LOCAL MATTERS.

Four below zero last night.

Don't Forget Boston Comedy Co. next Monday evening.

THE CONTRACT for Cape Tormentine wharf has been awarded to a Toronto firm.

THE TEA in Lingley Hall last Thursday evening realized over fifty dollars.

CAPT. MOORE is making a fine display of Xmas Goods and Novelties at the Book Store.

Mr. C. A. Doull placed his new steel boiler in position in his new factory on Tuesday and will soon have the machinery in working order.

HAY SHIPMENT.—Mr. J. H. Goodwin, of Point du Bute, has already shipped nearly 400 tons of hay this season and has about 350 tons yet to ship.

A FREE entertainment will be given by the Baptist S.S. in the hall, Westmorland point, on Wednesday evening, Dec. 7th, commencing at 7 o'clock.

THE GOOSE SUPPER Monday evening at the residence of Mr. John Fawcett, Upper Sackville, was well attended.

A pleasant season was enjoyed and the sum of \$20 was realized.

FOR DEMERARA.—Brigit Harbert will finish loading for Demerara to day. Her cargo consists chiefly of lumber, but she will take a small quantity of hay and about 100 cases of lobsters.

MR. HIRAWAI addressed a large congregation in the Methodist church last Sunday morning, and gave a very interesting description of the rise and progress of mission work in Japan.

SACKVILLE DRUG STORE.—Mr. Amasa Dixon has been busy all the week removing his drugs and supplies to his new premises and has nearly completed the task. His new drug store is one of the largest and best in the Province.

BOSTON COMEDY CO.—The many friends of H. Price Webber and the Boston Comedy Company will be glad to learn that these old time favorites will appear in Music Hall next Monday evening. Webber is always sure of good houses in Sackville.

HOUSE AND BARN BURNED.—About eleven o'clock last night the house owned and formerly occupied by Dr. Moore was found to be on fire. An alarm was soon given and large crowd assembled, but owing to the high wind and scarcity of water it was impossible to check the flames which soon spread to the barn. The origin of the fire is unknown. The house has been untenanted for some time, but Dr. Moore's son has slept in the house since the attempt was made to burn it, and he and another boy were sleeping there last night when the fire broke out.

HYMEN'S BONDS.—Mr. Forrest Taylor, Miss M. M. Towse of Sackville, N. B., were united in the bonds of matrimony last Wednesday afternoon at the residence of J. H. Goss, 13 Moore street, Rev. J. A. Goss officiating. The bride was attired in an elegant cream colored silk. After the ceremony they received many congratulations from numerous friends and relatives present, and were made the recipients of a large number of valuable and useful presents. The happy couple took the 6:45 train for Boston and vicinity for a brief bridal tour. Haverhill, Mass., Bulletin.

FIRE.—On Tuesday afternoon a large barn belonging to Mr. Benjamin Beharrel, Frosty Hollow, was destroyed by fire with its contents, consisting of fifty tons of hay, about 200 bushels of corn, and a small cattle—two of them fat cows, a horse rake, a pitching machine and a lot of other agricultural implements, harnesses, &c. A wood-house was also burned. The barn was only two or three years old and was one of the best in the county. The origin of the fire is unknown. Five eels that were in the barn rescued with difficulty. Mr. Beharrel was working on the marsh when the fire occurred. His loss is estimated at \$15,000. Insurance, \$500. Mr. Beharrel, who has the sincere sympathy of the community in his heavy loss, desires to convey his thanks to his neighbors for their exertions in saving his house and other buildings from destruction.

—Mr. F. V. Winch, a British Columbia purveyor, has shipped to Yokohama per S.S. Parthia, 367 boxes of winter apples, most of which came from Sea Island and the balance from the Sound. Mr. Winch also sent as samples 300 lbs. of British Columbia butter. He expects that quite a profitable trade will yet be done in shipping the produce of our farms and fisheries to China and Japan.

