Buyer for New York Firm and Formerly of Toronto, Drowned When Lusitania Sank.

The funeral of Mrs. Caroline Hickson-Kennedy, who was drowned at the time of the Lusitania disaster, took place yesterday from St. Basil's Church, where solemn requiem high mass was celebrated at 10.30. The interment was made at Mount Hope Cemetery.

The chief mourners were Mr. and Mrs. B. Hickson and son, and a niece, Sister Mary Austin. There were a large number of friends present. The market arrived in Toronto from New York on Monday, a memorial service being held previously at St. Patrick's Cathedral.

The Hickson family are natives of Toronto, their old homestead still standing at the rear of the city hall. Mrs. Kennedy was employed some years ago at Murray's. Mr. Hickson started business with Murray's, and later conducted the business on King street until 18 years ago, when he went to New York.

Mrs. Kennedy was their European buyer. She usually made her trip to Europe for the fall buying in August. Her sister, whose body was not recovered, accompanied her merely for a pleasure trip.

The funeral arrangements were carried out by M. J. Ross, undertaker, Toronto.

PRIZES DISTRIBUTED AT HAVERGAL COLLEGE

Particular Pride in Old Girls Who Won Honors at University Recently.

The prize distribution and closing exercises took place last evening at Havergal College, where a large number of parents and friends assembled in the hall. The evening began with the "Hills Around" was sung by the girls and their friends, and after short prayer and scripture reading by Archdeacon Cody the president of the college, Dr. Hoyle, gave a short address to Miss Knox's speech. Miss Knox spoke of the new domestic science school which is being opened in the old Rutherford building to be known as Coverley House, and of the interesting schemes which are to be started there in September.

Havergal was particularly proud of her old girls this year and the record of old girls who had won honors at the university: Elsie McPherson, Christina Cooper, Mildred MacPherson, and Mildred MacPherson. After Miss Knox's speech "O Canada" was sung by the whole school and the different prizes were distributed. The national anthem closed the program, which was held in the reception rooms and library.

said to have made it plain that they would not interfere with an accredited representative of the Red Cross.

Bought Ammunition. The Tribune says Dr. Meyer made strenuous efforts to purchase the \$50,000 Krugger rifles owned by the United States, and failing in that, he devoted his attention to the concern's large stocks of cartridges manufactured for the allies.

He was able to do so, says the Tribune, by offering advanced prices which would make up for any inconvenience the companies might have in explaining their failure to deliver the goods to their original customers. Some of the ammunition thus secured was shipped to Germany by way of Italy before that country had decided to open hostilities to the allies.

WASHINGTON STARTED

WASHINGTON, June 15.—A rumor was in circulation in Washington tonight that the German government had taken advantage of the United States in arranging passage of the Scandinavian Line steamer United States, for Dr. Anton Meyer-Gerhard.

According to one phase of the rumor, Dr. Meyer-Gerhard is not of the United States, which arrived today at Christiansand, Norway, but allowed a man named Meyer, who attached to the German war office, to take his place. Meyer, according to the story, had been in New York trying to arrange for sending munitions of war to Germany. The other phase of the story is that both Dr. Meyer-Gerhard and Meyer had sailed on the United States.

Officials Discerned. Ex-Secretary Bryan could not be seen tonight. Officials of the state department said that they were not concerned in the matter, granting it was true that Meyer had gone on the United States. The arrangement for Dr. Meyer-Gerhard to go to Germany they said had not been made by this government.

It was known to the state department unofficially, it was explained, that Meyer had gone on the United States, but the government had arranged that he should have safe conduct. It was known to the government, they said, that Meyer carried certain letters that would show his identity. As for Meyer, it was said this government had no interest in him and that Meyer had been a passenger on the United States.

ENVOY AT COPENHAGEN

COPENHAGEN, June 15, via London, June 16, 4:59 a.m.—Dr. Anton Meyer-Gerhard, who is reported to be German ambassador at Washington, Count von Bernstorff, to Emperor William and the German Foreign Office, arrived here tonight on the steamer United States. He was very nervous on meeting at the pier a large crowd, including newspaper reporters and photographers, and disappeared in a motor car a minute after he had landed. Dr. Meyer-Gerhard failed to catch the train to Berlin, and proceeded to the German capital tomorrow morning.

