POPULATION LOSS IS RECORDED A SERIOUS SLUMP IN WARD TWO

Figures of Assessment Commissioner Grant Show That There Is No Chance of the City's Population Reaching 50,000 This Year—Assessment Increases Are Shown, However.

The population of Ward 2 is 219 less than a year ago. This ward takes in all the city north of Dundas and west of Wellington, including West London. The assessment has been completed by Assessment Commissioner Grant and his associates, and the figures show that at the present time there are 9,233 people residing in the ward when last year there were 9,512. The total gain in population for the three wards, 2, 3 and 4, completed to date is but 27. Wards 3 and 4 showed a gain of 246, but this has been practically wiped out by the slump in ward 2.

A Big Loss.

The greatest reduction occurred in the downtown or business section, West London and north of St. James street showed a good gain, but from St. James to Dundas street, there was a big loss. This is the boarding-house district, and the loss is caused largely by the young men going away or establishing homes in the suburbs of the city, as has been very frequently the case.

Ward 1.

The assessment of ward 1 has not been made ready yet, but the statistics will not be much different from

GREAT CONFLAGRATION AT MIDDLETOWN N. Y.

Thirty-Six Buildings Destroyed at a Loss of a Million Dollars.

Middletown, N. Y., Aug. 11.—A loss estimated at \$1,000,000 was caused by the fire which swept 36 buildings from the main street of the summer resort town of Middletown, N. Y., last night. The buildings burned included hotels, stores and residences. The fire was under control this morning, after dynamite was used.

HUMAN VULTURES AT HANLAN'S ISLAND

Men and Boys Fight for Souvenirs From the Body of Burned Woman.

(Special to The Advertiser.) Toronto, Aug. 11.—One of the most shocking things ever seen in Toronto was witnessed by scores of people yesterday after the fire at Hanlan's Point had burned itself out.

POLICE FIRE ON DOCK STRIKERS

Fort William, Ont., Aug. 10.—Bullets flew through the air today as a result of the dock strike.

A RECORD RUN.

Vancouver, B. C., Aug. 11.—All records were broken in the salmon catch on the coast today, when the Fraser River fishermen, gill netters and purse seiners of Puget Sound were forced to abandon work because they could not dispose of their catch.

CIRCUS CLOWN WAS BADLY INJURED

Sam Bennett Was Hurt by Fall, While People Applaud Vigorously.

THOUGHT IT GOOD JOKE

Unaware That the Man Who Was Making the Fun at Barnum & Bailey's Was in Great Agony.

Little do spectators know and appreciate the dangers and hard work incident to the life of a circus man.

At the evening performance of Barnum & Bailey's circus yesterday, Sam Bennett, an old-time clown, was seriously injured while doing his "turn" in the ring.

Few of the onlookers were aware of what happened, except those in close proximity to the scene of the accident, and even they did not appreciate the full significance of it at the time.

SCHOOL DAYS AGAIN ON SEPT. 1 REOPENING BEFORE LABOR DAY

Plan Is to Have the Reorganization Effected First Week of the Next Month—All the Public School Buildings Have Been Remodelled.

London schools will open on Wednesday, Sept. 1.

It has been the custom for some years to continue the holidays until the day after Labor Day, but this will not be the case this year, and it was announced today that all schools would open on the first day of the month.

The reasons given are that the extra week is not necessary, and that the youngsters will be ready for serious work by Labor Day. The work of organizing the schools will be completed within the first week.

COOL WAVE APPEARS BAD FOR LEMONADE

But the People Enjoy the Change From Scorching Weather—Warm Enough Here.

The cool wave came just in time for the circus, much to the disappointment of that elastic-tongued individual who vends that convivial-looking beverage, red lemonade.

The highest temperature recorded yesterday was 79 degrees—the second highest in Canada—that was in the shade, however, but now and then the sun would come out to have a look at things, and then things would warm up somewhat till it began to feel like the real thing again.

PLAYED TAG WITH IMAGINARY FAMILY

And Dodged Imaginary Bullets, While En Route to the Police Station.

Walter Colby, a young man employed as a cigarmaker, came to the police station last night, and told such strange tales that he was put in the cells at once, and on appearing before Magistrate Love this morning, was remanded for a week on a charge of insanity.

One of Mr. Colby's delusions is that he is a married man with a very, very large family. He appears to be continually talking to various imaginary boys and girls, and also to his imaginary wife.

CHILDREN ARE WORKING WHO ARE UNDER AGE

Inspector Clark Says He Has Found a Great Number in London.

Factory Inspector Harry Clark stated to The Advertiser this afternoon that during the last few days he has found a great many local firms employing children who are under age, and has had to warn the firms to discontinue them.

ACCIDENTALLY SHOT MAY NOT RECOVER

Elma Township Farmer Injured by Discharge of Gun in Boy's Hand.

[Special to The Advertiser.] Stratford, Ont., Aug. 11.—A mysterious shooting affair in Elma Township yesterday has landed a 16-year-old boy named Wm. Young in jail here, pending an investigation.

The work of construction on this school is being rapidly pushed forward, and good progress is being made. It will not be ready by Sept. 1, but the contractors promise that it will be completed by Oct. 1. This is not looked for by the trustees, however, and they will consider themselves fortunate if it is opened by Nov. 1.

A WARM ROAST FOR FOREST CITY

"Plumber and Steamfitter" Says London Is Behind the Times.

