PROBS: Moderate winds; fine and warm.

## EVIDENCE AT TRIAL WAS JUST THE OPPOSITE OF GLOBE'S STATEMENT

**Commissioner Rebuked Toronto Newspaper for Publishing Story Which Was Direct Contradiction of Evidence—W. F. Maclean Offered To Allow an Inspection of The World Books.**

When the Farmers' Bank enquiry was continued in Osgoode Hall yesterday morning before Commissioner Sir William Meredith, Dr. Beattie Nesbitt was in attendance. His presence was brought about by a subpoena served upon him by the police at the instance of Frank Hodgins, K.C. Before the court was formally opened Hartley H. Dewar, K.C., asked Sir William to postpone Nesbitt's examination until he had time to confer with the crown with regard to the lines along which the doctor was to testify. Mr. Hodgins said that he was agreeable, provided the solicitor would undertake to produce the witness at the proper time. The doctor interposed with the remark that he did not propose to run away and would help the crown all he could.

**Travers Was Correct.**  
The last time Travers was on the stand he had a dispute with Mr. Hodgins as to whether he had ever said there were four commission contracts originally. The examiner held that he never stated this, but yesterday Mr. Dewar produced notes from the police court case showing that the manager admitted it to the magistrate.

**Sir William Scores Globe.**  
Dr. John Ferguson, a former director of the institution and the only one of the directors who was capable of managing a bank, was asked to look at the agreement between the board and Travers. While he was doing this Sir William made the following observation:

"Mr. Hodgins, I notice a statement in The Globe this morning saying that the evidence shows that the advances made to The World were made as a result of the assistance given in the securing of the government deposits. The evidence given here shows just the opposite."

Mr. Hodgins: "If anyone can throw any light on this I will be glad to hear them."

**No Fifteen Per Cent. Rate.**  
No 15 per cent. rate of commission was ever charged up by Travers when it should have been 10, as far as he knew, declared Dr. Ferguson. Sir William could not understand why there was a 15 per cent. agreement drawn up on the day the one for 10 was made and why it was so completely forgotten by the different witnesses.

Mr. Hodgins then took up the agreement between the board, Smith and Travers, whereby the latter was to assume control of the bank. The witness remembered that C. H. Smith was an objecting party to the understanding with Travers, as he had an outstanding debt for selling stock. The contract was conditional upon the consent of the subscribers and directors, and Smith said that there was a chance that the directors would not approve of the \$20,000 which was to be paid them by Travers.

**Gave Money Back.**  
How the bank secured one of its largest deposits was related by Mr. Fred. Crompton, a corset manufacturer. His first deposit was \$150,000 and later he placed another account with the bank for \$50,000.

The subject was first broached to him by Dr. Nesbitt, who was a relation, and Travers completed the arrangements. He was to deposit the money with the bank, obtain a deposit receipt and take out their circulation for the amount. A short time after he returned the deposit receipt and received the equivalent to the money deposited in Farmers' Bank bills. These bills he gradually returned to Travers and received the cash. For the first \$150,000 he got 5 per cent. and for the \$50,000 5 per cent. was allowed, so that all the benefit you got out of it.

"I had the shares in the Keeley mine."

"What were they for?"  
"They were my 20,000 shares in the Keeley mine for making the deposits. The bank later bought the stock back, but he afterwards returned the \$20,000 that they gave him for it."

**Was Paid Money.**  
"Aside from that did you get any benefit?"  
"I got a small amount of money."

"How much?"  
"\$500 given to me by Dr. Nesbitt."

"You know that there was a penalty attached to it?"  
"No, I did not."  
"Travers said he told you?"  
"I don't think he did tell me."  
The examiner here turned up the police court evidence of the manager

Continued on Page 9, Column 1.

## Judge Rebukes Globe

The disgraceful attempt, made by The Globe of yesterday morning, to pervert the evidence given in connection with The World loan and the Farmers' Bank, was heavily scored by Sir William Meredith during yesterday morning's session of the enquiry. Sir William spoke as follows:

"Mr. Hodgins, I noticed a statement in The Globe this morning saying that the evidence shows that the advances made to The World were made as a result of the assistance given in the securing of the government deposits. The evidence given here shows just the opposite."

Mr. Hodgins: "Yes; that is my impression. If any one can throw any light on this I will be glad to hear them."

Shortly before adjourning for luncheon Sir William remarked that insinuations as to The World loans and in connection with other affairs of the bank should stop as he was conducting the enquiry and would investigate the conditions surrounding the bank.

In connection with the above it may be said that if a newspaper in England did what The Globe did in misrepresenting anything that occurred before a government investigation commission, both the paper itself and the men in charge would have been subjected to an extremely heavy punishment. Any newspaper which deliberately misrepresents evidence given before a judge in order to vent a personal spite and is rebuked by that judge for so doing, proves conclusively that it is no gas.

## SAYS HARRIMAN PROVIDED BRIBE

**Sensational Evidence Given by Franklin at Trial of Darrow — Lawyer Sought to Warn Him.**

LOS ANGELES, Cal., May 31.—(Can. Press.)—Job Harriman, late candidate for mayor of Los Angeles on the Socialist ticket, to-day at the trial of Clarence S. Darrow for alleged jury bribing, heard himself accused of being the man who provided Darrow with the alleged bribe.

Later in the day he heard the same witness, Bert H. Franklin, testifying for the state, quote Darrow as saying to him: "If you mention my name I want you also to mention what you know about Job Harriman."

Sensations were crowded thick into to-day's session of the trial, culminating in the beginning of a rapid-fire cross-examination of the principal witness by Chief Counsel Rogers for the defence.

For the first time since the arrest of Franklin and the indictment of himself and Darrow, the names of prospective jurors, other than Lockwood and Bain, alleged to have been sought to be bribed were injected into the case.

Franklin said he had entered into negotiations with A. K. Kruger and he had been "turned down" by three others, Guy Yonkin, a Los Angeles cigar dealer; John S. Underwood, a local iron worker, and Frank Smith of Covington. Offered \$4000 for Vote.

The witness exhibited much emotion when he related his conversation with Kruger in which he said Kruger had told him that another man had offered him \$4000 for his vote as a McNamara juror.

Kruger, he said, wanted to know if they were both working for the same side. He named a Los Angeles lawyer, heretofore not mentioned, in connection with the McNamara case which drew an indignant protest from Attorney Rogers.

He said that when he saw detectives near the scene of the meeting with Lockwood he knew he had been betrayed. Darrow's presence at the place of Franklin's arrest, the latter explained by saying that he had been informed that Leosimpe Davis, one of the associate counsel for the McNamara defence, had telephoned to Darrow telling him that Franklin was about to get into trouble. Darrow, he said, had gone there to warn him.

## NORTH TORONTO TO HAVE NEW SCHOOL

**Town-Council at Stormy Meeting Endorsed the Requisition for \$55,000, Despite Adverse Majority of Five — Hall Was Packed and Occasion Was Historic.**

By a vote of five to two the town council of North Toronto last night endorsed the requisition of the high school board asking \$55,000 for the purchase of a site and the erection of a high school.

Never in the history of the town has any event aroused a tide of the interest which attached to last night's proceedings, and never has the council been called upon to deal with a matter fraught with greater importance to the town. The retention or disruption of the high school hung in the balance and to the credit of Mayor Brown and a majority of his colleagues the cause of higher education was successfully maintained. But the struggle was strenuous. Standing beside the mayor were Councillors Munton, Bell, Reid and Lawrence, while voting to refuse the requisition were Councillors Rowe and Baker. The history of the town does not show any similar occasion when the element in a majority were more studiously catered to than in that of the two contending councillors. Happily the other, calmer thought of the majority prevailed, and that in the face of an adverse vote of the poll.

Scores were unable to get within the building and the excitement throughout was intense. It will be remembered that on Saturday last a referendum was taken with a view to gauging public opinion, the vote cast representing little more than the non-tenth.

## WROTE FOR CAP WAS ARRESTED

**Hard Case of Young Englishman Who Left His Ship at Montreal — Had Good Position in Toronto.**

Richard Williamson, a hale and healthy young Englishman, who failed to comply with immigration inspection regulations, was taken to Montreal yesterday and may be deported back to Liverpool and have to work many months before the requisite passage money that would bring him back to Canada, is forthcoming. Williamson was cook on a transatlantic steamer and had signed for one trip. He departed at Montreal, but as he did not draw any money, considered that his passage was well paid for. He came to Toronto, secured a good position and was living with his mother here, whose support he is.

When leaving his boat at Montreal he left aboard a prize cup he had won in some competitive event, and not wishing to lose his souvenir wrote an officer of the boat asking that it be sent to his present address. The reply he received was a visit from a Montreal sleuth, who arrested him and took him back to that city. It is quite possible that the young man will not have to pass the immigration inspectors in the usual way, when he will be allowed to return here, where he has a good position.

## FOSS WOULD CURB CORPORATIONS

BOSTON, May 31.—(Can. Press.)—In a formal statement to-night, Gov. Foss laid down an ultimatum to the legislature, declaring that he will not sign any railroad legislation passed by the general court unless that body sends to him a law providing for the establishment of a public utilities commission or some other measure giving to public authority a greater degree of control over public service corporations.

## IMPURE MILK CONFISCATED

In a determined effort to improve the standard of milk supplied Toronto consumers, Dr. Hastings is "bitting the pockets" of producers who fail to comply with reasonable rules of cleanliness and in the past two days 164 gallons have been confiscated. The procedure followed the discovery of dirt in considerable quantities.

## FRACTURED SKULL IN FALL

William Campbell, 78, West Queen street, and 42 years old, fell on the pavement last night and fractured his skull. He was taken to St. Michael's Hospital in an unconscious condition. It is feared he will die.

## AN OPTIMIST

WILFY: Never mind, Fido, we'll catch him alive yet.

## AUSTRALIA NOT TO SPLIT FLEET

**Unpractical and Unstatesmanlike to Follow New Zealand's Course, Says Premier.**

SYDNEY, May 31.—(C.A.P.)—Prime Minister Fisher speaking to-day in regard to the naval policy of Australia, which follows British ships and crews for service in home waters, said: "Australians have cheerfully undertaken to defend their country by sea and land and are prepared to make all personal and other sacrifices necessary. The suggestion that the commonwealth should copy New Zealand and split the fleet with an unpractical and unstatesmanlike."

## N.Z. Commissioner Quits in Dudgeon

LONDON, May 31.—(C.A.P.)—Sir W. Hall Jones, high commissioner for New Zealand, has resigned. In deference to Sir Joseph Ward's request he consented to an extension and the appointment of a successor was promised by the end of May, but as none was made, he has refused to accede to the request of the New Zealand Government for a further extension.

It is stated that the real object of the delay is to allow time for Sir Joseph Ward to take up the duties. Wray Palliser Hall, Sir A. H. Jones' secretary, is temporary high commissioner.

## ORDINATION SERVICE

Rev. Paterson Smyth of Montreal will preach at the ordination services at St. Alban's Cathedral to-morrow.

## Soldiers at Niagara Had Hard Day's Work

**Straw Hats Have Not Arrived Yet and Men Had to Drill in Hot Sun Wearing Only Service Caps—Boy Scout is a Young Hero.**

It is likely that the two brigades will line up against each other. Contrary to expectations there was no night march or bivouacking. The officers' ball accounted for this, and the troops were given a well-deserved rest. The function was a brilliant one. Every officer was invited, along with others who are not attending the camp at the present time. A large number of ladies came to Niagara from various cities roundabout.

No more soldiers landed in camp to-day, but Saturday will see several hundred join their different regiments along with a number of bands. Everything is businesslike and the small army of citizen-soldiers are given strenuous work to do during all the wakeful hours. The conduct of the camp is good, there having been to

Continued on Page 9, Column 3.

