CONSTITUTION

OF THE

Church Society of the Diocese of Toronto;

INCORPORATED BY THE STATUTE OF CANADA, 7 VICTORIA, CAP. 68, FOR PROMOTING THE FOLLOWING OBJECTS;

- First—For the encouragement and support of Missionaries and clergymen of the United Church of England and Ireland within the Diocese of Toronto, and for creating a fund towards the augmentation of the stipends of poor Clergymen, and towards making provision for those who may be incapacitated by age or infirmity, and for the Widows and Orphans of the Clergy of the said Church in the said Diocese.
- SECONDLY—For the encouragement of Education, and for the Support of Day-schools and Sunday-schools in the said Diocese, in conformity with the principles of the said Church.
- THIRDLY—For granting assistance, where it may be necessary, to those who may be preparing for the Ministry of the Gospel in the said Church, within the said Diocese.
- FOURTHLY—For circulating in the said Diocese the Holy Scriptures, the Book of Common Prayer of the said Church, and such other Books and Tracts as shall be approved by the Central Board or Managing Committee of the said Association.
- FIFTHLY—For obtaining and granting aid towards the erection, endowment, and maintenance of Churches, according to the establishment of the said Church, in the said Diocese; the erection and maintenance of Parsonage houses; the setting apart of Burial-grounds and Church-yards; the endowment and support of Parsonages and Rectories, according to the same establishment, and the management of all matters relating to such endowment.

T

That before the Society shall enter upon any business at any of its meetings, the following Prayers shall be said:—

"Prevent us, O Lord, in all our doings, with Thy most gracious favour, and further us with thy continual help; that in all our works, begun, continued, and ended in Thee, we may glorify Thy Holy Name, and finally by Thy mercy obtain everlasting life, through Jesus Christ our Lord. Amen.

"O God, from whom all holy desires, all good counsels, and all works of piety and charity do proceed, we beseech Thee to visit with Thy favour our Sovereign Queen Victoria, and so rule her heart, that she may in all things seek Thy honour and glory. Prosper with Thy blessing the designs of this Society. Comfort with Thy grace those benefactors who contribute to its support. Bless the ministry of Thy servants, the Clergy; the endeavours of all who are engaged in spreading the knowledge of true religion in this Province, and the labours of those Missionaries who are promoting the same in foreign parts. And may Thy Holy Spirit direct all our consultations to the advancement of Thy glory, and the good of thy Church, through Jesus Christ our Lord. Amen.

"O MERCIFUL GOD, who hast made all men, and hatest nothing that thou hast made, nor wouldest the death of a sinner but rather that he should be converted and live, have mercy upon all Jews, Turks, infidels, and heretics, and also upon all those heathen nations upon which the light of Thy glorious Gospel hath not yet shone; especially the Indians of this continent. Bless the means used for their civilization and conversion, and take from them all ignorance, hardness of heart, and contempt of Thy Word: and so fetch them home, blessed Lord, to Thy flock, that they may be saved among the remnant of the true Israelites, and be made one fold under one Shepherd, Jesus Christ our Lord, who liveth and reigneth with Thee and the Holy Spirit, one God, world without end. Amen.

"OUR FATHER, which art in heaven, hallowed be thy Name. Thy kingdom come. Thy will be done in earth as it is in heaven. Give us this day our daily bread. And forgive us our trespasses, as we forgive them that trespass against us. And lead us not into temptation; but deliver us from evil; for thine is the kingdom, the power and the glory, for ever and ever. Amen.

AND WHEN BUSINESS IS ENDED.

"Almighty God, Father of all mercies, we thine unworthy servants do give Thee most humble and hearty thanks for all Thy goodness, and loving kindness, to us and to all men: more particularly for the providential support by which this Society hath been enabled to spread abroad the knowledge of Thy sacred truth. But above all for Thine inestimable love in the redemption of the world by Thy blessed Son; for the means of grace and for the hope of glory, which thou hast given us, in the same our Lord and Saviour Jesus Christ; to whom with Thee and the Holy Ghost be all honour and glory, world without end.

Amen.

"The grace of our Lord Jesus Christ, and the love of God, and the fellowship of the Holy Ghost, be with us all evermore. Amen."

Provided, nevertheless, that it shall be at all times competent for the President to recommend to the Standing Committe any case which in his Lordship's opinion may require special consideration, and should the Standing Committee report favourably thereon, that then the Society may grant such proportion of any annuity as to said Society may seem fit; and that it be the duty of the Secretary after each Annual Meeting of the Society, to notify to each Clergyman whether he have or have not complied with the requirements which would entitle his Widow and Orphans to the Pension.

XXI.

SIXTEENTH ANNUAL REPORT

OF

The Incorporated Church Society

OF THE

DIOCESE OF TORONTO,

PRESENTED AT THE ANNUAL MEETING AT TORONTO, HELD ON WEDNESDAY, JUNE 9th, 1858.

The year which has elapsed since the last public meeting of the Church Society of this Diocese, has been marked by events of deep interest to mankind at large, and of momentous importance to the British Empire. Nor can the Committee, in presenting its Sixteenth Annual Report, fail to trace in these events striking intimations of the Providential Government of the world, and stirring incentives to a more active and faithful discharge of our duties as members of the Church of Christ. The general instructions of our blessed Lord, to "preach the Gospel to every creature," would appear to be addressed with especial emphasis to those churches or civil governments to which it has pleased Almighty God to vouchsafe special facilities for the discharge of this high commission; and it cannot be denied that the late calamitous events in the Eastern possessions of Great Britain must be regarded as a rebuke for past neglect, and as a warning to redoubled diligence for the future. Your Committee would earnestly urge on the members of our Communion their obligation not only to enable this Society to occupy the missionary field which lies immediately before it among the aborigines, and the poorer settlements in this Diocese, but also to extend their sympathies and efforts to the wider objects which present themselves, and to requite the fostering care which our Branch of the Church has received in past years from the great Parent Societies at home, by a cordial co-operation in the pious and benevolent enterprises which recent events have prompted them to undertake. It is indeed consolatory that we are enabled to find, amid the horrors of war, and even in the peculiar atrocities which have marked the late revolt in the East, occasions for applying the remedial influences of the Gospel, and for carrying out in practice the Apostolic injunction, "Be not overcome of evil, but overcome

evil with good."

Nor has the past year been barren in events of local interest. Regarding, as the Society ever has, with kindly sympathy, the operations of the Church in the sister Dioceses erected within the provinces of British North America, your Committee have witnessed with peculiar interest the creation of the new Bishopric of Huron, by the accomplishment of the long contemplated division of the Diocese of Toronto; and also the great success which has attended the efforts of those who are endeavouring to raise the endowment for the proposed Bishopric of Kingston, warranting, as it does, the belief, that before the next Annual Meeting of our Society, this much desired object will, with God's blessing, be attained.

