## BOYS' SUMMER CAMP AT NEW MILLS WILL BE READY FOR THE SEASON ABOUT JULY 1

To Be Known As Camp Bonaventure—H. J. Gilman and J. D. Littlefield of Cleveland the owners—Ideally Situated—Camp Buildings Large and Comfortable With Every Convenience—Boys Assured Wonderful Holiday Under Proper Care—Camp Open To Local Boys.

An enterprise which will eventually mean much to Restigouche in the way of making known the attractions of the Bay Chaleur country to the tourist world is being undertaken this year at New Mills. This is the establishment of Camp Bonaventure, a summer camp for boys. This fine camp which is now nearing completion will be opened this year, being ready for the youthful guests with the coming of the summer holidays about July 1st.

### Should Prove Popular

That this camp will prove very popular seems assured. It is expected that when camp opens this year some twenty-five of thirty boys will arrive at New Mills to spend their summer holidays at this delightful spot. While this number will be made up almost entirely of boys from Cleveland and other American cities, Camp Bonaventure is open to all and it is hoped that a good number of boys from Campbellton and other places in the province may take advantage of this opportunity for a well conducted summer outing. In addition to the more youthful guests for whom Camp Bonaventure was primarily planned, the management expect to have as temporary visitors a considerable number of tourists who, having heard of this part of the country are anxious to spend a part of their summer holiday in the Bay Chaleur territory.

### The Location

Camp Bonaventure is ideally located at a sheltered spot on the shaded shores of the Bay Chaleur where every facility is at hand for salt water bathing, boating, fishing and other healthful outdoor recreation. Views of the surrounding mountains and forests are also readily at hand from the camp. Being on the main line of the Canadian National Railways, between Montreal and Halifax, Camp Bonaventure is easily accessible from all parts of the country.

### Up To Date

Camp Bonaventure has been planned with care by those who have a splendid knowledge of the requirements of such a camp. All arrangements are thoroughly up-to-date. The buildings are large frame structures with porches across the entire length and situated on a high bluff overlooking the bay. The dining-room and kitchen building is 72 feet long while the Dormitory is 174 feet in length. This latter building is airy and amply spacious having accommodations for the individual groups and their counselors and leaders. A large wash room with running water is also provided for and the spacious reading room is comfortably furnished having as an added attraction a large open fire place. The meals will be all that the healthy boy could desire and every comfort and convenience is thoughtfully provided for.

### The Management

Another point which argues well for the success of Camp Bonaventure is the thoroughgoing management under which this summer camp for boys will be conducted. The owners of the camp are H. J. Gilman, prominently connected with the D. W. Hoegge Co. of Portland, Maine, and New Mills, N. B., and Mr. J. D. Littlefield of Cleveland, Ohio. Mr. Littlefield who is the Camp Director is nationally known in the United States as a worker among boys and the fact that he holds the responsible position of director of this new enterprise is the prospective patron of the very best care of their boys. Mr. Gilman will, in all probability be the business manager of the new camp. Mr. Gilman is well and favorably known throughout the whole Bay Chaleur country and his association with this new enterprise will doubtless be an important contributory towards its success. Under the capable management of men of such ability this new camp should strongly appeal to parents everywhere who want their boys to enjoy a summer holiday under the most favorable and approved conditions.

For the boy who comes to Camp Bonaventure, a delightful holiday is assured. Every meal Field Day with prizes will be held. There will be an Athletic Director in the great out of doors, actor and a swimming instructor at the camp and also a resident physician. At this new camp to every special trip to the famous Perce Rock boys, both happily and morally so and Bonaventure Island, where he may be well shielded from

## OUTLOOK GOOD FOR TOURIST TRADE

Hotels of Bay Chaleur District Anticipate Busy Season—County Hotels Here Now Unexcelled.

According to information secured from various hotel proprietors throughout the Bay Chaleur district recently it would appear that the coming summer may see a very considerable increase in the influx of summer visitors to this part of the country. While last year established no records in the number of vacationists who remained here any length of time, the summer of 1924 brought a great number of auto tourists and motor campers and it is confidently expected that this season will record a tremendous increase in this class of summer visitor.

While many other parts of the domain are lamenting the lack of satisfactory hotel accommodation, the whole Bay Chaleur district has passed the stage where a complaint of this kind can be made. This part of the country is now unexcelled in this respect. With a good hotel at Matapedia, the northern entrance to New Brunswick, the Chateau Restigouche, the finest hostelry in the Maritime Provinces, at Campbellton, good accommodation at Dalhousie, an excellent country hotel, Bay Blew Inn at Jacques River and splendid accommodations at the Gloucester Hotel in Bathurst, Northern New Brunswick is now admirably equipped to house and feed almost an unlimited number of summer visitors.

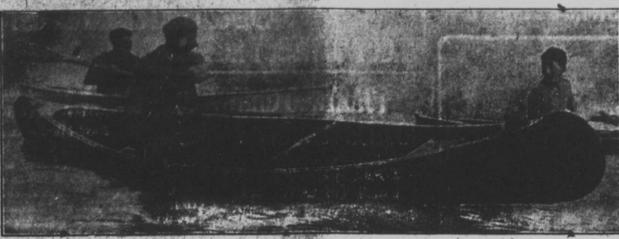

At the Bay Chaleur, the river the coming season promises a satisfactory hotel business. A large number of former visitors have already made reservations for the coming summer, inquiries from various parts of the country are still coming in and when this is added to the transient trade, Bay View Inn will be the centre of a happy colony of vacationists this year.

### On The Coast

In former years the traveller in the Gaspé Coast territory was sometimes a little fearful of what he might encounter along the coast under the name of hotel accommodation. Those who know the territory now know that this fear has been changed to anticipation of all the luxuries and comforts of home. The trip through well in summer is a run of a little more than two hundred miles, and there are now five good hotels along this route where the tourist may secure accommodation that is satisfactory in every respect. At Carleton, thirty miles from Campbellton, he will find the Wilfred Hotel where good meals and careful attention to guests are accepted as essentials. At New Carlisle, he may dine and lodge at the Carlyle Hotel and enjoy the same advantages. At Percé he will have the best in hotel accommodation at the Perce Rock House where the table is even better than the average traveller expects. On reaching Gaspé, the end of the trip, one is assured of the best. No other summer hotel in the province of Quebec has won such distinction as that attained by Bakers

natural haunts, are also on the program of camp activities. The camp also has its own motor boats, seven in number, with an experienced man in charge and motor boat trips to all parts of the scenic Bay Chaleur are another great attraction at this new summer camp. In addition to these activities there will be camping and fishing trips galore as well as trips to pulp and lumber mills and various points of interest. All these excursions are highly educational as well as intensely interesting and all are properly conducted.

In addition to these healthy and athletic sports, swimming and other summer sports, the camp also has an excellent swimming instructor at the camp and also a resident physician. At this new camp to every special trip to the famous Perce Rock boys, both happily and morally so and Bonaventure Island, where he may be well shielded from

ROYALTY GREETED PLUCKY CANADIAN CANOEIST  
Lieut. Smith paddled from Canada to New York, then took ship to London and paddled to Rome where he received a stirring welcome from rowing clubs, canoe enthusiasts and swimmers, to say nothing of the greeting by the Royal Family as he finished his record breaking trip on the "Yellow Tiger" in Rome.

## NARROWLY ESCAPED VIOLENT DEATH

E. C. Burton Seriously Injured When Motor Truck Collided With Freight Train.

When a westbound freight train crashed into one of the delivery trucks of Gray's Wholesale at the McIntyre railroad crossing just below town at about 5:45 Tuesday afternoon Ernest C. Burton, driver of the loaded truck had a narrow escape from a violent death. As a result of the accident the unfortunate man, is a patient at the Hotel Dieu Hospital where he is suffering from a fractured hip and several other less serious injuries. When the accident occurred Burton, who had only been in the employ of Gray's Wholesale for a few days, was hurrying to Richardsville with a truck load of merchandise for merchandise in that locality. Evidently the car had only mounted the track when the crash came for the loaded truck was hurled into the ditch on the same side from which it was approaching and lay there a jumbled heap of wreckage from which the driver was extricated by trainmen in an unconscious condition. The unfortunate man was placed aboard the van, taken to the depot here and then rushed to the Hotel Dieu Hospital with Dr. MacPherson, who had been notified of the accident, attending him. Burton regained consciousness before reaching the hospital and, although suffering considerably, has not again lapsed into a state of complete coma. At present it was feared that the unfortunate man might have sustained serious internal injuries in the crash but no indication of anything of this nature has been found and there is little doubt but that he will recover.

### Discussion of the unfortunate occurrence has failed to disclose a logical cause of the accident. Since the railway line is open to view at this point it is presumed that Burton, naturally hurrying along with his last trip of the day, may have miscalculated the distance between the crossing and the approaching train and hastily concluded that he had time to cross.

Mr. Burton who is a returned married, having wedded an English girl while overseas. His former home was in New Richmond, Quebec, but he has been a resident of Campbellton for the past two or three years having come here in the employ of Mr. O. J. Klein.

### SLAYER COMMITTED SUICIDE IN JAIL

Springfield, Ill., June 2.—Mrs. Alexander Norbert, 51, confessed slayer of her husband, committed suicide by setting fire to her bedding in the county jail here, yesterday, making good her declaration that she would never enter a prison.

Hotel, internationally as the Tourists and Sportsman's Headquarters of the Bay Chaleur country, and no other hotel more richly deserves such enviable repute. At these hotels too, the coming tourist season gives promise of being a busy one. One feature of the business this summer is that while many former patrons are returning for a holiday, a large number of reservations are being made by people who have never before visited the Bay Chaleur country.

