

42ND YEAR. NO. 17552

THE ADVERTISER, LONDON, ONTARIO, WEDNESDAY, JUNE 28, 1905.

PRICE TWO CENTS.

## RUSS CREW KILL OFFICERS AND TURN GUNS ON ODESSA

### Mutiny on Battleship of the Black Sea Fleet—Revolt Spreads to Southern Russia.

Odesa, June 28.—The crew of a battleship in the roads have mutinied and murdered their officers. It is reported that the mutineers are threatening to bombard the town. All work at the port has been stopped.

Washington, June 28.—Thomas Heenan, American consul at Odesa, today cabled the State Department in substance as follows: The Russian warship Kniaz Potonkin and one torpedo boat arrived yesterday evening. All officers murdered at sea and bodies thrown overboard. Men threaten to bombard the town if interfered with. The situation is precarious. The Black Sea fleet is expected today.

## THIS TIME IT WAS MAD CAT

### Feline in North End Reported to Have Had Rabies—Residents Uneasy.

Board of Health circles were somewhat agitated today over a report which reached Chairman English to the effect that a mad cat had been located in the north end of the city. It was at first decided to send Dr. Hutchinson northward to locate the feline, but he insisted on being accompanied by the Sixth Field Battery, and the members of the board were compelled to look to Dr. Tennant to lay hands on the "vampire." Dr. Tennant at once set out to observe the maneuvers of a mad cat, but it is understood that the feline died before he reached the home of its owner. The fact that the cat was mad has caused a very uneasy feeling in the north end of the city, as it is concluded by many people that this cat must have bitten a large number of cats before it died. Consequently, the house cat which now indulges in a fit common as an after effect of over-eating is likely to lose its life, as any household may mistake a fit for a case of hydrophobia, and may slay the feline with a bootjack.

So far this is the only case of rabies, outside of the dog which bit young Langford MacGregor, that has come to the notice of the authorities. Today Mayor Campbell received the following letter from Dr. Wheeler, of the Pasteur Institute, New York:

"I beg to inform you that the dog brought here from London, Ont., by Dr. MacGregor, who is suffering from rabies, died during the night of Thursday, June 22, after manifesting all the symptoms of rabies of the paralytic form."

This amounts to an official notice to the people of the city of London that rabies exists here, and does away with all the talk about the dog simply being sick.

## CHAMBERLAIN IN HIS BAILIWICK

### TALKS "EMPIRE" TO CANADIANS

### Wants Sentiment and Blood Ties Organized and Consolidated.

Birmingham, June 28.—The Canadian Manufacturers' Association had a great reception at Birmingham. Wherever they went the crowds watched them. They were received at the town hall by the mayor, President George, replying to the hearty welcome, complimented Birmingham on having produced the greatest living statesman. Speaking on behalf of the Canadian manufacturers, he declared that they were a unit for Chamberlain's policy. Afterwards the whole party were entertained at luncheon, when Mr. Chamberlain and Jesse Collins were present. Mr. Collins, who presided, said that the whole audience was carried out, they would weld the Empire together.

Mr. Chamberlain received tremendous applause, the whole audience rising and cheering. He said he attached the

St. Petersburg, June 28, 2 a.m.—The wave of disorder rolling over Russia has appeared at Odessa, where a general strike accompanied by bloodshed and disorder has broken out. There were several collisions between the military and the strikers Monday night and yesterday, in two of which volleys were fired by the troops. No report of the extent of the casualties has been received, the official statement dealing only with the initial encounter Monday night, declaring that two persons were killed therein.

There was another encounter yesterday afternoon and a number of attacks were made on individual policemen. A press dispatch received last night said that 400 armed workmen barricaded a suburb and repulsed the attack of a company of Cossacks. Reinforcements of three companies of Cossacks were sent to the suburb, but the result of the attack on the strikers is not yet known.

Elizabethabad, Government of Kherson, Russia, June 28.—On account of the threatening nature of the agrarian movement in the adjoining districts, the Governor of Kherson, M. Levaschew, has arrived here and Cossacks have been summoned. Many landlords are fleeing from their estates into the city.

## CARS COLLIDE AT GUELPH CITY

### Nine Injured in Crash Between Trolley and Freight Train.

Guelph, June 28.—Today about noon a trailer belonging to the street railway loaded with excursionists to the Ontario Agricultural College started down grade towards the C. P. R. track and ran into a freight car smashing the trailer and the car and injuring some eight or nine people. Four of these have gone to the hospital. None are dangerously hurt, although some have broken ribs and other cuts and bruises.

## DRIVER'S NARROW ESCAPE

### Thrown From Wagon and Rendered Unconscious for Some Time.

John Gale, a driver of an asylum team, had a lively experience in a runaway today on King street. His horse was thrown from the wagon and he was rendered unconscious for a time and the wagon was badly smashed. Gale drove the team into the yard of Fraser's blacksmith shop, which is situated across the road from the central fire station on King street. He intended to have the horses shod, but as a number of teams were waiting he concluded to call again, and attempted to leave the yard. In turning the corner one of the front wheels locked against the box of the wagon and the team bolted. At the next corner they struck a pile of lumber, tearing off the front wheel and upsetting the wagon. Gale was thrown out, and the horses finding themselves free of the reins, speedily broke the neckyoke and wheelers and galloped across the road, heading for the open doors of the fire station. Station Foreman Case and Engineer Allen heard the rumpus and rushed out in time to catch the animals.

Gale was picked up unconscious, but he soon recovered, and in a short time he secured another wagon and took the horses home. Neither was injured in the runaway.

## Montreal Canoeist Drowned.

Montreal, Quebec, June 28.—The canoe which was occupied by two young men named Walter and Blanchard, who are missing, and are believed to have been drowned, has been found on the shore of the St. Lawrence river, near the mouth of the Saguenay. The bodies of the men were found in it. This strengthens the belief that both men have lost their lives.

## Ada Rehan Ill.

New York, June 28.—Private cables received here yesterday by friends of Miss Ada Rehan announced that the actress who recently left New York for England, is lying dangerously ill in London, says the Herald. Miss Rehan, said the cables, had been stricken with appendicitis. She is visiting Lady Barrington at her home.

## MUST MUZZLE DOGS

### Big Batch of Summonses Against Citizens Who Have Failed to Do So.

A number of bylaw violations were heard this morning at the police court. Maurice Baldwin was charged with building a barn without a permit and he was charged with maintaining a nuisance. He was bailed in the sum of \$200 for a month, and in case he makes alterations he will be liable to \$500. A soldier was intoxicated, and the police charged him with being drunk. A drunk who came out from the old country a short time ago and who wore the South African bar ribbon, was discharged, as it was his first offence. Another drunk was also let go. A big bunch of summonses have been issued to citizens who did not muzzle their dogs.

## DISASTER ON LAKE COMO

### Thirty Children Drowned in an Excursion on Swiss Waters.

Milan, June 27.—Thirty children were drowned yesterday in an excursion upon Lake Como.

## PERFIDIOUS ALBION

### Russ Press Blames Her for Franco-German Crisis.

St. Petersburg, June 28.—At Great Britain's door the Novoye Vremya lays much of the responsibility for the Franco-German crisis, saying she is pursuing her traditional policy of encouraging a conflict between her competitors in order to profit thereby. "Great Britain," the paper adds, "pushed France into the Moroccan adventure sustaining M. Delcasse, the former foreign minister, in his resistance to Germany's claims. For decades Great Britain's hostility has been directed against Russia, at last succeeding in having another country accomplish a task from which she herself shrank. With Russia no longer dangerous for the present, all Great Britain's main efforts are directed against Germany, now her chief competitor in Europe."

The Novoye Vremya, however, believes that with Premier Rouvier in charge of the negotiations with France, Great Britain's plans will be defeated, and the Moroccan affair will be satisfactorily adjusted.

## A BOGUS PROPOSITION

### Newspaper Advertising Man Swindles Thousands of American Women.

Port Huron, Mich., June 28.—George F. Kinneer, a newspaper advertising man of Washington, D. C., was arrested here yesterday charged with fraudulent use of the mails. Efforts are being made by the postoffice inspectors to connect Kinneer with a scheme by which thousands of dollars were secured from unsuspecting women all over the country in 1902. The women were caught by a bogus proposition to contribute to a fund of \$500 a year to work at the World's Fair at St. Louis, and advertiser by "Mrs. J. H. Kinneer," who was posing as the president of the National League of American Women.

## A PANAMA CANAL ROW

### Engineer Wallace Clashes With Roosevelt—Obligated to Resign.

New York, June 28.—John F. Wallace, chief engineer for the Panama Canal commission, has resigned his position under pressure from President Roosevelt and Secretary of War Taft. This statement was practically confirmed here yesterday by Theodore P. Shonts, chairman of the commission.

The resignation of Mr. Wallace came after several stormy sessions of the canal board and after several conferences between the President, the chief engineer and Mr. Shonts. The disagreement was entirely over the policy to be pursued in the construction of the canal. It was found after Mr. Wallace left for Panama that there was a serious difference between his ideas and those of President Roosevelt and Chairman Shonts, of the commission. The chief engineer was hastily summoned to Washington. It is hinted that Mr. Wallace allowed certain matters to creep into his department which would not look well if the public notice should be given them. There is, however, no slightest breath of suspicion against the honesty of the chief engineer, and it is believed that he is giving the ground solely of his having placed too much confidence in some of his subordinates.

