HEAVY FIGHTING ON RUSSIAN FRONTS REPORTED LAST FEW DAYS; BOLSHEVIKI NOW ON OFFENSIVE

The Red Forces Have Occupied a Series of Villages Fifteen Miles West of Shenkursk and Captured Important Positions—Allied Forces in Good Spirits—Extreme Cold Hampers Work of British and American Troops.

London, Jan. 27.—A Russian Government wireless message, received here, gives military reports, dated January 23 and 24, according to which there has been considerable fighting on the Russian fronts. The Red forces have occupied a series of villages, about fifteen miles west of Shenkursk, and captured, after stubborn fighting, positions at Padenskaya station, about six miles south of Shenkursk.

"In the direction of Uryev," the message says, "Red detachments, under pressure of the enemy, retired five miles (3.13 miles), to the line of Holleron-Lapinkulo, 30 versts south-west of Uryev."

"In the Ufa direction a battle is progressing for the possession of Archangelok. Our army and the Turkistan Soviet army have united at Orenburg, where we captured many locomotives, six thousand wagons and a huge quantity of military material."

Bolsheviki On Offensive.

Archangel, Sunday, Jan. 26.—(By The Associated Press)—The Bolsheviki are now on the offensive with infantry or artillery, or both, against four of the seven thin columns of the Allies and Russians, who have penetrated southward through the frozen forest swamps of the northern Archangel. Last night the enemy entered Shenkursk, while the tired column of American, Russian and British, which have advanced to Shenkursk, marched in a detour over the deep snow on the road, evading a force of several hundred of the enemy, who waited on the main high road to trap the column in its retreat.

In good spirits, despite long marches in the cold and ten days of hard fighting, the Americans and the other troops of the Allied forces went to Shegovart, approximately thirty miles north of Shenkursk on the Vaga river. The enemy apparently is sending patrols to follow the retreating troops, but up to this morning no new attacks have been made in this sector.

On Saturday the Bolsheviki attacked the Allied positions at Tarsessovo, a village some forty miles east of Shenkursk in the sector between the

Paris, Jan. 27.—The decision of the peace conference for a solution of the Russian problem has had an extremely bad reception by the Paris press. With the exception of the Socialist journals, the newspapers are united in disapproval of the conference proposal.

The conservative "Echo de Paris" roundly characterizes the proposition as "insane," the "Gaulois" speaks of it as "perilous," "L Journal" as "an annoying action"; the "Action Française," as "ridiculous"; "Deux Jours," as "scandalous," and "Le Matin," as "a great and bold idea of which the practicality remains to be seen."

"Figaro," over the signature of its editor, Alfred Capus, an academician, declines to regard the decision as a solution of the problem.

"Humanite," the official organ of the Socialist party, favors "recognition without reserve of the Russian revolution and asserts:

"Socialists and Democrats of the whole world will read President Wilson's proposal with the profoundest joy."
Patriotic Socialists approve.
"La France Libre," organ of the Socialists, led by Albert Thomas, offers unreserved approval of the proposal, which it regards as marking a complete change in the Russian policy hitherto followed by the Allies, and emphasized the fact that while Bolshevism is a grotesque caricature of Socialism, there is a whole series of governments in Russia where opinions should be gathered.

Reading between the lines, it is evi-

dent that French opinion is bitterly disappointed at the unexpected stop taken by the peace conference, which "Le Matin" characterizes as "a veritable coup de theatre."

One reason for this disappointment probably is the somewhat chilly reception given by all the rest of the Allies to French proposals in reference to the future of Constantinople. Further, as is evident from many of the comments published this morning, France is very much inclined to regard herself as not only having a closer acquaintance than any other nation with the real situation in Russia, but as also entitled to have an important, if not the decisive, voice in deciding the attitude to be taken toward that country by the Allies, in view of the enormous amount of money she lent Russia during the last twenty years.

Savings Went to Russia.
It is important always to keep this latter fact in view when considering the relation of France to Russia, and for this special reason, as the many millions lent to Russia by France represent not speculative investments by wealthy brokers and capitalists, but to a very large extent, indeed, the hard-earned savings of the French working and lower middle classes, who for many years have been accustomed to buy foreign government securities, especially Russian, to an extent undreamed of elsewhere.

For Russia to be set on her feet again, therefore, is a vital question for the whole mass of the French people, who realize acutely that so long as the present state of things in Russia continues, the hopes which have been with money painfully scraped together, soon by itself, will remain merely sterile pieces of paper.

FANATIC RUNS AMUCK IN PHILA.

Shoots up the Quaker City, Killing Three and Seriously Injuring Others—Claimed to be Religious Fanatic.

Philadelphia, Pa., Jan. 27.—With a loaded revolver in each hand, a man who gave his name as "Omega, son of Jesus Christ," ran amuck through the streets near the center of the city today, shooting in every direction as a big crowd tried to capture him. Before he was finally overpowered, and beaten into insensibility by a motor cycle policeman, he had shot and killed three men and wounded five others, two of them seriously.

The dead are—Thos. Holman, an employe of the Philadelphia Rapid Transit Co., Knox and George Dignall, policemen.
According to the police the man is a religious fanatic, and had become obsessed with the idea that the spirit of his father was being tortured in the power of the transit company where he shot his first two victims. Rushing out of the power house, before other employes realized what had happened, the crazed man fled through the streets with a crowd of civilians and policemen in pursuit. Two blocks away he came upon policeman Dignall, who was standing in the centre of the street directing traffic. With a wild cry he dashed at the policeman, firing six times. Dignall fell mortally wounded. All the time the pursuing crowd was growing in numbers, and after a chase of about half a mile, the man was overtaken and Heron overtook him. Finding that he was trapped, the man wheeled around and thrust revolvers against the bodies of both policemen and pulled the triggers. The one pointed at Knox went off and killed him instantly, but that directed against the other policeman failed and the officer shot the man in the leg and beat him unconscious. The crowd leaped upon him, but he was finally rescued and taken to a hospital.

A notebook found in the man's clothing, contains a list of all the power houses in Philadelphia, and in his room were found quantities of religious and anti-social literature printed in Italian and German. At his rooming house he was known as George Lembo, but beyond that no information was obtainable. It was said he had been there only a short time. He is about thirty years of age.

WINNIPEG SOLDIERS DETERMINED TO OUST FOREIGNERS FROM JOBS

Have Visited Employers of Enemy Foreigners and Notified Them That Class of Workmen Must Go—Three Days in Which to Comply With Order.

Winnipeg, Man., Jan. 27.—Winnipeg's returned soldiers have agreed to give employers a chance to hear and answer their demands. The biggest crowd of soldiers which has so far assembled, packed the streets for the plant of Swift and Company here this afternoon, and demanded that all enemy foreigners be removed from the plant. Mayor Gray and Brigadier-General Ketchen, commanding this military district, were there before them. The latter accompanied by W. R. Ingraham, manager of Swift's, Mr. Ingraham told the soldiers that foreigners would be forced from the plant to make room for returned soldiers if necessary. General Ketchen pleaded with the men to listen to reason. "Give the employers a chance to adjust themselves to changed conditions," he said. The soldiers agreed to give Swift and Company three days to remove from their payroll the workers objected to by the veterans. Then the crowd turned towards the city again. The packing house of Swift and Company is in Elmwood, a suburb several miles east of the centre of the city. It is a large building with many shops, and other places where foreigners are employed in large numbers, are to be stormed in turn by the returned soldiers, unless their demands are acceded to at once. The soldiers today are in full force, and it is probable that they will seek a new outlet for their activities before the day is over.

AMERICANS AND BRITISH JOINT TRUSTEES FOR CIVILIZATION

Secretary of State Balfour Believes Relations Between the United States and Great Britain Will Always be Friendly and Protect the Weaker Nations.

London, Jan. 27.—(British wireless service)—Arthur J. Balfour, secretary of state for foreign affairs, contributes a foreword to the first number of a magazine, issued by the "English Speaking Union," in which he touches upon the relations between Great Britain and United States. That these two countries will always be friendly, he says, he does not doubt, but he is not content with that alone. "I want something much more than that," he adds, and continues: "I want every citizen of the British Empire, whether he lives in this small island or whether he belongs to the great British domains overseas, and every citizen of the great American Republic to feel that they are joint trustees for civilization and the world, and those principles of peace and of liberty for which we are all struggling at this moment. I believe that is what will happen, and I believe time will come when all small and oppressed nations will instinctively look, and not look in vain, to the powerful protection of International arrangements of which the very heart and core will be the union of the soul, the union of the sentiment and the union of the belief that the great free English-speaking community, now free here over the whole world."

TO INVESTIGATE SOLDIERS' ACTS

American Troops Said to be Cutting up in Paris.

Ottawa, Jan. 27.—The militia authorities are trying to make arrangements by which ships carrying Canadian troops from England to Canada will be loaded according to military districts. It is pointed out that if the overseas authorities could arrange to collect say from three adjoining military districts and place them aboard a vessel, the training which was carried out from the Canadian port would be fully loaded.

PHYSICIAN FREED FROM CHARGE

Before Halifax Court on Complaint of Selling Intoxicating Liquors.

Special to The Standard.
Halifax, Jan. 27.—Dr. Ligourey is a physician who came to this city some time ago from the West Indies, and who has worked up a good practice. Recently he was charged in the police court with selling liquor, but today, when the case came up for trial, he was acquitted.

