North Esk--Frank Menzies, K. Copp--acclamation.

South Esk--Wm. J. Hoiland, John Sutherland, Wm. J. McTavish.

Alnwick--Wm. Anderson, H. Legge, Eddie Savoy.

Nelson--Wm. Appleby, Michael Walsh--acclamation.

Miferton--E. J. Parker, Ernest Simpson, Miller Esson.

Blackville--Fenton McCormick, Simeon Bean, Geo. Hayes, Fred Hayes, Fred Underhill, M. P. Tucker.

Chatham Parish--W. H. Baldwin, A. S. Hartman--acclamation.

## Presentation to Popular Couple

A pleasant surprise was given Miss Ethel Allison and Mr. E'don Atkinson at the home of Mrs. John McCormack on Monday evening. The young couple who are to be married on Wednesday were invited there to spend the evening, and on their arrival, were greeted by the sisters of Flanders Lodge L. O. B. A. and presented with a gift of silver and the following address:--

Dear Sister and Brother  
We have met tonight, to show in a slight way, our appreciation of you as friends, and of your services and associations with us in Flanders Lodge.

You are about to leave us, for but a short time we hope, and ere you go, we wish you to accept this little gift, and hope that you will always treasure it, not for its value, but for the love, fellowship and good wishes, we extend with it.

We regret your departure for another community but feel that what is our loss may be another lodge's gain, and we will assure you of a hearty welcome, any time you may return.

We earnestly trust that the important step in life you are about to take, may prove one of future happiness and prosperity. Wishing you God's blessing, we are fraternally yours,

Officers and members of Flanders' Lodge No. 554, L.O.B.A.

CLARA RUSSELL, W.M.  
CLARA ATKINSON, R.S.

They were completely taken by surprise but replied in a pleasing manner. They will be greatly missed by Flanders Lodge, in which they were very active workers

## PAIR GET FREEDOM AFTER CENSURE BY JUDGE

L.T. Hayes and Thomas G. Hines charged with obtaining money under false pretenses by collecting for advertising in a Catholic paper which they said they would publish were allowed to go Friday with a severe censure by the magistrates after they had made a settlement with the merchants complaining. They left Newcastle on the first train.

The prisoners were summoned to court at 2:30 in the afternoon. T. H. Whalen, clerk of the peace and representative of the Attorney-General saw fit to recommend to the magistrate that the evidence had not arrived at a stage whereby the accused could be committed for trial. The merchants of Newcastle, Bathurst and Campbellton had agreed to a settlement, he said. A large percentage of the money which they had given Hayes and Hines was refunded them by the accused.

Magistrate Demers severely criticized the prisoners and censured their slipshod business dealings.

## NORTHUMBERLAND LIBERALS TO CHOOSE CANDIDATE SEPT. 16

Chatham, N.B., Sept. 4--The election fever now sweeping the Dominion has now reached this county and a clarion call has been sounded to the Liberals of Northumberland County to meet in convention at Chatham Sept. 16th for the purpose of selecting a candidate to represent the county in the Federal House. The convention will be held in the Palace Theatre and delegates to attend this gathering will be selected at the various parish meetings to be held within the next few days. It is the opinion of many that the sitting member, W.B. Snowball, M.P. will find opposition in the convention. It is stated that Charles J. Morrissey, ex M.L.A. will seek nomination and the name of J. Kerr Loggie is also mentioned. Mr. Morrissey opposed Mr. Snowball in the convention held in Newcastle last September and was but fifteen votes short of securing the nomination.

## PERSONALS

Mr. and Mrs. Charles McBride are attending the Toronto Exhibition.

Miss Marguerite Lawlor who has been spending her vacation at her home here returned to Ottawa on Sunday.

## SEVERAL CHANGES ON TEACHING STAFFS

There are no changes in the teaching staff of St. Mary's Academy or the Baie School this year. Two new teachers, Miss Helen Black and Lillian Croft replace Misses Dorothy Nicholson and Maud Hill, resign on the teaching staff of Harkins Academy. Four teachers have been engaged for the Vocational Course in connection with the new High School. These are W. G. Jones of Moncton, who will be in charge of the Commercial Dept. with Miss Hughson McCain of Florenceville as assistant; Miss Hazel Hayes of Nash's Creek who will teach Household Science and R. W. S. Manzer of Woodstock, who taught in Chatham and Newcastle last year, will devote his whole time to the teaching of Manual Training and Shop Work in the Composite High School.

## Bathurst Won From Chatham by a 13-3 Score

Bathurst, N.P. Sept. 4--Bathurst came up on even terms with Chatham in the elimination series to determine the contender for the amateur baseball championship title of New Brunswick by defeating the Miramichi town team here tonight 13 to 3. The victory tonight gives these two teams a game apiece. The location of the deciding game, the winner of which will meet the victor in the Moncton-St. John waterworks play-off remains to be decided.

## PLEASANT SAIL ON MAX AITKEN

The sail on the Str. Max Aitken which was tendered to the business men of Chatham by the management of that staunch river boat on Wednesday afternoon last was a very enjoyable one notwithstanding that the weather was threatening.

There was quite a number on board though not so many as there ought to have been.

The steamer left the Railway wharf at 2:15 p. m. and steamed up river, passed Newcastle through the Morrissey Bridge and then turned up the North west around Beaubear's Island through the tuckle, into the South West and back to Chatham. There was a great variety of weather during the trip, from heavy rain to bright sunshine and the wind which sprang up shortly after the start came from the south, veered around by the west and when the wharf was reached at 4:15 was coming from the north. Lemonade and cigars were supplied in abundance and the time passed all too quickly.

On reaching the wharf Mayor Loggie in a neat speech gave expression to the thanks of those present to the management and Capt. Amos for their thoughtfulness, courtesy and attention which was heartily endorsed by J. D. Johnston and Ald. Watling in a few words. The sail was a success in every way and those who were deterred from going by threatening weather missed a lot.

(World)

## AT SCHOOL AGAIN

Schools reopened today after the summer holidays. There is a large attendance of pupils.

## Town Topics

Vol. 2 No 35 NEWCASTLE, N. B. SEPT. 8 1925 FREE

### A St. John Business Man

Sends us this extract from a letter he received from England:

You can square the account for the colored prints I am mailing you by sending me a box of blue envelopes. I will have time to get them squared post them to me. A box was

sent me during the war by the sister of a Canadian soldier for whom I was able to do a few favors, and they have lingered in my memory ever since. They seem so different from our English sweets.

Here is one was memory that proved lasting, after 11 years!

## ASK THIS HALIFAX NURSE

She Is Willing to Answer Letters from Women Asking About Lydia E. Pinkham's Vegetable Compound

Halifax, Nova Scotia.—"I am a maternity nurse and have recommended Lydia E. Pinkham's Vegetable Compound to many women who were childless, also to women who need a good tonic. I am English and my husband is American, and he told me of Lydia E. Pinkham while in England. I would appreciate a copy or two of your little books on women's ailments. I have one which I keep to hand. I will willingly answer letters from any woman asking about the Vegetable Compound."—Mrs. M. COLEMAN, 24 Uniacke Street, Halifax, Nova Scotia.

### Could Not Sleep Nights

Dublin, Ontario.—"I was weak and irregular, with pains and headaches, and could not sleep nights. I learned about Lydia E. Pinkham's Vegetable Compound by reading the letters in the newspapers and tried it because I wanted to get better. I have got good results from it and I feel a lot stronger and am not troubled with such bad headaches as I used to be and am more regular. I am gaining in weight all the time and I tell my friends what kind of medicine I am taking. You may use my letter as a help to others."—Mrs. JAMES RACHO, Box 12, Dublin, Ontario.

