## REPORT OF WATER AND LIGHT COMMITTEE

To His Worship the Mayor and Aldermen of the Town of Newcastle Gentlemen:—

Your Water and Light Committee beg to submit their report for the year ending Dec. 31st 1921

During the year a number of new lighting connections have been added, and a favorable contract was also entered into with the Provincial Govt. for the lighting of the North West Bridge.

It is gratifying to be able to report a considerable improvement over the last few years in the showing of this Department and while we have a deficit of \$2571.59 it compares very favorably with last year when the deficit was over \$10,000.00.

We are glad to be in a position to report that the Town has at last been successful in securing Hydro Electric Power and we have entered into a contract with the New Brunswick Electric Power Commission for a supply of current at 3 cents per K. W. H. with a minimum of 400,000 K. W. Hrs. or \$12,000.00 worth yearly which at our present rate of consumption will be more than sufficient for the Town's present requirements including the pumping of our water supply by an Electric Motor Driven

Centrifugal Pump which we have recently installed.

For particulars as to Receipts and Expenditures we would refer you to the accounts of this Department as printed in the Town Report.

Respectfully submitted  
A. H. MACKAY,  
Chairman Water and Light Com.

## MILLERTON WOMEN'S INSTITUTE MEETING

The March meeting of the Millerton Women's Institute was held at the home of Mrs. W. McN. Matthews. Roll call was answered with a hint on Easter Cookery, the minutes of the February meeting were read and approved.

A letter was read from Miss H. T. Meiklejohn R. N. Director of Public Health Nursing System, re Health Posters and Health Talks. The Institute decided to place posters in your schools in the district and later

in the season to make arrangements for a Health Talk.

The subject for the evening was "The Problem of Immigration," Papers were read by Miss Crocker and Mrs. Matthews.

A short St. Patrick entertainment was carried out, consisting of music, readings a contest etc.

The April meeting to be held at the home of Mrs. Burton Vanderbeck. The subject Hints on sewing.

## CIVIC ELECTION

In four weeks time Newcastle will hold its annual election for Mayor and Aldermen. As yet it is not known whether any of the four retiring Aldermen or the Mayor will re-offer as candidates, nor is it known what new aspirants will be in the running: In the past, the names of those intending to offer were unknown until Nomination Day, but it is hoped this year, that those intending to offer themselves as candidates will enter the field early and make known their policy.

## REGULAR MEETING TOWN COUNCIL

The regular meeting of the Town Council was held on Thursday, March 16th at 8 o'clock p. m. Present. Mayor Fish, Alds. Atkinson, Dalton, Doyle, Locke, Makay, Ritchie, and Sargeant. A communication from the Secretary of the Board of Trade enclosing copies of resolutions passed by the Brantford Chamber of Commerce with reference to travelling shows was read and on motion of Alf. Ritchie seconded by Ald. Atkinson the communication was referred to a committee to draw up a resolution supporting the stand taken by the Brantford Chamber of Commerce. Aldermen Locke and Mackay were appointed such committee.

A request from Mrs. Mary A. Curtis for damages for injury to her foot caused by falling into a hole on the highway was referred to the Committee on Petitions.

A resolution was unanimously passed, authorizing the Council to make a temporary loan from the Royal Bank of Canada of \$3000.00 to defray the annual current expenditures of the town. The following bills were passed and ordered paid.

D. & J. Ritchie & Co	\$24.72
E. E. Benson	55.00
F. Uncles	34.73

The following report was presented by the Petition and Bye Law Committee.

To the Mayor and Members of the Town Council  
Gentlemen:—

Acting on the orders of the Town Council the Bye-Law and Petition Committee have had a Bill prepared dealing with the Town of Newcastle's representation at the County Council, and now beg to submit a copy of the Bill and Petition supporting same for your approval.

(Sgd. H. H. RITCHIE

Chairman

The report was received and approved by the Council and the Committee was authorized to have the necessary copies printed and to arrange with our representative Mr. C. J. Morrissy to introduce the Bill in the Legislature.

The Light & Water Com. recommended payment of the following bills

P. Hennessy	\$13.14
Miramichi Mfg Co. Ltd.	11.42
Can. Gen. Electric Co. Ltd.	181.07

The Mayor's Report and the annual report of the Light and Water Com. were read and ordered printed in the Annual Town Report. The Chairman of the Light and Water Com. presented an estimate of \$5165.00 for water and sewerage on George Street, and it was moved by Ald. Sargeant, seconded by Ald. Doyle and carried that the Light and Water Com. be authorized to order the material needed for water and sewerage on George Street and proceed with the work as soon as advisable.

Ald. Ritchie reported that the Light & Water Com. had investigated the shortage of water at the plant of the Miramichi Manufacturing Co. Ltd. and had found that the trouble was due to defective fittings on the premises of the company.

The Chairman of the Park & Fire Com. submitted some correspondence regarding a siren fire alarm and stated that as soon as he received some other quotations, which he was expecting the Committee would consider the purchase of a suitable alarm.

Ald. Ritchie stated that owing to the unavoidable absence of one of their number the assessors would

## THE ST. PATRICK'S CONCERT GREETED BY FULL HOUSES

Opera House Crowded Three Nights to See Local Players in "It Pays To Advertise"

On Wednesday, Thursday and Friday nights the members of St. Mary's Choir presented to large audiences "It Pays to Advertise." The play was under the direction of Miss A. A. Morris to whom a large share of the success attained is due. The audiences were delighted with every feature of the comedy and the playing of each member was of a high character thus demonstrating that hard faithful work was performed by both director and members. To each one taking part, highest congratulations are given for the presentation of their parts. The play itself is one full of fun and kept the audience amused from start to finish. Messrs D. S. Creaghan, F. V. Dalton, A. S. Demers, A. L. Barry, C. P. McCabe and T. C. Creaghan each took their respective parts in a most creditable manner and delighted the people by their masterful handling of their difficult parts.

Misses Lottie McWilliam and Hedge Morris are deserving of highest congratulations in the rendering of their difficult parts and provided the audiences with much of the fun and excitement throughout the play. While the principals in the play are deserving of great praise, the minor parts were most pleasingly presented and to the players taking these parts is due, in a large measure much of the success of the entire three nights performances. The specialties between the acts were of a high standard. Messrs. P. B. Sullivan and Jack Creaghan delighted the audiences with solos and each received a hearty applause. The dialogue "Just like Grandma" by the little girls was well received and showed in a very marked way, the splendid training which they had received.

Misses Kathleen Morrissy and Florence McEvoy, dressed in Scotch costumes danced the Highland Fling in a most creditable manner and received a hearty applause.

Too much cannot be said of the splendid musical programme rendered by the orchestra before the raising of the curtain and between the acts. The music by the orchestra was one of the most pleasing features of the whole entertainment and the members are deserving of the highest congratulations on their splendid ability. During intermission the audiences were provided with candy, which was sold by a number of girls dressed in Irish costumes. In summing up, it is recognized by all patrons that the comedy "It Pays to Advertise" was one of the best and most appreciated plays ever presented by local amateurs and one and all are deserving of highest congratulations in the presentation of their difficult parts.

be unable to appear before the Council at the present meeting. He also presented some correspondence from the chief assessor of Woodstock dealing with the assessment in that Town

It was moved by Ald. Doyle, seconded by Ald. Ritchie and carried that when the Assessor's list is posted for inspection the Town Clerk be authorized to advertise the fact for two weeks in both local papers.

Adjourned.

## LOCAL GALS WIN WHILE BOYS LOSE

On Friday the C. G. I. T. of St. James' Church, and the C. S. E. T. of Newcastle went by afternoon train to Chatham, where each organization's Basket Ball Team played against St. Luke's Girls and St. Luke's Boys respectively in St. Luke's Hall. A large number of the friends of the Newcastle teams accompanied them and enjoyed the games. The Newcastle Girls proved more than a match for their opponents and in a fast game defeated the Chatham Girls by a score of 13 to 4. At times the play between the girls waxed quite warm and a few minor accidents occurred, which however had no effect on the players. The Newcastle Girls showed a very marked superiority over the Chatham Girls and are to be congratulated on their wonderful work throughout the game, in which much combination work was shown. Dr. Logie of Chatham acted as referee in a most satisfactory manner. The line-up of the teams were

Chatham	Newcastle
Centre	
Vernon Stewart	Margaret McCurdy
Right Forward	
Beula Heckbert	Jean Jardine
Left Forward	
Dora Groat	Florence Cassidy
Right Defence	
Stella Lobban	Katie Cassidy
Left Defence	
Ileen King	Jessie Harris
Spares	Spares
Dorothy King	Florence Jardine
Annie Barnes	Edna MacDonald

After the girl's game was over the boy's game came on and the local boys, while putting up a good game were unable to hold their opponents to a close score. As a result the locals lost by a score of 33 to 16, thus equally dividing the honors for the evening between the two towns. The Newcastle boys were at a disadvantage in size and also in regard to the low ceiling of the hall, as their practise hall is very much higher, and it was a difficult matter for them to get the range of the basket. However in their return match they will make a much better showing. Mr. Watters of Chatham referred the game.