The testimony was to the effect that a man called the doctor's office suffering from a sore leg, had been previously treated, and the doctor gave him a quantity of alcohol for rubbing the sore. It is in question, had afterwards purchased a bottle of port wine at a drug store, and had been arrested for drunkenness when the bottle of alcohol was found in his possession. The magistrate decided that Dr. Ligourey was well within his rights and dismissed the charge.

HALIFAX MEN SOME NERVOUS

Tangled up With Hotel Register and Will be Summoned to Give Evidence Against Hotel Proprietor.

Special to The Standard.
Halifax, Jan. 27.—When Inspector Tracey and police officers raided the London Hotel a few days ago, a book containing the names of several Halifax men was found. The book showed that rooms had been booked two weeks in advance by the local men, who were desirous of spending the night there with girls who were registered as the wives of the Halifax men. The book contained nearly fifty names, which were given to the hotel as being a rushing business in supplying overnight rooms. The book, containing the names of the local men is now in the possession of the police. The men whose names are registered in the book will probably be called on as witnesses against the proprietor who is charged with selling liquor, and who will also face four other charges.

SIR MALACHY DALY BADLY INJURED

Former Governor of Nova Scotia Hit by Car and Was Badly Shaken up.

Halifax, Jan. 27.—Sir Malachy Daly, a former governor of Nova Scotia, met with a serious accident today. After stepping from a car in front of his residence on Spring Garden Road, he was struck by another car going in the opposite direction. Sir Malachy had started to walk across the street when the mishap occurred. He was badly cut and shaken up. He is about eighty years of age, and the accident causes considerable anxiety to his friends.

HARMONY ONCE MORE RESTORED AND ACTIVATES DISCUSSIONS BETWEEN CONFERENCE POWERS

Distinct Gain Made at Yesterday's Session When the Nineteen Small Powers Gave Adhesion to the Organization Formulated by the Great Powers, Thereby Assuring a United Front for the Main Work—Troops for Western Front Under Consideration.

Paris, Jan. 27. (By The Associated Press)—The peace conference today made a distinct gain when the nineteen small powers gave adhesion to the organization formulated by the five great powers, thus securing a united front of the great and small powers at the outset of the work on the main subjects before the members of the commission.

This was largely due to the skilful direction of Jules Cambon, French delegate and former ambassador at Washington, who was designated by the council of the great powers to preside over the meeting of the small powers held this afternoon. This meeting convened at the foreign office at three o'clock, at the same time the council of the great powers met, the two separate gatherings proceeding simultaneously, one in the office of M. Pichon, the foreign minister and the other in the Salle de la Paix.

For a time there was some apprehension of the sequel to the different viewpoints expressed at Saturday's conference, but today's meeting of the small powers was without incident, or renewal of the claims then set up for increased representation on the various committees. Belgium, Serbia, Rumania, and all the other small powers had their full delegations at the afternoon meeting.

M. Cambon, in opening the meeting, took occasion to allude to the great part Belgium had taken in the war. He then paid a tribute to the spirit of the other employes realized what had happened, the crazed man fled through the streets with a crowd of civilians and policemen in pursuit. Two blocks away he came upon policeman Dignall, who was standing in the centre of the street directing traffic. With a wild cry he dashed at the policeman, firing six times. Dignall fell mortally wounded. All the time the pursuing crowd was growing in numbers, and after a chase of about half a mile, the man was overtaken and Heron overtook him. WALDO B. CRONK DIES AT TORONTO

Was Vice-President of the Carquet Gulf Shore and Kent Northern Railways.

Toronto, Jan. 27.—Waldo B. Cronk, of Bathurst, N. B., vice-president of the Carquet Gulf Shore and Kent Northern Railways in New Brunswick, died here today at the home of his son, E. R. Cronk. He came to Toronto in impaired health shortly before Christmas. He was in his 57th year and had been in the railway business all his life. He was born in Footville, Wis. His first position as a lad was with the Chicago and Northwestern Railway which he left in 1898 to take a position with the St. Paul, Minneapolis and Omaha road. Then, as promotion offered, he joined at intervals, the staffs of the Chicago, Rock Island and Pacific, Baltimore and Ohio, Canadian Pacific Railway, Grand Trunk Pacific and National Transcontinental.

LARGE FUR SALES

St. Louis, Mo., Jan. 27.—The sale of 130,000 racoon, and 300,000 opossum pelts was of principal interest at today's international fur auction. The former bringing \$410,000 and the latter \$335,000. The day's total sales were \$800,000, bringing the grand total to \$6,800,000.

HIGH PRICES OF FOODSTUFFS INFLECTING GRAVE HARDSHIPS

Reports from Delhi State the Situation is Causing Alarm—Difficult to Forecast the Future, But Believed Government Action Will Allay Apprehension—Exportation of Indian Grain Prohibited.

London, Jan. 27.—(Canadian Press Despatch from Reuter's Limited)—A message from Delhi states that the high food stuffs prices are inflicting grave hardships upon the poorer classes. The agricultural position of Northern India was made worse by the absence of winter rains. It is difficult to forecast the future, but undoubtedly government action, since the appointment of a foodstuffs commission, has helped to allay apprehension. This is apparent from the prohibition of the exportation of Indian grain, and the acquisition of most of the Burma crop under favorable conditions, also the promised supplies of Australian wheat which will tend to bring down the prices of hoarded stocks. Apparently, nothing is yet settled regarding the suggestion to obtain maize from South Africa. Relaxed measures facilitating the inter-provincial transportation of food stuffs would probably ameliorate the situation by the transfer of surplus grain to the worst afflicted areas.

WATUKA LOADING CARGO FOR FRANCE

The Steamer Was Built at Halifax and is the Largest Steel Ship to Have Been Built in Nova Scotia.

Special to The Standard.
Halifax, Jan. 27.—The new steel ship Watuka, built by the Nova Scotia Steel and Coal Co., at Trenton, and owned by the Wasieles Steamship Company, a subsidiary of that company, is in port, loading a general cargo for France. The Watuka, the largest steel steamer yet built in Nova Scotia, has a gross tonnage of 1,700 tons, and she has a carrying capacity of 2,400 tons. She is 248 feet long, 35 feet beam, and has a 21-foot hold. The cargo she is loading is all of Canadian production. The Nova Scotia Steel Company has the keels laid for two other and much larger steamers.

ROYALTY TAKES AMERICAN BRIDE

Sault Ste. Marie, Ont., Jan. 27.—The marriage took place on Saturday afternoon in St. James' Anglican church, Sault Ste. Marie, Mich., of the third Earl of Dunblain, of Nottingham, England, to Miss Sarah C. Turgen Dye of Chicago. The Earl and Countess were guests today at the New Windsor Hotel in this city. After a few days in the Algona district they will visit the bride's home in Chicago. From there they will go to England. The Earl of Dunblain met the Countess first in Chicago last summer.

ONE HALF THE MILL INDUSTRY OF NEW ENGLAND AFFECTED

The Movement Among Textile Workers for Inauguration of Eight Hour Day, Beginning Monday, is Spreading—Operators Say They Will Not Grant Demand.

Boston, Mass., Jan. 27.—The movement among textile workers for the inauguration of a universal eight hour day in the industry, beginning next Monday, was extended today to comprise approximately one-half the mill industry in New England. Workers in Fall River, the textile centre of Rhode Island and of the Blackstone Valley in Massachusetts, Bism, Bedford and Saco, Maine, joined in the demand previously made by operatives at Lawrence, Lowell and Manchester. The mills in these cities employ an aggregate of upwards of 120,000 persons.

BUENOS AIRES DOESN'T LIKE IT

Buenos Ayres, Jan. 27.—Commenting on the birthday of the former German emperor, one of the afternoon papers says: "Though it is impossible to find anyone in Europe to celebrate the Kaiser's birthday, there are many here who did. Even the German schools were closed. Teaching the children homage to the author of the Lusitania crime. Why must Buenos Ayres have this blot upon it?"

NORTHERN RUSSIA GOV'T SILENT

Has no Comment to Make on Proposal for Conference—Newspapers Have Pointed Editorial Comment.

Archangel, Sunday, Jan. 26.—(By The Associated Press)—Officials of the government of Northern Russia are silent regarding the proposal for a conference of the Russian factions on the Prince's Islands pending receipt of an official invitation asking them to take part. The official press also is in position to make a comment in other newspapers today indicates there will probably be strong objection to parlaying with Bolsheviki.

The independent newspaper Ochebno says: "The proposition to converse with the Bolsheviki is similar to the proposal made by the Pope, during the war, for the Allies to converse with the Hohenzollerns. At that time the Allies answered that they did not trust the Germans, and that they would not talk with murderers and criminals. In the same way, and with analogous motives, it is necessary to state clearly that it is impossible to hold conversations with the Bolsheviki. Bolshevism like imperialism before the debacle in Germany, is not only a threat to Russia, but to the entire world."

FORMER GERMAN EMPEROR IS SIXTY YEARS OLD TODAY

His Apartments a Bower of Flowers Sent by Friends in Germany and Holland—Letters and Telegrams of Congratulatory Nature Pour in—Mail Strictly Censored—Employs His Day in Humdrum Fashion Usual Among Country Gentlemen.

Amerongen, Sunday, Jan. 26, (By The Associated Press.)—William Hohenzollern, the former German Emperor, will awake on his sixtieth birthday tomorrow morning to find his apartments in Amerongen Castle, a bower of flowers sent by many German and Dutch admirers in Germany and Holland.

given in honor of the Emperor's birthday. The story was so great that the concert was abandoned. The veil, which up to this time has hidden William Hohenzollern's daily life from the public, has been lifted, slightly, and shows that he employs his day in the humdrum fashion usual among country gentlemen who do not frequent society. He never wears uniforms nowadays, although many of the German guards regiments, and several general's outfits, were brought across the frontier when William Hohenzollern left Germany. The exile wears civilian clothes made by the local tailor at Zetst.

