AMHERST WOMAN HAS LOST HER HUSBAND

Mrs. Noble Purdy Seeking for Her Missing Spouse

Sackville Has a New Golf Club, a Building and Several Additional Teachers on the Academy Staff.

SACKVILLE, N. B., July 22.—Mrs. Noble Purdy, a young married woman of Amherst, is in Sackville seeking some trace of her husband who left home about two weeks ago and has not since been heard of by his wife. According to Mrs. Purdy's story the man left Amherst without giving her any idea as to his intentions. He is a man about twenty-five years of age, smooth of face, who might seek work as a store cutter. At a meeting of the newly organized golf club last evening officers were elected and various matters connected with the future of the organization discussed. H. M. Wood was chosen president, with H. C. Read as vice-president, and Mr. Thomas Murray as secretary treasurer. The officers with A. W. Bennett, allstate manager, G. Putnam, Alderman Fawcett and Professor W. M. Tweedie, will make up the executive committee. W. T. Denham, B. A., of St. John, lately of the staff of Dorchester public school, and R. C. McCully, of Bathurst, have been appointed to the staff of Mount Allison Academy for the ensuing year. McCully is an honorary arts graduate of Mount Allison University, class of 1909. His course at the university was very successful. Denham is a graduate of Acadia. The appointment of a third teacher will probably be announced in the course of a few days. At the home of Mr. and Mrs. Albion Estabrook, Centre Village, last evening, Clara B. was united in marriage to Truman Elliott. The officiating minister was Rev. J. H. McNeil, of Sackville, tied the nuptial knot. The bride, who was attired in a becoming costume of white, was attended by her niece, Miss Julia McKay, as flower girl. The ceremony was a reception was held.

STIRLING, HOME, TALKS OF THE WINNIPEG MEET

Climate Prevented Him from Doing Better Work

Races Were Well Contested, and Some Events Were Very Exciting—Thinks He Could Beat Same Men in East.

Ernest Stirling, St. John's representative at the Canadian championship events at Winnipeg, reached the city on the Montreal express this morning. Mr. Stirling competed against several of the cracks from various parts of the Dominion. Although he failed to land premier honors in either the one or five mile events, Stirling made a creditable showing in the big meet. Talking with the Star after his arrival, Mr. Stirling stated the meet was a banner one in every respect. He related incidents where the finishes were most exciting. The various sections of the Dominion were strongly represented at the championships. In regard to his own showing, Mr. Stirling stated that he felt confident he would have done better in the events had he been accustomed to the place. The climate conditions interfered considerably with his running. In the five mile event Stirling was in the lead for the first mile, covering the distance in 1:48. When he collapsed in the third mile he was well up with the leaders. In the one mile event Stirling took fourth place from a number of starters. The event was a particularly fast one and the runners crossed the finish well bunched. Stirling is of the opinion that he could give any of the men a close tussle in races in this city. He will run in the sports on Monday, August 2.

KNIGHTS OF PYTHIAS

Local Knights of Pythias lodges are completing arrangements for the visit to Halifax in August, when the grand lodge will convene. The uniform rank are arranging to make a strong showing at the convention. Drilling is now going on and a large number of members will attend. The delegates, as published in The Star a few weeks ago, have all signified their intention of making the trip. August 25 will be observed by the St. John members as decoration day. A visit will be made to the various cemeteries, where the graves of departed members will be decorated. About seventy-five graves of deceased members of the order will be decorated.

WEDDINGS

BRAMAN-ANDREWS.—A very happy event took place on Wednesday evening, July 21st, 1909, when the Rev. Gideon Swin, of the Waterloo St. Baptist church, united in marriage Thomas A. Braman, of Bellisle, Kings Co., N. B., to Miss Isabelle Andrews, the eldest daughter of Mr. and Mrs. Thomas Andrews, of Erin street, St. John. The happy couple will reside at No. 8 Wright St.

NOW IS THE TIME FOR HUSTERS TO GET BUSY AND WIN SOME OF THOSE PRIZES

A Fair Field, and an Even Start for Everyone--- What's the Use Having Friends if You Don't Use Them?---Get in the Swim and Rush Things.

