## CITY'S GREAT CHANCE NOW

### Control of Street Railway Could Be Easily Effectuated Looks Like the Only Way Out of Difficult Legal Tangle

The Courier thinks the time has come when the City of Brantford should look into the acquisition of the Street Railway by the Municipality.

In this regard a review of the situation is opportune. It was in January of 1886 that the line was started with cars about the size of a saratoga trunk and one lone horse to draw each. The project was financed by some men in Cornwall. Afterwards it was turned into a trolley line and the Toronto General Electric Company, via Mr. Nichols, took a first mortgage on everything for \$125,000. It is also understood that they paid considerable indebtedness.

The next move was when Dr. Ickes took hold and he built the Grand Valley line to Paris and later to Galt. He sold more bonds and actually placed them to the extent of \$30,000 a mile for 28 miles or \$84,000 in all. Dr. Ickes passed out and Mr. Berner from the United States assumed control. He got a merger of both lines and then issued mortgage bonds over both, trying to get the others to surrender theirs. Some did and some didn't. The third issue for bonds was for \$125,000 and there you have just about the whole of the beautiful misup.

It would seem to a layman that the General Electric Company of Toronto have a strangle hold on the whole situation, and that they are about the only ones with any cash in view. Incidentally it might be mentioned that the City owes the municipality a little trifle of \$17,000.

The bond holders are at litigation and the city has given notice of action to cancel the city franchise. It is said that this will be on the basis of turning the whole thing over to the General Electric Company of Toronto. If so The Courier does not believe in any such plan, and it further believes that now is the accepted time for Municipal ownership.

The city lines are practically all now on a paying basis and the system could be reorganized to make the earnings even larger. The city has on hand a little over \$71,000 in available cash from the sale of the Waterworks properties. To what better use could that money be put than as a portion of the amount necessary to acquire and improve the street railway service and the extent of mileage? The road would prove a big asset for the people of this Corporation, just in the same way as the Waterworks have.

## Were Fooled Race-Track Wire Tappers Caught at Their Own Game.

NEW YORK, April 22.—Three alleged wire-tappers were arrested at the point of a revolver in an up-town hotel last night after attempting, according to the police to fleece Charles White said to be a wealthy citizen of Chattanooga, Tenn., in a game to beat the races. White had met one of the men on a train coming from the south permitted himself apparently to be "roped in," instead, however, White informed the police and after a bet had been made in which White was supposed to have won \$54,000, but was required to produce \$25,000 in cash to show that the check he had drawn to make the bet was good, the police swooped down on the trio and took them into custody.

The men gave their names as Geo. Ferns, John Thompson and Charles Franklin. The police say all of them have police records.

Resumed Work. The many friends of Mr. P. McCusker will be glad to know that he has resumed work after being operated upon for a broken knee cap.

## German Aeroplane on French Soil Again

### Investigation Held and Meanwhile the Aeronauts and Craft are Detained.

(Canadian Press Despatch) NANCY, France, April 22.—A military aviation incident occurred on the Franco-German frontier this morning when a German army aeroplane alighted on French territory at Nordarra Court. Two German officers in uniform were on board. These officers were Captain Deval, chief inspector of aviation of the German army division, whose headquarters are at Darmstadt, and Lieut. Von Mirbach.

The deputy prefect of the town of Luneville and other French administrative officials, made an investigation into the affair, and meanwhile the German aeroplane was kept under detention. The French ministers of war and of the interior were communicated with, and after they had

heard the reports of the civil and military authorities, decided that the landing of the German aviators at Arracourt was unavoidable. The aeroplane was released and returned to Germany this afternoon. Instructions from the French foreign office had in the interval been sent to Jules Cambon, French Ambassador at Berlin, who was told to call the attention of the German government to the repeated landings of German military air craft in France and to the serious inconvenience brought about by such occurrences. M. Cambon was directed to ask Germany to take measures to avoid the recurrence of such incidents, and to discuss with France the drafting of rules for settling future happenings of this kind.

## BRANTFORD MAN IS WITNESS AT ENQUIRY

### Thomas Hurley Gives Expert Evidence at Oakville His Gang Laid Cable Where Electrocutation Occurred

OAKVILLE, Ont., April 22.—The resumed sitting of the inquest into the electrocution of George Carfield Till of Toronto, held here last night, continued with an attempt being made by the town of Oakville Electric Commission and the Cataract Power Commission and its subsidiary company, the Dominion Power and Transmission Company, to lay the responsibility for the wires being crossed on the Bell Telephone Company. This was owing to the fact that a telephone cable wire was strung above the electric wires, it being contended that telephone men had knocked the electric wires together while working above them.

Thomas Hurley of Brantford, a foreman of the Bell Telephone Company told of having done work on the wires at Oakville. His gang had laid cable wires two feet above the electric light wires. He had examined this cable on Saturday, April 20, after the accident, and the wires appeared to be the same as when put up.

"Then if that cable line is joined to the Bell line, which is fastened to the pole it has been done without your knowledge?" asked Crown Attorney Dick.

"Yes," was the reply. "You have no idea how they came to be joined?"

"They were not joined."

"They were only an inch apart?"

"Yes."

"Only being that far apart rendered them dangerous?"

"That is a matter of opinion."

To D. J. Grant of Toronto, solicitor for the Oakville Electric Commission, Hurley admitted that there were ten men in his gang and that his men might have "done all sorts" with the wires during his absence.

Arm Amputated. KINGSTON, Ont., April 22.—George Washburn, the lad who picked up a live wire during the recent sleet storm and lost his right hand as a result, had to be operated on again at the general hospital this morning when his arm was amputated. This had to be done to save his life.

## HUNGER-STRIKE BILL BEFORE COMMONS

### Home Secretary McKenna Appealed For Urgent Action Amendments Defeated

LONDON, April 22.—The bill aimed at hunger-strikes by militant suffragettes introduced in the House of Commons on March 26 by the Home Secretary Reginald McKenna, came up for discussion in the House yesterday. Secretary McKenna appealed for urgent action, because, pending the passing of the bill, he felt it his duty to continue forcible feeding, which he was desirous of avoiding. At the same time he refused to accept an amendment having the effect of prohibiting forcible feeding, for the reason that he wished to retain the power to resort to this method when in his opinion the release of a hunger-striker might endanger public interest.

The bill provides for the temporary conditional discharge of prisoners whose detention is undesirable on account of their condition of health. Prisoners discharged in this way would have to return to prison on the expiration of the period stated in their order of release, or would be liable to arrest without a warrant. Numerous amendments were proposed, both for and against the suffragettes' interests, but all were opposed by the Government, apparently with a view to expediting the passage of the bill in order to get it through the committee stage without change. All the amendments were rejected or withdrawn. After Home Secretary McKenna had applied the closure the first clause was adopted by a vote of 208 to 30.

The remaining clauses were then adopted and the bill passed through committee unamended.

"Arson squads" of militant suffragettes were out in several places during the afternoon. They burned a hay rack in Wiltshire belonging to the Chancellor of the Duchy of Lancaster, while the grand stand at the Hford football grounds was set on fire by them, but the flames were quenched by a watchman before they had obtained a hold.

## Their Majesties Visit Wales

### Pope Pius Was Much Less Troubled By His Cough To-day

(Canadian Press Despatch) NEW YORK, April 22.—A cable from London says: The King and Queen yesterday began another tour among the industrial classes of their subjects. A year ago Their Majesties visited south Wales and Yorkshire, yesterday they were at Crewe and to-day and tomorrow they will be among the people of the potteries. Their Majesties left London yesterday for Crewe Hall, where they are guests of the Marquis and Marchioness of Crewe.

When His Majesty reached Crewe Hall he sent for Robert Turnbull, superintendent of the line on the London and Northwestern Railway, and conferred upon him the honor of knighthood.

Arm Amputated. KINGSTON, Ont., April 22.—George Washburn, the lad who picked up a live wire during the recent sleet storm and lost his right hand as a result, had to be operated on again at the general hospital this morning when his arm was amputated. This had to be done to save his life.

## LOCAL OPTION CAMPAIGN SURE

### So Declared Temperance Workers at Meeting Last Night

### Scott Act Not Considered Best Measure To Submit

A representative meeting of the citizens interested in the temperance cause was held last evening at the Y.M.C.A. The chair was occupied by A. L. Baird, K.C., and Mr. Leslie Axford acted as secretary pro tem.

Mr. Baird outlined the three acts, The Canada Temperance act (Scott Act), the Act of the Ontario Legislature giving the people power to reduce the number of licenses on a simple majority vote, providing they do not create a monopoly, and the local option act. Mr. Baird said that he thought the city of Brantford under the recent act of the Ontario Legislature would vote out all the tavern licenses but two, and all the shop licenses but two; Mr. Baird said the voters under the Scott Act are not the same as under the local option act; no women would vote under the Scott Act, but all manhood franchise voters vote under the Scott Act. He also explained that local option was the best measure to pursue because the penalties were much more effective.

Following the chairman's remarks the questions were thrown open for discussion and a lively debate ensued, in which several of the gentlemen present took part. It was finally moved and second that the Canada Temperance Act be dropped. This was carried.

It was also moved and seconded that the proposal of license reduction be eliminated. After considerable discussion, after the meeting had adjourned the Canada Temperance Act as a prospective measure to be submitted, and the act of the Ontario Legislature, it was decided to put the opinion of the governor of the province of Antwerp to an amendment, it was moved by Rev. Mr. Holling, seconded by Mr. J. C. Walker that it was the opinion of the meeting that a local option campaign be entered upon this year and that the matter be referred to the boards of the various churches and other sympathetic organizations for their approbation, and in two weeks these reports be submitted to a public meeting to be addressed by a representative of the Dominion Alliance.

This brought the meeting to a close. About fifty were in attendance.

## IMPERATOR RUNS AGROUND

### Biggest Liner in World Ran Into the Mud in the Elbe.

HAMBURG, April 22.—The new Hamburg-American Line steamship Emperor, 900 feet long ran aground in the Elbe this morning. She was proceeding from the Vulcan Shipyards for the Lower Elbe to make ready for her official trial trips when she grounded off Altona. Under usual conditions it is hoped she can be floated to-day.

The steamship Emperor when she goes into commission with the start of her maiden voyage to New York on May 23th will, for a time, be the largest vessel sailing. Her keel was laid two years ago, 900 feet in length or almost double that of Germany's largest warship. Her other dimensions are 96 feet beam and 62 feet depth.

The trial trips of the Emperor had been planned for the latter part of this month and reports have been printed that the Emperor William would be among a party of distinguished Germans who will accompany the trial boat on the first trips.

The Emperor started at the highest stage of the morning-tide, as it was feared there would be barely enough water under the most favorable conditions. Four powerful tugs, two ahead and two astern kept the vessel in mid-channel, but in spite of this she touched bottom and struck fast. It is thought that with a change of wind she will get off with the full tide this evening.

