it and the effect was so marked upon all that all others were persuaded. Finally a room was cleared out and the one hundred and odd girls were served daily with Grape-Nuts and hot Postum. It was a revolution, but the manager saw the good result and adopted the plan, greatly to the benefit of the health of the employes and at a saving in expense. "Name given by Postum Co., Battle Creek, Mich."

ANNAPOLIS ROYAL.

ANNAPOLIS ROYAL, Feb. 9.—Miss Kitty Macdonald is seriously ill at her home, St. George street. Capt. Samuel Groves passed away last Thursday at his home in Granville Ferry.

A children's carnival is to be held in the rink next Friday evening. The election of H. D. Ruggles for mayorality was a great surprise to many.

St. Andrew's school hockey team defeated the Yarmouth hockey club last Thursday evening in a well contested game, score 5-2.

The carnival held in the rink here last Friday was a pronounced success. The attendance was large. The rink was very crowded, and the twisting of the may-pole was effectively executed and reflects great credit on the management. Messrs. Donald, V. G., who though now near the sunset of his life, filled with the many infirmities of old age, was about sixty years ago, when he labored with zeal in that portion of the Lord's vineyard.

CELEBRATION AT MISCOUCHE.

The Parents of Father John Macdonald Celebrate Their Golden Wedding. (P. E. L. Braxmeyer.) Miscouche was the scene of a very interesting and brilliant celebration last Thursday, when Father John Macdonald invited his aged parents to visit him for the occasion of the fiftieth anniversary of their marriage. He likewise invited a number of his aged couple as well as the more numerous friends of the pastor, assembled and took part in the celebration.

Among those who came to do honor to the Rev. M. F. Freeman, was quite seriously injured by being thrown from a carriage, the wheels passing over her. A large cut in her head required several stitches.

On January 29th thirty years ago, Angus Macdonald, son of Allan Macdonald of Garryville, and Catherine McGilveray, was united in the holy bonds of marriage with Ellen Macdonald, the daughter of Donald Macdonald, a son of Lochaber, and Catherine Macdonald, a daughter of the Rev. James Macdonald of Hope River, who died some years ago at his home in Wellington, New Zealand. The bridegroom was the Rev. M. F. Freeman, who was the pastor of Hope River, and the bride was the wife of Hon. Donald Macdonald, and she also died at Charlotte-town about a year ago. Mr. Macdonald is the sole survivor of a large family. Many years ago Ronald, the father of Father Gregory, died. Seventeen years ago Father Dan, formerly senior priest in Charlottetown and V. G. of the diocese, died in Georgetown. Since then his sisters, Nelly, the mother of Bishop Macdonald, and Ann, the mother of Richard Craig, James Aeneas, also joined the majority. Mrs. Macdonald is also almost the last of her family, her only living brother being Mgr. Macdonald, V. G., who though now near the sunset of his life, filled with the many infirmities of old age, was about sixty years ago, when he labored with zeal in that portion of the Lord's vineyard.

G., who though now near the sunset of his life, filled with the many infirmities of old age, was about sixty years ago, when he labored with zeal in that portion of the Lord's vineyard.

On January 29th thirty years ago, Angus Macdonald, son of Allan Macdonald of Garryville, and Catherine McGilveray, was united in the holy bonds of marriage with Ellen Macdonald, the daughter of Donald Macdonald, a son of Lochaber, and Catherine Macdonald, a daughter of the Rev. James Macdonald of Hope River, who died some years ago at his home in Wellington, New Zealand. The bridegroom was the Rev. M. F. Freeman, who was the pastor of Hope River, and the bride was the wife of Hon. Donald Macdonald, and she also died at Charlotte-town about a year ago. Mr. Macdonald is the sole survivor of a large family. Many years ago Ronald, the father of Father Gregory, died. Seventeen years ago Father Dan, formerly senior priest in Charlottetown and V. G. of the diocese, died in Georgetown. Since then his sisters, Nelly, the mother of Bishop Macdonald, and Ann, the mother of Richard Craig, James Aeneas, also joined the majority. Mrs. Macdonald is also almost the last of her family, her only living brother being Mgr. Macdonald, V. G., who though now near the sunset of his life, filled with the many infirmities of old age, was about sixty years ago, when he labored with zeal in that portion of the Lord's vineyard.

WESTERN FARMER DELEGATES

In the City on Their Way to the British Isles.

Thirteen western farmers arrived in St. John Friday on their way to the British Isles for the purpose of inducing people to settle in the Canadian West.

Mr. Murchison, one of the party, said to a Sun man last night that they, as a party, had been selected by the minister of the interior to visit England, Ireland and Scotland to lecture in towns, and answer any questions that may be asked, about farming in Western Canada.

Mr. Murchison further said that when he went to Souris there was not a head of cattle, 50 hogs and a dozen horses. There are few stock factories in the west, said he.

FOSTER'S ADDRESS

To the Electors of the Province of Ontario.

Advocates a Canadian Policy. Canada for the Canadians.

TORONTO, Feb. 5.—Hon. George Foster has issued the following address to the electors of North Ontario.

Having accepted the hearty unanimous nomination of the Liberal Conservative Convention, held at Toronto on January 1, I respectfully solicit your vote and work and influence in the coming contest for election of a representative for North Ontario in the Dominion parliament.

My public work in the country in parliament from 1882 to 1901 has been a constant struggle for the improvement of the country and the welfare of the people.

I have always advocated a distinctly Canadian policy, calculated to develop and build up Canadian industry and commerce.

I believe in the employment of Canadian labor and the development of Canadian skill and enterprise.
