#### KENT MEMBER URGES THAT WHEN WHO SOLD HIGH PRICED TRACTORS BE MADE EXPLAIN

Organization Meeting of Special Committee To Investigate Living Problems Is Held This Morning—The Chairman Recommends That Causes of Present High Prices Be Ascertained and People Told.

Ottawa, June 4.—Despite the heat, which induced a number of members to attend in their shirt sleeves, considerable interest was taken in the organization meeting this morning of the special committee of the House of Commons to investigate the cost of living problem.

George B. Nicholson, East Algoma, who was elected chairman, said that if the committee is to do anything to settle the unrest in the country because of the high cost of living, it would be necessary to get at the causes of present high prices and let the people know what they are. The inquiry, Mr. Nicholson said, should be wide open and confined to definite lines.

**Kent Member's Views.**  
A. B. McKelvey, Kent, said that if the committee finds out the cause of the high cost of things it should take steps to bring about a change. Mr. Nicholson having replied in the affirmative, Mr. McKelvey suggested the appearance before the committee of the sales agents of the International Harvester Company and the Advance Rubber Company of Winnipeg to explain the sale of a number of tractors which, he said, were sold at higher prices than should have been asked in view of the fact that the Government has been bringing tractors into the country, and at low cost, in order to encourage production.

**Appointment Committee.**  
H. H. Stevens, Vancouver, after pointing out that the committee is able for the inquiry to cover a wide range during the remaining days of the session, moved the resolution suggesting that the boards of trade in all the larger industrial centres of Canada should be asked to appoint a committee to supply the committee of inquiry with information relating to retail and wholesale prices. Mr. Stevens thought that the committee should devote particular attention to the matter of the spread of prices between the manufacturer and the consumer.

Mr. Stevens' proposal met with considerable opposition on the score that the boards of trade would not act. E. W. Nesbitt expressed the opinion that the proper way to proceed was to send for the manufacturers, wholesalers and retailers and get evidence. **Resolution Adopted.**  
After further discussion, Mr. Stevens' resolution was adopted in the following form: That, with a view to assisting the committee, we request the mayors of the following cities, viz., Hamilton, St. John, Quebec, Montreal, Toronto, Hamilton, Port William, Port Arthur, Winnipeg, Regina, Calgary, Edmonton, Vancouver and Victoria to form a committee, consisting of one member of each of the following classes, viz., a representative of the boards of trade, a representative of the manufacturers or such persons as the foregoing organizations may appoint, such committee to ascertain the basic cost to importer or manufacturer of following staple articles: shoes and shoes, ordinary articles of clothing, meat and meat products of packing companies, fresh and cured, flour and cereals, coal, oil and kerosene.

Also, to ascertain the reasons for the high cost of these articles, and to make a report on the same to the committee. The committee is authorized to call on the boards of trade in all the larger industrial centres of Canada for information relating to the cost of living problem.

**Canadian Ministry To U. S. Is Up Again**  
House of Commons Is Told Subject Is Pending.

London, June 3.—In the House of Commons today, N. Gratton Doyle, the coalition member for Newcastle-on-Tyne, asked the government if, before the appointment of a new ambassador to the United States, it had been determined whether the time was opportune for Canada to have a special representative at Washington with the status and prestige of the new Canada which had developed during the war. Cecil Harcourt, under-secretary for foreign affairs, replied that he could say nothing further at present about the matter, which was the subject of discussion with the Canadian Government.

#### MONTREAL FEARS GENERAL STRIKE; 5,000 OUT NOW

Walkout of Canadian Consolidated Rubber Company Employees.

SITUATION IS SERIOUS

Excuse Is But Needed To Start a General Walkout.

Montreal, June 4.—Just how near Montreal is to a general strike labor leaders here refuse to predict. The strike of the employees of the Canadian Consolidated Rubber Company, in the opinion of labor leaders, involves matters rather seriously.

From what could be learned this morning among the strikers, they have not discussed at any meetings the question of a general strike, but each man seems to have been turning it over in his mind, and some of the leaders fear that it but needs the spark at this time to start the conflagration. So long as the local strikes did not involve a large number of men, the situation looked very promising, but now with five thousand men out in the city, many are of the opinion that it will require some sitting on the lid unless a considerable portion of the workers return to their tasks in the very near future. Yesterday there was optimism, today there are grave fears in Montreal labor circles.

