DRILL AND PHYSIQUE TO BECOME ESSENTIAL TO TEACHER'S CAREER

That is if Schools Desire Drill and Shooting Instructors From the Permanent Corps—Sir Frederick Borden's Latest Announcement.

OTTAWA, Sept. 3.—(Special.)—At the luncheon given by Col. Sam Hughes, president of the D.R.A., Sir Frederick Borden was the principal speaker.

The minister expressed admiration for Col. Hughes, because he always "fought fairly." After defending the increased expenditure on the militia force Sir Frederick Borden turned his attention to cadet shooting and made an important announcement.

He said an order-in-council had been passed embodying an agreement which had been entered into with the educational department of Nova Scotia. It sets forth that the militia department will furnish free of cost to the schools, instructors in drill and shooting, providing the schools will adopt a regulation to the effect that all teachers be compelled in the future to pass an examination in physical training and drill before receiving a certificate.

A second order-in-council has been adopted giving the militia department authority to make a similar arrangement with the other provinces.

Sir Frederick said that if this plan is carried out in other provinces it will incidentally be a great help to the permanent force, which will provide the staff of instructors.

Conditions generally were exceedingly bad to-day, and consequently the points made were a little below those of last year. However, it is conceded that the marksmanship is much better. To-day a rear wind veered intermittently, and there was also a mirage which made the targets seem to dance. With every shot the marksmen had to alter his windage.

The grand aggregate, like almost all of the matches, provided a close finish. Capt. McVittie, of the 48th Highlanders, just winning by two points over Sergt. Richardson of Vancouver.

The Transvaal Cup was won by a Vancouver veteran, Capt. Hart McFarlane, and the London Merchants' Cup finds a resting place at Port Hope. British Columbia marksmen somewhat easily won the London Merchants' Cup, and the winners have thus made the case in the west.

Government-General's Match. Government-General's first stage, ranges 200, 500 and 600 yards, seven shots at each range, possible 385. 1st, Pte. W. A. Hawkins, 48th, 91; 2nd, Pte. W. A. NOTE AND COMMENT

The decision of the judges in the free-for-all at the exhibition track meets with general approbation. Mr. Tracey, owner and driver, who held up Lady May, was mulcted to extent of \$100, taken from the winner's \$250 end of purse that was evidently all intended for John McEwen, half going to the other \$50 to John Fleming for honest and capable teaming when he was put up in Tracey's place. The action of the men in the stand cannot be too highly commended and it is hoped that all races on the half mile track will hereafter receive the same close scrutiny.

Should the Tecumsehs go out to the Pacific coast to play Westminster for that Mike McGee, emblematic of the lacrosse championship of Canada, they will make the trip a week earlier and have an opportunity of resting up for a week to be in fit condition to play a good game. On the way out the men will be confined to good safe tables. Chief Quercy, who is the best of the well and knows the necessity of having his men take care of themselves if they are to deliver the goods as they know how.

A correspondent suggests that the only a few games remain on the N.L.U. schedule, the possibilities are many and to save all the agony that the friends of the Indians are suffering, why not hand Monday's game over to the Toronto and have it all over with.

Toronto will have two catchers in the big league clubs in Chicago next year, according to the draft, not from our hard luck outfit, but local players who have been elsewhere in the minors. Archer, Buffalo, going to the National and Ike Owens of Memphis to the White Sox.

After scoring an easy victory in the third round of the Heather Quoit Club's tournament, the three and ten year old player, R. Errington, succumbed in the fourth round by an even dozen to Wm. Nickell.

In line with the C.A.A.U.'s announcement that Province of Quebec would be organized same as the other parts of the Dominion, comes the news from Montreal, according to a prominent official of the Independent Harrier League that an athletic association will be formed there after the first year old player, R. Errington, succumbed in the fourth round by an even dozen to Wm. Nickell.

Tommy Burns, having scored his second victory in Australia over Bill Lang, the champion, will hardly be able to secure further matches there unless he takes on Squires again, which he is hardly likely to. Then it's time for this continent for the Canadian as Jack Johnson and Langford say they will meet him.

The cablegram says of the Melbourne mill that the fight was out-generated in the nightingale and after the first two rounds the Canadian had it all his own way. Honors were comparatively even in the first round and in the second Lang knocked Burns off his feet with a heavy swing. Burns came back in the third and put the Australian on the floor several times before the latter was counted out in the sixth.

The match between Jack Johnson and Mike Schreck, said to have been made for London, seems to have been prematurely announced. Schreck falling to make good any forfeits. As any big contest in which Johnson engages in England will in all likelihood be conducted under the aegis of the National Sporting Club, a Sporting Life representative sought Mr. Bettinson, manager of the club, and solicited a statement from him regarding the rumored match.

