MEETING OF TOWN COUNCIL

Much Street Work Being Done
Water and Sewerage
Extensions.

A meeting of the Town Council was held Monday evening in the absence of the Mayor the Deputy Mayor A. C. Belle Isle presided. There were present Councillors Wallace, Moore, Duncan, Bissett, St. Onge, Patterson and Chamberlain.

The minutes of the previous meeting were read and confirmed.

A communication from the Town Solicitor, re the account of the St. John County Hospital was read. This stated that he had gone fully into the matter and was convinced that there was no legal claim against the town in the Miss Walker case as no legal settlement could be proven. If however a former Mayor had made any recommendations the town might have a moral obligation. Referred to the Public Charities Committee.

The clerk also read a further communication from the St. John County Hospital re Miss Walker case which was also referred to the Public Charities Committee.

The deed of Lansdowne St. from Mr. R. L. Duncan was accepted and ordered to be recorded.

Wm. Morrissey wrote that as he was sixty years of age and he wished a refund of his poll tax. Referred to Assessment and Appeals Committee.

The Annual report of the Building Inspector for 1920 was read.

Coun. Duncan complained that the report was not complete. It should contain a list of buildings erected upon what streets located and a detailed account of each building.

Coun. Wallace said the office of the Building Inspector was a good deal of a farce. The report could not be done by a man who knew nothing about building. He suggested that the report be referred back for more details.

The motion to receive the report and place it on file was carried.

A letter from the Town Clerk re check issued in favor of J. & D. A. Harquail Co. in Feb. by held, was read on the table.

The Department of Public Works Ottawa wrote that the matter of repairs to side-walk in front of Post Office had been referred to the Chief Architect.

Coun. Wallace moved that the Chief Architect be asked to see the Chief Architect as to the condition of said sidewalk. Carried.

The Chief of Police wrote regarding letter received from Attorney General. (See letter in another column.)

Coun. Belle Isle stated that he had received a letter of similar tone from the Attorney General. He would be in Bathurst in a few days and would endeavor to see Hon. Mr. Byrne.

Coun. Patterson said that the duties were clearly laid down by the Act as stated in the Attorney General's letter. What were the Council going to do in the matter. The police were liable to a fine for attending to their duty. He thought it was time the resolution was taken off the minutes.

Coun. Duncan asked how many constables were appointed by the Council. The Clerk—Ten or twelve.

Coun. Duncan—Then it is the duty of every one of these constables to enforce the law. They should be notified at once. They were certainly very lax in the discharge of their duties if there were so many violations of the Act here.

It was up to all constables to do their duty. He thought the Police were doing their duty faithfully.

Coun. Wallace moved that as the Deputy Mayor expected to see the Attorney General, the communication lay on the table.

Coun. Wallace wanted it clearly understood that he opposed the latter part of the resolution complained of. He held that it was conflicting.

He felt that perhaps those responsible for the motion might wish to amend it after discussing the matter with the Attorney General.

The motion was carried.

A letter from M. B. Dixon re Housing Loan was read. This explained that it might be possible for Campbellton to get a further grant if all

BIG CUT IN OUR TAX RATE

Valuation of Town Increased and
Rate Cut Down to About
1.85.

The Assessors are about through their work. The total valuation of the town is now \$5,444,825 which is considerably above previous valuations. The rate this year is expected to figure out at \$1.85 per \$1000, which is a little more than half that of last year.

Applications to other towns were not taken.

Coun. Bissett asked if the town had applied for a further grant.

Clerk—No formal application had been made.

Coun. Bissett moved that the Town Clerk make formal application for \$100,000 under the Better Housing Act—Carried.

Messrs. Belyea & McNeish submitted a further report of their audit which was received and referred to the Finance Committee.

P. S. Martin wrote asking for appointment as foreman of concrete works. Referred to Public Property and Streets Committee.

Mrs. Sarah Sullivan wrote asking to be relieved of taxation as she had no source of income except rent of half of her house. Referred to Assessment and Appeals Committee.

