

FROM ALL OVER THE MARITIME PROVINCES

RIVERSIDE

Riverside, Albert Co., April 4.—While McCham Brock has been in operation on the second floor of the large barn on the premises lately vacated by Gains L. Steeves, Fred Smith had a close call. Mr. Smith had barely left the scaffold when down it crashed, precipitating about twenty tons of hay to the basement, crushing two carriages and a sleigh beneath it and completely hemming in a horse in the adjoining stable but without injury.

Mrs. L. Richardson, of Waterside, underwent an operation at Dr. Carnwath's private hospital some days ago. She is convalescing favorably. Miss Bishop, of Lower Cape, is now the nurse in charge. The ordinance of baptism was administered at Wyre Brook on Sunday afternoon. Five candidates received the rite. The river has been free of ice for some time, the first sail appearing last Saturday. The steamer Harbinger and several schooners are expected daily. I. C. Prescott will load the schooner.

The maple sugar season is now on in full blast. Quite a number from the village visited the Rosevale districts on Saturday. Several consignments have been received by the merchants here.

HARCOURT

Harcourt, April 4.—Miss Marion Dunn, who has been spending the Easter holidays with her parents, Mr. and Mrs. S. M. Dunn, left on Wednesday to resume her studies at Mt. Allison.

Gilchrist Allen, who has been visiting his aunt, Miss Jessie Dunn, returned to Dalhousie on Friday.

William Martin, of Moncton, spent Sunday in town.

Miss Ethel Wathen, who has been spending Easter at her home here, left on Tuesday for Scotch Settlement.

Misses Beatrice and Evangeline Saulnier left on Wednesday to resume their studies at the St. Louis Convent.

Mr. Harry Barriac, of Moncton, spent Thursday with her parents, Mr. and Mrs. J. A. Buckley.

Miss Althea Wathen, who has been spending Easter with her parents, Mr. and Mrs. N. J. Wathen, returned to Fredericton on Tuesday.

A very enjoyable evening was spent at the home of Mrs. S. M. Dunn, when she entertained a number of friends at her home on Tuesday evening.

Miss Helen Buckner left on Tuesday for Moncton to resume her studies at the High School.

Rev. Canon Smithers, of the cathedral, Fredericton, preached to a large congregation at St. Mary's Episcopal church on Sunday evening at 7.30.

SALISBURY

Salisbury, N. B., April 6.—Mrs. William Turner is quite seriously ill at her home, Cheryvale.

Miss Nelson Bleakney, of Sussex, was in Salisbury over Sunday, the guest of Mr. and Mrs. John H. Bleakney.

The balance of stock in the store, together with camping outfits, wagons, harness, etc., of the Wright Lumber Company will be offered at auction sale by the liquidators of the estate next week. Hazen Folkens, who has had charge of the store during the time the firm were in business, will leave for Boston in a few weeks, where he will remain for some time.

The funeral took place from his late residence this afternoon of William Tait, whose death occurred on Monday. The services at the house and grave were conducted by Rev. F. G. Francis, the male chorus of the Baptist church choir participating in the hymns. The interment took place at the cemetery at Cheryvale, five points, beside the grave of deceased's mother. Much sympathy is felt for the bereaved family here. Of the eleven children five of them are under ten years of age and the eldest of the family under twenty years of age.

MONCTON

Moncton, N. B., April 5.—(Special)—Fred Forsythe, apparently did not know that efforts to sell rye whiskey by the hip pocket plan were being watched by the police last night, for after he discovered it had been taken from his hiding place he reported the matter to the police. Placing a canvas grip containing nine bottles of rye whiskey, a felt hat and two roasted ducks underneath a carriage at the rear of the city market, Forsythe intended to return later for them. But Sergeant Atkins and Policeman Dunphy were hovering about and, noticing his action, captured the prize.

Forsythe returned to the hiding place at 12.30 and, missing what he placed there,

NORTON

Norton, N. B., April 6.—The funeral service of Michael Gallagher, of Pesekeag, was held in the Sacred Heart church this morning. Father McDermott, of Sussex, officiated.

Father Byrne was able to attend the funeral but not to take any active part.

The Messrs. Lee, Mr. Higgins and his daughter, Bertha, all of St. John, attended the funeral of Mr. Gallagher.

Rev. C. G. Finamore occupied the pulpit of the United Baptist church at Sackville on Sunday.

Mr. Rosborough, a student, occupied the pulpit of the Presbyterian church, and as there was no Baptist service in the evening the service was very largely attended.

Mrs. W. R. Carson has returned from visiting her mother in St. John.

Mrs. Maud Campbell is visiting—Mrs. Walter Campbell, St. John.

The L. O. G. T. Eldis Lodge has carried out the programme given in the Templar this quarter and find it has added greatly to the general interest.

Fred Gillis, of Bellisle, has bought a farm from Mrs. McLaughlin. He intends erecting a new house on it.

Miss Pearl Nodden has returned from a week's visit at her home in Moncton.

Sherwood Yerxa has returned to his home in Fredericton, after spending a month with Mr. A. Yerxa.

Mrs. Cowan has returned from the hospital, St. John, where she has been having an operation for tumor. She is now much better and able to be out among her many friends quite more.

Mrs. Watfield Vail has also had an operation for tumor and is now convalescent.

E. L. Perkins, jr., has returned from a business trip to McGeivny Junction.

Mrs. John T. McVeay was the guest of Mrs. Perkins on Wednesday.

The commissioners of the municipal home meet here tomorrow at 12.30 p. m.

NEWCASTLE

Newcastle, April 5.—Caledonia Division, No. 126, S. of T., of Douglastown, has elected the following officers for the present year: Richard Atchison, W. P. Hubert Kirkpatrick, W. A.; Thomas Vye, R. S.; Miss Rena McKenzie, A. R. S.; R. H. Jessamin, F. S.; Harold Stothart, treasurer; Robt. Currie, conductor; Percy Henderson, A. C.; Miss Maud Wood, P. H.; Chester Sleeth, I. S.; Donald Wood, S. Y. P. W.; Misses Bessie Wood, Stella Morrison and Miss Simpson, graces.

The little son of Mr. and Mrs. Charles Delano, who, last summer, took sick with spinal meningitis, died yesterday. Deceased was eleven months old.

The infant daughter of Mr. and Mrs. James Macdonald, born on the 29th ult., was buried on Sunday.

Mr. and Mrs. Patrick Mullally had a son born to them on the 31st ult.

CHATHAM

Chatham, April 5.—The last meeting of the present town council was held on Monday night. Mayor Snowball announced that he would again be a candidate as did also Ald. Haler. Ald. Loggie stated that he would not accept a nomination for alderman for mayor. Alderman McKay was appointed road commissioner for the town of Chatham.

Some discussion took place in regard to the proposed deviation from Nelson along the Miramichi to Loggieville. There is considerable agitation among the townspeople as to whether the deviation should be built between the highway and the river or to the westward, where, although F. P. Brady favored having the new line built between the highway and the river a number of the aldermen spoke in opposition to this proposition at tonight's meeting. The new line will cost between \$40,000 and \$50,000. No action was taken by the council.

A piece of land adjoining the curling rink was asked for by the curling club in order that they might enlarge their rinks. A committee was appointed to look into the matter. The remainder of the business was of a routine nature.

Chatham, April 4.—Rev. W. J. Wilkinson, who has been pastor of the Episcopal church at Bay du Vin and Hardwick for nearly twenty-eight years, preached his farewell sermon on Sunday evening. Mr. Wilkinson will at once assume charge of the parish of Springfield, Kings county, and left today for that place. He was waited upon by a number of his congregation and presented with a suitable dress and a purse of gold amounting to \$100. The presentation was made by Fred Williston.

FREDERICTON

Fredricton, N. B., April 6.—The banquet in connection with the Laymen's Missionary Movement in the assembly chamber of the parliament building this evening, had attendance of about 250, and was a pronounced success in every particular.

Governor Tweedie presided, and had Bishop Richardson and Chancellor Jones on his right, and R. W. Hodgson and Ald. Osborne on his left. Supper was served by the ladies of Brunswick street Baptist church, and was first class in every respect. After ample justice had been done to the good things provided, Governor Tweedie expressed his hearty sympathy with the Laymen's Missionary Movement in a brief speech, and then introduced Bishop Richardson as the first speaker. The bishop was in good form and delivered a telling address of half an hour's duration.

R. W. Hodgson was the next speaker and gave a very entertaining account of his experiences in China, and dwelt upon the need of greater missionary effort in that country.

Rev. Tucker, of Toronto, was next introduced, and delivered an eloquent and patriotic address which aroused great enthusiasm. The other speakers included H. J. Caskey, of Toronto, Chancellor Jones, Ald. Osborne and Rev. Dr. Smith, the latter receiving a vote of thanks to the chairman and speakers, which was heartily accorded.

The chief superintendent of education has sent out notices to the effect that the annual school meetings will be held on Monday, July 11, the second Monday in July now being the date of meeting. School accounts are to be audited within six days of the date of the meeting.

The cut of bank logs between this city and St. John was greater than usual and

SALISBURY

Salisbury, N. B., April 4.—Harry F. Bennett, C. E., of St. John, who has been spending a few days with Salisbury friends while on his way home last week.

