ST. JOHN STAR. ST. JOHN, N. B., OCTOBER 21, 1904.

GET TO WORK! St. John is a constituency noted for its political surprises, and unless the Conservatives here wake up and do something more than dream of majorities running up into half a dozen figures they will hear something on November 3rd that will break all surprise records.

On Saturday morning Sheriff Ritchie will hold the last court at which names may be added to the list for the coming election. Of the two hundred or so names of those who will make application the Star is informed that about two thirds have been handed in by the Liberals. In the last number of names added, Liberal names also predominated, though not to such an extent.

This predominance of Liberals over Conservatives in the lists of new applicants for the franchise is the surest sign that one side is leading and the other working hard. And it is this kind of work, not the darning and the hand playing and the red-fire speeches that wins elections.

CONFIDENT OF VICTORY.

Said Mr. Borden in his great speech in Montreal last week: "Let me also say that I come with something more from all those provinces, and from the great provinces of the West. I come also with a message of hope and confidence that when the people of this country declare their will on November 3rd it will have been found that they desire a change in the control of their public affairs, and that those who now hold the reins of office and of power will be permitted for a time to devote their attention to their private interests and to retire from the public life of this country. (Cheers.) I say I come with that message to you to-night because I have traversed the Maritime Provinces during the past year. I have traversed the province of Ontario, and I have heard the reports of those who know the North-West of Canada as well as men can know it, and from all these provinces there is the indication that strong sentiments prevail against the methods and the policy, or the lack of policy which has influenced those gentlemen who have been governing Canada during the last few years. The signs of the times show that victory is with us. (Cheers.) I see on the banners tonight the device 'Borden, the Victor.' I would like to amend that a little and say: 'People and victory is the motto for us.' (Cheers.)"

The Liberal papers who are now viciously attacking Mr. Blair are referred to the following quotation from Sir Wilfrid Laurier's expressed opinion of the ex-minister of railways: "I can tell my honorable friend, Mr. Borden, that we selected Mr. Blair because we believed there was not a man in Canada better qualified and more competent to discharge the duties of the office to which we called him. I recognize him as a man of great ability, a man of great talent, and I have no hesitation in saying that you cannot find today in Canada anyone who is better endowed than Mr. Blair to be the chairman of the commission, and to administer the law of which he is the author."

A sample of the stuff the Grits are plastering over the fences is the statement that the present government is responsible for the changing of the Allan mail service from Portland to St. John. This is in face of all parliamentary records showing that the change was ordered by the Conservatives during their last year of office and was delayed for a year by the Liberals after they came into power.

"A good friend speaking to me to-day, said, 'Mr. Fielding, can you guarantee that the grain traffic of the West will be brought to Halifax by this transcontinental railway?' I replied: 'No one can guarantee anything of the kind. All that can be done in any such case is to provide the best possible facilities and then look for the trade.'—Mr. Fielding in Halifax speech.

BRITISH ARMY CHANGES

LONDON, Oct. 20.—The British army council has issued an important order under which, instead of enlisting three years with the colors and nine in the reserve, infantry in the line will in the future enlist for nine years with the colors and three in the reserve, thus abolishing the short service term. Secretary Arnold-Forster foreshadowed this change in his speech last July, when he declared that the existing system had proved a failure because so few men volunteered to extend their service beyond the existing term.

GREAT AMERICAN PEANUT.

Statistics of the Enormous Appetite of the Genus Small Boy. (Saturday Evening Post). According to the statistics of the department of agriculture, there are consumed in this country annually some six million bushels of peanuts, and there are now acre peanut farms in Virginia, North Carolina, Tennessee and other southern states, where in the sixties were only patches devoted to the growing of the goober. The finest variety of peanut grown in this country is that known as the bunch, but the Virginia running may be said to be the most widely known and most popular with the trade. In fact, it may be termed the typical American peanut. The pods are large and white, and will weigh about 22 pounds to the bushel. In point of flavor, size and hardness of hull these are the best peanuts grown, and selected from these are known as the Jumbo.

