small ; but they all knew it was only a tem-porary arrangement, to enable the Legislaure to carry on the business of the country Hon Mr flatch, (who was not present when Hon Mesers Chandler and Johnson announc-of the year there must be a general election of ed the tornation of the Executive Council.) s-ked for information on that subject, and

esked for information on that subject, and after receiving from those hon gentlemen a repetition of the statement previously made by them, the bon Member proceeded to make Governor to construct a new, a full, and saby them, the bon Member proceeded to make come observations on the samouncement ; but in so very low a tone, that we could cench but few of his remarks. We understood Mr II. to object very strongly to the small num-been named. He considered it to be gene-rally understood throughout the country, that matters of the greatest importance were to be brought forward this Session : matters to be brought forward this Session : matters that thore should be an Executive Council, to who the Councillors were, provided they were who the Councillors were, provided they were calive-to bring the matter into public no-men of intelligence, men of zeal, and men of tice, and to comment thereon. Integrity. He had no local prejudices on the Hon Mr Johnston in reply to the observa-

Integrity. He had no local prejudices on the subject; he had no objection to any of these han gentlemen who had been named as Councillars; and if they proposed measures in the present composition of the Executive calculated to benefit the country at large, ho would cheerfully go with them. But he could not see why, there should be only five Executive Councillors, to consider and ad, executive councillors to the Executive Council, observed, that that Body did not now possess the power they formerly exer-cised When an application was made, executive council of the Reviewer of the Reviewer of the Reviewer to a set of the Reviewer of the Reviewer of the Reviewer to a set of the Reviewer of the Reviewer of the Reviewer to a set of the Reviewer of the Reviewer of the Reviewer to a set of the Reviewer of the Reviewer to a set of the Reviewer of the Reviewer to a set of the Reviewer of the Reviewer to a set of the Reviewer of the Reviewer to a set of the Reviewer of the Reviewer to a set of the Reviewer of the Reviewer to a set of the Reviewer of the Reviewer to a set of the Reviewer of the Reviewer of the Reviewer to a set of the Reviewer of the Reviewer of the Reviewer to a set of the Reviewer vise on the whole business of the Province; for a grant of money in aid of the Railroad There were many and important objects to project, the casual revenue was under their take notice of r abjects that required a good control, and they therefore granted ten thou-deal of local as well as general knowledge, sand pounds for that purpose. But the state For instance, there was the proposition of a Rail road dirongh the Province to Canada, Executive Council had now no power over which was a matter of the highest import the public funds of the Province ; and whatnce to the whole country : and there were ever the object for which assistance was de-mony other matters of consequence to con-sired, they could not grant one shilling ; they what y are provided in that Council ; and the province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were various parts of the Province ; but there were The want of side local information, many me partiant states were neglected, and measures would faithfully carry out any thing left for them to do, in fulfilling the intenimes of the Executive Councillors were not appointed. Instead of the only the whole nine Executive Councillors were not appointed. Instead of the only the wished to see every matter. The (flow Mr J.) thought that, even with the present constitution of that Council, et the Council, that all might cooperate in carrying out measures for the general benefit of the Province and that enlarged views and principles might be carefully acted upon.— representation in the Executive Council; With regard to the Rail road question, he because measures were determined on by was not prejudiced in favor of any particular the Legislature, and only had to be carried line of road, the cared not where or how it into effect by the Executive All parts of

might be faid out, but he wished to have ge. the Province would be fully represented in meral advide in the Executive on the subject, this House, at all events ; and be had no from all parts of the country, and therefore doubt they would be equally so in the other the thought that the Council ought to be the deliberative branch of the Legislature ; they would all therefore have a fair op

(Mr flatch) that the new Council was too House, he would contend for that County.

SAINT ANDREWS, NEW BRUNSWICK, WEDNESDAY, FEBRUARY 18, 1846.

