

CIRCUS PEOPLE AT CAPE TORMENTINE
Had Merry Time Boating, Fishing, Bathing and General Entertainment.

(Moncton Times.)
It is not often that show people, whose business it is to entertain others, are themselves entertained, but the 800 members of the Hagenbeck-Wallace show were yesterday given what they call the treat of their lives, even though they arranged the settings and stagings themselves. A member of the show said last night that never in the history of circusdom had a traveling aggregation so thoroughly enjoyed anything as did the show folk their stopover Sunday at Cape Tormentine.

Boating, fishing, bathing, picnics in the woods, parties in search of wild flowers, all were the order of the day. In addition, in a grove on an embankment near the Cape, a quartette mounted on an improvised platform, furnished a musical programme. Between songs, monologues, recitations and "orations." A few did clog dances and it was a show given by show people and for show people. However, a great many residents of the locality who had motored to the scene to see the show unrolled for the day were made welcome in the audience and enjoyed the programme immensely. "Outsiders" were invited to take part, but none accepted, although one expressed, on behalf of all, appreciation of the entertainment given them.

Burlesques on the Chicago and San Francisco conventions formed a part of the programme. One bald-headed man with a fringe over his ears, took the part of William J. Bryan and attempted to pour a bottle of grape juice down the throat of another performer who was made up to resemble Governor Edwards of New Jersey. The scene ended in several of the members of the wild west section of the circus entering the affair and, with revolvers popping, compelled the pseudo Mr. Bryan to do a two-step and then "set 'em up" to the crowd with imaginary liquor, in true western style of a bygone age.

"It was a great day," say the circus people, "and one we have never before experienced."
And when it was all over, and the bugles announced that the animals had been unloaded after their feat, the party broke up, other groups came trooping in from the woods and the fields, the bathing places and other points where they had been enjoying themselves, and resumed their journey bound for Moncton where the show will give two exhibitions, one this afternoon and another tonight.

WILL CONTEST KRAMOR'S WILL
It Forbade Wife and One of Daughters to Attend His Funeral.

Perth Amboy, N. J., July 13.—The will of Joseph Kramor, of Perth Amboy, who died recently, scathingly denounced his wife and a daughter, and forbade their attendance at his funeral. Accordingly, the documents will be contested by those two members of his family, the greater portion of the estate, which is said to be large in reality, having been left to his son, Arthur, and another daughter.

After directing the division of the estate, the will reads:—
"Expecting my will to be read by my executrix before my funeral, it is my earnest wish that my wife, Minnie, and daughter, Jennie, do not attend my funeral."
"I do give, devise and bequeath to my wife, Minnie, only the dower interest which the law of the State of New Jersey provides I shall give her and she shall not have in any other part or division of my estate. If it were possible for me to deprive her of what the law of the State of New Jersey compels me to give her, on account of her treatment of me, I would do so."
"I do hereby give, devise and bequeath to my daughter Jennie the sum of \$12 a month to be paid to her from my estate as long as she shall live. My purpose in devising this monthly sum is as follows:
"Five dollars a month, to remind her of the time in 1916 when she said to me, 'Black pig, don't sleep with my mother.'
"Five dollars per month to remind her of the time in 1918 when she struck me while I was in the kitchen."
"Two dollars a month to remind her of the time in 1920 when she said to me, 'So long you are making too much noise, I will have you arrested for disturbing the neighbors.'
"Except as above my daughter shall not share in any part or division of my estate."

A leak in the twenty-four inch water main in the Gray Settlement road, discovered yesterday morning, was repaired in the afternoon without interfering with the service. The leak was in the pipe, which are held together with pine wedges. A minor leak in the water main in Clyde street, near the railway tracks, was attended to in the morning.

MUNICIPAL UNION CONVENTION WILL MEET IN QUEBEC
Prominent Speakers Will Present Subjects of Municipal Interest at Annual Session.

The annual convention of the Union of Canadian Municipalities will meet for its twentieth session in the city of Quebec beginning Tuesday, July 13, and continuing for three days. By special invitation of His Worship Mayor Samson and the city council, the meeting of the union will be held in the council chambers of the city hall, and will open with a business session in the morning at which Mayor Samson will extend the city's welcome to the visiting delegation.

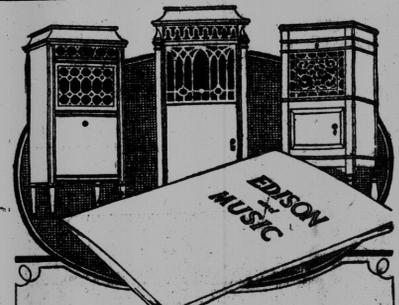

The speakers include P. A. Acland, deputy minister of labor in the federal government; Hon. W. F. Roberts, M. P., minister of public health for New Brunswick; L. A. Herit, E. E. D. Sc., chairman Montreal Tramways Commission; E. J. Samson, city clerk and treasurer of Outremont, Quebec; H. H. Gale, mayor of Vancouver, and others.

The union of Canadian Municipalities is an organization which embraces all the smaller provincial municipal unions, and in turn forms a unit with the larger international municipal league which includes representation from England, Scotland, Australia, New Zealand, South Africa and the United States. The Canadian organization was inaugurated in 1901 at a meeting in Toronto, and since that time has been active in the promotion of municipal interests. The union is the only domain-wide organization through which a municipality can cooperate and exert its influence with other municipalities. Its aims are the guidance and improvement of legislation, both dominion and provincial upon municipal questions and the betterment of municipal government and the fostering of municipal interests generally. By its annual conventions it provides for interchange of views between municipalities and an interchange of views between municipal authorities in all departments from the Atlantic to the Pacific.

TO SHIP BEES BY AIRPLANE
Canadian Apiculturists to Import Bees From the South.

Delivering bees by air is the latest use to which an airplane will be put, according to Aerial Age, which tells of the owner of large apiaries in Ontario, at a supply of bees from the southern part of the country.
"It is expected that a large number of bees will be imported into Canada for the next year," says Aerial Age, and the Canadian breeders are anxious not to get a strain which might weaken during the winter months. It is therefore important that the bees arrive at the right moment next Spring in Canada and without loss of time. This is where the speed of the airplane is to be turned to account."

Mr. and Mrs. Lawrence McMann, who are motoring to St. John from Toronto with the Misses Devision, of Bridge-water (N.S.), are guests at the Algonquin Hotel, St. Andrew's. The party have had an enjoyable ten days tour via the Berkshires, and the New England summer resorts.

GETTING AROUND THE NEW LAWS
Diverse Methods Adopted by the Landlords of New York City.

New York, July 13.—The new state rent laws are ineffective and have not deterred profiteering assaults on thousands of tenants in New York City, according to Leo Kenneth Meyer, chief counsel for the mayor's committee on rent profiteering.

The landlords are adopting diverse methods to circumvent the new laws. Mr. Meyer declared they have been successful to a certain extent. The three chief dodges employed by the landlords as outlined by Counsel Meyer are:—
Notify tenants that their leases will not be renewed unless they are willing to pay exorbitant rentals. If they refuse to meet this increase the tenants are ousted by due process of the law.

Notify tenants that the premises have been sold on the co-operative plan, but they will pay the exorbitant sum asked. Show a higher valuation on their property by inter-transfer of property through alleged sales and thus be able to extract a higher rental.

The first method, according to Mr. Meyer, is the most popular, but is rather slow. It takes from one month to one year legally to exist a tenant. The co-operative selling plan, he declared, was one of the new inventions of the landlords to exploit the tenant. The transferring of property on the pretense of making a bona fide sale and thus increasing the valuation of the premises is one of the latest dodges. Mr. Meyer explained. By this method the landlord "sells" to a relative or business partner, then "buys" the property back again and thus runs up the valuation which will command a higher rental under the state laws.

The entire legal staff of the rent committee has been placed at the disposal of tenants in their fight against the rent profiteer. Landlords who are inclined to be fair are meeting their tenants in the offices of the committee and are arranging new leases with their tenants on definite terms.

The rent committee, which has been in operation for fifteen months, has handled more than 80,000 cases, of which 62,000 have been settled in and out of court. Of the remaining cases, 8,000 are listed as hopeless and no settlement is possible.

There is a constant flood of complaints into the committee's office, which is visited by about 5,000 tenants every week. The committee's office staff of seven, according to Mr. Meyer, handles more than 3,000 complaints by mail daily, besides from from twenty-five to 400 telephone calls.

The committee, which is maintained as a municipal department, is making an investigation of these claims and furnishing legal talent free of charge to all worthy cases.

NO PEACE IN SIGHT IN MIDDLE EAST

Trouble Grows in Asia Minor and Georgia

Bolsheviks Threaten Drive on India—May Get Batum Oil Fields—All Trans-Caucasia in Ferment.

(By Hamilton Fish Armstrong.)
From the Dardanelles to the borders of Afghanistan and India there is no peace. Asia Minor, Syria, Armenia, Mesopotamia, Persia—these are among the places described in earliest tradition and known to men since the first dawn of history. Between the Tigris and the Euphrates, we are told, lay the Garden of Eden itself. But not so far back as the memory of man travels, not in the days of Sennacherib or Nebuchadnezzar has there reigned more general or complete chaos than today.

The future is beclouded and uncertain. The struggles of long-ambiguated peoples to free themselves from the yoke of the Turk have in some places met with success. In other instances success is incomplete and doubtful and still hangs in the balance. In the past rivalries and mutual hatreds and intrigues have laid the nations inhabiting these stretches of territory open to all sorts of exploitation from without. Today many

---too old to work
Maybe there's an old fellow working beside you—the house keeps him on—he's a sort of pensioner. His productive years are gone. While he was a producer he never saved.
If you could analyze that old fellow's thoughts, you'd find him sadly rueing the years when he spent all he made. Instead of being able to retire to a comfortable, independent old age, he's working for a mere pittance, to keep body and soul together.
Man! Don't let yourself come to that. Provide for your declining years now by means of an Imperial Endowment Policy. Write for particulars—now.

APPRECIATION OF NATIONAL COUNCIL

The appreciation of the National Council of Women of the kindness shown them in St. John during the recent convention is expressed in a letter from the corresponding secretary to Mrs. E. Atherton Smith, president of the local council, which arrived too late to be presented at the last meeting of the council. The letter is as follows:

Toronto, July 6, 1920.
Dear Mrs. Smith:—Words fail me when I endeavor to place before you the depth and breadth and height of the gratitude of the National Council of Women of Canada for the delightful hospitality given by St. John in general, and the Local Council of Women in particular, during the annual meeting. The days we spent with you were one great joy—each morning gave us further proof of your consideration and well thought out plans for our comfort and pleasure and each evening closed with the deep satisfaction that only whole hearted co-operation can give. For every effort you made we thank you and long be a fragrant memory and the results of this annual meeting where difficulties were met and overcome and forward strides were taken in the cause of Greater Canada will surely be blessed. In the name of the National Council of Women kindly pass these appreciative words to your own council.

In affectionate remembrance,
Yours very sincerely,
LYDIA M. PARSONS,
Corresponding Secretary.

We can't afford to forget our debt to the British sailor—not for a moment.

of them are listening willingly to the glib nonsense of Moscow.
On the shores of the Sea of Marmora the Turkish Nationalists, whose chief is Mustafa Kemal Pasha, have been attacking the British troops which have been sent to Constantinople. In Cilicia French, meanwhile Greece has obtained permission from the Supreme Council to subdue the Turks if the can, and the attempt is now under way.