## CHANGES IN MILITIA

### A Number Affecting London District Corps Are Gazetted.

The latest militia orders issued at Ottawa announce the following changes in corps in London district:

Twenty-first Regiment Essex Fusiliers—Capt. E. G. Swift is permitted to resign his commission. Provisional Lieut. W. V. Brown is permitted to retire. To be captain, Lieut. W. H. Isaacs.

Twenty-fifth Regiment—Quartermaster and Honorary Capt. N. S. Porter is permitted to resign his commission. Lieut. G. Clumley is permitted to retire. To be quartermaster with honorary rank of captain, William Francis Ashby is promoted to lieutenant. Lieut. G. Clumley is permitted to resign his commission. Provisional Lieut. R. Hyde is permitted to retire.

Thirtieth Regiment, Wellington Rifles—To be major, Capt. A. Moir, vice D. M. Allan, promoted.

## MUST MUZZLE DOGS

### Big Batch of Summonses Against Citizens Who Have Failed to Do So.

A number of bylaw violations were heard this morning at the police court. Maurice Baldwin was charged with building a barn without a permit and he was charged with maintaining a nuisance. He was bailed in the sum of \$200 for a month, and in case he makes alterations he will be liable to \$500. A soldier was intoxicated, and the police charged him with being drunk. A drunk who came out from the old country a short time ago and who wore the South African bar ribbon, was discharged, as it was his first offence. Another drunk was also let go. A big bunch of summonses have been issued to citizens who did not muzzle their dogs.

## KUROPATKIN DEAD IS WAR REPORT

### Dispatch Says Deposed Commander Died at Front.

## NOGI CUTS OFF 70,000 ENEMY?

### Marshal Oyama Drives Back Russian Center and Right and Is Now Pressing Left.

St. Petersburg, June 28, 2 a.m.—A rumor spread throughout the city last night that Gen. Kuropatkin had been killed. This rumor was connected sometimes with a report that 70,000 Russians had been cut off by Gen. Nogai's army, and that Kuropatkin had been taken prisoner. Nothing confirmatory of these rumors has been received either by the general staff or in press dispatches. The members of the general staff say that no reports of special importance have been received.

St. Petersburg, June 27.—The military experts take anything but a hopeful view of Gen. Linevitch's situation. They do not believe he can be surrounded, but apparently do not consider the possibility of a Russian victory.

According to the latest news from the front, which is thirty-six hours old, Oyama, after forcing back the Russian right and center, transferred his weight against the left, compelling the Russians to give ground there. The military critics, however, agree that the frontal movement is merely a feint for the envelopment of one or both of the Russian wings without any serious change in the shape of a decisive victory is possible. The Russian staff declares Linevitch is keeping in touch with flank movements and that it is not possible to take him by surprise. Occasionally heavy downpours of rain continue at the front.

Gen. Linevitch, in a dispatch dated June 26, reports outpost affairs on June 24, the Russians being driven in both south of the railway and in the valley of the Tsinhe. In the region of Hallungchen the Japanese resumed the offensive June 23, and attacked and drove back the Russian advance squadrons.

## Russia Advises France To Meet Kaiser Halfway

St. Petersburg, June 28.—The Associated Press learns that France is consulting her ally in the negotiations with Germany. Premier Rouvier's note was submitted to Russia before it was transmitted to the Berlin Government, and Foreign Minister Lamourff

## WILL PIUS LEAVE VATICAN?

### Report From Rome Says Pope May Visit Benedictine Abbey.

Rome, June 28.—The Messaggero today says that if the Pope decides to leave the Vatican during the hot weather he is most likely to go to the famous Benedictine Abbey of Monte Cassino, Province of Caserta, Italy, and thus will be the guest of the Rev. Father Boniface Krug, formerly of St. Vincent's Arch-Abbey, Beatty, Pennsylvania, who is abbot of Monte Cassino.

## BAD BLAZE AT LISTOWEL

### Midnight Conflagration Does Considerable Damage to Stock.

Listowel, Ont., June 28.—About 12 o'clock last night fire broke out in the rear of W. T. Johnston's boot and shoe store in the three-story block on the south side of Main street and spread to Walter Bros.' general drygoods. Both stocks being damaged. In addition, Brown's furniture stock was slightly damaged, while the building was considerably damaged. The Johnston stock stored in the London Mutual, Walter Bros. were insured in the Traders' Metropolitan, Anglo-American, Wellington Mutual, Economical, London Mutual and Monarch. The office of Magistrate Terhune and W. E. Bigman, architect, in the second story were badly damaged and the Oddfellows' Hall in the third story slightly damaged.

## SAME OLD CHICAGO

### Desperados Hold Up Crowded House and Make Big Haul of Gems.

Chicago, June 28.—Three armed men held up and robbed a number of persons in a resort kept by Victoria Shaw in Dearborn street early today. There were many persons in the place and the robbers escaped with jewelry and money to the amount of \$5,000. Each of the men carried two revolvers. There were seven men waiting outside, and one of the three attended to them while the other two went inside. Within were fifteen women and ten men. The two robbers went through the place, driving the inmates before them to a room on the second floor, where after robbing them they told the tale. Whether or not the reports are true, a band of hunters have undertaken to lay the striped monster law.

## COMMONS CHEER HYMAN AND SMITH

Ottawa, June 27.—There was a great outburst of enthusiasm at the opening today, when Hon. Mr. Hyman and Mr. George Smith, new members, respectively, for London and North Oxford, were introduced. Sir Wilfrid Laurier and Hon. Wm. Paterson escorted the new members in turn to the chamber.

For once the Opposition were today found to be in harmony with the Government upon a public question, but the fact that unanimity existed did not prevent a flood of talk, which for four hours or more deluged the chamber and drove the greater part of the members to seek the quiet and comfort of the smoking-room and other more attractive and restful places in and around the buildings. A motion by Mr. Armstrong (East Lambton), affirming the abstract principle of the desirability of providing cold storage facilities for Canadian agricultural products of a perishable nature, was accepted by the Government as an amendment to the motion to go into supply, made for the express purpose of enabling the matter to come up.

The weak point in the argument of the mover of the amendment, was Mr. Fisher pointed out, that the contracts for a limited period, under which these facilities were first encouraged and assisted, had expired some time since, and the Government had no control over the steamship companies. He added the information that the facilities afforded had never been fully utilized by Canadian shippers, and that ships from Canadian ports were better equipped in this respect than from any other ports on the continent. Tomorrow the last stage of consideration of the Alberta bill in committee will be entered upon, when the educational clauses will be taken up.

## CHINA HITS BACK AT UNCLE SAM

### American Importers Already Feel the Effects of Celestial Boycott.

San Francisco, June 28.—Edward G. Bellows, until recently consul-general for the United States in Japan, has arrived in San Francisco. He brings renewed confirmation of China having declared upon goods and merchandise coming from the United States, and says they have carried the boycott to such an extent that in many instances importers are having great difficulty in obtaining assistance in the unloading of American products.

"There can be no doubt that there is a determined effort afoot in China, whereby it is hoped to bring pressure to bear upon the United States, through the medium of a boycott," said Mr. Bellows.

Penang, Straits Settlements, June 28.—A large meeting of the leading Chinese merchants here today decided to co-operate with the Chinese of Singapore and Shanghai in boycotting American products, pending the withdrawal of the Chinese exclusion act.

## THE WEATHER.

London, Wednesday, June 28. Sun rises, 4:28 a.m. Moon rises, 2:04 a.m. Sun sets, 8:36 p.m. Moon sets, 4:04 p.m.

Tomorrow—Fine and warmer.

The weather today has been cool throughout the Dominion. Showers have occurred in Quebec, the Maritime Provinces and the Northwest Territories, while in Ontario and Manitoba it has been fine. Minimum and maximum temperatures: Victoria, 52-62; Calgary, 52-68; Edmonton, 48-70; Prince Albert, 50-70; Qu'Appelle, 54-64; Winnipeg, 50-60; Port Arthur, 40-68; Parry Sound, 44-66; Toronto, 50-68; Ottawa, 52-68; Montreal, 50-64; Quebec, 46-59; St. John, 50-54; Halifax, 50-56.

FORECASTS.

Today—Moderate north and west winds; fine.

Thursday—Light variable winds; fine and warmer.

TEMPERATURES.

Stations.	8 a.m.	Min.	Max.	Weather.
Calgary	48	44	62	Cloudy
Edmonton	48	44	62	Cloudy
Parry Sound	42	48	68	Clear
Toronto	64	52	68	Clear
Winnipeg	62	50	60	Fair
Montreal	58	50	68	Fair
Quebec	46	48	60	Cloudy
St. John	50	48	60	Fair
Halifax	50	48	60	Fair

WEATHER NOTES.

The weather is fine from Quebec westward to Winnipeg, and is now likely to clear in the Maritime Provinces. Showers are still prevalent in the Northwest Territories, with a general tendency toward higher temperatures.

## CONSERVATIVES IN CAUCUS DECIDE TO CUT OUT TALK

### Opposition Comes to Its Senses and Will Help Wind Up This Parliament—Auditor-General Again.

[Special to The Advertiser.]  
Ottawa, June 28.—A Conservative caucus was held this morning, when it was decided to do all that the party possibly could to bring the proceedings before Parliament to a close. It is expected that prorogation will be reached about the end of July or the beginning of August.