We rejoice now, both that our venerated and beloved Diocesan has been so far relieved of some part of his too onerous duties; and also that, by the extension of the Episcopate, provision has been made for the more secure and permanent establishment of the Branch of Christ's Church which is planted amongst us. Believing as we do in the Divine institution of the Episcopal office, we recognise in the foundation of a new see, a legitimate application of means, devised by no human wisdom or forethought, but appointed by the Great Author of our most holy faith, for the

strengthening and edifying of His Church.

The dissolution of former ties must, indeed, under any circumstances, be an occasion of regret; but the change in our internal relations cannot, we are persuaded, diminish in any degree the affectionate interest which we have ever felt in the prosperity of our brethren in the West, who, though now as a body separated from us by certain arbitrary bounds, ever will, we are confident, be with us in spirit.

INCOME.

Although your Committee have to report that the gross amount of the receipts by the Parent Society and its district branches is less by £873 10s., than in the preceding year, when all circumstances connected therewith are taken into consideration, much cause will be found for thankfulness and congratulation.

When the report was read last year, the total amount of receipts—was ret down as £5372 0s. 6d.; one of the items comprising this amount was £371 7s. 5d., received on account of various trusts

and investments returned.

The amount received on these accounts necessarily varies from year to year, and as it is no criterion of the Society's prosperity or otherwise, has always been set down alone, in order to make that part of the report headed "Income," agree with the various tabular

statements published in the appendix.

This year, only £202 1s. 4d. was received on account of investments returned, and of moneys merely passing through the hands of the Society as trustees. Thus £169 6s. 1d. of the deficiency is accounted for. The balance of this deficiency—£703 13s. 11d. -can be thus satisfactorily accounted for: Since our last report, the western portion of the Diocese of Toronto has been, we rejoice to say, constituted into a new Diocese—the Diocese of Huron. Twenty-six parochial branches, now embraced in this new Diocese, contributed to the Society's funds last year. This year only nine of these have as yet reported and remitted their quota to our funds.

The annual subscriptions of several of the clergy and the incorporated members, for the year ending 30th April, instant, will doubtless be received before the report is printed in pamphlet

form.

Some of the parishes within our Diocese, owing to the pressure of the money market, have not as yet reported, though the Secretary has been notified that they will soon do so. For instance, no report has been received from the Simcoe District Branch, but the District Secretary has reported that from what information he has received, at least £100 has been collected. The collection for the Theological Students' Fund, to be taken in April, had been delayed in many localities for the same reason; and it is confidently hoped that when these sums are received, the income of the Parent Society will, instead of a deficiency, show an increase over that of the last year.

The income of the Parent Society, up to the time of the closing of the books, exclusive of moneys received on account of special trusts and investments returned, and deducting £216 3s. 8d., received as per last annual report (on account of previous year, after the books were placed in the Auditors' hands,)

SERMONS.

The proceeds of the Quarterly Collections in the several churches and stations, during the past year, were as follows:

-			

Number of stations, 593...... £1061 17 9

A decrease, when compared with the last year, of £142 18s. 8d., which can be accounted for from the fact that the two last collections were appointed to be taken up after the organization of the new diocese, and that several parishes have not yet remitted the last collection. Last year 655 stations remitted; this year, only 593 have as yet done so. Your Committee see good cause to reiterate the opinion expressed by them last year—that if the clergy will carefully consider the statements now regularly sent them quarterly, with respect to the several objects which the Society desires to be advocated, they will be easily able to enlist the sympathies of the laity, and there need be no fear but, though the Diocese be divided and sub-divided, that sufficient funds will be provided for carrying out all those objects.

In addition to the four general objects, a collection was taken up in the several churches, on account of the Indian Relief Fund, the exact amount collected is not known, as a few of the parishes remitted direct. A bill for £264 5s. sterling was sent to the Governor's Secretary by the Secretary of the Society, and a small balance, subsequently received, is still to the credit of the Fund, at the Commercial Bank, and will be remitted shortly, it having been retained in the hope that it would be further augmented. The sum thus received was not included in the Society's income, as was erroneously done in a previous year, when a collection was taken up on behalf of the Jubilee Fund of S. P. G.

MISSION FUND.

The proceeds of the quarterly collections for the Mission Fund amounted to £326 7s. 1d., over £30 more than in the previous year, although taken up at 163 stations instead of 178, the number reported last year.

The following sums have been paid out on this account, during the year, for missionary work:

The Parent Society have undertaken to pay, during the current year, the sum of £590; of this sum, however, £245 has been hitherto expended in the Western Diocese. Previous to the collection to be taken up in July, a detailed statement will be published, setting forth the amount required to enable the Society to meet its engagements. And your Committee feel assured that the laity have only to feel convinced that the money is needed for missionary purposes, in order to induce them to give liberally.

WIDOWS AND ORPHANS' FUND.

The proceeds of the quarterly collections for this object this year fell short by about £78. The amount received being £382 15s. 6d—the previous year £462 7s. 10d.—taken up at 190 stations, in lieu of 204. The income from investments and clergy subscriptions amounted to £524 10s. 4d., and £376 5s. has been added to Investment Fund, so that the sum of £8129 1s. 5d. is now invested on this account. Seven widows and the orphans of two clergymen have received assistance to the amount of £430.

GENERAL PURPOSE FUND.

The proceeds of the quarterly collections for this Fund amounted to £222 15s., being a decrease of £32 17s. 7d., raised at 146 stations in lieu of 155; add to this amount the sums received from Parochial Branches and annual subscriptions, and it will be found that the total receipts of this account amounted to £1309 6s. 9d. From this fund grants were made to 10 churches and two parsonages of £12 10s. each, total amount £125, and grants of books and tracts amounting to £77 18s. 6d.

STUDENTS' FUND.

The collections on behalf of this fund were to be taken up in the month of April, and returns have been only received as yet from 90 stations, and the amount only £115 11s. 11d., instead of £193 12s. 8d. remitted the previous year; there is but little doubt, however, that more moneys will still be received on this account. The names of eleven young gentlemen have been submitted to your committee as having been partially assisted out of this fund. £200 having been paid over as usual to the Bursar of Trinity College.

In consequence of representations which have appeared in print, and which, as there is reason to believe, have left in some quarters a false impression, it may be well to state that the sum annually devoted to Divinity Scholarships in Trinity College has at all times far exceeded the amount subscribed for the purpose by this Society; and that for the ensuing year the sum of £200 will not cover the necessary outlay—providing, as it does, under the arrangement adopted last year, for four Scholarships only, tenable for two years, thus enabling only four Students annually, or eight Students of the two years over which the Theological Course extends, to pursue their studies for Holy Orders, with the partial assistance of Scholarships varying from £30 to £20 per annum, the larger amount not covering one half of the necessary expenses of College residence.