"Some time ago," stated Mr. Bettinson, "the manager of Mike Schreck wrote to the club, asking for a match with either Burns or Johnson. No doubt, having defeated Burns once, Schreck would prefer him to Johnson. I answered in the usual way, stating that if Schreck was brought over here and matched for a side stake with Johnson the National Sporting Club would bid for the contest. Since then I have heard nothing official, although I know of the rumors that the American was coming to London to seek a contest with Burns. From subsequent rumors, however, I am led to believe that Schreck has altered his destination, and is going, instead, to Australia, to seek a match with Burns.

"We think it is due to Johnson, on his first showing, that he should have a match here. I believe him to be a great boxer, and the National Sporting Club would be pleased to conduct a contest between him and the best man obtainable. If Schreck or Max Baer or any other good man were to come along, and bid for the match, it is certain. But just at present there has been nothing definite arranged.

Baseball Notes.—Umpire Owens in the American Association was very nearly mobbed by the fans in Milwaukee last week. Owens was in the Eastern League last year.

Rumors state that George Stallings is anxious to secure control of the Louisville Club in the American Association. "Newark team" to go on a barn-storming trip after the Eastern League season closes.

Jack Thoney is nursing an injured leg, the result of sliding into first base last Friday at St. Louis.

Newark have secured Catcher Ladd from the Hazleton Club of the Atlantic League.

Rochester Wins Out in Tenth Gettman Severely Injured

Score Was 4 to 1—Montreal Trims Buffalo and Newark Does Like-Wisely to Jersey City.

Rochester clawed and hammered Mitchell's offerings all over the lot yesterday, but even with their ten more hits than the Leafs the old scout made them go extra time to win. The other half of the game was a very strong man, only allowing four safeties, and he was getting better as the game progressed, Toronto being retired in order in the last four innings. The score was: Rochester 4, Toronto 1.

Once again the fact was forcibly brought home that the Leafs are the hard luck team of the Eastern League, when that stellar player Jack Gettman met his fate in the sixth inning, the result being that Jack will be out of the game for the season. It happened like this: Schaffty, the first batter, singled, then Gettman, who was batting second, threw easily, but Henry's throw was wild, and Erwin reaching out to stab it, Gettman as he was crossing the bag, Gettman's leg was broken. On examination it was found that the muscles in Gettman's leg were damaged. He was carried off the field by his teammates, Thielman taking his place. Schaffty had gone to third on Henry's wild throw, and was scoring on Phyllis's sacrifice fly to Anderson, and this was Toronto's last chance, as Thielman made a great catch of Hurley's short hit, retiring the side. In the eighth, filling the bases with two down, and was sacrificed. McAvoy was hit by the pitcher, while Erwin's single to right tallied Phlanagan. Hurley sent a short fly to the outfield, which was caught by McAvoy. Schaffty falling before reaching the ball, Hurley being safe. Henry hit Erwin, who threw wild to the pitcher, Erwin scoring. Hurley was caught by Thielman, and Anderson filed to Thielman. Toronto went out one-two-three in the tenth.

Phlanagan and Erwin shared the batting honors of the day, they having four hits each. Score: A.B.R.H.O.A.E. Rochester, 4, Toronto, 1. A.B.R.H.O.A.E. Wiedy, 1, 0, 0, 0, 0, 0, 0. Lady May Wins Free-For-All Beats John McEwen Final Heat

Glen H. Wins Final Heat in 2.15 Trot—2.30 Trot and 2.15 Pace Still Unfinished—Racing To-day at 12 o'clock.

Never before in the history of the exhibition has there been so much interest taken in the speed events as this year, and never before have there been so many entries and such good racing as we have witnessed during the four days just passed.

The racing yesterday was decidedly interesting with every heat closely contested from wire to wire. The racing began with the unfinished 2.15 trot carried over from Wednesday night for two races.

Much was expected of the fifth and final heat in the free-for-all that was also carried over from the day previous, when Nat Ray's gelding, John McEwen, and Fred Tracy's mare, Lady May, each had won two heats.

During the afternoon it was announced from the judges' stand that Tracy, who drove Lady May to victory in the first heat, had been fined \$50 for not trying to win and that another \$50 had been deducted from his purse for not trying to win and that another \$50 had been deducted from his purse for not trying to win.

SIR THOMAS ON BILL.
Citizens of Canada think that the present is not the time to add trouble to our national life. Canada never needed a strike less than this strike that the C. P. R. has forced upon its men. The people of Canada didn't want the strike. They want it wiped off the slate and they are looking to the C. P. R. to end it by meeting the men's demands or giving them reasonable assurances that their grievances will be adjusted by a tribunal satisfactory to all concerned.