—The Telegraph says:—It is related that a number of Bear Island men have resolved to brave the hardships of a winter in the woods, and started for the Quebec forests, where they will join their husbands in Gilman's lumber camp. A separate camp will be provided for them.

Moncton.

—The Boston Comedy Co., opened on Monday night in the "Opera House" for a week.

—Citizen Geo. Francis Train held forth in the Reller Rink on Tuesday night. He evidently possesses a vast fund of information and knows how to give it in the most attractive style.

—The Moncton and Beauceville Ry. have sold their road to an American syndicate represented by Dr. DeBertrand, of New York; it is now so late in the season it is not expected that much will be done this winter, but it is fully believed that the so much needed and so long expected connection between Parboro (Bay of Fundy) and Pugwash will be an accomplished fact some time next summer, and that the enterprising Spring Hill Coal Co. will be shipping their superior coals by thousands of tons at the beautiful harbor of Pugwash for Quebec and Montreal, whence return cargoes of flour, etc., will find a distributing centre at Pugwash for inland towns.

The Government Surveyors are endeavoring to get a better approach from the Station grounds to the docks, not satisfied with the curvature of the line adopted by the Snow Company. Mr. True has also been instrumental surveying the dock and lake near Corn's mills could have been easily got by and avoided at a saving in construction of some thousands of dollars, but I understand the chief engineer considered it too late to make the alteration. Pugwash will with its shipping and railway advantages afford unsurpassed facilities for industrial enterprise and general business transactions. Look out for a boom next summer.

Bale Verte.

—The gospel according to Grimsby is again being preached at brother Tingley's house, Bale Road.

—Brother's schr. arrived on Tuesday from P. E. Island with 600 bushels potatoes; also Laura C. Port Elgin, with oats for E. O. Gordon & Co.

The quarterly meeting of the Board of Trustees, Methodist Church, will be held in the vestry room next Wednesday afternoon.

—Messrs. D. E. Casey & Son's new two story, flat-roofed building is nearly completed, and will be used as a general store, and the upper as a boot and shoefactory.

—Next Sunday will be the Methodist Sunday School anniversary. Rev. S. M. Teed will preach a sermon directly bearing on Sunday School work and outside of the devotional exercises the children will take the leading part.

—The N. B. & P. E. Ry. Co. after spending some considerable time in deliberating over the matter, wisely decided to let the contract for the Port Elgin, on the Botsford side of the Gaspean River, and are now to be congratulated on having completed, for the use of the public, two fine buildings. Mr. George Hayward, mill owner, was the contractor.

—R. Prescott, Esq., of the firm of Prescott Bros., signed the contract on Monday afternoon for the construction of the Bale Verte ballast wharf. Mr. P. left on Monday evening for Moncton to interview his partner Mr. Gray. It is not likely the location will take place until the ice makes. In the meantime the contractors will be preparing and having in readiness the necessary material to immediately go to work as soon as located.

Dorchester.

—The Fancy sale held by the little "Busy Bees" of Trinity Church Sunday School was a very successful affair. The little "Hammers" realized something like fifty-five dollars.

The house owned by Irving Crossman, Woodville, was destroyed by fire Wednesday night of last week, fully insured. This makes seven houses burned in Dorchester within a month.

—The case of the Overseers of the Poor vs. Isiah Gabriels and baby show annex, has been under the peculiar management of the Clerk of the Peace, a source of amusement and wonder to the spectators. When will the neighboring republic anyhow?

—The funeral of the Thomas Keiller who died on the morning of the 24th inst., was largely attended. The obsequies were conducted by the Rev. Mr. Pascoe, assisted by the Rev. Mr. Hagg (Presbyterian), and the Rev. Mr. Young (Baptist). The bell of old Trinity tolled mournfully as the funeral cortege passed the Episcopal Church.

