BRITISH OFF ON ANOTHER DRIVE

Haig's Troops Attack In Early Hour of Morn

Early Success Achieved is Report—Germans Attack French on the Aisne Front But Are Unsuccessful

London, Oct. 30.—The British attacked on the Flanders front early this morning. Good progress is reported by the war office. The announcement follows.

"One-forty-five o'clock this morning we attacked north of the Ypres-Roulers railway. Our troops are reported to be making good progress."

London, Oct. 30.—The official statement from British headquarters in France and Belgium last night reads: "A detachment of Infantry Divisions entered the enemy trenches this afternoon northeast of Croisilles (southeast of Arras) and captured a few prisoners. Successful raids in which some prisoners were taken were carried out early this morning by Belgian troops north and south of Dixmude. On the battle front the hostile artillery has been active north of the Ypres-Roulers railway. Our own artillery has shown great activity northeast of Ypres."

"Aviation.—On Sunday the weather was fine but a thick haze overhung the lines, greatly hindering work in the air. Our low flying airplanes fired a great many rounds at the enemy troops in their trenches and shell holes. During the day more than 100 bombs were dropped by us on hostile aerodromes and billets. At night the hostile aerodromes, the Courtrai station and the billets and railway station in the neighborhood of Roulers were bombed. There was not much fighting owing to the weather. One German machine was brought down and one was driven out of control. One of our machines is missing."

French Report

Paris, Oct. 30.—A German attack on the Aisne front near Cerny was repulsed last night by the French. The war office announcement follows:

"South of St. Quentin we made a successful attack on the German lines, bringing back prisoners and a machine. "There were artillery engagements near Chavignon and Pergny-Filain. Patrols were active in the region of the canal. A strong enemy detachment which attempted to approach our lines in the region of Cerny was repulsed with losses."

"On the right bank of the Meuse (Verdun front), heavy artillery fighting continued in the sector between Woeireux and Bezonvaux. We recaptured further trench elements on the Caucieres crest. Everywhere else the night was calm."

"Last night enemy aviators bombarded Nancy and the region north of the city. One person was wounded. The damage was insignificant."

RUSSIANS HOLD 130 GERMAN DIVISIONS

London, Oct. 30.—Telegraphing from Petrograd, the correspondent of the Exchange Telegraph quotes General Verkhovskiy, minister of war, as rebuking "those who have talked of the disappearance of the Russian army."

"The war minister declared that these persons had forgotten that the Russians hold on their front no fewer than 130 German divisions."

The foreign minister said the absolute independence of Courland, and perhaps of Poland and Lithuania, was impossible, as it would mean that Russia would return to the days before Peter. He also asserted that complete demobilization and the neutralization of canals and straits were impossible."

Russia's foreign policy had not changed, the minister continued, since the first statement enunciating the principles of no indemnities, no annexations and the right of nations to self-determination.

"The people must understand that the war is being carried on, not by governments but by nations," he added. "As the nations began the fighting, so they must end it. Russia and France first held back the foe, and so they continue."

M. Terestchenko declared that the offer for a separate peace and the sentiment in favor of them were stronger last May, when they were followed by the Russian offensive.

Petrograd, Oct. 29.—Foreign Minister Terestchenko in addressing the preliminary parliament today said a separate peace was impossible, and that defence of Russian territory was one of the fundamental needs.

"The people must understand that the war is being carried on, not by governments but by nations," he added. "As the nations began the fighting, so they must end it. Russia and France first held back the foe, and so they continue."

ROGERS SAYS HE WILL NOT RUN

Refuses To Consider Being Candidate In Election

CROTHERS GETS NOMINATION

Proposal to Divide Union Candidates in West Among Conservatives, Liberals and Grain Growers—Notes From Several Places

Winnipeg, Oct. 30.—Hon. Robert Rogers has refused to allow his name to be submitted to the fusionist committee of South Winnipeg, because he says he finds it impossible to change his mind to be a candidate.

Proposal for West

Portage La Prairie, Man., Oct. 30.—Hon. Arthur Meighen, formerly Conservative member for this riding and now a member of the new union government, together with E. McPherson, Liberal member of Portage in the Manitoba legislature, addressed a large meeting here last night. The feeling of the audience was intensely patriotic. The appeals of both speakers for the victory loan made a deep impression, and the appeal of Mr. Meighen for earnest win-the-war endeavors was cheered to the echo. His picture of the urgency for making effective progress against the Central Powers made a deep impression, and there was every evidence of a grim determination to fight to the last man and the last dollar.

Mr. Meighen explained the proposal to divide the unionist candidates in the west among the Conservatives, the Liberals, and the grain growers. He said that such a division was necessary in order to avoid confusion. There would be no dictation about it.

Crotthers in West Elgin

Dutton, Ont., Oct. 30.—Hon. Thomas Crotthers was the unanimous choice of West Elgin Conservatives in the coming election at a largely attended convention held here yesterday.

Union in Humboldt

Humboldt, Sask., Oct. 30.—The executive of both the Liberal and Conservative parties of Humboldt have decided to unite as a win-the-war committee. Arrangements have been made to hold a union convention on November 7.

Two Candidates

Edmonton, Oct. 30.—C. D. W. Blair, provost of Alberta, will contest the coming election in Battle River as the candidate of the new union government. D. Warner is the Liberal candidate in the new riding.

Liberal Resigns

Brampton, Ont., Oct. 30.—At a general meeting of the executive of Peel County Liberal Association here yesterday, Benjamin Petch, Liberal candidate for Peel, tendered his resignation, in order that the association might be free to meet the Peel Conservative Association for the purpose of choosing a union candidate.

In North York

New Market, Ont., Oct. 30.—J. Armstrong, who has represented North York in parliament for the last six years, has been endorsed by the North York Liberal-Conservative Association executive as a win-the-war candidate in the constituency.

Tupper May Run

Vancouver, Oct. 30.—Sir Charles Hibbert Tupper may enter Dominion politics. Yesterday he received several deputations urging him to run in Vancouver for the Conservative unionist candidate. He assured the deputation he would take it into consideration.

Anniversary of Heroic Death of Fred Young

British Asked for Four Hundred More Millions for the War

OPENING OF MONTREAL STOCK EXCHANGE DELAYED TODAY; MINIMUM PRICES DECIDED ON; THINGS WERE GOING BAD

Montreal, Oct. 30.—The Montreal stock exchange was not opened as usual this morning. Unofficially it was explained that the exchange was closed because some brokers are in danger of ruin on account of their heavy holdings and inability to dispose of them on the bad markets of recent days.

It was decided to open the market at eleven o'clock. Minimum prices will be established similar to those introduced when the exchange opened in 1915, after the closing down due to the war.

Toronto, Oct. 30.—On receiving the news that the Montreal Stock Exchange was not opened this morning, the members of the Toronto Stock Exchange discussed for half an hour from ten fifty a.m., while they held a meeting to discuss the situation. Later it was announced that Toronto brokers had decided upon a minimum price for trading, based on last night's closing prices.

LATER

Montreal, Oct. 30.—It was officially stated that none of the brokers are actually on the brink of failure, and that the closing of the market was a precautionary measure only.

C. P. R. LOSSES SIX POINTS

New York, Oct. 30.—Officers of the New York Stock Exchange were surprised at the news of the temporary closing of the Montreal Stock Exchange, in view of the unsettled conditions which have for some time confronted the Dominion markets. The closing of the market was regarded as the only safe and conservative course in the face of this situation.

Canadian Pacific, in Wall Street today, was again the weakest of the railroad stocks, declining six points to 182 5/8—its lowest record for near thirteen years. This stock was the weakest of the standard issues in the recent protracted period of liquidation. It was generally believed that much of the liquidation came from foreign sources, particularly from German interests which had Canadian Pacific been a favorite. Today's development at Montreal, however, is assumed here to indicate that much of the selling of Canadian Pacific on the New York exchange during the last fortnight came from Canadian sources, this centre naturally offering broader fields for the liquidation of that stock.

Feeling in London

London, Oct. 30.—Satisfaction with the decision of Great Britain and France to help the Italians is expressed by most of the morning newspapers, which again urge that whatever assistance is possible must be given without delay. There is, of course, no certain indication of the exact form this help will take, but the general assumption seems to be that concrete reinforcements contributed by Great Britain and France will appear on the Italian front.

While some commentators today take a somewhat gloomy view of the situation others believe that the Italians will recover and that the Germans will gain any permanent advantage.

More German Troops

London, Oct. 30.—A despatch to the Exchange Telegraph from Rome says that the Austro-German offensive against Italy, according to reports from Berne, was not undertaken in an aggressive spirit with the object of conquest, but solely to bring peace nearer.

Anniversary of Heroic Death of Fred Young

Twenty-seven years ago today, on October 30, 1890, the city of St. John was startled by the news that a young man and a boy were struggling for lives in the mountainous waters which swept the waters of Courtenay Bay. Thousands flocked to the wharves and shores along the bay to witness the grim struggle which the young man so gallantly waged for the life of the boy and for his own safety. The memory of that prolonged battle with the elements is still fresh in the memory of many snow burials.

The drama which so many witnessed proved to be a tragedy and both lives were lost, but Fred Young that day gained a place in the annals of the city which will not soon be forgotten. Fred Munde had fallen over the wharf and Young went after him in an effort to save his life. Circumstances were against him and both were lost.

THE CORN MARKET.

Chicago, Oct. 30.—Cold weather, likely to stop damage to corn and to increase receipts, tended today to ease the corn market. Assertions that the corn temperature would bring about greater demand for feeding led to a little rally, but the market failed to last. Trading lacked volume.