Chatham	Newcastle
Centre	
Elton Kitchen	Cecil O'Donnell
Right Defence	
Bruce Watters	Fred McCormack
Right Forward	
Manser Kitchen	Ellis Thompson
Left Defence	
M. Jardine	Dick Corbett
Left Forward	
L. Groat	Waldo McCormack
Spares	Spares
Harry Heckbert	Clive Lindon
B. Snowball	Ralph McMichael

Both games were witnessed by large audiences who thoroughly enjoyed the games. The visitors were served supper at 6 o'clock in St. Luke's Hall, and after the games with Ice Cream and cake, after which they returned home on the midnight train. The girls were chaperoned by Mr. and Mrs. D. J. Gulliver. Return matches between both girls and boys will be held in Newcastle in two week's time.

## STUDYING THE INSTRUMENTS

Studying the Instruments of the Orchestra now a Part of "Music Appreciation."

Supposing you choose one hundred of the average young men and women attending the colleges and universities in Canada today, and asked them to choose between going to a purely social function or the movie or the theatre and a musical programme by a Symphony Concert, how many of the one hundred do you think would favor the Symphony Orchestra Concert?

This question was put to a gentleman at lunch the other day; and he replied that he thought about from five to seven per cent. An American present thought that estimate spoke more highly of the musical taste of the Canadian university undergraduates than he could of the students in the United States, for in his country he thought the percentage might run from two to five per cent. Be those estimates correct or not, there is less interest in symphony orchestra music than there would be if the various instruments of the orchestra were taught in the public and high schools of the Dominion.

A great deal of attention is now being given to "Music Appreciation as a regular study on the public and high school curriculum, and a study of the instruments of the orchestra is a very important part of this course. Through this training of the ear to recognize the difference in tone color or quality of the various instruments one's ability to enjoy chamber and

## At Any Time YOU May Need Zam-Buk

Every home and farm needs Zam-Buk simply because it is the purest, safest and best antiseptic healer ever discovered. Equally good in simple cuts and burns as for chronic wounds or sores. If you would save worry keep Zam-Buk handy.

**SCALDS**—Mr. Geo. H. Duffus, a C.P.R. fireman, of Fort William, says: "The water gauge of my locomotive burst and scalded the left side of my face terribly. Fortunately I carry Zam-Buk about with me, and as soon as possible I had the balm freely applied. Zam-Buk took out all the 'fire' and smarting and in a few days it had my face nicely healed."

**PIMPLES & FACE SORES**—Miss S. G. Hamilton, of Alliston, Ont., writes: "My face and hands were simply a mass of pimples, blotches and sores. The affected parts were as painful as if I had been scalded. I found nothing of real use except Zam-Buk. It soothed, purified and healed my skin perfectly."

**OR POISONED WOUNDS**—Mrs. A. Berryman, 190, John St. North, Hamilton, who had her right foot crushed by a wagon wheel, says: "The flesh was terribly blackened and inflamed when I got Zam-Buk. Within two days all pain, swelling and discoloration had disappeared. In four days the injury was thoroughly healed."

## CLEANLINESS IS HEALTH

GILLET'S EYE G is one of the most useful and economical articles on the market.

"Let Gillett's Eye do it" is a common expression among those that are familiar with its many uses.

Read the directions under the wrapper.

## GILLET'S EYE EATS DIRT

MADE IN CANADA

sympathy music increases. The phonograph records and pictures of the instruments now available for school use, make this a study of intense interest. While the primary object of the study of this topic is instruments, again; pupils, through hearing many beautiful compositions that illustrate different instruments and combinations of instruments are also widening their experience in musical literature. Some of this study can be connected with artists, ensemble groups, and orchestras that are appearing at the present time so pupils can be interested and also directed in their reading of the current music magazines.

## EXPLANATION OF A KILOWATT HOUR

A Correspondent signing himself "Light J Power," has written the Times asking for an explanation of the term kilowatt hour, and in the burning and using of electric light and heat how it compares with the regular hour of sixty minutes.

An official of the N. B. Electric Power Commission explains the terms as follows:

A kilowatt hour is the amount of work done by 1,000 watts of energy in one hour. It is the standard unit of measurement of the work done by electricity. One kilowatt hour is equal to 1.34 horsepower hours. A horse-power is 550 feet pounds a second—that is, the energy required to move 550 pounds through one foot in one second; or 1 pound through 550 feet in one second; or one pound through one foot in 1,550 of a second.—St. John Times

## DO NOT WANT AN INCOME TAX

Fearing that a provincial income tax may be the alternative resorted to by the Provincial Government as a means of replenishing New Brunswick's depleted revenue, the Retail Merchants' Association of Fredericton have taken preliminary steps towards instituting a province wide protest against such a measure.

The executive of the Fredericton branch of the Retail Merchants' Association held a meeting at City Hall when a letter was considered from the provincial headquarters of the association dealing with the subject. Officers of the local organization afterwards declined to discuss the matter, but admitted that such a communication had been under consideration.

It is understood that a delegation from the provincial branch of the Retail Merchants' Association recently waited upon Premier Foster, while at St. John, and suggested to him their fears that an income tax might be the source from which the Government would seek to replenish the treasury. It is further said that the Premier failed to give the delegation a definite assurance and in view of the proposals in Manitoba, where a provincial income tax equal to one-half of the amount charged for the federal tax is to be levied, and probable similar action in Alberta, as related in press despatches, the Retail Merchants' Association officers are said to feel warranted in their belief that New Brunswick may have a provincial income tax too.

It was said that other commercial organizations were preparing to protest against the institutions of an income tax in New Brunswick, if such a means of raising revenue is to be resorted to.

## CATARRHAL DEAFNESS

is greatly relieved by constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you hear a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions. Circulars free. All Druggists.

F. J. Cheney & Co., Toledo, Ohio

## FRAUDULENT FEEDING STUFFS

In administering the Feeding Stuffs Act the Seed Commissioner at Ottawa has made the discovery that many commercial stock feeds are adulterated with worthless substances which give only bulk and weight. A product sold as barley meal at \$4.00 a bag; was found by microscopical examination to contain no barley whatever. The material consisted of a mixture of ground corn; corghum; bean meal; and ground oat hulls. This mixture had the merit of containing some nutritive value. Another mixture sold as ground oil cake; however; was much less valuable inasmuch as it consisted to a large extent of ground cocoanut shells; which is a very indigestible product; together with a little linseed meal and barley flour. These discoveries unfortunately shattered confidence in feed mixtures in general; many of which are sound and good. They go to prove; however; the necessity for a careful enforcement of the Feeding Stuffs Act. Arrangements have been made by the Seed Commissioner for the examination of samples of feeds purchased by farmers where there is reason to believe that misrepresentation or fraud has been practised.

## Railway News in Brief

Montreal. — Twelve Esquimaux dogs which the owner values at \$25,000 passed through Montreal. They arrived from Portland, Maine, at Windsor Street Station and later left for their home with the pack of their breeder kept at Lake Placid, New York, by Jacques Suzanne, an artist and painter. In an interview Mr. Suzanne said that some of the dogs came from Siberia, some from Greenland, and some from Alaska. The youngest was aged 14 months, and the oldest 18 years. The dogs were engaged continuously for three weeks in the wide near Portland, Maine, in moving picture scenes for the picture "Love and the Law," by James Oliver Curwood, in which Zena Keefe is the star. The dogs drew two sleighs, sometimes conveying two people in a sleigh, and went through some exciting drives in their work on the picture.

All the dogs looked beautiful specimens of their kind. Pointing to the best looking of them Mr. Suzanne said, "The one could draw half a ton over the level snow." One of the animals was used by Peary in his last dash to the Pole.

Cleveland.—The respective rights of railways and motor vehicles at grade crossings figured conspicuously in a recent decision by the Municipal Court of Cleveland in which the New York Central Railroad was awarded judgment in the sum of \$331.26 for damage done to a locomotive in a collision with a heavy motor truck.

The evidence showed that on November 12, 1921, Harold L. Wilcox drove a 4-ton motor truck on to a grade crossing at Wickliffe, Ohio, with the result that it was hit by a fast passenger train, doing considerable damage to the locomotive.

The crossing where the accident occurred is 24 feet wide, planked, stone filled, and was in good condition. Regular crossing signs were located on each side of the tracks.

The railroad company brought suit for damages to its locomotive, alleging that the accident was due wholly to the negligence of the driver, and the court awarded the company judgment in the full amount of its claim.

The court's decision in this case makes clear that the rights of passengers on train to protection at grade crossings are paramount to those of persons riding in motor vehicles.