Wm. Savdant wrote recommending the payment of Mrs. Jos. Foubert's rent account for house occupied by Mrs. Goslin. Referred to Public Charities Committee.

The Dominion Secretary of the G.W.V.A. wrote in reference to the shooting in the hospital returned man here and asking that the account for treatment at hospital be paid. Referred to Public Charities Committee.

Various departmental monthly reports were submitted.

Coun. Bissett asked if it was the intention to publish the report in the local papers.

Coun. Moore moved that the reports be published in the papers—Carried.

Coun. Patterson moved that the Bylaw and Legislation Committee prepare a bylaw governing dance halls. Report adopted.

Coun. Wallace reported re the Nelson account. He said that the matter was entirely between Nelson and Parker. The Council's instruction were to get horses for their feed. With reference to J. & D. A. Harquail claim that they had been passed by when tenders were being called for he did not think this was so. At all events their figure was no lower than the town had paid.

Coun. Wallace said that in some quarters there was criticism of the amount being spent on the park. He wished to say that the amount to date was only \$166.00 and that four times that amount had been saved. The work on Hillside Street was almost completed and other work was progressing.

Coun. Wallace said that there was a report on the street that he had delivered a quantity of the town cement to himself for a job he was doing. This was not correct. He had loaned a quantity of cement to a dealer who had sold it to him, but could not make delivery as car was delayed. Had two witnesses present to count the bags, and prove delivery. This might have been a little irregular, but it was early in the morning and fifteen men were waiting for the cement. Had telephoned the town office but Clerk had not come in. The cement was returned in forty-eight hours. Before he was a councillor he had both loaned and borrowed of the town. Last year Messrs. J. & D. A. Harquail had borrowed cement and kept it for months.

Coun. Bissett asked if it was the intention of the Streets Department to get a cement mixer.

Coun. Wallace replied that the committee of the whole decided to experiment with hand mixing for a time. He had been endeavoring to hire a mixer. He wished to state that if he was not interfered with too much he would guarantee to lay as much concrete sidewalk in the next thirty days as had been laid in the past fifteen years.

Coun. Moore read letters in reference to the appointment of a meat and milk inspector.

The matter was left in Coun. Moore's hands for further information.

Coun. St. Onge reported that the water and sewerage extension to R. Smith's lot would cost at least \$2798.20.

Wallace suggested that a temporary supply might be given at a small cost. St. Onge did not favor this.

Coun. Duncan moved that the engineers report be placed on file—Carried.

Coun. St. Onge recommended that W. J. S. Walsh be appointed superintendent of Water and Sewerage system for \$200.00 per month for June, July and August and \$75.00 for balance of year, he to give all his time during the three months mentioned.

Recommendation was upon vote approved.

Coun. Moore moved that Water and Sewerage be extended along Lansdowne St.

Coun. St. Onge said that he was on this street and found hardly a house on it. He opposed the motion.

Motion carried.

VALUABLE COWS SHOW INFECTION

Examination of W. H. Miller
Co's Cattle Show Slight
Traces of T. B.

Recently the W. H. Miller Co. requested the Dept. of Agriculture to send a veterinary here to examine their herd of thoroughbred Ayrshire cattle. Early last week Mr. J. H. Shoryo arrived and the test has been going on. Thursday of last week he detected slight signs of tuberculosis among a number of heifer and a few milch cows. Immediately all milk delivery was stopped. Further testing and examination has been going on and about twenty head of cattle are to be shipped to Montreal. The infection was so slight that no injurious results can possibly come from the use of the milk.

The milk herd is one of the most valuable in the province and the loss of which the government pays two thirds of \$250.00 on every registered animal, will be heavy.

This is the second test this herd has undergone, about six months ago they were all examined. It has been the policy of this company to have only thoroughbred stock, which have passed every test.

In the meantime milk is very scarce and many are suffering from the high price demanded by other dealers, and the inferior and limited supply.

FIRE AT SAYABEC.

This morning a serious fire broke out at Sayabec and a telegram was sent here for the fire engine. This equipment was loaded but a later telegram stated the fire was under control.