Botanists have placed the home of the peanut in Africa, but some authorities think it a native of Brazil. Louisiana finds the Spanish variety, a small but the nut, best adapted to the climate of that state. The goober grabbers of Georgia and South Carolina like the small white and red peanut of Tennessee, and each year shows an increasing cultivation in those states of that variety.

Every year the peanut crop becomes more valuable, and it grows evident that the time is coming when diversified interests will make it more so. Millions of bushels are now annually used in the old world for the production of peanut oil, which by some is regarded as equal to olive oil. Already the manufacturers of peanut oil in the United States have announced that the only drawback to the oil mill here, especially in Tennessee, is the insufficient output of peanuts.

LOVE HAS TERRORS FOR THIS DOZEN.

Six Young Men and Six Young Women of Bay Ridge, Have Become Celibates.

NEW YORK, Oct. 20.—Twelve young men and twelve young women of Bay Ridge have entered into a celibate pact. A club was formed a day or two ago at the Borough Park club house, and an agreement of a binding nature was entered into by all present. They agreed not to marry or be given in marriage, and all love is barred.

A leading spirit in the new movement is James O'Connell, school near Fifth avenue, and he thinks it will not be long before clubs, similar to this will be organized not only throughout the state, but the country. It is the leading principle of the celibates and ambition, and that it bases that married life is a check to a deadly to strong and enduring friendships. All members of the club are members of old Bay Ridge families, and it is understood that they will always live in the district and contribute as much as in their power to its material prosperity.

Reference was made in a jocular way at the meeting, to President Roosevelt and his views on race suicide, and one member proposed that President Roosevelt be made an honorary member, but this motion was lost in a unanimous "nay."

It is learned that ten jurymen were for acquittal and two for conviction. The prisoner, Thomas Cammack, kept his eyes on the ground as the verdict was rendered. The attorney general moved that the sentence of the court be now pronounced on Thomas Cammack.

ST JOHN STAR, FRIDAY, OCTOBER 21, 1904.

WOODSTOCK GIVES ROUSING WELCOME TO R. L. BORDEN.

Blair's Sole Object is to Beat the G. T. P.—Emmerson and Borden at Woodstock—Bright Prospects Everywhere—Liberals are Throwing Up the Sponge.

Reports from all parts of Canada are satisfactory to the conservatives. Mr. Borden has closed his tour in Quebec and leaves that province with the tide running fast in his direction.

liberals had not dared to touch the conservative policy or they would long ago have been out of power. Now, for the first time, they had a railway policy, which the people would vote down on the 3rd of November.

ed as recorded. Everything pointed to victory for the party. He had met with no kinder and warmer reception anywhere in Ontario than he met with in the cities of Montreal and Quebec.

MR. BORDEN'S GREAT RECEPTION AT WOODSTOCK. WOODSTOCK, N. B., Oct. 20.—If Mr. Borden meets with such audiences generally as greeted him in the Opera House here this evening he has indeed reason to be pleased with the outlook.

F. H. HALE.

the occasion. Beautiful plants in pots banked the front of the platform. The desk at the front was draped with the Union Jack. Two heavy "old flags" were festooned on either side of a gallery, while banners were festooned all about the hall.

After dealing with the Jackson episode and the attitude of the government towards political opponents, he took up the question of the Grand Trunk Pacific entering into a most lucid explanation of the policies of the government and opposition on this question.

Mr. Wilfrid made this bargain behind the back of Mr. Blair. He was contracting with the sharpest business man in the west and the result of the partner providing nine-tenths of the capital gets very little of the profits. He does not blame the G. T. P. Company. They are trustees for the shareholders, but the government are the trustees of the people of Canada.

Dealing with the policy of a government owned railway he said that they had been found workable in Australia, where the head of it was a Canadian. He said that the policy of a government owned railway he said that they had been found workable in Australia.

LARGE BUT CHILLY. FREDERICTON, N. B., Oct. 20.—This afternoon Hon. Mr. Emmerson addressed a good audience at the Court House, Burton, for nearly an hour and came up on the river steamer, arriving here about 5 o'clock and drove immediately to the Queen hotel. Shortly before 8 o'clock the Fredericton contingent had marched from the Queen Hotel up Queen street, followed by a barouche containing Mayor Palmer.