Confusion About Georgia.
All Trans-Caucasia is in a ferment. The Georgian government at one stage announced that it had succeeded in reaching an agreement with the Bolsheviks, in which Georgia's rights to the Black Sea port of Batum were recognized. It is now said that Georgia has conceded Batum outright to the Bolsheviks, who thereby get control of one of the chief oil stations in the East, a most important accession in view of the fact that lately they have been very hard pressed for oil. The uncertainty is probably due in part to the fact that the

Russiah Bolsheviks are by no means supreme south of the Volga, there being Turco-Tatar Soviet at Baku (on the Caspian Sea), which does not always acknowledge the rule of Moscow. Meanwhile some of the Bolsheviks, of which ever group, are continuing their operations against Georgia.
Armenia, without military or financial aid from the Allies is a prey to all manner of doubts and wide open to Bolshevik influences. Although at war with the Bolsheviks, she has been unable to come to terms with Georgia, her closest neighbor, and the two have been fighting the common enemy without any sort of cooperation. Georgia is also occupied in a minor way on her southwestern frontier, which she is endeavoring to extend along the shores of the Black Sea south of Batum. This may eventually bring her into conflict with Armenia, and meantime involves some minor fighting with the Adjara, a Moslem tribe.

Southward, in Arabia, there is reported to be great discontent over the extension of French power in Syria. Emir Feisal has always been counted a friend of the Allies, but it has recently been said that he feels bitterly over the terms of the proposed French mandate for Syria. He will soon make a visit to Paris, and this will probably be the occasion for a renewal of the whole discussion over the mandate. It is reported that Italy wants to scrap it entirely, as favoring Greece in Smyrna and Thrace in a lesser disadvantageous to Italian aspirations. Britain has so far been content with the provisions of the treaty, in spite of the disorders which it has provoked. She would be willing to modify some of the terms, however, if it meant a better peace. France stands midway between Great Britain and Italy, and will favor any concessions to Mustafa Kemal which do not interfere with her plans in Syria. Ex-Premier Briand is

leading the French party demanding revision.
Enzeli a Russian Port.
Bolshevik intrigue is also busy with Persia. Last month the Bolsheviks bombarded the Caspian port of Tcheron. It is not generally remembered that Enzeli is a Russian concession, so that technically the seizing of that port did not constitute a violation of Persian sovereignty. In subsequent negotiations the Moscow Soviets offered to withdraw their troops if Persia would recognize the diplomatic envoys. The Teheran government refused pending a recognition of the Soviets by all the powers. Some observers believe the Bolsheviks are reported to be already established in Persia and Afghanistan as preliminaries to such an undertaking. It is said that the plans were laid at a recent meeting of Spartacists, Turkish Nationalists and Bolsheviks in Munich.

THIRTEEN BORDEN MINISTERS
AND THREE OTHERS CHOSEN

F. B. McCurdy, Minister of Public Works and R. W. Wignome, Minister of Customs

E. K. Spinney of Yarmouth, Appointed Minister Without Portfolio and Another May be Chosen Later— McCurdy and Wignome Must Seek Re-election.

Ottawa, July 13—Loyal Conservatives with a strain of superstition about them will shiver when they read tomorrow that today, July 13, thirteen Borden ministers were named as members of the Meighen government.

Three new ministers were also sworn in: Hon. F. B. McCurdy, member for Colchester (N.S.), as Minister of Public Works; Hon. Rupert W. Wignome, member for St. John (N.B.), as Minister of Customs and Inland Revenue, and the Hon. E. K. Spinney, Liberal-Unionist member for Yarmouth and Clarke, as Minister without portfolio. In the case of Hon. Messrs. McCurdy and Wignome this will entail by-election but not in the case of Hon. Mr. Spinney as his new position is honorary and does not carry with it a salary.

In this way it is hoped to give the form of Liberal representation to the maritime provinces and thus justify to some extent the name of the new party. It is believed that Mr. Spinney could have had a portfolio if he had not been elected again in Yarmouth and Clarke. There is, however, a large Liberal vote, much of it French-Canadian, in this riding and a Meighen minister seeking re-election Hon. Mr. Spinney would not stand much chance. It was some surprise at Hon. Mr. McCurdy being given at once so important a portfolio as minister of public works but he has been an energetic and enterprising business man and through much of an orator, he has shown such powers as an organizer and executive that the new premier felt the choice to be justifiable. There was the additional inducement that a minister with an important portfolio may carry more prestige with his constituents when he comes back to seek re-election. It is also not improbable that Hon. Mr. McCurdy was asked for a "man's job" if any and for a free hand because he has resigned governmental positions before now as a protest against dawdling and incompetency. He had been appointed in February, 1918, parliamentary secretary of the newly formed department of the soldiers' re-establishment and chairman of the invalided soldiers' commission, resigning both in November, 1918.

Hon. Mr. Calder. Hon. J. A. Calder takes Mr. Rowell's place as president of the privy council while retaining his old department of immigration and colonization. He will take for the time being Mr. Rowell's work also as minister of health, a department which sooner or later will be merged with immigration and colonization with which it has much to do in some places.

Sir James Loughheed, minister of soldiers' civil re-establishment and government leader in the senate, has become minister of the interior. The department of soldiers' civil re-establishment is being left vacant for the time being it is understood that Sir James will remain acting minister for the time being although as the work becomes less it may be merged in the department of militia.

Sir James also has under him as minister of the interior, oversight of the soldiers' settlement board which will give the two departments a better chance to co-operate.

Sir Edward Kemp. Sir Edward Kemp, member for Toronto East, and until Saturday minister of overseas military forces from Canada in the United Kingdom, now declines from that post portfolio to be minister without portfolio and is now without the ten thousand dollars a year which the other ministers get.

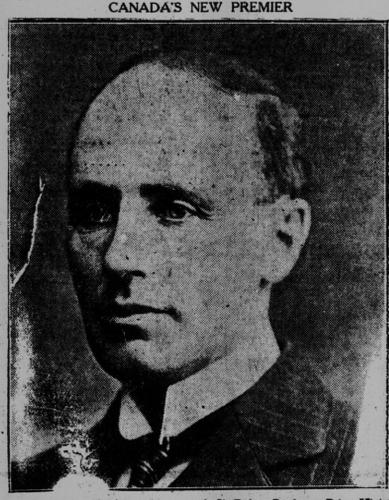

Aside from these, and the position of Hon. Arthur Meighen as prime minister and secretary of state for external affairs, there are no changes.

For the time being Hon. Hugh Guthrie will continue to act as solicitor general as well as minister of militia and the new premier having surmounted the first hill can rest a while before starting another climb.

It was about 12.30 p. m. when the old Borden ministers came out of the council room and moved in a straggling group through the hall of the east block to the governor-general's office to be sworn in. There were eight of them, Hon. Meighen, Foster, Guthrie, Loughheed, Calder, Drayton, Reid and Robertson, and a little later F. B. McCurdy followed. They were accompanied by the new premier and Hon. Martin Burrell, the new parliamentary librarian, who has seen his old colleagues bend their necks to the old yokes from which he now is free. Sir Robert Borden dropped in once or twice during the half hour when the "cussing in" was going on as still has work to do about his office. "I feel that I should be away from this," he said laughingly this morning.

Understand how Charles II. must have felt when on his death bed he apologized to those around him for taking such an unconscionably long time in dying.

Later in the afternoon E. K. Spinney was sworn in and Hon. Rupert W. Wignome as well as Hon. C. J. Doherty.

Hon. Arthur Meighen, who succeeds Sir Robert Borden as Prime Minister of Canada.

THE MEIGHEN CABINET

- Hon. Arthur Meighen, prime minister and secretary for external affairs.
- Sir George Foster, minister of trade and commerce.
- Hon. C. J. Doherty, minister of justice.
- Hon. Hugh Guthrie, minister of militia.
- Sir James Loughheed, minister of the interior.
- Hon. J. A. Calder, president of the council and minister of immigration and colonization.
- Hon. J. D. Reid, minister of railways and canals.
- Hon. A. L. Sifton, secretary of state.
- Hon. C. C. Ballantyne, minister of marine and fisheries and minister of naval service.
- Hon. F. E. Blondin, postmaster-general.
- Hon. S. F. Tolmie, minister of agriculture.
- Hon. F. B. McCurdy, minister of public works.
- Hon. R. W. Wignome, minister of customs and inland revenue.
- Sir Edward Kemp, minister without portfolio.
- Hon. E. K. Spinney, minister without portfolio.
- Hon. G. D. Robertson, minister of labor.

Sketch of N. B. Ministers.

Hon. Rupert W. Wignome, member of parliament for the double constituency of St. John city, St. John county and Albert, was born in the North End, this city, on May 10, 1878, the son of the late Hazen Wignome of Windsor (N. S.) and Cassie (Wilson) Wignome, both of English stock. Mr. Wignome was educated in the public schools of St. John. He entered the milk business, and for several years conducted a large dairy. He was elected alderman under the old electoral system of St. John, and was chairman of the committee on water and sewerage. When the city adopted the commission form of government Mr. Wignome was elected one of the five commissioners in 1913, taking the post of commissioner of water and sewerage, which he held until his election in 1917 as Conservative-Unionist member of parliament, obtaining 18,611 votes, leading the poll in a field of four with a majority of about 8,000.

Mr. Wignome is a member of the shipping firm of Nagle Wignome and for several years has been a director of the Standard newspaper. He is a member of the Loyal Orange Association and in religion is a Baptist. When twenty years old Mr. Wignome and Miss Ruth London, daughter of John London of Wickham, Queens county, were united in marriage. They have a daughter, Miss Ethel G. Wignome, who is a graduate of a hospital training school for nurses and is now a librarian. Miss Wignome is a graduate of Acadia Ladies' Seminary of Wolfville (N. S.) Mr. and Mrs. Wignome also have a son, Roy D. H. Wignome, who served overseas in the Canadian expeditionary forces. The family reside at 241 Prince street, West Side, and also have a summer home.

and trucks at old prices. 200 Union street.

WOMEN IN BUSINESS
Woman's power in America is well illustrated by the thousands of women who entered almost every line of business to replace men who were drafted during the war. Health proved their strongest asset. Many women, however, developed weak, nervous conditions and could not stand the strain of a business life. Such women should remember there is one tried and true remedy in Lydia E. Pinkham's Vegetable Compound, which for forty-five years has been restoring health and strength to the women of America.

Sir Matthew Nathan has been appointed governor of Queensland in succession to the late Sir Hamilton Goold Adams.

NUMBER OF CITY TAX-PAYERS SHOWS INCREASE OF 371
There are 371 more persons assessed for taxes this year in the city than there were in 1919 and the average income of all assessed is \$930, according to the figures submitted to the common council yesterday by E. Murray Olive, chairman of the board of assessors. The total levy this year is \$1,613,348.90, an increase of \$817,811.92; the total number of taxpayers this year is 17,426 and the discount date has been set for August 25, more than fifteen days earlier than last year.
In his report to the council, Mr. Olive says that the rate of assessment 2.38 per cent. is considered moderate in comparison with other cities. He expressed the hope for better office accommodations for next year, as the present quarters have been found inadequate.
According to the official returns, the assessed value of real estate in the city is \$26,899,000, bringing a return of \$792,000.

MUTT AND JEFF—A PRESIDENTIAL POSSIBILITY ONE WEEK, A BELL-HOP THE NEXT

By "BUD" FISHER

STRANGE CASE IS CHICAGO MURDER

Wanderer Says He Engaged Tramp to Stage Hold-Up, Then Shot Him as Well as Wife.

There have been various stories of the confession of Lieut. Carl Wanderer of Chicago, who admits killing his wife and a tramp at his home.