Coun. Moore stated that vehicles of all kinds interfered with the fire truck when rushing to a fire, in fact some autos raced it. He moved that a warning be issued to all that they must give fire truck the right of way—Carried.

Coun. Moore moved that the Fire Protection Committee be authorized to sell the Public Property and Streets Department here hundred feet of old hose at 50 per cent. discount—Carried.

Coun. Wallace moved that the Deputy Mayor be requested to take up matter of taking over of T.N.R. lot with Mr. Stewart and railway authorities at once so that proposed streets could be made—Carried.

The Council then adjourned.

MILLS NOW IN OPERATION

Long Lumber Mills Are In
Operation or Will Be
Shortly.

The long lumber mills are commencing their season's operations. The W. H. Miller Co's mill began operations last week, and the Fraser Limited, Chaleur Bay Mills, Shives Athol mill and the Richards Manufacturing Co's mills are either in operation or will be in a few days.

In all cases the men are working on a ten hour schedule.

DALHOUSIE.

Dalhousie, N. B. May 16.—If anybody were in doubt as to whether Dalhousie possessed talent or not, he just had to go to the Convent Hall last Thursday night and see thirteen of our town girls and boys stage "What Happened to Jones," a three act play which rang with merriment from beginning to end. It would be difficult to pick out any particular actor or actress and state that he or she was the best. Each and every one did splendidly. In the first place George Connon as Ebenezer Goodly could really not have done better. It must be remembered that George had only two weeks in which to practice his part. Judging by his style of acting it would seem as if George had already taken part in amateur theatricals while in India during the war. T. H. McEvoy as Jones kept the large audience in continual laughter. Harry is a finished actor and is certainly wasting his time around here. Arranged by Miss Stella Landry as Mrs. Goodly had a difficult part as did Miss Blanche Mercier. Miss Mercier had only a few weeks in which to learn her part and it was quite evident she devoted a lot of her time to make the play a decided success. Miss Margaret McLean seemed quite at home on the stage and we are under the impression she has already taken part in local concerts. Her part was splendidly acted. Miss Martha Methot as well as her sister Miss Caroline

Many will go twice and some three times to see "The Kid."

Every one of the girls showed that she had given her part considerably study and it is difficult to point out the particular qualifications of one more than another.

Arrangements have been made to bring the concert to Jacques River on Thursday the 19th. The Jacques River people who possess cars have kindly offered to take all those taking part down by automobile.

Enquiries are many. Be early to see "The Kid."

MUCH INTEREST BEING AROUSED

Many Seeing a New Side to
Life Through the Kenyon
Services.

Interest in the evangelistic services being held in the Imperial Theatre by Rev. Mr. Kenyon and party is growing from day to day, and many are experiencing a new vision of life through these meetings.

Sunday morning the men's meeting at 9 o'clock brought out over two hundred men, who heard a very earnest address.

Sunday afternoon at 3:30 the seating capacity was fully filled by men who heard another great address.

Sunday evening two addresses were delivered, one at 6 and the other at 8 o'clock, and the house was crowded at both.

The services are going all this week and next, every night in the Imperial Theatre and all are invited.

The musical program of each meeting is very interesting. Miss Willie is winning the hearts of all and she has frequently to respond to encores. Prof. Fletcher and Duffy are also much enjoyed in their various musical numbers.

EARLY MORNING FIRE.

The house on the hill owned by Mr. Jos. McMillan and occupied by E. W. Coull was completely destroyed at an early hour this morning. Instead of ringing in an alarm the Fire Station was phoned to and the truck was soon on the job, but no firemen. An alarm was then rung in and firemen were soon on hand. The inside of the house was a mass of flames, and Mr. Coull, who was alone, had to climb out a window to escape. Nothing was saved.

Many will go twice and some three times to see "The Kid."

ATTORNEY GENERAL
IS ON THE JOB

Takes Hand in Matter and
Orders Police Officers to Do
Their Duty.