The existing uncertainty as to the means of supporting our younger Clergy, or rather the certainty that no sufficiency or secure provision has been made for their maintenance, will, if it should unhappily continue, no doubt act as a most serious discouragement to those who would otherwise gladly devote themselves to the sacred Ministry. But it is to be hoped that some prompt and united action on the part of our Synod may enable us to surmount the difficulty, which if it should continue to exist, cannot but exercise a most disastrous influence on our communion, and on society at large. If Christian privileges are to be continued to us, christian obligations must be frankly recognised; neither have we any ground to expect that the benefits of a well-instructed and zealous Ministry, can be enjoyed by those who neglect the apostolic instruction, that the Lord himself has ordained that "they who preach the Gospel should live of the Gospel."

REPORT OF THE MANAGING COMMITTEE.

From a review of the proceedings of this branch since the last Annual Report was submitted, your Committee are thankful to be enabled to state that such a degree of success has attended its operations as might in Christian faith have been expected to accompany any efforts, however humble, designed to promote the glory of God, by the extension of His kingdom among men; at the same time that that success, as might also have been expected in any work committed to human agency, has not come up to what it might have been, were we all actuated by the zeal which such a work demands, and by that unity of feeling and action which should characterise every branch of the Church of Christ. The statement appended exhibits the names of only eleven Clergymen, as having co-operated with the District Branch, while eleven have not. Of this latter number, however, several, as your Committee have been certified, purpose to act in concert with it for the future. Notwithstanding, however, that the adoption of the District system has thus been as yet only partial, your Committee are happy to state that the total amount raised by this Branch compares favourably with that of the previous year, being £286 16s. $6\frac{1}{2}$ d. against £265 5s. 4d. for 1857, an increase of £21 11s. 21d. Reports have been received from fifteen parochial branches, two of which, namely, St. James', Albion, and Pickering, are new ones, in the missions of the Rev. H. Osler and the Rev. G. Viner; making four within the last two years; which is another evidence of the advantage of the revival of the District Branch.

Since the last report was made, your Committee has been able to assist in establishing a new mission, comprising parts of the townships of Reach, Pickering and Whitby, under the charge of the Rev. G. Viner, to whom the District Branch has guaranteed £100 per annum for three years, from October, 1857. The Parent Society, also, by a resolution of 14th April, 1858, very generously consented to assist the District Branch with a grant of £100 per annum towards payment of missionaries, on the District meeting it with a like sum. Your Committee, therefore, in addition to the

Your gratula annual stipend guaranteed as above to Mr. Viner, taking into consideration the pecuniary inconveniences, (not to say distress,) often experienced by clergymen dependent solely upon the voluntary system, and no second travelling missionary having yet been obtained, determined upon assisting four clergymen of the district by grants of £37 10s. each, not with a view of exempting their congregations from any part of their duty, but as special relief to the Clergymen themselves.

NIAGARA DISTRICT.

Secretary H. D. Branch.

Your Committee desire now to perform the grateful task of congratulating this Branch Association on the fact that an active and

zealous Missionary has by God's blessing at length been obtained for the principal portions of our too long destitute travelling missions. Although his field of labour is not so extended as that of your former missionaries, yet they have reason to believe more permanent good will be effected, and the Church more firmly established in what always were the more flourishing stations, through the more frequent visits of the Missionary acting more as a resident clergyman than as travelling Missionary, though having a large district.

In the early part of last summer, a clergyman from Nova Scotia, the Rev. J. Stannage, visited our district, bringing with him most satisfactory assurances of his being a single-hearted. hard working Missionary, and having been taken to Merrittsville, the county town of Welland, (which place your Committe desire to make the head-quarters of your missionary,) and the parts adjacent, by the Rev. the Rural Dean, he engaged to return in the autumn, bringing with him his wife and family. Accordingly, on September 19th last, he entered on his duties, and since that time has been actively engaged proclaiming the welcome tidings of the Gospel in and around Merrittsville, Port Colborne, and Marshville. Your Secretary is enabled from private sources to say, that his services are well received and highly appreciated by those among whom he labours. He has given an account of his work for the short time that he has been employed, which is highly satisfactory, and the more so when it is known that he has succeeded in establishing three branches of the Society, one at Merrittsville, the others at Marshville and Port Colborne, with fair prospects of success. This gives your Committee much encouragement, when it is remembered that these places are called upon to contribute an amount equalling at least \$400 towards the Missionary's stipend. Your Committee would now, however, refer to his report and allow the Society to judge for itself. "I have been here as Missionary since September 19th, and have been permitted to keep all my appointments but two at Port Colborne, the weather and the state of the roads being the cause. My congregations in all the three stations are steadily increasing, and some of the buildings (school-houses) most inconveniently Twenty-six children have been baptized, and many are soon to be. We have hired the Baptist brick meeting house in this town until June next, hoping that as times improve, and the zeal of Churchmen increases, means will be found to procure or to erect a house of worship of our own. We have also formed a Parochial Branch Association in connexion with the Church Society at each station. Considering our small numbers and the many local objects we have at this moment in view, much could not be expected, but \$23 was subscribed in Merrittsville, \$3 at

Marshville, something t "I should mission in s their sympa means shou of the three tion is great degree on a \$800 has be and we ho In Port Col The Schoo person has has promise more from the place. the erection that they w assure me not have bu is felt. is a great edifice. 7 and I think to each pla would be Committee still more of the gost long negle

Marshville, and about \$30 at Port Colborne, and we hope to have something to add to these sums." The Missionary continues, "I should be very glad if I could place the real wants of this mission in such a manner before the Society, as to call forth all their sympathies in its behalf. There is no time to lose, and no means should be spared to hasten the erection of churches in each of the three stations. Here in Merrittsville, where the congregation is greatly increased, we want a church that will be in some degree on a par with the county buildings and county town; about \$800 has been promised towards it, but we want \$4000 at least, and we hope your Society will come largely to our assistance. In Port Colborne, a strong desire exists for a Church of England. The Schoolhouses are crowded and most inconvenient; one person has offered to raise \$1000, and another, the Hon. T. Park, has promised \$100 for himself, and thinks he can procure \$200 more from his family, but this is nearly all we can expect from the place. The people's means have been rather heavily taxed in the erection of a building for all denominations, under the idea that they would not have a Clergyman of the Church. They assure me that if I had been there this time last year, they would not have built it. In Marshville, the same urgent need of a church The wretched schoolhouse is crowded to excess, and it is felt. is a great pity that we cannot immediately put up a suitable edifice. The people are poor and very scattered, but very zealous, and I think would contribute according to their abilities. A grant to each place to be paid when the work is done or in progress would be a very great stimulant." Thus it is evident to your Committee that much is already gained, and they pray God that still more fruit may result from their efforts to send the glad tidings of the gospel as proclaimed by our reformed church to those too long neglected lambs of the flock of Christ.