"We shall go before the grand jury and ask his indictment on a charge of murder," Attorney Hoyne said in court.

"I want to be hanged," Wanderer commented. "I want to join her in death. I wonder if she will forgive me. Well, I loved her too much to let another man get her, but I did not want her myself."

Wanderer said that he did not wish to desert his wife and join the army but wished to be "free."

"I feel better with that off my chest," he added. "I had had dreams and the picture of the hallway with my wife lying there came back once in a while. I feel like a new man and I'm ready to kick off whenever they want to take me."

One of the anomalies of the case which misled the police for weeks was the romance of the couple and their supposedly happy married life. Wanderer, who had never smoked, chewed, drank or indulged in slang, had only one love affair, the one with Ruth Johnson, who became his wife at the conclusion of a war romance.

"She was the only girl I ever kissed," he told the police. He took her to church every Sunday. They married after the ex-lieutenant returned from France.

Wanderer's story of how the ragged stranger was hired to be the unwilling victim in the double murder was told by him in the same unemotional way he related the details of his wife's death.

He picked up the man on the West Side on the day of the murder by offering him a job as truck driver. An appointment was made for that evening.

When the stranger came, Wanderer told him that he wanted him to follow Mrs. Wanderer into the apartment and stage a fake holdup. When Wanderer and his wife returned from the theatre, the stranger played his part as directed and was met with a stream of lead.

Wanderer then turned on his wife and shot her twice. She died within five minutes. Her only words were "the baby."

NEW FERRY BOAT FOR GONDOLA POINT ROUTE LAUNCHED

A new ferry boat has been built by the department of public works of the province for the Gondola Point-Reeds Point service and the craft was launched yesterday at the old Titus ship yards, now the property of E. S. Carter of Fair Vale, where it was built.

The new boat is sixty feet long and twenty-five feet wide with two gangways, each of which will accommodate at least five automobiles, with space at each end of the passenger and power house for two other cars if necessary.

The lumber for the boat, including the keels, planking and keel, was all found in the forest areas of the old ship builders at Moss Glen and such men as Alfred Breen and Norman Puddington, with the assistance of S. P. Flewelling, took particular pride in searching for the very best material for the new ferry.

The services of Councillor Henry Gilbert were obtained to design the craft and the mechanical foreman, Herbert Mawhinney, with other employees of the mechanical staff of the public works department assisted in the construction.

The new ferry boat, like its predecessor in the service, is a cable boat with 2400 feet of wire cable, an inch in diameter, winding around a drum of tempered steel which is driven by a twelve horse power gasoline engine and makes the trip across river in about five minutes.

The present boat has been in operation about ten years but is now too small for the service and is sadly in need of repairs. The new boat has been inspected by the shipping inspector of the port of St. John and is the kind ever placed on the river service.

The construction work has been under the direction of E. S. Carter who paid Captain William A. Pitt the honor of naming the new craft after him. At each end of the passenger house there will be the following sign:

GONDOLA-REEDS POINT FERRY WILLIAM A. PITT Named in honor of a man who spent many years of his life in serving the public and improving the ferry service on the Kennebecasis river and who lost his life while on duty.

The new boat was launched quietly yesterday and towed from the ship yard to Gondola Point where the engine and cable will be installed as soon as possible and the William A. Pitt placed in commission.

LIPTON'S REPLY. The secretary of the Canadian Club, C. W. Romans, has received the following letter from Sir Thomas Lipton in answer to an invitation to him to address the club.

Yacht Shamrock IV, July 10, 1920. Dear Mr. Romans—I have received your kind letter of the 8th, conveying a courteous invitation of the executive committee to be the guest of the club at some future date. I am very grateful indeed for the compliment thus paid me and shall be very pleased to keep the matter in mind, but at the moment,

HAY FEVER Conquered by the World's Only Two-bottle Remedy. Send today \$4-82-day treatment. Trial size 25c, and guaranteed. W. E. BUCKLEY, Mfg. Chemist, 2 Dundas Street E., Toronto.

He knows what "luscious" means

If you would catch the full fragrance of LANTIC Brown, use it on bread and butter. If you would get the utmost joy from its use, just watch the children eat it. Truly, in all the King's English, there's only one word for it!

Heaped high with this irresistible spread, you'll whet an old-time appetite and slyly relish a slice of brown bread. And you'll wonder if even the children can possibly enjoy it more than you. Then as you linger long over the subtle zest of it, you'll remember how good it must be for them, this strength-giving product of the sugar cane.

Because it contains food properties that white sugar has not got, properties that render LANTIC Brown a most valuable article of diet, constituents of the cane juice that help the assimilation of the sugar itself!

Send for luscious LANTIC Recipes You'll want to know how to add zest and flavour to innumerable dishes economically, conveniently. So send a 2c. stamp for LANTIC booklet, "Grandmother's Recipes." Tells how to use LANTIC Brown for baking, desserts, pickling and candy-making, also how to keep it luscious.

LUSCIOUS

as you can imagine, my attention is more than fully occupied in preparation for the big race and until that is finished I cannot consider any further plans. I, nevertheless, am most grateful for the honor the club has done me and will be glad to advise you whenever I see a possibility of getting over to St. John. Yours faithfully, THOMAS LIPTON.

CLAIMS RECORD FOR TRAVELING STRAIGHT UP AND DOWN Washington, July 14.—After thirty-two years of service operating the elevator at the Washington Monument, James E. Evans claims to hold the world's record for elevator traveling. Mr. Evans has traveled more than 50,000 miles in the monument elevator and he expects to go a great many more miles. Making an average of thirty trips a day, Mr. Evans figures that in the past thirty-two years he has made about 300,000 trips in all. On each of these trips the car goes about 540 feet up and, of course, the same distance down. Mr. Evans will celebrate the thirty-

second anniversary of his connection with the monument this fall. The first ten years of his incumbency was spent in lining up sightseers at the monument. The case against Chester Myles, who was charged with stealing a ride on the C.N.R. from Moncton to St. John and also held on suspicion of stealing \$165 from a business man en route from Halifax, was continued in the police court yesterday afternoon. Two porters on the railway and Detective Ryan of the C.N.R., gave evidence on the latter charge and he was remanded for a week, when it is expected that Myles will be able to appear as a witness.

VOCATIONAL EDUCATION. (Carleton Sentinel.) The recent session of the Educational Institute at Fredericton was in some respects a strange performance. The papers report a "heated discussion over vocational education." There are good reasons why this subject should command the attention of all educationalists. There may be reasons that some methods of vocational training will meet with universal commendation, but on the whole it would be difficult to find any serious objection to the scheme as promoted by men of ripened experience. It is not an invasion of the rights of the public school but a desire to widen the scope of educational facilities. Some-

thing must be done to strengthen the school system, not that it is all wrong as it is, but because there is still room for improvement, and without casting the slightest reflection on anyone the vocational method is one way to bring about this improvement. The method should not be thoughtlessly condemned. These are days of innovation in school methods, and it is an undisputed fact that there is something to be learned from the vocational system. Perhaps the criticisms have been too severe, but there has been some cause for complaint, and when readjustment is accomplished the result will be beneficial. Pupils leave school before they

reach the High School, or even the higher grades of the grammar department. It is largely a matter of age, and when a boy thinks he is old enough to be employed he leaves his books. This is the truth and must be recognized. If he can be induced to take a vocational course he will not go to work at such an early age. This is a question that will come to the fore more and more as the years go by, and some day vocational training will be recognized as productive economy. But get out of the beaten path and there is opposition.

Cheer up! Just think of all the money you can save on those things you can't afford to buy.

LOCAL NEWS

JURY TO ROTHESAY.

The jury in the case of Turnbull vs. Saunders, a claim for \$1,147 damages in connection with the removal of gravel from the shore of W. Turnbull at Rothesay went there this morning to view the place. The matter will be continued in Circuit Court this afternoon.

OFF TO CAMP.

About forty of the local Taxis boys left this morning on the early train to attend the outing of the provincial Taxis boys which is being held during the next two weeks at Chipman. The party was in charge of A. M. Gregg, physical director of the Y. M. C. A. Other leaders accompanying them were Rev. R. Taylor McKim and Rev. A. S. Bishop.

NOVELTY SHOWER.

A pleasant time was spent last evening at the home of Mr. and Mrs. R. Warr, 120 Queen street, when several friends of Miss Lillie Goulding assembled and tendered a novelty shower in honor of a happy event of the near future. Refreshments were served and songs were sung to the bride-to-be. Many beautiful and useful presents were received.

DEATH OF MRS. WM. COTTER.

The death of Mrs. William Cotter, of Shelburne, Mass., formerly of this city, occurred suddenly on last Friday morning at the home of her parents, Mr. and Mrs. Benjamin Hanson, River Glade, N. B. Mrs. Cotter had been visiting her parents and it had been her intention to remain a week with them, but owing to a severe cold she fell heavily to the floor and expired in a few minutes. Her death came as a great shock to her parents and relatives for she had apparently been enjoying the best of health. Besides her parents, husband and one daughter Winifred, she leaves to mourn two sisters, Mrs. Nellie Graves of Dorchester, N. B., and Mrs. Douglas McDonald of 33 Dorchester street this city and also two brothers, William of this city and Joseph at home.

CADETS CAMP ON NEXT MONDAY

Expect 750 to 800 Under Canvas at Sussex — The Staff.

It was announced at local military headquarters this morning that definite word has been received with regard to the cadet camp at Sussex and it has been decided to hold the camp from July 19 to July 25, a period of six days. It is expected that there will be from 750 to 800 cadets in the camp and everything is being done to see that the lads are given a good time as well as a course of beneficial training. Lieut.-Colonel A. H. H. Powell, assistant adjutant-general of M. D. No. 7, is to be camp commandant. Lieut.-Colonel A. B. Snow, organizer and inspector of cadet corps in the province, will be in charge of training; Captain A. G. Ashford, former adjutant of the 62nd St. John Fusiliers, military instructor; Captain R. Smith of the army service corps, officer in charge of supply and transport; and Captain J. A. McCarthy of the medical corps, medical officer. Nursing Sisters Ada A. Burns and E. M. M. Kerr, C. M. C. will assist Captain McCarthy in the hospital.

MARINE NOTES

The R. M. S. P. Caraque sailed at 6:45 last evening for Bermuda and the West Indies via Halifax. Wm. Thomson & Co. are the local agents.

The R. M. S. P. Chaudiere is expected to leave Bermuda Friday morning for this port. Wm. Thomson & Co. are the local agents.

The C. P. O. S. Empress of France was to sail today from Quebec to Liverpool with a full passenger complement. The new Ellerman-Bucknell's Canadian-India-Java service will be inaugurated by the steamer Kaluna, of 8,500 tons, now on the way to Montreal from England and should arrive at the end of the week.

LOOK FOR THE SURRENDER OF JOHNSON SOON

Los Angeles, Cal., July 14.—Jack Johnson, former heavyweight champion, and now a fugitive from justice at Tijuana, Mexico, is expected to return to the United States and surrender without conditions in a few days, according to United States District Attorney O'Connor here.

WOMEN LIABLE FOR SERVICE ON ENGLISH JURIES

London, July 14.—In accordance with an act of parliament already passed, the lord chancellor announces that after July 15 women are liable to serve on juries under the same conditions as men. Husband and wife will not be permitted to serve on the same occasion.

HELEN KENNEDY HURT IN CRASH

Ambulance Wheel Comes Off and Smashes Victoria Hotel Plate Glass Window.