Montreal.—Sunday, May 21st, has been fixed by the Canadian Pacific for the re-opening of the service of the trans-Canada Limited, the transcontinental flier which travels daily during the summer months between Montreal, Toronto and Vancouver, in addition to the all-year-round train known as the Imperial. Last year's running time of the trans-Canada Limited was 92 hours from Montreal to Vancouver, and 88 hours from Toronto to Vancouver, this being the shortest time scheduled for any transcontinental train service on this continent. The equipment involved in the running of this train totals approximately six million dollars, and the daily run involves the operation of fifty-nine sleeping cars, fifteen dining cars, twelve observation cars, five compartment cars, twelve baggage cars, and twenty-four locomotives. The total weight of the train, exclusive of passengers, train crews and baggage is 760 tons. The through trains between Vancouver—Minneapolis—St. Paul and Chicago, known as No. 13 and No. 14 will be inaugurated by the Canadian Pacific in connection with the Soo Line on Sunday, June 24th.

Prescott.—There were over seventy-five representatives of the Freight, Passenger, Telegraph and Operating Departments of the Canadian Pacific Railway, and the Dominion Express, present at a meeting of Quebec District Canadian Pacific Association held in Prescott. E. F. Lawson, of the Freight Department presided. Amongst the subjects considered were prevention of losses of freight, the care necessary when switching freight trains, and precautions that should be taken in marshalling freight trains. E. A. Cunningham, and T. Collins, spoke on efficiency of service. T. A. Martin spoke on securing the cooperation of shippers and the public. A. H. McMullen, district inspector of the Bureau of Explosives gave a talk on the safe transportation of explosives and other dangerous articles. Mr. George Jeffrey, of the department of the Auditor of Claims, Montreal, also spoke.

The meeting was a great success. Amongst those present were Mr. W. H. Uren, Asst. General Superintendent, Quebec Division, Mayor Debrule, of Prescott, Commissioner McPherson, and President White, of the local Board of Trade.

## TOWN MEETING

(Georgia White, in Springfield, Pt., Reporter)

Groups of men are busy talking on the corners of the street; Others are just buttonholing Everyone they chance to meet. Rumbling, low-toned conversation, Hushed with a mysterious air, Indicates that there's a plenty Of horse-shedding everywhere— All because town meeting day Is a week or two away.

Auditors have been in session For so long and look so wise That concerning what they're finding There's no end of wild surmise; And it's rumored in a whisper That to scandalous amount They've discouraged the Selectmen Are that shy in their account. Just before town-meeting day Is the kind of thing they say

Vengeful souls are out for mischief; For town meeting is, they judge; Time and place for satisfying Some ridiculous little grudge. So they're busy instructing Talking tools to do their will; While they look uninterested And remain almighty still. Grand display of petty spite Is town-meeting day all right.

There is lots of criticism As to how the funds were spent; And unflattering inquiry As to where the money went Then a hint of higher taxes Just before March meeting sits Is the signal for the general Throwing of compulsion fits— Grand preliminary sport To accepting town report.

## EAST AND WEST AGREE

Lydia E. Pinkham's Vegetable Compound is Helping Sick Women to Health

The two letters which follow clearly show the broad field covered by this well-known medicine. Women from every section—you know some in your own neighborhood—praise Lydia E. Pinkham's Vegetable Compound as a wonderful medicine for troubles women often have.

### From Prince Edward's Island—East

Miscouche, P. E. I.—"I had female troubles for two years. I always had a headache and a pain in my side and sometimes I felt so weak that I could not do my work. A friend advised me to take Lydia E. Pinkham's Vegetable Compound and I have taken six bottles of it. It has done me a lot of good and I am still taking it. I will tell my friends of your medicine and hope they will try it."—Mrs. CAMILLE DES ROCHE, Miscouche, P. E. I.

### From Saskatchewan—West

Wadena, Saskatchewan.—"A friend in Rose Valley recommended Lydia E. Pinkham's Vegetable Compound to me and it has been a great help to me. I recommend it and you can use this letter as a testimonial if you wish."—Mrs. FETTER NORDST, Wadena, Saskatchewan.

## "A Mass of Sores—No Sleep—Unhappy Days"

writes Mrs. Orange Harvey of Danville, Quebec, N. B.: "I suffered with dores until the first of May. Then I got a bottle of D. D. D. AT ONCE MY FACE GOT BETTER. I used half a bottle only and have been entirely well ever since. Why not see if half a bottle will relieve your case of skin disease, too—on our guarantee that the first bottle will show results or your money back? Licking stops on the instant. \$1.00 a bottle. Try D. D. D. Soap, too.

All druggists sell Bayer Tablets of Aspirin in handy tin boxes of 12 tablets, and in bottles of 24 and 100. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer Manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

## ITEMS OF INTEREST FROM HARKIN'S ACADEMY

A very interesting debate was held in the Assembly Hall of the Academy Friday, March 3rd. between the boys and girls of the advanced department. The affirmative side of the resolution, "Electricity is more useful than steam" was ably upheld by the girls led by Miss Reta Blackmore but Yorston Benn and his supporters proved to be more than a match for the girls winning on both argument and presentation by very slight margins.

The next resolution to be debated is: "Resolved that the murder of Caesar was justifiable.

Recent semi-official reports concerning the ex-flagship "Victory" recall to our mind the distribution in October 1912 of the Nelson shields to Canadian public schools. They were distributed under the auspices of the British and Foreign Sailors Society by the late Dr. Alfred Hall, former chaplain of the British Navy. These shields were moulded from the copper plates of the flagship "Victory" and H. M. S. "Foudroyant," and mounted on oak. In the centre of the design which is very artistic, the "Victory" in full sail is to be seen. An inset of Admiral Nelson is prominently placed. The "Oak of England" and the "Maple Leaf of Canada" complete the design. Nelson's famous statement, "England expects every man to his duty" is inscribed near the base of the shield.

The shield which was presented to Harkin's Academy is held each week in the department, having the highest attendance percentage during the previous week. In this way the shield stimulates an interest in perfect attendance.

A Boys' Life from the Point of view of a Grade V. Scholar:

"Up you get on Monday morn Off to school with face forlorn.

When Tuesday comes tis "get your wood"

"Now off to school and be real good."

Wednesday's lessons are very hard But "off to school" or you'll be jagged.

Thursday enters upon our list "Get off to school or your ear 'll twist."

Friday comes the last of all And "off to school, and stop that "bawl."

De Omnibus Rebus

William Roman, the famous checker player of Grade X, still successfully holds his title Checker Champion of Harkin's Academy. 'Billie' is somewhat of a prodigy in this game, for although several recent attempts have been made to carry away the honors "Billie" omnes impetus sustinuit.

Rumor about the school-room has it that Richard Jones, at present a member of the High School has successfully passed the Bank exam's and expects to enter the Royal Bank shortly.

Miss MacLeod, formerly of the

## COULD HARDLY MOVE IN HER BED

Eight Boxes of "FRUIT-A-TIVES" Completely Relieved Her.

MADAM J. RICHER  
Lafayette, P. Q., April 18th, 1921

"It is my duty to tell you and publish to all what your remedy 'Fruit-a-tives' has done for me.

I suffered with Rheumatism for ten months; could hardly move in bed; and was miserable all the time. I tried several physicians and took many remedies, but they left me at the same place, in bed and suffering, the Rheumatism was so bad.

I finally started in taking 'Fruit-a-tives' and continued the treatment regularly as I found myself getting better. After using eight boxes of 'Fruit-a-tives' (which cost only \$4.) I am completely well without a trace of Rheumatism."

Madam J. RICHER.

50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

Academy teaching staff is still supplying for Miss Urquhart who is detained at home by the serious illness of her mother.

"The 'stately minuet' is coming into fashion, even the mice have taken it up and may be seen at practise in the Academy.

Extracts from a paper, 'Co-operation between Parent and Teacher' by Miss James, B. A. of Westmount High School.

Parents and teachers are not mutually sympathetic; both are hypersensitive to criticism. Teachers as a class are criticised by parents more than parents are by teachers. What ever teachers think they make it a rule to make no remarks which will show the pupil that they consider a parent unwise, wrong, or lacking in judgment; but teachers are often made the subject of family jokes and are unkindly criticised over and over again in the presence of the pupils. Teachers in fact are the most criticised people on the face of the globe

(To be continued)

### NORRIS GOVERNMENT

The defeat of the Norris government of Manitoba makes a general election almost a certainty of the early future, and a general election in Manitoba means the almost certain supremacy of the farmer government. The defeated premier has held office since 1915, but the general elections in June, 1920, gave the Liberal government twenty-one seats in a House of fifty-five, with seven Conservatives, twelve farmers, four independents and 11 labor. The Norris government has held office only because of the support it received from the independent groups.

## Presto Change

Premier King is coming to his senses, and there is a remarkable change in his political health. Three or four months ago he was in a terrible position, his mind so affected politically, that he indulged in various contradictions, ran the whole gamut of dire imagination and made the walk in ring with the story of Canada's ill—in fact Canada, he taught us, had gone to the eternal bow-wows, the maple leaf, had turned into a weeping willow; industrial and national destruction, was all we had for a decade or so, of Conservative and Union rule, ruin stark ruin, was staring us in the face; our case almost hopeless, and the only salvation for the country was to put Meighen out, and put him in. All this and much more was the gospel according to the insane revelations of the time. The game was well played, and the people thoroughly fooled, "led astray by the blandishments as a courtly wooer." This time, truth was in the discard, disappearing to a more convenient time.