Attorney General Byrne has called the Chief of Police to account for not doing his duty in reference to the enforcement of the Prohibition Act and the Chief of Police has reported to the Council as follows:—

Campbellton, May 16, 1921
To His Worship, The Mayor and
Town Councillors of the
Town of Campbellton.

Dear Sir:—

I beg to state that on the 11th day of May inst., I was called up by phone by the Honorable J. P. Byrne, Attorney General of the Province of New Brunswick and he asked me as Chief of Police here, what we were doing in regard to the enforcement of the Intoxicating Liquor Act 1916. I replied that owing to instructions from the Town Council, that we were ordered not to take any part in the enforcement of the Act, and were not doing so. He also asked me regarding the resolution passed by the Town Council, and I explained to him verbally as I understood it, and that we were acting according to instructions from your honorable body. He replied to me that under section 156 of the Intoxicating Liquor Act 1916, did I not know it was my duty to enforce the provisions of the said Intoxicating Liquor Act. I replied that I was following my instructions from the Town Council. The next morning I received a letter, a copy of which is herewith attached, and you will kindly notice I am ordered by him to bring your attention to said resolution quoted, as conflicting with the duties laid down in Section 156 of said Act aforesaid. As ordered by him and following his instructions I am placing this matter before you for your consideration.

I remain,
Yours respectfully

JAS. H. ADAMS,
Chief of Police.

(COPY)

Bathurst, N. B.,
May 12th, 1921.

To the Chief of Police,
Campbellton, N. B.

Sir:—

Pursuant to our conversation over the phone, I beg to call your attention to the fact that the Town Council of the Town of Campbellton passed the following resolution at a meeting of the Council held February 28, 1921, that is to say: "Moved by Councillor Belleisle, seconded by Councillor Duncanson, that the police force be instructed to confine their activities to their civic duties and not to take any part in the enforcing of the Provincial Prohibition Act until such time as the government pays sufficient remuneration for their services or refunds one-half of the fines collected to the Town." I wish to point out to you that it is provided by section 156 that Police officers, policemen and constables shall have full authority and it shall be their duty to enforce all the provisions of the said Act, and by Section 96, every person who offends against the provisions of section 156 shall be liable, on a summary conviction to a penalty of not less than twenty dollars and not more than eighty dollars for a first offence and for a second offence to a penalty of not less than twenty dollars and not more than one hundred dollars, and for a third offence to imprisonment for not less than two months and not more than six months without the option of a fine.

I am in receipt of a telegram from the Rev. F. E. Boothroyd taking strong ground with reference to the resolution passed by your Town Council. It has also been represented to me that as a result of the resolution the work of enforcing the Intoxicating Liquor Act 1916 has practically ceased in Campbellton and that violations of the Act are open and flagrant and continuous and that drunkenness is prevalent. I regret to hear this very much because it seems to me that it is not a desirable condition to have existing, and I trust that, in accordance with your promise you will immediately bring to the attention of the Town Council that their resolution conflicts with the duties laid down by section 156 as to Police Officers, Policemen and Constables shall do with reference to enforcing the provisions of the Prohibition Act. I understand the Mayor of your town is away. I wrote him a few days ago with reference to this matter but have received no reply up to the present time.

I am,
Yours truly

J. P. BYRNE.

A careful reading of the Attorney General's letters will convince our readers that the police are guilty of an offence under the act and can be prosecuted if they fail to attend to their duties in enforcing the law.

"I suffered terribly from Constipation and Dyspepsia for many years. I felt pains after eating and had gas, constant headache, and was unable to sleep at night. I was getting so thin that I was frightened and saw several physicians who, however, did not seem able to help me."

At last a friend advised me to take "Fruit-a-tives". I did so and soon I felt some relief. I continued with "Fruit-a-tives" and in a short time, the Constipation was banished, I felt no more pains or headache or the disagreeable sensations that follow dyspepsia. Moncton, May 16—It is understood that some time during the past fortnight a number of checks have mysteriously disappeared from the C.N.R. offices here and so far have not been traced. It is alleged that the amount involved will run into four figures.

Local banks, it is understood have been warned to be on the lookout for anyone endeavoring to cash the missing papers.