BRITISH ASKED FOR FOUR HUNDRED MORE MILLIONS FOR THE WAR

London, Oct. 30.—The House of Commons had before it at today's session the introduction, by Andrew Bonar Law, chancellor of the exchequer, of a vote of credit for £400,000,000 and one of the chancellor's periodical statements regarding the financial state of the war. The amounts which the house is asked to vote is expected to be sufficient to last until the end of the year, when another vote will have to be brought forward.

THE VOTE TODAY WILL BRING THE TOTAL LOANS FOR THE YEAR TO £1,000,000,000, AND THE TOTAL SINCE THE COMMENCEMENT OF THE WAR TO \$2,692,000,000.

The debate through the various stages of four days and a variety of subjects will be discussed.

On Thursday Sir Eric Campbell Geddes, first lord of the admiralty, will make his first announcement on naval policy.

Lower Lakes and Georgian Bay—Westerly gales, partly fair, becoming cold; snow flurries; Wednesday, fresh westerly winds, cold and partly fair.

Upper St. Lawrence and Ottawa Valley—Westerly gales, clearing before night, becoming colder Wednesday, strong westerly winds, colder with local snow flurries.

Lower St. Lawrence, Gulf and North Shore—Fresh to heavy southeast, shifting to southwest gales, partly fair and becoming colder.

Gales, Clearing, Colder.

Maritime—South veering to southwest and west gales with rain; Wednesday, westerly gales, clearing and colder.

Superior—Moderate northwest gales, cold with snow flurries; Wednesday, fresh westerly winds, cold with light snow falls.

Montreal and Saskatchewan—Continued cold with light local snow falls.

Alberta—Fair and milder.

New England—Rain this afternoon, clearing early tonight and much colder; Wednesday, fair and colder; strong west to northwest winds.

Weather Report

Issued by Authority of the Department of Marine and Fisheries, R. F. Sturges, director of meteorological service

Plans of American Vessels Are Seized

San Francisco, Oct. 30.—Comprehensive plans of war vessels being constructed for the United States government at a shipbuilding plant here were seized by federal officers yesterday in a raid upon the home of John Kulliff, a mechanic, who is under arrest charged with taking pictures of the plant.

Joint Military Committee for Defence of Petrograd

Foreign Minister Says Germany Insincere In Recent Peace Offer and That She Will Bid Again

Udine In The Hands of Enemy

Austro-Germans Said To Have Captured Former Italian Army Headquarters

Berlin, Oct. 30.—Udine, the former Italian headquarters, has been occupied by Austro-German forces. Army headquarters announced this today.

Retreat Continues

Rome, Oct. 30.—The Italian retreat continued yesterday, the war office announces. The Italian cavalry is in contact with the vanguards of the advancing enemy.

The Italians destroyed bridges over the Isonto and fought rear guard actions, by which means they checked the Austro-German advance.

Supreme Test of Army

Rome, Oct. 30.—(Delayed)—All Italy is standing a supreme test as a result of the combined German and Austro-Hungarian offensive on the eastern front. The tone of the press is courageous, despite the set backs that thus far have been reported. The newspapers agree that the Germans are aiding the Austrians in the belief that Italy is starving, rent by eternal discords and ready to desert the Entente. Also they say Italy offered the best grounds for a new success with the German armies which were found to be no longer needed on the Russian front.

The reason for the attack through the Tolmino region is asserted to be partly due to the opportunity provided for threatening the outflanking of the entire Carso Plateau and the lower Isonto, where Italians long have sought to penetrate the passes of Tolmino, through which lie the railroads running into the heart of Austria.

One incident of the retreat of the Italians has been the defence of Monte Nero where most fierce fighting took place for an entire week, with Italians able to retreat, but refusing to do so. This gallant defence was made because Monte Nero literally has been consecrated with the blood of Italians since the commencement of the war.

Feeling in London

London, Oct. 30.—Satisfaction with the decision of Great Britain and France to help the Italians is expressed by most of the morning newspapers, which again urge that whatever assistance is possible must be given without delay. There is, of course, no certain indication of the exact form this help will take, but the general assumption seems to be that concrete reinforcements contributed by Great Britain and France will appear on the Italian front.

Good Things Coming to Theatres of St. John

Be Sure You Receive a Halloween Photo of Pearl White At Unique Tomorrow

Those who attend the matinee at four o'clock and the evening performance tomorrow will receive a novelty Halloween photo of Miss Pearl White. Excellent picture programme. Farewell of Arlington Orchestra.

REAL PLAYERS IN BIG SHOW NEXT WEEK

An unexpected treat is on the way to St. John. It will take place on Wednesday and Thursday, Nov. 7 and 8, when members of "The Brat" Company arrive to give their performance at Imperial Theatre. This splendid play is to be performed by a cast specially selected by the management because of their ability and fitness for the parts they are playing. "The Brat," Oliver Morosco's comedy success, is a human, appealing play, with a laugh a minute and a tear or two. A polite and gentle rap at the so-called "respectable" people is tempered with a love interest which makes the heart throb. The story tells of "the brat," a homeless street walf who is taken from the night court by Macmillan Forester, a novelist, who is searching for material for his latest novel upon which he is unable to work owing to lack of types and inspiration. He takes the young girl into his home that he may study her habits. She upsets the household but scatters sunshine and good cheer about and gives an incentive to Stephen, the younger son who has been leading a life of drunkenness, to straighten up and become more useful. In gratitude to the novelist for his kind treatment, she consents to marry him, but her heart goes out to Stephen and together they start for his ranch in Wyoming. Rea Martin, who plays the title role, is the clever young actress of whom Alan Dale, that most astute critic, said: "The cleverest young actress in America today." "The Brat" Miss Martin has a part that suited to her talents in every way and she makes the most of it, surpassing all her previous efforts. She has in her support the following well-known players: Bert L. Robinson, Arthur La Rue, Arthur Pacific-Ripple, Leonora Gnite, Edna N. Holland (the talented daughter of the noted character, the late E. M. Holland), Dorothy Baldwin and Vivian Suckling. Seat sale starts at Imperial box office tomorrow at 10 a.m.

Last Time To See Harry Grady At Lyric Tonight

Do not miss seeing the comedy play "Being Produced by Harry Grady" at Lyric, entitled "The Marriage of a Fool" Last time tonight. Also starting Mutual masterpiece, "The Bird's Silence." New vaudeville tomorrow.

IT'S A REALLY GOOD BILL AT OPERA HOUSE

One of the best vaudeville programmes of the season is at the Opera House this week—lots of clean, hearty laughs, a little thrill here and there—plenty of novelty, the whole making a real show and the kind that helps you to spend a pleasant evening. Five first class acts and the second chapter of the new dramatic serial photo play, "The Gray Ghost," taken from the famous Saturday Evening Post story, "Loot," with Eddie Polo in a prominent role. Two shows this evening at 7:30 and 9—every evening at 8:30. People's little prices.

"THE BRAT" SEAT SALE TOMORROW

Seats for the New York production of Maul Fulton's famous comedy, "The Brat," will be placed on sale at the Imperial box office tomorrow, starting at 10 a.m. The prices are as follows: Boxes, \$2; orchestra, \$1.50; last four rows orchestra, \$1; front rows balcony, \$1.50; balance of balcony \$1; rear balcony, 50c. The matinee prices are: Downstairs, \$1 and 75c; balcony, \$1 and 50c; rear balcony, 50c.

AT THE GEM

You'll enjoy tonight's programme—George Walsh in "The Book Agent," Lillian Calvert, character songstress, and The Boltons, who have made such a hit. Last times tonight at 7:15 and 8:45. Tomorrow new vaudeville and Carly Blackwell in "The Clarion."

Notice of Births, Marriages and Deaths, 50c.

MARRIAGES

MORAN-McNEELY—At 8 o'clock this morning, in the Church of the Assumption, West St. John, by Rev. J. J. O'Donovan, Joseph Edward Moran to Estella Aton McNeely, daughter of Elizabeth and the late Edward McNeely, 122 St. James street, west.

DEATHS

GODWIN—In this city on the 29th inst., Rebecca, wife of the late Geo. W. Currle, leaving two sons and two daughters to mourn. Funeral on Wednesday afternoon at 2:30 o'clock from his late residence, 119 Queen street. Friends invited. COX—At White's Cove, Queens county, on the 28th inst., Caroline R., wife of M. Wellington Cox, and daughter of the late S. V. White, leaving her husband, one son and one daughter to mourn. Funeral Thursday, 2:30, from her late residence, 50 Clarence street. W. Currle, leaving two sons and two daughters to mourn. MAWHINNEY—In Boston, Mass., on Oct. 20, D. J. Mawhinney (Walsh), leaving a wife, one son and one daughter to mourn. Interment in Boston.

USE THE WANT AD WAY

Huns Driven Back 1,000 Yards Today; Canadians Are Helping

British Front in Belgium, Oct. 30.—(By the Associated Press)—At an early hour today the Canadians had taken a stand in the neighbourhood of the famous Crest Farm, only 400 yards from the heart of the town of Passchendaele. London, Oct. 30.—The Germans have been driven back in places to a depth of nearly 1,000 yards in today's British drive, says Reuter's correspondent at British headquarters. The principal fighting is taking place towards the outskirts of Passchendaele and in the region of Poelcapelle. The British are reported to have fought their way along several important spurs of the great system of ridges. The Canadians quickly gained a great part of their objective. The fighting today was on a more limited front than the battle of last Friday. The weather was fine.

