Dr. Gardner at 7 to 1 Wins \$10,000
Excelsior Handicap at Jamaica

NEW YORK, April 25.—Dr. Gardner, with Dr. Gardner going to the front at once. On the first turn there was much crowding, and several of those running were turned about.

The \$10,000 Exoticus handicap at Jamaica-to-day in the easiest way, Glorifier, winner of the Carter Handicap, was second, and Calmington third. The distance was 1:14 miles, and, as the race was run in the morning, the track was fast and the going good. Glorifier was at 4 and closed at 7 to 1 in the betting. Glorifier had little support at 13 to 1, Calmington at 10 to 1 and 10 to 1 at post time. W. H. Carvey and

King's Daughters. The Belmont pair, Don Diego and Omerite, and J. C. Core were held at 8 to 1 thruout. The others stood at odds ranging from 20 to 50 to 1. Kentucky's representative, King's Daughter, was probably the most fancied horse in the race, but like W. H. Carey, was crowded out of the first turn and never had a chance to emerge.

Perfect weather brought out a crowd of 20,000 to witness the handicap and the five races on the card. But the favorites won—Robin Hood and Handzarra.

The fourteen starters in the Excelsior were sent off to a fairly good start.

Dymnet Horses Arrive.
The Dymnet horses arrived at the Woodbine yesterday in charge of Trainer "Longboat" Dymnet. The string included the highly-bred 2-year-old Tamarack, the yearling Simon D., the Skipper and Dutch King, the 2-year-old Monagan, Court Town and the 3-year-old Longford, now a 2-year-old. The horses have wintered grandly, and are in excellent condition. It was the lateness of the season.

HAMILTON IS STRIPPED OF THREE CRACK RUNNERS

Flannigan of I. C. C. Secures Bobbie Kerr, Dennis Bennett and George Adams.

HAMILTON, April 26.—(Special).—T. C. Flannigan, managing director of the Irish Canadian Athletic Club, Toronto, came to Hamilton this afternoon and bagged three crack runners, Bobbie Kerr, Dennis Bennett, and George Adams, who has won a couple of ten-mile events. These have enrolled as members of the club and henceforth will run under the club's colors. As the opportunity opens, positions will be found for them in Toronto and they will be taken to the Queen City. They may not be taken for a few weeks or months, but in the future when they do their running shoes it will be as representatives of the Toronto club. They are all destined to be the make good, to be as representatives of the Toronto club to the Hamilton in England next year. This year the trio will represent the club at the Irish Canadian athletic club's games in Toronto on June 29, the very championship games of Montreal and the Toronto Garrison games. Mr. Flannigan will leave Saturday morning for Hamilton to secure on a long-distance runner, who is said to be as good as a local runner as Longboat.

GR-NITE BOWLERS ORGANIZE

Decide to Join Scottish Association—Officers Elected.

With an attendance of 80 enthusiastic bowlers, the annual meeting of the Granite Club was held Thursday night, and among other business matters, it was decided unanimously to join the Scottish Bowling Association. The following officers were elected by acclamation for the ensuing season: Hon. president, R. Elmore Hawke; president, A. G. F. Lawrence; vice-president, Hugh Murray; secretary-treasurer, H. F. Flesher; committee, H. Mortimer Allen, A. Donn Parker; representatives to G. B. Messrs. Hawke and Lawrence; representatives to D. B. T. Messrs. Hargrave and Lawrence; representative to W. B. A. John Hume; representatives to Hargrave and Trophy, Messrs. Lawrence and Murray. The following skips were selected: H. M. Allen, T. O. Anderson, B. C. H. Fadench, C. Boeck, E. R. Robinson, J. R. Code, W. C. Robinson, G. F. E. E. Hawke, G. R. Hargrave, E. C. Hill, C. O. Knowles, A. G. Lawrence, J. S. Moran, R. M. Scott, R. W. Spence and H. T. Wilson.

Brampton Bowlers Organize.
BRAMPTON, April 26.—(Special).—The Brampton Bowling Club met in their cozy little clubhouse and organized for the season of 1907. There being one of the best attendance, everything looks bright for the coming season's bowling. The following officers were elected: president, G. L. Williams; vice-president, W. C. Young; secretary-treasurer, Thomas Chalmers; executive committee, Messrs. J. Manning, Dr. J. G. Roberts and E. S. Anderson; Dr. J. G. Roberts, J. E. Fenton, James Golding, S. McCandless, Dr. O. M. French, R. H. Hoox.

Rushmore Bowling Club.
The annual meeting of the Rushmore Bowling Club will be held to-night at the club rooms on Dovercourt road, at 8 o'clock. The skips and officers will be elected and other important business transacted. All members are requested to attend.

ST. MATTHEW'S TENNIS CLUB

Officers Elected at Annual Meeting—New Club House Under Way.

St. Matthew's Lawn Tennis Club at their annual meeting elected the following officers: Hon. president, John A. Evans; hon. vice-presidents, Wm. Harris George A. Morrow; president, W. P. Summerhayes; vice-presidents, C. W. Chandler, C. H. Greenacre; secretary-treasurer, H. Flesher; auditor, J. R. Lewis; executive officers and committee, Messrs. J. E. Fenton, H. Flesher, J. H. Johnson, Misses Hinchinson, Dobie and Nichol; grounds committee, Miss W. Charles, E. E. S. Summerhayes and J. E. Fenton; ladies' committee, Messrs. Johnson, Flinnay, Summerhayes, Charles and Pollock. The club is in a flourishing condition, it having been incorporated and a number of new members elected. Contracts have been let for a new club house, which is expected to be ready for occupation on Victoria Day.

Two new courts are being laid out, and the club will now have five splendid grass courts. Early application for membership is necessary, as the number is limited. Application should be made to the secretary, Mr. Pollock, 759 Gerrard East.

GALT CLUBS COMBINE.

Form an Alliance for Mutual Protection—Will Encourage Field Sports.

GALT, April 26.—(Special).—A meeting was held here at night to form an alliance of the athletic clubs in Galt. Delegates present were: Galt Cricket Club, F. D. Light; Trinity Church C. C., J. P. Jeffrey; Victoria Football Club, A. Kilgus; Galt Lacrosse and Rugby Clubs, J. P. Brady. Mr. Jeffrey was elected chairman of the alliance, and a committee consisting of the secretaries of the several athletic societies was appointed. The purposes of the alliance are for mutual protection of clubs, adjustment of all their differences, placing before the parks commission the necessities of affiliated clubs, and encouragement generally of field athletics. The members of the alliance will meet the members of the parks commission in a body on May 1.

Lambton Golf and Country Club.

In order to have a complete record of each season's play and at the same time encourage every player entering in the regular monthly handicaps to hand in his score, the committee have arranged for two special prizes, to be given after the results of the last handicap of the season are known. One will be for the player turning in the best aggregate net score for three monthly handicaps. The second will be won by the player whose choice score by holes is the lowest. It will be played at Lambton today, the full 18-hole course being open.

Royal Canadian Yacht Club.

The Royal Canadian Yacht Club will hold their annual meeting to-night at the King Edward at 8 o'clock. All members are requested to attend.

Central Harriers' Paper Chase.

The Toronto Central Harriers will have their weekly paper chase this afternoon. The run will start from the building at 3 o'clock, a large turnout of members is expected.

THE WORLD'S BASEBALL CONTEST

Can You Figure How the Toronto Baseball Club Will Stand on May 25th.
THE LOST COUPON WILL BE PRINTED MAY 5TH.

Gentleman's Coupon No. 11.

I figure that the Toronto Baseball Team's percentage in the baseball race, after the games played on Victoria Day, May 24, 1907, will be as follows:

NAME
ADDRESS
DATE
The Toronto World will give two season tickets, one for a lady and one for a gentleman, to the first person of each sex, who can figure out the Toronto Baseball Club's average as it will appear after the "double-header" is played on Victoria Day, May 24, 1907. In the event of no person figuring the exact percentage, the closest guess will be considered the winner. The games to be played by the Toronto Baseball Team at home and abroad will be as follows:
Rochester, April 24, 25, 26 and 27.
Buffalo, April 29, 30, May 1 and 2.
At Toronto—
With Rochester, May 3, 4, 6 and 7.
With Buffalo, May 8, 9, 10 and 11.
With Newark, May 13, 14 and 15.
With Jersey City, May 16, 17 and 18.
With Baltimore, May 20, 21 and 22.
With Providence, May 24 (twice).

To figure out the percentage of a baseball team in a league race, it is necessary to take the number of games won and add the number of games lost and divide the result into the number of games won.
Ladies' and gentlemen's coupons will be issued alternately in The Daily and Sunday World. Only one coupon will be accepted from any one person on any one date.
Address all coupons and communications to the Baseball Editor of The Toronto World.

STRATFORD PLAYERS HONORED

Champion Hockey Players Received Due Reward Last Night.

STRATFORD, April 26.—(Special).—The victories of Stratford hockey teams during the past season were brought conspicuously before the public again here to-night, when the citizens gathered to do honor to the boys who had brought honor to the city. Each of the seniors was presented with a handsome diamond ring, and the juniors with gold watches, besides the O. H. A. medals.
President Chown and Manager Farquharson were presented with suit cases, while the senior team presented Farquharson with a gold-headed umbrella.
A program of music was provided, after which lunch was served and a dance followed. The evening was thoroughly enjoyable, and will long remain as a green spot in the memories of those privileged to attend.

THE PRIVY COUNCIL DECISION.

Municipal ownership and operation of public utilities and services will find to-day more supporters in Toronto than ever before. Those who seek to advise the people that the true remedy for the wrongs they sustain at the hands of franchise-holding corporations is to be found in public control and private operation are sufficiently refuted by the remarkable decision of the judicial committee of the privy council, issued yesterday, in the combined suits between the city and the Street Railway Company. Toronto was led to understand that the agreement conferring the street franchise on this corporation was legally irrevocable, and that the conditions imposed for the protection of the citizens were thoroughly adequate for their protection. But just as it is easy for expert lawyers to drive a coach and four thru an act of parliament, so it is equally easy to reverse the plain English of a signed, sealed and delivered contract. This is not the first lesson the City of Toronto has received regarding the good faith of public service corporations. The provision requiring the Electric Light and Incandescent Light companies to remain separate and independent was cleverly evaded, and the city found legal remedy. In that case the judges favored the spirit for the letter of the contract—in the street railway actions the judicial committee has ignored both the spirit and the letter. So much for the niceties and technicalities of legal interpretations.

How the privy council reached their somewhat astonishing conclusion must remain a mystery until the full report of the judgment is received. Meanwhile, and during the continuance of the franchise grant, the city is placed, as regards routes, stops and extensions, at the mercy of those who ought to be its servants, but have become its masters. Wide and definite powers of control have proved futile, and for all that it appears might as well have been nonexistent. It is not plain enough that control by agreement is useless for any practical purpose, and that the sole effective remedy for all the public-service ills that afflict the municipalities of this continent is a straight public ownership and operation? This conclusion has been thoroughly learned in Great Britain. It need not be imagined that British cities and towns took up municipal ownership and operation gratuitously and temerously. They, too, suffered in precisely the same way and manner under their franchise bases. Endless worry and litigation, defective service, the impossibility of getting the franchise-holders to open up new districts, all these and many more grievances were their lot. Under private operation there is a constant conflict between private interest and the public good. Hence their resumption of their municipal services and their determination to have no more private operation of their franchises.

tract between a Canadian city and a Canadian company be subjected to the judgment of an English court. The local bench is best conversant with Canadian law and with local conditions, and is perfectly competent to deliver a satisfactory decision. In particular instance the judicial committee of the privy council has taken upon itself to reverse on two of the main points the interpretation of all the Canadian courts, and on the third has reversed the high court and court of appeal and sustained the supreme court. That it should have done this former creates a serious situation, and one imperatively calling for redress. The propriety of continuing the system of appeals to the privy council has long been questioned and will now be regarded as indefensible.