The "more convenient time" has dawned upon us hence a happy change it would not do to put a catalogue of political lies into the mouth of the King, and the Kings Representative, the Governor General, so the speech from the Throne, composed by King and Company, was a brighter specimen of the Actual state of affairs, than the doleful, and false cries of the same King and company, in their pre-election campaign. "Facts are stubborn things" and will not be downed. During the whole electoral campaign, and for some time before, even during the whole time that the calamity howlers, were vending their tales of woe; Canada was feeling the pulse of renewing life, recovering from whatever shock she had received, in common with others, from the disastrous storm of the recent world war. When the historian of the future writes the story of Canada during the Premierships of Borden and Meighen, he will discover, notwithstanding our heavy burdens, our commercial and industrial trials, and our heart struggles; a time in which "the land we love" became more than ever, a glorious nation, among

the Nations, which make up, the grand old Empire, o'er whose realm the Sun never sets. The clouds are drifting by, the silver linings has been showing, soon the Golden Sun, will shine in fullest splendour—and even the Kings speech, had to acknowledge it.

The same man—now Premier—who adopted the role of "calamity howler" before the election; in which his company gave the chorus; has placed quite a different story in the speech from the throne; and we are pleased to see that he has by doing so, given us some hope, that he is recovering from the political mania which attacked him a few months ago, and may be able with the assistance of outside help, to give some good service to the country. His change of opinion is given in the following words, taken from the Throne Speech "Our Dominion has not escaped the world wide economic disturbance and industrial depression, but has suffered less from it, than other countries. Keen observers of the business barometer feel that the worst is about over, and that at an early date we may look for a substantial revival of industry"

Such sentiments are a fairly good indication of the conversion of a calamity howler, for we must give full credit to King and company as the Authors; the composition does not come from either Royal King or Governor. From down-in-the-mouth pessimist, up to stout hearted optimist, is quite a jump, and we congratulate the Premier and his Ministers; upon their more truthful announcement of Canadian Affairs, more especially as their getting into power, had nothing to do with it. Their old "blue ruin cries" still remain, alongside of which, we now deposit; the better story of the Throne speech. They are fairly and flatly contradictory. Perhaps, we should not expect otherwise, for the experience of the electoral campaign; gave the people such a dose of Liberal contradiction, both self-contradiction, and contradiction of each other, such as Canada never had before, and let us hope, will never have again.

## During The Week

Crises in British politics in these days are like ocean waves following one another in quick succession, with the tenth wave a little bigger than the nine that went before it. The present chief disturbance is connected with conditions in India, which appear to be going from bad to worse.

The immediate sensation was caused by the publication of a despatch addressed by the Government of India to Right Honorable Edwin Montague, Secretary of State for India, urging the necessity for a revision of the intensity of the Mohammedan feeling there. The Indian Government lays special emphasis, subject to the safeguarding of the neutrality of the Dardanelles on the following three points:

- (1) Evacuation of Constantinople
- (2) Suzerainty of the Sultan over the Holy places.
- (3) Restoration of Ottoman Thrace, including Adrianople and Smyrna.

The fulfilment of these three points, it is declared, is of the greatest importance to India.

Mr. Montague, without placing the report before the Premier or Cabinet gave it out for publication which has called for general condemnation and his resignation was called for and accepted.

By the action taken the Indian Government is charged with undertaking to dictate British policy in the Near East. This action is liable to embarrass Britain in her negotiations both with France and

Turkey seeking a working basis of understanding. To concede these claims would be to return to ante-bellum conditions returning to the unspeakable Turk all that has properly been taken from him. The fated beast has always profited by the dissensions of other peoples. To think of making these concessions would be to inflame Greece, Roumania, Serbia and other bordering States. The whole of South-eastern Europe would be aroused. This message comes on the eve of the important Near East Conference in Paris of March 22, between Britain, France and Italy, when the Treaty of Sevres will be discussed, and causes indignation and embarrassment. The Imperial Government which has allowed great latitude to fanatical leaders in India is waking up to the necessity of taking stern measures to suppress sedition and as a beginning Gandhi, who has been invested by the natives with supernatural qualities, has been arrested. It is quite possible that Lord Reading, the Vice-Roy may be recalled. The outlook is far from peaceful.

### RECEPTION

Mrs. A. B. C. pp, wife of the Secretary of State held her first reception in Ottawa last week. Mrs. Herbert Horsey received with her. The tea table was presided over by Miss Carmichael of New Glasgow assisted by Miss Coutu and Miss Katherine Lynch of Fredericton.

## WHEN LINCOLN FIRST ENTERED PUBLIC LIFE

Ninety years ago, almost to a day a young Illinoisan, aged twenty-three announced his candidacy for a seat in the Legislature of this State as a representative from Sangamon Co. in his published address to the voters of the district he wrote:

"Every man is said to have his peculiar ambition. Whether it be true or not, I can not say, for one that I have no other so great as that of being truly esteemed of my fellow men by rendering myself worthy of their esteem. How far I shall succeed in gratifying this ambition is yet to be developed. I am young and unknown to many of you. I was born and have ever remained in the most humble walks of life. I have no wealthy or popular relatives or friends to recommend me. My case is thrown exclusively upon the independent voters of the country and if elected they will have conferred a favor upon me for which I shall be unremitting in my labors to compensate."

The young man was a grocery clerk and his name was Abraham Lincoln. He had lived in the Country less than a year. His campaign:

**SEIGEL'S SYRUP**  
In thousands of cases Mother Seigel's Syrup has proved effective in permanently banishing REMOVES digestive troubles even when they have been of long standing. If you suffer, put it to the test after your next meal. 3-21

ing for office was interrupted by three months' service as a soldier in the Black Hawk War. On election day he was defeated (although he received the support of one-third of the voters in the district. Two years later he ran again and was elected.

That young man in politics had the right idea. Office holding was to him primarily an opportunity to give service to the public. And he gave it

Sixteen years after his first adventure in politics this same Illinoisan's political campaign was coming on. He wrote from Washington to his young law partner William H. Herndon:

"Now as to the young man. You must not wait to be brought forward by the older men. For instance, do you suppose that I should ever have got into notice if I had waited to be hunted up and pushed forward by older men? You young men get together and form a 'Rough and Ready Club,' and have regular meetings and speeches. Let everyone play the part he can play best—some speak, some sing and all 'holer."

That is good advice today. The young man in politics is the hope of the country. His is the fresh voice, his are the new ideas, his are the generous impulses. He should appeal as did young Lincoln, to the independent voters. Rousing Lincoln had nothing to offer save faithful and intelligent service. His life was before him and its success was to depend upon the quality of the service to be performed by him. The public spirited young men of today are in the same position.

They should unite on a platform of service. The nation is their heritage. They should rescue it from old abuses, old policies of narrow self-interest end in selfishness and spoils.

### PUBLIC OWNERSHIP

Hon. T. A. Crerar, the Progressive leader, who has at his back practically a solid Canadian West, told Parliament on Tuesday, "I am a believer in public ownership of utilities," and then declared for business administration of those utilities. That is the essential of all business success. Where there has been business management there has been success under both public and private ownership of utilities.

LISTENING TO MUSIC

When you attend a concert or hear
anyone play or sing, do you listen to
the music, or just hear it?

Railway News
in Brief

Captain W. J. Boyce, one of the
most popular shipmasters in the
Coast service of the Canadian Pacific
Railway, and now master of the
steamer Charmer, has been elected
to the presidency of the Canadian
Merchant Service Guild and the
British Columbia branch of the
Canadian Navigators' Federation.

Report from Victoria says: Tenders
will be called by the Canadian
Pacific Railway for the repair of the
steel car-barge No. 8, recently
salvaged, after being ashore at Lorier
Pass, immediately following the
completion of the survey to ascertain
the full extent of the damage.

Col. Moore, who is manager-in-
chief of the big winter carnival at
Banff, to be held from January 25
to February 4, is making elaborate
preparations to put the sportiest
over in grand style.

Honore LaRose, whose record of
40 years' service as conductor of
the Canadian Pacific Railway, has
probably never been eclipsed in the
history of the Company, has passed
away in Vancouver, he was super-
annuated five years ago.

Mr. LaRose was a bachelor and
had no near relatives. He was born
in Quebec and commenced his rail-
road career as a messenger boy
while still in his teens.

Winnipeg.—Twenty entries al-
ready have been received for the
duke race to be run on the
Winnipeg Winter Carnival, the
carnival committee announced to-
day. The race will be from
Winnipeg to a distance of
W. Hunt, of the Northern Electric
Company, is chairman of the
team races. As a preliminary to the
Winnipeg Winter Carnival, a recep-
tion and mid-night frolic will be
held at the Royal Alexandra Hotel, on
afternoon and evening of Tuesday,
January 17, the carnival committee
has announced. The carnival
will open two weeks later. The
entire ground and first floors of the
Hotel will be given over to the recep-
tion and frolic, and the whole affair
will revolve about the 24
for Carnival Queen.