Your Committee would here advert to the gratifying result of the necessarily unfrequent visits of the Rev. the Rural Dean to Merrittsville. By the good providence of God, on Sunday evening the 19th August last, after at least nineteen miles travelling and two full services with confirmation, our venerable Bishop visited that town and held a Confirmation in the court-room, which was crowded to excess with a most attentive congregation, and seven candidates were confirmed. The Bishop addressed the candidates and congregation in his accustomed happy manner, with perhaps more energy and force than usual, this being his Lordship's first visit, setting forth the institution of that holy and apostolic rite, and urging all to increased holiness in heart and life. On, Monday, his Lordship proceeded to Marshville, where, however, he only held an afternoon service and preached, the candidates here, through some mistake as to the day appointed, not being present.

Hence it is evident to your Committee that the seed sown has, though perhaps at rare intervals, through Christ, wonderfully brought forth fruit. May this fruit be lasting and ripen, and be the earnest of a still larger harvest in God's good time! In rendering their tribute of humble and hearty thanks to Almighty God for this apparent fruit from the labours of the Society, your Committee would suggest that, as part of our travelling mission is now provided for, the attention of the Society be turned, as soon as practicable, to the yet destitute and remaining portion, and they trust that the time may soon arrive, when they may be enabled, through the liberality of the members of our church in the more favoured parts of the Deanery, to employ another missionary in order that many now destitute of the bread of life, may have it broken to them.

Your Secretary preached sermons in behalf of the Society at-Fort Erie, and the Ridge, Bertie, also at Thorold. He also attended a meeting of the Parochial Association at Dunnville, where there appeared much interest in the workings of the Society. He also proceeded with the Incumbent to Port Maitland, but through some untoward circumstances there was no meeting. The Rev. the Rural Dean kindly preached on behalf of the Society at Stamford and Drummondville. Your Secretary was to have been at Merrittville, Port Colborne and Marshville, but owing to the state of the roads at the time, and indisposition, he was, he grieves to say, prevented.

The Committee would strongly recommend that the regulation of this District Branch Association, be as far as practicable more generally carried out; and meetings be regularly held by the various Parochial Associations at such time and place as to them shall seem most convenient, though the attendance might unhappily be small. And the neighbouring clergy are respectfully requested to aid one another to the utmost of their ability in bringing the claims of the Society before the people.

From the reports received, your Committee are rejoiced to say, that there is not such a falling off as might have been anticipated from the unparalleled pressure of the times. The Parish of Niagara report as having received since the last annual meeting the sum of \$50, being the annual contribution of R. Hiscott, Esq., together with \$4 50 collected by that individual in his own neighbourhood. Your Committee have great pleasure in being able to report \$228 20 as the amount collected for 1858, being an increase over last year. This goes to prove that the Churchmen of Niagara have not forgotten that beautiful injunction, "be merciful after thy power; if thou hast much, give plenteously, if thou hast little, do thy diligence gladly to give of that little; for so gatherest thou thyself a good reward in the day of necessity."

The Parish of St. Catharines reports with great satisfaction the amount of subscriptions for the current year to be £60 1s. or \$240 20. In consequence of the commercial depression under which the country is now suffering, and which has been severely felt in this Parish, the amount above reported is much beyond what the Parochial Committee at this particular time had reason to expect. And they feel that next to the influence of God's grace, by which the heart is moved to give, they are bound to acknowledge that much of this success is owing to the laudable and zealous exertions of two young ladies who acted as collectors within the town.

The Parish of Louth, no report received *

The Parish of Thorold.—The Chairman of this Parochial Branch reports that as the time came round for making our annual collections for the Church Society, I had my fears that in consequence of the universal complaint of scarcity of money, our collections would be much less than usual this year. However, I am happy to say that in this respect I have been agreeably disappointed. The congregation at Port Robinson have considerably increased their contributions this year; for this we are indebted to the very active exertions of the young gentleman who has for the three last years made the collections, and to the increase of the congregation during the past year. The congregation of Thorold have not been as well canvassed; the consequence of which is that the contributions of the whole parish amount this year to \$122 75, being \$10 25 more than last year. Your Committee would respectfully suggest that the hint given in the close of this parochial report be taken by all the parishes in the Deanery, which is, I think, that for all the parishes on the line of the canal, the earlier after the close of navigation the collections are made, the better will be the returns.

The Parish of Chippewa reports an increase over last year, the

amount being £49 1s. 3d. or \$196 25.

The united associations of Drummondville and Stamford, in the Parish of Chippawa, report that owing to various causes, such as the removal of several of the large subscribers, and the increased demands upon the liberality of the members of the Church in this parish, coupled with the general cry of depression, the amount to be reported this year is not near so large as last. This is, however, no just cause for the withholding our usual quota at least from that handmaid of the Church in this Diocese, the Church Society. They would, however, trust that at another annual meeting they may be able more favorably to report and

^{*} The Parish of Louth has since reported to the Parent Society direct, that the sum of \$33 25 was collected, and remitted \$15 30.

show a steady increase in the Society's funds, given with a feeling of reverence and gratitude. Much, however, has been done. All Saints Church has been opened, and a very large proportion of the debt remaining on the building liquidated; the congregations have also materially increased their contributions to the curate's stipend. The amount to be reported is £5 16s. 10½d. for general purpose, and £9 3s. 3d. for special objects, making in all £15 0s. 1½d. or \$60 03.

The whole amount raised for church purposes from all sources within the bounds of the united association, for the year ending Easter, 1858, was £108 11s. 1d. or \$434 22.

The Committee would therefore say, that although there is a diminution in the Society's funds, yet they have reason to believe that there is a growing attachment to our Church, pure and holy as she is, protesting alike against formalism and superstition on the one hand, and a rabid indifferentism on the other. The number confirmed last summer was nearly double that of any preceding year, being 23 for Drummondville and 11 for Stamford.

The Parish of Fort Erie reports the sum of \$37 50.

The Parish of Dunnville and Port Maitland report \$45, or £11 5s.

Annual Report, are sorry to be obliged, for the first time, to record a diminution of income. It is true that, in some parishes, there has been an increase on the contributions of former years; but in the majority of parishes, the collections have fallen considerably short. The "hardness of the times" is urged in extenuation of the deficency; and your Committee are aware that, from a state of unexampled prosperity, the Province generally has, during the last year, fallen into a condition of almost unparalleled distress. Your Committee, however, must be allowed the expression of their decided opinion that the "hardness of the times" is no sufficient reason why the members of the Church should withhold their accustomed donations to the funds of the Church Society. Were the times never so hard, and the scarcity of money never so great, we are surely not discharged by that hardness and that scarcity from the heaven-imposed obligation of doing our duty to God and our fellowmen. The rule of duty is an unalterable rule. quite independent of times and circumstances. There is not one rule for times of plenty, and another for seasons of destitution. The spiritual wants of the country are not less pressing, the souls of our brethren are not less precious in times like the present, than they are when we are basking, as it were, in the smile of a Bountiful Heaven. It is recorded to the praise of one of the early Churches that, out of the depth of their poverty, they contributed. not as most modern Christians do, what they could afford, but beyond their power. The sums generally given to the Church Society are so small as scarcely to be an object to the contributors, even in times of the greatest pressure; they will spend ten fold the amount in vanity and self-indulgence, and not whisper a syllable about the "hardness of the times." With reverence be it spoken, God is made the sufferer by the "hardness of the times." His claims are to be overlooked, and subordinated to our own pleasure and comfort. His work is allowed to languish, his Ministers to starve, and his ransomed people to perish for lack of knowledge. The committee leave to the members of the Church within the bounds of this District Association, as a question worthy to be considered, whether this is a method calculated to restore the country to its wonted prosperity.