HON. H. R. EMMERSON. Mr. Whitehead and Mr. Emmerson. Following this carriage were about two dozen young men bearing the motto, Liberal College Students. These were followed by a number of small boys. Along the march there was not a single cheer and even the students forgot to give their collection. The City Hall soon became filled, and on the platform were seated about fifty of Mr. Emmerson's party.

Mr. Blair will enjoy this, so will his friends in New Brunswick. The liberals are now badly scared. The liberals are now badly scared. The liberals are now badly scared.

SIR FREDERICK BORDEN.

would decrease the wages of the I. C. R. employees, increase the freight rates and lessen the number of trains and drew an awful disastrous picture of what would happen if Mr. Borden became premier. He said he wanted to go back to parliament with a good following and predicted a liberal victory.

EMERSON TRYING TO BUY CLARENCE SPOONER. MONCTON, Oct. 20.—Hon. H. R. Emmerson has become desperate over the state of affairs in this province and fears that what is left of the party is in the same state of mind.

Morrissey would be. Mr. Morrissey's friends naturally objected to his political statement and will resent it on the third of November. It is reported that he has required untiring efforts on the part of the promoters to keep Mr. Loggie up to "concert pitch," and that he would have thrown up the candidate before this were it not for the interested efforts of two or three who are able to pull the wool over Mr. Loggie's eyes.

MONTEAL HERALD IS FEELING AFRAID. MONTEAL, Oct. 20.—In the absence of definite news as to Mr. Blair's intentions newspapers and politicians are busily engaged in making jobs for him. All the big Canadian papers have had him trust upon them, and all have announced that they are not guilty. The Herald, which is in blue funk tonight, says that Blair is to be come manager of the Lake of the Woods Milling Co. at a salary of \$30,000 per year.

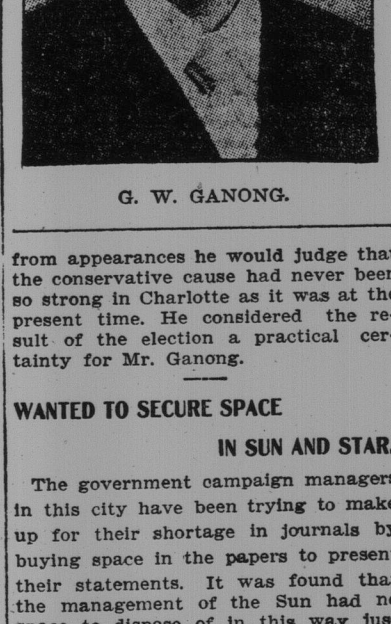

WANTED TO SECURE SPACE IN SUN AND STAR. The government campaign managers in this city have been trying to make up for their shortage in journals by buying space in the papers to present their statements. It was found that the management of the Sun had no space to dispose of in this way just now. The Star was also unavailable, though both papers assured the liberal authorities that they would continue to give fair reports of government meetings and thus allow the party to present its case to the public without cost. Space has been purchased in the Telegraph, Times and Globe.

A COOL RECEPTION IN WINNIPEG. WINNIPEG, Oct. 19.—The importation of Sir Richard Cartwright from the east to address the electors of Winnipeg in the interests of Mr. St. John's Liberal candidate, resulted in one of the most marked frosts that the campaign. Not only did the minister of trade and commerce receive a poor hearing from the people who remained to hear him out, but through-out his discourse the meeting was disturbed by interruptions from those who are dissatisfied with the liberal railway policy.

McNERNEY HAS BRIGHT PROSPECTS IN KENT. RICHMOND, N. B., Oct. 20.—The announcement made this afternoon

times the necessary number of delegates were present and great interest was taken in the business of the evening. Dr. Gilchrist was chairman of the Lansdowne ward committee and H. C. Green of the Lorne. In February these wards gave Dr. Daniel a majority of 78 and 110 respectively. On November 3rd the figures will be raised to 125 and 200 in each ward.