RETOOK TRENCH FOR LOST BINOCULARS

Lone Subaltern Won Victoria Cross by Novel Action at Front.

GERMANS OVERAWED

Kept Hands Up Under Revolver of Young British Officer.

Special cable to The Toronto World. LONDON, June 15.—Prof. J. H. Morgan, in an address at University College last night, gave a remarkable story of the winning of a Victoria Cross. A young subaltern who got the cross had a pair of binoculars, of which he was very proud, and he had everybody by exhibiting them. The subaltern and others in the trenches were on one occasion driven back by the Germans and went into the support trenches. Suddenly the commanding officer, "Good God," and ran back to the trench they had left, which was then in possession of the enemy. A sergeant followed him and came back shortly afterwards to the commanding officer and said, "He has captured the trench, sir."

The sergeant's commanding officer obtained a very foolish thing to do to try and capture a trench single-handed. "But," replied the subaltern, "I went back for my binoculars, sir."

CHICAGOANS STILL WALK

CHICAGO, June 15.—Virtually a complete tie-up of all surface and elevated transportation lines marked the second day of the strike of the Chicago Street Railway employees.

Traction officials rejected the offer of the state board of mediation to arbitrate the differences between the companies and the men. Union officials, to whom the same offer was made, ignored it.

CAMPAIN DECLARE COTTON CONTRABAND

Daily Mail Says It is Indispensable Food for German Guns.

LONDON, June 15.—The Daily Mail today renews its campaign against cotton in a column editorial urging the government to immediately declare the staple contraband. The newspaper calls cotton "One indispensable food for the German guns," and adds:

Our embargo has partly stopped cotton trading, but we have not cut off the export of cotton from the United States in neutral ships to neutral ports. If we decided on cotton contraband we could send ships with cotton cargoes and demand of neutrals that the cotton was not intended to reach Germany.

"We could do this under the principles which the United States asserted in the civil war and which were reiterated in Secretary of State Bryan's letter to Senator Stone."

ROGERS' MESSAGES TO BE DECIPHERED

Minister's Name Was Mentioned in Manitoba Inquiry Yesterday.

LASH'S STATEMENT

G. N. W. Messages Were Destroyed in Ordinary Course of Business.

WINNIPEG, June 15.—Dr. M. Simpson raised a safe deposit box in the Royal Trust Company's vault here on July 1, 1912, and on April 8 of present year, Geo. Caldwell applied to the company for permission to open the box. Although he never got the desired authority, he had a key made and opened the box. Caldwell produced a big batch of messages which passed between Dr. M. Simpson and Hon. Robert Rogers, and Dr. Simpson, which were in cipher, was produced by James Russell, manager of the Royal Trust Company, could open the box for him, but never got the desired authority.

Ernest Todd, the desired authority, the royal commission this morning, and their words were that it was inadvisable to break open the box. Mr. Caldwell was the key to the box, it is believed, and he may be asked to produce the messages.

Produced Messages. A big batch of messages which passed between Dr. M. Simpson and Hon. Robert Rogers, and Dr. Simpson, which were in cipher, was produced by James Russell, manager of the Royal Trust Company, could open the box for him, but never got the desired authority.

Ernest Todd, the desired authority, the royal commission this morning, and their words were that it was inadvisable to break open the box. Mr. Caldwell was the key to the box, it is believed, and he may be asked to produce the messages.

Probably an attempt will be made to decipher the code, which appears to be a simple cipher, and a copy of which has been retained in the custody of the commission.

James Russell of the C.P.R. Telegraph went into the box when the royal commission was held, and produced a copy of the messages ordered by the commission yesterday. He asked the protection of the court against any attempt to be taken against him. Telegrams being gone over by the lawyers for both sides, and it was not clear that there was any message that was marked "secret" and counsel conferred over it in private.

The following telegram was read from Z. A. Lash, president of the G.N.W. Company, addressed to Chairman Matthews:

"I have received your telegram of the 14th asking that copies of Winnipeg and Winipeg telegraph business be sent to Winnipeg as a matter of proper safeguards as to secrecy. All telegrams sent to the G.N.W. have always been regarded as strictly confidential and the public using the telegraph can be performed in any way by the company, and any messages to or from persons are sent to your telegram possession, were duly burned at the same time as the confidential messages, and no copies or other evidence of confidential messages were kept. I am therefore unable to comply with your request."