"No doubt you have seen my name in the Sun and Star as a candidate in the Great \$5,000 Prize Voting Contest. I have set my heart on winning one of those beautiful prizes and hope that I may count on everyone of my friends for their assistance. "I am working hard and hope that all my friends will take out subscriptions in my favor. So far everyone has been most obliging and shown a very kindly interest in my success. Won't you please do the same? "If you are not already a subscriber to the Sun or Star, why not order it now? I assure you that you will receive more than your money's worth and will watch for the daily appearance of the paper as eagerly as I do. A yearly subscription paid in advance on the Sun is worth 4,000 votes, a yearly subscription paid in advance on the Star will count me 2,000. Just see what a help your subscription would be to me. "The main thing for us candidates to do is to get paid-in-advance subscriptions. In the end the winning of the Russell Touring Car may depend on just a few votes, so please save the coupons for me also. I shall be so happy to meet you at the prize, and shall not forget the kind part you played in helping me to succeed. "Yours very truly,

Candidates will be in mind that The Sun and The Star cannot be sent by mail in the City of St. John.

It will pay contestants and their friends to read the Sun and Star every day, as we are daily making suggestions which may help you out in your campaign for votes. A great many are just now waking up to the fact that there is a contest, and people are asking for information every day about it. We are trying to reach everybody through the columns of this paper, and this write-up is printed daily for the guidance of every man and woman interested in the contest. Our aim is to encourage them in their efforts, to furnish every day a few suggestions which may work to the benefit of both the contestants and the Sun and Star. We hope to be able to help every contestant, we appreciate the drawbacks each and every one has to contend with. The list is just started and very little work has as yet been done. And don't work by spasms. Keep at it steadily all the time. If you do this you won't be likely to miss anything that may be picked up by your opponents. A CANDIDATE'S LETTER. The following letter from a bright and enterprising candidate brought fine results, and is suggestive to those who wish to succeed in their living outside of the city. "My Dear Friend:

Toronto Man to Make Test Case of Sunday Cigar Selling

White Girl Arrested in Opium Den—Ontario Refuses to Pay an Old Claim—Collection of Souvenirs Stolen.

TORONTO, Ont., July 22.—As the result of the determination of the police to clean out the local Chinatown, an opium joint kept by Tie You was raided and Tie You and three other Chinamen, with Mabel Meek, a pretty young white girl, arrested. The girl is said to have been asleep under the influence of opium when arrested. TORONTO, Ont., July 22.—David Alger, clerk in Lee's drug store, Wellby street, was summoned to police court some days ago, charged with selling cigars on Sunday. His employer put up the plea that tobacco was a drug, and therefore could be sold on Sunday. The magistrate yesterday, after taking a week to think it over, rejected the plea and imposed a \$5 fine. The case will be appealed. TORONTO, July 22.—The Ontario government has refused the request of John Land Viny of Toronto that he be reimbursed eight hundred pounds which his father paid his militia company for services in 1837. Birney's father, Captain Joseph Birney, paid the militia because the paymaster of the command absconded. The government also refused the petition of Birney for a hat to sue the province and prove his claim in court. Captain Birney served in the war of 1812 and was beside Gen. Brock when that officer was killed on Queenstown Heights. TORONTO, July 22.—It has been discovered that the Vanokoghet collection, presented to Toronto University by the late Capt. Edward Barker-Vanokoghet, was stolen from the Normal school museum some time Monday night. The collection consisted of seven articles presented to Capt. Vanokoghet's father, the late H. M. Vanokoghet, chancellor of Ontario, and to himself during his service in the navy. One of them is a silver cigar case given by the King, then Prince of Wales.

N.W.M.P. to Remain on Duty—Sam Hughes and the Bleyse Team—Cattleman Robbed—Soap-Making Preacher Fined.