ACID IN STOMACH SOURS THE FOOD

Says Excess of Hydrochloric Acid is Cause of Indigestion.

A well known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. It states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which irritate the stomach like a toy balloon. We then get that heavy lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, waterbrash, or nausea.

WILL DEFEND THE BORDER LANDS

Paris, Jan. 27.—According to a Warsaw despatch received here today by the National Polish Committee, a great meeting has been held in the great hall of the Warsaw Polish Civic Society to discuss the question of the defence of the Polish border lands. Ignace Jan Paderewski, the Polish premier, was present and the Rev. Mr. Jelek, speaking on behalf of the Poles of the United States, conveyed their wishes for the complete success of the Polish cause.

AMERICAN INDIANS PROVED THEIR LOYALTY

Every Able-Bodied Young Man of One Tribe in the United States Army.

Denver, Col., Jan. 26.—The war has given the American Indian an opportunity to prove that he is as patriotic as the white man. In fact, I think no Americans have proved themselves more patriotic than the Indians. They not only have helped the government by purchasing Liberty Bonds and War Saving Stamps, but the men of military age have responded to their country's call when the United States declared war upon Germany.

M. CLEMENCEAU GIVEN REPRIMAND

Sir Robert Borden Reproves the Chairman's Methods of Procedure Regarding Smaller Nations.
By JOHN W. DAFOE.
Paris, Jan. 27.—The only contribution to the discussion on Saturday at the peace conference, relative to representation of the smaller nations, were a few remarks on procedure by Sir Robert Borden.

Sir Robert said that at the last meeting, a week ago, the conference had been constituted of twenty-five members, representing the great powers with the general interests, with the rights of other nations having particular interests to take part, when these interests were involved. There had been no meeting in the interval, of any conference thus constituted, but certain recommendations, which purported to have been adopted by the smaller conference, were now before the full conference for adoption. He suggested the advisability of adhering to the procedure adopted.

Premier Clemenceau, in his reply, referred to Sir Robert's remarks as a simple reproach, and said, "I wish, that there was no doubt that the conference was sitting because Sir Robert Borden had attended it on Friday to discuss matters which affected Canada. The point at issue, between Sir Robert Borden and the President of the Conference, is the status of the committee of ten, which, after organizing the conference, is continuing in control. This committee is substantially identical with the supreme war council in fact, it sits as such in the intervals between its deliberations on peace.

MANY KILLED IN RAILROAD WRECK

SAVE YOUR HAIR AND BEAUTIFY IT WITH "DANDERINE"

Spent a few cents! Dandruff disappears and hair stops coming out. Try this! Hair gets beautiful, wavy and thick in few moments. If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scrub rids the hair of its lustre, its strength and its very life, and not overcomes it produces feverishness and itching of the scalp, the hair roots fanish, loosen and die; then the hair falls out fast. If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Danderine at any drug store or toilet counter for a few cents; apply a little as directed, and ten minutes after you will say this was the best investment you ever made. We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine, if eventually—why not now?

PREMIER FOSTER RECOMMENDS WAR SAVINGS STAMPS

Points Out That Thrift Stamps Afford Excellent Opportunity to Small Investor.
Premier Foster of New Brunswick, endorses unreservedly the War Savings Stamp movement, being especially impressed with the advantages of Thrift Stamps. He points out that they afford to the person of small means an opportunity to save profitably which, hitherto, has been denied to this class. In a recent statement he says: "I have followed with much interest the War Savings Stamp movement. There is no doubt that the education of the saving instinct in the young

Premier Foster of New Brunswick, people of today will mean much to the country in the future. The Thrift Stamp—probably the smallest form of investment in the world—will enable the children to assume a share of the burdens of their elders and will also permit the quarters of the newsboy, as well as the millions of the bankers, to become a part of the nation's investment. "Hitherto, the country has borrowed in large amounts and bonds were issued in denominations so large as to be beyond the reach of the person of small means. "The Thrift Stamp opens the door to the smallest investor who can share in the same liberal rate of interest. To lend to the government in France is considered a privilege. The prince and the peasant were rivals in their efforts to provide their beloved country with funds in the war that has just ended. Thrift has been the watch word in France, and her savings since 1870 have proved her saviors since 1914. The Thrift Stamp will enable New Brunswick and Canada to do the same. The effort should not be confined to children. Men and women, boys and girls should join in this race of thrift. Cities saved become quarters, quarters kept become dollars, and dollars added to each other—mean bonds—interest bearing, absolutely safe—Government Bonds. "My advice to you is to save while you are young and strong and when you are on life's descent the path will be smoother and easier to travel."

GERMANY RIGHT AFTER BUSINESS

Canadian and Imperial Military Buttons, Shoulder Badges, etc. Are on Sale in Bonn Stores.
Ottawa, Ont., Jan. 27.—Germany has lost the war, but not its old-time commercial trickery, according to a notice received from overseas by the Director of Public Information, Fred James, official correspondent with the Canadian Corps, who writes from Bonn, Germany, as follows: "An example of how the Germans are eager to get trade is shown by the fact that Canadian and Imperial military buttons, shoulder badges, etc. are on sale in the stores in Bonn and vicinity, the product of a factory at Coblenz. They are very good imitations, and might pass as British made if the manufacturer's knowledge of English were not faulty. On the back of the buttons is stamped 'Extra Petit.'"

Was Troubled With BOILS FOR SIX MONTHS.

From the days of Job to the present time, boils have been one of the greatest afflictions of the human race. Very few people escape from having them at some time. All the polishing and lancing you may do won't cure them and stop more coming. Boils are caused by bad blood bursting out, and the bad blood must be made pure before the boils will disappear. Burdock Blood Bitters is the greatest blood purifier known. It cleanses the system, and purges the blood by removing every particle of foul material from the system, and when this is done, never another boil comes and health and strength are permanently restored. Mr. C. H. Bridges, 470 Barton St. E., Hamilton, Ont., writes:—"I was troubled with boils for about six months and tried several remedies without any result until I tried Burdock Blood Bitters, and the effect has been wonderful. After using two bottles, I was rid of them all. I feel like a new man; my appetite is better, and I sleep better than I have for years. I can highly recommend Burdock Blood Bitters to all who are troubled as I was." Burdock Blood Bitters has been on the market for the past 40 years and manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

LABORERS AT BERNE QUITE OPTIMISTIC

Believe That Peace Conference Will Evolve Plans for Better Labor Conditions.
Berne, Sunday, Jan. 26. (By The Associated Press)—A tone of cautious optimism as to the results expected to be attained by the international labor and socialist conference now assembling here, characterized the views expressed today by Hjalmar Branting, the Swedish socialist leader, on his arrival to attend the gathering.

Mr. Branting mentioned the visit paid to Paris by Arthur Henderson, the British labor leader, and his conference with Foreign Secretary Balfour as an indication that the peace congress intended to attach weight to the demands and desires of labor. He hoped, he said, that the conference would find a way to establish, perhaps, a minimum of living standards for workingmen, although he recognized it naturally was impossible to attempt to standardize wages, since the buying power of money and prices of commodities varied so largely in the different countries. Thus, he adds, it was utterly out of the question for the European laborer to achieve the American wage scale because the European cost of living, theoretically, at least, was not on a par with the American.

He was extremely pessimistic as to the German workmen's future, declaring that the situation in Germany was extremely critical, despite the fact that the Berlin press, in indicated as another of the numerous symptoms of the revival of the German imperialistic spirit which may be found, in some degree in everything coming out of Germany, the Paris newspapers contend. All the newspapers declare that the Allies will have to watch closely the efforts of conquered Germany to rise again, one of the commentators declaring.

BARCELONA HAS STREET FIGHTS

Situation Becoming Very Disturbing and Daily Scraps Occur Between Catalinists and Followers of Romanos.
Barcelona, Spain, Jan. 26.—The situation in Barcelona is becoming quieting, and numerous street fights occur daily, especially night, between Catalinists and the followers of Count Romanos, the Spanish Premier. Several persons have been wounded in these clashes. It was reported today that two persons were killed in a clash last night, but the minister of the interior issued an official denial, saying that they were wounded.

THREE ARRESTED FOR RIOTING

As Result of Winnipeg's Outbreak of Sunday Police Court Has Business.
Winnipeg, Man., Jan. 27.—As a direct outcome of yesterday's rioting, three men appeared in the police court today. None of them were soldiers. Max Irwin was fined six dollars and costs for disorderly conduct on the streets. James McGillivray, charged with wilful damage, and John Burns, alias Guy Hall, charged with trespassing, were remanded until Tuesday. McGillivray is alleged to have entered the Oriental Hotel and to have wilfully smashed certain articles therein. Burns was arrested in the store of Michael Ert.

KEEP YOUR EYES ON GERMANY

There Are Symptoms of the Revival of the German Imperialistic Spirit in Everything Coming Out of Germany.
Paris, Jan. 27.—(Havas)—It appears from accounts received that the registration of General D. Von Winterfeldt, as a member of the German Armistice Commission was handed in because the general said his dignity, and that of his country, had been offended. Commenting on this the Paris newspapers characterize the resignation as part of a plan for a reactionary campaign. They point out that the German wireless service gives what they characterize as an "extremely insidious" account of the incident, indicating that new Berlin government feels itself strengthened since the National Assembly election and the crushing of the Spartacists, and again feels free to use haughty language.