## GUDDY PAID \$9 GETS \$75 YEAR FOR LIFE

**Altho He Was in Calgary When Salaries Were Raised, He Was on Leave From the Toronto Force, and Thus Becomes Entitled to an Additional \$75 on His Pension.**

The pension from the police benefit fund to be drawn by ex-inspector Alf Cuddy, now chief of the Calgary force, has performed a stunt unique in the annals of insurance. Cuddy stands to draw the sum of \$75 per year for the rest of his natural life in return for the outlay of the vast sum of about \$9.

This is how it will work out if the benefit fund committee of the men who propose to contest this part of the pension claim are not able to stop it and it looks to the experts as if they could not. Inspector Cuddy left the force March 1 as a physical fag, but he was granted three months' leave of absence as an honorarium and his resignation did not take effect until yesterday. Therefore when on May 1 the commissioners increased the pay of inspectors from \$1850 to \$1800, altho Alf Cuddy was then commanding the force of Calgary, he was still technically a member of the Toronto force and his pay went up with that of the other inspectors.

This means that for the months from January to May inclusive, Alf Cuddy will draw down an advance of \$150 per year, while for three months he has been upon the Calgary force. It means more than that. It means that by paying out 7 per cent. upon that \$150 for that period he will draw down half that sum annually, \$75 for the rest of his life. His added payment into the fund will be about \$9, which will net him a substantial benefit for his life. He is young and healthy, with a long expectation of life. Also he is drawing a good salary in Calgary, and furthermore he is comfortably well to do.

## LACK OF FUTURE MAKES MEN OUT

**Seven More Left the Police Force Yesterday, Some on Pension, But More Young Men.**

It costs something more than \$200 to put a policeman on the street in Toronto. This is before he can be of any service to the city, for that is what his wages are before he is put in uniform. It costs more than that, for during that time he is being drilled and instructed in his duties generally and then he has to be provided with a uniform. If he quits within a short time after being put on the street this is a dead loss and he has only been made ready to go west.

He is likely enough to go west, for the salaries there are such as will attract him, while they are evidently not so here. Yesterday seven men left the force. Some of them retired upon pension, but most of them were young men with about two years' service to their credit and they are leaving because they feel that there is no future as a policeman in Toronto.

Policeman Duffy of the Court-street station is one of those who left. He explained his reason in a rich Irish brogue. "It's a slave's life," he said. "There's no pay to speak of an' the hours are awful. There's little chance for promotion and a first-class constable with badge an' all has little to look forward to." "The chief's dog, Togo, has a better time than a policeman," said another cop.

The men suggest that if the wages of the second and third-class men were left as they are and the time to become a first-class constable were reduced from five to three years and the pay of the first-class man put up, the situation would be solved. They say that any man who is ever going to learn to be a policeman will learn in three years, and that then he can settle into a comfort which would compensate him for the three lean years and also that his pension would be a more attractive thing.

"It's the lack of a future that makes the young men quit," said one. "The older men are too deep in the mud to get out."

## BOYS OF BARRIE IS THE NOMINEE

**Will Contest South Simcoe By Election on June 17 in Conservative Interests — Eleven Proposed.**

COOKSTOWN, May 31.—(W. A. C.) Boys of Barrie to-day was nominated as the Conservative candidate in South Simcoe. The by-election to fill the vacancy caused by the elevation of Houghton Lennox to the bench will be held on June 17. It is not likely that the Liberals will put a candidate in the field.

The nomination meeting was held in the town hall this afternoon. Reporters representing Liberal newspapers were barred from the meeting. Eleven names were placed in nomination, and only two withdrew. When the ballots were counted Mr. Boys had a substantial majority, and his nomination then was made unanimous. Those who were nominated were A. E. H. Creswick, Barrie; W. A. J. Bell, Alliston; Alex. Ferguson, M.L.A.; Richard Bell, Essex; Walter J. Bell, Beaton; Hon. J. S. Duff, Robt. Murphy, Rosemount; R. J. Hill, Thornton; James Fraser, Tottenham; J. E. Scanlon, Bradford; Dr. J. J. Bunting, Cookstown. Mr. Duff and Mr. Ferguson withdrew.

## SIX DROWNED FIVE RESCUED

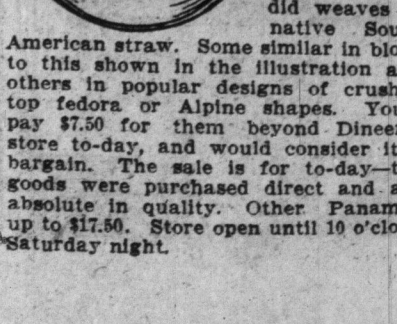

**Party of Eleven Crossing Lake in Upper Quebec When Boat Overturned.**

CHEMUNVILLE, Que., May 31.—(Can. Press.)—News of the drowning of six residents of the Township of Preston has filtered down to civilization from this centre of the lumbering camps, which is not connected with the outer world excepting by a semi-weekly stage line. The accident occurred while they were crossing Lac LeGrande Poison Blanc (Great Whitefish Lake), on Tuesday afternoon last. Eleven people altogether were in the boat when it upset, but five managed to save themselves by clinging to the overturned vessel.

The drowned are: William Dubrien, Mrs. William Dubrien, their two young daughters, aged four and three years respectively; Miss Alberta Levert, aged 15, and Silvio Palemont, aged 15, all of Preston. The bodies of the victims have not been recovered, and Governor MacKay of Papeineville is of the opinion that an inquest is unnecessary.

## PANAMA HATS FIVE DOLLARS

There's a big special in Panama hats at Dineen's, 140 Yonge street, to-day. Over three hundred dozen splendid native South did weaves in this shown in the illustration and to others in popular designs of crushed top fedora or Alpine shapes. You'd pay \$7.50 for them beyond Dineen's absolute in quality. Other Panamas up to \$17.50. Store open until 10 o'clock Saturday night.

# The House of Kuntz Announce Two New Products

## A German Lager and A Sparkling Ale

To the thousands of Canadians who enjoy a glass or two of good lager or good ale now and then, this announcement is of the utmost importance. It gives news of a *German Lager* and a *Sparkling Ale*—the two latest products of the famous old House of Kuntz. That these two new beers will be especially fine, you will naturally expect, for the House of Kuntz has a great reputation to sustain. For many generations in both Germany and Canada, the members of the Kuntz family have been celebrated as great specialists in the brewing of beer.

### THE OLD RELIABLE

Kuntz's Original Lager is the old reliable lager that has made the House of Kuntz famous throughout the length and breadth of Canada. It has been on the Canadian market sixty years and hardly needs an introduction. You, no doubt, have enjoyed several bottles already this year, and know how very good it is.

Here is a remarkably fine light lager. As its name implies, it is brewed by the Old German process—a process in which the House of Kuntz naturally excel. For Kuntz's Old German Lager, the very finest ingredients are used—Crystal-clear water from the famous Kuntz springs, the choicest barley that Canada grows, and the highest-class hops that money can buy in Bohemia.

The lager is aged in steel tanks enamelled with glass, and in spacious rooms where the air is artificially cooled and purified. No expense is spared in even the smallest detail to make Kuntz's Old German Lager the finest in the land.

Drop into your favorite café or hotel. Try a glass or bottle of Kuntz's Old German Lager. See how superior it is to light American beers. Then order a case from your dealer.

### Bottled Only at the Brewery In Peacock Green Bottles

Kuntz's Old German Lager is bottled only at the giant Kuntz Breweries in Waterloo. The bottles are Peacock Green. But to make absolutely certain that you get what you pay for, look for the word

The House of Kuntz are justly proud of their new ale. You will know why when you pour out a glass and see its diamond-like sparkle and creamy foam. Taste it and you'll discover the real, snappy flavor of the finest ale. There's no other ale like it. Doubtless there will be attempts to imitate it before long.

Kuntz's Fine Sparkling Ale is just the thing for the overworked and the tired out. It sharpens up the appetite, wakes up the digestive organs, and tones up the system generally.

Like Kuntz's Old German Lager, Kuntz's Fine Sparkling Ale is brewed from the finest ingredients that money can buy. It is properly matured. The flavor is unexcelled.

Just try a glass of this refreshing ale. See how different, how invigorated you feel.

WATERLOO on the label. You should experience no difficulty in getting the genuine Kuntz Products, for they are sold by hotels, cafés and liquor dealers most everywhere in the Dominion.

## Kuntz Brewery, Limited, of Waterloo

### Soccer on Friday Davenport Beat Eatons Games For To-day

Davenport defeated Eatons last night in an Intermediate T. & D. soccer game by 2 to 1. Lansdowne scored for Eatons and Stead (2) and Hewitt for Davenport.  
The following are the T. & D. League games and the referee for to-day: Senior—Stanley Baracks v. Pioneers, S. Banks; Davenport v. Overseas, W. S. Murchie; Intermediate—Sunderland v. Weston, C. A. Carter; Don Valley v. S. Dobb; Old Country v. T.E.L., H. Calkins; Juvenile—Davenport v. Pioneers, C. Dickson; Riverdale v. Parkview, S. Popham; Moore Park v. Pioneers, postponed.  
The Overseas will meet the Davenport in a league game Monday on the latter's grounds. All Overseas players and supporters are requested to meet at the corner of Keele and Dundas-streets at 2:45.  
The Old Country F. C. play the T.E.L. at Queen Alexandra School grounds to-day, and the following players have been selected to represent O.C.C.: Kerri-

son, McKay, Colquhoun, Foley, Craig, Watson, Donnell, Evans, Hunter, Cooper, Lilley, reserves, Stephens, H. Donnell and Storey. Players are asked to meet at grounds at 4 o'clock sharp.  
The following players of First-avenue are requested to be on the Don Flats at 3:30, when First-avenue plays Rhodes: Oldfield, Weston, Gerrard, Quill, Martin, Smith, Spool, Gregory, Morrow, Acheson and Messrs. Deans.  
Germania Hotel, John and Main-streets. First-class table and rooming accommodation. 246

### CRICKET TO-DAY.

The Garrett Cricket Club will play their first home game of the season on their grounds (Trinity College) this afternoon at 2:30 sharp, when they will have for their opponents the St. Cyprian's Cricket Club. Garrett's players will be as follows: T. Barford, K. Weston, C. Tunbridge, T. Tunbridge, S. Tunbridge, J. Bitchener, E. Montiflore, W. Hunt, A. Belgrave, T. Brown, A. Hills, reserves, H. Wright, H. Norman, W. Tomlinson, J. Clezborn, E. Chatterton, A. Sykes, J. Hall, H. F. Kirkpatrick, L. E. Mullinger, A. H. Topping and F. Hughes. To reach the grounds, take Bathurst-street car and get off at Christie-street.  
Toronto Cricket Club play an all-day game with Varsity to-day on the Varsity campus, and will be represented by Dr. W. W. Wright, R. C. Reade, P. E. Henderson, L. M. Rathbun, W. McCaffrey, J. M. Laing, E. H. Rogers, W. H. Cooper, T. Usher, F. H. Maw, G. Ashbridge.  
East Toronto Cricket Club play an all-day game to-day at 2 o'clock. The team will be as follows: W. Linton, M. Brown, Geo. Edwards, Tuchman, W. Fiealand, Stramps, T. Taylor, Joe Townsend, S. Whittingham, Kelly, Lusted, Robert, W. Stewart.  
Toronto Cricket Club play Hamilton an all-day game on the Varsity campus on Monday, June 3. The team will con-

sist of Dr. W. W. Wright, P. E. Henderson, L. M. Rathbun, W. J. Fleury, R. C. Reade, J. M. Laing, N. Beagran, A. E. Ferris, J. L. Hynes, T. Usher, E. R. Saunders.  
The following members of Toronto Cricket Club play Parkdale at exhibition grounds to-day at 2:30: E. H. Leighton, C. L. Worsley, H. E. Noll, C. R. E. Scott, H. J. Whishire, F. M. Stokes, A. D. Carding, E. S. Dimock, H. C. Healy, Harrison and Dr. Dawson. St. Barnabas team to meet Aura Lee in Riverdale Park this afternoon in the

# WINNING CHAMPION OF MODEL SCHOOL

Wins the Title by 10 Points, With Curry Close Second. — Big Crowd Witness Games.