## Here and There

"Barring accidents, we are in for the greatest wheat crop in the history of Canada," says Andrew Kelly, of the Western Flour Mills. Mr. Kelly thinks the prairie wheat crop this year is off to the best start it ever had.

The first lot of Scottish boys enrolled as farm apprentices for Canada arrived recently on the Canadian Pacific Liner "Metagama." They were brought out under the auspices of the British Immigration and Colonization Association in co-operation with the Canadian Pacific Railway.

Canada's progress in the world of letters is illustrated by the fact that there is a Canadian literary section as one of the features of the Canadian pavilion at the British Empire Exhibition at Wembley. It presents French-Canadian and English-Canadian literature from the earliest dates down to 1924.

Ten conventions, comprising almost 3,000 delegates, will be held in Montreal between now and August 31, according to an announcement by the Montreal Tourist and Convention Bureau. It is hoped to obtain the 1926 Kiwanian Convention for this city which would mean that some 7,000 Kiwanians will visit Montreal next summer.

The Crystal Gardens, the splendid new pleasure resort for the city of Victoria, B.C., will be opened at the end of June and will form one of the unique attractions of that city. It will be both a winter and summer garden and possesses a salt water swimming tank, claimed to be the largest on the continent. Citizens of Victoria are already using the Gardens prior to its official opening.

Screening at the Capitol Theatre, Montreal, of the scenes through which the University of Montreal across-Canada trip and the similar journey of the Teachers' Federation of Canada will pass, attracted a large and appreciative audience. The film was a revelation of the beauty of Canadian cities and scenery. The University of Montreal trip will start from that city July 7 and will return July 28. The trip of the Teachers' Federation will commence July 20 and will conclude August 10.

Frank W. Ashby, secretary of the Manufacturers' Association of Australia, a recent visitor at Banff, said he found Canada to have a most delightful climate and "cities which are more modern than our own." Mr. Ashby said the impression in Australia had been that Herschell Island and Baffin's Bay were linked up municipally with Montreal and Winnipeg, and thought that the best way to correct these geographical misconceptions was to encourage more tourist travel from other parts of the Empire.

That 44 beer now selling in the Province of Ontario had met with approval and was considered quite satisfactory by people of the province was the statement of Premier G. Howard Ferguson prior to his departure recently for England on the Canadian Pacific Liner "Empress of Scotland." Mr. Ferguson will endeavor to interest British and foreign capitalists in the industrial development of Ontario.

## LACK OF PUBLICITY IN GT. BRITAIN

"The discovery I made while in England this summer as to the scarcity of Maritime and Eastern Canadian forms of publicity seems to have been fully endorsed by the British newspaper editors who were here last week," remarked R. E. Armstrong, the representative of the Saint John Board of Trade.

Having a strong desire in my heart to give out the fullest information respecting the agricultural, industrial, shipping, tourist and general advantages, possibilities and attractions of this section of Canada, I made appeals before going overseas to both the City Council and the Provincial Government to be supplied with an abundance of literature along these lines, but while both bodies were sympathetic they were unable to fix upon any publications before my departure. I took a few hundred copies of Saint John information Bulletins and New Brunswick folders with me and distributed them at the Wembley Exhibition and also with various representative organizations, such as the Canadian High Commissioner's office, the Canadian Chamber of Commerce, Thos. Cook & Sons, and several newspapers and magazines in London, with the Canadian Immigration Agent and other parties in Liverpool and likewise with representative bodies in Manchester. Special articles were supplied a number of daily newspapers, but while they thanked me for the information forwarded them, the only paper that seemed able to find room for any of these articles was the Manchester Guardian.

"It was impressed upon me that the Maritime Provinces should be represented in London either by separate agents or by one agent of a broad and active type, and that these agents should be kept well supplied with informing literature, photos, maps and samples of the Maritimes' natural products. Distribution of publicity of this character throughout England, Scotland, Wales and Ireland, as well as throughout Scandinavian districts should be most helpful to this section of Canada. "I think it was most satisfactory that the visiting English newspaper editors were given a close inspection of our farm and forest areas, as well as of our cities and ports. It evidently impressed them with the fact that the Maritime Provinces are not only nearer to Great Britain than most other Canadian sections, but that our farming areas and opportunities are of the same general type as the British farmers are familiar with.

"It would seem advisable that frequent delegation visits from the Motherland should be made to these Maritimes, so as to closely acquaint all Britishers with the fine forms of our farm products, with the advantages of our cities and ports and with the pleasurable tourist facilities we have at our disposal in the summer season. One of the most delightful regions in this Province to be visited is that of the glorious Saint John River. The other day, while traversing the Bay of Belleisle on board the "Hampton" and calling at half a dozen piers, it was most charming to note the fine character of the numerous farm products that were being shipped by the neighboring farmers. They included apples, potatoes, carrots, cucumbers, pumpkins, squashes, sweet peas, berries, beautiful bouquets, also eggs, poultry, fresh beef, veal and pork, as well as other products. If Great Britain and the West Indies and the United States want good farm products they certainly could not get better than these Maritimes can provide, nor could they find more attractive residential regions than they possess."

Make Your Own SOAP and Save Money! All you need is waste fats and

GILLETT'S PURE LYE FLAKE LYE Full Directions With Every Can YOUR GROCER SELLS IT!

## Unmarked Lobster Being Sold, Charge

In connection with statements recently made by the canned fish section of the Maritime branch of the Canadian Manufacturers' Association as to the extent of illegal lobster fishing in northern New Brunswick and Prince Edward Island, the most recent charge brought to the notice of the Department of Marine and Fisheries on behalf of the canners is that merchants are selling canned lobsters unlabelled and contrary to the law.

The regulations require that every can of lobster sold for domestic use must bear a label indicating the name of the packer thereof. Lobsters intended for export are not required to be so labelled.

In view of the charge made on behalf of the canners every possible effort will be made by the department to locate the merchants who are engaged in this illegal traffic.

## MARITIEMS TO LURE OLD COUNTRYMEN

That there are splendid opportunities in the Maritime Provinces for Old Countrymen with a little capital, desirous of going in for farming in a smaller way than usually in the west, appears to be the general opinion of the British press who are touring Canada from coast to coast as guests of the president of the Canadian Pacific Railway, E. W. Beatty, with a view to studying Canadian conditions at first hand. All the members of the party appeared to have been impressed also with the similarity, as they termed it, of the country in the Maritimes to that of some parts of the Old Country at least. For this reason, among others the pressmen were inclined to see considerably more attraction for Old Country people to that part of Canada.

## Put Real Mustard in Your Kit

Right at the top of the list of camping necessities is a tin or two of real Mustard. Men who fish and men who shoot know what a spiciness and flavour mustard freshly mixed with cold water, adds to the ham, bacon, fowl, venison and other good things they eat in camp.

COLMAN-KEEN (Canada) Limited 103 Amherst Street MONTREAL 27C

Colman's Mustard aids digestion

## Here and There

The first batch of last winter's furs brought from the Far North by the steamer "Distributor," from Aklavik, has arrived at Edmonton, Alta., and is valued at approximately \$1,000,000. Good catches of furs were reported throughout the north.

Sockeye salmon fishing around Vancouver, B.C., for the first three weeks of the current season, while not as active as last year, has, so far, resulted in fairly good catches. The latest reports indicate a catch to date of 55,000 cases, which is 2,000 cases less than last year.

While the members of Dean Sinclair Laird's party of school teachers from Ontario is returning East from their tour of the country the party of British teachers, who landed in Canada recently, is now travelling through the West on a special Canadian Pacific train to gain knowledge of the country and information concerning its resources.

Construction of the half million dollar storage and power dam on the Muskoh River, authorized at its last session by the Ontario Legislature, has been commenced. The proposed work is designed to control the flow from the Muskoka Lakes basin and will enable the linking up of power development in that district with the Eugenia-Severn system.