Some System of Inspection Should Be Inaugurated—Large Property Owners Are Blamed.

The Plumber and Steamfitter, a trade journal published in Toronto, hands out a warm roast for London. It says: "A master plumbers' association is needed at London, Ont., about as bad as anywhere in Canada—the need being felt by the public generally as well as by the trade itself."

PET COLLIE SAVED LITTLE CHILD FROM DROWNING IN BARREL

Narrow Escape From Death of 14-Months-Old Catharine Brash, of Victoria Street—Dog Brought Assistance in the Nick of Time.

The frantic efforts of her pet collie "Prince" were all that saved 14-months-old Catharine Brash from death by drowning, at her parents' home at the corner of Victoria and Colborne streets last night.

GOVERNMENT REPORT OF CANADA'S CROPS

Ottawa, Aug. 10.—The census and statistics office gives out today its report for the end of July. Field crops and live stock, it says, are not uniformly good, but they denote an the whole very satisfactory conditions for all parts of the Dominion. Timely rains at the end of June and frequent showers throughout July proved to be very helpful, and there are only a few localities where all crops are under an average. Fall wheat has done well in the parts of Ontario where it is chiefly grown, it was cut early and gathered in fine condition. Reports of threehalves already made show averages ranging from 20 to 35 bushels per acre, and the estimated average for the province is 23 1/2 bushels for an area of 581,000 acres in crop. Alberta is the only other province growing a considerable quantity of fall wheat, and there fully one-third of the area sown was killed by the hard winter weather. The 81,000 acres harvested has an estimated yield of 23.40 bushels per acre. It was too early at the end of July to get estimates of spring grain for the Maritime Provinces; but for Quebec, Ontario, Manitoba, Saskatchewan and Alberta of 7,922,200 acres in spring wheat, the estimated yield is 22.07 bushels per acre, which make an aggregate of 159,662,000 bushels. Spring and fall wheat in the five provinces show a total of 175,233,000 bushels, grown on 7,844,300 acres. Last year the area in wheat in the same provinces was 6,610,300 acres, and the estimated yield at the same date 130,253,000 bushels. For Manitoba, Saskatchewan and Alberta the estimated yield this year is 157,464,000 bushels, and last year, at the same time, it was 110,524,000 bushels.

ELEVEN GUESTS MEET DEATH IN A FAR WEST HOTEL FIRE

A Hotel at Vernon, B. C., Wiped Out by a Midnight Blaze Which Traps Sleeping Inmates and Causes Terrible Loss of Life.

Vernon, B. C., Aug. 10.—Last night the Hotel Okanagan, was burned to the ground and eleven lives were sacrificed. Several members of the family of the proprietor are in the hospital here, and the life of one of them is despairing. The fire also consumed the premises occupied by the Royal Bank of Canada, P. Burns & Co., Morris & Co., druggists, and F. Liveridge. The property loss is \$25,000; insurance \$11,500. The dead: Willour Smith, carpenter, James Anderson, a deliveryman for J. W. Clover, Julius Fuerst, bartender, George Jarrett, Wetaskiwin, George McKay, Calgary, George Setgast, A. Hicking, A. Chabreux, a Bohemian, Two unknown.

Fatal Stabbing Affray at Toronto

Toronto, Aug. 10.—Charles Davidson, a lad, is in custody, charged with stabbing his brother, William John, shortly after 1 o'clock today. The lads quarrelled at the table about a razor, and it is alleged that Charles stabbed the brother, who is not expected to live. The Davidsons are young Scotchmen who came to Canada with their parents two years ago, and, according to the neighbors, appeared to be a lovable family. The story of the affair was told by a boarder named Lamont, who says that William had just come in to dinner and had engaged in an argument with Charles as to where a certain razor belonging to William had been. William is said to have alleged that Charles had been keeping it. Angry words were exchanged and father and mother clasped each a son to try and keep them apart. They were unsuccessful, and the stabbing is said to have occurred when the two freed themselves. Charles did not make any endeavor to escape arrest.

1,000 C. P. R. Dockers on Strike

Fort William, Aug. 10.—Without having made formal demands on the company, nearly a thousand freight-handlers in the sheds of the Canadian Pacific Railway walked out at noon on Monday, and the freight movement in Fort William is at a standstill. Packing freight boats are affected even more than is the railway company, for until at least 200 men are procured most of the freight from eastern points will be shipped by rail. Export flour will be forwarded in the same manner. All but about 20 checkers joined the strikers. The truckers demand an increase from 17 1/2c an hour, with one cent bonus, to 22 1/2c an hour for day work, and an increase from 21c an hour to 25c an hour for night and Sunday work. The steamer Glenelagh, with cement, and the Canadian Pacific steamer Assinibola are the only two steamers at the sheds today. The Canadian Pacific boats are leaving light for the east.

Strike Is On at Springhill, Mines

Springhill Mines, N. S., Aug. 10.—The strike is on at Springhill mines in earnest. Only one foreman turned up for work today, the secretary of the labor party. Officials are working at fire doors, pumps, unloading coal, etc. Company apparently expects prolonged strike as they are taking horses out of mines. It is rumored that miners at the Joggins mines are to strike also.

ICE CREAM IS FOOD SAYS ONE MAGISTRATE

And Doesn't See Why It Should Not Be Eaten on the Sabbath.