## GASPE CAPTAIN HIGHLY HONORED

Capt. J. E. Tremblay Made An Officer In The Royal Canadian Naval Reserve.

Captain Jos. Edw. Willie Tremblay, at present in command of the S. S. Gaspesia, trading to the south shore between Montreal and Gaspé for account of the Canadian Steamship Co., Ltd., has been granted his commission as an officer of the Royal Canadian Naval Reserve. The order has been signed by Deputy Minister of National Defence G. J. Desbarats, and also by His Excellency, Baron Byng of Vimy, Governor-General of Canada and Commander-in-Chief of His Majesty's forces in Canada. Captain Tremblay's commission was recommended by Commodore Walter Rose, R. N., Director of Naval Service, and the recipient has thus had a signal honor bestowed upon him, as there have been only two French-Canadian captains in the merchant marine to have received this commission and decorations for their services in charge of light cruisers on the Atlantic coast during the last war. Captain Tremblay, although still a young man, is considered one of the most capable navigators on the St. Lawrence river trading to lower ports, and he is to be congratulated on his success in obtaining his commission.

## TWO EX-CONVICTS WERE CAPTURED

Pair Captured by Chief Hopkins of Newcastle for Robbery at Shediac.

Newcastle, N. B., June 2.—Two ex-convicts, Albert Bugley, alias Walter McDonald, No. U-698, and Norman Phinney, alias Judd McGilvray, No. U-774, have been arrested here by Chief of Police Hopkins on charges of robbing J. E. White's store at Shediac, where some hundreds of dollars' worth of goods of various kinds were taken. Chief Hopkins captured the pair single-handed while they were walking through the square in the centre of the town and only his threat to shoot on the slightest provocation together with the fact that they happened to be unarmed at the time made their capture without a running fight possible. Chief Hopkins identified his men by means of photographs obtained through the Maritime Penitentiary at Dorchester and recovered some of the stolen goods, also obtaining possession of an incriminating letter from the sister of one of the prisoners written from Stony Creek, Albert County.

Chief Gunn, of Shediac, has taken the pair back to town to stand trial. It is believed that the two ex-convicts were members of the gang which has been committing breaks at Edmundston and elsewhere in the province during the past few weeks. Only a few days ago a store near Edmundston was burglarized and part of the same gang are believed responsible for that break. This is one of a number of important captures which Chief Hopkins has made since coming to Newcastle.

## FORMED NORTH SHORE LEAGUE

Campbellton Shicks And Outlaws Entered For The Series—Dalhousie and Bathurst Also Represented

At a meeting of representatives of Campbellton, Dalhousie and Bathurst Baseball Clubs held in Dalhousie last week a North Shore Baseball League was formed. Five teams are entered in the league, the number being made up as follows: Campbellton, two teams Dalhousie, one; Bathurst one and East Bathurst one. The local teams entered are the Campbellton Shicks under the management of E. W. Henry and the Outlaws under the direction of Frank Roy. The schedule of games for the North Shore League series has not yet been drawn up, this having been deferred owing to the fact that local baseball field is not yet in readiness for an encounter. It is hoped however that this will be arranged for within the next few days. In all probability the opening of the series will take place toward the end of next week.

## A. K. SHIVES DIED HERE SATURDAY

Son of Mrs. Kilgour Shives Succumbs After Long Illness Buried In St. John.

In the death of Alexander Kilgour Shives, son of Mrs. Kilgour Shives, which occurred here at the residence of his mother on Saturday morning at six o'clock, a wide circle of friends here and elsewhere are called upon to mourn the passing of one to whom they were much attached. The deceased who was in his thirty-sixth year had been an invalid for the past seven years except for a few months when he was enabled to be about. About 1918 the late Mr. Shives was stricken with rheumatism which was later rendered the more serious through heart complications. During the past year these attacks became more severe and on Sunday May 24th, he failed to rally from a more serious one being unconscious for some time previous to his death. The funeral services were held at Christ Church of which the deceased was an honored member, on Sunday evening at eight-thirty o'clock, the Rev. A. Brook Humphrey officiating. The service was most impressive and very largely attended. The remains were forwarded to St. John on Monday morning's Maritime Express, accompanied by relatives and friends. Interment was made in Fernhill Cemetery, beside those of his father who died some years ago and his brother, Robert K. who was killed in the late war and whose remains were brought back to his former home for burial.

Besides his bereaved mother, the late Mr. Shives leaves to mourn two brothers, Arnold K. of Vancouver and Reginald K. of this town, and one sister, Mrs. W. F. Napier, also of Campbellton. To them the heartfelt sympathy of the community is extended.

## BISHOP PRAISES CHURCH UNION

Ottawa, June 2.—There has never in history been drawn up a better basis of the Christian faith than that of the United Church of Canada. The Rev. Bishop Brewster, addressing the annual meeting of the Reformed Episcopal Church of Canada here this afternoon, declared that the Reformed Episcopal Church could go into the United Church retaining its own organizations and practices. Bishop Brewster is authorized to appoint two members to serve with him as a committee to meet the Council of the United Church.

## SOME INTERESTING FIGURES ON PUBLIC HEALTH WORK HERE

Figures for Six Month Period Show Something of Extent and Importance of This Work Here Public Health Nurse a Busy Official—Large Decrease in Infant Deaths.

## FINE DRAMA WELL PRESENTED

Dalhousie Convent Hall Filled To Capacity—The Programme

Dalhousie, N. B., June 3.—The spacious Convent Hall of Dalhousie was taxed to its full capacity on Thursday evening, May 28th, when the pupils, parents and citizens from different parts of the County of Restigouche, witnessed one of the most interesting historical dramas ever put on a stage in the Shiretown, "Patricia the Unknown Martyr" drama in five acts. The occasion was the feast of Rev. J. A. Hart, parish priest of Dalhousie. Seated near Father Hart, and occupying front seats, were his confreres, Rev. Wilfred Legacy, Bathurst; Rev. J. Trudelle, Jacques River; Rev. A. Sivret, Upper Chaleur; Rev. Eugene de la Garde, Nash's Creek; Rev. F. Verret, Campbellton. Assisted by Miss K. Doyle, teacher in the Dalhousie public school, the play was most successfully played by the pupils of the Convent, who were frequently applauded. At the close of the drama, Miss Margaret Synette read a beautiful address in English to Rev. J. A. Hart, which was accompanied by flowers. In a brief speech Rev. Father Hart thanked the Rev. Sisters, pupils and all those who attended the splendid entertainment, for the honor done him, and congratulated the pupils on the great success of their acting. He delighted all the pupils when he announced that it was his wish that the pupils be given a grand concert. The following is the program of the entertainment which drew such a large audience on the evening of May 28th, and repeated with an additional drama in French on Tuesday evening, June 2nd, to a good house. STUCK BY LIGHTNING  
Struck by lightning during the heavy electrical storm which visited this district last night the barn of Nat McDonald at Jacques River burst into flames and was totally destroyed before any effective efforts could be made to save it. McDonald's house was also struck by the same bolt but was saved from any damage by fire.

In view of its importance as an ameliorative factor in present day community life no branch of health activity is deserving of the sympathetic interest and generous support of citizens generally as that of Public Health Work. Despite this no work is carried on so quietly and receives so little recognition. This is true in Campbellton as well as elsewhere and for that reason the Graphic takes pleasure in presenting from time to time a few facts and figures which should serve to illustrate the value and indispensability of this work which is so faithfully carried on here under the auspices of the local Red Cross Society.

Perhaps nothing is more eloquent of the value of this work than the fact that since Public Health Work was undertaken here the infant mortality rate has steadily decreased. In 1920 this was placed at 25.5; in 1923 at 15.4 and last year at 13.6. Although the local hospitals, doctors and others associated with the Red Cross all greatly contributed toward the success of this work, public health activities after all centre about the Public Health Nurse. Campbellton is fortunate in this respect for since the work was first begun here we have always had a competent person in charge of this department. The present Nurse Miss MacPhail is no exception. Coming here well equipped with practical experience for the work she has performed her duties in a most satisfactory way.

The following figures cover the period of the past six months and serve to illustrate this branch of the work as it is carried on in Campbellton. Number of visits, 1048; inspection of school children 3560; school inspections with Medical School Inspector 1350. The above visits are divided as follows: Tuberculosis 112; Organization, 103; School Visits, 200; Infant Work 633. In addition to this much free dental work of a very important nature has also been done among school pupils.

Duties Of The Health Nurse  
The duties of the Public Health Nurse are many and varied. They embrace School Work, Child Welfare Work and Prenatal and Maternity Work. While the public health activities are promoted by the Red Cross Society the public health nurse is under the direction of the Department of Health receiving her instructions from Miss McKelejohn of the Health Centre at St. John, N. B. Any citizen is privileged to call the assistance of the health nurse and this alone is a feature which has done much to place public health work in great favor wherever it was inaugurated.

The School Work is a most important department of the Health Nurse's activities and it is one of the great number of cases treated among school children there is evidently enough work in this field alone to fully occupy the time of one nurse throughout the year. Besides the actual defects, many of which would prove serious if not attended to in youth, that are found among school children a valuable work of health education is carried on by the health nurse. Visiting the different class rooms at regular intervals the Health Nurse gives "health talks" to the students. This implanting in youthful minds the essentials of healthy living is essentially endorsed by medical men everywhere. This educational work however is not confined to the schools. On all her visits to homes throughout the town the Health Nurse is always on the lookout for dangerous or unhealthy conditions which may prevail. Advice along the lines of hygiene, sanitation, proper ventilation and a number of other matters vital to the health of the community is always cheerfully given for the asking and in this way the Public Health Nurse is constantly preaching the gospel of health.