The warm welcome of General Winterfeldt's action, expressed by the Berlin press, is indicated as another of the numerous symptoms of the revival of the German imperialistic spirit which may be found, in some degree in everything coming out of Germany, the Paris newspapers contend. All the newspapers declare that the Allies will have to watch closely the efforts of conquered Germany to rise again, one of the commentators declaring.

WAR TO FACE

Making the Soldier A Civilian

EARLY in the war, the Government realized the returned soldier would need one of three things. (1) If he was ill, he would want to be made (2) If he was so disabled by service that he had not followed his old occupation he would want an opportunity to use his power to "make good" as a civilian. (3) If he was fit, he would want to be put in touch with employment opportunities.

To help in this three-fold service the Dept of Soldiers' Civil Re-Establishment was organized.

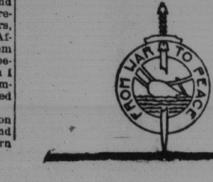

The Medical Branch.

The Medical Branch of this Department gives the special after-care that soldiers who have suffered through war service need. On his return to Canada the invalid or wounded soldier is treated in military hospitals. If the Medical Board decides that his case requires extended treatment in certain diseases, he is discharged from the army and comes under the care of this Department. The Medical Branch then provides free medical and surgical treatment; —free artificial limbs and special boots for deformed feet; —free surgical appliances, eyeglasses, etc.; —free dental treatment.

At present this service is available not only on the soldier's discharge from the army, but whenever he becomes ill again on account of disease or wounds due to war service.

The Vocational "Re-Training" Branch.

Some soldiers have so suffered on war service that they are prevented from working at the trade or occupation they followed before enlisting. This branch of the Department arranges for such men

POET D'ANNUNZIO SLAPS FRANCE

Says it is Working Hand in Hand With Jugo-Slavs Against Italy.
Paris, Jan. 27.—Poets at times are forgetful, is the heading given in the Matin today to a paragraph expressing regret that Gabriele d'Annunzio, once so freely lauded by Paris, has written an article for an Italian journal in which he accuses France of working hand in hand with the Jugo-Slavs against Italy. The poet, the Matin says, has raked history to find arguments to stir up Italy against France, going back to the carrying of the bronze horses at St. Marks in Venice by Napoleon.

"d'Annunzio," adds the newspaper, "occasionally declared he could write no more romances, but he has written one more, and this nation will read and forgive, remembering the poet's previous tributes to France, and the splendid part he played in inducing Italy to enter the war."

The St. John Standard

Published by The Standard Limited 23 Prince William Street, St. John, N. B., Canada. H. V. MACKINNON, Manager and Editor.

ST. JOHN, N. B., TUESDAY, JANUARY 28, 1919.

GREAT BUSINESS.

Under the old method of accounting in Provincial Finances, liabilities existing at the end of any fiscal year were a set-off against uncollected revenues due for that year. When the Foster administration took office it decided to inaugurate a new system of accounting, and in doing so employed auditors to go over the books. On instructions from the incoming administration those auditors utterly disregarded the assets referred to in the form of uncollected revenues, but for political purposes dug up every possible cent of outstanding liability. This liability, the Foster party, in utter disregard of the assets against it, chose to speak of as a deficit accumulated by the previous administration. The total of that sum was in the vicinity of \$570,000.00. By juggling the accounts the new administration boosted this total to \$663,000.00, which amount is now, and always has been, disputed by members of the previous administration, and which amount is in no way correct.

Mr. Foster announced his intention of starting with a clean slate, and decided to issue debentures to the amount which he stated was the outstanding liability. This gave him the great advantage of wiping off all that liability and of enjoying the benefit of the large amount of uncollected revenue which he knew was coming in, which did come in, and which has come to the credit of the Foster administration since it took office. But when the time came for issuing the debentures to cover the alleged deficit did Mr. Foster make the bond issue \$570,000.00 as he should have done? Did he make the bond issue \$663,000.00 as he himself, as his hired accountants and other members of his administration, said it was? Did he make it \$700,000.00 as The Telegram naïvely proclaimed it was? He did not. He issued bonds to the extent of \$789,000.00, which bond issue was \$89,000.00 more than The Telegram itself now claims the old deficit to have been, which bond issue was \$125,000.00 more than Mr. Foster has repeatedly stated as the amount of that deficit, and which bond issue was \$371,000.00 more than the actual liabilities of the province at the time the Foster party came into power. What has been done with that \$37,000.00 or the \$125,000.00 or the \$217,000.00, whichever Mr. Foster now chooses to designate as the excess amount? The Auditor-General's reports give these figures exactly as quoted by The Standard. The last financial statement issued only a few weeks ago by the Foster administration contains the item of \$789,000.00 to cover the alleged deficit. And even assuming that Mr. Foster himself is right in his own repeated statements—which he is not—he has still to account for \$125,000.00 excess bond issue not justified by anything that his accountants found, and he is responsible for the uncollected revenues of that year which should have been credited to that year, but have been credited to a later period.

What has become of his announced intention to credit to the revenues of any particular year the amounts due for that year? Why has he not credited 1917 with the sums belonging to the time of the previous administration, but received after his party came into power? And why has he not credited his own administration in 1918 with revenues which should have been placed to the credit of the previous administration during the past several years? It is a fine idea to keep each year's accounts separate, but in practice it has worked out that the Murray administration has been charged with all liabilities incurred by it in anticipation of revenues then due, and it is deprived of the credit of these revenues which were received by the Foster Government and used by them to aid in the preparation of misleading statements.

CIVIC FINANCES.

Commissioner Fisher is annoyed because his associates in the Council scraped off some \$23,000.00 from the estimates which he presented for the present year. He should not feel this way about it, for the sum of \$160,456.00 which it has been decided to recommend is more money than his department ever enjoyed before, and with this he should be able to get along very nicely during the year. The real reason why the other commissioners reduced Mr. Fisher's original estimates was not that they felt each particular item to be unnecessary, but because of the fact that in the Public Works Department exceeded \$69,722.00, in 1917 it got rid of \$102,981.00, in 1918, \$113,421.00, \$137, \$137,041.00, and in 1918, \$148,640.00. The present year's assessment is recommended despite Mr. Fisher's views and, totalling \$160,456, shows an increase of \$11,856.00 over last year, which is a very generous increase in view of the fact that the streets are as filthy as ever, and that we seem to be getting no farther ahead with any definite programme of improvements. A jump from \$80,627.00, in 1912, to \$160,496.00 in 1919, or 100 per cent. increase in seven

years, is a rate of increase which is most extravagant commensurate. It was possible at yesterday's committee meeting at City Hall to raise the various increases which have been practically decided upon for the present year, and the figures are staggering. In the various departments there have been added to the assessment totalling \$160,456.00, unexpended balances, etc., amounting to an increase of \$106,865.00, which must be added the additional amount for the Board of School Trustees of \$87,000.00, giving an increase of \$254,321.00. This in the case of the administration account of \$177,745.93. And this in the case of the increased valuation for assessment purposes indicates a total increase in the rate of taxation.

A UNION SERVICE.

On Thursday evening of last week there will be held in Trinity church, the first of what will probably be a series of union services, which clergymen of all denominations have been invited to participate in. The first step toward this service was taken by the Church of England clergy of this city who, at their recent synodical meeting, discussed the subject and appointed a small committee to carry it into effect. That committee met and drafted a service of interdenominational union service, the principle of which is to conform to the customs of the church in which it is held. The service in Trinity will be held in the character of a service of prayer and intercession for the world, and will be held in the church of the denomination of the minister who presides. The service will be held in the church of the denomination of the minister who presides. The service will be held in the church of the denomination of the minister who presides.

THAT HEALTH ACT.

Northumberland, Restigouche and Kent are all lined up in opposition to the Health Bill which burdens municipalities with ridiculous taxation for something they do not need. A rather peculiar state of affairs now exists with respect to this measure. In view of the attitude of the Government, the Bill does not provide any means by which the Government can force these municipalities to assess for the amounts demanded and there will be some lively scenes before Dr. Roberts is able to enforce these payments. This measure calls for the presentation of estimates to County Councils before 31st December of each year, and this had not been done in any case, as there were the Health Boards constituted until after Jan. 1st.

WHAT THEY SAY

Dr. Shin Plaster. (Kingston Whig.) If the Kaiser, as Harden says, was a mere duffer in the war, then we suppose the Crown Prince was a mere money wench! Grab Bag. (Edmonton Bulletin.) It is about time some allied statesmen explained to the neutral nations that the by-standers belong not to the spoils. Investigation. (Ottawa Journal.) If each returning transport is to be followed by an investigation it is to be hoped the returning home won't be held up till the probe is finished or the men will never get back. The Real Cause. (Hamilton Herald.) The growth of Bolshevism is stimulated by each vulgar ostentation as that of Margherita Gillman Corey, a former chorus girl, now the wife of a millionaire, who is parading and getting herself photographed in a \$75,000 sable coat. The Trouble. (Sagary Herald.) Sir Wm. D. Laurier says he is willing to quit the leadership of the

liberal party if the party wants a younger man. But the trouble with the party is that while it wants a new leader it is unable to decide on the man.

Good Actor.

(Edmonton Bulletin.) Having secured election two years ago on the claim that he had kept the United States out of the war, President Wilson is now receiving an even more remarkable expression of approval from the people of Europe because he got the United States into the war.

May Be Differences of Opinion.

