Here is what it costs been occupied by hermits; especially in those dark days when the large of heat, respectively. lamp of the Christain faith was nigh undiscernible in the dark of Idolatry and Superstition, and holy men fled thither to protect themselves from the furv of the Saracen. It is even stated that the soldiers of the first crusade visited the Grotto, or one just like it, and ere the morning dawned sung the mass with the persecuted monks before going out to do battle against the spoilers of the sepulchre. If our morning dawned sung the mass with the present, not less than \$250,000! There is a commandant at the head of the institution who gets \$3,000 as year, for strutting against the spoilers of the sepulcher. If our memory serve us, Scott in his "Talisman" has mentioned some such Grotto, discovered by a knight who went out to do battle for the cross in the East. But the mention of any romancer goes for little; and it is from the testimony of several writers of church history that the antiquity of the Grotto as a resting place for pilgrims, hermits and anchorites has been established.

Some time ago a young man named James Stewart, who worked in the up-town tannery was taken with diphtheria. He was removed to his fathers house in Nashwaak, where he remained till he thought he was recovered. Then he came across the river again. On Thursday evening, shortly after arriving, he went to a friend of his, Pond's, where he had been in the habit of resorting. They welcomed him back and he said, "I am so glad to get back to the city again!" Before he had ceased speaking he dropped to the floor; and at midnight died. The doctors say he had not recovered from his attack of diphtheria.

IS A FACT ATTESTED BY THE HICHEST MEDICAL AUTHORITIES IN THE WORLD.

A careful observance of the laws of health, and the systematic and persistent use of scott's Emulsion of Cod Liver Oil with Hypophosphites of Lim and soda will accomplish this result. This preparation has all the virtues of these two most valuable specifics, in a form perfectly palatable, and acceptable to the most delicate stomach, and we make the unqualified statement that Scott's Emulsion is being used with better results and endorsed and prescribed by more physicians for Consumption—and the diseases leading to it, such as Chronic Coughs, Bronchitis, Scrofula, Anaemia, General Debility and the Wasting Disorders of Children, than any other remedy known to medical science. The rapidity with which patients improve on this food medicine diet, is truly marvellous.

See What Phyicians and the People Say About It. 66 West Thirty-sixth Street, New York, September 2, 1876. Messrs, Scott & Bowne: GENTS,—I have frequently prescribed Scott's Emulsion of Cod Liver Oil with Hypophosphites during the past year, and regard it as a valuable preparation in scrofulous and consumptive cases, palatable and efficacious.

C. C. LOCKWOOD, M. D.

Messrs. Scot't & Bowne:—Gentlemen,—Within the last year I have used in my own family, and in my private practice prescribed very extensively Scott's Emulsion of Cod Liver Oil with Hypophosphites and ound it a most valuable preparation, especially in diseases of children. It is agreeable to the most delicate tomach; which renders it a very reliable agent as a nutritive remedy in consumptive and scrofulous cases.

MESSES. SCOTT & BOWNE: -- Gentlemen, -- Within the last two months I have fairly tried SCOTT'S EMULSIA F COD LIVER Out with HYPOPHOSPHITES, and I candidly declare that it is the finest preparation of the kin hat has ever been brought to my notice: in affections of the lungs and other wasting diseases, we can conside e and elegant form.
Yours truly, J. SIMONAUD, M. D., New Orleans, La.

Messrs. Scott & Bowne:—Gentlemen,—In September, 1877, my health organ to fail and my physician pronunced it spinal trouble; under his care I got some relief from pain, but my general health did not improve, and early in the winter I began to raise blood and rapidly grew worse. In May last I was taken with a violent bleeding which brought me to my bed and my life washdespaired of for many weeks; violent symptoms appeared, night and morning coughs, night sweats and short breath, and a return of the spinal trouble. My physician stopped the bleeding and then ordered Cod Liver Oil and Lime; and I used various preparations, but they did me no good. I lost all hope of life and was an object of pity to all my friends. Last September I purchased a hottle of your EMULSION and before it was all taken I was better. I afterwards bought a dozen bottles, with the following results: Coughs subsiding, night sweats stopped, appetite returned, pains a pine dispusage of the following results: Coughs subsiding, night sweats stopped, appetite returned, pains a pine dispusage of the following results: Cough subsiding, night sweats stopped, appetite returned, pains a pine dispusage of the following results: Cough subsiding, night sweats stopped, appetite returned, pains a pine dispusage of the following results: Cough subsiding, night sweats stopped, appetite returned, pains a pine dispusage of the following results: Cough subsiding, night sweats stopped, appetite returned, pains a pine dispusage of the following results: Cough subsiding, night sweats stopped, appetite returned, pains a pine dispusage of the following results: Cough subsiding, night sweats stopped, appetite returned, pains a pine dispusage of the following results: Cough subsiding, night sweats stopped, appetite returned, pains a pine dispusage of the following results: Cough subsiding, night sweats stopped, appetite returned, pains a pine dispusage of the following results: Cough subsiding, night sweats stopped, appetite returned, pains a pine dispusage of the follow

Messrs. Scott & Bowne — Lynn, Randolph Co., Ind., July 2, 1878.

About the 25th of last April I got a bottle of your Emulsion and at that time I was so prostrated that no one was literally starying. I could live longer than a few weeks at most. I could retain nothing on my stomach and was literally starying. I commenced the use of the Emulsion in small doses; it was the first thing that would stay on my stomach; I continued its use, gradually increasing the dose; and from that hour I commence mending, and now am able to ride and walk, and am gaining flesh and strength rapidly. I have advised other parties to try it, and some two or three have already tried it. I am sure I shall entirely recover.
