Paris, June 27, 2:50 p. m.—Nine German divisions concentrated in the recent attack on Thiaumont, north of Verdun, have been definitely identified, according to a statement supplied from semi-official sources today. Between Avocourt on the extreme left of the French front at Verdun and St. Mihiel, on the extreme right a total of 23 divisions including 6½ Bavarian divisions has been identified, the statement adds.

Germany No Longer Masters.
Paris, June 27.—The French press and public are intensely interested in the simultaneous forward movement by the Italians and the Russians and the current expression is assuming a tone of elation and confidence. The Temps, in its summing up of the military situation says: "It is now the turn of the Germans who have been harried ceaselessly with the explosive shell. Today they are no longer masters."

London, June 27.—The official communication issued by the British war office this evening says: "Last night southeast of the Ypres salient a German attack was repulsed near the Ypres-Menin Canal. All along the front our patrols were very active, entering enemy trenches at numerous points and inflicting many casualties and capturing a few prisoners."

"Early this morning we successfully exploded two mines near Loos. In connection with one of these explosions, the Leinster Regiment inflicted many casualties on the enemy during a successful raid."

"Yesterday, in the air, numerous hostile aircraft were encountered on the enemy's side of the line. Five of our machines engaged four Fokkers, two of which were brought down and fell out of control. Two more of the enemy's machines were driven down in the course of the day. Our loss was one machine missing."

French Win Grater Tip.
Paris, June 27.—The official communication issued by the war office tonight reads: "In the arzone, in the region of Bolante, we occupied the southern edge of a crater, caused by the explosion of a German mine."

"On both banks of the Meuse the bombardment was less intense during the course of the day. It was more violent in the Woevre, in the sector of Eliz."

"On the right bank the Germans, about two o'clock in the afternoon, delivered an attack on the part of the village of Fleury which we occupy, but were completely repulsed."

The Belgian communication: "Yesterday at the end of the evening, the artillery was active on both sides at various points of the front from Ramscapelle to Steenstraete. Today there was a reciprocal bombardment in the region of Dixmude."

Submit to Arbitration After War.

London, June 27.—The British and Swedish governments have agreed to submit to international arbitration, after the war, the question of the legality of British seizures of postal parcels, according to a Reuters despatch from Stockholm today. Great Britain also is willing, adds the despatch, to submit to arbitration other questions arising out of British prize court decisions which proved unsatisfactory to neutral governments.

Air Raider Brought Down.

Rome, via Paris, June 27.—An Austrian aeroplane, while bombarding Verona this morning, was attacked and brought down by Italian aircraft in the Chiampio Valley. Another aeroplane, attacking Padua, was driven off by anti-aircraft artillery.

SUSSEX GIVES COL. FOWLER'S BATTALION FINE SEND-OFF

Thousands at Station When Men of 104th Start on First
Stage of Journey to Empire's Battleground — Officers
and Men Had Won Hosts of Friends.

Special to The Standard.
Sussex, June 27.—There was a big gathering at the I. C. R. station to bid Godspeed and a safe return to the 104th Battalion which broke camp here tonight. For many months this splendid unit has been training to defend the honor of Canada and assist the Empire in its time of strife. The first train left at 7:15 and the second followed an hour later. The battalion, in marching order, headed by the bands of the regiment, paraded from the camp grounds to the station. The soldier boys looked their very best and many favorable comments were heard on their appearance. They were given an ovation all along the route and on arrival at the station were formed up in open order and a chance given for friends and relatives to bid a fond adieu to the departing heroes. The scene was an inspiring one, the bright uniforms of the soldiers mingling with the khaki uniforms of the officers and the myriads of small flags of the Allies waving in all directions presented a spectacle long to be remembered. But the bright picture had a sad side just the same and there were but few eyes in the vast assemblage that were not dimmed with tears. Prior to the leaving of the last train the splendid band of the battalion played "Keep the Home Fires Burning."

Ladies Provided Luncheon.
The ladies of Sussex again did themselves proud and autos laden with generous lunch boxes arrived for the boys and everyone was supplied with a bounteous lunch of sandwiches, fruit and cake. About 35 men, patients in the hospital and sick at home were left behind and will be attached to other corps. Col. Fowler's officers and men had become familiar faces in Sussex and such a good fellowship has sprung up between citizens and soldiers that the 104th Battalion had become almost an integral part of Sussex and its departure tonight was a source of deep regret to all. The citizens of Sussex and the people throughout New Brunswick will follow Col. Fowler and his gallant boys with their prayers and best wishes for a safe and speedy return.

Banners upon which were painted names representing the fighting spirit of the platoon decorated the sides of the cars. Some of the banners read: "Worrell's Warriors, Green's O'Leary's, Weeping Crew, Mack's Lads, Leavelle's Lightmen, Rods, Dawson's Devils, Price's Peter Taylor's Terrors, Nicholson's Nonpareils, Henderson's Hellions, Eveleigh's Entertainers, next show in Berlin. Apply to recruiting officers for reserved seats."

Lieut. J. Coles of Sackville, who has been attached to the 104th as a supernumerary officer, discarded his lieutenant's clothes and put on those of a private in order to accompany the battalion overseas.

A Fine Record.

An unfortunate accident occurred at Penobscot last evening when Miss Jennie Currie, aged 17 years, was struck by a passing train and seriously injured. Miss Currie was bidding good-bye to friends on the troop train when the St. John express, No. 17, was pulling in to take the siding and was struck by the beam of the pilot of No. 17 engine and thrown to the ground. Miss Currie's lower jaw was broken in three places and she was otherwise badly shaken up. She was brought to Sussex on the train where her injuries were attended to by Dr. Pearson and McAllister and afterwards removed to her home in an auto.

CABINET CRISIS IN ENGLAND MAY BE AVOIDED

Postponement of Unionist
Meeting May Help Clear
the Situation.

TWO LENGTHY CABINET
COUNCILS YESTERDAY

Names of Walter Hume Long
and Lord Cecil Mentioned
Among those Reported
About to Resign.

London, June 27.—Throughout today the air was charged with rumors of a serious cabinet crisis over the Irish home rule compromise. The fact that there were two prolonged cabinet councils, in addition to party meetings, seemed to confirm this view.

An evening newspaper announced that the Marquis of Lansdowne, minister without portfolio, and Walter Hume Long, president of the local government board, had actually resigned, but that their resignations had not been accepted. Rumor also connected the names of Lord Robert Cecil, Minister of War Trade, with the minister-likely to resign.

The Earl of Seaborn, in the House of Lords, explained that nothing was expected to be announced definitely concerning the situation until after a meeting of Unionists tomorrow, at which it was still hoped that the influence of Andrew Bonar Law, Secretary of State for the Colonies, who supports Premier Asquith and David Lloyd George, the Munitions Minister, who framed the Irish compromise, might possibly avert a rupture. To-night, however, it was announced that the Unionist meeting had been postponed until next week at the desire of Mr. Bonar Law and the government, who wished further time for consideration of the Irish proposal.

This postponement puts a new complexion on affairs, and permits of the hope that a crisis will be avoided.

GUELPH, ONT. GOES BACK TO STANDARD TIME.

Guelph, Ont., June 27.—In deciding that the city should revert from daylight saving to standard time today, the council's committee on the matter attached a rider to their report advising that the Dominion government be asked to consider the matter as they believed that the system was good, but not possible of success under local application.

Tuesday next will be Canadian night in the women's tribute to Kitchener week. The programme provides for a military concert by a brass band from Shorncliffe, playing through the streets of London, aided by Captain Edmund Burke and the Canadian military choir.