Milk In Schools  
The system of free milk in the public schools was re-established here this winter, some thirty children being thus supplied with nourishment of which they were badly in need. The benefit of this work has made itself apparent for in some cases undernourished children have shown an increase in weight of five and six pounds.  
Benefit To All Classes  
are under the impression that only those who are unable to contribute towards health work are deriving the greatest benefit. Records kept by the Red Cross however tend to dispense with this as merely an illusion for the cases treated have come from all classes.  
Much Interest Taken  
Although the public health work (Continued on page 10)

Cross Word Puzzle No. 101

How to Cross Word Puzzle No. 101

**HOW TO SOLVE THE CROSS WORD PUZZLE**

Every number in the form represents the beginning of a word, reading either horizontally or vertically. If there is a black square to the left of the number, the word is vertical. The same number may, of course, begin both a horizontal and a vertical. The definitions for the correct words to fill the form.

**Horizontal.**

1. Red breasted birds.
6. A favorite season of the year.
11. Soon.
12. Chief Certified Accountant (abbr.)
14. Above.
15. A Southern State (abbr.)
16. A material used in making beer (plural).
18. An affirmative.
19. Exists.
20. Leasing.
22. Rupees (abbr.)
23. That man.
24. A color.
25. An Egyptian sun god.
27. Sleek, smooth (slang).
30. To wed.
32. A girl's name.
33. Measuring.
34. The chief devil.
36. Indifferent to pain or pleasure.
38. A note in the diatonic scale.
39. The knave of clubs in five card loo.
41. Half the width of an arm.
42. Railroad (abbr.)
43. Unusual.
44. An aural appendage.
50. An ancient queen of Thebes, whose children were all slain (Greek myth).
51. Atmosphere.
52. A native of Arabia.
54. A suffix used in forming the names of certain hydrocarbons.
55. A kind of singing voice.
56. Instruments for measuring.
57. Nowcast.

**Vertical.**

1. Proportions.
2. A pronoun (plu.)
3. A case of wood or cardboard.
4. Within.
5. Meagre.
6. A kind of fabric.
7. Recto (abbr.)
8. A clinging vine.
9. Never (poetic).
10. Covered with grass.
13. A place in a church.
16. Another form of "I"
17. Tin (symbol).
20. To claim over again.
21. Allowed.
22. Parts of Swords.
26. Malicious burning.
28. A meadow.
29. Knowledge (Scotch).
30. Methodist Episcopal (Church South abbr.)
31. A Portuguese money.
34. A shrill, loud noise.
35. A drawing room.
37. A vegetable.
38. A girl's name.
43. Unusual.
45. One.
46. A note in the diatonic scale.
47. River Islands.
49. A rodent.
51. A beverage.
53. To exist.
55. To.

This puzzle took 15 minutes to solve. See how long it will take you to solve it.

**DIED IN ATTEMPT TO RESCUE CHUM**

Young Lad Fell Off Raft and Chum, Who Could Not Swim, Gave His Life in Vain Rescue Attempt.

Ever since both had lived in the same building at 21 Columbia Place, Brooklyn, Joseph Brock, Jr., fourteen years old and a pupil in Public School 78, had acted as personal guardian of five-year-old Emanuel Lopez and had watched over him with brotherly solicitude whenever they played together.

Joseph was close beside Emanuel when they went to play on a home-made raft tied up near Pier 18, at the foot of Joralemon street, Brooklyn, and he was the first to cry out with fright when Emanuel stumbled on one of the raft's protruding logs and fell into the water. The small boy screamed, thrust out ineffectively with his arms and disappeared.

Joseph cried out to some of the boys, who he knew could swim, but they huddled together and made no effort to rescue. Joseph could not swim, but, finding that none of the others would go after his small friend, he stripped off his coat, loosened his shirt and plunged in.

His heroic gesture was in vain. Once in the water his lack of skill told on him. He flailed about unskillfully with his arms, but could make no progress toward the spot where Emanuel had disappeared. Boys on the raft saw him splash about for a minute and then disappear.

Longshoremen, brought by the screams of the witnesses, dragged the water near the raft, for twenty minutes, before they found the bodies. While the search was conducted, and later, when a surgeon worked in vain over the boys with a palmtop, a crowd of more than 1,000 persons gathered at the pier. One of these was Joseph Brock sr., an ice man who said his son had never learned to swim and was shy of the water.

The bodies of both boys were removed to the King County morgue.

**OBITUARY**

On April 20th, at New Carlisle there passed to his eternal reward, one of its oldest and most respected citizens in the person of John Charles Hall at the age of 78 years. The late Mr. Hall was born at New Carlisle in 1838 and had lived his entire life there.

In 1863 he married Hannah Caldwell (who predeceased him two years ago) and by this union had nine children, Margaret and Franklin (deceased), Mrs. Digby Smelett and Mrs. John Hall of New Carlisle, Mrs. David MacDonald Flatlands, N. B., Mrs. Leslie Bisson of Port Daniel, Edmund Stillwater, Minn. Garnet of Jaffray, B. C. and Charles at home.

Mr. Hall was a Conservative in politics. He was the first wharfinger at New Carlisle in 1888 and held this office for 20 years fulfilling his duties faithfully. He took a deep interest in all good work especially the Temperance cause being the Lodge Deputy of I. O. G. L. all through its early years. His aim was to make the world better for having lived in it. The late Mr. Hall was a member of Anglican Church but owed his early conversion to the preaching of Rev. Mr. Anderson.

His remains were buried in the Episcopal Cemetery by the side of those he loved best on earth who had gone before. The funeral services were conducted by Rev. Mr. Gruchy. Hymns Through all the changing scenes of life. Now the labourer's tasks are over and at his request. He is not dead but sleeping.

**LEAPS FROM OPERATING TABLE AND ESCAPES**

Newark, N. J., June 3.—Leaping from an operating table in the Orange Memorial Hospital while he was being treated last night for injuries received in an automobile accident, Robert Harris, of this city, bolted out of the hospital and has not been seen since. Police are searching for him, as it is the belief of surgeons at the hospital that his injuries are serious.

**SKYSCRAPER CHURCH FOR NEW YORK CITY**

New York, June 1.—Its first skyscraper church was assured to New York City yesterday when the Board of Directors of the Broadway Temple brought the campaign of \$2,000,000 to a successful conclusion by agreeing to underwrite whatever amount remained to be subscribed.

In its last days the campaign had assumed the aspects of a race against a quarter of a million dollars, in that that amount had been given toward the project by John D. Rockefeller, Jr., contingent upon the organization raising \$1,750,000 from other sources by June 2.

The Broadway Temple, to be built at Broadway and 42nd street, will be composed of a church with large facilities.

The bulk of the building will be given over to commercial purposes, the purpose being for the rent of the many floors of offices to carry the cost of the property.

The building will cost \$4,000,000.

**GREAT BRAINS ARE NOT ALWAYS BIG**

Those of Anatole France Below Average in Size and Weight

NEW YORK, June 3.—The announcement from Paris that the brain of the late Anatole France, the great French writer, has been found to have been below the average in size and weight is but another proof of a fact that has long been known to the scientists, namely, that the size and weight of the brain are no index to its mental capacity. The mental superiority of a man, say the scientists, is due rather to the quality and organization of his brain than to the size.

The usual weight of a man's brain is said to be 49 1/2 ounces, as against a woman's 44 ounces. Many celebrated men in the past have possessed brains weighing less than the average of 49 1/2 ounces of mankind generally. A brain weighing over 60 ounces—said to have been the heaviest known—was the possession of a man who was scarcely up to the average in intelligence and who never earned but a small wage during the whole of his lifetime.

**FIRST THING IN NOVA SCOTIA**

The first Roman Catholic Church in Canada was built at Annapolis (the ancient Port Royal) in 1608, antedating the first one in Quebec, Notre Dame de la Victoria, by seven years. Some time after the surrender of Port Royal to a New England force in 1710 the church was converted into an Anglican Church and here the first Anglican service in Canada was held.

The first Protestant Church in Canada was St. Paul's (Anglican) Halifax, built in 1749.

The second Protestant Church in Canada was built in Halifax, Mother's Church, commenced in 1751. In 1815 it became St. Matthew's Church the property of the Presbyterian body.

The first Colonial See was that of Halifax, created in 1787.

The first Methodist Church in Canada was built at Point de Bute, N. B., in 1790, followed two years later by the first Methodist Church in Halifax.

The first Presbyterian Church in Canada was established in Onslow, Colchester Co. in 1764.

The first ordination in Canada of a Protestant minister took place in Halifax in 1760.

The first Sunday School opened in Canada was in 1785, in connection with St. Paul's Church, Halifax.

Apples grown in Nova Scotia in 1633, believed to be the first in Canada.

The first Police Force in Canada was organized at Annapolis in 1734.

The first dockyard in Canada was established in Halifax in 1758.

The first university in Canada was King's College, established at Windsor in 1788.

The first undenominational public school in Canada was established at Halifax in 1748.

Nova Scotia was the first part of America to install wireless telegraphy at Glace Bay, 1893.

The first newspaper in Canada was printed in Halifax in 1751—the Halifax "Gazette."