If the C. P. R. does not aim to pose as a mischiefmaker, it will take swift steps to meet public opinion. In well-informed circles it is believed that the C. P. R. is determined to make a fight for the open shop all along its line. This is setting unionism in defiance. Public opinion is behind unionism for the workingman and in defiance to that opinion the C. P. R. must not persist in its attempt to break down the machinists' union.

Sir Thomas Shaughnessy is big enough to appreciate the fact that Canada does not want this strike. There must be a way of settling it without obliterating unionism. All the men ask is a square deal. Sir Thomas is entitled to nothing more. Get busy, Sir Thomas, and settle that strike. Or put your best sub, Bill Whyte, on the job.

NATIONAL AND CIVIC PROPRIETORSHIP

Not long ago a United States writer remarked that its citizens were lacking in the sense of ownership of their common country and ought to appreciate their proprietorship much more highly. To his mind the average citizen does not feel that his country is really his in any tangible and real way. His patriotism is of the sentimental order and shows itself chiefly in shouting for the flag and cheering the rhetorical outbursts of stump orators. But he fails to take a practical view of his real interest in the country. Practical the citizen may be in his own business affairs, but his proprietorship, in common with his fellow-citizens, in the national resources, in the water powers, the mines, the forests, the public services, is too remote to appeal to him. It is this defect which, in the opinion of this critic, has resulted in the United States people complacently permitting their heritage to be diverted to private ownership, and they are now only beginning to appreciate the prodigality of the politicians who have bartered the nation's birthright for a mess of pottage. Only now are they responding to the appeals of really patriotic and earnest public men and attempting to realize how much has been already lost and how important it is to conserve the national resources that yet remain.

Canadians have suffered from the same indifference to their proprietorship of their country and to the prodigality with which the national resources and public services have been handed out to the speculators and financiers anxious to aggrandize themselves at the public expense. Even in Canadian cities the ordinary citizen has not until recently seriously concerned himself about his proprietary interest in municipal properties such as streets, franchises, parks, public buildings, harbors and so forth. He has been content to leave the common affairs in the hands of the elected representatives of the community, and has acquiesced in their administration, or if he has ever thought that more care might be taken of the civic assets, has probably consoled himself with the feeling that in other hands the city might have fared worse. Fortunately, however, in Toronto at least, there is evidence of a change for the better, and it has been due in large measure to the agitation concerning the future of the municipal franchises. The efforts made to exercise the control over the street railway supposedly conferred in the agreement between the city and the company; the campaign to secure a share in the benefits flowing from the appearance of Niagara power, and other agitations for kindred purposes, have all aroused public attention and created a new and powerful sense of proprietorship in the civic resources.

This awakening of public sentiment affords strong confirmation of the view that the more the sphere of civic responsibility is enlarged the more enlightened and alert becomes electoral sentiment and the better the quality of the aspirants after public office. When the value of municipal franchises is fully appreciated and it is realized that public ownership and operation provides an adequate remedy for the grievances of which the citizens complain, the people will insist that their representatives act in all matters in their interest and in their interest only. It is altogether intolerable that conditions should exist which allow temporary majorities in city councils to divest the people collec-

tively of their property without their consent and even against their wishes and expressed determination. And the awakened sense of ownership among the citizens in the assets and franchises of their cities is, as has been said, one of the hopeful signs now in evidence throughout the country. It has been well remarked that "the people are beginning to find that thru the control of municipal, state and national legislatures, private corporations have been enriching themselves at the expense of the people. These corporations are exacting revenue to subsidize newspapers and political bosses to keep the people in bondage. The average citizen is beginning to discover that his agents and trustees have played him false, that they have been serving the private corporations instead of the public interests. There is an awakening on the part of the American people that is ominous for the class of statesmen who have been serving private corporations while pretending to serve the people."

DISTURBING THE PEACE.
Coming after Kaiser William's pacific speech and the reported favorable result of his meeting with King Edward, the action of Germany in notifying the signatories of the Algeciras agreement that she considered the actual situation of Morocco demanded the immediate recognition of the usurping sultan, comes as an unexpected bolt from the blue. The publication of the proposal before the powers have had an opportunity of considering it and resolving upon united action can only be taken as a direct attempt to secure a commanding influence with Mulai Hafid, who has successfully compassed the dethronement of his brother, Abd-el-Aziz.

According to the French official version, France and Spain, to whom the affairs of Morocco were entrusted, are engaged in preparing certain demands to be required from Mulai Hafid before his recognition by the concert of Europe. The course proposed was made known to the powers ten days ago, and no exception was taken to it by Germany or any other of the signatories. To all appearance the position taken by France and Spain was perfectly reasonable and proper, and it must be conceded was entirely loyal to the spirit and letter of the Algeciras act. This renders the action of Germany all the more inexplicable unless prompted by the desire to ingratiate herself with the new sultan.