(New York Herald.) According to one Senator it is costing the United States \$300,000 a day for war work which Congress has ordered stopped, and all because the president has sent orders to sign the cancelling act. "Travelling is expensive nowadays," comments the Evening Sun, which remark may start something.

Plenty of Room.

(Halifax Chronicle.) The "Cost of Living" branch of the Department of Labor, Germany, reports that the chief excuse for the exorbitant prices of oranges has been removed, and the price should be "decidedly lower." Now watch them tumble in the usual way! At \$1.20 a dozen there is lots of room for the drop.

A Plank in the Farmers' Platform.

(Grain Growers' Guide, Winnipeg.) There is a plank in the Farmers' Platform which declares that every farmer for tariff protection should be heard publicly before a special committee of parliament. This is a declaration so just as to require no argument in support of it. But the justice of a policy will not be the world's standard for tariff protection. Organization is necessary to make justice prevail.

Let Us Forget.

(New York Herald.) Herr Ebert is out with the typical Bosche statement that Germany signs of the armistice on the basis of President Wilson's fourteen points. Germany did nothing of the sort. It is to be hoped that the German military leaders realized that the only possible alternative was the annihilation of the German armies.

The Peril of Poland.

(Boston Globe.) The strategic importance of the balance of power system are expressed in the risks of Poland. Poland is the bulwark between radical Russia and a radicalized Germany. Poland has been convinced that it is to be thrust under a conservative class government and it might easily join the Bolshevik and make a foothold between Moscow and the Spartakoides of Germany.

Nuff Said!

(Singapore Times.) The National Anthem was being played last night at a Singapore hotel. Three boorish persons kept their seats when all others rose. Two gentlemen, long past military age, decided that the church should guard their own skins if they would not rise for gentler reasons. They took two of the offenders in hand, and a British sailor looked after the other offender. We need not describe the proceedings. The were brief.

Feeding the German Mind.

(Vossische Zeitung.) The English election campaign has numerous districts led to the most intense propaganda. At all public meetings the demand was made for the immediate establishment of a Socialist republic, and rousing cheers for the Russian and the German revolutions. Everywhere vehement denunciations were made of the armistice which was termed on Germany and Austria, the terms of which were branded as "infamous" and "bestial."

Discovery of Anthracite.

(Peoples' Journal.) It is only a little more than a hundred years since anthracite coal has been used as fuel, the first attempts to burn it proving unsuccessful, says the Peoples' Journal. Pull House, Wilkes-Barre, Penna., was convinced that "stone coal" as it was called, would burn, but his arguments were laughed at. He was a strong draft, Judge Fell built a fireplace of brick with a bottom and front of iron grating. Piling under it. Soon the coal was a red-hot mass and the neighbors revel in the marvelous warmth. That was in February, 1808!

BY LEE PAPE.

Two fellows was playing ball around by Smits meat store, being baskets of things outside, and all of a sudden the ball went crooked and knocked over a basket of grapes and then bounced behind some baskets of potatoes, and Mr. Smit came running out with a featureless expression, and as follows ran like anything. And we went around and sat on my front steps wishing we had the ball. Puds Simkins saying, How about if one of us disguised himself as Mr. Smit wouldn't recognize him and went around and started to lean over the potatoes as if he was trying to see if they was good enough to buy and then all of a sudden reached down and got the ball. G, let Sam Cross take off his glasses and do it, Mr. Smit never saw him without his glasses, I see. With all of the fellows thawt it was a grate idea, Sidney Martin saying, Go ahead, Sam, yours as disguised as anything without your glasses, and Leroy Shooter saying, Go ahead, Sam, G, wizz, I wouldn't hardly know you myself if you came up to me all of a sudden with your glasses off and asked me who you was. And Sam took off his glasses to leave the fellows see if he looked the same as if he was going to find out if they was any good by smelling them, and Mr. Smit ran out of the store and aimed a kick at him, Sam making a good target on account of stooping over, and he jumped just in time to prevent a fearsome collision and came running back like the dickens, saying, Hay, I thawt you fellows see he wouldn't recognize me, you fellows are all rite, you are. Meaning we wasent, and Leroy Shooter sed, He must of saw you with your glasses off before, that's the reason. And we got up a game of prisoners base.

For chaps like me to bark in, Ver'e not too oft from us shut out. By guests we didn't ask in; And I, for one, am prone to seize The role of reprimander, And chide them as Diogenes Chid bumptious Alexander.

**BISHOP OF OTTAWA
 AT STONE CHURCH**

Bishop Roper Last Night Suggested That Church and State Should Co-operate in Future for Reconstructive Period.

"That the Church and the State should co-operate in the future for the reconstructive period, which is soon to follow," was the suggestion advanced by Bishop Roper, of Ottawa, who addressed a meeting in the school room of the Stone Church last evening.

The speaker is chairman of the War Commission of the Church of England in Canada, appointed by the general synod. He was introduced by His Lordship Bishop Richardson, of Fredericton, who reached the city yesterday, and a guest, Canon Armstrong, of Trinity Church.

Bishop Roper is a man of extensive knowledge of the present-day conditions of the state, particularly as it affects the returned soldier in his return to civil life, and the relation which the church must bear to the returned man, not only in his spiritual wants, but in his hearty co-operation, so that his return to civil life may be the more easier, and readily entered into by the soldier. He exhorted that the fraternal societies of the state gather more closely, so as to be the more enabled to cope with the complex problems which will arise in the state, so as to lead the soldier to believe that the church, through the medium of those fraternal societies are working for his betterment and readjustment to civil life.

For this end the venerable speaker believed that the church had in the past (especially the Church of England), remained obscured from the vision of the soldier, who, upon returning home believed that the societies of the day were the only mediums employed for his social and civil betterment, and the church (as it had remained in obscurity in a degree) led him to believe that it was not in line for his betterment, as he quoted the occurrence of a number of men returning homeward when in Toronto, who, when asked what the church had done for them, retailed with "little or nothing." Such an answer, the speaker believed to be the true outcome and answer of the men yet to come, unless the church aroused itself and became more closely united, coming to the front and letting the soldier know that they were in line for their betterment as it had been in the past, although not believed by many of the men.

Alluding to the return of the men, he believed that the church, as all societies, should be represented, at the pliers to receive the men, and do all in its power to help them onward. Here the speaker paid a glowing tribute to the different societies which were meeting the liners in West St. John, and who were doing a noble work.

To accomplish the ends of the church in the work of reconstruction, he advocated that some particular individual, or individuals, should be appointed who was or were fully cognizant of the workings of the government, of their plans in pensioning the works of the placings of men on land, and of the inducements held out for each man in any particular section.

Again to accomplish the work, that information be given for a registered and employment of returned men be established on a wider scale in the different centres under the management of men competent to fill the positions, so as to help in the establishment of the men to their former modes of living.

Other than those mediums above mentioned, Bishop Roper cautioned the people to watch the daily press for the different new phases being adopted by the government and which were being promulgated by the returned men and their dependents.

In connection with this, he made reference to the work of the government in the past, which he believed was deserving of much credit, as all believe the government was, and is, at the present time, doing good work for the returned man.

Referring to the land settlement scheme, he believed that competent men should be appointed to educate the soldier in the form which was best suited to him and to educate him further in the work of caring for it so as to obtain a reward for his labors.

Concluding, the speaker mentioned the heavy co-operation at the present time of all the churches, irrespective of creeds, with the federal and provincial governments, so as to combat with the work of the government in the task of reconstruction, and re-establishment. Alluding to the orphans of the men who have been left fatherless, he believed that the church could here utilize its facilities by seeing that each of these were placed in homes, where they would be granted the necessities of life, and a good education, so as to enable them in the future to compete with the complex problems of the future.

After the address, Bishop Richardson said the final prayers, and gave a blessing.

A meeting was afterwards held by the clergy of the Church of England Diocese, relative to the action they are to take in the future on the lines mapped out by the venerable speaker of the evening, the outcome of their report to be given later.

**SPECIAL MEETING
 OF SCHOOL BOARD
 HELD LAST NIGHT**

Increase Salaries of Janitors Ten Per Cent. — Female Teachers Request Their Increase be Dated Back—Supervisor of Music Wants More Money.

A special meeting of the Board of School Trustees was held last evening to consider the salaries of janitors. There were present R. B. Emerson, chairman, M. Coll, George E. Day, Thomas Nagle, H. Colby Smith, Mrs. E. R. Taylor, R. Herbert Green and Dr. H. S. Bridges.

The committee appointed to draw up a resolution concerning the salaries of janitors reported as follows: On motion of M. Coll, seconded by G. E. Day, it was resolved to recommend an increase of ten per cent. in the salaries of janitors on January 1st, and that in all cases where the amount includes cents, a dollar take the place of the latter, so that all salaries should be in dollars only. (Signed) A. Gordon Leavitt, secretary.

The committee appointed consisted of George E. Day, H. Colby Smith and Dr. Bridges.

The motion was carried unanimously. R. Herbert Green objecting to what he considered the small increase as he stated that if the teachers complained of the high cost of living, the janitors also felt the increased prices. The total increase will be \$1300.

Different salaries are granted according to a schedule practically founded upon a number of rooms built. Mr. Nagle said that many of the janitors had other jobs and Dr. Bridges corroborated this.

George E. Day gave a verbal report concerning manual training and domestic science teaching in the schools of the North and West Ends, saying he considered that the matter would adjust itself in the near future in the North End, and that the West Side was not yet ready for the introduction of these subjects, but that he was satisfied that it would be taken care of in the future.