When the city ambulance was coming down King street a little before noon this morning in response to a call the front axle broke, throwing the heavy right hand wheel across the sidewalk and through one of the large plate glass windows of the Victoria Hotel and into the lobby. In its course across the sidewalk it struck Miss Helen Kennedy, 164 Sydney street, throwing her against the glass and cutting her neck and arms quite badly. She was taken into a room at the hotel and Dr. A. F. Emery was summoned. He dressed the wounds and was of the opinion that the injuries were not of serious nature. The window was badly smashed.

ALL ENJOYED THE STAY HERE

Rear-Admiral Everett of Calcutta Writes Fine Letter of Appreciation to Mayor Schofield.

Mayor Schofield is in receipt of the following letter from Rear Admiral O. A. Everett of the H. M. S. Calcutta, Calcutta, St. John, N. B., July 13, 1920.

Dear Mr. Mayor—I desire on the eve of my departure from this port to convey to you the thanks, not only of myself for the kind personal attention I received from you, but of every individual officer and man on board H. M. S. Calcutta for the hospitality they have received at St. John. Nothing during our northern cruise has touched us more than the warm and welcome and the friendly, almost affectionate interest, which the people of St. John showed in the ship and her crew. That this was reciprocated is perhaps best demonstrated by the fact that more men daily took advantage of leave ashore than at any other port we have yet visited.

It was a matter of great disappointment to Captain Noble and the officers that, owing to the weather, they were unable to give a dance on board, which they were looking forward to doing. Our facilities for retraining hospitality on anything but a very small scale are unfortunately this has not been possible.

May I in conclusion, renew through you my thanks to the many kind individuals and institutions who have so cordially welcomed, entertained and befriended us all. Believe me, Yours sincerely,
O. A. EVERETT,
Rear Admiral.

His Worship Mayor E. A. Schofield, St. John, N. B.

NEW TURN TO CARLETON CASE

Man Who Said He Was Attacked Is Fined for Fighting.

In the police court this morning Chesley Ford and James Beers were charged with fighting together in West St. John early on Sunday morning. They pleaded guilty and were each fined \$20 for fighting and \$8 for being on the street at such a late hour. Ford was the man who was reported to have been attacked and badly beaten but the police say Ford started the row and at the time had been drinking. He was notified to appear in court and did so this morning. A case against Clifford May, charged with assaulting Henry McBurney, was resumed. McBurney said the accused was under the influence of liquor and struck him over the head with a plate, causing a nasty scalp wound. A fine of \$20 was imposed.

One lone drunk was the result of the gleanings of the police last night and his appearance in the box was quite a contrast with that of the last few days when from five to ten drunks each day were arraigned. He was remanded. One man was arrested this morning on a similar charge but his condition would not permit his appearance in court.

REAL ESTATE NEWS

Recent property transfers have been recorded as follows:—

St. John County.
St. John. P. O. Creighton and others, property of S. Creighton.
G. A. S. Hopkins to DeWitt Cairns, property in Simonds.

Boys! and the Circus

Oh! What fun and excitement when the circus comes to town—and it's here today! You'll enjoy it and remember it long afterwards.

And so With Clothes from the Boy's Shop—You'll enjoy them, you'll appreciate being so well dressed—but unlike the circus which is really over in a few short hours—your cup of joy, from being well dressed, is filled for many a day after you've first donned them—unlike the circus, you don't have to use your imagination to recall them—they're with you every day—And oh! The pleasure of being proud of one's appearance!

Not Necessary of Course to Sell a Baby Carriage to Those Who Need One

No extensive selling effort needed to sell a family a baby carriage if a baby is a member of that family. So we'll merely say a few words about our stock of baby rolling stock.

First, it is complete and represents a wide range of material, design and, naturally, price.

Second, the springs and the whole workmanship represented in the line is second to none in town.

And springs are a big feature in a baby carriage because a hard riding carriage will cause the precious occupant a world of uneasiness.

We want you to at least include this store in your list when considering a carriage as we know you'll find it well worth while.

Also a Full Line of High Chairs, Kiddie Koops, Bassinets, Baby Walkers, etc.

CIRCUS PARADE VERY FINE ONE

Old and Young Enjoy Big Day of the Year

Hagenbeck - Wallace Street Procession Entuses the Crowds with Fine Animal Display, Neat Appearance, Clowns and Music.

There is no other day just like circus day, when the day is fine and the circus a good one. Suburban places emptied themselves into the city this morning by train and steamer to see the parade and enjoy the circus.

First came a very small clown on a bicycle. He was both bowlegged and funny, and the kids all followed him forgetting that a parade was following him.

Special mention should be made of the cub bears and the mother puma and her two kittens. These were attractive and a great deal of attention.

The circus is showing on Clarke's field, Lancaster, opposite the Provincial Hospital. The performance this afternoon drew a very large attendance and this is expected to be another fine evening at eight o'clock, when the fine weather and the circus lure are bound to draw crowds.

INVENTION HELPS BLIND TO READ

Typophone Demonstrated by Austrian—May Revolutionize Systems for Sightless.

(Baltimore Sun.) Dr. Max Herz of Vienna, Austria, introduced a sensation among instructors for the blind, in convention at Overlea, Md., when he demonstrated his typophone, the typophone, which promises to revolutionize the teaching of the blind and to place Braille on a plane with sighted people in the fields of study and cultivation.

MAINE PAPERS PRAISE ROADS IN NEW BRUNSWICK

They Say When Tourists Know of Them They Will Visit Province.

(Charles H. Fogg, editor of the Houlton Times, and a gentleman close and actively connected with road improvements in the State of Maine, in a front page article in his paper of June 30th, has something to say concerning New Brunswick roads. The whole article is reproduced as Mr. Fogg is in a position to state the conditions accurately and it will be of special interest to autoists.)

(Houlton Times)

"In the good old days of the bicycle there was no better roads in this section down the St. John river, but as roads today there is not a better stretch of roads anywhere than from Woodstock south on the west side of the river, not only have there been many miles of improved road constructed, but they are now working on long stretches which will make this delightful ride the second to none in this section, and with the unimproved scenery, many will take advantage of this trip and tourists, which are increasing every year will take advantage of the good roads and the scenery to make the trip.

One of the most delightful seventy-five mile trips out of Houlton is to go to Woodstock, cross the bridge near the Island and take the first right the road as far as the bridge which crosses the St. John river. He takes the right at the end of the ridge and return to Woodstock. In this way different views are obtained of the scenery, the one going down follows the lower land of that section while the road coming back goes over higher land and the view on both sides cannot be surpassed anywhere in the United States. Like most everything that we have in this section, it is not half appreciated, but if a tourist from this section could travel hundreds of miles and find scenery like this, they would return and tell the wonders which they had seen, but when it is at our very doors we pass it by as usual.

What is true of the scenery south of Woodstock is equally true of the trip north of Woodstock. The roads on the east side of the river going down to Woodstock are dirt roads but are finely kept, while the roads on the west side are gravel construction and are equally as good. Between Pokok and Woodstock are some of the most tempting picnicking places that can be found, which makes it an ideal trip for a day or an afternoon.

Many Maine cars were seen on these roads on Sunday and doubtless many more would have taken advantage of the roads and good weather on Sunday had they known of it. The road going south is somewhat narrower on the east side than on the west, but even so there is plenty of room for passing.

A few years ago there was a gentleman and his wife from the State of Philadelphia, who made the trip from Van Buren to St. John following the river all the way and after reaching the latter city he wrote the Times that in all of his trips and that he had traveled extensively he had never seen the equal of this one for scenery and fair roads, but with the improvement in the roads in this section during the past few years, the trip is ideal from any standpoint, and one which will be popular in the coming season when people learn of the beauties of it."

(Fort Fairfield Review)

Many automobilists are talking about the great improvement in the roads of New Brunswick during the past year or two. The ride up and down the St. John river is certainly a most beautiful one, but many from this side of the line have been afraid to take the trip, owing to the fact that some stretches of the roads there have been very poor indeed. But they are getting better very rapidly.

Maine and some other parts of New England are not improving quite so fast as those of our neighboring sister province of New Brunswick.

As a general rule the office is so busy keeping the men it doesn't want from getting in that it seldom has any time to go out seeking the man, it does want.

Have You Dyspepsia?

If your stomach is sour, and you have a "heavy" feeling after eating—if your food is not readily digested and assimilated—you are plainly in need of

HAWKINS' DYSPEPSIA REMEDY

It gives quick relief to stomach troubles and permits normal eating without painful effects. It also prevents constipation, and relieves kidney troubles. It is a reliable regulator which keeps the system in a clean, regular, vigorous condition, and makes the dyspepsia's life worth living.

News Notes About Prominent Baptists

Among the addresses delivered before the northern Baptist convention was one on "The Work of the Army Chaplain," by Rev. Frank C. Ridout, chaplain with the American troops at Camp Grant, Rockford, Ill. He said that his task by the war department and all expenses of his trip to Buffalo were defrayed by the military authorities. Chaplain Ridout is a New Brunswick and a graduate of Acadia.

Rev. Harold B. Conn is serving the church at Cambridge, Kings county, N. S., which he supplied last winter while pursuing his studies at Acadia. He is a preacher of much promise, and with his whole time now available for the work of the church he may well expect that splendid results will be achieved. He is a nephew of Rev. Wellington Camp of Campbellton, and a first cousin of Rev. G. Foster Camp, who is now pastor of a church near Lowell, Mass.

We understand that Rev. J. E. Gosline has tendered his resignation as pastor of the Springfield-Kers field. His stay at Springfield has been all too brief, but the long distances to be traversed and the scattered nature of the people have made the work hard and unsatisfactory.

It is reported that Rev. R. A. Burrows, who has resigned the pastorate of the First Elgin church, and will soon close his work there. We have received no official confirmation of this, but it is rumored that he is going to the North River, N. B. field.

Rev. M. V. Vail has been pastor of the Oak Bay field. This field was left vacant by the removal of Rev. C. A. Bell to Colchester.

Rev. Geo. T. Webb, D. D., has taken up his work as field secretary for Sunday school work in the Baptist churches of Ontario and Quebec. For six years he held the responsible position of general secretary of the B. Y. P. U. of America. In 1911 he became associate editor of Sunday school publications with the A. B. P. S. More recently he represented the Publications Society in educational work in western Canada.

On Saturday, June 26, Rev. and Mrs. H. D. Smith remained in Toronto for a few hours only and then proceeded to Rosseau, Muskoka, where they expect to spend July and August with Mrs. Smith's sister, Mrs. F. W. Ashdown.

LOCAL NEWS

An excursion party of tourists arrived yesterday at Yarmouth from Boston. After spending a day at Yarmouth, they will visit Wolfville and Halifax they will come to St. John, probably on Thursday evening.

Miss Rhoda Macdougall of Shediac, for several years teacher in the winter school, this city, who recently resigned, has been appointed to the Moncton teaching staff.

John Dolan, James Robinson and Charles Barton were each fined \$5 and costs by Magistrate Wilson Dalton on Thursday last night on the charge of speeding in Robitney avenue.

His excellency the Duke of Devonshire and suite are expected in Campbellton today where they will board the yacht Hochelaga, Capt. Barkhouse, which will take the vice-regal party to Cape Breton. They will return to New Brunswick in about two weeks and will go to St. Andrews.

Word was received here yesterday of a fatal automobile accident in Boston, in which a native of Fredericton was the victim. Samuel H. Berry, who was hit by an automobile in Haymarket Square, Boston, on July 5, passed away after lingering slightly more than a week. Berry was born in Fredericton, April 12, 1866, but went to Massachusetts twenty-five years ago, residing in Stoneham. He leaves a sister, Mrs. Emily Hayes of that town. He was buried yesterday in Lindenwood cemetery, Stoneham.