The auditor-general was again heard today before the public accounts committee in reference to his suggestions that the audit act should be amended in certain directions. He said that he considered his duty ended when he was satisfied that the money voted was expended. In reference to the Davis contract he said that it would not have

been possible in the United States or Great Britain for such a thing to have taken place. He quoted from the British and American decisions affecting the audit act. His idea was to show that in Britain and the United States the auditor has greater powers than in Canada. In the Davis contract more money was to be paid to the contractor without there being any real change in the contract. He said that contracts were frequently changed. He did not object to payment for extras and subsidiary works. He wanted the contractor to get paid for the work, but he did object to changes which meant only giving more money to the contractor.

## TIGER HUNT IN QUEBEC WILDS

### Striped Monster Escapes From Circus and Terrorizes the Countryside.

Montreal, June 28.—A dispatch from Ste. Madeleine says that for several days a ferocious tiger has been terrorizing the inhabitants of the district. It is supposed that the beast escaped from a circus in the city, and one of the three attendants of the circus, in consequence of the whole neighborhood is aroused and alarmed. Several persons claim to have seen the tiger, and one young man asserts that while he was out driving the tiger gave chase from a neighboring thicket, and had not the horse seen it and been frightened he might not have escaped to tell the tale. Whether or not the reports are true, a band of hunters have undertaken to lay the striped monster law.

## FRICION WITH THE MEN

### G. T. R. Reported Having Trouble With the Brotherhood.

Toronto, June 27.—Despite the denial of Grand Trunk officials and even some of the officers of one of the railroad brotherhoods, there appears to be friction between the company and nearly all of their employees. Time alone will tell how serious it is or if it will lead to trouble. It leaked out today that the telegraphers are again uneasy, because no one seems to know what the settlement was. Then the engineers are preparing their requests, and in this particular instance, despite the denial of some of the officers, all is not harmony.

Today about 50 representatives of the Brotherhood of Trainmen assembled at the Grand Trunk station and met Fourth Vice-President McGuigan, Superintendent Brownlee, Blacklock, Tiffin, and the different trainmasters. The men are asking for a new scale of wages and a modification of some of the running rules.

At the close of their first session neither side would state what progress was made. The first rule laid down, however, was that the press was not to receive any information until matters were adjusted.

## WED AT ST. GEORGE'S

### Lord Wimborne's Son and Miss Amy Phipps Married.

London, June 28.—Miss Amy Phipps, eldest daughter of Henry Phipps, of Pittsburg, Pa., was married today in St. George's Church, Hanover Square, to Capt. the Hon. Frederick Guest, of the First Life Guards, son of Lord Wimborne. Among the guests were Ambassador and Mrs. Whitelaw Reid, the staff of the American embassy, and most of the Americans prominent in London society, besides friends of the bride and groom. The bride being Princess Christian and the daughters of Princess Henry of Battenburg. The Archbishop of London, Wilfrid, Mr. Donald Sinclair, and the rector of St. George's Church officiated.

## De Rosen Sails.

Paris, June 28.—Baron and Baroness Rosen sailed today from Cherbourg for New York on the steamer Kaiser Wilhelm II.

## Sailed Against the Wind.

Toledo, June 28.—A Roy Knabenshue made a trip yesterday in the new airship which he has just completed and on which he has been working for five weeks. Yesterday afternoon he started on a trip over the city and sailed the airship for 45 minutes, going with and against the wind. The trip was a successful one.

## A Wiser Than Solomon Was This Magistrate

New York, June 28.—Solomon, with all his wisdom, could not hold a candle to Magistrate Higginbotham as an administrator of justice.

George Lindsey, of No. 125 Dresden street, Brooklyn, who before the magistrate yesterday charged by his wife with having abandoned her and their baby.

"I sentence you to spend one day a week with your wife and baby, either in Prospect Park or at Coney Island," Magistrate Higginbotham said.

"Accompany your wife and watch the baby play. Don't speak to each other. All you have to do is watch the baby play."

"Yes, sir," Lindsey said, fumbling his hat.

## LONYAY OFFERED NORWAY'S THRONE

### Son-in-Law of the King of Belgium May Succeed Oscar.

Paris, June 27.—The following telegram has been received by the European edition of the New York Herald:

"The crown of Norway has been offered to Count Lonyay, son-in-law of the King of the Belgians."

The telegram is signed "Baron L. Lilenkron, Frankfurterhof, Frankfurt on the Main."

Mr. Lilenkron doesn't give any information as to who offered the crown to Count Lonyay, or whether he would accept the crown even if it were offered to him.

## WOODMEN OF THE WORLD

### Meeting of the Executive at Peterboro—Show Rapid Increase.

Peterboro, June 28.—The semi-annual session of the executive of the Woodmen of the World opened here yesterday, with these members present: C. C. Hodgins, M. P. P. head council commander; Lucan; W. C. Fitzgerald, head clerk; London; J. B. Hoover, chairman board of managers, mayor of Clinton; J. H. Saunders, head of the Woodmen of the World; Dr. Willey, head sentinel; Dresden; C. Cinnamon, head adviser; Lindsay; J. A. Pamplin, head manager; Toronto; and R. H. Blackmore, head secretary, St. Thomas.

The semi-annual statement presented showed up to date 860 new members have been added, and an increase of 100 over 1904; there have been 26 death claims, amounting to \$23,500, or \$5,000 less than for the same period last year. There are now 400 lodges in the order, thirteen new camps have been organized and four disbanded. The receipts of the expense fund have exceeded disbursements by \$327, and it was decided that the next annual meeting of the head camp will be held at Guelph on the third Wednesday in March next. The session closed here for Hudson Bay, and the local Woodmen will entertain the visitors to a steamer trip up the lift lock and through Stony Lake.

## Mrs. Hubbard's Expedition.

St. Johns, Nfld., June 28.—The rival Labrador exploring expeditions of Dillon, Wallace and Mrs. Leonidas Hubbard arrived at Rigolet, Hamilton Inlet, last Wednesday, intending to proceed to North West River, and thence inland the next day. The sailing steamer Neptune sails today for Halifax, where she will embark the Canadian expedition for Hudson Bay.

## Forest Fires in the Yukon.

Seattle, Wash., June 28.—Forest fires along the Yukon River between the mouth of the Tanana River and Eagle City have cut off a communication with Nome and St. Michaels and for the past four days the local cable office has been unable to establish any communication with those points on Bering Sea. Fire is also raging on Prince of Wales Island and many of the residents have fled to Southeast Alaska.

## Quiet at Lodz.

Warsaw, June 28.—The conditions at Lodz are unchanged excepting that most of the workmen have returned to work. Out of 60,000 strikers about 7,000 from twenty-two factories remain out. Martial law still prevails, the streets are constantly patrolled and the liquor shops are all closed. The universal condemnation of the strike movement at Lodz has had the effect of quieting the situation and it is expected that the remaining strikers will soon resume work.

## A Wiser Than Solomon Was This Magistrate

"And Lindsey, you are further sentenced to kiss your wife once each day," continued the magistrate. "You might also take her a bunch of flowers once a week, so that she will have something pleasant to look at. You are also to pay her \$6 a week for four weeks. This sentence must be carried out. If it is not you will be in contempt of court, and I shall punish you."

"Yes, your wife and I are to come back here one month from today and let me know how the court's sentence is being carried out."

In addition to the sentence Magistrate Higginbotham specified that all mothers-in-law were to stay away from the Lindsey home.

## Teach the rising generation to discriminate between Sunlight Soap

and others that just look like it but lack its purity and cleansing power. It will save them the worry of experiment and the expense of injured clothes. Sunlight Soap washes equally well with hard or soft water. Your money back for any cause of complaint.

Lever Brothers Limited, Toronto

1120

A dainty line of Bread and Butter Plates, Price 5c each.

You can open an account on Monday, July 3, 1905, by depositing \$1 or more and you can add to it as you wish.

PEOPLES B. & LOAN ASS'N., 428 Richmond St., London, Ont.

### THIS LION WAS DANGEROUS

Escaped From Cage, Attacked Two Boys and Caused a Panic.

Cork, June 27.—The escape of a lioness caused great excitement at a performance in Queenstown last night at Hanneford's circus.

The circus was crowded to its fullest extent, when one of the keepers, in full view of the audience, opened the door of the animal's cage preparatory to entering.

With a sudden bound the lioness leaped through the door and escaped, amid the cries and shrieks of the terrified spectators, the majority of whom were children.

The beast jumped into the middle of the ring and knocked down a boy, named White, tearing most of the skin from his face with her claws. Then she attacked another boy and wrenched off part of his clothing.

The lioness, pursued by the keepers, made another dash, and succeeded in getting out of the enclosure into an adjoining field. Eventually she was lassoed, numerous attendants and a large dog assisting in the capture.

The panic caused by the animal's escape resulted in the inevitable rush

for the exits, and many persons were trampled upon. Nobody, however, was seriously injured.

### THE TEMPORAL POWER

Report From Rome Says the Vatican May Renounce It.