Rented Deposit Box. Ernest Todd, manager of the Royal Trust Co., gave evidence that Dr. Simpson rented a safe deposit box on July 1, 1912. On April 8 of present year, he presented himself at the office with a key and asked to be allowed to open it at Simpson's deputy. He was not permitted, as no written evidence was on hand that he was Simpson's deputy.

He had never received a wire to that effect from Simpson. The chairman said no one should have access to the box except as a deputy, and it was necessary to see that the contents were not tampered with. It is believed here that this was where the Conservative campaign fund of \$100,000 was kept.

Mentioned Rogers. Hon. Robert Rogers and V. C. Horwood, architect, had visited the doctor in his office, but none of the former cabinet ministers.

C. P. Wilson, counsel for the Liberals, filed with the commission the original specifications brought down by the Hon. Dr. Montague. It was different, he said, from the Kelly copy, in that it bore the note on the bottom of the page: "Not all prime costs omitted." It enabled the contractor to secure \$300,000 in extras.

Contractor Kelly has put his \$100,000 mansion on Assiniboine avenue in his wife's name and thus it is exempt from the tax. The government has taken against Kelly's property.

VATICAN DISAVOWS GERMAN PRESS CRY

Will Not Seek Temporal Power by Assistance of Foreign Arms.

HOLY SEE NEUTRAL

Italian Churchmen Good Patriots and in Favor of War.

ROME, June 15.—A favorable impression has been produced by an article evidently inspired by the Vatican in The Catholic Corriere D'Italia against the German and Austrian press, which has suddenly become so friendly to the Holy See by seeking again to raise the question of Roman temporal power. The note states that the Vatican as an international institution maintains its neutrality, but that Italian Catholics are good patriots and are in favor of war. The German press is not sincere and the Holy See does not believe its statements, the object of which is evident. There is no solidarity between the Vatican and the German press and Pope would not accept the assistance of foreign arms to assert his rights.

COTTON MILL EMPLOYEES ACCEPT ARBITRATION

Danger of Strike in Lancashire Averted by Government Intervention.

LONDON, June 16, 4:08 a.m.—All danger of a stoppage of the Lancashire cotton industry by reason of the demands of the men for an increase of pay and the threatened lockout by the employers in retaliation has been averted by the decision of all parties to the dispute to accept government arbitration.

GERMANS WANT ONLY RUINING FRUIT TREES

Plan is Evidently to Destroy French Agricultural Interests.

PARIS, June 15.—Not content with devastating France with fire and sword, says The Ecclair, the Germans are now ruining the fruit trees and vines in the invaded districts. It was seriously stated that the Germans were replanting fields where corn was planted, because they had no expectation of being able to reap the harvests. The reported destruction of trees by stripping them of buds and new branches is regarded here as a plan to ruin French agricultural interests.

GERMANY TO RESTRICT WEARING COTTON GOODS

Will Be Sparing in Use to Preserve Cotton for War Purposes.

LONDON, June 16.—(3:16 a.m.)—The German papers last Saturday published an inspired notice showing the necessity for the restriction of the production of cotton goods used in civilian life. The notice stated that the German supply of cotton was sufficient for war needs, even if hostilities were protracted. It added that a precautionary official investigation made since the cessation of imports of cotton from Italy had proved that no difficulty would be experienced, providing reasonable economy was observed.

FOUR MILLION MEN TRAINING IN BRITAIN

Million Also at Front, Declares American Rhodes Scholar. Just Returned.

RECRUITS FLOWING IN

People Thoroughly Roused and Respond Well to Call for Arms.

Special to The Toronto World. MILWAUKEE, Wis., June 15.—Arthur Doe, son of General J. B. Doe, formerly United States assistant secretary of war, and himself a Rhodes scholar, who has spent six months as a hospital automobile driver at the front with the British army, has returned with a declaration that the British are assembling an enormous army, now four million strong.

"There are at present four million men under arms from the British Isles," said Mr. Doe, "of these 1,000,000 are in France. In addition there are various regiments of colonial troops."

"The British army is getting stronger every day. The recruits exceed the casualties. The men who sent out a story that the British nation is not aroused, and is not responding, is practicing deception, and the people who believe the story are being deceived. I travel extensively thru England, and everywhere we appear the determination and quiet patriotism of the people."