A letter was read from the secretary of the New Brunswick Teachers Association, as follows:

Ladies and Gentlemen.—In your communication of Jan. 23rd, our committee was notified of an increase of \$100. We thank you for this, but note with surprise and regret that said increase is to date from January 1st, 1919, not September 1st, 1918; this making a shortage of \$40 for the full term, and this amount the lady teachers reasonably expected to receive.

On January 13th, when a large delegation waited upon your Board, we were assured that if the money could in any way be secured our request would be granted.

On January 14th, acting on your suggestion, we appeared before the Common Council and its members pledged themselves that when a delegation from the School Board appeared they would give them all the necessary assistance in procuring the requisite amount.

Being in earnest, ladies and gentlemen, we ask that you give the matter further consideration, and that our modest request be granted.

Mrs. Taylor said she was not present at the meeting, but she approved of the increase and would move that it be dated back to September, to all women teachers with one exception, Mr. Colby Smith, who seconded this motion. Messrs. Green and Day argued that the motion was out of order as the minutes of that last meeting had not been examined and they threatened to leave if the motion was allowed to go before the Board. Mr. Day said that he considered the teachers had been treated magnificently by the Board, and Mr. Green argued that the question should not have been brought up at a meeting called to discuss janitors' salaries.

Mr. Coll remarked that if it was impossible to amend a resolution passed at a former meeting the laws of the Board of School Trustees were like those of the Medes and Persians.

The chairman stated that he wanted to go according to parliamentary law, and that he felt Mr. Green was right.

Mrs. Taylor said she thought the Board were not always so very strict.

After some further discussion it was moved that the question be left to be considered at the next regular meeting.

A communication was read from Miss Katherine Robinson, supervisor of music, describing what has been done in the schools and saying that in the past the amount paid to teachers' salaries is now \$1150 part of which is paid by the government.

It was stated by the secretary that Miss Robinson's salary is now \$1150.

Mr. Green said that he was going to move at the next meeting that the teaching of music be dispensed with altogether.

Dr. Bridges spoke of the work accomplished by Miss Robinson, saying that she not only had to teach the pupils but instruct the teachers as well, including the Sisters.

It was moved by Mr. Day, seconded by Mr. Coll, that the letter be received and laid on the table until the next meeting.

Leave-taking absence which had been granted three teachers on full pay was changed to half pay on the recommendation of Dr. Bridges, who said that they were not able to return to their schools.

**TWO BUSY SESSIONS
 FOR CITY FATHERS**

School Board Ask Increase in Assessment—Now up to Premier—Delegation Requested Juvenile Court—Other Business.

Yesterday was a fairly busy one for the members of the city council, two sessions being held. At the morning session two delegations were heard, one asking for a juvenile court for the city, and the other from the School Board, asking for an increase in the assessment of \$65,000. At the afternoon session the matter of placing the sewerage and hydrant amounts in the general assessment was disposed of, and it was decided to assess for these items for this year, adding about \$30,000 to the total levy.

Mayor Hayes presided, and Commissioners Bullock, Jones, Thornton and Fisher were present.

Morning Session.

A delegation from the School Board composed of B. Emerson, Thomas Nagle, M. Coll, H. C. Smith, A. G. Leavitt and Dr. Bridges, appeared before the council, and asked for an increase of \$65,000 in the assessment for this year. The amount for which the Board could assess was \$225,000, and the estimates were \$222,000. The extra amount for which they were asking was needed for salaries and to pay off some of the overdraft.

The council gave the delegation to understand that if the Premier would undertake to pass the legislation they would assess for the amount asked for.

A delegation who asked that a juvenile court, with judge and probation officer, be provided for the city, was then heard by the council. Mr. R. Cruikshank acted as spokesman for the party and laid the request before the commissioners. He said they were not finding any fault with the present magistrate, but with the system and wanted it changed. The expenses would be about \$5,000 for the first year. The judge would get about \$1,800, and the probation officer \$1,000. This matter will be considered further this morning, when the county secretary and city solicitor will be present.

Commissioner Jones then brought up the water estimates and moved that \$22,500 for sewers and \$3,300 for hydrants be included in the general assessment, instead of being charged against water revenue, as unless this was done the water rates would have to be increased to meet expenditures. These items had always been included in the general assessment until three years ago, and he felt they were not proper charges on water revenue. The matter was left over until afternoon for further information.

Afternoon Session.

When the afternoon session opened Chamberlain Lintley and Chief Clerk Martin were present to give what information they could on the matter.

Mr. Lintley said he had always contended that the sewers and hydrants were a part of the water department, and should be cared for by water revenue.

Mr. Martin expressed the opposite opinion. He was inclined to think the sewers should be a charge on the public works department, as most of the cost of caring for them was caused by the washing from the streets. In answer to Mr. Lintley he said that so far as he knew in all Canadian cities the streets and sewers were together. Any surplus in the water department should either be used for betterments or the rates reduced. In connection with the Lake Fitzgerald extension, the iron pipe which had been purchased for that purpose cost \$20,000, but was worth today about \$50,000. When it had been decided to substitute the concrete pipe for the iron in this work the intention was to eventually use the iron pipe for work on the Marsh Lake, where the pressure was greater.

In connection with the hydrants, Mr. Martin contended they were the same as the hose. Heers for fire protection and needed water to be of any use. To charge the water department with these items would mean increasing the rate from one-fifth of one per cent. to one-third of one per cent., and if included in the general assessment would mean an addition of about seven cents to the rate.

The motion that \$22,500 for sewers and \$3,300 for hydrants be included in the general assessment was then put and carried. Mayor Hayes and Commissioner Bullock voting nay.

A communication from the Portland Public Free Library asking for an increase of \$150 in the grant and stating that \$100 of the amount would be added to the salary of the librarian, was received and on motion the increase was granted, bringing the amount for this purpose up to \$1,000.

The common clerk presented the schedule for interest and sinking fund totalling \$66,088.20.

Commissioner Fisher made a plea for the restoration of \$8,000 struck off his appropriation, \$4,000 for street cleaning and \$4,000 for Adelaide street. No action was taken.

UNITED SERVICE OF INTERCESSION

Will be Held in Trinity Church Thursday Evening—Interesting Programme Arranged

The united service of intercession to Almighty God for the reunion of Christendom will be held in Trinity church on Thursday evening at eight o'clock. After a period of silent prayer, the singing of a hymn, Bishop Richardson as representing the Anglicans will lead in the recitation of the Litany. The scriptures will be read by Dr. Hutchinson of Main Street Baptist church. Rev. H. A. Goodwin of Centenary will bid the people to sit and pray while Rev. F. S. Dowling of St. Andrew's Presbyterian church will offer the concluding prayers. There will be no choir, but the hymns will be of a congregational character. It is expected that the seating capacity of the church will be taxed to its utmost. Visiting ministers who will meet in the school house adjoining the church will enter the sacred edifice in a body and will be accommodated in the choir stalls.

WOUNDED MEN REACHED HOME

The New Brunswick contingent from the hospital ship Essequibo, arrived in this city yesterday morning, shortly after seven o'clock, and were welcomed by Charles Robinson, Secretary of the Returned Soldiers' Commission, Mrs. G. A. Kuhring, and three members of the Volunteer Aid Detachment.

Among the arrivals was Major R. F. McLaughlin, Goodrich Street, wounded in the thigh after four months' service with the 78th Battalion. Lieut. Gay Dowling, Duke Street, was at Vimy Ridge, and Hill 70, with the 8th Machine Gun Company, later joined the Princess Pats and was with that unit at Passchendaele when he was incapacitated with trench fever and bronchitis, from which he still suffers.

Sapper C. Baker, King Street, whose brother went down with the Llandovery Castle, served seven months in France with the 24th Engineers before gas and shell shock at Arras sent him to hospital, in England.

The officer in charge of the party was Dr. C. A. Ritchie, of Halifax.

Police Court Cases Yesterday

Three Drunks and a Wife-beater Were Remanded—John Hayes Jr. Sent up for Trial.

In the police court yesterday three men were charged with drunkenness and were remanded to be interviewed by the liquor inspectors. Chas. Thompson was charged with assaulting his wife. The wife and daughter gave evidence, after which the defendant was remanded to await sureties for recognizance that he keeps the peace.

John Hayes, Jr., appeared for final preliminary hearing on the charge of breaking and entering into the premises of O'Neill's pharmacy, Brussels street, and stealing an amount of spirits and other drug sundries. Day deskman John Sheehan gave evidence as to the defendant asking him after being taken to a cell, to procure him something to eat, stating witness would find the money upstairs. The witness found \$125 in silver, and eighty-five coppers, the number of coppers being the exact amount missing from the till of the store. Hayes was then sent up for trial.

HOW TO GET RID OF RHEUMATISM

"Fruit-a-tives" Point the Way to Quick Relief. Verona, Ont. "I suffered for a number of years with rheumatism and severe pains in my Side and Back, caused by strains and heavy lifting.

NEWCASTLE

Newcastle, Jan. 24.—On Wednesday evening Ever True Rebekah Lodge of Douglasdown was visited by Miss Milligan, vice-president of the Grand Lodge of the Maritime Provinces. Two new members were initiated.

ONE SACK OF FLOUR RAISES \$134,512.84

San Francisco, Jan. 25.—The Shriners Red Cross has sold a sack of flour for \$134,512.84, John D. McGilvray, proponent of Islam Temple, San Francisco, announced today, making public advice from North Carolina where Shriners collected \$370 at Sudan Temple, New Bern, in the 24th sale of the sack of flour. All proceeds of the sale go to the American Red Cross.