Passenger traffic over Western Lines of the Canadian Pacific Railway to date this summer has been particularly heavy, and a large number of special trains and special cars being operated for British, Canadian and American tourists. Lake side and summer tourist travel to the annual exhibition at Saskatoon and other Western points required the operation of special trains.

Construction of one of the largest and most modern departmental stores at Winnipeg, Man., by the Hudson's Bay Company will be proceeded with immediately, according to an announcement by Mayor Webb of that city. A start upon the company's building programme here was assured, stated Mayor Webb, with the passing of a by-law by the City Council providing for a memorial boulevard flanking the Hudson's Bay property.

During the first half of August two important Ontario railway towns celebrated their Old Home Week and held pageants illustrative of their local histories and industrial activities. These were North Bay and Smith Falls, both of which held C.P.R. Days and were the meeting points for thousands of railroad men, who assisted in the pioneering work of the districts. The Old Home Week at North Bay marked the graduation of that town to full-fledged cityhood.

MURINE Keeps EYES Clear, Bright and Beautiful Write Murine Co., Chicago, for Eye Care Book

## Fletcher's CASTORIA

## The Royal Bank of Canada

THESE who have saved are able to buy, and the man with money in the bank is always ready for any opportunity or emergency. Determine to save a certain sum—say \$100. That accomplished, save a second \$100, and you will soon have \$1,000 in the bank. Ask for our booklet, "The Measure of Your Income." It will help you.

Newcastle Branch Thomas Clarke, Manager

## HOW THE MONTHS WERE NAMED

January gets its name from Janu; February from Februa—purification—a Sabine word; March from Mars; April from aperio—open; May from Junius; July from Julius; August from Augustus; September from septem—seven; October from octo—eight; November from Novem—nine; December from decem—ten.

## Silence That Is Not Golden

The merchant, who fails to "speak up" lets a lot of golden sales slip past his store. This lost business goes either to his competitor down street or, by mail order route to the big city stores.

People are often surprised to find that the goods they bought "unsight unseen" from a catalogue can be seen and examined in the local store!

Tell your buying public what you have—ADVERTISING in "The Union Advocate" will invite the whole community to your store. And—

Most Folks Shop Where They Are Invited to Shop

Perhaps you are using good tea. We think "Red Rose" extra good. Won't you try it?

# RED ROSE TEA "is good tea"

The same good tea for 30 years.

### HE STOPPED HIS PAPER

An acquaintance met Horace Greeley one day and said: "Mr Greeley, I've stopped your paper."  
"Have you?" said the Editor.  
"Well, that's too bad."  
And he went his way. The next morning Mr. Greeley met his subscriber again and said, "I thought you had stopped the Tribune!"  
"So I did."  
"Then there must be some mistake" said Mr. Greeley, for I just came from the office and the presses were running, the clerks were as busy as ever, the compositors were hard at work, and the business was

going the same as yesterday and the day before."

"Oh," ejaculated the subscriber, "I don't mean that I had stopped the paper; I stopped only my copy of it, because I don't like your editorials."  
"Pshaw!" retorted Mr. Greeley. "It wasn't worth while taking up my time to tell me such a trifle as this. My dear sir, if you expect to control the utterance of the Tribune by the purchase of one copy a day, or if you think to find any newspaper or magazine worth reading that will never express convictions at right angles with your own, you are doomed to disappointment."

### LET THEM STAY LONGER.

Representations are being made to the Department of Customs at Ottawa for the purpose of securing an extension of the period during which motor car visitors are allowed to remain in Canada. At present the licenses issued at the border are good for only thirty days. It is necessary to place a reasonable limit on the time during which cars may be kept in this country without the payment of duty, but thirty days seems rather short. Tourist organizations all over endeavor to induce visitors to come to Canada and there is no apparent need for the government to step in and drive them out again at the end of a short month—if they still have any money left to spend.

**1/2 lb Package**

Now your grocer has the cheese you like so well in this handy size.

## Britons Refuse To Emigrate

Emigration from England and Scotland to less crowded parts of the empire is less than half as great as before the war, despite the fact that the home country is overcrowded and opportunities for workers seem to grow scarcer. Last year, despite the growth of unemployment and the encouragement given to emigrants through government financial assistance, only 88,883 people left to take up residence in the dominions and colonies. In 1913, when no financial help was offered by the state, the number was 223,361.

The natural increase of population of this island averages about 300,000 persons a year at present. Unless more people depart, overcrowding and perhaps unemployment will steadily become more severe.

In 1913, statistics given by the Colonial Secretary show 164,566 people emigrated from this country to Canada and Newfoundland, but last year the total was only 47,194. For the same year the number going to Australia dwindled from 44,500 to 30,300; to New Zealand, from 11,800 to 8,750 and for other parts of the empire, from 2,340 to 2,000. Only South Africa showed an increased magnetism for emigrants, but the figures are insignificant—375 emigrants in 1924

and 649 last year.

These facts are causing serious ponderings among many who feel that trade will never wax large enough to absorb all the idlers in England and Scotland unless their numbers are vastly lowered by wholesale migrations to those parts of the empire which are under-populated. There are some who feel that emigration never can be made properly attractive so long as persons can stay at home and make a living doing nothing. That is what the dole amounts to, in their eyes, and there are about 1,300,000 persons on the dole, receiving their hand-out from the state each week they are without work. The unemployed it is contended, prefer to stay where they are, rather than wrench themselves away from this island and gamble on a little more glittering future in pastures new.

There have been many efforts to organize parties of emigrants from villages and townships, but few have met with success. The people simply won't budge. The Morning Post says the most disquieting reflection which this experience suggests is the "decay of the spirit of adventure in our people—and the spirit by virtue of which our whole empire has been founded and peopled."

The Advocate \$2.00 Yr.

50¢ ALL DRUGGISTS

## Who Is Going to Sell Rogers' Battery-less Radio In Newcastle

A Canadian firm has effected the long awaited development in Radio—the elimination of batteries and aerial in the operation of long distance sets. Everyone who has heard about the new Rogers Batteryless Radio has admitted that it is a marvellous proposition—"if it works"—and it does work. In the presence of the Toronto Star Radio Reporter this new five-tube, tuned frequency receiver, operating from an ordinary light socket and using no aerial or batteries, tuned in twenty-five stations in a short time.

One of the first factory sets to come through was used in an apartment in Toronto which has a high tension power line at the rear, trolley wires and telephone wires at the front and electrical machinery in the basement—about every handicap to good operation. The Rogers' set was simply plugged into an ordinary light socket, with no "A" Battery with no "B" Battery with no aerial whatever, and every station picked up on the other set was tuned in equally as well on the Rogers' set and with less disturbance. As the evening wore on and the disturbance faded, even when only 4 tubes, were used on a hot night in August, stations were tuned in all the way from New Orleans to Chicago without any aerial.

The Q. R. S. Music Company of Toronto, who are distributors for this product, are desirous of having it sold in Newcastle by one of our better stores, and anyone interested in this might communicate with them.

## Quebec "Leak" Says Elections Oct. 26

Quebec, Sept. 2—A leak from Liberal headquarters here is to the effect that the Federal elections will take place on Monday, Oct. 26, with nominations Oct. 12 and dissolution next week.

Concurrently it is learned that Hon. P. J. Paradis, member of the Legislature Council of the Province of Quebec and chief Liberal organizer and George Parent, M. P. for Quebec East, have been called to the Senate.

This news, which is not officially confirmed at Liberal headquarters came from such source, however, as to be credited with being absolutely reliable and if the date is not definite the instructions have been issued to the local organizations to be ready to go ahead with its realization work with these dates in view.

Conservative headquarters have also been advised along the same line and conventions are being called by C. J. Lockwell, organizer, for next week.