RELEASE OF U.S. TROOPS NOW PRISONERS ONLY THING TO PREVENT WAR, IS U.S. STAND

AN AMERICAN TRIBUTE TO SIR SAM HUGHES

Arm Chair Critics of Conduct of War Might Profit by Study
of Mobilizing of N. Y. National Guard as Contrasted
with Gen. Hughes' Rapid Organization and Equip-
ment of First Canadian Contingent.

Special to The Standard.
Ottawa, June 27.—A special despatch to the Journal from Albany, N. Y., says: "Canadian arm chair critics and political soldiers who are wont to belittle the Dominion's conduct of war might profit by a study of the mobilization of the New York National Guard for service on the Mexican frontier. The mobilization is particularly interesting when compared with Sir Sam Hughes' rapid organization and equipment of the first Canadian contingent."

"The New York National Guard was ordered to mobilize ten days ago. Up to today only four thousand men, regiments of infantry and some engineers, were ready for service. This despite the fact that they were regular regiments, and despatched as distinctive units."

"In the ten days less than 20 per cent of the National Guard has even succeeded in getting away from the armories and into camp, and very few of the units that did get away were adequately equipped."

Nothing Like Obstacles Sir Sam Faced.
"This, despite the fact that there was an ample supply of men from the start, with plenty of rifles and ammunition, General John F. O'Ryan, rated as an exceedingly able and efficient

officer, who is in charge of the New York State mobilization has had to face many, though not all the problems which confronted General Hughes, at the outbreak of war two years ago. General Hughes had to recruit an army from the field, the workshop and the office, forge it into a fighting machine and equip it besides. He was without men, uniforms, rifles or equipment. General O'Ryan has trained men, lots of rifles and ammunition. He has to face only a portion of the difficulties which were in front of General Sam. In the face of the difficulties which they are experiencing American officers who are familiar with the mobilization of Valcartier Camp, existing armament at the despatch with which General Hughes recruited and sent 33,000 men overseas. They say that in the light of first hand knowledge of the difficulties to be encountered, the performance was one of the most creditable of the war."

"At the present time there are more war contracts in New York than in Canada. The other day the government closed a contract with two St. Louis concerns for a big order of boots. The government paid \$4.40 a pair (nearly one dollar more than the Canadian government is paying) for shoes that had been selling at \$2.65. They had to be got in a hurry and the price went up."

Washington, June 27.—Unless General Carranza surrenders the 23 American troops held at Chihuahua City before tomorrow night President Wilson probably will go before congress Thursday to ask for authority to rescue them by force. Pending their release, the United States government will not consider any offer of mediation or arbitration. Prompt compliance by congress with any request the president may make as to Mexico was forehadowed today by the calm which prevailed in both houses. Although measures designed to prepare for war were under consideration, and the corridors of the capitol hummed with rumors there was no excitement, and discussion of the subject on the floor was avoided. The executive branch of the government was plainly waiting to do its part when, what the majority regarded as inevitable, should come.

Eusebio Arredondo, Mexican ambassador designate, said he had received no intimation of the course his government intended to pursue and had not even been advised of the receipt of the American note. On his own responsibility, however, he sent to the State Department two communications. One complains against the enforcement of a general embargo on shipments to Mexico; the other recites that Mexican citizens have been arrested without cause in California and Arizona.

A Partial Embargo.
They warn Secretary Lansing that the present situation between the two governments cannot fail to be gravely aggravated by these matters, although setting forth that the ambassador assumes that local authorities, not the state department were responsible for the trouble.

So far as is known, the state department has not been advised of the detention of Mexicans. It is an open secret, however, that a partial embargo on commerce between the United States and Mexico is being enforced effectually by customs and army officers without the authority of formal proclamation.

Efforts to sound administration officials today as to their attitude toward some form of arbitration met with a chilling reception.

Charles A. Douglas recently employed as Gen. Carranza's legal adviser here, called on Counsellor Fells, at the state department. He and Dr. Victor Apendon, head of the Yucatan State Commission, had received word from Luis Cabrera, the Mexican finance minister, that Gen. Carranza was disposed to appeal to the arbitration provisions of the treaty of 1848, provided the United States was willing to submit the dispute to peaceful negotiation.

Mr. Douglas is understood to have suggested that the arbitration provided for under section 21 of the treaty could well be employed to formulate a definite question as between the two governments, which in turn might be settled by mediation. He left the conference with the clear impression, that the Washington government would listen to no mediation suggestions.

It has been very plainly indicated that unconditional surrender of the American prisoners held at Chihuahua would be the only immediate step General Carranza could take to avoid hostilities. Whether a mediation proposal might be considered after their release is a matter of speculation.

There is reason to believe, however, that a plan which did not involve a military status quo in Mexico, and the consequent hampering of General Funston's disposition to guard the international line from raiders, would be considered, at least, if the captured troops were freed first.

CLOSING OF THE SCHOOLS YESTERDAY

Interesting Exercises Carried Out by Students—Visitors Much Pleased With Showing Made.

The schools of the city closed yesterday for the usual nine weeks' summer holidays, and a happy bunch of boys and girls were set free to enjoy themselves for that length of time.

At the High School the programme was devoted to Shakespeare, this being the tercentenary of his birth. The class essays treated of different phases of his life, and a number of the pupils presented sketches from the "Merchant of Venice."

At St. Vincent's High School the closing exercises began at 10 o'clock. Dr. H. S. Bridges presented the diplomas to the graduating class.

HUGHES' FORGES ORGANIZE FOR THE CAMPAIGN

Wm. R. Wilcox, Chairman of National Committee—Roosevelt Accepts Invitation to Dine with Hughes.

New York, June 27.—Developments at the temporary headquarters here of Charles E. Hughes, Republican presidential nominee, ranged today from ratification by the national sub-committee on organization of the nominal choice of William R. Wilcox, as chairman of the Republican National Committee, to the announcement that Theodore Roosevelt had accepted an invitation to dine with Mr. Hughes tomorrow night.

Mr. Wilcox, lawyer, former postmaster of New York, and until 1913 chairman of the public service commission of New York, is a personal and particular friend of the nominee.

Chairman Wilcox announced that he soon would open headquarters in New York and would devote his entire time to the campaign. Other officers of the national committee will be elected later. Col. Roosevelt's acceptance of Mr. Hughes' dinner invitation resulted from an exchange of personal notes. Col. Roosevelt also is expected to appear on Oyster Bay with Mr. Hughes.

Whether Col. Roosevelt would make a tour in behalf of Mr. Hughes was discussed at the Hughes headquarters today as well as the probability that the President, W. H. Taft, would be asked to make a number of speeches for the ticket.

INHABITANTS OF LEBANON DISTRICT NEAR STARVATION

Turks Had Drawn Cordons Around the District—Conditions in Syria Deplorable, Marquis of Crewe Says.

London, June 27.—Deplorable conditions prevailed in Syria, said the Marquis of Crewe, in the House of Lords today, in a statement dealing with the Arab revolt against the Turks.

A cordon had been drawn by the Turks around the Lebanon district and they were virtually starving the inhabitants of that district. Bearing in mind the fate of Armenia, he said, it was impossible not to feel the gravest concern for the fate threatening the inhabitants of Syria.

The Turks had exercised the greatest tyranny on Syrian notables, continued the Marquis, and had condemned twenty of them to death, and many others to imprisonment or exile. He understood that representations had been made by the Turkish government to the Turkish government, and it was difficult to see what further could be done. It could only be hoped, he added, that military successes which might be obtained in a different part of the world might have the desired effect in this direction.