Rev. C. W. Hamilton was in Sackville for a few days last week visiting at the home of his sister, Mrs. James Whetton.

Dudley Dyer, who has been spending a few weeks here with his brothers, William and John, left on Saturday for his home in Fells (Mass.).

R. M. Gross, station agent at Anagance, C. S. McCarthy, car brake inspector at Moncton, and J. McClaren, C. E., of the National Transcontinental Railway engineering staff, attended the Masonic lodge at this place on Friday evening.

S., Miss Margaret Bedford; organist, Miss May Milberry.

A very interesting entertainment was held in the vestry of the Baptist church by the Young People's Union Tuesday evening. After the concert ice cream was served. The evening was very successful and will be devoted to church purposes.

LETTERS TO THE EDITOR

GEORGE W. UPHAM, M. P., AND THE VALLEY RAILWAY

To the Editor of The Telegraph:

Sir,—There appeared in the headlines of the "Western" in issue of March 28 last an untruthful and misleading statement regarding my attitude towards the proposed St. John Valley Railway, as follows:—"George W. Upham, M. P., says he will oppose the St. John Valley Railway."

At the time this came to my observation I gave it only a passing glance, knowing that the people of Carleton county were well aware of the untruthfulness of this statement. It was only a short time ago that I issued a paper, seeking to injure an honorable gentleman's reputation by publishing a libellous statement about him, was compelled to apologize in the humblest terms through its own columns, to prevent the law from taking its course, and trying all the young scoundrels from serving a term behind the prison bars.

But since that issue of March 28 I have been credibly informed that some of its contents were being used to injure me. I have gone about Carleton county, more particularly in the villages of Centreville and Lakeville, circulating the above and several other false reports about myself.

My statements are not only untrue, but also very unbecomingly untrue. I treat myself, and also to all those who are of the right thinking class on both sides of politics, who have been making an honest and earnest endeavor to procure for the people of the St. John Valley the early construction of a first class road under I. C. R. control, from the Grand Falls, by Centreville and Lakeville to St. John, which would compete with the C. P. R., giving the people of the valley cheap rates and an extension of a first class railway, and trying to obtain over its rails from the far west that is destined to go by the port of St. John, and also a money-maker for the province of New Brunswick.

Now so long as I have the honor of being one of the representatives of Carleton county in the local legislature, it is my duty as well as a pleasure in my humble manner to assist in bringing about the best results for the county of Carleton county, and in trying to obtain for the people of the valley this long needed railway, and I will continue to urge upon the dominion government their prompt action in coming to our aid and giving us further assurance of their assistance. I will also assist the laymen government in any wise legislation that they might possibly, through accident, stumble upon, regardless of this muckraking winter who seeks to distort my views.

I must close for this time. I have not modify his standard of four-tenths of one per cent grades in part 2 of his bill, as was suggested by myself, and all non-partisan thinking members of the legislature who have the interests of this province at heart, will have in the near future a railroad built in keeping with the sentiment of the people of this whole province, which would give the people value for their money, unless we allow our province to be sold out to a monopoly, let the province fall into the hands of a man who surrounded a private car ride in the dark hours of the night, prevent us from obtaining our just dues as good citizens of the St. John valley.

Yours truly,
GEORGE W. UPHAM,
Woodstock (N. B.), April 4, 1910.

HOPEWELL HILL

Hopewell Hill, April 4.—The Shepody Bay buoys were placed in position last week by the government steamer Stanley. There is yet very little shipping on the move. The first of the deal fleet is expected here in a few weeks.

Alex. Rogers has sold his lumber here and in Westmorland county to W. M. Mackay, of St. John. G. M. Russell has disposed of his cut of 300,000 to J. Nelson Smith.

A lecture by Rev. Mr. Kirby, with basket social, is being arranged for by the Methodist folk to be held on Saturday, April 9. The receipts are to go toward the parsonage fund, efforts for the completing of which at an early date are being made.

Isiah Tingley, who is visiting at Albert's native place, is assisting Rev. Mr. Snelling in the special services now being held at Lower Cape.

Floyd's mill began sawing Archie Barkhouse's lumber cut here today.

There is a hitch in the plans for the rebuilding of the big aboudeau on the Shepody marsh, and the report is now that the work will not be done under the present arrangements. The job was sold a few weeks ago to a Riverview man for \$3,150, but the contract has not been signed, and it is understood the matter is likely to fall through, as the details of the financial matters were not satisfactory to the contractor.

COMMENDATION FOR COL. H. H. McLEAN

To the Editor of The Telegraph:

Sir,—I would like to say just a few words in recognition of the many benefits of the railways as they have received since last night: "W. S. Loggie, M. P."

"Tenders for building Chatham division are being called for today."

"A. W. Campbell."

This means that the report of the deputy minister in St. John's church, that the town will have the railway running through it instead of having the station a mile distant as at present. It will mean also better communication between Chatham and Newcastle. In the plan now being laid out, the line will run along the bank of the Miramichi and runs through Chatham to Loggieville.

CURING HER.

(Philadelphia Telegraph.)

"I'm not stuck on this bread," remarked the little girl whose parents were trying to cure her of the use of slang.

"Margie," said her mother, "you want to cut that slang out."

"That's a peach of a way of correcting the child," commented the father, "I know," replied the mother, "but I just wanted to put her wise."

I am yours,

\$3,000 FOR A WILD PIGEON'S NEST

Boston, April 4.—Three thousand dollars is the price offered by the American Ornithologists' Union for the discovery of nests of the passenger pigeon or wild pigeon.

Dr. G. F. Hodge, of Clark University, Worcester, has charge of the reward, and all finds must be reported and forwarded to him. This species of pigeon was so thick in Massachusetts that the state was a great resting place for them, and pecked at them as they were nesting. Often would kill and gather in fifty or sixty at once, so closely did they roost. The slaughter of the birds assumed such proportions that they are almost extinct today. The pigeon about fifteen inches long from its bill to the end of its tail, the tail feathers being three times as long as those on either side of the male. It is blue gray above and on the head, and reddish beneath. The female is of a duller color, inclining towards brown. The birds nest during April and May.

WESTMORLAND ELECTS ITS DELEGATES TO TORY CONVENTION

Westmorland, April 5.—The Conservative convention here this afternoon to elect delegates to the dominion convention at Ottawa, was fairly well attended. The meeting was held in the Conservative club rooms. F. G. Mahoney, president of the county association, presided. Delegates were elected as follows:—

Moncton City—R. W. Hewson, Dr. L. N. Bourque; Subs., J. E. Masters, J. S. Boyd; Moncton Conservative Club—Dr. B. Price, W. E. Sealey; Subs., Dr. L. H. Price, W. K. Chenevix-Trenchard; P. Sherry, J. C. Landry; Subs., L. R. Taylor, Harris Cahoun; Salisbury—A. E. Trites, J. E. Humphrey; Subs., J. R. Foster, H. Y. Heomans; Westmorland—M. G. Siddall, Dr. M. A. Oulton; Subs., Arthur Shotton, T. J. Allen, Sheldan—Dr. L. J. Belliveau, W. A. Russell, A. M. McLennan; Subs., Matthias Archinault, G. L. Welling, Gilbert Boudreau; Botsford—P. G. Mahoney, S. C. Hayward; Subs., Wm. Peacock, Henry Legere; Moncton Parish—J. J. Bourgeois, V. F. Humphreys, Subs., Manzer Steves, Thos. Hennessy; Sackville—Fred Ryan, F. B. Black, Jas. Smith; Subs., Myron Pickard, C. C. Campbell, David Wheaton.

Resolutions were passed endorsing R. L. Borden as leader, the cause of the opposition in parliament, and a vote of confidence in Hon. G. E. Foster.

Over 200 men attended the banquet held in connection with the laymen's missionary conference in St. John's church tonight. Capt. Masters presided, and addresses were delivered by Bishop Richardson, R. H. Buchanan (Montreal), H. K. Caskey, General Secretary of the Laymen's Missionary Movement.

The total contributions by all churches in 1909 was \$4,500.18. In 1908 the amount was \$3,407.36. The conference opened this afternoon in the Y. M. C. A., when twenty-minute addresses were delivered by H. K. Caskey, Rev. D. MacOdrum and the Bishop of Fredericton. The conference will be continued tomorrow.

NOT THAT KIND OF PAPA

A certain ensign in the navy had an overwhelming desire to marry the daughter of a rear-admiral, a rank noted in the service as a frank, not to say harsh, man. The ensign went, with much trepidation, into the office of the man he desired to make his father-in-law.

"So you want to marry my daughter?" inquired the rear-admiral in deep chest tones.

"Yes, sir."

"Well, what are you going to support a wife on, with nothing but the pay of an ensign?"

"Well, Admiral, if I am not mistaken, you were married when you were an ensign."

"Yes, young man, I was, but I lived off my father-in-law, and I'll be damned if you are going to do that."

In 1903 the population of each license in Manchester was 185. Today it is 282.