The first Province to adopt the system of dividing the Province into counties was Nova Scotia, when, in 1759, Nova Scotia was divided into four counties—Halifax, Lunenburg, Annapolis and Kings.

The first Representative Assembly in Canada met in Halifax in 1758.

The first distillery in Canada met in Halifax in 1758.

The first distillery in Canada was established in Halifax in 1750.

The first road in Canada was that made by Champlain from Digby Gut to Port Royal soon after 1604.

The first Public Gardens in Canada were made at Halifax in 1753.

The mining of coal in Nova Scotia antedated any such industry in any part of America. Coal was shipped from Cape Breton in 1748.—Chronicle.

**AGED NEGRESS IS RICHEST IN SOUTH**

Turkman Leaves Her and Her Son Bulk of Estate Worth \$600,000.

LEXINGTON, Ky., June 3.—Ellen Davis, eighty-four-year old negress, tonight is apparently sure she is the wealthiest woman of her race in the South.

A jury in Circuit Court here today upheld a will made by John T. Hughes, wealthy turkman, in which Hughes left to Ellen Davis and Robert Henry Hughes, her son, and another negro, the bulk of an estate believed worth \$600,000. It was said tonight by a member of counsel for contestants, the finding may be appealed. The jury deliberated 12 minutes.

Ellen Davis receives 273 1/2 acres of the best land in the Blue Grass County, besides the Hughes' mansion and its contents. Her son, Robert Henry Hughes will receive a 160-acre farm in the same neighborhood. Alex. Rankin, "my old faithful colored man," Cas. Hughes says in his will, receives ninety-six acres. Some bequests go to relatives of Hughes.

The mother and son said they had not decided whether they will move to the Hughes' home "Elkton," which now comes into their possession, together with the farm on which it stands. The house is a beautiful colonial residence of twelve rooms, filled with costly furniture, china and silver, and hung with the Hughes family portraits.

**FOOTBALL PLAYERS ANGRY WITH BISHOP**

Because He Said They Were Bought and Sold Like Slaves.

LONDON, June 2.—Assertion in a sermon by the Bishop of Peterborough, Dr. C. C. B. Bardley, that football players in England were "bought and sold almost like slaves" has stirred up a hornet's nest among sportsmen, who have rushed into print to deny the clergyman's contentions. The bishop, preaching at Leicester, said he regretted the extension of professionalism to football "which has done an awful lot to ruin our games." To this he added: "I seem to see football players being bought and sold almost like slaves, and human machines trained as gladiators. It is the ruin of club patriotism. Football is too great a game to be spoiled in this manner."

A. J. Darnell, of Northampton, President of the Southern League, among others, replied to the bishop, maintaining that the statement comparing the transfer of football players to slaves was all "nonsense." "A player is a free agent," said Mr. Darnell, "and he may refuse or accept an offer as he himself sees fit. He receives, if transferred, a substantial portion of the transfer fee, and it invariably means his promotion to a higher class of football."

Professional football players here receive between \$30 and \$40 a week throughout the year.

**HONOR FOR EARL OF OXFORD AND ASQUITH**

London, June 2.—The Earl of Oxford and Asquith has been appointed a Knight of the Garter. He is the second ex-premier to receive the honor in recent years, A. J. Balfour having been decorated with this order in 1922, then assuming the title of the Earl of Balfour.

### NOTED AUTHORS DISCUSS IDEAL MATE FOR YOUTH OF TODAY

Elinor Glyn and Zane Grey Tell Of Type Average Boy And Girl Should Wed.

The United News has asked Elinor Glyn and Zane Grey, two of the widest known contemporary writers of the English language, to express their views regarding an ideal mate for the average girl and boy.

Zane Grey says of girls: "I am on their side. They have had a rotten deal from men for, say about 500,000 years."

Elinor Glyn says of the man: "He must always be the master—and aggressively so."

The article follows:

BY ZANE GREY

LOS ANGELES, May 30 (United News).—What kind of a girl should a young man marry in these modern days? That is an easy question to answer.

The first thing the young men in question should make sure of is that he is clean and decent enough to deserve the kind of girl who would make a fine wife. He should run around the block a few times, kicking himself all the while in an endeavor to realize that women today are what men have made them.

PARENTS TO BLAME

It is folly for old fogies to say that times are not different from those of 10, 20, 30 years ago. Only superficial observers make such claims.

It is a fast age. I venture to state that the actual truth would stun a majority of parents. Perhaps they are greatly to blame for the freedom and license of the day. Like Corra Harris, who writes so beautifully of youth, I have no delusions about the girls, but I am on their side. They have had a rotten deal from men for, say about 500,000 years.

Nevertheless, in every man's heart, whether he admits it or not, there is an ideal of womanhood. He cannot help it, because his mother was a woman. A man, in his treatment of women, should think of his mother, and then of his sister and what he would like to have them meet in men.

I despise drinking for women. There is a biological and physiological reason why they should not drink. Most men know it, they encourage it, and will destroy it by souls, minds and bodies of women.

I deplore smoking for women. It is so ugly. I do not understand why most girls bob their hair and paint their faces. Such practices detract from their beauty. A woman's hair has always been her crowning glory, and it always will be.

The fine girls are no exception, no thousands of them all over this broad America. Not so showy, perhaps, nor so flashy as most, but healthy and wholesome, and with some brains. Such a girl does not want to be out of joint with the times, yet she need not be a triple expansion, ivory-topped flapper. She ought to have respect for her father and mother, even if they do not deserve it.

What a Girl Ought to Be.

She ought to love children. She can be a good dancer without running around like an aborigine. It will be a wonderful help, sometimes, if she knows how to cook and darn socks. These things are not entirely obsolete.

Best of all, a girl shows signs of great wonderful strength and generosity and wisdom through which men in all ages have risen on stepping stones of their dead selves to higher things.

Elinor Glyn is perhaps one of the greatest authorities living on love and marriage. Her views on this subject are based on years of close study. Mrs. Glyn writes, on this subject in 10 brief points. She believes that every girl at heart looks for these qualities in the man who is to be her husband.

BY ELINOR GLYN.

- 1—He must be more intelligent than the woman.
- 2—He must have the courage to keep his own personality and not allow the woman to submerge it in hers.
- 3—He must always be master.
- 4—He must tell you in words that he loves you.
- 5—He must have the courage not to let you know that he loves you.
- 6—He must never have a strain of weakness of any sort.
- 7—He must be courteous.
- 8—He must have sympathy of thought.
- 9—He must be innately refined.
- 10—He must never flinch from duty.

GIVING THE TROUT A CHANCE

The newspapers throughout Ontario have been discussing the test made by the biological department of the federal government in regard to trout bar-

### Will Fight To-Morrow

#### AWARD CONTRACT BATHURST SCHOOL

The New Building to Cost \$75,000—Trout Fry Placed in River

Bathurst, N. B.—May 30.—Trout fry to the number of 180,000 were placed in Bass River, six miles from here to-day, by Alex Mowat, Campbellton. These young trout were transferred from the hatchery at Flatlands. This is part of the programme to rehabilitate the waters of this section with trout and salmon.

The contract for the new Grammar School was awarded this afternoon by the Board of Trustees to J. E. & D. P. Conolly of Bathurst, the price being \$75,000. The contractors are to take the Mehan house from its present site and a lot of 50 x 100 feet in King street, next to Rene Frenette's lot, for \$3,300 to apply against their contract. The new building will be 77 x 82 feet with two storeys and basement and will be built of native granite. They will begin at once. Frechette & Freney, of Moncton, are the architects.

RADIUM CONDEMNED

AS CANCER CURE

Atlantic City, N. J., May 30.—Radium as a cure for cancer was repudiated by Dr. Francis Carter Wood of New York yesterday in addressing the American Medical Association section on pathology and physiology in its closing session. In fact Dr. Wood admitted that up until the present no cure had been discovered for the dread malady.

There was an era of intense enthusiasm about the use of radium in cancer treatment. Dr. Wood stated. It was believed that it would cause cancer to disappear. That era of enthusiasm it seems is going rapidly because radium is not a cure for cancer. Radium only destroys tissue within a certain radius. It does not drive cancer from the human body. By destroying local infections over a limited area radium apparently effects a cure but it has been discovered cancer will develop again in a patient's body after periods ranging from ten to fifteen years.

Susceptibility to cancer seems hereditary it was stated. Also under certain conditions cancer can be acquired.

"We have to face the problem with the realization that we get no help from the afflicted body in the efforts to eradicate the disease" said Dr. Wood. "We must learn to give a killing dose. The body won't do it without the aid of surgery."

The party will then board Canadian National Pacific Coast steamer for Vancouver, spending a day at Vancouver, Victoria, Portland and Seattle, returning from Portland via Union Pacific with side-trip to Yellowstone Park, thence to Salt Lake City, Rocky Mountain Park, Denver, Chicago and back to Toronto, which point will be reached on August 7th. The tour will include four and one half days out tour in Yellowstone Park and three and one half day's tour in Rocky Mountain National Park.

The tour is being arranged under the direction of A. E. Bryson, principal of Silverton School, Toronto, and Martin Kerr, principal of the Earl Kitchener School, Hamilton. Full information may be secured from Mr. Bryson, 44 Silverton avenue, Toronto, also from Mr. Kerr, 4 Buelah avenue, Hamilton.

The rate of \$413.50 from Toronto includes transportation, lower berth accommodation on trains, accommodations in hotels, hotel and bungalow camps, meals in diners, sight-seeing tours. For two persons; occupying one lower berth, the cost will be \$374.65 each.