NATION-WIDE STRIKE

New York, Jan. 27.—A nation-wide labor crisis, involving industries engaged in manufacturing silk and woolen goods, and, to some extent, cotton goods, is pending unless employers in these trades concede the eight hour day by February 3rd it is learned today.

O'LEARY CASE NOW IN COURT

Before Federal Court Charged With Violating the Espionage Act—Third Attempt to Try Him. New York, Jan. 27.—Jeremiah A. O'Leary, who since his sensational flight to the Pacific Coast early last summer, has been confined to the toms on a charge of conspiracy to commit treason, was placed on trial in the federal court today on an article indictment alleging violation of the Espionage Act. Co-defendants with him were Adolph Stern, business manager of the Bull, an anti-British magazine, and the American Truth Society.

RUSSIAN FACTIONS DON'T ANSWER

No Replies Received from Them to the Invitation for a Conference Sent by Allied Governments. Paris, Jan. 27.—No direct reply to the invitation extended to the various Russian factions for a conference with representatives of the allied and associated governments has so far been received from any quarter. The protests that have been filed by the anti-Bolshevik elements in Paris are not regarded as fully authorized by their governments, and the reply sent out by M. Tschicklerin, the Bolshevik foreign minister, by wireless through Stockholm and addressed to a Paris newspaper is considered as being altogether unofficial.

COUNT FIFTY! NO RHEUMATIC PAIN

Don't suffer! Instant relief follows a rubbing with old "St. Jacobs Liniment". Stop "dozing" rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot"; and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Liniment" conquers pain! It is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia and reduces swelling.

Billious? Take NR Tonight

Nature's Remedy is Better and Safer Than Calomel. Cleans Out System Without Crisping. Stops Sick Headache. Guaranteed. Billious attacks, constipation, sick headaches, etc., are in the grip of a bilious condition. No one can expect to obtain relief unless he attacks the cause is corrected.

Rich Red Blood

means health—means mental vigor and physical strength. What women in particular need to purify and enrich the blood—build up and invigorate the system, and clear the complexion—is Dr. Wilson's HERBINE BITTERS.

Dandruff Heads Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp; rub it in gently with the finger tips.

IF YOUR EARS RING WITH HEAD NOISES

If you have roaring, buzzing noises in your ears, are getting hard of hearing and fear Catarrhal Deafness, go to your druggist and get 1 ounce of Permalt (double strength), and add to it 1-4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

Can You Solve the Lucky Horse Shoe Puzzle?

IT CAN BE DONE. WHY WE DO THIS. The scarcity of Piano salesmen and the enormous salaries demanded by those obtainable, have compelled us to find another method of marketing our Pianos, Player Pianos, Talking Machines and Sewing Machines. This is purely and simply an advertising proposition. Our object is to get in touch with families who do not own Pianos, Talking Machines and Sewing Machines. We want the names of every family in the Maritime Provinces who may be in the market now or in the future for Pianos, Player Pianos, Sewing Machines, and Phonographs. We intend to send every person who enters this contest advertising matter and illustrations of the goods offered for sale.

IT PAYS TO PAY CASH FOR PIANOS, TALKING MACHINES, AND SEWING MACHINES.

The one surest, safest and most economical way to buy a Piano is to pay the spot cash at the time of the purchase. If you intend to own a Piano at any future time try your luck at this puzzle. Use your head and take your time. It makes no difference to us who wins this Piano. One man's answer is as welcome and as apt to win as the next. But whether you win or not—remember—the best way to buy anything is to lay down the cash. When you buy from us you buy direct from the factories; no middle man no agents—from the factory to consumer direct—with additional discounts for all cash.

EMPLOYEES OF THIS STORE ARE NOT ALLOWED TO GIVE INFORMATION REGARDING THIS CONTEST

Please do not ask our salespeople for information. Do not call on the phone and inquire about the contest. We have instructed our employees not to answer questions of any character regarding this contest. The directions are plain. Use your own judgment and may the best man win.

DARTING, PIERCING SCIATIC PAINS

Give way before the penetrating effects of Sloan's Liniment. So do those rheumatic twinges and the loin-aches of lumbago, the nerve-inflammation of sciatica, the wracking, the joint wrench, the ligament sprain, the muscle strain, and the throbbing neuralgia.

Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, our well liked well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain How to Treat. Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sores, causing the disagreeable symptoms which every stomach sufferer knows so well.

AROUND THE CITY
FAIR, TURNING COLDER

CHIEF OF POLICE. At the meeting of the council this afternoon Commissioner Thornton will announce his choice as chief of police.

A LONE DRUNK. One lone drunk was gathered in by the police last evening and will appear in court this morning to answer the usual questions.

CONDITIONS RESTORED. The New Brunswick Telephone Co. report that conditions in York and Carleton counties, where the recent storm hit the wires hard are about restored to normal.

RETURNED TO OWNER. Due to a new item in The Standard yesterday a young lady called at police headquarters and claimed the Pomeranian pup that had been found on Brunel street by a policeman.

PRESENTED WITH PURSE. Rev. B. H. Nobles and son, Claude, left last evening for Antigonish. On Saturday night a number of friends called and presented the reverend gentleman with a purse and address of regret at his departure.

THE ROTARY CLUB. Major Fred J. Smith, a Y. M. C. A. worker from overseas, was the speaker at the Rotary Club yesterday, and gave a very interesting address on the value of physical culture. District Governor R. W. Wigmore, M. P., presided.

MILITARY FUNERAL. The body of Captain Wm. J. Keen, son of Mr. and Mrs. John Keen, was brought home from England yesterday on the S.S. Minnedosa. The funeral, a military one, will probably take place on Wednesday afternoon from the home of his parents, 208 Pitt street.

RESTRICTIONS LIFTED. A. C. McCulloch, provincial poultry superintendent, has received word from the Canada Food Board that all restrictions on the sale of wheat for any purpose have been lifted. It is now in order to sell wheat of any grade for the feeding of poultry or stock.

MONEY EXCHANGED. Quite a sum of money exchanged hands last evening in a local pool room when in a hundred point game "In Franciscus Monsieur" gathered enough coin to pay his board at the present H. C. L. for a period of two months. He could handle the cue to perfection, and gathered in the coin from his one opponent.

FROM CAPT. HAZEN. An unusual holiday season souvenir was received by a friend in Fredericton from Captain D. King Hazen, son of Sir Douglas and Lady Hazen, who is with the Canadian expedition to the Murman Coast, in the shape of a newspaper published in Murmansk, in the Arctic Circle. Capt. Hazen is the officer commanding the Kola detachment of the Canadian Syren party and the paper was dated at Kola, December 20, 1918.

SLEIGH DRIVE AND DANCE. The members of St. Peter's Young Men's Association held their annual sleigh drive last evening. They went as far as Torriburn and returned to the city about 10 o'clock where they proceeded to Sherwood's Hall, Germain street, to trip the lights and dance. Music, songs and refreshments made the annual function of the Y. M. A. of St. Peter's parish another genuine success, and friends of the boys believe, as of old, that the members of the Y. M. A. are good entertainers.

SUCCESSFUL OPERATION. The many friends in this city of Sergt. James Osborne, will be pleased to learn that he has undergone a successful operation in the St. Anne de Bellevue Hospital, Montreal. In a letter to his mother, Mrs. Margaret Osborne, he states that his leg is now healing up, and that he hopes to be able to leave the institution in the near future. After spending thirty months in different hospitals in Canada and England, and being treated by the leading specialists in both countries, Sergt. Osborne hopes to be completely cured.

INTERESTING EVENING. The Young People's Society of the Ludlow Street Baptist Church were entertained with a short and informal talk last night by D. C. Clarke, who told of his impressions during a recent trip through South Carolina. Twelve new members joined the society, which has been divided into two camps, the army and navy, with Mrs. Frank Cheyne in charge of the army, and H. H. Parsons supervising the navy division. Mrs. Cochrane presided last night, and the musical entertainment included piano selections by Miss M. E. Mullins and a solo by Clyde Parsons.

ELOCUTION CONTEST. The "elocution contest" held last night under the auspices of the Centenary Young People's Society, proved a most enjoyable event, and the large number present were delighted with the entertainment provided. The contestants for the prize were Mrs. J. Benson Mahoney, Miss Sybil Knowles and Miss Estelle McAlpine. After careful deliberation the prize was awarded to Mrs. Mahoney. The musical part of the program consisted of a piano solo by Mrs. J. M. Hartman. The judges were Mrs. N. McLaughlin, Mrs. G. A. Horton and Gordon Stevens.

RATHER OUT OF SEASON. Pedestrians were amazed to see a gentleman on Union street yesterday smiling along in a hurry with a straw hat on his head. A friend happened to meet him and asked him where he was going with "the lid." The wearer was surprised, and somewhat embarrassed to learn that after fixing the furnace in his residence he had forgotten to change his head gear before proceeding to his duties. He at once rushed homeward and reappeared with a soft felt, which was more suitable to the atmosphere at this particular season of the year.

ADDRESS AT THE
Y. M. C. A. ENJOYED

Last Evening Major Fred J. Smith, Senior Physical Instructor, Told Interesting Story of His Work in England.

Practically all the Y.M.C.A. officers, directors and members were present last night to hear the story of Major Fred J. Smith, senior physical instructor for the expeditionary forces in England.

Major Smith was formerly physical director of the Central Y.M.C.A. in Toronto, for ten years, but shortly after the outbreak of war was appointed chief recreation officer for the training camps in England, which work he has carried on for over twenty-seven months, and is now back home to talk recreation, exercise and the outdoor life for the returning soldier and the civilian as well.