MY FREE TRIAL TREATMENT MAY CURE YOU

Dear Mrs. Currah—I feel so very much better after using the 10 days' treatment of ORANGE LILLY than I have felt for many months. In fact, I feel entirely well, and it is now a month since I stopped using the treatment.

Similar letters to the above are not infrequent, though, of course, such cases are not of long standing. Most women who have had long and painful periods of time will require to use ORANGE LILLY longer than the 10 days' treatment to effect a complete cure, but in every case they will be perceptibly benefited. Further, the benefit will be permanent whether they continue to use ORANGE LILLY or not. It does not contain any alcohol or other stimulants. It is an applied treatment, and acts directly on the suffering organs. In all cases of women's disorders, the treatment is a simple chemical problem, and the result is always the same, a step towards better health and complete cure.

In order that every suffering woman may prove its good qualities, I will send enough of ORANGE LILLY for 10 days' treatment absolutely free, to each lady. I will send me her address. Mrs. FRANCES E. CURRAN, WINDSOR, ONT.

START TODAY TO GET READY FOR HARVEST TIME

DON'T put it off any longer. From now on till harvest you are going to be busier every day. Your grain is likely to ripen all at once. Then you'll want to cut it quickly. You can't do it unless you are prepared with the best harvesting machines—in proper condition.

To be sure of getting the best machine for your needs—you must make a careful selection. That takes time. That's why we say start today. Because we know if you go into matters carefully you will choose a McCormick. The McCormick Binder will meet your requirements as no other machine will. It is built to meet the conditions encountered on the Canadian farm. It has stood the test of years. Its capacity to handle grain that is tangled or down; its simplicity, strength, durability, light draft, uniform work, good work and the reliable work of its knoter, combine to make it the best machine for you.

Other farm machines of McCormick make a long line, are not less valuable than the Binder. The line includes: Harvesting Machines, Binder-Tines, Mowers, Tedders, Hay Rakes and Side Delivery Rakes, Hay Loaders, Disc, Shoe and Hoe Drills, Cultivators and Sows, Smoothing Spring Tooth and Disk Harrows, Land Rollers and Scarifiers. McCormick dealers also handle Gasoline Engines, Cream Separators, Hay Presses, Wagons, Sleighs and many other machines.

Every McCormick everywhere is recognized by farmers as a leader in its class. But we don't ask you to take our word for this. We say—Start today to investigate so you will be able to make a proper decision.

For catalogue and specific information on any McCormick machine, call on the local dealer or write direct to nearest branch house.

CROPS FOR SHEEP

The wise shepherd in planning his crops for his flock, recognizes the great advantage of providing not only a variety of foods but a succession of succulent crops the season through. Bulletin No. 12, Sheep Husbandry in Canada, published and issued by the live stock branch of Ottawa, takes up this subject in a practical and thorough manner. Under special crops for sheep it deals with clover, alfalfa, vetches, rape, cabbage, turnips, mangels, corn and the several classes of grasses. Each is treated separately in regard to method of cultivation and manner of feeding. Dealing with vetches the bulletin says:

Vetches, or tares as they are also called, make excellent fodder for sheep, either as a soiling crop or as cured hay. The crop much resembles peas in habit of growth and requires about the same kind of cultivation. Its vines are more slender than pea vines and stand up better when grown under a stubble. Vetches are grown extensively for sheep feed in Great Britain, and to some extent in Canada for the same purpose. The winter, while raising sheep, always grows a small area of tares with oats for colting the ewes. In the case of a few herds, clover vetches were cured for hay. The crop being fine in vine and very leafy is much relished by sheep and constitutes a rich diet.

"Two varieties of vetches are grown for fodder: the common vetch is the standard cultivated, but the hairy variety is receiving some attention. The latter produces the heavier yield, but so far the seed having to be imported is very expensive and few growers are able to raise it. The soil for vetches should be clean, mellow and rich. The seed may be sown in drills or broadcast. A good seeding for either soiling or hay is about three pecks of vetches and four pecks of oats per acre. The vetches are ready to feed a few hours after the crop comes into blossom and before the seed commences to ripen. For soiling the crop may be hauled to racks or be distributed on the sod of a pasture field as soon as cut, or it may be allowed to wither in the case of a few herds. Vetch hay is made in much the same manner as clover or timothy is handled. Vetches may be pastured by sheep, but this is a wasteful practice, as much of the crop is destroyed by trampling."

Sheep raisers who do not already possess a copy of this bulletin will do well to order one from the live stock commissioner at Ottawa.

Greatest Rush Canada's History Indications Point to 1,000,000 American Immigrants grants New Comers Are the Class Physically and Ancially of Any Year Resolution to Provide Staff for Naval Service Department.

Ottawa, April 5.—At the Atlantic ways and at every point of entry all international border lines in Western Canada immigrants are now pouring in at a rate hitherto unequalled in the history of the Dominion, and which both for physical stamina, ability for good citizenship and for the independent man, has never before in the history of the Dominion. The immigration department reports with regard both to quality and quantity of the influx of new settlers is now at all records. According to some estimates there will be fully 150,000 new settlers in Canada this year, principally composed of farmers from the West who are now pouring across the border line to take up land in the Canadian West. The increase in American immigration year to date is over 50 per cent, compared with last year, when the total nearly 90,000.

The entry certifies that the year that the average amount brought into the country in cash or settlers' effects for each man, woman and child means that for the year almost double the amount has been brought into the country alone. Those who are coming reported to be the very best class of immigrants in the American West.

From Great Britain it is expected fully 100,000 immigrants will arrive. These too are reported by the immigration authorities to be well educated, both in money and effects, and a really of a better general average than before came into the country in any year. The bulk of them, although getting the bulk of them, although the Maritime Provinces are normally attracting a larger percentage of the past.

The total immigration for the year expected to run close to the 300,000 an average of one new citizen every 23 of the present population of 1,200,000.

ENORMOUS WEALTH OF NEWCOMERS.

The entry certificates this year show that the average amount brought into the country in cash or settlers effects is \$811 for each man, woman and child. This means that for the year about \$125,000,000 will be brought into the country from the new settlers. Those who are coming in are reported to be the very best class of agriculturists in the American west.

MAMMOTH SHIPBUILDING PLANT AND DRY DOCK WILL BE BUILT IN ST. JOHN

Announcement Made By Sir Robert Perks, the Prominent British Contractor

Charter Applied for Includes Harland & Wolff, C. P. R., Allan Line, McArthur, Perks & Co., W. E. Foster, of St. John, and Quebec Capitalists As Incorporators—Promoter Thinks Head of Courtenay Bay Will Be the Site for 900-600 Foot Dock and Equipment Provided Will Be First-class—Construction to Begin This Year—Levis to Have Dry Dock Only.

Ottawa, April 5.—Before the year ends the construction of two immense dry docks in Canada will be commenced. They will be not less than 900 feet long, and 100 feet wide, and will have a depth of 35 feet on the sill.

Dr. Pugsley Discusses the Project. One of the leading men behind these dry dock enterprises is Sir Robert Perks, who arrived in Ottawa today and had a long conference with Hon. Dr. Pugsley, the minister of public works, who will have the administration of the dry dock aid statute.

W. E. Foster a Member. Sir Robert Perks said: "A company is being registered today, at the state department of Canada, for the purpose of building two dry docks. One will be located at Levis and the other at St. John. On this company Harland & Wolff will be represented by Lord Perry, the Canadian Pacific by Sir Thomas Shaughnessy, the Allan Steamship Company by one of that firm, McArthur, Perks & Company by myself, and there will also be incorporators, Mr. Dobell, of Quebec, Mr. Davies, of Levis, and Mr. W. E. Foster, of St. John."

Courtenay Bay the Site. "Well, there are several sites available there, but the dock will probably be located at the head of Courtenay Bay where there is an excellent site for both the dock and for the establishment of a shipyard."

W. E. Foster on the Outlook. When W. E. Foster, who is mentioned in the foregoing despatch as one of the incorporators, was told of the news last night he said: "I have been expecting such news for some time past. I consented to become one of the incorporators because of my strong desire to do anything possible to facilitate the construction of a dry dock at St. John, and more especially a ship-repair and shipbuilding plant if possible. Negotiations, of course, have been going on for some time past, and the despatch indicates that a satisfactory arrangement has been completed."

Quality Butter. "FAVORITE" CHURN, you can't imagine what a difference it will make in the quality of the butter.

UNKINDEST CUT. (Cleveland Leader). "Yes, I was fined \$500 for putting coloring matter in artificial butter." "Well, didn't you deserve it?" "Perhaps. But what made me mad was that the judge who imposed the fine had lived whiskers."

SPRINGFIELD MURDER SUSPECT ARRESTED

Identified by Women He Shot At Many Articles Found in His Room Identified By Owners

Springfield, Mass., April 5.—The wanton murderer on the evening of Thursday last of Miss Martha B. Blackstone by a masked burglar was tonight formally charged against Bertram G. Spencer, a clerk, aged 28 years, who was arrested earlier in the day. Following his identification by Mrs. Sarah J. Dow and Miss Lucy Dow, mother and sister respectively of Miss Harriet P. Dow, who was seriously wounded as the invader of Miss Dow's home, where Miss Blackstone was a guest, several people positively identified him as the man responsible for the career of local terrorism of a year ago, during which their homes were broken into and robbed.