Toronto, Aug. 10.—"Ice cream is a food," said Magistrate Denison today in the police court, when that questionable delicacy was once more the cause of a case wherein a man was charged with a breach of the Lord's Day Act in selling it on Sunday. The charge was laid against George Kapalagos, a Greek storekeeper. "I don't see why people cannot eat on Sunday as well as on any other day," added his worship. Mr. L. V. McBrady, who appeared for Kapalagos, wished to have an adjournment pending an appeal which is to come before the courts in September following a conviction in a similar case by Magistrate Kingsford, who decided that ice cream was not a food. "There is little to be gained by our going to all the expense of an appeal when the courts in the other case will serve the same purpose." "I think you are right," said the magistrate, "and will adjourn this and

LONDON, WEDNESDAY, AUG. 11. CRIME IN THE PROVINCE.

An increase of nearly thirteen hundred in the number of persons committed to the jails and lock-ups of Ontario last year, as compared with the preceding twelve months, is certainly not very encouraging to the law-abiding people of the Province; yet that is the story told in the report of the inspector of prisons and charities.

Not only Ministers but every member of Parliament should know the country, and the way for them to know it is to see it. The people of the west will be glad to have them all come and see this part of the country.

The Man From the West

BY EVERETT GREEN,

Author of "The Marriage of Marcella," "Lady Elizabeth and the Juggernaut," etc.

Not that he was seriously alarmed at the moment, it appeared to him that had this Anthony Gaskell been the real heir he would have put in his claim before, since old Lord Cotswold had been three years dead. He also had an idea that his grandfather would have known if his elder son had left issue. The old man never let this subject pass his lips—his son was as dead to him. Yet he was a shrewd old man, and might know more than he had professed to do—that was his own collector's opinion—and, therefore, Cotswold, though slightly uneasy, did not allowed himself at this moment to be seriously alarmed.

Now, with the pleasant sense of returning strength and vigor, after about a week of seclusion, during which all most all movement had been difficult and attended by pain, Cotswold found himself the centre of attraction in a pleasant, lively family circle, and he did not trouble to look for ulterior motives prompting the cordiality of his welcome there.

It was the middle of the month of roses, and the old gardens were ablaze with that queen of flowers, old Miles Acryngton had loved his roses, and their culture had been the hobby of his declining years.

Cotswold stood amazed at the beauty of the formal rose-garden when first he was taken to see it. Mona, tall and dark, and sumptuously clad, walked on one side of him, and Norma, smaller, more gracious, with a great wealth of gesture and epithet in her abundant flow of conversation, upon the other. The boy Bosh—as he insisted upon being called—leaped and ran either ahead or in their wake; whilst the puppy-like pair of small children, who were a good deal more ubiquitous than their elders, followed, some tumbling along in the company of frisking dogs and a wild-faced monkey, which they had teased their father into permitting them to possess.

"Yes, isn't it sweet?" cried Norma. "I simply adore roses. Can't think though, what that old man wanted such a lot for. He couldn't enjoy them. He was a crabbed, selfish old valdunnarian, always thinking himself dying or dead."

Norma stopped short suddenly—quite an unusual thing for her to do when she was once started. This reason seemed to be that just at the moment Mary came round the bend of the rose walk, her basket piled with roses on her arm.

DESIGNED BY MARTHA DEAN.

AN ATTRACTIVE WORK APRON—
NO. 5993.

A large protective work apron is most indispensable to the busy housewife. The one illustrated is somewhat unique in shaping, and quite attractive, as well as practical. The skirt is wide and full, covering the entire dress. The front is fitted into the figure by means of dart tucks, and presents an unusually neat appearance, that will be appreciated by the particular woman. Gingham and percale are the most serviceable materials to use in the making of these aprons, but linen and cambric are also suggested. The medium size requires 4 1/2 yards of 36-inch material. Sizes, small, medium and large.

The pattern illustrated will be sent to any address on receipt of ten cents in stamps or silver.

PATTERN DEPARTMENT OF THE ADVERTISER.

Please send above-mentioned pattern, as per directions given below, to:

THE ALPINE CLUB CLIMBING ROCKIES

Several Ontario People Are Amongst Those Going Up This Year.

Calgary, Aug. 10. — Mr. John Kay, Mr. John Watt, and Mr. F. M. Nicholson, of Toronto, are climbing the Rockies with the Alpine Club. The meet opened officially on Aug. 2nd, and climbing continued for a week, preference on the ropes being given to the large number of graduating members, that all might qualify for active membership in the club. Fully 250 persons were under canvas during the week. Besides Mr. 21, P. Bridge and Mr. Olinde Theobald, B. S. M., Royal Military College, who are experienced mountaineers, there are six Swiss and Austrian guides in attendance. Mr. A. L. Mumm, one of the most successful climbers in the Himalayas, brought his own guide, Martin Immen, and placed him at the disposal of the club. Other distinguished English climbers who are guests of the club are: Prof. Harold Dixon, wife and daughter; Mrs. Spence; Mr. and Mrs. G. A. Solby, who have climbed in the Caucasus; Miss MacLay; Mr. Geoffrey Hastings, who was with the Mount Everest party, when he lost his life on Nanga Parbat; Dr. and Mrs. Benson; Mr. L. S. Amery, of the London Times; Mr. Tempest Anderson, and Mr. Pilkington. Six of these have joined the Alpine Club of Canada as life members, and three as active members. Mr. Spence qualified for active membership on Mount Odegar, which, with Mount Huber, make what is called in camp phrase, official mountains. That is to say, graduating members qualify on these two mountains. Several parties attended by guides ascend Odegar and Huber every day, and other parties go out on the various climbs to higher lakes and passes, or ascend Mount Riddle, Mount Yukness, Mount Shaffer, Wixaxy Peaks, or any high mountain they prefer. The camp covers some 25 acres on a lovely open meadow 200 yards from Lake O'Hara. Fully a dozen noble glacier mountains stand about and above, and a green forest below the glaciers encircle the meadow. The climbing has been of an unexcelled quality.