N. Y. SUGAR FAMINE RELIEVED BY BRITISH

Royal Commission Puts on Market 23,000 Tons Bought for Export and Will Release More (N. Y. Times, Sunday.) George M. Rolph, chairman of the International Sugar Committee of the Federal Food Administration yesterday announced that 43,250 tons of sugar owned by the Allies and neutral nations were being drawn upon to meet the shortage in the American market. The release of part of the stocks owned by the Allies was obtained through Sir Joseph White Todd and John Kassam, Drake, of the British Food Commission, who are now in New York. "There is today in New York city or thereabouts," said Mr. Rolph, "43,250 tons of sugar owned and paid for by foreign countries, allies and neutrals. For three weeks the Food Administration at Washington has been in negotiation with London, seeking the release of this sugar. Early this week 7,750 tons of sugar were released and a large part of it has already been distributed to the trade. Friday 38,000 tons additional were released by the Royal Commission, with authority to dispose of it in this country granted. The distribution of this sugar has already begun. The balance amounting to 16,500 tons, has not as yet been released, but it is hoped that the negotiations will be completed some time next week. The release of the 20,000 tons will do much to relieve the present shortage and tide over the situation until arrival of the first Louisiana sugar. If the 16,500 tons under negotiation comes onto the market shortly the entire situation will be clarified immediately." W. R. Grace & Co. yesterday pointed out that the sugar they were reported to be holding was owned by the allies or neutral interests and that the owners alone could agree to its sale.

J. E. WATTERS AGAIN RAPS GOVERNMENT

Labor Leader, Speaking at Moncton, Says Labor Has Made Demands for Measures for Winning the War. (Special to The Telegraph.) Moncton, Oct. 29.—J. E. Watters, president of the Trades and Labor Congress, addressed a largely attended meeting at Market hall this evening on the political situation from the standpoint of labor. James Blackwood, chairman of the system's federation, presided. On the platform were several members of that organization. Mr. Watters spoke at length. He declared that labor and the nation, but had criticized the government. "I challenge any man to place his finger on anything I have ever said or done that was disloyal to the nation," said Watters. "But I have attacked profiteering interests. Labor has urged the government to do things towards winning the war, but has not placed obstacles in the government's way. Trade unionists have made the supreme sacrifice. Go into lodge rooms and you will see their names." Mr. Watters said the government had muddled things. He said the military service act which has been placed upon the statute books would be obeyed, but argued that the government should have conscripted wealth. He said the government should have conscripted everything in shape of material supplies. The labor congress had urged the government to appoint a man like Dr. J. W. Robertson to investigate the food situation and advise farmers what to grow and the government was urged to eliminate profiteering. At the close of his address he was tendered a vote of thanks.

FIREMEN IN TROUBLE

Chicago, Oct. 30.—Eight city firemen, alleged to be involved in a series of safe robberies, are under arrest today on orders from State Attorney Hoyt.

HALIFAX EVENING SCHOOLS

In connection with the evening classes to be opened in Centennial School it is worth while to note what Halifax is doing. Saturday's Echo says: "The Technical School classes have now entered upon the 1917-18 and with splendid prospects of doing good work. During the week, since the opening of the evening classes, there have been organized and regular sessions started. Though about 550 pupils enrolled in the opening evening more have been joining classes since and others will do so during the coming week, so that the total is expected to reach about 800. The automobile engine instruction has so many applicants that five different classes have had to be opened, including one for women. There are three arithmetic and three bookkeeping classes. Two architectural drawing (1st and 2nd year), six dressmaking (and there may be another), three millinery, two mechanical drawing (1st and 2nd year), two elementary electricity (1st and 2nd), and one in each of the other branches."

More Money For France

Washington, Oct. 30.—Ten million dollars more was advanced to France today by the United States government, bringing credits to the Allies to the total of \$2,866,400,000.

LOCAL NEWS

RUMMAGE SALE The annual rummage sale of the Daughters of Israel will be held Wednesday and Thursday, Oct. 31 and Nov. 1 at 17 Brussels street.

RAINY WEATHER Today being disagreeable we will extend our children's week until tomorrow night.—The Reid Studio, corner Charlotte and King streets.

Watch for our window display of premiums Wednesday. They are all to be had free with the coupons given away at Louis Green's, 89 Charlotte street, with every purchase of cigars, cigarettes, pipes and tobacco.

FREE SAMPLES Call at our office for a sample of National Cream Tartar Compound. It is cheaper than cream of tartar, and mended man in the home. Dearborn & Co., Ltd., Prince William street. 10-31

St. Andrews Rink has been the scene of many activities, but never in its history will it hold a more historic entertainment than during the week of November 5 to 10. During that week the Loyalist Chapter will conduct under their auspices the war trophy exhibit. This event will be heralded with interest by all. Entire proceeds for Red Cross and Navy League.

REVIVAL SERVICES At the revival in the Coburg street Christian church on Monday night, there was a very excellent devotional service. The large chorus led the music as usual. Rev. J. C. B. Appel offered prayer, the revivalists sang "The Blessed Hope." Three young men responded to the gospel invitation.

TOURING THE COUNTRY BY AUTO L. D. Nolen and W. McEwan representing the Champion Spark Plug Co., of Canada, Ltd., are in the city for a few days having arrived by automobile from Windsor, Ont. They are going through to Halifax in a day or so, and from there to the west end of the province on the Pacific Coast.

These gentlemen are in this way getting acquainted with the immediate local conditions in the territory in which the Champion spark plug is used; and are supplementing the advertising appearing in the newspapers and on the boards of the territory.

An increased sale of their spark plugs is reported, and no matter how severe the demand may be on it.

FISH AND POTATOES

To the Editor of The Toronto Globe: I do not wish to find fault with a man when he is sincerely doing his best; but the policy of Mr. Hanna, the food controller, is either one of insincerity or inability to help the consumer. The fish business as it is working out is to make the poor poorer and the rich richer. Take, for example, the fishing in Lake Ontario. All the fish caught in said lake must first be shipped to Toronto, and then if the people around the edges of the lake, such as North Bay, Calder, Powassan, Sturgeon Falls, etc., want fish they have to order the same from Toronto, thus paying freight, express charges two ways on a mileage of over two hundred miles. Formerly, we had fish shipped in and sold at retail at twelve and thirteen cents per pound; now they are twenty cents C. O. D. at the station. The fish policy of Mr. Hanna is to make people in the above mentioned places pay the express company or the railways at the rate of at least ten cents per pound for the privilege of eating fish. Under such actual conditions is Mr. Hanna earnestly trying to help to reduce the high cost of living? Re potatoes, it was reported in the papers that Mr. Hanna maintains that it costs \$1.27 per bag to produce potatoes in Ontario. Such an item made the farmers smile. The great majority of farmers will say that if they receive eighty cents per bag for potatoes it is the best paying crop that was raised this year.

A NORTHERNER

Powassan, Ont. The Hockeyists Montreal, Oct. 31.—It is intimated that an attempt will be made at the next meeting of the N. H. A. to have a resolution passed by which Quebec will be asked to dispose of MacDonald and Malone, who are now employed in Montreal and will not fall under the conscription act, to the Montreal Clubs, the highest bidder to get the men.

CLIMO

Is noted for his photos. The most appreciated gift is one of these Christmas samples now ready. Come early and save disappointment. Studio, 85 Germain Street 11-17.

THE BEST QUALITY AT A REASONABLE PRICE

Will Your Child Develop Nearsight? Myopia—"near-sightedness"—is usually an acquired condition caused by excessive use of the eyes while they are growing. It becomes noticeable between the ages of 10 and 16, and unless corrected, continues to grow until after the age of 25 years.

Use of glasses for a few years in childhood may prevent near-sightedness requiring glasses throughout life.

You ought to have Sharpe's optometrist examine your child's eyes now.

AMERICAN IS SHOT FOR MOOSE

Fatality in New Brunswick Woods Victim's Brother-in-Law Fired Fatal Shot

Fredericton, Oct. 30.—Andrew Hamilton Neely of East Woodstock, Conn., died in the Victoria Hospital here at five o'clock this morning, seventeen hours after being shot in mistake for a moose by his brother-in-law, Norman Sharpe of Northdale, York county. Mr. Neely was aged thirty-two years and is survived by his wife, formerly Miss McClusky of Lunenburg, and his half sister, Mrs. Sharp. The body will be sent to East Woodstock this evening accompanied by his brother-in-law, who now are in Fredericton. Mr. Neely was in this province last year on a fishing and hunting trip and was so well pleased with the sport that he returned in the fall. He was accompanied by his brother-in-law, who went out after moose near Northdale. Mrs. Neely remained at that place, which is five miles from Millville on the Gibson branch of the C. P. R. The accident occurred about noon on Monday. Dr. M. L. Jewett of Millville was notified but was unable to get to the injured man before 3:30 in which time Mr. Neely had been carried out of the woods on a stretcher a distance of three miles. Dr. Jewett did what he could for the man and arranged for Dr. W. H. Irvine of Fredericton to take the case in the Victoria Hospital. The wounded man was brought here by railway and taken at once to the hospital where an attempt was made to save his life but without avail. Dr. R. H. McGrath and Dr. C. P. Holden were associated with Dr. Irvine. It was found that a soft nosed bullet had struck the butt of Mr. Neely's rifle and then had penetrated the abdomen carrying with it fragments of the weapon. These fragments and the bullet tore the bowels a distance of three inches. Dr. Jewett did what he could for the man and arranged for Dr. W. H. Irvine of Fredericton to take the case in the Victoria Hospital. The wounded man was brought here by railway and taken at once to the hospital where an attempt was made to save his life but without avail. Dr. R. H. McGrath and Dr. C. P. Holden were associated with Dr. Irvine. It was found that a soft nosed bullet had struck the butt of Mr. Neely's rifle and then had penetrated the abdomen carrying with it fragments of the weapon. ## MADE POSSIBLE ONLY BY WOMEN

Maintained Britain's Army And Credit By Taking The Places of Men

St. Louis, Oct. 30.—Lord Northcliffe, head of the British mission in the United States, in an address to the St. Louis Chamber of Commerce today, said that the patriotism of the west and its spirit for war was a revelation to him, as before he left New York he had been told that this section was half-hearted in the struggle.