—The Dorchester lecture course was opened last Tuesday evening under most favorable auspices. An eloquent speaker, an interesting subject well handled, a large intelligent and appreciative audience, all combined to make the opening a complete success. A vote of thanks was moved by the Hon. Mr. Hannington, seconded by Mr. Knapp and heartily tendered to Mr. Curry, who responded in a most pleasing manner. The next lecture of the course will be given by the Rev. W. J. Stewart, of Portland, N. B. Subject: "There shall be no Alps."

—The old fashioned temperance meeting held in Robb's Hall last night, to open the Scott Act campaign, was a rousing success. The speakers were the Rev. Mr. Pascoe, Hon. P. A. Landry, Rev. Mr. Young, Hon. D. L. Hannington, and the Rector of Trinity Church, Rev. Mr. Campbell. Mr. Hannington's address to the youth men present was calculated to do much good, though some considered that he "let up" rather too much on those of a more mature age. The remarks of P. A. Landry, and his calm, statesmanlike reasoning on the subject of Prohibition, are being very favorably commented on by all who had the pleasure of listening to him. The Acadian people may well be proud of their chief, and Kent of a representative whose temperate record is unassailable, without stain or blemish. The speeches of the clerical gentlemen were necessarily short, emphatic and to the point. Mr. W. H. Bowser acted as chairman.

Children Cry for

Pitcher's Castoria.

Pugwash.

—About 1000 tons of hay have been shipped this season at this place, says A. Breton, St. Pierre and Newfoundland. One vessel with cargo of hay took fire and was burned just outside the harbor.

—Work is progressing on the Pictou and of the railway between Oxford and New Glasgow. R. L. McDonald has the contract from Oxford to Wallace. Donald Sutherland has the Pugwash branch. It is now so late in the season it is not expected that much will be done this winter, but it is fully believed that the so much needed and so long expected connection between Parboro (Bay of Fundy) and Pugwash will be an accomplished fact some time next summer, and that the enterprising Spring Hill Coal Co. will be shipping their superior coals by thousands of tons at the beautiful harbor of Pugwash for Quebec and Montreal, whence return cargoes of flour, etc., will find a distributing centre at Pugwash for inland towns.

The Government Surveyors are endeavoring to get a better approach from the Station grounds to the docks, not satisfied with the curvature of the line adopted by the Snow Company. Mr. True has also been instrumental surveying the dock and lake near Corn's mills could have been easily got by and avoided at a saving in construction of some thousands of dollars, but I understand the chief engineer considered it too late to make the alteration. Pugwash will with its shipping and railway advantages afford unsurpassed facilities for industrial enterprise and general business transactions. Look out for a boom next summer.

Parboro.

—John Duffy, a respectable citizen, is not expected to recover from an attack of apoplexy which he had last week.

—Allen Berry, from Two Islands, is very ill with inflammation in his arm.

—Dr. W. D. McKenzie, Druggist, has so far and is expecting to go to California, where some are going while others come. Some eight or ten families have moved in this season.

—Two cargoes of apples at very high prices, also some hay on the way, expected first tide. Price \$1.00 per ton.

—Rev. J. W. Porter, Baptist, is visiting his people in Yarmouth. Rev. S. Thompson is quite poorly.

Rev. Mr. Dill, Presbyterian, is having a good congregation at present. Rev. Mr. Corey, of Amherst, Baptist, preached twice last Sabbath for Mr. Porter.

Port Elgin.

—The frost on Tuesday dried up the mud, which for a few days before had been terrible. Port Elgin is badly in need of sidewalks.

—The school term is running full time and are finding a ready sale for their products, which include some handsome new patterns. The mill employs about thirty hands.

The neat and comfortable station house and commodious freight shed form a marked contrast to the box car which used to do duty as a station building. Station master Hewson and the other villagers are to be congratulated on the change.

—Mr. John Ogden, of the late firm of Marvin & Ogden, will shortly resume business in one of the stores in Mr. Hazen Copp's new building. He will keep a general store for his sister, Mrs. Fleming.

Don't

Get that cold of young run on. You think it is a light thing, but it may run into catarrh, or into pneumonia, or consumption.