While primarily designed for the benefit of teachers of Ontario, the tour is now thrown open for the whole of Eastern Canada and to the general public.

The fact is too, that the trout will itself eat fingerlings of its own species. It has been shown at the Ontario Club and at various other clubs that trout fry and fingerlings can be raised in the same water. The young should be placed in sparkling water where natural food exists and where they are supplied, and they should, as they are promoted from one enclosure to another, until they are a year old, be given a pretty well take care of diet. If it is a trout stream, it should not be stocked with trout, but perch were introduced and in a few years destroyed the trout, also introduced cause somebody would like trout in those places is a poor plan. The trout are worth a great deal more consideration than that.

### INAUGURATION AND BENEDICTION OF THE NEW ATHOLVILLE CHURCH

#### Impressive Ceremony Conducted By Bishop Ross Of Gaspe At Opening of the Church Notre Dame de Lourdes on Sunday May 24th.

May 24th, 1925 will be an ever memorable date in history of the young and progressive parish of Atholville. On that day took place the inauguration of the superb Church, begun a short time ago, and although not fully completed, is considered sufficiently so to celebrate religious services.

In the absence of S. C. Bishop Chiasson, at present in Rome, the parish priest of Atholville, the Rev. F. M. Lantaigne, had the good idea, of inviting to preside at the ceremony, S. C. Mer Ross, the syncretic Bishop of Gaspe. At 10 o'clock a. m. His Lordship Bishop Ross, accompanied by his Secretary, Rev. John, Forest, with a choir of sixty voices began the ceremony. The Bishop was assisted by Rev. R. M. Boucher, R. R. P. De La Motte, of the Sacred Heart College, Batourest, and Isidore de Ste. Anne de Restigouche, the Rev. R. R. M. M. Art. Melanson, Campbellton, J. P. Levesque, Val D'Amour. In the sanctuary were also R. R. M. W. Legace, Balmoral, J. Desrosier, Matapeia, brother Justinian. In the afternoon the arrivals were the R. R. N. Savoie, Petit Rocher, J. Sivret, Upper Charlo, Eugene De la Garde, N. Savoie, J. P. L. Gaudet, St. Alexis, J. A. Hart, Dalhousie, J. Cote, St. Francis, M. Roussel, St. Andrew.

At the Gospel, the Rev. W. Legace of Balmoral preached in French and in a magisterial sermon exposed the significance of God's temple on this earth. At one o'clock, p. m. a banquet was served to His Lordship the Bishop and to the members of the clergy at the presbytery, and to the visitors in the parish hall.

In the evening at 7.30, the church was crowded. Following the usual services of the month of May, the Rev. Naz. Savoie, parish priest of Petit Rocher preached an English sermon. Rev. F. M. Lantaigne and his parishioners are being congratulated on the grand success which crowned their efforts in the erection of their church for the cause of religion.

ANNUAL AGRICULTURAL STATISTICS OF CANADA, 1925.

It is announced by the Dominion of Statistics at Ottawa that the annual census of field crops and live stock for 1925 will be made this June. These statistics are collected jointly by the Dominion and Provincial Governments by means of cariboard schedules, issued to farmers through the rural school teachers and children. In British Columbia they are mailed direct to the farmers. These schedules call for the acreage sown this year to the principal field crops and for the numbers of farm animals alive on the farm in mid-June. The areas thus collected form the basis of the annual statistics of acreage and yield. It is very important for all classes in Canada that correct statistics of acreage and yield. It is very important for all classes in Canada that correct statistics of agricultural production should be published, but it is especially so for farmers themselves who through cooperative wheat pools are now undertaking to market their own wheat and other products; because accurate statistics are essential to the fixing of fair prices. Any farmer who has not received the blank cariboard schedule through the rural school of his school district or otherwise by the middle of June should make immediate application for same either to the teacher of the Public School District in which he resides, or to the Provincial Department of Agriculture at the capital of his province, or to the Dominion Statistician at Ottawa.

### HALF-HOLIDAY NOW SEEMS ASSURED

List of Those Willing To Close 'Now Complete With Exception of 2 Assyrian Stores.

Like any new move in Campbellton the weekly half-holiday idea is gaining favor slowly. The list of those who are willing to close is now complete with the exception of two Assyrian stores which will, in all probability join in. Several merchants have decided to close on Wednesday afternoon during June, July and August whether all close or not. The list of merchants presented below are ready to close provided all do and since the list is so complete the success of the idea now seems assured. Cards announcing the weekly half-holiday are now available at our office and several merchants have already secured some of these to be placed in their windows.

The list referred to follows:

Jan. P. Jardine; Geo. G. McKenzie Co. Ltd.; Chas. Goss; Joseph Duncan, (3 stores); Mrs. Wm. Savoie; I. W. Stevens; W. R. Stevens; R. L. Sullivan; Lounsbury Co. Ltd.; D. R. McRae; MacKenzie's Bookstore; J. R. MacKenzie; B. A. Mowat Co. Ltd.; Oliver Dewar, (2 stores); Jos. R. Cantin; Irvine Floyd; H. R. Humphrey; McEneaney's Limited; W. J. Comeau, (2 stores); Ferguson & Wallace; Earl Bros. Ltd.; M. J. Renault; F. G. Shephard & Co.; A. A. Andrew; A. G. Brown; D. Goldenberg & Co.; A. H. English; Alexander & Son, Ltd.; J. Davidson, (2 stores); E. R. Giguere; J. M. Carey; B. Hello; Jos. Boudreau; Ambrose Allan; S. Mattar; H. M. Armstrong; Bradley & Walsh; S. Rosenhek; M. L. Barthe-Ruet; The Central Bookstore; Rosenhek & Glickman; Mrs. P. A. MacDonald; Thos. Ellsworth; W. H. Miller Co. Ltd.; J. O. Guidry; R. K. Shives; Fred LeBlanc; Jas. Alexander; W. T. Cook; George St. Onge.

### TOM GIBBONS TO MEET GENE TUNNEY

Bout is Scheduled for Friday Evening.

New York, June 3.—Tom Gibbons has come from Atlantic City to complete his training for his fifteen round heavyweight fight with Gene Tunney here, Friday night. Gibbons will wind up his preparations in the fight at a Coney Island gymnasium. Tunney is not due to leave his Saratoga Lake camp before Thursday.

Discussion of the Gibbons-Tunney match to-day was merged with speculation on the ability of the newly-crowned light heavyweight champion, Paul Berenbach, to defend his crown for any period of length against three strong challengers.

Under the conditions of the New York Boxing Commission by which he was granted a chance to wrest the title from Mike McTigue, Berenbach must meet Jack Delaney, of Bridgeport, Conn., before the close of the boxing season. The latter already holds a four-round knockout verdict over the new champion.

Other challengers are Young Stripling, who won a newspaper decision over McTigue last winter in Newark, and Jimmy Slattery, of Buffalo, whose quick knockout of Jack Burke, Saturday, at the Yankee Stadium, stamped him as one of the fastest and hardest hitting contenders in the division.

### TEACHERS TOUR TO PACIFIC COAST

A complete thirty-day all-expense tour is being arranged to the North Pacific Coast, special train leaving Toronto July 9th, travelling on this train to Prince Rupert, B. C., stopping over en route for a day at Winnipeg a few hours at Wainwright Buffalo Park, three days at Jasper National Park, with short stopovers to view Mount Robson and the Indian village of Kitwanga.

The party will then board Canadian National Pacific Coast steamer for Vancouver, spending a day at Vancouver, Victoria, Portland and Seattle, returning from Portland via Union Pacific with side-trip to Yellowstone Park, thence to Salt Lake City, Rocky Mountain Park, Denver, Chicago and back to Toronto, which point will be reached on August 7th. The tour will include four and one half days out tour in Yellowstone Park and three and one half day's tour in Rocky Mountain National Park.

The tour is being arranged under the direction of A. E. Bryson, principal of Silverton School, Toronto, and Martin Kerr, principal of the Earl Kitchener School, Hamilton. Full information may be secured from Mr. Bryson, 44 Silverton avenue, Toronto, also from Mr. Kerr, 4 Buelah avenue, Hamilton.

The rate of \$413.50 from Toronto includes transportation, lower berth accommodation on trains, accommodations in hotels, hotel and bungalow camps, meals in diners, sight-seeing tours. For two persons; occupying one lower berth, the cost will be \$374.65 each.

While primarily designed for the benefit of teachers of Ontario, the tour is now thrown open for the whole of Eastern Canada and to the general public.

### BISHOP FAVORS BIRTH CONTROL

Birmingham-Prelate Sees Danger in Increase of Population.

BRIGHTON, England, June 2.—"Human welfare is now menaced by human fecundity," declared Bishop James, of Birmingham, in a sermon last night before delegates attending a health congress here. The Bishop suggested that the crowded state of Europe was probably the main underlying cause of the Great War, and that the catastrophe would recur "unless that altruism which limits the increase of population can be made to prevail."

Large families are a hindrance to social progress, he asserted, and "civilization is dangerously weighted by the reckless reproduction that may submerge it."

DAYLIGHT TIME FOR SPOONERS

Chicago, June 1.—Daylight saving may save some daylight for the golf fans, but it cuts an interesting hour off the program of the public park lovers.

It doesn't get dark until so late, the couples hardly get started to love making until 11 p. m. when they are forced off the secluded park benches. So policemen of Chicago have introduced "starlight saving" and have issued orders that spooners may remain in the parks until midnight.

STATION CLOSED
Last year the station at Flatlands was destroyed by fire and in making plans for its replacing the management decided that business from that point did not warrant its rebuilding.