The annual meeting was held on Aug. 4th. There are some 500 members. Amazing progress has been made, and Canadian mountaineering is on a sound basis. The chief feature of the year's activities has been the erection of a handsome and comfortable clubhouse on Sulphur Mountain. Banff, and the Alpine Club of Canada now has achieved what the late Dr. Robertson, of Home Mission fame, was wont to call "visibility." The clubhouse on its commanding site on Sulphur Mountain is the most picturesque and splendid building in Banff. The English visitors spent some days there, and were charmed with the appointments. The Alberta Legislature contributes \$1,000 towards the expenses of the camp, and the British Columbia Legislature \$500. The department of the Interior in the Federal Government, this year, when it was most needed, withdrew their usual generous contribution to this summer school of Canadian mountaineering. This withdrawal, at a time when the British Alpsists are coming to us, aroused public opinion, and many thoughtful of the ethical and commercial value of the Canadian Alps. The Alpine Club of Canada is not a social club. It is democratic and national, and its aims, as set forth in its constitution, bear upon the well-being of the nation. Other results more important still cannot be expressed in terms of a constitution.

HE ENJOYS HIS MEALS NOW
For He Keeps a "Little Digester" Handy.
Mr. Glasco, of Toronto, wrote us on May 13 last that he had cured his indigestion by using the "Little Digester" of the Coleman Medicine Company, 509 Church Street, Toronto.

Dear Sirs,—I wish you would send me another box of your "Little Digesters." All the members of my family have been using them and have obtained the most gratifying results. I congratulate you on your success in putting up a tablet for the cure of indigestion. I suffered for years and tried everything that was recommended to me. Nothing gave me relief, until I was persuaded to try "Little Digesters." Now I never suffer from indigestion. I enjoy my meals and am not afraid to eat, because I know "Little Digester" after each meal will digest my food.

I recommend them to all my friends who suffer from indigestion and would rather say that you may publish the above if you wish. I know there are thousands of people suffering from indigestion who will be glad to know there is a safe and sure cure for them. Yours very truly,

(Signed) E. S. GLASCO,

HARRY THAW IS OUT WITH NEW STATEMENT

Declares He Is Sane on Evidence of His Witnesses, Opposition's Being Worthless.

White Plains, N. Y., Aug. 10.—Re-asserting his sanity, Harry K. Thaw today issues a statement reviewing the evidence given in his recent hearing on his application for release from the Matteawan Asylum. In the course of his argument to sustain his contention that he is sane, Thaw said that, according to his assistants, District Attorney Jerome had proven him to be sane "forty-five times over," in his long questioning. Thaw's statement, in part, follows:

"Mr. Jerome's witnesses were an unprofessional lawyer and an unfortunate woman, who contradicted each other also three of his peculiar alienists and Dr. Baker, who, from his testimony, might have been on either side, except that he showed some unfriendliness to us."

"The best experts have informed me that if any insane man was questioned for twenty minutes as Jerome questioned me he would assuredly show his insanity. As Jerome kept this up over fifteen hours in all during the trial, he proved me sane forty-five times over."

"However, I might have failed as another sane man might have, so I don't consider my testimony one-tenth so important as the twenty alienists who personally examined me, and in the records have sworn I am sane."

VILLAGERS ASK QUEEN TO STOP MOTORING
Dust Spoils Houses and Noise Disturbs Sleep, Says Petition.

London, Aug. 10.—One of the strangest protests against the abuses of automobilism has taken the form of a petition to the Queen, which is being signed by women who love English village life. The petition urges her majesty to use her influence to mitigate the evils. It reads:

"Women of England humbly beseech your majesty to help us get some relief from motor cars. We are sure your majesty cannot know how much we suffer. They have made our lives a danger; our things are ruined by dust; we cannot open the windows; our rest is spoiled by noise all night. If your majesty could be made to go slow through the villages it would be a great thing, but we are only poor people, and the great majority of those who use motor cars take no account of us."

The Queen is not friendly to automobiles, and rarely rides in them. She caused Hyde Park to be closed against automobiles unless they are electric. The magistrates of England relentlessly fine and imprison chauffeurs violating the speed ordinance, and injuring pedestrians. "Joy riding" has been effectively suppressed here.

PLANS FOR MAUD ADAMS
Actress May Appear in European Cities as "Joan of Arc."

London, Aug. 10.—Maude Adams, who flitted to her cottage near Dublin, Ireland, almost immediately after her arrival in London, may appear in Paris and in Berlin, says Charles Frohman, in open-air representations of "Joannes d'Arc" like that given in the stadium at Harvard University. No definite arrangements, however, regarding this matter have yet been formed.

CONVICTS HAVE MINE
Guards Can't Discover Where Prisoners Find Gold Nuggets.