BRADFORD, July 22.—In the investigation of the murderous assault on Wm. Scott, a hotel proprietor, who was stabbed a day or two ago, G. Good, who has been held in suspicion, pleads not guilty. FLORENCE, Ont., July 22.—The infant son of Rev. C. M. Farney was drowned in a tub of water yesterday. PICTON, Ont., July 22.—A well-known farmer here, by the name of Ferris, was yesterday found dead outside his barn. It is thought he was killed by a kick from a horse. TORONTO, July 22.—Colonel Sam Hughes, M. P., is enthusiastic over the success of the Bleyse team. He declares that their remarkable record is due to the men, the officers and the Ross rifle. He forgets to mention the ammunition and the Bleyse camp rations. QUELPH, July 22.—A man named W. Smith, who has been found guilty here on three charges of theft of harness, appears to have carried on a rather extensive business in this line. He is wanted in twenty-three other places on the same charge. NIAGARA FALLS, July 22.—Barrymore, who was arrested in Toronto for the theft of jewelry from Mr. and Mrs. Gureaux in Quebec, has been identified here by Mrs. Smith as a man she befriended and who on leaving took away with him \$1,500 worth of valuable belongings to her. QUEBEC, July 22.—A cattleman named Tremblay was yesterday robbed of \$60 in cash while boarding a train for Lake St. John. The body of Arthur Alarie, who has been missing since Friday, was yesterday found in Louise Basin. Death is supposed to have been accidental. EDMONTON, July 22.—It is stated that the Dominion government has renewed the agreement with the Alberta authorities allowing the Northwest Mounted Police to remain in charge of the protection of a small arms factory in Alberta. The news is received with great satisfaction. BRANTFORD, Ont., July 22.—Rev. Mr. Croshaw, proprietor of the Clarence Street Soap Works, which opened in the residential part of this city, without a license, and which he did not close on order of council, was fined \$200 by Police Magistrate Livingston and ordered to quit out of business.

AMERICANS WILL BUILD AUSTRALIA'S ARMS FACTORY

British Firms Hopelessly Outclassed Both as to Time and Price.

MELBOURNE, July 22.—Official papers have been issued, explaining the acceptance by the Commonwealth Government of the tender of Pratt and Whitney, an American firm, for the erection of a small arms factory in Australia for the Government. They show that the British firms which made tenders, were hopelessly outclassed with regard to both price and time. One English tender was \$500,000, as against \$300,000 bid by the Americans, and required three years to build, as compared with the American firm's one year. NEW YORK, July 22.—Steamer Principe di Piemonte has arrived at Naples.

Two new steel coils will take the place of the old wooden structures at the police station, which are being torn down this morning. Arrested for Speeding Corpses to the Grave

Two Killed in Collision of Freight Trains—Duluth Again Flooded and Damage May Reach a Million Dollars

VICHY, France, July 22.—Paul Tissandier yesterday made an aeroplane flight of 38 minutes. STOCKTON, Calif., July 22.—Sandow Morris, formerly of the New York National League Club and last season a member of the Toronto Eastern League team, was yesterday made captain of the Stockton State League club to succeed Danny Shay, who will leave tomorrow for Kansas City to manage that team. CHICAGO, July 22.—Eugene L. Boden, a chauffeur of an automobile here, was arrested for speeding on Michigan Avenue at Garfield Boulevard yesterday. He was on his way with a body to Oakwood cemetery. After notifying him to appear in court, the policeman who made the arrest let him proceed to the grave. "This is getting to be a busy city when they race them to the cemetery," commented the officer, who was talking to a reporter. DULUTH, Minn., July 22.—Duluth was flooded last night for the second time in twenty-four hours. The damage may reach \$1,000,000. The damage to streets alone will be many thousands of dollars. Scores of basements are in about an hour and a half. BRIDGEFORD, N. B., July 22.—Two freight trains collided on the Jersey Central Railroad near Bridgeford Junction today and two men, it is reported, were killed.

DAMAGE THREATENED BY TIDAL WAVE

Sea Wall Alone Saved Galveston from Destruction

Not a Single Life Lost, and Property Damage Only Trivial Compared With What It Might Have Been.

GALVESTON, Texas, July 22.—Galveston has weathered a repetition of the wild and tidal waves of 1900 which surfaced the city, taking a total of thousands and causing a property loss counted in millions of dollars, without the loss of a single life in Galveston and a property loss trivial in comparison. To the seawall alone is attributed the fact that the city is standing today. In the vicinity of Galveston the loss of life as a result of the storm is placed at 10 members of a fishing party at Tarpon Pier, several miles in the Gulf. The total property loss is estimated at \$100,000. Finished but four years ago at a cost of \$2,000,000 by the government and Galveston County, the seawall, a gigantic mass of marble and concrete stands 17 feet high and 17 feet thick at the base and gradually sloping to the top, yesterday withstood the onslaughts of the raging gulf as white capped waves after waves were hurled against it. Whether or not this mass of construction was damaged by the action of the water can only be told when the water of the gulf finally falls back to normal. Galveston Beach will have to be reconstructed the entire band of concrete and steel was laid to the rear of the bath houses and below the beach were swept away and scattered the nine mile length of Galveston Island. A mile to the west and at the end of the water line and the wall were the two bath houses, Murdock and Breakers, constructed in recent years at a cost of \$25,000 each. These were swept away and scattered the nine mile length of Galveston Island. THREE OUT, ALL OUT, SAYS HON. C. W. ROBINSON