Notwithstanding the indifference of too many professed members of our communion, the Committee are happy to be able to state that something has been done by this Association in the glorious cause it has in hand. It has been permitted during the past year to pay either wholly or in part the stipends of five Clergymen, who are diligently labouring as travelling Missionaries in many distant Townships, which would, but for its aid, be wholly destitute of the ordinances of our Church. Reports have been received from all these gentlemen exhibiting much zeal, and no in-

considerable success to their arduous labours. Through their self-denying exertions, Churches have been built and filled with devout and appreciating worshippers; vast numbers of children have been admitted within the Christian covenant; and the consolations of our most holy faith extended to thousands both of the whole and the diseased. These devoted men feel painfully their inadequacy to meet the increasing requirements of a growing population, and cry with one voice for additional labourers. The Committee confidently hope that the members of the Church, will by increased liberality, put the Association in a position to accede to the demand.

By a rule of the Association made some months back, all Clergymen receiving aid from its funds were required to make collections in their missions for the Church Society. In some cases this rule has been complied with, and seems large in proportion to the number and means of the donors which have been remitted to the Treasurer.

Your Committee congratulate the members of this Association on the creation of the new Diocese of Huron, which consists of the western portion of the former Diocese of Toronto; and on the elevation of a gentleman of known piety to the supervision of the See. Four or five parishes which have hitherto maintained a close and cordial connection with the Gore and Wellington District Branch of your Society, form part of the new Diocese, and will not, of course, hereafter contribute any thing to your funds. With the consent and sanction, however, of the Lord Bishop of Huron, the sums raised this year in those parishes have been, as heretofore, sent to your Treasurer, to be applied to the payment of the Missionaries for whose stipends the whole District was answerable.

The painful insufficiency of the remuneration afforded to some of the rural Clergy, is a subject which has occupied a large measure of the attention both of the parent Society, and the District Branch. It is fully expected that some effectual method will soon be adopted to secure a large and more certain maintenance for those who labour in holy things. A committee has been named by the parent Society to take the subject into the most serious consideration. They propose raising a sustentation fund for the purpose, and recommend, 1st. That in addition to the amount of collections made at the annual sermon for the support of the Missionaries, the collection taken up on Easter Sunday shall form part of the said Fund. 2ndly. That the whole amount of the subscriptions of the Branch Societies, instead of one-fourth as heretofore, be paid into the Parent Society, and added to the Missionary Fund. Thirdly. That the congregations whose clergymen are upon the commutation list, or in the enjoyment of Rectory lands, or other endowments, be called upon to contribute a sum

Recent events have attached a painful interest to India. Your Committee claim the warm and hearty sympathy of churchmen for those of our brethren now exposed there to suffering and violence, and for the surviving friends of those who have fallen victims to the treachery and cruelty of the natives of that country. Your Committee fully believe that a repetition of these terrible scenes can only be prevented by the christianization of that unhappy country, and on the part of the members of the Association acknowledge the duty of giving something, notwithstanding our own pressing wants, for the furtherance of this most desirable end. A resolution and memorial will be submitted to this meeting expressive of our views and feelings in this matter, and a collection will be made in aid of missions to India at the conclusion of the proceedings of the evening in both the Church of Ascension, and Christ's Church.

Extracts were read from several missionary reports of much interest.

CHURCH OF ASCENSION.

The Parochial Committee of the Church of Ascension Association, have to report a diminution in the amount received by their collectors, as compared with the amount of last year. The sum subscribed this year for the general objects of the Church Society being \$150, that for last year having been \$226; while for special objects the sum this year subscribed amounts to \$17450, last year the sum having been \$28675. The latter named sums being subscribed for local objects, specially connected with the Church of Ascension, as, for example, the support of its Sunday schools.

The Committee do not feel justified in attributing the falling off of the collections for the present year to the generally prevailing commercial depression,—though such undoubtedly has to some extent affected their subscription lists. They feel it to be more properly attributable to the circumstance that a subscription, on the part of their congregation, and amounting at present to a sum of \$1200, has been taken up since the first of January, to increase the stipends of their ministers, and to lessen the debt of their church.

CHRIST'S CHURCH.

The Parochial Committee of Christ's Church, in reporting the result of their exertions this year on behalf of the Church Society, are concerned to observe a large falling off from the amount collected last year.

Your Committee beg to append the following brief statement of the expenditure of last year's collections, which amounted to £123.

HUGH C. BAKER, Treasurer.

Hamilton March 24th, 1858.

MIDLAND DISTRICT.

Our discouragements arise from the yearly increasing spiritual destitution in this District, the apathy of many who ought to be warm supporters of the Society, and the small sums available for missionary purposes. Our encouragements arise from the fact that, since the last anniversary, £100 has been granted by the Parent Society towards the salaries of two travelling missonaries in the Midland District, and that two have been added to the number of the clergy, while a third is promised. "But what are they among so many?" How are two, or six, or twelve to supply the deficiency among the many townships around us, where the voice of the Church is never heard?

NAPANEE.

Sermons have been regularly preached in this mission, and the quarterly collections made in aid of the objects of the Society. The sums raised are as follow:—

4			
For General Purposes			
Theological Students	 1	3	9
Mission Fund	 1	17	6
Widows and Orphans	 . 1	8	4
Collection at Annual Meeting	 . 1	11	7
Subscriptions	 . 4	9	3
Clergyman's Subscription	 . 1	5	0
	£13	2	7

The collections have been forwarded to the Parent Society, together with one-fourth of the subscriptions raised. The three-fourths have been applied to pay off a balance due on the font, and Sunday School library.

The Report expresses an earnest wish that a Travelling Missionary may be appointed, who would bear the Gospel of Christ to the Church's sons and daughters settled in the large tract of country extending to the Madawaska.

CAMDEN.

The Rev. G. W. White has succeeded the late Paul Shirley in the charge of Camden and Sheffield. He reports that four stations have been opened in each of these townships, most of which are numerously attended, and that a Sunday School has been organised in St. Luke's Church, for which a library is about being bought. He says that, as the people have, for the first time, been called upon to support their clergyman, it can hardly be expected that they would give any thing to the Church Society just now, but he hopes that, next year, the mission will be able to contribute its share.

FREDERICKSBURG AND ADOLPHUSTOWN.