BLAIR IS OUT TO BEAT THE G. T. P. MONTREAL, Oct. 20.—The political excitement due to Hon. Mr. Blair's resignation from the Railway Commission and his determination to take the public platform in strong opposition to the Grand Trunk Pacific deal, is greater than ever here, and from all quarters despatches come pouring in showing how the news has shaken the political world from seaboard to seaboard.

THE NATIONAL PARTY. Sir John A. Macdonald gave you a great policy in 1878. He gave you a policy under which Canada has during the last eight years taken her full share of that prosperity which has prevailed throughout the world.

ODDS ON THE CONSERVATIVES. MONTREAL, Oct. 20.—On the Corn Exchange today Robert McIghen, president of the Lake of the Woods Milling Company, bet \$1,000 to \$500 that the Conservatives would have a majority in the next parliament. The small end of the bet was taken by James Carruthers, a grain exporter.

PROMINENT LIBERALS FORCED TO CHANGE.

Interviews With Leading St. John Men Who Will Vote For Daniel and Stockton.

Appended will be found the statements, freely expressed, of prominent St. John citizens, who hitherto have been supporters of the Liberal government, but who now declare that they cannot support the Liberal government in its Grand Trunk Pacific scheme. It is just recently that James F. Robertson and D. J. McLaughlin caused quite a sensation by declaring themselves opposed to the Grand Trunk Pacific project, and equally interesting will be the statement of the following gentlemen:

W. MALCOLM MACKAY. Mr. Mackay is a little over the manner in which the retiring ministry treated Lord Dundonald, but he is not yet prepared to state that his views on this point are sufficiently strong to warrant his support of the conservative candidates in the approaching elections. Mr. Mackay says: "I do think Dundonald was treated very shabby, but as to what position I will take, I am still undecided. My ideas are in what you might call a boiling condition, and I must wait until they get settled."

EX-ALD. McPHERSON. Ex-Ald. T. J. McPherson of Union street, is another prominent citizen who has decided to cast his ballot for Dr. Daniel and Dr. Stockton, on account of the attitude of the Laurier government on the transcontinental railway scheme. Previous to the by-election in this city last February Mr. McPherson had been a most energetic and influential supporter of Sir Wilfrid Laurier, but the Grand Trunk Pacific scheme was more than he could swallow, and he has since then, Dr. Daniel. Asked by the Sun as to whether he had changed his mind on the all-absorbing question of a government owned railway or a railway owned government, Mr. McPherson said, "I believe in the railway, but I do not see how our interests can be conserved if this railway is built and operated by the government, and will cast my vote for both of the conservative candidates on Nov. 3."

HOWARD D. T. OOP. When asked his opinion as to the government's railway policy, Howard T. Oop replied that he was most certainly opposed to it, and at the coming election would support the opposition. He did not care to say much, but he was feeling as many others were feeling, who were now going over the political fence. With regard to Mr. Blair's retirement, Mr. Oop considered it the best thing he could possibly do, and also the best thing which could happen for the conservative cause. It would without doubt have a great influence on the election, not only in the maritime provinces, but in the whole of the Dominion.

She leaves a family of eight children, Mrs. Julia Crawford of Little River, Rev. C. W. Hamilton, Mrs. James Wheaton, Upper Sackville, Mrs. Chas. H. Yawcett, Bala, Ont., Isaac G. Hamilton, New Bedford, Mass., Mrs. Robert McCallough, Roxbury, Mass., and Dr. W. F. Hamilton of Montreal.

ANOTHER SENSATION. Man Who Hired the Minnie M. Pluggers Has Confessed.