"Englishmen are still in the impression which stood out most strongly from the streets of English cities. Where the streets were teeming with these men in October, there are now comparatively few. Of course, the plain inference is that they are at the great training camps. Kitchener's promised army is still in England. Why it has not been sent to the front, I cannot presume to say."

PUNISH PERPETRATORS OF WAR ATROCITIES

Important Pronouncement by Dean of Zion College, London.

Special Cable to The Toronto World. LONDON, June 15.—"If at the end of the present war," said the dean of Zion College, London, "it is possible to get the heads of the German criminals and if, after due trial, it is considered right to put them away, I think we should be quite justified in doing it."

SAFEGUARDS AGAINST SUBMARINE ATTACKS

NEW YORK, June 15.—A London cable to The Herald says: The new activity of the German submarine fleet, which has resulted in the sinking of more than 30 vessels in the last week, is expected to bring forth additional measures by the admiralty. The new first sea lord, Admiral Sir Henry B. Jackson, is known to be devoting much attention to the question and it is believed he will be able to arrange further safeguards for vessels along the British coast.

VENIZELOS SILENT ON FOREIGN POLICY

Government Press Unable to Make Supporters Commit Themselves.
CLING TO NEUTRALITY Threats to Disregard Results of Election—King's Attitude Changes.

LONDON, June 14.—The Morning Post's Athens correspondent in a dispatch dated Sunday, discussing the issues of the Greek elections says: "The government press was endeavoring to utilize the popular devotion and sympathy for the King in his illness as an argument for voting against Venizelos and to persuade the middle classes that the return to power of the ex-premier would mean immediate war. Curiously enough the Venizelist press and candidates have studiously avoided making any statement as to what foreign policy their chief will adopt. After repeated challenges on this subject by the government press M. Repoulias who was minister of the interior in the Venizelist cabinet in a speech to the electors stated that it was impossible to forecast Venizelos' foreign policy until the latter obtained an authentic insight into the exact international situation. This reticence was naturally made much of by the government party who denounced Venizelos as trying to conceal false pretences without daring to raise the question of peace or war. He boldly before the electorate and they declared if he, under these conditions, should succeed in being returned with a majority the king would be justified in refusing to regard the result as a national condemnation of the present policy of neutrality and change that policy. These statements represent the king's real intentions. I have good reason to doubt, and I believe, that they will act entirely in the spirit of the constitution as soon as his physicians allow him to transact public business. The king's present condition is comparatively favorable, there being practically no fever. The wound is doing well, but the patient's exhaustion is very great and he is not yet considered out of danger.

GERMAN AERIAL RAIDS NOT ALL FUTILE

Damaging Little, They Profit England by Inflaming Indignation, Inwardly the Kaiser's Generations to Come Must Atone.
Despite the fact that the so-called raids of the Germans are largely a bombastic demonstration, that it is possible for Zeppelins to pay extremely brief visits under cover of darkness to unfortified British cities, the gain to the Germans is slight as compared to the damage their visits do to their cause.

DECISION ALARMS

The appellate division has slightly varied the decision of Mr. Justice Lennox, who held that St. H. Arthur was entitled to recover \$3750 from John A. Smith, collector of customs at Windsor, and John G. Colbridge, a Windsor real estate agent, in connection with a syndicate scheme for the purchase of the Pratt farm of 76 acres in the Township of Sandwich West. The court directs that instead of judgment and execution against the defendants, the plaintiff is to have a lien for the amount on the taking of partnership accounts.

WEDNESDAY MORNING, JUNE 16.

Clear-up in Manitoba

There is nothing to do but to complete the exposure and clean up the mess in Winnipeg by compelling restitution of public money stolen in connection with the parliament buildings contract, by punishing the guilty parties all and every, irrespective of politics or office, and to do it all good and quick.

The Borden government at Ottawa and Conservatives generally have a vital interest in this being done. Like-wise Liberals are equally interested, especially since it is a matter of report that some kind of deal was under negotiation between parties claiming to represent contractors and Liberal politicians.

Canned Currency

Wisely or unwisely Canada seems committed to contracted currency and restricted credits. Just now, when every other belligerent nation is using the credit of its government to speed up business, we are trying to piece along with less money than we had six months ago.

IT'S NOT THAT BAD.