It is most likely that efforts will be made to persuade Hon. E. L. Patenaude, M.L.A. for Jacques-Cartier to enter the Federal field.

In regard to the vacancy created in the Legislative Council by the appointment of Hon. Mr. Paradis it is understood that it will be filled by Henri Gagnon, managing director of Le Soleil or Louis Letourneau, M.L.A. for Quebec East. In the event of the former not receiving the appointment he will likely be Liberal candidate in Quebec West as a result of Mr. Parent's appointment.

**CASTORIA**  
For Infants and Children

**WRIGLEY'S**  
AFTER EVERY MEAL  
THE FLAVOR LASTS  
Probably one reason for the popularity of WRIGLEY'S is that it lasts so long and returns such great dividends for so small an outlay. It keeps teeth clean, breath sweet, appetite keen, digestion good. Fresh and full-flavored always in its wax-wrapped package.

## Here and There

According to the Alberta Provincial Department of Agriculture nearly a quarter of a million bushels of oats were shipped from that province to New Zealand for seed purposes last winter.

The Quebec Provincial Automobile Bureau estimates that well over 100,000 automobiles will be registered in that Province during the year. This will mean an increase over the 1924 registration of about 15,000 cars.

The 1924 exports of live cattle to Great Britain exceed the 1923 figures by over twenty-two thousand heads, according to the official Canadian returns. Exports to the United States also showed a slight increase.

Four small wooden vessels to act as tugs and feeders from Coronation Gulf to Herschel Islands, in the Arctic, are being built at Vancouver, B.C., to the order of the Hudsons Bay Company. They will be well powered and sheathed in iron bark.

There is now only one mine in the Crow's Nest Pass district idle. Between eight and nine thousand tons of coal are being mined there daily and the mines at Coleman, Blairmore and Bellevue are rapidly striking their stride, their output being about six thousand tons.

Although the chief beneficiaries under the new British preference proposals will be Canadian sugar, tobacco and automobiles, it is stated that Canadian wines and silk goods will also benefit to a certain extent. In the sugar preference an increase of about 25%, and in tobacco of from a fourth to sixth has been made.

By a recent Order-in-Council of the Lieutenant-Governor, premiums for clearing land, which had previously been set at \$3 an acre, were increased to \$8. The Order also provides that the premium will be paid for a maximum of twenty acres of land and, as a result of it, a settler may obtain a grant of \$160 from the Government as a reward for his work.

The annual invasion of Canada by anglers from the United States has commenced. F. N. Peet, secretary of the Izaak Walton League of Chicago, with other members of the League is catching salmon at Cains River, N.B., while a party of prominent newspapermen from New York is at Lake Archambault, in the Laurentians, in quest of the elusive trout. Mr. Peet holds the world championship for casting a fly.

Walter Lindley-Jones, editor and founder of the Mercantile Guardian, of London, Eng., and an authority upon commercial matters in general, recently passed through Canada on the last lap of a journey around the world, by Canadian Pacific steamships and trains. Mr. Lindley-Jones states that a terrific boom is due in China as soon as hostilities cease there and that Great Britain and Canada will be the chief beneficiaries.

A man reached the station platform just as the 5.15 was pulling out. A little burst of speed netted him fifty feet in overcoming the train's handicap, but the best he could do thereafter was to run a losing race. He quit at the end of the long platform and returned. "Miss your train, sir?" enquired the porter cheerfully. "No, my friend," he replied. "Oh, no! I was just chasing it out of the yard. You oughtn't to allow it around here. Don't you see the tracks it has left?"—From "Rail Life," by Alfred Price.

The Advocate \$2.00 Yr.

## How Teachers Federation Will Tour Canada

(1) One of the Great Lakes steamers which will convey the party from Port Williams to Port McNicholl.  
(2) The ferry boat "Motor Frisco" plying between Vancouver and Vancouver Island.  
(3) The Special Train which makes a record run across the entire country.

(4) An open observation car used on all trains passing through the Rocky Mountains.  
(5) A Lake Kootenay steamer.  
(6) An automobile awaiting to take passengers over the famous Banff-Windermere Highway.  
(7) Sight-seeing bus used at various interesting points of the trip.

Robert Louis Stevenson crossed the Pyrenees on a donkey. He even enjoyed the trip. Whatever physical discomforts he had to put up with were more than compensated for by the amount of knowledge he accumulated and by the deep pleasure he derived from coming into close contact with the beauties and wonders of nature. But the donkey, whatever his good points may be, is not now regarded as the most satisfactory means of transportation and we in Canada have a decided preference for the more comfortable and rapid conveyances depicted above.

The picture illustrates the general system by which the various points of the Dominion have become linked up with one another by Canadian Pacific steamers, trains and automobiles. It also shows the means by which Dean Laird's special party of school-teachers will make their educational trip across Canada, from coast to coast, leaving Toronto on July 20th, arriving at Vancouver July 27th, and returning to Toronto early in August. A special train, (No. 3 in the illustration) will be utilized, and reduced rates are being offered to teachers who desire, as it were, to complete their own education

by increasing their personal acquaintanceship with the country about which it is their duty to instruct the rising generation. Although the tour is arranged primarily for the benefit of school teachers, it is not restricted to them, and other professional and business people are taking advantage of the opportunity to make this combined pleasure and educational trip across the country.

The party will travel by rail, with several stop-overs, to Vancouver, and from there will cross to Vancouver Island by a Canadian Pacific ferry

boat (No. 2). From there by train they will proceed from Vancouver to Nelson, B.C., and thence via steamer (No. 5) over Lake Kootenay to Kootenay Landing, from where the automobiles (No. 6) will convey them over the famous Banff-Windermere Highway to Banff. Entailing once more, the party will go on to Edmonton, returning from there to Fort William, from which point they travel by one of the Canadian Pacific Great Lakes Steamers to Port McNicholl (No. 1) and complete the tour from there to Toronto by rail.

DRAWING THE NET MORE CLOSELY

Canadian courts are drawing the net more closely round the criminal. That is one conclusion to be drawn from criminal statistics issued by the Bureau of Statistics of the Canadian Government.

The statistics cover the year ended Sept. 30, 1924 and are a compilation of convictions and acquittals in the various provinces. They do not deal with the unsolved mysteries of crime, but with cases actually in court.

Expressed in percentages, convictions in indictable offences increased by seven per cent while acquittals decreased by six per cent.

Of the major crimes, there were 22 convictions for murder in the year ended Sept. 1924 as against 15 in the previous year. 1,558 convictions for burglary, house, warehouse and shop breaking as against 1,175 146 convictions for highway robbery exactly the same number as a year previous.

The tendency of Canadian courts to impose swift punishment—in this following the lead of British courts—is often cited as one explanation of the remarkable difference between the toll of crime in Canada and that in certain American cities. And in major offenses especially, has the tendency been noticeable. The Montreal bandits and their fate on the scaffold; the execution of the so-called "king of the bootleggers" in the Crow's Nest Pass case of the Rockies and a woman accomplice were cases in point.

In both cases the death sentence was imposed not only on the one who actually fired the fatal shot but also on the accomplice for Canadian law regards the accomplice to a murder, as being just as guilty as the murderer. The Code, too provides only one penalty for murder no matter in what part of Canada the crime may be committed, and that is the capital sentence. The sentence may be commuted by the Governor General acting on the advice of the Cabinet, but commutation is only granted in exceptional cases.

In Parliament, session after session, there are pleas for abolition of the death sentence. But while abolition has found much support, the argument for the death sentence has always been that it is a deterrent to crime. On the last occasion that capital punishment came before the House of Commons, a motion favoring abolition was defeated by 92 to 39.