The Provincial Model School held their annual field games under ideal weather conditions. J. Irwin won the championship by ten points, while Curry was a close second by nine points. The Royal Grenadiers' Band supplied excellent music throughout the program, and the large crowd enjoyed a very pleasant and exciting afternoon. The following visitors were present: J. J. E. Scarth, Rev. Arthur Strother, Rev. J. Hutchinson, Rev. A. Robertson, Dr. J. L. Hughes, Dr. D. J. Grogan, B. W. Sothman, H. R. Allen, A. Boulton and J. Hartly, principal of Clinton Model School. The following are the results:

- 15 yards race, under 8 years—Copper L. Francis 2, Willis 3.
- 100 yards race, under 13 years—Cuskey 1, Smith 2, Ward 3.
- 175 yards race, under 9—Sothman 1, Boutilier 2, Skith 3.
- 100 yards race, open—Macklem 1, Davis 2, Clarke 3.
- 120 yards race, under 11—Snigrove 1, Mack 2, Rowell 3.
- 140 yards race, under 14—Toy 1, Traupp 2, Gale 3.
- 120 yards race, under 12—Casky 1, Earl 2, Patton 3.
- 440 yards race, ex-pupils—E. S. Simons 1, McC. Murray 2, Fine 3.
- Team race, red, white and blue—Whites 1, Reds 2, Blues 3.
- Walking race, over 12—Church 1, Sheat 2, Lithgow 3.
- Potato race, under 11—Wells 1, MacFarlane 2, Collins 3.
- 140 yards race, open—Curry 1, Irwin 2, Macklem 3.
- 120 yards race, under 13—Ketchum 1, Eastmore 2, Coutts 3.
- Hurdle race, under 12—Pringle 1, Casky 2, Thomas 3.
- 120 yards race, under 15—McPherson 1, Clark 2, Currie 3.
- 100 yards race, open—Curry 1, Irwin 2, Clark 3.
- 100 yards race, under 11—McPherson 1, Wells 2, Snigrove 3.
- Obstacle race, over 13—Huestis 1, Lithgow 2, Beasley 3.
- Half-mile race, open—Curry 1, Irwin 2, Clark 3.
- Hurdle race, under 13—Boutilier 1, Ketchum 2, Maxwell 3.
- Sack race, open—Lithgow 1, Chadwick 2, Johnson 3.

## Dominion Brewery INVALID STOUT for Strength

Just try what a few bottles will do to build you up and take away your tired feeling. Many use this brew for a beverage because it is so light and enjoyable to drink. Try it. At dealers and hotels. Brewed and bottled by Dominion Brewery Co. Toronto Limited

**Circus Man Buried.** The funeral took place at Mount Pleasant Cemetery yesterday afternoon of the late Mr. C. H. Thompson, for many years manager of Downs circus, who died at his residence, 622 Church-street, on Monday. The funeral service was conducted by Rev. Canon Williams, and a short service at the residence and at the graveside was held by the Rameses Temple Lodge of Masons, to which deceased belonged.

**Trout at Oro Park.** Barrie Gazette, May, 1912. Fishing this year on Lake Simcoe is unusually good, particularly in the neighborhood of Oro Park. Last week a couple of Barrie men, while trolling before breakfast, landed two beautiful trout, which together weighed 14 pounds 8 ounces. The fish appear to have chosen the northern banks this year, and are nowhere more plentiful than near Oro Park.

## Your Vitality Can Be Restored

Strong, vital, manly men fascinate all who come within their influence. As true as you are a living, breathing human being, I can restore VITAL STRENGTH, there is not a doubt as to what I can do for you. BUT there is a simple condition, one restriction I put, a certain, solemn promise I exact from you before you can exact a promise from me; namely, you must unconditionally agree now at once and forever to discontinue any debilitating excess or dissipation that you may be indulging in with this out of the way. I will do all the rest. Remember what I say: no matter what your present condition, no matter what has happened in the past, just forget it and put yourself in my hands; everything will come out as you wish it. I use no drugs, no poisons, no medicines; I place no foolish restrictions upon you; just lead a natural life, get all the enjoyment you possibly can, but cease dissipation; always remember that I can then restore your vital energy; I can take you out of the half-man class and put you in the spotlight of full, healthy, contented manly courage; I can make you feel young again and keep you feeling young to a ripe old age, because I drive into your system the one thing which keeps the whole organism in balance, namely, VITALITY. MY HEALTH BELT is the greatest single self-instrument remedy or VITALITY RESTORATIVE that the world has ever known, or probably ever will know. It is worn comfortably about the waist all night and every night 156 to two or three months. Thus, while you are sleeping, it sends a great and potent, life-giving current of VITAL FORCE into your blood and nerves. There is not a moment's rest; it restores your vitality; it takes the pain out of your back; it makes you feel strong; it restores your blood and nerves. There is not a moment's rest; it restores your vitality; it takes the pain out of your back; it makes you feel strong; it restores your blood and nerves. There is not a moment's rest; it restores your vitality; it takes the pain out of your back; it makes you feel strong; it restores your blood and nerves.

## LET ME SEND YOU THIS BOOK FREE

Fill in the coupon, let me send you at once my free booklet in plain sealed envelope; it is profusely illustrated with half-tones photos; keep it in your pocket for easy reference; read the chapter on Vitality; read the chapter on Debility; read the chapter on those subjects which interest every man, young or old, who would be strong in vitality. It is a word of hope, a carefully written, interesting booklet which should be in everyone's possession. Therefore, send to-day. If in or near the city, call at my office—entrance, 6 Temperance Street.

DR. A. B. SANDEN CO., 140 George Street, Toronto, Ont. Dear Sirs: Please forward me your Book, as advertised, free.

Wild pitches—Mattern 1, Viebahn 1. Umpires—Doyle and Guthrie. Time—2:00. Attendance—200.

Athletic Union Rejects Application Of the O. L. A. Only routine business was transacted at the quarterly meeting of the Ontario Amateur Athletic Union held at the union offices last night, with a large attendance, and the president, Rev. Dr. D. Bruce Macdonald, in the chair. All the committee reports were adopted, and the Ontario Olympic entries considered. The membership committee reported on the application of the Ontario Lacrosse Association, that that body was ineligible while it retained the Young Toronto, Woodbridge and Brampton in its ranks. Secretary W. F. Trivett will represent the union at Stockholm.

SKETERS FATTEN AVERAGES PROVIDENCE GET A BEATING. JERSEY CITY, May 31.—Jersey City hooked up with Providence for their first series of the season at West Side Park this afternoon and captured an easy victory by a score of 14 to 5. The Sketers scattered the ball to all corners, sending Bill Bailey to cover in the first innings, with three passes, four hits and six runs. Providence: A. B. R. H. O. A. E. The game will be called at 3.30 p.m.

The Toronto left last night for Montreal, where they play Nationals to-day. The team finished their training with a fine practice, the feature of which was the great work of Gibbons in goal. N. L. U. games for to-day: Cornwall at Shamrocks, referees, Murphy and Finlayson; Montreal at Ottawa, referees, Murphy and Kavanagh. The team to represent Eaton's against the Maitlands on Cobblestone square to-day in the intersession will be picked from the following players: Torpey, Hooper, Porter, Long, Morrison, Goulet, Goulet, Burrell, Van Wyck, Laird, Carmichael, Maross, Conly and Morrison.

School Games To-day At Exhibition Park

The C. L. A. senior series opens to-day, Perth at Carleton Place, with Geo. Fraser of Almonte referee. The Junction Shamrocks will meet at the Waverley Club at two o'clock, from where automobiles will convey them to the Broadview grounds, with whom they play their first intersession League game. All players are requested to be on time.

General Admission 25c. School Games To-day At Exhibition Park. The Eaton meet may have more quality to the contestants, but there is another in the city to-day away ahead in quantity, viz., the annual public and high school games at Exhibition Park, under the immediate direction of the board of education. There are no less than 80 events on the program, the first half to start at 9.30 a.m., and the big show at 2 o'clock. Messrs. Huggan, Hooper and Conboy are the directors, and Trustee Hill the starter.

Toronto Golf Club. The Toronto Golf Club championship and qualifying round of the consolation will be played on the club grounds this afternoon.

## Ottawa Wins Two Hamilton on Top

HAMILTON, May 31.—The Kolts took the first game of the series from the Berlin outfit this afternoon after a loose field contest, by the score of 5 to 4. Hamilton scored three runs in the first innings, when Red Fisher cleaned the sacks with a beautiful double into the left porch. Killen, carried off the batting honors, getting a double and three singles in five times at bat, he also knocked down several hard hit balls that started like hits. Corns threw straight out at the plate from deep centre, making the best of the season, and Kehoe made a circus catch in the fourth that rescued Berlin of a run.

R.H.E. Hamilton . . . . . 3 10 2 2 0 0 0 0 0 0 3 9  
Berlin . . . . . 0 2 1 0 0 1 0 0 0 0 2 10  
Batteries—Molneau and Fisher; Campbell and Welch. Umpire—Bill Phyle.

OTTAWA, May 31.—Ottawa and Peterboro played a double-header here this afternoon and Ottawa won both games, the first by a score of 5 to 4, after ten innings, and the second 10 to 9.

The feature of the second game was the pitching of Draper, Peterboro could do nothing with his delivery. Scores: Ottawa . . . . . 10 0 2 0 0 0 1 1 3 8 0  
Peterboro . . . . . 0 0 0 0 0 0 0 0 0 0 4 4  
Batteries—Mason and Trout; McManus and Hopper. Umpire—Pearson.

LONDON secured the winning run against St. Thomas and won by 2 to 2. Lunde Pyle, Manager Bowerman and First Baseman Powell for disputing decisions. Matt Hines, London's pitcher, twirled great ball, as did Jacobson of St. Thomas. Scores: R.H.E. London . . . . . 0 0 2 0 0 0 0 0 0 0 2 11  
St. Thomas . . . . . 0 2 0 0 0 0 0 0 0 0 2 5 3  
Batteries—Hynes and Speers; Jacobson and Powers. Umpire—Boyle.

BRANTFORD, May 31.—Donovan's fine pitching, coupled with Iver's home run today's game against Guelph by 4 to 2. The Red Sox hit Mason opportunely, Baker, Iver's pitcher, pitched for Brantford, but got into a hole in the fourth and Donovan's pitcher, Iver, came in the side on strikes. Elock and Burwill did great hitting for Brantford, Iver won a barrel of prizes for making his first home run here. Umpire Davis made his debut and made a hit with the fans.

R.H.E. Guelph . . . . . 0 0 1 0 0 1 0 0 2 0 1 10  
Brantford . . . . . 1 0 2 0 0 1 0 0 0 0 2 12  
Batteries—Mason and Hemlock; Baker, Donovan and Lamond. Umpire—Davis. Atendance—80.

National League Scores.  
At Pittsburgh—A postponed game of April was won by Pittsburgh from Cincinnati, to 2. Adams was effective throughout. Cole, former of U.S.A., pitched for Pittsburgh. Scores: R.H.E. Pittsburgh . . . . . 0 3 1 2 0 0 0 0 0 0 2 8  
Cincinnati . . . . . 1 0 0 0 0 0 0 0 0 0 2 2  
Batteries—Adams and Gibson; Fromme, Bagby and McLean.

At New York—St. Louis broke New York's winning streak, taking the first game of the series by a score of 5 to 1. Joe Willis, a recruit, held the locals to two hits. New York scored its only run on Myers' home run. Willis was also effective, but errors got him into difficulties in the first and second innings. After Burns had batted for Willis in the eighth, Pettus pitched for St. Louis, who was hit hard. St. Louis scoring three runs on four hits and a base on balls. Catches by Becker and Ellis featured. Scores: R.H.E. St. Louis . . . . . 1 1 0 0 0 0 0 0 0 0 2 5  
New York . . . . . 0 0 1 0 0 0 0 0 0 0 1 5  
Batteries—Willis and Bresnahan; Willis, Tesreau and Myers.