—The breathing apparatus must be kept healthy and clear of all obstructions and affections. Otherwise there is trouble ahead.

All the diseases of these parts—head, chest, lungs, throat, etc.—are cured by the use of Bosc's German Syrup. If you are already sick, already coughing, already hoarse, already tired, already weak, already nervous, already everything wrong, take Bosc's German Syrup. It will cure you. Bottle only 75 cents. Ask any druggist.

—Two thousand crockets on the Isle of Lewis have been supplied with rifles, tents, etc., and commenced a campaign to exterminate the deer in the forests. They allege that the deer are starving, and ought to be living on the land now given up to the deer. They declare that the deer are starving, and ought to be living on the land now given up to the deer. They declare that the deer are starving, and ought to be living on the land now given up to the deer.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became a Man, she cried for Castoria.

When she had Children, she gave them Castoria.

Scott's Emulsion of Cod Liver Oil and Hypophosphites.

Is very valuable and much better than the plain oil. Dr. W. H. Cameron, of Halifax, N. S., says: "I have prescribed Scott's Emulsion of Cod Liver Oil with Hypophosphites for the past two years and found it more agreeable to the stomach, and have better results from its use than any other preparation of the kind I have ever tried." Put up in 50 and \$1 size.

Nil Disperandum.

"Never despair," is a good motto for all. If afflicted with any lingering disease, remember "while there is life there is hope." Never despair of relief until you have tried Bosc's German Syrup. It cures diseases of the stomach, liver and blood when all other medicines fail.

—A man lost two \$50 bills in a Boston banking house recently. A few days ago the cashier of the house received the bills in a letter, in which the writer said that he meant to keep them, but his conscience troubled him so much that he had to return them.

—The coldest night in the United States last Sunday night was Fort Bedford, where it was 28 degrees below zero. Bismarck was next, with 24 below. The cold is abating all over the North-West.

Banquet to Mr. Powell.

Between fifty and sixty members of the Liberal Conservative party in the Parish of Sackville assembled at the Brunswick House on Tuesday evening to do honor to Mr. H. A. Powell and to give expression to the feelings of respect and esteem with which he is regarded by his numerous friends. The number of invitations was limited, and none were invited outside of the Parish. About nine o'clock the company, which was thoroughly representative and included many of the leading men of Sackville, sat down to a sumptuous repast prepared in the excellent style for which the Brunswick is justly famous, and for a time paid strict attention to the good things set before them. Mr. J. L. Black, M. P. P., presided with grace and dignity. Mr. Powell as the guest of the evening occupying the seat of honor at his right, while Mr. Wood, M. P., supported him on the left. After the demands of appetite had been appeased, the chairman proposed the Queen's which was responded to by singing the National anthem. The chairman then in a few well chosen and appropriate remarks proposed the guest of the evening, at the same time presenting him with a handsome and valuable clock as a slight token of the regard and esteem of the company present. Mr. Powell responded in fitting terms, referring briefly to the political history of the county during the time he had been living in the Parish, and illustrating the points in his speech with a number of humorous anecdotes which elicited much applause. Mr. Wood made a neat speech in response to the toast "The Parliament of Canada," and warmly applauded. Other toasts followed and were duly honored and spoken to, and shortly after midnight the company adjourned, well pleased with the evening's entertainment.

—A curious case, showing to what extent a debtor may and may not be done, has been decided by the Recorder of Montreal. A collector who had several times called on one George Baillie, was at last told to get out of the house. Not heeding this injunction he did return, and was ejected. Baillie was arrested, presumably for assault, and the Recorder dismissed the case with costs against the too indiscreet collector. And the Recorder laid down the law in these words: "No collector has a right to come to a house for the purpose of collecting, if the one from whom he seeks to collect has once told him not to come again. He may seek redress in the court, but not otherwise."

—An example of bearding the lion in his den was afforded by an illicit distiller of Halifax, who for months ran a still in the very heart of the city little more than a stone's throw from the principal hotels, Academy of Music and Roman Catholic Cathedral. Curious, the customs detective, known to him and knew his occupation but could not locate the plant until a chance delivered the delinquent into the hands of the gaugers, who came down upon the enterprise with a heavy hand.

