APPLETONS'

AMERICAN CYCLOPÆDIA.

NEW ADDITION, COMPLETE IN 28 ROYAL OCTAVO
 VOLUMES, AND CONTAINING ALL INFORM-
 ATION DOWN TO 1887.

The Latest, the Cheapest, and the Best.

THE LATEST.—A corps of contributors who hold the foremost rank in science and literature, both in Europe and America, are employed on this work the year round, and a new volume is added annually recording the progress in literature, in the arts, in science, in biography, and social, political, religious, commercial and industrial developments of the year: It never becomes old. Hence it is **THE LATEST.**

THE CHEAPEST.—It is a well-selected library in itself, presenting a panoramic view of all human knowledge, from the earliest times to the present day. It is the only complete new and exhaustive Cyclopædia in the English language. Its *annual volume* keeps it completely abreast of the times, and precludes the necessity of buying other books. Hence it is **THE CHEAPEST.**

THE BEST.—It is prepared by the ablest writers and scholars in every department of knowledge. It is *impartial*, doing justice to all men, all creeds and all countries. Space is everywhere duly proportioned to the subjects. Its range of subjects embraces more than all other Cyclopædias combined, and any point is instantly available by means of an elaborate analytical Index. Hence it is **THE BEST.**

Endorsed by Leading Thinkers everywhere.

Subscribers can receive the entire set at once, free of carriage, and pay for it on the installment plan.

For terms and other information address,

Care of D. APPLETON & CO., Publishers,

To the Public.

In presenting this first edition of MCALPINE'S CITY DIRECTORY, to the citizens of Charlottetown, I have much pleasure in stating that the advertising patronage without which it would have been impossible to have published the DIRECTORY,—has been very good.

In connection with the Alphabetical List there is a Street Directory with the names of Streets arranged alphabetically,—each house, barn and vacant lot being numbered.

I trust that by the time another Directory is commenced the numbers will be up on all the houses, not placed there by the householders but by the City Corporation.

The present is a favorable time for the establishment of Postal Boxes on the Streets, as well as a Postal Delivery—two long felt wants. I think it is high time some action were taken in the matter.

Great care has been taken and no expense has been spared to render this work as accurate as possible, and I feel confident that it will be found reliable and useful to all classes.

To the press, professional and business men, as well as to the public generally who have so handsomely supported the undertaking I present my grateful acknowledgment

CHAS. D. MCALPINE,
Publisher.

PRINCE EDWARD ISLAND RAILWAY.

THERE is no more beautiful spot, in the summer season, on this side of the Atlantic, than Prince Edward Island. On account of its great fertility, this Province is justly styled the "Garden of the Gulf," and for the same reason it might with equal propriety be termed the "Garden of America." Owing to the insular position of the Province, its climate is tempered by a cool and refreshing sea breeze throughout the entire summer season, and there are no such periods of torrid heat as have often to be endured even in the same latitude. The summer climate of Prince Edward Island is, therefore, most delightful—just as is sought after on the Continent, but seldom found, by thousands of persons travelling every year for recreation, or pleasure, or in search of a health-giving atmosphere. The Island Scenery is not what may be termed "wild"—there are no precipitous mountains or deep gorges,—nor is the surface of the country a monotonous plain. There is, however, a quiet grandeur about the summer scenery of the Island, which at once captivates the stranger, as alternating hill and dale come into view. Nothing finer could be conceived, in the way of rural scenery, than is afforded in the Summer Season by the stretch of country traversed by the Railway from Morell to St. Peter's. The Panorama which here meets the eye of the traveller by Rail has been the admiration of all strangers who have viewed the beautiful landscape. For several miles the Railway skirts the Southern Shore of St. Peter's Bay,—one of the finest of the many fine sheets of water with which the Province abounds. The Morell River, which empties its waters into St. Peter's Bay, near the entrance to the harbor, is one of the best trout-fishing streams on the Island. There is also excellent trout-fishing at Tignish, as well as at Miminigash, on the west shore, four or five miles from Bloomfield Station. There is good Hotel accommodation at Tignish and Alberton, and these villages are in the immediate vicinity of flourishing Country Settlements, a drive through which could not fail of appreciation by the Tourist. Travellers can also be comfortably accommodated at the hotels of Charlottetown, Summerside, Souris, Georgetown and Cape Traverse. The reputation of the Seaside, Shaw, and North Shore Hotels, as desirable summer resorts is fully established. The Seaside Hotel is at Rustico, and is distant about seven miles from Hunter River Station, where coaches connect with all trains. The Shaw Hotel is at Brackley Point, and the North Shore Hotel at Malpeque—one of the finest sections of Prince County, and distant from Kensington about seven miles. These several Hotels are in the immediate vicinity of the best mackerel fishing grounds in the world, and no better surf-bathing can be found than that furnished by the adjacent waters of the Gulf.

That the work performed is all we claim it to be, hundreds of grateful collegians testify. Below we append a few testimonials from leading men, to illustrate what others think of us.

(From the Daily Patriot.)

"Mr. H. A. Munn, the young journalist whose success in Victoria, B. C., was chronicled in Saturday's Patriot, in writing to a friend in this city, says that the information he gained in the Charlottetown Business College, laid the foundation for all he has gained so far. He mentions that Mr. George Munro, of Georgetown, another graduate of the College, is now holding a responsible position in the capacity of Bookkeeper to a large Victoria firm."

(From D. Montgomery, Esq., Chief Superintendent of Education.)

Principal Miller:

DEAR SIR,—I fully appreciate the value of the work done in the Business College and trust our young men will avail themselves of the privilege afforded them of receiving a thorough commercial training.

Yours very truly, D. MONTGOMERY.

The Charlottetown Business College is one of our best institutions for the training of our young people for positions in mercantile and other establishments. Every young man and woman, before entering commercial life, should take a course in this College.

ISAAC OXENHAM, Secretary of Charlottetown School Board.

We, the undersigned, have much pleasure in testifying to the excellence of the work performed at the Charlottetown Business College.

His Honor A. A. Macdonald, Lieutenant Governor.