At Brooklyn—Brooklyn made it three straight with Boston by winning the second half of the double-header, 5 to 3. Brown was hammered out of the box in one inning, and Donnelly had little better luck, also he finished out the game. Rucker relieved Ragon with two runners across the bases full and none out in the second innings, and held the visitors harmless until the ninth, when a muff by Moran helped to tally. Daubert's hitting featured. Brooklyn beat Boston handily in the first game. Scores: R.H.E. Brooklyn . . . . . 0 0 0 0 0 0 0 0 0 0 0 0  
Boston . . . . . 0 0 0 0 0 0 0 0 0 0 0 0  
Batteries—Dickson, Hoge, McTague and

WILL COST MORE TO OIL STREETS  
Price is Up Two Cents a Gallon, an Increase of 50 Per Cent. — Change in Metered Water Rates.

Residual oil for use in oiling the city's streets will cost two cents a gallon more this year than last year, according to the announcement made by the City Commissioner Harris, who told the works committee yesterday afternoon that this was directly traceable to the recent dissolution of the Standard Oil Co. Last year the city paid four cents a gallon and now the price has gone up to six cents. At this rate it will cost the city \$3,000 to oil the streets this year if 500,000 gallons are used, as was contemplated. The appropriation was \$24,000. Mr. Harris, however, stated that the increased demand for this commodity had a great deal to do with the rise in price.

Ald. Maguire advocated that the city should devise some plan of rebuilding and rearranging Erie's terrace, which he claimed was a disgrace to the city. He contended that all the property on this street, from Queen-street north should be expropriated and the whole replanned. The assessment commissioner and the city engineer were asked for a report upon the matter.

The report of the special committee on water rates, which proposed that the charges for metered water should be eight cents per thousand gallons for the first million used and six cents for every thousand gallons used thereafter, was adopted. Ald. Maguire the chairman of the special committee, claimed that the manufacturers were satisfied with these rates as a temporary arrangement.

Assistant Assessment Commissioner Lyon stated that the estimates in connection with the extension and widening of Teravale-street might be ready for the next meeting of the committee. The question of opening a street from the north end of O'Hara-avenue to West Lodge-avenue and from the latter street to Lansdowne-avenue was referred to the officials for a report.

A Dangerous Crossing.  
A deputation of residents of Woodbine-avenue asked that something be done to make the crossing over the G. T. R. tracks on that street less dangerous.

The acting city engineer suggested that application be made to have an electric bell installed there, but the committee thought that gates would prove a more adequate protection, and Mr. Powell was instructed to submit a report upon this scheme.

In order to inspect municipal abattoirs in different American cities, Dr. Hastings, the medical health officer, will shortly make a tour in the United States, accompanied by the new property commissioner, when that official is appointed. The doctor is firmly convinced that Toronto needs such an establishment and he contends that the idea would work just as successfully here as across the line.

Parks Commissioner Chambers stated yesterday that it would not require one more full day's work to complete the tennis courts which the city is constructing at the corner of Roncesvalles and Wright-avenues. Work would have been finished before this but for the wet weather. When the courts are ready the board of control will likely make provision for their use.

FEZ BELEAGUERED BY MOORS.  
PARIS, May 31.—(Can. Press.)—A special despatch received here from Fez dated to-day, says that the investment of the city by the Moors is drawing closer, but that the defense of the capital is assured. The French column is preparing to take the offensive against the Moors.

The despatch adds that two assaults on Sefroy by the Moors were successful, fully resisted Thursday with heavy losses to the enemy.

STEEL CAPS WERE NOT PUT IN BUILDING

Architect Admits That Details Shown in Blue Prints Were Not Carried Out—Vibrations, Shocks and Green Mortar Were Cause of the Collapse.

Coroner J. E. Elliott and a jury resumed the Neilson building inquest last night. Robt. J. Marshall, demonstrator, engineering faculty, School of Science, deposed that the bricks from the Neilson building gave way under test of 185 to 430 lbs to the square inch. The hardest sand and lime brick used for filling gave way at 2070 pounds. A salmon-colored brick had crushed at 960 pounds per square inch. That had been the weakest brick found. Tests showed indeed the brick as good. Tests showed that the mortar had been of the proper proportion and well mixed.

S. G. Beckett, architect on the building, gave technical evidence. He declared the plans presented at a previous sitting by Mr. King were a distortion. "We are not all engineers and not all polytechnists," said Mr. Beckett in reference to Mr. King. He was rebuked by the coroner for whispering something to Crown Attorney Greer. "That is all right, Mr. Coroner," replied Mr. Greer. "Mr. King was only pointing out that I was using the word settlement when I should have said bulge."

The inquest was adjourned to Tuesday evening. HUMBER BAY. HUMBER BAY, May 31.—(Special.)—Twenty-eight members were duly initiated into the new Humber Bay Court of the Ancient Order of Foresters last night in the Orange Hall.

What To Give The Bride

First in mind is quality. Your gift will convey a better welcome if the quality is right. "Kant" standards are always high in this respect, and much superior in design and utility to the "everywhere seen." Our showcases contain all the latest and best that's made in sterling and fine plate.

- Special values in: Breeze Dishes, \$8.00 to \$15.00. Cabinets of Silver, \$25.00 to \$100.00. Bake Dishes, \$4.50 to \$15.00. Flower Baskets, \$8.00 to \$25.00. Five-piece Tea Services, \$24.00 to \$50.00. Mahogany Trays, \$9.00 to \$25.00. Soup Tureens, \$8.50 to \$21.00. Starling Bon-Bons, \$2.50 to \$18.00. Cake Trays, \$2.25 to \$10.00. Fern Dishes, \$2.75 to \$12.00.

Shoppers should see our values early for the June wedding season, as our selections are apt to become thinned out and supplementing takes time to complete.

NORTH TORONTO TO HAVE NEW SCHOOL

Continued From Page 1.

the maximum. In addition to this in the Eglington school the polling booth, thru the action of the deputy returning officer, was closed seven minutes before the statutory time, disfranchising seven voters who were known to be favorable to the passage of the referendum. In view of this Mayor Brown and a majority of council supported the requisition of the high school board for the \$55,000.

Started the Argument. The resolution which in the final analysis precipitated the greatest flow of oratory came after Councillor Reid had moved, seconded by Councillor Ball as follows: "Resolved, that the request of the high school board for the sum of \$55,000 for buying a site and building a high school be granted, and that a bylaw for that purpose be passed." Cheers and counter-cheers greeted the introduction of the resolution, and Councillor Reid was the first speaker.

"From the very first I have favored the high school because I knew that it was one of the most valuable assets we have," said he. Close Analysis. Councillor Ball dealt with the objections one by one, showing from a close analysis of the financial phase of the question that the expenditure of \$55,000 in the increased government and other grants would amount to about half a mill on the dollar. The poorest man in this town cannot afford to imperil the chances of this high school by voting against this resolution," said Mr. Ball. His remarks aroused a good deal of hostility from those who were opposed to the high school. "I charge back upon the high school board the present defeat of Saturday's vote," said

YOUR ELECTRIC SHOP is Open this Morning

Every citizen of Toronto is a part owner in the Hydro-Electric distributing system. It is your money that has financed this development of public ownership, and your general support that has brought it success. By the same token you are part owner in the Hydro-Electric Shop, Open Saturday Morning, June 1

This shop has been designed, remodelled and opened for the convenience of the Hydro-Electric patrons. It is a city undertaking, and one of the most interesting developments in the movement to give citizens control of their own public utilities.

Fascinating Features Electricity is a very interesting thing in any of its phases. We speak of the Stone Age and the Bronze Age as sections of history. Ours will be known to posterity as the Electric Age. In the Hydro-Electric shop there are dozens of fascinating things to see and learn about.

The Electric Clock Over the entrance doorway there will be a time-telling contrivance, absolutely accurate. It is an electro-pneumatic Clock, of a unique type, that will surely be one of the landmarks of the city. It is connected with the Observatory and operated by electricity and compressed air. An Ingersoll that keeps time with it is a better watch than the \$200.00 instrument which differs from the Hydro-Electric time.

"Live Juice" In one of the windows you will see live electricity trickling in a stream over an insulated plate. This is the real live "Juice," thousands and thousands of volts of it running like molten metal before your eyes.

Mysterious Messages will be flashed to the other window through the Telautograph. You will want to see this fascinating instrument in operation, as well as the dozens of other interesting devices, so be sure to call at the

HYDRO-ELECTRIC SHOP

226-228 Yonge Street Open Saturday Morning, June 1

Mr. Ball. "They should have taken the people into their confidence."

"You are hoodwinking the people in asking them to vote on the high school question, when you had already made up your minds to support it, and you dare not resign your seats and go back to the people for re-election," said Councillor Howe, as he drew a picture of the irreparable damage the British constitution would sustain if the resolution carried.

"It is the first time, and I hope the last that the will of the people was ever overridden," he said. He also stated that if the mayor's statement as reported in the evening press, was correct, the latter's attitude was an insult to the people. "When the vote was taken," he shouted at the mayor, "you were against the people, and you have always been against them. Now resign and contest the majority with me, and I will defeat you."

Stays in Face. Little less demonstrative was his colleague, Councillor Baker, who, when the resolution was read, said: "Surely, my fellows are not going to support this thing without telling these people why. If the people in this town ever got a slap in the face it is the proposed action of the council to-night in going against their wishes. I stand by the people every time."

Appeals to the chair on points of order were intermingled through the discussion, which was exciting, and at times, fierce, tho' for the most part, good-natured.

Councillor Muston made a strong case, tho' brief, for the passage of the bylaw. "It is now or never for the North Toronto High School," he declared. His worship summed up the arguments pro and con, and declared that despite the opposition manifested, the council would be well advised to assume a certain responsibility and pass it.

The vote was, For—Mayor Brown and Councillors Reid, Muston, Lawrence and Ball. Against—Councillors Baker and Howe. "I warn you against going too far in this matter till we learn where we are at," said Mr. Howe. "We must know the statutory time in which an injunction can be taken out if it should be so decided."

Prior to the discussion in council, the mayor gave citizens generally an opportunity to declare themselves, about a score taking advantage of the opportunity. Among them were Messrs. Arnold, Baston, Brownlow, Ferguson, Lettsche, O'Brien, Donnelly, McQueen and others. After the adjournment of council the crowd gathered in knots and discussed excitedly the situation. Altogether it was the biggest night's excitement ever held in the historic old town hall. For quick and profitable sale list four North Toronto properties with R. V. E. Only Two More Performances. With two more performances of "Miss Dudesack," the matinee this afternoon and the performance to-night, the Princess Theatre will close a most successful season in every respect. It has been Manager O. B. Sheppard's aim to give the public first-class plays only, and in a large measure he has succeeded admirably. The attraction this week, "Miss Dudesack," with Lulu Glaser in the title role, takes rank with the best musical plays that have been seen here during the season. It is Mr. Sheppard's intention to have the Princess thoroughly renovated before the opening of another season. Harper, Customs Broker, McKinnon Building, 10 Jordan St., Toronto. ed

## SOCIETY

Hon. Clifford and Mrs. Sifton have returned to Ottawa from a brief visit to their summer residence, Assiniboine Lodge, on the St. Lawrence, and left yesterday for Montreal with their three sons, Messrs. Jack, Winfield and Clifford Sifton, who are sailing for England to take part in the horse show at Olympia. Mrs. Sifton and their son Mr. Harry Sifton will leave again early next week for Assiniboine Lodge.

The Hon. Geo. E. Foster leaves Montreal to-day en route to England.