"This is the message I will send to my friends in New York," said Lord Northcliffe. "This city is an example of war enthusiasm and patriotism. In no place have I found people more ready and anxious to know about and to help with the war."

"Do you understand how with 5,000,000 men in the field Great Britain maintains her credit and her exports as before? It has been done only by the women of every class going into the great industrial plants and proving as efficient as men at tasks which a few years ago were considered impossible for women.

"Five million women have taken the place of as many men. I am not sure that all these are proper tasks for women, but war is war, and in many cases the spirit of the women is stronger than their physical strength."

**Albert Medal for Wright**

Dayton, Ohio, Oct. 30.—Lord Northcliffe, head of the British war mission to the United States, will come here tomorrow to confer the Albert Medal on Orville Wright, the inventor, with his late brother Wilbur, of the airplane.

### CITY COUNCIL CRITICIZED

A citizen in a critical mood sends the following to The Times—

"After carefully reading the doings of the city fathers in their respective positions, one cannot help wondering whether the city is the servant of the commissioners, or the commissioners the servants of the city. The phrase 'Adjourned through lack of a quorum' occurs in nearly every report of a meeting of the council, and to the outsider it seems that there must be something lacking in the methods of the commissioners. Of course, there are times when it is impossible for a commissioner

to be present, but why should the business of the city be held up through one refusing to attend a meeting? If the same business principles were applied as are used by the commissioners, they would soon have to cut out the word 'successful.' It has been said that a man doesn't have to have a knowledge of business to run a city, and St. John seems to be living up to it."

## The National Interest

IN their enthusiasm to serve Canada, a number of men in Class One—bachelors and widowers without children (not otherwise excepted) who were 20 years old on the 13th October, 1917, and whose 34th birthday did not occur before January 1st, 1917—will desire to report for service, when in fact it is in the national interest that such men should continue in their habitual occupations.

The purpose of the Military Service Act is to select the authorized 100,000 reinforcements in such a way that the industries essential in the national interest will not be handicapped unnecessarily. With this in view, the privilege is extended to employers to claim exemption for men referred to in the first paragraph.

This course obviates the possibility of requiring that men be returned to civilian employment after months of military training—a waste of time and money for all concerned.

The grounds upon which exemption may be claimed, of special interest to employers, are:

(A) That it is expedient in the national interest that the man should, instead of being employed in Military Service, be engaged in other work in which he is habitually engaged.

(B) That it is expedient in the national interest that the man should, instead of being employed in Military Service, be engaged in other work in which he has special qualifications.

That it is expedient in the national interest that, instead of being employed in Military Service, he should continue to be educated or trained for any work for which he is then being educated and trained.

### The Employer's Statement

Where an employer claims exemption for an employee on the ground that it is expedient in the national interest that the man should continue in the work in which he is habitually engaged, he should prepare for the tribunal a statement and a schedule as follows:

Total number of employees, grouping them according to their respective occupations and qualifications, and stating the number in each group. Indicate the possibility or otherwise of replacing the labour of Class One men with the labour of those not in the statutory class called up; also the extent to which the withdrawal of men in the statutory class would affect the business, the reasons for considering that the carrying on of the business is in the national interest; and such other facts and circumstances as may appear to be relevant.

### The Employer's Schedule

This should state the names, ages and occupations of all Class One men employed, and the medical category in which those who have been medically examined have been placed. There should also be noted against each name whether or not claim for exemption is being made and whether in the employer's opinion, exemption, if granted, should be conditional on the man's continuing his present occupation, or whether it would suffice if exemption were granted for one, two, or more months, as the case may be.

Issued by The Military Service Council

The Evening Times and Star

ST. JOHN, N. B., OCTOBER 30, 1917.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

ITALY WILL NOT YIELD

The most reassuring fact in the general war situation is that it is the Germans and Austrians and their Allies who talk most about peace prospects.

ALIEN ENEMIES

Canadian Finance of Winnipeg raises the question whether alien enemies in Canada should be permitted to receive high wages and be exempt from military service when native Canadian soldiers receive small pay.

This appears to be a very reasonable proposition. The labor problem will become more serious as the military service act withdraws more and more young men from the industries and alien enemies, while they should not be exploited by employers for purposes of gain, should not on the other hand be permitted to make the cost of production higher by demanding more than a fair wage.

Of the sugar situation in the United States the Bangor Commercial says: "It is apparent that until the new crops of sugar reach the market the supply will be considerably below normal so that economy in its use will be necessary."

The Miramichi is to have a shipbuilding plant. The shores of New Brunswick should be dotted with them, for the submarine makes the construction of ships profitable, and we have the timber and the men.

Referring to the slaughter of big game in Ontario the Toronto Globe makes some observations that are of interest in New Brunswick. It says: "It is quite well known that there has been for years in the Northern Ontario haunts of the moose a great amount of illegal slaughter of these valuable food animals."

An announcement that will give keen pleasure to the book-lover is that Sir Arthur Conan Doyle has brought Sherlock Holmes out of his retirement. In a volume just published eight new stories of the great detective are told.

Young men and working boys should take advantage of the free evening classes in the Centennial school. As a result of having done so in the last two years quite a number of men are more efficient and earning more money.

The splendid response to the appeal for the British Red Cross is to be followed by one for the local Red Cross, which is spending twice as much at present as it is receiving.

It is very evident that all of the young men in New Brunswick subject to the first call under the military service act will not have registered within the required time.

The Times' special cable today gives some interesting details of the gallant work of the Canadians in last Friday's drive. The fighting was hard but the glory great for the men from central and western Canada.

The importance of speeding up the construction of ships is engaging attention at Washington. Let us hope it will soon engage attention at Ottawa.

One military observer points out that winter will presently be fighting for both the Italians and the Russians. And the winter will give the Allies time to prepare for harder fighting in the spring and summer of next year.

The Austro-Germans are using a new gas in their attacks on the Italians. They are particularly clever in inventing new forms of "frightfulness," but that will not save them from a just retribution.

In adopting a progressive public health policy and giving encouragement to technical education the Foster government is pursuing a course in the best interests of the province, that will be warmly appreciated by the people.

The British went against the Germans again this morning in a drive on the front in Flanders. This time they started about two hours after midnight and early progress was reported. Haig evidently means to keep the enemy busy.

The Germans were unable to make good their attempt to land troops on the shores of Esthonia, near the Gulf of Riga.

That is the proportion of medicine contained in Zam-Buk. That is why Zam-Buk's healing powers are so superior to those of ordinary ointments, which contain but 5 per cent. medicine and the balance animal fat.

Farmer A.—Has that boy of yours you sent away to college got his degree yet? Farmer B.—I should say he has. Why he wrote last week that the faculty had called him in and given him the third degree.—Exchange.

A Fly Question. The Adjutant (to prospective orderly-room clerk) Wilk Blithers, you say you're good at figures. Now, if there were four flies on this table and I killed one how many would there be left? Blithers.—One, sir—the dead 'un.

In His Household. Mr. Proffiter—Your clothes are costing me an enormous amount lately, Mary.

The recipes for oatcakes with date filling and pumpkin pie, mentioned above, are as follows:  
Oatcake with Date Filling—Make Oatmeal Cookies with the following: 3 cups flour; 3 cups oatmeal; 1 cup beef dripping; 1 cup sugar; 1 cup sweet milk; 1 teaspoon salt; 1 level teaspoon soda; 2 level teaspoons cream of tartar. Roll thin and cook. Make the following date filling: 1 lb. dates; 1/2 cup sugar; juice of a lemon. Boil until thick, and spread between oatmeal cookies.

Pumpkin Pie—1/2 cups steamed and strained pumpkin; 2-3 cups brown sugar; 1 teaspoon cinnamon; 1 teaspoon ginger; 1/2 teaspoon salt; 1 cup milk; 1 egg. Make a crust, put in filling and cook in the oven until done.

Recipes by Dominion Science Experts of the Food Controller's Office.)

### MISS CUDAHY ENDS LIFE IN MID-OCEAN

Act of Milwaukee Packer's Daughter Ascribed to Fear of Submarines

Left Note in Her Cabin—"It is All For the Best." She Wrote—Was Bound for France to Do War Work

Paris, Oct. 30.—Miss Helen Cudahy, daughter of Patrick Cudahy, Milwaukee meat packer, committed suicide in mid-ocean on Oct. 19, according to the army edition of The Chicago Tribune. Fear of submarines is believed to have been the motive for her act, the newspaper says. According to this account, Miss Cudahy, who was coming to France to do war work, appeared cheerful in the early days of the voyage, but when the submarine zone was approached and a convoy met the steamer she remained in her cabin. A friend who went to her cabin on the night of Oct. 19 found the room empty, the porthole open, and this hurriedly written note: "It is all for the best. Keep as much as possible from father and mother. Notify my brother Michael."

Search of the boat failed to reveal any further evidence of her disappearance, or any person who witnessed the tragedy. Miss Cudahy's body has not been recovered.

Milwaukee, Wis., Oct. 30.—"I cannot believe that it was a case of suicide, if my daughter is really dead," said Patrick Cudahy. "She was always a happy girl, and she could not possibly have taken her own life deliberately. I have absolutely no confirmation of the newspaper reports, no cablegram having come to me."

Two sons of Mr. Cudahy are in the government service, Michael F. and John, second lieutenants in the army at Camp Custer, Battle Creek, Mich. Michael is in charge of the food department in the quartermaster's corps.

Miss Cudahy is survived by her mother and father, four sisters, Mrs. August Beck, Mrs. Louis Dahman, Mrs. Waldemar Helmholz, and Mrs. Lansing Hoyt, Evanston, and by the brothers Michael and John. She was a very tall, athletic girl. She greatly enjoyed sports of all kinds and was an expert horse-woman, golf player, tennis player and swimmer.