Accused Slayer of Young Woman Teacher is Bertram G. Spencer, a Clerk—Masks, Revolvers, and Much Booty Seized in His House by Police Likely Explains Many Robberies.

It was the identification of some of these articles as being portions of the loot taken by the burglar in his several raids that had much to do with Spencer's positive identification. Wearing a mask, as he always did, the victims could not certainly identify his features.

Blame Merry del Val. Catholics dwell on the many evidences of his friendship while he was the occupant of the White House and declare emphatically that the church is being placed in a false position towards the president and America. Responsibility generally is placed personally on the shoulders of Cardinal Merry del Val, the papal secretary of state. An eminent ecclesiastic is reported to have said: "It is not the church, but the private act of the Spanish secretary of state against the colonel of the Rough Riders in Cuba."

ONTARIO PROSPECTOR ON TRIAL FOR MURDER. North Bay, Ont., April 6.—(Special)—Walter Rose, a prospector of Hull, England, charged with the murder of Matthew Rose, of Toronto, was placed on trial this morning. The prisoner being without funds, T. W. McGarry was assigned to defend him. Self-defence will be the plea of the prisoner, and the crown will allege that murder followed the robbery of the victim.

THE DRY DOCK

The Minister of Public Works gives official confirmation to the announcement made by The Times-Star last evening, to the effect that St. John is to have a first class dry dock and ship repair plant, and that negotiations have so far progressed as to justify confidence that construction will be commenced in the near future.

MR. FOSTER REDIVIVUS

Mr. Foster, to whom the Conservative papers have a suspiciously sudden farewell day or two ago, is out with an energetic, not to say angry, protest that he has no intention of quitting public life and that the eloquent tributes of the mourners were premature.

A BIG PROJECT

St. John is to have a 900-foot dry dock and repair and shipbuilding plant. Such is the announcement contained in the interviews with the Minister of Public Works and Sir Robert Perks given in The Telegraph's Ottawa despatches this morning.

over. Mr. Foster is not a very old man, being but sixty-three years of age. "The retirement of Mr. Foster from the field of active politics leaves the position of Mr. R. L. Borden's first-lieutenancy vacant. There is no indication at present who will succeed, but it is likely that Mr. C. J. Doherty, the member for Ste. Anne, Montreal, will temporarily take the seat on Mr. Borden's left hand."

A TROUBLED PARTY

Conservative attempts to read treason or separation into the Canadian naval policy are now seen, even by Conservatives, to be hopeless. Mr. J. S. Willison, editor of the Toronto News, a leading Conservative journal which enjoys the confidence of Mr. Borden, is the chief Canadian correspondent of the London Times.

RECIPROCITY

Mr. Taft, with the autumn Congressional elections in mind, and the proposed reciprocity conference with Canada on the programme, find himself in a position of no little difficulty. There is a part of the Republican party that is desirous of better trade relations with Canada, but it is perhaps more to the point that there is a large and growing party in the United States which is in open rebellion against high protection, which is held responsible in great measure for the increased cost of living.

TRUBLE IN THE RANKS

One after another the leading Conservative newspapers are taking up, reluctantly but vigorously, the troubles of their party. At first the subject was avoided by some of the old-fashioned journals, perhaps with the hope that it would soon drop out of sight.

first appearance as a candidate at a provincial election. He was what we would call in these days a bit of a dude, but also an active, athletic man. On nomination day he stood on the ground in front of the platform, and when his turn came to speak, the candidate who presumed him said: "I will now be followed by my young friend, L. A. Wilmot, whom I see before me with his highly-polished hat, his dainty cane, and his spotless gloves."

WHAT IT MEANS TO MAINE

A ton of news print paper sells for from seven to eight times the price of a cord of pulpwood. Bearing this fact in mind it will be of interest to examine the following estimate, by a Bangor authority, of the value of the pulp and paper industry to Maine, our next door neighbor:

GAMBLING FINDS FRIENDS IN HOUSE

Hard Fight Against Anti-Betting Bill in Parliament

PASSED ONE STAGE

Special Committee Reported in Favor of It, But Opponents Do Not Despair of Legalizing Wagers on Tracks at Race Meets.

Ottawa, April 6.—The champions and opponents of the Miller anti-betting bill looked on with interest in the Canadian commons today over the measure which is designed to put an end to bookmaking in Canada. The bill emerged triumphant from a severe struggle before the special committee which heard evidence for and against the measure from both racing associations and the moral reformers. The committee reported the bill without important changes.

In the commons today, Mr. Miller moved that the bill be taken up in committee of the whole, and on this motion arguments for and against the bill were made. The proceedings showed clearly that the bill is to be fought at every future stage, and it has a long way to go yet before it becomes law. It is not expected that there will be a vote on Mr. Miller's present motion until tomorrow, at the earliest. However, the real fight, in the commons, will take place on the committee stage.

In arguing the adoption of his motion, Mr. Miller said that even the opponents of the bill admitted that there were evils in betting based on horse racing, and they were willing to have them stamped out. All they wanted reserved was the right to have betting only during race meets and only upon race tracks.

Mr. Miller asked why, when gambling was a crime, an exception should be made in the case of gambling on race tracks. That thoroughbred horses are necessary in the breeding of good horses; that racing is necessary to maintain thoroughbreds; that professional betting is necessary in order to maintain racing; and that horse racing is the sport of kings and should not be prevented.

Mr. Miller admitted that the thoroughbred was an advantage in breeding, but he did not think that the betting necessary to maintain the thoroughbred, although it was one of the means of testing them. He denied that professional betting was necessary to maintain racing. He did not think the bill would do away with horse racing.

Mr. McCall, while not against the bill, was against its "drastic and unjust provisions." It would abolish the noble sport of horse racing and destroy the breeding of light horses, or would cause great financial loss to breeders and racing associations in Canada. Betting evils did not occur on race tracks but outside. The betting on such tracks as the Woodbine was not gambling in the strict sense of the term.

Wilton (Conservative) opposed the bill and Martin (Liberal), of Regina, supported it.

Hon. Clifford Sifton suggested a compromise which would consist of restricting tips, poolrooms, prevent pool meets and hand-book making. That would be enough for one session and if such a bill was found insufficient it could be strengthened next session.

The house got into committee on the Miller bill and Mr. McCall moved that for it be substituted what he said was practically the British act. His substitute bill, he said, would limit betting to the race tracks and during meet which were not to continue more than eight days.

The committee rose and will continue the discussion tomorrow morning.

FATHER MORRISCY'S REMEDIES.

Cured a Truro Lady of Both Lung and Kidney Troubles.

Truro, N.S., Jan. 14th, 1910. For some time I had been troubled with a very dry cough and pain in my lungs, made up my mind to try your medicine, and had used one bottle of No. 10 (Lung Tonic) when the pain left me and I felt much better.

My kidneys troubled me quite a lot also, and I purchased a box of your No. 7 (rheumatism and kidney cure) and since taking the tablets I have had no pain in my side or back. I spent quite a lot of money in medicine, but none of the remedies I tried ever helped me, until a lady friend showed me your advertisement. I am now fat and healthy, and your remedies have saved me from the grave.

(Miss) MARTHA WHITE. None of Father Morrissey's remedies have ever been heralded as "cure-alls." The wise priest-physician prescribed a special remedy for each kind of disease—a remedy skillfully devised to cure that particular trouble and that only.

No. 10 (Lung Tonic), besides curing colds, inflammation, pneumonia, bronchitis and other diseases of throat and lungs, strengthens these organs and gives them vigor to resist a return of the trouble.

No. 7 Tablets stimulate weak kidneys so that they can properly perform their function of filtering from the blood the impurities that cause rheumatism.

The action of both these remedies is hastened by Father Morrissey's Liniment as applied freely externally.

No. 7 Tablets for Kidneys and Rheumatism are put up in 50c. boxes; No. 10 (Lung Tonic) in 25c. and 50c. bottles, and Father Morrissey's Liniment in 25c. bottles. At your dealer's, or from Father Morrissey Medicine Co., Ltd., Chatham, N.B. 97

Miss Hunt, of Somerville, Confined to Home 40 Years, Left \$900,000

A GOOD FINANCIER

Increased Her Original Legacy of \$200,000 Four-fold; Left \$100,000 to Relatives, and \$800,000 to Many Massachusetts Charities.

Boston, April 6.—The remarkable ability of a woman confined to her home for forty years in increasing four-fold, a legacy left her by her father in 1866, came to light late today with the filing of the will of Martha R. Hunt, who died in Somerville, March 15, in the Middlesex probate court. The estate is valued at over \$900,000, and represents Miss Hunt's careful investment and oversight of some \$200,000 to which she originally fell heir.