A large garden party took place in the grounds of the Toronto General Hospital yesterday afternoon after the graduating of the nurses, Mrs. Flavelle and Miss Stewart, the lady superintendent, received the many guests on the lovely lawn to the west of the hospital, where a tent was erected, and a band played during the afternoon. Tea was served from a long table arranged with American specialties. The quantities of lovely flowers received by the nurses graduating were most imposing, every girl having her arms full.

Mr. and Mrs. Henshaw, who have been staying with Col. and Mrs. Gooderham at Deancourt, left last night for their home in Vancouver.

The Misses Gossip, Halifax, Nova Scotia, are paying a few weeks' visit to Mrs. J. B. Woodworth.

Mrs. Edward Seagram was in town yesterday from Waterloo.

Miss Dorothy Chipman has been spending a month with Mrs. Erwin formerly Miss Winnifred Gormully in Riga, Russia. Miss Chipman is en route to Mr. Roswell Colt will take place in London on June 27. The bride and bridesmaids will reside in Montreal where Mr. Colt is in charge of his father's business.

Dr. and Mrs. Clifford Gilmour, who have been visiting the Hon. F. H. and Mrs. Phlippen, have returned to Winnipeg.

Mrs. Rousseau Kleiser is in Niagara for camp.

Mrs. Bosworth, Montreal, and Miss Fitzhugh, Vermont, are in town to attend the annual meeting of the Bishop Strachan's Old Girl Association.

Bishop Reeve, Mrs. Reeve and family have left town for 300 Lake Shore avenue, Centre Island, where they will spend the summer.

Mrs. J. B. Miller is in Niagara during the period in camp of the Northern Pioneers, of which Col. Miller is the colonel.

Mrs. Nellie, Mrs. Donaghy and Miss Sigdon, Evans are delegates from the King George Chapter, St. John's, Quebec, and are staying at the King Edward for the meeting of the I. O. D. E.

Major McColl of the Governor-General's Body Guards made a hurried journey to Ottawa to see the hon. the minister of militia, returning to Toronto yesterday. The annual garden party of the G.G.B.G. will take place in camp at Niagara on the 22nd of June.

Lady Pellatt went over to Niagara-on-the-Lake for the military ball and week-end.

The members of the Toronto Ladies' Bowling Club are requested to address all communications and remittances in the absence of the secretary to Mrs. Bristol, 173 Beverley street.

Mrs. Harrington, Victoria, B.C. and Mrs. Cleeg, Regent of the 57th Regt. Chapter, Peterboro, have been the guests of Mrs. Bruce, Blecker street, during the meeting of the I.O.D.E.

Mrs. H. C. Tomlin and the Misses Tomlin will receive on Thursday, June 6.

The annual meeting of the Loretto Alumnae Association will be held at

## MRS. GOODERHAM AGAIN CHOSEN PRESIDENT

Daughters of the Empire Elect Officers—Twenty-five New Chapters Formed—St. Catharines' Chapter Denies Lack of Confidence in Policy of Present Executive.

Mrs. Albert Gooderham was re-elected president of the Imperial Order of the Daughters of the Empire at the concluding session of the national chapter of the order yesterday afternoon.

The other officers elected were: Vice-presidents, Lady Mackenzie and Mrs. James George; honorary secretary, Mrs. John Bruce; honorary organizing secretary, Mrs. E. F. Johnston; honorary standard bearer, Mrs. W. Hamilton Burns. The following councillors were elected: Mrs. Mackenzie Alexander, Mrs. Auden, Miss Constance Boulton, Mrs. Arthur, Mrs. Crawford Brown, Mrs. Wallace Nesbitt, Mrs. Cooper Mason, Mrs. Worthington, Mrs. Ross, Mrs. Elizabeth, Mrs. W. Hamilton Burns, K. George, Mrs. E. B. Johnston, Mrs. MacGillivray, Mrs. John Cawthra, Mrs. Sutherland, Mrs. Rennie, Mrs. Dugan, Mrs. Burns, Mrs. Hasen, Mrs. Sullivan, Mrs. Garratt.

Mrs. Gooderham, on her re-election to the office of president, was presented with two magnificent bouquets of roses and carnations and a basket of fruit of the valley and orchards by Mrs. James George, Mrs. E. F. Johnston and Miss Jean Alexander.

Lady Gibson was present at the afternoon session, and was presented with a bouquet of flowers by a little girl.

In her annual address as president, Mrs. Gooderham referred to the work of Mr. E. F. Johnston in the revision of the constitution of the order. Mr. Johnston had given his services gratuitously as a contribution to the work of the order.

Mrs. Gooderham traced the work of the order under its first president, Mrs. Nordheimer, to whom she paid a high tribute. She had been offered the honorary office of president of the order. A resolution of condolence with Mrs. Nordheimer, who was prevented from being present by the serious illness of her husband, was carried unanimously.

Mrs. Nordheimer wrote withdrawing from the contest for president.

Mrs. Gooderham declared that the new constitution which she had held no meeting since 1907, will soon be revised. She hoped the order would cooperate heartily with the new constitution. She should be imperial in her words, she said.

Mrs. S. G. Wood of Toronto spoke of her visit to England and how those in the old land were looking to the work of the order in Canada.

**Twenty-five New Chapters.**

The secretary's report showed that 25 new chapters had been established in various parts of the Dominion, notably in Victoria, B.C. and in Winnipeg.

The treasurer reported that \$738.75 had been sent to the mayor of Toronto as a contribution to the Titanic fund. The Hamilton chapter had contributed \$10 to the fund raised in that city.

Mrs. Gross, secretary of the correspondence branch, reported that correspondence was steadily increasing between children in Canada and other parts of the empire.

Mrs. McKinley of India spoke of the work there. Five new chapters had been organized, making seven now in existence.

Miss Constance Boulton withdrew her resolution that the executive should be formed of the regents of the order, and moved an amendment that Mr. Boulton should make one nomination for the national executive and the councillors should be elected from his country at the annual meeting. This was agreed to.

**Confidence in Executive.**

An interesting feature of the session was the reading by the president of a letter she had received signed by 22 members of the St. Catharines chapter expressing their implicit confidence in the present executive in the management, progress and work of the order. Miss Boulton declared to the satisfaction of all present that she had a sufficient answer to the criticisms appearing recently in the newspapers, emanating from what the signatories regard as an irregularly called meeting of the chapter, and at which they were not present.

Mrs. E. F. Johnston, on her election as honorary standard bearer, created some amusement by declaring vehemently that she was a Canadian and "British-born." The reference was to some recent criticisms of the president, Mrs. Gooderham, who was born in the United States.

The following resolution, brought forward by Miss Constance Boulton, in line with a similar resolution recently

## THE BEST TREATMENT FOR ITCHING SCALPS AND FALLING HAIR

To allay itching and irritation of the scalp, prevent dry, thinning hair, remove crusts, scales and dandruff, and promote the growth and beauty of the hair, the following special treatment is most effective, agreeable and economical. On retiring, comb the hair out straight all around, then begin at the side and make a light covering over the back to place a light covering over the back to protect the pillow from possible stain. The next morning, shampoo with Cuticura soap and hot water. Shampoo alone may be used as often as desired, but once a week use Cuticura ointment on the scalp skin rather than on the hair. It will loosen the scales and crusts, and prevent the hair from falling out. The ointment is sold everywhere, those wishing to try this special treatment for women's hair, notwithstanding Cuticura soap and ointment, should send for a free sample of Cuticura soap and ointment, with 25¢-book on skin and hair.

## SESSIONS OF THE NATIONAL COUNCIL OF WOMEN'S SUFFRAGE

Meeting at London Closed With Patriotic Addresses—Sir George Gibbons' Speech on Patriotism Women Urged to Fight for Release of London Suffragette Leaders.

LONDON, Ont., May 31.—(Special.)—The closing scenes in the annual meeting of the National Council of Women were among the most pleasing and enthusiastic of its history. Sunshine bathed the land and the hearts of the visitors and the ladies of London. Luncheon, given by the local council, was a function long to be remembered. Mrs. McNaughton of Montreal thanked the London ladies for this and the countless courtesies received on their stay in London. Mrs. Huestis seconded the motion, including the bevy of beautiful flower-like girls who had waited at tables. Mrs. York of London who had captained much of the whole arrangement, replied graciously on behalf of London.

Patriotism as exhibited in citizenship was the note of the evening meeting. The hall was crowded as never before. Rev. J. Gibson Inskter was in the chair and on behalf of himself and the whole Presbyterian world congratulated and wished well to the council.

Sir George Gibbons, declared Sir Geo. Gibbons, the first speaker. He deprecated war. It was the best man who were killed and who killed others. Times are changing, whereas resort to arms was the method of the past. The Hague, with its board of five men as now selected to settle any dispute, as was done in the late Newfoundland fisheries case. The first, the labors of every country of Great Britain, Ireland, France and Germany were for peace.

**Protest Against War.**

Not long since 100,000 men had met to protest to the German emperor against war. Sir George urged the council to use their influence that a permanent judicial tribunal might be appointed to settle all disputes.

One of the world's recognized speakers, Miss J. G. Owen of London, England, was the next speaker. Patriotism was defined as the apotheosis of humanity. Patriotism stretches out to the individual to the nation. The influence of the woman of a nation is like that of the great Niagara, without being switched on it was of no great value. The woman who bears it had practical results.

**Work for Ballot.**

Women were urged to work for the ballot, but to remember that the vote itself was of no value in comparison with the development of the woman who uses the vote.

Playgrounds for their effects were presented by Dr. Henry Curtis of the United States, now in London, for the purpose of establishing his system. "The address of the woman of a nation," declared Dr. Curtis, "is getting out of the play of the children. Teach them to team and you inculcate loyalty to the land, the boy who disobeys the rules of a game is gaining the worst training possible in lawlessness. The plan for organized playgrounds was the strong note of this address."

**Women and Suffrage.**

The chairman introduced Dr. Augusta Stowe Gullen of Toronto as the first woman in Ontario to take a medical degree, and one of the first three elected to the Ontario legislature. Patriotism was the theme of Dr. Gullen's address. In the past woman had been regarded rather as a supernatural being, requiring no education, or as an inferior creature, incapable of benefiting by instruction. The "disenfranchisement" of women was a thing of the past. A gas range will cost very little to install, and very, very little to operate. Look over what we have at

## The Nursery

If you can trace your faults back to the causes of them, you know what course to pursue in getting rid of them. The trouble with faulty habits is that they creep on one so quietly and gradually that they have become characteristics before we realize it. Everybody recognizes badness when it reveals itself in some big evil, but the cause of the big evil is that nobody interfered with the chain of little things that led up to it.

Let a child be deliberately and you are horrified—but this is only a result of unchecked exaggeration and misstatement of simple facts. I am the last person in the world to advise the checking of a child's imagination. That is one of the wonderful gifts granted to children. But mothers must be wise in their treatment of these fanciful tales that come from a vivid imagination. The wise mother soon knows the difference between a fairy story and a story that is told to make an effect or to further some selfish end.

If a child steals you are astounded, but it began with secretiveness; then the child showed a tendency toward lying with that which belonged to others; then covetous thoughts entered and the result is theft. At any time in either of the faults mentioned, they could have been checked more easily than at the climax. Many mothers, and many teachers—and after all those terms are synonymous—fall in their treating of children because they do not recognize the law of continuity.

## NEW PRINCIPAL

Miss Veale Resigns and is Succeeded by Miss Stuart.

It will be of interest to all who have known Miss Veale, either personally or by reputation, that she has decided to resign the principalship of her long-established school, Glen Mawr, 651 Spadina-avenue, Toronto. Miss Veale has the pleasure of introducing as her successor Miss J. Stuart of London, England, who is in every way fitted for the responsibilities she is about to assume. Miss Stuart, who took the classical tripos, after the usual three years' residence at Newnham College, Cambridge, has been of late assistant mistress at a well-known private school in London, England. Her niece, Miss McPherson, who continues her education after leaving England, in Germany and France, will be associated with Miss Stuart. They hope with the help of both Canadian and European assistant teachers to maintain the high standard for which Miss Veale's School has always been known, along modern lines of thought and education.