Paris, Aug. 10.—Convicts in French Guiana seem to be in luck. They are reported to be working a gold mine on their own account. Their wardens have apparently so far failed to discover where they have successfully pegged their claim. The convicts, in turn, escape from the settlement by two or three and remain in hiding for a day or two. They then return with their pockets full of nuggets, and have a great time.

Others get away in their turn, but come back eventually also with gold. The mine is thus kept regularly working by shifts of convicts. The latter, when they return to the settlement, are regularly sentenced to a few days' leave, but this is a low price to pay for a share in a gold mine. Where the latter is the authorities have never yet been able to discover.

A LUDICROUS ACT.

Washington, Aug. 10.—The action of Customs Collector Daniels at Ogdenburg, N. Ottawa, Aug. 10.—The body of Ralph Slattery, jun., of Ottawa, drowned at Annapolis last Friday, was discovered floating in the river there this morning.

STICK TO IT.

It is about as well to advise people to stick to coffee until they get hit hard enough, so that they will never forget their experience, although it is rather unpleasant to have to look back to a hard dozen years of indulgence, money and opportunity thrown away, which is really the terrible price paid for the weakest kind of a "mess of pottage."

UNTIL COFFEE HITS YOU HARD.

I was a coffee slave and stuck to it like a toper to his cups, notwithstanding I had headaches every day, and frequently severe attacks of sick headaches, then I used more coffee to relieve the headaches, and this was well enough until the coffee effect wore off, then I would have sick spells.

NO SIGNS OF PEACE.

Pittsburg, Pa., Aug. 10.—Hopes of a settlement of the trouble existing for the past month between the Pressed Steel Car Company of McKees Rocks and about 6,000 striking employees diminished today, when Samuel Welsh, an agent of the company, called at the strikers' headquarters to inform them that the new general manager of the company, James Rider, would not listen to the demands of the men as a body, but would take up individual cases.

TEAM RAN AWAY Serious Accident to Mr. Jackson, of Comber, Ont.

Comber, Aug. 10.—A team attached to a binder driven by Thomas Jackson on the farm of J. A. Buchanan ran away this afternoon, and Mr. Jackson was seriously injured. Both village doctors were summoned and are giving the injured man every attention.

A BLACK HAND CHIEF Sent to a Connecticut Prison for Twenty-eight Years.

New Haven, Conn., Aug. 10.—Calling him the most dangerous criminal he had ever come in contact with, Judge William H. Williams sentenced Vincenzo Sabatassae to 28 years in prison, and all of Sabatassae's lieutenants and members of his Black Hand gang were given from three to 25 years.

Sabatassae was the leader of the gang which has terrorized Connecticut for the past five years. In the spring of 1907 Sabatassae was released from Sing Sing, where he spent five years for burglary, and came immediately to New Haven to reorganize the Black Hand work here. He had been convicted of murder in Italy, but had escaped.

Through the trial a handsome Italian woman, Annie Taddeo, came daily to see Sabatassae, and the best lawyers procurable appeared for him and the other members of the gang. There was apparently no lack of money for the defense. When Sabatassae was sentenced the courtroom broke down, but he bore it stolidly.

His connection with the many Black Hand cases was discovered through the dream of Etta Coccolvi, the widow of an Italian who had kept a "fence" at an old farm in the town of Orange. After his death the Italians continued to come there and leave bundles which she never opened.

One night she had a dream that Frank Guido, a member of the gang, with four others, bound and robbed an Italian who asked Guido the next day about it, and he confessed to her. In great fear she told the police and they procured the evidence which convicted Sabatassae and all his gang.

MRS. CASTLE BAILED.

New York, Aug. 10.—The charge of felonious assault preferred against Mary Scott Castle, of California, for shooting and slightly wounding William B. Craig, a New York lawyer, a week ago, will be pressed even if Mr. Craig should agree to withdraw his complaint. Magistrate Butts, before whom Mrs. Castle was arraigned today and held in \$3,000 bail, declared that there was no warrant for the circulation of rumors that the case would be settled out of court, that Mr. Craig has shown no disposition to settle it and that he is perfectly entitled to go to court and have his day.

FLEW OVER ALPS.

Chamonix, France, Aug. 10.—The balloon Sirius has succeeded in flying over the Alps. The ship left here yesterday afternoon under the pilotage of M. Spelterine, who had with him three passengers. Fears were entertained for the safety of the voyagers, but they have been dispelled by the receipt of a report that they have landed safely at a point near Locarno, at an altitude of 5,400 feet. The four men, however, still have a dangerous path to cover on foot from the place where they landed into Locarno.

CASTRO WAS MULCTED OF FIVE MILLIONS

His Fortune in Venezuela Was Taken From Him by Unique Method.

Caracas, Venezuela, Aug. 11.—The much-heralded appeal for Cipriano Castro to the Venezuelan congress which, after being read in joint session, was referred by Castro's friends in that body to a special committee for report, has died a natural death. This was the last spasmodic effort of the friends of the deposed president to awaken some sentiment for the fallen idol has failed and the appeal in Santander has not even had the satisfaction of having his words reproduced in the Venezuelan newspapers as must have been his wish.

SPANISH SWINDLERS' SECURE AMERICAN DUPES

Madrid, Aug. 10.—The Spanish swindling agencies, which have fleeced the unwary in all parts of the world for many years with stories of buried treasures, legacies, etc., continue to find victims in the United States. The latest is Morgan N. Jones, of Aberdeen, S. D., who will learn through this dispatch that the \$1,300 draft on the Credit Lyonnais he sent fortunately to his home and with \$5,000 and less these were paid immediately by the Government without confiscating the money. So Jones, of Aberdeen, got together the cash and mailed the draft.