WEDDINGS

SCOTT-NICHOLSON

A very pretty wedding of much interest was celebrated in St. James' Presbyterian Church, at seven o'clock Wednesday evening when Miss Annie Ritchie Nicholson younger daughter of Dr. Robert and Mrs. Nicholson of this town became the bride of Rev. Robert Hamilton Scott of Scotch Ridge, son of Mrs. Janet Scott of Bathurst. The church was simply but effectively decorated for the occasion in green ferns and potted plants, yellow daisies and golden glow, the scene being a most charming one as the bride, very sweet in a bridal gown of white georgette with wedding veil of tulle arranged in cap shape with wreath of orange blossoms and carrying a bouquet of bridal roses and sweet peas, walked down the aisle on the arm of her father to the strains of Lohengrin's wedding march. The bridesmaids who looked very pretty, were Misses Elizabeth Nicholson and Annie Bell the former in a gown of peach georgette with cut work trimmings and the latter wearing jade green georgette, embroidered in silver. Both wore coronets of silver leaves and silver shoes and stockings and carried Ophelia roses and sweet peas. The groom had for best man, Mr. Harold Frame, of Westville, N. S., a student at Pine Hill College. The guests were ushered to their seats by Mr. James Sargeant and Mr. Rudolph White of Bathurst. Mr. Sargeant played the wedding march and also played softly during the service. During the signing of the register Mr. D. J. Gulliver sang "O Perfect Love," which was followed by Mendelssohn's wedding march. Rev. L. H. MacLean performed the ceremony and the church was filled to capacity.

The bride's mother wore a gown of black and white crepe with large black velvet hat. The groom's mother was dressed in black satin with lace trimmings. Relatives and very intimate friends subsequently attended a reception held at the home of the bride's parents where dainty refreshments were served. The house was beautifully decorated the color scheme in the drawing room and dining room being pink and white, aster and snapdragon being used in the former room and sweet peas in the latter. The reception hall also looked very pretty trimmed with golden glow and ferns.

The young couple left by motor on a trip to the Bras d'Or Lakes, following which they will proceed to Scotch Ridge, N. B., where the young minister's charge is and where they will reside. The bride's going away costume was of navy broadcloth with hat to correspond and squirrel choker.

The beautiful and numerous gifts received testified to the popularity of both bride and groom. Mr. Scott graduated in June from Pine Hill College, Halifax and Mrs. Scott is a graduate of Halifax Ladies' College and of St. Luke's Hospital, New York.

Among the out-of-town guests at the wedding were Mrs. Janet Scott and Miss Mary Scott, mother and sister of the groom of Bathurst; Mr. and Mrs. Harold Hinton, Bathurst, and Miss Annie Dickison, of New York.

BARRY-McCARRON

Miss Edith Carmel McCarron, R. N., daughter of Mr. and Mrs. Matthew McCarron of Moncton, was united in marriage to John Patrick Barry, son of Mrs. Edward Barry, Chatham. The ceremony took place at eight o'clock Tuesday morning in St. Bernard's Church. Nuptial mass was celebrated by Rev. Father H. Barry, of Bartibogue, a brother of the groom, assisted by Rev. Father Edw. Savage. They were attended by Miss Kathleen McCarron, sister of the bride, and Herbert Barry, of Chatham.

The bride looked charming gowned in biscuit brown georgette and wearing a Gloria Swanson hat. She was given in marriage by her father. The bridesmaid wore a pine green, green gown and gray hat Mrs. J. W. McCarthy officiated at the occasion during the ceremony, at the conclusion of which the bridal party repaired to the home of the bride where a buffet luncheon was served. The house was prettily decorated with gladioli, sweet peas and ferns.

Mr. and Mrs. Barry left later in the morning for Brackley Beach, P. E. I. where they will spend their honeymoon.

Among the out-of-town guests...

Crisis Coming In Labor Trouble In Australia

Deportation of Two Leaders in Seamen's Strike is Demanded---Labor Men May Go on Strike---Australia a "White Country" Discussed at Banquet.

SYDNEY, Australia, Sept. 4. (Canadian Press, via Reuters).—Tom Walsh, President of the Australian Seamen's Union, and J. Johannes another leader of the strike of British seamen, appeared before the deportation board to show cause why they should not be deported, for their connection with the shipping trouble. Under a new amendment to the Immigration Act persons not of Australian birth may be deported for causing labor trouble. Proceedings were adjourned.

MELBOURNE, Sept. 4. (Canadian Press, via Reuters).—Hunter Charlton leader of the Labor party in the Federal parliament, has appealed to the trade unionists in Australia not to strike if deportation of certain labor leaders is ordered in connection with the present troubles, but to make their protest known by the results of the Federal elections, which he said, could not be long delayed. He added that if a labor government was returned, the iniquitous legislation providing for the deportation of persons not of Australian birth, who cause labor troubles, would be immediately repealed.

The Trades' Council has appointed its delegates to the All-Australian labor trades union congress at which it is expected, a nation-wide decision will be reached, regarding deportations of labor leaders.

SYDNEY, Australia, Sept. 4. (Canadian Press via Reuters).—Speeches at the dinner given last night by the New South Wales government, to

visiting members of the Empire Press Union, and presided over by the Governor, Admiral Sir Dudley Rawson Stratford, developed a discussion of the white Australia policy in which Cabinet Minister Loughlan, Lord Burnham and John H. Dafoe, Winnipeg, took part.

Hon. Mr. Loughlan opened the subject by explaining the policy on which Australia was unanimous. It was not based, he said, on any idea of racial superiority of the whites, but the well known dissimilarity of the whites and colored races in feeling, sentiment, and other respects, Australia recognized the need for more people, but it did not want by wholesale immigration to introduce slumdom and poverty into the country. She wanted to protect her standard of living, which, at least, was not excelled by any nation in the world. Moreover, the immigration question was inextricably mixed up with the land question. It was a mere statement of facts that in many parts of Australia the land was not at present put to its best use, and until the land was put to a better use than it was today there could be no immigration.

Lord Burnham thought nobody would dissent from the white Australia policy, but they understood by a white Australia an Australia fully peopled.

Mr. Dafoe congratulated Australia on its determination to remain a white democracy, moreover, in which no honest work would be considered derogatory to white men.

were Mr. and Mrs. Thomas Barry Boston, Mrs. Lozier, wife of Dr. Lozier, Mrs. Edward Barry, mother of the groom, Kathleen and Lillian Barry, Herbert Irving, of Chatham; Mrs. Guldrey of Campbellton, Mrs. George Kelly, of Hampton, Mr. George McWilliam and Helen McWilliam, of Newcastle, and the bride's grandmother, Mrs. R. Richards of Springfield. City guests included Mr. and Mrs. N. B. Arbing and Miss Claire Mackesey.

Jazz Music Described As Abomination

Toronto, Sept. 3.—Jazz music was described as an "abomination" by Colonel MacKenzie Regan, one of the Empire's greatest bandmasters, who spoke at the luncheon of directors of the Canadian National exhibition today.

Queen Mary does not like jazz, Col. Regan said, and soldiers in the trenches during the war always preferred good music to the "rag time bob-tail jazz."

Col. Regan told of having asked his band to play a "jazz" number during a ball for the Prince of Wales after Queen Mary had inquired concerning this music. "Afterwards the Queen said to me she never wanted to hear jazz again."

Colonel A. E. Gooderham, of the Toronto conservatory of music said that Eastern Canada was far behind in recognizing the value of cultural music, and regretted that "music had no part in the high school system, particularly in eastern Ontario.

KEATING'S KILLS... KILL-MOTHS

ALLEGED SWINDLER PAID \$200 ON CAR, THEN DISAPPEARED

The case, in which L. T. Hayes and Thomas G. Hines are facing charges of obtaining money under false pretences in connection with collecting fees for advertisements for a Catholic magazine which they said they would publish, took a new turn Thursday when the car in which they were riding about the country was turned over to the agent of a Bangor firm by Sheriff Doran.

