THE SAVING OF COAL THE BROGUE

Is Done in Many Ways

One method is to weather strip every crack and cranny in and around the doors and windows.

The result is that the heat stays in and the cold draughts stay out. A Canadian has introduced a specially effective weather strip for doors.

It works automatically and is illustrated below.

As you see it is screwed on the bottom of the door, and has a small attachment or arm, which when the door is closed, presses tight against the jamb and forces the weather strip tightly against the door and floor.

When the door is opened the arm releases the weather

strip, thus affording an automatic protection against draughts. It is simple in operation and

effective; furthermore, it's a splendid value at 55c. Sizes range from 2 ft. 6 in., 2 ft. 8 in., 2 ft. 10 in., up to 3 feet. When ordering mention size of door and if opens on the right or left. The price is 55c. Felt-covered, Storm-proof Weather Stripping, with solid rubber core, for doors, windows, etc.; 24 feet in a box. Is priced at 60c. Dunlop Weather stripping, consisting of felt covered rubber tubing. Price, 5c per foot. At 2 1-2c a foot is wooden Weather Stripping, with felt core. At 2 1-2c is a 3-4-inch Wooden Weather Stripping, with felt core. At 5c a foot is a 1 1-2-inch Wooden Weather Stripping with felt core. If desired, you may arrange with the Drapery Department to have a man come and put on any of this Weather stripping for—up to 100 feet, 4c a foot; over, 3 1-2c a foot. Note: No weather stripping less than 25 feet will be installed.

DANCE HALL FIRE COSTS 25 LIVES

Ten Burned, Rest Crushed, in Panic in Tragedy in Louisiana Village.

Ville Platte, La., Nov. 23.—Twenty-five persons, most of them women and girls, lost their lives here last night in a fire which quickly destroyed a frame building in which 200 of the village folk were making merry at a dance. Fifteen others were seriously hurt, and search of the ruins is expected to add to the list of the dead. Ten of the dancers were burned to death and others were crushed in a wild stampede to reach the street down a narrow frail stairway while the flames were sweeping rapidly from the lower floor. More than a score of babies, tucked safely away in a little nursery on the same floor with the dance hall, were rescued by mothers who had taken them there along with their children of dancing age. Some of the youngsters were picked up and hurled bodily into the outstretched arms of people in the street below. The fire started in a grocery store and a tongue of flame reached out and started a crowd in a moving picture theatre in the same building with the grocery and the dance hall. A standing near the door shouted to the audience to move out quietly, and none were hurt. The flames spread so rapidly that the whole lower floor was a roaring blaze before the dancers in the big

hall above were aware of their danger. Instantly there was a panic, and the whole crowd, men, women and children, made a mad rush for the single exit, the narrow stairway leading down the side of the burning building. This soon was choked, and many of those who were trapped escaped thru windows to the roof of an adjoining building. Many of the victims were burned beyond recognition and bits of jewelry were the only means of identification of the bodies.

PRINCE'S FAREWELL TO UNITED STATES

(Continued From Page 1.)

welcome he had received and his regret at parting. "But I am coming back," he said. "I want to see more of America and the Americans." The last official ceremony of the day was a review of 5000 Boy Scouts, who were massed along the beach facing the Renouin. The prince made a special trip ashore to meet the youngsters, and it gave him an occasion to prove that he is also numbered among the phrase-makers. "Never hunt by yourselves; hunt with the pack," was the prince's advice to the scouts. The last person to say good-bye to the prince was Admiral Sims, who was the guest of honor at a farewell luncheon given by the royal visitor. The anchors were already being weighed when the admiral left the ship. Message to New York. Just before the prince sailed he handed the newspaper man this statement: "I wish to leave a message for the city of New York before I sail today, and I hope that you gentlemen of the New York press will publish it for me. The people of New York have welcomed me with such kindness that I cannot leave without saying one or two words of farewell. "Whether you like it or not, I am going to pay the United States another visit as soon as I can, and because I like it so much, I wish to see more of the country and its people, including the great west." "There is one thing which I should particularly like you to say for me in the press. I have had hundreds of charming letters since I came to the United States, and not a single disagreeable one. I wish that all these letters could have been answered. They have been too many to make this possible, but I hope their writers will let me thank them in

DON BRICK YARDS TO DAVIES ESTATE

(Continued From Page 1.)

the Don Valley Brick Works. The conveyance had been made for a consideration of \$100,000, but as time went on the land involved increased so rapidly in value that the Canadian Northern Railway Company was compelled to pay \$200,000 for ten acres of the land. Her claim was that the conveyance by Clarkson to Davies was fraudulent, as against the claims of the creditors of Taylor Bros. She alleged that Davies, who was a brother-in-law and a creditor of the Taylors, acted as one of the inspectors in the assignment proceedings, and, therefore, occupied a trust relation toward the estate. Assignment Was Made. It appeared at the trial that the firm of Taylor Bros., at the time of the assignment, consisted of John F. Geo. A. and W. T. Taylor. They were operating the Don Valley brick works and owned a large amount of valuable real estate adjacent thereto. They became financially involved and gave a mortgage on the 150 acres above referred to, including the brick works, to Mr. Davies. Subsequently they made an assignment to E. R. C. Clarkson, and Mr. Davies was appointed one of the inspectors. Shortly after this the property was conveyed by the assignees to Mr. Davies at a valuation of \$100,000. He credited the estate with \$100,000 on the debt due him on his mortgage and proved the balance of his claim as a general creditor. Only a trivial dividend was paid the general creditors. These transactions occurred about

YOUNG FARMER OF EAST HARLEY IS KILLED IN ENGINE ACCIDENT

Woodstock, Nov. 23.—(Special)—David Shillington, a well-known young farmer, living east of Hurley Village, is dead following injuries received when he was drawn into the fly wheel of a gasoline engine. The unfortunate man had been chopping grain and while going to shut off the engine he tripped and fell against the wheel. A projecting pin in the shaft of the wheel caught in his clothing, gripping the young man and carrying him around the wheel, his head hitting the floor with such violence that his skull was fractured.