He tells of a class he formed of volunteers who had been turned down by the military medical officers as physically unfit for service, and after a short course of physical training, proper sleep and sleeping accommodations, the same class was examined again by the same doctor, with the result that fully 65 per cent. passed the various tests.

The major is an ardent believer in the outdoor life, and the great part that competitive games and personal physical culture play in the making of real men. His lecture was illustrated by 100 lantern views, taken in the various camps in England and France, and showed in a most interesting way the physical regime of Canada's forces overseas.

Championships were decided in baseball, soccer football, swimming, boxing, wrestling, tennis, rugby and cross-country running, the work starting in England, as a team, and being carried through right back of the Canadian front line.

Major Smith spoke of the monster held most in France in June, last year, when some 75,000 entries were participating in the various games, right back of the line, with General Currie, the Duke of Connaught, all staff officers and nearly 40,000 troops for an audience; a scout squadron from the Royal Air Force patrolling the blue to warn the athletes of enemy activity.

Major Smith thinks that the returning men should have plenty of clean, interesting entertainment, and that outdoor sports and gymnasium work is the best means to that end.

SOCIAL EVENING
AT FIRE STATION

Members of No. 2 S. C. and F. P. Guests of No. 1 Company — Pulmotor Demonstrated and Address by Commissioner Thornton.

A pleasant time was spent last evening in No. 3 Engine House, Union street, when the boys of Salvage Corps No. 1 were at home to their comrades of No. 2 Corps. Captain K. J. MacRae presided and in a few words welcomed the guests to the friendly relations which existed among the men of the various corps, and then called upon Commissioner Thornton, who delighted the boys with a few remarks, causing much laughter and merriment. In the course of his address he alluded to the quarters at No. 3 station, which were the best in the city, yet he believed they might be improved extensively, and promised as occasion presented itself, while sitting at the council board, to aid in any manner the members of both Corps.

Dr. L. A. Langstroth, surgeon of No. 1 Corps, gave a demonstration of the workings of the pulmotor. He went into the workings of the artificial respirator to great extent and showed how in the case of smoke suffocation, drowning or other like unnatural causes the patient effected might be revived by the pulmotor.

Each and every detail was explained fully, and those present were deeply interested in this feature of the program. It might here be added that in case of suffocation by smoke, by drowning or other causes the pulmotor may be obtained by calling up No. 3 Hose Station, Union street and a competent official will be rushed to the scene to help in resuscitating a patient.

Songs, readings, music and refreshments made the remainder of the programme a success in every feature. The entertainment closed with the singing of the National Anthem. In the near future a like entertainment may be held at which a fuller programme will be arranged.

THRIFT STAMP
EXECUTIVE MET

A meeting of the local executive in charge of the Thrift Stamp campaign was held last night at the headquarters, Prince William street, M. E. Agar in the chair. The chief matter of business was the appointing of a chairman and vice-chairman for a committee, who will undertake the formation of war savings societies in all establishments having more than ten employees. R. W. Wigmore was elected as chairman of this committee, and H. A. Mence as vice-chairman, and the work of organization will be proceeded with at once. Today, on the invitation of Dr. Bridges, Sir Douglas Hazen will address a meeting of the city school teachers and explain the methods to be followed in selling the stamps to the children in the schools.

THE TAX RATE THAT
ST. JOHN IS FACING

Estimated It Will be \$2.75 on the Hundred — Citizens Must Raise a Levy of About \$1,160,000.

Is St. John facing a tax rate of \$2.75 on the hundred dollars? The citizens this year will be called upon to raise a levy of about \$1,160,000, and on the basis of the same valuation as last year this will mean a tax rate of at least the figure named above. The total levy for last year was a little over \$925,000, and this year the increase so far approved of by the council total \$170,655.17; the school board are to get \$65,000 more than for 1918, and the county figures show an increase of \$58,279.91 making a total of \$225,945.08 more than the taxpayers of the city must provide than they did for the previous year.

The increases in the city department are: Streets, \$25,000; fire, \$18,357.72; police, \$26,215.90; lights, \$5,847.45; silviculture, \$1,000; debt interest, \$10,931.27; sewers, \$22,500; hydrants, \$8,200; grants, \$5,150.12; parks, \$1,587.50; a total of \$126,807.28; from this must be taken decreases amounting to \$20,942.11, of which \$2,198.80 is for the ferry department, making a net total of \$105,865.17; to this must be added the \$65,000 for the school board and the \$58,279.91 for the county, making a grand total of \$225,945.08, more than last year.

On the same valuations as last year this means an increase of fifty cents in the tax rate and as the rate last year was \$2.27, this would mean a rate of \$2.77 for the present year.

LEAVING TONIGHT
FOR CONFERENCE

Armstrong of St. John; "Problems of Reconstruction," led by Prof. Sexton of Halifax; 8 to 7:15 p. m., farewell lunch.

In addition to the St. John and Charlottetown Clubs it is expected a delegation from the prospective club at St. Stephen will attend the conference.

ARRIVED FROM
ENGLAND TO WE

Miss Enid Tudor Evans Reached Here on Steamship Yesterday and Steamship Bride, f. Capt. A. L. W. MacCallum.

A quiet, but very pretty wedding was solemnized at four o'clock yesterday afternoon at the residence of Captain William McGiffin, marine superintendent of the C. P. O. B., Ouldford street, West St. John, when Miss Enid Tudor Evans, of Carnarvon, Wales, and Captain Andrew Lane Wark MacCallum, son of John and Elizabeth MacCallum, of Parfle, Ayrshire, Scotland.

The bride who arrived yesterday on the Minnedosa, was married in her travelling suit, and carried a handsome bouquet of carnations and roses. After the ceremony a wedding luncheon was served and the happy couple left on the Boston express for a trip to New York and other American cities.

The groom enlisted and crossed overseas with the 25th Field Battery, and after serving for a time with that unit was transferred to headquarters staff in England. Later he came to Montreal, where he is manager of the Marconi Wireless Company. On the return from their wedding trip they will make their home at 498 Aryle Avenue, Westmount.

HINDU BOY
IS RELEASED

Santaram, the 14 year old Hindu boy servant of M. W. Marshall, New York, has finally been released by immigration officials and left last night for Montreal en route to New York. He was accompanied as far as Montreal by Mr. Webber of the local immigration department. Santaram, it will be remembered, was refused admission into the United States by the American officials at this port, but was given passports yesterday upon advice from Washington.

NURSING SISTER
WAS DECORATED

Dorothy Cline, Member of Imperial Red Cross Staff, Arrived Yesterday — Performed Noble Work During the War.

"All that I want is rest, and that is why I have come to Canada. This is my first trip across the Atlantic and I do not think I shall ever want to see England again."

That is the opinion of Nursing Sister Dorothy Cline, a member of the Imperial Red Cross staff, who left her ivy-covered cottage on the outskirts of London and crossed to France on August 11, 1914, just seven days after war was declared, to serve at advanced dressing stations, clearing stations and depl. hospitals. Fearless and self-possessed, being as far up the line as any woman has ever gone in the greatest and most terrible war the world has ever known.

Miss Cline, who is a distant relative of the famous British figure in the terrible Indian mutiny, Sir Robert Clive, has been personally decorated by the King for working under heavy shell fire at advanced posts on the British line in France. She has been awarded the Military Cross for her splendid services at Salonica, during the dreadful days at that theatre and also wears the beautiful Mons star in addition to the long service badge of the British Red Cross.

She is a cheerful little lady, not yet in her thirtieth year and when she disembarked from the C. P. O. S. Minnedosa she stopped on Canadian soil for the first time. "But I am going to stay here," she declared. "I am tired of England, tired of the crowds, they are all of the rear of guns and the dreadful sights I have seen in the past four years. I want rest, rest, rest, and I think I can find it in Canada."

Miss Cline left yesterday afternoon at 4:30 for Calgary, where she will be met by her brother, who for many years has been operating a large cattle ranch in Alberta.

A CHARMING ARRAY OF SMART
HOUSE DRESSES OF THE
LATEST SORT

Lucky indeed you might consider yourself were you to get them at double the price under ordinary circumstances. But these are extraordinary circumstances, special purchase of a manufacturer's collection of samples, so very many of them are marked at less than the cost of materials, and are exceptionally good, and the styles are a little better than you would expect to find in a House Dress, in fact they are more like a dress not usually associated as a House Dress, but as a morning frock. Many have dainty piping and ordering. Others collar and cuffs of Pique. Set in Vestib, too, are to be seen. Price \$17.50 to \$25. See Window Display, Third Floor.

WAR VETERANS.

G. V. V. A. Smoker, Tuesday, Jan. 28th at 8 o'clock in their rooms, Wellington Row. Entertaining program has been arranged. Refreshments will be served by Loyalist Chapter, I. O. O. E. All returned officers and soldiers welcome.

If you wish to gain flesh and strength use Borden's Reindeer Condensed Cocoa. All that you need is boiling water as the milk and sugar are already in it.

The new Opera House vaudeville program opening this afternoon at 8 o'clock, offers Claude and Marion, two bright rays of sunshine, in a re-arranged comedy hit, "Gail Argonne"; Turely, in a musical skit; Bert Sheppard and Miss Ray, Australian whip experts; Martin Van Bergen & Co., in a high class musical feature; Minnie Harrison, singing comedienne, and a good Vitagraph comedy picture. This afternoon at 8, tonight at 7:30 and 9.