Miss Cudahy took a course in nursing at the Massachusetts General Hospital in Boston several years ago, but because of ill-health was unable to continue her work, leaving the hospital after a year and a half. On returning to Milwaukee she became interested in the Children's Free Hospital.

It was her plan to begin a three-year course in a children's hospital in Chicago this fall, but instead she volunteered for service abroad, and sailed with a classmate Oct. 14, intending to drive a motor car under the direction of Miss Edith May, a former Boston resident, who for some years before the war conducted a girls' school in Paris. Miss May is a member of the French Emergency War Relief Committee in Paris, which supplies appliances to hospitals in outlying districts. It was to carry those supplies that Miss Cudahy volunteered. She was noted for fast and skillful driving.

### "Famous the World Over" Burberry Ulsters

THE BURBERRY PRODUCTS are unrivalled the world over for distinctiveness of styles, yet the designers apparently never lose sight of the importance of good, practical service.

The cloths are subject to a secret process of proofing, and are as nearly waterproof as it is possible to make any fabric without the use of rubber.

First, the wool is proofed, then the yarn is proof, and finally the cloth is proofed.

A salient feature of the Burberry garments is that they give warmth without weight.

Our showing includes Naps, Comb Fleece Cloths and Tweeds. Greys, browns, fawns and olive mixtures. Bodies half lined, and sleeves lined with silk.

### LOCAL NEWS

Robson Black, secretary of the Canadian Forestry Association, Ottawa, will arrive in the city in November to start a campaign for forestry protection and conservation.

The High School double team driving contest was commenced yesterday afternoon. This consists in harnessing a double team and driving them between barrels. Yesterday's entries included one girl and were as follows: Redvers, Corbett, Mary Merritt, Frederick Cery, Francis Wetmore, Haley, Charles Mc-

Gulre, John McIntosh, Charles Trafton, Waldo Watson, Clayton Urquhart. The prize of \$25 is offered by E. A. Schofield. Commissioner McLellan acted as judge.

Students of the King's College Law School met last evening to arrange for a weekly series of debates to be held during the winter. Cushing's Manual was adopted as the standard of debate.

At a meeting of the Loyalist Chapter, I. O. D. E., in the board of trade rooms last night it was decided to donate \$50 to the Canadian Bible Society, \$25 to the Queen Alexandra Field Force Fund; \$25 to the Kings College Hospital in London, and \$10 to buy Kindergarten chairs for the children attending the public library every Saturday.

A novel feature of the first of a series of monthly socials held last night by the Epworth League of Centenary church, was that the refreshments were in the forms of pancakes, each guest being requested to cook his or her own pancake.

The fair of King Edward Lodge, No. 30, P. A. P. B., was largely attended last night. The prize-winners were: Mabel Nice, Mr. Jones, Mrs. Monahan, D. A. Duffy, Mrs. Travis, Charles Adams, George Adams and John Hersey.

RECENT WEDDINGS

Moncton, Oct. 29.—At the Assumption church this morning Miss Eveline Lafite, daughter of Mr. and Mrs. Regis Laviole, Moncton, became the bride of Rufus Arsenault, editor of L'Evangeline. Rev. Father Cormier officiated, assisted by Rev. Fathers Bellevue and Leger as deacon and sub-deacon. Rev. A. Robichaud, Fox Creek, presided at the organ and as the bride entered the church on the arm of her father rendered the wedding march.

Rev. F. P. Demillon last night united in marriage Spencer Allen Graves, of Elgin, Albert county, and Miss Jennie Helms Godard, of Annapolis, but recently of this city. After a short trip they will take up their residence at Portage, Albert county.

RECENT DEATHS

Dr. George F. Sinclair, late inspector of penitentiary and humane institutions for Nova Scotia, has passed away in Florida.

The death of Miss Alice Scott on Sunday at Montclair, N. J., was announced yesterday to her mother, Mrs. Howard Scott, Moncton. She had been ill for only a few days.

Death Was Accidental

The jury empanelled to inquire into the death of Robert Burton, which occurred on Friday last, brought in a verdict last night to the effect that Burton came to his death from injuries received by being accidentally run over on October 24 by an express wagon owned by Frank S. Purdy, and driven by John Waterbury. They recommended that section 48 of the traffic-by-law be more strictly enforced. The witnesses heard were Walter Haley, Fred Clark, John Waterbury, driver of the car, Dr. F. T. Dunlop and Frank S. Purdy.

APPLIES SAYINGS OF LUTHER AT RANDOM TO PRESENT DAY EVENTS

Amsterdam, Oct. 30.—On the occasion of the 100th anniversary of the formation of the German Evangelic League, it launches from Wittenberg a manifesto in which the militant sayings of Martin Luther are applied at random to present-day events. The manifesto rejects pacifists, and thunders against the Pope's peace proposals as being in-terested with no religious authority.

USE THE WARP AD. WAY

PLAN FURLOUGH FOR FIRST CONTINGENT

Ottawa, Oct. 30.—If arrangements can be carried out without unduly in-terfering with military organization and efficiency at the front the 8,000 or so Canadians who have survived the dan-gers and withstood the hardships of three years of war will be given a long fur-lough this winter with permission to come back to Canada.

“Every man and woman in Canada can help win this war by practising self-denial”

—From an Address by Sir Thomas White, Minister of Finance.

FOUR HUNDRED THOUSAND of the finest and bravest of Canada's young men have swept aside their home ties and friendships, their private interests, their own pleasures, their own inclinations, and volunteered to serve for Canada and the Empire.

MORE THAN thirty thousand of them have made the supreme sacrifice. Many more thousands have been maimed, crippled, blinded, incapacitated in a hundred ways.

Tens of thousands of fathers and mothers in Canada bear, with a proud spirit of sacrifice, aching hearts for cross-marked graves in France. Only those who are living through it can know the full measure of these sacrifices.

Through these sacrifices Canada is rising to the stature of enobled nationhood—a nation that is finding its conscience, its spirit of courage and humility, its national soul.

And before the war is won every man and woman in Canada must and will learn the lessons of sacrifice.

THE WAR can be won only by the unselfish, personal self-denial and patriotic devotion of every man and woman and boy and girl in Canada.

And what self-denial can you make to equal the sacrifice of one mother whose only son lies beneath a wooden cross "somewhere in France"?

And if you worked sixteen hours a day, slept on a pallet of straw and lived on a crust, would that measure up to the sacrifice made by one soldier who comes back to Canada blind?

Would it even approximate the hardships which are the everyday commonplaces of the lives of our men in the trenches?

“He that ruleth his spirit is better than he that taketh a city”

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

CANADIANS' GREAT WORK ON FRIDAY REVIEWED

Times' Cable Gives Story Of Stirring Combat

They Won High Praise

Battalions From Alberta, Saskatchewan, Manitoba and Ontario in — Commander Told Them Whole Plans Before Start of Battle

(Special Cable to Times by F. A. McKeane)

London, Oct. 29.—The Canadians have returned to the old battle ground and have successfully begun one of the crowning tasks of the war, a task such as should transform the outlook on the western front—the clearance of the famous Paschendale ridge, key to the entire German western Belgian position. Recovery of this position will almost certainly mean reconquest of the entire western highlands of Flanders by the allies.

WHEN YOU CAN'T SLEEP

Dr. Cassel's Tablets Will Soothe the Nerve Restlessness That Causes Insomnia and Ensure Rest

Sleepless nights mean overstrained nerves—nerves that are always shaky because they are always weak. That is why you cannot sleep. The remedy is to nourish your nervous system, and so build up new vigor and vitality, by taking Dr. Cassel's Tablets. Then you will sleep naturally and healthfully, and wake up refreshed. Dr. Cassel's Tablets are true restoratives. They act by restoring the vital power of the system, by promoting digestion, by enriching the blood, by strengthening every bodily organ. And there is no dope in them.

A free sample of Dr. Cassel's Tablets will be sent to you on receipt of 5 cents for mailing and packing. Address Harold F. Ritchie and Co., Ltd., 10 McCaul street, Toronto.

Dr. Cassel's Tablets are the supreme remedy for dyspepsia, kidney troubles, sleeplessness, anaemia, nervous ailments, and nerve paralysis, and for weakness in children. Specially valuable for nursing mothers and during the critical periods of life. Price 50 cents per tube, six tubes for the price of five, from druggists and storekeepers throughout Canada. Don't waste your money on imitations; get the genuine Dr. Cassel's Tablets.

Proprietors, Dr. Cassel's Co., Ltd., Manchester, Eng.

as the beginning of the battle of St. Julien, two and a half years ago. One battalion fought on Friday upon the same line as it fought on then and its former colonel was the divisional general commanding it, while, as everyone knows, another St. Julien commander today commands our corps. Friday's battle was part of a big move along a stretch of the French-British front. We hear more echoes of what happened elsewhere of the triumphs of the Anzacs supporting us on one flank, of great deeds of the naval division, of the advancing imperials. The French at one point waded through mud up to their armpits to victory. For two days before this the weather

promised to be ideal, drying winds sweeping over the country and everyone congratulated himself that weather had at last smiled on us. Then, a little while before the men went over the top a hurricane with rain broke.

The advance was prepared for by very heavy artillery which smashed up everything smashable and cleared the wire entanglements. The German position was one mass of shell holes surrounding their pill boxes. Great interest centred around these pill boxes, the Germans, realizing from results of our tremendous artillery fire earlier in the year that concentrated artillery fire makes it impossible to hold trenches against determined attacks in strength, have now almost ceased the old style of defensive warfare. They defend by areas, not trenches. Troops in these areas are protected by innumerable machine guns protected by many devices.