MERCHANTS' BANK REPORTS NEW GAINS

Half-Yearly Balance Sheet Shows Striking Progress. Montreal, Nov. 23.—Further material gains and growth are disclosed in the half-yearly balance sheet of the Merchants' Bank of Canada, issued from the headquarters of the institution on Saturday. Profit and loss figures, following the policy of the bank, are withheld until the completion of the fiscal year, but the balance sheet is indicative in a striking way of the six months' progress, showing total assets have increased in the period by \$22,582,186, to the highly substantial aggregate of \$198,506,972. Readily available assets of the bank stand at \$84,014,965, a gain of \$11,666,688, or approximately 16 per cent over the preceding half year, showing the extent of the improvement effected in the way of the institution's liquid position. Aggregate deposits at the end of the half-yearly period, ended Oct. 31 last, are given in the statement at \$166,006,015, compared with \$155,988,215.

DEFECTIVES NEED PROMPT ATTENTION

Judge Hodgins Makes Exhaustive Report on Feeble-Minded.

USE THE SCHOOLS Only Place to Isolate Cases Judge Tells Provincial Secretary.

Another report by Judge Hodgins as commissioner of the mentally defective and feeble-minded in Ontario, has been presented to the new provincial secretary presiding many recommendations upon the government and urging immediate action.

The commissioner sees in the public school the machinery and plant for determining who are feeble-minded.

In the 19,000 pupils already examined in the medical test now going on in the Toronto schools, the percentage run between one and two per cent. I am now informed, adds the commissioner, "that taking some ten or more schools the percentage obtained is about 27."

Conclusions Arrived At. The following conclusions are among the most important arrived at by the commissioner:

That in the province of Ontario feeble-mindedness or mental deficiency has never been legally defined nor practically dealt with, and that the magnitude of the evil thus left untouched is very great.

That the problem is not so large as is sometimes made out to be, and that great progress can be made in this province along lines that are reasonable and not too costly.

That the want of any machinery for ascertaining who are the feeble-minded and particularly for classifying them with a view to their proper supervision and destination afterwards, whether in or out of school, is apparent.

That there are no private homes licensed for the feeble-minded.

That a survey of the public asylums and other institutions is urgently needed, so as to relieve them of the mentally defective.

That the feeble-minded female of child-bearing age and the feeble-minded delinquent who is a "repeater" or shows marked criminal instincts should be detained indefinitely.

Urgent Measures. The commissioner calls attention to five of the above matters as specially urgent:

1. Special classes in the public schools for the mentally defective.

2. To transfer to Orillia, all "admitted defectives" from other institutions.

3. Removal from the juvenile court and the Children's Aid Society of all mental defectives to a proper institution.

4. The establishment of a new and properly equipped psychopathic hospital in Toronto.

5. The provision of proper temporary quarters in order to gain immediate relief from the conditions referred to above.

Recommendations. The report continues: I have therefore, the honor to recommend:

1. A systematic detailed survey, a plan of restriction covering the province, by which the mentally defective will be identified and classified; the adoption of a plan for the above, and the detention in permanent homes or refuges, preferably of the colony type, of mentally defective women who are of child-bearing age, and for the segregation in institutions and colonies of both male and female feeble-minded delinquents whose antisocial qualities or criminal tendencies show a necessity for permanent restraint.

LABOR NEWS

LABOR MEN HEAR MUNICIPAL EXPERT

Dr. Horace Brittain Gives Pointers and Answers Many Questions.

Prospective labor candidates for aldermanic office in Toronto next year listened with interest to Dr. Horace Brittain, the expert of the municipalities bureau, at the I. L. C. meeting, held in the Labor Temple, and many questions also gave him a number of hard nuts to crack.

Dr. Brittain strongly favored home government for the people, but urged the need of municipalities having high standards. Large expenditures should be made subject of referendum or appeal to provincial legislatures, but as matters of public ownership, the speaker believed this was a moot point.

Conclusions Arrived At. The following conclusions are among the most important arrived at by the commissioner:

That in the province of Ontario feeble-mindedness or mental deficiency has never been legally defined nor practically dealt with, and that the magnitude of the evil thus left untouched is very great.

TWENTY-FIVE PER CENT TELLER'S WAGE

Sir John Aird Says Bank Clerks Get From \$22 to \$25 Weekly.

"Our increases, which were well proportioned, went into effect last May, and I may say at this juncture that our salaries for clerks and tellers, women included, average from \$22 to \$25 a week," was the reply given by Sir John Aird in reply to a query from The World, asking if the Canadian Bank of Commerce intended to follow the lead of the Royal Bank and give a 20 per cent bonus increase to its employees.

Officials of the Royal Bank stated that the Royal Bank of Canada, had granted its 5,000 employees a 20 per cent bonus increase on present salaries. No other statement was given out, however, it is believed that some clerks in the bank may receive less than \$13 a week, many of them being just out of high school.

AMERICAN ENTERPRISE COMBATING CANADIAN

An American firm of contractors from Philadelphia, now operating both at Bradford and Toronto, is offering expert glaziers on a basis of expenses paid, men to pay their own hotel bills, and the other hand Toronto firms are offering to pay the average pay given for expertise in this class of work.

With Toronto employers working their men only eight hours a week, an hour the glazier would receive only \$23 a week. The World's informant stated that at the same time given by Toronto employers was doubtless fair, indications were strong that American glaziers were competing against Canadian enterprise along the lines indicated, paying to the mlt for labor.

Work of I. L. C. Fred Bancroft gave an interesting address yesterday at the meeting held under the labor name at the Open Forum, in Foresters' Hall, College street, on the International Labor Conference in Washington.

He told the meeting of how the conference, an offshoot or part of the league of nations, had been held after the peace conference, and of its composition and powers. The principal aim of the conference, he said, is to bring the nations represented in each of the forty nations represented that signed the peace treaty.

The meeting was provided with a musical program by which the Rev. Tavish, soprano, Prof. A. de Lury was in the chair.

Seek to Improve Esprit de Corps Among Former Students of School.

A largely-attended and enthusiastic meeting of the Old Boys' Association of Upper Canada College was held in the assembly hall of the college on Saturday evening, and plans were worked out for drawing its members still more closely together.

During the counting of the ballots, short speeches were made by the secretary of the association, Prof. W. Young, and by the principal, Prof. Young outlined the previous history of the association, told of its struggles under Principal Dickson to get justice for the college from the Ontario government, and from the University of Toronto, and of the final handing over by the government to the college to an independent board, composed for the greater part of old boys.