Mr. Flag, representing the Henry Kimball Company, of Bangor, said that the car was bought from his firm a year ago by a Mr. Norton, who was in custody in Newcastle using the name of Hayes. A payment of \$200 was made on the car but Norton disappeared from Bangor a month later. The street address that he had given the company was fictitious. He had not been seen since that time. Mr. Flag is taking the car back to Bangor.

Telegrams were received from Rev. C. W. Parent, of Thbury, Ont. and Rev. M. J. Fallon, of Ridgeway, Ont. stating that Hayes and Hines had not published a book since soliciting business in those parishes.

When court opened Thursday afternoon, J. D. Creaghan was called. Mr. Creaghan would not swear as to the identity of Hayes, because of the small amount of money, \$15, concerned in the advertising transaction and due to the fact that he was otherwise occupied. He gave little attention to the accused other than refer him to the accountants. As far as the check which was returned because of Father Dixon's refusal to endorse it was concerned, he did not look at it but again referred the matter to the accountant. He would not swear therefore, as to whether the check shown in evidence was the one which the accused returned.

OBITUARY

MRS JANE BLACK

The death of Mrs Jane Black widow of the late Hugh Black occurred on Friday morning. Deceased who was 75 years of age has been in failing health for several months. In July she was removed to the Miramichi Hospital where her death took place. She is survived by three sons, Milton, Eugene, and William.

The funeral was held on Sunday afternoon. Services at the home and grave were conducted by Rev W. J. Bate. Interment was in the Miramichi cemetery.

MILL SAW BILLS

We have just printed a large quantity of Mill Saw Bills and can supply them to the different mills either singly or in quantities.

Long Hair

"Long hair will soon be in style again, though I cannot state approximately the date at which it will begin to be a general fashion," said J. M. Perron, of Toronto, secretary of the National Hairdressers' Association of Canada, speaking of proposed alterations in dressing of women's hair. "The change is taking place in England and France." It will be hard for the Canadian girls to grow used to the idea at first, and so they won't bother much about the kinds of ornament they will choose for their long locks, for some time yet. Among the wealthy people transformations will be very much worn. Having been abroad and having been in contact with people who know the profession thoroughly, I am safe in saying that in Canada we have as good hairdressers and workers as in any of the other countries. In Canadian hairdressing parlors, I have seen graduates from schools of England, Belgium, France and the United States.

## EXPLAINING LOSS OF SHENANDOAH

CALDWELL, Ohio, Sept. 4.—On gently sloping hillsides, some 12 miles apart, winds today whipped through flapping yards of torn silk, and twisted aluminum of the cracked Shenandoah, until yesterday, the pride of the United States navy.

What remains of the dirigible which met disaster in a thunder squall, near here, early yesterday morning, was being broken up by the wind, much the same as an ocean going ship, aground, is broken up by the waves.

Fourteen dead members of the crew, including Lieutenant Commander Zachary Lausdowne, lay in an improvised morgue in Belle Valley their faces uncovered to the view of the visiting hundreds.

Twenty-two of the survivors, are enroute to Lake Hearst, N. J., the report from whence the Shenandoah embarked Wednesday afternoon, for her voyage into the heart of the continent. Three of the officers and two of the crew spent last night in Caldwell, where they were joined by naval officers from Cincinnati, Cleveland and Pittsburg. Two injured members of the crew are in a Marietta hospital.

After last nightfall a guard was thrown around the approaches to the wreckage, in a belated effort to stem the tide of curious visitors, who had thronged the scenes by thousands from early yesterday through last

midnight. Nothing could have saved the dirigible in its battle with the storm, according to the consensus of all members of the crew. Neither was it any fault of the ship in their opinion. The disaster was the result of the most feared of storms to an aviator, a line squall, the result of the clash of hot and cold currents of air.

Lieut. Charles E. Rosendahl, who came into command of the crew after the death of Lieut. Commanders Lausdowne and Louis J. Hancock, declared that nothing could have saved the Shenandoah, and that human hands could not have fashioned a ship to live through the ordeal.

Commander J. H. Klein, executive officer of the Lakehurst naval air station, with two other officers of the United States navy were to hold inquests here and at Belle Valley, to determine the cause of death.

At the same time navy officials are at Marietta, aiding in the care of the injured, chief gunner Raymond Cole Lima, Ohio, and rigger John F. McCarthy, Freehold, N. J. whose injuries are believed to be not fatal.

Looting at the scene of disaster, which was so prevalent yesterday, was prevented today by a detail of 45 men and a number of officers from Port Hayes, Columbus, American Legion men; Salvation Army workers, local constables and the Noble county sheriff and his deputies were on the scene yesterday and today helping wherever they could. The Salvation Army ladies served coffee and sandwiches today, as the work of investigating the accident progressed.

## Social and Personals

Miss May Ryan of Bathurst spent the holiday in town.

Mr. Leale Allen of Moncton spent the week end in town.

Mrs. Arthur Petrie is visiting her son Earle in New Hampshire.

Mrs. Harry Allen left last week to join her husband in Detroit, Mich.

Mr. Weldon McCotm., of Chicoutimi, P. Q. is visiting his father Mr. John McCotm. Strathcona.

Mrs. J. Robinson Allison entertained last Tuesday evening in honor of Miss Ethel Allison.

Dr. J. A. M. Bell was in Halifax last week attending a Medical Convention.

Miss Alma Paulin left Monday for Antigonish, where she will enter Mount St. Bernard as an Art student.

Misses Edith Gulliver, Helen Torrey and Bertha Copp and Ritchie Anderson have entered Normal School.

Mr. Bert McLean, who has been spending his vacation at his home here returned to Toronto last week.

Miss Mary Quigley went to Tracadie last week, where she will be the guest of Mrs. J. Doucette.

Gordon Anslow, of Hartland, N. B. was in town Friday, enroute to his home in Campbellton.

Mr. and Mrs. Frank Wallace of Halifax are visiting the latter's mother, Mrs. Sarah Lawlor.

Mrs. W. F. Copp is spending some time in Fredericton, the guest of her son Mr. J. Harvey Ramsay, of the Dept. of Lands and Mines.

Mrs. O. Nicholson left Friday for Winnipeg, Manitoba, where she will be the guest of Mr. and Mrs. Hugh Tierceff.

Miss Peta Melby returned last week from a pleasant vacation spent with relatives and friends in Upper Canadian and American towns.

Mr. and Mrs. Kennedy of New Haven, Conn. accompanied by Mr. Robert Vaughan are in town the guests of Mr. and Mrs. R. H. Menley.

Mr. and Mrs. Burrell and family have been visiting Mr. and Mrs. R. Brown returned to their home in Three Rivers, P. Q. by motor on Sunday.

Mrs. A. M. M. Astle returned on Saturday from Wolfville, N. S. whither she had accompanied her daughter, Frances, who has entered Acadia Ladies' Seminary to take up studies there.

Rev. F. E. Bishop, who has been on a three week's vacation, during which he visited several places in N.B. and N.S. including Wolfville, where he attended the Maritime United Baptist Convention returned home Thursday evening to resume his pastoral work here.

## BEAVERBROOK, IRISH LEADERS ON CRUISE

LONDON, Sept. 1.—The Sheffield Mail this morning reports that Lord Beaverbrook left Kingston last Saturday with Rt. Hon. Timothy Healy and Premier Cosgrave aboard his yacht and their presence aboard is causing much speculation in political circles in view of the seemingly approaching crisis in Irish affairs.

Meanwhile, the boundary issue is wrapped in mystery and it is rumored that O'Higgins and Fitzgerald have gone to London from Dublin to try to obtain a settlement before the report of the Commission can be published. It is said that during a recent visit Col. Amery took up the matter in Dublin to see if it were not possible to bring about an eleven hour settlement between Irish Free State and Ulster representatives, thus avoiding the violent controversy that is bound to follow the publication of the report.