Rome, June 27.—The Vatican has indirectly asked whether the Government is inclined to pay the arrears of the subsidy offered by the guarantee laws to the Pope, and refused by Pius IX. and Leo XIII. The Vatican hints at the possibility that it will renounce its claims to temporal dominion in case of a favorable answer from the Government. A favorable answer is improbable, owing to the large amount of the arrears and the expected opposition of Parliament.

The guarantee laws referred to were passed by the Italian Parliament on May 13, 1871. They offered the Pope full personal liberty and honors, and an annual revenue from the Italian Government of 3,225,000 lire (\$644,000). Pope Pius IX. in an allocation delivered on May 15, 1871, rejected the offer.

A lone widow who is young, handsome and rich seldom gets lonesome.

## Grandfather's Cure for Constipation.

But, if you will take your Exercise in an Easy Chair, there's only one way to do that, and make a Success of it.

Because, —there's only one kind of Artificial Exercise for the Bowels and its name is "CASCARETS."

Cascarets are the only means to exercise the Bowel Muscles, without work.

They don't Purge, Gripe, nor "upset your Stomach," because they don't act like Cathartics.

They don't flush-out your Bowels and Intestines with a costly waste of Digestive Juice, as Salts, Castor Oil, Calomel, Jalap, or Aperient Waters, always do.

No. — Cascarets strengthen and stimulate the Bowel Muscles instead.

These are the Muscles that line the Food passages and that tighten

## GAZETTE'S ADVICE WHAT G.T. PACIFIC TO OPPOSITION MEANS TO CANADA

Says Conservative Party Is Over 30,000 Men Will Be Employed and \$50,000,000 Spent.

Montreal, June 27.—In its leading editorial today, the Gazette, Conservative organ in Montreal, charges the party with demoralization and degeneracy of criticism. After mentioning what the Government have done towards prolonging the session of Parliament, it says: "The Opposition has even more than the Government to gain by the recess coming at an early day. It is demoralized. Its criticism has degenerated into vain and obstructive talk. It is lost in the country, and it is losing more. The sympathies of the Catholic voters have been divorced from it. If there was a general parliamentary election next month it is doubtful if five Conservatives would be elected in the great and growing Province of Quebec. What it has lost among the Catholics and in Quebec has not been made up for with any other class of voters in any other part of the country. Edmonton, London and North Oxford all tell one tale. Even in the latter constituency, while the Liberal majority was reduced, the Liberal voting strength was not shaken. Mr. Smith got more votes in the latter constituency than the Liberal majority. Sutherland, a minister, in November. Whatever defections there were from the Liberal ranks were offset by accessions from some of the party. Mr. Borden, in his amendments to the autonomy bill, laid down a safe principle in regard to the educational system of the provinces to be. Catholics may have reason to understand this before long.

But the party got away from the safe issue. Some of its members in Parliament led the divergence. News-people and men who take the Liberal line in London and North Oxford assumed some of the features of an anti-separatist school without the Liberalism. The Liberal party, in the eyes of the Conservatives, is a party of the future. It is not necessary to discuss at length the cause of this state of affairs. It is a condition, and not a theory, that confronts the party. Mr. Borden, in his amendments to the autonomy bill, laid down a safe principle in regard to the educational system of the provinces to be. Catholics may have reason to understand this before long.

There is only duty before the Opposition; it is to plainly state its position on the clauses of the autonomy bills that are yet to be taken. It is the sense of the House of Commons on the case as stated, leave to the Government the responsibility of its policy, and helping to expedite its finish. The rest of the session's work, get home. So only can the mistakes that have been made be corrected. The party is in a position to deal effectively with the financial and economic issues that are pending events promise to bring to the front at an early day. Above all, Parliament itself stands to benefit from an early ending of the session.

Not only does the waste of time that has characterized recent proceedings weary the men of business who are members, but the prolonging of the sessions to six, seven and eight months—as has been the case for the past three years—will have the effect of driving such men out of Parliament altogether, and of increasing the proportion of those members whose private affairs are not sufficiently important to cause them to worry. That cannot be an advantage. Nor is it an advantage to Parliament that the people should be wearied into indifference in regard to what it is dealing with, as the people were wearied last year, and the year before, and the year before that. There are included in the membership of the House of Commons many men who, though a little weak in talk, are strong in common sense. They are sufferers from the present state of affairs. They will never have a better opportunity of proving themselves, Parliament and the country, than by using their moral force to compel their over-talkative fellows into a course that will result in the sense of the community can approve of.

### Piles

To prove to you that Dr. Chase's Ointment is a certain and absolute cure for each and every form of itching, bleeding and protruding piles, the manufacturers have guaranteed it. See testimonials in the daily press and ask your neighbor to show you a box of it, and get your money back if not cured. 50c a box, at all dealers or EDWARDS, BILLES & CO., Toronto.

Dr. Chase's Ointment One little flower to a living man is worth more than a woodland of floral emblems to a dead one.

CORNS CAUSE intolerable pain. Hollowness's Corn Cure removes the trouble. Try it and see what amount of pain is saved.

Into the funnel of a steamer at the mouth of the Mersey a few honing pigeons, and from its cauldron remains was taken a metal band marked, "H. P., 1901, 622."

Montreal, June 27.—Quietly, but steadily, the officials of the Grand Trunk Pacific Railway are completing preparations for the carrying out of their transcontinental project, and the indications now are that as far as speed of the work and the perfectness with which it will be carried out, the Grand Trunk Pacific project will easily eclipse anything ever put through in Canada.

When the Canadian Pacific Railway was built it was more a case of getting a line of steel across the continent just as fast as possible, and since this was done millions of dollars have been spent in the reduction of grades and curves.

In the case of the Grand Trunk Pacific every foot almost of the land that is to be crossed is being surveyed, and when the first train runs over the main line it is expected that it will have a lower grade than any other transcontinental line of the continent. And what will be the carrying out of such a gigantic project mean to the Dominion of Canada? It is almost impossible for the mind to conceive just what such a tremendous project really means.

### Spending of Millions.

First look at it from a financial standpoint. Before the line from Montreal through to the Pacific Coast is completed, between \$125,000,000 and \$150,000,000 will have been expended in the country. Within a couple of months work will be started on the Lake Superior branch. It will only be about 220 miles in length, and yet will represent an outlay of at least \$6,000,000. Then, again, preliminary surveys have been completed for the western section, and though it will cover 1,800 miles, as low as 4.10 per cent grade has been found for this division will cost at least \$65,000,000, and, together with the Lake Superior division, should be completed in 1908.

The western section, which will be 1,700 miles, will cost between \$40,000,000 and \$60,000,000. Of the 1,700 miles it is estimated that close to 1,000 miles will be through the prairie and wheat belt, and the rest, a mile or so, \$20,000,000. The 700 miles through the Rocky Mountains will cost between \$25,000,000 and \$45,000,000. The cost for this division, it is expected, will be awarded before the end of the present year, and the line completed within five years.

If the main line will cost between \$100,000,000 and \$150,000,000, railway men calculate that by the time all projected branch lines are completed the figures will total close on half as much again.

Then what will the project mean from a construction standpoint? It will add 4,500 miles of track to Canada's 19,000 miles of railroads. It has been figured that to build the line it will take 10,500,000 ties, nearly 500,000 tons of steel rails, 42,000,000 spikes, 5,000,000 bolts, 2,500,000 angle bars and fish plates, guards and tie plates that will also run up high into the millions.

Then there is the equipment. It is estimated that 200 locomotives will be required within five years. At a low cost of \$15,000 each, this will mean \$7,500,000, and 100 engines a year would keep the locomotive plants of the Locomotive and Machine Company of Montreal, the Canadian Locomotive Company at Kingston, and the Canada Foundry Company at Toronto running at full capacity twelve months in the year.

### Fortunes In Cars.

At an average cost of \$700 each, 30,000 freight cars would cost \$21,000,000, and for four years would keep the car plants of the Canadian Car Company, the Grand Trunk Railway at Montreal, the Robbs works at Amherst, and the Algoma car works at Sault Ste. Marie, all out of many additional millions.

The effect that the carrying out of such a project will have directly and indirectly on the pockets of thousands upon thousands of Canadians may perhaps be best estimated when it is remembered that the line will employ, while under construction, the line and the building of its equipment will give employment to 20,000 men and 40,000 women, and the farmers throughout the country will be called upon to supply this large number of men and their families.

When completed, it seems only natural that the Grand Trunk Pacific should do what is best for the Dominion as the Canadian Pacific Railway has done.

### HAVE TIRED OF ABUSE

Chinese Have Lost Patience Under Treatment of U. S. Officials.

Washington, June 27.—The threatened boycott of American goods by the Chinese is giving the Administration very serious concern. The latest advice from the Orient leave no doubt that the Chinese merchants are in earnest in their determination to see that either radical modification of the Chinese exclusion act, or to do all in their power to kill American trade generally in China. Congress will be asked to take up the matter next fall.

While the southern cotton mills which trade with the east are most affected, other trades, including the eastern millers and the Standard Oil Company, are also threatened. The total exportations of American products to China, it is estimated, amounted to not less than \$60,000,000 during the last year. Over 50 per cent of this consisted of cotton manufactures, the bulk of which comes from southern mills. In addition to this the Chinese merchants handle a great deal of goods from the East Indies, and the recent action of the Singapore merchants indicate that they propose to carry the boycott throughout that section of the globe.