What gives the incident even greater significance is the presumption that in virtually detaching itself from the arrangement made at the Morocco conference the German Government has again yielded to the influence of the aggressive colonial party. This section, representing the jingo element within the empire, is consumed with an insatiable earth hunger and has had considerable difficulty in finding the wherewithal to appease it. All the territories capable of white settlement are already pre-empted, and Morocco is about the only country of importance open to German exploitation. The colonial party viewed the results of the conference with great disfavor and the renewal of trouble is traceable to their activity.

WILLING TO SIGN BYLAW IF RATE IS ASSURED

Mayor of Galt Tells Justice Anglin His Only Reason for Opposing the Contract With Government.

Mayor Patterson of Galt needn't sign the power bylaw and contract with the Hydro-Electric Commission—just yet. He appeared before Justice Anglin at Galt's town hall yesterday when M. A. Secord, town solicitor of Galt, pressed a motion that his worship be compelled to sign.

Judgment was reserved pending a conference by Justice Anglin with Chief Justice Falconbridge and Justice Latchford, who have given decisions in similar cases affecting Hamilton and Brant.

Justice Anglin, however, seemed impressed with Mayor Patterson's objection that the bylaw should be made to specify a maximum at which the price of power should be obtainable. The contract schedule, he contended, gave only an estimate which he held failed to safeguard the people sufficiently.

Mr. Secord quoted from the letter written by the secretary of the Hydro-Electric Commission, stating that accompanying the contract, "This stipulation that the tender price not exceed the estimated price, the municipality should be consulted further."

"The honorable men," said Mr. Secord, "It is not a question of honor, but of contract. Secord then argued that the mayor could not refuse to obey council, but Patterson contended that the people should first vote on a money bylaw such as he was asked to sign."

A special despatch from Galt says: "The outcome of the mandamus proceedings instituted to compel Mayor Patterson to sign the Niagara power bylaw were awaited with much interest. M. A. Secord, solicitor for the petitioners, telegraphed from the Niagara reserved judgment to consult Judges Falconbridge and Latchford."

Mayor Carr, who opposes the bylaw, wired: "Judge Anglin rules Mayor Patterson's contention a right, it left to himself will so decide."

AUTO REFINEMENTS FOR 1909
New Wrinkles for the Comfort of Motorists.
Few radical changes are to be seen in the new autos for 1909. The tendency is now to important refinements. The display at the exhibition is giving visitors a chance to study these points, a \$50,000 showing of 1909 Russells under the grand stand consisting of about a dozen new cars.

One of these Russells is a "feature" as showing the extremes to which the Canada Cycle & Motor Co., Limited, is going in the direction of refinements.

This is the 1909 Model K—a luxurious touring car of 50 horse power, sold at \$400, and classed with \$600 imported cars. This year's hood is a new departure in a design of striking style, with a special enameled finish which adds greater distinction than excessive brass work and entails less care.

Among many other features are new shields that protect the radiator in the space between step and body and at other points. The makers claim that it is practically impossible for the road dust to reach the passengers.

The extreme luxury of upholstery and fittings—the neat removable coverings and compartments for hats and magazines are typical details showing careful planning.

The Russell exhibit naturally is attracting great attention.

WHOLESALE DISPLAYS AT TORONTO HOTELS

Enterprising Method of Reaching
Visiting Retailers During Ex-
hibition Time.

"Make a noise like an order" is the pithy request of a wholesaler on his bulletin at the King Edward Hotel. During exhibition time the seventh and eighth floors of this hotel present in the many spacious sample rooms a comprehensive industrial exposition. Manufacturers from various Canadian cities and some from the United States have their representatives present with as complete displays as possible of their latest designs and productions. The retail merchants of the Dominion find these displays at the King Edward and at other Toronto hotels most attractive, and they result in a large number of orders being placed as a result of the enterprise of the manufacturers and wholesalers who adopt this method of reaching prospective customers. Among those at the King Edward Hotel are:

Burns & Wanstall, London, Ontario, boots and shoes, room 817; M. J. Burns, R. Gregory and D. W. Vance, representatives. Staunton, Limited, wall paper, room 864. BARTON ANNEXATION.

Order for Union With Hamilton Passed by Municipal Board.