THE ROPE BROKE.

Port Hope, Ont., Aug. 10.—Thomas Sidesy sustained serious injuries this morning by falling from a ladder suspended in front of the Millward block on John street. The breaking of the rope holding the ladder was the cause of the accident. Sidesy received a double fracture of one arm, a deep cut across one eye, and there is evidence of severe internal injuries. Will Pirie, an accident investigator, was appointed. Sidesy saved himself by grabbing a rope and sliding down. Sidesy's recovery is very doubtful.

If You Have Blood Poison

LACK OF MANHOOD, VARICOCELE OR URINARY DISORDERS

Let us help you. Let us do for you what we have done for thousands of others in your condition. Let us demonstrate by proofs in our office that when we say we can cure you of any ailment in our special line, QUICKER AND SAFER than the average specialist, that the statements are borne out by indisputable facts. You should not go through the short space of time allotted to man with a yoke upon you, in the form of some private disease, making you a "walking sick man." It is your duty to get all out of life there is in it, and your privilege to make it a man among men.

DR. RHODES CO. DETROIT, MICH.

Gentlemen,—When I started treatment with you the 10th day of February last, I was nothing more than a living skeleton. I was troubled with Kidney Troubles and Ulcers, caused from Blood Poison, coming after fifteen years, and I had been doctoring with four other doctors for the last five years. The last doctor I took treatment with gave me up—he said there was no help for me, but a friend of mine came to see me one day and urged me to go and see the DR. RHODES CO. I was then so weak that I could hardly walk four blocks to take the car, as I only weighed 125 pounds. After taking TWO MONTHS' treatment with you I gained 20 pounds—and now I weigh 195 pounds, the most I ever weighed in my life before, and I feel as good as I ever did, and am working every day. I want to thank you for what you have done for me—JUST AS YOU CLAIMED YOU WOULD.

Young Men, Middle Aged Men & Old Men

If you got up in the morning feeling as though you had had no rest, languid and listless, gloomy and despondent, debilitated, run down; if your blood is impoverished from the effects of contracted blood poison; if you are lacking in manhood, strength and vitality and not the man you should be; come to our office and let us examine you and talk over your case. This will cost you nothing, and we will advise you as an honest man should advise another. If we can do us good we will promptly and fairly tell you so. We will convince you by proofs in our office that we are the most successful specialists in the treatment of men's diseases in this city or in the west, and have the largest practice in public diseases. We will handle your case on any plan, cash payments or when cured, which ever best suits your convenience. If you cannot call at our office write us in strict confidence. No business address, send us envelopes or packages.

POISONED BY FISH

Mr. J. R. Heritage, of the Sarnia Road, is Seriously Ill.

Mr. J. B. Heritage, of the Sarnia gravel road, London Township, is very ill at his home as a result of having eaten canned mackerel on Monday. For a time it was feared that he would not recover, but the attending physician now believes that he is out of danger and will be around again shortly. Miss Blanche Heritage, a daughter, Miss Nina Crittie, of 601 King Street, who was visiting the Heritages, were also affected, but not so seriously. It is believed that the poisoning was due to the fact that the fish was not taken out of the can but was left standing in it for some time before being used.

UNGLAUB SAYS CAN START SENSATION

Infelder Makes Some Hot Charges Following His Suspension.

Washington, Aug. 10.—Bob Unglaub is under suspension. He has also been fined \$25, and the Washington club has been ordered not to pay the fine nor to pay the player his salary during his term of suspension, which is indefinite.

All this because Unglaub said some things to Umpire Kerin, when the latter called a strike on him in Thursday's game with Cleveland.

Unglaub is not taking kindly to his enforced idleness, nor the fine. He charges that Ben Johnson is discriminating against the Washington club. He points out the fact that Schaefer, of the Detroit team, hurled vile abuse at Umpire Egan during the Tigers' last trip here, and that the umpire made a report of the occurrence, but Schaefer was not suspended or punished. Unglaub claims that his offense was nothing compared to Schaefer's, but points to the fact that Schaefer is on a winning team, while he is on a loser.

And Unglaub goes still further. He makes charges against Ben Johnson and August Herrmann, of the National commission, which, he says, he will push. Unglaub has a small trunk filled with correspondence dated during the period that he was with the Williamsport Club, or the Tri-State League, when an outlaw organization. The correspondence is mostly from Herrmann and Johnson, and, according to Unglaub, would place these two

A DAY OF OUTINGS FOR CHATHAM FOLK

Civic Holiday Is Marked by Sabbath-Like Quietude—Fined \$200.

[Special to The Advertiser.]

Chatham, Aug. 10.—Yesterday was Chatham's civic holiday. The city was pervaded by a veritable Sunday peace, large crowds taking advantage of the various excursions to see what other less favored parts of the world were like. The Salvation Army took nine hundred people via the C. W. and L. E. electric line to Erie Beach; the annual Sons of Scotland excursion to Niagara Falls was well patronized, while the Victoria Avenue Epworth League took a big crowd to Detroit.

A happy crowd of boys returned to the city yesterday from Erie Beach, where they have been spending a week tenting, under the care of Rev. W. A. Gunton, executive officer of the Kent Children's Aid Society. This "fresh air" outing owed its inception to Rev. Mr. Gunton, liberally assisted by citizens.