JACQUET RIVER.

There will be a public meeting of the citizens of the Parish of Durham and others in the C.M.B.A. Hall at Jacquet River on the evening of May twenty-third, Empire Day at eight o'clock.

The object of this assembly is the unveiling of the Honor Roll erected by the Women's Institute as a memorial to the boys of the parish who went overseas in the great world war 1914-1918. This Honor Roll contains the names of one hundred and ten brave young men, sixteen of whom have made the supreme sacrifice, also the name of one nursing sister.

The ceremony will be held under the auspices of the Local branch of the New Brunswick Women's Institute and an interesting programme of speeches, patriotic songs and recitations will be carried out.

All are invited to attend and co-operate with the Women's Institute in honoring our heroes of the Parish of Durham and in perpetuating the memory of those who fell.

MAIL ORDER WIFE.

Two farmers were having an argument and a little bet as to which of them possessed the best wife—or, rather, which wife made the money go the farthest.

"I am surprised," said the first farmer, "how little my wife spends on household necessities. You come and stay with us for a few weeks and see how true my statements are."

"But what would be the good?" said the other man. "She would not be so good as my wife. Why, my wife makes money go so far that I never see it again."

To those who are hopin

We are in the coal business. Have we know conditions.

We cannot predict future price do not think further reductions as present mine wage agreements do not run until March 31, 1922.

There isn't much hope of gas reduction in freight rates.

If the proposed Pennsylvania Tax on anthracite becomes a law it will mean an additional 15.00 or cents after next July 1st.

Coal is far cheaper today than it was winter if you hold off That is absolutely certain.

You received the same advice—those who took it suffered no of consequence during the big oil coal strike.

We are simply appealing to you non-anthra.

Lowe Brothers

This paint film is less than 1/100 of an inch thick. What does that mean to you?

When you stop to realize that a two-coat film of paint is less than 1-100 of an inch in thickness, and that this thin film stands between your house and the weather, you can see the wisdom of buying the right kind of paint.

Lowe Brothers High Standard Paint forms a tougher film than any other paint we know of. It is elastic. It will not crack with the weather's changes. It is both weatherproof and waterproof.

It costs a little more than most paints, but it always covers more surface, therefore less paint is required and you actually save money at the very start. This fact, coupled with its long lastingness, makes it really an investment paint.

If you want to prevent future trouble, come in and talk over your paint problems with us.

ANTHRACITE COAL—1921

To those who are hoping for lower prices:

We are in the coal business. We believe we know conditions. We cannot predict future prices. We do not think further reductions are likely. Present mine wage agreements don't expire until March 31, 1922.

There isn't much hope of general reductions in freight rates.

If the proposed Pennsylvania State Tax on anthracite becomes a law, this will mean an additional 15.30 or even 25 cents after next July 1st.

Coal is far cheaper today than it will be next winter if you hold off buying! That is absolutely certain.

You received the same advice in 1919—those who took it suffered no hardship of consequence during the big anthracite coal strike.

We are simply appealing to your common-sense.

You insure your house against fire, don't you? Not because you expect fire, but as a protection in case a fire loss occurs. The best insurance you can buy now is fuel insurance—you don't know what's coming next winter.

The Real Estate interests of Montreal recently had a survey made, with a resulting recommendation that coal be bought now, and stored to the limit of facilities.

The Manufacturers' Record of Baltimore says: "Protect yourself at once for all family and factory coal needs."

We say: "Buy your coal now—take reasonable quantities throughout the winter and summer. In this way, you will avoid an excessive demand (like last fall), and a shortage with high prices next winter. There, if unusual conditions arise in the winter, who can measure the value of the coal already in your cellar?"

Call us up—we'll work with you.

Woman's Precious Gift

The one which she should most zealously guard is her health, but she often neglects to do so in season until some ailment peculiar to her sex has fastened itself upon her. When so affected women may rely upon Lydia E. Pinkham's Vegetable Compound, a remedy that has been wonderfully successful in restoring health to suffering women.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence,

**THROUGH RAIL SERVICE
TO PACIFIC COAST**

Canadian National Railways Offer
Most Direct Connection With Fast
Through Trains from Montreal.