Excavation work in connection
with the twenty-story tower to be
added to the Quebec Postoffice
Quebec, has been commenced. The
excavation will be situated on the
ground heretofore occupied by the
old kitchen on Des Carrires Street
which is being demolished to make
room for the building of the tower.
Dynamite had to be used at times to
loosen the soil, stones and debris
which had the effect of twisting the
steel girders into various shapes
which now can be seen in the court-
yard of the Postoffice with piles of
debris that are being carried away
to a dump as quickly as possible. Mr.
Mitchell, the energetic superintendent
for the contractors, expects to
have the other third removed with
in the next ten days. The
excavation work for the foundation
will be rushed. In the meantime the
Donation Bridge Company's
contractors for the steel and its
erection, are shipping the material
to Quebec daily, and it is expected
that the frame work will be well on
the way to completion by the be-
ginning of next summer, though it
will take more than another two
years to complete. The extension of
tension and improvements which,
when completed, will put the
Chateau in an exceptional position by its
architecture and unique situation in
comparison with all other hotels on
the American Continent.

During the present season the
Canadian Pacific has hauled 2,048
cars of grain, containing 4,285,903
bushels, which have been unloaded
to the elevators at West St. John, as
compared with 2,063 cars, with 3,
478,545 bushels during the corre-
sponding season. The elevators at
West St. John contain a million and
a half bushels of grain. There has
been a general falling off of import
freight during the last few days, but
the totals are considerably ahead of
the same period twelve months ago.

Quebec.—Reports have been re-
ceived of the discovery of a mine
near Onslow Corners, Que., by Mr. J.
I. Turner which it is claimed the ore
assays gold and silver, and it is
understood he has returned \$100,000
for it.

The building of the new C. P. R.
station at Carleton Place is going
ahead rapidly. The slate roofing be-
ing almost complete, and it will not
be long before it is ready for use.
The new platform in front of the
station is seventy-five per cent. com-
pleted, and the pouring of concrete
for floors has been commenced in
the waiting room. Improvements
have been made by the erection of a
long island platform, and when the
building is opened Carleton Place
will be able to boast of a station,
not only comfortable, but suitable to
the requirements of the town.

Railway News
in Brief

Moose Jaw, Sask.—Good progress
has been made during the past
month with the work of finishing
the interior of the C. P. R. Office
Building in connection with the new
station here. The contractors ex-
pect that the building will be ready
for occupancy by April 1. This will
complete one of the finest stations
west of Winnipeg.

Vancouver, B.C.—The Committee
of the Board of Trade was told by
W. B. Lanigan, traffic manager of
the C. P. R., at a conference that
the freight classification No. 11
which was prepared in 1919 has been
shelved, and an entirely new list is
at present being prepared.

There was considerable discussion
in regard to the retention of the
existing trade lists, under which
shippers can mix certain commodi-
ties in the same cars for shipping.
Local business men were afraid that
the present trade lists would be
interfered with to the detriment of
their business, but Mr. Lanigan gave
an undertaking that there might be
a modification in the existing ar-
rangements, but it would not be of
such a nature as to interfere in any
material way with business.

Much satisfaction was expressed
by the Board members at this assur-
ance.

Kingston, Ont.—The Royal Mil-
itary College at Kingston has just
received some interesting relics pre-
sented by prominent C. P. R. offi-
cials. Mr. E. W. Beatty, K.C., Presi-
dent of the Canadian Pacific Rail-
way has sent two splendid war
relics in the form of a Prussian hel-
met and a regimental flag captured
from the enemy during the late war.
Mr. Beatty, who is a member of the
college governing board, is taking a
keen interest in its progress and his
gifts have been placed in the staff
mess.

A number of very interesting and
serviceable articles have been hand-
ed to the college by Colonel F. L.
Wanklyn, of the board of governors,
one of which, an umbrella, is made
from a massive shell-case in the
"entre-soi" to the mess. Other
gifts from Colonel Wanklyn include
a handsome table lamp constructed
from an 18 pound shell, a tobacco
box made from a shell case, and a
fine engraving depicting "The Sur-
render of Cronje." The latter is
particularly appropriate as framed
around a photograph of the ex-offi-
cials who were in the South Africa War
and have been preserved and will be
hung on the walls in proximity to
the picture of the dawn of Majuba.

Colonel Wanklyn has also given
the college a splendid picture en-
titled "Rivals," which is composed
of composite photographs taken of
lightning and an express train.
This picture hangs in the cadets'
mess.

Mr. A. D. MacTear, of the C. P. R.,
has also presented an engraving of
the painting entitled "Comrades" to
the college. This wonderful Scot-
tish picture has been much admired
by those who have seen it, and the
kindness of these friends of the
Military College is appreciated by
all connected with the college, as is
apparent from the many happy re-
marks heard.

Vancouver, B.C.—The "Princess
Louise," all-British Columbia built
and newest addition to the coastwise
passenger fleet flying the house-
flag of the Canadian Pacific Rail-
way, will be ready for commission
shortly, it was stated by Capt. C. D.
Neroutos, marine superintendent,
British Columbia Coast Steamship
Service.

"Princess Louise" will first be
operated, Capt. Neroutos states,
on the route between Victoria and
Vancouver, which will be in the na-
ture of a thorough test of the boat's
machinery before she is sent north
to Alaska, for which service the
"Princess Louise" was designed. The
Alaska service between Victoria,
Vancouver, Prince Rupert and Skag-
way will be maintained by the
"Princess Louise" from the time
she is put into commission for the
northern run until June next, when
the summer schedule of the Alaska
route will go into effect.

The first of the sailings under
the summer schedule will be tak-
en by the "Princess Louise" leav-
ing Victoria June 9 at 11 p.m.,
and clearing from Vancouver at 9
p.m., June 10. The "Princess Louise"
will be operated to Alaska this sum-
mer in conjunction with the "Prin-
cess Alice." These two splendid
boats will give the Alaskans the
finest steamship service they have
ever had. It will amount to approxi-
mately a semi-weekly schedule. The
summer schedule of the "Princess
Louise" from Victoria to Alaska is
as follows: June 9, June 23, July 4,
July 14, July 25, August 4, August
15, August 25.

The schedule from Victoria of the
"Princess Alice," which will alter-
nate with the new boat, is as fol-
lows: June 16, June 30, July 11,
July 21, August 1, August 11, Aug-
ust 22 and September 1.

Sailing from Victoria and Van-
couver will give the Alaskans the
finest steamship service they have
ever had. It will amount to approxi-
mately a semi-weekly schedule. The
summer schedule of the "Princess
Louise" from Victoria to Alaska is
as follows: June 9, June 23, July 4,
July 14, July 25, August 4, August
15, August 25.

## OBITUARY

**JOHN FORAN**  
John Foran, well-known farmer, of Newcastle, passed away at his home, Upper King street, on Tuesday morning, after an illness of several months. He is survived by a widow, and a large family. His sister, Mrs. Ellen McCourt, predeceased him about a week. The funeral took place at 10.45 on Thursday morning, interment in St. Mary's cemetery.

**JAMES MACKAY**  
The death of Mr. James Mackay, a well-known and highly respected citizen of this place occurred at his home on Water Street on Tuesday, March 14 at the age of 70 years. Deceased had been in poor health for a number of years, but was always able to be about up until about three weeks ago, when he took seriously ill and death claimed him as a victim. He is survived by four sisters—(Mary) Mrs. Peter Burg, Tacoma, Wash.; (Eliza) Mrs. Owen Sullivan Moncton; (Ellen) Mrs. Geo. McKay Newcastle and (Euphemia) Mrs. Jas. Duffy, whom he resided, and one brother John of Tacoma, Wash.

The funeral was held Thursday morning at 9.4 a. m. to St. Mary's Church where requiem high mass was celebrated by Rev. Fr. Dixon, interment in St. Mary's cemetery. The pall-bearers were—Thos. Norton, Wm. Copp, James Murphy, Martin Murphy, Peter Dunn and Patrick Dunn.

**WHEN THE PAPER DOESN'T COME**  
My father says the paper he reads ain't put up right. He finds a lot of fault, he does, per- usin' it all night. He says there ain't a single thing in it worth while to read. And that it doesn't print the kind of stuff the people need. He tosses it aside and says it's strictly on the bum— But you ought to hear him holler when the paper doesn't come.