APPOINTED TO HOSPITAL BOARD

Alexander McMillan Selected by Common Council on Second Ballot — Ten Names Were Considered.

After a very close vote, in which two ballots were necessary to decide, Alexander McMillan, of J. & A. McMillan, was appointed by the common council yesterday to fill the vacancy in the board of hospital commissioners, in place of Dr. Thomas Walker, resigned. The first ballot of the commissioners considered the nominations of Mrs. J. Verrier McMillan, of the Local Council of

Abbey's SALT

Sweetens the Stomach

Women; Alexander McMillan, Dr. A. F. Emery, James L. Scurie, George R. Melvin, Ira D. Ferris, C. F. Stevens, T. L. Killen, A. McKinnon of the Trades and Labor Council, and Mrs. R. D. Smith of the Women's Hospital Aid. Two votes each were cast for Mrs. McMillan and Mr. McMillan and one for Mr. Killen. On the second ballot three votes were cast for Mr. McMillan and two for Mrs. McMillan.

The Montreal Board of Trade expects there will be little opposition to the application of the railways for permission to increase freight rates.

Sir Lester Conlin has been nominated legislative councillor for the division of Salisbury, replacing the late Hon. Mr. Racine.

Sickly Women Given Strength, Vigor, Spirits

Many of the woes of womanhood, such as kidney weakness, at first the back aches, then pains gather round the hips and lodge right in the small of the back. To sleep or bend seems impossible. Headaches are constant. Unhappy existence. No pleasure in life when the body is overladen with poisons that the kidneys can't eliminate.

Bright's disease is the next stage, but it can be prevented by using Dr. Hamilton's Pills of Mandrake and Butecher. They cure sick kidneys and cure them permanently.

When the kidneys work properly pure blood is formed.

This means nourishment and strength for the whole body.

Backaches and dragging pains are forgotten. Irregularities disappear, vital energy is restored, and happy, robust health is once more established.

Dr. Hamilton's Pills for women is the slogan of thousands today. It is the most powerful medicine that will do their general health more good.

For the sake of your kidneys, for the sake of your liver, for the advancement of your general well-being, try to improve on Dr. Hamilton's Pills 25c per box.

ASTHMA COLDS WHOOPING COUGHS SPASMODIC CRUP WHEEZING BRONCHITIS CATARRH

Vapo-Resolene

Altogether safe and effective treatment. Used with success for 40 years. The air-carrying, antiseptic vapor, inhaled through the nose, soothes the inflamed membrane, loosens the mucus, restores the voice, relieves the cough, soothes the throat, and restores the system to normal. Sold in 50c and 1.00 bottles. Vapo-Resolene is a registered trademark.

Cross Purposes

SOME proprietors of Household Medicines have made the mistake of advertising their Preparations as something to take the place of the Doctor's services.

Some physicians, on the other hand, have maintained that All Household or Proprietary Medicines are worthless and should not be sold.

The facts, as usual, lie between these extreme views.

"Call the Doctor," should be the first thought when there is illness or injury. Get his opinion, and follow his directions. But sometimes there are cases of sudden sickness or a minor accident when the right remedy, instantly at hand, will save much suffering and render any further treatment unnecessary.

This justifies the existence of the Household Remedy as an accessory to the doctor, providing in an economical and always stable form the medicinal virtues of some good formula (often a doctor's prescription) for use in the many minor ailments and injuries of every day life for which the great majority of people cannot afford the doctor's visits each time or, as on the farm, are so situated that they cannot obtain his services quickly, even if their means permit. Such a remedy is FERRY DAVIS PAINKILLER.

For nearly seventy-five years, this reliable preparation has been used on the farm, in lumber and mining camps, on the sea, in the homes of town and city, not only in Canada and the United States, but also in practically every country in the world for a few simple ailments which are everywhere prevalent, and for which this remedy has been found to give prompt and effective treatment.

In cold climates and in the winter season of others, a teaspoonful of PAINKILLER in a glass of warm water or milk helps wonderfully to ward off the evil effects of a chill; while a piece of flannel, dipped in a glass of hot water to which a teaspoonful of PAINKILLER has been added, wrapped around the throat of a child at bedtime, is remarkably effective for croupy or bronchial attacks.

During the hot Canadian summer and all the year round in tropical countries PAINKILLER is famous for the relief it will bring in acute attacks of stomach and bowel trouble caused by unwise eating.

PAINKILLER is also a very effective Liniment for bruises, sprains, insect bites and stings. In fact, this real Home Remedy is a good thing to have always on hand at home and when travelling.

New family size, containing about two and one half times the quantity of the 60c. size, price \$1. Families accustomed to using PAINKILLER for various purposes, will find that by purchasing the new family size, they can obtain this standard preparation at a cost, nearly as low as before these present high-cost-and-high-tax times.

Manufacturing Chemists NEW YORK and MONTREAL

WOMAN AND PILOT KILLED IN FALL

Salisbury Beach, July 14.—Mrs. Richard H. Long the Fenwickham, wife of a former Democratic candidate for governor, was killed in an airplane accident here. The airplane in which she was flying ploughed 200 feet to the ground and was wrecked. Several hundred people witnessed the accident.

Mrs. Long died in hospital, as did the pilot of the machine, Lieut. Gordon Groah, formerly a United States army aviator.

Mechanician Cornet, who occupied third seat in the plane, jumped from a height of twenty feet when he saw the crash was inevitable and thus saved his life. Cornet, although suffering a severe shock, gamely assisted in dragging the bodies of the injured people from the wreck, but then collapsed.

Lieut. Groah, who served in the air service during the war, had been at Salisbury for about three weeks, taking passengers up for trial rides.

According to a three-passenger plane the pilot had flown his distinguished passenger on several occasions along the coast and apparently was preparing to make a landing.

The machine seemed to be in perfect control until it had settled to an altitude of about 200 feet. Members of the Salisbury life saving crew and hundreds of vacation seekers were gazing steadfastly at the approaching plane.

Suddenly there was an unexpected gyration. The plane half halted in the air, flopped over and then tumbled straight to the earth. Spectators were horrified.

Groah died in ambulance.

It was but a fraction of a second before the great airplane had hurtled to within a few feet of the sandy beach. Suddenly a human figure detached itself from the down-turned craft. Cornet jumped, but the others remained.

A heap of wreckage greeted the spectators. The passengers were hurled to the ground, and appeared to have escaped serious injury. Somewhat dazed, he arose, stretched his limbs, walked over to the tangle of wreckage and with others, attempted to drag the hapless passengers from the wrecked airplane. An ambulance was summoned from Newburyport and returned to the scene within five minutes.

Mrs. Long and Lieut. Groah were still alive when the ambulance arrived and started on the return trip to the Anna Jacques Hospital in Newburyport.

The pilot died in the ambulance on the way to the hospital and Mrs. Long, although breathing when she was taken over to the operating room, expired a few moments later.

No statement has been obtained from the mechanic as to the cause of the wreck. It is believed that the motor failed. Lieut. Groah was flying a British type plane.

CIVIL SERVANTS MAY BE SUED FOR INCOME TAXES

(Canadian Press Despatch.)

Ottawa, July 13.—If the Ottawa Board of Control confirms the recommendations made by City Solicitor F. B. Proctor today, Hon. Arthur Meighen, newly chosen premier of Ontario, will insist upon numerous other prominent civil servants will be sued by the city for their income tax.

This case arises out of the refusal of the civil servants to pay the 1920 income tax on the ground that under the former agreement between the government and the city they were to be exempt from taxation for a period of ten years. The corporation claims this period expired last December and that the civil servants declare they are not liable for taxation until 1921.

WILLING TO TAKE A CHANCE.

The late Prof. William Addison Hervey of Columbia was in the habit, as he became acquainted with a class, of substituting for the regular lecture note and then a particularly difficult "quiz" or "exam" which he called a written recitation. There was no preparing and there was no escaping for they were never announced in advance. Once, just after the mid-year holidays, he sprang one of these on Goethe, including the question, "Who was Goethe?"—in answer to which he expected a neat and coherent essay on Goethe and his Weltanschauung. Some of the class tried to

FRIENDS SEE A BIG CHANGE IN MORRISON

Is in Tip-top Condition Now and Gives Tanlac Credit For Wonderful Improvement in His Health.

"My friends are all asking what it is that has put me in such tip top condition again, and I always tell them 'Tanlac' is what did the work for me," declared L. E. Morrison of 188 Maynard street, Halifax.

For about a year before I began taking Tanlac," said Mr. Morrison, "I was in such a human rundown condition I could scarcely drag myself around. I had no appetite at all and often a cup of tea would make a whole meal for me. My stomach was in such a bad fix that after eating I would blot all up with gas and be miserable for hours afterwards. I suffered a lot from dizziness and awful headaches, and when these spells came on me I had to lie down before I could get any relief whatever. At night I would lie awake for hours until I got so restless that I had to get

up and walk the floor, and sleep was almost out of the question. I had a tired, worn-out feeling all the time with no energy to do my work, and my friends were all noticing my trifling condition.

"I could find nothing that did me any good until I got hold of Tanlac, but it only took three bottles of this medicine to restore my health completely. I have a splendid appetite now and can eat just anything that comes along without feeling a sign of indigestion or any other trouble. I never suffer from headaches or dizziness, and my nerves are just as steady as a clock. At night I sleep like a top, and I'm feeling as fine as I ever did in my life. I've already gained ten pounds and am putting on more weight all the time, and I don't hesitate to endorse Tanlac for everything they claim for it."

Tanlac is sold in St. John by the Ross Drug Company and in W. Munro by G. W. McKay, Beaver Harbor; Willard J. Colwell, Evans; C. V. Parsons, Highland; John F. Messinger, DeLore; O. D. Hanson, Leppreux; E. L. Conley, Leonardville; N. H. Johnson, Clarendon Station, and by the leading druggists in every town.—(Adv't.)

write them. One poor wight, not very well up on Goethe at best and rather worse for holiday wear, took one look at the question, wrote, "All right, I'll bite. Who was he?" and left the room and, next day, the department of German.

Don't Use the Knife

That's the barbarous way of treating corns—dangerous too—any corn can be removed painlessly by Putnam's Pain-Corn Extractor in twenty-four hours. Use only Putnam's Extractor, 25c. at all dealers.

To Overcome Redness, Tan, Freckles, Blistches

If your skin is untidy reddened, tanned or freckled, just dab a little pure mercurized wax on the face and allow it to remain overnight. When you wash off the wax in the morning, fine, fatty, almost invisible particles of cuticle come with it. Repeating this daily, the entire outer skin is absorbed, but so gradually and gently, there's not the slightest hurt or inconvenience. The underlying skin which forms the new complexion is so clear, fresh and youthful looking, you'll marvel at the transformation. It's the only thing known to actually discard an aged, faded, mottled complexion. One ounce of mercurized wax, procurable at any drug-store, is sufficient in most cases.

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion; or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bisulphate of Magnesia at their meals.

There is probably no better, safer or more reliable stomach antacid than Bisulphate of Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthily without need of pepper pills or artificial digestants.

Get a few ounces of Bisulphate of Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the bisulphate form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Rheumatism, Aching Joints, Lumbago, Sciatica, Neuralgia, Headache, Neuritis, Toothache, Earache, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all. Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package. There is only one Aspirin—"Bayer".