BREAKING SIGNBOARDS
News sign boards have been placed along the road to Dalhousie, and more will be placed as soon as arrangements can be made.

TO ARRANGE SCHEDULE
At a meeting of the Campbellton Baseball Club to be held in the Firemen's Hall on Friday evening, it is proposed to draw up the schedule for the local league games.

ORDER NOW
You should have new letter heads and envelopes for the summer business. Order from THE GRAPHIC Phone 128.

Doyle-McIntyre
The marriage took place on Tuesday, May 26th, at the Church of Precious Blood, Stephenson, Mich., of Annie, step-daughter of Mrs. H. McIntyre of this town to Mr. Matthew Doyle of Marquette. Rev. Father Dupont performed the ceremony.

LOCAL PASTOR RECEIVES DEGREE OF D. D.
Rev. C. Wellington Camp, Pastor of the Baptist Church here, was highly honored last week, when at the closing exercises of Acadia University, the degree of Doctor of Divinity was conferred upon him.

OBITUARY
David Russell Wyers
David Russell Wyers, aged 8, son of Mr. and Mrs. Sanford Wyers of Riverside passed away on Saturday last at the Soldiers' Memorial Hospital, Campbellton. Although he had been ill for upwards of a month good hopes were entertained for his recovery until shortly before his death.

Mrs. Eliza Doyle
The death occurred on Saturday May 16th, of Mrs. Eliza Doyle at Jacques River, Restigouche Co. following an illness of several months. The deceased was 83 years of age and highly esteemed by a large circle of friends.

FASHION DISPLAY
The Fashion Display at F. E. Shepherd's last Monday evening must be considered as a splendid success, and judging from the crowds of people that viewed the display from beginning to end and the intense interest that they took in the event well repays the firm for their efforts in placing before the buying public of Campbellton, a display that would do just credit to any of our large cities, and they are being complimented on their efforts to place Campbellton in the front ranks of Fashion.

**AMERICAN FLAG - TORN FROM AUTO**

American Visitor at Toronto Complains of Action of Police Officer.

Toronto, June 2.—Complaint was made Saturday afternoon to Inspector Snider of Court Street Station by H. Rider, of Cleveland, Ohio, of the conduct of a traffic officer on point duty at King and Yonge Streets, who snatched an American flag from the front of automobile.

Mr. Rider was visiting in Toronto and was staying at a downtown hotel. He had an American flag flying on the radiator of his car in honor, he said, of Decoration Day in the United States. The constable, he claimed, removed the flag and threw it into the car. Mr. Rider says the flag was torn and hurled onto the lap of his wife.

Mr. Rider threatened to go to the American Consul. Inspector Snider investigated and stated that Rider said he had made an unsuccessful attempt at the border to purchase a British flag to place alongside of the Stars and Stripes on his car. The police felt that the officer might have erred in snatching the flag, but declared he had done only what would have happened a Canadian if he drove across the border with a Union Jack on his car.

Inspector Snider will report the occurrence to the home town newspaper. This is but one example of how the home town newspaper is always on duty; how it is constantly striving to better the community which it serves, not for any selfish purpose, but because it has the welfare of the community at heart.

The home town newspaper is the beacon of the light that reflects the glory of the people and the natural advantages that the town possesses. It is ever alert to opportunities for progress.

Countless numbers of towns would be a dismal failure without a newspaper. Their light would be hidden under a bushel never to shine forth and become the stranger to come in.

Everyone recognizes the value of a newspaper and the unselfish work that it does in building up the community, but all too few show their appreciation in a substantial way.

With the revenue from subscriptions alone, no newspaper can live, but every person should be a subscriber and thus lend their support to an enterprise that always puts the best interests of the community before every other consideration.

From those who are first to benefit from the constant efforts of the newspaper, the merchants, should come to the financial support that is the first essential in publishing a newspaper.

This newspaper or any other newspaper can not continue to be the standard by which the community is judged without advertising patronage. Advertising must be forthcoming if the newspaper is to continue as the medium by which the community expresses itself; if it is to go on as the advance agent for the people, weekly performing a public service that no other agency is willing to or can perform.

Support the home newspaper for your own good as well as the good of every person living in Campbellton.

**STONE AGE SKELETON.**

American Scientists Make Valuable Discoveries in Gobi Desert.

Urga, Mongolia, June 2.—Roy Chapman Andrews, leader of the American Museum of Natural History expedition into Central Asia, announced upon his arrival here, the discovery in the Gobi Desert of many skeletons of human beings and animals of the stone age.

Additional dinosaur eggs, charred human bones, ostrich eggs and thousands of hand polished stones, the age of which Mr. Andrews estimates from ten to twenty thousand years, also have been found.

By an agreement between Andrews and the Mongolian government half of the expedition's discoveries must be turned over to the government in good condition.

The scientist encountered considerable difficulty in negotiating the deep snows of Gobi Plateau, their automobiles having to be dug out of drifts several times on the road to Urga.

**WHO DOES YOUR PRINTING**

In past years—and possibly yet—travellers representing outside printing establishments—sometimes as direct agents, sometimes grocery or dry goods men, carrying printed samples as a side line—have solicited orders from our business men—too often successfully. Investigation reveals to us that the price, made on quantity, was the means of securing the order.

In justice to ourselves we wish to impress upon the business men of Campbellton and surrounding communities that The Graphic is at all times ready and anxious to meet any fair competition submitted by outside parties on any class of commercial printing. We are anxious to retain all such work in-Digby, instead of seeing it go out of town. As a rule our customers ask us for quotations on small quantities, whereas the outside canvasser succeeds in his efforts by quoting on quantity lots, and on which the difference in cost is material.

We therefore guarantee you fair prices—and we assure you the work will be kept in Campbellton, and the money derived therefrom spent to the benefit of the community—without cost, and possibly with a saving, to you.

**CLEAR AS MUD**  
Englishman—Why do you mean by "giving a man the air?"  
American—Tying a can to him, putting the kinks under him, giving him the gate or checking him out. Understand.  
Englishman—Oh, perfectly. But what do all those things mean?

**ABLE TO DO HOUSEWORK NOW**

Sick a Year. Got Great Benefit from Lydia E. Pinkham's Vegetable Compound

Bloomington, N. S.—"I took Lydia E. Pinkham's Vegetable Compound for pains and headache, also for nervousness, sick headaches and sleeplessness. I was troubled in this way for over a year, and a friend told me about the Compound. I recommended the Vegetable Compound myself and am willing for you to use this letter as a testimonial."—Mrs. WILLIAM MORSE, Bloomington, Annapolis County, N. S.

Do you know that in a recent canvass among women users of the Vegetable Compound over 20,000 replies were received. To the question, "Have you received benefit by taking this medicine?" 98 per cent. replied "Yes."

This means that 98 out of every 100 women are in better health because they have given this medicine a fair trial.

Mrs. Morse is simply another case of a woman receiving "great benefit." Women suffering from the troubles so common to their sex should listen to what other women say who have experienced the same sufferings and found relief. Give this dependable medicine a chance—and at once. It is sold at all drug stores.

**CHINESE TOWN WAS WRECKED BY QUAKE**

Graphic Account of Earthquake Aid Fire in Northwest Yunnan in Which Five Thousand Lives Were Lost.

Pekin, June 3.—Five thousand lives were lost in the earthquake and fire that destroyed the town of Talifu in North West Yunnan March 16, according to Father Salvat of the Catholic Mission there, whose story of the holocaust has just reached Peking.

Talifu is almost inaccessible except by river from the Gulf of Tonking and the letter in question had been en route since March 20, when the earth shocks were still continuing.

The town itself was almost entirely destroyed, only the wall and a few houses remaining intact, the letter disclosed. Hundreds of people were trapped in the flames which followed the first shocks. Four or five neighboring towns also suffered severely.

"The worst shock lasted five or six seconds," the Catholic Father wrote: "It was night. About 9.30 two shocks occurred followed by another which cracked houses in two. The Father and the other occupants rushed into the open while the walls fell about them. In a nearby garden they looked upon an area of destruction in which fires began breaking out.

"We left the garden," the letter went on. "The streets were choked with debris. I ventured out into the city and managed to reach the place where the fire was the fiercest. General Li was there with his soldiers but could do nothing. The fire raged rapidly in the direction of the mission. At one o'clock in the morning the house next to ours was in flames and was left of our mission."

The shocks continued all night and day disclosed that the town practically had been wiped out. In one market there was 300 dead among the following Talifu Valley, coming from ruins.

The earthquake apparently to the southwest suffered heavily. The Fathers made a strong appeal for assistance for the stricken population.

**T. H. McAVOY IS DISTRICT DEPUTY**

Elected At K. C. Convention Held in Bathurst Last Week

E. J. Henneberry of St. John was re-elected State Deputy and T. H. McEvoy of Dalhousie, District Deputy at the annual convention of the Knights of Columbus held last week in Bathurst.

The entire state board was re-elected as follows: Secretary, Charles O'Neill, Moncton; treasurer, J. White, Bathurst; warden, William Skidd, Chatham; advocate, Max D. Cormier, Mayor of Edmundston. An eight scholarship was added to the seven already maintained by this jurisdiction and it was decided during the discussion that the objective was to be at least 27 scholarships in perpetuity valued at \$150 a year each for six years.

The scholarships will be awarded according to the financial contributions and numerical strength of each council in the New Brunswick jurisdiction.