## Good Health For Young Girls

They Need the New Blood Dr. Williams' Pink Pills Actually Make.

Perhaps you have noticed that your daughter in her "teens" has developed a fitful temper, is restless and excitable, that she complains of weakness and depression; feels tired out after a little exertion; appetite variable, complains of headaches and is growing pale. In that case remember that the march of time is leading her on to womanhood, and that at this period a great responsibility rests upon mothers. These are symptoms of anaemia—that is bloodlessness, and no time should be lost in increasing and enriching the blood supply. Unhealthy girlhood almost always leads to unhealthy womanhood. All young girls in their teens should take Dr. Williams' Pink Pills, which help to increase the blood supply, and give strength and cheerfulness to the system. In proof of this Miss Zola Gordier, Morrisburg, Ont., says: "I was pale and bloodless and suffered from many of the symptoms of anaemia. I would tire easily and suffered from frequent headaches. My appetite was poor and I was very pale and easily discouraged. The medicine I was taking did not seem to help me, and then one day I read the story of a young girl who suffered similarly and was cured by the use of Dr. Williams' Pink Pills. I got three boxes of the pills and started to take them. Before they were done I began to feel better and look better. Then I got half a dozen more boxes, and before they were all used I was enjoying the best of health, and have continued to do so since. My young brother was troubled with rheumatism and they completely cured him."

Dr. Williams' Pink Pills are sold by all medicine dealers or can be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## Chafed and Aching Feet

How far can you walk without suffering in one way or another from discomfort to your feet? Modern footwear is a prison house and the result is chafed, inflamed feet.

Yours are a world of comfort by using Dr. J. C. Chase's Ointment when your feet give you trouble. This treatment is so delightfully soothing and healing that it helps you as soon as applied.

Unlike insensatory powders which clog the pores, Dr. Chase's Ointment makes the skin soft and smooth and prevents chafes and bunions.

When the feet are chafed, scalded, itching and tired it takes out the itching and burning and its benefits are both quick and lasting.

## AN APPRECIATION

By Elinor Murray

Few theatregoers—even those who have attained M.D. in amateur theatricals, or those who in the heyday of their enthusiasm, joined a force of "supers," and shouted noisefully at the hero's approach—realize the stupendous amount of work that attends every production of every play. To play the same play week after week for a season or seasons, may have some disadvantages we know not of; but surely, to play a play every night and rehearse another play every morning and afternoon, reaches a culmination of hard labor that laughter-loving audiences fail to appreciate.

Yet that is the thing that a stock company manager, realizing that one understands better what a splendid company of players we have in our city this summer. To produce perfectly a new play every week must require a very high standard of dramatic ability. And the more one thinks of it, the more one wonders at the smoothness of each performance and the perfect ease and adaptability of every member of the company. They said company. They say that "Dion Bouicault's dramas are old-fashioned, but what matters that so that we enjoy them? And didn't you enjoy "The Jilt"? We came home bubbling with enthusiasm and fun over it, and declared it the real and best thing we had seen for ages. The people left at the end said amazedly: "You really liked it better than Steller Star's new play, or the other things that are being put on." I blushingly admitted that the other racy wholesomeness of "The Jilt" had appealed to us more than the "modern" drama. One had a delightful glimpse of something of next week's work, every member of the company. Miss Haswell had the honor of first prize in this remarkable play, and perhaps for that reason, or perhaps because it carries a direct appeal to the youth and especially to the girl in the love, romance-hunting American, still it carries a direct appeal to the quiet, thinking English mind for this fantastic, romantic comedy contains a plot of universal interest. We are anxiously waiting to see our old friends and the past two weeks in their new and interesting production.

## MECCA OINTMENT

The most popular and satisfactory ointment on the market. It is cheap and truthful in its statements. The public are wise. Write for it. All drug stores, Foster-Deck Co. Limited, Toronto, Ont.

## TITANIC'S WIDOWS DINE CAPT. ROSTRON.

NEW YORK, May 31.—(Can. Press.)—Captain Arthur Henry Rostron of the Titanic rescue ship Carpathia, who has been embarrassed by the homages of all New York, to-day found himself the hero of the exclusive social set as well when he was invited to attend a "widow's luncheon" at the home of Mrs. John Jacob Astor at noon. The youthful widow of the late Col. Astor was the hostess, assisted by Mrs. John Bradley Cummings of New York and Mrs. John B. Thayer of Haverford, Pa. The husbands of all three went down with the Titanic.

## FREE TO YOU—MY SISTER

FREE TO YOU AND EVERY SISTER SUFFERING FROM WOMEN'S AFFLICTIONS.

I am a woman. I know woman's sufferings. I have found the cure. I will mail free of any charge, my home treatment with full instructions to any sufferer from women's afflictions. I want to tell all women about this cure—my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure your sufferings at the help of a doctor. Men cannot understand woman's experience, we know better than any doctor. I want that my home treatment is a safe and sure cure for Leucorrhoea or White Discharge, Irritation, Displacement or Falling of the Womb, Prolapse or Prolapsus of the Uterus, Painful Menstruation, Growth, also Pains in the Head, Back and Bowels, Headaches, Nervousness, Creeping Itching up the Spine, Stomach, desire to cry, hot flashes, weakness, kidney and bladder troubles, those caused by "wasteful" sexual excess.

I want to send you a complete 10 day's treatment absolutely free to you that you can cure yourself at home, entirely, quickly and surely. Remember that it will cost you nothing to give the treatment. I will send you a complete 10 day's treatment absolutely free to you that you can cure yourself at home, entirely, quickly and surely. Remember that it will cost you nothing to give the treatment. I will send you a complete 10 day's treatment absolutely free to you that you can cure yourself at home, entirely, quickly and surely. Remember that it will cost you nothing to give the treatment.

a complete trial; and if you should wish to continue, it will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you how to cure women suffer, and how they can easily cure themselves, with explanatory illustrations showing why and how to think for yourself. Then when the doctor says—"You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home treatment. I will explain a simple home treatment. Menstruation in Young Ladies. Flatness and health always result from a use of my home treatment. Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell you how to cure all women's diseases and troubles without a doctor. Just send me your address, and the free ten day's treatment is yours, absolutely free. Write today so you may not see the offer again. Add: WINGBOUR, 110 St. Nicholas, Box 15, 65 St. WINGBOUR.

## APARTMENTS IN "WARD" SOLD

Three-Storey Structure and Land at Elizabeth and Agnes Streets Bought by J. Dooly for \$118,000.

The Jewish apartment house and land at the northeast corner of Elizabeth and Agnes streets was sold on Thursday to J. Dooly of Toronto for \$118,000.

It is a brick and concrete structure of three storeys, containing 23 apartment suites, all fully occupied, and 16 stores and a bank office. The land frontage on Agnes street is 132 feet, on Elizabeth street 100 feet. The rents are said to approximate \$10,000 a year. L. Mideank was the vendor.

## VICE REIGNS IN REGINA

Magistrate Calls on Moral Reformers to Purge City of Immoral Resorts.

REGINA, May 31.—(Can. Press).—That immorality, not only among young men and young women and girls, but among married people, exists in Regina to an alarming degree, is the accusation of Magistrate Trant, who wants to know when the Social and Moral Reform League is going to keep the city clean.

"Respectable women are allowed to attend the dances in the east end free, while an entrance fee of 50c is levied against those women who are known to be leading immoral lives. That in itself is a pretty good indication of the condition of things which exists in the city to-day."

"There is another evil which is very prevalent in the apartment blocks around town, and that is the vice of gambling. Night after night young men congregate in one another's rooms to play poker and sometimes for considerable stakes. I know that it is going on to a surprising extent and the police know it, too."

## SHOT SCHOOL GIRL AND SELF.

PHILLIPSBURG, N.J., May 31.—(Can. Press).—Annie Lynch, a school girl, 12 years old, was attacked and slain near her home here to-day by Frank Brown, a former private in the U. S. army. After shooting the girl Brown wounded himself. He may recover.

## FEW CANDIDATES FOR MINISTRY.

KINGSTON, May 31.—(Special).—At to-day's session of the Montreal Methodist conference, Rev. W. R. Young, D.D., Montreal, was elected president on the first ballot, and Rev. A. E. Pates, St. Henri, Montreal, was elected secretary.

Referring to organic church union the newly-elected president said: "The church has done her part; she has nothing to regret and will wait until her highest court declares its position."

Relative to the death of candidates for the ministry, the speaker said that, while most deplorable, other denominations were suffering similarly.

## ELECTRICITY ON THE FARM.

Within a fortnight the Ontario Hydro-Electric Commission will demonstrate at Beachville how electricity can be advantageously applied to the different phases of farm work. Apparatus is also being installed at the Ontario Agricultural College at Guelph.

## BOOKIES ARRESTED.

Two more bookies, Edward Feeney and John Varley, were arrested yesterday by detectives from the morality department. This makes five arrests in the last two days, and is following out the clean-up policy which the morality department is instituting against such men. More arrests may follow.

Editor of Guardian III. Owing to an attack of sore throat, Rev. Dr. Creighton, editor of The Christian Guardian, had to cancel his plans to visit and address the annual Methodist Conference.

# "The Most Beautiful Suburb in Canada"

## CEDAR VALE

Owned by The British & Colonial Land & Securities Company, Limited. H. H. Macrae, Managing Director.

**N**OW is your opportunity to secure a beautiful homestead in the most delightful and exclusive suburb Toronto will ever have. Nature made Cedar Vale even more beautiful than Rosedale. Elaborate improvements are being added such as no residential district in Canada ever had before. Over \$250,000 is being spent in building boulevards, planting trees and providing every conceivable convenience and facility.

Cedar Vale is a carefully restricted residential district, almost entirely surrounded by other restricted properties. It immediately adjoins the present city limits. In a short time Cedar Vale lots will be more sought after and far more valuable than those of any other suburb in or near Toronto. And those who buy in Cedar Vale to-day will experience the same enormous value increase that they have had who bought in Rosedale ten years ago.

### Located Close to City

Cedar Vale is less than three miles from the City Hall. Ten minutes in a motor or twenty minutes in a street car brings you from Cedar Vale to King and Yonge. The new St. Clair Avenue civic car line is less than a quarter of a mile away. Dupont and Bathurst lines are also near by. It has been practically decided by the city to annex this property within a year. This alone will advance the value of Cedar Vale lots to double their present prices.

### Boulevards and Gardens

Broad avenues—now being built—will traverse all Cedar Vale, and give access to its many beautiful open garden spaces—notably to Connaught Gardens. The main boulevard, Connaught Avenue, will have a garden approach from Bathurst St. It will be 88 feet wide and consist of two roadways and walks, with a beautiful garden centre of trees and shrubbery. Cedar Vale is well wooded with natural forest trees and fine old orchards. Not one of these trees is being touched, except where its removal will serve in the plan of improvement.

### The Magnificent Ravine

As a natural beauty spot, not even the famous Rosedale ravine, can be compared with Cedar Vale ravine. This ravine, with its beautiful stream and ravine drive, provides a natural pleasure park which will greatly enhance the value of the whole property. At the head of the ravine, in a beautiful hollow, an artificial lake is proposed, and beyond this tennis courts and bowling lawns laid out. A club house for the exclusive use of Cedar Vale residents will also be built. The ravine is intended to be reserved as a park for the benefit of all the residents.

This beautiful structure will carry Connaught Ave. over the Ravine, and greatly enhance the value of the whole property.

Cedar Vale Office, Corner St. Clair Avenue and Vaughan Road. Hillcrest 2997.

SELLING AGENTS,

# ROBINS LIMITED

Main Office, 22 Adelaide Street East Main 7171.

## Opening Sale SATURDAY

On Saturday, June 1st, the general public are invited to attend the opening sale of Cedar Vale, to be held on the property. Arrangements may be made in advance for securing a place in our special automobiles, which will convey you directly from our office to the property between the hours of one and three; or you may take advantage of our automobiles which will be stationed at Dupont and Bathurst Sts. to meet all cars at this point and convey you thence to the property.