Looking to the experience of other British states and its own before confederation, the Commonwealth of Australia was well advised when it insisted that its own high court should be the ultimate court of appeal. No appeal is even permitted to the King in council from a decision of the high court upon any question as to the limits of the constitutional powers of the Commonwealth and those of any state or states, or as to the limits of any two or more of the states unless the high court certifies that the question is one which ought to be so determined. This matter of privy council appeals was the subject of sharp debate between the Australian representatives, who demanded complete judicial control, and Mr. Chamberlain, secretary of state for the colonies in 1900, who stood out for a general right of appeal. The final arrangement was a compromise. Canada should not be in any inferior position as regards the interpretation of its own statutes and contracts, and a constitutional amendment for that purpose should be an early duty of the Dominion government and parliament.

THE IRISH QUESTION.

If all called reports are true, Sir Henry Campbell-Bannerman is finding his own troubles over his Irish administration bill. The more conservative elements of his cabinet are said to have prevailed over the pronounced home rulers, who were quite prepared to sanction proposals more in accordance with the professed aims of the Irish Nationalist party. Whatever may be the truth regarding this, the British cabinet have chosen the politic path in preferring a less revolutionary measure in advance. The Irishmen will be equally prudent if they now adopt the old maxim that a half loaf is better than no bread.

very consideration of political prudence recommends acceptance of all that a sympathetic government can concede. How far Irish Unionist opinion has traveled is shown by Lord Dunraven's book on "The Outlook in Ireland." He regards the present moment as affording the most favorable outlook in the history of Ireland, whether political, industrial or social, for a strenuous effort after her regeneration. Altho' a landlord, a Protestant and a Unionist, he acknowledges that Ireland cannot be converted into so many shires of England, but must be allowed to develop her own independent life. Only thus, he thinks, can the imperial sentiment in Ireland be created and nurtured into healthy life. If a devolutionary measure is granted, Lord Dunraven holds that Ireland will work out her own salvation, and only thus, he considers, can the true solution of the Irish difficulty be found.

NORWAY'S LIQUOR SYSTEM.

Some time ago The World called attention to a long and exhaustive report issued by a commission of the Swedish temperance legislation board, appointed to enquire into the liquor licensing laws of Norway. Its chief point of interest is the description given of the system of "disinterested trading" in spirits under local control, which has now been in operation in the towns since 1871, and has been accompanied by local option since 1894. The results have been remarkable and entirely in aid of temperance sentiment, while, while present in all sections of the community, is stated to be the most powerful in its earnestness and intensity among the working classes.

The Samlag system gives power to the municipalities to grant all the retail spirit licenses which it deems necessary to a company binding itself to carry on the traffic in the interests of the community, with a fixed annual return of not more than 5 per cent. on its paid-up capital. The aims and principles of the Samlag are thus summarized in the report:

The elimination of private profit and securing the monopoly value for the public.
Ensuring highest quality of liquor sold.
The reduction of the number of licenses.
The easy enforcement of the law.
The destruction of the power of the spirit trade.
The furtherance of all progressive measures of reform.

In the application of the profits, the Norwegians profited by the experience of Sweden, where they were first applied in aid of rates, thus giving the towns a substantial interest in maintaining the traffic. In Norway they are used for non-rate-aided objects exclusively, and "the purity of Norwegian municipal life safe-guarded against one of the most insidious and deadly lines of attack." At present the allotment gives 65 per cent. of the profits to the state, and 35 per cent. to the municipalities, made up in the proportion of 15 per cent. in lieu of larger license fees; 50 per cent. in lieu of 20 per cent. for objects of public utility not chargeable on the rates, and operating as counter attractions to the public-house in towns and the surrounding districts; one-half to each. In 1904 the combined capital of the Norwegian Samlags came to \$170,000, and has never exceeded \$190,000, yet since their establishment the profits have contributed \$7,000,000 for "objects of public interest."

On the very important point of the effect of the Samlag system on the consumption of drink, the commission reported that the question was complicated by wine and beer drinking, but on the whole there has been a steady decrease in the consumption of spirits, while that of beer and wine has fluctuated with trade conditions. The statistics and diagrams accompanying the report reveal "what is perhaps the most remarkable fact in the history of Norwegian sobriety, that while the population increased about 60 per cent. during the period 1861-1905, and the imports per inhabitant by about 300 per cent., the consumption of alcohol per inhabitant decreased by about 45 per cent."

The decrease is most marked during the Samlag period, 1871-1905, when the population "increased by about 30.45 per cent.; imports per inhabitant by 130 per cent.; exports by 100 per cent.; and the consumption of alcohol decreased by about 45 per cent."

AS TO NONCONFORMISTS POSITION IS EXPLAINED

Rev. Thomas Law of London, Addresses Local Clergymen on the Present "Crisis."

An address upon the "Educational and Religious Crisis in England," by Rev. Thomas Law of London, drew a large audience of ministers to the Y.M.C.A. yesterday afternoon. Denominational axes were all left at home, and all Christian evangelical denominations held common camp.

Rev. Mr. Law is the secretary-general of the Federation of Evangelical Free Churches of England, and a witty and pleasing speaker. He described the origin, growth, object and scope of the federation in England, especially in its relation to the education question.

"Its policy," he said, "is arranged by a council of representatives, drawn from all parts of the country, and on important matters a grand council of 2000 meets to discuss policy." The federation in England aspires to be the political mouthpiece of English non-conformity, and working thru ministerial associations can produce very strong public pressure and political influence upon occasion.

Mr. Law, in reply to an indirect question, hardly concealed the fact that the federation is a left wing of the Liberal party.

The proposal that an attempt be made to elevate the stage in Toronto failed to draw a quorum of the civic legislation and reception committee yesterday, but brought forth some interesting views. What was particularly noticeable was the willingness declared by the representatives of local theatres to co-operate in the work of purification where necessary. Besides Chairman Ald. J. J. Graham, there were present Ald. Church and Bengough.

Rev. Dr. Chown thought it was generally conceded to be a necessity that the stage needed the elimination of certain features. The present law, if properly enforced, was adequate. Efforts might be made to have the license of a theatre cancelled if several complaints were made. The reading of a play in advance would be all right. Staff Inspector Archibald believed the most objectionable plays were those depicting crime. In laying a criminal charge the procedure would give the accused the right of appeal to a jury, making conviction difficult.

Managers Approve. O. B. Sheppard, manager of the Princess Theatre, said that the production of plays of demoralizing nature was looked upon with disfavor. The appointment of a censor would be a good thing. Sometimes theatrical managers were not aware of the character of productions in their own theatres, and under the system of looking ahead they were compelled to live up to their agreement, and to produce the plays, as they came long. Some of the plays of the "French school" should be stopped, but any censor appointed should be a man of broad views and not opposed to theatres on principle.

James Cowan, manager of the Grand Opera House, representing the Canadian Theatrical Managers' Association, said that successful efforts had been made to co-operate with Mr. Archibald. He didn't see why the arrangement shouldn't continue. There was a desire to eliminate the vulgar and objectionable.

Entertaining Visitors. The Great Bottle Blowers' Union requested that the city entertain the 230 delegates to the international convention in Toronto in July to a moonlight excursion.

Chairman Ald. Graham and the city engineer will decide what form the city's entertainment of the delegates of the American waterworks convention in June shall take.

Ald. Church wanted a civic address presented to Eddie Durnan, manager of the Longboat reception was complained of by Ald. Church, and it was agreed that in future the chief of police and the property commissioner should confer as to arrangements before holding any public demonstration.

tions of mankind, as in their several ways they struggle constantly toward a higher civilization, a high humanity, and they have advanced in unity only in a generous rivalry to see which can best do its allotted work in the world.

"I believe that there is a rising tide of human thought which tends toward a higher international peace; a tide which behooves us to guide thru rational channels to sane conclusions, and all of us here present can well afford to take to heart St. Paul's counsel: 'If it be possible, as such as lieth in you, live peaceably with all men.'"

Our purpose is to build up rather than to tear down. We show ourselves the truest friends of property when we make it evident that we will not tolerate the abuses of property. We are steadily bent on preserving the institution of private property, we combat every tendency toward reducing the people to economic servitude; and we care not whether the tendency is due to a single agitation directed against all property, or whether it is due to the actions of those members of the predatory classes whose anti-social power is immeasurably increased because of the very fact that they possess wealth.

Above all, we insist that while facing changed conditions and new problems, we must face them in the spirit which our forefathers showed when they founded and preserved this republic.

Judgment Granted.

The Toronto General Trusts Corporation as administrator of the estate of Edward James McCormick moved before Master in Chambers Cartwright for judgment against Peter Ryan on certain promissory notes. An admission of the indebtedness being produced judgment was granted.

Action Settled.
The action brought by Sarah E. Owens and the heirs of James Branton against Alfred James Branton, administrator of Branton's estate, has now on consent been dismissed without costs. The trouble arose over the construction of the will.

Petition Fails.
Judge Riddell has given judgment in the application of one Armour to set aside the local option bylaw of the Township of Onondaga. His lordship decides that the petition fails on all grounds, and must be dismissed with costs.

The Stock or Damages.
Smiley and Stanley of Toronto have begun an action against D. G. Lorsch & Co. claiming damages for non delivery of certain shares of stock.

Promissory Notes.
The Gold Medal Furniture Co. have issued a writ against W. F. Slack claiming \$484.91 on certain promissory notes.

To Foil the Railway Company.
Isabella McKay obtained a judgment against the Toronto Street Railway for \$2500 for the death of William McKay, her husband, at the King street crossing of the G.T.R. tracks in November, 1904. McKay was the motorman of the car that was run into by the G.T.R. train. The case was taken to the court of appeal and a final order. An appeal from that court to the supreme court has been quashed. The railway company are now wanting to go to the privy council.

Not a drop of Alcohol

Doctors prescribe very little, if any, alcohol these days. They prefer strong tonics and alteratives. This is all in keeping with modern medical science. It explains why Ayer's Sarsaparilla is now made entirely free from alcohol. Ask your doctor. We have no secret. We publish it. G. C. Ayer & Co., Lowell, Mass.

HARNESS HORSE NOTES.

Doings at the Dufferin Track—Matinee To-Day.

J. E. Hunter worked the pacing mare Nettie Star a mile yesterday at the Dufferin track in 2:22 1/4 with the last half in 1:14. Certainly fast moving for so early in the year.

Dr. Archer of Port Perry was also at the track yesterday inspecting his string of horses. He is very sweet on his mare, Minnie A., and expects to win some races with her this year.

Dick McEadie, the Stratford horseman, recently bought of John Hunter, Lislewood, four year old trotter by Dr. John.

Entries for to-day's mainline:
Class A—Bertha Burs, 2:09 1/2 (Geo. McPherson); Glipsy Girl, 2:17 1/4 (Wm. McDowell); Smutt (Jack Montgomery).

Class B—Cora Mae (R. Patterson); Scamp (J. O'Halloran); Holland Boy (J. Martin); Nettie Star (Wm. Hunter); Johnny Mac (Wm. Swartz); Marie (Dr. Archer).

Class C—Highland Fling (Pat McCarthy); Barrett (Geo. Russell); Racer (John Russell); Lochinvar (Dr. Parke); Eagle Point (Geo. McPherson); Little Mona (J. Robinson); Wallace W. (Wm. Swartz); Jack Noble's entry; Western Boy (W. Bailey); Brian Burs (Angus Kerr).

Class D—Baron Powers (Frank Roberts); Rhinoceros (Wm. Swartz); Easter Wilkes (Wm. Westcott); Alpha (J. Holden); Big Sandy (J. Davis); Bourbon Boy (W. Hesselewood); May, Twain (James Coulter); Easy Laura (John Kenyon); Uncle Sam (J. H. Lock).

The officials for the meeting will be as follows: Judges—Wm. McCleary, H. B. Clarke and George Bicknell; Timers—Geo. H. Brown, George May, Starter—George Beddingfield.

Roy Brown, the well-known Brantford lacrosse and hockey player, is also a horseman of note. He owns the pacer Easter Sunday, 2:19 1/4, and will race him on the Canadian circuit.