A Chinese diplomat in Washington, in speaking of the matter, recently said:

"While the Chinese Government has made no official statement concerning this movement, I learn from private sources that it has spread into seventeen of the nineteen provinces of the empire, and that it is steadily gaining in strength. The movement is not for the purpose of bringing about any change in the law, so far as it refers to the restriction of coolie

THE WEATHER TODAY—Fine and cool.

## The Best Skirt Supporter

Will be demonstrated at Notion Counter on Wednesday, Thursday and Friday of this week. The most ingenious supporter yet invented for keeping the skirt and waist together. Don't fail to see how effectively it does the work.

### Store Closed Saturday—Dominion Day.

Out-of-town customers will please take notice that this store will be closed all day Saturday—Dominion Day. Friday will be market and shopping day.

## Silk Remnant Sale Thursday Half Regular Prices and Less.

After the big Silk selling this season, and after last Friday's and Saturday's big Silk Sale, we find a stock of beautiful Silk Remnants on our hands. They are all mostly long lengths, from 4 yards up to 8 yards, and some as long as 12 yards; though we have a great number of small ends from 1/2 yard up to 2 1/2 yards. These will be cleared out at about 1-3 regular prices. These Remnants are from this season's beautiful Silks, and will be a great opportunity of securing waist lengths, skirt lengths, children's dress lengths, lengths for trimming. Be here early Thursday morning.

## Silk Finish Black Luster, 50c to \$1.25.

Made from pure Mohair Wool, having a luster as bright as any silk, which it retains through any wear. It is the most popular material for Shirtwaist Suits, is ideal for summer wear, as in addition to retaining its lustrous finish it sheds the dust and keeps its color.

44-inch Silk Finish Black Luster, - 50c	48-inch Silk Finish Black Luster, - \$1.00
44-inch Silk Finish Black Luster, - 65c	48-inch Silk Finish Black Luster, - \$1.25
44-inch Silk Finish Black Luster, - 75c	54-inch Silk Finish Black Sicilian, - \$1.00

We have in stock a full range of these goods at prices quoted.

## Extraordinary Tweed Value, 65c Yard.

Four pieces New Tweed, fancy weave, forming a very pretty design of check effect. These are extraordinary values, and at the low price of 65c yard should not be on our counters long. The material is just what you require for an odd skirt to wear with white waist. A good choice of pretty colorings. Very special value at only, per yard 65c

England's Most Famous

Worcestershire.

## "A TERRIBLE PAIN IN THE STOMACH CURED"

### ZULUS TAKE FEWER WIVES

Chiefs Have Only Score or Two—Ordinary Natives One.

London, June 27.—The hard times in South Africa have had one remarkable effect, according to the report of the native affairs committee, which has reached here.

It is the killing out of polygamy among the Zulus. It was no uncommon thing in the old days for a chief to have three or four hundred wives. Now the richest and most powerful of the Zulu chiefs are content with from only twenty to fifty, while the ordinary natives are rapidly approaching a state of monogamy.

In one district, the Transkeian, there are 55,232 monogamists, and only 27,019 polygamists, and the number of polygamists is constantly decreasing. One of the native chiefs, who has very largely reduced the number of his wives by sale and otherwise, gave as a reason that he had devoted so much of his time to making a living that he couldn't look after so many wives. They ate up all he could make.

The missionaries have done much to bring about this state of affairs, but the ripest, which has played havoc with the Zulu herds, has had more to do with it. Money that formerly went to the purchase of wives is now devoted to buying cows.

Wedding breakfasts are our specialty. Get our prices, Fawkes' confectionery.

THE FLAGGING ENERGIES REVIVED.—Constant application to business is a tax upon the energies, and if there be not relaxation, lassitude and depression are sure to intervene. These come from stomachic troubles. The want of exercise brings on nervous irregularities, and the stomach ceases to assimilate food properly. In this condition Farnes's Vegetable Pills will be found a recuperative of rare power, restoring the organs a healthy action, dispelling depression, and reviving the flagging energies.

It is surprising the way your wife will let you have your own way when it is hers.

### Give Them British Fair Play.

When you see another being abused, when he is unable to help himself, you naturally become indignant. What about you? They sweat, blister, chafe and agonize and your whole system suffers in consequence, and you can prevent all this misery by investing 25c in Foot Elm at your Drug Store. Treat your feet fairly. Send stamp for particulars of our \$100.00 in prizes.

L. A. STOTT & JURY, Bowmanville, Ont.

### Foot Elm

prevents perspiration, chafing, blistering, etc., and prevents your shoes from cracking.

Disappeared the second time he had worn Dr. Macdonald's Belt.

Sufferer, why don't you give my marvelous cure a trial? A trial will cost you NOTHING. After 30 days, unless your case is one of the most stubborn, you will be almost well-indexed. In ten or fifteen days' time you will experience great relief.

Disease CANNOT exist in a body that has been strengthened, built up and fed by this marvelous CURATIVE electricity. That is why I offer you a free trial. I want to make you well. I want to banish Rheumatism, Weakness, Nervous Disorders, Indigestion, Liver and Kidney Troubles, Scrofula, Constipation, Eczema, Lumbago and many other complaints from your system.

I will CURE EVERY CASE I take in hand. There are specific qualities and peculiar properties about the electricity as generated and applied by my method, which acts as a tremendous healing and curative force, which simply overwhelms disease and ill-health.

My fascinating book on the cure of disease should be in everyone's hands. It is free. Write for it, stating your case fully.

Remember I offer to every responsible person a free trial of the marvelous curative properties of my belt for 30 days. This is the strongest test that any cure could have.

W. WATSON, HOUSE-MOVER—WORK promptly attended to, 191 Hamilton road.

scientist, clairvoyant and painter, is located at 225 Worley road, one block and a half from Normal School. Mr. D'Arville must not be classed with fortune-tellers and spurious people claiming this science. He is uniting in his research the occult science, which now holds the attention of the profound thinkers of the world, and justly so. A reading with Mr. D'Arville will add many successful and delicious years to your life. As a test, he tells your full name. He tells about your lost and absent friends; men and women you will marry; about business changes, partnership, investments, travels, health, vocation, names, descriptions, dates, facts and figures. If you are in trouble or suspense about anything he will advise you. He relies upon his talent of a reader for his patronage. He asks no fee in advance, and positively refuses same if you are not satisfied, you to be the judge. Readings private and confidential. Hours: 10 a.m. to 9 p.m., except Sunday. Ladies fee, 50c gentlemen, 75c.

**MISCELLANEOUS.**  
**MILLER'S HAIR STORE—TRY OUR** Pompadour for the hot weather. Comfort guaranteed. 23 Dundas street.

### Ontario's Marriage and Birth Rate.

A home-seekers' excursion took 2,000 Ontario people to the west yesterday. This is a sample of what is occurring every week or fortnight during the spring, summer and early autumn. A large proportion of these excursionists sooner or later settle in the prairie country. The population of Ontario has been for many years subjected to heavy drains, one toward the United States, the other toward the Canadian west. The great commercial centers across the line will be always a magnet to young Canadians. While our cities and towns have lost, and will continue to lose, to the United States, the rural portions of the Province have been depleted by the call of the Canadian west. Ontario has been the nursery of Manitoba and the Territories. The majority of the western people, notwithstanding heavy foreign immigration in later years, are still Ontario-born or the descendants of Ontario's sons and daughters. It is not surprising that this great Province, which has been mothering the Canadian west, has not increased its population in as great a ratio as could be desired or its resources warrant. These facts should be taken into account by those who are founding industries, not very creditable to the people of Ontario, upon the statistics of marriages and births. There is much truth in these observations by the Toronto Telegram:

"Every wedding counts in Ontario's marriage rates. An enormous percentage of Ontario weddings mean that the daughter of some Ontario family is lost to the Province forever. Ontario suffers as no other commonwealth on earth suffers from the exodus of her daughters to fill homes made for them in the west or in the United States.

"Nor does the influx of brides from elsewhere balance the exodus of brides from this Province. The Ontario man almost invariably chooses his bride from among the best girls on earth. If he goes away he comes back home for a wife.

"Ontario's marriage rate is absolutely misleading in its figures. There is injustice to Ontario in the theories that quote the statistics as to Ontario's marriage rate as being low. The truth is that these figures annually include hundreds of brides who leave for homes outside this Province."

It is not easy to arrive at exact figures, but nearly every resident of Ontario has some relatives, friends or acquaintances across the line, or in Western Canada, who were married in this Province. It is well to reflect upon these circumstances before accepting race suicide generalizations based upon misleading statistics.

### Speed and Safety.

The return of the New York Central to its 18-hour schedule for the Twentieth Century Limited train between Chicago and New York is believed to be fully justified, and has aroused an interesting discussion as to the relation of speed and safety. The chief inspector of railroads says he is satisfied the speed of the train had nothing to do with the wreck at Mentor or the number of people killed. "Fast trains," he says, "are no more liable to accident than others, for they make fewer stops, while many accommodation trains run as fast between stations as the Twentieth Century Limited."