The forces hang on from one shell hole to another. Unable on the ridge, on account of the treacherous nature of the ground, to make a decisive advance, the Germans erected an enormous number of reinforced concrete buildings, from which they poured into the open to fight at the first sign of our advance. They were in machine gun emplacements sometimes holding six to eight guns each. These buildings were built on passages opening several hundred yards behind these buildings and are almost impervious even to the heavy artillery.

The Huns consider they made the defenses impregnable but our commanders worked out the difficulty ahead. Two other features in the German fighting were first a resolute attempt to hold the front line strongly; secondly a considerable increase in the number of machine guns. Examination of prisoners showed that machine gun companies were now enlarged from ten to fourteen large guns, an increase of forty per cent. Also a considerable increase in the number of machine guns. Our troops were fully taken into confidence before the battle. Their commander told them they were honored by the commander-in-chief by being selected for a hard job. They were told of the strictly fixed objective they had to take. The methods and difficulties were explained to them and they began the battle with eyes open, every man knowing his job.

DISSOLVE IT IN YOUR MOUTH

That's the way to take the Peps treatment. Nothing can equal it for asthma. Mr. Fred Hinz of Saskatchewan writes: "I suffered with asthma for years, and although I tried many remedies, Peps is the only remedy that has brought me relief from this distressing ailment."

The victory of Peps over asthma is due to the fact that Peps is a breathe-able remedy, and is therefore capable of reaching all the minute air passages which ordinary remedies, that go to the stomach, cannot reach. This treatment is also the best for coughs, colds, catarrh, bronchitis, laryngitis and all other affections of the throat and lungs. All dealers or Peps Co., Toronto. 50c box, 3 for \$1.25.

New Skin Peeler In Great Demand

Since the discovery that mercurized wax possesses remarkable desloughing powers when applied to the skin, the demand for it as a complexion restorer has been tremendous. Druggists in every section report sales are far exceeding those of any other cosmetic. The new Skin Peeler is a complete restorer of the complexion. It is a gentle peeler of the deadened cuticle, in minute particles, and does not irritate the skin. It is old worn-out complexion, the more youthful complexion is restored. IT MAY MEAN THE BEGINNING OF END

Italian Situation Reviewed By Sidney Low ALLIED HELP GREATLY NEEDED

Writer Thinks Italy May be Forced to Peace if Drive Goes Far Enough—On Other Hand Allies May Turn Situation Into Great Victory

London, Oct. 30.—(Montreal Gazette cable)—Under the heading "Save Italy; Urgent Need of Franco-British Help," Sidney Low writes as follows in the Daily Chronicle.

"Another sudden terrible crisis of the war has arisen. It may prove the beginning of the end for good or ill. The Italian armies of the Isonzo have been disastrously defeated for the moment—we hope only for the moment. It is almost a debacle. The Italian line is falling back before the Austro-German host, with its concentrated and overpowering artillery. "Cadorna may have to retire behind Tagliamento or even farther. We seem to be witnessing the beginning of one of those great drives which massed infantry and the march of heavy guns like those which carried the Austro-Germans over Poland, Serbia, and Roumania. Another large tract of allied territory—Friuli and Veneto, with their rich and noble cities and fertile fields—may fall into the destroying hands which have ravaged Belgium and northern France. "If Cadorna cannot stay the rush, he might even be compelled to withdraw across the river Po and leave all Lombardy and Piedmont to the mercy of the invader. That, however, will not happen for the reason that before this stage is reached Italy will have made peace. "It is well to speak plainly. The German stroke has political, not less than strategic, significance. The Socialists, neutralists, pacifists and Teuophiles who brought about the fall of the Bolland cabinet are more active than they have been since May, 1915. German gold and intrigue have kept the cross-currents moving. They would flow with sufficient volume to compel a government to stop the war if it seemed that Italy's cause was hopeless, and that her allies could not or would not avert the fate of Belgium. The complete defeat of the invaders, followed by an allied advance across the frontier in the wake of the routed army, which might carry them right on to Trieste and bring about the collapse of Austria and a separate peace with the state."

BIT OF SUCCESS MAKES AUSTRIAN PREMIER TALK IN HIGH TONE

Amsterdam, Oct. 29.—Dr. Von Seydler, Austrian premier, speaking in the upper chamber of the Austrian diet in Vienna on Saturday said that the war situation was the best conceivable, but "our aims are the same as those for which we are fighting."

He continued: "We are still ready to sit at the conference table with the enemy if he has no intention of imposing one side or arbitrary peace aims. If such tendencies are confirmed we can only answer them with a more decided prosecution of the war until we convince the Entente that we also are able to compel peace."

WOMEN DOING MEN'S WORK

One of the most striking results of the war in Europe, is the extent to which women are doing the work of men. Travellers to England and France report that practically every able-bodied man is in uniform and women by the thousands are engaged in doing men's work—acting as conductors and drivers on the cars and doing all sorts of heavy work besides.

THE INCREASE IN SOFT COAL PRICE AT MINE

An increase of forty-five cents a ton in the price of bituminous coal authorized by President Wilson's recommendation of Dr. H. A. Garfield, fuel commissioner, was announced in the Times last night. The increase, effective yesterday, absorbs the increased wages granted by the operators after the original price was established. The operators contended for a greater increase, insisting that the original price did not allow a fair profit. The new schedule merely allows for the increased cost of production and does not consider the argument advanced by the operators.

The President's orders reads: The White House, Washington, D. C., Oct. 27, 1917. The scale of prices prescribed Aug. 21, 1917, by the President of the United States for bituminous coal at the mine, as adjusted and modified by order of the United States Fuel Administrator, to meet exceptional conditions in certain localities, is hereby amended by adding

"The Ontario men did one of the finest things they've ever done," said one famous general. The compliment was deserved. Once their objectives were taken we consolidated. The Germans made desperate but vain counter attacks, the Manitobans repulsing them. The whole force is proud of the men who fought and what they did. On Friday night our right again moved forward.

Y. M. C. A. Directors Meet. The regular meeting of the board of directors of the Y. M. C. A. was held last night in the association building. The president, G. E. Barbour, was in the chair. Other members of the board present were: H. W. Rising, S. A. Henderson, Frederick Barbour, W. H. White, J. Henderson, George L. Warwick, F. A. Dykeman, W. K. Ganong, H. A. Porter, W. C. Cross and F. L. Smith. It was decided that St. John would send delegates to the national conference meeting soon at Ottawa. The reports of the physical department, the social committee and the heating committee were read and accepted.

Drowned at Millerton. Thomas McLean met his death by drowning at Millerton, Northumberland county, yesterday, when he fell from a tug. The accident occurred when one was near. He was a widower and leaves six small children.

SPORT NEWS OF THE DAY HOME AND ABROAD

TURF—May Be World's Record  
Sydney Record—According to the best informed authorities in the racing game in America, the sensational trotting mare Victoria, established a record for half mile tracks when she won three races within a week at Halifax last September, trotting every heat better than 2:20. Jimmy Power, sporting editor of the Halifax Recorder, commented on this performance at the time and later got in touch with W. H. Gicher, secretary of the N. T. A. The editor of the Chicago Horse Review, one of the leading turf journals, and Frank Best, registrar of the American Trotting Register Association. Mr. Best says that while he cannot give positive information on the matter, he believes that Victoria did establish a world's record. Mr. Gicher pointed to the fact that at Macdon, Ga., last year, Daisy Todd won four races within a week, but Mr. Power adds that Macdon is a mile track, and the Todd mare's performance does not need to be considered in the same light as that of Victoria. A wonderful race mare this same Victoria, and her owner Dr. D. H. McAllister, ex-M.P. of Sussex, has reason to feel proud of her performance on the turf in 1917.

HOCKEY  
Not Surprised By Move  
Ottawa, Oct. 28.—The threat of the Toronto Hockey Club to launch a new league and to raid all the N.H.A. and Pacific Coast League teams, did not cause any surprise locally. Secretary Martin Rosenthal of the Ottawa Club, said that this move was forecast when the Toronto delegate was informed that a five club circuit was out of the question. Efforts to raid the Ottawa club would hardly be successful, however, for the reason that President Bate and his conferees foresaw trouble last week and signed seven of their players, including Benedict, Boucher, Gerard, Denenny, Darragh, Lowery and Bruce. Even if they were not under contract, these players could not get away from their positions here to play elsewhere. It is said that the Toronto club hopes to launch a league consisting of Detroit, Pittsburgh, Toronto and Cleveland.

BOWLING  
Y. M. C. I. League  
The Sparrows took four points from the Falcons in the Y. M. C. I. bowling league fixture last evening. Colgan led the winners with an average of 92 and a single string of 103, while A. McGivern led the losers with 82.1-8 average. The individual scores follow:—  
Sparrows: S. Smith 84 82 87 253 84.2-3  
P. Colgan 103 86 87 276 92

MANY BIG LEAGUE TEAMS MAY TRAIN ON HOME GROUNDS

Season May Not Open Until May 1, and Expensive Training Trip May Be Abandoned  
New York, Oct. 27.—From the assertions of President Ban Johnson, of the American League, at St. Louis yesterday, it appears that the two major leagues have agreed to a short schedule for 1918. Whether or not this is the first step toward a general policy of retrenchment remains to be seen.  
Undoubtedly, Johnson would not have spoken so positively at this time unless he had the assurance of the rival circuit. A shortened schedule could only be effected mutually. Neither league could afford to be idle while the other was operating.  
The season, according to Johnson, is to be contracted from the front end. In other words, the campaign will open about May 1, instead of in the middle of April, as has been the custom for many years. The world series will occur, as usual, in the early part of October.  
This new scheme will have to be imposed by the respective leagues at the annual meetings. But from what has already been said, it is sure to meet with little or no opposition. Practically all of the magnates, privately, have expressed themselves as favoring a shorter campaign, at least during the present world war.