Abe Johnson is training Easter Sunday at Brantford and will do the training behind him this year.

The free-for-all race or Class A, as it is called, at the Dufferin track to-day, promises to be one of the most interesting in the old time series.

The course Glipsy Girl, 2:17 1/4; Bertha Burs, 2:09 1/2, and Smutt, are sure starters; and it is just possible that the good mare Minnie A., 2:29 1/4, may

be a contender.

John Hunter, the well-known Brantford lacrosse and hockey player, is also a horseman of note. He owns the pacer Easter Sunday, 2:19 1/4, and will race him on the Canadian circuit.

CANADA FREE FROM BURDEN OF MILITARISM

Premier Bond Speaks on Fisheries Question—Botha Given Ovation.

(Canadian Associated Press Cable.) LONDON, April 26.—A great banquet was given the colonial premiers at the National Liberal Club, at which Mr. Carrington presided.

Sir Henry Campbell-Bannerman, Premier, Laurier, Bond, Ward and Botha were present. Sir Henry Campbell-Bannerman proposed the toast, "Our Guests," in a felicitous speech, remarking that they had come to advance ideas which were not in all particulars to be identified with the Liberal party, but there was no antagonism on that account, and nothing but mutual forbearance and good feeling.

He ventured to say that the conference would bring about a great result, if not in the direction of any specific proposal, at least in developing, strengthening and securing the great commonwealth of states to which all belonged.

Mr. Laurier made a graceful response and praised his remarks by stating that he found in England far more than in Canada, an atmosphere full of the word "empire." Proceeding he differentiated the British empire from those that were not, and a living mother to living nations, and the motto "Empire" should be imperial unity with liberty.

Referring to the difference of economic conditions in the old colonies and the colonies, he instanced the burden of militarism which all peoples of Europe labored under, and thanked heaven that Canada was free from that burden. The forthcoming celebration of a century of peace between Canada and the United States would be an example to the world.

Canada's chief item of expenditure was in the direction of the creation and development of routes for commerce. She had a complete railway system to build to the Georgian Bay Canal.

Premier Bond said he represented a "land of historic misfortune" and "bad government." It would be an insult to the intelligence of those present were he to pretend that his government and the home government were at odds on the fisheries question. He did not deny the rights of the United States fishermen under the treaty of 1818, but simply contended that in the exercise of those rights they were subject to the laws of Newfoundland, which were the laws of the empire, and that it was not of which the honor of the empire was as much concerned as the honor of the colony. All he asked was that the laws of the legislature of Newfoundland should be as binding upon those who exercised privileges under the treaty as they were upon subjects of the King. That was the issue which the Canadian government was fighting for, and he felt he had sympathy of every man who had carefully studied the question.

Premier Botha advocated a speedier steamship service between the colonies and the mother country, and a reduction of cable rates.

Premier Botha, who was given an overwhelming reception, with evident delight repeated his remarks at Johannesburg during the election: "Let us clear hands over the graves of the brave men who fell; let two peoples together."

An atmosphere of genial satisfaction pervaded the head office of the Toronto Street Railway Company's office when The World called there in the afternoon.

Manager Fleming was in a jubilant frame of mind.

"We seem to have won a great victory," The World remarked.

"No, Sir, it is the people who have won out," was the quick rejoinder.

"Possibly," The World said, "and we have been standing in with them."

"It will not make any difference in the general policy of the company," he said.

"If we win, we may have our hands free to take such steps as shall be to the advantage of the traveling public."

"We expect shortly to begin to build the line down Bay-street, for which we have been attempting to wrest permission from the corporation for the last two years."

Grant "Rotten With Graft"

Robitaille (Ind. Lib.) Comes Out Strongly in Opposition to the Gift of \$8,000,000 to Quebec Bridge Co.

OTTAWA, April 26.—(Special.)—The house wasted the day in debate. Mr. Robitaille (Independent Liberal, Quebec) denounced the act to give \$8,000,000 to the Quebec Bridge Company. It was a shocking fraud and steal.

Mr. Fielding and Mr. Foster followed, and Dr. Sproule keenly analyzed the resolutions at Quebec.

Mr. Fielding admitted that \$700,000 could not be accounted for, but promised more careful supervision hereafter. This did not satisfy Mr. Robitaille, who insisted that the whole scheme was rotten with graft.

Mr. Robitaille with considerable heat, but Mr. Robitaille urged the government to be careful about giving away this \$8,000,000 to the men at Quebec, who had only contributed \$500,000.

In the senate to-night, there was an unpleasant encounter.

Senator McMillen, in reply to Senator Ferguson's remarks on the provincial subsidies, twitted him with having circulated in Prince Edward Island.

he defeated for the commons, and dared him to test public feeling again. He added that Senator Ferguson had not been in the province for a long time, and over which he had presided in Prince Edward Island there had been a mysterious disappearance, which had never been accounted for.

Senator Ferguson: That is a slanderous and libelous statement, and I demand that the words be taken down.

Senator McMillen said he had made no statement reflecting on Senator Ferguson, who continued to demand that the words be taken down.

Mr. Speaker said that the expression of Senator McMillen, as far as he had proceeded before being interrupted, seemed to contain an insinuation that an insinuation had been made, I withdraw it.

Senator Ferguson said nearly all Senator McMillen's statements were inaccurate. One inaccuracy was that he had resigned from the senate and had been defeated in a contest in Prince Edward Island.

He promised to have Senator McMillen's remarks on the provincial subsidies, twitted him with having circulated in Prince Edward Island.

Others at \$30 and \$35.

That the "Semi-ready" system of tailoring must ultimately prevail, just as the manufacture of the finest boots have vanquished the old custom-made boot, is the universal belief of the many who have watched the splendid growth of the idea.

The one difficulty which Semi-ready tailoring had to surmount was that of conveying in words the exact meaning of the many innovations and improvements introduced under the one name, "Semi-ready."

This difficulty was offset by the enthusiasm of all who bought Semi-ready garments and told their friends about the Physique Type System, based on height and weight measurements, and meeting every variation caused by environments or physical temperament.

FIFTH WARD CONSERVATIVES

Annual Reunion in St. Andrew's Hall—
Smoke, Speech and Song.

Fifth Ward Conservatives did not show as much interest as usual in the annual reunion of their association, which was held in St. Andrew's Hall last evening. The only city member present was E. B. Oster, the Hon. Dr. Fyne wrote that he could get thru with another engagement he would be delighted to take part in the function. Letters of regret were also sent by Hon. George E. Foster, M.P., Edmund Bristol, M.P., A. E. Kemp, M.P., A. Claude Macdonell, M.P., W. K. McNaught, M.L.A., Hon. J. J. Foy, M.L.A., and E. W. Owens, president of Third Ward Association. President John Tyrer occupied the chair, and besides Mr. Oster there were on the platform: Mayor Coatsworth, Controller Hubbard, Ald. Geary, Ald. Keeler, Ald. Whytock, Ald. McGhie, Matthew Parkinson, ex-Ald. John Dunn, Dr. Spence, president, Sixth Ward Association, and Post Sabine. The audience was supplied with clay pipes and tobacco and most of those present put away comfortably during the speaking. The addresses were of course largely political and the word organization was frequently heard. Mr. Oster gave a vivid picture of the corrupt condition of Liberal politics in the Dominion. Mayor Coatsworth, Controller Hubbard and the aldermen present were feeling in anything but good humor owing to the city's ill-luck in its omnibus case. Much of the credit for the success of the reunion was due to the committee which was appointed to look after the program and which was composed of Ald. Whytock, Ald. Keeler, John Tyrer, R. Dunlop, William Kerr, James Paul, J. Brennan and James Robinson.

South American Nervine

begins at the beginning to prevent and eradicate disease—it acts on the nerves that control the vital organs of the body, gives strength to the whole nervous system, fills the blood with that richness and purity that is so essential to health—because, remember this, that when these nerves become weakened and exhausted it means indigestion, torpid liver, stagnant kidneys, the heart flutters and becomes irregular and weak, the lungs fail to have the nourishment and weaken, and the climax, naturally enough, is debility—and the next stage may be consumption. All such dire consequences may be saved by the wonderful potency of South American Nervine.

MARRIAGE INVALIDATION BILL IS FINALLY KILLED

Mr. Borden Condemns Government for Extravagance and Corruption.

OTTAWA, April 26.—Messrs. La Verge of Montmagny, Devlin of Nicolet, Martin of St. Mary's, and Devlin of Wright put up a strong opposition during the third reading of the bill to authorize the invalidation of certain marriages of minors. They took the ground that it would be objectionable to Catholics, who were opposed as a matter of conscience to divorce in any shape. Moreover, the bill had been hastily introduced, and little opportunity given for its consideration.

Mr. Devlin of Nicolet made a somewhat vigorous protest against the bill moving on, and moving on, the committee rise, which would have the effect of setting aside the legislation this session. Mr. LaVerge of Montmagny supported Mr. Devlin's views.

Mr. Brodeur and Dr. Reid, Conservatives, opposed the bill, the latter thinking it unfair of the Ontario Government to ask its passage at this stage. He said it was an outrage for the federal government to present it.

The motion that the committee rise then carried, the bill thus being killed.

On motion to go into supply, Mr. Borden moved a strong resolution, condemning the government for its extravagance, and generally for the increased expenditures, equivalent to \$22 net head of population, or \$110 for every family of five persons.

Division took place shortly after 1 o'clock, when Borden's amendment was defeated by 91 to 43, a straight party vote.

SAYS HE STOLE DAUGHTER.

But She's in Montreal While He is in Trouble.

After being charged jointly with Isadore Cohen, 21 Armory-street, with disorderly conduct in that the twain engaged in fistfights, Mrs. Sarah Shapiro, 39 Elizabeth-street, laid a charge of abduction against her fellow sufferer, alleging the abduction of her 15-year-old daughter Fanny.

Later Detective Twigg discovered that Fanny had been in Montreal Wednesday night, and Isadore was to have followed yesterday. Fanny will be brought back.

WOMAN'S TRIALS

Can be Banished by the Rich Red Blood Dr. Williams' Pink Pills Actually Make.

The health and happiness of growing girls and women of mature years depends upon the blood supply. There is a crisis in the life of every woman when there are distressing headaches and backaches, when life seems a burden, and when some woman seems to be losing the life of her youth. It is at this period that Dr. Williams' Pink Pills prove a blessing to women. They restore the richness and redness of the blood supply, and this new blood strengthens the organs, enables them to throw off diseases and banish the distressing headaches and backaches and secret pains, that have made life a burden. There are thousands and thousands of these sick and ailing women who owe their health and happiness to Dr. Williams' Pink Pills. Mrs. James McDonald of Sugar Camp, Ont., in one of these. "I was badly run down, felt very weak and had no appetite. I suffered from headaches and backaches and a general weakness. I could scarcely drag myself about, and felt that my condition was growing worse. I decided to try Dr. Williams' Pink Pills, and got a dozen boxes, but before they were all used I had fully regained my health and was able to do my household duties. Dr. Williams' Pink Pills have been a great blessing to me."

You can get Dr. Williams' Pink Pills for Pale People from any drug dealer, or by mail from The Dr. Williams' Medicine Co., Brockville, Ont., at 50 cents a box, or six boxes for \$2.50. If you are weak or ailing, give these pills a fair trial; they will not disappoint you.

London Too Warm Politically for Damage Trial to Be Heard.

At Osgoode Hall yesterday, application was made on behalf of J. P. Moore, former secretary of the London Conservative Association, who is being sued for libel by J. P. Lewis, asking that this trial take place at Woodstock, instead of London.

It is alleged that Moore wrote a letter to Clanton, where Lewis' brother was trying to secure a hotel license, saying among other things, about the Lewis family, that they were notorious in elections. Lewis wants \$10,000 damages.

Belated Coal Vessels.