—The Portland Press says, "some few vessels have done well, but in the main the mackerel fishermen have hardly earned the salt, some of them have actually failed to do even that. Many have absolutely nothing for the subsistence of their families during the winter." This is a striking contrast to reports from our Canadian fishermen who have done well, and are "well-fixed" for the winter.

—The new Baptist Church at Butterworth Ridge will be ready for dedication about in New Year's. There are now 485 members in the church—212 added during the late revival—193 on experience, the remainder by letter. Of the above there are 79 Kiths, 50 Alwads, 45 Thornes and 35 Hikeses.—Times.

—Six inches of snow is reported in the woods on the upper St. John and the teams of the lumbermen are all at work. Snow is reported to be about eight inches on the branches of the Northwest River and the teams are at work hauling.

—Five musktooth cheeses were shipped recently from Ingersoll; each weighed over 2,300 pounds. One was bound for Gibraltar, one for Chicago and three for Scotland. They were made at the West Oxford factory.

—L'Evangeline is the name of a new paper published in the French language at Digby by Mr. V. A. Landry, formerly of this Province. The paper presents a neat appearance and is well filled with local news.

—A special egg train left Strathroy on Wednesday, of last week, consisting of 24 cars, each car containing 10,500 dozen eggs packed in 150 barrels of 70 dozen each; in all making a total of 252,000 dozen eggs.

—Haglan was again defeated last Saturday by Beach, the Australian champion. Haglan was a good oarsman, but he has found more than his match at last.

—Nine cargoes aggregating about 40,000 bushels of potatoes have been shipped from Canning, N. S., to the American markets this fall.

A Matter of Economy.

As a matter of economy B. B. B. is the cheapest medicine in use, for it takes less than any other medicine to cure the stomach, liver, kidneys and blood, than any other known remedy. B. B. B. is only One Dollar a bottle.

—The following is a reply which a man sent to a bill from his bookseller:—"I never ordered the book; if I did you didn't send it; if you sent it I never got it; if I got it I paid for it; if I didn't I won't."

Children Cry for

Pitcher's Castoria.

H. DICKSON.

P. S.—A Large Stock of Ready-Made Clothing expected to arrive this Week.

Advice to Mothers.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures Diphtheria, and Throat, regulates the Stomach and Bowels, cures Wind Colic, soothes the Gums, and keeps the child quiet, gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" is the most perfect and pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists in the United States. Price twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

A Hint to Housekeepers.

Mrs. Robert Williamson, of Glenora, Parry Sound, Ont., says: "I could not keep house without Haggard's Yellow Oil at hand. I have used it in my family for years, and it is a cut foot, and can highly recommend it to everybody."

A Claim Verified.

B. B. B. claims to cure all curable diseases of the stomach, bowels, liver, kidneys and blood. That it actually performs all its claims is proven by testimony and from parties which none can dispute. Send for testimonials of remarkable cures.

A Postmaster's Opinion.

A have great pleasure in certifying to the usefulness of Haggard's Yellow Oil, writes D. Kayvaugh, postmaster, of Unfraville, Ont., "having used it for soreness of the throat, burns, colds, etc., I find nothing equal to it."

In a Dreadful Condition.

Hattie E. Manthorn, of Mill Village, Ont., says: "My cough was dreadful. I could not sleep at nights on account of it, but when I used Haggard's Pectoral Balsam I had rest and was quickly cured. All druggists sell this invaluable cough remedy."

Don't Forget—The Tailoring Department at J. L. Black's has over 100 pieces of cloth at sale, ready to select from, and Mr. Peterson makes the choicest of Suits and Overcoats.—Nov 25

Tamarac.

Tamarac Balm is a preparation containing great medicinal properties, cures Croup, Influenza, Throat and Lung Complaints.

Religious Services.