**VICTORIA WORKERS POSTPONE GENERAL STRIKE TO THURSDAY**

Victoria, B. C., June 3.—Victoria's action on a general strike in sympathy with Winnipeg workers was deferred at a meeting this afternoon until Thursday night. The latest result of the vote taken by unions here show majority for strike. The street car men held two meetings today, which opposition to a strike was voiced. No vote was taken, it being resolved to await the action of their Vancouver confederates. It is understood that the electricians here are not in sympathy with the strike movement.

**SASKATOON STRIKE SITUATION SHOWS BUT LITTLE CHANGE**

Saskatoon, June 4.—There is but very little change in the strike situation in this city. The street railway men held a mass meeting last night, but decided to remain out until this afternoon. The hotel and restaurant workers, who are working short-handed, at a meeting held last night the employees of the power houses decided not to strike, while stage hands and moving picture operators also decided to stay at work.

**VANCOUVER PRINTERS DECLINE TO JOIN IN GENERAL STRIKE**

Vancouver, B. C., June 3.—Daily newspapers will not be affected by the general strike call here as far as the Typographical Union is concerned, the men having voted last night not to obey the order of the strike committee.

The general strike committee announced yesterday that they would issue statements through the daily press, but the first day and the night of the strike passed without any manifesto. The strike committee contented itself with having posted placards on available telephone and telegraph posts adjuring their members to refrain from congregating and to keep order. The men on strike are receiving strike pay.

**TELEGRAPH OPERATORS IN ATLANTA ON SYMPATHY STRIKE**

Atlanta, Ga., June 4.—Union telegraph operators of the Western Union Telegraph Company here went on strike today in sympathy with the telephone operators of the Southern Bell Telephone Company, who left their switchboards Monday.

**ITALIAN PREMIER 'COOL AS CUCUMBER' IN NEW STRAW LID**

Paris, June 3.—Premier Orlando of Italy is the only delegate to the peace conference who has dared to take a public stand for freedom of the styles. Every other delegate, President Wilson included, wore a silk hat at St. Germain yesterday when the treaty was handed to the Austrians. It was mighty hot and sultry and streams of perspiration ran down the cheeks of the world statesmen. Orlando, looking as cool as a cucumber, wore a straw hat.

#### HOOVER SAYS NORMAL TRADING SHOULD PREVAIL ALL OVER WORLD

Paris, June 4.—The last food ship under the direction of the American Food Control organization will leave America late in June unless there should be a decided change in the world's affairs and some new regulation is passed by the United States Congress, it is indicated today. No law is now in existence authorizing the participation of the United States in food control activities after the signing of the peace treaty, and American food experts believe it desirable that the financing of food transactions should be handled by bankers, and that dealings should be permitted through regular channels.

Herbert Hoover, chairman of the Inter-Allied food commission, contends that normal trading should be established throughout the world, and insists that attempts made to control prices will tend to stifle production.

#### TWO KILLED IN RIOTING AT BIG TOLEDO FACTORY

Operations At Willys-Overland Automobile Works Suspended Today.

**CORONER INVESTIGATING**

Dead Men Were Merely Spectators and Not Involved in Dispute.

Toledo, June 4.—Operations at the Willys Overland Automobile Company were at a standstill today as a result of the rioting last night in which two persons were shot to death, and seven others injured. The plant opened a week ago Monday after two weeks of idleness.

Clarence A. Earl, vice-president and general manager of the company, authorized the announcement that no attempt would be made to operate the plant, which has been affected by labor disturbances involving 12,000 employees, pending word from Governor Cox regarding an appeal from Mayor Schreiber for troops to handle the situation. The coroner has promised an investigation into the shooting in an effort to establish responsibility for the rioting. The dead men, it is said, were not involved in the labor dispute, and were never employed at the Overland plant. They were in the crowd, which congregated about a fire station when discharged soldiers gathered the plant arrived in response to a riot call.