The Standard,

ther needful assistance ; the nearest house being over two miles distant ; but he went into a tavern, became intoxicated, remained so for some time, and, on his return home, last release himself from her arms. The melancholy incident was recorded not long ago in the western newspapers. With

O ! Mother dear, my lips are dry, And Bessy's hands are cold ; Mother, dear mother ! help me nigh

Your bosom—surely you can hold Your little boy. I will not cry, Nor ask again for drink or bread, It you will only let me lie Upon your breast, and hold my head.

O Mother ! call your little boy To your bedside-he'll try to crewl :

You said I was your only joy, Your darling Henry, and your all ; And then you looked and screamed out Boy ! to your cruel father go.

Why do you weep and wail to me? Fly! fly! I've nothing here for thee!

Don't stare on me, my mother dear, I'm still-though Bessy will not stir; And she's too cold to lie so near-O, why don't father come to her ?

Poor Bessy cried herself to sleep ; I wish I could-but when I try My lips wont shut-and always keep

Wide open on your staring eye ?

Mother! how can you lie so still. With that dead baby in your arms? Who did that little dear one kill ?

You said 'twas now safe from all harm Can't I be dead too, mother, say? I'm sure 'tis very lonesome here ,

Is Heaven a very great long way? And is our father waiting there ?

I'm tired now, and cannot go; And the bright sun does blind me so;

Oh! shut your eyes, dear mother, do ; And let me love to gaze on you. How can you see us lying thus, On this iced floor-our feet so cold ? incalculable good. The time was when ere- the Mediterranean, and others from Bornou

Honse, he would contend for that County. The conversation then terminated. AN AFFECTING SCENE. The following lines describe the suffering and death of a young wife and her child denly ill in a very cold night, and left as lone with her little ones, while her hus-band went to procure a physician and o ther needful assistance; the nearest house Our cupidity and avarice have been neering intra brint orgen, rare was interrogated on away this unfortunate people, and those who remain we are under an obligation to cherish and foster with a Christian and philanthropic devotion — Watchman of the valley. Park, said Mr. Duncan's informant, cut off Park, said Mr. Duncan's informant, cut off

so for some time, and, on his return nome, found them all dead. It is supposed the mother' died soon after the birth of her child - that the boy struggled longest-that in trying to south his expiring sister, he sauk down beside her, and could not at the sauk down beside her, and could not at the sauk down beside her, and could not at the sauk down beside her, and could not at the sauk down beside her, and could not at the sauk down beside her, and could not at the sauk down beside her, and could not at the sauk down beside her, and could not at the sauk down beside her, and could not at the sauk down beside her, and could not at the sauk down beside her arms. The SERPENTS .- In the Savannahs of Izacubo, the hand of one of the people attempting to last release himself from her arms. The melancholy incident was recorded not long ago in the western newspapers. With what leelings can Christians pursue a business which has a natural tendency to produce such results? The words are by Mirs. Larned. pointed out to me something elevated in the opon the poor merchant, middle of a savannah, which appeared like a pears, were distributed in middle of a savannah, which appeared like a pears, were distributed me budle of arms. One of my company then said, "Thic is certainly one of those assem-blages of serpents which liesp themselves on each other sher a violent tempest. I have heard of these, but never saw any ; let us proceed cautiously and not go too near." When we were within twenty paces of it, bear of goods, in con-terror of our horses prevented our nearer ap terror of our horses prevented our nearer ap proach, to which, however, none of us were inclined. Suddenly the pyramidal mass te-came agitated; horrible hissing issued from it, thousands of serpents rolled spirally on each other shot forth out of the circle their tentions for each other shot forth out of the circle their te hideous heads, presenting their envenomed darts and fiery eyes to us I own I was one ot the first to draw back; but when I saw this formidable phalaux remain at its post, and appeared to be more disposed to defend than to attack us, I role round it, in order to view its order of battle, which faced the eneny on every side. I then sought what could be the design of this numerous assem-blage; and I concluded that this species of serpents dreaded 'some collosean cheny, which might be the great serpent, or the cayman, and that they re unite themselves after having seen this enemy, in order to at

after having seen this enemy, in order to at tack or resist him in a mass.- Humboldt.