Several, among them Harry N. Hempstead, of the Giants, believed it would be advantageous to luff off two weeks from the end of the campaign rather than from the start.  
To those magnates who are bent upon economy the 140 game schedule should prove a boon, indeed. If the big league seasons do not open till the first of May it will be possible for many of the clubs to train at home. The clubs of Boston and the Great Lakes cities, of course, could not take chances with the home climate. But they could all minimize expenses by shorter journeys to more favored localities. The average cost for a major league training trip is \$10,000. Those clubs which could save this would have a mighty fine start.  
It is a moral certainty, too, that a shorter campaign will eventually lead to salary readjustments. For 140 games the athletes will not be paid on the 184 games basis. Those players now under contract, of course, will not be affected. But doubtless some way will be found to chop about one-fourteenth from the present rate of pay. It will not be at all surprising if a five months' season is adopted, rather than the existing six months' instant with the extra pay for those players necessary to be retained the extra fortnight of the season.

Organized baseball will have to be prepared for a spirited reformation from the players. The Players' Fraternity has laid low for almost a year. But it is far from being a dead issue. However, if it is a question of taking a cut generally or of joining the army for a livelihood, the slaves of the "captains" will doubtless stick to their present mode of soldiering.  
It is not likely that either New York club will train at home, even if the season does not commence until May 1. This city is too good a show town. If the fans could see their idols getting into condition it would take away all the romance of the opening.  
Indeed, it is very doubtful if the Yankees will engage in a spring series with the Dodgers next year. For the last two years the New York club has been thrown out of kilter by the effects

Last evening the St. Rose Dramatic Club added another to their already long list of successes, when they presented "The Dust of the Earth," a four act drama, before a crowded house of audience which voiced its approval of the really fine amateur work, in no uncertain fashion.  
In the role of Nellie, a vaif for a time and "dust of the earth" Miss Blanche O'Brien's interpretation was all that could be desired. She had the first appearance with her in sympathy from the audience until the happy scene at the close.  
Miss Irene Malloy, as the somewhat unscrupulous Elizabeth, handled a difficult part to good advantage. The other ladies were also most creditable in their portrayals.  
As John Ryder, owner of the Maples, E. A. Fitzgerald was a manly hero and on Macdon, impersonated by J. U. Haggerty, was also well acted. W. J. Quigg was up to his former work last evening and as usual everyone enjoyed the extra pay for those players necessary to be retained the extra fortnight of the season.  
The whole show was a good one, the scenery in keeping with the spirit of the piece and there was not a hitch in the performance.  
The following is the programme, which will be repeated this evening:—  
Part I.  
"A Bunch of Chums in One Act, Entitled "A Modern School for Acting." Lushington Staggerack.  
John U. Haggerty.  
Previous Difficulties, his pupil, John O'Toole.

of poor weather after coming north early to engage Wilbert Robinson's lads. Neither the Giants nor the Yankees have definitely decided upon a spring base. Colonel Ruppert has an option on Macdon, Ga., while Harry N. Hempstead, of course, has a home at Marlin, Texas, so long as he cares to patronize it. The Giants own Emerson Park at this health resort of the Lone Star state. McGraw, however, was not satisfied with conditions in Marlin last spring, and at one time thought seriously of pulling stakes before he opened the celebrated tour with the Detroit Tigers. The chief objection to Marlin has been lack of fitting hotel accommodation.

ST. ROSE PLAYERS WIN NEW LAURELS

Dramatic Entertainment Cleverly Presented and Keenly Enjoyed  
Last evening the St. Rose Dramatic Club added another to their already long list of successes, when they presented "The Dust of the Earth," a four act drama, before a crowded house of audience which voiced its approval of the really fine amateur work, in no uncertain fashion.  
In the role of Nellie, a vaif for a time and "dust of the earth" Miss Blanche O'Brien's interpretation was all that could be desired. She had the first appearance with her in sympathy from the audience until the happy scene at the close.  
Miss Irene Malloy, as the somewhat unscrupulous Elizabeth, handled a difficult part to good advantage. The other ladies were also most creditable in their portrayals.  
As John Ryder, owner of the Maples, E. A. Fitzgerald was a manly hero and on Macdon, impersonated by J. U. Haggerty, was also well acted. W. J. Quigg was up to his former work last evening and as usual everyone enjoyed the extra pay for those players necessary to be retained the extra fortnight of the season.

John Ryder, owner of "The Maples," E. A. Trainor.  
Wandering Tom, a mystery.

Chicago, Oct. 30.—The consumer began to realize the benefits of government supervision of food sales today, when the butter price was slashed 3 to 6 cents by the local food price committee. This was done in the face of predictions by retail grocers that best grades of butter would sell at 55 to 58 cents a pound next week.  
The food committee, after conferring with a committee from the butter and eggs board, decided that 44 to 49 1/2 cents a pound is a fair price for creamery extra grade milk and 45 to 50 1/2 cents the right figure for butter in cartons.  
The price committee also cut the cost of corn meal 1/4 to 1/2 cent a pound, with promises of a greater cut.

LEAPS NINE FLOORS TO DEATH  
James L. Perkins Telephones for Physician Before Taking Plunge.  
New York, Oct. 30.—While in a serious state, due to illness, James Lamont Perkins, fifty-five years old, of New Rochelle, threw himself from a window on the ninth floor of the Hotel Bossert, at Montague and Hicks streets, Brooklyn, and was instantly killed. He telephoned to his physician, Dr. Arthur Longstreet, of 479 Fourth street, Brooklyn, saying that he had a choking sensation and feared that he had pneumonia. He asked the physician to come to him at once.  
When Dr. Longstreet reached the hotel the clerk called up the room, but received no answer. A few minutes Mr. Perkins hung himself from the window of his room on the ninth floor.  
Mr. Perkins had been connected with Collier's and other large publishing houses, and at the time of his death was in the employ of a book concern in Manhattan. He leaves his wife, a son, and two daughters. His son is a lieutenant in the 167th Regiment, stationed at Camp Upton, Yaphank, L. I.

DENIAL BY CAPT. SULLIVAN  
Six Witnesses Aid Accused Officer at Court-Martial.  
Spartanburg, S. C., Oct. 29.—Captain Howard K. Sullivan, commanding Battery D, 105th Field Artillery, denied before a court-martial that he directed a public whipping administered to Private Otto Gottschalk of his battery. The captain admitted having ordered that a bath be given the private.  
The testimony of six additional witnesses was regarded as strengthening the accused officer's defense. All six concided in stating their "belief" that he was not present during the ill-treatment given Otto Gottschalk of his battery. The Second Field Artillery, said that his examination of the private had failed to disclose any marks of a serious beating.

Isn't This True?  
When you "feel mean"—dull, tired, nervous, bad digestion, no appetite—  
Don't you find out, afterwards, that your bowels were not acting freely and naturally?  
Due, of course, to a liver gone on a strike.  
Take two or three pills—once. After that, only one, until you're all right.  
CARTER'S LIVER PILLS  
Colorless faces often show the absence of iron in the blood.  
CARTER'S IRON PILLS will help this condition.

NOW FOR ADVENTURE!  
YOU are soon to start along "THE FIGHTING TRAIL," a road fraught with perils and adventures such as no screen drama has ever shown.  
This Greater Vitagraph Serial, the first episode of which is to be shown Friday-Saturday of this week, is the most marvelous melodramatic romance of the Great Outdoors ever produced, and one that is certain to enthral you.  
It is the story of a terrific struggle for a mineral deposit of fabulous value, wherein a fearless man and an heroic girl stake their lives against death and the terrors and perils of nature and the acts of a band of outlaws who shatter the law and endanger men's lives in their mad pursuit of fortune.  
Every kind of thrill and danger of the air, the land and water—is met with as the story unfolds.  
Hard-riding, quick-shooting fighting men, afraid of nothing on earth, meet in battle time after time and struggle for supremacy.  
This wonderful photoplay has for its stage vast outdoors, with the mountains or the desert always in the background.  
William Duncan, the greatest outdoor man on the screen, and Carol Holloway, whom you will call the most fearless girl in the world, play the leading roles in this marvelous drama, and you will follow their adventures breathlessly. You will learn to love them and admire them, and their experiences will be so realistic that you will feel as if you know them.

NEW YORK 10-CENT MILK.  
The Co-operative Producers Marketing Association, an organization of New York State farmers, which distributes its own milk, has completed negotiations for the purchase of the Modern Dairy Company, an organization which has distributing plants in Manhattan and Brooklyn and entered into active competition with the big dealers in an endeavor to cut down the price of milk in New York city. The general manager of the association said that before the end of the week the farmers will be ready to ship into New York 200,000 quarts of milk a day, which they will sell to the stores at nine cents a quart, making possible the retail price at ten cents a quart for dipped milk sold in stores.

Exhibition of War Trophies  
which were presented to the DOMINION GOVERNMENT by the President of the French Republic and the Prime Minister of the United Kingdom. The collection includes an armed Biplane which has been twenty or thirty times across the German Border. Also a remarkable collection of other interesting objects. Guns, the famous French 75's, of which there are two—Gas Masks, Shells, Trench Mortars and hundreds of other war trophies. The Posters which include the one announcing the condemnation and death of Edith Cavell are both historically and educationally valuable.

**TO THE CITIZENS OF ST. JOHN:**

The Russian Refugee Committee are starting their activities with a bazaar, and it is up to you, the worthy citizens of St. John, to try to help make that bazaar a success.

As you all know, Russia has been stricken in many ways. We will not speak of all the facts, but we will just mention two of the most important. In the first place, that their previous government sold them to the enemy; and, in the second place, the most terrible one is the fact that those cultured barbarians are fighting on their territory since the war started. Needless to say more of what destruction and ruin they brought to the Russian people.

We do not want much, only a bit of bread for those children, whose fathers died, and are still dying, for the great cause, to crush German militarism.