ONTARIO LIBERALS TO MEET IN CITY Members and Defeated Provincial Candidates to Consider Political Situation.

The Liberal members and defeated candidates met in Toronto on Tuesday for a private conference to consider the political situation. Inasmuch as the time for election protests expires on December 4, it is probable that the conference called for the 25th will decide what elections, if any, are to be protested by the Liberals. It is likely there will be at least two protests in the north.

STOCK IS BOUGHT BY U. S. PACKERS Sir Joseph Flavelle Said to Have Sold Large Block of His Holdings.

A large block of the Davies treasury stock of the William Davies Company has been sold to an American packing concern, said to be Wilson & Co., Inc. of Chicago. The deal was completed last week and the new funds will be used to greatly expand the business. It is also understood that an agreement has been entered into by which Sir Joseph Flavelle, president of the company, will sell his stock holdings or a portion of them to the Wilson Company, which will give the Americans a controlling interest.

COL. CURRIE TOOTS FOR SOLDIER VOTE

Tells Advantages Veterans Would Gain by Linking With Conservatives.

"The day is fast arriving when the returned soldier has got to get a square deal," declared Col. Currie, M.P., speaking at the People's Forum, in St. George's Hall, last evening. Altho the subject for discussion was "Can the Conservative party best serve the interests of Canada?" the large hall was packed from floor to roof by returned men who had come expecting to hear something about curricula vitae they heard a lot. The chairman, Arthur Hawkes, had no trouble in maintaining order, while the colonel debated the purely political part of his subject.

Could the soldiers form a strong political party and return men to the house of commons who at all costs would support their ideals? That said the colonel, was the great question of the day. There were men in the house today, he declared, who never flattered for a moment to go "over the top," but when it came to voting against their party in parliament they failed at the critical moment. The soldiers must send men to parliament who would vote against party if necessary, for the interests of the returned men. The soldiers, however, to succeed politically would have to put men of integrity at the head of their organization. In the late debate on gratuities he had to fight a lone hand and was attacked for the attitude he took—not by members of the house of commons, but by the officials of the G.W.V.A. and men of such caliber he cannot be allowed to lead any soldier party. (Cheers.)

Out for the Soldiers. If the returned men would select men of commons and character, the colonel, and put them into parliament they would get power to further their principles. Personally, declared Col. Currie, he cannot see a question of the rights of the returned men or the Conservative party. I am for the soldiers all the time. (Loud cheers.) In the next session of parliament the colonel will again raise the question of the gratuity, as he considered it only justice that it should be paid. In all the wars of the past from 1812 down to the South African War Canadian soldiers had always been given a gratuity of money or land, and the men who had just returned from the great world war should be likewise treated. The colonel then went on to state that the result of the tremendous over-indebtedness of the Victory Loan was proof that Canada could well afford to pay the sum asked for in gratuity. A great portion of this money, he stated, would go to pay the farmers of the west and Ontario, who had the food sent to England, which owed Canada two hundred million dollars. "What is the government propose to do with that money?" he asked, and one of his hearers answered the question by stating he supposed they would buy up a few more railways.

Another returned man wanted to know if the Conservative party were anxious to link up with the returned men so that they could get back to work. "The party is practically leaderless at the present time," replied the colonel, "and we are looking to the returned men to give us a leader." In answer to another question he denied the \$2000 bonus subject was a red herring to lead returned men to the Conservative party. He further declared that if the G.W.V.A. representatives had been in the house of commons a good Conservative party would have been given for the gratuity, and the Conservative party got back into office before or after the next general election they would favorably consider the gratuity question.

Political Matters. In the political matters which he touched the colonel said the grain growers group of politicians in Canada were dominated by the caucus party of the United States, who, through the W. O. of Alberta brought the doctrines of Carl Marx to Canada. It was out of this movement the colonel contended United Farmers of Ontario grew. Referring to the part the farmers played in the war the colonel said that at the critical moment of the war the farmers of Ontario and Quebec went to Ottawa in a column one and a half miles long to protest to the government against any more men being sent to France and demanded that the war be stopped at once.

After dealing with the question of representation which he considered a socialistic idea, the colonel went on to say they had at present various groups at Ottawa. There was the Laurier group who were doing penance for what they did, or rather did not do during the war; there was the Quebec group, who could not be trusted, and there was the English-speaking group under Mackenzie King, who was of military age and did not go to the war, but who should, therefore, be one of the first to look after the interests of the returned men. There was the Liberal-Liberal group under Mr. Rowell, which had no sane policy and for the most part were intolerant in this policy they had no sane policy. The Conservative party had no leadership at present, said the colonel. The party as a party went out as a political organization for war purposes and had been asleep ever since.

The Effect of Slumbering. The effect of slumbering in politics was exemplified in the late Ontario elections, when Sir William Hearst and his party were turned down cold. The Conservative party had to be reconstructed—it was a party open to every one black, white, yellow and brown, he said. It is not a party hiding behind closed doors and not telling people what it proposed doing. The colonel asked the returned men to take hold of the Conservative party, bring it back to life and the party would do everything right by them. It is a clean party and with nothing against it. The colonel did not favor labor going into politics, but he said that if the returned men were against it, he thought labor would be better off if it linked up with one of the present parties. The farmers party he considered a class political party, and class legislation was against the best interests of the country at large. Let them all get together, said the colonel in conclusion, and form a Conservative group and down those who preached "red" just in the same way as the French turned down their agitators.

SEVEN ARRESTED ON THEFT CHARGE

Police Claim Prisoners Stole \$1,200 Worth of Motor Tires.

Seven arrests were made Saturday night by Detective Koster in connection with the theft of \$1,200 worth of motor tires and inner tubes from A. D. Gorr's motor supply company, Victoria street. Reginald Johnston, Toronto street, was arrested, charged with shopbreaking, carrying away and Mike Geller, 77 Baldwin street; Jack Goldner, 34 Ross street; Albert Schwartz, 170 West Queen street; Frank and Albert Thomas, 188 West King street, are held for receiving. Johnston is alleged to have broken into the warehouse last week and stolen 44 Ford tires and 32 inner tubes. He disposed of them to the men accused of receiving for \$197, and the value of the goods stolen, the police stated, is \$1,200. On Saturday the Thomas brothers' room Koster discovered several of the tires under the bed. A number of the tires had been re-sold and Sunday, Koster motorized to Kleinburg, and brought back 22 tires. Geller brothers were released on \$5,000 bail, while the other four charged with receiving were allowed out on bail of \$2,000 each.