Five coal schooners, aggregating cargoes of 30,000 tons of soft coal, are delayed by head winds and rough weather from reaching Toronto, from Oswego, Fairhaven and other United States lake ports. The names of the belated vessels are: Winnipeg, St. Joseph, St. Louis, Augusta and the John Dunn. The tug Emmerson is towing the Winnipeg and Augusta.

The steamer Belleville goes into commission on Monday and will leave for Hamilton on Tuesday at 6.30 p.m. and every week following during the season. The Belleville will leave Toronto for Montreal, calling at all way ports. The officers for the season are: Captain J. P. Stephenson, first mate, C. Hart, engineer, W. Parker, purser, T. Mathew, steward, H. Marcell.

By the middle of May the Toronto Ferry Co. will have ten passenger ferry steamers to cater to the island trade. These will be the Bluebell, Primrose, Mayflower, Shamrock, Isle of Queen, Kathleen, Clark Bros., Ada Alice, Luelia, and John Hanlan. An additional steamer, the Blie, will be used exclusively for the conveyance of freight.

Canada-Cuba Land and Fruit Company

CONSIDER THESE FEW FACTS:

A TEN-ACRE GROVE of Orange and Grape Fruit Trees will yield a profit, the fourth year, of over \$1.00 per box or \$500.00 at the lowest estimate. When the grove comes into full bearing it will pay from \$2,700 to \$5,000 a year for life.

A very small capital will provide this absolute and certain income. Groves purchased from this company will be cared for by us, cleaned and planted in Oranges or Grape Fruit, and in four years, time your income is assured for life.

MANY OBJECTIONS TO NEW POSTAL ARRANGEMENTS

La Presse Says They Are Against Interests of Country—Montreal Star Raises Its Price.

MONTREAL, Que., April 26.—(Special.)

La Presse, discussing the new postal arrangements this evening, says that there are seven objections to them.

First, the new postal arrangements are against the best interests of the country.

Second, they are a serious blow at the propagation of the conservation of French traditions in America.

Third, they will not prevent newspapers and reviews from the United States from entering Canada.

Fourth, they impose an enormous tax upon Canadian newspapers, irrespective of party, language or religion.

Fifth, they will be the cause of the postoffice department losing a considerable revenue.

Sixth, they will not prevent the evils which their authors hoped to abolish.

Seventh, from a general point of view, they constitute a general administrative error.

Rumor has it that the proposed changes will entail a loss on La Presse of \$100,000, supposing their price of three dollars per annum is retained, and they have already declared their intention of adhering to the old price.

On the other hand, The Star announces this evening that, in future, the subscription price to The Star in the States will be \$9.75.

Bad Eyes of the Savage.

We explain our own weak eyes as a result of civilized habits, and Tennyson, in "Locksley Hall," wishes his children bred in some savage land, "not with blinded eyesight poring over miserable books." But, says The Hospital, savage life seems more injurious to the organs of vision than even the type of a cheap edition; for the most vigorous barbarians often suffer more from ophthalmia than from any other disease; without knowing the alphabet, they have worse eyes than if they were professors, and have not even the melancholy consolation of spectacles. Most formidable of the absence of all recuperative power in the savage who rejects civilization. No effort of will improves his condition; he sees his race dying out, and he can only drink and forget it.

But the civilized man has an immense capacity for self-stimulation; he makes mistakes and correct them, sin and repent, sink and rise. Instinct can only prevent; science can cure in one generation and prevent in the next.

KIDNEY DISEASE COMES ON QUIETLY

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some form of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may have been backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as, brick dust deposit in the urine, highly colored, scanty or cloudy urine, bladder pains, frequent or suppressed urination, burning sensation when urinating, etc.

Do not neglect any of these symptoms, for, if neglected they will eventually lead to Bright's Disease, Dropsy and Diabetes.

On the first sign of anything wrong

Doan's Kidney Pills

They go to the seat of trouble, strengthen the kidneys and help them to filter the blood properly and flush out all the impurities which cause kidney trouble. Mr. Thomas Petty, Massey, Ont., writes: "After I arrived in Canada from New Zealand a couple of years ago, I suffered very much from kidney trouble. I tried several remedies, but they did me no good. Finally my back began to ache so I bought Doan's Kidney Pills and after taking them I felt like a new man."

GENUINE PUBLIC UTILITY.

Goldwin Smith in Weekly Sun: While a highly speculative playboy is going on at Westminster, an actual danger of the most serious kind threatens us here. It seems intolerable that the country, or any part of it, should be left any longer exposed, as it is now, to a coal famine, as the consequence of a strike. Here is a genuine case of public utility, and not only of public utility, but of public life or death. Not much apparently is to be hoped from the operation of the act for the prevention of strikes. The wording of the act appears open to easy evasion: It seems already to have been evaded; and if it were possible to prevent them from scampering, it as they have been doing in New Zealand. The government ought surely to lose no time in assuming control over

FREE TO MEN

Until Robust Health, Strength and Vigor Is Regained.

Perfect Mashood. The man of courage, of strong heart, firm nerves, good health, self-confidence and undiminished energy. The embodiment of success, power, and every walk of life, respected and esteemed by all. Such is the manly man.

For forty years I have been making strong, vigorous men out of the puniest weaklings. A man comes to me weak, nervous, despondent and discouraged; with Draining, Losses, Impotency, Varicocele, Rheumatism, Lame Back, Kidney or Stomach Trouble. I give him my world-famous Dr. Sanden Electric Belt, with suspensory, absolutely free, to use for two months. Mind you, not one penny in advance or on deposit. A few nights' use convinces him that he has found the right remedy. It fills him with new life, joy, vigor, and strength, and at the end of the time he is only too glad to pay me for the Belt and to recommend it to his friends.

This is the way I cure men. This is the way thousands every year regain their lost strength, without the slightest risk to themselves, for if I fail it costs you nothing whatever. You pay me only when cured, and in many cases the cost is only \$5.00; or, if you want to pay cash, full wholesale discount.

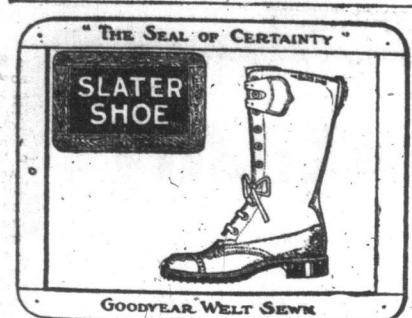

My great success has brought forth many imitations of my Belt, but my great knowledge, gained by forty years' experience, to guide and advise my patients, is mine alone, and is given freely with the Belt. Be sure you get the genuine. Call to-day and take a Belt along. Or send for one and my two books on Electricity and its medical uses, which I send free, sealed, by mail.

SPEECH OF NEW GOVERNOR ENCOURAGES A STRIKE

Coal Carriers Organize and Result is Serious Riots on St. Lucia Island.

NEW YORK, April 26.—A despatch from Castries, Island of St. Lucia, says:

The speech of the new British governor, having been construed as encouraging to the aspirations of the workmen, the coal carriers organized an agitation for a big advance in wages and struck work. They intimidated all who were willing to work and were joined by the rabble. All coaling was stopped. There is now only a small police force, inadequate to suppress disorder or to protect property. Being pressed by the rioters they fired on the crowd and wounded four persons. The police and special officers were confined to their barracks, and the town was left in the hands of the mob. Several shops were wrecked, the market was looted, and several persons were beaten. The general public was not molested.

The coal carriers formulated their demands, and the marchers were compelled to yield. The advance in wages is considered ruinous, but work has been resumed. Castries is now quiet. "News of the burning and wounding of sugar estates is now coming," the country. Armed police are preventing rioters coming into the town.

AS THE TORONTO "EVENING NEWS" SEES IT

It Speaks Editorially of The Physicians' Duty in Matter of Curb-ing the Progress of the White Plague.

The Toronto News, in its issue of yesterday said editorially: "Complaint is made that the average medical practitioner of this Province is not doing what he might towards stamping out the white plague. Through carelessness or something worse, he fails to diagnose the cases of incipient tuberculosis which come before him in the course of his general practice. Seventy-five per cent. of all consumptives in the early stages of the disease can be cured, while only 15 per cent. of moderately advanced cases and only one per cent. of far advanced cases are found to respond to treatment." Dr. William Osler insists that it is their duty to be constantly on the alert to detect the first appearance of the disease in their patients. We think also that compulsory notification should be made the law in connection with tuberculosis, just as it is now in regard to other contagious diseases. Every case of consumption existing in a family or community may be a source of infection. This is all on the right lines as far as it goes, but The News should carry its educational campaign further. The News is fully aware of the fact that while the average medical practitioner is neglecting his duty or unable to cope with this disease there is a remedy called Psychine that is curing thousands and tens of thousands of cases of tuberculosis in all stages of advancement. It is claimed for it that it is doing more than all the Boards of Health and sanatoria combined in the Dominion of Canada. Certainly many very remarkable cures have recently been reported for which Psychine gets the credit. (Mr. T. G. Iron of Little Britain, Ontario, in a recent letter to Dr. T. A. Slocum, Limited, 179 King-street west, says: "Please forward literature and sample of Psychine to Mrs. Helen Webster, as she has a daughter in consumption. I have mentioned Psychine to them, and soon of my introduction. The child is now recuperated inside the last 18 years, of which I have personal knowledge.") This remedy cures consumption of tuberculosis at all its earlier stages, and often the advanced stages yield to its curative power. It also cures all stubborn coughs, colds, bronchitis, catarrh, pneumonia, chills, night sweats, wasting diseases, and all other conditions which are the forerunners of consumption. It is a perfect germ destroyer and rapidly builds up the system. To be had, at all druggists, 50c and \$1.00, or Dr. T. A. Slocum, Limited, 179 King-street west, Toronto.

22 PUBLIC 22 AMUSEMENTS

A bill full of novelty will be seen at Shea's Theatre next week. The headline act is William Gillette's melodrama "The Red Owl." One of the best companies ever seen in vaudeville has been selected by Mr. Gillette for the presentation of his one-act play. It includes Beryl Hope, who spent one summer here a few seasons ago at the head of a successful stock company. "The Red Owl" has been called a tabloid melodrama and has been a sensation wherever it has been presented. Mr. Gillette is at the head of authors, actors and in "The Red Owl" he has some sensational situations. With Miss Hope will be seen Sam Hardy, Frederick Montague, Edward Gillespie and Guy F. Bragdon.

The Great Gilsorette Troupe is an extra attraction. These are sensational European acrobats. The six men are wonderfully trained. Howard and North will be given a big welcome. Their well-known talk, "Those Were Happy Days," between the rube and the city boy, is one of the popular acts. Franz Eberts & Co. are playing the Little comedy, "Dan Cupid." Eberts is one of the funniest and cleverest Lilliputians and in the title role, "Dan Cupid," keeps his audience amused. The musical Avolons are xylophone experts. Eleanor Dorrell is a newcomer and her songs will make her a welcome addition. Scott and Wilson, the acrobatic comedians, are old favorites. The bill will close with the kinograph showing a full line of new pictures.

"For a Human Life," the new melodrama offering at the Majestic Theatre next week, is said to go far "and the mark set by productions of this class as the story is an intensely interesting one and the production of the massive one in scenic detail. The play deals with the adventures of the daughters of a millionaire mine owner, whose affianced husband has been convicted

MAUDE SHERIDAN

With "For a Human Life"—Majestic. On circumstantial evidence of a crime and sentenced to death. In her efforts to prove his innocence she is beset by numerous dangers, but she finally accomplishes her mission, and virtue triumphs as usual in all good melodramas. During the week a matinee will be given every day.

At the Princess Theatre, beginning Monday evening, the ensuing week will be given over to the production of two plays, both farces, from the pen of C. Carton. The first to be given will be the jolly "Mr. Hopkinson," which won such praise some two or three months ago. This delightful farce will be presented on Monday, Tuesday, Wednesday evening and at the Wednesday matinee. On Thursday, Friday and Saturday evenings and at the Saturday matinee a new farce called "Public Opinion," which has already enjoyed a great share of popularity in London, will be given in Toronto for the first time. Its story shows there is a breach of promise action happening. All sorts of gentlemen of high position ask upon a blundering solicitor to ask for help in getting back compromising letters from an elegant actress. There is Lord Percy Kilgour, a younger son, the judge who is trying the case, his brother, an eminent physician, and last, but not least, the solicitor himself, like the others, turns out in the past to have committed to the post addresses to the same lady.