Regards Bentley's Election as a Crushing Blow to the Hazen Government

MONCTON, July 22.—"Three out, all out," remarked Hon. C. W. Robinson, returning home from the campaign in St. John county on behalf of A. F. Bentley, who was elected on Tuesday in the provincial government by-election comparing politics to a ball game. "It is the third by-election the local government has lost," remarked the opposition leader, the result is looked upon as very significant and I believe the opposition has every reason to feel satisfied. Many things were in favor of the conservatives, including the non-resident vote, the power of patronage and Hon. McKewen's retirement, in addition to which the conservative organization in St. John county joined hands with liberal newspaper Globe, Sun and Star. The result is a strong tribute to A. F. Bentley personally. No more favorable opportunity could have been afforded the Hazen government for a victory than in St. John county, but they failed to make good." Mr. Robinson said he regarded the victory of the opposition in this election as a crushing blow to the government. A rousing liberal gathering was held last night at Hillsboro, a party going from Moncton by automobile, including Hon. Mr. Robinson, Hon. Mr. Sweeney, A. G. Copp, and S. S. Ryan, all of whom delivered addresses.

FAYETTE HAS HERO MEDAL CANDIDATE

Claim of Man Who Rescued Two From Stream Being Urged.

UNIONTOWN, Pa., July 21.—Friends of Howard Ringer, who rescued Patrick Gleason and his son John from the swift waters of the Big Sandy creek at Elliottsville during his big flood on Saturday, June 8, are taking steps to have his act brought to the attention of the Carnegie Hero Fund Commission.

The two Gleasons had started to drive through the water that covered the road leading to Elliottsville, and their buggy was carried into the Big Sandy and overturned.

The men called for help, and numerous persons gathered on the two shores. It was seen that Patrick Gleason needed immediate assistance.

While all this was going on Nick Ribick had made an effort to rescue John Gleason from the other tree, but in the struggle with John, who could not swim, he had been swept under the water and had to get back to the tree again.

Ringer was again appealed to, but in order to start operations he had to get on the opposite shore, and to do so he had to dress, run up through the village and over the bridge and then undress again to swim it. He carried the life line to the stream, and rescued John Gleason. After the flood it was found the water where the Gleasons had lodged. The dead horse and buggy were found three miles below, still fastened together by the traces.

MR. GREGORY'S ILLNESS DELAYS COMMISSION

Mei and Adjourned This Morning

Yesterday Afternoon's Session—J. Fraser Gregory Tells of Lumber Conditions

At 2:30 yesterday afternoon the commission continued, with Mr. Gregory on the stand.

J. A. Gregory asked if it was the intention of the commission to sit in Fredericton, as it would greatly inconvenience Louis H. Elkin, a witness, to attend the session here.

The commission felt that much valuable evidence could be obtained in no other way, and so decided to hold a session there.

J. A. Gregory then proceeded with his evidence, stating that he had rendered an account to the St. John Lumber Co. for his services by them as a consultant to Murray and Gregory on Dec. 28, 1908.

The account included wages, office and pine logs amounted to \$506.32, which was settled without dispute.

To Hon. W. J. Jones he stated that accounts rendered in other years were not paid, expenses being offered that the St. John Lumber Co.'s books were in court or unobtainable.

Mr. Gregory had personal knowledge of settlements made over St. John firms for similar accounts, Murray and Gregory had received money from other mills for similar accounts.

In reference to the boom at the mill of the St. John Lumber Co., Mr. Gregory stated that in 1908 he saw no logs through which saw river logs could be forwarded.

By his anxiety to save his own logs, Mr. Brown had confined everything that came to his boom, and in sorting them, Murray and Gregory's logs were detained.

In answer to Mr. Fellows during the cross-examination Mr. Gregory stated that Lauri and Sweeney of Quebec had cut logs for both the St. John Lumber Co. and his firm, which were driven down river by foremen in the employ of both parties.