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocetylacetate of Salicylic acid. While it is well known that Aspirin is a manufacturer, it is asked the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Big Sale of Voile Blouses

Tomorrow at \$3.98

Valued from \$4.98

Myriads of exquisitely dainty blouses. All different, faultlessly cut, perfectly finished. You will want two or three at least—and the most slender purse can afford them. Think of it! Sheer fine Voile, pin tucked, artfully embroidered and trimmed with fine Venice or Val Laces. Some have graceful Jabots—some with lace—others crisp frills, square, V or round necks and tiny pearl buttons. They look double the price. Come and see them.

GRAND DIVISION SELECTS OFFICERS FOR COMING YEAR

Sons of Temperance in Session at Moncton Appoint Delegates to National Meeting—Resolutions Passed.

Moncton, July 13.—The Grand Division, Sons of Temperance, in session here today elected officers as follows: Grand worthy patriarch, Rev. B. H. Thomas; grand worthy associate, Rev. W. J. Kirby; grand scribe, Thomas A. Clark;

grand chaplain, Rev. C. W. Corey; grand conductor, Mrs. A. A. McLeod; grand sentinel, Mayor C. A. Blesking; grand patron, H. H. Stuart; past grand worthy patriarch, A. A. MacLeod. These officers were installed by National M. W. P. Hohenal and National Conductor Brodie.

The following delegates were selected to attend the national division: Rev. A. A. MacLeod, Rev. James Crisp, Rev. George Stevie, Rev. C. Fleming, Rev. W. J. Kirby, S. B. Buxton, E. S. Hennigar, Fred G. Moore, S. C. Alward, E. W. Howiey, James Falconer, Rev. B. H. Thomas, S. P. McCavour, Harold C. Stohart, F. H. Rouse, E. A. Everett, Rev. W. R. Robinson, Thomas A. Clarke, Henry H. Stuart, Joshua Stark, Mrs. E. S. Hennigar, Mrs. W. J. Kirby, Miss Mac Kirby, Mrs. A. A. MacLeod and Mrs. T. A. Clarke.

The next annual session will be held in St. John on the last Wednesday of next July and the next semi-annual session in Sunny Brae on the last Wednesday of January next. The meeting went on record as deeply deploring the attitude and policy of several papers in New Brunswick who have allowed degrading advertisements to appear in their columns antagonistic to the highest inter-

est of the prohibition party and would express its disapproval in every possible way. It expressed its highest admiration of the management of such papers as steadfastly refused to receive and publish such advertisements even at a great loss of revenue.

The resolution committee would in respectful terms call the attention of the provincial government to the fact that since a mandate from the people had been received on the question of total prohibition we do urge that honorable legislative body to use its utmost endeavor in upholding the provincial inspector, Rev. W. D. Wilson, in his difficult duties.

The following was carried on recommendation of Rev. C. W. Corey and H. H. Stuart: "We further urge upon the provincial government that they put into immediate operation the legislation of 1912 providing for government ownership and operation of the traffic in alcohol and alcoholic compounds for purposes allowed by the prohibition act and that they take steps to have at the earliest possible moment the dominion plebiscite taken in New Brunswick on the question of prohibiting importation of liquors through any government channel."

ROBBERS BORE HOLE IN WALL AND STEAL \$6,000 WORTH OF GOODS.

(New York Times.)
A burglary of haberdashery's goods valued at \$6,000 and a second attempt to break into the store of Andrew Burnbaum of 180 Havenue street, Brooklyn, were reported yesterday, but not through police channels.

Hirsch & Hirsch, haberdashers of 205 Broadway, Brooklyn, admitted that on Monday night robbers had taken silk shirts, ties, socks and other goods valued at \$6,000. The burglars bored a hole through a hallway wall adjoining the store, enlarged the hole so they could squeeze through and passed the stolen articles to confederates, who are supposed to have loaded the loot into an automobile.

How the burglary could have taken place without detection puzzles the members of the firm. The store is almost beneath the Marcy avenue elevated station, and traffic through Broadway at that point is heavy. Neither watchmen nor police discovered what was taking place. The loss was reported to the police Tuesday morning.

LIQUOR CASES AT REINFORTH.

Charles Forman, on the charge of supplying liquor to another, and John Hanlon, for having liquor in his possession, were each fined \$50 and costs by Magistrate Dalton in Renforth last night. The arrests were made on Sunday in Rothesay avenue by Provincial Constable Robert E. Crawford.

FOUR MEN WERE ARRESTED AND ARE WAITING TRIAL FOR AN ALLEGED ATTEMPT TO ROB BURNBAUM'S STORE ON MAY 19.

The attempt to get into Burnbaum's store is the second within a few weeks. An investigation showed that the robbers had bored three holes through the cellar ceiling. As they bored the third the bit struck a burglar alarm wire, and set off the alarm. At this, it is believed, the burglars ran.

Royal Cord

The finest Cord Tire in the world.

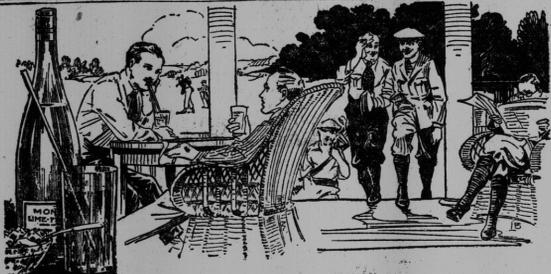

"Royal Cord" means more mileage than you can get from any other tire—more miles per gallon of gasoline—and a buoyancy that gives an added luxury to motoring.

There are six Dominion Tires, also Dominion Inner Tubes and a complete line of Dominion Tire Accessories.

It will pay every Motorist to get acquainted with them and with the prompt, efficient, courteous service of the "Dominion" Tire Dealers who carry them.

The best dealers sell Dominion Tires.

The Popular Summer Drink

"MONTSERRAT" is the basis of dozens of delicious drinks, picnic punches and wholesome, refreshing thirst quenchers. It is ready for use—keeps indefinitely—and is much cheaper than lemons.

MONTSERRAT Lime Fruit Juice

is the golden, aromatic juice of cultivated West Indian Limes, expressed from the fresh, ripe fruit and is absolutely free of alcohol.

MONTSERRAT
Fruit Saline
keeps the liver active—the stomach sweet and the whole system right.

Order it at the club—keep a bottle in the house and enjoy some of the cooling, refreshing drinks it makes whenever you are hot and thirsty.

Sold everywhere.

WHAT IS A MILE?
NATIONS DISAGREE
English-speaking countries have four different miles all in use—the ordinary mile of 5,280 feet, and the geographical or nautical mile of 6,080 feet, making a difference of about one-seventh between the two; the Scottish mile of 5,296 feet, and the Irish mile of 6,720 feet.
The German mile of today is 24,818 feet in length, the Prussian one of 24,872 feet, and the Austro-Hungarian one of 24,858 feet; and the Swiss get more exercise in walking one of their miles than we get in walking five of ours, for their mile is 27,459 feet long, and ours but 5,280 feet.
The Italian mile is only a few feet longer than ours, the Roman mile is shorter, and the Tuscan mile, as well as the Turkish mile, is 460 feet longer. The Swedish mile is 22,098 feet, and the Austrian post mile is 22,098 feet in length. Besides this list of twelve different miles, there are other measures of distance, not counting the French liometer, which is rather less than two-thirds of a mile. The Brazilians have a mile that is one and one-fourth times as long as our mile; the Neapolitan miglio is about the same length; the Japanese ri is about two and one-half times as long as our mile; the Russian verst, five-eighths as long. The Persian standard is a farsakh, about four miles long, which is not far from the supposed length of the persans, so familiar to every school boy who has read Xenophon's "Anabasis." The distance indicated by the league also varies in different countries.

PENNSYLVANIA TO PLANT POPULAR TO GET PAPER
State Forester Believes Trees of North Carolina Variety Will Thrive in the North.
The North Carolina poplar trees will be planted in Pennsylvania state forests; if it is found they thrive there, to provide future relief from the newspaper paper famine which is growing more acute each year. Clifford Finch, chief of Pennsylvania state forests, has started an investigation into the possibilities of growing the North Carolina poplar in Pennsylvania.
Two previous experiments, attempted on a commercial scale in Pennsylvania, did not prove successful. Chief Forester Finch believes that successful results can be accomplished if the right methods are applied. If the experiment is successful a large quantity of wood for the manufacture of newspaper paper can be supplied in Pennsylvania within the next ten or twelve years.
The North Carolina poplar is one of the fastest growing trees in its climate. It averages well over an inch in diameter each year, so that lumbering could be undertaken profitably within ten or twelve years. Its texture is admirably adapted to the manufacture of pulp wood for newspapers.
L. W. Keller, chief of the bureau of silviculture in the state forestry department, who will investigate the matter, says that lumbering could be undertaken by planting smaller North Carolina poplars closer together on better soil than they will thrive—Philadelphia North American.
MINISTER'S BGG STORY DOUBLES HIS SALARY.
So struck was the congregation at a church in London, Eng., with an illustration by the minister that it doubled his stipend. The minister was preaching on the high cost of living, and exhibiting a basket with forty-eight eggs in it; "This is what a predecessor of mine got for a shilling seventy-five years ago." Next he showed a basket containing two dozen eggs. "This," he said, "the next minister purchased for a shilling thirty-five years ago. Today I get two eggs for my shilling."

ESTATE SALES

to send both her and her sister to Boston as soon as they feel able to travel after their harrowing experiences.
"The case was first called to my attention," Capt. Carpenter went on, "by the Boston office of the Salvation Army. Years ago when a poor boy in London, Mr. Boghigian, Mrs. Nazarian's uncle, was found wandering in the streets by a member of the army, half starved. He was given food and shelter, and he apparently never forgot it.
"Then he learned that his niece was coming to this country, he asked the officials in Boston for their assistance. The request was communicated to me and I am caring for both women."

Drug Business For Sale
Formerly conducted by S. H. Hawker and now known as Hawker's Drug Store, 681 Main street, is offered for sale. This business has been established 25 years, has an excellent family prescription trade, is well stocked and fitted with a modern toilet soda fountain and is a good proposition for live man.

TELLS OF BRUTAL ATTACK BY TURKS
Syrian Woman in New York with Harrowing Story
Her Home Burned, Husband and Sons Killed; Three Little Daughters Taken Into Captivity.
"Quietly, and without a trace of emotion, Mrs. Nazarian told her story. She is a pretty woman of obvious education and refinement. She is thirty years old. She was married when she was fifteen years old. She told of conditions in Armenia as they relate to poverty and starvation. Mrs. Nazarian and her sister were among the thirty-nine first-class passengers to be brought ashore in tenders from the Modama today.
"Both Mrs. Nazarian and her sister," said Capt. Carpenter, "have given me documentary evidence which verifies every detail of her story. I think she is still suffering from shock, and we intend to care for her."

Chief Forester Finch believes that successful results can be accomplished if the right methods are applied. If the experiment is successful a large quantity of wood for the manufacture of newspaper paper can be supplied in Pennsylvania within the next ten or twelve years.
The North Carolina poplar is one of the fastest growing trees in its climate. It averages well over an inch in diameter each year, so that lumbering could be undertaken profitably within ten or twelve years. Its texture is admirably adapted to the manufacture of pulp wood for newspapers.
L. W. Keller, chief of the bureau of silviculture in the state forestry department, who will investigate the matter, says that lumbering could be undertaken by planting smaller North Carolina poplars closer together on better soil than they will thrive—Philadelphia North American.
MINISTER'S BGG STORY DOUBLES HIS SALARY.
So struck was the congregation at a church in London, Eng., with an illustration by the minister that it doubled his stipend. The minister was preaching on the high cost of living, and exhibiting a basket with forty-eight eggs in it; "This is what a predecessor of mine got for a shilling seventy-five years ago." Next he showed a basket containing two dozen eggs. "This," he said, "the next minister purchased for a shilling thirty-five years ago. Today I get two eggs for my shilling."