Hungry Travellers.
Following the recent arrest of Mr. Karry, proprietor of the Metropolitan restaurant, for keeping his establishment open on Sunday after the hours prohibited under the new civic bylaw, the place was closed tight on Sunday evening. While a party of hungry travellers who had just arrived from Cleveland, and were sent to the restaurant by the hotel people, realized the existence of the bylaw in rather vivid fashion, being unable to obtain meals on any consideration.

The Henham police have nabbed Joe Westenan, a 60-year-old man, who is supposed to be the third of the three men implicated in the attempted burglary at Merlin on Saturday. One of the men, Hickey, is now in the county jail, having been committed for trial, while the second man is held in the Merlin lock-up on a charge of vagrancy.

Mrs. Shillington and daughter Norma, Queen street, have left for Rouleau, Sask., where they will join Harry and Ben Shillington, who went west some time ago.

A Wedding.
Miss Etta M. Watt, eldest daughter of Mr. and Mrs. John B. Watt, was married this morning to the Rev. Everett Blake Arnold, heating engineer of the Dominion Radiator Company, Toronto, the ceremony taking place very quietly at the bride's home, 44 Grant street. Rev. Mr. Ross, of the First Presbyterian Church, officiated.

A. H. Skirving, claims agent of the Pore Marquette, writes from Denver, Col., whither he went some time ago to the bedside of his son, Dick Skirving. Madame Skirving arrived just in time to be with her son during his last moments. Dick, who was a veteran of the South African war, was buried at the West Hill cemetery, Denver, beside an aunt, who had nursed him when he was a baby in Yorkshire, England. It being a strange coincidence that these two, who had both wandered so far, should, after so many years, find the same resting-place. Mr. and Mrs. Skirving leave on their return trip to Chatham tomorrow, arriving on Friday or Saturday.

Finced Two Hundred Dollars.
Wm. Boyer, proprietor of the Montreal House, was this morning fined \$200 and \$12 50 costs, by Magistrate McDougall, on a charge of selling liquor during prohibited hours. This being Mr. Boyer's third conviction will entail the cancellation of his license.

It will be a relief to the magistrate, on the ground that the conviction was based and that one of the three witnesses had made threats to get even with him as the result of a hotel row.

City Engineer Jones has returned from spending the week-end at the Windsor Old Boys' reunion. He was a native of Sandwich and spent his boyhood in Windsor.

Two men from Toronto, giving their names as Allen Flight and Fred Harlow, were arrested by Constable Carter, of the C. P. R., on a charge of attempting to steal a ride. Magistrate Houston remanded them for a week.

E. Arnold Webster, who recently resigned his position as choir leader of Holy Trinity Church, has been appointed soloist and choir leader of St. Andrew's Presbyterian Church. Mr. Webster has done splendid work since

SOCIETIES EXPLOITED POOR IMMIGRANT

A Serious Charge Made Against Several New York Charitable Institutions.

New York, Aug. 10.—Some of the so-called charitable societies, which purport to furnish assistance to immigrants upon their arrival at Ellis Island, are not all that they should be, according to Commissioner of Immigration William Williams, who today revoked the privileges of two societies and intimated that some action might be expected in other cases unless there was prompt indication of reform.

In a letter to the trustees of the St. Joseph's Home for the Protection of Polish Immigrants, one of the societies barred from having a representative on Ellis Island by today's order, the commissioner said: "My investigations show that yours is merely an institution conducted (and badly conducted) for private gain, at the expense of poor, ignorant immigrants whom your employees lose no opportunity to exploit and maltreat."

It is charged in a letter that immigrants have been flogged in the home with a heavy rubber hose kept for the purpose, that the home forces the recipients of its charity to pay various sums for meals and rooms, that residents of New York City desiring to employ immigrants are charged \$2 for each immigrant taken from the home, and that in many other respects the institution has failed utterly to meet the requirements of the authorities.

Mr. Williams also wrote a letter to the trustees of the Swedish Lutheran Home, which maintains an institution along the waterfront, revoking the right of its representative, Andrew Dahlberg, to appear on Ellis Island. One of the main reasons, it is alleged, is that a number of Swedish girls sent to destinations, the address of which was given by Dahlberg were found to be fictitious. More than two hundred girls are concerned, according to the commissioner.

The exclusion order in Dahlberg's case also includes Sister Hulda, deaconess of the home, who was appointed to the position some time ago by the Lutheran Church in Chicago.

Dahlberg has been discharged from his position, and Commissioner Williams will allow the Swedish home to have another representative on the island, provided their representative meets with his requirements.

HEINZE WAS NIPPED FOR A GREAT SUM

Somebody in Wall Street Touched the Ex-Copper King for Forty Thousand.

New York, Aug. 10.—Donald L. Persch, an ambitious young financier, whose offices constituted merely desk-room in a downtown note broker's office, is in the Tombs tonight in default of \$50,000 bail, and thereby hangs a tale of tangled finance, through which somebody in Wall street nipped P. Augustus Heinz, the one-time copper king, for \$40,000.

Persch is specifically charged with the larceny of \$40,000, a profit banked by the sale of 15,500 shares of Ohio Copper Common and 4,500 shares of Davis-Daly Common, which was placed in an agent for Heinz placed with the Windsor Trust Company of this city, as security for a loan of \$50,000. In some manner, as yet unexplained, the stock was not held by the bank, but was turned over to a clerk acting for Persch and at the latter's orders thrown on the curb market and sold for approximately \$90,000.