Premier Craig was recently in London

and discussed the whole matter there, but his plan for a meeting with the Irish Free State representatives was repudiated by Richard Best, the Attorney-General for Northern Ireland.

Wm. Ronan Jr. spent the week end in St. John.

Miss Annie Murphy spent the holiday in Chatham.

Miss Ferguson of Richibucto is visiting Mr. and Mrs. John Ferguson.

Miss Mary Ingram has returned from Tracadie.

Misses Margaret and May Coughlan left Saturday for Boston, Mass. where they will reside in future.

Jack Corbett, of Halifax, N. S. is spending his vacation at his home here.

Miss Bertha Ferguson returned Wednesday from a pleasant visit with friends in Moncton.

Mr. and Mrs. Wm. Stilkey, returned to their home in Augusta, Me. by motor on Friday.

Mrs. Charles Stothart and family who spent last week with friends in Bay du Vin, have returned home.

Mrs. Geo. Masson and little son, Francis, are spending a few days with relatives in town.

Mr. W. E. Russell, left Wednesday for Jasper Park, Alberta; to attend a convention of the Ontario Equitable Life Insurance Co. Ltd.

Mr. and Mrs. Andrew Forsythe and daughter Joan, returned last week from a delightful motor tour of the province.

Mr. Howard Bailey of Boston, is spending his vacation in Newcastle the guest of his uncle, Mr. A. A. Davidson, K. C.

Mr. Wm. Corbett, Sr. spent Tuesday and Wednesday in Campbellton, the guest of his daughter Mrs. H. R. Anslow.

Messrs. James O'Donnell, Charles Neilson, Wm. Stables and Charles Rae left Sunday by motor for St. John.

Mrs. N. Le Blanc returned to her home in Memramcook after spending a few days in town the guest of her daughter, Mrs. Pierce Ronan.

Mrs. Wilbur Loggie and little daughter, Irene, of Boston Mass. are visiting the former's mother, Mrs. Martin Murphy.

Mr. and Mrs. Harold Hinton of Bathurst were in town on Wednesday of last week for the Scott-Nicholson wedding.

Miss Annie Stewart returned on Saturday from a pleasant month's vacation spent with relatives in Portland, Me. and State of Mass.

Miss Clare Lawlor and her little niece, Nan McCabe, returned Saturday from a pleasant visit spent with relatives in Moncton.

Mr. Karl C. Bishop, teacher in the Fredericton High School, after spending two weeks at home returned to Fredericton last Monday. Mr. Bishop spent the week end at his home here, taking advantage of the holiday on Monday.

## Debt Question Easily Settled He Believes

Optimism prevails with minister of finance Caillaux as to his ability quickly to settle France's debt question with the United States. His approaching visit to the United States, to discuss with the debt funding commission plans for arranging terms by which France will be able to liquidate the claims against her, will cover a period of ten days. M. Caillaux is of the opinion that only nine days actually will be required and purposes to start back for France on the tenth day.

## Federal Election October 29th

Addressing his constituents of North York Saturday afternoon, Premier King declared his intention to appeal to the polls and announced that His Excellency the Governor-General had dissolved parliament, from 3 p. m. Saturday, and that October 29 was fixed for the date of polling. Many cabinet changes and Senate appointments were indicated by Hon. Mr. King.

Premier King announced also that Sir Henry Thornton's contract as president of the Canadian National Railways had been renewed for a further period.

In his speech, the Premier dealt at length with the record of his administration. He cited four reasons why he considered there should be an appeal to the polls—the necessity of dealing with the problems of transportation, immigration, fiscal questions, and the Senate.

## Summer Complaints Kill Little Ones

At the first sign of illness during the hot weather give the little ones Baby's Own Tablets or in a few hours he may be beyond aid. These Tablets will prevent summer complaints if given occasionally to the well child, and will promptly relieve these troubles if they come on suddenly. Baby's Own Tablets should always be kept in every home where there are young children. There is no other medicine as good and the mother has the guarantee of a government analyst that they are absolutely safe.

They are sold by all druggists or will be mailed on receipt of price, 25 cents per box, by the Dr. Williams Medicine Co., Brockville, Ont. A little booklet, "Care of the Baby in Health and Sickness," will be sent free to any mother on request.

## WHEN LAUGHTER KILLS

A man living in the midlands of England died recently of laughing at a comic film play. To most people the news that laughter has more than once endangered life will doubtless come as a surprise.

One of the earliest known instances concerned a famous Roman philosopher, Chrysippus, who died of an immoderate fit of laughter on seeing a donkey eating some figs intended for his own meal. "Give him a bumper of wine to wash them down!" the philosopher bade his attendant, and then died from excessive merriment.

There is also on record a well-authenticated story of a Greek artist who painted a portrait of an old woman, and was so amused by the leer he had given her features that he laughed continuously for twenty-two hours, after which he died from exhaustion.

Not long ago a woman went to the dentist's to have a tooth filled. "I wish we were all born without teeth!" she said, as she took her seat in the chair. "Well, aren't we?" inquired the dentist.

There was a ripple of laughter from his patient, followed by paroxysms of unrestrained mirth lasting nearly ten hours. In this instance the victim quickly recovered.

### Alice Discovers New Wonderland at Wembley

"The animals went into the Ark in case it should rain." "Long John Silver was also there."

"I know what we'll do," said Alice, "let's go to Wembley." "What do you want to go to Wembley for?" asked the Walrus, who was always asking foolish questions anyway.

"I want to see the sailing ships and sealing-wax and cabbages and kings," replied Alice.

"Ha, ha," laughed the Walrus, "you won't see any sealing-wax there, it's all at Madame Tussauds and I have my doubts about the cabbages, too."

"Well, I shall see lots of sailing ships and kings," said Alice starting to cry, for she was very fond of cabbages, "and, anyway, if you go to the Exhibition alone you won't be able to get in to Treasure Island as they don't admit adults unless they are escorted by children."

"Oh, all right," said the Walrus, who, being 182 years old, no longer regarded himself as a child and had secretly wanted to go to Treasure Island all the time.

So away they went. When they arrived at Treasure Island they found a real train—not a very big one, it is true, but nevertheless, the real train in the world—puffing like a grampus, at a little station labelled Banff, as if anxious to get on its way around Wonderland.

"Look," said Alice, "there's Peter Pan."

"That ain't Peter Pan," said the Walrus, whose education had been sadly neglected, "that's a Canadian Pacific engine."

"I don't care," answered Alice, starting to cry again, for, like all modern children, she hated to be contradicted by her elders, "it's called Peter Pan because it goes everywhere and never gets old or thresome."

This sly reference to his age effectively subdued the Walrus, who now relaxed into a comfortable position and didn't say another word until they were seated in a little train and slowly pulling out of Banff.

It would take too long to describe all the things they saw or all the wonderful people they met, but they had such an interesting time that Alice soon forgot all about her cabbages and sealing-wax.

There was Long John Silver, with his one eye and wooden leg and practical disposition; and there were Mother Goose, Sir Francis Drake, Robinson Crusoe and Man Friday, Humpty Dumpty, Little Bo Peep, Jack and Jill and all the other fairytale people Alice had read about but never met before. And they saw the animals going into the Ark which Noah had provided for them in case a rainy day should come along and wash off all their paint.

Of course, they saw lots of other things, too—the Rocky Mountains, for instance, and the Golden Hind.

"While we're about it," said Alice, when they had seen all there was to see at Treasure Island, "we might as well go in and see the Canadian Pacific Pavilion. Everybody goes there, you know."