Must Not Go Walking With Soldiers. Special to The Standard. Ottawa, June 27.—Nurses in training at the Protestant General Hospital Rideau street, are not to be seen on the street with soldiers in future.

This is the effect of an edict which has just been issued in that institution, and it has caused considerable surprise and not a little indignation. The management take the view that the young ladies are under discipline similar to the pupils of a school.

Sault Ste. Marie, Mich., June 27.—The Jas. J. Hill, of the Pittsburgh Steamship Company, of Cleveland, arrived here today with the crew of the steamer Panther, owned by the Massey Company, of Duluth. The Hill is on his way to the coast of the Pacific, where he will be in command.

SHACKLETON WANTS THE STR. URUGUAY SENT TO ELEPHANT ISLAND

Buenos Ayres, June 27.—Lt. Sir Ernest Shackleton, whose efforts to rescue the main body of his Antarctic expedition left on Elephant Island, proved futile, when the steamer Uruguay, for the purpose met with adverse ice conditions, has requested the despatch to Elephant Island of the Argentine Antarctic steamer Uruguay.

The Minister of Marine states, however, that it is impossible to send the Uruguay to rescue the Shackleton party, because she is not in suitable condition. No other suitable vessel in Argentina is available for the work, and it is feared that the chances of rescuing the stranded party this season are slim.

American Prisoners at Chihuahua. Washington, June 27.—The British consul at Chihuahua city, who is looking after American interests there, reported to the state department today that the American troops captured at Carrizal had been interned in the Chihuahua penitentiary, and were being well treated. He gave the number as twenty-three, two of them sergeants and the others privates. They are slightly wounded.

Chile Government Ready To Offer Good Offices. Santiago, Chile, June 27.—The government, it is understood has acknowledged with satisfaction the optimism shown by the Brazilian chancery in the matter of the controversy between the United States and Mexico. The prevailing opinion is that Chile is ready to offer her good offices in order to avert the danger of war.

Rushing Troops Forward. New York, June 27.—At the urgent request of General Funston orders were issued late tonight by Major General Leonard Wood, commander of the department of the east for Pennsylvania and district of Columbia troops to strain for the border at the earliest possible moment.

The Pennsylvania troops were ordered to El Paso, and those of the District of Columbia to Blaine, Ariz.

which the men of the 104th Regiment responded to instructions. Between four hundred and five hundred of the regiment had been permitted home on leave to return on the day of departure and by noon yesterday practically all had come back. In one company in particular not a single man was missing and the strength of the regiment on leaving established a record for the Maritime Provinces.

An incident of the leaving which created considerable talk was the refusal of one man to contribute anything towards the luncheon for the soldiers being prepared by the Indians. This man, who is one of the most prominent residents of Kings county, is in receipt of a very large salary from the government and has as well a large private income, yet he declined to assist the ladies in any way. It was stated, however, that after consultation he had purchased a twenty-five cent ticket for one of the activities of the Soldiers' Comfort Association, and comment was made that this would probably be his patriotic contribution for the year.

There was one other case of refusal to contribute on the part of a merchant in Sussex, who has no doubt profited very largely from the presence of the soldiers. The members of the regiment who know of these incidents promised to settle up things when they came back from the war.

R. W. Richardson, for Years in Business in Hartland, Killed in Woods by Falling of Tree.

Hartland, N. B., June 28.—Despite rumors to the contrary, Lieut. Harvey T. Reid, Hartland's Rhodes Scholar, who has been doing his "bit" for his country, is very much alive and arrived here on Tuesday morning looking hale and hearty, but still feeling the effects of the wound he received from a German shrapnel. He was met at the station by a large number of friends and driven to his home in Mr. A. F. Campbell's auto. He is kept busy relating his experiences at the front and hopes soon to return and resume his place in the great struggle.

ADDRESS PRESENTED TO JUDGE CROCKETT

Presides for First Time at Sitting of York Circuit Court—True Bills in Two Criminal Cases.

Special to The Standard. Fredericton, June 27.—The grand jury in York Circuit Court returned true bills against prisoners in two criminal cases on the docket, the cases being described by presiding justice as "without parallel from the point of moral degradation in the history of the court," and trials have commenced under the new act, the grand jury formerly being composed of twenty-four.

The first case on the docket was that of King vs. Charles Stennick. The case of the King vs. William Donahoe on information of Elizabeth McCoy is the other criminal case on the docket. The prisoner is charged with rape. The Donahoe case was first taken up for trial and is yet unfinished.

W. C. T. U. Convention there. On Saturday the death took place, after a long illness, of Mrs. John Nodin. Besides her husband there are left to mourn three sons, one of whom is on overseas duty, and one daughter. The funeral was held on Sunday. Rev. George Kincaid officiating at the house and grave.

At the Exchange Hotel on Friday afternoon, Rev. N. Franchette performed the ceremony which united in marriage Mr. John Moore and Miss Christina Mervezeau of North Quinny, Me. The party came by auto and after the ceremony entertained the clergyman and witnesses to tea.

Burton Taylor who has had his leg broken some time ago in Moncton, had the misfortune, when leaving the hospital to again fracture the limb. His father, C. H. Taylor, met him at St. John and brought him home, where he is doing as well as can be expected under the circumstances.

The death took place at Peel on Friday, June 16, of Miss S. Amanda Thomas in the 85th year of her age, of pneumonia. The deceased was a native of Fredericton, but with her brother, John, had lived at Peel for a number of years. Besides her brother John at Peel one other brother, Duncan, at Fredericton and a sister, Mrs. E. S. Boyer of Newburyport, N. H., survive. The funeral was held on Saturday, interment taking place in the Bradley cemetery. Revs. P. J. Napton and N. Franchette officiating.

LITTLE INTEREST BEING SHOWN IN CASEMENT TRIAL

Chief Counsel for Prisoner Endeavors to Show That the Indictment Was Faulty

London, June 27.—The second day of the trial of Sir Roger Casement for high treason opened with no change in the apathetic attitude with which the general public regards the case.

Although the Chief Justice of England is presiding over the trial, and the prosecution is being conducted by the highest law officers of the crown, it might seem to outsiders an ordinary society divorce case for all of the popular excitement it arouses and from the type of audience it attracts. The principal reason offered for this lack of interest is that the attention of the country is focused upon the continent where what possibly may prove the decisive phase of the great war, is at a crucial stage on both the eastern and western fronts.

The spectators of the trial, besides members of the bar, consist mostly of men about town who have no useful talk to do elsewhere. The atmosphere of the court room is not that of a trial for life, and the chief justice was compelled yesterday to insist that there must be no laughter in the court. The laughter was evoked by the rich brogue and smart repartee of Irish soldier witnesses.

The attitude of Casement himself is far from being one of gravity. He appears neither crushed nor subdued by the seriousness of his position, and takes the proceedings of his position in casual manner. With folded arms, or head resting on his hand, he usually has the air of being bored, except when he chats with the three policemen who sit around him in the iron-barred dock.

Alexander Sullivan, chief counsel for the defence, volunteered the information that the emblem on the flag was that of the city of Limerick. Mr. Sullivan cross-examined the police witnesses at length in regard to the general unrest in Ireland, and brought out the fact that the people of the south were arming themselves against those of the north and against conscription and that, after the Curragh incident when the military refused to serve against Ulster, the southerners felt they could not trust the soldiers to protect them against Ulster volunteers.