Statistics bear out this assertion. The railway systems which run fast trains are compelled to raise their property to the highest physical standard. Grades and curves must be reduced; the rails and ties must be of the best material; the roadbed solid, the rolling stock as near perfection as possible. The modern flyers would not have been possible upon the best railroad on this continent twenty years ago. The progressive increase in the speed of trains argues a continuous improvement in railway conditions. Perhaps the limit of speed with steam as a motive power has been nearly reached, but it is not because the margin of safety is being overstepped. Electricity promises still greater triumphs in the annihilation of space and distance.

### Canadian Capital Abroad.

The United States is pouring millions of dollars into the development of Canada, and we reproach Great Britain for not availing herself of these opportunities. But what is Canadian capital doing for this country? It is needed at home, but much of it is going abroad. A clergyman of this city, Rev. J. G. Stuart, who has recently traversed every province in Cuba, reports that Canadian banks and mercantile houses are springing up all over the island. The New York Sun notes that Canadian capital and energy are reaching out into foreign countries, particularly South America. Canadian investments in Mexico, Cuba, Trinidad and elsewhere in South America already amount to about \$100,000,000. Sir William Van Horne led the way with his Cuban railway. Among the most prominent of these investments may be noted the San Paulo Tramway Light and Power Company, Brazil, with its \$5,000,000 in 5 per cent bonds and \$7,500,000 in common stock, paying 8 per cent. The actual investment was \$8,000,000, which at present prices shows a profit of \$8,000,000, besides \$1,000,000 a year profits going to Canada; the Mexican Light, Heat and Power Company (Limited), with its \$3,000,000 in 5 per cent bonds and about \$10,000,000 in stock, the money showing a market profit of \$6,500,000 on an actual cash investment of \$8,000,000; the Rio de Janeiro Tramway, Light and Power Company, with its monopoly of the largest water power, electric tramways and the electric lighting of the city. This company has \$12,000,000 5 per cent bonds and \$12,000,000 stock, on

a cash outlay of \$11,000,000, part of which was furnished from Europe. These statistics suggest that so much Canadian capital has traveled southward because of the prospect of inordinate profits. It has preferred to take the risks to which investments are exposed in the majority of the Spanish-American republics, through bad government, though Cuba, Mexico, and perhaps Brazil, are exceptions. Capital knows no flag and will go wherever its rewards are greatest, but it is a misfortune that Canada has to rely so largely upon foreign money because Canadian money is developing other countries.

The number of drownings this year suggests the familiar lesson that a green canoeist and his craft are easily parted.

The Intercolonial is not a money-maker yet, but the present Government has at least made it a railway.

The report that a tiger is ravaging a district in Quebec is a refreshing change from the sea-serpent story.

It is reported that Messrs. Maclean, Sprule, Cockshutt and Hughes sprained their voices when Charlie Hyman took his seat yesterday.

The dispatches say that Oyama is "pressing the Russian left," which probably means that the Russians will get a sockdolager on the right while they're looking the other way.

The House of Commons had a brisk debate on the cold storage question yesterday. Why not let the garrulous members put their speeches in cold storage and adjourn for the summer months?

The Toronto Socialists protest against the invitation to Lord Roberts to open the Industrial Fair because it is dedicated to the arts of peace, and "Bobs" was "the leader of an unjust war." Bobs didn't make the war, and he ought to be thanked for facilitating the finish.

**Send Them On the Land.**  
[Hamilton Times.]

What is to become of all the thousands of young doctors, dentists, pharmacists, and lawyers graduated every year? Of course a few will prosper, but there must be a lot of them who will have a life-long fight with the wolf. Some of them would be better off growing wheat and potatoes.

**Put Not Your Trust in Kaisers.**  
[Kincardine Review.]

There's just one thing we undertake to teach:

Don't trust the Kaiser William when he undertakes to preach.

**What the Sphinx Says.**  
[Boston Post.]

"Wit may be so sharp that it wounds instead of tickles."

**Wrong and Wright.**  
[St. Thomas Times.]

"Our Axminster correspondent says in yesterday's issue that Mrs. Wright is visiting her brother, Mr. Wright. We presume it is wrong, but most women persist in believing themselves right when they are wrong."—St. Thomas Journal.

Wright went right in seeking the wrong. Wrong was right in accepting Wright. So Wrong was made Wright, and it's all right. We would also like to write that it was the marriage rite that made Wrong Wright.

**Somebody Told on Him.**  
[Guernsey (Wyo.) Gazette.]

Gossip is a humming bird with eagle wings and a voice like a foghorn. It can be heard from Dan to Beersheba and has caused more trouble than all the bedbugs, ticks, fleas, mosquitoes, coyotes, grasshoppers, chinchillas, rattlesnakes, sharks, sore toes, cyclones, earthquakes, blizzards, small-pox, yellow fever, gout and indigestion of this great United States has known or will know when the universe shuts up shop and begins the final invoice.

**Togo and His Flagship.**  
[Montreal Herald.]

Lord Nelson was born in 1758 and a little less than a century later, Admiral Togo was born. Nelson fought his last and greatest battle and died at Trafalgar in 1805, aged 47 years. (Napoleon and Wellington were each 46 when they fought at Waterloo.) Togo fought the great battle of the Sea of Japan in 1905 at the age of 48 and still lives. "That after destroying one of the greatest naval powers," says the Scientific American, "he should have in hand a fleet practically as powerful as that with which the war opened, proclaims Admiral Togo as one of the very greatest admirals of this or any other age. What he has done has not only never been equaled, but has never been approached." It is not without satisfaction in view of the greatness of his achievements that we recall the three years he spent in the famous British naval college of Greenwich. There he learned the art of modern warfare. And he was destined to gain his signal triumphs in a British-built battleship.

The Mikasa, Togo's famous flagship, was built by Vickers, Sons & Maxims, at Barrow, England, 1900, and was at the time of her launching the largest battleship afloat. At the beginning of the war she was still the largest battleship in commission in any navy. Her displacement is 15,200 tons. She is a thoroughly up-to-date vessel and includes all the accepted ideas as to speed, armor, and armament of naval battleships. The only points in which ships of later design surpass her are those due to the lessons of the war in which the Mikasa has figured so largely. She has been subject to attack by the guns of the enemy's fleet, by the powerful batteries of Port Arthur, and by the deadly mine and torpedo. She was trained in England, and her flag-ship was built there. His country is ally of Britain, and we, believing her cause is just, rejoice in the signal victories she is winning with something of the feeling that would be ours if he were himself British and fighting under "the meteor flag of England."

**DELHI.**  
Delhi, June 28.—Delhi stores will be closed on Saturday, July 1, but the photograph gallery will be open all day. Rev. J. B. Moore was in Watford on Tuesday. The canning factory received the first

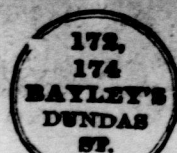

strawberries on Tuesday. The Ladies' Aid and Growth League are arranging for their annual raspberry festival, which takes place early in July. Mr. Allan Deverall has left for Gloucester to fill a position on the Transcript, where he was formerly engaged. Mrs. E. Motzger attended the funeral of her cousin, Mrs. Eucelle, at Tillsonburg, on Tuesday. A number of the members of the B. Y. P. U. attended the young people's meeting at the Methodist church, on Wednesday. Mr. R. Eccles, who is assisting in the Bank of Hamilton during the absence of Mr. Harry Sterling, who is holidaying. Mrs. Deverall has returned home, after visiting relatives in the States. Mr. J. D. Abraham was in London last week, attending the synod. Mr. and Mrs. E. Hill are spending a week with Mr. Hill's parents at Stewarston. Mrs. Henry Birdsell and sons, Harry and Johnnie, have returned home from Hamilton. Mr. and Mrs. Corman were the guests of Mr. William Taylor at Windham Center one day last week. Mrs. M. Moran Smith and son, of Detroit, are the guests of Mrs. T. E. Morgan. Miss Ethel Styles met with a serious fall on Friday, while on duty as clerk in the D. Abraham Company's store. While waiting on a customer, she stepped on a stool, one of the legs of which rested on a register. The fall broke, and in her fall Miss Ethel came in contact with the register, causing serious injuries. Dr. Wells attended her, and she is now doing nicely. The Delhi baseball team again went down to defeat in Tillsonburg last week. The game was a hot one from start to finish, no runs being scored until the eighth inning, when Delhi fell through, losing in five runs, 3-4, in favor of Tillsonburg. The Tillsonburgs play here next Thursday, when a not game may be expected. Miss Minnie Walker and her mother, of St. Thomas, are the guests of Mrs. Hill for a few days.

### JIM HILL WINS THE FIRST ROUND

The V., V. and E. Railroad Bill Passes the Railway Committee.

Ottawa, June 27.—The fight over the Vancouver, Victoria and Eastern Railway bill was continued before the Commons railway committee today. At previous meetings the first two clauses of the bill had passed. Argument accordingly was resumed on the third clause, which permits the railway to divert its line south of the international boundary between the west bank of the Similkameen River and the Columbia river, to avoid difficulties of construction on the Canadian side of the boundary. The contest is between the Hill interests and the Canadian Pacific Railway. The latter had claimed that the V. V. and E. line would be diverted south to Rockport and Everett. Duncan Ross had spoken of impossible physical barriers to such a southern diversion. The V. V. and E. line south of the international boundary between the Similkameen and Columbia rivers. As a matter of fact, the Canadian bill had plans on file in the railway department showing the proposed route of its Columbia River line, which kept on the Canadian side of the boundary and would be able to surmount the heaviest climb with a maximum grade of 1 in 100. The Canadian bill, however, would divert the line south to Rockport and Everett. Duncan Ross had spoken of impossible physical barriers to such a southern diversion. The V. V. and E. line south of the international boundary between the Similkameen and Columbia rivers. ## WOOL MARKETS.