The sum of \$100,000 is bequeathed to relatives and friends, and the remainder of the estate is distributed among a large number of charitable institutions. Some of these follow:

- American Unitarian Association, \$95,000.
- Baldwinville (Mass.) Cottage Hospital, \$15,000.
- Calhoun (Ala.), College School, \$10,000.
- Concord (Mass.), Free Library, \$5,000.
- First Parish, Concord (Mass.), \$10,000.
- Home for Aged People, Concord (Mass.), \$15,000.
- Home for Incurables, Dorchester (Mass.), \$10,000.
- Lead-Hand Society, Boston, \$10,000.
- MacLean Insane Asylum, \$10,000.
- Massachusetts Society for Aiding Discharged Convicts, \$5,000.
- Massachusetts Indian Mission, \$10,000.
- Perkins Institute for the Blind, \$10,000.
- First Unitarian church, Somerville (Mass.), \$10,000.
- Somerville Library, \$15,000.
- Somerville Home for Aged, \$15,000.
- Temporary Home for Discharged Female Prisoners, Dedham, \$5,000.
- Tuskegee Institute, \$15,000.
- Winchester Home for Aged Women, Charlestown, \$15,000.
- Willard Hospital, Bedford (Mass.), \$10,000.

The residue of the estate is left in equal parts amounting to about \$100,000 each to the Massachusetts Society for the Prevention of Cruelty to Children; the Massachusetts Society for the Prevention of Cruelty to Animals; the Humane Society of Massachusetts; the Hampton Normal and Agricultural Association, and the New England Watch and Ward Society.

INVOKE AID OF N. S. LEGISLATURE TO DEFEAT FORGET

Bill Introduced to Make Majority of N. S. Steel Co. Directors Residents of the Province, and Other Drastic Changes in the Charter.

Halifax, April 5.—The fight for control of the Nova Scotia Steel & Coal Company took up another phase yesterday. If Rodolphe Forget and Mr. Oiler wish to become directors of the company they will have to become residents of Nova Scotia, if the amendments to the company's charter, just introduced into the legislature, become law.

Other interesting amendments besides that governing the residence of directors are included in a bill brought in by Hon. J. N. Armstrong, M. P., the government leader in the legislative council, said one of these will nullify the action of Mr. Forget and his associates in asking for a shareholders' meeting to consider the removal of R. E. Harris from the presidency.

The bill provides that the head offices of the company shall be at New Glasgow and all meetings of the shareholders of the company shall be held within the province of Nova Scotia at such time and place as may be fixed by the directors. At least eight of the directors of the company shall be bona fide residents of the province of Nova Scotia.

The clause of the company's charter regarding its capital is proposed to be amended under this act as follows: "The directors of the company may, from time to time, or at any time, without the authority of the shareholders, increase the said capital to an amount not exceeding \$10,000,000."

New C. P. R. Agent AT FREDERICTON

All Earnings Above 3 Per Cent. Go to Improvements and Employees.

Fredericton, April 5.—C. J. Street, who has held the position of C. P. R. station agent here for the past three months, has been promoted to traveling freight agent, with headquarters at St. John. His successor is Sanford Clayton, of Andover, who arrived yesterday, and entered upon his duties today. Divisional Superintendent Burpee, of Henderson (Me.), was here and looked after the transfer.

Newfoundland Sealers Make a Record Catch. St. John's, Nfld., April 5.—That the whole seal fishery this season will be the largest ever known in this colony is believed to be assured by the report received today from the sealing steamer Labrador which she has caught 15,000 seals. This will make a total catch for the season of 300,000 seals, breaking all previous records. The Labrador arrived today from the sealing grounds in the Gulf of St. Lawrence, Belle Fortunate, Belle Isle Straits. Until she was heard from today, it was supposed that she was returning with empty holds.

MAYOR OF ROME DINES ROOSEVELT

Pays Great Tribute to Guest and Compares Him to Marcus Aurelius.

Rome, April 6.—The series of events connected with the cancellation of Mr. Roosevelt's audience with the Pope and later his repudiation of the denunciatory statement issued by Pastor Ulphe of the American Methodist church at Rome, added interest to the dinner given in Mr. Roosevelt's honor tonight in the great hall of the historic Capitoline Palace by the municipality of the republic.

Mayor Nathan, presided. No reference, however, either directly or indirectly, was made to this subject.

The guests included Premier Luzzatti, Signor Ferrero, under secretary of the foreign office; Signor Ferrari, grand master of the Order of Free Masons, and Ambassador Leishman.

Mayor Nathan, in proposing the health of the president, referred to him as "one whose character and work had an effect upon the civil progress of humanity."

After mentioning Washington and Lincoln as respectively the founder and the solidifier of the republic, he characterized Mr. Roosevelt as "a purifier," saying that he had hunted fiercer beasts than during his recent trip in Africa.

"Men of his calibre," said the mayor, "are beyond the limits of country. They belong by right to civilization."

He concluded with an apostrophe to Mr. Roosevelt as "the fighting philosopher," who is preparing the way for the cradle of the new civilization.

Mr. Roosevelt, in replying, declared that no civilized man could come to Rome with the president, and he was glad to be the cradle of the new civilization. After expressing deep appreciation for the hospitality shown him here, he spoke of political life, which he said, was not so much a matter of genius as of the general application of the very ordinary qualities of courage, honesty and common sense.

"The rarest of these," he added, "is common sense."

"Twice Italy was at the head of the world, by conquering Carthage in the days of her glory, and during the marvelous reproduction of the life of Greece in the communes of Amalfi, Pisa, Florence and Genoa. And now, in the last sixty years, she has been the battle of Novara, we have seen the wonderful growth which has made Italy what she is and what she will be."

"When the pessimists say that civilization is a thing that has turned to Italy, where the entire Occident derives its civilization and where we don't know whether to admire more the past or what is being prepared for the future."

"In all civilized countries, it has been necessary to preserve some barbaric virtues, above all, military strength to oppose any attempt at oppression. Countries must be strong in order to be good and to help the weak against the overbearing."

The Ex-President and Mrs. Roosevelt held for Spezia at 11:45 tonight. Several hundred people gathered around the train to bid adieu to the president and his wife. The American was warmly cheered and there were many cries of "Long Live Roosevelt." He was obliged to look out of the window of the special train, which had been put at his disposal by the government, and he expressed his thanks to the people of Rome for their generous and unforgettable hospitality.

CLEARED OF SIX MURDER CHARGES

Mary Kelleher of Cambridge Victim of Combination of Circumstances

A SHORT TRIAL

District Attorney Satisfied that Relatives of Prisoner were Poisoned by Arsenic in Cheap Hair Mattress They Slept On in Woman's Home and Court and Jury Agree.

Boston, April 5.—Mrs. Mary Kelleher, after having been in East Cambridge jail for one year and a half, awaiting trial on an indictment charging her with murdering six persons, all relatives, was freed by a jury's verdict rendered by Judge Stevens and Dana, and at the request of District-Attorney Higgins, in the superior criminal court at East Cambridge yesterday.

As shown by the facts made public by the district-attorney in moving for a verdict of not guilty, and by the statement of General Hugh Bancroft, who with Harry Stearns was counsel for Mrs. Kelleher, the defendant was ordered by the jury to drop the case if sufficient proof of probable innocence was shown him.

District Attorney Higgins congratulated General Bancroft and Mr. Stearns on their joint attitude in coming forward and showing their side of the case, thus exposing them to a disadvantage should the government still have persisted in going to trial. He said that defendant's hands were pretty badly handled, the students getting them down and putting the boots to them.

A riot call was sent in and a score of policemen sent to the rescue while a couple of hundred students poured from the university buildings and a general fight was indulged in.

While the row was at its height a fire alarm was sent in and the brigade of firemen appeared the students started firing ballamut, cans, spittoons and other weapons at them from the windows. Little damage was done save to the uniforms of the police and the clothes of the crowd, whose apparel suffered from the egg distribution, through fire.

The jury refused to use their batons and contented themselves with their fists, which proved all the students needed and eventually the latter were driven into a side lane and back to their quarters. There they were hauled to the police station, where they were later bailed out to appear tomorrow morning, charged with various kinds of assault.

The affair caused a tremendous excitement and thousands of people crowded St. Denis street during the progress of the battle.

AMHERST HORSE SHOW A SUCCESS

George McAvity, G. W. Fowler and Mayor Snowball Among Them.

Amherst, N. S., April 6.—Amherst was the Mecca for horsemen and horse lovers from all parts of the maritime provinces today. The horse show opened this afternoon under the most favorable circumstances. Ideal weather prevailed and the entries for all classes were well filled, and the attendance at both afternoon and evening sessions were very large.

General Drury, of Halifax, and Hon. Mr. Landry, minister of agriculture for New Brunswick, were among the distinguished visitors present. Frank Powers, of Halifax, is the superintendent of the arena, and the manner in which he brought on the events and announced the results, gave the greatest satisfaction to all. The Clydesdales attracted much attention, and the judges state that in different Clyde classes the horses will compare favorably with the same entries in Montreal and Toronto.

The larger shows of Montreal and Toronto, which were driven and ridden by Mrs. G. J. Coster, of that city, have been greatly admired.

G. W. Fowler, of Sussex, has also a fine string of horses entered in the different classes, and Mayor Snowball of Chatham is also one of the exhibitors. In all there are 150 horses entered.

At the show tonight the attendance was fully 4,000, and the competition was exceedingly keen between the different exhibitors. The success of the show has been such that its president, Colonel Campbell, assured The Telegraph correspondent tonight that it might henceforth be considered a permanency.