Novelty was the keynote of Norman Lee Swanton when he produced "The Arrival of Kitty," which is to be seen at the Grand next week, presented with an excellent cast, new scenes, costumes and effects and in the same manner that characterized its success last season. "Kitty" contains music that is tuneful, dialog that is bright and situations that are excruciatingly funny. The ingenuity and treatment of the plot have compelled the theatregoing

son. The concert is under the patronage of his excellency the governor-general and his honor the lieutenant-governor. The assisting artists will be: Madame Le Grand Reed, Canada's great prima donna, and Mr. J. D. A. Trapp, the well-known pianist. The plan opened at Nordheimer's this morning.

"The Importance of Being Earnest," an amusing comedy satire on the follies of English society, together with the "Rollad-Monger," a beautiful one-act romance of French history, will be produced at the Princess Theatre as one of the attractions

Every Merchant, Wholesale or Retail, must be interested in the Copeland-Chatterton Perpetual Systems for Business. Broadly speaking, they reduce the labor of accounting—cut the time occupied in the work fairly in half, and by systematizing the handling of accounts thereby facilitate the steady movement of the details of the business. which has proven since its initial performance one of the leading burlesque and vaudeville organizations on the road.

The management has spared no expense in securing the best talent, the most fertile material for the amusement of the public, and the most gorgeous costumes, scenery and electrical effects. The burlesque this season is styled "Roseland," and is an up-to-date musical conception, filled with laughable situations, funny lines and bright, tuneful music.

The phenomenal success in Europe of Lasky, Rolfe & Co.'s production, "The Stunner Grenadiers," has seldom been equaled. This is the first production that has ever been made in Europe with a European cast by an American vaudeville producing firm. The costumes and scenery were executed by the leading artists of London and Paris. This new production will be presented

The appearance of Miss Birdie Luttrell at Association Hall Tuesday evening next, April 30, promises to be one of the musical events of the season.

Henry B. Harris

The Pinero play, "His House in Order," which opens at the Princess Theatre on May 6, is said to be the greatest thing the author of "The Second Mrs. Tanqueray" has ever done. The role of the ex-donator, Hilary Jessour, who takes sides with the persecuted young wife, in her conflict with her husband's relatives, gives Henry B. Harris full scope for his polished comedy powers.

The Conservatory School of Expression announces a recital of Shakespeare's "Julius Caesar," as a dramatic monolog, by Mr. F. H. Kirkpatrick, Ph.D., the principal of the school, on Tuesday evening, in the Music Hall of the Conservatory of Music. The same arrangement of the drama will be presented as that used by Mr. Kirkpatrick when he read recently before the English section of the Ontario Educational Association. The assisting artists will be: Miss Mary Caldwell, pianist, and Henry J. Lautz, tenor, of the Conservatory of Music faculty. Invitations may be secured at the office of the Conservatory of Music.

APPLY CARNEGIE FUND TO LOCAL PROFESSORS

Memorandum Explaining Conditions Under Which Toronto Faculty Labor is Sent Trustees.

Dr. Maurice Hutton, acting president of Toronto University, has submitted a memorandum to the trustees of the Carnegie foundation fund regarding retirement allowances for the advancement of teaching, expressing the hope that the trustees will include this university among beneficiaries of the fund. Another sentence of the memorandum calls attention to the "utter inadequacy of provisions for retirement in the University of Toronto."

The memorandum states that the obligations of the state towards pensions do not appear to have any appreciable recognition in this country. In the earlier history of the University of Toronto, retiring annuities were occasionally granted, but in 1891 the authorities decided against the continuance of such a system. The substituted "retirement fund," Dr. Hutton says, is nothing more than a device for saving by deducting a certain sum monthly from the salaries of the members of the faculty, which "increases with the salary according to a fixed scale. This compulsory saving system, according to the memorandum, involves a forfeiture of their own money on the part of the faculty, and they have not sufficient surplus to insure their lives, nor have they been able to purchase homes for themselves.

The amounts of the retirement funds for members of the staff now approaching the age for retirement would purchase for them annuities of but \$500 or \$600.

CONCESSION TO INDEPENDENT

Standard Oil Loses Exclusive Rate to Western Coast.

CLEVELAND, Ohio, April 26.—The railroads have made a big concession to the independent oil men. The independents will no longer have to pay \$105 for the return of an empty tank from the Pacific coast to a refinery at the Missouri River. The rate that it is said has been a big factor in the success of the Standard Oil Company, is withdrawn.

The readjustment of rates means that the Standard Oil Company loses an exclusive rate of 78 1/2 cents a hundred for the central freight and trunk line association territories to the western coast.

FRATERNAL ASS'N OFFICERS.

Thomas Millman Elected President for the Ensuing Year.

At yesterday's session of the Canadian Fraternal Association Past President Dr. C. B. Emory was presented with a gold-headed cane.

The officers for the ensuing year were installed by John C. Patterson, K.C., as follows: President, Thomas Millman, M.D., Toronto; vice-president, E. T. Esery, London; secretary-treasurer, William F. Monaghan, Hamilton; councillor, Lyman Lee, Hamilton; representative, Dr. John Ferguson, Toronto; chairman of medical section, Dr. E. Ryan, Kingston.

Verdict for \$113,965.

WELLAND, April 25.—Judge Wells has given judgment directing that the Provincial Natural Gas Co. shall pay to Carroll Bros. \$113,965 for breach of contract for supplying gas. Carroll Bros. sold their natural gas pipe lines to the Erie County Gas Company, which sold to the Provincial Natural Gas Company, and claimed that the company was under agreement to supply them with gas. The defendants will appeal.

Feathers His Fate.

John Barry was yesterday before Magistrate Denison on a charge of stealing 15 chickens from John White, 489 East Front-street. He has been up before for visiting chicken coops, but was getting along very nicely, explaining how he got the fowl, when Nora Rooney appeared and charged him with stealing five feather pillows. Barry was remanded until Tuesday.

Bread's Food Value, without Bread's Bulk—this Lager.

Regal Lager provides all the nutriment bread contains; and the body gets the good out of it with less digestive effort. Regal Lager yields its feeding-power to the system readily, quickly; its proteids, its hydrocarbons, are soluble and assimilable; but the stomach and the intestines must work for long before they can get the same amount of good out of the bread.

So a glass of Regal Lager helps the whole body more than a loaf of good bread,—enriches the blood, tones the digestive system, nourishes the muscular tissues.

Amber-yellow, sparkling, light, wholesome and zesty, brewed by the Old German process from barley, hops, yeast and water, in the most sanitary of Canadian breweries, this pure, matured beer deserves place with your household as a table beverage that will help the health of every grown adult.

There is no finer beer brewed than the Regal Lager. Your dealer can supply it in bottles (only).

HOPE FOR READJUSTMENT OF THE MODUS VIVENDI

Conference of Premier Bond and
Lord Elgin May Lead to an
Arrangement.

ST. JOHN'S, Nfld., April 26.—The
colonial government officials here say
that Sir Robert Bond's conference in
London Wednesday with Lord Elgin
regarding the American fisheries ques-
tion was only the first of a series of
discussions, which it is hoped will re-
sult in the adjustment of the entire
matter.

Premier Bond is in telegraphic com-
munication with the ministers, who will
consider whatever proposals are made
to him, and suggest such amendments
as seem desirable.

The officials here expect that the ne-
gotiations will be protracted, and that
a solution of the question will be dif-
ficult on account of the firm stand taken
by Newfoundland and the contrary
attitude of the British cabinet towards
the United States.

CLAIM AND COUNTER CLAIM.

Suits in Which the Dominion Chair
Company Are Involved.

The dispute over the Dominion Chair
Company's management, being heard
before Chief Justice Falconbridge in the
non-jury assizes, in which T. N. Clark,
late manager of the company, is bring-
ing suit against the company for \$28,000
for moneys due him as per agreement
made by the president, Dr. Beattie
Nesbitt, was not concluded yesterday.
Dr. Beattie Nesbitt was the chief wit-
ness. He told of sundry trips made by
T. N. Clark, which were charged to ex-
penses, but which were not on business
for the company.

Witness said that all the time Clark
was manager there were financial dif-
ficulties. Already \$70,000 had been
spent on the plant at Gravenhurst, and
at present the concern was indebted to
the bank for \$28,000.

George H. Watson, K. C., is appear-
ing for Clark.

Against Clark's claim on Dr. Nesbitt
for \$28,000, the latter counter-claims
for \$20,000. Clark was too fond of au-
tomobiles instead of paying attention
to business is the argument put up by
the registrar. When the concern was
under other management, the doctor
said that he learned that Clark got
more money than he was entitled to.
Clark is the owner of the Hub-
bard Dental Company, said the witness,
holding about \$50,000 in stock. The
company was incorporated with Claude
Macdonell, W. Boland, Mrs. Nesbitt and
himself as shareholders. Messrs. Mac-
donell and Boland had only one share
each.

"You're the manager of the busi-
ness!"

"I have the whole control of the busi-
ness."

The Dominion Chair and Cabinet
Company was incorporated with a capi-
tal of \$100,000, and was changed to the
Clark Manufacturing Company, with a
paid-up capital of \$35,000.

fear and determined to make an effort to save
our home from the ruin I was coming at all

Prescription, and put it in his coffee as directed
next morning and watched and prayed for the
result. At noon I gave him more and also at
supper. He never suspected a thing, and I
then boldly kept right on giving it regularly, as
I had discovered something that had set
him the medicine till it was gone, and he
before for another lot, to have on hand if he

Canadian Pacific Cobalt Development Company, LIMITED

THE ORE IS HERE

971 Acres of Rich Mining Lands in the Very Heart of Cobalt District—Immense Opportunities Await Wide-Awake Investors—Remarkable Success of the First Issue of Treasury Stock at 12 1-2 Cents a Share—Stock Will Positively Advance in Price in Short Time—Properties Strongly Endorsed by Reputable Mining Engineers.

971 ACRES OF MINING LANDS, in the very heart of the richest Cobalt district. 27 claims in all. Surrounded by mining properties which have already made their owners and stockholders rich men. Not one of these noted properties offered as promising prospects as the lands of the CANADIAN PACIFIC COBALT DEVELOPMENT COMPANY, LIMITED. Think of it, Mr. Investor, 971 acres, 27 properties, which have already been passed upon by the most trustworthy engineers in Cobalt, and who state upon their reputation as responsible mining engineers, that "Every one of the 27 claims should prove valuable mining properties if systematically developed."

"As the Presence of Cobalt, Silver and Gold is Certain."

Treasury stock has been offered openly and publicly at 12 1-2 cents a share for the past week. Results have demonstrated a larger number of shares sold in the same length of time than of any other stock, large or small, ever offered on the Canadian market. This, at a time, too, when stocks have been quiet.

It emphatically demonstrates that the people, rich and middle classes, have the utmost confidence in this great mining proposition—and realize its immense importance as a sure investment. Without the shadow of a doubt fortunes are going to be made by those who are quick enough to buy stock at 12 1-2 cents. Remember.

Only 500,000 Shares Treasury Stock is Offered at 12 1-2 Cents a Share, and You Should Buy Now.

The advance in price is coming. It's but a short period off.

The low rate of shares gives the large buyer the chance to purchase and does not keep out the man of moderate means. It distributes the stock widely—which is best for all concerned.

Authorized Capital \$3,500,000. Par value of shares \$1.00. Fully Paid and Non-Assessable.

WANTS INFORMATION.

Foster-Shareholder Says Communications to Officials Unanswered.

Mining Editor, Toronto World: I note in your financial column that the cause of the drop in Foster stock is owing to an organized "bear attack" made possible, not by the known lack of value in the property, but by the absence of one shipment and the disinclination of the management to give the stockholders proper information in regard to the property.