One police witness said that, although the carrying of arms and drilling went on unhampered by the authorities, the landing of arms would have had a very grave effect. As Mr. Sullivan proceeded with his address it became increasingly evident that the defense attached the greatest importance to the attempt to show the indictment was faulty, inasmuch as it charged Sir Roger committed treason by adhering to the King's enemies elsewhere than in the King's realm.

For more than two hours Mr. Sullivan argued the matter from every angle, citing numerous cases, some of which were very ancient, which he declared tended to show no man could be tried for treason committed outside the King's realm.

At many points the three justices entered into dissertations on the questions raised. When the court adjourned Mr. Sullivan was not completed his argument, which will be continued tomorrow.

SAYS POLICE CHIEF ACCEPTED "HUSH" MONEY

New Charges Against Chief M'Collum of Fredericton—Claimed He Took Money from Hotel Men.

Fredericton, June 27.—Charges that Chief of Police John H. McCollum accepted "protection money from certain local hotel men in return for allowing them "privileges" under the enforcement of Scott Act were preferred with the police commission today. The privileges are said to have been immunity from raids and summonses for two hotel men were asked. The charges preferred by two former members of the police force, William Duncan and William Saunders, who made charges which have been before the commission for some months past, and which are now being investigated as result of intervention by the Attorney-General.

These new charges supplement those which are still under consideration and following upon the stir caused by evidence given by Mr. James Driscoll, a St. John hotel proprietor at yesterday's session, have created a sensation. Altogether six new charges are to be made, it is said, against Chief McCollum, while there are also five charges to be preferred against Patrolman Charles Marshall.

What action police commissioners will take respecting evidence which Mr. Driscoll gave to the effect that Chief McCollum had boasted he "had" two of the commissioners, is not yet known. This feature of the case is being much discussed about the city today; also evidence which was produced which showed that Officer Marshall was sleeping for long periods in the police station when he was supposed to have been on his beat, and that he refused to get out of the station and on his job even when aroused.

Nothing is known either as to when Commissioner H. R. McLellan will be here from St. John to give evidence. It is said that he is being summoned to tell what the investigation held at St. John several years ago revealed as to the records of McCollum and Marshall when members of the St. John police department.

A Frame-Up. Some of the evidence taken this afternoon was relative to a Scott Act raid made at Queen Hotel which is alleged to have been "fixed." An invoice of goods from a St. John wholesale liquor concern, it is alleged, was left on the cash register in the bar by arrangement where, it is said, Patrolman Marshall got it. The charge is that it was pre-arranged that this invoice should be left there to form

VON PAPAN PAID THE BILLS

More Details of Plot to Invade Canada Revealed at Yesterday's Session of Tauscher Trial in New York

Buffalo, June 27.—How he served Horst Von Der Goltz, self-confessed conspirator as "secretary" at \$2 per day, was told today by Charles Tucker in the trial of Hans Tauscher, former German army officer, charged with complicity in the alleged plot to blow up the Welland Canal in September 1914.

Tucker testified that he met Von Der Goltz accidentally in New York and the latter enticed him to help "get Canada." The witness told of a trip to Buffalo with two other assistants in the alleged conspiracy.

He said that while in Buffalo a suit case containing dynamite was left in his room for a few days and then taken away just before a policeman searched the apartment.

The witness said he was forced to go to Buffalo by Von Der Goltz, declaring that Von Der Goltz had threatened to shoot him.

A. B. Levenson, Tauscher's secretary, told of seeing Von Der Goltz at Tauscher's office and of hearing Tauscher order dynamite.

Harold A. Clarke, an employee of the Dumont Powder Company, testified to taking the order for the dynamite from Tauscher.

He said representation was made to him at the time that the dynamite was wanted for boulder blasting in New Jersey.

Henry Muck, bookkeeper for Tauscher, recalled the purchase of dynamite by his employer. When shown a bill from the Dupont Company to Tauscher and a receipted bill from Tauscher to Franz Von Papan, German military attaché, he said that Tauscher paid the Duponts for the dynamite, and sent a bill for the amount to Von Papan who paid the charge in December, 1914.

to have the bar cleared of all except a small quantity of liquor which raiding officers seized. Ex-Officer Saunders swore today that the day previous to the raid Chief McCollum was closeted with the proprietor of Queen Hotel for between an hour and a half and two hours. Mayor Mitchell and Chairman McKay tried to make it appear that Saunders was changing his evidence from the previous day. The stenographer was referred to but did not have any minutes of the matter in dispute. The outcome was that Saunders left the commissioners' meeting in a huff, declaring he would apply for a warrant for McCollum's arrest on a criminal charge. Proceedings are carried on behind closed doors and when the commission will meet again is not known.

BAKERIES AND BUTCHER STORES IN LEPSIC ARE STORMED BY HUNGRY MOB

Serious Food Riots and About 1,800 Shops Pillaged—Martial Law in the Town and Also in Duchy of Brunswick.

Berne, Switzerland, June 27, via London.—Reports have reached here that serious rioting occurred in Liepsic at the end of last week and that about 1,800 shops, chiefly those of bakers, butchers and provision dealers were pillaged by mobs. It is stated that Czech soldiers brought from Austria fired upon the crowd and that martial law has been proclaimed in Liepsic and in the Duchy of Brunswick.

Austrian Invaders Unpopular. his two brothers would be captured and hanged. At the same time an order was issued offering 50,000 francs each for Mvukottich and his brothers. Gen. Weber's action is said to be due to popular agitation on the part of Montenegrins against the Austrian forces of occupation. It is stated that the principal Montenegrin tribe has been fined heavily.

WHY?

Frank B. Carvell, Member of Parliament for the County of Carleton, N. B., and George W. Kyte, Member of Parliament for the County of Richmond, N. S., have made serious allegations against a responsible minister of the Canadian Government and responsible Canadian officials.

These allegations and comments upon them by the men named and the Liberal press have had the effect of defaming Canada and of arousing throughout the world a contempt and prejudice against this country.

Free and full investigation of the allegations made by Carvell and Kyte has shown there was no corruption or dishonesty on the part of the Minister of the Canadian Government or the Canadian officials referred to.

Why should Frank B. Carvell, Member of Parliament for the County of Carleton, N. B., and George W. Kyte, Member of Parliament for the County of Richmond, N. S., be permitted to remain in Canadian public life?

WHAT CAPE BRETON DID.

Although the Nova Scotia elections were disposed of more than a week ago, Grit newspaper editors are still finding in the result "evidence" of the complete downfall of the Borden Government and the Conservative Party.

The Chronicle cannot ignore the facts as they manifested themselves in Cape Breton, although it does admit that "thanks to an unlimited supply of money and liquor the Conservatives were able to win two seats in Richmond county," and then it goes on to say the result of the election is a certain indication of what will happen when the Borden Government appeals to the people.

Taking the Chronicle's predictions as correct it would appear, from its own reasoning, that at least one Grit member who now sits in Ottawa will be a minus quantity after the next Dominion election. For the County of Richmond is responsible for giving to Canadian public life that illustrious bird, Mr. George W. Kyte, who shared with Mr. Carvell the responsibility for the fuse charges, and the County of Richmond has gone from the Liberal into the Conservative column. Consequently Mr. Kyte's chances cannot be regarded as any too bright.

But the island of Cape Breton merits attention on other grounds than the result in Richmond. In the last local election the Conservatives elected but two men on the whole island and in the federal election of 1911 they did not gain a representative, the popular Grit majority being in excess of 2,000. In the recent polling the Conservatives captured five of the ten seats and turned a 500 Grit majority in Kyte's constituency into a Conservative majority of more than 400. In Victoria, Premier Murray's constituency, they reduced a majority of 551 to one of 138, and in the whole island they won a popular victory by more than 700 votes.