Mr. Harding has sent \$8, being the fourth part of the sum collected in Fredericksburg for the Church Society, together with his own subscription of \$5. The three-fourths have been retained for the purchase of communion plate, which, he says, is much needed. He reports that "the congregation at Adolphustown have purchased a site, and concluded arrangements for building a parsonage adjoining their church, to be commenced immediately." The two congregations have promised to pay the rent of their clergyman's house, amounting to \$120, and have bound themselves to lay out from \$1400 to \$1500 in building the parsonage—\$200 of that sum to be contributed by the congregation at Fredericksburg. He adds, "I may be permitted to claim as a right the privilege to accord my testimony to the truly laudable zeal manifested by these people in their undertaking. They are very few in number, but have commenced with an energy and unity of purpose worthy of the good cause they have in hand."

Here is an example which commends itself to every congregation in the Midland District.

PORTSMOUTH.

The Committee report that the usual quarterly collections on behalf of the Church Society have been made and forwarded to the Parent Society, as also the clergyman's subscription of £1 5s., amounting in all to £7 15s. There is still a debt on the parsonage, which the congregation are endeavouring to pay off. The report says, "Your Committee rejoice that the Colonial Church Society have sent us one labourer for the long neglected district of Wolfe Island, and that another is on his way to this country, to take charge of the districts of Murvale, Sydenham and Storrington."

ST. JAMES' CHURCH.

The Committee of this Branch report as follows:—"The four quarterly collections have been made, amounting to £6 17s. 9d., and the Incumbent's annual subscription to the Widows and Orphans' Fund has been paid. An effort has been commenced to

raise funds for building a Sunday school, which, owing to the present depressed times, has to be put off to some season of greater wordly prosperity. The sum of £26 15s. has been collected for this object, and £2 12s. 1d. from the Sunday School children for Our Sunday School continues to enjoy a good measure of support; and its attendance is such both by teachers and scholars, as to prove its estimation by the congregation as an eminent means of grace."

ST. PAUL'S CHURCH.

The Rev. J. A. Mulock reports that, "Owing to the heavy debt upon this church, together with the current expenses, which have been considerable, resulting from the unfinished state of the building, it has not been considered advisable to establish a Branch of the Church Society this year. During the occupancy of the present incumbent, the sum of £2 11s. for the Widows and Orphans' Fund has been sent to the Parent Society, together with the incumbent's yearly subscription of £1 5s. A special collection is taken up monthly towards paying off some of the debt, which has been well responded to; nevertheless it may be many years before the present debt is liquidated."

ST. GEORGE'S CHURCH.

This Branch is still in a flourishing condition, although the contributions are not so great as in former years. As usual, it supplies the only funds available for missionary and other purposes in this district. The quarterly collections have been regularly made, and remitted to the Parent Society. scriptions for the present year amount to £49 7s. 6d. this congregation give upwards of £150 every year to the poor, and are frequently called upon for contributions to various religious objects, they are still ready with their subscriptions to the Church Society.

BARRIEFIELD.

The missionary reports that the services in that township have been regularly kept up, and it is with much pleasure he has to state that the attendance is always very good, and particularly at St. James' Church, Birmingham, where the numbers attending church have nearly doubled within the last year.

There have been 48 children baptized, 11 marriages and 8

funerals during the year, in this mission.

There is no report from Amherst Island or Bath.

THE DEPOSITORY.

This year the sales at the Depository have been nearly doubled. The stock of books now on hand is small, there having been no importation for more than eighteen months. As the Depository ought to furnish a supply of Bibles and Prayer Books, with other religious books, and tracts sufficient to meet all demands, no time ought to be lost in sending for a fresh supply.

THE BISHOP'S FUND.

The plan, long contemplated, of constituting a separate See, from that part of Toronto Diocese east of the River Trent, seems ltkely to be soon carried into effect, an effort is now being made to raise the necessary endowment, which has thus far been very successful. Nearly one-half of the minimum sum required has been secured; and as the canvass will be prosecuted vigorously, until every corner of the proposed diocese shall have been gone over, it is not too much to hope that in a few months, we may be called upon to elect a Bishop of our own. This calls loudly upon all who love our truly Apostolic Church, to pray earnestly and perseveringly that God would send us a man after his own heart to rule over his heritage.

Upon a review of the statistics given above, it will be apparent that the Diocesan Church Society, like other institutions of a like nature, is subject to fluctuations. It is much to be regretted that at the present time, it is divided in its counsels. This must inevitably lessen its usefulness. Peace and unity alone can give prosperity within the borders of our beloved Church. We ought, therefore, to pray that the members of the Society may all be one in spirit, one in desire, one in aim, and then may we expect to see the efforts of the Society crowned with abundant success.

And let us never forget that, as a true branch of Christ's Church, we ought to exhibit a missionary spirit, the manifestations of which will find ample scope all around us. Both men and means are wanted at the present time, for "the harvest truly is great, but the labourers are few." As Churchmen, we ought to rise to the work, as the wants of the Church increase, giving with a glad mind of our substance, according to our ability, and praying the Lord of the harvest to send forth more labourers into his harvest. It will be only then that we shall "have done that which was our duty to do."

WILLIAM RUDSTON, R. SELLARS.

NEWCASTLE DISTRICT.

The following reports have been received from the various parishes in connexion with this Branch:—

COBOURG

The complaint of hard times, though often unjustifiably indulged in, is this year no fiction; and the indisputable fact of its existence has in some degree impaired the returns to the Society. The ladies, dividing the town and neighbourhood into sections, worked with great zeal and assiduity; but it was in vain to combat against an undeniable pressure.

During the year, by special subscription and otherwise, £400 have been raised in the parish, independent of the ordinary Church revenue; one half of which has been applied to the introduction of gas into St. Peter's Church and the procuring of a new bell, and the remaining £200 has been appropriated to the liquidation of the debt upon the Church. This is now reduced to £125, and it will be further diminished against Easter Monday.

The amount of receipt and expenditure is as follows:--

CLARKE.

The people of this parish are actively engaged in building a new church in the village of Newcastle. This undertaking, involving a large outlay, will require the combined exertions of all the members, and will tax their christian liberality to the very utmost. Still the Committee feel no inclination, on that account, to evade the undoubted claims which the Society has to the undivided and hearty support of Churchmen. Being the only institution in the Diocese, under episcopal sanction, for the furtherance of the important objects it seeks to attain, no local enterprise, or general pecuniary embarrassment, should be offered as an excuse, either for withholding or lessening the measure of support hitherto extended to it.

The subscription lists not having yet been returned by the collectors, the exact amount raised within the bounds of the association cannot be stated. It is confidently hoped, however, that it will not be less than that of any previous year. But should this hope not be realised, the Committee are prepared to recommend that a larger proportion be transmitted to Toronto than is required by the constitution; as they are unwilling that the great work should be in the least degree impeded by any lack of individual liberality.

This parish has since reported £ 13 5s. collected, and remitted £7 5s. to Parent Society.

CAVAN.