USE The Want Ad Way
Wanted Advertisements are the most effective way to find what you need. They are read by thousands of people every day. Use them to find help, find a job, find a house, find a car, find a partner, find a mate. They are the most efficient way to get what you want. Use them today.

MARINE NOTES.

R. M. S. P. Caraque sailed at 6 o'clock last evening for Bermuda and the British West Indies via Halifax with passengers and general cargo.

Revised Version.

Admittedly this may be an old story, but it has the distinction of possessing a new twist at the end.
A person died. He willed all his earthly possessions to be divided among an Englishman, an Irishman and a Scotchman. But the will was conditional; each of the legates was to place five pounds in the testator's coffin. On the day appointed (by Fate) the Englishman placed a five-pound note as well; the Irishman collected a number of coins somehow—shillings, sixpences and coppers—and made up his contribution of five pounds, which he placed on the Englishman's five. The Scotsman then made out a cheque for fifteen pounds, and pocketing the ten pounds already deposited, threw in his cheque with the remark, "That's casted."
A month later, when the Scotsman perused his passbook, he was surprised to find that his cheque had been cashed. The undertaker was a Welshman—Sketch.

THE BUSINESS COLUMN

EDITED BY MANSFIELD F. HOUSE

Coal, Ice, Hay and Autos All Sold by Druggist.

"A bottle of cough medicine," says the small boy when he enters the Hiale Drug Co., Inc., of Hazleton, Pa., and he is served.

"Send two tons of chestnut coal to 287 West Birch street," calls out Customer No. 2.

"A walnut sundae for me," sighs the maiden as she sinks into a chair near the soda fountain.

"A Girard," commands the business man.

"Leave 100 pounds of ice every day at 3 North Laurel street," remarked the text caller and he leaves knowing he will get what he ordered.

"Have the fire insurance policy on my home renewed," is next.

"Fill this prescription, please, and send it to my address," says the worried-looking woman.

"Send around that Hudson coupe or else the Essex touring car for a demon-

stration Sunday at 4 p. m. to my home," requests the next customer.

"Two bales of hay and a hundred of chop," remarks the gent with the diamond horseshoe pin.

"Two hundred pounds of sugar before 2 this afternoon," says the grocer, as he hurries in and out again.

Diversified lines of articles handled are brought to what mathematicians term the nth degree at the Hiale Drug Co., where Manager Henwood believes that by carrying goods which are in demand one will bring some time of another every one in town into his establishment.

But how does Henwood sell coal and automobiles, let alone hay and sugar? He has an agreement with the Hazleton Mercantile Co., founded by the family which also organized the drug store, by which the mercantile concern gives prompt attention to the coal, hay, ice and feed business that comes to the drug store.

Automobiles? President Harry Dryfoos handles this as a sideline, although considerable of his

Book Corner

"Book Corner" is a Real "Book Store"

Can every small space, in newspaper advertising be made effective? Is it possible, for example, to so compose a single column three or four inch display that it will hold its own against larger advertisements and big, bold illustrations, headlines, etc?

A retail bookshop believes that it has achieved what many merchants deem impossible in this regard.

A very small single column newspaper advertisement, used daily, has made New York "sit up and take notice," despite heavy competition.

This is how it was done. The question in question is situated on a prominent corner—Twenty-eighth street and Fifth avenue, to be exact—and it is known as "The Book Corner."

An artist has drawn a simple outline picture of an enormous book, spraddled open. It is placed in such a position that it literally forms the building on the corner, yet never for a moment loses its identity as a book. The covers of the book form two sides of the building and the appearance of great height is secured by the introduction of tiny figures, customers, etc., on the pavement at the base.

Show windows have been cut in these covers, and on them also appears the catch phrase used by the concern: "A Corner in Books—The Book Corner."

It is the strikingly novel idea of forming a store of a great book that makes people stop and notice the little one-column advertisement.

Old Shoe Display Teaches Economy.

The H. R. Shoe Repairing Co. of Yonkers, N. Y., has determined to make hay while the H. C. L. slogan shines in a series of very large newspaper advertisements, it is pleading with people to "go to the attic and look up those old shoes of yours."

Nothing is said about stopping the purchase of new shoes, as occasion demands, but the public is made to see the false pride of wearing a pair of shoes "half out," when there is so much good left in them.

At the top of a four-column display this glaring headline is emblazoned: "WHAT OBJECTION HAVE YOU TO wearing last year's shoes if one can tell them from new ones?"

Because at present they are worn and shabby-looking does not mean they cannot be remade to look as well as the day you bought them. Making old shoes look and wear like new is our daily task. The charge is not greater than for common shoe repairing.

A window was filled with "old shoes" that people looked up and found they had either forgotten or had deemed too far gone for repairing. A week later the same window was filled with the same shoes as spick and span, almost as new.

No Dead Season for Toys.

At right angles to the confectionery case in the York Boulevard Pharmacy, Highland Park, Cal., there is a table selling right through the summer articles which many stores think can be sold only during the holiday shopping period. It bears a display of games and juvenile picture books.

At one time the store used to box them up and store them after Christmas was over. But now they are shown the year around, the line being increased at holiday time and filled in conservatively occasionally afterward. Birthdays, visits to the store of kids with their elders, parties and many other causes keep these goods going.

Only Sells What They Can Afford

Butler, Ind., has a population of 2100 people. It was here five years ago that H. E. Johnson came with a capital of \$1500 and started a furniture business. Now his annual sales in phonographs alone are \$8000!

The secret of Mr. Johnson's success is told in his own words: "I don't try to sell people something they can't afford. That's why I have fewer accounts than most business men in this town." And 90 per cent of his business is for cash.

We Finance Basic Industries

—Canadian industries founded upon the development of natural resources to supply an ever-present and growing demand.

For the investor, this policy ensures steady security, high interest return and the possibility of substantial profit; for Canada, it ensures the highest degree of productivity from her natural resources.

As examples, we instance the following companies, the securities of which we have underwritten:

- Nova Scotia Steel
- Canada Cement
- Steel of Canada
- Price Bros. & Co.
- Fraser Companies
- Abitibi Paper & Paper
- Borden Company, Limited
- Brompton Pulp & Paper

If you invest occasionally, it would be worth your while to read *Investment Items*. Write, and we will add your name to our mailing list.

Royal Securities CORPORATION LIMITED

Montreal Toronto Halifax Winnipeg New York London, Eng.

The Strength of a Bank

ESTABLISHED in 1817 with modest capital, the Bank of Montreal for over a hundred years has followed a conservative, aggressive policy, until today it has assets in excess of FIVE HUNDRED MILLION DOLLARS

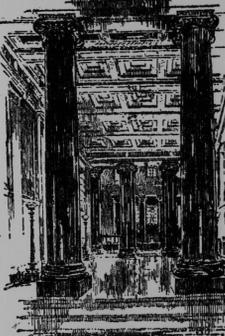

Like Canada herself, Bank of Montreal has grown stronger with the service it has rendered and the obstacles it has overcome.

TODAY the Bank is stronger than ever, prepared to render ever-increasing service to the people and the business concerns of the Dominion.

With Branches in every important centre of every Province and with direct banking connections throughout the world, we are fit for the task of helping Canadian business to grow to full stature.

A steadily increasing number of business men, enterprisers, workers and householders, ambitious young people—chiefly Canadians—are getting the benefit of the strength and intimate service of this financial institution.

Our nearest Branch Manager is the best point of contact with our organization.

City Council Fixes Time Limit
For Payment of Taxes,
With Penalty For Delinquents

Due to the rush in getting out the 1920 tax bills and the lack of accommodation in the office of the board of assessors, the regular meeting of the common council was held yesterday afternoon in the mayor's office, as the assessors' clerks were in possession of the assessment rooms. Among the matters considered by the city fathers were the overdraft, extension of water, improvement to the Market square and the number three hook and ladder station; the new tax assessment and the federal free employment agency for this city. Permission was given the commissioner of public safety to buy a runabout for his department, to be paid for out of this year's estimates.

Mr. Frink brought up the matter of the city's overdraft at the bank, referring to the present bank interest and suggesting that something should be done to decrease the amount. He spoke of the time when T. H. Bullock was mayor, when two tax bills were issued in one year bringing in the taxes so well that some \$25,000 was saved in the city bank interest.

Mayor Schofield said the finances of the city were in as good shape as they were this time last year, notwithstanding the fact that heavier and needed expenditures are being made. When he had taken office the overdraft of the city was more than half-a-million dollars and money was so tight that the banks were not keen about making loans. He did not see how the council could catch up until this year's taxes are received, or a second tax bill were issued. He took up the matter of getting in the taxes early with the assessors shortly after he accepted office and he thought that the returns could be called in a month earlier each year until they could be expected in the spring, thus eliminating the bank interest to a large extent.

It was moved by Mr. Frink that the financial status of the city on June 30 of the last several years be made into the form of a statement for comparison and submitted to the council. This was agreed to by the mayor.

Upon recommendation of Mr. Bullock, a renewal lease, for seven years from August 1, 1918, was issued to James A. McIntosh, Robert B. McIntosh and William L. McIntosh, to part of lot No. 829 in Brooks ward.

Upon recommendation of the city chamberlain, it was decided to name Wednesday, August 25, as the last day for allowing the five per cent. discount on tax assessments, and to levy an interest of one-half per cent. a month on all taxes unpaid then, or thereafter.

The appointment of Dr. F. C. Thomas as secretary of No. 2 Salvage Corps was approved.

Market Square.
Mr. Thornton brought up the matter of Market Square, saying that the conditions there were arousing unfavorable comment among the citizens and the press and should be attended to.

In reply, Mr. Frink said the fault was not with his department but with that of Mr. Jones, as the water and sewerage department had not made the necessary repairs after the water extension was made to the fountain recently.

A bill from F. J. McInerney, amounting to \$678 for making the uniforms for the ferry officials, was approved and ordered paid.

Upon recommendation of Mr. Frink, it was decided to have a survey of the area at Broad and Pitt streets with the object of placing a main to supply the city property there with a sufficient water supply in case of need. Mr. Jones said that he and the superintendent of the department had visited the place and thought the water hydrant there sufficient, but agreed to bring in a report on the matter at a later date.

Permission was given Mr. Frink to

change his order, calling for the purchase of two 2 1/2-ton trucks, to that of "either two 2 1/2-ton or two 2-ton trucks." He said the price of 2 1/2-ton trucks had advanced from \$4,700 each to \$6,300.

Mr. Jones brought in a recommendation whereby the water service in Westmorland Road would be extended from Egbert to Russell streets with a ten-inch main, at a cost of \$5,000, but, upon amendment of Mr. Frink, it was decided to have a plan of the proposed work before any further action was taken.

Upon recommendation of Mr. Thornton, the sum of \$750 was allowed for necessary repairs to No. 3 Hook and Ladder station in Portland street.

The matter of the federal free employment agency was again considered and Mr. Christie, of the department of labor, Ottawa, addressed the committee upon the approved plan, whereby one-half the expense of the office would be paid by the government, one-quarter by the provincial government and one-quarter by the city.

Notwithstanding unfavorable conditions, Mr. Christie said that more than 2,000 people were placed in positions free by the office that was in operation here last year, whereas there were four private employment agencies in the city that charge anything they like for the same service. He said the service of the office was not confined to returned soldiers but to all classes of men and women, including doctors, professional men, clerical employes, artisans, skilled and unskilled labor, crippled workmen and workers in all branches of industry.