He reads about the weddin's and he snorts like all get out. He reads the social doin's with a most derisive shout. He says they make the papers for the women folks alone. He'll read about the parties, and he'll fume and fret and groan; He says of information it doesn't have a crumb—

But you ought to hear him holler when the paper doesn't come. He's always first to grab it and he reads it plumb clean through. He doesn't miss an item or a want ad—that is true. He says they don't know what we want, the darn newspaper guys I'm going to take a day sometimes an' go an' put 'em wise; Sometimes it seems as though they must be deaf and blind and plumb— But you ought to hear him holler when the paper doesn't come' —Selected—Waterbury American

**WHICH ARE YOU GOING TO BE**  
Sixty-five years ago three young men who were friends were equally successful in business, and while they were young men, they were prosperous. Two of them planned for the future while the other thought only of today. To-morrow seemed a long way off,—as time passed, busi- ness was not as good as it had been and today these men, now old, are unable to work and only the two who looked ahead are independent while the third is dependent upon his friends and relatives.

You too, can be independent and at a very small cost. We can assure you of a permanent income for life.

## FRASERS LIMITED ANNUAL MEETING

**Optimism the Key Note of the President's Address in His Review of the Year's Business.**

Edmundton, N. B., March, 19—The annual meeting of the Fraser Companies Limited was held here yesterday when the financial statement for the past year was adopted and officers re-elected.

President Fraser in his review of the year's business said:

"In the face of unsatisfactory demand and declining prices for your company's products, namely, lumber and bleached and easy bleaching sulphite, pulp, your company's operations have been steadily carried on throughout the year."

Mr. Fraser also said. "It is felt that your company's position from now on will show steady improvement and that the combined effect of writing down inventories to market values and the influx of raw materials at low prices will result in a satisfactory showing for the current year."

Net profits from the company's operations for the year amounted to \$1,001,450 from which is deducted \$190,227 for bond interest and \$383,873 for other interest, leaving a balance of \$408,350, which added to last year's surplus, left a total of \$2,745,141.

From this balance there was appropriated depreciation amounting to \$235,463, annual proportion of discount on securities sold \$31,500, and for payment of Dominion government taxes for previous years \$249,141.

In view of the decline in replacement value of logs and manufactured lumber, pulpwood and supplies, the company wrote its inventories down to market value by appropriation of \$1,000,000 from profit and loss for this purpose.

After the above deductions there remained at credit of surplus account \$783,112.

## Spring Impurities Due To Poor Blood

**A Tonic Medicine a Necessity at This Season**

Dr. Williams' Pink Pills are an all-year-round tonic for the blood and nerves. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other season when the blood is so much in need of purifying and enriching, and every dose of these pills help to enrich the blood. In the spring one feels weak and tired—Dr. Williams' Pink Pills give strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion.

It is in the spring that poisons in the blood find an outlet in disfiguring pimples, eruptions and boils—Dr. Williams' Pink Pills clear the skin because they go to the root of the trouble in the blood. In the spring anaemia, rheumatism, indigestion, neuralgia and many other troubles are most persistent because of poor, weak blood, and it is at this time when all nature takes on new life that the blood most seriously needs attention. Some people dose themselves with purgatives at this season, but these only further weaken them selves. A purgative merely gallops through the system, emptying the bowels, but does not help the blood. On the other hand, Dr. Williams' Pink Pills enrich the blood which reaches every nerve and every organ in the body, bring new strength and vigor to weak easily tired men, women and children. Try Dr. Williams' Pink Pills this spring—they will not disappoint you.

Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co. Brockville Ont.

## PERSONALS.

Mr. H. A. Powell, K. C., of St. John was in town on Saturday.

Montreal, Que. Mar 10

The Editor;

"Union Advocate"

Newcastle, N. B.

Sir:

I do hope and pray that the present Government which has just been voted into power by his Country will see their way clear to amend the criminal Code for the purpose of abolishing the Death Penalty in this young Nation.

In my opinion, the Law, as it stands today, comes in direct conflict with Christianity. We are safe in saying that Capital Punishment is in flagrant contravention of the teachings of our Lord and Master; a usurpation of power that no custom can justify; a rebellious defiance of the teachings of our Saviour who came upon this earth to teach mercy, truth and forgiveness.

No country can ever hope to prosper which retains capital punishment on its statute books. Capital punishment and Christianity can no longer march shoulder to shoulder. We are coming to the parting of the ways. Christianity objects to capital punishment because the Lord Himself condemned it.

Legalized killing must go. It is the only form of crime denied the individual but preserved in the process of the State. It fails in its aim to serve society. It writes God's Law in earthly statute books and becomes the chief offender. It destroys; but it cannot renew. It punishes; yes, if we think of the broken hearts of wives and mothers and innocent babes. It works an example; true, but an example of blood and revenge and murder, and as it sows, so it reaps. It protects; aye, it protects the world from one man's hand that may easily be held, but it gives no shield against the malignity of a thousand passions by its crime unloosed. It deters; but deters only love and good and the growth of the brotherhood of man. Criminal tendencies are due largely to conditions for which the State, rather than the individual is responsible.

Because the commandment, "Thou Shalt Not Kill" applies to State as well as the individual. That imperative command issued amidst the thunders of Sinai leaves no room for debate or doubt; it is succinct, positive, direct, and comes direct from the Father. The Command is still here, old, but ever new immutable imperishable, and leaves no space for quibbling or dissembling.

"Vengeance is mine; I will repay, saith the Lord." Theoretically, we still believe in the latter statement. We think that he who takes the life of another will suffer in the next world; and we are impatient with the Lord's slowness, we desire to help Him out; to expediate matters, by sending the offender to his

**BEAUTY OF THE SKIN**

is the natural desire of every woman, and is obtainable by the use of Dr. Chase's Ointment. Pimples, blackheads, roughness and redness of the skin, irritation and eczema disappear, and the skin is left soft, smooth and velvety. All dealers, or Edmanston, Bates & Co., Limited, Toronto. Sample free if you mention this paper.

**Dr. Chase's Ointment**

doom as quickly as can decently be done—so we hang him. This would be extremely laudable could we exhibit the badge of a Divine Deputy-sheriff, but lacking this, it is mere meddling with the affairs of the Almighty and raises the question whether we are not collectively as criminal as the unfortunate we hang. And if we analyze our feelings we are likely to find underneath, a distorted idea of ourselves as administrators of Eternal Justice, a large residuum of that very feeling of revenge which is without reason; the relic of savage impulse and often differing little from the motive of the murderer himself.

The abolishment of capital punishment is an appeal to man's better nature, not his baser; to his reason, not his passion; to his thought, not his prejudice; to his hope for the future, and not his pitiful blindfold reverence for the customs of a dark and sanguinary past.

Capital punishment is unjust to the criminal; he has no chance to reform. He is sent into eternity regardless of whether his soul is saved or not. It is unfair to his family; it disgraces them and robs them of any means of support. If you doubt it, ask any one who has known of a family where the parent has been hanged, and knows how they have been hounded from one city to another. Capital punishment makes no allowance for varying degrees of guilt. It is irrevocable. It is wrong in principle. The State has no right to take life. Killing by a group of people is no more right than killing by one person. We claim that the Law of Moses, "Thou Shalt Not Kill" applies to the State as well as the individual. The same arguments for capital punishment were formerly advanced for torture. Statistics show that murderers have decreased in the countries and States which have abolished capital punishment. Life imprisonment is better; it is more effective as a deterrent. Condition is more certain, and it is the certainty, rather than the nature of the punishment which deter-

**LUXOR**

SMOOTH—FRAGRANT—SATISFYING

its duration makes it a more severe punishment. It offers adequate protection to society. It prevents murderers from committing new crimes,

Yours truly,  
R. BICKERDIKE

**ANNUAL REPORT OF CHIEF GAME WARDEN**

Chief Game Warden L. A. Gagnon's annual report, his 5th since he assumed office appears, in the 61st annual report of the Crown Lands Department which was tabled in the legislature recently, as follows:

We had a few more American hunters of big game than last year, but the number of resident hunters has decreased by about 3,000. This is no doubt due to the prohibition of the sale of game meat in open market which was in effect this year, and to my mind is a very good feature, as it goes to show that the pot hunters have given a rest to our big game this year, and it shows the wisdom of this provision of our game laws. In the appended table of big game killed it will be noticed that there are 563 moose and 1,027 deer

**How's Business?**

Advertising, backed up by the right spirit, the right goods and the right service, can rescue a sinking business and will make a prosperous business more masterful in its own community.

When John Wanamaker, the Prince of Merchants, began business, he resolved to force matters. He was not content to WAIT to be found out—he DETERMINED TO BE found out. In short, he advertised. He threw on his business, small as it was, the light of publicity, and the public of Philadelphia entered the shop on which the light shone.

In this community the public is entering those shops on which the light of advertising is falling.

**A Word to the Public**

Be sure of this: those who are using our columns week after week do not give you poorer goods or service, or have higher prices.

Shops which are illuminated by advertising court with full confidence your favor.

**Shop Where You are Invited to Shop**

**MURINE** Night and Morning.

less killed by residents than last year. The open season for partridge this year was very successful, quite a large number of partridge were killed and the restrictions on the hunters of these birds were generally well observed. Partridge are apparently quite plentiful in the province yet and no doubt it will be wise to have a short open season again next year. Our newly revised game laws,

while no doubt, not perfect, have apparently given general satisfaction, and I do not recommend any changes for next year.