Mr. Gregory stated that upwards of 80 men were employed at the mill in St. John and vicinity, drawing about \$20,000 annually from this industry.

Upwards of fifty mill Canadian logs and seventy million American logs are manufactured in St. John annually.

Continuing the witness stated that 60 per cent of this year's cut had passed the boom at Fredericton, while the remainder was still being sorted.

This year only a few million feet of logs had not been driven, and in reply to Mr. Fellows' question Mr. Gregory attributed this season's success to Providence.

Mr. Gregory, who is president of the St. John Log Driving Co., explained his methods of doing business, and admitted that, should they desire, the directors could control the corporation.

New Government is No Respector of Persons—All Classes Haled Before Avenging Tribunal.

NEW YORK, July 21.—The Evening Post's correspondent in Constantinople says: A court martial has been sitting at the War Office since the Young Turks captured Constantinople.

The Municipal Council met in regular session yesterday afternoon, but transacted but little business.

The third section of the report dealt with the claim of James Moreland for damages to his wagon caused by a defective culvert in Simonds.

Councillor Donovan as a member of the highway board of Simonds explained that Mr. Moreland's claim amounted to \$83.33.

Councillor Moreland moved that Mr. Moreland be paid \$83, the amount to be charged to the parish of Simonds.

Councillor Cochran protested against interference with the highway board of Simonds, in whose hands the case was adopted.

Councillor Adams could not see that the highway board of Simonds was responsible for the damage.

Warden Elkin ruled that the motion was out of order.

This section of the report was adopted.

FOURTH SECTION OF REPORT.

The fourth section of the report recommended that the system of insuring the municipal buildings be revised.

This section and the report as a whole was adopted.

Geo. E. Johnston, county treasurer, applied for an increase in salary.

On the motion of Coun. Baxter, an increase of \$100 per year in salary was given.

Councillors Potts and Donovan opposed the increase.

Francis J. Hafferty was appointed weigh-master for the parish of Simonds.

Coun. Kelley brought up the matter of chaining the jail laborers while marching them through the streets.

The practice was neither decent nor Christian, he was selfish in his opposition to the practice, as it graded upon his nerves.

He also advocated taking prisoners to their work in some kind of a closed conveyance, and made a motion to this effect.

Councillor Donovan thought if the jail laborers were taken to their work in carts more work could be got out of them, with the result that within five years there would be no prisoners.

He seconded Coun. Kelley's motion.

Ald. Elkin before putting the motion expressed his sympathy with Councillor Kelley's motion.

The council then adjourned.

U. S. DIVORCES ARE NO GOOD HERE

Sq. W. A. Ferguson Wins Suit on the Usual Grounds

Mrs. Saunders and M. S. Harris are Also Released of Their Burdens—Currey Case Resumes Here on Friday

FREDERICTON, N. B., July 22.—His Honor Judge McKewen delivered the following judgments in the divorce court this morning:

Wm. A. Ferguson vs. Bertha Ferguson. The parties in this suit were married at Newcastle in 1890. The defendant being formerly Miss Bertha Sinclair. They lived together until 1904, when Mrs. Ferguson fled to the United States and after residing there a year obtained a divorce under the laws of that state. She then returned to this province and after residing there a year obtained a divorce under the laws of this province. Her husband, who still lives here, Mr. Ferguson's grounds of action was that the defendant was guilty of adultery and that she had cohabited with her husband's adulterer. His Honor after reviewing the evidence submitted, upheld the plaintiff's contention. In the course of his judgment he said that it is unquestionably the law that the New Brunswick marriage contract is still in force. However, regrettable from the standpoint of the defendant, cohabitation with Henderson is adulterous and must be so pronounced for the purpose of this suit. By reason of such, his Honor ordered a decree to be issued dissolving the marriage contract entered into in 1890.

J. D. Finney, K. C., appeared for the plaintiff, and E. Albert Kelly and M. G. Teed, K. C., for the defendant.

Sarah Almeida Saunders v. Wm. A. Saunders. This was an application for absolute divorce on the usual statutory grounds. The parties were married in 1883 at Macquarie, York county and for many years resided at Macquarie, where the defendant worked in the mill.

The case was undefended. His Honor reviewed the evidence and gave judgment granting the plaintiff an absolute divorce. R. B. Hanson appeared for the plaintiff.