Feeling in the neighborhood where the deaths occurred is running high. This is a settlement of Poles. The nationality suffered the most seriously during the rioting, and police authorities are apprehensive of further outbreaks today, aimed at the former soldiers doing emergency police duty.

#### MEN OFF MEGANTIC COMING IN MORNING

The hospital train carrying the London party of patients from the hospital ship Megantic left Quebec City at 5:20 a.m. yesterday, and is due to arrive at the Grand Trunk station here tomorrow morning at 9 o'clock.

#### MAJORITY OF STRIKERS GO BACK TO JOBS

Toronto Workers Who Joined Sympathy Walkout Return To Work.

EMPLOYERS SPEAK

Tell Mayor Church the Metal Trade Employees Must Come Back First.

Toronto, June 4.—Many of the workers who walked out on strike last Friday, in sympathy with the men of the metal trades, went back to their daily toil today. The marine federation and shipbuilding men have notified their employers that they will return to work tomorrow, under the old conditions, pending further negotiation into their local grievances. This morning the carpenters are discussing things with their employers, and it is expected that an agreement will be reached shortly, and that they will go back.

The metal manufacturers, in a statement to Mayor Church this morning, said that they would not negotiate further with their men until they returned to work under the old agreement. By tomorrow it is expected that the only strikers on the street will be the metal trades workers, who have been out for some weeks.

#### PRO-GERMAN AGENTS ON TRIAL IN ZURICH

Twenty Alleged Plotters Said To Be Italo-Swiss Anarchists.

TRIAL IN ITALIAN

Investigation Is Expected To Last For One Week.

Zurich, June 3.—The trial of twenty-eight alleged pro-German agents, whom twenty-four are said to be Italo-Swiss anarchists, was begun here today. The prisoners, two of whom are Hindus, are charged with plotting revolutions in Switzerland and Italy, the murder of former Premier Salandra and Foreign Minister Sonnino, the blowing up of banks in Rome and Milan and the destruction of the Simpson and other trams. The tables in the courtroom were today covered with a mass of bombs, grenades and revolvers of German origin and there were poison and bacteria tubes played in evidence. In the House of the German consul, it is explained, there were found 500 grenades, 400 revolvers and thousands of cartridges. One Hindu declared to have acted as an agent in the language, is expected to last a week.

#### CONFERENCE GIVES GREAT OVATION TO RETURNED CHAPLAIN

Capt. Edwards Never Drank or Smoked Overseas.

BY STAFF REPORTER.

Goderich, June 4.—The private ministerial session of the Methodist Conference held this morning at Goderich, Ontario, gave a big ovation to Capt. Edwards of the Highgate circuit, who spent over two years overseas leaving behind him a record of service with the 21st Battalion, London, touching neither tobacco nor intoxicating drinks during his sojourn overseas, was received with enthusiasm, as well as an interesting account of his experiences overseas.

Rev. J. W. Aiken, D.D., of Ottawa, who is to be in charge of the morning devotion at all sessions, was present this morning, and gave an inspiring address on "Jesus Christ as an Ideal Evangelist."

#### OTTAWA PRESSMEN DEMAND SHORTER WEEK, MORE MONEY

Ottawa, June 4.—The Printing Pressmen and Press Feeders' Union, comprising two hundred and sixteen men employed in the Government printing bureau and local job printing houses, have put in a demand to their employers for a 25 per cent increase in wages and the 44-hour week.

#### ALLIED PEACE TERMS WILL BE ACCEPTED BY THE AUSTRIANS

Vienna, June 4.—The Austrian Government has decided unanimously that the peace terms presented at St. Germain on Monday are acceptable, the Neues Abendblatt says.

#### ALLIES WILL LIKELY ACCEPT GERMANY'S COUNTER OFFER OF HUNDRED BILLION MARKS

Entente Financial Experts Argue That It Would Likely Be Better To Accept This Sum, Coming Voluntarily, Than Impose a Greater Amount That Might Be Paid Only Under Heaviest Pressure.