The lists not having as yet been received from the collectors in this mission, the exact amount subscribed cannot be ascertained. It is confidently expected, however, that the whole sum raised this year will amount to about £30, viz., £15 from St. Paul's Parochial Association, and the same sum from St. John's Association.

It is worthy of remark also, that at the annual parochial meeting, a resolution was proposed, by the special desire of the people themselves, and unanimously adopted, to send the whole amount subscribed and collected to the Parent Society, instead of the one fourth as heretofore. It was understood that this resolution was ador vear in th be intend of the o maintena a Travel parishion of the Pa liberality

was adopted in order to make some amends for a falling off last year in the amount raised for the Society. It could not, however, be intended by this arrangement to deprive this District Branch of the one fifth already appropriated, viz., one tenth for the maintenance of a depository; and one tenth for the formation of a Travelling Missionary Fund. The desire on the part of the parishioners to pay over (the whole amount raised) to the funds of the Parent Society, is exceedingly creditable to their zeal and liberality.

Much improvement has also been made in the interior of St. Paul's Church, chiefly through the exertions of a lady of the

congregation.

GRAFTON

In this parish the claims of the Society have been fully explained and urged upon the members of the Church, and the effect has been exceedingly satisfactory. On no previous occasion has the appeal to our people been more personal and direct—every Church family having been applied to by the two gentemen who kindly undertook the arduous task of collection. The result has exceeded our most sanguine expectations. The collectors scarcely met with more than one or two refusals in the whole parish. So that, notwithstanding the severe monetary pressure, and in a little community of Churchmen, few and widely scattered, the sum of \$88 has already been subscribed—nearly the whole of which has been paid in—and there is reason to hope that the final amount will not fall much short of \$100.

Your Committee feel that the two collectors, who exerted themselves so perseveringly on behalf of the Society, deserve the cordial thanks of all earnest and sound-hearted Churchmen. And they are of opinion, that whatever may be the backwardness of some of our people to contribute to the cause of the Church, still the success of our institutions depends in a great measure upon the hearty good will and personal exertion of those who are appointed to plead their cause, and to urge their claims upon our members. Any timidity or backwardness will be sure to meet with disappointment. The Church requires the individual exertion of all her triends, and we know that united effort can accomplish almost any thing, for "union is strength."

COLBORNE.

Your Committee regret to learn, that in consequence of severe domestic affliction to the families of two of the collectors, very little has as yet been done for the Society in this Branch. They are not without hope, however, that before the final close of the Parent Society's Report, the work of collection will be resumed, and the usual proportion at least be forwarded to the Secretary. As it would be a subject for deep regret that any local causes

should deprive the Society of that measure of support which she may fairly and justly claim at the hands of all her members.

This association has reported £12 10s. collected, and remitted £5.

PERRYTOWN.

The subscriptions in this mission have not as yet been completed. But the committee are enabled to report thus far the sum of £16 17s. 10d., for the Perrytown Association, and for Elizabeth-ville about £10, the latter being a considerable increase over that of last year: thus making together the sum of £26 17s. 10d., a very satisfactory result from this comparatively new mission.

Another gratifying fact is, that the Parochial Committee at Elizabethville have resolved to transmit the whole amount raised, to the Parent Society, for missionary purposes.

Various improvements have likewise been effected in the churches of this mission, during the past year—such as painting, the procuring of a chandelier, and also a bell, at a considerable expense to the congregations. These, however, being purely local, or parochial matters, do not properly come within the scope of the Annual Report; but they are exceedingly creditable to the people, and must serve to cheer the labours of the zealous and hard-working missionary. It is painful, however, to add, that only about three-fourths of his income have been paid during the past year.

CARTWRIGHT AND MANVERS.

The usual well-attended and interesting meetings were held in these townships. In the former township £10 has been paid, and in the latter, £6 has been subscribed, which, within a trifle, has been paid up also. It was unanimously agreed that the whole of the amount thus raised should be transmitted to the Parent Society.

A very interesting meeting was held at Bowmanville, in the month of January. The attendance was better than on former occasions, and the speeches more than usually effective. The result was perceptible in the very lively interest excited, and a considerable improvement in the amount of contributions, notwithstanding the drawback of the times. The sum of £20 has been collected, of which one-fourth will be transmitted to the Parent Society.

In concluding their Report, the Managing Committee are painfully conscious that the cause of Church extension within this District has not increased in proportion to the wants of our brethren, during the past year. It will be perceived that no Report has been received from Port Hope, as nothing has been done there for the Church Society for the last two or three years. This is a

subject of deep regret to the Committee, that so large and important a parish should feel itself excused from co-operating in the work of maintaining the Church, and spreading her influence, through the means of the Church Society, and must cause the most painful reflections in the minds of all right-thinking Christians. The cause of the Church Society is the cause of the whole Church—it belongs to no section or school of theology within the Church, but is based simply upon the wants of our people, and the necessity of doing all we can to spread and extend the blessings of the Gospel, upon the principles laid down and maintained in the Book of Common Prayer. And we do not see how poorer parishes are to be assisted, or new missions opened, unless the wealthier parishes will all unite in this work of Church extension, by upholding our institutions, and freely contributing the means required for that purpose.

Several clerical changes have taken place in the District, within the past year. The Committee have to regret the loss of the Rev. J. W. Beck, who has lately been appointed to the vacant Rectory of Peterboro'. Mr. Beck is a young clergyman of great promise, a sound and zealous Churchman, and desirous of seeing the Church every where maintained in her efficiency. We wish him God-speed in his future labours, and hope that he may be made an instrument of much good to the people whom he has been appointed to serve.

RICE LAKE and other neighbouring settlements are now served by the Rev. Charles Brown, resident in Cobourg, who will report the result of his labours to the Venerable the Archdeacon, as Chairman of the District.

The Rev. Charles Thompson, appointed to the mission of Elora, has been succeeded by the Rev. Henry Wm. Davies, as Assistant Minister at Cobourg. The Rev. F. J. S. Groves has been appointed to the vacant mission of Seymour and Percy.

It thus appears that there are eleven clergymen at present labouring within the bounds of the Newcastle District, and only seven parishes or missions which have Parochial Associations in connexion with the Church Society.

The Committee trust, however, that the appointments recently made to vacant places will have the effect of stirring up our people to the necessity of greater and more combined exertion in supporting the various objects of the Society. And that the appropriation of one-tenth, which this District Branch has determined to set apart for the maintenance of a Travelling Mission Fund, will enable the Society, before a great while, to employ one or more additional missionaries in the destitute settlements of this populous and flourishing District.

It will be seen that in this region the Church is taking the first step towards becoming self supporting; and with care, zeal and good management on the part of her rulers and pastors, with God's good blessing to guide and prosper, in a hundred years she will be so firmly planted, that no power of man will be able to uproot her. In much less time a great improvement would be manifest.

You will notice among the resolutions enclosed, one to appropriate one-fourth of the Parochial Subscriptions to missions upon the Ottawa, the remaining three-fourths go to the Mission Fund Parent Society.