Sarah Belle Harris v. Walter Wesley Harris. The plaintiff was married to Harris at Annapolis in 1870 when she was but 14 years of age. After living two years with her husband she separated and has lived with her own people ever since. Her husband's name was changed to the usual grounds and was not defended. Accompanying the application was Harris' attorney applied to the court to grant Mrs. Harris the right to resume her maiden name and to have the court by its judgment grant an absolute divorce and in respect to the case to return to the defendant. His Honor, after citing authorities, said: "I cannot find that power is given to this court to change the plaintiff's name by decree, but there is nothing to prevent the plaintiff from assuming her maiden name and to be known by it in as much as at common law a person may assume any name which does not interfere with the rights of other people. Mr. Fred H. Peters appeared for the plaintiff.

The court adjourned until Friday morning when it will meet at St. John and the Currey case will be resumed.

CLEMENCEAU GOES, BUT HIS POLICY STAYS

PARIS, July 22.—Leon Bourgeois, formerly premier and foreign minister, to whom President Fallieres has decided to offer the task of forming a new cabinet in succession to the Clemenceau ministry, which fell suddenly two days ago as the result of an adverse vote in the Chamber of Deputies during a debate on the naval scandal, expected to reach Paris this afternoon. But as doubt exists as to whether he will accept the portfolio and as time presses, it is thought not to arrive at the capital before the night. M. Briand, minister of justice and worship, will be named as premier. The parliamentary leaders are unanimous in agreeing that a reconstructed Clemenceau cabinet committed to the Clemenceau programme is the logical solution of the ministerial crisis in fact of the coming general election.

Fighting Continues With Heavy Losses on Both Sides—Reinforcements for the Spaniards Have Landed

BARCELONA, July 22.—A riot broke out today among the troops who were developed in the Orient. Heavy fighting between the colonel and other officers with their layabouts. Other troops were hastily summoned and the mutineers were dispersed.

MADRID, July 22.—King Alfonso has cancelled all his engagements on account of the serious situation that has developed in the Orient. Heavy fighting has been going on for the past few days between the Spanish troops under General Martin and Colonel Alonzo and the Moroccan forces. The losses on both sides have been considerable. Today the first line reserves were summoned to the front.

Parliament will be asked to vote further credits so that more reinforcements can be sent to Manila. It is possible that General Weyler formerly Spanish Captain General of Cuba, will be placed in supreme command of the Spanish force in Morocco.

The liberal press is joining in the popular protest against sending soldiers to the African coast, alleging that the war is solely for the purpose of protecting private mining interests. The newspapers demand the convocation of the Cortes to discuss the government's intentions.

HORSE DASHES INTO GROWD IN THEATRE

Animal and Actor Fall Over Footlights in Bridgeport Playhouse and Cause Pain

BRIDGEPORT, Conn., July 21.—Women and children attending the matinee performance of "Northern Lights" at the Footlights Theatre, here, were thrown into panic when a horse ridden by John Ince, who plays the role of Swift, an Indian, in the play, tumbled from the stage into the orchestra and then attempted to dash through the crowded auditorium. As Ince, at a given cue, rode the animal from the wings onto the stage he went too close to the footlights and the crowd, who were in the act of going home, the footlights and, losing its balance, it rolled over and landed upon its back, kicking vigorously, among the musicians. Ince was thrown and also fell into the orchestra pit.

When he escaped serious injury, Ince was kicked in the arm before he had time to get out of the way, and his companions climbed over the rail and fled for safety up the main aisle.

The excitement spread throughout the auditorium, and it assumed the proportion of a panic as a moment later another woman and child, screaming with terror and falling over one another in a mad rush for the doors.

Camp Meeting Orator Advises Maidens to Turn Nose on Swain's Mouths

READING, Pa., July 21.—Camp meeting services at Heiner's Springs under the auspices of the Reading Holiness Association continues to be well attended and many persons are going to the altar as penitents through the station of Columbus, Ohio. Evangelist Hill is a plain speaker and carries no money with him. At today's services he preached a sermon on "Holiness," when he undertook to score some folks who were smoking tobacco. He said, in part:

"Every day your papers are full of Sunday school picnics, sodas, ice cream and cake festivals. Festivals and picnics don't mix. We want holiness. We don't need Sunday school picnics, but church revivals. Such children holding picnics are fighting holiness. Some of our young people go to picnics at night which are enough to make hell blush."