We had 116 cases of game law violation before the courts, the fines imposed in these cases aggregated the sum of \$6,767, and the amount realized out of the sale of fire arms and different articles confiscated in violation of the game law amounted to about \$1,500.

Unfortunately I have to report eleven cases of death from accidental shooting in the forest during the open season for big game, two from drowning and twelve injured. When these cases came to my notice they were immediately investigated, and

some of the parties concerned were brought to court, and fined for violation of our game laws.

The number of big game animals killed was:  
By residents—Moose, 775; deer, 1,244.  
By non-residents—Moose, 247; deer, 636.  
Total number of moose, 1,016; total number of deer 1,880.

**WILLING TO CUT HIS INDEMNITY**

One member of parliament has risen in the House to urge that his own indemnity along with those of the 234 other members of the Commons, be cut down. In the course of his speech in the debate of the address last night, T. E. Ross, Progressive member from North Simcoe, urged the government to practice strictest economy. He said he would go further, and would make a suggestion which probably would not be favorably received by his fellow members. This was that the legislation should be introduced in the present session to reduce the members indemnity from \$4,000, where it now stands, to \$2,500, the point from which it was increased two sessions ago.

The increase at that time, said Mr. Ross, had not been justified. He admitted that "the laborer was worthy of his hire," and that employing cheap men was not always economy, but he believed the indemnity should have remained at the former figure and he would support any move to get it back there. The member for North Simcoe added that he was making the suggestion voluntarily.

The attendance in the chamber was very light and Mr. Ross's suggestion was not received with any outburst of applause. Instructive in the main, were the comments of successful and defeated candidates in the recent federal elections on the Dominion Election Act, according to the report of the chief electoral offices, tabled in the House of Commons yesterday.

There were 597 candidates in the field, but though all of them were asked for suggestions regarding amendments to the act, only thirty-one replied.

Several of the candidates found fault with the method provided for the making of lists. One of the defeated candidates in Halifax told of a man being registered in five different places and his name being voted on at each.

The time for making lists was too short, in the opinion of many candidates, and candidates found themselves without copies of the official lists almost to the day of polling. There was much complaint of confusion from this cause.

A former minister of the crown, writing from New Brunswick raised the question as to prohibition of payment to anyone for the conveyance of electors to the polls. This cause, he said, "was flagrantly violated in nearly every constituency. It is impossible to convince the bulk of the electorate that they are committing any moral wrong in demanding conveyance to the poll or accepting it."

He suggests that parliament consider some means of reimbursing candidates who receive more than a certain percentage of the votes cast, for a limited expenditure for this purpose.

**SPARE THE MILK; SPOIL THE CHILD**

Importance and Value of the Product of the Dairy Cow. Every family in Canada is vitally concerned in its main food supplies. Among them milk and milk products are as indispensable in the diet of both child and adult as is bread itself. Referring to child nutrition, Dr. A. J. Amyot, Deputy Minister of Health, recently made the statement that there are many under-nourished or improperly fed children in this country, whose condition both physical and mental, would be greatly improved by the more liberal use of milk in the diet.

In a pamphlet just issued by the Dominion Department of Agriculture, Ottawa entitled "Why and How to Use Milk", of which Miss H. C. Campbell of the Dairy Branch is the author, it is stated that milk contains all the requirements for the growth and repair of the body. Milk contains protein from which to build new cells and repairs worn-out tissues. It contains fat and sugar, which serve as a source of heat and energy for muscular activity, and mineral matter, which has a regulatory effect and enters into the composition of the body, especially as regards the bones and teeth. The deficiencies of other foods are counterbalanced by milk in the diet. When milk is served with cereal, with bread, or other food made from grains, not only are the nutrients in milk used, but much other protein is conserved for body uses which would otherwise be wasted. Butter, for which there is no real substitute as a beneficial food, is made from cream, and cream is whole milk with a large percentage of that soluble fat without which the normal growth and development of the body or of the mental powers are impossible. All the good of the milk is not taken off with the cream-fat from it. It still contains the protein, mineral matter and vitamins necessary, to build bone and make blood. Nor is the food value of milk destroyed when it sours. Made into cottage cheese one pound contains as much protein as a pound of meat, and who can deny the deliciousness of sour milk biscuits and griddle cakes?

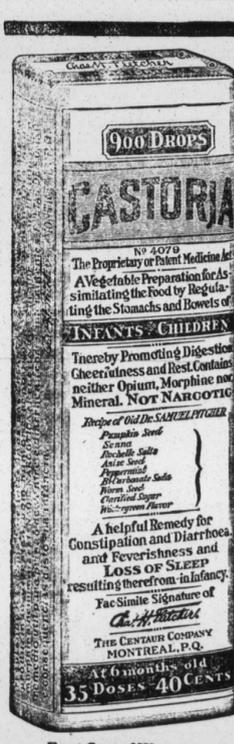

Butter-milk has a food value equal to that of skim-milk or sour milk, is easily digested and is delightfully refreshing to drink. Condensed milk is useful where fresh milk is not obtainable, but is not suitable as a permanent diet for babies. Evaporated milk will keep indefinitely if sealed, but when uncovered should be used as quickly as fresh milk. If given to children, fresh fruit juice should be added to the diet.

One particularly interesting piece of information in Miss Campbell's pamphlet is a description of the manner in which milk can be pasteurized at home, thus being freed of any possible obnoxious germs, with practically no expense and with only a modicum of trouble. People who regard ice cream as a mere luxury are mistaken, it is a real food. In conclusion it may be stated that forty-nine recipes are given in the bulletin referred to for making delicious dishes, in all of which milk is the principal or most important ingredient.

**FATHER DELORME AT BORDEAUX JAIL**

Rev. Father Delorme, under charge of murdering his half brother, Raoul Delorme, Ottawa student, this morning, was at Bordeaux jail, where he is undergoing observation by experts to determine whether or not "he is in a fit state mentally to undergo trial."

His preliminary enquete was adjourned for a week.

**Strength**  
 Strength of muscle does not indicate strength of nerves. On this account many people who look healthy enough suffer from nervous troubles and cannot understand what is ailing them. Sleeplessness and irritability are among the early symptoms. Indigestion and tired feelings soon follow.

Read this letter from an Ontario man:  
 Mr. W. L. Gregory, Charles St. E., Ingersoll, Ont., writes:  
 "I had been troubled for quite a while with indigestion. At times there would be a twitching of the nerves of my stomach; and I also found it difficult to get a good night's sleep. I am a moulder, and owing to the nature of my work my system became run-down. I took a treatment of Dr. Chase's Nerve Food, and found great benefit from this medicine. They did me a great deal of good. I have not been bothered at all with indigestion since, and can sleep much better. I have recommended Dr. Chase's Nerve Food to many of my friends, as I think it splendid for anyone run-down and needing a tonic."  
 Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmansod, Bates & Co., Limited, Toronto

**TRY THIS TRICK**

"Stand about eighteen inches from a wall, facing the direction parallel with the wall, with your arms hanging relaxed. Stiffen the arm next to the wall and move it away from the body until the back of the hand comes into contact with the wall. Then stand firm and press the back of the hand against the wall as hard as possible, for fifteen seconds. Relax the arm, step away from the wall and this, in the words of scientists, is what will happen:  
 "To the observer's astonishment, the arm will slowly rise, without his making any voluntary effort until it reaches an approximately horizontal position; it will remain there for a few seconds and then fall back. While the phenomenon is taking place, the observer has the sensation that his arm is raised by an exterior force which is quite independent of volition."

ing from a tow line storm cloud lit up the town, and with a crash which rocked buildings burst into three forks of lightning which struck the earth miles apart. One fork set on fire the barn of George Waller on McClure's road, another killed a horse in the stable of George Archibald on Robie road, about two miles due north of the Waller place. The Waller barn was destroyed by the fire. When the lightning bolt fell, C. H. Weatherbee was in the act of throwing coal into the furnace of his residence. The shovel was wrenched from his hands and flung to the ceiling of the basement. Beyond a shock of surprise he sustained no harm.

# Local and General News.

### REHEARSING

The members of St. James' Church Young Women's Club are busily engaged rehearsing a play which they purpose presenting some time in May

### CONVENTION

The House of Assembly will adjourn on Thursday night for the week end at the request of the Opposition because of the convention which is to be held in Fredericton on Friday.

### PROVINCIAL OPPOSITION CONVENTION

A Provincial Opposition Convention is to be held in Fredericton on Friday. The sessions of the convention are to be held in the G. W. V. A. Hall.

### WILD GEESSE HAVE ARRIVED

Large flocks of wild geese have passed over New Brunswick during the past week, indicating a reasonably early spring. The geese were headed in the direction of the feeding grounds in Northumberland Strait

### PICTURE SHOW

"The Hatching and Raising of Chickens" will be shown by way of pictures in the Town Hall, on Thursday evening. Mr. R. R. Wilson, Dominion Poultry Superintendent, will give an interesting talk on the above subject which is both entertaining as well as instructive. The admission is free and all are cordially invited to be present.