PROMINENT REPRESENTATIVE OF THE INTER-CURCH WORLD MOVEMENT WHO WILL SPEAK IN TORONTO AT THE INTER-CURCH CONVENTION, NOV. 24 AND 25.

CITY HALL NOTES

A special meeting of the city council will be held this afternoon to consider the transportation commission report and the abattoir question. Both subjects are likely to lead to lively and lengthy debates. There are two reports on the transportation commission—that of the committee which sat on the subject, and a subsequent report and recommendation prepared by the mayor, which was carried to the board of control by the majority. Controllers Cameron and McBride are more than likely to hark back to the first report, as it provides for a commission of six members, against the mayor's proposal of only three. Apart together from that question, the great majority of aldermen are interested, in view of the near approach of Jan. 1, in transportation questions generally, and it would not be at all surprising if every one of them spoke on the subject.

Ald. Mogridge, who was prevented at the last council meeting speaking on the transportation question, when the Hydro authorities came up, has succeeded in getting the report, by which means he may succeed in raising some important transport matters that were kept under the lid at the last meeting. The abattoir matter, which raises the whole question of public ownership, will be considered the time before a settlement is reached. The committee report was turned down by the board of control, who recommended to the council the sale of the plant and the appointment of a commission of three to ratify it. Here, again, Controller McBride will be in the fore, as he is in favor of the sale of the plant. From all appearances, it looks as if some of the aldermen will have to pay ten cents again this week to reach their homes.

The resignation of the 21 men forming the harbor lifeboat crew has been asked for by Deputy Harbourmaster Allan. There has been a lot of discord and much criticism in connection with the crew this year, and the harbor authorities are determined to get to the bottom of the matter. The station closes on Dec. 15, from which time the resignations will date. It is anticipated, however, that the majority of the crew will be re-engaged next spring. Their wages are paid by the city and the government jointly.

The nominations for the next city council have been fixed as follows: For aldermen and the board of education, Tuesday, Dec. 23, at noon, and will be held at the following schools: Ward One, Riverview Collegiate; Ward Two, Winchester street school; Ward Three, Wellesley street school; Ward Four, Leaside school; Ward Five, Harbour Collegiate Institute; Ward Six, Kent school; Ward Seven, Annetta street school; Ward Eight, New Beach school. Nomination for the majority and the board of control will take place on the same day at 10 a.m. at the city hall.

The number of polling places arranged for this year will be 161, located as follows: Ward One, 56; Ward Two, 56; Ward Three, 62; Ward Four, 60; Ward Five, 68; Ward Six, 96; Ward Seven, 27; Ward Eight, 27. The city clerk has arranged to fill all posts of deputy returning officers and poll clerks by returned soldiers.

The building of the live stock arena at the Exhibition grounds is likely to be held up owing to the question of guarantees. The city authorities insist on having adequate cash iron assurance that the \$40,000 yearly rental will be paid, even if the arena does not earn one cent. From all appearances, some difficulty may be experienced in satisfying the authorities and Mr. Bradshaw on that point.

So far as the month of November has gone the city's department has issued 230 building permits to the value of \$1,150,000, or over 300 per cent increase over the total for last November, when the total was only \$386,000. There have been 180 brick dwellings erected, costing over \$1,000,000. There have been 1,000, and 31 stores costing \$164,000. Six large warehouses were built at a cost of \$230,000. The following permits were issued on Saturday: E. L. Ruddy Co., studio building, 2-story brick, 215-21 Spadina street, \$25,000; E. J. Phillips, 2 1/2 story brick duplex dwelling, Glen road, \$90,000; F. L. Curry, one detached brick and stucco dwelling, Patricia drive, \$33,000; A. D. Waste and R. H. Bishop, two-story brick office building, 229-21 West Elton street, \$16,000; F. W. Forth and E. Blaise, one pair semi-detached dwellings, 33-35 Ward street, \$49,000; Mrs. K. Mitchell, 3-story brick apartment house, Crawford street, \$23,000.

NOT THE TIME FOR EXCHANGE OF WORKERS The Hague, Nov. 23.—To the government's suggestion that the Dutch and British labor departments cooperate with a view to the exchange of workers, the British authorities have replied approving the principle but preferring to await the result of the labor conference at Washington. Moreover, it is pointed out, conditions in British industry are not propitious for such a movement.

MUNICIPALITIES GUARANTEE BONDS

Scarboro, East Whitley, Oshawa and Bowmanville Majorities Favor Radial.

The four municipalities voting on Saturday on the Toronto and eastern radial bond guarantee, were Scarborough, East Whitley, Oshawa and Bowmanville. Only nine votes were recorded against the bylaw in the town of Bowmanville and only 97 in the town of Scarborough. There were 464 votes for the bylaw and 89 against it, and East Whitley voted 175 for and 97 against. Bowmanville vote: For the bylaw, 301; against, 9. Oshawa: For the bylaw, 474; against, 97.

The ten municipalities from Toronto to Bowmanville are asked to guarantee bonds up to about eight million dollars, to take over and electrify the Toronto and eastern, on which the Hydro-Electric Power Commission have secured an option from the federal government. The federal government secured the line when the interests of the Canadian Northern were acquired. The road has been graded and rails laid from Bowmanville to Pickering, and a right-of-way secured as far as Scarborough Junction.

It is understood that the Hydro will pay about \$700,000 for the Toronto and eastern property as it stands. All the municipalities which have voted so far have endorsed the radial scheme, and there remain only Toronto, York township and Darlington township still to vote.

Two boys, aged four and five years respectively, trying to follow the example of an older boy, smoking in a lane, started a spectacular fire in the planning shop of Rankin and Company, 1536 West Dundas street, Sunday evening. The children picked up cigarette butts, and after lighting them threw the burning matches amongst some shavings. In a few moments the one-story building was a mass of flames. The firemen extinguished the blaze. The damage was estimated by them at \$2,000. Fifteen hundred to the contents and \$500 to the building.