The building is splendidly adapted for the purpose, has a track, twelve laps to the mile and thirty feet wide. The greatest interest is being exhibited during the two opening sessions, and tomorrow it is expected that a record-breaking crowd will be in town.

Carried Off Ten Prisoners, But They Showed Many Marks of the Affray —The Weapons Used Were Fists, Eggs, Spittoons and Such Like.

Montreal, April 6.—Two constables were injured, ten Laval University students arrested and several hundred eggs broken in a drawn battle between Laval students and the police this evening, which resulted in a regular siege of the Laval buildings. The university was finally stormed and the students driven in, the police withdrawing under a fusillade of eggs, tin cans and other academic weapons.

The row started when a score of students were discovered by Constable Blouin talking and making a noise in front of the university. He asked them to move on and stop spitting on the sidewalk. The students countered on his jaw and in a moment he was being pretty badly handled, when another constable, passing on a car, jumped off to his rescue and a battle ensued, in which the police policemen were pretty badly handled, the students getting them down and putting the boots to them.

Clean Within!

Dr. Morse's Indian Root Pills Purify the Blood and Prolong Life

If as much intelligent care were given to keeping the body clean and pure within as well as without we would see more healthy, vigorous old men and women. The daily bath does its part by keeping the pores of the skin open so that they throw off much of the body's impurities, but it is even more important that the bowels and kidneys should be kept regular and active; if they often do late in life, the waste matter from the food accumulates, decays, poisons the system and upsets the stomach.

If the kidneys are sluggish the impurities which they should filter from the blood remain and cause rheumatism. Dr. Morse's Indian Root Pills regulate the bowels, stimulate the kidneys and open up the pores of the skin. The result is a body clean within—pure, red blood—good digestion—and a hale and hearty old age.

Three generations have proved the value of Dr. Morse's Indian Root Pills, and their sale is steadily increasing all over the world.

ALL RURAL CORPS DOWN AT SUSSEX THIS SUMMER

Militia Headquarters Here Have Received Orders to This Effect; Good News for Those Interested.

A communication has been received at the militia office, Prince William street, from headquarters in Ottawa, notifying Col. Humphrey, D. O. C., that the camps at Newcastle and Woodstock, as held last year, had this year been cancelled, and instead all rural corps in New Brunswick will drill at Sussex, as has been the case in other years.

At Newcastle and Woodstock last year camps were held owing to the financial depression in the department of militia, due largely to the expenses attached to the Ter-Centenary celebration at Quebec. Some of the provincial regiments were sent to these places, instead of going to Sussex, as had been the case in other years, thus lessening the number in attendance at the Sussex camp. The plan did not meet with general approval in military centres, and a great many who have been going to Sussex for the annual drill will read with pleasure that the general camp is to be held there as usual.

It is stated by those who ought to know that quite a number of Conservative members are insurgent because promises given in caucus of certain action and certain course of criticism in the house on certain measures were broken. It is even specifically stated that a promise was given to move the six months' hold on the naval bill, and to the surprise of all the following, something else was substituted.

AMOUNT SET AT \$5 PER HEAD

Laymen Take Steps to Increase Givings to Missions IMPORTANT MEETINGS Rev. Canon Tucker Makes Some Pointed Remarks About the Amounts Received from the Anglican Churches--Mass Meetings Arranged For.

Wednesday, April 6. Yesterday was the closing day of the laymen's missionary convention in this city. A conference of clergymen which was to have been held in Stone church was unavoidably postponed. At 3 p. m. there was a meeting for ladies in St. Andrew's church. Rev. Canon Tucker spoke to the large number present on the outlook for and extent of Canadian missions. In St. John's (Stone) church at 3.30 there was an interesting conference between clergymen and committee men at which the leaders were Rev. W. P. Stackhouse and Rev. F. W. Anderson. All the denominational rallies in the evening were well attended. The resolutions naming the financial objective as \$5 per head was generally sustained. At the meeting of the Baptists in the German street church arrangements were made for a mass meeting in Main street church April 25. This will be the forerunner of a larger mass meeting in September.

Newcastle Board of Trade Discuss Wages and Qualifications of Immigrants

Rev. Father Dixon Tells of Scotchman Sent Him by Agent Wilnot Who Knew Nothing About Homes.

Newcastle, April 5--Newcastle board of trade held its annual meeting last night, President Hennessy in the chair. The secretary read his proposed report to the London (Eng.) immigration office, filling in statistics re wages, prices, etc. He had marked wages of farm laborers at \$18 to \$22 per month, with board; wages of laborers, \$1.50 to \$1.75 per day, without board; female domestics, \$6 to \$15, with board, with good demand for all three classes; prices of butter, 20 to 28 cents per pound; beef, 10 to 15 cents, etc. W. Butler, broker, who runs a large farm, said that he was paying one hired man \$28 per month, also providing him a house, wood and several other advantages. His second man received \$20 and his third \$18, and he had several good workmen were scarce.

SALOON KEEPER MUST PAY HIS RENT TWICE

Handed \$260 to Husband of Landlady, Who Returned to Him for Liquor--Montreal Judge Decides for Woman.

Montreal, April 5--That a tenant who pays rent to the landlady, but who is a saloon keeper, should pay his rent twice, was the decision of a Montreal judge today. The answer to the demand for Mr. Borden's head is prompt, if we can judge by the last news from Ottawa. Mr. Borden, it seems, is to keep his head, but to appease the gods he offers those of Mr. Foster, Mr. Monk, Mr. George Taylor and one, or if there is clamor for more, those of Mr. Haggart, Dr. Sproule and Col. Hughes and several others might easily be tossed into the basket.

Mr. Paul Poul, Caspédia, Quebec, writes: "About five years ago I gave up all hope of getting better of heart trouble. I would nearly choke, and then my heart would stop beating. I could not lie on my left side, and became so nervous and weak I could not work. A friend told me to try Milburn's Heart and Nerve Pills, and before the first box was taken I was almost well, and the second box completed the cure. I have advised many others to try them, and they have all been cured of the same trouble. I have offered a reward of a box for anybody they do not cure."

THE LAST RESORT

When all else failed, the Doctors said, "try Fruit-a-tives" And "Fruit-a-tives" Cured Mrs. Cadieux

Plantagenet, Ont., January 31st, 1910. "About March 1st, 1909, I was taken deathly sick with Stomach Trouble, Backache and General Breakdown. I failed from 125 pounds down to 80 pounds, was confined to bed for eight weeks, and was unable to eat or keep anything on my stomach, vomiting nearly all the time. I expected to die, and took many medicines as well as employing different physicians. The doctors said they could do nothing for me and, as a last resort, one of the doctors told me "to try Fruit-a-tives" they would not cure me, nothing would."

My husband bought "Fruit-a-tives" from Mr. Arthur Roleau, merchant of Plantagenet, and I started taking them at once, and inside of ten days, I was able to leave my bed. My stomach got strong and I could eat my usual food. I gained weight rapidly and soon had my usual good health back again, and today I weigh as much as ever, 125 pounds."

Mrs. M. LAURENT CADIEUX. Even the doctors are recommending "Fruit-a-tives." They realize now that these wonderful fruit juice tablets will positively cure all Stomach Troubles, Indigestion and Dyspepsia--and they are using "Fruit-a-tives" in their practice. Few people realize the vital importance of keeping their blood pure. Impure blood is the chief cause of Stomach Trouble, because it is from the blood that the stomach obtains the fluid which digests food. When the blood is laden with impurities, the dissolving fluid (or Gastric Juice) will be impure. These impurities may come from a congested liver, from Constipation, from weak kidneys, from an inactive skin, or from all four. Naturally, the ordinary "digestive" powders and "peppin tablets" will not cure the trouble, because they only help to dissolve the food--they do not go to the seat of the trouble. "Fruit-a-tives" is the greatest remedy ever discovered for all forms of Indigestion, Dyspepsia and other Stomach Disorders, because "Fruit-a-tives" is unequalled as a blood-purifying medicine. "Fruit-a-tives" acts directly on the liver, regulates the bowels, strengthens the kidneys, stimulates the skin, and thus rids the whole system of impurities. "Fruit-a-tives" will positively cure you of any kind of Indigestion. "Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for \$2.50 or trial size, 25c. If you are unable to obtain "Fruit-a-tives" conveniently, do not accept substitutes but send to "Fruit-a-tives" Limited, Ottawa, and the regular size packages will be mailed you, postpaid, on receipt of price.

Turney, provincial horticulturist, spent two weeks from March 21 to April 4 in the counties of St. John, Kings, Albert and Westmorland. Demonstrations in pruning and discussions on orchard practice were held in the illustration and orchards at Golden Grove, Jubilee, Sussex, Elgin, Riverside, Albert Co., and Sackville.