The Rev. Hill then took occasion to score men who chew and smoke. He termed them the swain and swainers, who kiss and are fondled by the husband or father who carries a chew pipe in his mouth. Women and girls should start a crusade against this habit. If I were a girl and had a man who chewed tobacco, I'd turn the hose in his mouth and then hang him on the line to dry before I would kiss him.

WOULDN'T KILL MAN, AS HE CARRIED BABE

First Time Black Hand Murderers Found Victim Alone Though They Got Him Down

CHICAGO, Ill., July 21.—Inside workings of the "Black Hand" murders were told today in a long confession by Tony Datta, a young Italian, who admitted slaying Giuseppe Fellipelli, a grocer, who had refused the demand of the society for money.

The Black Hand band numbers six, five of whom are in custody. They waited four months for an opportunity to kill Fellipelli, but were unable to catch him when he was not carrying his baby in his arms, it being part of their code not to murder a man carrying a child.

A NEW INDUSTRY FOR SAINT JOHN

J. M. Humphrey & Co. to Start a Shoe Factory

Have Secured Building on Clarence Street—Will Start Work With 50 Hands in a Few Weeks.

A new industry employing between forty and fifty men will soon be in full blast in this city. The industry will be in the form of a shoe factory and will be operated as a branch of the business of J. M. Humphrey & Co.

Ald. R. T. Hayes, of the firm of J. M. Humphrey & Co., in conversation with The Star this morning, told the plans for this extension of their resources.

They have leased a section of the old Boss biscuit factory on the corner of Clarence and St. David streets and expect to have it ready to start operations in five or six weeks.

A large quantity of the most modern shoe making machinery has been contracted for and is now arriving from Boston and Montreal. The superintendent of the factory, who has had extensive experience in Lynn, Mass., is in this city and is looking after the work of fitting up the machinery.

A few experts in this line of work will be brought to the city to act as foremen and to train the other employes, but the firm intends to employ local help as rapidly as possible. From the start between forty and fifty men will be employed and the number is expected to increase as the business grows.

The factory will specialize on staple lines of heavy goods at present. The extent to which other lines will be taken up will depend on the success of the venture and the demand for such products. For many years the firm has been importing several hundred thousand dollars' worth of shoes from outside points, chiefly Quebec, and Montreal, and they recently decided to endeavor to make at least part of this stock in St. John and give local men the benefit of the work.

In the past several shoe factories have been started in St. John, but went out of business for various reasons. With their superior facilities for handling the product of their own factory a more successful future may be predicted for this latest venture.

A notable feature of the enterprise is the fact that no concessions have been asked from the Common Council. The company is going ahead with it as a straight business proposition and is asking for no favors or special privileges of any kind.

It may be said also that this new industry has not been started as the result of any feverish activity on the part of the New Industries Committee of the Board of Trade.

DREDGING COMPANY MAY BE HELD LIABLE

For the Damages Suffered by Fishermen.

Lots Which Gave Rise to Present Trouble Were Auctioned by City Under Protest—Salmon Catch Very Poor.

As far as can be ascertained no steps have yet been taken by the West fisherman to obtain legal redress for the damage sustained on account of the dredging below Sand Point. The question is now being raised in some quarters whether the city or the Maritime Construction Company is liable for the damage. By some it is claimed that the company which is doing the dredging is liable for damages and that the city has no concern with the matter.

The fishermen whose weirs and ditches have been interfered with by the dredging operations seem to consider the city as the party liable. Last winter there was a serious case in some quarters where the city or the Maritime Construction Company is liable for the damage. By some it is claimed that the company which is doing the dredging is liable for damages and that the city has no concern with the matter.

As far as the filling off in the catch of fish is concerned one fisherman operating a weir below Sand Point informed The Star that Tuesday was the first day since the dredges had begun to dig that he had found a salmon in his nets. Previous to a day had passed without several salmon being found in the weir.

A WORTHY OBJECT

The Star has been asked to assist in an effort to raise funds for a worthy charitable object. An estimable young man has the misfortune some weeks ago to meet with an accident while at work by which one of his legs was so severely injured that amputation was necessary. He is in poor circumstances and unable to help himself. A few friends are now endeavoring to raise enough money for the purchase of an artificial limb, by which he may be aided in the task of providing for himself. Any generous citizens who feel so disposed may send contributions to the Star office, with the assurance that the money will be applied to the purpose for which it is asked.