Therefore, we ask you to meet our committee generously, to help make a success of that great bazaar that we are planning to have.

With many thanks to the generous public,  
**RUSSIAN REFUGEE COMMITTEE.**

**AFTERNOON TEA**

**LOCAL NEWS**

**THIS IS REPORTING DAY**  
Today being the thirtieth of the month, the 411 Austrians, Bulgarians and Germans in St. John will report to John O'Neill at the police station, who has the registry of their names.

**THEY DID WELL**  
On Saturday afternoon two little girls, Imogene Prime and Ruth Prime, of 219 Charlotte street, West St. John, held a bazaar and realized the sum of \$4.72, which they handed over to Mrs. E. A. Young of the Field Comforts, to buy Christmas gifts for the soldiers at the front.

**SHOT A DEER**  
M. T. Morris arrived home last evening after a hunting trip in Sunbury County. He was on the prowl for a large deer which he brought down on Saturday afternoon after an exciting chase. After trailing the animal for several hours he killed it with one shot. The animal was a fine specimen with beautiful antlers. Mr. Morris said he never found big game so scarce and attributed it to the fact that the woods lands are so wet and boggy. In his sojourn in the woods he came upon only one prairie dog.

**MRS. JOHN KELLY**  
Many will learn with regret of the death of Mrs. John Kelly, which occurred at Young's Cove at an early hour on Monday, Oct. 22. She had been in failing health for some time and her death was not entirely unexpected. Besides her husband she leaves one son, Thomas, and four daughters, Amelia of St. John; Cora, teaching school at St. Martins; Louise and Mary, at home; also one brother, William Carney, residing at McDonald's Corner. The funeral took place on Wednesday morning, interment being made in the Catholic cemetery.

**ROUNDED STREET CORNERS**  
G. N. Hatfield, the city road engineer, is strongly in favor of rounding the curbs on all the street corners on at least a ten foot radius. Many of the square corners are dangerous to traffic and more so in the case of motor cars than with other vehicles. One of the chief obstacles in the way of making the change is the large number of street lighting poles which are placed at the corners. When new poles are erected the company is now required to place them elsewhere than at the corners and some changes are being made from time to time.

**STATEMENT OBJECTED TO**  
Police court officials, referring to a published statement of F. S. Purdy's evidence at last night's inquest, said today that the statement that the magistrate on Friday did not know the law in the matter of the age limit for drivers of teams and that, as a result, the case against Purdy was dropped, was not correct. The real happening, according to court officials, was that the matter was dropped until it could be seen what the verdict at the inquest would be. "To say that the court was not aware of the law against youths under sixteen driving is not sensible," an official of the court remarked this morning. "Purdy is struck every week for that very thing."

**MORAN-McNEELEY.**  
The Church of the Assumption, West St. John, was the scene of a pretty wedding this morning when the pastor, Rev. J. J. O'Donovan, who was celebrating a nuptial mass, united in marriage Miss Estella McNeely, daughter of Mrs. Elizabeth McNeely, and Edward Moran. The bride was wearing a beautiful tailored suit of navy blue with black picture hat with ospreys and carried a white prayer book. She was attended by Miss Albert Quinlan, who wore a very pretty dress of rose satin with black picture hat and carried a bouquet of roses. John Stanton officiated as best man. Following the ceremony, a dainty wedding breakfast was served at the home of the bride's mother at 122 St. James street, after which the bride and groom left on a honeymoon trip through the maritime provinces. Returning, they will reside in St. James street, West St. John. They were the recipients of many beautiful presents, including a chest of silver from the York Cotton Mill, where the groom is accountant.

**HAD VISITED GRAVE OF HER SOLDIER SON**

Mrs. E. J. Robinson Receives Letter From Her Chum—Copy of Will, Personal Effects and Burial Record Also Come

It will be remembered that Pte. Herbert William Robinson, son of Mrs. Esther J. Robinson, of 78 Millidge street, was killed in action on March 27 just before the battle of Vimy Ridge. He had crossed to England with the 104th Battalion and was transferred to a C. O. M. R. unit on the front. His mother had just received his personal effects, including a signet ring, also a record of his burial, a copy of his will, leaving all he owned to her, and a letter from a soldier chum who had been to see his grave. The following is an excerpt from this letter:

"I was lucky enough to spend a few days in the vicinity of the cemetery in which Willie was buried, and found where he had been buried and am able to inform you that he has a lovely grave. That is one thing of which the people who have lost a son or husband in this great conflict can rest assured, that they have all got a Christian burial, and some one is kept to look after their graves. If any of you at some future time make a trip to this country after the war, you will always be able to find them."

"There is not much new that I can tell you about the war as you probably read all about it in the papers, but I might say that the Canadians are still doing good work as you probably see, and that they are upholding the good name they have already made and of which I might know all the people in Canada are proud, although a great many have, like yourself, made a great sacrifice."

The burial report received by Mrs. Robinson quoted extracts from burial records of the Canadian Record Office in London as follows: Unit, Fifth Canadian Mounted Rifles, Rank, private. Name, H. W. Robinson. Nature of casualty, killed in action on March 27, 1917. Buried, military cemetery, near Mont St. Eloy. Marking of grave, wooden cross with all particulars of the deceased inscribed thereon, erected to his memory.

**THIRTY BRAVE SOLDIER LADS HOME FROM WAR**

Reception Tendered Them At Depot This Morning

Tea St. John Men Among the Number—Some of the Original 25th Battalion Arrive After Work Well Done

One of the finest receptions that has as yet been tendered returned soldiers in St. John took place this morning at the Union Depot, when about thirty New Brunswick men, representing many of the Canadian fighting units in France, stepped off the maritime train. Included in the party were several crutches. Several automobiles were on hand and at the disposal of the returned soldiers' reception committee. The men who were unable to walk to the discharge depot were conveyed in automobiles. The St. John men were allowed to go direct to their homes.

The ladies were at the station and treated the boys to candy, cigarettes, apples and other kinds of fruit. The reception accorded the men was excellent, and it is hoped that the good work will be continued.

Included in the party were ten St. John boys. L. Pemberton, of 297 Brunel street, was in the party. He went overseas with the Nova Scotia Forestry unit, and after his arrival in France, he was turned down as being medically unfit.

E. P. O'Brien, of 108 Erin street, arrived home. He went overseas as a member of the Benham battalion. He has been returned owing to physical unfitness.

M. J. Dooley of 231 Union street arrived home. He went overseas as a member of the 55th battalion, and soon after his arrival in France he was transferred to the 20th. While with that unit in France he was taken ill, which necessitated his being returned to Canada.

R. Grant of 25 Murray street was in the party. He went overseas as a member of the 140th, and after his arrival in England was transferred to the 28th. While with that unit he was wounded in the foot.

F. Chase, a former St. John man, now of Adamsville, arrived home. He went overseas with the 104th battalion, and was transferred to another. He was wounded at Vimy Ridge by gunshot.

J. A. Buckley, a former North End boy, now of St. George, was in the party. He went overseas with the 118th, and crossed to France with a draft from that unit to the 24th. He has been invalided home owing to illness.

W. H. McCormack, another St. John man, returned. He went overseas as a member of the Canadian Army Service Corps under Lieut. Colonel Massie. His hearing went bad soon after his arrival in France, and for this reason he has been returned to Canada.

H. Slater, a member of the original 26th, was in the party. He is a St. John boy, and prior to going overseas was employed in the Wilson Box Company. He was wounded in France, once in the battle at Ypres, and the second time on the Somme. Since September, 1916, he has been in hospitals in France and England.

Sgt. A. B. Kierstead was one of the St. John boys to arrive home. He crossed overseas with the 21st Battery and later was transferred into a field ambulance unit. He was in France for one year and eight months when, on August 13, 1916, he was struck in the left arm with a piece of shrapnel and in addition was quite badly shaken up by the force of the explosion. Sergeant Kierstead formerly lived in Elliott row, but since going overseas his people moved to Dunn avenue, West St. John.

Pte. C. E. Crilly is returning home as the result of a severe wound he sustained in his chest on December 23, 1916, while out with a bombing party. He crossed overseas with the 69th Battalion, but was transferred into another unit after his arrival in England. He was in France for eight months.

Pte. W. H. Atchinson, a member of the original 26th Battalion was among the returned heroes. Although he took part in some of the famous engagements in which his unit won distinction, he emerged without being injured, but the severe trench and rheumatic fever, he has since been in various hospitals in England. Prior to enlisting he was employed with Emerson & Fisher, Ltd.

Sgt. Leo Duffy of Chesley street, has returned home after a lengthy period, has hospitals in England. He went overseas with the 140th as a private, but upon his arrival in England began to receive recognition and was soon promoted to be a sergeant. Owing to ill health he did not cross to France.

Pte. William Pettit, a member of the 28th Battalion, has returned home owing to severe injuries to his left arm and knee which he sustained in a big Canadian drive. He was in France for seven months prior to being wounded.

**LIEUT. W. W. RAYMOND IS CAUGHT BY GAS**

St. John Officer in Hospital At Wmreux, Says Word Today

The news that his son, Lieut. William Wolsey Raymond, is in a hospital suffering from gas poisoning, has been received by W. E. Raymond of the Royal Hotel. Lieut. Raymond crossed early in the war with an engineering unit, for which work his technical training had admirably fitted him. Since then he has served at the front with distinction, and his excellent work was recognized when he was awarded a medal after the battle of the Somme.

He had been sent to the rear only a short time ago for a rest, but it is evident that he soon was back in the centre of operations. He was admitted to the 14th general hospital at Wmreux on October 23, and the official report which announces the reason as gas poisoning adds the qualifying word "slight" which is regarded as encouraging.

The Lieutenant-Governor, St. Stephen, N. B., Oct. 30.—There is no marked change in Lieutenant-Governor Ganong's condition today.