**TORONTO.**  
Toronto, June 27.—Wool.—The active buying of wool by smaller operations in country districts continues, and local warehouses find the offerings here limited. Prices are unchanged at the recent advance. Unwashed, 15c; washed, 22c; reds, 18c.

## LEATHER MARKETS.

**TORONTO.**  
Toronto, June 27.—Leather.—While there has been no advance in leather prices, notwithstanding the recent advance in hides, the tone of the market is firm. Harness factories are making up in preparation for the fall trade; but small dealers are doing little. Collections are reported slow, especially in eastern Ontario. Local dealers quote:  
Sole, slaughter, medium heavy, per lb. 30c to 32c; No. 2, 28c to 29c; No. 3, 27c to 28c; calfskins, French, \$1.15 to \$1.50; French kip, 90c to \$1; Canadian kip, 80c to 90c; upper, light medium, 40c to 45c; pebbles, 14c to 16c; harness, union oak tanned, No. 1, 33c to 34c; No. 2, 30c to 32c; light, 28c to 31c; hemlock, tanned, 22c to 23c; oak oil, galion, 45c to 48c; deers, per pound, 2c to 3c.

## PRODUCE MARKETS.

**TORONTO.**  
Toronto, June 27.—Wheat.—The demand for Ontario wheat is more active, and holders and firm; No. 2 red and white are reported at 86c to 87c; No. 3, 84c to 85c; Manitoba dull, with a firm tone, at \$1.00 for No. 1 northern, \$1.00 for No. 2 northern, and 91c for No. 3 northern, at lake ports, and 6c more grinding in transit.  
Flour—Easier tendency; 90 per cent patents, \$4.20, in buyers' sacks; choice brands, 15c to 20c higher; Manitoba firm; first patents, \$5.40 to \$5.50; second patents, \$5.10 to \$5.20; bakers, \$5 to \$5.10. Millfeed—Demand quiet and easy in tone, at \$12 to \$12.50 for bran and \$17 to \$17.50 for shorts; Manitoba, \$17 for bran and \$19 for shorts, at Toronto and equal points.  
Oats—Quiet and firm, at 44c to 45c for No. 2, outside.

**LONDON AND DISTRICT**

—Miss Winnie Jarvis is on a visit  
to Mrs. Joe Fry, Chatham.

—Miss Nellie Kitchman, of 784 King  
street, is now visiting friends in New  
York.

—Miss Gartshore, of Hamilton, is  
visiting Mrs. (Col.) Gartshore, Beech-  
wood, South London.

—Mr. Arthur White, president of the  
board of trade, is confined to the house  
with a sprained ankle.

—Miss Marie Dyer, of this city, is  
the guest of Miss Candice Fleming,  
Adelaide street, Chatham.

—Mr. and Mrs. P. McVean, of 596  
Colborne street, left yesterday on a  
three-months' trip to the northern re-  
sorts.

—The board of trade has been called  
to meet on Friday evening to further  
consider the question of London's wa-  
ter supply.

—Mrs. (Dr.) H. F. Mitchell and  
Masters Weir and Grand Mitchell, of  
South Bend, Ind., are visiting Mr. C.  
M. Woodburn, city.

—And still there are dogs aplenty  
on the city streets without muzzles. In-  
censed five muzzlesless curs in one  
block this morning," writes a corres-  
pondent.

—Mr. William Buchanan, of this  
city, has been awarded the contract  
for the supply to the London Asylum  
of hard coal at \$6.35 per ton and pine  
slabs at \$4 per cord.

—A special meeting of the South  
London Liberals will be held on Thurs-  
day night at their club rooms. Im-  
portant business will be brought up,  
and the officers request a large attend-  
ance.

—Mrs. A. P. Templeton has returned  
from the city, where she was accom-  
panied by her daughter, Mrs. James L. Wal-  
ton, and little son, Andrew, who will  
spend a few weeks with Mrs. Walton's  
parents, Waterloo street.

—The following pupils of W. H. Hew-  
lett, Mus. Bac., formerly of this city,  
were successful in the recent examina-  
tions held under the auspices of the  
University of Toronto: Senior piano—  
Miss Edith Line and Pearl Plevins;  
London; Miss Ruth Griffin, Hamilton;  
Miss Margaret Murray, Petrolia. Junior  
piano—Mr. J. Millen, Fruitland.  
Primary piano—Misses Florence and  
Annie Miller, Stratford; Miss Arthur  
Lambeth, Senior singing—Miss Flossie  
Kinrade, Hamilton. Intermediate the-  
ory—Miss Margaret Murray, Petrolia.  
Junior theory—Mr. J. Millen, Fruitland,  
and Miss L. Campbell, Komoka.

**HORSE WAS DESTROYED.**  
A horse belonging to William Mur-  
phy, a street watering contractor,  
slipped on the hill on Horton street,  
west of Talbot, last evening, and broke  
its leg. Dr. Tamlin was called and ob-  
literated the animal, as its owner  
objected to its being shot. This is the  
third horse Mr. Murphy has lost in a  
week.

**CALLS TO BE CONSIDERED.**  
The Presbytery of London will meet  
in St. Andrew's Church next Tuesday  
to consider the Lawrence petition, laid  
over from the last meeting, and several  
calls, among them being that of the  
Profr Line Church in favor of Rev. Geo.  
Johnstone, of Wauburn, in the Presby-  
tery of Sarabia, and that of  
Glencoe Church in favor of Rev. Geo.  
Weir, B.A., of Avonmore. Other mat-  
ters of importance will be considered.  
FAREWELL TO MR. HOWSON.

Rev. Mr. Howson, who leaves for the  
Mitchell Methodist Church tomorrow  
morning, was tendered a formal fare-

**BELTZ.**

well by his congregation in the Askin  
street Methodist Church last night. Dr.  
Reynolds occupied the chair. Several  
selections were given by the ladies'  
quartet, consisting of the Misses Swit-  
tice, Mills, Weston and Leggett, and  
a solo was given by Miss Mills. The  
following spoke briefly, praising the  
work done by Mr. Howson and ex-  
pressing their regret at his departure.  
Mr. F. Maine, for the Epworth  
League; Mr. John Friend, for the trust  
board; Mr. R. Wray, for the quarterly  
board; Mr. A. Hunt, for the Sab-  
bath school, and Mrs. J. A. Cottam, for  
the Ladies' Aid.

**STRAWBERRY SOCIAL.**  
A class of young men at the First  
Congregational Church gave a straw-  
berry social in the basement of the  
church last evening. A good crowd was  
present, and thoroughly enjoyed them-  
selves. An orchestra, under the leader-  
ship of Mr. C. B. Chadwick rendered  
several choice selections. A large  
Edison phonograph was also used  
during refreshments, and furnished  
part of the programme. Miss Olive  
Langridge gave a reading, Messrs. F.  
W. Robbins, Lorne Spay, Ernest  
Phillips, and Fred Phelps rendered a  
quartet, and Miss Little sang a solo,  
and a recitation was given by Mr. F.  
W. Robbins. Rev. D. S. Hamilton oc-  
cupied the chair in the place of Rev.  
James Livingston, who was unavoidably  
absent.

**PIANO RECITAL.**  
The pupils of Miss Noble gave a piano  
recital in a very creditable manner on  
Monday evening. The programme was  
as follows:

March.....Geibel  
Simple Air.....Lily Davison  
Mazurka.....Moszkowski  
Melody.....Massenet  
Waltz.....Alkenhead  
Springtime.....Warren  
Polka.....Gertie and Dolphie Coates  
Sonata, Op. 49, No. 2.....Beethoven  
Angel Land.....Pinsuti  
Flattery.....Schnecker  
Passee Pied.....Gilbert  
Duet.....Macks  
Marguerite and Myrtle Chantler  
Idillio.....Lack  
Alone.....Goederle  
Waltz.....Rhode  
Myrtle Chantler.

New rubber-tire Victorias, Hueston's.

**A DOUBLE FUNERAL.**

Remains of Two Westminster Resi-  
dents Interred at Glanworth.

Yesterday afternoon the remains of  
Miss Ann Dark and Mrs. Anderson, of  
Westminster, who were friends in life  
and who died the same day, were laid  
at rest in the Glanworth Cemetery.  
The funeral was held from the resi-  
dence of Mr. Frank Anderson, lot 14,  
concession 4, where a large number of  
friends gathered without number. Ser-  
vices were conducted by Revs. Ed-  
stein, of Glanworth, and Ballantyne, of  
this city. The following were pres-  
ent: Messrs. Adam Nichol, James  
Crinklaw, Frances Nichol, John Murro,  
William Laidlaw and John Crinklaw.

**IN HIS 84TH YEAR**

Death of Mr. J. W. Leithbridge, One  
of London's First Merchants.