In view of the fact that no provision for the sum of \$1,250 was contained in this year's estimates which would be required for the city for the operation here of the office, the matter was referred to the mayor, as commissioner of finance and public affairs, for consideration.

THE PROHIBITION QUESTION.

To the Editor of The Times:
Sir,—The vote of Saturday, July 10, in favor of prohibition is expressive of the mind of the province and shows the desire for prohibition by the electors of the province and for more stringent enforcement of our present law.

The temperance alliance desires to express their appreciation of the splendid services rendered by so many workers in favor of prohibition and their congratulation at the decision of the people as expressed at the polls.

To the different temperance organizations of the province and to all the workers on committees and men and women who so loyally sought for the success we have attained our heartfelt thanks are due. Our thanks are due and are heartily given to those who so generously gave their automobiles on polling day.

The clerks of all the churches, who with very few exceptions so earnestly and loyally stood by our cause, will find in that success the reward of self-sacrificing labors.

To the members of the press, who so nobly stood by us and aided us in our work and in many instances at some financial loss, our appreciation and thanks are heartily given.

The women of the province as the greatest sufferers from the liquor traffic are the most active workers in every good cause worked and voted for us and together we congratulate each other on the success achieved.

The government wished to hear the voice of the people regarding prohibition and they now have it and the result demands an unqualified and unhesitating enforcement of the act by every possible means.

This positive mandate of the people opens the way for legislation preventing importation of alcoholic beverages into the province except for medicinal, manufacturing and sacramental purposes and cannot be very long delayed.

There should now be no delay on the part of the government in taking over the control of the sale of intoxicating liquors for all legal purposes and making the necessary regulations to control the sale of essences and extracts in accordance with the amendment of 1919, and not yet put in force, but held back on the ground that the people had not spoken their will regarding prohibition.

In our opinion this vote is sufficiently decisive to demand the putting of the machinery of the law into force so as to make the enforcement effective.

On behalf of the temperance alliance,
THOMAS MARSHALL,
St. John, N.B., July 12, 1920.

Matthew McCarron of Newcastle yesterday assumed his new duties as chief train dispatcher of the maritime railway of the C. N. R., with headquarters at Moncton, succeeding the late Bliss Smith Ward.

MENNEN
TALCUM POWDERS
Soothing showers of silky powder—the Talcum which brings a smile.
Millions of Babies during the past 40 years have rejoiced in Mennen Borated Talcum.

Dr. Oscar H. Brann of Augusta, Me., had a Red Bone coon dog shipped to him from Arkansas. The dog ran away after the doctor had him for about three weeks, and the doctor inserted a small "lost" ad in the local paper. In the town of Wells, sixty-eight miles from Augusta, just one man takes the paper and he saw the ad and he had the dog. All told, the animal has cost the doctor so far about \$70.

It has been announced by the president of the Royal Securities Corporation, I. W. Killam, that W. C. Pittfield has been elected vice-president of that corporation and general manager in charge of the corporation's entire organization. V. M. Drury has also been elected vice-president. Mr. Pittfield is a native of St. John and his many friends in this city will be glad to hear of his promotion.

CONCLUDES VISIT

Farewell Luncheon on Board
Warship Was Last of Festivities—Big Craft Turned
in Harbor.

A farewell luncheon on board H. M. S. Calcutta was tendered by Rear Admiral Sir Allan Everett and his staff yesterday to Lieutenant-Governor Fugate, Mayor Schofield, Sir Douglas Hazen, chief justice, Mrs. Fugate, Mrs. T. Castleton Allan, General A. H. Macdonnell, S. E. Elkin, M. P., Colonel Spurling and Colonel Powell. As the guests boarded the vessel, a bugler called the men to attention and the same courtesy was accorded on leaving, mutual good-wishes being expressed by the officers and local officials.

The weekly meeting of the W. C. T. U. was held yesterday afternoon with the president, Mrs. David Higwell, in the chair. Unfinished business which was brought up by the president was the presentation of five names as delegates to the Dominion convention. The names suggested by the president were Mrs. O. D. Hanson, Mrs. McWha, Mrs. A. C. M. Lawson, Mrs. Bruce and Mrs. Garard. A communication was read from Mrs. A. W. Phillips, superintendent of the Shantymen's Christian Association and the corresponding secretary was

asked to reply to same. A letter of appreciation was read by the president from T. H. Sommerville, chairman of Prince ward, for the help received on Saturday last from the W. C. T. U., he mentioned particularly the work of Mrs. H. T. Campbell, Mrs. John Patterson and Mrs. R. A. Corbett gave helpful suggestions in regard to future work. Mrs. H. Bome also spoke. Chief Inspector W. D. Wilson was present at the close of the meeting and thanked the Union on behalf of the Temperance Alliance for the work done at the polls. A small sum was donated towards the expense of the election.

Safe Milk for Summer
MILK will NOT keep sweet and pure exposed to summer air. And pure milk is so essential—especially where there are babes or growing children. You simply have to be sure that it is PURE. You can be sure of Milk with the Carnation label. This pure rich milk is gathered in the heart of Canada's best dairy lands. It is tested rigidly for purity and for richness. A part of the water is taken from it by evaporation. Then it goes fresh into bright, new containers. AND IS SEALED THEN STERILIZED. Open a can as you need it. The milk is still fresh and sweet. Owing to the evaporation it has just the creamy consistency you will enjoy in coffee or tea, or for cereals or fruit. Add water to Carnation Milk—an equal part and you have Milk of natural consistency. Not separated or skimmed Milk—but rich, "whole" milk, such as you could get only fresh from the cow. It is not artificially sweetened. You can use Carnation Milk for every purpose—on the table, for the children's drink, for cooking, for baby's bottle. This plan of milk distribution relieves you of bother and anxiety about the family milk supply. It is safe—absolutely. Phone your Grocer. He is the Carnation Milkman.

Use Carnation Milk for Soups Creamed Dishes Custards Tea Coffee Cocos Baking—all milk uses.

INFANT FEEDING
A noted Specialist's formula for baby's bottle will be found in the Carnation Booklet. This pure milk is absolutely safe for infant feeding. Consult your family physician.

BASEBALL

G. W. V. A. 10; St. Peter's 9.

In the City League fixture on St. Peter's diamond last evening the G. W. V. A. team defeated St. Peter's by a score of 10 to 9. The game was a regular slugger, many flies going over the short left field fence. St. Peter's team is quite badly crippled, many of their players being on the injured list. The box score and summary follows:

Table with 2 columns: Team, Score. Rows include St. Peter's, G. W. V. A., and individual player statistics.

Summary—Home run, Howard; base hit, Garnett. Two base hits, Gibbons (2), McGovern, Callaghan, Kirkpatrick (2), Marshall (2), Howard; base on balls, off Hansen 2, off Henderson, by Kirkpatrick. Hit by pitched ball, Dever (2). Passed balls, Dever (3). Hits, off Hansen, 10 in 3-1/2 innings; off O'Regan, 2 in 1-2-3 innings; off Henderson, 10 in 3 innings; off Kirkpatrick, 1 in 2 innings. Umpires, Howard and Downing. Score: Carney.

Sunday School League. The St. Jude's nine from the Presbyterian church team in the West Side Sunday school league game last evening on Queen Square diamond, West Side, the score being 10 to 8. This is the first game the Presbyterians have lost, having won the first five they played. The batteries were, for the winners, McKee, Meyer, and Green; for the losers, Meisner, Bodley and Brown.

North End League. The Wolves continue to lead the North End League and last evening won from the Crescents the score being 14 to 9. The next game will be Thursday between the Crescents and Blue Ribbons. Score by innings: R. H. E. Wolves... 8 2 0 1 8 2-14 13 8. Crescents... 0 6 1 0 1 0 1-9 8 8. Batteries—Johnston and Thompson; Rose and Currie.

The Milford Crescents challenge the Wolves to a game of baseball any night this week on the Elm street diamond, please answer through this paper.

Grand Circuit. Toledo, O., July 13.—A new world record for three-year-old pacing geldings was hung up at the Fort Miami track this afternoon, when Rife Grande, carrying the colors of the Lon McDaniel stable paced the first mile in 2:09, cutting a quarter of a second off the record held by Direct The Work, made at Lexington two years ago. King Watts, owned by George E. Dudley, Youngstown, O., and driven by Lon McDaniel, won the Tecumseh 2:10 race, \$5,000 stake, Alta Donovan, the favorite and winner of the Tavern "stake" at North Randall having to be content with third money. Allie Ashbrook came through and won the last heat.

Calgary Earl won the 2:07 pace in straight heats while Charlie Redcap captured the 2:07 trot although in the stretch Tommy Todd came up with a rush and took the third heat. Rife Grande won the three-year-old race in one, two, three order. This gelding is also owned by Mr. Dudley.

Races at Woodstock. Some excellent races were held at Woodstock yesterday. The free-for-all was won by Oro Fino, which also clipped a half second off the track record, formerly held by Fern Hal. The various events were all closely contested. The summary follows: 2:17 Trot and Pace. Sadie Ashbourne, Hanson, Presque Isle (Mc), Jeffrey, Hanson, Presque Isle (Mc), Little Peter, E. W. Russ, Caribou (Mc), Dan Murphy, Dickie, Cambridge (Max), Hayward, Wilkes, Never, Houlton (Mc), Marlon I. C. S., Spencer, Boston, 5 4 4 7 0. Dunlap, Houlton, 5 7 4 4 0. Don Q. Carrie, Presque Isle, 2 1 3 2 1. College Swift, Gallagher, Woodstock, 1 1 3 3 1. St. Peter's, Dewitt, Woodstock, 8 6 2 2 0.

RACES IN HARBOR

The first of a series of aquatic events to be run off under the auspices of the Commercial Club took place last evening in the harbor and brought out many citizens to witness the races. The National League baseball grounds here last night. Tandler found no trouble hitting Jackson, the latter aving himself from serious trouble by continually waiting about and clinching. Save for the first round, which was even, every round of the fight was Tandler's.

Philadelphia, July 13.—Tapping and slashing Willie Jackson at will, Lew Tandler defeated the New York boy in a one sided eight round bout at the National League baseball grounds here last night. Tandler found no trouble hitting Jackson, the latter aving himself from serious trouble by continually waiting about and clinching. Save for the first round, which was even, every round of the fight was Tandler's.

RUTH FANS FIVE TIMES IN EIGHT TRIPS TO PLATE

In the American League yesterday New York and St. Louis divided a double-header. Ruth struck out five times out of eight trips to the plate, got a single and was passed twice. Detroit pounded Boston pitchers hard and won an easy victory. Chicago took the opening game of the series from Washington. Chapman's pitchers run on the opening game of the series for Cleveland against Philadelphia. In the National, Cincinnati bunched out of Meadows and won from Philadelphia. Pittsburgh made it two straight from Boston. A wild throw to center gave Chicago two runs and a win over Brooklyn. New York only nosed out a victory over St. Louis in the twelfth inning.

Before the departure of the Calcutta yesterday, letters passed between R. E. Armstrong, president of the New Brunswick branch of the Navy League and Rear Admiral Sir O. A. Everett. That of Mr. Armstrong thanked Sir Allen for the honor conferred upon the city by the visit of the flag ship and expressed the hope that the officers and crew had enjoyed their stay. The Admiral replied saying that the visit of the Calcutta will always be a pleasant memory to him personally and to the officers and men of the cruiser. He spoke of the Navy as the strong link between the colonies and the mother country and said that the