SAULT STE. MARIE, Ont., Oct. 19.—Another sensation was sprung on the famous "Soo" bribery case at the assizes court today. The men who were reported for corrupt practices appeared before Mr. Justice Oaker. The feature of the trial was a confession by Patrick J. Galvin, the man who hired and paid the pluggers who made the trip to Michipicooten on the Minnie M. Galvin's statement is: He related the facts of the trip as already known and said he was paid \$400 by Jack Kennedy for getting pluggers. The newest part of his declaration read as follows: I formerly resided in Peterboro, and was well acquainted with Hon. J. R. Stratton, for whom I worked in political matters for many years. When Kennedy came to me he stated and satisfied me that he came with the said Stratton's authority, as he said the Stratton and told him I might be relied on to do anything that he might want to assist C. N. Smith in his election. I was called upon by Stratton, calling on him and the liberal party to get me out of the predicament they got me into and shortly afterwards J. A. Grant, solicitor of Toronto, called upon me in response to my letter to Stratton. We talked the matter over. I told him I did not like to have my name ridiculed in the way that it had been, and that I wanted the matter cleared up as it hurt me personally and financially. He promised that if I followed his instructions he would see me through, and I would be protected and all charges would be paid by him on behalf of the liberal party. I told him I would not take ten thousand dollars, although I was a money badly, for having my name and reputation commented on in all the papers in the country, he said he wouldn't either. He advised me to stay away from this court. Although I am a resident of Peterboro, I deemed it advisable to furnish this statement to the court in the interests of all concerned.

CLEARED OVER \$700. Sussex Ladies Made a Good Thing Out of the Exhibition Restaurant.

SUSSEX, Oct. 20.—The annual meeting of Trinity church sewing circle was held on Wednesday evening last and a good attendance was present. The accounts showed that since the last annual meeting the sum of over \$28 has been raised in various ways, which has been and will be applied to the church purposes, hall building fund, repairs to rectory and church, and for the new pipe organ, which the ladies have now \$12 in hand. The result of their efforts in the recent exhibition restaurant at St. John last month showed a profit of over \$700, which was very gratifying to the many St. John friends, who so kindly attended in the exhibition restaurant, a hearty vote of thanks for the good work they had so zealously accomplished. The officers elected for the ensuing year were Mrs. O. E. Arnold, president; Mrs. E. A. Charters, first vice-president; Mrs. W. H. White, second vice-president; Miss Lizzie Hallett, secretary-treasurer. Refreshment, vocal and instrumental music and a hearty vote of thanks to Rev. Mr. Niles and Mrs. Niles as host and hostess for the evening, brought to a close a most delightful, harmonious and enjoyable evening.

WILL NOT BE CADETS. Boys' Brigade Decide Against Change in the Organization.

The officers of the various companies of the Boys' Brigade of St. John's Presbyterian Church. The most important business brought before the meeting was a proposal to change the regulations prescribed by the militia department. Those interested in the work of the brigade, and who are so strongly in favor of the change would be beneficial for the boys, but after hearing the cadet side of the case, and realizing the work they had accomplished under the rules of the Boys' Brigade, the officers last evening decided by a unanimous vote to stand by the old colors more strongly than heretofore. In order that the work of the brigade may be vigorously pushed, it was decided to reorganize the council and adopt new rules and regulations where they are deemed necessary. Another important point brought out at the meeting was that as soon as the St. John council was in good shape it would be recognized as the headquarters for the Dominion of Canada. The meeting adjourned at 10 o'clock and will meet again on the 21st of the month.

THE WARREN MURDER. No Evidence Against Palmer the Prisoner He Tells a Straight Story and Sticks to It, and the Police Are Unable to Secure Any Information.

CHARLOTTETOWN, Oct. 20.—The mystery surrounding the death of Harriet Warren was intensified by the proceedings at the coroner's inquest yesterday afternoon. The jury met at four o'clock in the police court room and for an hour and a half F. L. Hazard, representing the crown and the jury, hurried questions at Henry Palmer, the nineteen-year-old boy who stands under suspicion of having committed a crime the equal of which has never been recorded in the annals of island history. A young woman living in the extreme west of Kent street had an exciting experience several days ago. She was returning to her home when she was followed by a man to her door. The pursuer, who was evidently deranged, knocked at the door and made inquiry for another section of the city. The man answering the door at the time thought he did not know Palmer, but later he has changed his mind. Yesterday afternoon Palmer either in his conduct on the witness stand or in his replies to the questions did or said nothing which would incriminate himself or further any belief that he was the murderer. He was taken to the court house by Officer Harper, the jailer, John Hamilton and other officers of the law. Throughout the trying ordeal he maintained his composure and told identically the same story as that given by him on the night of his arrest. It is understood that he testified that he had been at the home of Peter Weatherbe, at about seven o'clock and went directly to his own home on Union street. The door was locked and he then went over to the Powers.