SAVED \$1,000 BY Nerviline

Several years ago when my horses took colic I used to give them Cayenne Pepper in hot milk, but in a few cases it did not help, and because I had no proper means at hand I lost several valuable animals. Some one told me of the success Mr. Wendling, of Brockville, Ont., had in his racing stables with "Nerviline," so I laid in a supply. It wasn't very long before Nerviline saved the life of a valuable stallion, and the horse which was worth at least \$1,000.00. This horse was taken with colic, and would have died, had it not been for Nerviline. I have used Nerviline for reducing swellings, for taking out distemper lumps, and easing a bad cough, and always found it worked well. I recommend every man who owns horses or cattle to keep Nerviline on hand.

**OLD PAINTINGS WORTH
MORE THAN \$100,000 FOUND
HERE BY J. PURVES CARTER**

**Wonderful Collection of Genuine Masterpieces of Most
Famous Artists World Has Known Discovered by Expert
— Pictures Owned by Bishop Casey and John F. Gleeson
— One Picture Alone Easily Worth \$20,000, Mr. Carter
Says.**

A most wonderful collection of old pictures, genuine masterpieces of the most famous masters the world has known, has been discovered in St. John by J. Purves Carter, a celebrated expert, who has been in the city for several days. Mr. Carter says that the pictures already found and identified will aggregate in value more than \$100,000, and this he believes to be a most conservative estimate.

Some of these pictures are owned by the Right Reverend Timothy E. Casey, Roman Catholic bishop of St. John, and were identified in the bishop's palace by Mr. Carter, who viewed them through the courtesy of his lordship. Others, equally fine and valuable, are in the possession of F. Gleeson, ex-secretary of the Exhibition Association. Mr. Gleeson has had his pictures for about three years. Originally they formed part of a larger collection made in Europe many years ago by a very eminent personage who traveled extensively. The collection was broken up and disposed of, and some of the very finest pictures in it eventually came into Mr. Gleeson's possession.

While believing that his pictures held some value, Mr. Gleeson had no idea that their worth was so great until the expert advised him.

Wanted to Make Sure.

The Telegraph has been in possession of the facts in the case for some days, but withheld publication of them at the request of Mr. Carter, who, until he had definitely assured himself of the great value and importance of his discovery, did not wish to commit himself to a statement. Yesterday, however, he announced that the pictures he had already identified were intrinsically worth more than \$100,000, while from an artistic standpoint the importance of the discovery cannot be over-estimated.

How They Were Discovered.

The most wonderful feature of the pictures, next to their great value, is the manner in which they were discovered. Mr. Carter, whose status in the world of art is such that his pronouncement upon the genuineness and worth of these paintings will be accepted at its full value, had been engaged in establishing an art museum at Laval University, in Quebec, and also restoring and cleaning some of the extremely valuable paintings in the churches in that city. While in Quebec, he met Mr. Gleeson and, having decided to travel by boat from St. John to Boston as soon as his work in Quebec was finished, accepted Mr. Gleeson's invitation to spend a day or two in this city and look over some of his pictures. When Mr. Carter viewed the paintings he was at once struck with their value, but decided to cleanse and restore them before he made any definite pronouncement. He now says that the St. John pictures are among the finest of their kind in the world today, and on this he stakes his reputation and years of experience.

The Bishop's Collection.

Of the pictures he saw at the bishop's palace, Mr. Carter selects as the most valuable a magnificent work representing the "Adoration of the Magi," which he identified immediately as an exceedingly fine specimen of Jacopo Bassano's art. This painting is a large gallery work, a veritable masterpiece of this great Venetian painter, who was born at Bassano in 1522 and died in 1592. The painting is thus at least 320 to 350 years old and is valued at between \$40,000 and \$50,000. This rare

and beautiful work is now very much obscured through the decay and dirt of ages, but when cleaned Mr. Carter says will reveal one of those treasures which Italy alone was able to give to the world.

Another superb and very valuable work in Bishop Casey's collection represents the Blessed Virgin Mary nursing the infant St. John with Saint Elizabeth standing by her side, a work of the great Italian painter, Schiavone, who was born in Modena in 1600. His works are extremely rare as he died young, and the one in Bishop Casey's collection is pronounced one of the finest other most valuable paintings is a sublime work representing Saint Francis of Assisi, by Spagnoletto, the famous Spanish artist.

Mr. Gleeson's Pictures.

Of John F. Gleeson's pictures, Mr. Carter says they belong to the best periods and schools and are extremely valuable, embracing as they do genuine examples of the work of Guido Reni, Rembrandt, Andrea del Sarto, Sir Joshua Reynolds, Salvator Rosa, Bassano, Fuselli and Peter Neefs. It will be hard to equal the same number of pictures with greater worth in any collection in the world today.

One Worth \$30,000.

One of the finest works in the collection which Mr. Carter says is easily worth \$20,000 today, is a gallery work by Guido Reni representing Saint Mary Magdalene. Reni was born at Bologna, Italy, in 1575, and died in 1642, which is indicative of the great age of the picture. Speaking particularly of his worth, Mr. Carter says: "It is a far more beautiful work than the Magdalene in the National Gallery of London. It is one of Reni's finest, and is easily worth many thousands of dollars."

One most valuable and beautiful picture in the collection was the subject of a really astounding discovery by Mr. Carter. When a Telegraph representative first viewed the picture, which Mr. Carter said was from the brush of Andrea del Sarto, it represented a boy and a dog. The background was a dark brown and although the picture had not been cleaned, Mr. Carter expressed the belief that the subject of it was the baby Hercules and the mythological dog Cerberus. While cleaning the picture, Mr. Carter discovered beneath the newly added background the lower limbs of a man and a woman and also another dog. Further work revealed wings on the boy, and from this circumstantial evidence the expert deduced that the picture which doubtless originally represented Mars, Venus, Cupid and the two dogs of war held in leash, had been cut in two by some ruthless destroyer of art. The whole picture must have been one of del Sarto's finest works and worth a fabulous sum. As it is it would be regarded, Mr. Carter says, as a rare prize in even the largest public collection, del Sarto's works, Mr. Carter points out being extremely rare the only other genuine one he has seen on this continent being in the collection of Mrs. George L. Bradley in Washington.

One other fine valuable work by Arnold de Gelder, entitled the Tribute Money, Mr. Carter estimates as approximately worth \$15,000. It is an exceptionally rare specimen of the work of one of Rembrandt's most celebrated contemporaries.

Other Gems.

Other gems in Mr. Gleeson's collection, which are genuine old masters, embrace Cleopatra estimated at \$10,000, three Venetian pictures estimated at \$5,000 each, an interior of Antwerp Cathedral by Peter Neefs estimated at \$5,000, and with several others which he has not yet restored, but

which he believes are all genuine treasures of great value.

Mr. Carter, who, as stated in the foregoing, is recognized as one of the most skilled art experts in the world.

In the course of his European experience he studied at the Royal Academy of Arts, London, and took artmaster's certificate at the National Art Training School, South Kensington. He worked under the late Henry Merritt, restorer in the Royal Gallery, and also under the late Sir Frederick Borden, director of the National Gallery, and under Signor Raffaele Pinti, restorer to the National Gallery, and Prof. A. H. Church, F. R. S., expert to the Royal Academy.

Mr. Carter was art teacher at the Charter House School of Art, and the Polytechnic Institute in London. He is the author of the following works: "Songs of Hope, The Cross of Beauty, Art and the Beautiful," well as innumerable essays, art notices and critiques to most journals. He has cleaned and restored, in numerous instances, recined and cradled many of the paintings in valuable art collections in New York, Philadelphia, Baltimore, Washington, Boston, Providence (R. I.), Montreal and other Canadian cities.

OBITUARY.

Edward McCarthy.

Chatham, N. B., April 14—Edward McCarthy, proprietor of the Riverview Hotel, died at his home, Bartibogue, on Sunday morning.

Col. P. M. Hunt.

Alderman Frank L. Potts received word Tuesday of the death of Col. P. M. Hunt, at Milford (Mass.). The death took place on Sunday. Col. Hunt was a grand army man, and was also a very enthusiastic K. of P. At the time of his death he held the rank of colonel of the Second Massachusetts Regiment, Uniform Rank, K. of P.

Dr. Carnwath had a hurry call to Grandstone Island last night to see Mr. J. H. Keegan, who was taken ill with a severe attack of lumbago. The doctor returned this morning. Mr. Russell being reported better.

Miss Sarah Smith, daughter of R. Chesney Smith, has gone to Boston for a course of medical treatment. Her illness has lasted some months ago.

An enjoyable gathering was held at the residence of Mr. and Mrs. Norman Morrison, Curryville, on Monday evening, in honor of the 80th birthday of Mrs. Morrison's mother, Mrs. Beaumont's daughters and grandchildren were present, and the old lady was presented with a nice sum of money. There was supper served and a general good time.

Following are the names of the pupils of the High school making best marks at the recent mid-term examinations:

Grade I—Ellen Robinson, Chester Stevens, Lloyd Newcomb.

Grade II—George Steves, Blanche Babhouse, Carl Newcomb, Marjory Wright.

Grade III—Orph Russell, Blanche Newcomb.

Grade IV—Ella Rogers, Lorne Stevens.

Grade V—Frances Rogers, Frank Steves, Bessie Wright, Hilda Russell.

Grade VI—James Wright, Merrill Russell.

Grade VII—Hugh Wright, Dorothy Brewster, Evelyn Robinson, Joseph Payne.