DOG WAS KILLED; WAGON INJURED Motorcycle Runs Amuck After Collision With Dog; Afterwards Destroyed. The slot machine were strewn over the roadway. The stamps and coppers were picked up and handed over to the police. Young was not injured.

FARMERS' LOSSES IN AUSTRALIA Tragic Depletion of Flocks in New South Wales is Reported. London, Nov. 24.—Indications of tragic losses to stockmen and farmers are given by The Daily Mail's, Sydney, New South Wales, correspondent in a despatch in which he cites instances of dwindling stock as a result of the drought. "Of 27,000 sheep on one farm, says the correspondent, only 5,000 have survived, while on another farm, 6,000 sheep have dropped to 800, and elsewhere 80,000 head of beef cattle have dwindled to 15,000. "These losses are typical of the large estates, but the losses of the small farmers are commensurate, and their cases are pathetic. "An official estimate of the coming wheat harvest for the whole commonwealth is 40,000,000 bushels, as compared with 179,000,000 bushels last year."

ADRIATIC SITUATION NOW VERGES ON WAR

D'Annunzio Has Determined to Annex Dalmatia and Attack Montenegro.

London, Nov. 22.—The situation on the Adriatic as a result of Gabriele d'Annunzio's campaign has reached a grave crisis. Private advices leave no doubt that he is determined to annex Dalmatia and attack Montenegro.

The Jugo-Slavs are stated to have concentrated troops and to be prepared to resist aggression. A still more alarming report says a republican underground directed against the Italian monarchy exists among d'Annunzio's forces.

It is not known whether the insurgent poet leader shares the reported ambition of this military element to attack the governments.

His statements in the advices that further aggression by d'Annunzio will certainly precipitate hostilities with the Jugo-Slavs, who, however, it is declared, will direct their attack against d'Annunzio and not against the Italian government.

A late report from Rome says the military party which is favoring the annexation of Dalmatia has brought such strong pressure to bear upon the government that the situation is delicate.

D'Annunzio, it appears, has been stirred to further efforts by the fact that the Italian elections were unfavorable to his cause. Official reports state, and among a certain element there seems to be a desire to make d'Annunzio president of the republic. Whatever his intentions, however, some well-informed quarters believe d'Annunzio merely desires to annex Dalmatia for Italy and has no republican ambitions. Whatever his intentions may be on this question there appears to be no doubt that he has not abandoned his plans of aggression in the Adriatic.

BOLSHEVIK ADVOCATE PIRACY ON HIGH SEAS

New York, Nov. 22.—Mutiny at sea and the capture of American ships for the Russian soviet government were advocated in a newspaper printed in the Russian language which was seized today in a raid on one of the party. To carry out this plan, members of the party were advised to obtain positions as sailors.

H.M.S. RENOWN DUE AT HALIFAX MONDAY

Dominion Government to Tender Banquet to Prince During Informal Visit.

Halifax, Nov. 22.—The Prince of Wales, who sails from New York today, is expected to arrive here until 8 o'clock on Monday morning. His visit will be informal, and the only official functions here of the banquet to be tendered him by the Dominion government on Monday night and a luncheon given on the Renown by the British War Office.

In addition, there will be a tea and a dance Monday afternoon at the residence of Mrs. Archibald and a dance at Government House that evening. About fifty will be present at the government's banquet, including the Duke of Devonshire, Sir Robert Borden and the majority of the members of the federal cabinet. Sir Joseph Pope, under-secretary of state, has arrived at the residence of the duke and is making arrangements for the banquet, which will be held at the Halifax Club.

LAWYER GUILTY OF BREACH OF O.T.A.

Peterboro Man Fined Five Hundred Dollars for Operating a Still.

Peterboro, Nov. 22.—In the police court on Saturday J. Guise Bagley, a local lawyer, was fined \$500 on charge of having liquor in his possession contrary to the inland revenue act. On two occasions he was found operating a still and the other of keeping liquor for sale, the accused was committed for trial. Mr. F. D. Robert Borden was the Crown Attorney. Hatton represented the accused. Bagley pleaded guilty to the above charges.

The prosecution sprung a surprise when it presented a new charge, accusing the prisoner of having performed a criminal operation on Mrs. Jennie Smith on Monday. The prisoner did not plead and was remanded.

ANSWER TO ATTACKS ON CANADIAN RAILWAYS

Montreal, Nov. 22.—"No class of Canadian industry, urban or rural, is or has been losing money thru failure of the Canadian railways to provide proper service. On the contrary, the efficiency of the Canadian railways has given, and continues to give, the Canadian producer a very important handicap over all his competitors."

This is the preamble of a statement issued by the Canadian Railway War Board, in which the board vigorously attacks the Canadian Wheat Board, whose chairman, Mr. Stewart, criticized the railways recently.

Presbyterians of Haileybury Unveil Tablet to Soldiers

Haileybury, Nov. 22.—In the Presbyterian Church, at the evening service today, a memorial tablet, upon which are inscribed the names of the members of the congregation who fell in the war, and which has been presented to the church by Mrs. Quinn, was unveiled. Mrs. Quinn is the widow of the late Isaac Quinn, a former fire chief of Haileybury, who died in his country's service.

PERPETUATE NAMES OF CANADIAN DEAD

Montreal, Que., Nov. 22.—A church will be erected in Notre Dame de Grace, a suburb of Montreal, upon the walls of which will be inscribed the names of every man who died for Canada in the war. The church will be used by the combined congregations of the Anglican Church of the Good Shepherd and Trinity Church. Sixty thousand Canadians were killed.

REVIVE PROJECT OF NIAGARA BRIDGE

Both Countries Join Up in Campaign to Realize Traffic Solution.

Bridgeburg, Ont. Nov. 22.—With Councilman Bagley the prime moving factor, big efforts are being made across the river to revive the project of an additional bridge over the Niagara river at either Bridgeburg or Fort Erie, to be constructed by the governments of both countries as a peace memorial bridge. The proposition had been held in abeyance on this side of the line since early this spring, owing to the failure of the American wing of the joint international committee to continue its efforts.