The Ontario Municipal Board yesterday made an order for the annexation to Hamilton of that portion of Barton Township on the mountain, bounded by Westworth-street on the west, on the south by the concession road, on the east by Lakeview-avenue extended to the brow of the mountain (the extension of the highway to take in the whole of the mountain to the east side thereof), and on the north by the brow of the mountain. The City of Hamilton is required to pay the township of Dec. 14, 1909, and thereafter annually for the period of the debtors' taxes, the sum which the property to be annexed would have been liable to contribute for payment of loans and debentures issued on behalf of school section No. 4 of the township for school purposes, if the property had remained part of the school section; and interest on other good roads debentures issued on behalf of the territory. A four-foot cement sidewalk is to be constructed on the fourth concession and on Sherman-avenue by the township, the city and township to share equally in the cost, and the city to maintain it. Until the city has taken operation a water supply for the annexed territory, the city shall not increase the taxes above the rate fixed for 1908.

All bylaws of the city respecting water rates and waterworks shall apply to the annexed territory. The order took effect yesterday.

SALE CALENDAR.

AT OSOODE HALL.

Wrote Inmate.

Giuseppe Casamassina has begun an action against Grant Brothers of Newmarket claiming damages for the alleged negligence of the defendants' workmen.

George Hamilton Leslie claims that on the 17th June last he was run down by an automobile belonging to Walter McKeown. Leslie is now claiming \$200 for the injuries he sustained.

Jennie Johnson alleges that F. W. Bickett wrongfully retained \$600 belonging to her. She has now issued a writ to recover the money.

The Canadian Newspaper Co. is asking the court for a mandatory order to compel the executors of the estate of R. G. McLean to print and publish the August issue of Outdoor Canada, pursuant to the terms of a certain agreement.

Hartman & Smiley of Cobalt have found it necessary to issue a writ to collect \$250 for solicitors fees in connection with work done for Mrs. Fung and Chen Yen.

To recover \$1278.30 on overdue promissory notes, Joseph M. Walker has begun proceedings against William A. Thomas of the Township of Whitchurch.

Master-in-Chambers Cartwright upon consent of the plaintiffs, dismissed the action brought by Gentle & Travis against Philip Manufacturing Co.

The application of The Canada Struck Co. to have the jury brought struck out in the action brought against it by Samuel J. Harris for \$1000, for alleged arrears of wages, was granted by Mr. Justice Anglin.

Toronto an order was made by the court to wind up the Canadian Oil Fields, Ltd. The company was incorporated in 1907 with its head office at Petrolia. The capital stock of the company is \$100,000, of which \$71,736 are said to be subscribed. Major-General Sir William J. Harris is president of the company. John D. Noble is appointed interim liquidator and a reference is directed to the master at St. James.

Mr. Justice Anglin granted the application of the Dearborn Duster Co. for an order winding up The Skeddens Bros. Co. of Hamilton. The company was incorporated in 1903 with a capital stock of \$40,000. An indebtedness of \$10,000 is due the Bank of Hamilton. Walter Anderson was appointed interim liquidator and a reference directed to the master at St. James.

Altho there were a dozen motions on the single court list for hearing, the court got thru the list in 20 minutes. In nearly every case adjournments were asked and an enlargement for two weeks was the result.

POLITICAL INTELLIGENCE

Hon. George P. Graham was in Toronto yesterday conferring with some of the provincial Liberal workers. He was asked regarding the appointment of Hon. Thomas Greenway, W. A. Galt, M.P., and Mayor D'Arcy Scott of Ottawa, as railway commissioners, and he denied that any appointments had been made. The matter had never been discussed in council.

It is believed, however, that these men will be appointed in the near future.

And now word comes from Peterborough that Hon. J. R. Stratton may be given the Liberal nomination in West for the Dominion election. Mr. Stratton has been in the city of Peterborough at an open convention yesterday, R. R. Hall, M.P., having consented to stand aside. This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some faint smudges and discoloration, characteristic of old paper. The left edge of the page shows the binding of the book, and the overall tone is a warm, off-white or light beige.

A TIME-TRIED INVESTMENT

This is not only one of the largest and strongest, but also one of the oldest of the Canadian financial institutions. It has a record of more than half a century of steadily increasing success, stability and strength. Its officers to be considered experts in the selection of choice safe securities for the investment of its funds. Its capital, fully paid, and Surplus, exceed eight and three-quarters million dollars.

Its record, experience and strength constitute it an unusually safe depository for savings, and its Debentures have long held a very high place in the estimation of those conservative, cautious investors, both in Great Britain and Canada, who prefer absolute safety to a high rate of interest. In Canada they are a legal investment for Trust Funds, and are accepted by the Canadian Government as the Deposit Required, to be made by Insurance Companies, etc.

We shall be glad to send you a specimen Debenture, a copy of our last Annual Report, and full particulars, on receipt of your address. Write for them to-day.

NEW YORK STOCKS ARE WEAK UNDER GENERAL SELLING

Typical Reaction on Wall Street; No Signs of Buoyancy at Toronto Exchange.

World Office, Thursday Evening, Sept. 3.