Paris, June 4.—The German counter offer of a hundred billion marks as an indemnity, surprised some of the Entente financial experts, who all along had believed that the chances of getting much more from Germany were not particularly good, but who now think that with some concessions as to the payment of interest, which is not included in the German proposal, the offer is perhaps acceptable.

Those experts argue that from the viewpoint of world credit arrangements it might be better to base the future financial plans of the Entente governments upon a definite sum of 100,000,000,000 marks voluntarily offered than on an indefinite assessment, which the Germans might accept only under protest.

#### WINNIPEG OFFICIALS SANCTION PARADE OF VETERANS FOR TODAY

Returned Soldiers Have Refrained from Participating in Strikers' Demonstrations.

SITUATION UNALTERED

Conditions in Edmonton and Calgary Are Almost Normal Again.

Winnipeg, Man., June 4.—Members of veterans' associations, who have refrained from participating in demonstrations by strikers on advice of their leaders, planned a parade today under sanction of city officials. With veterans' associations upon a definite sum of 100,000,000 marks voluntarily offered than on an indefinite assessment, which the Germans might accept only under protest.

Executives of the Great War Veterans' Association declined to recognize the general strike this morning, who passed resolutions last night approving the sympathetic strike of Winnipeg soldiers. It was pointed out that there are about 10,000 members of the Winnipeg association, and that an overwhelming majority of them are members of the Dominion Legion, and are therefore not subject to the strike.

**FIFTY ADDITIONAL POLICEMEN SWORN IN AT WINNIPEG**

Winnipeg, June 4.—Fifty additional policemen were sworn in, equipped and placed on active duty today by the city police commission. All formerly served on the force.

**German Government Will Re-Establish Military Salute**

Order To This Effect Has Just Been Issued.

Berlin, June 3.—By the Associated Press.—At a cabinet meeting, the German government has decided to re-establish the military salute which had been abolished.

An order has been issued that officers salute each other, those of the lower rank first; that non-commissioned officers and private salute their superiors, and that sentries stand at attention for officers, the president and the members of the cabinet. The rule does not apply at outdoor meetings.

A quiet wedding was solemnized at the parsonage of the Dundas Centre Methodist Church on Friday, May 29, when Miss Vera Ruth Wellman was united in marriage to Edward Tudor, Rev. H. T. Ferguson performed the ceremony. Mr. and Mrs. Tudor will make their home at 451 Dundas street.

The engagement is announced of Miss Edna, second daughter of the late Mr. and Mrs. E. J. MacRobert to Capt. Lewis D. Orr, Vancouver, the marriage to take place the latter part of June in this city. Both Miss MacRobert and Capt. Orr have been attached to No. 3 Canadian General Hospital.

"Deserve" Not "Desire."  
My attention has been called to an error in the letter of Spear Maiden in the Mail-Box. The writer said: "If there is any woman under the sun who deserves an \$80 suit, it is the farmer's wife." Unfortunately the word "deserve" was printed in place of "desire," a typographical error which is herewith rectified.

### WINIFRED BLACK

Writes About "Cleverness and Marriage."  
Copyright, 1918, by Newspaper Feature Service, Inc.

Winifred Black

Prof. Holmes of the University of California says there's something wrong with the values of today. "They" aren't born right, he says, and the reason they aren't born right is that their parents didn't think enough about it. A man just noticed a pretty dimple on a rough eye and a girl observed a good pair of shoulders and an apple nose going to happen, after they had moved into the new apartment and started paying for the new furniture and put away the bridal veil and began to wear the going-away hat for second best to all children.

Men and women of this age should consider each other eugenically, says the professor, and as he is the greatest authority in the West on eugenics, very probably he knows what he's talking about.

He says too many stupid persons do not marry at all. And, worse than that, when the clever people do marry, they don't want children.

The consequence of this, says the professor, that the world is peopled by the children of the stupid, and this he thinks is bad for the world, all of which interests me exceedingly and thrills me—not at all.

Consider the Clever.

I suppose we all ought to want the world to be full of clever people, but somehow the thought of such a world fills me with horrified dismay.

Clever people are like tobacco sauce or like a salad dressing, or like the cake and ice cream after dinner.

Very nice, for little dips of the appetite, but rather cloying if you get too much of them.