Now the work will again revive. The Canadian committee of twelve on this side of the river is preparing its campaign. The Buffaloniens, however, are not content with endeavoring to get the New York State legislature to act in connection with the peace bridge scheme, but a delegation is going to Washington to endeavor to interest the federal authorities there in the measure.

The idea proposed now is to get the governments of both countries to make necessary appropriations on a basis of fifty-fifty, in order to bring about the realization of the traffic question along the Niagara.

MONTREAL BOARDS DISCUSS VACCINE

Three Hundred and Fifty Smallpox Cases Reported in Province of Quebec.

Montreal, Nov. 22.—The vaccination of school children and the free distribution of vaccine to physicians were matters discussed by the board of health yesterday. Dr. Bouchard, medical officer of health, was instructed to send circular letters to the heads of educational institutions and to all physicians requiring them to notify the board of health of smallpox or chickenpox they may have knowledge of. The need of reporting both diseases is a precautionary measure, and in necessary cases the health department will send out a physician to diagnose the disease.

Information was laid before the board to report all cases of smallpox of smallpox had been reported in this province. A few cases have been reported in Montreal.

YPRES MEMORIAL WILL BE ERECTED

Ruins of Cloth Hall to Be a Place of Pilgrimage.

Canadian Associated Press.

London, Nov. 22.—It is announced by the war office that the Battle of Ypres Memorials committee has under consideration the erection of a memorial to the troops of the British Empire who fought at Ypres.

The Belgian minister of the interior stated recently in the Belgian chamber that the authorities at Ypres had been late in passing the plans for restoration. An official meeting had taken place of representatives of the Belgian government, town authorities of Ypres, and the British War Office committee on battle exploit memorials, and preliminary measures had been taken to protect the Cloth Hall, the cathedral and the adjoining houses from desecration. These ruins in their actual state, besides being an eloquent testimony of Teutonic barbarity, would remain a place of pilgrimage, to which the allies may come to perpetuate the memory of those soldiers of their country who died to keep intact the last strip of Belgian soil.

RECOGNITION ASKED FOR UKRAINE ERUBLIC

Winnipeg, Nov. 12.—Last night there was held here the first of a series of meetings in Canada to arouse interest in the Ukrainian situation. The principal speaker at a large gathering was U. S. Congressman J. A. Hammill, who spent three months overseas investigating the actual facts in the Ukraine. Among the other speakers were H. A. Mackie, M. P. for East Edmonton.

A resolution was enthusiastically passed asking the Canadian government to recognize the Ukrainian republic, to prevent at once any further bloodshed between the Ukrainians and the Poles. It was argued that the principle of self-determination should not be denied to a nation of 45,000,000 people. The statement was made that there were in Canada 350,000 Ukrainians.

COALITION CABINET CERTAIN IN BELGIUM

Brussels, Nov. 22.—The constitution of a coalition cabinet under M. Delcroix, the present premier, is believed to be certain. Socialist collaboration seems assured if the government program includes old age pensions, a cheap housing scheme and possibly nationalization of mines.

PLAYS, PICTURES AND MUSIC

"Experience," Tonight, Royal Alexandra Theatre.

In "Experience," the most wonderful play in America, which F. Ray Comstock and Morris are presenting at the Royal Alexandra Theatre this week, commencing tonight, for a return engagement, there is a delightful musical accompaniment by Max Bondy and catchy songs and cabaret music by Sylvio Hein. There are 82 members in the cast, which is the largest and better than in any previous season, and contains many of the original company which presented this famous show in 1914. The matinee will be as usual, on Wednesday and Saturday.

"Scandals of 1919" at Princess.

Beginning tonight at the Princess, George White's "Scandals of 1919" will be presented for the first time in this city, thus beginning a week's engagement. George White, at the Toronto Dominion, has been a headliner in vaudeville, and also having been identified as one of the stars in the "Ziegfeld Follies." His company, which is an exceptionally large one, includes among its members Ann Pennington, dainty and pretty; Lou Holt, Lester Allen, George Bieler, Al Scott, Lowell Drew, Yvette Rugei, La Sylphe, Adele Ardeley, Ethel Delmar, Ora Munson and many others.

"Father in Society."

The latest play founded on the popular comic of "Bringing Up Father," the world-renowned cartoons created by George McManus, will be the offering at the Grand all this week. It bears the infectious title of "Bringing Up Father in Society." As might be inferred, the theme of the attraction revolves around the efforts of Jiggs Mahoney, Mother, Dinty and the rest of the Mahoney clan, to break into the charmed circle, in justice to Jiggs, who is better known as Father. It may be chronicled right here and now that he is forced to enter "society" against his will. How he fears, how he meets and how he is treated, how he arouses laughter, mirth and paves the way to gaiety, joy, happiness, and gladness unconfined, Al Scott, Lowell Drew, Yvette Rugei, La Sylphe, Adele Ardeley, Ethel Delmar, Ora Munson and many others.

At Loew's This Week.

When called upon to choose between his devoted but jealous wife and his efficient stenographer, Senator Newton Nevada quickly selects the former. Constance Talmadge, as Billie, offers a novel assortment of experiences, both before and after her marriage to the wealthy senator from Nevada. "The Honey Moon Inn," a first-class burlesque production, will head a wonderful all-comedy program of vaudeville acts, including a first-class burlesque production, "The Smart Aleck," a rapid fire comedy and dramatic farce; dainty Princess Olga, offering variety, ranging from character songs to the violin and impersonations; Coffman and Carroll, "A Study in Black and Tan"; Harris and Nolan, two misses, in a dainty song revue, and King Bros. Herculean comedy athletes. Loew's British-Canadian Weekly and the Blitz and Jeff animated cartoons will also be shown.

At the Allen.

The Gay Lord Quex, from the noted stage success by Sir Arthur Wing Pinero, presents Tom Moore in the stellar role in his latest production, which will be shown at the Allen Theatre, beginning Monday. In this production "Tom Moore" is seen as the type of woe that popular opinion has named his favorite. His adventures in Cupid's realm are frequent and merry, and just spicy enough to bring out the humorous side of his entanglements when his several sweethearts are brought together.

"Experimental Marriage"—Regent.