**Welfare Work.**  
The convention endorsed the action of the state deputies of Canada in January at Winnipeg regarding immigration and welfare work. Already they have contributed a sum of money for a preliminary survey of the field and has in mind the adoption and subsidizing of a vigorous policy in this connection.

The state council re-affirmed its allegiance to His Majesty the King. The supreme convention of the order is to be held this year at Duluth and today delegates to that convention were named as follows: E. J. Henneberry, Saint John, state deputy; B. A. Bourgeois, Moncton, past state deputy, with alternates, T. H. McEvoy, Dalhousie, district deputy, and James L. Sugrue, Saint John, grand knight of Saint John council.

**PRINCE OF WALES IN POLO GAME**

Natal Enthusiasts Lead Him Ponies. MASERU BASUTOLAND, South Africa, June 2.—Polo enthusiasts of the Natal have loaned the Prince of Wales four ponies, which will be taken tomorrow to Westminster, across the border in Orange Free State, where the Prince will captain the local team.

The Indians of this district have presented the Prince with a beautiful carved ivory casket, made by a Delhi firm, whose works the Prince visited while in India.

**FAMILY ALMOST WIPED OUT IN AUTO ACCIDENT**

Hamilton, Ohio, June 3.—Five members of an Indian family of six were killed and the sixth, a boy of ten, was injured severely when their auto was struck by a train near here yesterday.

The son, Earl, the only surviving member of the family, is in a critical condition. He is suffering from a fractured skull. The dead are: Hersch C. Hutchens, 45, Willow Branch, Ind.; Mrs. Maizie Hutchens, 48, his wife; Donald Hutchens, 8 and Margaret Hutchens and Gladys Hutchens.

**ONE POINT OF AGREEMENT**

Held a conference every day. Had important things to say. Each one coded up in turn. With a motion to adjourn.

### FAMOUS FRENCHMEN COMING TO CANADA

Two Young Noblemen To Study Agriculture In This Country

Quebec, May 30.—Marquis Gaston De Levis and his friend, Count De Maleisay Melun, were passengers on the Canadian Pacific S. S. Minnedosa, which arrived here last night and sailed for Montreal early this morning. The two young French noblemen are in Canada to study Canadian agricultural methods and are going direct to Ottawa, where they will be the guests of George Gonthier, Auditor General of Canada.

Marquis De Levis is a direct descendant of the French general who bore the same name and title, and who had something to do with the making of Canadian History when he became famous as a result of the Battle of Stefoye, not far from the Plains of Abraham, in 1760.

The two distinguished travellers are each 21 years of age, but they are already well known to hundreds of Canadians who have visited Paris. They own beautiful farms on the outskirts of the French capital, and are thus able to take part in any social event taking place there. Last week Count De Maleisay Melun gave dinner at the Club Interallie at which several prominent Canadians were guests.

The two young friends intend visiting all the other Canadian provinces after leaving Ottawa before returning to France.

#### DOUGLASTOWN

In many respects the year 1925 in the annals of Douglastown will be remembered for many years to come, the principal event being the silver jubilee of the Convent of Our Lady of the Holy Rosary which was celebrated on Saturday and Sunday May 23rd and 24th. On Saturday morning a high mass sung in St. Patrick's Church by the Rev. Father Myles and attended by many former pupils with the children's choir as chief singers, marked the opening of the anniversary service. On Sunday afternoon in the Convent a concert was held which drew a very large audience not only from this place but many from the surrounding districts. The Sisters of the Holy Rosary Convents at Fox River, Gaspé Basin and Barachois were present as well as others from different parts of the Gaspé Coast. Rev. Mother Calvary first Superior to be stationed here now at the Mother House in Rimouski, Que. was unable to be present owing to illness. The following program was carried out in a very able manner.

- Opening ..... Sweet Memories
- Welcome Salutation
- Dialogue ..... Mystical Gifts
- Brief History of Douglastown Convent composed by Mr. J. Clive Briand and recited by Mr. Owen Rooney.
- March ..... Convent Bells
- Address to the Ancient Teachers composed by Miss Eva A. Kennedy and recited by Miss Mary Ann Maloney.

### TO FORM TEACHERS PENSION FUND

In Great Britain—Bill Before Parliament To Start Superannuation Fund In 1928.

New York, June 2.—If a bill now pending before Parliament is made a law, employers of school teachers in England, starting April, 1928, will be required to contribute to the school teachers' superannuation fund an amount equal to that contributed by the teachers, so there will be a total contribution to the superannuation fund of 10 per cent. on salaries, according to advice received by the Bankers Trust Company of New York from its British Information Service.

The salaries of school teachers in Great Britain approximate upwards of \$50,000,000 per annum. Under the act of 1918, known as the School Teacher's Superannuation Act, a provision is made for retiring pensions for teachers, and under the act passed in 1922, and renewed for two years in 1924, teachers are required to make a contribution to this fund annually of 5 per cent. of their salaries. Up to the present time employers have not been required to make any contribution.

Local education authorities are the chief employers, being directly responsible for about 11-12 of the salaries of pensionable teachers in schools aided by grants from the Government, besides having an indirect interest in the remaining 1-12. The total cost of the pensions on the basis of the number of teachers and rate of salaries existing in 1924 will range from \$4,000,000 in the year 1926-27 to \$9,740,000 in the year 1968-69. This amount would be met in part by the contributions from teachers and local education authorities, and employers, and the balance, ranging from \$1,500,000 in 1926-27 up to \$5,140,000 in 1968-69, and thereafter would be a charge upon the resources of the national treasury.

Provisions are contained in the bill for extending the operations of the act so as to include teachers in schools not granted aid, but such an extension is to be subject to the payment of contributions, determined on an actuarial basis, to be equal in value to the benefits.

#### Song ..... Silver Bells of Memory

Complimentary Address  
Song ..... Douglastown  
Mariel at the Roman Catholic Church in Chandler, Que., on Wednesday morning May 20th, 1925 by the Rev. Father Haquin, P. P., Miss Jane Wall, daughter of Mr. and Mrs. Thomas Wall of that place to Mr. Theodore White son of Mr. and Mrs. Peter White of Douglastown, Que. They will reside in Chandler where they will have the best wishes of their many friends.

The "S. S. Gaspé County" of the Ellis Shipping Co. on her maiden voyage from Montreal, Campbellton, N.B., and Gaspé Coast ports was in our harbour last week and left soon after for Gaspé Basin. The "S. S. Gaspé County" is owned by Mr. Herbert A. Ellis of Montreal, formerly manager of the Sherbrooke Lumber Co's mill at Barachois, Que.

Mrs. Simpson and children of Buffalo, N. Y. will spend the summer season here as the guests of the former's mother, Mrs. John McDonald.

The "S. S. Thorndal" a steamer of 1236 tons in charge of Captain Begoness from Sabine, Texas, arrived at the wharf in Gaspé Harbour last week with a part cargo of sulphur for the mill at Chandler. Before coming here this steamer unloaded half of her cargo at the Government wharf in Campbellton, N. B. which was for the Fraser's Co's Mill at Edmundston.

Miss Mary Patterson and Mr. Geo. Patterson of Sunnybank were the guests of Mr. and Mrs. Alexander Baird some time ago.

Mr. and Mrs. Robert Pye and little son also Mrs. Thomas Pye all of Sandy Beach Centre were in Douglastown sometime ago calling on Mr. James Baird who was ill at the time.

A large three masted sailing vessel laden with salt for the firm of William Hyman & Sons at Gaspé Harbour, went up the bay on Sunday morning for Gaspé Basin to unload her cargo.

Mr. and Mrs. Wilfred Fitzpatrick of Gaspé Harbour are receiving congratulations upon the arrival of their first born a son at their home a few days ago. Mrs. Fitzpatrick was formerly Miss Florence Briand of this place.

The farmers are well advanced with their work and the soil is in excellent working condition. Seeding operations are progressing favorably and will be finished in a few days. Pasture and hay meadows need rain and warmer weather.

Mr. Peter Mahar once a resident of this place died at his home in Montreal on May 17th at the advanced age of 78 years.

Mr. John W. Cooke who conducted a battery business on William St., Dalhousie, N. B., passed through here

### NEW YORK WOMAN BRUTALLY SLAIN

Body Found on Vacant Lot With Her Clothes Torn Into Ribbons.

New York, June 1.—Search continued to-day for the brutal slayer of Miss Florence Kane, who was identified by Detective James A. Kane, of Brooklyn, as his sister, when in the course of duty he had to review the body. The body was found by a milkman yesterday in a vacant lot near the girl's home. An autopsy revealed that the assailant forced his fingers down her throat in an effort to choke her screams. He battered, bound and gagged her and tore her clothes to ribbons. The body was lying face downwards. On the bare back was a crucifix inscribed with the words "Father Forgive Them."

In some weeds nearby was found a religious medal, but the young woman's rosary and crucifix chain are missing.

Miss Kane, leaving eight women friends, after attending a musical comedy, was hurrying home to her widowed mother when attacked. She was 30 years old.

The crime is the second of a similar nature committed on the empty lot in six years. For the first a negro was executed. Several weeks ago near the same spot three girls fought off a man who attempted to attack them.

sometime ago with his family on their way to L'Assac-Cousins where they will reside for the summer months.

**Local Druggists Have Modern Remedy for Colds**

A Vaporizing Salve which is Rubbed Over Throat and Chest for Colds.

When Vicks VapoRub, the "external" method of treating sore throats, bronchitis, deep chest colds, or croup, is applied over throat or chest, the ingredients are released as vapors by the body heat.