## Winston Churchill Was Robbed By Woman

### She Not Only Got Cash But Important British Naval Secrets, Says Report.

(Canadian Press Despatch) NEW YORK, April 22.—A special cable to The New York American from London says: Winston Churchill, First Lord of the Admiralty, it is learned to-day, has been the victim of a most daring and sensational robbery, in which a beautiful and mysterious young woman is suspected as the possible agent of some foreign power. By the theft the First Lord of the Admiralty not only loses \$2,500 in money, but highly

important confidential naval data, such as might be eagerly sought as of greatest value to a nation not too friendly with Great Britain. The robbery has greatly aroused the entire admiralty, and Mr. Churchill has put Scotland Yard detectives on the trail of an aristocratic band which has just appeared in London. It is rumored the woman in the case is a member of an international band actively engaged in espionage. The political section of Scotland Yard is making secret inquiries.

## STRIKE ABOUT CONCLUDED

### A Compromise Will Probably Be Effectuated in Belgium

(Canadian Press Despatch) BRUSSELS, Belgium, April 22.—Premier Charles De Broqueville announced this afternoon in the Chamber of Deputies, that the government had accepted with an unimportant amendment the resolution introduced by F. Masson, the Liberal leader, providing for a compromise. This means that the strike may come to an end.

BRUSSELS, April 22.—The Belgian government is reported to be about to accept a compromise and this brings to an end the political strike of half a million workers who demand equal suffrage, which has crippled industry and commerce in Belgium for the past ten days.

Strike Ends. VAN SAINT LAMBERT, Belgium, April 22.—The strike was brought to an end here this morning by the return of all the workers to the glass factories, which are the most important in Belgium.

In Exaggerated. ANTWERP, April 22.—The governor of the province of Antwerp said to-day that the port had been injured more by exaggerations of the effect of the strike published abroad than by the strike itself. He requested the British Consul-General to issue an official denial of distorted reports published in England.

The mayor of the city telegraphed to-day to the German papers that there was plenty of labor for the loading and discharging of all vessels in the harbor, and that more could be called on in case of an increase in traffic.

The Socialist newspaper, Werker, estimates the number of strikers in the city to-day at 25,000.

Return to Work. SERAING, Belgium, April 22.—A few workmen who had been on strike since Monday last, returned to work to-day at the coal and iron works here. The great majority of the men, however, continue striking.

Soldiers Fired At. BRAINE-LEX-COMTE, Belgium, April 22.—Soldiers guarding a railroad bridge near here, were fired at five times from long range during the night, but none of them was hit. It is not known whether the outrage was committed by strikers or other persons.

## Board of Trade

The secretary of the Board of Trade was in receipt of a communication this morning from the secretary-treasurer of the Ontario Associated Boards of Trade, which stated that at a meeting of the executive of the board, held on March 14th the matter of an excursion during the last of July, was fully discussed. The suggestion to visit Sudbury and the Soo was considered. The secretary treasurer wishes to know if such a trip would appeal to the members of the Brantford Board of Trade and if it should meet with the local board's approval; how many would like to go. The communication also states that the idea would be to leave Toronto on Tuesday night and reach Toronto on the return journey the following Saturday afternoon in time to make eastern and western connections. The cost of the trip from Toronto and return would be approximately \$40, which includes sleepers and meals. The matter will come before the board at its first meeting.

## COMEDIAN WAS DOWN HEARTED

### He Failed to Make Audience Laugh After Bernhardt Made Them Weep.

(Canadian Press Despatch) CHICAGO, April 22.—Cliff Gordon, the comedian known as "the German Senator" and author of several plays, was found dead in his hotel room last night. He said a few hours before his body was found that anyone who attempted to make an audience laugh after Sarah Bernhardt, the noted actress, had made it weep would die.

Gordon had tried it during an afternoon performance and failed. It seemed to affect him for he remarked to the manager of the theatre that it was the first time in years that he had failed to produce a laugh among his auditors. "The people sat in their seats stolid and motionless," he said. "I could not get 'em and had to quit. Any comedian who tries to follow Bernhardt will die."

The manager tried to cheer him up; told him to have a rest and try again at the next performance. Gordon left the theatre, still down hearted at the failure of his jokes.

He was not missed until some time after his night appearance. The audience was waiting for him and a hurried call was sent to his hotel. The door of his room was broken open and he was found dead upon the floor.

The actor had taken a cold cure and according to a physician who judged from the amount left in the vial, had swallowed about 60 grains. This it was said, with a hot bath would have produced death. Heart disease is supposed to have been the immediate cause of his death.

## Paris News

### Grand River Lodge at Church—Other News of Town.

(From our own Correspondent.) PARIS, April 22.—Grand River lodge, I. O. O. F. No. 91 held their anniversary services on Sunday evening and marched from their lodge rooms to the Methodist church where they attended divine service.

Rev. T. L. Kerrish preached a splendid sermon in keeping with the occasion, referring to the good work of the order and calling upon all men to help one another in things, both spiritual and temporal. The musical part of the service deserves special mention, including the numbers by the ladies octette and solo by Miss Shedd.

Right Rev. Bishop Williams of the diocese of Huron, performed the holy rites of confirmation in St. James church at the 11 o'clock service on Sunday. A class of twenty-five were confirmed.

Numbers of Parisians have enjoyed a walk out to the construction camp in the last few days, and have been surprised at the work done. Burt's bush has almost been removed off the map, and the trees are now being cut into staves for the new railway. Some small amount of grading has also been done. It is proposed to lay a temporary siding from the Blue Lake switch and bring in steam shovels and other construction material.

Work has been commenced on the foundations for the addition to the Paris post office.

Paris was tendered an invitation to come into the new Western baseball league, but owing to lack of interest the matter was dropped. A town that will support a hockey team as Paris does should also boost the summer game of baseball now that lacrosse is dead in this vicinity, but it seems a hard matter to arouse any interest in the American game.

## CONTRACTS ON NEW ROAD ARE LET

### Favorable Decision of Railway Board Was Known on Saturday

### When Announcement Re Work Commencing was Made in Courier

None of the solicitors interested in the case which was recently fought out before the Dominion Railway Board had received to-day copies of the decision of the board. It was generally known on Saturday, however, when the Courier carried an exclusive story as to the commencement of work on the railway that the Lake Erie and Northern plans had been approved.

Mayor Hartman when seen this morning remarked: "What's the use objecting. The company apparently has won out."

The city put up a vigorous fight and spent a lot of money on expert engineers in order to fight the railway. Engineer Kelleit fought the case on the merits of the route and the board's decision as announced is regarded as a signal victory for himself and the interests he represents. Members of the Parks board were none too well pleased this morning, although the railway board heard their evidence, that of Mr. Frank Cockshutt having been submitted in writing.

The railway company expected certain conditions, namely the upkeep of Lorne Bridge for two years, the protection of Jubilee Terrace and the stipulation in regard to the river channel. It is generally agreed that the job will be an expensive one, but the entire railway is planned along the same lines, a whole factory in Galt, being torn down to make room for the central terminal facilities.

With the decision of the railway board active construction work will now start and one of the busiest seasons ever around Brantford is anticipated.

Contracts Let. This morning a Courier representative called upon Messrs. Johnson Bros. of Port Hope, contractors, who have the general contract for the building of the Lake Erie and Northern Railway, who have opened up an office on Market street over the office of S. P. Fitcher and Son. Mr. D. O. Johnson when asked about the sub-contracts for construction said that nearly all of the grading and construction work in connection with the new road had been let and that many of the contractors had men and teams at work at the present time. Some of the contractors who are at present on the job are A. Zebrow, who has the contract for the first 4-1-2 miles out of Galt, and has 30 men at work and expects to have 60 next week, and increase the number as fast as he can secure help.

Grant, Campbell and Co. have 60 teams on the road a little farther down the line, in the vicinity of Glen Morris.

In the Blue Lake district, Scrivner and White have installed a steam shovel outfit, accompanied by 15 teams and a large number of laborers.

This firm will do the construction work from Blue Lake to Paris. Martin and Davy, who will construct from Paris East, have 15 teams and a gang of men on the ground and are making "fur fly."

Over at Waterford, the F. C. Johnson Co. of Montreal have the contract for a large amount of construction work and have a gang of men and teams at work and are making great headway.

The first 6 miles out of Simcoe has been let to McDonald and Co. of Montreal, who are not letting the grass grow under their feet.

Messrs. P. H. Secord and Son, Limited, of this city, have been awarded the contract to do a lot of concrete work and grading.

A number of other contractors are ready to commence work who have been held back awaiting the decision of the railway board, but now that their decision has become known these contractors will commence operations in a day or two and by the end of this week or first of next contractors will be at work from one end of the line to the other.

Mr. McDonald stated that a large number of men were wanted for construction work and that good wages would be paid and that there was no reason why any good bodied man who wanted work and was willing to work should be idle as the contractors would hire all the men they could secure.

If it Happened it is in "THE COURIER;" If it is in "THE COURIER" it Happened.

KINGSTON, Ont., April 22.—George Washburn, the lad who picked up a live wire during the recent sleet storm and lost his right hand as a result, had to be operated on again at the general hospital this morning when his arm was amputated. This had to be done to save his life.

Numerous amendments were proposed, both for and against the suffragettes' interests, but all were opposed by the Government, apparently with a view to expediting the passage of the bill in order to get it through the committee stage without change. ## Pope Pius Was Much Less Troubled By His Cough To-day

[Canadian Press Despatch]

ROME, April 22—The Pope was much less troubled by his cough to-day and he was also without fever. As this was the sixth successive day on which his temperature had not risen above normal, the physicians decided that they would be shortly able to limit their visits to once daily. Climatic conditions eventually influence the Pope's health to a great extent. To-day was heavy and cloudy and a sirocco or dry wind blew from Africa, all tending to depress the Pontiff greatly. In spite of this he was very anxious to resume work.

This desire for activity is still the greatest difficulty with which the doctors and the attendants have to contend as they fear that if he is allowed to work as he had been in the habit of doing before his illness a fresh relapse will occur.

Shortly after noon when the weather became brighter the Pope became more cheerful in spirits.

Numbers of Parisians have enjoyed a walk out to the construction camp in the last few days, and have been surprised at the work done. Burt's bush has almost been removed off the map, and the trees are now being cut into ties for the new railway. Some small amount of grading has also been done. It is proposed to lay a temporary siding from the Blue Lake switch and bring in steam shovels and other construction material.

Work has been commenced on the foundations for the addition to the Paris post office.

Paris was tendered an invitation to come into the new Western baseball league, but owing to lack of interest the matter was dropped. A town that will support a hockey team as Paris does should also boost the summer game of baseball now that lacrosse is dead in this vicinity, but it seems a hard matter to arouse any interest in the American game.

sub-contracts for construction said that nearly all of the grading and construction work in connection with the new road had been let and that many of the contractors had men and teams at work at the present time. Some of the contractors who are at present on the job are A. Zebren, who has the contract for the first 4 1/2 miles out of Galt, and has 30 men at work and expects to have 60 next week, and increase the number as fast as he can secure help.

Grant, Campbell and Co., have 60 teams on the road a little farther down the line, in the vicinity of Glenmorris.

In the Blue Lake district, Scrivner and White have installed a steam shovel outfit, accompanied by 15 teams and a large number of laborers. This firm will do the construction work from Blue Lake to Paris.