### \$24 to \$80 a Foot—Reasonable Terms

These prices are extremely low considering the location and the expensive improvements. In a short time these prices will advance rapidly. Splendid locations on or close to the Ravine can be had at \$35 a foot and upwards. The opportunity to invest now and realize large profits in a few months is most exceptional. Reasonable terms may be arranged.

### Descriptive Booklets on Application

A beautifully illustrated booklet, fully describing this property in detail will be mailed on application.

Plan of Cedar Vale as designed by a firm of famous English landscape artists.

**IT WAS A DUET**  
Women Ventilate Neighborly Disagreement in Police Court.  
Mary Hopman and Mary Doyle, two women who live in adjacent houses on Queen east, were the principals in an interesting little impromptu double-talk act in police court yesterday afternoon. The first Mary accused

the other of a misdemeanor and was just rounding off her monolog when the other Mary thought her time had arrived for some part in the performance. She jumped to her feet and accused the other of ill treatment, which had taken the form of bodily abuse. They argued and counter-argued, but neither seemed to have a very straight story to tell, so both were dismissed with a gentle hint to in future live more amicably.

**NOT MARRIED**  
Says Barrister, Charged With Non-support by Young Woman.  
Norman Webb, a local barrister, denied absolutely in police court yesterday that he had ever entered into marriage with Theresa Doyle, a young woman who charges him with marry-

ing and then failing to support her. The girl's story is that she and Webb were married by a priest in some downtown office. Webb had two witnesses who, the girl stated, had seen the marriage performed in court, and both these denied all knowledge of the affair. The case was remanded for a week, and in the meantime the marriage registers of the city will be thoroughly searched in support or refutation of the girl's charge.

**CIGARMAKERS' INCREASE**  
Nine More Employers Accept New Bill of Prices.  
In reference to the attempt now being made by the cigarmakers of this city to increase wages, the committee in charge report the receipt of communications from nine more of the employees, accepting the new bill of

prices. The committee expect that by to-day all the factories will have agreed to the new scale.

## GENTLEMEN! LOOK TO GOLFDALE

THE BEAUTY SUBURB OF NORTH TORONTO.

We confidently recommend for your consideration the completed and restricted community of GOLFDALE, surrounded by artistic homes, and the best improvements, and situated on a high elevation overlooking the Rosedale Golf Club and the beautiful scenery of the Don Valley. GOLFDALE is the best buying in Toronto to-day.

**Prices Are 50 per cent. Below Those of Adjoining Properties**

GOLFDALE is reached by Metropolitan Electric Railway, Stop 26—the Rosedale Golf Club stop. Buy now for the future. We will be pleased to motor you to-morrow.

Tel. M. 86 **R.W.E. BURNABY, 16-22 Victoria St.** New Imperial Life Building.

## TEN REASONS Why You Should Buy Some Welland South Lots

- 1st. Because you want to make money.
- 2nd. Because investing in Real Estate in or adjoining a fast-growing town or city is the safest and quickest way of making money.
- 3rd. Because WELLAND has grown faster during the past five years than any other town in Eastern Canada. Its record of from one factory to 25 factories, and from 1700 people to 7000 people in five years, speaks for itself.
- 4th. Because its big four advantages, namely: Electric Power at \$12.00 per h.p., Natural Gas at 30¢ per ft. feet, Seven Railroads, Water Transportation, are unequalled elsewhere in Canada, and as a consequence, WELLAND will become the greatest manufacturing city in Canada within a few years, just as it is to-day the greatest manufacturing town.
- 5th. Because WELLAND SOUTH lots are close to the large factories.
- 6th. Because WELLAND SOUTH is the only restricted property in or near Welland.
- 7th. Because WELLAND SOUTH will have no cheap houses and no objectionable residents.
- 8th. Because the streets are graded and sidewalks laid to every house free of charge.
- 9th. Because you may exchange your lot at any time, according to the printed offer, for any unsold lot of equal value.
- 10th. Because by buying to-day at to-day's prices, you can easily make 100 per cent. profit when the property is developed, according to the Company's plans.

## Saskatchewan Is The Grain Growing Province of Canada

MOOSE JAW IS THE DISTRIBUTING POINT OF SASKATCHEWAN. Situated in the heart of the wheat growing area and enjoying the benefits of Distributing Facilities which are unequalled. Moose Jaw has been chosen as the location of some of the largest industries and distributing houses in Western Canada, and will within six months have a Pay-roll of \$1,000,000.00 per month. If you have commercial or other interests in Western Canada, it will be to your advantage to learn more about Moose Jaw, the Industrial City of Saskatchewan, and the most rapidly growing Commercial Centre of the Prairie Provinces. For special Reports and Literature, Write to-day to H. G. COLEMAN, Secretary, Board of Trade, Moose Jaw, Sask. Kindly state where you saw this advertisement.

### NEW MAGAZINE

The School Will Be Published by Staff of Faculty of Education.

The members of the staff of the faculty of education, University of Toronto, have undertaken the publication of an educational magazine, devoted to the interests of elementary and secondary education in Canada. The magazine will be known as The School. It will be published monthly, from September to June inclusive, and the first number will appear about Sept. 1. Dean Pakenham is chairman of the board of directors. Dr. O. J. Stevenson, M.A., lectures in English in the faculty of education, has been appointed editor-in-chief, and Mr. W. J. Dunlop, B.A., of the staff of the university schools, has been chosen business manager. The executive committee will consist of Prof. H. J. Coleman, Ph.D., Prof. H. J. Crawford, B.A., G. A. Cornish, B.A., W. E. Nicholson, B.A., L.L.B., and F. E. Conroy, M.A. The editorial committee will be assisted by an advisory board representing

## QUEEN-BAY CORNER IS SOLD AGAIN

John C. Hayes and Two Associates Buyers This Time at a Slight Advance—Will Probably Hold it for Investment—Deal Was Closed Yesterday.

After being held a month by a small local syndicate, the southeast corner of Queen and Bay-streets has been turned over to John C. Hayes and two associates at a slight advance. The deposit money, which represents

a substantial part of the purchase price, was paid down yesterday. The amount of the deal is not given out, but it is known to be almost \$300,000. The corner has 54 feet frontage on Queen-street and 96 feet front on Bay-street back to a lane. It is occupied now chiefly by small buildings, the revenue being but little more than carrying charges. The latest purchasers assert they have a buyer in sight at a good advance, but if they do not get their price they may finance an office building for the corner.

A Toronto loan company about a year ago gave a loan of \$175,000 on the property. **WHERE IS THE RING?** It Went Into the Cash Drawer, But Later Vanished. William F. Holden, supposed to be a secret service agent for Uncle Sam, went broke in the city and wanted a

drink. He had no money, but did have a diamond ring, which he gave to William Hurst, a bartender at the Grosvenor House, as security for four drinks. When Holden went around to the hotel some days later, the bartender had left. Hurst said he put the ring in the cash drawer and that from there it had disappeared. He said that he had seen it on the finger of a former bartender of the hotel, so Judge Winchester adjourned court, and at the enquiry this other bartender will be called.

**ROYALTY ON YACHTING TRIP.** KINGSTON, May 31.—(Special)—Kingston had a short visit from the Duke and Duchess of Connaught and Princess Patricia to-day. They arrived from Guelph at 7:15 a.m., and at 10 a.m. boarded the steamer Lady Grey on a trip down the river to Prescott, later proceeding to Montreal. The visit was not an official one, so there was no celebration or civic reception. The party was met by Col. Crowe, commandant of the Royal Military College, and taken to the steamer.

## YOUR CHOICE OF THREE

### GLENMOUNT KINGSMOUNT FAIRMOUNT

We only ask that you visit these properties. We will be glad to motor you to them at your time and from your address. An inspection does not bind you to buying. We merely ask that you let us show you why we have such great faith in the intrinsic worth of these three offerings. Phone your appointment for this afternoon or any day—Adelaide 42.

## PARK PROPERTIES FOR BUILDING OR INVESTMENT

In these three parks the buyer has excellent scope for successful investment. The prices and the convenient terms, together with the location of the properties, admit of splendid advance in a very short period.

We claim that for location our east properties, Glenmount Park and Kingsmount Park, cannot be excelled. They are truly magnificent home-places. A good test of a property's worth is its fitness for house building. In both these properties all city services have been applied for, and will be given. They are both away inside the city limits, on Gerrard Street, a half-mile north of Queen Street. Civic street cars will be serving them both shortly. Even now they are very easy of access.

Prettily wooded, they offer charming locations for homes. Build yours there this summer, or buy a lot now for the enhancement in value that will come with the rush of building operations.

Fairmount Park is beautifully situated on Bathurst Street. It is in the famous "Hill" district, and opposite properties on which are being constructed costly homes. It is on the west side of Bathurst, north of Eglinton Avenue. Car services for the district are promised.

# Hollinger Stamp Mill Bears Completion---Commercial Reports

## SPASM OF WEAKNESS OVERTAKES THE MARKET

### Porcupine Stocks Fall Back Into Apathy, and Recent Advances Are Wiped Out—Pearl Lake Continues Its Upward Swing.

**World Office, Friday Evening, May 31.**

A spasm of weakness swept over the mining markets again today and before the selling movement which overtook the list was disposed of, the advance scored during the last few days had been almost entirely wiped out. Trading was on the same narrow plane as has marked the dealings of late, but at no time was any heavy liquidation under way. Nevertheless, the bears held the whip hand from the very opening of business and felt their way cautiously through, with the result that quotations proved vulnerable in by far the majority of instances.

The depression existing in market circles was heightened by an early decline in Hollinger, which dropped back 26 points to 110.75. The stock was quoted ex-rights for the new stock issue of 50,000 shares, but the lower prices occasioned by this fact had a material influence in regulating sentiment. Since Hollinger has dropped back to a point far removed from the price at which the new stock is offered to the shareholders, the rights, which allow only one new share to eleven of old, do not command any particular valuation. They were not traded in to-day.

**Ups and Downs in Prices.**

In the general list prices moved in a rather erratic manner during the major portion of the day, but in the main were inclined to weakness. Dime Extension lost all its gain of yesterday, selling back to 35, after touching 37 at the opening. Crown Chartered was off to 15; Swastika to 16-1/2, and some of the cheaper issues also recorded fractional declines.

The only buoyant spot in the Porcupine list was Pearl Lake, which gained a full point at 20 under a responsive buying demand. The announcement that the property has been reopened and that the company has been supplied with ample development funds is only now commencing to be reflected in the stock market. It is currently reported on "the street" that there is a big short interest in Pearl Lake which was assumed during the recent decline. Meanwhile the stock is in scant supply, the incoming of any buying quickly raising prices in the open market.

The list on the whole did not maintain the cheerful appearance which was in evidence yesterday, but as nothing but a see-saw action had been expected, no particular disappointment was expressed.

In the Cobalt list Threeway sold dividend 10 percent at 42, and advanced to 52 cum-dividend, a decline of four points.

**Copper Metal At Highest in Many Years**

**NEW YORK, May 31.**—Seventeen per cent copper became a reality here to-day when the United States Selling Co. advanced the price of the red metal to that figure. It then stood at the highest quotation in many years.

It was stated in authoritative metal circles that it is absolutely necessary, in order to prevent a runaway market, that the mines produce at least 10,000,000 to 15,000,000 lbs. of copper per month additional. Deliveries for the month of May are expected to be 72,000,000 lbs. for domestic and 65,000,000 lbs. for export. The production will likely not increase much, due to the Balkmore strike, so that a further decrease in surplus of at least 8,000,000 lbs. is not unlikely. This will mean a total decrease for May of at least 20,000,000 lbs. both here and in Europe.

Leading copper interests believe that the country is in for a long period of high metal prices and this opinion is based on the strong technical and statistical position of the metal and prospects for a continuation of the demand, which should absorb an increased production and prevent any increase in stocks. The advance to 17 cents per pound is likely to reduce consumption and force production.