These vapors, inhaled with each breath, carry the medication directly to the affected air passages, loosening the phlegm and relieving the congestion. At the same time Vicks acts as a counter-irritant, stimulating the skin, and thus helps the vapors inhaled to break up the inflammation.

Colds are usually relieved over night.

**THEIRY JUST WHISTLE**  
Sky Follies had a disaster occurred to you what a delightful drink—WHISTLE is!  
Serve it in your homes when you have friends calling.

**ROAD CONDITION**  
**BETTER THAN EVER**  
J. O. Berrie, Secretary of the New Brunswick Automobile Association, reports that the number of tourists arriving during the past month and a half has averaged six per week. Despite the rather cool weather for the time of the year, this number is in advance of that for the two previous seasons up to this time. Mr. Berrie said he had for some time past received on an average of 15 to 20 letters of inquiries per day from parties in distant parts of the States and other places in the Dominion for information regarding routes and the road conditions. A tourist arriving in St. John some days ago from Upper Canada said that he had been visiting New Brunswick for a good many years and was well acquainted with the roads and he emphatically asserted that he had never before passed over the roads when they were in as good a condition as they are at the present time, and in his opinion good roads make one of the best, if not the best, drawing card in bringing tourists.

**RECEIVED HIS DEGREE**  
Mr. Parker Cool, son of Mrs. Annie Cool, of Moncton, and formerly of Campbellton, graduated this year at McGill and last week received his degree of Doctor of Dental Surgery. The many friends of Mr. Cool will be interested to learn that he stood sixth in his class with aggregate honors in all subjects of the fourth year.

**SUSPECTED SMALLPOX**  
The first case of suspected smallpox reported in several months was reported Thursday night to the Department of Health from a place a short distance above Perth, Victoria County. Dr. J. A. Wade, District Health Officer, left Friday morning for the scene.

**RECEIVED DIPLOMAS**  
At the recent closing exercises of Mount Allison Ladies' College, Sackville, Miss Katharine E. Malby of Newcastle, received her diploma in the Dept. of Household Science, two year normal course, and Miss Hazel Hayes of Nash Creek and Miss Edna Lester of Tracadie received diplomas in the same department for one year normal course.

**SUDDEN DEATH OF WOODSTOCK EDITOR**  
S. L. Lynott, editor of the Carleton Sentinel, died at his home there at 7:30 Wednesday morning, May 27th. Although able to attend to his duties at the office, he had not been in the best of health for the past year, being a sufferer from asthma. He was at his office Tuesday afternoon, and left for home at 4:30 o'clock. Deceased was a son of the late James E. Lynott, M. P. P., of St. George. He conducted a newspaper at St. George for some years, and at Richibucto, going to Woodstock about twelve years ago.

**WILL ORGANIZE A FIRE BRIGADE**  
Better Fire Protection Felt Very Necessary In The Shiretown.

Dalhousie, N. B. June 1.—The action taken at the last regular meeting of the Dalhousie Town Council, when the fire committee was requested to submit to the next meeting of Council a list of ten or twelve names of young men, to form a regular fire brigade, with the understanding that they would be paid by the town for their services, was a very timely one. The fire that took place on Friday afternoon, by May 29th, on Brunswick street, when the fire alarm called for help to a fire in the home of Mr. Edgar Shirley, gave proof of the need of through organization for the extinction of the frequent fires of the Shiretown is having of late. Without it being understood that there are men selected to fight fires, a lot of boys crowd in the building that is on fire, and the regrettable incident of Friday's fire, when a beautiful ladies' watch was stolen, shows the necessity of good organization. The building, formerly the home of the late Alex. Chalmers, is owned by Mr. Andrew Loggie. The damage to the house and to the furniture is covered by insurance.

## ANDREW'S Clothing Store

The many local friends of Miss Marion E. Alexander, student in her freshman year at Macdonald College where she is taking a two-year course in Household Science, will be pleased to learn that she has been announced the winner of the Fleischmann Gold Medal for Bread-making and has also received Honorable Mention in Home Nursing.

### Dalhousie Personals

Mr. Edgar J. Melanson, Manager Provincial Bank, and Mrs. Melanson spent the King's birthday with their Bathurst friends.

Messrs. Eugene Gaudet, Teller Pro. Bank, B. J. McCann, Teller, Royal Bank and Raymond LeBlanc motored to Bathurst on Tuesday to spend the holiday there.

Hon. Wm. Currie, Charlo Station, was a visitor to the Shiretown on Monday.

William McWhirter, New Richmond, P. Q., was in Dalhousie on Monday, on his way home from Bathurst.

James Wright, Eel River Crossing, was in town on Monday attending a meeting in St. John's Presbyterian Church.

Theodore LaVoie, St. John Evangelist, P. Q., the contractor of the Upper Maguasha wharf, was in Dalhousie on Monday.

W. H. Priest, Portland, Maine, former manager of the Dalhousie Lumber Co., was a visitor to Dalhousie this week.

Miss Ernestine LePage, St. Omer, P. Q., who returned recently from a visit to Montreal friends, has been spending a few days in Dalhousie, the guest of her sister, Mrs. Leon Samson, at the "Queen."

Geo. St. Onge, Campbellton, and his daughter Miss Martha St. Onge took in the grand concert, given in the Convent Hall on Thursday.

Miss Clara Pelletier, Campbellton, spent the week end in Dalhousie, the guest of her friend, Miss Cecelia Savoie.

Miss Emma Martin, Campbellton, spent Sunday in Dalhousie, the guest of her friend, Miss Martha Methot.

Gregory Harquail, who was so long ill at Saranac, U. S., has been visiting his native town, the guest of his aunt, Mrs. Wm. Walsh and Miss Emma Harquail. His friends were glad to see him so much improved in health.

The Calgary Herald, dated Saturday, May 23rd, contained the following birth notice: "The christening of John Francis Trevelyan Gawthrop, infant son of Mr. and Mrs. John Gawthrop, took place on Ascension Day at St. Ann's church, a childhood friend of Mrs. Gawthrop, who before her marriage was Miss Marie Costigan officiated. Mr. P. J. Parker and Mrs. John McFayden acted as sponsors. Present at the ceremony were, Mr. and Mrs. Gawthrop, Mrs. J. R. Costigan and Mrs. E. H. Rouleau, godmother of Mrs. Gawthrop. "Mrs. J. R. Costigan formerly taught in a Restigouche Co. school at Pt. LaNim. Councillor R. E. Cullen, Carleton, P. Q. registered at the Queen Hotel, Dalhousie, on Thursday.

Henry Diotte, M. L. A. Balmoral, was a visitor to the Shiretown on Monday.

I. B. Deacon, Charlo Station, spent Sunday in Dalhousie, a guest at the "Queen."

Miss Marie Jeanne St. Laurent, White's Brook, N. B. is spending a

few days in Dalhousie, the guest of her brother Doctor A. and Mrs. A. St. Laurent.

Geo. S. Moran, Matapedia, P. Q., registered at the Queen Hotel on Monday.

Many friends will be glad to learn that Mrs. E. R. Gaudet is much improved in health, after a long illness. Patrick McEvoy, Sydney, N. S., spent the week-end with his family in Dalhousie.

Dalhousie friends heard with deep regret the news of the death on June 1st of Mrs. Eusebe Dolron of Matapedia, P. Q. The late Mrs. Dolron, who had charge of the Post Office, at Matapedia, for many years, was well and favorably known by all. She was a sister of the late Rev. Father Smith, one of Quebec's most devoted priests. Your correspondent and very many friends will extend sympathy to the family in their sad bereavement.

J. B. Legere and family and J. T. Hebert, Barrister of Campbellton were among the many strangers who patronized the grand entertainment, held in the Convent Hall on Tuesday evening for the benefit of the new R. C. Church to be erected in the near future, in Dalhousie.

Mr. C. H. LaBillico went to Campbellton on Wednesday evening to meet his son Albert C. LaBillico, on his return trip from the Gaspé Coast, and en route to the business sections along the L. N. R.

The rain on Wednesday forenoon put a damper on the holiday as many plans had been made for little picnics,

especially in connection with the public schools in the Shiretown.

Miss Marie Blanchard, arrived home this week from New York, to spend two months vacation in Dalhousie, the guest of her parents Sheriff S. and Mrs. Blanchard.

## 80 IN THE SHADE IN FREDERICTON

Thermometer in Moncton Registers 76; in St. John 68.

With 80 degrees for a maximum shade temperature yesterday, Fredericton won the distinction of being the hottest place in the province of all places heard from. A warm wave was ushered in following the cool and rainy weather of Monday, and the province basked in grateful sunshine and the season's highest temperatures. In all localities the weather was warmer than at any time this year. The heat came suddenly, sending the mercury up from 40 degree marks to 70 and beyond within a comparatively few hours.

In Saint John  
In Saint John the temperature variations reported by D. L. Hutchinson, director of the meteorological observatory, ranged from 68 degrees to 44 degrees. The previous high mark for this season in Saint John was 64 degrees. Sussex had a maximum temperature of 73 degrees and was enjoying summery weather.

Other Centres.  
Reports from principal centres all told of similar experiences of a heat wave.

SOME INTERESTING FIGURES ON PUBLIC HEALTH WORK HERE  
(Continued from page 1.)  
ment have been carried along very quietly and remarkably little is known concerning its activities, considering interest is taken in the work. For this much credit is due the Red Cross Society of this town. The organization is certainly increasing. Public Health work is merely in its infancy and with the splendid record it has established there is no doubt that the organization and also the town, realizing its vital importance in the community, will continue to lead more liberal support in the future.