How Persch obtained the capital to carry through the deal, and why the stock was relinquished by the trust company are points yet to be cleared up.

After his arrest this afternoon, Persch intimated that there were men "higher up" in the transaction, but he refused to say more, upon the advice of counsel. He was arraigned late this afternoon before a magistrate, and after unsuccessful efforts of his lawyer to have bail reduced to \$25,000, was committed to the Tombs, although his counsel later procured a writ of habeas corpus returnable tomorrow morning. His examination was set for Friday.

DEATH OF COL. POPE.
Boston, Aug. 10.—Col. Albert A. Pope, the pioneer bicycle manufacturer, of the United States and well known as one of the first advocates of the existing good roads system, died at his summer home in Cohasset late today. Col. Pope had been in ill-health for months, due to the breaking down of his nervous system, which followed the financial embarrassment of his bicycle company, the largest concern of the country, at Hartford, Conn.

AN ABSURD STORY.

Montreal, Aug. 10.—Canadian Pacific officials give no credence to the report that the Soo line is planning to secure control of the Chicago, Milwaukee and Cary road and others to give an outlet on the Gulf of Mexico to Canadian wheat from Winnipeg. Several officials described the report as absurd, but Sir Thomas Shaughnessy would not discuss it.

FALL WAS FATAL.

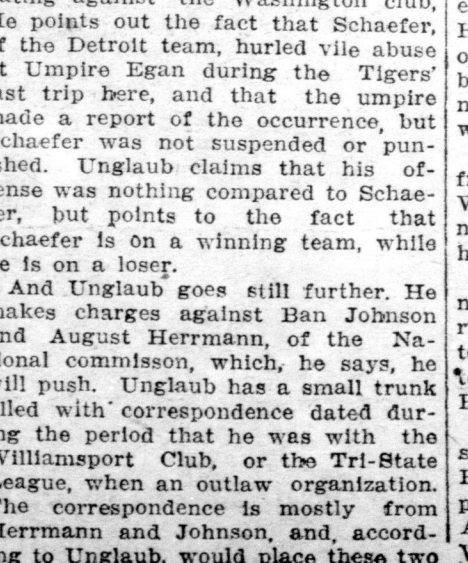

Toronto, Ont., Aug. 10.—Morris Jackson, the young man who was injured yesterday afternoon by falling three stories down an elevator, at the Stewart, Howe & Meek building, at the corner of King and Spadina avenues, died in St. Michael's Hospital at 3 o'clock this morning.

When he was taken to the hospital, after the accident yesterday, it was found that he was suffering from a bad fracture in the centre of his forehead, all his ribs were broken, and some of them had penetrated his lungs. No hopes were held out for the unfortunate young man's recovery, and he did not regain consciousness.

HEINZE WAS NIPPED FOR A GREAT SUM

Somebody in Wall Street Touched the Ex-Copper King for Forty Thousand.

New York, Aug. 10.—Donald L. Persch, an ambitious young financier, whose offices constituted merely desk-room in a downtown note broker's office, is in the Tombs tonight in default of \$50,000 bail, and thereby hangs a tale of tangled finance, through which somebody in Wall street nipped P. Augustus Heinz, the one-time copper king, for \$40,000.

Persch is specifically charged with the larceny of \$40,000, a profit banked by the sale of 15,500 shares of Ohio Copper Common and 4,500 shares of Davis-Daly Common, which was placed in an agent for Heinz placed with the Windsor Trust Company of this city, as security for a loan of \$50,000. In some manner, as yet unexplained, the stock was not held by the bank, but was turned over to a clerk acting for Persch and at the latter's orders thrown on the curb market and sold for approximately \$90,000.

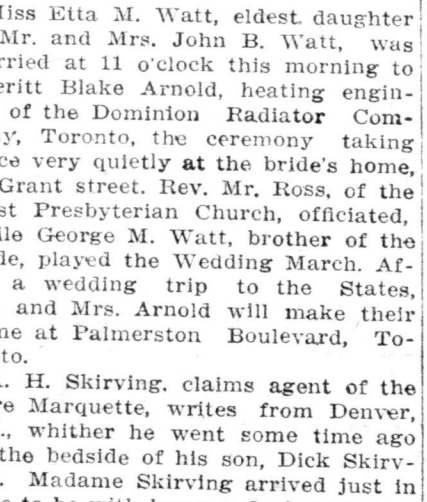

How Persch obtained the capital to carry through the deal, and why the stock was relinquished by the trust company are points yet to be cleared up.

After his arrest this afternoon, Persch intimated that there were men "higher up" in the transaction, but he refused to say more, upon the advice of counsel. He was arraigned late this afternoon before a magistrate, and after unsuccessful efforts of his lawyer to have bail reduced to \$25,000, was committed to the Tombs, although his counsel later procured a writ of habeas corpus returnable tomorrow morning. His examination was set for Friday.

DEATH OF COL. POPE.
Boston, Aug. 10.—Col. Albert A. Pope, the pioneer bicycle manufacturer, of the United States and well known as one of the first advocates of the existing good roads system, died at his summer home in Cohasset late today. Col. Pope had been in ill-health for months, due to the breaking down of his nervous system, which followed the financial embarrassment of his bicycle company, the largest concern of the country, at Hartford, Conn.