Grade VIII—Iva Newcomb, Achaah Rogers, Sara Smith.

Grade IX—Edna Steves, Nellie Rogers, Bessie Rogers.

Mr. Steves is making preparations for a concert to be held in the public hall on the evening of Empire day, May 23.

Reports from the Albert county sugar works state that the present season is one of the best years. A gentleman who has been visiting the Elgin camp, says that the output in that section will be unusually heavy, the run of sap being greater than has been known there for some time. In fact the sugar makers are finding difficulty in taking care of the crop, and their ordinary help, at Bathmore, also, conditions are particularly favorable.

Harvey Cormier and Chester Graham, former residents of this place, who have been living in Massachusetts, were in the village this week. Mr. Graham has bought a farm in Elgin.

A meeting of the Shepody marsh commissioners was held last evening, when the matter of the building of the Boyd creek boideau was considered. Mr. Kinzie who purchased the job for \$3,150, was present, but there was a deadlock on account of the resignation of J. M. Tingley, one of the commissioners, and the matter fell through for the present at least.

ST. STEPHEN NEWS

St. Stephen, April 6—The annual meeting of the St. Stephen Driving Park Association was held last evening when the officers for the ensuing year were elected: F. M. Murchie, president; G. H. Budd, vice-president; W. H. Keyes, secretary, and Frank Littlefield, treasurer. The other directors are Hugh Love, R. W. Whitlock and F. C. Murchie.

W. W. Hubbard, secretary for agriculture, and Professor Miller, instructor in forestry at the University of New Brunswick, will be present at the agricultural meeting to be held at Waiveig April 14.

Colonel J. V. Chipman is in town for a few days.

George H. McAndrews, who is in the employ of Ganong Bros., has sailed for the British Isles, where he hopes to obtain some works for Ganong's confectionery establishment.

William Matheson, the evangelist, is meeting with much success here. The meetings, which have been held for nearly two weeks in the Presbyterian church, have been well attended and much interest has been manifested.

Whidden Graham has been appointed by the council of the town of Milltown to fill the vacancy on the school board caused by the death of Smithson Robinson.

An athletic meet will be held in the St. Stephen driving park on May 27, when teams from the University of New Brunswick, Mount Allison and Acadia will compete.

The C. P. R. is extending its yard room, moving its freight shed and building and repairing the river front and otherwise greatly improving the property here. It is expected that between \$25,000 and \$30,000 will be expended in these improvements.

The schooner Adonis, Capt. A. J. Brown, arrived at Barbados on the Canary Islands yesterday and is chartered to bring a cargo of molasses to St. John.

ANTI-BETTING BILL VIRTUALLY KILLED

(Continued from page 1.)

himself the right of voting against them. But the great difference between the bill, as reported by the special committee and amendment proposed by Mr. McCall, was that in one case they were trying to prohibit bookmaking on a race track and in the other case they were leaving it wide open. He proposed to vote for the bill with the right to amend it as far as necessary, because he was opposed to bookmaking on race tracks. That was the whole issue.

The minister of justice could not deny that notwithstanding the language of the amendment, and notwithstanding the fact that it might have been drafted by the finest legal minds in England, it was framed to allow bookmaking in its most vicious forms to be carried on in race tracks and in other places. He did not know much about Woodbine and Montreal races, but he ventured the assertion that there had hardly been an honest race in the maritime provinces during the last ten years. Races were sold and the unfortunate gamblers loaded dice all the time.

He took issue with the promoters of the bill who declared that betting was necessary to horse racing and that horse racing was essential to the development of a thoroughbred.

Mr. Borden said that while the bill aimed at remedying an admitted evil there seemed to be some provisions in it which were a little too drastic. On the other hand, the amendment was not quite adequate. He thought the government should have taken the responsibility of introducing legislation upon the subject.

Sir Wilfrid Laurier.

Sir Wilfrid Laurier said it was quite within the prerogative of private members to introduce legislation of this kind. If it was the duty of the government to take a definite position on the bill, it was also the duty of the opposition to do so. The government had given ample time for the discussion of the bill, and he thought that was as far as it was called upon to do.

Mr. McCall moved that Clause 1 of the bill be struck out, and on a standing vote this was carried by 75 to 71, the re-

sult being hailed with cheers by the opponents of the bill.

Sir Wilfrid Laurier and Hon. Messrs. Fielding, Patterson, Lemieux, Grasse, Templeman, Murphy, King and Oliver and Mr. Borden voted against the motion to strike out the clause in Mr. Frederick Borden, Hon. Mr. Aylesworth and Hon. Mr. Sifton voted for the amendment. Hon. Dr. Pugsley was not in the house at the time that the vote was taken.

Mr. McCall then suggested that a vote be taken on his amendment striking the English statute for the Miller bill. Chairman McIntyre said that this amendment was not in order.

Mr. McCall then moved that Clause 2 of the bill be struck out, and this was carried by 85 to 73.

Mr. Miller then moved that the committee rise. He pointed out that he was to accept the amendment proposed by Mr. McCall, it would practically nullify the whole aim of his bill, since the amendment practically legalized the business of bookmaking.

Sir Wilfrid Laurier said that if the two parties could get together and agree on the compromise the government would be willing to give time in the house for further consideration of the bill.

The motion that the committee rise and report progress was then carried.

Deputy Speaker McIntyre drew attention of the committee to the fact that the amendment moved by Mr. McCall yesterday to substitute the English act for the Miller bill was out of order, since the question before the committee was Clause 1 of the bill. The amendment meant the substitution of a new bill. He ruled the amendment out of order at the present juncture, and the only question in order was as to the adoption of Clause 1. The proper procedure was to take up each clause.

Mr. Crosby, of Halifax, took exception to Mr. Carvell's statement that most of the races in the maritime provinces were manipulated. He said in Halifax races were honestly run. He favored the amendment proposed by Mr. McCall.

Mr. Carvell declared that he was prepared to stand by his statement as to American bookmakers and horsemen manipulating race meets in the maritime provinces to fleece the general public.

Sensar Roache Takes His Seat.

Ottawa, April 7—Senator Roache, of Halifax, took his seat in the senate today.

WEDDINGS

Ritchie-Russell.

A pretty early morning wedding took place Wednesday at the residence of John Russell, Sr., Peters street, when his youngest daughter, Miss Louise, was united in marriage to Robert Stewart Ritchie, of the firm of Lookhart & Ritchie, insurance agents. The ceremony was performed by Rev. J. H. A. Anderson, pastor of St. John's Presbyterian church, in the presence of many guests.

The bride wore a brown travelling costume with hat to match, and there were no attendants. The house was very tastefully decorated for the occasion, with flowers and ferns.

After the ceremony, which took place at 5:45 o'clock, a wedding breakfast was served and the bride and groom left on the 6:45 train for a trip to Boston, Washington, Philadelphia, Atlantic City, Baltimore and New York, returning via Montreal, where they will visit the bride's brother, David Russell, Sr., Peters street.

Both bride and groom have a very wide circle of friends who have attested to their popularity by many very beautiful and costly gifts. Among the presents is a large oak case of solid silverware from David Russell and there are several substantial checks. Many friends will wish bride and groom a long happy life.

McLeod-Spear.

Sussex, N. B., April 6—A quiet wedding took place today at 1:30 o'clock in Chalmers Presbyterian church, when William E. McLeod, son of Chief of Police McLeod, was married to Miss Jean Spear, daughter of Mr. and Mrs. Wm. Spear. The bride was given away by her father, Rev. Frank Baird officiated. The church was beautifully decorated for the occasion by friends of the bride, who wore a most becoming traveling dress of blue broadcloth with hat to match. After the ceremony Mr. and Mrs. McLeod left for a honeymoon trip through Nova Scotia. The bride was the recipient of many beautiful presents.

NEW HOUSE LIKELY

GOVERNMENT OFFICIAL LOOKING OVER THE GROUND—Great Season for Maple Sugar Makers—News of Hopewell Hill.

Hopewell Hill, April 6—The government steamer Stanley, Captain Dalton, came into Grandstone Island again yesterday to complete the work of placing the bay buoy in position. Inspector of Lights, Kelly is on board, and also Mr. Legere, inspector of buildings, the latter joining some surveys at Grandstone for the marine department, which has under contemplation the creation of a new lighthouse. The proposal to replace the present building with a more modern structure and having a light that may be seen from all points of the compass, has been under consideration for some time, and the present visit of the building inspector indicates apparently that renewed action is being taken. Another reason for a new building is the fact that the tides are gradually wearing away the cliff near the present lighthouse which some years ago had to be moved in some distance.

The following officers of Golden Rule Division, S. of L., have been elected for the current quarter: C. Allison Bishop, W. P.; Geo. W. Newcomb, W. A. R. S.; Mary E. Archibald, F. S.; Mrs. J. E. Rogers, treasurer; Mrs. G. W. Newcomb, chaplain; Robert McGorman, C.; Bessie Rogers, A. C.; Nellie Rogers, I. S.; J. G. Newcomb, O. S.; J. C. Stevens, P. V. A number of the members of the division paid a visit to Progress division at Riverside on Monday night.