### FIRM ALARM

The Fire Department was called out last Friday afternoon for a blaze on the roof of Mr. Andrew McKenzie's residence. The fire was kept under control by neighbors with water thrown from buckets until the arrival of the department, when it required only the work of a few minutes to extinguish it entirely.

### UNDERTAKING PARLOR

Mr. L. A. Morrison, who has lately returned from Syracuse, New York, where he successfully passed the examinations for Embalming and Funeral Directing, has been engaged by Mess. A. J. Bell & Co., who have opened up an Undertaking Parlor in their store and are now prepared to receive orders. Their announcement will be seen in this issue elsewhere.

### MARY ELLEN "THE SPOOK"

Macdonald's Farm spook has been laid, and in the opinion of Dr. Prince, the so-called ghost is none other than the adopted daughter of the home, Mary Ellen, who is said to be possessed of a "discarnate intelligence." Whether this is the same trouble that used to afflict those of whom we read in the Scriptures as being "possessed of a devil," we do not know; but as far as we can judge, the effect upon the individual seems to be much the same. Many of the occurrences were so strange as to justify the conclusion that his Satanic Majesty must surely have a hand in them.

### THE HEALTH LAW TAX

Chatham World: Northumberland has been condemned by the Supreme Court to pay the thousands demanded by the Foster Government on Health account. Of course. There was no possibility of escape. Other counties had been ordered to pay, and there was no sense in paying a lawyer to defend the case. The four county members are supporting the Government just the same. But if the late J. W. Vanderbeck were in the House instead of his son, there would be one county representative to protest and to fight against it and against the makers of the law that imposes the heavy burden on this county.

**FITS** Stinson's home treatment for epilepsy. Twenty years' success. Thousands of testimonials. No case should be considered hopeless. Write immediately for free booklet. Wm. Stinson Remedy Co., of Canada, 2611 Yonge Street, Toronto, Ontario

## SAILING FOR ORIENT NEXT THURSDAY

Rev. and Mrs. W. B. Williston of Bay du Vin will be among those who sail from Vancouver for the Orient on the Empress of Russia on Thursday. After two years on furlough, Rev. Mr. Williston is returning to his work in the Mission fields in Central China. Mrs. Williston and their two children will accompany him on the Empress of Russia. Mr. Williston was for ten years stationed in the Province of Schewezan, in Central China, and it is his intention, on his return, to start from the outskirts of his former district and work towards the borders of Tibet.

### SALE THIS WEEK

The sale of angling, leases in the province will take place in Fredericton tomorrow, Wednesday.

### SPECIALS

Mitchell's Meat and Grocery Store are putting on Saturday Specials. Read their advertisement elsewhere in this issue and save money.

### A LUMBER SALE

Mr. Neale, the Miramichi lumberman, has made a sale of deals at \$22 a thousand, loaded, equal to \$17 to \$17.50 net—Moncton Transcript.

### ACKNOWLEDGMENT

The Miramichi Hospital Aid, gratefully acknowledges the receipt of an Electric Sterilizer for use on the second floor of the Hospital from the Chatham Auxiliary.

### BOARD OF TRADE

A meeting of the Newcastle Board of Trade was held last evening in the Police Magistrate's Office in the Town Hall. Mr. E. A. McCurdy tendered his resignation as Secretary, which office he has held for fifteen years.

### OUR M. L. A.'S

The Northumberland independents' position is regarded as more or less defined by last week's events. It appears that Mr. Fowle, the Farmer member of the quartette, who had spurned invitations to attend the Government caucuses both last session and this year, actually attended the Progressives' caucus, and he is therefore now regarded as a Progressive, as a result, although he doesn't appear to have made application for a seat on the Speakers left instead of his right. It is said that Mr. Martin, the Northumberland Labor leader, sought an invitation to the Progressives' caucus, but inasmuch as he had been attending the Government caucuses, it was not thought advisable by the Farmers that he should be present.—Exchange

## FIRE MARSHALL'S DEPARTMENT BUSY

Fire Marshall H. H. McLellan, accompanied by Charles Robinson, secretary, left St. John yesterday morning for St. Anthony, Kent County, for the purpose of holding an investigation into the cause of the fire which occurred there on Saturday 11th inst by which eleven buildings were destroyed. It is their intention to conduct an investigation, into the cause of the recent fire at Moncton; and also at Sussex, where the High School was recently destroyed by fire. The Fire Marshall and Secretary have visited many of the towns on the North Shore, and local assistants to the Marshall have already been appointed. Last week they were in Newcastle and inspected many buildings with a view of having them condemned and torn down.

### MILLINERY OPENINGS

The Millinery Openings of Mrs. A. H. Cole and Miss A. A. Morris are being held today.

### MEETING WITH SUCCESS

Captain J. A. Goodwin of the local Salvation Army Corps, returned last week from Kent County where he put on the Self Denial Campaign. The Captain met with a grand response and was successful in putting the campaign over his quota. He met with great success in Richbucto and Rexton and secured the handsome sum of \$316.00 from this district. On Sunday last the Captain preached in Black River and his meeting was crowded. This week he will be busy looking after the Self-Denial Campaign in the Chatham District, after which he will devote his time to New castle.

### OPERA HOUSE

The bill to be shown this week at the Opera House will be a good one. A number of the best films procurable have been secured for this week and advantage should be taken to see them. "Live and Let Live," one of the best dramas ever screened will be shown Wednesday and Thursday. This is a wonderful production worth seeing. Make it a point to see it and you will never regret it. "Mademoiselle Armentieres" will be played at the Opera House on Tuesday April 4th. It was played last week in St. John. Don't fail to see it. Mark this date on your diary so you won't forget it.

## LLOYD GEORGE TO ASK FOR VOTE OF CONFIDENCE

ications from Cricieth, Wales, is that Prime Minister Lloyd George will return to London next week and ask the House of Commons for a vote of confidence, says the Evening Star's political correspondent today.

The London press generally, however, continued to take for granted that the Premier intends to resign the Northcliffe papers, saying the question is not if, but when he will resign.

Most of the afternoon editions today featured the talk Mr. Lloyd George made in the Cricieth chapel yesterday, in which, referring to his having climbed the mountain of fame and responsibility, he said:

"The higher you climb the colder it becomes and the lonelier you find it. There you are open to every blast of wind and exposed to attacks of every kind."

## BABY'S HEALTH IN THE SPRING

The Spring is a time of anxiety to mothers who have little ones in the home. Conditions make it necessary to keep the baby indoors. He is often confined to overheated, badly ventilated rooms and catches colds which rack his whole system. To guard against this a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. This will prevent colds, constipation or colic and keep baby well. The Tablets are sold by medicine dealers, or by mail at 25 cents a box from The Dr. Williams' Medicine Co. Brockville, Ont.

## "LITTLE HELPERS OF THE W. A."

The work in the "Little Helpers" of the Front Roll and Babies' Branch of the W. A. has progressed very satisfactorily during the year. There has been a slight falling off in membership as a number of "Little Helpers" have reached the age limit of ten years, the girls with few exceptions have been transferred to the Junior W. A., the boys are retained as members of the Sunday School Front Roll. The Mite Box returns show an increase of \$1.64 over last year. Seventeen new names have been added to the membership roll making a total of seventy-four members. The use of the anniversary cards has been adopted, that is, on the anniversary of each child's birth a birthday card is sent them.

Below is the financial statement.  
Horace and Grace Filking \$1.00  
Allan and Melvin McLaughlin .50  
Alfred McLaughlin 1.00  
Gladys and Hubert Drillen .75  
Ruby McKenzie .55

## ST. PATRICK'S DAY

Friday was St. Patrick's Day, but the darkness of night still hovers over his island: though it may be that the hopes which are expressed that a glimmer of dawn will arrive ere long, are not in vain. St. Patrick was a great man, He is the only person who ever turned the whole spirit of Ireland. He did with prayer and without the shedding of a drop of blood what men later failed to do with fire and sword.

St. Patrick had courage. He went into Ireland when all the Druids were opposing him with magic and violence.

St. Patrick had patience, combating that Fate which seemed determined to keep him out of the land he was to evangelize.

St. Patrick was magnanimous, even toward the man who had mistreated him when he had been a slave.

In short St. Patrick was rich in the qualities which are so conspicuously absent in the Irish conflict now. He was a Scotsman with an unselfish mission, not a political agitator seeking to hold or gain power.

It takes a good man to be remembered gratefully, as St. Patrick is, after he has been dead fourteen centuries. And he will still be celebrated fourteen centuries hence, when the world has forgotten the crimes which today are committed in the island he served so well.

## "BUY AT HOME"

MEN'S, BOYS' and YOUTH'S

# Heavy Rubber Footwear

I have marked the above lines down to the last possible cent, to clear them out. Look me up and get my prices

## Driving Boots

At Special Prices to clear. Get around early as the quantity is limited.