If the Chronicle's logic, as applied to the Nova Scotia result, has any meaning at all it is that the Grits will do well to secure a single seat in Cape Breton at the next election, while in the province generally their chances have not improved. It might reasonably be supposed that if Dominion issues cut any figure at all in the recent elections they would have influenced the result in the County of Richmond, whose Dominion representative played such a prominent part in matters recently engaging much attention. Yet in Richmond, Mr. Kyte's candidates were beaten decisively. The significance of this fact might well afford the Chronicle food for a column or so of editorial thought and explanation.

THE SEA IS HIS

The sea is his; He made it, Black gulf and sunlit shoal, From Britain right to where the long Leagues of Atlantic roll; Small strait and ceaseless ocean He made each one to be. The sea is his; He made it—And Britain keeps it free.

By pain and stress and striving Beyond the nations' ken, By villa stern when others slept By lives of many men, Through nights of storm, through dawnings Blacker than midnight be—The sea that God created, Britain has kept it free.

Count me the splendid captains Who sailed with courage high To chart the perilous ways unknown—Tell me where these men lie! To light a path for ships to come, They moored at Dead Man's Quay. The sea is God's; He made it—And these men kept it free.

O little land of Enniskill, Oh mother of hearts too brave, Men say this trust shall pass from thee, Who guardest Nelson's grave! Aye, but these braggers yet shall learn, Who'd hold the world in fee, The sea is God's—and Britain, Britain shall keep it free.

CANADIAN RED CROSS ACTIVITY IN FRANCE

Lady Tilley Receives Report From Assistant Commissioner Giving Good Idea of Work Accomplished.

Lady Tilley, organizing president of the Canadian Red Cross in New Brunswick, has recently received from headquarters, Toronto, the following most interesting report from Capt. Harry Blaylock, assistant commissioner in France. Capt. Blaylock says: "Monday morning, May 22nd, I proceeded to Paris, reaching there at noon. I visited our representative, M. Philippe Roy, and met Sergt. Testar, whom I had sent down from Boulogne to assist for a few days. A consignment of 5,516 cases of Red Cross supplies had reached them from London, and while with their limited staff they had done wonders in handling it, they needed assistance with the booking, etc. Some idea of the size of this shipment can be gathered from the fact that it required 42 railway trucks to bring it from the port to a station just outside Paris. The cases were removed from there to our depot—a distance of some 8 kilometres—by motor lorries loaned by the French government. This meant 8 days' hard work and some 52 journeys. Tuesday was spent sorting out and booking in the cases and when I left Paris on Wednesday afternoon, the entire shipment had been counted and was stacked in six of the large barracks which the French government had built for us. 139 cases of the shipment had not arrived but were on the way and were expected in a day or two. I might add, that from the Paris depot we have already sent supplies to considerably over 200 needy French hospitals and have requests in hand for over 1,000 cases. These requests are being filled this week.

On Wednesday I returned to Boulogne. Thursday and Friday were spent here with arrears of work and going through the stores and indexes of the week. "On Saturday, learning that our troops were heavily engaged at the front, I left immediately for headquarters to see if we could render any assistance. Of what I saw I can say but little. Our losses were severe and our men had fought splendidly. I was with the D. D. M. S. throughout the day and night. It was the first time I had seen advanced dressing stations, field ambulances and casualty clearing stations at work during a heavy action. They are magnificent. We got to one dressing station in an old mill about 2 a. m. Here, with sand bags piled on every side, as the place was heavily shelled, were the doctors and orderlies tending to the wounded as they came in as coolly as if in their surgeries at home. True, lanterns took the place of electric light and the floor served as a dressing table, but the care, tenderness and quickness with which each case was handled and sent off to a clearing station was marvellous. The O. C. of this particular unit had been hit the night before and at that time was dying and ten men had been wounded, but everything went on as usual. "We were able to render much assistance during the night. Once, a shortage of stretchers threatened and I was able, with the assistance of the British Red Cross, to supply them with 200 from Boulogne in six hours—they

Little Benny's Note Book

Last night me and Sid Hunt was setting on my front steps not doing anything on account of not knowing anything to do, and Puds Simkins came up looking suspicious, saying, O, fellows, did you see the detective standing down at the corner watching the house across the street. How do you know he's a detective, I sed. Hes got his hat pulled down over his eyes, sed Puds. And we went down to the corner with him and sure enuff there was a man standing against the wall looking at the house across the street, being a tall skinny kind of a man with his hat away down over his eyes and a expression like a detective. Lets watch him and see wat happens, sed Puds. Wich we started to do, me saying, Maybe theres sum robbers in there or sumthing. Maybe sumbody in there got smallpox or sumthing and nobodys allowed to come out on account of being quarantined, and if enybody comes out the detective will arrest them, sed Puds. If he did he wood catch the smallpox, I sed. Wats a detective care for smallpox sed Puds. Maybe sumbody going to shoot sumbody in there and hes waiting till they do it, sed Sid. Lets go up and ask him, I sed. A detective aint supposed to tell you wat hes detecting, sed Puds. Lets ask him enyhow, he cant do any more than chase us, I sed. And we started to wawk over to him, and jest then a lady came down the street and stopped in front of him, saying, Did you think I was never coming. Its the last time I wait for you, sed the man. And they wawked away together. G, wat do you know about that, sed Puds. You dont know a detective wen you see one, I sed. And we went back and sat on my front steps agen.

reached them at 3 a. m. Also our lorries were going incessantly, taking up sterilized dressings, etc. By midnight Saturday the battle had died down, and our work had begun supplying the base hospitals. This gives a glimpse of the demands now being made upon the stores of the Red Cross Society, and shows how quickly large quantities are used and to what purpose. The lengthening casualty lists should rouse us to even greater efforts than ever before, to keep these most necessary supplies steadily going forward, for without the aid of the Red Cross many of our best and bravest would never return. Lady Tilley therefore appeals to all Red Cross workers in every society to continue with renewed energy their efforts on behalf of this truly noble cause, for although the summer months are short, we must never forget in the beauty and peace of our own favored land, that the greatest sacrifices are being made for us on the battle fields of Europe, and so our part here with deep interest and unflinching zeal.

LATE NEWS AND VIEWS FROM SPORTING WORLD

MAPLES HAD ALL BETTER OF LAST NIGHT'S GAME

Defeated Shamrocks by Score of 9 to 4 in One-Sided Contest in St. Peter's League.

Duddy Devar successfully piloted the Maples team through another game last night on St. Peter's grounds, defeating the Shamrocks, 9 to 4.

The Maples, after a few preliminary skirmishes, opened the happy doings by gaining a lead of three runs in the second inning. They continued to increase their advantage until the game was called in the eighth.

The Maples played rings round the Shamrocks in last night's game. Their batting, fielding, throwing and base running was far superior to that of their opponents.

The Shamrocks went to pieces in the fifth when Perry fumbled a weak infield fly hit by O'Connor with three men on. That hurt coupled with an overthrow was the cause of McGovern, McGuire and O'Brien scoring. Immediately after Kelley dropped a hot one hit by Harrison, allowing two more runners to reach home.

"Hitless" Haggerty was the only man in the team's line-up who showed any class in the field. He sure can cover big ground in little time. The way he chased those hits entering his territory is a sight worth seeing, and last night when he followed that airship hit of Duke's to the ash heap and grabbed it before it entered the garbage barrel his former spectacular catches faded into oblivion. It certainly brought the ball bungs to their feet.

McGovern fattened his batting average in great style, with five chances he came through with four hits, one of which was a two-bagger.