Mr. John W. Leithbridge, who had re-  
sided almost continuously in this city  
for more than 50 years, died at his home, 125  
Horton street, yesterday, in his 84th  
year. Mr. Leithbridge, who was born  
in Devonshire, England, came to Can-  
ada in 1841, and took up his residence  
in London. He was a successful mer-  
chant, and for many years was a  
member of the London and District  
Board of Trade. He was survived by  
a widow, two sons and two daughters—  
Mrs. J. C. Wallace, Melrose, Miss  
Lee, at home; Job T. and John W., of  
the firm of Leithbridge Bros., this city.  
The funeral will be held from the fam-  
ily residence at 2:30 o'clock to Wood-  
land cemetery.

**ROWING CLUB DANCE**

Large Party of Young People Have  
Pleasant Evening at Springbank.

The Rowing Club dance at Spring-  
bank last evening was enjoyable and  
successful in every way. The weather  
was as favorable for the dance as it  
was for the regatta, the air being just  
the proper temperature for a summer  
hop. About 100 young people made  
their way to the park on the cars, and  
dancing started about 9 o'clock. Day-  
ton and McCormick provided a very  
enjoyable programme. Special music  
was waiting at midnight to convey the  
merry party back to the city. A dance,  
following immediately upon the reg-  
atta, has become an annual affair  
with the younger members of the Row-  
ing Club now, and the young people  
of the city in general are no sorry.  
Formerly the annual dinner was the  
occasion for the victors and vanquished  
gathering together to celebrate the end  
of a season of training and a day of  
racing, but the younger members of  
the club found this practice "tame,"

As we close all day Saturday we  
ask our customers to leave their  
orders Thursday and Friday this  
week.

**Picnics Will Now be in  
Order.**

And we're prepared to supply you  
with the nicest things to take along  
so as to make it a pleasurable out-  
ing.

When you leave for your summer  
cottage you will want a box of good  
things to take along. We'll pack  
everything carefully and ship on  
any train.

Telephone orders carefully filled.  
Call 317.

**NEW BUGLES TO BE USED**

**Seventh Regiment Will Have Them  
at Petrolia On Saturday.**

The Seventh Bugle Band is at last  
to have its new outfit of instruments.  
These will arrive this week and will  
be used in Petrolia on Saturday. The  
outfit consists of 20 imperial bugles,  
such as those used by the Queen's  
and Earl's Own regiments. On Mon-  
day the band will first of all have a  
ride around the city on a special car,  
and then will adjourn to the band's  
quarters in the armories, where a big  
time is promised.

**ORDER TO SECURE  
"TEXAS" IS ISSUED**

**Extradition Proceedings To Be  
Commenced Immediately  
by Crown Authorities.**

The Attorney-General's department  
sent instructions late last night to  
Crown Attorney Kilgip to the ef-  
fect that he should proceed with the  
extradition of "Texas" Burdell, now in  
confinement at Port Huron.

The procedure taken will be as fol-  
lows: An officer who can identify  
Burdell will be sent across the line,  
carrying all the crown's evidence  
against the man in written form. This  
will be laid before the extradition  
commissioner either at Port Huron or  
Detroit. Thereafter 15 days will have  
to elapse, according to the law, in  
order that the prisoner may appeal to  
the court if he so wishes. So strong is  
the evidence against Burdell, however,  
that it is improbable that he will make  
a fight.

The shop-breaking for which Burdell  
is wanted, took place at Glencoe,  
the stores of Messrs. Tait and Dixon  
being broken into. About \$30 and a  
safe were carried off from the Dixon  
Hotel by "Texas" and the deceased  
Albert Johnston.

In the possession of Burdell or his  
friends.

**FOOD IN SERMONS**

Feed the Dominie Right and the  
Sermons Are Brilliant.

A conscientious, hard-working and  
eminently successful clergyman writes:  
"I am glad to be able to testify to the  
pleasure and increased measure of ef-  
ficiency and health that have come to  
me from the use of Grape-Nuts food as  
one of my articles of diet."

"For several years I was much dis-  
tressed during the early part of each  
day by indigestion. My breakfast,  
usually consisting of oatmeal, milk and  
eggs, seemed to turn sour and failed  
to digest. After dinner the headache  
and other symptoms following the  
breakfast would wear away, only to  
return, however, next morning."

"Having heard of Grape-Nuts food,  
I finally concluded to give it a fair  
trial. I quit the use of oatmeal and  
eggs, and made my breakfasts of  
Grape-Nuts, cream, toast and Pos-  
tum. The result was surprising in im-  
proved health and total absence of the  
distress that had for so long a time  
followed the morning meal. My diges-  
tion became more satisfactory, the  
headaches ceased, and the old feeling  
of energy returned. Since that time,  
four years ago, I have always had  
Grape-Nuts food on my breakfast-  
table."

"I was delighted to find also, that  
whereas before I began to use Grape-  
Nuts food I was quite nervous and be-  
came easily worried in the work of  
preparing sermons and in study, a  
marked improvement in this respect  
resulted from the change. In my di-  
ary I am convinced that Grape-Nuts food  
produced this result and helped me to  
a sturdy condition of mental and phy-  
sical strength."

"I have known of several persons  
who were formerly troubled as I was,  
and who have been helped as I have  
been, by the use of Grape-Nuts food,  
on my recommendation, among whom  
may be mentioned the Rev. W. C. Name  
given by Postum Company, Battle  
Creek, Mich.

"There's a reason,"  
Read the little book, "The Road to  
Wellville," in each package.

Made in Japan. Perfect Oriental colorings. A  
splendid rug to stand the wear and weather.

**A. Screaton & Co**

**BEING STRAIGHTENED OUT**  
Affairs of Tin Plate Company in the  
Courts.

The affairs of the Canadian Tin  
Plate Company, of Hamilton, formerly  
of this city which went into liquida-  
tion some time ago, are now being  
straightened out in the courts. Much  
trouble has been caused by the fact  
that many of the shareholders refused  
to pay up when called upon to do so,  
alleging that they had been induced to  
take stock in the company through  
misrepresentation.

Many of these cases have been finally  
dealt with, while judgment has been  
reserved in a large number. On Mon-  
day the action of Miss Mc-  
Laren was tried, and judgment was  
reserved. Several of the Stratford  
cases were also finished, but in all  
of these also judgment was reserved.  
The Stratford people interested are  
Mrs. Farquharson, Miss Douglas and  
Mrs. McGuire. The case of Mrs.  
Bridgman, of St. Marys, was also  
tried at Stratford. Those of Mrs.  
Parsons, of Sarabia, and John C.  
Dodge, of this city, have been tried,  
and their names have been placed on  
the list of contributors.

**EVERYTHING NEW.**

**CLOTHING  
DEPT.  
UPSTAIRS**

**Bright, Clean and  
Up-to-Date.**

**GRADUATES' RECITAL**

Pupils of Mr. Barrow Give Difficult  
Programme at Masonic Temple.

Several of the graduates of the Con-  
servatory of Music pupils of Mr. W.  
Caven Barron, gave a recital in the  
Masonic Temple last evening. In pass-  
ing their graduation examination, these  
pupils had to go through the hands of  
Mr. J. Jones, the famous virtuoso,  
who had much praise for their attain-  
ments. The programme, which was  
large and varied, was listened to with  
the closest of attention by a large  
number of friends of the young peo-  
ple. Miss Ethel Kirk, elocutionist,  
graduated under Miss Hambley. The  
programme was as follows:

(Miss Isabelle Matheson, A.L.C.M.,  
Pianist.)  
Concert Stucke, Op. 75.....Weber  
(With accompaniment on second piano  
by Mr. Barron.)  
No. 1, Op. 2, No. 2, 5, 8, Schumann  
Tannhauser March.....Wagner-Liszt  
Scherzo, Op. 3.....Chopin  
Sonata, Op. 10, No. 3.....Beethoven  
Presto, Largo e mesto, Allegro, Ron-  
do, Rhapsodie Hongroise, No. 4.....Liszt  
(Miss Ethel Kirk, A.L.C.M., Elocutionist.)  
How the La Rue Sisters Were Lost, Hood  
Judy O'Shea Sees Hamlet.....Porter  
The Fiddle Told.....Franklin  
Selling Feller.....Joshua Allen's Wife  
Death of Steerforth.....Charles Dickens  
The Obstructive Hat.....Anstey  
(Mr. Bert Webb, A.L.C.M., Pianist.)  
Concerto in G.....Beethoven  
(Accompanied on second piano by Mr.  
Barron.)  
Waltz in E.....Moszkowski  
Rhapsodie, No. 6.....Liszt  
Sonata, Op. 2, No. 2, 5, 8, Schumann  
Allegro con brio, Adagio, Allegro, Al-  
legretto.....Verdi-Liszt  
Ernani.....Verdi-Liszt  
Prelude and Fugue, No. 1.....Bach  
Marche Militaire.....Schubert-Faust  
The Pianists are graduates of Mr.  
Barron, and the reader of Miss Hambley.

Ten years ago a French missionary  
started the systematic rearing of two  
kinds of spiders for their web, and then  
the Board of Trade Journal states that  
a spider web factory is now in success-  
ful operation at Chalais-Meudon, near  
Paris, where ropes are made of spider  
web intended for balloons for the  
French military aeronautic section.  
The spiders are arranged in groups of  
12 above a reel, upon which the threads  
are wound.

Special attention paid to wed-  
ding orders. Hueston's livery.