As a mining man and a stockholder, I wrote Mr. W. K. George, the president of the Foster Company, asking certain definite questions in regard to the mine—questions which were pertinent and proper to the rights of a stockholder.

This letter of mine has never yet been acknowledged by any member of the management and a second letter treated in the same manner—an insulting silence.

By semi-official announcements we have been informed from time to time that the mine was developing splendidly; that they were busy installing additional machinery and that as soon as everything was right and tight they would begin to stope out the ore in a big way and would send the stockholders' hearts.

Now, I claim that, in view of non-production and a generally disquieted and sagging market, the management were morally bound to issue to the general stockholders a full and complete statement of what has been accomplished at the mine in the way of developing ore bodies, their values, etc.

I for one have confidence in the property, and have bought more stock at the present low figures, but I insist that we stockholders have the right to know the exact condition of the property—good or bad.

We want no glossing generalities or glittering predictions; give us the facts and we are competent to draw our own conclusion.

SAMPLES FROM LORRAINE.

St. Denis Mine is Producing Good Ore Values.

H. W. VanEvery of 1 Baget Adelaide-street has some very choice samples of silver ore from the St. Denis Mine, in Lorraine Township. The St. Denis was bought by a Philadelphia syndicate for \$250,000. The ore is of the best quality, and the samples show a high percentage of silver. The syndicate is now working the mine, and the ore is being shipped to the Philadelphia syndicate. The syndicate is now working the mine, and the ore is being shipped to the Philadelphia syndicate.

SELLING AT DISCOUNT.

Cobalt Lake Stock Offered Down at Ottawa.

FROM FIVE TO TEN THOUSAND shares of Cobalt Lake stock are being sold at a discount of 50 per cent. by J. R. B. Citizen Office.

The appearance of this advertisement in "last evening's Citizen," astonished brokers and investors who have been putting money into mining stocks. Naturally the advertisement brought enquiries to The Citizen office, but in the cases reported in "Tuesday's Free Press," no person could be found to deliver the goods. It was apparently a persistent effort to improperly lower the quotations on Cobalt Lake stock. No address is attached to any of the advertisements, and despite the numerous low prices quoted, nobody has yet been able to get shares at a rate much less than the original cost to members of the syndicate.

"After the complete exposure in The Free Press of the false methods," said a big stockholder, "I cannot understand the effort of the syndicate to behind these advertisements. They are certainly designed for no other purpose than to damage the Cobalt Lake stock. Why, nobody need sell at less than 27 or 23 cents. People paid 23 and 30 cents on the Toronto exchange to-day. I will pay 25 cents for all I can get. The deceptive advertisement places the broker in an unenviable position. After being asked by buying 23 or 30 cents, he does not like to see the stock offered at 20 cents. That is why the exposure of the fraudulent stock manipulator is so devoutly wished for by the honest dealer."

When the mysterious offers are investigated the dealer will find the market cheque or wad of cash get no satisfaction. Usually he is put off a while. If he is not discouraged at this, and the market cheque further, he runs against an ingenious excuse why the stock cannot be delivered. Some of these explanations are amusing, and are even worth the trouble.

Members of the original syndicate lose slightly by selling at present prices, but only a point or so. They bought at the rate of \$901 for 2316 shares, the uneven money resulting from a return of investment on account of over-subscription. The cost, therefore, for each share was about 32 cents.—Ottawa Citizen.

IS DEAL CONTEMPLATED?

F. B. Chapin, A. E. Osler, R. R. Bond and Frank Loring, M.E., left last night for Cobalt. The first named is heavily interested in several of the good mines in the camp, and it is rumored that a deal of some importance is forecasted by the visit of the combination as above, of mine-owning brokers and mining engineers.

Dividend on Coniagas.
The directors of the Coniagas Mines have declared a dividend of 2 per cent. and notify shareholders that the intention is to declare 2 per cent. every two months hereafter. This is at the rate of 12 per cent. per annum, and on the \$4,000,000 stock will take \$480,000.

Fast Service to Chicago.
Is offered via the Grand Trunk, the only "Double Track Route." Trains leave Toronto daily at 7:35 a.m., 4:30 p.m. and 11:20 p.m. The 7:35 a.m. has cafe parlor car to London, the "International Limited" at 4:30 p.m. has the parlor car to London and Detroit, and buffet parlor car to London, which leaves London on the return trip at 6:20 a.m., arriving Toronto 10:00 a.m. and the 11:20 p.m. in addition to the Chicago pullman carries sleeper to Detroit. LARDER LAKE

THE GOLDEN NORTH AND THE GOLDEN OPPORTUNITY.

The cry is now, "On to Larder Lake!"
A great stampede has set in!
Thousands are on the way! They are now beating the northern trails!

What will undoubtedly prove to be the greatest stampede that has ever been known into a new gold country is now on!
The Larder Lake district is believed to be the richest gold country ever known, and it is just now being opened up. Soon will commence the most tremendous outpouring of gold known to civilization since the day that King Solomon's mines paved the floors and walled his temple with that precious metal!

People of Toronto, People of Ontario, People of Canada—do you realize the great mineral wealth and riches that are now being opened up in Northern Ontario right before our very eyes? Do you understand that you have the richest and most wonderful gold and silver camps, rapidly developing, and that the values are increasing tremendously from day to day?

Do you realize that investments of a hundred or a thousand will grow rapidly into hundreds and thousands and millions of dollars? The over-conservative and skeptical will smile—they will laugh at these predictions, some will even consider this a joke—but remember **COBALT**, if you please, two or three years ago! Then it was a "vision," it was a "dream," "a flash of the pan," a "bubble," somebody was "crazy," but now it is different. Those crazy men are now classed among the smartest and keenest business men of the day. The actual value of a few mines are worth at the present date more than one hundred millions of dollars. These are facts.

Larder Lake is the opportunity of a lifetime!

Are you going to let this golden opportunity pass?

Are you going to get in now, in time, at Larder Lake? You can now get in at ground-floor prices on inside properties, make big profits and lots of money. Or will you wait three or four months or a year, and then fall all over yourself in an irresistible desire to get in anywhere or at any price?

Don't wait! Be wise! Act **NOW! NOW IS THE TIME!** Here is an opportunity that excels that which you had two or three years ago at Cobalt. Perhaps you will say, as you did then: "How do we know they have got any silver up there?" Perhaps you say now: "How do you know there is any gold at Larder Lake?"

We say to you: Do not be so skeptical that you lose faith and confidence in all mankind.

Do you imagine for a moment that men will endure the blast, the snows and frosts of the Northern winters for fun or pleasure?

Do you think there is any fun in living, cooking and sleeping day after day, night after night, weeks and months, upon the ice and snows of the frozen North?

Do you think there is any great pleasure in a man trudging along unbroken trails with a pack of 30 to 50 pounds on his back when the air is clear, full of frost, and so cold and still that the creaking of every step upon the snow can be heard for a mile away?

All the last winter men at Larder Lake have had to go to the railway station, some 12 to 15 miles away, to obtain the necessities of life. They would shoulder a pack weighing from 30 to 50 pounds and carry it back to their tent on their snow-covered gold claims.

We ask again, Can there be any pleasure in this? Is there pleasure or fun in frozen faces, frozen hands or frozen feet? If you think there is, you are certainly entitled to another thing.

No, no! The thousands of strong men who braved the north winds last winter around Larder Lake, who lived in their little tents upon the claims they staked, and watched and guarded as they would their lives, knew full well the treasures they were guarding! This endurance was not for pleasure, but for gold. **GOLD, GOLD!**

Many a tired sleeper in these cold tent houses had bright and happy dreams of the future—days of happiness and plenty that were sure to come to their wives and children, sweethearts, fathers and mothers, sisters and brothers—all from the gold he had found! The gold he was guarding. Gold—pure, virgin gold! Gold that had never been bartered or used as exchange—gold that had never bought man's honor or woman's virtue. **UNTAINTED GOLD.**

The hardships that have been endured by the prospectors of the Larder Lake district should impress the most skeptical that there must be something there worth while.

We were loath to believe at first. But we have gone further. We have had our own mining engineer making examinations. We have made personal observations and can say without fear of contradiction that the gold discoveries around Larder Lake in Northern Ontario are indeed the most wonderful imaginable. The profits from investments in that district will amount to hundreds of millions.

NOW is the accepted time to place money there. Values are already increasing at a remarkable rate. In our estimates of Larder Lake gold district we have not taken the items from the newspaper or hearsay reports as our basis; we have sent our own engineers and have gone there ourselves and made personal investigations. We are satisfied beyond question, from our engineer's reports and our own personal observation, that the reports from that country are not exaggerated. The discoveries and conditions are as reported. Millions upon millions of gold will be produced from that district, and the outpour of the precious metal will astound the world! All business and trades of Canada, especially Ontario, will be greatly benefited therefrom and thereby. Toronto will be benefited, even more so than were St. Paul, Minneapolis, Winnipeg, Seattle, and Vancouver benefited by the opening up of the great gold fields of the Klondike and Alaska. It remains to be seen, however, whether the investing public and people of Ontario and Canada grasp the situation and take advantage of this exceptional opportunity—truly a golden opportunity—to reap the millions upon millions of honest, legitimate profits that only await the employment of their capital.

The wise, alert investor will reap the quickest and greatest returns.

Northern Ontario is immensely rich in gold and silver—probably the richest in the world. It is just now being opened up. It is now in its infancy. You can now, as the saying goes, invest your money and get in on the ground floor. We hereby extend to investors an invitation to join us and participate in the profits and benefits that are sure to come to all who be-

come interested in the Blue Bell Gold Mines, Limited. This Company owns, free of indebtedness, and with no incumbrance of any kind, 27 well-selected gold claims of this wonderful district. These claims were staked by miners—men who know a gold claim when they see it. Being identified with the Cobalt district, they were in the neighborhood of Cobalt and New Liskeard when the first strike was made. They had the pick of the district. They took their time and prospected, and selected with care the best there was in the field. Every claim has brought a fine showing of values. Assays showing values running as high as \$15,000 to the ton have been taken right from the surface, or you might say the very grass roots. The titles are perfect, the samples and specimens taken from the various claims show not only high values in gold, but also high values in silver and copper.

The men identified with the Blue Bell Gold Mines, Limited, have been identified with the rise and success of Cobalt. They would not be identified with any proposition that was not legitimate, straightforward, honest and upright in every particular.

Proposition Plainly Stated.

The Underwriters' Syndicate will consist of and include all investors who join with Law and Company in subscribing for the 2,500,000 shares at Ten Cents per share.

No application to the Underwriters' Syndicate will be accepted for less than one membership (1,000 shares), which will cost \$100.

As soon as the Underwriters' Syndicate is closed, which will be on or before May 15th, 1907, The Blue Bell Gold Mines, Limited, will at once place upon the market, through Law and Company, the first allotment of the Treasury shares of the Company at 50 cents per share.

Law & Company will advertise the Blue Bell shares throughout the Provinces of Canada and the United States in their customary vigorous manner by display advertising, they having already closed contracts with their advertising agents for large display advertising for this special flotation. This includes all the principal daily newspapers of Canada—72 in number—and 221 in the United States.

Shares will be issued proportionately share for share from the Underwriters' and Treasury shares at the price of Fifty Cents per share until all members of the syndicate have received the return of their investment thereon.

Law & Company will receive the usual brokerage flotation commission of 25 per cent. for all shares sold by them, whether it be Underwriters' syndicate shares or Treasury shares.

All moneys due the Company from shares sold out of the Treasury will be placed to the Company's credit with their Bankers.

All moneys due the Underwriters' Syndicate from shares sold out of syndicate shares will be deposited with The Trusts and Guarantee Company, 14 King St. W., Toronto, Ont., and will be divided proportionately and in accordance with each respective interest therein.

Each member of the Underwriters' Syndicate will be upon identically the same basis.

There will be no favors shown one over another. The large investor will have no advantage over the small. The only difference will be that the larger investor will make the larger amount of profit according to the amount invested.