I'm fond of cake, but I like bread myself, good plain, home-made bread, and I'm afraid I shouldn't care for a cake and ice cream diet three times a day—forever long.

Clever persons are nice for company once in a while—sometimes, when they are in their own cleverness and so they are careful horses. But for me and my house, give me ordinary, everyday, commonplace people, who live ordinary, everyday, commonplace lives, with breakfast and luncheon at 11, and dinner at 6, and good, interesting, cheerful work all day, and good, human, cheerful talk at a little music, or a movie or a decent book in the evening.

I love to ride through a city and see the plain little houses in the plain parts of town and think of all the love and sacrifice and devotion, of all the hope and faith and faith, that is put within those four walls.

What does the professor want the world to be full of?

He wants a world where the stupid and the clever are mixed together, where the stupid and the clever are mixed together, where the stupid and the clever are mixed together.

He wants a world where the stupid and the clever are mixed together, where the stupid and the clever are mixed together, where the stupid and the clever are mixed together.

#### Cynthia Grey's Mail-Box

A Useful Ornament.

Dear Miss Grey:—Quite as you remarked, I am one of the "Unbreakable" ornaments that perhaps are more useful than pretty. But I wonder how in the world that Calamity Ann could have succeeded that it was, because I adored the plums so much and so often that the lot of being called an ornament felt to me?

Now, quite to the contrary, I simply throw away all kinds of tonics, iron, blood purifiers, and nerve medicines, after having taken them all and only to find my skin a mass of freckles, sallows, yellow looking and absolutely unattractive. I bought me a book on diet, and I studied the chemical action of the different kinds of foods, and what that was especially good for. I found that as meat like pork, beef, veal, mutton, etc., contained too much iron, and that there were not so good for the blood. I started first on making a complete diet of greens. As a blood-purifier I ate lots of cabbage. I do indulge in chicken, fowl, any kind of meat, but I had brought a lot of color to my face, and the awfully plain freckles are now very faint, although not really gone.

But the skin has some healthy look about it, and then people say that they don't mind seeing a girl who is not so very young. My nerves are in fine condition and my hair is certainly abundant if it isn't too much, as that irritates the scalp.

I wasn't a flut, but I have heard and have seen that if plain kerosene oil is put on the head perhaps twice a week, it certainly makes the hair grow. Do not make the mistake and put on too much, as that irritates the scalp.

Very careful, shampoo the hair at least once every two weeks, and make sure that all the sebum which comes from the sebum glands is washed out. Another good cure that a neighbor tried was to rub a very little of good lard every evening, both of these being applied only to the very roots. The kerosene, however, will remove all dandruff also.

Don't get into that raising chicks. We have had nothing but good luck with all kinds of chicks, after others seemed to have failed. When newly-hatched chicks are kept very warm and do not feed them before they are 48 hours old, they grow very fast and are very healthy. Chopped up, very finely for the first day mixed with a very few grains of wheat, and then feed them the first 18 hours, then they will not have all sorts of illness. Something I have heard of is to feed them a hard-boiled egg, which is quite a healthy food, and the extra feed which is given to them is a very healthy food.

Gradually we put them on to chick food, and we have had healthy chicks. If you have a lot of chicks, feed them the first 18 hours, then they will not have all sorts of illness. ### WOMEN'S INSTITUTE WILL HOLD ANNUAL MEETING THIS MONTH

Consolidated Schools To Be Considered.

During June and July the Women's Institutes of the province will hold their district annual meetings. Many requests have been received by Mr. G. A. Putnam, director of the Women's Institutes for Ontario, for speakers to discuss questions of consolidated schools, mutual training and household science in the rural schools, the serving of a hot noonday lunch during the winter months, and the conditions of the rural schools generally.

In order to give all the information possible to the public, the speaker will be Mr. Albert H. Leake, inspector of schools, who will address a number of these meetings at 6, and good, interesting, cheerful work all day, and good, human, cheerful talk at a little music, or a movie or a decent book in the evening.

I love to ride through a city and see the plain little houses in the plain parts of town and think of all the love and sacrifice and devotion, of all the hope and faith and faith, that is put within those four walls.