A copy of a paper, published in Berlin, Germany, has been sent to us. It contains the following interesting item with reference to Berlin, Canada:

In the district of Waterloo, Province of Ontario is a city, built by Germans and bearing the name of Berlin. This name caused the ire of the English population and now the said city bears the name of "Kitchener."

We would like to know, our German-Canadian contemporary, the Berliner Journal of Berlin, Ont., is asking: "Where, in the love of Mike, has that newspaper scribbler in Germany heard the bells ring!"

"SOURDOUGH" AT FRONT.

OTTAWA, June 15.—Robert W. Service, the well-known Yukon poet, author of "Songs of a Sourdough" and other books, has, according to a report received by the militia department, gone to the front as a chauffeur with an Anglo-American ambulance.

Electric Bus Franchises

There does not appear to be anything to prevent any person who wishes to run an electric bus in Toronto from doing so, provided the

complies with the police regulations. The desire to obtain an agreement with the city, whether by special privileges, or for any kind or variety of franchise, is utterly outside the will or desire of those who have the best interests of the city at heart.

If a company seeks to get a special agreement from the city, such an agreement could only be of the nature of a franchise to be of any value to the company, and if it be of no value, the company should be able to get along without it.

Self-Control Finer Than "Kultur"

First-hand impressions of a catastrophe like the loss of the Lusitania are sufficiently rare to make the arrival of Mr. Ernest Cowper in Toronto yesterday an interesting event.

What struck him most, he says, was the behavior of everybody. There was no hysteria, and no panic. It might have been an everyday occurrence. Men went about doing what they would to help others. There was no sensation of fear.

It is not "culture" of any merely intellectual kind that imparts this diadadem of temporal accidents, and it does not seem to be spirituality of the kind defined by the churches that lends such intrepid coolness to men and women who would not be suspected of either culture or spirituality in ordinary circumstances.

SCHOOL OF COMMERCE RESULTS

The results of the High School of Commerce examinations were announced yesterday, and the names of the clever pupils who won the medals and prizes were given out.

## TOO MUCH HUENCKE LEAF'S DOWNFALL

### Rochester Pitches Master at All Stages and Locals Beaten Three to Nil.

Overcast skies, lack of hitting by the locals, a 3 to 0 whitewash for the Leafs and excellent pitching by one Mr. Huencke make it a very miserable day for the small crowd of fans that crossed the bay yesterday.

Lack of hitting, that's it. Or it might be said unbiting pitching. General Huencke, who, it will be remembered, finished Monday's game, right back at the Leafs, and he was the one responsible for the dip in the whitewash bucket. Huencke was master throughout and kept the Clymerites' hits so widely scattered that the locals were never in the hunt. On top of this Hollander had a bad day in the field and booted a couple to make it worse.

Managing pitched a fair sort of a game and with a few solid pokes by those behind him he would have had more than a fair chance to win. Only once did the Leafs really threaten. It was in the eighth box and with every corner occupied Graham raised to the Rochester second baseman for the third out. Loud groans.

Rochester's three runs were crowded into one inning, the second. The run went on when Roach booted Kores' roller. Holke rapped into left for a base and then Priest was out being tried to bunt the third strike. Williams' single scored the first one and Stevenson's poke counted the other two.

The Leafs' one inning netted nothing. After Hollander grounded out in the eighth Kelly singled and Manning pulled one into right field for one corner. O'Hara fouled out back of third, but Roach worked Huencke for a free trip. Graham popped to second and it was all over.

### Favorite at Epsom Won Substitute Derby

EPSON, Eng., June 15.—The substitute Derby was won here today by Pomern. Let Fly ran second. The regular Derby was cancelled because of the war.

Pomern, owned by Sol Joel, was the favorite for the abandoned classic run annually at Epsom Downs. When the government decided to discontinue all

race meetings during the war except at Newmarket, the race for the new Derby stakes, held today, was determined upon. The new race was open to horses eligible for the Derby.

Seventeen horses started. Today's race was a sweepstakes of \$600 each with \$200 added by Lord Derby and was for horses entered for the Epsom Derby. Among the starters were August Belmont's Danger Rock, and H. B. Duray's Chickamauga. The betting against Pomern was 11 to 10, against Let Fly 10 to 1 and against Rossendale, 40 to 1. Pomern was the winner of the 2000 guineas stakes run at Newmarket April 25.