O'Connor, Duddy's young southpaw, was on the firing line for the Maples, with McGovern receiving. The Shamrocks found O'Connor for seven hits, Knudson acting the hog by taking a two-bagger.

McGovern at first was the star for the Maples in the inner guard. He made some catch when he grabbed an infield fly hit by Perry in the fourth.

It looks as though Duddy's bunch will not watch anything all the way through the season. He is surely coaching a fast aggregation of ball tossers, and with a little more practice together, they may make the leaders travel some for first place.

As the season advances more interest is manifested by the ball fans of the city. Every game brings a larger number of spectators, last night's attendance eclipsing any so far this season.

No wonder the Shamrocks could not hit—the hat was corked.

APPOINTED BY THE AMERICAN BOXING ASS'N

New York, June 27.—Matt J. Hinkel, of Cleveland, president of the American Boxing Association, who holds a New York state referee's license, was today appointed by the chairman of the New York State Athletic Commission to act as the third man in the ring during the ten round boxing bout between Frank Moran and Jack Dillon in Brooklyn next Tuesday night.

SIGNED WITH GIANTS.

New York, June 27.—John McGraw, manager of the New York National league club, today signed Mike Doohan, the veteran shortstop, who started the season with the Chicago Nationals, but was released by the latter club to the Atlanta team of the Southern Association. Doohan balked at being released to the minors, and President Weaghtman of the Cubs gave him permission to stick with the New York Nationals.

Doohan was shortstop and captain of the Philadelphia Nationals for many years before jumping to the Baltimore Federals in 1914. He is the sixth Federal league player signed by McGraw.

KENNEL ASSOCIATION FINED.

New York, June 27.—News that the Ladies' Kennel Association of America was fined \$125 by the American Kennel Club for disregard of rule 18 forbidding professional handlers to act as judges has created a stir among followers of dog shows.

The direct charges is that the American Kennel Club notified the Ladies' Kennel Association that John Brett of

Avoid waste of Fuel

Unless you *KNOW* positively that a cheaper furnace will heat your home without waste of fuel, there is small satisfaction in saving a few dollars on its purchase. The Sunshine Furnace saves coal because it is well made and because every part has been carefully thought out.

LOOK IT OVER. Anyone can see that the greatest heating factor in a furnace is the fire-pot; that a pot with straight walls like the Sunshine fire-pot will give off more heat than one that must often have an outer lining of ashes.

Doors and dampers that are tightly fitted will certainly hold the fire longer than those that are loosely fitted. The wider air passages and larger radiating surfaces of the Sunshine must heat the air much more readily. These Sunshine Furnace features are coal-savers that mean much in mid-winter.

If you are looking for economical heating, you must see clearly that it will take a good modern, well-made furnace to supply it. You will naturally think well then of

McClary's Sunshine Furnace

Saving coal interests you, of course. Then you will want a copy of our booklet. Send the coupon to-day for a copy. If you want information about the cost of heating your home, we will let you have it promptly and without charge. If you will write to our Heating Engineer, he will show you how to plan your heat distribution so as to get the utmost warmth with the least expenditure. Write him, giving the size and number of rooms in your home—a floor plan of the upstairs and downstairs—and he will give you the probable cost of putting in a system that will give you the heat you want where you want it. Fill in and send the coupon direct to the factory.

SHARP RALLY IN PRICES IN SECOND HOUR YESTERDAY

Extended from Fractions in Some Instances to Three and Four Points.

A RISE OF FOUR POINTS IN SCOTIA

Change of Front Explained by Belief that Liquidation of Weak Accounts Had Run Its Course.

Special to The Standard.
Montreal, June 27.—After an opening in the stock market today which suggested further readjustment of speculative accounts which kept in an uncertain tone there was a sharp reversal of form in the second hour which resulted in rallies of prices extending from fractions in some instances to as high as four points in Scotia, three points in Iron and 2½ in Steel of Canada.

Smelters, Cement, Brazilian and Bridge had substantial rallies. The latter did not figure in the forenoon trading but bids were advanced to 218 as compared with yesterday's low of 214 and 215 at the close.

The general explanation of the sharp change of front was that the liquidation of weak accounts had run its course and there was good buying awaiting that development.

Some short covering also figured in the rally. In the afternoon session some of the stocks which rallied rapidly around the noon hour yielded some of the gains. Steel of Canada as leader reacting from 57½ to 56½, while Iron went back from 53½ to 54½.

SUGGESTIONS TO SICK WOMEN

How Many Are Restored To Health.

First.—Almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements in the side, burning sensation in the stomach, bearing down pains, nervousness, dizziness and sleeplessness.

Second.—The medicine most successful in relieving female ailments is Lydia E. Pinkham's Vegetable Compound, which overcomes disease.

For forty years it has been making women strong and well, relieving backache, nervousness, ulceration and inflammation, weakness, displacements, irregularity and painful periods. It is also invaluable in preparing for childbirth and the change of life.

Third.—The great number of unsolicited testimonials on file at the Pinkham Laboratories at Lynn, Mass., which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ailments.

Fourth.—Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Company (conditional), Lynn, Mass., for special advice. It is free, will bring you health and may save your life.

MARGUERITE'S WEEKLY CHA

Yes, some people are sincere, but it is that I want to talk about. In the enthusiasm, women rushed to help. Now-a-days papers are warning us that there is slack women were never so highly regarded while they were fighting in the battle line working hard to help them. Men were sisters, sweethearts and comrades were for them and knitting for them constantly doing, but the Patriotic Societies will come for some endeavour you may ask "Oh I'm out of town now," or "We can't we've closed our meetings for the summer. France can take no vacation. I like rather in Wilfred Maynell's Book "Hall! Who asked by a small boy the time answered found, in the old care-free day, that they pleasure. It should be only the more as Crear or any other patriotic activity. I patriotism, you will give up everything.

Farewell Luncheon.

High School Alumnas Reception.

The reception and dance given by the High School Alumnas to the graduating class and their friends took place in the Assembly Hall of the High School last evening and was a very enjoyable affair. The hall was decorated with flags and palms and daisies. The life membership pin was presented to Miss Edith Barnes by Miss Jessie Lawson. Miss Lawson, as honorary president, gave a short address and a musical programme was carried out, consisting of a solo by Mr. Walter Pidgeon, a violin solo by Miss Dunlop and a quartette.

Girls Guides in Scotland.

On a recent Saturday there was a party of the Midlothian Girl Guides, who were inspected by Lady Betty, in the drill hall of the Loblans and Her work at her home, Edinburgh. There was a large gathering of spectators, who were much impressed by the smart appearance of the Guides, who numbered nearly four hundred, and neatly turned out in their navy-blue uniforms and wide-brimmed felt hats, presented a very trim and efficient appearance. On the conclusion of her inspection Lady Betty briefly addresses the Guides, congratulating them on doing credit to their training, and expressed particular satisfaction that "work for the home" was the first object of the organization. The ceremony of consecrating the new colors of the second company was performed by the Rev. James Durran, and Lady Betty presented badges for proficiency to a number of girls. After the formal ceremonies the girls marched to Queen Street Gardens, where they went through a number of drill exercises.

CAPT. SCOVIL AND LT. MORRISEY WAR CAPTIVES OF THE SAXONS?

Rev. G. A. Kuhring Writes to Capt. Scovil's Father That C. M. R. Officers Reported Missing Are Really in German Prison Camps.

It will be the best of news for the relatives and friends of some of the 6th Mounted Rifles officers and men who were reported missing to learn that these brave soldiers have not been killed but are prisoners of war and held by the Germans.