EASTERN DISTRICT BRANCH CHURCH SOCIETY.

In presenting a report of the operations of this District Branch of the Diocesan Church Society, for the past year, your Secretary deeply regrets that it is not of a more favorable character. Various causes may no doubt be assigned for the lamentable fact, for truly lamentable it must be regarded, by all who have the interests of the Church at heart, that any causes should exist to diminish the income of a Society, established for the advancement of God's

glory and the extension of His Church.

Your Secretary is aware that "the hardness of the times," to use a common expression, may be pleaded as one cause of the deficiency which will be found in the financial statement of the Society's income, as compared with former years. Yet this cannot be the chief reason, for otherwise it might be expected to operate equally in every parish, where there was no special or extraordinary local object, which required a more than usual exercise of liberality on the part of the parishioners. But in Cornwall and Prescott we find that "the hardness of the times" has caused no diminution of the income of these parochial branches, for in both there exists a small increase over the income of the past year. Other causes must therefore exist, and if these should be found to arise in any degree from apathy or indifference on the part either of the clergy or the laity, it must certainly prove a subject of deep regret and humiliation. But without seeking further to investigate the causes of past deficiencies, let us rather anticipate a hap-

pier state of things for the future, and to the attainment of so desirable a result, let every Member of Christ's Holy Church, resident within our bounds, only resolve to do his utmost for this holy cause, in proportion to the means and ability which God has graciously given to each, and the desirable end will be happily attained. It ought by us all to be regarded as a privilege as well as a duty to be allowed to co-operate in the glorious work of promoting the efficiency, and of extending the usefulness of that pure branch of Christ's holy Church to which it is our great happiness to belong. "In her (to quote the language of an eloquent prelate recently gone to his rest) we recognise a Church Scriptural in doctrine and Apostolic in constitution. A Church appealing to the written Word of God as the sole standard of truth and rule of faith, and yet thankfully accepting, in the interpretation of that Word, the aid afforded by the testimony of primitive antiquity. A Church which has neither added to the Sacraments ordained by Christ, nor diminished from them; nor has she lost or impaired that three-fold ministry to whom these Sacraments were originally entrusted. A Church treasuring in her Liturgy the express image of Catholic and ancient piety. A Church in her Articles, vindicating God's truth from the corruptions wherewith it had been overloaded, in the days of Romish superstition, and giving to her members a Scriptural rule whereby to walk." Members of such a Church as she has been thus eloquently described, we should manifest that we appreciate our privileges by seeking to make her more and more an honoured instrument of God for the propagation of pure and undefiled religion.

The following statement will exhibit the financial operations of this District Branch, for the past year, as far as they have been reported to your Secretary. This statement must not, however, be regarded as any thing like a full exposition of our financial position, since the following parishes have not as yet reported, viz., Hawkesbury, Mountain, Lamb's Pond, Charleston and

By way of appendix, other works connected with the advancement of the Church in the several parishes, may here be introduced, especially as the expenditure necessarily involved in these, may have tended in some instances to diminish the contributions to the Church Society. Thus, the Rector of Kemptville reports that his people have contributed, since the last Annual Report, about £175 towards the purchase of a parsonage house, the Rector's salary, the enclosing of the burial ground, and the painting of the church.

ishes £227 0 5½

The Rector of Cornwall reports that an addition has been made to Trinity Church in said town, which has cost £130. The Rector's stipend, offertory, &c., amount to about £100 more.

The Rev. Dr. Lewis reports that, besides contributions to benevolent objects out of the parish, which have probably amounted to £200, his people have contributed to objects connected with the Church in the parish, such as the parochial school, the offertory, and the minister's salary, about £780.

The annual meeting of this District Branch of the Church Society was held in Kemptville, on Wednesday, March 3rd, 1858, at 7 p.m. There was Divine Service in the church at 4 p. m., and a sermon preached by the Rev. Dr. Patton.

Owing to the bad state of the roads and other causes, many of

the clergy of the Deanery were unable to be present.

The Parish of Hawkesbury, through the Chairman, Rev. J. G. Armstrong, who was appointed to the charge of that place in the fall of 1857, has reported direct to the Parent Society:

WOODSTOCK.

The Committee of the Woodstock Parochial Branch of the Church Society, regret that the amount of subscriptions within

the parish falls this year below what they could desire. The difficulty of getting money, added to having local liabilities, may be stated as the reason for this falling off. They hope, however, to be able to remit a larger amount ere long.

This parochial association remitted to Parent Society £15

EAST ZORRA.

The Committee of this Parochial Association have nothing of special interest to report with reference to their operations during the past year. The subscription list, which the Committee feel thankful in being able to state, exhibits a slight increase over that for last year, amounts to \$38.25c; the whole of which has been placed at the disposal of the Parent Society.

MOORE.

The Committee of the Moore Parochial Branch of the Church Society report a decrease in the subscriptions this year. Such has been the monetary pressure in this part of the Province that they are not surprised at the falling off in the subscriptions; yet, when they consider the important aims and pressing wants of the Parent Society, they feel constrained to remit something more than the requisite proportion, to the end that the decrease in our collections may not be felt by the Parent Society.

RESOLUTIONS

PASSED AT THE SIXTEENTH GENERAL MEETING HELD ON THE 9th JUNE, 1858.

t

Moved by the Lord Bishop of Huron, seconded by Hon. John H. CAMERON,

That the Report now read be adopted, and printed for circulation.

Moved by Professor Buckland, seconded by Rev. Dr. Fuller,

That this meeting acknowledges that it is our bounden duty to exert ourselves to the utmost of our power, in obedience to our Lord's command, to "preach the Gospel to every creature," and that recent events in the East have taught us, in a most impressive manner, how heavy is the penalty which a Christian nation incurs by lukewarmness in the discharge of this sacred obligation.

Moved by Rev. T. CARRY, seconded by Rev. Dr. MACNAB,

That although we have peculiar missionary duties to perform, in respect to new settlements and the aborigines of this continent, it is our duty also to extend our sympathies to the wider fields of labour, occupied by the Parent Sociéties, from which we have received in times past such effectual succour; and to seek to aid the efforts now being made for the evangelization of the world by the Society for the Propagation of the Gospel in Foreign Parts, and by the Society for Promoting Christian Knowledge.

Moved by Hon. JAMES PATTON, seconded by Rev. H. BRENT,

That while the sister Dioceses in British North America have ever been regarded with kindly sympathy by this Society, the erection of the Diocese of Huron must, at the present moment, be viewed with especial satisfaction by all those who desire the extension of the Church; and while we cannot but regret the severance of former ties, we shall ever mark with affectionate interest the progress of those with whom we have been so long and so intimately associated.

Moved by John Vansittart, Esq., seconded by Rev. S. Givins,

That the thanks of this Society are due and hereby tendered to the officers and the members of the several Committees, for their services during the past year.