The Underwriters' Syndicate will be conducted upon a sound, straightforward, business principle, and every representation made herein will be fully carried out.

The Underwriters' Syndicate proposition is simply this: Those who join us will be interested with the Organizers and Promoters in a ground-floor proposition, and will actually be the original first sellers of shares to the stock-buying public, realizing therefrom big profits.

The Blue Bell Company will install twelve stamp mills and all additional machinery without delay. The Company expects to be sending out gold and paying dividends within three or four months.

Our Engineers advise us that they believe the Company will be able to ship out gold in quantities to pay dividends sufficient to make the shares of the Company go to Ten Dollars per share.

It should be borne in mind that the Blue Bell occupies the same relative position at Larder Lake that Nipissing does at Cobalt. Its properties are in the very heart of the district, are of large acreage, and very rich in Gold and Silver.

Blue Bell will undoubtedly be the greatest shipper this summer from Larder Lake.

In conclusion, we desire to say to our friends and clients: "Join us in this ground-floor proposition; it is a good one, and we believe it will make you lots of money." Our advice is—**TAKE AS MANY MEMBERSHIPS AS YOU POSSIBLY CAN.**

EXAMPLE.

Showing Cost of and Estimated Results From One Membership

Cost of One Membership consisting of 1,000 shares..... \$100
All memberships will be pooled for six months, and will be held by the Trusts and Guarantee Company, Limited, who will act as Trustees for the Underwriters' Syndicate, during which period 247 shares out of each membership will be permitted to be sold at 50 cents per share, which will amount to..... \$123.50
Law & Company's commission of 25 per cent. amounting to \$30.87, less the 247 shares at 50 cents per share, deducted from the \$123.50 leaves to the owner of the membership the amount of..... \$92.63
The return of the Company of the 247 shares of the Company, there having been sold 247 shares from his 1,000-share membership..... \$123.50
These 247 shares, which will be the return of each membership, will be worth at the advertised market price \$286.50. We believe, however, Gold Mines, Limited, within the coming summer will make the shares worth many times that amount.

Applications for membership will be received up to May 15th, 1907, unless the total number of memberships are sooner subscribed. Applications arriving too late to participate will be returned with the full amount of remittance.

Bankers, Manufacturers, Merchants and Business Men of all classes are subscribing liberally to these memberships, and are hereby advised that the Trusts and Guarantee Company, Limited, of 14 King Street West, Toronto, will act as Trustees for the Underwriters' Syndicate. The distribution of all money and shares to the owners of memberships will be made at the time the membership pool is dissolved, which will be some time within six months from May 15th, 1907.

The Trusts and Guarantee Company, Limited, will issue receipts to all applicants or holders of memberships, showing or indicating their respective interests.

WRITE DOWN CAPITAL.

Cobalt-Merger Capitalization Reduced by \$1,000,000.

A general meeting of shareholders of Cobalt-Merger, Limited, was held yesterday at the head office of the company, two-thirds of the issued stock being represented. The following directors were elected: S. B. Morris, Rodney, S. S. Sharpe and Horace Basson of Uxbridge, F. W. Merrill, J. H. Charles, D. G. Lorsch and W. R. P. Parker of Toronto. At a subsequent meeting of the board of directors, Mr. S. S. Sharpe was elected president, Mr. S. B. Morris vice-president, and Mr. H. W. Edgar was appointed secretary-treasurer, the head office of the company being changed to the Traders Bank building.

In view of the fact that the company is not proceeding with the Morrison property, it was unanimously decided to reduce the capital by one million dollars, this amount of stock having been set aside some time ago for the purchase of the Morrison property. The capital of the company is accordingly reduced from three million dollars to two million dollars.

The reports read showed the company to be in good financial condition and entirely free from mortgages or other indebtedness, save for ordinary working expenses. Arrangements are being made to place from \$50,000 to \$50,000 in the treasury for the purpose of installing a large and up-to-date plant, and development and prospecting work will proceed contemporaneously. The names of those who constitute the new management are sufficient guarantee that the operations will be vigorously pressed.

LARDER LAKE GOLD

Blue Bell Pushing Ahead.

New Liskeard, Ont., April 26.—The Larder Lake shafts still continue and are growing from day to day. Excitement runs high owing to the statements and reports from mining engineers and miners coming out regarding the wonderful finds and strikes made in that district.

The Blue Bell Company started two large crews of men from here to-day with complete outfits for establishing camps and commencing active development, preparing to install twelve stamp mills upon their properties, which are reported to be marvellously rich. It is claimed that the company will be the first to send out gold and that the results will astonish the outside world.

Summer Mining Classes.

Preliminary arrangements have been made for the summer mining classes in the northern districts, under the auspices of the Bureau of Mines. The instructors are E. R. Arden of the School of Practical Mining and Wyatt Malcolm of Hamilton. The subjects to be dealt with at the classes are: The elements of mineralogy, mining, simple geology and practical work. The dates and places relatively selected for the classes, which are open to all, are as follows: Residence: (Garnet from May 13 to 18; Larder Lake, May 21 to 25; Cobalt, May 27 to June 1; Haileybury, June 3 to 7; New Liskeard, 10 to 15; Timmins, 18 to 22; Larder Lake, 25 to 29; Cobalt, July 1 to 5; James Township, July 22 to 26; Lady Evelyn Lake, July 29 to Aug. 2; Smeaton Falls, Aug. 5 to 9.

Railway Commission Issues Writ. The Temiskaming and Northern Ontario Railway Commission have instituted an action against La Rose Mining Company, John McMillan of Cornwall, Duncan McMillan of Montreal, D. A. Dunlop, of Haileybury, and L. H. Timmins of New Liskeard, claiming damages and an injunction.

A. E. Oser & Co.'s direct wire to Cobalt was in operation yesterday. A. E. Oser and F. R. Chaplin left last night for the north to inspect the McKinley Silver Leaf, Red Rock and Buffalo properties.

BRUCEFIELD SPRING SHOW.

BRUCEFIELD, Apr. 26.—The annual spring show, under the auspices of the South Huron Agricultural Society, was held here today. The show was a turnout of Clydesdale stallions, also a good showing of roadsters and carriage horses. The showing of bulls was very good. A new department of the show this year was the seed department, which, while not large, was of good quality and will no doubt grow to be a popular department.

DISSATISFIED IN COBALT.

Increases in Mining Regulations Objectionable.

OTTAWA, April 26.—(Special.)—Intense dissatisfaction over the mining regulations is what Mr. F. R. Latchford, K.C., says he discovered in a visit to the Cobalt district. The imposition of a royalty is keeping out capital and seriously deterring the development of the rich mines.

"Cobalt," said Mr. Latchford, "needs capital, and the policy of the Ontario government is not conducive to bringing in capital. In addition to the objectionable royalty there are excessive charges for recording claims. The fees were \$5, \$7.50 and \$10 respectively for the first, second and third registrations and these have been increased to \$10 for each claim. These charges are greatly resented by the people."

SCHOOL SUPPLIES TENDERS.

Property Committee Lets Contracts to Various Local Firms.

Tenders for school supplies were awarded by the property committee of the board of education yesterday as follows: Clocks, to William Ashall, at \$18 each; tuning pianos, to W. J. R. Switzer, at \$150 each; oils and turpentine, to Queen City Oil Co., at 15 cents per gallon; window shades, to T. Eaton Co.; plain wooden chairs, 65 cents each; teachers' revolving chairs, \$4.85 each; teachers' tables, \$10.50 each; teachers' desks, \$2.50 each; to G. N. Reynolds; plain single desks and rear seats, also adjustable desks, with rear seats, to the Canadian Office Furniture Co. of Preston, Ont., and teachers' oak chairs, to the Office Specialty Co., at \$3.10 each.

WEEKLY BULLETIN.

TORONTO, April 27th, 1907. In our last week's letter we advised regarding the present prices. You will see the wisdom of this in the fact of the market being many days. Mining matters are assuming a distinctly better tone and there will be some very attractive attempts to drive the market further down the line and we have very little doubt but what they will succeed. But for the time being, it is a purchase of a lifeline.

It is always the case in every mining camp that reconstruction must take place. This is now going on and in some cases it is further along than some people imagine.

We will have an important piece of news for our clients in a few days. If you sold yourself in readiness to take advantage of it, you will not be sorry. Temiskaming is producing ore, the richness of which has never been equaled in any mine in the world. This will take effect on the stock market or later. A large amount of their No. 3 vein 50 feet from the shaft at the 115 ft. level. The values at present are rather disappointing, but give every indication of improvement. The property is to-day in better shape than it ever was before.

Larder Lake is getting increased attention from additional interest. We ourselves have nothing further to add other than some very good people have in the last week gone in to examine the property. These are real mining people who have a large western experience, and we should soon have some authentic reports on the district. We do not want to understand that we are condemning this district entirely. But it is necessary in all gold propositions to exercise extraordinary care. Lawson has not yet been fixed up. It is promised, however, every day or two. La Rose has practically set with the frost. This was to be expected, however. Nipissing has sold off a little, but is again approaching proper levels to buy at. Watch for our announcement. It will pay you. Yours very truly, Wills & Co.

WANT ANOTHER INCREASE.

Montreal Cotton Workers Ask for Higher Wages.

MONTREAL, April 26.—(Special.)—The Montreal cotton workers have made a request for a 5 per cent. increase in their wages. If the same is granted, about 5000 persons will be benefited, including the employees in the St. Henri, St. Anne's, Hochelaga and the Magog cotton factories, which are all owned and operated by the Dominion Textile Company. A conference between the representatives of the workers and the officials of the Dominion Textile Company will be held early next week. It is only a few months ago that the company granted a voluntary increase.

General Manager Silver Queen Says

IN A RECENT REPORT TO SHAREHOLDERS

"There is talk of a Custom Concentrator being erected in the camp, and should this project be carried to a successful termination, it will undoubtedly enable us to receive a great deal more for our low-grade ores, and will pay us a lot of money from that we now throw on the dump, and for which we, at the present time, receive nothing."

What is true of the Silver Queen is true also of forty other mines in the Cobalt Camp. A Custom Concentrator for the camp is a certainty. Contracts have already been made by the Cobalt Concentrators, Limited, for necessary machinery, which is now being built. This is an interesting subject to anyone with money to invest on a good paying basis. The company needs additional capital to spread out, and are offering Treasury Shares at an attractive price. Of Interest to Miners and Investors

The North Ontario Reduction & Refining Company, Limited, who are installing a plant for the refining of Cobalt and other ores at Sargeant Falls, have their buildings, including a laboratory and sampling plant, just about completed and have contracted for all their machinery, which will be installed as rapidly as possible. They expect to be ready to receive ore some time in June.

This is the first refining plant to be erected in the Province of Ontario, which should enable the Company to secure the bounty offered by the Ontario Government, which amounts to \$105,000 a year. This will pay thirty per cent. on the entire capital. In addition to the bounty, enormous profits made by refiners will enable the Company, with its low capitalization, to pay very large dividends.

We advise you to investigate this proposition. As a bona fide investment it has no equal. Prospectus and full information will be mailed on application to

TO DOUBLE TRACK I.C.R.

May Be First Act of New Minister of Railways.

MONTREAL, Que., April 26.—(Special.)—There is every reason to believe that one of the first official acts of the new minister of railways will be the double-tracking of the Intercolonial Railway, or at least two important sections of the system. The double-tracking of the government road from Montreal to Windsor Junction being completed, a short section from Montreal to Painsville Junction will be undertaken in a few days. It is claimed that Mr. Poirer and his subordinates at Montreal

have made strong representations on the subject of double-tracking the Intercolonial, and that there is a strong disposition at headquarters, backed up by Hon. Mr. Fielding, to have this most important improvement carried out at a very early date.

MINES

MINING SHARES AND REAL ESTATE

Cobalt, Larder Lake and Elk Lake Mining Properties Steadily Dealt In.

15 YEARS' EXPERIENCE IN NEW ONTARIO I know of no safer investment in Real Estate than in Haileybury, the Queen City of the Temiskaming. Increased correspondence solicited.

