Editor World: I was gratified with the information lately received that the Ontario Government have placed a copy of Dr. Richardison's work on alcohol, which is the newly authorized temperance text Book for our public schools, in each of the cells of the present under their control. This is a step in the right direction. Many a prisoner may learn from this book some facts which bear on the probable source of his troubles, and which hand prevent a repetition of them in the future. Indeed, I am convinced that the sooner every boy is made acquainted with the facts of the coming generation on the probable source of his troubles, and which have prevent a fact of the coming generation on the probable source of his troubles, and which have prevent a fact of the coming generation on the probable source of his troubles, and which have prevent a fact of the fact of the coming generation on the probable source of his troubles, and which care of the fact of the coming generation on the guestion of the acquirement of alcoholic habit he put into the way of being secured.

BED-FAST
FOR MONTHS.

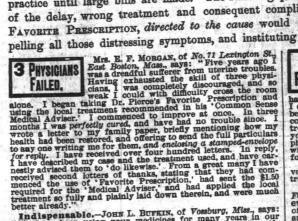

Rev. Sidney C. Davis, Pastor of First Baptist Church, Berrien Springs, Mich., writes: "I wish in this letter to express my gratitude for Mrs. Davis and myself for the great good which has been accomplished in her case by the use of your proprietary medicines. When we look back to the 'dark ago' of our married life, when disappointment and discouragement howered like a cloud of thick darkness about our home, we rejoice together and thank God that in your treatment was found the power to dispel darkness by bringing back health and joy. Mrs. Davis is now strong and vigorous. We have a daugiter fourteen months old who, as yet, has known no sickness. Those who visit us from our old field of labor, and were acquainted with Mrs. Davis' condition while there, express the greatest surprise to see how thorough is her recovery. It has now been nearly two years since Mrs. Davis ceased taking the medicine. When we consider that she had kept her bed the greater part of the time for fourteen months, and would lose repeatedly the advance she had made, her cure seems miraculous. We had almost lost confidence in medical practitioners and advertised remedies, but have found in your Dr. Pierce's Favorite Prescription and Pellets the remedies needed."

TREATING THE WRONG DISEASE.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here or there, and in this way they all present alike to themselves and their easy-going and indifferent or over-busy doctor, separate and distinct diseases, for which he prescribes his pills and potions, assuming them to be such, when, in reality, they are all only symptoms caused by some womb disorder. The physician, ignorant of the cause of suffering, encourages his practice until large bills are made. The suffering patient gets no better, but probably worse by reason of the delay, wrong treatment and consequent complications. A proper medicine, like Dr. Pierce's FAVORITE PRESCRIPTION, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery.

Indispensable.—John L. Bufkin, of Vossburg, Miss., says:

thinks they have not an equal; especially does she regard your
'Favorite Prescription' as indispensable."

All my troubles seem to be leaving me under the benign influence of your medicine, and I now feel smarter than for years before. My physicians told me that I could not be cured, and therefore you will please accept my everlasting thanks for what you have done for me, and may God bless you in your good works."

I doctored with an army of different physicians, and spent large sums of money, but received no lasting benefit. At last my husband persuaded me to try your medicines, which I was loath to do, because I was prejudiced against them, and the doctors said they would do me no good. I finally told my husband that if he would get some of your medicines, I would try them against the advice of my physician. He got me six bottles of the 'Piscovery', for ten dollars. I took three bottles of 'Discovery' and four of 'Favorite Prescription,' also six bottles of the 'Discovery', for ten dollars. I took three bottles of 'Discovery' and four of 'Favorite Prescription,' and I have been a sound woman for four years. I then gave the balance of the medicine to my sister, who was troubled in the same way, and she cured herself in a short time. I have not had to take any medicine now for almost four years."