It was acknowledged among brokers to-day that the Toronto market gave evidence of being hard to bull. Bidders for shares were easily accommodated with supplies, and it was only due to inside support that prices maintained the steadiness witnessed. There was considerable less activity on the exchange to-day than there has been, due mainly to the pools withholding orders for effect. The only pressure against prices came from actual holders of shares. The professional element in the market are making tentative short sales in the South Americans, but the supporting interests in these are keeping a close tab on the transactions and thereby scaring off those who think the stocks are far too high. Twin City was weak to-day on New York transactions, and it is assumed that the selling is brought about by the illness of the president of the company. Notwithstanding a comparison between the values of Toronto Ralls and Montreal Ralls, the former stock continued to dribble out on every favorable bid to-day. The market on the whole had a weak undertone, and closed without a symptom of buoyancy.

MARKET AFFECTED BY APATHY OF INVESTORS.

World Office, Thursday Evening, Sept. 3.

There was nothing remarkable about to-day's local market except perhaps that part of the dealings were shifted from the spectacular speculative issues into the more staid securities. Tips on Rio, Sao Paulo and Mexicans are much more plentiful than they were, and incoming buyers are doubtless assisting the pools in keeping the prices of these shares intact. All sorts of attempts, newspaper and otherwise, are being made to make speculators believe that certain securities are cheap. These attempts are not usually without a certain amount of success. A good many stocks are selling low compared with the dividend return, but nothing except an apathetic investment demand is responsible for this. For the time being the gloss seems to be off a rising market.

NATIONAL TRUST COMPANY LIMITED

Dividend No. 35.

Notice is hereby given that a dividend of Two Per Cent. upon the paid-up capital stock of this Company has been declared for the current quarter, being at the rate of Eight Per Cent. Per Annum, together with a bonus of One-half of One Per Cent. for the six months ending June 30, 1908, and that the same will be payable on and after Thursday, the first day of October next.

The Transfer Books will be closed from the 21st to the 30th of September, 1908, both days inclusive.

By order of the Board.

Toronto, Sept. 2, 1908.

W. T. WHITE,
General Manager.

Reactionary tendencies were exhibited in to-day's stock market and although some strength was shown in spots the general movement was downward. The bearish demonstration in American Smelters had an unsettling influence during the first hour, but prices enjoyed a good rally afterwards, only to be met with renewed pressure, offerings by London houses being in considerable volume and exciting some uneasiness as to the outcome of the present tension between Germany and France over the Moroccan situation. Cables reported a conference between the leading powers over the latest developments and indicated considerable irritation over Germany's attitude. While this matter may have influenced the foreign selling to some extent, however, more attention was paid locally to the apathy of the larger bull interests, who the apparently taking stocks on the recessions, displayed no aggressiveness, the impression prevailing that a fair reaction would be welcomed. The known lateness of the corn crop and the possibility of a frost scare developing within the next few weeks was also discussed in the market and was also responsible for some selling. There were no indications of important liquidation, however, and as stated above, the apathy of the larger interests furnished the chief encouragement to bearish operations. In the afternoon the pressure became more pronounced and continued to the close, which was weak.

LOSS OF MANY MILLIONS.
Estimated That 25,000,000 of Accessible Timber is Gone.

VICTORIA, B.C., Sept. 3.—The heavy rains of the past few days have worked incalculable good in all but extinguishing the forest fires that have for weeks been raging in the Cowichan district, and thence toward the heart of Vancouver Island.

The cream of the island's most accessible timber wealth has been locked up by fires.

It is estimated that forest fires thus far this season throughout British Columbia have caused losses approximating \$25,000,000.

J. W. CURRY HOME AGAIN.
J. W. Curry, K.C., has returned from a trip to Cuba, where he has been visiting his fruit farm near Havana. He went by way of Quebec, St. John and Nassau. Mr. Curry states that the City of Havana has greatly improved since his former visit. The twin Cuban pests, yellow fever and mosquitoes, have been obliterated and the island is flourishing under the American temporary rule.

Style is a distinctive feature of Dineen Furs. Everything here is spic-span new and in keeping with the latest fashion ideas. While quality is always the leading consideration with us, every garment is up to the last minute for style.

The seller's reputation should figure in buying furs. Find out what people generally think of Dineen's and then see for yourself what we call style and novelty.

Lightning caused the destruction by fire of the smelter at Deseronto, for which the Standard Chemical Co. of Toronto had been negotiating. Loss \$100,000. The Chemical Company loses a few ears of charcoal.

J. S. Larke, Canadian trade commissioner at Sydney, Australia, strongly advises Canadians not to go to Australia with the idea of settling unless they have sufficient means to keep them a considerable time.