The finest train service to the Pacific Coast is afforded by the Canadian National Grand Trunk "Continental" Limited, now leaving at 9.00 p.m. daily from Bonaventure Station, Montreal.

The route of this finely equipped all steel train to the coast is via Ottawa, North Bay, Cochrane and via the Transcontinental to Winnipeg and by Grand Trunk to Saskatoon and Edmonton, and via Canadian National Railways to Vancouver—the finest of scenic routes through the Rockies, and

over the smoothest roadbed.

From Maritime Province point there is connection by Ocean Limited with the Continental Limited daily and by the Maritime Express daily except Sunday. The Maritime arriving at Levis at 1.50 p.m. affords connection with train No. 11 leaving Quebec daily for Cochrane at 5.00 p.m. This train makes connection at Cochrane with the Continental Limited, so it will be seen there is really a choice of two distinct routes.

There are also the through service trains to the Pacific coast by train leaving Toronto daily at 10.30 p.m. via Sudbury, Port Arthur, Fort William and Winnipeg. Connection for this is made by the Ocean Limited to Montreal and the Grand Trunk International Limited to Toronto.

Particulars of these splendid rail services to the west will be explained by all C. N. R. ticket agents, and folders and illustrated matter may be obtained by application to any of the City Ticket Offices or by writing to the General Passenger Department, Moncton, N. B.

The million dollar motion picture has become a reality! There have been such fabulous claims in regard to salaries paid to motion picture stars and to payments as to the amount of money certain pictures cost to produce, that the layman starts to wonder if large salaries and big payments are still being paid. Enormous amounts have been spent in producing pictures, but the question of salaries is not one it is often exaggerated on the belief that the real amount is not staggering enough to make a real impres-

of the twelve, which had been the basis of the first \$1,000,000 contract signed by Chaplin. "A Dog's Life" and "Shoulder Arms," the first two pictures he produced under this contract gained a degree of popularity among American audiences that had never before been attained, and speculation as to what his next contract would call for became current. That his time was actually worth more than \$1,000,000 was an established fact.

Then Chaplin produced the million dollar picture

Occasionally, however, a contract is signed with an actor in such a public manner that there can be no doubt as to the authenticity of the published statement as to the salary he is to receive. Charlie Chaplin has the

When your food is not digested properly it is absorbed without forming energy. The poisons bring on early old age and premature death. 15 to 30 drops of "Dr. Michenoff's Spring" makes your digestion sound, so

IF you find medicine does not relieve you of kidney trouble, you should benefit by the experience of Alexander LaRue, aged 72. For years, Mr. LaRue suffered with kidney afflictions, and he finally sent for two boxes of Gin Pills. He writes: "They did me more good than all the medicine I had taken." Why suffer longer? Gin Pills are sold by all druggists and dealers. 50c a box.

"TIS THE GRANDEST IN THE WORLD"

St. John's Woman Says Tanlac Restored Her Health After Four Years of Suffering.

"I suffered for four years before I got Tanlac, but since this medicine restored my health six months ago I have been feeling just fine," said Mrs. E. Clayton, Walsh Square, St. John's, New Foundland.

"I had indigestion and dyspepsia, could hardly eat enough to keep me up and what little I did eat would bloat me up until the pain was often so bad I just had to lie down. My nerves were so shattered I could scarcely sleep, and just a little noise would upset me completely."

"I had dreadful headaches and always felt so tired I could barely stay up, and just before I got Tanlac I couldn't even look after my household. The fact is, I was in such a miserable condition that I was afraid to be left alone even for a few minutes."

"I tried a lot of different medicines but nothing relieved me until I got Tanlac, but it certainly made me feel like a different person. My appetite is so good now that I am always ready to eat, and I can eat anything I want without the least trouble. My nerves are so quiet I sleep like a child every night and never have a headache or the least worn out feeling. I am certainly in fine condition and I just think Tanlac is the grandest medicine in the world."