The fate of Captain Morris A. Scovil, of Gagetown, and Lieut. George Morrisey of St. John, and both with the Mounted Rifles, was unknown until yesterday when Morris Scovil of Gagetown received a letter from Rev. G. A. Kuhring, chaplain of the 6th Mounted Rifles, to the effect that Captain Scovil and Lieut. Morrisey, who were both reported missing are now prisoners of war. It is also reported that Trooper Roy T. Armstrong, of this city, who was reported missing, is a prisoner of war. The letter from Rev. Mr. Kuhring states that the men who are prisoners were taken and are held by the Saxons, and this almost assures fairly good treatment as the Saxons are more humane than the other German units.

Other St. John boys reported missing were two brothers, Joshua and Ernest Clayton, sons of J. P. Clayton, the superintendent of Fernhill cemetery. It is now believed that these soldiers are also prisoners of war. A letter was recently received by Mr. Clayton from Major McLean of the 6th Mounted Rifles in which that officer stated that he believed the Clayton boys were prisoners as a careful search of the trenches where the battle had taken place was made and the bodies of the men could not be found. It is known that a number of wounded and unwounded Canadians were taken prisoners and there is good cause to believe that the Clayton boys are among those taken by the Saxons. A cable received by Mr. Clayton, a couple of days ago from Major McLean stated that there was no further information.

It was in a big battle at Hooge and about Ypres on Friday and Saturday, June 2nd and 3rd, that there was such a heavy loss to the Canadian boys, among which was the 6th Mounted Rifles. In the story of this battle it is mentioned by the correspondents as being the bloodiest fight since the battle of Loos, and it was a fight in which the Canadians played a most glorious part. The Canadians were fighting in a swampy ground. They were surrounded by an overwhelming force of the enemy, and for five hours a ceaseless pounding from three sides levelled the Canadian trenches and left these soldiers at the mercy of the Hun. Even when left in that terrible predicament and with heavy odds against them the Canadians fought hand to hand until hundreds were killed and wounded and those remaining taken prisoners.

TEACHERS TO GATHER HERE THIS MORNING

New Brunswick Institute Will Commence Its Sessions in High School—600 Visitors Expected—Public Meeting Tonight.

The New Brunswick Teachers' Institute will open in the High School this morning and it is expected that there will be a large number of teachers of the province will attend. Judging from past sessions held in this city there will be between five and six hundred present when the roll is called at 10 o'clock. Dr. W. S. Carter, Superintendent of Education, and the parents of the scholars as can be seen from the general public as can find it convenient to be present at any or all of the sessions, as he feels that the closer the teachers and the parents of the scholars can be brought the better it will be for both. He is especially anxious that the public meeting in the Opera House tonight should be well attended as the speaker of the evening is well worth hearing, and his subject, "The Citizen and His Schools," is one that should interest every taxpayer.

Hon. Payson Smith, who will deliver this address is one of the best known educationalists in the Eastern States, and has lately been appointed commissioner of education for the State of Massachusetts. The program for today will be as follows:

First Session.

9 a. m.—Meeting of executive committee.

10 a. m.—Enrollment, report of executive committee, election of secretary, and nominating committee. Appointment of committees. Address by the president, W. S. Carter, LL. D., chief superintendent of education.

Second Session.

2:30 p. m.—"School Libraries—their Use and Abuse," Miss Eleanor Robinson, editor Educational Review.

3:30 p. m.—"Evening Continuation Schools," Dr. F. H. Sexton, director of technical education, Nova Scotia.

8:30 p. m.—Public meeting, Opera House, Dr. W. S. Carter, chairman. Addresses of welcome. "The Citizen and His Schools," Hon. Payson Smith, commissioner for education, Massachusetts.

Around the City

Half a Dozen Drunks.
The police arrested six drunks yesterday. One of the prisoners is charged with disgraceful conduct on Dock street.

Policemen on Vacation.
Night Deskman Gibbs at police headquarters and Sergeant Baxter will start on their annual vacation today. During the next two weeks Police Constable McLeese will act as night man at headquarters.

Exceeding Speed Limit.
Two St. John citizens were taken in custody yesterday by an officer from Sussex, who charged them with exceeding the speed limit in their automobile at Sussex last Sunday. The sum of \$25 was paid as a fine and the matter was dropped.

MORE LETTERS FROM THE BOYS IN HOSPITALS

F. W. Sumner in Receipt of Interesting Communications from New Brunswick Lads in Khaki.

F. W. Sumner, the Agent General for New Brunswick in London, is in receipt of a large number of interesting letters from provincial soldiers who have been wounded while in action. The writers all thank the Agent General for gifts sent them. Among the letters are the following:

Pte. W. M. O'Brien.

Pte. O'Brien, writing from the Countess of Lytton's Hospital, 5 Nottingham Place, W. Bedford, England, states that his home address is care Mrs. R. A. Hekey, 34 Sydney street, St. John. He was wounded with shrapnel in both feet on May 17th. The letter was written on June 9th and the soldier says he is getting along nicely, but is unable to walk.

J. W. McLellan.

J. W. McLellan, who states that his home address is in Victoria county, writes on June 9th from the 2nd Southern General Hospital, Bristol, Eng. He says he was wounded on the right hip and left arm by shrapnel, that he was operated on in France and the pieces of shrapnel removed. He is getting along nicely and expects soon to be able to get out of bed.

William J. Swetka.

Signaller William J. Swetka, of the 26th Battalion, writing from North Devon Military Hospital, England, on June 14th, states his home is Fairview, Kings county. He says he got in the way of a small piece of shrapnel on June 2nd. The wound is very slight in the left arm and is now almost healed. He expects to be soon sent to the reserve battalion and then back to the front.

Fred Woodbury.

Fred Woodbury of the 26th Battalion writes from the Edinburgh War Hospital, Scotland, on June 10th. He states that there was an epidemic of measles among the troops in the trenches and that he contracted it at St. Eloi about the middle of May. He is coming along fine now and expects to get back to the front.

Private F. L. Howard.

Private F. L. Howard of the 26th, writes from Kitchener's Hospital, Brighton, Eng., on June 10th. He says he was wounded in the back on May 17th by a piece of shell. He is getting along nicely at the time of writing. His home is in West Quaco, St. John county.

Pte. Bert Hartgrave.

Private Bert Hartgrave of the 26th writes on June 13th from the 3rd Southern General Hospital, Oxford, Eng. He states he was wounded in the knee on June 2nd near Ypres and is getting along nicely. His home address is in Moose Mountain, Carleton county.

Pte. George Hemming.

Private George Hemming of the 26th writes from the V. A. D. Hospital, Eastcote, Middlesex, on May 15th. He says he was wounded by shrapnel on April 16th at St. Eloi, the wound was

MAJOR MORGAN GETS COMPANY IN THE 236TH

St. John Officer, Just Home from Front, Will First Go to Valcartier as Temporary Brigade Major.

Lieut.-Col. Powell will leave tonight for Valcartier, where he will command the 6th Brigade, consisting of the 140th, 12th, 105th and 106th Battalions. For brigade major Lieut.-Col. Powell will have Captain Culbert J. Morgan, who recently returned from the front. Captain Morgan will only act as brigade major until Lieut.-Col. Powell secures a permanent officer for the position.

The young major is to be congratulated upon his well-deserved promotion, and it speaks volumes for the ability of Major Morgan, who was one of the first to volunteer for overseas service, enlisting in the 12th Battalion. He was afterwards transferred to the Western Cavalry 5th Battalion. While at the front Major Morgan was in command of a wiring party. This occupation of erecting barbed wire entanglements and fences in "No Man's Land" is one of the most dangerous branches of modern warfare.