Thomas McGrath was fined \$75 and costs with an option of three months in jail in police court yesterday morning for selling liquor on the steamer Kingston. For selling on the Toronto River, McGrath was fined \$100.

As a creditor to the extent of \$15 for funeral expenses, Julius A. Humphrey, undertaker, has applied to administer the estate of Matthew Pitel, a laborer, who died on June 24 last. His estate is \$20.02 in the hands of the police.

Several paper mills in N. Y. State will reopen next week if the men will agree to a cut in wages.

Abd-el-Aziz, Sultan of Morocco, will give up the struggle in Morocco. Residents in Addington County are fighting bush fires.

STIRLING MAN'S MISFORTUNE.

CINCINNATI, Ohio, Sept. 2.—(Special.)—M. D. Boland of Stirling, Ont., was robbed to-day of his money, baggage and a moving picture paraphernalia at the railway depot here.

Another Triumph for the Heintzman & Co. Piano.

In a short time the Sheffield Choir, probably the finest musical organization in Great Britain, will cross the Atlantic to give a series of concerts in the leading cities of Canada. The management have selected a piano of the old firm of Heintzman & Co. to be used at all concerts. Coming closely upon the high compliment paid this firm by the Prince of Wales in selecting a diminutive grand piano for use in his private apartments at the Citadel, Quebec, tercentenary week, citizens generally have reason to be proud of the distinction won by this Canadian house.

WEST TORONTO COUNCIL TALK SUBURBAN LINE

Will go Over Proposed Route With Mr. Royce—Death of County Engineer McDougall.

WEST TORONTO, Sept. 3.—On Monday morning next the members of the West Toronto council will meet at the Suburban Railway Company's office on Dundas-street, and in company with Manager George Royce will go over the Evelyn-crescent route to inspect the proposed new suburban line to Swansea. This procedure was decided on at the meeting of the executive committee to-night, after Manager Royce had explained some difficulties that lay in the way of another route, which is favored by some of the aldermen.

Some remarks were made about the annexation conference on Wednesday at to-night's meeting. "I intend," said Mayor Baird, "to press our claim that West Toronto be made a separate ward." "I don't think there is any necessity for a clause in the annexation agreement referring to the West Toronto officials," said Mayor Baird. "We have the assurance of the board of control that they will be dealt with considerably."

The fate of local option was also spoken of, but the aldermen seemed far from taking an alarmist view of the situation. Whatever the people decide on will be done, was the unanimous opinion.

A street car took fire at Keele and Dundas-street y shortly after 11 o'clock last night. The men from No. 3 fire hall were called out, but the blaze was extinguished with a pail of water.

A steel brake rod weighing about 15 lbs. fell from a C.P.R. engine last night thru the Keele-street subway and landed on the street below. No one was injured.

William Belrose of Albert-avenue died last night, aged 65 years.

City Treasurer Jackson to-day deposited in the Citizens' Bank the sum of \$50, presented to the West Toronto fire department by the Union Stock Yards Company.

A picked team from the West Toronto Baseball League will play the Strathconas of Toronto on Saturday afternoon.

NORTH TORONTO.

Court of Revision Confirms Proposed Improvements.

Mayor Oliver yesterday received from Town Clerk W. J. Douglas of North Toronto an official letter requesting on behalf of the town council a conference with the board of control to discuss the question of annexation. A former communication along the same lines was thru some oversight mislaid, but prompt acquiescence on the part of the board was assured.

It is probable that a date will be arranged for a joint conference within the next few days. The movement has made rapid headway in northern suburb, and the town council and citizens generally are said to be heartily in favor of union with the city.

PICKERING.

Large Concourse Attend Funeral of Late Mr. Reazin.

PICKERING, Sept. 3.—And still there appears nothing new about our school question. The sidewalks are being sanded in places where planks are out.

George Davidson & Sons of Cherrywood are exhibiting horses at the fair again.

The funeral of the late W. J. Reazin took place on Wednesday, to the Friends' Burying ground, followed by a large concourse of friends. Deceased was 64 years old and a lifelong resident of the township. He leaves a widow and two sons.

James Richardson, one of the youngest merchants of Pickering, took a wife unto himself on Wednesday, in the person of Miss Florence May Gibson of Manila. The marriage was performed by the Rev. Mr. Bell of Pickering, at the residence of the bride's sister, Mrs. Lorne Squires of the base line. About 60 friends were present. The happy couple, who are highly respected, left on the evening train and will arrive on their journey in northern Ontario. Upon their return they will live in the Logan Cottage, which the groom recently purchased.

NORTH TORONTO NEXT.

Now It's the Pretty Little Northern Town Wants to Come In.