**Now It's Diamonds in North Country**

**NORTH BAY, May 31.**—Diamonds in Ungava is now the word and diamond rumors which have been floating about northern mining camps for some months now begin to take tangible shape. Thursday morning a prospecting party passed through North Bay en route to Ungava, where one of the party is said to have previously uncovered rich diamond deposits and brought out samples of genuine sparklers. The party represents a syndicate organized in Montreal and Ottawa by Joseph Grant of Ottawa, an experienced pathfinder and prospector of the north country, who made the original discovery.

New York is also backing the venture.

**Building the G. T. P.**

**Porcupine, May 30.**—(From Our Man Up North.)—Fifty more laborers were taken from the camp today for railway work on the Transcontinental. Contracts are sure of connecting up different sections of the road for train operation this fall.

Chas. Fox.

**Porcupine Roads Impassable**

**Porcupine, May 30.**—(From Our Man Up North.)—Three days' rain, followed by heavy frosts, has put a quietus on camp business. Roads are now in a very bad shape and will require a heap of fixing before heavy travel sets in. Over four inches of water has fallen during the week.

Chas. Fox.

**Hollinger Mill Ready Soon Now**

**Porcupine, May 30.**—(From Our Man Up North.)—The Hollinger management is rushing the stamp mill to completion, and with 400 men at work on construction, the huge plant should soon be finished. The ten extra stamps to be added will be installed during July. The stamping capacity will then equal that of the cyanide mill.

Underground development at the mine is proceeding apace, at the rate of 800 feet per month.

Chas. Fox.

**Hampton's Suspends**

**NEW YORK, May 31.**—(Can. Press.)—Hampton's Magazine has suspended publication, and the June number will not be issued. The company, which was organized after the failure of the consolidation of the first Hampton's and the Columbia magazines last fall, found it had no money to continue the business, and the directors decided to ask for a receiver in dissolution.

In the two companies which now have 800 of evidence, \$2,687,000 was invested by stockholders all over the country, and for this, it is said, there is nothing to show.

**Hampton's Suspends**

**NEW YORK, May 31.**—(Can. Press.)—Hampton's Magazine has suspended publication, and the June number will not be issued. The company, which was organized after the failure of the consolidation of the first Hampton's and the Columbia magazines last fall, found it had no money to continue the business, and the directors decided to ask for a receiver in dissolution.

In the two companies which now have 800 of evidence, \$2,687,000 was invested by stockholders all over the country, and for this, it is said, there is nothing to show.

## WUSKEY DIVER DISAPPOINTMENT

### Would Take the Hardest Work to Make Even Low Grade Camp.

**Porcupine, May 30.**—(From Our Man Up North.)—Prospectors from both the Huroncua and Massey districts are returning with discouraging reports of finds made. At Massey only one lot staked, according to the reports, bears any resemblance to what might later be a mine, the one Jack Wilson has. The vein is from 14 to 25 inches wide and shows free gold for several hundred feet. No depth has been made. The country around Massey is an old stamping ground and was prospected 20 years ago. The formation is principally quartzite with granite diorites showing. In no case where shafts were sunk did the values carry. The quartz is of a white glassy character with blue streaks showing thru it and where free gold does not appear to the eye, blank assays are generally the result. An extract taken from an engineer's report made in 1897 says: "It is doubtful if even the hardest kind of work will make even very low grade ore."

Prospectors who are not content to remain in Porcupine where shafts are being gone over the second time, while Turnbull finds are coming more frequent in good formation, state that another shaft not yet located must come to view before the summer is over.

**Dome Ex. Doing Well Says Captain Anchor**

**May Cut the Shear in North Crosscut From Number One Shaft.**

**Porcupine, May 30.**—(From Our Man Up North.)—Indications that the shear may be near the end of the north cross-cut in the No. 1 shaft at Dome Extension are showing, and if the shaft is vertically and on a dip, the drill bits should soon penetrate the walls. However, the management would not be surprised if at the 200-foot depth there would be a slide to the north of 100 feet.

In the underground at No. 4 shaft on the east side of the main ridge shaft, the quartz body is open for 200 feet. The list is not yet determined. On the whole the body has a very encouraging aspect.

"The underground is showing up well. There are good indications everywhere we have cut," said Capt. Archer to-day.

Chas. Fox.

**Liquidator Pays Dividend on Le Roi**

**LONDON, May 31.**—A. J. McMillan, liquidator of the Le Roi Mining Company, Limited, made a further distribution of a shilling per share to the shareholders, and expects to make another distribution a little later on in the year. Mr. McMillan leaves for Canada about the middle of June.

**Shortage of Potatoes**

An action of interest to all potato importers was dispensed a day or two ago in the county, court. A. J. Jaynes of this city had ordered five cars of potatoes from Alfred Scott of New Brunswick. Three of these cars arrived and a shortage was reported all three. The shipper settled at once for shortage in bulk potatoes. Mr. Jaynes alleged shortage of 124 bags in these two cars, and brought action for the amount over paid by him on the shippers' sight draft. The court found that there was in fact a shortage of 124 bags when the potatoes in Toronto, and gave judgment for the plaintiff for the value thereof. In the same action Mr. Jaynes recovered damages from defendants for non-delivery of remaining two cars.

**The Most Popular and Up-to-date Train Service to Montreal is Via Grand Trunk.**

This line offers every feature pertaining to comfortable travel; moreover, it is the only double-track route, and the only line operating Pullman sleepers between Toronto and Montreal. Four trains leave Toronto daily, 7:15 and 9:00 a.m., 8:30 and 10:30 p.m. The 9:00 a.m. train carries Parlor-Library car and Dining car to Montreal, also Pullman sleepers to Boston. The 10:30 p.m. train carries five or more modern Pullman Sleepers to Montreal daily. Remember, the Grand Trunk is the only double-track route. Electric-lighted Pullman Sleepers. Secure tickets, berth reservations, at City Ticket Office, northwest corner King and Yonge-streets. Phone—Main 4209.

**Nothing For Families Of Heroic Musicians**

**NEW YORK, May 31.**—(Can. Press.)—A London cable says: Secretary Williams of the Amalgamated Musicians' Union, in a letter to The Daily Mail, deals with the question of compensation for the families of the Titanic bandmen. He says that bandmen, as a rule, sign ship's articles. The Titanic's musicians, for some unexplained reason, booked as passengers. Claims of compensation have made in 1897 says: "It is doubtful if even the hardest kind of work will make even very low grade ore."

## Nothing For Families Of Heroic Musicians

Press.)—A London cable says: Secretary Williams of the Amalgamated Musicians' Union, in a letter to The Daily Mail, deals with the question of compensation for the families of the Titanic bandmen. He says that bandmen, as a rule, sign ship's articles. The Titanic's musicians, for some unexplained reason, booked as passengers. Claims of compensation have made in 1897 says: "It is doubtful if even the hardest kind of work will make even very low grade ore."

**Mons. Chevre Coming.**

Mons. Paul Chevre, the famous Parisian sculptor, will visit Toronto in a few days. It will be remembered that he was a passenger on the ill-fated Titanic, on his way to Ottawa to supervise the erection of the Laurier bust in the Chateau Laurier. Mons. Chevre is known to all visitors to Quebec City as the designer of the unique memorial to Champlain on Dufferin Terrace, which is at once the scene of grace and dignity. He comes to this city on the invitation of the Memorial to the Heroes of 1812-1814 Association to inspect the proposed site of the arch and subsequently recast his design and estimates, which will be given to citizens in a letter to meet this eminent artist.

**Picturesque Lehigh Valley Route to New York and Philadelphia.**

The Grand Trunk Railway System is the only through line in connection. Trains leave Toronto 4:32 p.m. daily, carrying electric-lighted Pullman sleepers, Toronto, New York and Buffalo to Philadelphia. Trains leaving Toronto 6:10 p.m. daily carries electric-lighted Pullman sleepers, Buffalo to New York and Philadelphia. Only Double-Track Route.

Secure tickets, berth reservations, at City Ticket Office, northwest corner King and Yonge-streets. Phone—Main 4209.

**Socialist is Imprisoned.**

**PATERSON, N.J., May 31.**—Rudolph Katz, socialist candidate for congress from the Seventh New Jersey District and an organizer of the Industrial Workers of the World, was arrested and sentenced to-day to serve six months in the county jail for interfering with employees of a silk mill. Katz announced that he would appeal so that he could continue his campaign.

**Britannic is Titanic's Successor.**

**NEW YORK, May 31.**—(Can. Press.)—It is announced here that the new 60,000-ton White Star Liner, which will take the place of the Titanic in the fall of 1912, is to be named Britannic. It will be the same length as the Olympic, 889 feet.

**Uniform Eight Hour Day.**

**WASHINGTON, May 31.**—The senate to-day passed the house eight hour bill requiring that every contract made in which the United States is strong for the high grades of wheat, and offering were scarce, while the demand for No. 4, 5 and 6 was only fair, and prices unchanged to 1/4c lower, and with low demand, declined, closing 3/4c to 1/4c lower. Flax was also weaker.

**Winnipeg Grain Market.**

**WINNIPEG, May 31.**—Trading on the local market was quiet. Options opened unchanged to 1/4c lower, and continued steady during the session, with narrow fluctuations, the demand for high grade being a factor. Closing prices were 1/4c to 3/4c lower. Cash demand was strong for the high grades of wheat, and offerings were scarce, while the demand for No. 4, 5 and 6 was only fair, and prices unchanged to 1/4c lower, and with low demand, declined, closing 3/4c to 1/4c lower. Flax was also weaker.

## Sunday World Pictures.

### Royalty's busy week in Toronto was fully covered by The Sunday World pictorial section, and this week's pictorial section is replete with pictures of the visit. The special feature was the Empire Day celebrations, when Their Royal Highnesses, accompanied by Princess Patricia, reviewed the cadets in Queen's Park, and decorated the several monuments situated there.

An excellent picture was taken of the royal party, accompanied by James L. Hughes, watching the marchpast of the school children; the Duchess of Connaught laying a floral tribute on Queen Victoria's monument; girls bearing flowers in the parade; their royal highnesses parading before the children, on their way to the Queen's monument; veterans reading an address to the Duke of Woodbine, and some of the more striking of them were photographed. These include those worn by Mrs. H. C. Osborne, Mrs. Joseph Miller, Mrs. Ed. Cox, Mrs. Burr and Mrs. Brown, Miss Hendrie, Mrs. Plunkett Magann, and numerous others.

Smart gowns were to be seen on the Woodbine, and some of the more striking of them were photographed. These include those worn by Mrs. H. C. Osborne, Mrs. Joseph Miller, Mrs. Ed. Cox, Mrs. Burr and Mrs. Brown, Miss Hendrie, Mrs. Plunkett Magann, and numerous others.

P. CANNON BARRISTER AT LAW 139-141 Scott Street

Decidedly active trading characterized the Toronto Stock Exchange on Friday, the speculative movement exceeding that of the previous few sessions in vivacity.

NEW YORK, May 31.—Heaviness, which later gave place to extreme weakness, marked the movement of operations on the stock exchange today.

THE MARKET opened with some display of strength, Canadian Pacific almost immediately recovering its quarterly 2 1/2 per cent. dividend, while other high prices were up a point.

THE STOCK MARKETS TORONTO MARKET SALES. Open, High, Low, Close, Sales. B. C. Pack 33 33 33 33 15

M.B. ROSS & CO. BROKERS 139-141 Scott Street

A sharp advance in Toronto Rails and Winnipeg Electric Railway was the outstanding feature.

Both Rio and Sao Paulo were subjected to profit-taking early in the session and developed some slight weakness thereby.

NEW YORK STOCKS Erickson Perkins & Co. (J. G. Beatty) 14 West King Street, Toronto

MONEY MARKETS Bank of England discount rate, 3 per cent. Open market discount rate in London, 2 1/2 per cent.