236th Rifles.

On his return to New Brunswick Major Morgan will be in command of the 4th company of the killed battalion, the 236th, to be recruited by Colonel Guthrie, just as soon as the units now under mobilization are completed. Judging from the numerous enquiries made concerning the 236th Battalion it will not be long in re-creating up to strength.

All the officers of this battalion must have seen active service before their application will be considered. It is now felt that there are a sufficient number of returned men to fill such positions as company sergeants and platoon sergeants. This means that every commissioned and non-commissioned officer of authority will have seen active service at the front.

Strips of Khaki.

Captain Kendrick of the 63rd Battalion, stationed at Halifax, passed through the city last night en route from Montreal to Halifax.

Corporal Dacey, in charge of twelve members of the 4th Pioneer Battalion, stationed at St. Stephen, arrived in the city last night. The men will be admitted to the military hospital. None of the cases are serious. Several of the party are troubled with varicose veins.

Two recruits enlisted in the 237th Battalion yesterday. J. F. Clark was the only name obtained, the other will be published today.

The 6th Battery, in command of Captain John H. Evans, although up to strength, requires about fifty more men as a draft is soon to be made, probably next week for overseas service.

ST. VINCENT'S GRADUATES ENTERTAINED AT DINNER

Enjoyable Function at Bond's Last Evening When Alumnae Acted as Hosts of 1916 Class.

The 1916 graduating class of St. Vincent's High School were the guests of the Alumnae last night at Bond's. In the absence of the president, Mrs. Jas. McMurray, the chair was taken by the vice-president, Miss Annie McGuigan. The tables were nicely decorated and the large number present all seemed to be enjoying themselves. About one hundred and twenty-five sat down to dinner which was served in host Bond's best style. Those in charge of the arrangements were: Business committee, Miss Kathleen Mooney and Miss Mamie McGuigan; programme committee, Miss Katherine McLaughlan and Miss Muriel Corkery. After the dinner had been disposed of the following programme was carried out in a very successful manner:

Toast—The King.

Toast—The 1916 Graduates. Proposed by Vice-president Miss A. McGuigan; response by Miss M. Chaisson.

Toast—Our Teachers. Proposed by Miss Jean Walsh; response by Miss Bella Reed.

Vocal solo—Miss Theresa Sugrue.

Toast—Our Boys at the Front. Proposed by Miss May Connolly; response by Miss Guskie Ryan.

Reading—Miss Mabel Scully.

God Save the King.

ST. JOHN OFFICER, JUST HOME FROM FRONT, WILL FIRST GO TO VALCARTIER AS TEMPORARY BRIGADE MAJOR.

Lieut.-Col. Powell will leave tonight for Valcartier, where he will command the 6th Brigade, consisting of the 140th, 12th, 105th and 106th Battalions. For brigade major Lieut.-Col. Powell will have Captain Culbert J. Morgan, who recently returned from the front. Captain Morgan will only act as brigade major until Lieut.-Col. Powell secures a permanent officer for the position.

The young major is to be congratulated upon his well-deserved promotion, and it speaks volumes for the ability of Major Morgan, who was one of the first to volunteer for overseas service, enlisting in the 12th Battalion. He was afterwards transferred to the Western Cavalry 5th Battalion. While at the front Major Morgan was in command of a wiring party. This occupation of erecting barbed wire entanglements and fences in "No Man's Land" is one of the most dangerous branches of modern warfare.

236th Rifles.

On his return to New Brunswick Major Morgan will be in command of the 4th company of the killed battalion, the 236th, to be recruited by Colonel Guthrie, just as soon as the units now under mobilization are completed. Judging from the numerous enquiries made concerning the 236th Battalion it will not be long in re-creating up to strength.

All the officers of this battalion must have seen active service before their application will be considered. It is now felt that there are a sufficient number of returned men to fill such positions as company sergeants and platoon sergeants. This means that every commissioned and non-commissioned officer of authority will have seen active service at the front.

GRAEME PATERSON IN AN ENGLISH HOSPITAL

Mrs. R. B. Paterson of Wentworth Street, Receives Letter Telling Her of His Injuries.

Mrs. R. B. Paterson of 98 Wentworth street has received the following letter from her son Graeme:

Dear Mother—Just a line to let you know I am still on top, but had a very narrow squeak of it this time. I got a bullet in the head (right temple) and one in the stomach. I have been doing fine since I got here and was operated on. I will remain here in France for a while I guess, then I will be sent to England. I will write you then and let you know how I got my wounds and other particulars. My head is pretty sick yet so you will have to excuse me if I don't write much.

With love to you all,

GRAEME.

A later card states that he has been transferred to Edinburgh and that the wound in his stomach is mending wonderfully but the wound in the head is still bothering him quite a lot.

Graeme Paterson has been in the trenches for nine months attached to a Western Canadian battalion, first as a machine gun operator and latterly as a hand grenade thrower. It was while in this hazardous duty that he received his wounds and while the place is not mentioned it is altogether likely it was in the big Canadian engagement on June 2nd. It is earnestly hoped that he will soon be fully restored to his former physical fitness.

The City Market will be closed on Saturday but will be open until 10 o'clock on Friday.

Palm Beach Suits

FOR LADIES AND MISSES

Many Imitations Are Being Sold, But These Smartly Fashionable Summer Models Are Guaranteed to Be Made from the Genuine Palm Beach Cloth

In the heated days of summer a Palm Beach Suit is comfortable, cool to look at, and suitable for the street, for sports and occasions more dressy.

These fashionable garments, in sizes from 16 years to 46 bust measurement, are made from the genuine Palm Beach Cloth, with its semi-lustrous finish, porous quality for coolness and pliancy, which permits it to tailor like soft worsted. Every yard is pre-shrunk before it is made up, which is the reason why real Palm Beach Suits hold their shape to the end of their use—no amount of laundering can alter their splendid lines.

The skirts are most cleverly designed, wide enough to give the bouffant look that fashion requires, and just short enough to be correctly modish.

Coats are with flare enough to give a certain zest to the style of the suit. Then there are charming touches in the way of pockets, and buttons, and novel collars, all appealing to the woman of fashion.

Come, inspect these Suits of the real Palm Beach fabric, the product of people whose whole study has been perfection in feather-light wear—for, since Palm Beach Suits are unlined, their tailoring must be more than good.

PALM BEACH SUIT, No. 2547, in natural color, is a youthful appearing model. The grace and simplicity of the lines, and the effective use of pleats, will be much enhanced by the splendid way it fits. Price \$5.50

PALM BEACH SUIT, No. 2544, in natural color, has upper pockets joined by straps of material, which button down over the larger pockets. The revers can also be buttoned high if desired. A charming style. Price \$9.50

PALM BEACH SUIT, No. 2906, in natural color, is simple but very stylish. In the front of the coat pockets and straps suggest a Norfolk style. Two stitched bands trim the back. An over-collar of bright color lends a touch of contrast. Price \$10.00

PALM BEACH SUIT, No. 2581, in natural color, has generous flare in both coat and skirt. The front of the coat has large pockets, and the back three wide pleats above the belt. An extremely smart style. Price \$11.25

PALM BEACH SUITS—In black and white awning stripes. Price \$9.50

ALSO PALM BEACH SUITS with small check patterns in natural color, or natural color with narrow black stripes. Price \$11.25

PALM BEACH SUITS—In black and white shepherd checks. Price \$12.00