CYRIL T. YOUNG, HAILEYBURY, ONTARIO.

Larder Lake Goldfields

As stated in my news letters last summer, I then began investigating the Larder Lake district north of Cobalt. I have done so thoroughly, and from personal investigation on the ground, the employment of reliable engineers and a corps of experienced prospectors, I and my associates have now ample proof of the great value of this field.

We know so surely what is there (and what immense probabilities there are as well) that we have already put nearly \$150,000 cash into the field.

Our employees on the ground number nearly one hundred, and our stamp mill will very soon be in operation.

I am a practical mining man, and I need hardly say that we would not put in such money and work unless fully justified.

The width of the veins or reefs in sight, and the values they bear when such width is considered is extraordinary. In Archaean reefs are profitably mined when bearing but a few pennyweights of gold to the ton; at Larder Lake average assays from across many reefs run ounces of gold to the ton. An ounce is equal to \$20, and the cost of mining and milling should not exceed \$2.50.

I and my associates see many millions of dollars of clean, legitimate profits before us in these gold fields. By forming a company, putting up our hard cash, as stated above, and getting in first, we have secured thirty-seven forty-acre claims, which we believe to be the cream of the Larder Lake Gold Fields.

Our present stamp mill is a small one. We want a larger mill, from 100 to 200 stamps—and we must spend money in opening up our large acreage.

We have put in considerable money, and, indeed, would carry the whole thing ourselves, but that like everyone else, we have other interests as well to take care of.

We are, therefore, affording others the opportunity of joining us and sharing with us the large profits we are going to make—profits from dividends, and also from the increase of market value in our stock.

Our Company is known as the LARDER LAKE PROPRIETARY GOLDFIELDS, LIMITED, and among the directors and gentlemen identified with it are the following: Col. G. Sterling Ryerson, ex-M. P., Senator L. Urey, Lieut.-Col. A. N. Worthington, Member Dominion Parliament; T. Herbert Lennox, Member Provincial Parliament; Charles H. Watrous, ex-Mayor of Brantford; E. P. Bucke of "Granby" fame; Dr. D. H. Piper of London; P. Kirkgaard, M. E., Member National Geographical Society; Sylvester Jencks, President Jencks Machine Company; William Farwell, President Eastern Townships Bank; C. P. Brown of Toronto; Dr. Preston, Member Provincial Parliament, and others of like standing.

For the purposes mentioned above, a limited amount of stock is offered by the underwriters (Canada Mines, Limited) at their first ground-floor price of \$1 per share. This is being subscribed for rapidly, and the next allotment will be at a materially advanced price. The stock will then be listed on the exchanges and placed on the New York and Boston Curb, when, as in every proposition I have been connected with, it will, without doubt, command a legitimate market at a still higher price. This opportunity will not last long.

Those desiring further particulars, maps, detailed reports, etc., before joining us, please write, phone or telegraph me at once.

Dr. Reddick and his associates, Messrs. Hummel, Knott and Flynn, are the men who made Larder Lake famous, being the original discoverers of gold in the Larder Lake region, and after carefully prospecting, selected, staked and recorded what are universally acknowledged seven of the very best claims in this region. All of this work was done before the first fall of snow so that in purchasing this property we know that we have the best that could be procured in the Larder Lake region.

The claims all have a number of large quartz veins, showing values in Gold, Silver and Copper. Assays ranging from \$8.40 in silver, and \$122.00 to \$1,868.00 in gold have been recorded.

It is acknowledged on all hands that our property is the heaviest mineralized in the country.

A gang of men have been at work since the 15th of February putting up the necessary buildings and taking in supplies, machinery, etc., and actual development will commence shortly.

To intending purchasers we would advise this as a good investment and would be pleased to receive a call from any who desire further information. We are offering \$200,000 of the Treasury Stock at par value, \$1 per share. For Prospectus and full information write the company.

\$100 FOR \$15 IN MY LARDER LAKE COMPANY.

You Should Make Big Money With Me In This Company.

When I started out to let a limited number of investors in with me, at bottom price, for shares of my LARDER LAKE BONANZA GOLD CO., which I am now incorporating, I expected to keep the offer open until about May 10th. Applications are coming in from all over the country, and we may have to withdraw this first offer sooner.

My proposition to issue DOLLAR shares FOR FIFTEEN CENTS each, full paid and non-assessable, to first subscribers, is without a precedent in Larder Lake investments.

I am incorporating the Larder Lake Bonanza Gold Co., Limited, under Ontario laws through Lennox & Lennox, the well-known Barristers and Solicitors of Toronto. This company will have only 1,000,000 shares of \$1.00 each. I call special attention to the fact that shares purchased in a million dollar company at 15 CENTS each is equivalent to paying only 3 cents per share in a five million dollar company. I shall be president of my company. I have had much experience in developing mines. I propose to know that money received by the company from the sale of its shares is carefully and judiciously expended. The other officers and directors will be men of standing, men of integrity and fair dealing. I will not have any other kind. I wish you could see samples of ore I have from properties that will go into my company. The gold is so thick in the quartz that it would be almost like assaying gold dollars to get its value. I try to make money for all who join me in my mine development. I shall develop these properties as rapidly as possible. I will not be surprised to see the shares of my company go up to \$1.00, \$2.00 or \$3.00 per share before snow flies next fall.

REMEMBER, WITH ME, you are in with the man on the ground. Send your application immediately. Write my agents for any further information. Make cheques, drafts or money orders to the agents, P. V. A VALUABLE PRESCRIPTION

If you suffer from kidney or bladder trouble, the following prescription will be found to give immediate relief. Get from your druggist the following:

One ounce fluid extract dandelion;
Four ounces compound syrup sarsaparilla; mix all together, shake well and take a teaspoonful after meals and at bedtime.

This mixture clears the clogged-up pores of the kidneys, thus assisting them to filter from the blood the poisonous waste matter, which if allowed to remain causes rheumatism, lumbago, sciatica or chronic kidney or bladder trouble. The prescription will interest a number of readers.

TORONTO JUNCTION, April 26.—The final oratorical contests of the Royal Templars of Temperance were held last night in the Fern-avenue Presbyterian Church. There were four competitors, namely, Wm. Todd of Victoria Council, who chose for his subject, "Tobacco"; Mr. Smith of North Star Council, choosing for his subject, "Literature"; W. J. Peake of Metropolitan Council, who chose for his subject, "Canada"; and L. E. Peake of Metropolitan Council, who chose for his subject, "The Local Option Act." Each of the gentlemen spoke for 15 minutes. The winner was awarded to W. J. Peake of Toronto Junction.

Claud Fitzsimmons appeared before Magistrate Ellis this morning, charged with stealing \$255 from the till of a store kept by Cecil Spears on St. Clair-avenue. This had been before Magistrate Ellis on numerous occasions. He pleaded guilty to the theft, and stated that he spent the money attending shows in Toronto. He was remanded to the Children's Shelter, with a view of having a home found for him in the country.

There is a division of opinion in East Toronto and the Beaches as to the probable effect of the decision of the privy council on the eastern suburb. Mayor Ross is quoted as saying that the annexation of East Toronto will be indefinitely postponed, thru the inability of the city to order extensions, and, without this, ward three will not consent to annexation.

MARKHAM, April 26.—Excellent progress has been made on the new bridge at the south end of the town, and the structure is now in readiness to put down the flooring, which will be of wood, instead of cement, as was originally intended. The cost of the latter work advanced the projective, being about \$2000, while plank will cost about \$1000. As soon as the material is on the ground, Contractor Bishop will complete the laying of it. The filling of the earth work is a herculean task, but Reeve Speight, who has always been sanguine regarding the success of the undertaking, has no fears regarding the outcome. At the last meeting of the town council, the reeve stated that it was hoped that the debt remaining after the sum already guaranteed was paid in would be provided for without the least of deliberation.

delay in the inauguration of the free postal delivery system in town. Unlike Toronto Junction, there is a perfect house-numbering system, and there is no confusion in respect to duplication of town and city names. East Toronto citizens were given to understand by the postal department that when the street naming was completed, no further delay would ensue.

The general health of the town was never better than at present.

The G.T.R. are making a splendid job of the grading of Main-street on each side of the overhead bridge.

The automobile party, who passed thru the town yesterday on a visit of inspection, expressed themselves as well pleased with the mile of road chosen on which to exercise their handicraft.

Todmorden.

TODMORDEN, April 26.—Some evil disposed person or persons are doing considerable damage to young ash trees. Several of these have been broken-down during the past few days.

Another room is closed in the Don Mills-road school, and the second room this week to be closed.

The ratepayers say that it is the duty of the school trustees to the ratepayers during the illness of teachers.

Deer Park.

DEER PARK, April 26.—It seems that the tuition of department at the Deer Park public school, differs widely from most other schools, at least the little boys on the streets put into practice what they learn at school.

It is a pleasing feature for ladies and gentlemen to meet these little men, who raise their hats and smilingly greet them, both male and female.

Rev. T. W. Pickett, of De Lisle-street, is after a long siege of sickness, able to be around again.

There are five up-to-date residences under construction on De Lisle-street.

Richmond Hill.

RICHMOND HILL, April 26.—The past week has been a busy one among the farmers, and many of them notwithstanding the cold and weather, are well advanced, and some few will finish this week.

J. L. Mitchell, station agent at the C.N.R. station, has been relieved, and will be succeeded by J. E. McDermott.

Miss Elsie Palmer will enter the Toronto General Hospital, to qualify for a trained nurse.

H. F. Dennis of Cannington succeeds John Morgan in the Standard Bank.

Mr. Morgan goes to Lindsay.

The prize lists for the spring fair are being circulated.

The executive of the fire brigade will meet at the office of P. G. Savage to-morrow (Saturday) evening.

Court Richmond, A.O.P., held a very successful meeting in the lodge rooms to-night.

A meeting of the executive of the Agricultural Society will be held in

the council chamber on Tuesday evening at 7.30.

York Township Council.

COUNCIL CHAMBER, April 26.—At the special meeting held by the township council the clerk was instructed to notify the trustees of school sections No. 22 and 13 to the effect, that it is the intention of the council at a meeting to be held on May 20, to consider the application to divide S.S. No. 22 into two sections, and unite a portion of S.S. No. 13 with the new one so formed.

The clerk was further instructed to notify the trustees of school sections 14 and 15 that the council will at the same meeting consider, and if thought advisable, alter the boundaries of the said sections, by detaching from S.S. No. 14 the property of B. F. Mulholland and the west half of lot one, concession two, West York, and attaching the same to S.S. No. 15.

The council received a communication from the city engineer's office, stating that numerous complaints have been received by the works committee regarding the duplication of certain street names, viz., Reid-avenue, and Hanover-street, and place, Reid-street, and Hanover-place are old established streets in the city. Reid-avenue and Hanover-street, will be changed.

As both of these streets extend into the township, the committee wanted to ascertain if the township will agree to change the names of their portions of the streets, and if so, what name were proposed.

The township council would suggest, W. A. Clarke, clerk of the township, has written stating that the street names could be altered only by the high court or a judge of the court.

Chester.

CHESTER, April 26.—On Sunday evening at 7.30, the Rev. Canon Welch, Rural Dean of Toronto, will preach in St. Andrew's Mission Church.

Norway.

NORWAY, April 26.—The Norway Public School was to-night packed to the doors with a delighted gathering, the occasion being a concert given by the members and others of the Norway Hockey Club. The program was of a musical and literary nature, while the receipts will amount to more than \$30.

The chair was occupied by Councillor Jackson.

The urgent necessity that exists for the new school was clearly demonstrated, when more than thirty children were refused admission to Norway school, owing to the fact that there was no room. Trustees Wilson, Jackson and Brown held a meeting to-night to discuss school matters.

Record Beating Hens.

R. B. Linton of 104 Beach-avenue, Balmly Beach, claims he has H. C. Marr of Markham badly beaten. He has 21 hens, which have laid the following eggs:
