

STRIKE OF MINERS AT BUTTE OVER MEN WILL RETURN TO WORK TO-NIGHT

Settlement Announced Before President Taft Arrives in City.

(By Robert H. Hazard, Staff Correspondent of the United Press with President Taft.)

Butte, Mont., Sept. 27.—The strike is over, announced Senator Carter today as he boarded the special train of President Taft at Silverbow Junction and his words brought a feeling of relief to all aboard the president's train.

According to information given out by Senator Carter, the mines which have been shut down since last Friday will resume operations to-night.

It is the fact that Butte is in honor of President Taft, who would have gone to work Senator Clark did not vouch for the details of the settlement.

Learning of the end of the strike President Taft left the train here and reached the great Washoe smelter, which was one of the smelters involved in the trouble between the striking miners and the mine engineers.

An automobile ride about the city followed and the short journey from here to Butte resumed.

At Butte, Sept. 27.—President Taft dropped a quarter of a mile into the earth here to-day. His fall was painless and he returned to the surface without a scratch or a jolt.

His descent was made in the shaft of the Leonard copper mine, which is bored 3,000 feet downward into the earth's crust. The president stayed his downward flight at the 1,200-foot level and watched with interest the electric drills biting out chunks of copper ore.

From the mine, President Taft proceeded to the court house where he addressed a great throng of 12,445 the president left Butte for Helena.

While in this city President Taft was given a full-sized golf stick made of copper, silver and gold. The gift was presented by Mayor Nevill on behalf of the citizens of Butte.

Return to Federation. Butte, Mont., Sept. 27.—Rather than drive the organization of the Western Federation of Miners on the rocks internal dissension, the Engineers Union No. 83 of this city to-day ended the suspension of work in forty-two local mines by agreeing to return to the ranks of the federation, from which they ceased last Friday.

The engineers will formally return to the federation to-day if everything goes as planned and the 10,000 miners who refused to work in the mines here with engineers in bad union standing will return to work. The night shift of 4,000 men will re-open the mines at 6 o'clock this evening.

PEARY WILL NOT AID COOK

REFUSES TO CARRY INSTRUMENTS ON STEAMER

Brooklyn Explorer May Be Delayed in Confirming His Story.

(Times Leased Wire.) New York, Sept. 27.—By Commander Robert E. Peary refusing to allow Harry Whitney, the big game hunter, to bring Dr. P. A. Cook's instruments and data back to civilization, the Brooklyn physician will be delayed at least a year in confirming his discovery of the North Pole.

This is at least the assertion being made here by prominent scientists, who declare that it will be necessary for Dr. Cook to produce his instruments in order to substantiate his claim.

The Brooklyn physician, however, is undismayed and declares that the ship bringing his two Eskimos to this country to substantiate his claims will stop at Etah and bring his instruments.

The scientists are skeptical about the Arctic reaching its destination before the Arctic winter sets in.

Message From Whitney. The following message was received in this city yesterday for Dr. Frederick A. Cook:

"Strathcona, via Indian Harbor and Cape Ray, N. F., Sept. 25. 'Started for home on Roosevelt. Nothing arrived for me. Peary would allow nothing belonging to you on board. Said to leave everything in cache at Etah.

"Met Capt. Sam. North Star. Did not go back after going on schooner bound St. John's take steamer home. Hope you are well. See you soon. Explain all. Good shooting.

"HARRY WHITNEY." Dr. Cook was questioned as to his view of the situation created by the action ascribed to Commander Peary, but he declined to say anything derogatory of his rival. Cook did not appear to be greatly perturbed by the news he had received from Whitney. He hopes to see him in a very short time and hear a complete explanation of the occurrence at Etah.

"The leaving of the instruments in the north may cause delay in sending any records to Copenhagen," said Cook, "but will not affect the people who are to make the final investigation. There were a few originals among the documents left with Whitney, but it will not make any difference if they are never found again.

"The instruments are not lost. The Eskimos know where they are. They will be looked after. As to the question of proof, that is the same whether the observations are made by one person or by five or more.

"My instruments were packed separately in several boxes and these were put into a packing case. They could not be injured by falls or rough handling."

Peary's Charge. Portland, Maine, Sept. 27.—It is learned from a source close to Commander Peary, that the commander justifies his action in refusing to allow Dr. Cook's instruments or records on board the Roosevelt on the theory that he had been aware for some time of Cook's intention to claim the discovery of the North Pole and that Peary therefore would sanction nothing to aid this project.

Peary's forthcoming statement concerning Cook it was learned, will charge that Cook cannot produce shoes, sledges or other equipment that will show the wear and tear that comes from travel over the Arctic ice. This is the first intimation of any specific evidence.

TAFT PREACHES SUNDAY SERMON

OCCUPIES PULPIT IN MORMON TABERNACLE

Reviews School Children and Also Speaks in Y. M. C. A. Building.

(Times Leased Wire.) Salt Lake, Utah, Sept. 27.—In the pulpit of the famous Mormon tabernacle in this city, where four years ago Theodore Roosevelt, then the chief executive of the nation, preached a sermon on right living and the duties of citizenship, President Taft yesterday faced an audience which he said inspired him to try to follow in the footsteps of his predecessor.

Mr. Taft did preach a sermon, text and all. The immense audience in the flag-draped edifice, the splendid musical programme of operatic and patriotic selections inspired him, and the president declared, with higher thoughts of country and patriotism.

"A soft answer turneth away wrath, but grievous words stir up anger," was the text selected by the chief magistrate from the book of Proverbs. The sermon was a homely utterance, largely made up of a relation of stories to give emphasis to the points the president desired to make.

From the tabernacle the president was driven in review of some 20,000 school children. At one point he addressed to an audience composed entirely of men. Lastly, the president attended services especially arranged for him at the Unitarian church. After this unusually busy Sunday morning he left Salt Lake at noon for Ogden, where he enjoyed an eighteen-mile ride through Ogden canyon and made his third address of the day at Lester park.

FIRST DIVIDEND OF YORK COUNTY LOAN

About \$375,000 Will Be Paid Out During Present Year.

(Special to the Times.) Toronto, Ont., Sept. 27.—After waiting patiently through four years of liquidation proceedings 14,000 shareholders and claimants against the defunct York County Loan are about to receive the first dividend of 25 per cent.

The company's staff has been writing cheques for several weeks for those whose claims are known, the payment aggregating about \$370,000. The cheques are not dated, and may not go out before Christmas. There are still 10,000 books which have not yet been turned in, and these, if received, will insure the second dividend.

SUGGESTS IMPERIAL POSTMASTER-GENERAL

Henniker Heaton Scores Hon. Mr. Buxton and Praises Canada.

(Special to the Times.) London, Sept. 27.—After giving a few examples indicating the necessity for an imperial postmaster-general, Henniker Heaton says:

"Canada, through Hon. Mr. Lemieux, asked for cheap newspaper and magazine post from the mother country. The reasons given were to counteract the pernicious influence of Yankee literature, and to keep up and sustain a patriotic interest with Great Britain and Ireland."

In scathing terms Mr. Heaton continued: "The present ideal governor-general of Canada announced that his request had been granted by Postmaster-General Buxton, but at Canada's expense. No manner action could be imagined. Our postmaster-general, who would scorn to act in the above described manner in his private relations, now triumphantly points to the enormous and unparalleled success of the newspaper and magazine post from this country to Canada, yet Canada bears the entire burden and the British post office takes its old profits."

BRAVE ELEVATOR BOY SAVES MANY LIVES

Remains at Post in Burning Building and Assists in Rescue Work.

(Times Leased Wire.) Pittsburg, Pa., Sept. 27.—Two persons are believed to have been killed and at least 50 others have been injured in an explosion which occurred to-day in the Columbian Exchange in the Ferguson building. Following the explosion the interior of the building caught fire and a panic among the occupants of the building followed.

The force of the explosion caused the sides of the building to bulge, and with the damage from the fire, the loss will run into the thousands.

The explosion developed a hero in the person of Roy Barclay, a 17-year-old elevator boy. Despite the danger surrounding him on all sides, he had bravely remained at his post, shodding the car up and down and assisting in the rescuing of panic-stricken persons. Among the injured were: Edith Barker, 24, burned and cut by flying glass, may die; Mrs. Brown, 23, badly cut and burned, may die; Ella Mulbrunner, 35, burned and cut, condition serious; M. G. Cohen, burned and hurled down a stairway by the force of the explosion.

Twenty girls employed in the office of the Smith-Premier Typewriter Company were hurled to the floor and several of them were badly injured.

WAR IN MOROCCO IS NOW AT END

TRIBESMEN MAY ACCEPT TERMS OF SPANIARDS

Both Sides Suffer Heavy Losses in Recent Fighting.

(Times Leased Wire.) Madrid, Sept. 27.—It is believed to-day that the war in Morocco has ended. According to dispatches the terms of surrender of the Rif tribesmen, who have been occupying Mount Gurgura, the objective point of the victorious advance of the Spanish, are now being drawn up between Cald Amas and General Marina, in command of the Dohs since the beginning of the war.

It is reported this afternoon that surrender will in all probability be unconditional. The day he promised that day the war in Morocco has ended.

The occupation of Selouan was affected last night after desperate fighting, soon after Nador had fallen into the hands of the Spanish troops. The town was later destroyed by fire, as having all the Moorish settlements in the line of the Spanish advance.

Unofficially it is reported that one thousand of Marina's troops and a greater number of tribesmen were killed during the advance on Selouan.

STILL WAITING FOR END OF WORLD

Followers of Luders Have Not Lost Faith in Their Leader.

(Times Leased Wire.) West Duxbury, Mass., Sept. 27.—The followers of "Prophet" Luders, leader of the Trilune Immersionists, are still gathered at Ashdod shouting and praying for the deluge which their leader promised was to end the world several days ago.

Although the flood failed to materialize, the Luders followers were encouraged by the rain which fell for two hours on the day he promised that an unseen hand was to snatch them above the clouds to safety the minute the rain started to fall and still are on the job.

While it is true that some of the immersionists got "cold feet" when Luders failed to make good on his deluge promises, their places have been filled by other fanatics. All day long when they are not shouting and praying in the small chapel which they have erected, the immersionists stand out in the open air, with hands and faces upraised.

PROMPT ACTION ON HUGE ISLAND ENTERPRISE

C.P.R. to Construct Cowichan Bay Branch Railway of Full Standard Gauge Within Year—Surveyors to Take Field Immediately.

(From Monday's Daily.) That the C. P. R. will construct branch lines of railway of full standard gauge from a point at or near the town of Duncan to Cowichan Lake and also from the former point to tidewater; that these branch lines will be in operation within a year; that within a similar period also the American Finance and Securities Company, of New York, will be delivering logs from Cowichan Lake to salt water, are statements made this morning by E. B. Kurtz, who returned from Vancouver on Saturday afternoon and is a guest at the Empress hotel.

As recorded in special dispatches to the Times, Mr. Kurtz, who is president of the American Finance and Securities Company, while at Vancouver signed a contract by which the right and title of 54,000 acres of splendid timber lands in the Cowichan Lake district pass to his company for the sum of approximately one and a half million dollars, and his visit to Victoria is made with the purpose of setting about plans for the immediate commencement of the huge enterprise.

Arranging Immediate Survey. Though Mr. Kurtz only reached the city on Saturday afternoon, he dispatched up the line on Sunday morning a photographer and a lumber cruiser to go over the timber limits and make a preliminary reconnaissance; and this morning he has been conferring with a leading firm of land surveyors in respect to a contract for the complete survey of the limits.

That the C. P. R. and the American Finance and Securities Company are to but small idea of the huge expenditure involved by the Securities Company in furtherance of the enterprise. The Times was informed this morning that the company contemplates an outlay of no less than \$2,500,000 before the scheme shall have advanced to the point of the manufacture and shipping of lumber. The erection of the large buildings necessary in such a business and the establishment of wharves, etc., for shipping facilities will absorb much of this huge amount of money.

Terminus at Tidewater. While by the terms of the agreement, it is stipulated that the C. P. R. shall provide railway facilities "to tidewater" it is assumed that the point on tidewater which shall be chosen is Cowichan Bay, which lies only a short distance from the town of Duncan. No definite announcement has, however, been made in this regard, for the obvious reason that the selection of such point will be determined by the ability of the company to get foreshore rights and privileges at a reasonable figure.

The bulk of the lumber will, it is anticipated, be shipped "foreign," the company thus sharing with the Victoria Lumber Manufacturing Company, of Chemainus, the business of which the latter company have had considerable of a monopoly in the past. Much of the product of the new mills will also, of course, be shipped to the Prairie provinces where the demand is ever increasing and the market inexhaustible.

(Concluded on page 4.)

THREE MEN RESCUED BY LIFE SAVERS

Boat Capsizes When Returning to Shore and Occupants Have Narrow Escape.

Venice, Cal., Sept. 27.—To the life-saving crew of this beach, O. H. Morgan, manager of the Morgan Oyster Company of Los Angeles, and the two men, who refused to tell their names, to-day owe their lives. The trio was rescued from drowning in the surf late yesterday afternoon by the members of the crew. The rescue was accomplished only after a thrilling ten minutes' battle with the terrific undertow.

The two men, whose names are unknown to the life-savers, attempted to save Morgan when he was overpowered by the breakers, and in turn became helpless. After a hard struggle the guards hauled the men into the lifeboat and started for the beach.

At the breaker line the craft was overturned, and the rescue scene was again enacted. The three men were resuscitated on the beach and removed to nearby cottages. Hundreds of Sunday visitors witnessed the narrow escapes.

DIES FROM LOCKJAW. St. Catharines, Ont., Sept. 27.—Mrs. Lloyd, widow of the late Arthur Lloyd, died this morning from lockjaw which developed yesterday, resulting from a fall a week ago. A son Denby, who is employed in the Bank of Toronto, has just been transferred to Vancouver.

FOUR FRENCH AERONAUTS KILLED

BALLOON EXPLODES HIGH IN THE AIR

Occupants Probably Killed by Force of the Explosion.

Moulins, France, Sept. 25.—Four daring aeronauts attached to the French army, were instantly killed near here to-day when the dirigible army balloon Republicque exploded while sailing along at a height of 500 feet.

The dead are: Capt. F. L. L. Lieutenants Cheuvre, Vincenot and Rioux.

The cause of the explosion has not yet been determined. The big balloon was sailing gracefully through the air when suddenly there was a loud report. The big collapsed and the four men fell to the ground, a distance of 500 feet. Life was extinct, however, before they fell to the earth as it is almost certain that they were killed by the force of the explosion which cut the balloon into ribbons.

The aerial craft was in charge of Capt. Marshall. Only recently the Republicque was commissioned after it had been badly damaged by being blown from its moorings.

TRADE COMMISSION.

Toronto, Sept. 25.—The West Indian commission, accompanied by Hon. Messrs. Fielding and Patterson, arrived here yesterday. They will leave on Monday night for St. John, N.B. They will consult representatives of the board of trade and the Canadian Manufacturers' Association while here.

OMAHA STREET CARS ATTACKED

SEVERAL PERSONS INJURED IN RIOTS

Extra Officers Have Been Sworn in to Protect Property.

Omaha, Neb., Sept. 25.—Extra officers were sworn in to-day by the chief of police to prevent the continuation of the riots which have marked the progress of the street car strike for the past three days.

The action was taken as the result of serious disturbances last night when several large crowds of strike sympathizers stoned the cars and seriously injured six persons.

While the authorities were attempting to disperse a mob last night, Officer Frank Rooney was struck on the head by a brick and his skull was fractured. His injury will probably prove fatal.

Ministers, who it is alleged purposely blockaded a car yesterday so the mob could stone it, are in jail to-day, and it is expected will be given a preliminary hearing in the police court this afternoon.

President Wattles, of the street car company, has been in conference with the mayors of Omaha, South Omaha, Council Bluffs, Benson and Florence for the purpose of enlisting the city officials to aid in the settlement of the strike.

Following a meeting of the directors of the company, President Wattles stated that he expected that some step toward ending the dispute will be made to-day.

SENT TO PENITENTIARY.

Hamilton, Ont., Sept. 25.—"Posey" Irvine, found guilty of assaulting and attempting to rob Fred Fortin on August 25, was sentenced yesterday to 12 years in Kingston penitentiary. Mark Tompkins, his pal, got 10 years some years ago for a similar offence.

DEMAND FOR EXPORT FLOUR INCREASES

General Manager of Ogilvie Company Says Mills Will Be Enlarged.

Fort William, Sept. 25.—F. W. Thompson, vice-president and general manager of the Ogilvie Mills Ltd., announced yesterday that the Ogilvie mill, construction to start this fall.

The present capacity of the Winnipeg mill is 4,000 barrels a day. It was built in 1881 with a capacity of 1,800 barrels and enlarged at various times and modern machinery added, bringing it up to its present large capacity. The elevator capacity at the Winnipeg mill was increased this year by a 300,000 bushel new elevator.

The growing confidence in the Canadian West by the Ogilvies was again reflected by the announcement of Mr. Thompson that another story would be added to the company's mill here.

In addition to the Ogilvie elevator of 1,000,000 bushels capacity will be completed in sixty days. The capacity of the Kaminitiquia power company, which provides electrical energy for the city, and of which Mr. Thompson is an officer, will be almost doubled.

Mr. Thompson intimated that the demand for export flour is increasing at a rate that warrants the enlargement of their mills generally. Upon the completion of the proposed new mill, the location of which Mr. Thompson has not given out, the company will have a daily capacity of 48,000 barrels of flour.

NAVAL DISPLAY AT NEW YORK

THE HUDSON-FULTON CELEBRATION OPENS

Twin Rainbow Flags of Peace Unfurled by Two Girls.

New York, Sept. 25.—The great Hudson-Fulton celebration narrowly missed terminating in disaster at its very opening to-day when the Clermont, an exact reproduction of Robert Fulton's steamboat, crashed into the Half Moon, the replica of Henry Hudson's famous craft, off St. George's, Staten Island.

The collision occurred as the two vessels were swinging out of Kill Von Kull into the upper bay, to cross toward Bay Ridge, Brooklyn, and be joined by the escort warships.

By quick manoeuvring at the moment of greatest danger, the accident was minimized and the Half Moon escaped with only slight damage to her port side, which was scraped by the quaint little puffing steamboat.

After they had pulled away from each other, they proceeded toward the narrows and took their places with the great fleet of warships.

New York, Sept. 25.—All New York to-day is paying homage to the memory of Henry Hudson and Robert Fulton.

Commencing with this morning, a nine-day celebration is on, which will be marked by great historical pageants both on land and water. With the break of dawn thousands of persons began to gather on the banks of the Hudson to witness the naval display, and when the big war vessels, representing many of the world's greatest nations, started the parade, followed by hundreds of smaller craft, several hundred thousand persons lined the river banks.

Dth from hundreds of whistles completely drowned, out the cheers from thousands of throats as the naval display, the greatest seen here since the celebration of Admiral Dewey's victorious return from Manila, wended its way up the bay and the historic Hudson river. Great Britain and Germany had sent some of their finest vessels to New York to participate in the celebration. Great Britain was represented by the warship Infexible, Duke of Edinburgh, Argyll and Drake, while the German fleet was represented by the Dragon, Bremen, Hertha and Victoria Louise. These vessels were given a position of honor in the parade.

The United States government sent the battleship Missouri and a fleet of smaller vessels to take part in the pageant, while all the big steamship lines were well represented.

A feature of to-day's land celebration was the unfurling of twin rainbow flags of peace from the roof of a downtown skyscraper by two little girls. While this ceremony was being enacted by the great chimneys of Old Trinity church took up the refrain of "Glory to God in the highest; peace on earth, good will toward man."

This evening there will be another naval parade, and the city will be illuminated by a great elevated battery of forty searchlights of 500,000 candle power each.

To-morrow the ceremonies will be continued by religious observances. Countless thousands of visitors are packing the hotels.

ANOTHER VICTIM OF "JOY RIDE" DEAD

Woman Passes Away as Result of Injuries Sustained in Accident.

Seattle, Wash., Sept. 25.—Winnie Frazer, who was injured in the "joy ride" automobile accident of Thursday, died this morning in the Seattle general hospital of burns she received when the gasoline tank of the machine exploded. She is the third victim of the terrify wreck.

Miss Frazer, or Mrs. Lowe, as she was also known, was a waitress at Mount Vernon, Wash. Her two women companions, Mabel Johnson and Goldie Porter, both died of their injuries soon after the accident.

PERSONS INJURED IN WRECK AT SEATTLE RECOVER.

Seattle, Wash., Sept. 25.—All the persons injured in yesterday's street car wreck at the entrance to the exposition grounds will recover, it is thought to-day. Those supposed to be fatally injured yesterday were more frightened than injured and are reported to be doing well to-day.

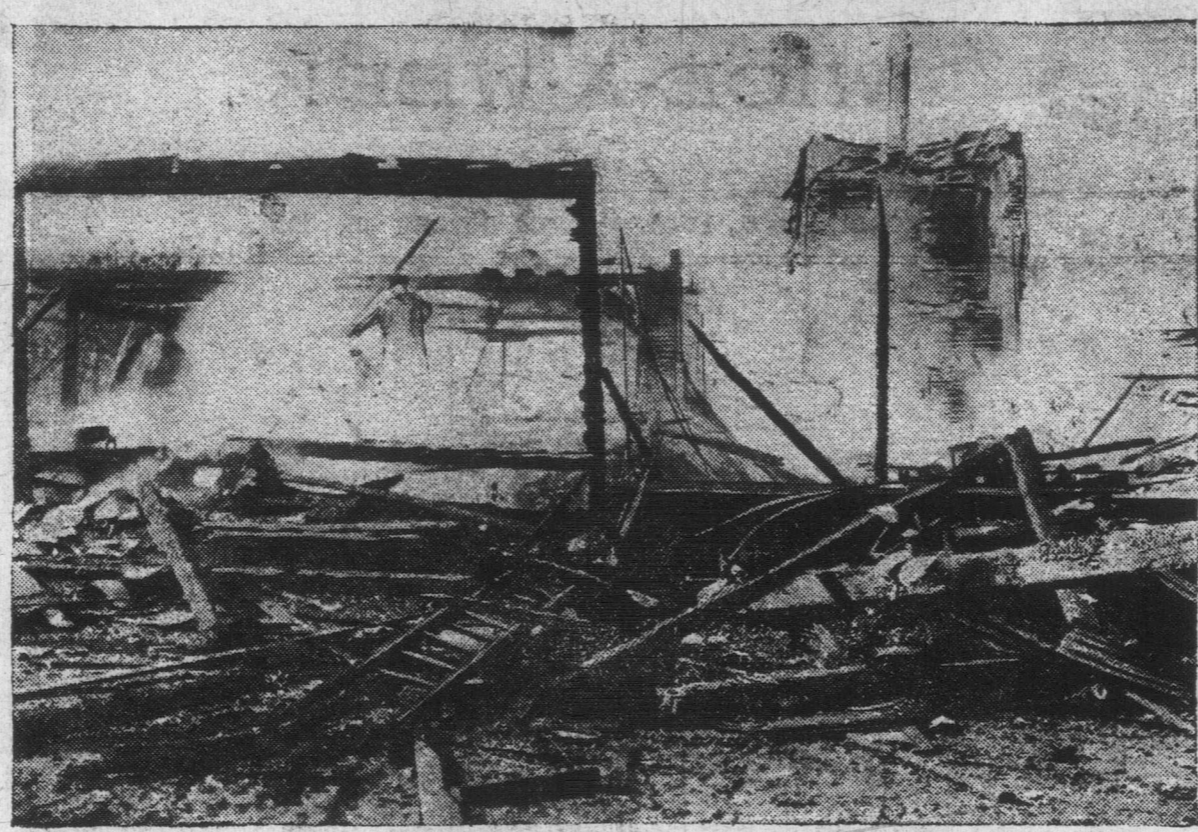

Miss Helen Cardwell, of Portland, supposed to be internally injured, is resting well at the Providence hospital, and the physicians there say she is not seriously hurt.

Mrs. Florence E. Hornado, of Los Angeles, who was thought to be seriously hurt, if not fatally hurt, is reported as making good progress toward recovery to-day at the Minor hospital, and it is expected she will be able to leave the infirmary soon.

HOTEL DESTROYED.

Hepworth, Ont., Sept. 25.—The Royal hotel (temperance) was destroyed by fire early yesterday. Some of the guests had to escape in their night clothes. R. Morrison, a traveller for W. B. Shering & Co., Winnipeg, lost his samples and \$500 in cash, and had to get out of the hotel by dropping from a window, other means of escape being cut off.

The total loss is about \$2,000.

RUINS OF M. R. SMITH & CO.'S CONFECTIONERY FACTORY.

MORE MINERS IDLE IN BUTTE

DECIDE TO CONTINUE "BOYCOTT" OF ENGINEERS

Every Mine in Montana City and Vicinity Is Shut Down.

Butte, Mont., Sept. 25.—After an all-night meeting, marked by a series of small riots between opposing factions of miners and mine engineers, the Butte Miners' Union early to-day resolved to continue its "boycott" of the Engineers' Union, No. 33, which has seceded from the Western Federation of Miners.

The miners, who are loyal to the federation, declare that their withdrawal from the mines is not a "strike," but adherence to a rule of the federation prohibiting them from working with members in bad standing.

Ten thousand miners in Butte, the heart and centre of the great mining territory of the state, and headquarters for the Amalgamated Properties, are idle to-day. Every mine in this city and vicinity is shut down and a continuance of the suspension means that within five days every smaller and all allied industries will be closed.

The feature of the strike so far is the use of the "boycott" by one powerful body of union men against another. Heretofore this weapon of unionism has been directed toward refractory employers. To-day it is being used by the Butte Miners' Union to compel the Engineers' Union, No. 33, to remain a part of the Western Federation of Miners. A majority of the engineers have seceded from the federation and the miners' union has ordered its members not to work in mines where the seceding engineers are employed.

Two thousand miners last night surrounded the shaft of the Gagnon mine and threatened to mob twenty-eight miners who refused to obey the union's edict and stop work. Fifteen policemen and Sheriff O'Rourke, with every deputy aiding him, managed to disperse the mob before violence was done.

O'Rourke threatened to order his men to shoot at the first sign of trouble, and with drawn revolvers the deputy sheriffs escorted the handful of miners from the workings. Later these men agreed not to return to work until the entire matter was settled.

NEW PRESIDENT.

W. Glocking, of Toronto, New Head of Trades and Labor Congress.

Quebec, Sept. 25.—W. Glocking, of Toronto, was elected president of the Dominion Trades and Labor congress at yesterday's meeting, and Fort William was selected as the place for the next convention. Provincial board, British Columbia, vice-president, J. C. Watters, Victoria; executive, J. G. McGeer, J. A. Aitkin, Phil Barker.

GROUND TO DEATH BETWEEN COG WHEELS

Engineer Unable to Render Any Aid to Aged Assistant.

San Francisco, Cal., Sept. 25.—Wm. Hocking, an aged assistant engineer at the county almshouse, met a horrible end to-day, when he was slowly ground to death between two giant cog-wheels. It is supposed that Hocking's coat caught in the cog wheels while he was working about the engine room and that he was drawn into the great steel teeth before he could remove the garment.

Chief Engineer Holman entered the engine room just as Hocking was being crushed to death. The great cog had closed upon him, and it was too late to render any aid.

The man's body was so horribly crushed that it could not be removed, until the entire machine was taken to pieces.

ROOSEVELT SHOOT'S ELEPHANTS

Nairobi, Sept. 24.—Camp followers arriving here to-day stated that Col. Roosevelt has killed 20 elephants since he started hunting at Kudu, and that he is now going farther north.

Kermit also killed an elephant and a lion.

PROTEST SENT TO CZAR OF RUSSIA

REPORT OF MASSACRE OF JEWS CONFIRMED

Russian Authorities Now Admit "Disorders" Have Occurred.

Berlin, Sept. 24.—After repeated denials that there had been any massacre of Jews at Kief, the Russian authorities to-day admit that there have been "numerous slight disorders there."

For several days after more than a score of Jews had been killed, the first news of which reached here last Tuesday, the authorities denied that there had been any trouble of any nature in that city. Reports had the Russians driving Jewish women naked through the streets and the slaughter of innocent men, women and children. The homes of the Hebrews also were pillaged and wrecked.

The Russian authorities are said to have looked on with idle hands while these atrocities were going on.

The correspondents of the big Berlin papers have verified these reports and prominent citizens of Berlin have forwarded a complaint to the Czar.

SUFFRAGETTES RIOT IN JAIL

ATTACK DOCTORS AND ATTENDANTS

Fight Follows Attempt of Authorities to Break "Hunger Strike."

Birmingham, England, Sept. 24.—Nine suffragettes in jail here to-day started a riot when doctors tried to break their "hunger strike" by forcing food down their throats with stomach pumps.

Two women submitted to the forcible feeding, but the others revolted. They attacked the doctors and attendants. Windows were smashed, furniture broken and the clothing of the women badly torn in the fight that followed. After being overpowered the women were handcuffed and placed in solitary confinement.

The women were arrested recently for attempting to prevent Premier Asquith from speaking and in carrying on a struggle with the prison authorities that started the "hunger strike," refusing food in any form.

PATTEN MAKES MILLION DOLLARS IN COTTON

Broker Declares He Will Return to New York in November.

New York, Sept. 25.—James A. Patten is en route to Chicago after having added \$1,000,000 to his ready-asset assets as the result of his operations in cotton during the past few days.

"The cotton crop is short," declared Patten, "and the price is going to be high. Yes, I am well satisfied with the results of my trip. Lively times are ahead in cotton, stow that fact away in your brain for reference. I am coming back in November and then you will tell me I am right again."

ROOSEVELT SHOOT'S ELEPHANTS

Nairobi, Sept. 24.—Camp followers arriving here to-day stated that Col. Roosevelt has killed 20 elephants since he started hunting at Kudu, and that he is now going farther north.

Kermit also killed an elephant and a lion.

ENGINEER IN SOLE CHARGE

DUAL CONTROL IN STREET WORK ENDED

Council Reaches an Important Decision at Friday Evening's Meeting.

At Friday evening's meeting of the streets committee of the city council the important decision was reached to place all street work of every description under the special supervision of C. H. Topp, city engineer. This official will hereafter be held responsible for everything which transpires in connection with street work and improvements, whether the same has to do with water mains and connections, sewers, gas mains, etc. Thus for the first time in the history of Victoria the system of dual control has been abandoned and the water commissioner shorn of all responsibility in connection with the condition of the streets.

Heretofore the plan followed has been for the water commissioner to order work done where it has been necessary to lay mains or make connections for the water system; and, as a result, when complaints have been made as to the manner in which the streets have been left when the job has been finished, there has been wrangling as to the proper official whom to place the responsibility.

Then, again, in regard to gas connections, a gang of men would come along and tear up a street at the instance of the gas company, for the purpose of laying mains or making connections with houses, and often it has happened that streets have been left in a very unsatisfactory condition.

All this will be changed hereafter. When the water commissioner desires to open any street for the purposes of the gas company, for the purpose of laying mains or making connections with houses, and often it has happened that streets have been left in a very unsatisfactory condition.

Other aldermen agreed with this, and the motion was carried. The arrival of Mr. Bryson from Naaimo, who has been appointed to the position of assistant engineer.

Mr. Topp remarked that he expected Mr. Bryson to come any day, and thereupon Ald. Stewart remarked that if Ald. Turner would make the necessary motion for the inauguration of the new system he would second it. This was done, and the motion carried unanimously.

It was decided to notify the water commissioner at once respecting the change. It may be mentioned that the decision of the board is quite agreeable to Mr. Raymur, the water commissioner, who has long been of the opinion that better results would be obtained if all the streets were under the care of one man.

COOK MAY BRING SUIT AGAINST PEARY

Explorer's Secretary Says Affidavits Have Been Prepared.

New York, Sept. 25.—According to statements to-day by friends of Dr. Frederick A. Cook, the explorer contemplates bringing a suit against Commander Peary to recover damages for slander and defamation.

Dr. Cook himself has nothing to say regarding the proposed suit, but his secretary, Walter Lonsdale, admitted that the matter was seriously entertained by Dr. Cook and by John R. Bradley, Cook's backer. He said that affidavits had already been prepared in case it was definitely decided to bring the suit.

M. R. SMITH'S FACTORY DESTROYED BY FIRE

Old Established Business in City Suffered Heavy Loss This Morning—Over \$50,000 Involved in Destruction.

(From Saturday's Daily.)

Fifty thousand dollars' worth of property and stock, partly covered by insurance, went up in an early morning blaze this morning at the biscuit and candy factory of M. R. Smith & Company, Niagara street, the oldest concern of the kind on the Pacific coast. The three-story frame building is estimated at a loss of \$10,000, and the balance covers the stock and plant. The insurance was \$20,000, being about \$10,000 on the building and \$10,000 on stock and plant.

The origin of the blaze is not definitely known, but is placed by Fire Chief Thomas Davis as having started in the neighborhood of the engine room. The fires had been banked at night after the end of the day's work, and were so left last night. When the brigade arrived this morning about 5:30 but indication showed that fire had commenced at the rear corner where the engine room is situated. That the fire was confined to the building alone and not allowed to spread to the frame dwelling next door or to the stables at the rear is a marvel, and a splendid testimony to the efficiency of the fire department. The destroyed building was eighty by sixty-six feet, and stands twelve feet from a frame dwelling on one side and from twenty to thirty feet from the stabling and barn, which are but a few feet from a number of new houses on Ladysmith street at the rear. The wind was blowing freely from the south and carried the flames directly in the direction of the barns and stables where three horses were stabled and the new houses on the rear street. The strength of the wind can be estimated and the danger to the surrounding buildings understood by the fact that as far away as Michigan and Mendez streets black cinders are spread over the sidewalks. Even the parliament grounds were covered with embers. All along the sidewalks through the James Bay district for five and six blocks large cinders were being blown and the danger to the surrounding buildings understood by the fact that as far away as Michigan and Mendez streets black cinders are spread over the sidewalks. DID NOT CONFER ON STEEL WORKS

ALDERMEN FAILED TO SEE REPRESENTATIVE

Special Committee of Council Did Not Meet Mr. Arnoldi.

Friday's Daily. The excitement attendant upon the fall fair and horse show may possibly have diverted public attention from such trifling considerations as iron and steel works, so far that reason the information which reached the Times today that the city council has taken no further action towards ascertaining what is the proposition which J. A. Moore, the United States capitalist, is prepared to make the city will not come in the nature of a surprise.

It will be recalled that at last Monday evening's meeting of the council a lengthy letter was read from Mr. Arnoldi, secretary to Mr. Moore, who intimated that the latter gentleman, who is known to have large capital at his disposal, contemplated the erection of large iron and steel works in British Columbia and suggested that it might be to the advantage of the city to have such works established here. The writer expressed a wish to know what assistance, if any, the city would be prepared to give to such an enterprise, and the obvious suggestion was that there should be a conference between Mr. Moore and the city's representatives on such an important matter.

It was suggested, however, that the letter might be received and filed, and a mere acknowledgment sent to the writer; but finally it was decided that perhaps it would be as well to find out just what proposition Mr. Moore might be prepared to submit to the city, before condemning the whole project, and a special committee was appointed to confer with Mr. Arnoldi.

That was on Monday night last. This morning it was found that Mr. Arnoldi left for Vancouver last night. It was assumed that perhaps the conference had taken place previous to Mr. Arnoldi's departure, but a member of the special committee of the council was asked to say what had been the result of the interview between the two parties.

An alderman, a member of the committee, when asked if the committee had seen Mr. Arnoldi, replied: "No, I was just wondering where that man could be found."

The committee, it is learned, did not confer with Mr. Arnoldi.

FIRST PULP MADE IN THIS PROVINCE

J. W. McKinnon's Works at Swanson Bay in Operation.

Friday's Daily. Mr. J. W. McKinnon, general manager of the Canadian Pacific Sulphite Pulp Company, is in Vancouver, from Swanson Bay. He reports that the manufacture of pulp began at the works on Monday last, and that by this time pulp will have been produced. He will be returned to Swanson Bay in a few days, but before then expects to have samples on hand for exhibition. Already orders have been received from Japan, and the next freighter going to the Orient will carry some of British Columbia's first pulp. Previous to the starting of the machinery, the making of acid was proceeded with, and analyses have demonstrated that the acid produced at the works is of the very highest grade. The machinery was in place about a couple of weeks ago, and was turned over a few times to see that everything was adjusted properly.

The success of this enterprise at Swanson Bay means much to British Columbia, which has large areas available for the production of pulp. The Canadian Pacific Sulphite Pulp Company has expended about \$800,000 in the establishment of this new industry, and there is every prospect that success will attend its operations. No expense was spared in making the plant complete and substantial, and in a few days it will be running at capacity, namely, 25 tons of pulp per day.

UNCLE SAM'S FIRST DREADNOUGHT COMPLETED

The North Dakota Will Undergo Government Test Next Month.

Quincy, Mass., Sept. 24.—The North Dakota, the first fighting ship in the United States navy of the Dreadnought class, has just been completed, and everything is in readiness for the tests which the vessel must undergo before she can be accepted from the shipbuilders. The government standardization tests are set for October 15th. The Rockland course, off the Maine coast, has been chosen as the place to put the vessel through her paces. Before acceptance on the part of the government the fighting ship must develop a speed of 21 knots.

BREEDING STOCK FOR PROVINCE

SHIPMENTS TO BE MADE FROM EAST

Local Board Approves of Idea at Meeting Here To-day.

Friday's Daily. A meeting of the board of directors of the British Columbia Live Stock Association was held this morning at the exhibition ground. The business before the meeting was interesting and took up considerable time.

Dr. Tolmie spoke on the advisability of shipping three cars of stock to British Columbia from the east and have them auctioned off in this province. Dr. Tolmie treated his subject very well and convinced those present that it would be a good thing.

The association endorsed the proposition in the following resolution: "That this association endorse the action of the Dominion department with reference to sending a shipment of dairy cattle to this province, and requests that Dr. Tolmie be sent to select them." It was decided at the meeting that the cup given by the provincial government, and which is on exhibition at the fair, be given for commercial dairy competition. All entries for this will close on January 1, 1910, and the competition will close on December 31st of the same year. The judging is to take place in February, July and November. A gold medal will also be given with the cup and a silver and bronze medal is to be given for second and third places respectively.

R. W. Hodson was selected to act as judge with the power to appoint an assistant judge. It was proposed to ask that the government be asked to appoint a veterinary inspector at the earliest possible date and was much discussed. The resolution was carried.

It has been decided to hold the quarterly meeting of the association at the fair, before the fair and that the annual meeting of the same organization will be held in this city in January. Mr. Hodson was appointed secretary of the association.

SENATOR LA FOLLETTE REPLIES TO TAFT

Declares President Has Not Power to Read Him Out of Party.

Madison, Wis., Sept. 24.—Senator La Follette's weekly, refuses to read out of the Republican party by President Taft. Replying to President Taft's Winona speech the senator says: "The statement of the president is featured in the press as an attempt to read out of the party all Republicans who voted against the tariff bill. No individual has the power to read a representative out of his party. This power rests solely with the voter. No man can even the president decide for the people whether the tariff is genuine or a counterfeit. He cannot even decide for the Republican party. The people themselves." Referring to President Taft's statement that when he signed the tariff bill it was "a sincere effort to comply with the promises of the platform," Senator La Follette says: "The president comes with a declaration to support Taft, who was not curiously opposed to downward revision, who with others like him made downward revision in accordance with the promises of the Republican party, impossible." The reference is to Representative J. A. Tawney, whose home is at Winona, where Taft made his tariff address and who was prominent and a supporter of Speaker Cannon during the tariff legislation.

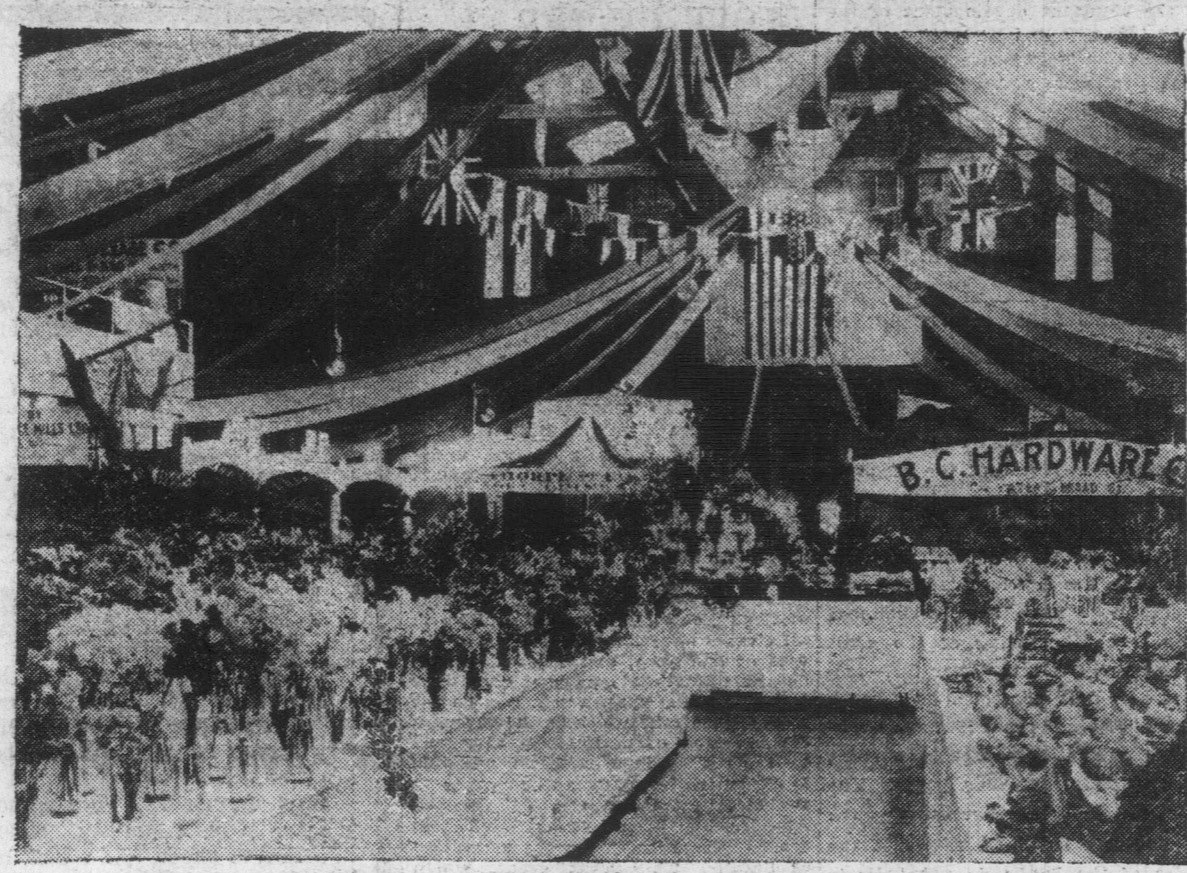

RELIEF FOR PEOPLE STRANDED AT NOME

United States Revenue Cutter Will Be Sent to Bring Them South.

Washington, D. C., Sept. 24.—One hundred American citizens stranded at Nome will be brought to Seattle on a revenue cutter. Telegraphic orders went forward yesterday from Assistant Secretary of the Treasury Hill, directing the deputy collector of customs at Seward, Alaska, to have a revenue cutter proceed at once from Seward to Nome, there to take on board the men and women who are destitute. Official advices said the Americans were taken to Nome by the Alaska Development & Investment Company, which, according to the official dispatch, has not paid them their season's wages, and they are now depending upon charity for sustenance.

SUDDEN MEETING.

Seattle, Sept. 24.—While the bartender, Michael John, was counting the cash in the Bank saloon at Georgetown, near here, yesterday morning, two masked men suddenly entered the place and pointing revolvers at the saloonman, commanded him to hold up his hands. One of the robbers then emptied the cash register of its contents, said to have been \$150, and he and his pal took their departure. John was so badly frightened he notified the police for some time after the hold-up, and the robbers had plenty of time to make a safe getaway.

INTERIOR OF MAIN HALL AT THE FAIR.

BIG DITCH IN YUKON COMPLETED

Built at Cost of \$10,000,000 and Carries Water Seventy Miles.

Dawson, Sept. 24.—The Yukon Gold Company's great ditch, extending to Gold Hill, has been completed and yesterday for the first time water was turned into it. The water is conveyed from Twelve-Mile river, seventy miles from the place of its use. A volume of 5,000 inches, virtually a river, is sent over the hills at a cost of \$10,000,000, making the successful consummation of the greatest engineering undertaking in the history of the far north.

JUMPS INTO RIVER.

Selkirk, Man., Sept. 24.—A young man by the name of Thomas Sutherland, of this place, committed suicide three miles south of here by jumping into the Red River. The unfortunate young man, who was under the influence of liquor when he committed the deed, was well known. No reason for the rash act can be found.

SUBDIVIDING LAND IN NORTH FORK COUNTRY

Settlers Will Be Brought From East to Settle It.

Grand Forks, Sept. 23.—One of the most important land transactions that has been negotiated in Grand Forks for years was consummated last week. By it 6,000 acres of good valley land in the North Fork country, 19 miles north of the city, became the property of Messrs. C. E. Reed, H. L. Sumption and Irving Todd, of Hastings, Minn., who will subdivide the land and bring out settlers from the east. The deal means a great deal to the future prosperity of Grand Forks and the Kettle river valley, as it practically marks the beginning of the development of the North Fork country. The tract comprises a number of syndicated pre-emptions owned by local people and the southern boundary being Lynch creek, thence running north. The soil is of first class quality and is well adapted for either fruit growing or general farming.

WILL NOT INTERFERE.

Paris, Sept. 24.—The French government has decided to disregard the formal protest made by Mulai Hafid, the Sultan of Morocco, against Spain's course of action in the Rif country, on the ground that the question concerns only the two parties interested.

SCENE AT FAIR GROUNDS ON FRIDAY.

TO DEVELOP COAL AND TIMBER

J. A. MOORE'S PLANS AT QUEEN CHARLOTTE

Railway Will Be Built to Connect With Deep Water.

Friday's Daily. The purchase of a controlling interest in timber and coal lands on Queen Charlotte Island by J. A. Moore, of Seattle, and Herbert S. Law, a millionaire of San Francisco will mean immediate work on the islands.

The property is crown granted and contains about 20,000 acres of timber lands with coal measures underlying. It was originally controlled by local men who some time ago disposed of their interests to a local syndicate, which in turn interested capital in it. Among those who acquired interests were: Percy Hillis, of this city, and Rev. Dr. Hillis, of Plymouth church, Brooklyn. With the sale of control to J. A. Moore, of Seattle, and the interests he represents, abundance of capital will be available to forward the work of fully developing the property. The price paid by the new interests is about \$1,000,000. Messrs. Hillis retain an interest in the property.

Already engineers are on the ground at Queen Charlotte island looking into the question of a route for the railway, which it is the intention to build from deep water into the limits. The objective shipping point will be on Skidegate Inlet. The railway will cross onto Lena island, which is separated from the mainland by shallow water. On Lena island the bunkers will be erected and wharves located. The railway necessary to connect with the property will possibly be about 17 miles long, and will be of standard gauge. It is estimated that the cost of the roadway will reach half a million.

The coal will be developed at once, and following that the intention is to dispose of the timber to other interests who will use the railway to ship the logs to deep water, where the mills will be located. It is estimated that 420,000,000 feet of high class timber is on the property, while 50,000,000 feet of smaller sized logs will be found on the tract.

The new interests which have acquired the property will not themselves mill the logs. The timber will pass into other hands and be milled by them.

MAN ACCIDENTALLY SHOT WHILE ASLEEP

Killed by Discharge of Shotgun He Had Placed Near His Bed.

Aberdeen, Wash., Sept. 24.—Meeting his death from the discharge of a shotgun which he had placed at the head of his bed before retiring, Wm. J. Breen, 28 years of age, and a member of the Breen Shingle Company, died yesterday came to a tragic end at the side of his wife.

According to Mrs. Breen's story she was awakened by the discharge of the weapon at the same time hearing her husband moan, "My God, I am shot." Mrs. Breen sprang from bed and ran to the shore of the bay, a half-mile distant, for help. When the physician arrived it was too late and Breen expired a few hours later from loss of blood.

First reports of the shooting brought to this city indicated that Breen had committed suicide, but this is scouted by Coroner Smith and others who have visited the scene of the accident.

HOG CHOLERA IS WIPED OUT ON FRASER

Chilliwack is Declared Free of the Infectious Disease.

Chilliwack, Sept. 23.—Dr. Tremblay, government veterinarian, of Vancouver, and his assistant, Dr. Perrin, have completed their tour of inspection throughout the Chilliwack valley for infectious diseases of live stock, and now declare the place free of all disease. Hog cholera, which has been so prevalent for the past few months, has been stamped out, and the quarantine lifted upon all farms and upon the Beaver, and the wharves and various shipping points along the river thoroughly disinfected. This means that live hogs may once more be shipped to New Westminster from this district and from other up-river points.

TIED OF LIFE.

Old Man Disappears After Writing Letter to Wife. Los Angeles, Cal., Sept. 24.—Search is being made for J. H. Claverty, aged 80 years, a retired farmer, who has disappeared from his home. Claverty's wife yesterday received a letter from her husband stating that because he was old and an invalid, he would no longer be a burden to his family and would end his life in some quiet, restful place near the city. The authorities were notified and the search was begun to-day.

DEATH ROLL FROM STORM INCREASES

CASUALTIES WILL PROBABLY EXCEED 300

Property Loss Along Gulf Coast is Placed at Fifty Million Dollars.

New Orleans, Sept. 24.—With two hundred already known to be dead in Louisiana alone, and a number of other villages and hamlets yet to be heard from, it seems certain to-day that the list of casualties resulting from Monday's tidal wave will exceed 300. Telephone and telegraph communication is gradually being restored, and as a result the dead is being added to almost hourly.

Conservative estimates by businessmen to-day place the property loss at \$50,000,000. The sugar cane crop, which alone is valued at \$1,500,000, is a total loss. The damage to the rice fields, which are directly in the path of the storm, cannot be estimated at this time, but they are almost certain to be a total loss.

Hundreds of houses have been unroofed, and in a number of instances what were thought to have been substantial buildings were reduced to kindling wood by the force of the gale that accompanied the tidal wave.

The wreckage from the small fishing vessels and other craft is drifting about the coast from this source is certain to run into the thousands.

The full story of the damage done by Monday night's storm is still untold. Reports received to-day say that the whole rice crop of Vermillion parish has been destroyed and that many rice fields are still under water. The devastation spreads over hundreds of thousands of acres.

To-day's reports show that one-fourth of the entire sugar crop is ruined, and that half the cotton crop is lost. The state house at Baton Rouge was slightly damaged and many important records are water-soaked. The executive mansion also was damaged by the terrific wind and the heavy downpour. The loss of shipping along the river front and the coast is heavy.

Baldwin, Plaquemine, Bobbell and other towns have suffered severely.

ALLEGED SWINDLERS ARE INDICTED

Victims Reported to Have Lost Over Half Million Dollars.

Times Leased Wire. Council Bluffs, Iowa, Sept. 24.—The United States grand jury for the southern district of Iowa, yesterday indicted James C. Maybray and 84 alleged associates, who are charged with conspiring to defraud by illegal use of the mails. With the exception of Maybray and three or four others, none of those indicted are in custody and for that reason the names of the defendants were not made public. The list includes many persons known in criminal circles in all parts of the country.

Although specific amounts are not mentioned in the indictment, it is authoritatively stated that the amounts lost by the supposed victims of Maybray and others named will exceed half a million dollars. The sums lost range from \$1,500 to \$30,000, they having been placed on a fake horse race, according to the evidence of a Missouri banker. Fake wrestling, fake foot races and fake horse racing were the principal forms of graft.

As a basis of operations, Maybray and aides used, according to the indictment, Council Bluffs, Davenport and Burlington, Iowa; St. Louis, Little Rock, Seattle, Denver and New Orleans, to which places it is charged values were taken from victims.

The names of 85 alleged victims are given, including Hans Anderson, Ketchnikan, Alaska; F. Ellison, H. Ford, Vancouver, B. C.; John H. Sizer, Seattle.

PEARY WILL FOLLOW HUBBARD'S ADVICE.

To Confer With President of Arctic Club Regarding Cook Controversy.

Portland, Me., Sept. 24.—Commander Robert E. Peary is resting here to-day after his strenuous reception at Sydney. The explorer will probably go to Bar Harbor to-night to confer with General Thomas Hubbard, a president of the Peary Arctic Club. At this conference it probably will be determined what course of action Commander Peary will pursue regarding his controversy with Dr. Frederick A. Cook. The explorer will most probably be guided by Hubbard's advice. Following his conference with Hubbard, the explorer will probably go to his Eagle Island home.

THOUSANDS OF MINERS STRIKE

TROUBLE MAY SPREAD IN MINING CAMPS

Men Refuse to Work Because Engineers Withdraw From Western Federation.

Butte, Mont., Sept. 24.—Three thousand miners of the day shift employed in forty-five of the largest mines of the Amalgamated properties, refused to go to work this morning and 5,000 men of the night shift announced their intention to-day of not reporting for duty to-night because the engineers employed at the mines have seceded from the Western Federation of Miners and have formed an independent union of their own. The action of the engineers followed by that of the miners threatens to start an interminable strike between unions, which may involve every big mining camp west of the Rockies.

General Manager John Gillie, of the Amalgamated, has issued an ultimatum to the men on involuntary strike that they must return to work within five days or the company will shut down the big smelters at Anaconda and Great Falls, and 15,000 men will be thrown out of work.

The action of the miners to-day followed a riotous meeting at Engineers' hall last night. The engineers were in session for several hours. After it was announced that they had voted to secede from the Western Federation, a body of miners descended upon the hall, broke in the doors and smashed windows. Lights were extinguished and in the riots that followed scores of shots were exchanged. One man was slightly wounded by a bullet and several were badly beaten.

Police reserves and deputy sheriffs are held in readiness here for further disorders, which it is believed will follow an attempt by the self-estranged engineers to enter the mines and work the lifts.

Western Federation miners declare they will not work in the mines in which the lifts are not operated by Western Federation engineers. The company officials declare that it is no concern of theirs whether the engineers are federation men or not. The engineers maintain that they will not return to the federation.

There has been considerable ill-feeling between the engineers and miners for some time. It is predicted freely that the trouble will extend to other mining camps of the west.

FLOUR DROP.

Winnipeg, Sept. 24.—Good news for western householders came from the offices of the leading flour mills yesterday, when it was announced that a general reduction of 20 cents a barrel, or 10 cents a 98-lb. bag, on all grades of flour had been made.

PLANS FOR MUNICIPAL WATERWORKS SYSTEM

Station Work is Now Under Way and Will Be Rushed to Completion.

Prince Rupert, Sept. 23.—The plans for the proposed municipal water works system have been approved and returned from Victoria, and the work is now under way. Practically all the work has been let on station work, and will be rushed by the engineer in charge, Mr. A. W. Agnew. Over one and a half miles of feed pipe from the source of supply to the reservoir has been laid.

There will be eighty miles of mains laid, covering nearly all of Sections 1, 5 and 6. The main will run along First, Second, Third, Fourth, Fifth, Sixth, Seventh and Eighth avenues, with laterals where necessary. A flat rate of \$5 a yard for rock and 55 cents for earth has been secured, which will make the job less expensive than any work yet done.

GRANTED MORE WAGES.

San Francisco, Cal., Sept. 24.—The machine boys who have been on strike at the Illinois Pacific Glass Works returned to work to-day, at an increase of 25 cents a day in their wages. The strike, tied up 200 glass-blowers, and was only settled when the company officials were prevailed upon to listen to the demands of the youths.

GARDEN TOOLS TO BE MADE AT KAMLOOPS

Eureka Planter Company to Locate Branch in Province.

Kamloops, Sept. 23.—Kamloops will likely secure a valuable new industry as a result of the visit of C. H. Choate, head of the Eureka Planter Co., at Woodstock, Ont., and one of the best known firms in Western Ontario. One of the primary purposes of Mr. Choate's visit to the west is to learn the requirements of the people and to locate a suitable site in the event of a branch factory being brought out to this country. The firm of which he is the head, manufactures all kinds of garden and planting tools as well as other labor-saving devices—products that are dedicated to mixed farming principally and which would be especially adapted to the class of farming now and in the district surrounding Kamloops.

GOVERNMENT IS ACQUIRING LAND

PLIMLY GARAGE HAS BEEN PURCHASED

Negotiations May Be Opened to Get Drill Hall Site.

(From Monday's Daily.) The provincial government is steadily acquiring possession of the property alienated many years ago in the block occupied by the Parliament buildings.

There yet remains three or four pieces of property to be acquired after which the whole block will be in possession of the government to be used for the purposes of departmental offices, etc.

MRS. HENRY PORTER PASSED AWAY TO-DAY

Lady Well Known in Victoria Died After Long Sickness.

(From Monday's Daily.) The death occurred early this morning at St. Joseph's hospital after a lingering illness of Mrs. Kate Porter, relict of the late Henry A. Porter.

The death occurred early this morning at St. Joseph's hospital after a lingering illness of Mrs. Kate Porter, relict of the late Henry A. Porter.

BANK CLEARINGS

New York, Sept. 25.—Bradstreet's weekly bank clearings for Dominion of Canada: Montreal, \$3,647,000 inc. 9.4; Toronto, \$26,411,000 inc. 13.5; Winnipeg, \$16,537,000 inc. 26.1; Vancouver, B. C., \$6,898,000 inc. 57.6; Ottawa, \$3,538,000 inc. 15.1; Quebec, \$2,154,000 dec. 6.7; Halifax, \$1,789,000 inc. 16.4; Hamilton, \$1,761,000 inc. 16.8; St. Johns, B. N., \$2,202,000 dec. 4.8; Calgary, \$2,367,000 inc. 61.6; London, \$1,112,000 inc. 11.0; Victoria, \$1,488,000 inc. 26.8; Edmonton, \$1,007,000 inc. 33.6.

RHEUMATISM DRIVEN FROM THE BLOOD

A Remedy Which Assists Nature Makes a Cure Which is Permanent as This Case Proves.

Every sufferer from rheumatism wants to be cured and to stay cured. The prospect of the frequent return of the trouble is not attractive to anybody who has gone through it.

BACK FROM TRIP

R. J. Porter Expects Many People to Come to Coast After Harvest. R. J. Porter has just returned from a holiday tour to Winnipeg and other points on the prairies. He reports that the country is very prosperous and that the crops are splendid.

A Cinderella Dance Will be given in the new "women's building" at the exhibition grounds on Monday evening, October 4th.

The death occurred at St. Joseph's hospital early this morning of Anne, the beloved wife of Richard Daniels of this city. Deceased was a native of Liscard, Cornwall, England, and was aged 72 years and 3 months.

FLOOD REFUGEES SEEK NEW HOMES

Sufferers Through Tidal Wave Are Moving to Inland Towns.

New Orleans, Sept. 24.—With the water from Monday's tidal wave slowly receding the damage now appears greater than earlier reports indicated. Terrebonne parish presents a desolate sight. What formerly were rich fields of growing grain and rice to-day are mounds of mud and slime.

Gangs of laborers this afternoon are clearing the streets of Batonrouge, which was in darkness from Monday until Wednesday. Street car traffic in the city is demoralized.

TRADE OUTLOOK

New York, Sept. 24.—Bradstreet's state of trade to-day's says: Trade returns from Canada continue very encouraging. Jobbers are busy, and retail trade is good.

LIFE IMPRISONMENT

San Francisco, Cal., Sept. 27.—John W. Wilson, who was convicted of murdering his employer, Harry Boas, by sending him poisoned medicine through the mail on December 24th, was sentenced to life imprisonment in the Quentin penitentiary by Superior Judge Dunne Saturday.

BLAZE AT THE WHITE HOUSE

Washington, D. C., Sept. 27.—Fire broke out at the White House late Saturday afternoon, and for a short while the mansion was threatened. The blaze originated in the furnace room of the executive office, which is being reconstructed in the president's absence.

PRESENTATION

Elmer Chase Remembered by His Sunday School Comrades. A pleasant surprise was given Elmer Chase and his friends one evening last week when the young men's class under the leadership of Mrs. Westcott, paid them an unexpected visit at their home on Stanley avenue.

LARGE CROWDS AT HORSE SHOW

FOX CATCHER AND CREDENTIAL JUMP

Attempt To-night to Lower Pacific Coast Record—Yesterday's Awards.

(From Saturday's Daily.) Fox Catcher, the Renton, Wash. horse which established a new Pacific coast record for the high jump at last year's horse show, was defeated last night in the high jumping competition by Credential, a 4-year-old bay owned by T. J. Smith, Vancouver.

In addition to these two horses there was a third entry, Golden Crest, owned by A. Russell, Vancouver. The jumping started with the timber at 5 feet, which all cleared without trouble.

STEAMER GOES DOWN WITH TWELVE MEN

Six Sailors Rescued by Life Savers Off Cape Henlopen.

Baltimore, Md., Sept. 27.—Twelve persons are reported to have lost their lives, according to a dispatch received here to-day from Georgetown, Delaware, by the foundering of a steamer off Cape Henlopen. It is reported that life-savers, battling in a heavy sea, rescued six other persons.

Another report of the foundering of the vessel off Cape Henlopen was brought here this morning by Captain Delane, of the steamer Porto Rico. He reported that the lights off Cape Henlopen had signalled his vessel that a vessel had gone down carrying with it all but six men who were safely landed by life-savers.

Another report. New York, Sept. 27.—Captain Reynolds of the steamer Chesapeake, from Baltimore, whose vessel arrived here to-day, reported that yesterday his ship was signalled from the lights off Cape Henlopen that a vessel had foundered off the cape and that eight lives were lost.

DENIES AMALGAMATION OF TELEGRAPH COMPANIES

Neither Postal Nor Mackay Concerns Will Absorb the Western Union.

New York, Sept. 25.—Clarence H. MacKay, who arrived from Europe to-day, when asked about the truth of the report which appeared in the press that the Postal and Mackay companies had absorbed the Western Union, said: "Neither the Postal nor the Mackay companies have entered into any arrangements for the purchase or lease of the Western Union Company or purchase of its stock, and neither the Postal Company nor the Mackay Company contemplate doing so. Competition will continue."

IRRIGATION IN ALBERTA

Director of American Reclamation Bureau on Bow River Project. Calgary, Alta., Sept. 27.—F. W. Newell, director of the American reclamation project said in an interview: "The labor situation is becoming more acute. We are approaching an era when it will be necessary for the agriculturalist to depend to a large extent upon his own efforts, therefore land buyers who are well advised are content to purchase small holdings of say 40 or 50 acres of irrigated lands. We can adopt intensive cultivation, and will not be dependent upon hired labor for tilling and harvesting the crop."

CHAUFFEURS FIGHT

One Man Is in Hospital Suffering from Fractured Skull. Seattle, Wash., Sept. 25.—H. W. Fisher, a driver for the Seattle Taxicab Company, is in the Seattle general hospital to-day, where an operation will be performed in the hope of saving his life.

DUNSMUIR CASE TO BE REVIVED

SIGNIFICANT ORDER IN CHAMBERS THIS MORNING

Mrs. Henry Croft Named Plaintiff in Action Started by Late Mrs. Dugsmuir.

FORTY PERISH DURING GALE

STEAMER WRECKED IN GULF OF MEXICO

Members of Rescue Party Report Finding Portions of Vessel. New Orleans, Sept. 24.—Forty perished when the steamer Utstein was wrecked in the Pucatan channel on Monday during the hurricane which swept this coast, according to members of a rescue party who returned to-day from Port Eads, after finding parts of the wreck. The Utstein was bound for Porto Cortez, from New Orleans, with a number of passengers and a cargo of bananas.

INDIAN POPULATION IN B. C. DECREASES

During Last Year Deaths Exceeded Births by Eighty-Six.

Ottawa, Sept. 24.—The annual report of the Indian department for the last fiscal year shows the Indian population of British Columbia on March 31st last was 24,871, a decrease of 82. During the year the deaths exceeded the births by 86 in the province, and is the only one which shows this exception to the present general tendency of the Indian population in respect to decreasing mortality rate, consequent upon improved sanitation and spread of education.

SAVED HIS DOG

Man Risked His Life to Rescue a Pet Canine. Los Angeles, Sept. 24.—Harry Green, a special policeman, risked his life yesterday to save a dog which was locked in the interior of a burning saloon on Post street.

HELD ON CHARGE OF KILLING TWO CHILDREN

Man in Custody at Utica Reported to Have Made Confession. Utica, N. Y., Sept. 27.—The chief of police of Utica to-day formally announced that he had information to the effect that Theodore Rizzo, the Calabrian arrested two days after the murder of little Freddie Infusino and Teresa Percopia, was responsible for their deaths.

THE BLYTHE CASE

Toronto, Sept. 25.—The court of appeals refused yesterday to grant an order directing Mr. Justice Riddell to state a case for the court in the matter of the King against Walter Blythe, under the provisions of the Criminal Code, which was passed on October 1st for the murder of his wife last January. The application was made by T. C. Robinson last Wednesday, relying entirely on the ground that Blythe was so intoxicated at the time of the murder that he did not realize the probable consequences of his act.

THE "BON-AMI"

Large shipments to hand of OLD COUNTRY BLANKETS EIDERDOWN QUILTS HOSIERY, LACES, RIBBONS and a large selection of NOTTINGHAM LACE CURTAINS from 50c. to \$600 per pair. A visit cordially invited to the "BON-AMI" Late Co-op. 724 YATES ST. SHELTON & SON, Proprietors.

DUNSMUIR CASE TO BE REVIVED

SIGNIFICANT ORDER IN CHAMBERS THIS MORNING

Mrs. Henry Croft Named Plaintiff in Action Started by Late Mrs. Dugsmuir.

Among the applications dealt with in Chambers this morning by Mr. Justice Irving was one which will again serve to direct attention to the legal conflicts in Western Canada. If not in the whole Dominion, and which illuminates once again the embittered relations between members of one of the foremost families in British Columbia.

The action referred to in the application made by Mr. Shandley this morning was brought by the late Olive Dugsmuir against James Dugsmuir, for the purpose of procuring the carrying out of the terms of an agreement made between the said John Olive Dugsmuir and James Dugsmuir, of the second part, and Alexander Dugsmuir, now deceased. This agreement had to do with the disposition of the shares of the coal business of R. Dugsmuir & Sons in San Francisco, and set forth that should Alexander Dugsmuir die before the late John Olive Dugsmuir his shares should revert to her.

Notice had been served by the legal representatives of the late Mrs. Dugsmuir upon the defendant that it was intended to proceed with the action after the expiration of one month from January 11, 1908.

The late Mrs. Dugsmuir died on October 2, 1908, and it was popularly supposed that with her demise there would be an abandonment of all legal actions involving the fortunes of the various members of the family. That there is, however, to be a "fight to a finish" by the heirs represented by Mrs. Croft and others of the family, in regard to the legal points in dispute with Hon. James Dugsmuir, is now apparent by the application made in Chambers this morning.

INDIAN POPULATION IN B. C. DECREASES

During Last Year Deaths Exceeded Births by Eighty-Six.

Ottawa, Sept. 24.—The annual report of the Indian department for the last fiscal year shows the Indian population of British Columbia on March 31st last was 24,871, a decrease of 82. During the year the deaths exceeded the births by 86 in the province, and is the only one which shows this exception to the present general tendency of the Indian population in respect to decreasing mortality rate, consequent upon improved sanitation and spread of education.

DAIRYMEN MEET

Matters of Importance Brought Before the Association Saturday.

A meeting for the purpose of determining the ways and means of making the annual meeting of the B. C. Dairymen's Association a big success was held on Saturday in the exhibition grounds. The annual meeting will be held sometime during the sitting of the next session of the local legislature, but the exact date will be announced later. A number of committees were appointed to get things ready and report on their progress.

The annual meeting of the live stock breeders has been arranged to take place immediately after the dairymen's, and that the central institute meeting be held directly after it.

The only other business before the meeting was that the shipment of cattle, which was decided by the board of the association, should be here at the time of the dairymen's meeting and auctioned off at the fair grounds.

The committees appointed were as follows: General committee, Messrs. Patterson, Reid, Sangster, Quick, Bonnell, Clark, Bishop, Tolmie, Davie, Rayer, Sayward and Nicholson; executive committee, Bullock and Tolmie; entertainment committee, Patterson and Kerr; advertising committee, Quick, Raper, Reid, Clark and Tolmie; J. W. Hodson will act on all the committees, and Dr. Tolmie will be chairman of each.

POLICE COURT HEARS HORSE SENSE STORY

Magistrate Does Not Think George Aikman's Horse is Human.

Solicitor J. A. Aikman spent a long time Thursday and Friday mornings unsuccessfully in trying to convince the police court that George Aikman's horse is human and had sufficient intelligence to know when George Aikman turned him out on Macaulay Point he did so on the understanding between the horse and himself that the horse was not to come within the city limits and eat grass from Superintendent England's boulevards. The case turned on the word "allow." Mr. Aikman held the horse was not allowed to come into the city limits from Macaulay Point, and had come there without being allowed, therefore the court, it was presumed, was to understand George Aikman had a human horse possessed of more than ordinary horse senses.

The court, however, after hearing the city, represented by H. W. Moore, on the meaning of the word "allow," came to the conclusion that allow meant equal responsibility between horse and owner, and that full responsibility of the disobedience to his master and the city by-law did not fall on the horse, however intelligent he may have been.

The case against Dr. Donagan of allowing cows to stray on the sidewalk was dismissed by the magistrate, as the evidence had shown that the cows had been secured by him and liberated by some one else.

HELD ON CHARGE OF KILLING TWO CHILDREN

Man in Custody at Utica Reported to Have Made Confession. Utica, N. Y., Sept. 27.—The chief of police of Utica to-day formally announced that he had information to the effect that Theodore Rizzo, the Calabrian arrested two days after the murder of little Freddie Infusino and Teresa Percopia, was responsible for their deaths.

TWO ALLEGED BURGLARS IN JAIL

SUSPECTED OF ROBBING REDFERN'S STORE

Ring Found on One of Men Answers Description of Stolen Article.

Vancouver, B. C., Sept. 27.—Had the Steveston lock-up been strong enough to hold the third man the police would now have in the cells a trio of visitors who are strongly suspected of having got away with \$4,000 worth of loot from Redfern's jewelry store, Victoria, on August 28th last. The man who was in hand, but is no longer among the assets, was arrested by Detective Welsh at the race track on Saturday, and some goods believed to be part of the Redfern swag were found on him.

Next morning, however, when Welsh called in to pass the time of day the bird had flown, having, it is believed, managed to get hold of the keys in some way and let himself out. Any way the building was quite intact, so that it was the lock which was turned.

In the person of John Charles and Robert Russell, alias Harris, the police believe they have the other two men who so boldly entered the Redfern jewelry store. On the person of Russell a diamond ring answering the description of one of those stolen was found. The man, who is believed to be part of a gang lately over from Australia, and of whom the police have many striking descriptions.

H. Redfern, one of the firm of jewelers of Victoria, in the city to-day, and at the police station this morning had no hesitation in identifying Russell and Charles as the two men who had entered the store on the day of the robbery.

The man who got away is known as Innis, alias Roberts, and also falls from the Antipodes.

A diamond was found on his person, which also answers the description of one of those stolen. From the information at police headquarters it seems likely that these are members of a daring band of thieves and robbers who have been forced to leave Australia.

The arrest of Charles and Russell was due to the efforts of Detectives Murray, Thompson and Bell, who have been shadowing these men for some time previously. They were apprehended on a vagrancy charge at the corner of Hastings street and Gore avenue about 9 o'clock Sunday evening.

Native Sons, Post No. 1, will hold a progressive continuous five hundred centennial this winter, beginning on Tuesday evening next in the Knights of Pythias hall.

The death occurred on Friday at the Royal Jubilee hospital of Ole Olaus Sangstad, who has been undergoing treatment at the hospital for a few weeks past. Deceased was a native of Norway, and was sixty years of age.

The funeral of the late William Walter Chambers, the thirteen months old son of Mr. and Mrs. Harold Grant, 617 Craigflower road, took place on Saturday at 3:30 o'clock from the family residence, where Rev. Christopher Burnett conducted services.

The funeral of the late Ole Sangstad took place on Saturday from the parlors of the B. C. Funeral Furnishing Co., Government street. Services were conducted by the Norwegian minister of Ballard, Wash. Deceased was aged 63, and was engaged in farming at Bella Coola.

The funeral of the late Mrs. E. Spring took place Friday afternoon from her late residence, 470 Bellevue street, where services were conducted by Rev. W. Leslie Clay and also at St. Andrew's church. There was a large attendance of friends and the floral offerings were very beautiful. The following acted as pallbearers: R. B. McMicking, A. B. Fraser, sr., H. D. Helmecken, K.C., J. H. Lawson, D. Stephen and D. Miller.

The new Waterous fire engine has successfully stood the test of its capacity to pump 750 gallons of water per minute, as provided in the specifications, and has been accepted by the city. At the test it was demonstrated that the water pressure is now very satisfactory. There was a pressure of 75 pounds restored at the hydrant, and with one line of hose this was reduced to 60 pounds. A second line to the same hydrant only reduced the pressure another pound.

The management of the Aged Women's Home would remind all friends of that institution to remember the date of the annual September tea and entertainment which is Wednesday, September 28th. Through the kindness of Mr. Herbert Kent, of Watt & Co., excellent Victrola music will be supplied during the afternoon, and in the evening a first class programme, both musical and literary, will be given. This latter is in the hands of Miss Scovcroft. The usual donations of home-made candy, cake, tea, etc., in fact anything that will add to the comfort of the inmates will be gladly accepted. The proceeds of the donation go towards supplying winter fuel, of which a very large amount is required. The entertainment takes place at the Home.

COMOX FAIR
HUGE SUCCESS
ANNUAL EXHIBITION
HELD AT COURTENAY

Splendid Displays Made by
Thriving Farming Commu-
nity on East Coast.

Courtenay, B. C., Sept. 25.—The annual fair under the auspices of the Comox Agricultural and Industrial Society was in every respect a great success. Weather conditions were ideal and the attendance was the largest in the history of similar events in this district.

The grounds had been improved over last year. The sports were held on a new track, one-eighth of a mile in circumference. The splendid exhibit of live stock was judged in the enclosure. The display of cattle, sheep and horses were very fine. It is to be regretted, however, that a larger number of farmers do not exhibit in these classes. The yearly output of butter for this district runs to about one hundred tons per annum, and when the quality is considered the few dairy animals which were shown were not thoroughly representative.

The show was in progress for two days and an excellent programme of sports had been arranged for the occasion under the direct auspices of the Agricultural Society. Fine concerts were given on both days by the Cumberland brass band.

The judges, who gave every satisfaction, were for the various classes: For ladies' fancy work, Mrs. Pickett, Cumberland; for bread, cake, jams, etc., Messrs. Marrochi Bros., bakers, Cumberland; flowers and fruits, R. Layritz, Victoria; for horses, Wm. Elliott; for cattle, sheep, hops and poultry, A. Jull, Mr. Jull and Mr. Elliot, also judged the garden vegetables and field produce.

On the evening of the second day a grand ball was held in the public hall, the receipts for this admission to the same being \$82. The receipts for entries to the sporting events totalled \$28. A complete balance sheet of the whole of the society's business will be issued at the annual meeting to be held at the close of next month.

Dr. Millard was chairman of the sports committee and he was assisted by the following energetic committee: Dr. McNaughton, Cumberland; W. A. Morley, manager of the Cumberland branch of the Royal Bank of Canada; E. E. Palmer, principal of the Cumberland High school; R. W. Hurford and J. W. Sandwick.

The baseball match was won by the Union Bay team by a score of 3 to 2. Decisions in the other events were as follows:

Boys, 100 yards dash, under 16 years—E. Grant; 2, S. Watson.

Boys, 75 yards dash, under 12 years—E. Grant; 2, W. M. Helvie.

Girls, 75 yards race—1, May Fitzgerald; 2, Florence White.

Boys, 100 yards sprint race—1, Tom Pearce; 2, L. Percy.

Farmers, 100 yards dash—1, Wm. Urquhart; 2, W. Woodhouse.

Best pulling team of horses (one prize)—Fred Swan.

Farmers, 200 yards race—1, A. Knight; 2, R. Grant.

Ladies' decorated bicycle—1, Miss Maude Crech.

Running high jump—1, Irving Percy; 2, A. Knight.

Open 100 yards dash—1, A. Knight; 2, R. Somerville.

One mile flat race—1, R. Somerville; 2, W. Woodhouse.

Tilting the wing (horses ridden at gallop)—H. Bridges.

Log rolling competition in the river—R. Martin won, giving a splendid exhibition of log rolling.

Tug of war—Denman Island team.

Those contributing to the sports fund were: W. J. Carver, \$5; D. H. Fochner, \$5; M. Slaughter, \$2.50; Wm. Duncan, \$5; G. B. Leighton, \$2; John McKenzie, \$2; M. B. Ball, 2 lambs; Mr. Campbell, \$3; S. Leiser, Cumberland, fishing rod; E. Bate, fishing rod; J. N. McLeod, pair of gent's clothes; J. N. McLeod, pair of loggers' boots; J. R. Johnston, \$25; Rev. Thos. Menzies, \$5; Jos. McPhee, \$1.50; Alex. Urquhart, \$2.50; McPhee & Morrison, \$7; R. McQuillan, \$2; Marrochi Bros., \$1; C. H. Tarbell, boy's rifle; P. P. Harrison, \$7; J. R. Holmes, \$2.50; W. Sherman, \$2; W. H. Greive, \$1; Ed. Creech, \$2.50; Roderic McDonald, \$3; S. Calhoun, \$2; Creech Bros., \$2.50; Cyril Percy, \$2; Mr. Barron, \$7; J. Knight, \$2; F. Childs, \$1; B. Crawford, \$1; A. Knight, \$1.

Special prizes were won as follows: Champion horse or mare, any class, over one year—John McKenzie's roadster stallion Oliver.

Silver shield for scoring most points in live stock—won by J. S. Shoplund. M. Shoplund's splendid exhibit of sheep deciding the contest.

Champion Jersey bull—R. M. Halliday. Champion Jersey cow—R. M. Halliday.

Champion dairy cow of any breed—R. M. Halliday.

Special prizes for scoring most on points for fruit—1, Cyril Percy; 2, E. E. Davis.

Special prizes for scoring most points for garden and field produce—1, R. M. Halliday; J. P. Davis and J. Knight equal for second place.

Special prizes for most points in floral, artistic, fancy sewing, jam, jellies and canned fruit, bread, cakes, etc.—1, Mrs. Bridges; 2, Miss Williamson.

Finest baby, under 12 months—1, Mrs. W. Bakito; 2, Mrs. Isaac Parkin.

The prize list follows:

CATTLE.

Jersey.

Champion bull—R. M. Halliday. Bull, 3 years old and over—R. Carter. Bull, 2 years and under 3 years—R. M. Halliday.

Cow in calf or milk—1, R. M. Halliday; 2, Wm. Duncan.

Heifer, 2 years old and under 3 years—

R. M. Halliday. Heifer, 1 year old and under 2 years—R. M. Halliday. Heifer calf—Wm. Duncan. Bull calf—Ben Ward. Graded for Dairy. Milk cow—1, A. Urquhart; 2, J. McKenzie. Heifer, 2 years old and under 3 years—A. Urquhart. Heifer, 1 year old and under 2 years—Frank Childs. Heifer calf—1, J. S. Shoplund; 2, John Grieve. Pen of calves—1, Wm. Duncan; 2, J. Grieve. Graded for beef, cow in calf or beef—R. M. Halliday. Champion dairy cow, any breed—R. M. Halliday.

HORSES. Heavy Draught. Stallion—1, Just, owned by Comox Horse Breeders Assn.; 2, R. W. Hurford; 3, B. Crawford. Mare, with foal at foot—1, A. Urquhart; 2, B. Crawford. Mare or gelding, 3 years and over—1, H. Davis; 2, A. Urquhart. Colt, 1 year old—1, A. Urquhart; 2, R. W. Hurford. Saddle colt—1, A. Urquhart; 2, R. W. Hurford. Agricultural Class. Mare or gelding, 3 years old and over—1, E. H. Davis; 2, Fred Swan. Colt, 2 years old—1, J. S. Shoplund; 2, B. Crawford. Colt, 1 year old—1, R. M. Halliday; 2, E. H. Davis. Suckling colt—1, Smith Bros.; 2, R. M. Halliday. Agricultural team—1, Fred Swan; 2, J. S. Shoplund.

General Purpose. Mare with foal at foot—Smith Bros. Mare or gelding, 3 years old or over—Smith Brothers. Colt, 2 years old—1, R. M. Halliday; 2, B. Crawford. Colt, suckling—1, C. Bridges; 2, B. Crawford. General purpose team—1, C. Bridges; 2, J. McKenzie.

Carriage and team, etc.—C. Bridges. Carriage and horse, etc.—C. Bridges. Roadsters. Stallion—1, J. McKenzie; 2, B. Crawford. Mare with foal at foot—B. Crawford. Mare or gelding, 3 years and over—1, P. Monte; 2, James Carthew. Colt, 1 year old—1, F. Childs; 2, P. Monte. Gentleman's turnout—1, McKenzie. Walking horse—1, A. Urquhart; 2, J. S. Shoplund. Champion horse or mare, any breed over 1 year—J. McKenzie.

Champion 1909. Colts sired by Just—1, Smith Bros.; 2, R. M. Halliday; 3, A. Urquhart. Champion yearling colt of any class—A. Urquhart.

SHEEP. Southdown. Ram, shearing—J. S. Shoplund. Ewe, 2 shears and over—1 and 2, J. S. Shoplund. Ewe, shearing—1 and 2, J. S. Shoplund. Ram, lamb—J. S. Shoplund. Hampshire. Ram—J. S. Shoplund. Ewe, 2 shears and over—1 and 2, J. S. Shoplund. Ewe, lamb—J. S. Shoplund. Ram, lamb—1 and 2, J. S. Shoplund. Grade. Ewe, 2 shears and over—1, J. S. Shoplund; 2, John Grieve. Ewe, shearing—1, J. S. Shoplund; 2, John Grieve. Ewe, lamb—1 and 2, J. S. Shoplund. Fat sheep—1, J. S. Shoplund; 2, John Grieve. Pen of sheep—J. S. Shoplund.

PIGS. Berkshire. Boar under 6 months—1, J. S. Shoplund. Sow, 1 year and over—1, J. S. Shoplund; 2, John Grieve. Sow, under 1 year—1, J. S. Shoplund; 2, John Grieve. Grade. Sow, 1 year old and over—R. M. Halliday. Two pigs under 9 months—1, J. S. Shoplund. Sow and litter—R. M. Halliday. Champion sow of any breed—J. S. Shoplund.

POULTRY. Turkeys—C. Bridges. Ducks, Pekin—C. Bridges. Geese, Toulouse—C. Bridges. Geese, white—C. Bridges.

POWLS. Plymouth Rocks. Barred cock and 2 hens—1, F. Childs; 2, J. S. Shoplund. Barred cockerel and 2 pullets—1, F. Childs; 2, W. G. Carroll.

Brown Leghorns. Cock and 2 hens—1, E. Childs; 2, C. Bridges. Cockerel and 2 pullets—1, L. Dunham; 2, C. Bridges.

White Leghorns. Cockerel and 2 hens—1, J. Lawrence; 2, Thos. Cairns. Black Minorcas. Cock and 2 hens—2, C. Bridges. Cockerel and 2 pullets—James Carthew.

Trié bantams—G. B. Smith. Pair of pigeons—O. Willemar. Black Orpington. Cock and 2 hens—1, McKenzie. Cockerel and 2 pullets—2, J. McKenzie.

Display of poultry—C. Bridges. DAIRY PRODUCE. Creamery butter—Comox creamery. Dairy butter, packed—1, R. M. Halliday; 2, P. Childs; 2, Thos. Cairns. Dairy butter, print, 3 lbs.—1, R. M. Halliday; 2, F. Childs; 3, Thos. Cairns.

MANUFACTURES. Assortment of harness—W. Willard. GARDEN VEGETABLES. Cabbage—1, J. Knight; 2, Rev. J. X. Willemar. Carrots—1, J. Knight; 2, L. Dunham. Parsnips—1, R. Carter; 2, Thos. Cairns. Beans—1, Thos. Cairns; 2, M. E. Ball. Table corn—1, R. M. Halliday; 2, T. Cairns.

Table squash—R. M. Halliday. Table pumpkin—R. M. Halliday. Vegetable marrow—1, Rev. Thos. Menzies; 2, J. P. Davis. Tomatoes—J. P. Davis; 2, F. R. F. Bliscoe. Cucumbers—1, R. M. Halliday; 2, D. Carthew. Cauliflower—2, J. Knight. Kohi rabi—1, John Grieve; 2, R. M.

Halliday. Red onions—1, R. M. Halliday; 2, J. P. Davis. Yellow onions—1, D. Carthew; 2, Thos. Cairns. Top onions—2, R. M. Halliday. Shallots—1, J. Mundell; 2, R. M. Halliday. Pickling onions—1, Rev. Thos. Menzies; 2, Rev. J. X. Willemar. Shelled peas—1, J. Knight; 2, R. McQuillan. String beans—1, R. M. Halliday; 2, R. McQuillan. Citron melons—2, Thos. Cairns. Scotch kale—1, J. P. Davis; 2, J. Knight. Best display of garden vegetables—1, J. Knight; 2, J. P. Davis. Field Produce. Sheaf of wheat—1, J. Carthew; 2, D. Carthew. Sheaf of barley—1, J. P. Davis; 2, J. Sheaf of oats—1, C. Bridges; 2, J. P. Davis. Spring wheat (half bushel)—1, R. M. Halliday. Rye (half bushel)—1, J. S. Shoplund. Oats (half bushel)—1, J. S. Shoplund; 2, R. M. Halliday. Peas (half bushel)—J. P. Davis. Potatoes, Burbanks—1, John Grieve; 2, A. Urquhart. Early Rose—1, F. Childs; 2, D. Carthew. Beauty of Hebron—1, Jas. Carthew; 2, W. R. Robb. White elephant—1, D. Carthew; 2, R. M. Halliday. Freeman—W. R. Robb. Four largest—1, L. Dunham; 2, E. H. Davis. New varieties—1, L. Dunham; 2, C. Bridges.

Collection of potatoes—1, J. P. Davis; 2, R. M. Halliday. Swede turnips—1, E. H. Davis; 2, R. J. Smith. Globe mangolds—1, R. M. Halliday; 2, J. Knight. Long red mangolds—1, R. M. Halliday; 2, J. Knight. Sugar beets for cattle—1, J. Knight; 2, A. Salmond. Sugar beets for sugar—2, J. Knight. White carrots—1, J. Knight; 2, R. M. Halliday. Red or orange carrots—1, J. P. Davis; 2, R. M. Halliday. Heaviest pumpkin—2, Joe Cliffe. Heaviest squash—1, R. M. Halliday. Enslage corn—1, E. H. Davis; 2, B. Crawford. Two bushels of white milling oats—1, J. S. Shoplund; 2, R. M. Halliday. Collection of clover and grasses in bunches—J. P. Davis.

FRUITS. Apples. Crab apples—1, J. Mundell; 2, R. M. Halliday. Red Bretjheimer—1, J. Mundell; 2, A. Salmond. Salome—2, A. Salmond. Golden russet—1, W. Percy. Bismarck—James Carthew. Fall pippin—Thos. Cairns. Ben Davis—1, Rev. Thos. Menzies; 2, Cyril Percy. Northern Spy—1, Rev. Thos. Menzies; 2, Cyril Percy. King—E. H. Davis. Hybrid King of the West—W. Baikie. Bales seedling—J. W. Percy. Wealthy—W. Baikie; 2, J. Mundell. Gloria Mundi—A. Urquhart; 2, J. W. Percy. Ben Davis—1, J. W. Percy; 2, W. Baikie. Bienheim orange—A. Salmond. Rippon pippin—W. Baikie. Largest apples—E. H. Davis. Early apples not listed—1, R. M. Halliday; 2, James Carthew. Late apples not listed—Cyril Percy. Duchess d'Anjou—1, W. R. Robb; 2, J. Mundell.

Pears. Bartlett's—1, J. W. Percy; 2, W. Baikie. Clapp's favorite—1, J. McKenzie; 2, W. Baikie. Early not listed—E. H. Davis. Winter Nellis—E. H. Davis. Vicar of Wakefield—E. H. Davis. Flemish beauty—W. Baikie; 2, Cyril Percy. Louis Bon de Jersey—1, J. W. Percy; 2, Cyril Percy. Buere Cangean—Cyril Percy. Duchess d'Anjou—1, John Grieve; 2, W. Baikie.

Plums. Damson plums—1, Thos. Cairns; 2, E. H. Davis. Fond's seedling—1, Thos. Cairns; 2, E. H. Davis. Green sage—1, W. Baikie; 2, Cyril Percy. Desert plums—1, W. H. Grieve; 2, E. H. Davis. Preserving plums—E. H. Davis. Sugar plums—W. H. Grieve. Lombard—Rev. Thos. Menzies. Bradshaw—1, Thos. Cairns; 2, R. J. Smith. Italian prunes—Cyril Percy; 2, W. H. Grieve. Prunes not listed—Cyril Percy. Collection of plums—E. H. Davis. Peaches. Early Crawford—J. Mundell. Peaches not listed—A. Salmond. Lord Fitzgerald not listed—R. McQuillan. Quinces—1, Cyril Percy; 2, J. Mundell.

ROSES—1, Mrs. Robb; 2, Mrs. E. H. Davis. Stocks—Miss Hodgson. Asters—1, Mrs. Robb; 2, Miss Hodgson. Larkspurs—1, Mrs. Mundell; 2, Mrs. Menzies. Sweet peas—1, Mrs. Robb; 2, Miss Willemar. Collection of annuals—Mrs. Robb. Display of ferns—Miss Bridges. Collection of plants in boxes or pots—1, Miss Willemar. Specimen geranium—Mrs. Carroll. Bouquet for table—1, Mrs. Robb; 2, Mrs. Menzies. Bouquet for hand—1, Mrs. Menzies; 2, Mrs. Robb. Hanging basket—1, Miss Willemar; 2, Mrs. Carroll. Collection of begonias—Miss Willemar. Specimen begonia—1, Miss Willemar; 2, Mrs. Carroll. Any other plant in bloom—1, Mrs. Carroll; 2, Miss Willemar. Display of cut flowers—1, Mrs. Robb; 2, Mrs. Mundell.

MISCELLANEOUS. Loaf of bread made from Royal Bannock. Loaf of bread made from any flour—1, Mrs. Millard; 2, Mrs. Childs. Loaf of brown bread—1, Miss Halliday; 2, Mrs. Bourne. Collection of cakes—1, Miss Bridges; 2, Mrs. Cyril Percy. Collection of fancy biscuits—1, Mrs. Bourne; 2, Miss Bridges. Collection of canned fruits—Mrs. Cyril Percy. Collection of jellies—1, Mrs. Knight; 2, Miss Hodgson. Collection of jams—1, Mrs. Cyril Percy; 2, Mrs. Ball. Display of candied fruits, jams and jellies—1, Mrs. Knight. Collection of pickles—1, Mrs. Menzies; 2, Mrs. Cyril Percy. Collection of home-made wines—Mrs. Knight. Collection of vinegar—1, Mrs. Menzies; 2, Mrs. Knight. Honey in comb—1, Rev. Thos. Menzies; 2, R. J. Smith. Display of honey—1, Rev. Thos. Menzies; 2, R. J. Smith. Pies, variety four—1, Mrs. Cyril Percy; 2, Miss Bridges. One dozen home-made pies—1, Mrs. A. Urquhart; Mrs. Knight; Mrs. Menzies. Dressed fowl—Mrs. J. McKenzie. Baked potatoes—1, Mrs. R. M. Quillan; 2, Miss Halliday.

LADIES' FANCY WORK. Samples of crochet lace—Mrs. H. R. Crochet skirt—Mrs. R. McQuillan. Lady's crochet shawl—Mrs. Menzies. Set of crochet table mats—Miss Willemar. Centrepiece eyelot work—Miss McPhee. Embroidered shirtwaist—1, Miss Halliday; 2, Mrs. H. B. Clark. Embroidered table cover—1, Mrs. E. Hennings; 2, Mrs. T. F. Hudson, Point Holmes. Embroidered scarf for sideboard—1, Mrs. Cyril Percy; 2, Miss Halliday. Embroidered cushion in silk—1, Miss McPhee; 2, Mrs. Bourne. Embroidered cushion, not in silk—1, Mrs. Bourne; 2, Miss Amy Beckensall. Embroidery of any other kind—Mrs. W. J. Miller. Knitted shawl—Mrs. Menzies. Knitted gentleman's socks—Mrs. Baikie. Hand sewing, hemstitched handkerchief—1, Miss Halliday; 2, Mrs. Baikie. Hand sewing apron by girl under 14 years—1, Miss Amy Beckensall. Machine sewing, lady's nightgown—Mrs. Cyril Percy. Machine sewing, gentleman's shirt—Mrs. W. J. Miller. Bed quilts, patchwork—Mrs. Oscar Davis. Child's buggy rug—Mrs. H. R. Clark. Piece of hand-kerchief embroidery—Mrs. C. Hennings. Handmade rug—Mrs. R. Cessford. Tray cloth—1, Mrs. Millard; 2, Miss Halliday. Tea cosy—Miss McPhee. Pin cushion—Miss Bridges. Lady's fancy bag—Miss Fillemar. Child's dress embroidered—Miss Halliday. Soft pillow—1, Miss Harnston; 2, Mrs. Bourne. Kitchen apron—Miss Shoplund. Stocking darned by girl under 14 years—1, Miss Lella Carroll; 2, Miss Bridges. Stockings darned by bachelor—Mr. H. Bridges.

ART DEPARTMENT. Pencil drawing—Miss Bridges. Ink drawing—1, Mrs. Bradbury; 2, Miss Bridges. Crayon drawing—Miss Bridges. Water colors—Mrs. J. Smith. Oil painting—Rev. J. X. Willemar; 2, Mrs. Cyril Percy. Drawing by children under 12 years—Annie Carroll. Penmanship by boy or girl under 15 years—1, Miss Amy Beckensall; 2, Miss McQuillan. Hand-painted photo frame—Mrs. Cooke. Collection of grasses—Miss Bridges. Model of ship—1, Miss Lella Carroll; 2, N. Prichard. Collection of wild flowers collected by girl under 15 years—Miss Lella Carroll. Burnt work—1, Mrs. Bradbury; 2, Miss Shoplund.

Will Be Submitted to Ratepayers' Next Month—Agreement Amended.

Nelson, Sept. 24.—At last meeting of the city council the street railway law passed its final stages in committee and was given its third reading. It will be submitted to the ratepayers for ratification on October 1st. Mr. R. S. Lennie appeared for the company, and A. M. Johnson, city solicitor, was also present. Several changes in the agreement were made in committee. According to the revised agreement, the maximum fare permitted to be charged by the company within the city limits is not to exceed five cents instead of ten cents as in the original contract. Under the original agreement, the fare will be carried free when accompanied by an adult. The rental for the second term of ten years was fixed at 6 per cent. It was also stipulated that should the company contemplate selling within the first 20 years, the city was to have the privilege of purchasing at whatever price may have been offered by the prospective purchaser, should it desire to do so.

NEW U. S. TREASURER. Washington, D. C., Sept. 24.—Lee McCullough, treasurer of Yale University, has been selected by President Taft to succeed Charles H. Treat, (resigned) as treasurer of the United States.

In chambers on Friday the chief justice granted the application for letters of administration in the estate of C. F. Bittancourt, deceased, and also in the estate of R. A. Herthberg, deceased. In Huson et al vs. Hardington Island Quarries Co., an order was made for both parties to make affidavits as to documents within ten days. In Gillespie et al vs. Douglas an application for foreclosure, an order absolute was made.

ESQUIMALT FINDS FAVOR REPRESENTATIVE MEN EXPRESS OPINIONS Hon. William Templeman Explains Situation Before Board of Trade.

"I was astonished when asked if I would support Esquimalt as a naval base for the Pacific coast. In my opinion it is the only place. If I were living in Vancouver or even in the great city of Prince Rupert which I represent I should still say that Esquimalt was the only possible base for a naval station and dock." These were the words of Hon. William Templeman spoken to the board of trade at a special meeting to discuss naval matters held Friday afternoon.

Continuing, Mr. Templeman said that Esquimalt already had a naval station and a dock as well as three or four modern forts among the best on the Pacific coast. The dock must have cost a million dollars and in all he supposed there was from five to ten million dollars invested at the station. There was also a magnificent harbor commanding not only Victoria, but the straits and the way to Vancouver. It was beyond comprehension that they could go anywhere else. Unquestionably they could depend on him to his last breath to support Esquimalt. No reasons that he knew of could be advanced in favor of other places.

Mr. Templeman said he had not come there with the intention of speaking, but to hear the views which might be expressed. He might, however, fairly well surmise what these views might be without hearing them. Members of parliament like himself and Mr. Smith, however, were glad to hear the views of the people as a guide to them in their deliberations.

Naval matters, the minister said, were as old as Victoria, therefore a good deal was taken for granted. In this case he did not think there was anything to debate. He did not know whether there was anything to justify a statement that a large dock was to be constructed on the Pacific coast. In none of the reports of the committee he had seen anything to outline the policy to be adopted, or in any speeches of those in authority, had he heard of such a statement being made. Apparently they had taken it for granted. He advised a change in the resolution which had been prepared by Mr. Lugin, in order that they might avoid quoting statements which had never been made.

Defence Conference. Continuing, he said it was out of the question for him to make a declaration of the government's policy as had been suggested in one of the newspapers. The defence conference had met and discussed the subject before them, and he thought so far as the published statements of their findings were concerned that they should be satisfied with the policy. According to that policy as he gathered from the press, the Dominion was to contribute either directly to the Empire, or would build vessels which would operate in conjunction with the Imperial forces in the defence of the Empire. The tentative agreements would be submitted to the governments for their consideration, and he would doubtless be approved by them. The delegates had been sent believing satisfactory results would accrue, and he felt sure the agreement would be ratified by parliament at no distant date. The delegates had not yet arrived in Ottawa, and had yet to make their report to the government.

As he understood the agreement from the press reports, the government of Australia was to build ships of her own; New Zealand was to contribute \$100,000 a year, but not to build any ships; China and India would also contribute. It was satisfactory to him that Canada had by unanimous

The Modesty of Women

Naturally makes them shrink from the indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It

"Favorite Prescription" is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice.

Some of the numerous and strongest of professional endorsements of its ingredients will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of KNOWN COMPOSITION. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 50 one-cent stamps for cloth-bound copy.

If sick consult the Doctor, free of charge, by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

Canada would have a navy of her own, but differing slightly from that of Australia. While Australia would have a first class cruiser of the Indomitable type, with a number of other smaller boats and the fleets maintained in the waters contiguous to India and China would be of somewhat the same character, Canada would have two fleets with a cruiser on each ocean, or the Bristol class, and with a number of destroyers as subsidiary. Canada would build and equip these herself. This was what he inferred from the press reports and he had no further information.

Location of Naval Base. The question of a location for the naval base was not a debatable one. He, however, was willing to state his views in order that Victorians who were in the habit of having fears now and then might these allayed. It was, of course, a matter for experts to decide, but so far as a layman could see there was no other place for the station than Esquimalt. He had told the board before, Mr. Templeman said, that there was no hope of the Dominion government building a commercial dock at Esquimalt, where they already had a very good one. St. John had no dock, but had been agitating for one for the past ten years. At Halifax was the only better dock than Esquimalt in the Dominion. Quebec and Montreal both wanted docks but had not secured them. For commercial purposes there was no hope, but for Imperial purposes there was a chance that they might get a larger dock in the near future. It was inevitable that there should be a dock at the naval base sufficiently large to take any ship that the naval department might send here at any time.

"The government had an agreement to take over the naval yards, but so far that at Halifax was the only one that had been transferred. He assumed, however, that Esquimalt would be taken over soon. The policy of the government he was inclined to think would be to maintain the naval stations and to build war vessels, and he was prepared to support that policy. No conclusion had yet been arrived at, but he felt sure the contribution of the government to the defence of the Empire would be to construct and keep up naval stations and fleet yards in conjunction with the Imperial fleets. They would own, build, and equip their war vessels as building a fleet of their own. The government had the approval of their friends on the opposition side of the House in this policy.

In conclusion, Mr. Templeman said he felt sure that while the station at Esquimalt would be of great advantage to Canada and the Empire as a whole, much benefit would also accrue to Victoria, which was going ahead by leaps and bounds at the present time. Every dollar he had invested in Victoria, and therefore it was the one place in which he was supremely interested. They could depend upon him to do all in his power to build up the city, and also to support Esquimalt as a naval base. Shipbuilding, he assumed, would follow the creation of the naval base, and he was of opinion that some of the smaller vessels might be constructed at Esquimalt, where they already had shipyards where vessels could be built he was as sure as cheaply as in any part of Canada.

Ralph Smith being called upon, said that he had been commanded by the president of the Board of Trade to advise. He felt that all the people of British Columbia were in favor of Esquimalt as a naval base. The Imperial authorities had chosen it, and arguments in its favor were superfluous. Every condition of nature had seemed to have selected it as a suitable place, therefore there was nothing to discuss. The object in asking them to attend the meeting was doubtless that they might give an expression of opinion. Being the member for Esquimalt, from which district he drew so much of his support, it was natural that he would do so. Taking the natural advantages of the place into consideration, and as the member for the district he would be glad to lend it any support. It was satisfactory to him that Canada had by unanimous

resolution of the House of Commons committed themselves to the policy of Australia. He was glad that they had taken the stand that it was not wise to make a direct contribution, but to build ships of their own. At the session of the House he had made a few adverse remarks on the administration of that department, but in discussing the question with men of all lines of thought from the Old Country he had come to the conclusion that there had arisen a crisis in England, and that it was necessary for the colonial interests to make themselves felt. His natural tendency was opposed to militarism, but now he believed there was a crisis. Men like Sir Edward Grey and others of the Liberal party who could not be easily led astray by a cause had expressed their views on this subject, and he was now ready to support any plan for naval defence.

The most important duty of Canada was to build up this great country, but as reasonable men they wanted to know that when built up they would be in a position to hold it. He felt sure that they were also the members of the opposition from British Columbia would support Esquimalt as the naval base of the Pacific.

G. H. Barnard. B. H. Barnard, M.P., said he was in a more fortunate position than the other speakers, in that a member of the opposition was not supposed to lay down his policy. He was extremely gratified to hear what the precious speakers had said. The scheme of defence had met with the support of members of both sides of the House, and he thought they were also the members of the opposition from British Columbia would support Esquimalt as the naval base of the Pacific.

After a few more words of discussion the following resolution was then put by the president and carried unanimously: That this board has learned with great satisfaction that it is the intention of the Canadian government to participate in the naval defence of the Empire; That this board heartily favors the establishment of a Canadian navy; That the board is gratified to learn that the protection of the Pacific coast is to form a part of the naval programme of Canada, and it hopes that the proposed dock there, where an extensive and costly equipment for a naval station has already been provided.

The speakers then were thanked for their attendance and Hon. William Templeman in reply said that he was prepared to support anything at any time that would be in the interests of the city of Victoria. The meeting then adjourned.

APPLE DAY AT FAIR. Thousands of Apples Will Be Distributed at A.-Y.-P. Exposition on October 6th.

Seattle, Wash., Sept. 25.—Thousands of apples will be distributed to visitors at the Alaska-Yukon-Pacific exposition on October 6th. That will be apple day and there will be apples everywhere. That Washington is the home of the apple will be well advertised on October 6th. Visitors that day will have an inkling of this as soon as they enter the grounds. At the head of the cascades a pyramid of apples, measuring at its base eight feet square and rising to a height of thirty feet, will be erected.

In the auditorium during the afternoon, discourses on apples and the science of apple culture will be delivered, and as a further incentive to the subject, two cash prizes are offered for the best essays turned in on apple culture.

Red Junior bull one year old. Senior bull of Champion bull herd. Cow, three years. J. T. Maynard. Heifer, two years. Senior heifer herd.

TWO JOCKEYS ARE INJURED RILEY AND JAHNSEN BOTH COME TO GRIEF

Philistina Wins the Empress Selling Stakes by Two Lengths.

(From Saturday's Daily.) Yesterday's card at the Willows was marred by an accident, the result of which keeps Jockey Riley in the hospital with a broken collar-bone and a couple of misplaced ribs, and Jockey Jahnsen in a bed beside him with a severe cut across the head and a generally bad bruising and a shaking up. He was unconscious for some time after the occurrence. Both boys are expected to recover, but in Riley's case it will be weeks before he is about again.

Riley was riding Preen, the bad actor which ran away with Keogh the previous afternoon. Jahnsen was mounted on Titus II. The horses were rounding the water tank for the first circle of the six-furlong journey in the 400 Empress selling purse, the star race of the afternoon with all the best sprinters engaged. Titus had the field where he wanted them, with Beaver Dam Lad second and Preen and Philistina running together and Redondo coming up. Preen stumbled and swerved, ran two strides and fell, unseating Riley, and with two strides Titus crossed his feet and came down with a crash on top of the boy. Titus had the foot at the time, but Beaver Dam Lad was coming up and Preen was swerving on to McNeill's horse when Preen fell. Jahnsen, trying to keep him on the rail, evidently took him in too close when he saw the mix-up alongside. With his hands on the assistance of the boys, but a lack of management at the track was responsible for the boy with the broken collar-bone and broken ribs being carried back and forth across the field instead of being conducted directly to the office. Dr. Fagan attended the lads and ordered their removal to the Jubilee hospital. On latest enquiry they were progressing as well as can be expected.

The fall undoubtedly gave the race to Philistina, who had to ro round Preen and Beaver Dam Lad and catch Titus, a hard task for even such a sprinter as Philistina. At the fall Redondo took the running and was followed by the Humbrecht horse and Philistina. Getting the rail, the straight green colors came home in a gallop and beat Beaver Dam for the place, while Redondo annexed third, there being no other horse in the race. The third race provided an exhibition of clever horsemanship. Slink Spring didn't try to out Slink Spring wouldn't let her, while Escalante was nicely left at the post, and All Alone, the worst conditioned horse in the race, threw up its tail rounding the last turn, and was stopping when Slink Spring kept Margaret Randolph from getting up, so that All Alone could win. The judges didn't appear to notice anything, but the paddock and ring watched Brooks on Slink Spring bear out Margaret all the way and worry the front runner. As Slink Spring had the St. James' mare safe all through and just rode alongside to bother her and keep her out, All Alone was let get the first money, then Slink Spring shook off Margaret Randolph and ran second.

Incentive's head was turned to the rail when Otto Price slipped under the barrier in the five-furlong event, and the advantage lost the favorite the race. A strong ride put Incentive second, while Korosilany ran third. Ziek Abrams and Lord Roslington ate up ground in the last two races, winning with ease. The trot went three full heats, Benesta getting two firsts and a third. Kitty Hart, with a one-two, three was second. The trot was not popular in the ring, and the books refused to lay against the third heat. The detailed results were:

Purse \$200, pacers or trotters (one-mile heats, 2 in 3)—First heat: 1. Kitty Hart (R. Crawford); 2. Baby L. (C. Dolman); 3. Beneta (Mr. Cable); time, 2:23.5. Second heat: 1. Beneta (Mr. Cable); 2. Kitty Hart (R. Crawford); 3. Baby L. (C. Dolman); time, 2:32.5. Final heat: 1. Beneta (Mr. Cable); 2. Baby L. (C. Dolman); 3. Kitty Hart (R. Crawford); time, 2:32.5. Incentive (Leads); 3. Korosilany (Keogh). Also ran, Mike Ashim (Riley), Lackfoot (Gaugle). Time, 1:02.5.

Purse \$200, for three-year-olds and upwards; distance 5 furlongs—1. All Alone (Keogh); 2. Slink Spring (Brooks); 3. Margaret Randolph (Yeager). Also ran, Escalante (Yeager). Time, 1:02.

Selling purse \$400, for three-year-olds and upwards; distance 5 furlongs—1. Philistina (Keogh); 2. Beaver Dam Lad (Leads); 3. Redondo (Brooks). Also ran, Titus II. (Jahnsen); Preen (Riley). Time, 1:17.

Selling purse \$300, for non-winners of three races in 1909; distance 6 furlongs—1. Ziek Abrams (Brooks); 2. Julia C. (Keogh); 3. Annie Karamina (Lester). Also ran, Semproule (Shale), George Kilborn (Leads). Time, 1:17.2.5.

Selling purse \$200; for three-year-olds and upwards; distance 7 furlongs—1. Lord Roslington (Leads); 2. Christine A. (Shale); 3. Peggy O'Neil (Keogh). Also ran, Alcibades (Coles), Forest King (Yeager). Time, 1:32.

—Until the bunk-houses have been erected and other preliminary work done at Jordan river at the site of the big power plant for the B. C. Electric Railway & Lighting Company, the company will engage no more men in connection with that enterprise. A large number of men have been applying for work at the offices of the company in this city, and notice has been conveyed the above information.

ONLY MEDICINE THAT DID ANY GOOD After Suffering Tortures for Years, This Lady Found Happy Relief in "Fruit-a-tives."

"Frankville, Ont., June 11th, 1908. "I have received most wonderful benefit from taking "Fruit-a-tives." I suffered for years from headaches and pain in the back, and I consulted doctors and took every remedy obtainable without any relief. Then I began taking "Fruit-a-tives" and this was the only medicine that ever did me any real good. I took several boxes altogether, and now I am entirely well of all my dreadful headaches and back-aches.

MRS. FRANK EATON. "I take "Fruit-a-tives" occasionally still, but I am quite cured of a trouble that was said to be incurable. I give this testimony voluntarily, in order that others who suffer as I suffered may try this wonderful medicine and be cured. (Signed) "MRS. FRANK EATON." "Fruit-a-tives" are sold by all dealers at 50c. a box, 6 for \$2.50, or trial box 25c.—or sent post-paid on receipt of price by Fruit-a-tives Limited, Ottawa.

QUEEN ARRIVES FROM SAN FRANCISCO

Special Excursion Rates to Golden Gate During October.

Steamer Queen, of the Pacific Coast Steamship Company, arrived in port an hour before midnight Friday night with considerable freight and some passengers for Victoria. The following is the list of those debarking here: W. F. Spear, Mrs. E. Hughes, Miss Lyons, A. Walklett, S. Jenky, Mrs. J. Wright, J. H. Smith and wife, A. L. Jeffrey, J. E. Redpart, Mrs. L. Thompson and four second class.

COMMITTED OF MURDER IN SECOND DEGREE

Man Who Shot Brother Will Now Be Tried for Killing Sister-in-Law.

Seattle, Wash., Sept. 27.—Jean Fortier, accused of the murder of his brother, Michael Fortier, on May 8th, 1909, was Saturday found guilty of murder in the second degree, which is punishable by imprisonment in the state penitentiary up to twenty years. Murder in the first degree was charged. The story of the case, as developed by the testimony, was to the effect that Jean Fortier had invested a sum of money and notes in a half interest with his brother, Michael Fortier, in a grocery business, and that subsequently his brother, through the influence of his wife, had refused to allow him any participation in the business of the store. Matters went on from bad to worse with Jean, and finally, under the impetus of many sleepless nights and fruitless days, Jean confesses to have entered the store and shot his brother dead. Subsequently, in order to make a clean sweep, Fortier shot his brother's wife, who is said to have been the cause of his troubles. At the time of the verdict of the jury Saturday counsel for the defence gave notice of an appeal to the Supreme court of the state.

TRYING EXPERIENCE. Loss of Life From Accident to Gasoline Launch.

The steamer Cassiar, on arrival at Vancouver from the North, brought news that a gasoline launch caught fire on Tuesday night in Calm channel, one hundred miles north from Vancouver, and the three men on board had to take to the water. The boat which was carried on the launch was filled with water, and while the two clinging to the gunwale, one named W. Norton, swam ahead, towing it for several hours. He bravely swam to the shore, but one of his companions gave up owing to the coldness of the water, and was drowned. His name was F. Mosher. The others landed near Surge narrows and baled out the boat in which they pulled out to the Cassiar. Both men were badly burned on the arms and hands.

DECLARES TARIFF WAR IS IN SIGHT

Canadian Retaliation Will Have Far Reaching Effect, Says American Publishers.

Montreal, Sept. 27.—A special from New York says: "A statement on the matter of an impending tariff war with Canada has been issued by the committee on paper of the American Publishers' Association to protect the worn-out paper mills, some of which since have been abandoned for news print-making purposes," the statement says. "The United States government has been forced into a tariff war with Canada which promises to be far-reaching in its scope. The Canadian authorities say they sell \$30,000,000 worth to the United States and buy from it \$150,000,000. If it comes to a tariff war, they claim they have the whip hand, and while they regret the situation they do not propose to be forced to terms. "Canadian retaliation will strike American exports as varied as coal and cotton, iron and meat, fruit and automobiles, oil and livestock. But the most serious feature of the prospective war is that which affects wood products valued at \$20,000,000 brought into the United States from the Dominion. Mr. Pinchot, before leaving Saturday night for Washington, also issued a statement in which he makes public a portion of President Taft's letter written to the chief forester at the time the letter to Secretary Ballinger was dictated. The president said he hoped Mr. Pinchot would not find reason in the Hallinger letter for resigning, and he adds that he is going to continue to serve the government along the same lines he has pursued in the past, concluding with the statement: "I believe in the Roosevelt policies, and I propose to stand for them as long as I have strength to stand for anything."

WOLFE FAILS TO SWIM ENGLISH CHANNEL

Catalis, France, Sept. 24.—Jabez Wolfe, the English long distance swimmer, failed in his attempt to swim the English Channel today. He had progressed over eight miles of the course when adverse winds made the waters so rough that he was prevented from finishing. Wolfe made a like attempt to swim the Channel about six weeks ago, but was unable to do so.

INDIAN EXECUTED.

Carson City, Nev., Sept. 24.—George William, a 17-year-old Indian, was hanged here today for the murder of two prospectors at Esmeralda last spring. All efforts of William's attorney to gain a stay of execution failed, and the governor refused to commute the death sentence. William went to his death with all the stolidity characteristic of his race. Death was due to strangulation, which resulted 15 minutes after the drop fell. Ever Brothers, Toronto, will send you free a cube of their famous Plain Toilet soap, if you mention this number.

TAFT STANDS FIRM FOR CONSERVATION

Issues Statement Declaring He Never Intended to Reflect on Pinchot.

Salt Lake City, Utah, Sept. 27.—As a result of several long conferences with Chief Forester Gifford Pinchot here Saturday, President Taft has caused to be issued a statement in which it is declared that never at any time during the Ballinger-Pinchot controversy has the president intended to reflect upon Pinchot, and in which Mr. Taft takes more forward stand than ever for the Roosevelt policies for the conservation of natural resources. The president indicates that what is to be done in the way of reclaiming arid lands must be done within the law, but he asserts his intention of applying to congress for such confirmatory and enabling legislation as will put the Roosevelt policies on the firmest possible basis. Mr. Pinchot, before leaving Saturday night for Washington, also issued a statement in which he makes public a portion of President Taft's letter written to the chief forester at the time the letter to Secretary Ballinger was dictated. The president said he hoped Mr. Pinchot would not find reason in the Hallinger letter for resigning, and he adds that he is going to continue to serve the government along the same lines he has pursued in the past, concluding with the statement: "I believe in the Roosevelt policies, and I propose to stand for them as long as I have strength to stand for anything."

IN CRATER OF VOLCANO. Two Men Spend Half an Hour on Edge of Boiling Lake of Lava and Fire.

Honolulu, Sept. 27.—L. M. Hale, J. Reynolds, and Ernest Moses, a photographer, descended Saturday into the crater of Mount Kilauea, remaining half an hour on the edge of a boiling lake of lava and fire. This is the first time this feat has been accomplished. The members of the party ventured almost to the rim of the seething lake, and attempted to take photographs. The heat was intense, and at places the adventurers walked over partially molten areas. After completing their observations they returned safely to the rim of the crater, where a half-dozen friends had witnessed the descent. Kilauea is one of the largest active volcanoes in the world. Its altitude is 4,400 feet, and the circumference of its crater is about nine miles, with a depth varying from 700 to 1,100 feet, depending upon the depth of the molten lava. Violent eruptions occurred in 1797, 1840 and 1886, and since then there have been several outbreaks of less severity.

EXPRESS RATES REDUCED.

Lincoln, Neb., Sept. 27.—The Nebraska Supreme court Saturday upheld the constitutionality of the Sibley law, reducing express rates 25 per cent. on interstate business. The express companies attacked the constitutionality of the law, alleging that it was confiscatory because they claimed they could not handle the business at the rates

PEDESTRIANS ENJOY WALK ON ISLAND

Delightful Trip From Nanaimo to Victoria, They Say.

A. E. Skelton and Wm. Baker, of Vancouver, recently made a walking trip from Nanaimo to Victoria. Mr. Skelton says of the latter part of the route: "We reached Shawnigan Lake, where we arrived at 10.20 a. m., after a good sharp walk. We stopped at Koenig's hotel and met Mr. F. Martin, of Vancouver, and some Victoria friends. We had a pleasant time on the lake, which we enjoyed very much. "We left on our long walk over the summit. We kept the road for some miles along the shores of Shawnigan lake and then following a winding road over the hills until we came to Sooke lake, which should be the fisherman's paradise. The road is very delightful and shaded, the trees being something wonderful. On the road we came upon a young deer, about half grown, lying in the centre of the road, and upon seeing us, it jumped up and danced along in front now and again stopping to take a look at us and coming towards us on one occasion, even stopping until we cornered it and touched it with our sticks. It kept us company for over half a mile when it took leave of us and jumped down the side of a creek and disappeared. We certainly enjoyed the incident. We continued on our way and saw any quantity of grouse, and after walking about fourteen miles, rested and ate our lunch before starting the hardest portion of climbing the mountains. The timber is something magnificent. We trudged on slowly until we reached the summit, the road being very tortuous, and coming down, the loose stones made walking very difficult. We were glad when we reached Goldstream, which we did at 4 p. m., and after some refreshments, decided to stay there and walk to Victoria in the morning. We left Goldstream at 8.40 a. m., and took things leisurely, passing Colwood, Parson's Bridge and Four-mile house, the Gorge, and walked into Victoria at about 1 p. m. We got comfortably fixed at the Driad, where we met many friends. "We must altogether have walked quite 100 miles on our journey. I would recommend any one fond of walking to take this most enjoyable outing, both for health and pleasure."

—October 1st and 2nd are the days set apart for the forty-second exhibition of the North and South Saanich Agricultural Society. This society holds a position which is unique. It is the pioneer society of its kind, and is always looked forward to as the great day in the social life of Saanich. This year promises to be even better than on former occasions both in the number of entries, the quality of the exhibits and the general interest taken in the event. There will be sports during the afternoon of Saturday, as well as a cricket match and horse racing. Special trains will be run from the city.

HORSE SHOW ATTRACTS MANY

CLOSE COMPETITIONS IN MOST OF CLASSES

Star Feature of Fair is Display of High Bred Equines.

One of the great features of the fair yesterday, in fact it might be said that the star feature of the fair was the horse show. It was the great centre of attraction. The benches on one side and the boxes on the other of the great building were lined with the youth and beauty, the men and women of Victoria, and even the grandmothers and grandfathers. All showed their appreciation of the different events, and even if it was a little long drawn out, those who wished had the opportunity of leaving at any time, satisfied that they had had their money's worth.

The spectacular point of the show was the effort of the beautiful grey, Silver Chimes, to climb into the boxes among the spectators. He refused to jump the four-foot obstruction that was put before him, but wanted to scale everything else, and finally climbed over the barriers on the box side of the south end, and made an attempt to mount the gallery. A number of men rushed forward to stop this proceeding, while the ladies and other spectators in the vicinity proceeded to move in another direction. The rider wanted to try the jump once more, but the ushers prevented it. There was close competition between the other two horses, but the winner, G. J. Smith's Credential, opened by far the best, and seemed surer than Golden Crest.

There were a few long delays between events, which were rather annoying, but on the whole the affair was a great success. This evening the horse show will be of unusual interest, and will undoubtedly be the best of the following is the list of winners:

Afternoon Winners.

Pair of draught horses, each horse to weigh under 1,600 pounds, and not less than 1,300 pounds, mares and geldings, three years old and over—1, Nellie and Iris (Pemberton Stock Farm, Port Gulch, B. C.); 2, Daisy and Jane (A. E. Cameron, Gordon Head, B. C.).

Pony class, Shetlands, to be ridden by a boy or girl under 15 years of age—1, Trinkets (R. Thorburn, Vancouver); 2, Brown mare (F. H. Stevenson, Victoria); 3, Teddy (Miss Flora McDonald Russell, Vancouver).
Open jump, the best performance over six jumps—1, Golden Crest (G. A. Russell, Vancouver); 2, Credential (T. J. Smith, Vancouver); 3, Silver Chimes (Miss Mabel Smith, Vancouver).

Four horse team of draught horses, each horse to weigh 1,600 pounds and over; mares and geldings, three years old and over—1, Chief of All, Sir George, Molly Gray and George Gray (P. Burns & Co., Vancouver); 2, Nellie, Iris, Roan and Granite (Pemberton Stock Farm, Victoria).

Mare or gelding, three years old and over, under 1,300 pounds—1, Sport (J. McCleave, Victoria); 2, Queen (P. Burns & Co., Victoria); 3, Dick (P. Burns & Co., Victoria).

Military, mare or gelding, three years old and over, over 14.2 and not exceeding 16 hands—1, Don Pedro (Mrs. G. E. Macdonald, Vancouver); 2, Peggy (W. Bayle, Victoria).

Heavy harness horses, pair of high steppers, mares or geldings, 15.1 and over—1, Warwick Dora, and Warwick Graceful (D. C. McGregor, Vancouver); 2, Highland, Laddie and Brigham Pearl (S. L. Howe, Vancouver); 3, Gold Finch and Cock Pheasant (T. J. Smith, Vancouver).

Saddle teams, for the best three horses, mares or geldings, to be ridden over six jumps—1, Don Pedro (Mrs. G. E. Macdonald, Vancouver); 2, Saint Louis (Mrs. C. J. Lowen, Vancouver); 3, entry of Mrs. Thistle Smith, Vancouver.

Ladies' saddle horses, mares or geldings, 14 hands and not exceeding 15.1—1, Charlie (Macdonald, Marpole Co., Ltd., Vancouver); 2, Sir Thomas (Macdonald, Marpole Co., Ltd., Vancouver); 3, Nellie (Pemberton Stock Farm, Port Gulch).

Single trotting horse, mare or gelding, three years old and over, 15.2 and under—1, Lou (G. McLeod, Vancouver); 2, Lou Creams (R. S. Fulton, Seattle); 3, entry of J. McCleave, Victoria.

Speedy class, stallions, mares or geldings—1, Palestine (E. S. Knowlton, Vancouver); 2, Dan Dee (F. A. Thompson, Victoria); 3, entry of C. Dolman, Chilliwack.

Special harness team, pair of mares or geldings, shown to an appropriate vehicle and driven by a lady—1, Warwick Dora and Warwick Graceful (D. C. McGregor, Vancouver); 2, Derby Prince and Derby Ideal (O'Neal & Co., New Westminster); 3, Gold Finch and Cock Pheasant (T. J. Smith, Vancouver).

Heavy harness horse, high stepper, mare or gelding, 15.2 and under—1, King Fisher (O'Neal & Co., New Westminster); 2, Red Hawk (T. J. Smith, Vancouver); 3, Brigham Pearl (S. L. Howe, Vancouver).

Hunters, mares or geldings, 14.2 and over, under 1,300 pounds—1, Sport (J. McCleave, Victoria); 2, Shorty (West End Grocery Co., Ltd., Victoria); 3, Prince (D. H. Ross & Co., Victoria).

Open jumping class, best performance over 6 jumps each 4.5 in., with 5 inches of bush—1, Credential (T. J. Smith, Vancouver); 2, Golden Crest (G. A. Russell, Vancouver).

WINNERS AT HORSE SHOW

DECISIONS BY JUDGES ON SATURDAY EVENING

High Jumping Championship Results in Tie by Foxcatcher and Credential.

At the concluding session of the horse show held in connection with the fall fair great interest was aroused over the high jumping championship, which proved of notable interest because of the fact that this event resulted in a tie by Foxcatcher, of Seattle, and Credential, of Vancouver, in a record-breaking jump of seven feet six inches. The showing made by the two handsome animals on the previous day had prepared the crowds for a keenly-contested contest, but few anticipated that the Pacific coast record of 7 feet 6 inches would be broken.

There were three entries—the two horses mentioned and Golden Crest, of Vancouver. The latter retired owing to a slight accident which resulted from the animal getting hung up on the barrier. The other two horses having tied, no decision between them was possible. They will, however, have an opportunity of trying their strength and aversing the result of the tie at the Seattle horse show which opens on Wednesday next.

Golden Crest won the championship for saddle horses, ridden by the owner, F. A. Russell, of Vancouver. Don Dee, reserve champion in this class went to Moor, of the Maplewood farm, Renton, Wash. The track championship was won by the mare, Marjorie, owned by F. A. Russell, of Vancouver, getting second.

The championship prize for the best city delivery was won by the smart King Fisher, owned by the West End Grocery Company. The reserve prize in this class went to the Victoria Steam Laundry, Shirley Lily, the property of O'Neal & Co., Westminister.

The judges of the various competitions at the horse show were T. S. McGrath, of Portland; G. Gray, of New-Castle, Ont.; and W. Elliott, of Galt, Ont. Mr. Elliott acted as secretary. The results for Saturday in detail were as follows:

Draught horses—Charlie, owned by Macdonald, Marpole, Vancouver.
Ponies—Shirley Lily, owned by O'Neal & Co., New Westminster.
City delivery—Shorty, owned by West End Grocery Co., Victoria.
Saddle horse—Golden Crest, owned by J. A. Russell, Vancouver.

Track horse—Palestine, owned by E. S. Knowlton, Vancouver.
Harness horse—Warwick Dora, owned by D. C. McGregor, Vancouver.
Pair of draught horses, each horse to weigh 1,600 pounds and over—1, Charlie and Sir Thomas (Macdonald, Marpole Co., Vancouver); 2, Chief of All and Sir George (P. Burns & Co., Vancouver).

Single draught horse, to weigh under 1,600 pounds and not less than 1,300 pounds—1, Nellie (Pemberton Stock Farm, Port Gulch).

Heavy harness horses, pair of mares or geldings, 15.2 and over—1, President and Senator, Mrs. A. E. Tregart, Vancouver.
Heavy harness horse, high stepper, mare or gelding, over 15.2—1, Gay Boy, A. J. McDonald, Calgary; 2, Gold Finch, T. J. Smith, Vancouver; 3, Glowing Rose, D. C. McGregor, Vancouver.

Heavy harness horse, mare or gelding, 14.1 and under 15.2—1, Red Wing, F. J. Smith, Vancouver; 2, Gertrude, for Spencer, Vancouver; 3, Merry Widow, Maplewood Farm, Renton, Wash.

Heavy harness horse, mare or gelding, 15.2 and over—1, Warwick Dora, D. C. McGregor, Vancouver; 2, Gay Boy, A. J. McDonald, Calgary; 3, Cock Pheasant, T. J. Smith, Vancouver.

Heavy harness horse, mare or gelding, 15.1 and not under 14 hands—1, Red Wing, F. J. Smith, Vancouver; 2, Gertrude, for Spencer, Vancouver; 3, Merry Widow, Maplewood Farm, Renton, Wash.

SUNLIGHT SOAP

ALL OVER THE WORLD thousands of housewives use Sunlight Soap in preference to any other, because it cleanses the clothes more thoroughly, and at half the cost without injury to hands or fabric. Follow directions.

EDINBURGH VISITORS SEEK INVESTMENTS

Important Residents of Scottish City on Tour Here.

J. White, of Edinburgh, with his brother, son, and a physician, Dr. Thompson, arrived Friday afternoon from the east and are spending a few days in the city.

Mr. White is a wealthy resident of Auld Reekie, who although well advanced in years is as alert and energetic as a youngster, and is visiting Canada for the specific object of making investments. The recent budget is, in his opinion, a godsend to the colonies, because of the large sums which will be withdrawn from home investments overseas.

Mr. White himself, with his brother, have invested large sums on the prairies and in Vancouver, and he is not averse to doing the same in Victoria. He is the head of the big departmental store of Patrick Thompson & Co., of Edinburgh, a very large and thriving mercantile house which is the Timothy Eaton store of Scotland. He is also interested in the Maine gardens, a thirty-acre amusement park on the Fifth of Forth, which has proved an immense success.

When baby is teething the whole household is upset. The tender little ones are swollen and inflamed, and the poor child often cries day and night wearing the mother out and keeping the rest of the family on edge. In the homes where there is no such worry, the Tablets alay the inflammation, soothe the irritation and bring the teeth through painlessly.

When baby is teething the whole household is upset. The tender little ones are swollen and inflamed, and the poor child often cries day and night wearing the mother out and keeping the rest of the family on edge. In the homes where there is no such worry, the Tablets alay the inflammation, soothe the irritation and bring the teeth through painlessly.

BIG DEAL IS NOW COMPLETED

Final Papers Signed FOR COWICHAN PROJECT

Great Lumber Mills Are to Be Erected on Vancouver Island.

Vancouver, B. C., Sept. 25.—Notwithstanding previous reports that the deal had been completed, it was only late yesterday afternoon that the final papers were signed by R. Marpole, assistant to the general executive of the Canadian Pacific railway, and by E. B. Kurtz, president of the American Finance & Security Company, by which the right and title of 54,000 acres of splendid timber lands on Vancouver Island was sold to the American Finance & Security Company of New York, for the sum of approximately one and a half million dollars.

Speaking of the development which his company was prepared to undertake, Mr. Kurtz said to a reporter at the Hotel Vancouver last evening: "Aside from the purchase price, we are going to spend as soon as possible a million dollars on development. We shall erect a mill at tidewater, which will have a capacity of about 100,000,000 feet per annum."

Mr. Kurtz then said that later on they were prepared to spend an additional half million in a pulp mill. "We shall have as little waste as possible," he proceeded, "at present I am investigating the possibility of using the sawdust and refuse. The smaller trees, such as hemlock and spruce, we shall use for the manufacture of pulp, for which there should be a good market, both at home and abroad."

"We shall have our own tugs on the lake for the purpose of hauling the logs to the landing, where the logs will be loaded on cars and carried to the mill.

"The object in locating the mill on tide water is to avoid handling the lumber twice after it is manufactured, which is costly."

The mill and pulp plant will give employment to at least a thousand workmen alone, without considering the lumber handlers and others engaged in the pulp manufacturing.

This deal, one of the largest in lumber history, was put through by the firm of Lyons & Welch, of New York, through their connections, Behner & King, of Seattle, and W. A. Ward, of this city. Lyons & Welch were the people who put through the Jordan river deal last December, which involved about 30,000 acres of valuable timber lands on Vancouver Island, which eventually cruised out about three and a half million feet of merchantable lumber.

Revelstoke, Sept. 25.—The management of the Y. M. C. A. are determined to make the institution fulfill to the utmost extent the purposes for which it was inaugurated, and with this object in view they have had plans prepared for a three-story addition to the building. The addition will provide, on the ground floor, a commodious reading room and billiard room, while the two upper floors will afford rooming accommodation to the extent of 34 additional rooms. The plans for the proposed addition have been prepared. The Y. M. C. A. have been asked to provide the cost of the new addition, which it is estimated, will amount to \$15,000.

The Y. M. C. A. proposes to take steps to establish a first class library in connection with the new reading room. The deputation were well satisfied with the result of the interview.

SAPPERS TO BE FETED.

New Westminster, Sept. 25.—The fourteen survivors of the corps of Royal Engineers, who were the first sappers to open up this country, will be entertained at the fair here in October this year, being the fiftieth anniversary of their arrival in the province. It was suggested to send invitations to the descendants of all the engineers to be present at the fair, but this number makes it impossible for them all to be reached and this thought was discarded.

CHICAGO, Sept. 25.—The fortnightly report of the American Railway Association, on car shortages and surpluses, shows a decrease on surpluses of 31,778 cars, bringing the total surplus down to 78,792.

Mr. Whyte said he was in sympathy with the aims of the deputation, but they knew the company had had a lot of trouble with their men in the shops here, and had in consequence been obliged to make other arrangements for their work. He recognized, however, that they were getting around the shops again a good lot of men. As such as the city of Revelstoke was in shape to guarantee them an efficient and reliable power service he would assure them of his support in arranging to use it and to have it repaired and mechanical work on the division again done at the Revelstoke shops. The C. P. R. were anxious to co-operate with the citizens of Revelstoke in their mutual advantage.

The construction of the Arrowhead and Kootenay railway was mentioned, and Mr. Whyte replied that while they could not go on with the work immediately they would soon be up against the necessity of a better route for their heavy traffic than over these mountains, and the construction of this road would then have due attention.

Mayor Lindmark said it was proposed

to further improve the Y. M. C. A. by the addition of a library, and to accommodate this another wing would have to be built, when further financial aid would be required. He referred to the appreciation of the Y. M. C. A. among railway men, and the good work it was doing, thanks to the assistance already given the institution by the C. P. R. through Mr. Whyte.

In reply Mr. Whyte said they could depend on the co-operation of the company in their further efforts to make the institution of value to the railway men of the city.

The deputation were well satisfied with the result of the interview.

W. WHYTE INTERVIEWED AT REVELSTOKE

Deputation Discusses Railway Matters With Second Vice-President of C. P. R.

Revelstoke, Sept. 25.—While at Revelstoke on his way to the coast, a board of trade deputation waited on W. Whyte, second vice-president of the C. P. R. The deputation discussed with Mr. Whyte the question of putting on again a full force at the C. P. R. shops here, and handling at these shops the whole of the work on the division.

Mr. Whyte said he was in sympathy with the aims of the deputation, but they knew the company had had a lot of trouble with their men in the shops here, and had in consequence been obliged to make other arrangements for their work. He recognized, however, that they were getting around the shops again a good lot of men. As such as the city of Revelstoke was in shape to guarantee them an efficient and reliable power service he would assure them of his support in arranging to use it and to have it repaired and mechanical work on the division again done at the Revelstoke shops. The C. P. R. were anxious to co-operate with the citizens of Revelstoke in their mutual advantage.

WINNERS AT HORSE SHOW

DECISIONS BY JUDGES ON SATURDAY EVENING

High Jumping Championship Results in Tie by Foxcatcher and Credential.

At the concluding session of the horse show held in connection with the fall fair great interest was aroused over the high jumping championship, which proved of notable interest because of the fact that this event resulted in a tie by Foxcatcher, of Seattle, and Credential, of Vancouver, in a record-breaking jump of seven feet six inches. The showing made by the two handsome animals on the previous day had prepared the crowds for a keenly-contested contest, but few anticipated that the Pacific coast record of 7 feet 6 inches would be broken.

There were three entries—the two horses mentioned and Golden Crest, of Vancouver. The latter retired owing to a slight accident which resulted from the animal getting hung up on the barrier. The other two horses having tied, no decision between them was possible. They will, however, have an opportunity of trying their strength and aversing the result of the tie at the Seattle horse show which opens on Wednesday next.

Golden Crest won the championship for saddle horses, ridden by the owner, F. A. Russell, of Vancouver. Don Dee, reserve champion in this class went to Moor, of the Maplewood farm, Renton, Wash. The track championship was won by the mare, Marjorie, owned by F. A. Russell, of Vancouver, getting second.

The championship prize for the best city delivery was won by the smart King Fisher, owned by the West End Grocery Company. The reserve prize in this class went to the Victoria Steam Laundry, Shirley Lily, the property of O'Neal & Co., Westminister.

The judges of the various competitions at the horse show were T. S. McGrath, of Portland; G. Gray, of New-Castle, Ont.; and W. Elliott, of Galt, Ont. Mr. Elliott acted as secretary. The results for Saturday in detail were as follows:

Draught horses—Charlie, owned by Macdonald, Marpole, Vancouver.
Ponies—Shirley Lily, owned by O'Neal & Co., New Westminster.
City delivery—Shorty, owned by West End Grocery Co., Victoria.
Saddle horse—Golden Crest, owned by J. A. Russell, Vancouver.

Track horse—Palestine, owned by E. S. Knowlton, Vancouver.
Harness horse—Warwick Dora, owned by D. C. McGregor, Vancouver.
Pair of draught horses, each horse to weigh 1,600 pounds and over—1, Charlie and Sir Thomas (Macdonald, Marpole Co., Vancouver); 2, Chief of All and Sir George (P. Burns & Co., Vancouver).

Single draught horse, to weigh under 1,600 pounds and not less than 1,300 pounds—1, Nellie (Pemberton Stock Farm, Port Gulch).

Heavy harness horses, pair of mares or geldings, 15.2 and over—1, President and Senator, Mrs. A. E. Tregart, Vancouver.
Heavy harness horse, high stepper, mare or gelding, over 15.2—1, Gay Boy, A. J. McDonald, Calgary; 2, Gold Finch, T. J. Smith, Vancouver; 3, Glowing Rose, D. C. McGregor, Vancouver.

Heavy harness horse, mare or gelding, 14.1 and under 15.2—1, Red Wing, F. J. Smith, Vancouver; 2, Gertrude, for Spencer, Vancouver; 3, Merry Widow, Maplewood Farm, Renton, Wash.

Heavy harness horse, mare or gelding, 15.2 and over—1, Warwick Dora, D. C. McGregor, Vancouver; 2, Gay Boy, A. J. McDonald, Calgary; 3, Cock Pheasant, T. J. Smith, Vancouver.

Heavy harness horse, mare or gelding, 15.1 and not under 14 hands—1, Red Wing, F. J. Smith, Vancouver; 2, Gertrude, for Spencer, Vancouver; 3, Merry Widow, Maplewood Farm, Renton, Wash.

Combination horse, mare or gelding, 15.1 and not under 14 hands—1, Red Wing, F. J. Smith, Vancouver; 2, Gertrude, for Spencer, Vancouver; 3, Merry Widow, Maplewood Farm, Renton, Wash.

Combination horse, mare or gelding, 15.1 and not under 14 hands—1, Red Wing, F. J. Smith, Vancouver; 2, Gertrude, for Spencer, Vancouver; 3, Merry Widow, Maplewood Farm, Renton, Wash.

Combination horse, mare or gelding, 15.1 and not under 14 hands—1, Red Wing, F. J. Smith, Vancouver; 2, Gertrude, for Spencer, Vancouver; 3, Merry Widow, Maplewood Farm, Renton, Wash.

Combination horse, mare or gelding, 15.1 and not under 14 hands—1, Red Wing, F. J. Smith, Vancouver; 2, Gertrude, for Spencer, Vancouver; 3, Merry Widow, Maplewood Farm, Renton, Wash.

Combination horse, mare or gelding, 15.1 and not under 14 hands—1, Red Wing, F. J. Smith, Vancouver; 2, Gertrude, for Spencer, Vancouver; 3, Merry Widow, Maplewood Farm, Renton, Wash.

Combination horse, mare or gelding, 15.1 and not under 14 hands—1, Red Wing, F. J. Smith, Vancouver; 2, Gertrude, for Spencer, Vancouver; 3, Merry Widow, Maplewood Farm, Renton, Wash.

Combination horse, mare or gelding, 15.1 and not under 14 hands—1, Red Wing, F. J. Smith, Vancouver; 2, Gertrude, for Spencer, Vancouver; 3, Merry Widow, Maplewood Farm, Renton, Wash.

Combination horse, mare or gelding, 15.1 and not under 14 hands—1, Red Wing, F. J. Smith, Vancouver; 2, Gertrude, for Spencer, Vancouver; 3, Merry Widow, Maplewood Farm, Renton, Wash.

Combination horse, mare or gelding, 15.1 and not under 14 hands—1, Red Wing, F. J. Smith, Vancouver; 2, Gertrude, for Spencer, Vancouver; 3, Merry Widow, Maplewood Farm, Renton, Wash.

Combination horse, mare or gelding, 15.1 and not under 14 hands—1, Red Wing, F. J. Smith, Vancouver; 2, Gertrude, for Spencer, Vancouver; 3, Merry Widow, Maplewood Farm, Renton, Wash.

Combination horse, mare or gelding, 15.1 and not under 14 hands—1, Red Wing, F. J. Smith, Vancouver; 2, Gertrude, for Spencer, Vancouver; 3, Merry Widow, Maplewood Farm, Renton, Wash.

Combination horse, mare or gelding, 15.1 and not under 14 hands—1, Red Wing, F. J. Smith, Vancouver; 2, Gertrude, for Spencer, Vancouver; 3, Merry Widow, Maplewood Farm, Renton, Wash.