He narrated minutely the course he had taken and gave approximately the time of leaving and arrival. Shortly after reaching the power house Douce came in with the fatal axe. He (Palmer) then returned to his home, several blocks off, and later seeing his mother consulted her to lock the door, as it was possible she might be attacked. During the examination the axe was produced and placed in Palmer's hands. He was ordered to go through various exercises with it, and while the keen eyes of the jury were riveted upon his movements he did not flinch under the ordeal. Considerable displeasure was expressed because the daily paper had been given to Palmer in the jail. He had read the Guardian on Friday and Saturday mornings, and was thus able, if he wished, to post himself thoroughly in the details of the tragedy and the evidence given at the inquest. The jury met again last night at 8 o'clock and re-examined Mrs. Kelly, besides hearing a number of other witnesses whose names who gave evidence of little importance. At a quarter after ten they adjourned till Friday at 8 o'clock. The authorities are apparently without any remaining working clue and are discouraged at the failure to bring to justice the criminal, who is yet the sole possessor of his terrible secret.

AGAINST DIVORCE. Episcopal Convention Adopt a Strong Canon Which Permits the Re-Marriage of Divorced Persons Only in Certain Cases.

BOSTON, Oct. 20.—By an overwhelming majority a compromise canon on the re-marriage of divorced persons was adopted by the house of deputies of the Episcopal General Convention today, and if it is concurred in by the house of bishops the most important issue that has come before the present convention will be disposed of for at least three years. The compromise measure, like the old law, permits the re-marriage of the innocent person in a divorce for the cause of infidelity, but further provides that no re-marriage shall be allowed within one year after the divorce is granted by a civil court. Satisfactory proof of the innocence of the applicant for re-marriage must be furnished in the shape of court records and after the consent of the bishops is obtained, a clergyman may refuse to perform such a ceremony without subjecting himself to censure or discipline. According to Francis A. Lewis of Philadelphia, a member of the committee on canons who favor no re-marriage of any divorced person, but who accepted the compromise, the canon today is so strict that if endorsed by the bishops it will practically put the church, as he expressed it, "out of the divorce business." Others, however, claim that they saw "icicles" in it. The vote on the passage stood 10 Clerical, 53 diocese for; seven against; two divided. Lay vote: Forty-six dioceses for; five against; two divided. The house of bishops today nominated Rev. Henry D. Aves of Houston, Texas, for missionary bishop of Mexico, to have supervision over English speaking congregations in that country.

AN INDIANTOWN BOY Who Has Become a Well Known Guide in the Maine Woods.

George P. Egan always had a fondness for the "dew and damp of meadows and the odors of the forests," so great a fact was his inclination in this direction that when about thirteen years of age he left his home in Indiantown and went into the Maine woods. His instinctive knowledge of woodcraft and the advantage of capable instruction has made it possible for him to become at 25 years of age, one of the most skillful and best known guides in the State of Maine. He was fortunate enough on one occasion to bring a splendid specimen of moose within the range of an anemone Moose and his rifle, and that game man was so well pleased that he wrote him a check for \$50 and spread his fame broadcast among his friends. Since then the services of the youth from Indiantown have been in constant requisition. He makes his headquarters at Ox Bow, Me. For 7 years his family were in ignorance as to his whereabouts, but he will be home soon on a visit.

Cassidy—My! My! but that was a narrow escape for our friend Flannery.

Casey—How so?

Mrs. Oatcase—Josh, I think Mandie Crawford must be losing her mind.

Mr. Oatcase—What makes you think that, Molly?

Mrs. Oatcase—Why, the minister called Sunday and she didn't have a chicken dinner.