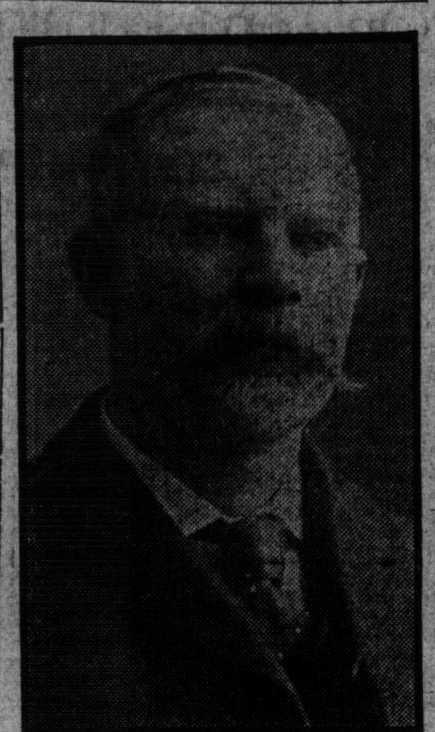

NORTH TORONTO, Sept. 3.—A court of revision was held to-night with respect to the laying of concrete sidewalks and water mains on different streets, and to confirm and apportion the frontage measurements. The sidewalk improvement on Glencairn-avenue, south side, was opposed by Mr. Gilles, acting for Chas. Miller. The petition being sufficiently signed without Miller's signature the court passed this improvement.

These local improvements were passed. Concrete sidewalk on Merton-street, north side, and sewer on Reehampton-avenue, north side, water mains on Erskine and Hawthorne-avenues.

At the meeting of the board of works committee, Councillor S. J. Downes made application for permission to lay a cellar drain from the Eglington Methodist Church, which was granted. He also asked for a bridge from Yonge-street to the church, but the committee could not see their way clear to that, as they refuse to lay entrances to private property.

The clerk was instructed to communicate with the president of the Ratepayers' Association re money on hand for the tree planting scheme.

Residents on Smith-avenue complained that Mr. Nelson did not comply with his promise of carrying his surface water from his house on Montgomery-avenue to a paper out-

For Many Years Engineer for York County.

let. They also asked that Smith-avenue should be graded and a promise to that effect was given.

Apart from passing a few accounts, the only matter that came before the school board's attention to-night was further consideration of the necessity of erecting a new washroom in the northern section of the town.

Mr. Le Gras reported on the purchase of a lot suggested on Yonge-street. Fifty dollars a foot was asked, the price seemingly being prohibitive. A lot on Lawrence's side line was suggested, which would be reasonable. The total cost of the lot and school equipment and teacher and caretaking for the year would amount to about \$500.

The consideration of the matter was, however, deferred for the present, it being understood that another special meeting of the board will be called during the month.

Herbert Crawley, having disposed of his residence to Robert Lawrence, has begun the erection of a new house on Kensington-avenue.

J. Terry has sold his store to Mr. Dowson. Mr. Perry purchased the Crookford estate and taken possession of it.

Chief Collins has summoned several citizens to appear in the police court next Monday for violation of the Medical Health Act.

Architect Gregg took the levels to-day for the erection of the new Presbyterian Church on the corner of Yonge-street and Hawthorne-avenue.

BROUGHAM.

Newsp Notes Collected From Pickering Township.

BROUGHAM, Sept. 3.—Messrs. Chas. Mackey, Charles Stevenson and John Carver of Kincaid left this week for a trip to the west.

Mr. Stott of Charnott is holding an auction sale of his farm stock soon. For further notice keep an eye on the farm pages.

P. L. Green of Greenwood is rebuilding his creamery, and the farmers who are interested in creamery butter should co-operate with him in some way, so that better dairying facilities should result in South Ontario.

DOVERCOURT.

DOVERCOURT, Sept. 3.—Miss Gilchrist, who resides at 487 Ossington-avenue, will undertake deaconess work at the clearing of these shrubs, the regular price of which are \$1.00, \$1.25 and \$1.50.

NORWAY.

First Annual Event on Monday Promises Well.

NORWAY, Sept. 3.—The first annual flower and vegetable show of the Norway Horticultural Society will be held on Labor Day, Monday, Sept. 7, under the patronage of Alex. McCowan, M. L. A., who has taken a deep interest in the matter and will formally open the show.

It is expected that the display of flowers and vegetables will be most creditable to the district, wherein are many enthusiastic horticulturists.

An excellent band will be present, and John Riggall will be judge of the exhibit. Besides the flower and vegetable show there will be athletic events of all kinds, for which generous prizes will be given. The show will be held in the field belonging to J. J. Dixon, at the corner of Queen-street and Woodbine-avenue. The officers of the association are: John Clarke, president; P. H. Farthing, vice-president; W. Allan, secretary-treasurer; and George Stephenson, assistant secretary.