Do you believe in experimental marriages? Yes? No? No matter. There's a picture on at the Regent Theatre this week that is based on the subject. Its name is "Experimental Marriage." Its star is Connie—you know Connie?—Constance Talmadge, the little beauty, the exotic star, full of life fun. It is to laugh and just to enjoy being in a picture that does one some good. The story is lovely, the acting splendid—there's everything a real, live picture should have. That's "Experimental Marriage." There are other good features, too. The soloist is Joseph Interrante, a baritone of world-wide reputation.

New Christie Theatre.

This evening the Christie Theatre enters the ranks of the houses that are appealing to the motion picture patronage of Toronto. Erected primarily for the benefit of the people in its section, for it is located on St. Clair avenue, between Christie and Wychwood, it promises to attract the people of the entire city with the class of attractions that it is to offer.

The house, which seats 900 people on one floor, is entirely fireproof in construction, and offers an unobstructed view of the screen from any portion of the house. Music will be one of the strong features, and an orchestra, under the direction of Paul H. Pilling, will render specially-arranged musical settings with all of the pictures. Samuel Fine, who is known to all theatre people will be the manager of the new house.

Adam style of architecture has been adopted for the Christie, and the simple lines are made attractive with decorative interior settings. The interior is promised to reveal one of the handsomest theatres in the city. Here old rose and gold have been adopted as the color scheme, with a beautiful butterfly ceiling with elaborate grill effects. The side walls are paneled, and tapestry effects enhance the beauty of the house.

In either side of the lobby are the ladies' retiring rooms and the gentlemen's smoking house, both of them attractively decorated and fitted with the latest conveniences, including writing-rooms and telephones. Especial attention has been paid to the seats, and the Christie management is insistent on making the claim that the new house offers the acme of comfort.

The doors will be opened this evening at 7 o'clock, and will start a half hour later. Elsie Ferguson in "A Society Exile" is the original attraction.

"The White Heather"—Alhambra.

Today, the Alhambra Theatre, Bloor and Bathurst, presents "The White Heather," a picture that will rest in memory always. The name of Maurice Tourneur makes this production stand out as of unusual merit. Especially as the scenes taken on the floor of the ocean very noteworthy. The Alhambra has won a warm spot in the hearts of motion picture fans, and will maintain its position by the class of its program. The Alhambra Quartet, the Alhambra Concert Orchestra, R. Miner, soloist, and other attractions help in this. Commencing Thursday, Irene Castle will be seen in "The Flaming Line."

"Lombardi, Ltd." at the Strand.

"Gilda, gowns and giggles galore," is a phrase which has been used to describe "Lombardi, Ltd.," the famous play by Oliver Morosco, which convinced New York, and which will be seen in a clever screen version today and all this week at the Strand Theatre. Report has it that "Lombardi, Ltd." was to have been shown on the stage of a Toronto theatre recently, but was not passed by the censors. The showing at the Strand will, therefore, be the first appearance here on either screen or stage of this play, which is one of the most talked-of comedies of recent production. Lovely scenery, models and a host of other beautiful things surround the handsome young star, Bert Lyell, in "Lombardi, Ltd.," and they wear imported costumes in the past six years, under the thousands of dollars. It is a peep behind the scenes into the dressing rooms, where beautiful mannequins put pointed at the creature holes of all who are society women.

"Lombardi, Ltd." is one of the biggest, funniest, most brilliant and lavishly decorated pictures of the year. It is shown at 11.30, 1.30, 3.30, 5.30, 7.30 and 9.30. In addition to the feature picture, there are other strong attractions, including the famous Burton Holmes travogues.

Detroit Symphony Wednesday.

Maintaining its going strong around town, Wednesday evening has been set aside by all the music lovers for the engagement of the Detroit Symphony Orchestra in Massey Hall. Almost everybody is talking about this wonderful organization and the manner in which it has come to the fore within the past six years. Under the distinguished leadership of Oesp Gabrielse a great program is to be given, and with Ilya Schkolnik, the concert master, as the soloist an evening of most delightful pleasure is anticipated. That Torontonians will not be disappointed in the future halls of all who have heard this organization. There are some splendid locations available, but the matter of securing them should not be left too late. The advance sale is proving the great popularity of the Detroit Symphony.

E. H. Sothman and Julia Marlowe. The appearance of E. H. Sothman and Julia Marlowe at the Royal Alexandra Theatre next week takes on the importance of a great event, rare in the history of Toronto theatres. Their long absence from the stage has been deplored by playgoers and critics. Their return is a welcome occurrence in the theatre of today.

"Twelfth Night" will be played on Monday and Friday nights. "Hamlet" will be seen on Tuesday and Saturday nights, and "The Taming of the Shrew" on Wednesday and Thursday nights. The following Saturday matinee curtain will rise at 8 o'clock at night and at 2 o'clock at the Saturday matinee. There will be no mid-week matinee. The sale of seats will begin at the box office of the theatre on Thursday morning.

Frances Starr in "Tiger Tiger." The most noteworthy engagement of the season in Toronto will be the appearance at the Princess for one week, beginning Monday, Dec. 1, matinee Wednesday and Saturday, of the noted Belasco artist, Frances Starr, in her latest and most distinguished success, "Tiger Tiger," written by Edward Knoblock while he was in the trenches in France. The identical original company and the same exquisite production that packed the Belasco Theatre in New York with capacity audiences throughout the entire season will be shown in Toronto, where the production will be under the personal direction of Mr. Belasco himself. Tunis E. Dean, representative for Belasco, is now in Toronto superintending the details with Manager Loudon of the Princess. Frances Starr's newest and greatest role, Sally, in "Tiger Tiger" is said to be one that will doubtless exert even wider appeal than any in which she has previously been seen.

"Dumbella" Return. The sale of seats for the special return engagement of "The Dumbella" in "Burr" and "Bliss" opens this morning at the Grand Opera House. This is the offering that has been the sensation of the season in Canadian theatres, for nothing more entertaining has been offered in years. It is a novelty, cleverly presented, and worthy of liberal patronage. It shows our boys can entertain as well as fight.

GERMAN VESSEL IN DANGEROUS PLIGHT

Barque Paul Reported in Distress About Three Hundred Miles From Halifax.

Halifax, Nov. 22.—The German four-masted barque Paul is in distress 350 miles southeast of Halifax and is asking for a tow from Halifax, but this it was understood, this morning, could not be supplied and a wireless message telling of her condition has been sent broadcast in the hope that some steamer will be able to render her assistance.

It is realized at the same time that this will be difficult because of the fact that the barque is unequipped with wireless and is therefore unable to advise as to her position.

The steamer Winnifredian fell in with the Paul and stood by for a time, but was unable to give her a tow, and has proceeded on her voyage.

The following wireless message reached the marine and fisheries department here this morning from the Winnifredian: "Latitude 49.01 north, longitude 55.12 west. Winnifredian stood by four-masted barque Paul of Hamburg showing German gunners (colors) lost fore, main and mizzen gallant masts. All sails and boats gone. Did not wish to abandon and asked for tow. Winnifredian could not tow and Paul asked that tug be sent from Halifax. Winnifredian proceeded on voyage. Barque appears to be in ballast. Standing to westward on starboard tack."

The Paul, a barque of 1988 tons, sailed from Hamburg on October 18 for Philadelphia, and has had an exceptionally eventful voyage. She was spoken on November 17 in latitude 49.29 north, longitude 22.22 west, with foremast badly damaged.

HELP SENT.

The tug Cruiser will sail this afternoon in search of the Paul. So far as is known here, the Paul is the first German vessel to appeal for assistance in the North Atlantic since the intensified submarine campaign.

RESCUED SCHOONER'S CREW.

Barbados, Nov. 23.—The British schooner Gladys Mosher, on her arrival here on Wednesday, from St. John's, Newfoundland, brought the captain and crew of five of the small British schooner John R. Bradley, sunk in a storm on November 2 while bound for Sydney for Newfoundland. The men are well.

LORD JELlicoe TALKS ON LEAGUE OF NATIONS

Calgary, Nov. 22.—A speech which was a practical answer to the action of the United States Senate in rejecting the peace treaty was made by Lord Jellicoe here last night in addressing the citizens at a civic dinner tendered him. He said in part: "It is my mission in Canada to advise the Dominion government, where my duty is sought and only where it is sought, in what manner, if they so desire it, they can co-operate in maintaining the sea power of the British Empire. There is a feeling abroad that the millennium is in sight and that there will be no more wars. I sincerely hope that the league of nations will meet with the best possible success, but events of the past few days have disheartened those who had faith in the immediate result of the formation of the league of nations. These events need not make us pessimistic as to its future possibilities. But where the existence of an empire is in the consideration, I cannot help thinking that they will absolutely secure under a league of nations before they will consent to cutting down expenditure for naval defence."

Used After the Bath

Dr. Chase's Ointment

Keeps Baby's Skin Soft and Smooth

Baby's skin troubles are generally caused by chafing and skin irritations resulting from friction of the clothing.

Baby's skin is tender, and if neglected these irritations of the skin develop into eczema. Everybody knows the suffering caused by eczema and the tendency of eczema to become chronic and spread over the body.

While Dr. Chase's Ointment cures eczema, it is always better to prevent such ailments, and this is why mothers use the ointment after baby's bath so as to prevent irritations and more serious skin troubles.

Powders clog the pores of the skin and are on that account a cause of skin irritation. Dr. Chase's Ointment, on the other hand, cleanses the pores and keeps the skin in healthful condition.

Regular size, 60 cents a box; family size, about five times as much, \$2.00. All dealers, or Edmansson, Bates & Co., Ltd., Toronto.

Admiral Jellicoe Stated that Canadian Molybdenite being used in the British navy steel almost lost us the battle of Jutland.

Molybdenite is essential to make armor plate cannon and shells the most effective and a good proof of the value of molybdenite to the governments.

Making tools capable of running at high speeds, long and without wearing away is a great advantage to Canada in her race for industrial supremacy. It means increased production with Canada's present plants. Canadian molybdenite is essential to high speed tool steel and this steel sells at a very high price.

Our Molybdenite Mill with a capacity of one hundred and fifty tons per day, is situated on our property, is a good factory. Every ton of ore that goes in means an assured return. Our country invests in running to employ Canadian men. The industrial race demands that it now be equipped with the latest oil flotation process. That would mean increased production and more than proportionately increased return for the increase in all profit and not cut into increased expense per ton.

Our ore body is rich beneath the mill on the railway. It is very wide, very deep and very rich. It starts right at the surface. The expenses are low and the income large. The molybdenite is possible to increase the amount taken out of the ore continuously.

We want to spend money changing the plant to use the latest process, so we want investors. Make your investment here, not only an income that is certain, but all the opportunities for the most profitable when developing natural resources.

Make your claim at the same time. Our returns to American Molybdenite Limited, 55 Yonge St., Toronto, when we take up the matter, asking particulars of our proposition.

GENERAL CLAIMS THAT HE HAS BROKEN LINE OF REDS SOUTH-EAST OF MOSCOW.

Stockholm, Nov. 22.—Gen. Denikine, commander of the anti-Bolshevik troops on the southern Russian front, claims to have broken thru the red lines between Oral and Tambov, south-east of Moscow, and to have annihilated 50,000 Bolsheviki troops, according to a Helmsburg despatch to the Svenska Dagblad.

Reports recently received from the southern Russian front have appeared to indicate that Gen. Denikine was being driven southward by the Bolsheviki. Gen. Denikine reached Oral about 100 miles from the front. What he encountered south of Oral was a counter-attack of such resistance that he was forced to retreat to the defensive.

Bolshevik official statements received later told of a break in the Denikine line to the southwest of Oral. Tambov is about 400 miles southeast of Moscow.

Russians Going Home. Constantinople, Nov. 22.—With the apparent waning of Bolsheviki strength and the increase in the power of Gen. Denikine, the southern Russian front has been a scene of activity. Exiled Russians are trying to re-establish their old homes, particularly in the Crimea, where the Bolsheviki did not destroy everything.

The summer palace of former Czar Nicholas at Livadia is intact, although the Russian front have appeared to indicate that Gen. Denikine was being driven southward by the Bolsheviki. Gen. Denikine reached Oral about 100 miles from the front. What he encountered south of Oral was a counter-attack of such resistance that he was forced to retreat to the defensive.