Martin and Davis, who will construct from Paris East, have 15 teams and a gang of men on the ground and are making "fur fly."

Over at Waterford, the F. C. Johnson Co. of Montreal have the contract for a large amount of construction work and have a gang of men and teams at work and are making great headway.

The first 6 miles out of Simcoe has been let to McDonald and Co. of Montreal, who are not letting the grass grow under their feet.

Messrs. P. H. Secord and Son, Limited, of this city, have been awarded the contract to do a lot of concrete work and grading.

A number of other contractors are ready to commence work who have been held back awaiting the decision of the railway board, but now that their decision has become known these contractors will commence operations in a day or two and by the end of this week or first of next contractors will be at work from one end of the line to the other.

Mr. McDonald stated that a large number of men were wanted for construction work and that good wages would be paid and that there was no reason why any good able bodied man who wanted work and was willing to work should be idle as the contractors would hire all the men they could secure.

If it Happened it is in "THE COURIER;" If it is in "THE COURIER" it Happened.

### BRANTFORD STREET RAILWAY.

The Courier is and always has been a believer in municipal ownership of public utilities.

For a time it fought single handed the battle to prevent the Brantford Waterworks from falling into the hands of a U. S. concern, and it now believes that this city should most certainly acquire the local street system.

Toronto, just now, is having a forcible illustration of the folly of allowing a private concern to control its system.

Some experts have been looking into the subject and they report that the probable gross earnings of the railway in 1918, if the improvements for the entire system of 240 miles were completed in 1917, are estimated at \$10,800,000. The operating ex-

penses, taxes, renewals, pavement charges, etc., would be \$7,560,000. This would make the net earnings for the year \$3,240,000.

It is stated that the Toronto Railway Co. is at present paying owners a large return and building up a large reserve fund instead of applying the reserve for an adequate service. The city has outgrown the existing transportation, and needs relief to keep pace with developments.

If this state of affairs isn't an object lesson for Brantford The Courier would like to know what could be. That the local system could be greatly extended and still show a profit no one can doubt who realizes the rapid growth of the city and the patronage of the cars as at present.

Take Holmedale as an example. It was thought by some that the extension of the system there would be at a loss but that branch has paid right from the start. This paper believes that Terrace Hill, the factory districts and the suburbs could and should be reached with equal advantage.

### TALK OF REPUDIATION.

In the United States Senate, Senator Chamberlain of Oregon, introduced a resolution to abrogate the Hay-Pauncefote treaty and the Clayton-Bulwer treaty under which the construction of the Panama Canal took place.

Astounding as it may seem some of the Senators actually appear to favor this plan.

In other words they propose to abrogate two solemn treaties entered

into by the two countries and to have Uncle Sam go back, not only on his word, but on written pledges.

How would our neighbors feel about it if any supposedly responsible member of the British House proposed a like breach of faith?

The mere suggestion of such a thing would cause the most fiery kind of denunciation from one end of the United States to the other, and very properly so too.

Just how sensitive Uncle Sam is with regard to anything which he thinks impinges upon good faith was abundantly demonstrated in connection with the Alabama claim.

A vessel of that name built by a shipbuilding firm in the Old Country was secured by the Southern leaders for offensive purposes. It was admittedly a clear case of purchase, and it was also admitted that Great Britain had nothing whatever to do with her destination, or movements, yet the States demanded compensation from John Bull to the amount that it was alleged the vessel had inflicted loss upon American property.

The Old Country handed over \$15,500,000 and the claims were so cooked, that even to this day a large proportion suggests was paid to us. As to the abrogation incident the Senator who introduced the resolution ought to be thoroughly ashamed of himself—that is if he has enough decency in his system to even be capable of such a feeling.

### SOME MORE GRIT BUNCOMBE.

At a meeting of Liberals held in Toronto, this resolution was introduced and actually adopted:—

"Whereas the naval policy of contribution and centralization is opposed to the principle of local self-government, upon which the British Empire is founded;

"And whereas the closure rules being introduced into the Canadian Parliament are intended to deprive the representatives of the people of this country of freedom of speech and to prevent the investigation of Governmental wrong doing, and to vest the whole control of Parliament in the hands of the Government of the day;

"Be it therefore resolved that this meeting of Ward Five Liberal Association of Toronto hereby expresses its full endorsement of the position taken by the Liberal party at Ottawa for the preservation

of the British Empire and all the rights and privileges of the people of Canada, and pledges itself to do all in its power to uphold their hands, believing they are fighting the people's battle."

And to add to the amusement of the thing the Globe actually features the above rubbish on its front page.

"Preservation of the British Empire" forsooth, on what fool basis can anyone pretend that the Borden plan hits at the Empire?

To the direct contrary it has been framed to help at a time of emergency—so stated by Liberal ministers at Westminster.

The real hitting would be involved in the crazy Laurier scheme of building and manning three Dreadnoughts in Canada when everybody knows we can't do that for a great many years. Those Queen City Grits must be suffering from Macdonalditis.

### NOTES AND COMMENTS

Laurier's sunny smile has that faded and squeegee look these days.

Dr. Blow, the Conservative elected for Calgary, in the Alberta Legislature, had a total majority of 2,148. He's some blow all right, and his opponent got the same.

Hydro Electric men in Toronto, when they make excavations, place tarpanlins on which to pile the earth so that nearby lawns and boulevards will not be damaged. Here's a hint for Brantford.

The Kansas City Star says that a man went into a butcher shop and ordered a dollars worth of meat. "If there's nobody at home," he remarked, "just poke it through the key-hole."

Judging from indications it would not be a cause for surprise if Brantford increased by two thousand in population this year, although the suburbs will be likely to get most of it.

The decision of the Dominion Railway Board in sanctioning the Lake Erie and Northern route in front of Jubilee Terrace, under proper conditions, was generally anticipated by all who attended the hearing. The main factor in the decision was undoubtedly the pledge given by the municipality to the Watson company

that if they would locate in the Holmedale, railway connection would be guaranteed them. Another feature was that all the objections to the line were sentimental, and the board never places that sort of thing ahead of the commercial needs and progress of any community. It may be taken for granted that there will be no de-facement of the Terrace.

Toronto many years ago turned its street railway system over to a private company rather than run the plans municipally. Now \$20,000,000 will be the purchase price. Brantford had better grab her road the moment litigation is out of the way.

### What the Other Fellow Thinks.

A Frank Statement.

Toronto Star: "I'm after the dollars," was the terse reply given by a Scottish emigrant, when asked by the Star why he had come to Canada, and these words might truthfully be uttered by the vast majority of those seeking our shores. A desire to see the world, or an inclination for the freedom of colonial life may be the dominating motive of a few immigrants, but a majority come to Canada simply because they want higher wages or greater opportunity.

### The Extreme of Partisanship

Ottawa Journal: Considerable comment is made in public and private on the fact that a man of the class of Roy. Dr. Macdonald, editor of the Toronto Globe, could deliberately send to his newspaper from the press gallery of parliament in Ottawa a political despatch containing gross outrages. Certainly this was an extraordinary thing, and there is a bearing of it which is worth noting in the interest of newspapers. Namely that the mistakes and excuses which newspapers, even the best, are sometimes guilty of, are not features of newspaper business, any more than of other business, but are features of human nature.

### Bacteria and Ignorance

Ottawa Journal: The Ottawa public were told a couple of days ago in a local newspaper that as milk which has 500,000 bacteria in a cubic centimeter is considered fit to drink, therefore bacteria cannot be so deadly and feared a thing as people have been led to imagine.

This is the kind of ignorant teaching that does an infinite amount of harm. To-day the average school boy knows there are two kinds of bacteria, the harmless or even helpful

kind—the kind that is necessary to the human body, and the other deadly kind. The 500,000 bacteria found in a cubic centimeter of milk are as different from the bacteria which cause us to boil our water at the present time as chalk is to cheese. The paper which compares the two might as well state that, as it is impossible to kill a man by means of a penguin it is also impossible to kill him with a gnatling gun.

There are hundreds of people who read such "col," and who through lack of knowledge, believe it. They cease to take the ordered precaution, and sickness and sometimes death follow. The responsibility is a heavy one.

### The World Grows Smaller

London Free Press: The sending of a message from Vancouver direct to London, England, in the miles which took place on April 13, 1913, is an interest of world interest. It is said to herald the time when messages may be sent 'round the world with the rapidity that telegraph instruments may click. It is an incident which brings the Empire closer together. It is more than this. It is another step and a most important one, in the reducing of the size practically of the world itself. When men are within speaking distance of one another, though separated by a hemisphere, time and space have surely been annihilated. Added to this is the increased speed of steamships and railway trains and flying machines. Every year the world grows smaller and more compact and as this process goes on let us hope that men will draw closer to one another in spirit and in understanding.

### GREAT DANGER IN HEAD-ACHES.

It's often dangerous to consider headache a trifling ailment. If the head aches, the stomach is out of order and some serious disease may be impending. To tone up the stomach, to give it healthy action, nothing in modern medicine is so successful as treated vegetable extracts in Dr. Hamilton's Pills. The concentrated vegetable extracts in Dr. Hamilton's Pills have a quieting healthful effect on the stomach and remove all disorders. Your headache will be cured and they won't return, if you use Dr. Hamilton's Pills. Sold everywhere.

### Pills for Nervous People

The stomach is the centre of the nervous system, and when the stomach suspends healthy action the result is manifest in disturbances of the nerves. If allowed to persist, nervous debility, a dangerous ailment, may ensue. The first consideration is to restore the stomach to proper action, and there is no readier remedy for this than Parmelee's Vegetable Pills. Thousands can attest the virtue of these pills in curing nervous disorders.

## "I AM SATISFIED I COULD NOT LIVE"

FRANKFORD, Ont., Apr. 22, 1913  
"For thirty six years I have been a Socialist, and I am satisfied I could not live." **JAMES FROODFOOT**, President of the Government of the Province of Ontario, has been Treasurer of the Ontario Socialist Party for years. "I have been a Socialist ever since I was a boy," he said. "I have been a Socialist ever since I was a boy." "I am satisfied I could not live." **JAMES FROODFOOT**, President of the Government of the Province of Ontario, has been Treasurer of the Ontario Socialist Party for years. "I have been a Socialist ever since I was a boy," he said. "I have been a Socialist ever since I was a boy."

## A SOCIALIST MAY WIN OUT

Aftermath of Alberta Provincial Elections—Mackay's Seat.

[Canadian Press Dispatch] EDMONTON, April 22—Returns today indicate Rocky Mountain has gone Socialist, C. M. O'Brien, the former member, winning out over the Conservative, Campbell, by a majority of ten. Final returns from Edson give Cross a majority of 58 with all polls heard from. In Medicine Hat Mayor Spencer has a majority of 32 over C. R. Mitchell with all polls heard from. There will be a recount of protested ballots in Macleod, where Premier Sifton was defeated by 17, and also in Medicine Hat as well as in Edmonton, where the count is now in progress. Yesterday's result here gave an additional eight votes for McKay on the hearing of protests in three out of 38 polls where Edson has a majority of 66. A large number of other polls come up to-day. Liberal leaders here now claim that Conservatives have only 13 absolutely sure seats out of 54 contests. It is practically certain that declaration day will find between that number and 18 Conservatives elected.

### Looks Like Murder.

YOUNGSTOWN, O., April 22—Early this morning the dead-body of a man was found in a box car in Lovellville, and lying alongside of him was another terribly battered with an axe and probably fatally injured. The names of the dead and injured are not known to the authorities.

### Dr. Ashton Spoke on Subject of Tuberculosis at Sydenham Church.

(Canadian Press Despatch) One of the most interesting and helpful meetings of the term was enjoyed by a goodly number last evening at the Sydenham Street Epworth League. The session opened at 8 p.m. with the president, Ira D. Scruton in the chair. After devotional exercises were conducted, Mr. R. H. Knott rendered a solo, "When I have Crossed the Bar."

The speaker for the evening was Dr. Ashton. He addressed the gathering on the most important subject, "Tuberculosis." Having been engaged in the work of fighting the dreadful disease for a number of years, and being an enthusiast in the work, he was able to give a most interesting account of the wonderful missionary work that can be done by those who are interested in the patients who have, or who are likely to have tuberculosis. His address was given in a racy, understandable way. Splendid points were given, first, on what the disease was, secondly, on just how everybody should use precaution in expectorating; third, how to get rid of it. Consumption, he said was not the proper word to use in certain cases; we should speak of it as tuberculosis because it is caused by the tubercle bacillus. The most important care should be taken by those who have contracted this germ in order to prevent others from contracting it; especially those who are more susceptible to the disease. After six or eight practical illustrations were given, a very tasty wedding breakfast was served, and the newly-married couple left for points east to spend their honeymoon.

### A DOMESTIC'S SAD ENDING

#### Terribly Burned at House of Refuge a Week Ago, She Died To-day

Margaret Titterton, aged 27, a domestic in the House of Refuge, died this morning following terrible burns which she received a week ago while doing her work at the institution. She became faint, and before assistance could arrive fell over a red hot stove. Her face and arms were terribly burned. She came from Scotland two years ago and was greatly liked by the superintendent and matron at the institution. The funeral will take place to-morrow from the undertaking establishment of H. S. Peirce.

### Nuptial Notes

#### FWLER-DOCKRAY

A quiet but pretty wedding was solemnized in Grace church this afternoon at 3 o'clock when Ven. Archdeacon G. C. Mackenzie united Miss Florry Dockray and Mr. Albert Edward Fowler in the holy bonds of matrimony. Miss Ethel Higgins acted as bridesmaid, while Mr. Harry Fowler supported the groom. After the ceremony the party returned to the home of Mr. and Mrs. W. Hicks, 40 Gilkison street, where a very tasty wedding breakfast was served, and the newly-married couple left for points east to spend their honeymoon.

### WITH THE POLICE

Three drunks made their first appearance in the police court this morning but were allowed to go. With warnings.

Another by the name of Glasgow got hold of some of the fiery stuff knowing he was on the bad books; he paid \$12.85 towards the up-keep of the institution.

Fred Fewings, who speared yesterday in connection with the theft of some lumber from the Ingley, Taylor Co., appeared in court again to-day but was remanded till Monday in order to secure further evidence.

Two young lads who happened along Brant avenue, just as O'Keefe's motor truck laden with beer stopped at one of the residences, decided that they would inspect the contents of one of the bottles and acting on this impulse purloined one of the said bottles. They did not make good with their get-away, however, resulting in their appearance in court this morning and were dismissed.

### PELLY NUPTIALS.

LONDON, April 22.—The Duke of Connaught and Prince Arthur and Princess Patricia of Connaught were present at the wedding of Captain T. H. Rivers Bulkeley, esq., to the Duke and Miss Evelyn Pelly, lady-in-waiting to the Duchess, which took place at the Guards Chapel, Wellington Barracks. Lord Strathcona, the Duchess of Hamilton, Sir John and Lady Maxwell and other distinguished personages attended the wedding.

The bride who was given away by her stepfather, Sir Henry Yorke, wore a dress of white gold brocade with a net train edged with gold lace and a veil of Brussels lace worn by her mother, Lady Lillian Yorke. She carried a prayer book of blue leather embossed with gold fleur de lis, the gift of the bridegroom, instead of a bouquet.

The bridesmaids were the Hon. Irene Charteris, daughter of Lord and Lady Elcho; Miss Mary Pelly, daughter of Sir Henry and Lady Pelly; Lady Mary Campbell, daughter of Lord and Lady Cavdore; Miss Muriel Alice Astor, daughter of Mrs. John Astor, and Miss Joseph Smith, daughter of Capt. and Mrs. Aubrey Smith. They wore dresses of Indian muslin with wide open collars, blue taffeta coats and muslin caps with blue ribbons copied from the pictures of Sir Joseph Reynolds, while the pages wore white cloth suits and blue sashes.

After the service the bride and bridegroom left the church with the Duke of Connaught by automobile and drove to Grosvenor Gardens, where a reception was held. Later in the afternoon, Capt. and Mrs. Bulkeley motored to Bagshot Park, Surrey, for the honeymoon. They were the recipients of almost one thousand presents, including some very valuable gifts from the King and Queen and other members of the Royal Family.

Miller's Worm Powders are a prompt relief from the attacks of worms in children. They are powerful in their action and while leaving nothing to be desired as a worm expellant, have an invigorating effect upon the youthful system, remedying fever, biliousness, loss of appetite, sleeplessness, and other ailments that follow disorders caused by worms in the stomach and bowels.

A Boon for the bilious.—The liver is a very sensitive organ and easily deranged. When this occurs there is due secretion of bile and the acid liquid flows into the stomach and sours it. It is a most distressing ailment, and many are prone to it. In this condition a man finds the best remedy in Farnell's Vegetable Pills which are warranted to speedily correct the disorder. There is no better medicine in the entire list of pill preparations.

### RED SOX ARE IN THE CITY

#### All Players but Burrell and Ivers Reported To-day.

The Brantford players with the exception of Burrell and Ivers all arrived in the city to-day and will start training behind the dyke to-morrow. Burrell is threatened with typhoid fever but Ivers will be here to-morrow. In order not to be without a good man in centre field Manager Kane wired this morning for McGill who played in the Greater Boston league last year. Burrell may be unable to report for several weeks. The players who reported here to-day are as follows: Pitchers—Collins, Donovan, Clermont, Collins, O'Reilly; Catchers—Engels, Chapdelaine, Lamonde, McCarthy; Infielders, Orcutt, Shea, Ohera, McAuley, Catcher Anders of Albany will be here to-morrow.

All the members of the baseball outfit were enthusiastic about coming to Brantford and all expect a great season. Most of the party are big men, but Ahern looks like the Kid Elberfeld of the bunch, being short in stature.

### WOMEN WANT TO BE HEARD

#### At The Bar of The British House of Commons—Petition Presented.

LONDON, April 22.—The Speaker having announced a decision that the House of Commons could, by resolution, decide to allow women to appear and plead at the bar of the House for alleged rights, Lord Robert Cecil and Keir Hardie, two female suffrage advocates, will present two petitions to the House on Wednesday from numerous women's societies. These organizations claim to represent 100,000 women, and they ask to be allowed to be heard in behalf of the enfranchisement of their sex.

Lord Robert Cecil's petition will be on behalf of the woman's societies, and that of Keir Hardie for the Women's Labor League and Allied Societies.

Among the signers to the petition are the Hon. Millicent Garrett Fawcett, L.L.D., president of the National Union of Women Suffrage Societies; Lady Selborne; Miss Frances Balfour; Mrs. F. A. Steele and Mrs. Forbes-Robinson. The militant leaders are not included. They have a use for anything as unexact as a petition.

### Montreal Has Murder To-day

#### Young Woman Shot Down By Italian on the Street.

MONTREAL, April 22.—Crazed, it is said with jealousy, Tomaso Bernardi, an Italian, this afternoon shot and fatally wounded Angelina Regina on the corner of McGill and Notre Dame street in sight of the big crowds that frequent this spot at noon. Bernardi also wounded the girl's male companion, Louis Strole, and it is believed he will die.

After firing into the girl's back at a distance of only a few feet and also shooting down Strole, Bernardi tried to escape, chasing up the street with the smoking revolver in his hand. People who saw him coming, dashed into stores and up side streets for shelter.

The Italian was captured by Chas. Bolkert, who ran after him and grappled with him, holding him until a policeman came up and disarmed him. In Italy Bernardi was engaged to be married to Miss Regina who was a very beautiful woman and after he had made some money in Canada sent her her fare, his intention being to marry her when she arrived in this country. The girl when she came here remained friendly with him for two weeks and then he claims threw him up for a rival. When the girl turned him down Bernardi had her arrested on a charge of stealing his watch.

Her case was to have come up this morning, but was not gone on with because Bernardi said his principal witnesses were working on a railway construction job near Toronto and he had been unable to get them here. The girl was let out on bail and was followed away from the court house by Bernardi.

Miss Regina was wounded in three places and Strole, who was with her and attempted to shield her, received two bullets in his chest. At the hospitals to which they were taken it was said that neither could live out the afternoon and their ante-mortem statements were taken.

Guelph Herald: This is the growing time for Conservatives—as witness the Alberta elections, where the most carefully "nursed" Liberal constituency has recorded a handwriting on the wall for the Sifton Government.

### NEW OFFICERS GRACE A.Y.P.A.

#### Annual Meeting Last Evening—A Pleasing Presentation Made.

The annual election of officers for Grace Church A.Y.P.A. took place last night and resulted as follows: Patrons, the clergy; president, F. Myring (unanimously); first vice-president, E. Goldstraw; second vice-president, Ian Roberts; secretary, Miss Dora Ginn; treasurer, Alf Stevens. Convenors—Social, Mrs. King; Biblical, Rev. Mr. Potts; Literary, Miss Flossie Toozie; Musical, Miss Doris Maskell.

There was an excellent turnout of the members, and the contest for the offices was most exciting at times. After the officers had been elected Mr. Myring thanked the members for their loyal support for the coming season. He then called upon Mr. Burnham, the sexton, and in a few words asked him to accept from Miss Clara Hensman, on behalf of the A. Y. P. A., a beautiful parlor clock. Mr. Burnham, through a mistake had been made, as a sexton rarely gets a presentation.

The big surprise came when the president asked Miss Hensman also to accept an English silver tea set on behalf of the A.Y.P.A. Miss Hensman is one of the charter members and has held office as secretary or treasurer all that time. As Miss Hensman is to be married shortly, the society felt bound in some way to show their appreciation of her services. That the recipient was taken unawares goes without saying.

Miss Hensman was also remembered by Mrs. (Dr.) Mackenzie, and several presents were also given by individual members of the A.Y.P.A.

Before closing the meeting Dr. Mackenzie congratulated the society in again electing Mr. Myring as their president, also upon the good work accomplished by them the past season. The annual closing social takes place next Monday.

### WOMAN CHECK ARTIST WANTED

#### She Did up a Number of Kingsmen Merchants This Week

KINGSTON, April 22.—Half a dozen merchants are mourning the loss of various sums as the result of a visit here of a young woman who tendered the bogus cheques in return for goods. The woman came here with a man a couple of weeks ago and they passed as married, the couple staying at a local boarding house. For a few days she went around the different stores making purchases and tendering cash. On Saturday she went to the bank again after the banks had closed and made purchases—tendering cheques on the Bank of Montreal. Yesterday when the cheques were presented at the bank, it was found they were bogus. Search was made for the couple but it was found that they had left the city late Saturday night. The couple cleared up about \$500 or more on their game. The man did not do any shopping. He claimed to be an insurance agent. They gave the name of Mr. and Mrs. F. E. Spencer.

### HAIR TURNING GRAY OR FALLING? JUST MIX SAGE TEA AND SULPHUR

#### 's Grandmother's Receipt for Dandruff and Restoring Color to Hair.

Almost everyone knows that Sage Tea and Sulphur properly compounded brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy"—you will get

### COUNTY COURT THIS MORNING

#### Two Young Men Merely Have to Serve Out Present Sentences

County Criminal Court was held this morning in the Court House, His Honor Judge Hardy presiding. The last of the cases in connection with the recent police court riots were heard. The cases were disposed of in short order by His Honor, who allowed the defendants, Carley and Wilson, to go on suspended sentence, in view of the fact that they are at present serving time on practically the same charge. Crown Attorney Wilkes represented the Crown, Mr. Brewster, M.P.P., for Wilson, and A. Hollinrake, K.C., for Carley.

The case of Whitey Wilson was taken up first. Wilson was charged with being a member of an unlawful assembly, to which he pleaded guilty. Mr. Brewster, in opening, stated that Wilson had been already punished for both offences, he thought, and was serving sentence for the same now. His Honor Judge Hardy said he was of the opinion that the sentence already imposed was sufficient.

Mr. Hollinrake said the case of Carley was also very similar to that of Wilson. His Honor said it was certainly too bad that two fine appearing young men like the defendants should be mixed up in a case such as his. "However," he said, "I will not impose any further sentence, but will allow the defendants to go on suspended sentence."

Carley still has two months to put in and Wilson four.

Must Stay in Jail. WASHINGTON, April 22.—Julian Hawthorne and Dr. William J. Morton, convicted of misuse of the mails, and now in Atlanta penitentiary awaiting parole, will not be eligible for release until they actually have served one-third of the sentences in prison, which will be the latter part of July. This decision was reached to-day by the department of justice.

### Your Furs are Safe in our Vaults!

Why send them out of town when they can be stored just well in Brantford? Furs are so highly prized by everyone, it follows that great care must be taken to protect them from the ravages of moths. It is a fact that more furs are ruined by these pests than by actual wear. The cold, dry air system of storage is a positive safeguard against moths. Much work and worry can be avoided by simply telephoning us at 619, and we will call for your furs and other winter apparel. You place your own valuation on each article, and we are responsible to you for that amount in case of loss by fire or moth. Our charge for storage and insurance is 3 per cent. of the value—a moderate charge when it is remembered that we carefully dust each article, and hang them in a vault that is intensely cold. Nothing is packed or folded. Everything is kept on hangers, so that the most delicate article will not become creased or mussed, and will carry no odor of moth preventatives.

St. Andrew's Young People

The young ladies of the St. Andrew's Church Y.P.G. entertained the young men of the society at the regular meeting held last evening. The young ladies put on an excellent program of music, readings, guessing contests, etc. Miss Maskell rendered a solo and Miss C. Davis delighted the society with a reading. "Am I wax or am I human?" would have been an excellent sign to have been hung over Mrs. Jarley's wax works, who were on exhibition last evening. The selection of resistance by the girls was surely good comedy. The girls told the young men several things which they already knew. Miss Olive Taylor occupied the chair. Refreshments were served, bringing to a close a very pleasant evening.

WHO WILL PAY THIS ACCOUNT

Small-pox Comes High For the City, Says Mayor Hartman

Smallpox comes high. At least, Mayor Hartman thinks so. His Worship refused to sign a Board of Health order yesterday in favor of Medical Health Officer Pearson. The amount of the order was \$150, and was itemized, 30 visits at \$5 per visit to the smallpox hospital. The Mayor contends that under the by-law attendance at the smallpox hospital is a part of the regular duties of the M.H.O. The latter contends otherwise, and his account was marked O.K. by the Board of Health. On the last occasion received a smallpox outbreak Dr. Pearson received a bonus for his extra work, but it was given to him as a salary bonus. Who will pay this time?

What Next NEW YORK, April 22.—The ash of Miss Anna J. Walker, who died at the age of 94 years in Pasadena, California, were sent across the Continent by parcel post and were interred yesterday in a cemetery near Boston. The body was cremated and the dust mailed at her request.

### ST. VITUS DANCE IN YOUNG CHILDREN

A Striking Example of its Cure by the Tonic Treatment.

St. Vitus dance is the commonest form of nervous trouble that afflicts young children, because of the great demand made on the body by growth and development, and there is an added strain caused by study. It is when these demands become so great that they impoverish the blood, and he nerves fail to receive their full supply of nourishment, that the nervous debility which leads to St. Vitus dance begins.

The remarkable success of Dr. Williams' Pink Pills in curing St. Vitus dance should lead parents to give this great blood-building medicine to their children at the first signs of the approach of the disease. Paleor listlessness, inattention, restlessness which early show that the blood and nerves are failing to meet the demand upon them. Here is proof of the power of Dr. Williams' Pink Pills to cure this trouble. Mrs. J. W. Towns, Oshawa, Ont., says:—

"At the age of eleven my daughter was attacked with St. Vitus dance, and despite all we did for her the trouble grew rapidly worse. Soon she was scarcely able to walk, her body and limbs jerked and trembled so, and she was quite unable to feed herself. When she would lie down she would be unable to rise without assistance. As nothing was helping her I wrote a friend whose daughter had been similarly affected, and she advised the use of Dr. Williams' Pink Pills, which had cured her child. I at once got a supply of the Pills, and even the use of the first box, seemed to show improvement. By the time five boxes were used she was completely cured and has had no return of the trouble since." Sold by medicine dealers or by mail at 50 cents a box or six boxes for 2.50 from the Dr. Williams' Medicine Co. Brockville, Ont.

#### Stick to the Needle

NEW YORK, April 22.—"You had better stick to the needle and drop the revolver," was the police magistrate's advice to Annie Bell, the suffragette sentenced to three months in Holloway Jail on the night of April 9, during the imprisonment of Mrs. Pankhurst.

Miss Bell, who had been found in the possession of a revolver with which she said: "If any man had interfered with me I would have shot him," was sentenced to-day to three weeks' imprisonment. She refused to be bound over to keep the peace for a year, and told the magistrate, "your advice is not of any use at all."

#### Another Arson Squad

LONDON, April 22.—Another arson squad made an unsuccessful attempt to set fire to the historic parish church at Minster-in-Thames, which is one of the oldest in the United Kingdom and contains many pre-Reformation relics.

Bad ignition of the fuse attached to a package of inflammable materials and explosives caused the suffragette plans to fail.

As usual no clew was found of the actual perpetrators of the outrage.

It is easily recognized by the dry cough and hoarseness. Not difficult to cure with Catarrhoxone, as Mr. Xavier Baboin of River Capelin, Quebec, proved. "No one could suffer from Bronchitis more than I did. I had a hard hacking cough that caused me great pain. My throat was hoarse, and I had great distress in my chest. Catarrhoxone reached the sore spots and gave immediate relief. Since using it I have not had a single attack." Every physician who is asked about Catarrhoxone says it is a sure cure. Write to you if you try it. Sold everywhere, 25c and \$1.00.

### DAINGEROUS CHARACTER GAVE POLICE TROUBLE

Swallowed a Half Sovereign And Tried His Spectacles.

LONDON, April 22.—An extraordinary incident at Crew during the visit of the King and Queen yesterday caused momentary alarm. After the King and Queen had left the station a young man was seen moving suspiciously about the platform.

Accosted by railway detectives, he appeared to be unable to give any account of himself. He was taken to the police station, but broke away and rushed to one of the trains. Finally he became so violent that it was deemed necessary for his own safety to remove him to the police station, where he swallowed a half sovereign, and attempted to leap through the police office window. His throat was cut in a shocking manner, and two doctors were summoned to dress the wounds.

#### Soldiers Desert.

FONTAIN L'ÉVEQUE, Belgium, April 21.—Two Belgian soldiers who were on guard at the steel mill protecting the property against the possibility of an attack by strikers, left their posts to-day, carrying their rifles with them. They were pursued by a military patrol, which was about to capture them when both deserters fired, killing one of the men. They got into the adjacent forest, where all trace of them was lost. All the troops in the garrison were immediately drawn off from protection duty and despatched into the woods in search of the fugitives.

# BRITAIN'S BUDGET BROUGHT DOWN BY LLOYD GEORGE

LONDON, April 22.—Chancellor of the Exchequer Lloyd-George, in introducing the budget of the British Government in the House of Commons this afternoon, told the House that while he could not remit any taxes, he expected to pull through without levying any new imposts. This, he said, was in spite of the fact that the budget showed an expenditure of upwards of \$975,000,000, and he was faced with the necessity of finding the sum of \$37,500,000 more than the revenue had brought him during the fiscal year just closed.

"There are no indications that the trade boom has reached its maximum, and there are no signs of over-production," said the Chancellor. "I feel justified in coming to the conclusion that we have entered upon the most

growing year that British trade has ever seen. Mr. Lloyd-George estimated that the increase in the customs and excise taxes would be \$12,825,000, the increase in the death duties \$7,500,000, and the increase in the income tax and super-tax \$5,720,000. The balance of the shortage would be made up during the current year, and \$5,000,000 taken from the exchequer balances, representing money voted for the navy in 1911-12, but not expended.

The Chancellor estimated that the total revenue on the existing basis of taxation would be \$979,125,000, leaving a margin of \$925,000 over the estimated expenditure. "The cost of armaments," Chancellor Lloyd-George remarked, "is the largest and most sterile increase in the expenditure, and I cannot see any prospect of this menacing development coming to an end unless some change takes place in the attitude and policy of the nations concerned."

The expenditure on education and social reform was lauded, on the other hand, by Chancellor as "reproductive work promising strength, happiness and efficiency to the nation."

The Chancellor drew an encouraging cheer from the House with the statement that although the consumption of spirits had actually decreased by 28,000,000 gallons in four years, the revenue had increased by \$25,000,000, so proving, he said, that his method of taxing the traffic in liquor was one of the most successful imposts that had ever been levied.

### WM. J. BRYAN TO LAUNCH POLICY FOR PROMOTING WORLD PEACE

Temporary Limitation of the Armament and War Preparations of Disputing Nation a Feature.

WASHINGTON, April 22.—Wm. J. Bryan, Secretary of State, is about to launch his first distinctive policy of international importance. It is a plan of promotion of world peace which contemplates the negotiation of treaties between the United States and all the civilized countries of the earth. It will have as its most original feature, a temporary limitation upon the armament and war preparations of disputing nations.

Mr. Bryan already has discussed his plan informally with members of the Senate committee on Foreign Relations and asked for a hearing before that committee next Wednesday and present the plan in detail.

Members of the Senate have learned as yet only a general outline of the Bryan plan, but that is sufficient to indicate that Mr. Bryan hopes to promote world peace through setting up international machinery which will open the way for nations to cool off in times when passions are running high and will afford an opportunity for a second thought. In fact, the Bryan policy already is being referred

### Bad Crime

Is Confessed in Illinois by Man of Low Mentality

ELGIN, Ill., April 21.—Herman Coppes, whose mentality is so low that at sixteen years of age he has been able to advance to the fourth grade in school, has confessed that he was the slayer of Mrs. Manny Sleep and her two small children, whose bodies were found Saturday in a cistern under the kitchen of the Sleep farm house, five miles west of here.

Coppes says the killing resulted from Mrs. Sleep saying she "would see about it," when he had refused in ill-humor to do one of his accustomed chores after school.

Lack of sleep after being arrested appeared to have caused Coppes to confess. At first he only admitted writing a letter found with Mrs. Sleep's body, which purported to tell of her intention to commit suicide after she had slain her two children. Later he gave the details of his crime.

Big New York Fire. NEW YORK, April 21.—A loss of nearly a million dollars was caused by fire which destroyed the old Shooters' Island shipyard in the Kill von Kull, near Staten Island, New York, early to-day. The plant had been purchased a few years ago by the Standard Oil Company. Besides sweeping the yard, the fire burned to the water's edge the large transfer boat, the New York, New York, New ferry express of the New York, New Haven & Hartford Railroad, the ferry boat, the large and modern schooner, the German Emperor's yacht Meteor was built at the Shooters' Island yard in 1902, when many celebrities, including Prince Henry of Prussia, were present at the launching.

Strikers Determined. CHARLEROI, Belgium, April 21.—The strikers in this district continue determined to obtain the grant of their demand for equal suffrage. Their number was augmented slightly to-day.

### IMPROPERLY-MADE AMMUNITION REJECTED BY THE GOVERNMENT

Militia Department Declines to Accept Several Thousand Rounds at Quebec Factory.

OTTAWA, April 22.—A report which came last night from Quebec that ammunition manufactured for the Department of Militia and Defence has been rejected is not officially confirmed. Colonel, the Hon. Sam Hughes, when asked about the report, refused to discuss it.

From other sources however the newspapers are informed that the department has refused to accept a large quantity of ammunition amounting to several thousand rounds, as improperly manufactured. Colonel E. W. B. Morrison, the new Master General of Ordnance, has been in Quebec, and the detection of the defect in the ammunition is a result of an investigation made by him in connection with the administration of his office.

It is understood that Colonel Morrison has made a report dealing with the manufacture of this ammunition and the reason for its rejection, but details of the report are being closely guarded. The ammunition was of rejected manufacture. The Quebec despatch was as follows: "It is reported that some millions of rounds of ammunition manufactured here have been rejected by the Militia Department as unfit for service. An investigation, it is said, will likely be held into the case."

### Suffragette Doings Are Reported To-Day

Arson Squads Are Busy in The Old Land—Other Features.

NEW YORK, April 22.—Praise of the militant suffragettes in England and prediction of serious trouble in America if women don't get the ballot were Mrs. O. H. P. Belmont's farewell theme as she prepared to-day to sail to-night for Europe as a delegate from this country to the International Woman Suffrage convention in Budapest, opening June 15.

Mrs. Belmont said she approved of everything the English "wild women" had done, and that if women's suffrage is not adopted in New York in 1915 militant methods may prevail here. "The English women will get the vote now, before we do, and that will be a disgrace," she said. "People here do not know it, but Mrs. Pankhurst was told by Arthur. Balfour and other big men that militant methods must be used if the women's vote is to be won. Men never won their freedom without shedding blood, and the women will not get theirs without fighting."

Militant Military. NEW YORK, April 22.—Women suffragettes are arranging for militant military for the suffragette parade on May 3. They have chosen for the new suffragette hats a design decidedly Napoleonic, and they set to work to-day upon the manufacture of them. The hat is a cocked affair with an upturned brim and a yellow

cockade all heavy with the import of sieges and capture. They are described as fairly becoming, and allied with steel of flashing glances, is warranted to pierce the armor of all of the antis.

More Destruction. LONDON, April 22.—An "arson squad" of militant suffragettes was successful during the night in burning down the Handsworth Park boathouse in a Birmingham suburb. Four pleasure boats and a large quantity of equipment were destroyed. With the opening of the boating pug sups, Koisap or siduapic uosap shells are expected, and along most of the river and lakes a close watch is kept by special patrols night and day for suffragettes bent on destruction.

### CHILDREN ON SCHOOL STRIKE

And One Fatality Results in a Parade at Pittsburg To-day

PITTSBURGH, April 22.—The first fatality attending the "strikes" of school children, organized as protests against Superintendent L. H. Heeter, occurred this morning when an unknown foreign girl, marching with a hundred or more companions in Penn Avenue was run down by a street car and killed.

The "strikes" which began yesterday soon after Mr. Heeter, who had been acquitted of serious charges preferred by a member of his family, had returned to work spread through a number of school buildings this morning. Reports from four schools showed that scarcely 25 per cent of the pupils were in their places, and another school reported that only 10 per cent had been encouraged by their parents, endeavored to prevent parents from entering the buildings.

A feature of the morning was the marching through the downtown streets of a party of several children, none of whom appeared to be more than a dozen years old. They carried banners demanding the removal of the superintendent.

### PADDY'S FACE GOT HIM FREE

Magistrate at Soo Took Sensible View of This Case.

SAULT STE MARIE, Ont., April 22.—To take a prisoner from the dock and give him a job on the police force was the extraordinary proposal made to Chief Vincent by Magistrate Elliott in central court this morning when Paddy O'Neil, former convict, was brought before the court on a charge of crossing the international railway in violation of the international railway act. When Paddy's unusual case was brought before the court he brought his best bluff, together with military precision, though with a most natural air and an unobtrusive, but transparent, manner. He was crossing the bridge at midnight with some other than that he could do across for nothing. The offence, serious, one from the immigration standpoint, Paddy was brought before the court with a most respectable and unobtrusive appearance.

"You would make a splendid policeman. Can you give me your address?" "Not at present," he replied. "I have no special service at present, but the body is at my disposal."

As the prisoner was being taken to the city and as soon as there was a vacancy he would be appointed.

MUSIC and DRAMA

"Passers By," a new play by C. Haddon Chambers, comes to the Grand on Saturday, April 19. "Passers By" is a fascinating mixture of drama, humor and appealing sentiment. It is a fantastic conceit and is full of human touches and is sincere in its appeal. A wealthy London bachelor engaged to a frivolous girl returns to his rooms and finds his valet entertaining a cabman. He is furious at first, then curious, and when the servant admits he is interested in the people who pass by the house, the bachelor falls to thinking seriously, and has the cabman called back, and a series of amusing scenes takes place. They are tears and laughter in "Passers By" enough for all.

Mr. C. Haddon Chambers, whatever else he may be, is not a preacher, nor a political agitator, perhaps not a philosopher. But he has made an attractive, if a little too sugary and sentimental, play. Sugar and sentimentality, touched with melodramatic sentimentality, is the chief merit of his play. Mr. Chambers comes to a promising market.

A Protest

Is Entered By Roman Catholics in Manitoba to New Minister.

WINNIPEG, April 22.—The Press says this morning: "At a meeting of the executive officers of the Manitoba Federation of Catholic Laymen from the parishes of Winnipeg and St. Boniface, held at the residence of the Rev. Father Anzalone, last evening, a resolution was unanimously adopted protesting against the action of the portfolio in the Manitoba cabinet, Joseph T. Bernier, M.P., on the account of the non-acceptance of the Separate School question and declaring that Bernier's acceptance of the provincial secretaryship will be regarded as a direct violation of the principles for which the Catholic minority have been fighting for the past twenty years."

Rev. Father Anzalone of the Sacred Heart Church yesterday morning stated in church that it was the first time since 1870 that a Catholic had seen it advisable to accept a portfolio in the provincial cabinet under the coercion that obtains in Manitoba regarding Separate schools.

Ty Cobb's Case

NEW YORK, April 22.—Ty Cobb's refusal to report for duty with the Detroit Club because among other things he demands an increase in his salary to \$5,000, has brought publicity to the fact here that Cobb is one of the vice-presidents of the Baseball Players' Fraternity. The significance of this is discussed in baseball circles as having an important bearing on the principles of the fraternity, for when the new protective union of baseball players was organized last October one of the principal objects in view was declared to be the arbitration of disputes over salaries between players and their employers. An advisory board was appointed to handle first such cases and Cobb was named as one of six members to serve in this capacity. So far as known, however, the advisory board has made no overtures for arbitration of this matter in which one of its members is involved. It is said that the board's failure to make any arbitration offer is due to Cobb's refusal to sanction such move, as Cobb asserts there is nothing to arbitrate.

Worth Remembering

Before washing lace collars baste them on a piece of muslin to keep them from being stretched or torn. To keep cake fresh put it in a pair or a large glass jar with a tight cover. The best thing to clean window screens with is kerosene oil. Use not water but oil and a stiff brush. Water will not remove the dirt and grease half so well. Peanuts shelled and chopped finely then added to apple and celery makes a nice salad. In cleaning baseboards, the paper often becomes badly soiled. This can be prevented by using a piece of cardboard held at the edge of the board and moved along as each portion of the base is cleaned. Pumice soap and sweet oil will clean new linoleum. If iodine is spilled on linen or cotton pour boiling hot water over the stain. Repeat twice within an hour and the stain will disappear.

A number of young people met at the home of Mrs. Dutton on Wednesday evening and organized a tennis club. The following officers were elected: President, Dr. Raphael; first vice-president, Mr. Lew Smith; secretary-treasurer, Miss Annie Hawley; membership committee, Mr. Lew Smith, Roy Pierson, A. Clark, Miss Neelands, Miss Ferguson, Miss Phelan. It was decided that the membership fee be one for ladies and 75c for gentlemen. M. Seymour Cole has very kindly offered the club the use of his spacious lawn for the season. Miss Libby Vanderlip has returned from Toronto, where she has been visiting her sister, Mrs. Taylor, on Thursday evening. Mrs. Freeman Benedict of Brantford, visited Mrs. Dawdy on Wednesday. We are sorry to report that Mr. Chas. Fernin lost a horse on Tuesday. The animal broke its leg and had to be shot. The Sewing Circle met on Wednesday afternoon at the home of Mrs. A. Hamilton, Mrs. A. Vanderlip, and Mrs. Herl. Sumler joined the circle. Mrs. Lett has returned home. Miss Kemp of Brantford, was a guest at the home of Mr. and Mrs. T. Reid on Thursday evening. Mr. Harvey Dawdy of Pine Grove, visited Mr. and Mrs. Chas. Wilson on Friday. Mrs. Vibert of Hamilton, was the guest of Mr. and Mrs. Dawdy on Thursday. We regret to report the illness of Mrs. D. Papp. Mr. Dawdy and Mrs. Chas. Wilson were the guests of Mr. and Mrs. Pollard on Friday. CONGREGATIONAL CHURCH The morning service in the Congregational church was specially for the children, about thirty scholars from the Sunday school being on the platform who joined in the singing of the hymns besides giving a number of pretty selections themselves. Addresses were given by the superintendents, Messrs. Veitch and Foster, also by the ex-superintendents Messrs. Dixon and Hammond. The service in the evening was conducted by T. H. Best, secretary Y. M. C. A., Hamilton, who spoke on the young man and the city. He was assisted by Y. M. C. A. quartette which gave several good selections and led in prayer and reading of the scriptures. The music for the day was splendidly rendered and services very much enjoyed by large congregation. Leaving for the West. AUCTION SALE OF Household Furniture. S. P. **Tom Thumb Wedding.**  
The Tom Thumb wedding to take place in I.O.O.F. Temple, Hamilton, May 2 and 3, under the auspices of Central Presbyterian Ladies' Aid society, promises to be a delightful affair. The bride and groom and their attendants, the minister, pages, etc., will all be well known Hamilton children. Miss Lillie MacFarlane will be accompanist and Miss Peters will arrive from New York to-day to personally conduct the unique entertainment.

Leaving the harem of the khedive of Egypt, the Austrian countess, Toerock, who entered the harem in 1910 as Princess Zobia, has suddenly disappeared. She is believed to have returned to Austria. The fact had been kept secret, but now everybody is talking about it, and the sensation is great about Cairo. Various reasons are given for this unexpected acrobatic of the princess. The real cause, however, seems to have been jealousy. The Egyptian princesses are allowed \$1000 monthly from the khedive's estates, and the khedive allowed Zobia sufficient to assure this income. In addition she possessed a large amount of jewelry, presented to her by the khedive, and estimated to be worth at least \$100,000. She was a woman of high intellectual attainments, an able pianist, and figured prominently in Vienna society years ago. Her connection with the khedive's harem was at least ten years old.

In the setting of many precious stones platinum is now greatly favored over gold. Platinum possesses the property of not detracting from the beauty of any jewel. Settings of it are well nigh invisible, whereas gold is most obtrusive and injures the effect of the finer settings. The price of platinum is however about twice that of eighteen karat gold and the waste is greater.

Platinum exhibits such a degree of ductility that it is said one ounce of wire made from it may be spun so thin that it will reach many miles.

The latest notion in vanity boxes is a two inch cylinder of white imitation ivory with covers at either end. One cover lifts off to display a shallow powder box and puff, and the other reveals a deeper receptacle in which are lip and lash pencils. In one of the covers is sunk a round mirror.

More distinctly than the collar and jabot of even handsome real lace, this spring, is the one made of silken machine embroidery and some of these embroidery collars are rarely beautiful and accompany very distinct.

**English Judge Dead.**  
MENTONE, France, April 22.—Lord Gorell, who was a judge of the probate, divorce and admiralty division of the English high court from 1892 to 1905 and president of that court from 1905 to 1909, died here to-day in his 65th year. As a judge he was known as Sir John Gorell Barnes and he probably divorced more people than any other British judge has before. His son Henry, who was born in 1882, succeeds to the title. He is also a barrister.

### SOME CLASS TO US! BOX SEATS AT PARK

Box seats at the Brantford ball park! What do you think about it? Yesterday afternoon a deputation waited upon Mr. Frank Cocksutt in connection with the building of boxes in front of the covered grandstand. An estimate on the work was presented. In all likelihood the grandstand will be improved in this way this year, the ball club providing the chairs and other accessories. Last summer, on frequent occasions, the covered stand was taxed to capacity. This year box seats, the choicest viewpoint, will be available. It's going to be some park after a while.

### GIANTS MADE IT FIVE IN A ROW

Boston Beaten Again—Brooklyn Falls Once More—National Notes.

The Giants made it five in a row world's stallings' Boston outfit. Marquard made his first appearance of the season and had Boston at his mercy in every inning but one. The poor old Brooklyn Dodgers were nosed out by one run again. Philadelphia had the edge. Benny Meyer warmed the bench while Mordecai Brown pitched a gem. The Boston Red Sox pitched a gem. The Athletics another when Wagner and Perkins booted chances in the seventh. Smoky Joe Wood started for Boston, but gave way to Bendick. Detroit got the breaks and won the opener of the series in Chicago. It developed into a pitchers' battle between Russell and Klawitter, with Tiger youngster having the edge. The jinx is still chasing the Yankees. Catcher Sweeney split his fingers in the game against Washington yesterday, and New York dropped its fourth straight to the Senators. Cleveland Naps hopped on too R. Mitchell for six runs, and it proved enough to beat St. Louis Browns.

### HIGH EASILY FILLED SHOES OF TYRUS COBB IN ST. LOUIS GAMES

Tyrus Cobb, reported to be the best player here and talk about a pitcher, gets another look in the field. He is likely to ask the firemen to shovel a little faster, so as to get the train. High is no Tyrus, but he is filling in very satisfactorily since the Georgian's absence. This was his record in the St. Louis series: AB, R, H, Runs Scored..... 2 0 0 Ty Cobb..... 4 1 3 Babe Ruth..... 4 1 3 Benji Gilchrist..... 3 0 2 Totals..... 13 2 7 That gives the little fellow a batting average of .338 for the series. In addition he has been on first base three on passes and twice on errors—missing making first only twice in 13 times at bat. He has had three assists from the second in four games. In every way his record for the series is a phenomenal one.

### JINXS STILL AFTER THE HIGHLANDERS

Catcher Sweeney Latest to Get Hurt—Doings in the Johnson Circuit.

These are tough days for the world's champions. Frank Chance and his Yankees are running true to New York American style. Boston Red Sox handed the Athletics another when Wagner and Perkins booted chances in the seventh. Smoky Joe Wood started for Boston, but gave way to Bendick. Detroit got the breaks and won the opener of the series in Chicago. It developed into a pitchers' battle between Russell and Klawitter, with Tiger youngster having the edge. The jinx is still chasing the Yankees. Catcher Sweeney split his fingers in the game against Washington yesterday, and New York dropped its fourth straight to the Senators. The delights of a visit to a maple sugar bush at sugaring time are many and varied, and now is the time when the sap is running and the evaporator is turning out the delicious syrup and sugar. At Algonquin Park this feature is in full force, and many are taking advantage of a trip to this charming territory for a rest and incidentally to participate in the jolly sugaring parties that daily go out to the sugaring camp, The "Highland Inn," Algonquin Park Station, Ont., offers most comfortable accommodation at reasonable rates. ## AMBROSE KANE—"WE WILL BRING HOME THE BACON THIS YEAR OR BUST IN THE ATTEMPT"

Brantford Manager Arrived Yesterday—Brought With Him Big Husky Looking Catcher English—Red Sox Squad Will Arrive To-Day, All But Burrill—Exhibition Games Arranged.

## SENATORS GOING LIKE A HOUSE ON FIRE DOOIN'S TRIBE STILL LEAD THE NATIONAL

Ambrose Kane, handsomer (?) than ever, dropped into town yesterday afternoon, at 4.35, via Grand Trunk, from his home in Whitman, Mass. Mr. Kane intends to renew old acquaintances here this summer. In fact, he proposes to cavort around left field as usual. Personally, he doesn't promise very much from his own exertions. He was the Kingpin outfielder in the league last year and couldn't do much better this year if he tried. Nobody ever accused Kane of not trying. When he dropped off the train yesterday he was greeted by President Nelson and the Secretary. The Manager wore a brand-new suit and was looking spic and span. It was hard work getting an interview out of Kane. The old boy, however, was enthusiastic about his 1913 Red Sox. "We can confidently promise Brantford the pennant-winner of the Canadian League," said Ambrose, "if we get any kind of a break in the luck. All we want is an even break. The men we have secured, while not as plentiful as last year, are known to be first-class ball-players. And they are all clean young men, who will pull together. Gee, but you ought to see this guy here peg to the bases," said Kane, otherwise known as the Human Crab of the Ball Yard. Ambrose introduced us to English, one of the try-out catchers for the 1913 roster. Big, husky, non-communicative gink English appeared, and he didn't look any the worse of his journey. As a try-out, he looked aces to the best part that blew in here last year and shortly blew out again after the consumption of an auto load of meal tickets all at the expense of the genial "T.N." However, English has a good one. The Red Sox squad should get here to-day, all except Buster Burrill, who is unable to report for a week yet. Buster contracted a gripe and was forced to stay back. Del Orcutt has charge of the boys, and it will be Wednesday before the first practice is indulged in. Exhibition games are scheduled here Friday and Saturday with Abbie Johnson's ex-Canadian Leaguers. From to-morrow on until the opening the Red Sox will give the fans some action for their money.

### The Marathon

Behind his window bars stood one in name. Ace gazed without upon the fields of green. Shackled and chained he stood and looked in vain Upon the silent splendor of the scene. And as he looked there staggered down the road A youth, half clad, with sweat upon his brow. It seemed as if he bore a heavy load Each foot seemed heavy as a dredging spade. The Nut spake up unto the nearby guard: "What makes yon fellow toil this blessed day? What makes him beat it down the pike so hard And strew his perspiration on the way?" "Yon fellow labors not," the guard replied. "There is no tyrant hand to scourge him on. He loves to hike across the country-side— It is to game they call the Marathon. Once more he gazed upon the fields of green, And on the youth who toiled across the lea. His laugh rang loud upon the silent scene. "Say, boy!" he cried, "Come on in here with me!"

### Richard de Lion Hart de Reuben de Marquis de Marquard, also known as Mr. Blossom Seelye and as the \$11,000 beauty, will be the recipient of birthday congratulations to-day, when he will pass his twenty-fourth milestone. His real name is Richard de Marquis, which would indicate that he was born in Montreal or New Orleans, or that dear Paris, but as a matter of fact, the honor is Cleveland's. The big six foot twirling artist was first employed by the Canton (Ohio) team of the central league, in 1907 and in the following year played with Indianapolis in the American association. Everybody knows how Mister McGraw paid \$11,000 for Richard, and what a lemping Richard was during his first season with the Giants. Few players have come in for so much paning as Marquard, and any manager who knew less about his business than McGraw would have turned Richard out into the cruel world and told him never to darken the door again. McGraw had a hunch that Marquard had in him raw material of a baseball genius, and paid no attention to the roasting of the public sensation of the season. His subsequent exploits as a wife-snatcher, vaudeville actor and holdout haven't helped his reputation with the fans to any great extent. Rubie became the husband of his vaudeville partner Blossom Seelye in San Francisco last month; Miss Seelye's former husband having secured a divorce. According to the dope, Richard now has a three-year contract calling for \$8,000 a season. As a vaudeville artist he got some two or five thousand dollars a week; he contracts figure the same being merely an except from a

## TWO RIGHT HAND PITCHERS FOR LEAFS NEXT FEW DAYS

Management is Not Worrying Over the Rudolph Case—Richard will Have to Eat Humble Pie or Quit Baseball for Good Treated Generously by Club.

The Toronto management is not losing any sleep over the action of Dick Rudolph, and President McCaffrey stated last night that two good right handed pitchers would join the club within the next three days. Rudolph's leaving of the team has not gained him any sympathy from those who know the inside of the matter and as Dick has been conceded many favors that most ball players would never think of asking for, his high handed actions have lost him the good will of the baseball world at large. Rudolph stated that it was not a matter of salary, and that he was right. The mainstay of the Leaf twirling squad of the last few seasons was treated very generously by the management in regards to salary and it looks as if Rudolph has been talked into his leaving of the club. Dicky has had the big league bus for the last couple of years and when he was unable to place himself in the big show during the winter, he was glad to join the Toronto club this spring. That three hit game at Newark started him off again, and with a night to think it over, the fever broke out again with renewed vigor. Richard's friends must have handed him the pat on the back in generous doses and Mr. Rudolph decided that he was just a little above International League calibre. In this handsome boy made a big mistake. A deal was hanging fire to send Rudolph to the Boston Nationals and there were good chances of it going through. Now it is all off and Rudolph has been fined \$100 and suspended. Rudolph's only chance to get back into baseball is to pay his fine, take his pride in his hand and report to Manager Kelley, \$25,000 would not buy his release from the Toronto club to-day. Better come along, Dick.

## MR. COCKSHUTT SAYS TEAR DOWN PALACE

Good-bye, Crystal Palace! The famous old Crystal Palace of Old Country fame is not intended, but Crystal Palace, that majestic building which either adorns or defaces Agricultural Park. It all depends what way you look at it, and what your landscape tastes are. However, Mr. Frank Cocksutt, chairman of the grounds committee of the Parks Board, announced to a Courier reporter yesterday that at the next committee meeting the plan to tear down the building would be discussed. Mr. Cocksutt was inclined to think that the building was of no use and never would be. "The only reason," he said, "it has, with other buildings over there; been preserved as long as it has is because it was thought there might be a revival of the horse show. This now seems to be pretty remote, and the final plans of the park will be to have one level stretch of ground for athletic purposes, where not one club but several can play." Mr. Cocksutt undoubtedly has the right idea.

## In Big League

BROOKLYN.—Philadelphia cleaned up with Brooklyn yesterday, winning the final game by a one-run margin. The locals scored their first run on the new Ebbets Field. The final count was 2 to 1. Mayer outpitched Allen, although the latter fanned eight men. Dahlen brought out his reserves in the eighth without effect. Curtis finishing the game in the box and Kirkpatrick going to short. Cutchshaw's work on the flies and Meyer's fielding of his position, were features. Moran took Meyer's place in right and fielded well, but could not hit.

## Football

The Sons of England football club will hold a meeting in the store of Roberts and Van-Lane this evening. All members are requested to be on hand at eight o'clock. Tutela 2, Dufferin Rifles 1. The Tutela team took the infantry into camp on Saturday defeating them in a first-class game by the score of 2 goals to 1, winning out five minutes before time, after a rush the length of the field, a couple of good passes in front of the goal and a deadly shot. The Dufferin Rifles attribute their defeat to the fact that they played one man short for the first fifteen minutes of the game, as Hutchinson was late in arriving. The Tutela team took advantage of the disadvantage, which they had a perfect right to do, as the Duffs refused to put on a player and during this time the English players notched a goal and the half time score stood 1-0. The Soldiers of the King took new hope after the rest and evened up the score. With the score a tie and five minutes to play, the Infantry attacked the Tutela fort but the attack was repulsed and their ponies secured possession of the ball and made a grand rush down the field passing and re-passing, playing some fine combination; a sensational pass, a kick which was true and accurate beat Duddon of the 38th and the Tutela eleven were one goal to the good. With time nearly up the Duffs became desperate and made the best of their time and fairly took their opponents off their feet, but try as they would they could not break through the Tutela defence and the game ended 2 to 1 in favor of Tutela.

## WASHINGTON FAN APPLIES FOR SEATS AT WORLD'S SERIES

WASHINGTON, April 22—The most fanatical base ball fan in the United States is believed to have been found in Paul G. Brock of this city, who today wired a certified check to Garry Herrmann, chairman of the National base ball commission, for two grandstand seats at the coming world's series games. Brock's early application for places at the diamond side is prompted by past difficulty in securing suitable accommodation and a firm belief that the Senators will be one of the teams contending for the pennant.

Lady Marjorie's Love

"Not that Nora! That shall never be. I won't say that your must be mad to think of it, but I do say that I should be mad to let you do it.

"If I must I must, Nora. I give you my word, since you will have it, but it is horridly against the grain."

"Yes, yes, I know, I know! I thank you a thousand times!" She kissed him.

"If I must I must, Nora. I give you my word, since you will have it, but it is horridly against the grain."

"This gesture of repressed wrath, his darkened brow and bitten lip expressed a feeling strongly and plainly enough, but he would not distress her with words of repudiation.

"Ah, Gerard," she said softly, "you are such a good fellow! But when you are married, my dear, when you are happy with your wife as I hope you will be, you must let me go, dear, and let me go alone.

"Oh, don't turn away from me, Gerard! After you have been so patient with me, to kind to me, don't be angry at last! You must let me go, dear, and let me go alone."

"Her voice, her tone, her look entreated, but there was a latent power of defiance in her to which he was not blind.

"Noah, if I let you go back, if I let you do this, I shall feel that I'm acting like a scoundrel and a fool!"

"You will be doing the wisest and kindest thing that it is possible to do," she answered. She passed, her hands clenched as they dropped at her sides.

"Noah, if I let you go back, if I let you do this, I shall feel that I'm acting like a scoundrel and a fool!"

"She is very pretty, Gerard," she said softly. "Very, very pretty, and Gerard," she said slowly, "you know it in the old days, believe it now. Let me go alone as I came; don't try to trace me, say nothing of having seen me. It was weak to come, I know, but I longed so to see you and hear a word of him! Do this for me and promise solemnly that in a few days - a week at most - you shall both know."

"Yes, yes! That and more - more than I can tell you now," she said excitedly. "Only trust me, Gerard, for a few days as the greatest kindness you can do me!"

"Perfectly!" His arm tightened about her shoulder.

The Young Wives' Tale

Once upon a Time there were two Young Wives who knew Best. That was not just their Opinion but the Truth. They were Women of Unusually Good Judgment and they really did happen to know better about Most Things than their Husbands.

"Now one day the Husband of one of these Women came home with a Great Project," he said. "I am going to Give up my Present Position and go into Business for Myself. I have had a Great Opening. I have been offered an Opportunity to become one of the Leading Members of a Company to grow Strawberries on the Banks of the Panama Canal."

"At that the Wife Who knew Best sat right up straight and she said, 'John Henry, what are you Talking About? Indeed you are Not Going to give up your Presently Good Position for any such Nonsense.'"

"Now you don't know Anything about it," said John Henry. And he dug into his pockets, and he brought out some Envelopes, and he read off the Backs of the Envelopes some Inconceivable Statistics of Fortunes which could be made by a Company to Grow Strawberries on the Banks of the Panama Canal."

"After half an hour's argument Mrs. John Henry slammed the Door."

"And the next day John Henry, in pursuance of his Rights as a Man and a Husband Gave up his Position."

"By a Strange Coincidence the husband of the Other Wife Who knew Best came home that same day and said, 'My dear, I am Not at all satisfied with my Position. I am going to Resign. I do not see any Opening Just Now, but I am sure a man of My Talents can open one.'"

"The Second Wife Who knew Best thought of Rent and Babies' Shoes and of a Man down the Street who had been Out of Work for Six Months, and she started to say Something Quickly. Instead she Thought a Minute and then she said, 'Yes, my dear, I don't feel that you are fully appreciated. But you know this is Presidential Year and Times are Hard. Don't you think there might be more Big Openings, the kind a Man of Your Talents ought to have, when Times are Better? However, my dear, you must use your Own Judgment. You know Best about Such Things.'"

"At that the Husband of the Second Wife, who knew Best became thoughtful in his turn and he thought something on this wise. 'My wife says I must use My Own Judgment and that I know Best. She is right. I am the Head of this Family and I must be very Careful what I do. I will consider this Step Very Carefully as befits a Man Who knows Best.'"

"And the next day, waking up without the touch which had made him dissatisfied, he quite forgot that he wanted to Resign his Position."

Moral - It's better to be right than President, but there are other things better still.

YOUNG WIFE SAVED FROM HOSPITAL

Tells How Sick She Was And What Saved Her From An Operation.

Upper Sandusky, Ohio. - "Three years ago I was married and went to house-keeping. I was not feeling well and could hardly drag myself along. I had such tired feelings, my back ached, my sides ached, I had bladder trouble awfully bad, and I could not eat or sleep. I had headaches, too, and became almost nervous with worry."

"If you have mysterious pains, irregularity, backache, extreme nervousness, inflammation, ulceration or displacement, don't wait too long, but try Lydia E. Pinkham's Vegetable Compound now."

"For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and such unquestionable testimony as the above proves the value of this famous remedy and should give every one confidence."

her shoulder. Each was speaking in a lighter tone than either had used yet. "So you saw her to-day?" she said curiously. "You did not speak?"

"Oh, yes! I don't suppose I should have done so if I had had time to think, but I did so impulsively, on the spur of the moment. It did not matter, because she instantly supposed that I was here on business."

"Ah, just so!" His eyes looked down, here up, and both smiled. "You would have done so, of course," he questioned coolly.

"Had I enquired for any one, certainly. Lady Marjorie's directions. (To be Continued.)"

MAKES YOUR BACKACHE QUICKLY DISAPPEAR

A Few Doses Relieves All Such Miseries, Bladder Weakness, Kidney Trouble and Rheumatism Promptly Vanish.

It is no longer necessary for any one to suffer with backache, kidney trouble, have disagreeable bladder and urinary disorders to contend with or be tortured with rheumatism, stiff joints, and his heart-wrenching pains, for the new discovery, Croxone, quickly and surely relieves all such troubles.

Croxone is the most wonderful remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It is entirely different from all other remedies. It does not like anything else ever used for the purpose. It acts on the principle of cleaning out the poisons and removes the cause.

It soaks right in through the walls membranes and linings, like Croxone in a sponge, neutralizes, dissolves and makes the poisons sift out and filter away, all the uric acid and poisons from the blood, and leaves the kidneys and urinary organs clean, strong, healthy and well.

It matters not how long you have suffered, how old you are, or what you have used, the very principle of Croxone will quickly relieve you of impossible to take it into the human system with results. There is nothing else on earth like it, and relieves you the first time you use it.

If you suffer with pains in your back, and sides, or have any signs of kidney, bladder troubles, or rheumatism, such as puffiness swellings under the eyes or in the feet and ankles, if you are nervous, tired, and run down or bothered with urinary disorders, Croxone will quickly relieve you of your misery. You can secure an original package of Croxone at trifling cost from any first-class druggist. All druggists are authorized to personally return the purchase price if it fails in a single case.