So in they went, and saw all the good things to eat and wear and work with that they have in Canada. They were shown around the building by a big man in blue who had "C.P.R." on his epaulettes, and explained to them that the initials meant Canadian Pacific Railway, and that they had put up this building and more Treasure Island in order to let the boys and girls in England know what a fine country Canada is. But it presently began to get dark and Alice had to take the Walrus home and give him a bath before he went to bed.

"Well, that's that," remarked the Walrus, when they got outside.

"Of course, it is," replied Alice, "what else would it be?" "I mean it's all over now," grumbled the Walrus who had been annoyed because Alice had refused to allow him to go into the Ark with the other animals, "and you didn't see any sealing-wax or cabbages, and not many kings either."

"That's quite true," replied Alice patiently, "but I've found out a lot about Canada and I've had a jolly good time, so you may grouse as much as you like—I'm quite satisfied."

And so they went home, and the funny part of it is, Alice did not wake up—for she had not been dreaming at all.

### Dominion Wide Conference Of Boards Of Trade

The joint call sent out last month by the Presidents of the Vancouver, Winnipeg, Montreal, Halifax and Toronto Boards of Trade and Chambers of Commerce of the Dominion, suggesting an informal conference of representatives of these organizations to be held in the early fall for a discussion of Canadian economic problems with the view to devising some plan whereby the commercial interests throughout the Dominion may more closely co-ordinate in their solution, has met with a ready response.

Advices received by President Grundy of the Toronto Board of Trade indicate that every province will be well represented. The Boards of Trade in the Maritime Provinces held a preliminary meeting in July and appointed committees which are to report at a further meeting in Charlottetown early this month as to matters affecting the Maritime Provinces which are to be submitted to the national conference. It is expected the committee in charge of arrangements for the conference will shortly meet to determine the date and place of meeting.

### Good Crops In Canada

Optimism radiates from the latest Government reports concerning the crops of Canada which, it is stated will this year set a new record in agricultural development. In actual purchasing power, according to statements, the field crops of the Dominion will be worth \$1,000,000,000 more this year than any previous crop in history and \$3,000,000,000 more than last year. This means from the point of view of the statistician who makes his calculation on the basis of 600,000 agricultural families in Canada that each family will add about \$600 to the country's wealth more than last year. The reports in detail show an expectation from the wheat yield of about 375,000,000 bushels; oats 446,000,000 at \$223,000,000, while the income from barley will total about \$76,000,000. Last year the total value of the field crops was \$995,236,000; this year the price level is approximately the same as last but the production is one-third greater, giving an estimated value of \$1,318,000,000. This is several millions higher than the income from the crops of 1922 and 1923 when the price level was in line with that of today. The only contestant says the report, in similar valuation are the years 1918-19-20, when the price levels were notoriously high. In all three of these years the total value of the crops considerably exceeded the estimates of this year, but the actual purchasing power of the largest of the three 1919, was approximately \$100,000,000 smaller. Whether the increase reaches the expectation of the farmer and the exporter or falls something short of these figures, the fact remains that the outlook is good and that the importance of the production as a whole is cheering.

### Riding in Canadian Rockies: A Growing Summer Diversion

TRAIL RIDERS HONORING TOM WILSON

TRAIL RIDERS IN CANADIAN ROCKIES

TOM WILSON IN BRONZE

Lake O'Hara will be the scene of three events this summer. The organizations that will meet in this wild, romantic spot in the Canadian Rockies are: Mountaineering Club of British Columbia; Alpine Club of Canada's annual camp from July 27 to August 8, inclusive; and the Trail Riders of the Canadian Rockies on August 9th.

The special expedition to climb Mt. Logan, the highest peak in the Canadian Rockies, headed by Capt.

Albert H. MacCarthy, will return in time to report to the Alpine Club. Lake O'Hara has been painted by the late John Singer Sargent and by Carl Rungius and Richard M. Kimbel, the two latter are New York artists and members of the artist colony that summers at Banff. Lake O'Hara threatens to rival Lake Louise whose close neighbor it is.

The Alpine Club's main objective this year is to climb Mt. Goodsir, the highest peak visible from the Canadian Pacific Railway, and the ascent will be made from a sub-camp.

Last year's initial Pow-Wow of the Trail Riders of the Canadian Rockies was held in Yoho Valley near Field, B. C. Two days of trail riding and social gathering in a big lodge in the evenings were enjoyed by more than 200 members and novices, the latter qualifying for membership, one of the requirements of which is to have ridden fifty miles over Canadian Rockies' trail. Dr. Charles D. Walcott of the Smithsonian Institution at Washington, D. C., is the honorary president of the Trail Riders' order.

Several hundred trail riders are

expected to take part in this year's meeting, which will be held Aug. 8-10 inclusive. The start will be from Banff and Lake Louise by motor to Marble Canyon where the horses and guides will be in waiting for the three days' ride. Program is as follows: first night, tent camp on Goodsir Plateau, 6,500 feet above the valley; second night, tent camp on the shore of Lake O'Hara, rivalling Lake Louise in beauty, but of a wilder type; third night, Tipi Camp beside Lake Wapta and Pow-Wow held in Sun Dance Lodge. There will be a sing-song each night in camp.

Riders must bring either a sleeping-bag or two warm blankets. A change of underwear and warm coat or mackinaw for the hours around the camp fire, is all the equipment that is necessary. No grips will be accepted. One pack horse for each three riders. A word of caution, unless one is prepared to rough it he should not ride; but if one delights in the feel of a saddle and pony, he, or she, may be a Trail Rider.

The Rocky Mountains Guides' Association, an organization of all the guides in this territory, with headquarters at Banff, is looking after the arrangements for horses and guides.

Kill them all, and the germs too. 10c a packet at Druggists, Grocers and General Stores.

## Laws Governing Hunting In Province Of New Brunswick

With the month of September the  
game season opens for some  
animals and birds, the fifteenth in-  
stant being the opening date. Deer is  
the chief game animal which may  
be hunted after that date.

The summary of the game act is  
as follows:

**Moose**—Open season Oct. 1 to  
Nov. 30 both dates inclusive.  
**Deer**—Open season Sept. 15 to  
Nov. 30; both dates inclusive.  
**Cow moose** of any age and ca-  
moose under the age of three years  
—shooting prohibited at all times.  
No person shall kill or take more  
than one bull moose and two deer  
during any open season.

### Trapping Prohibited

**Moose and Deer**—Trapping or  
snaring or hunting with dogs, or in  
the night time, between one hour af-  
ter sunset and one hour before sun-  
rise, is prohibited.

**Caribou**—Hunting of, prohibited  
until Oct. 1, 1927.

**Beaver**—Hunting or trapping of  
prohibited until Nov. 1, 1927.

**Mink, otter, fisher and sable**—Open  
season, Nov. 1 to March 31.

**Foxes**—Open season Nov. 1 to last  
day of February.

**Muskrat**—Open season March 25  
to May 1 in the counties of West-  
morland, Albert, Saint John, Kings

Queens, Sunbury, York and Char-  
lotte; and from March 25 to May 25  
in the counties of Kent, Northumber-  
land, Gloucester, Restigouche, Mad-  
awaska, Victoria and Carleton.  
Shooting of muskrat prohibited at  
all times.

### Migratory Birds

The care and management of all  
migratory and shore birds is entirely  
in the hands of the Federal Gov-  
ernment.

**Partridge**—Open season for  
Oct. 20 to Nov. 10

The following open seasons are  
authorized by the Federal Govern-  
ment:

**Ducks, Geese, Brant; Coots; Gallinules and Ralls**—Sept. 15 to Dec. 31  
both dates inclusive.

**Black-Bellied Plover, Golden Plover, Greater Yellowlegs and Lesser Yellowlegs**—Aug. 15 to Nov. 30, both dates inclusive.

**Woodcock, Wilson or Jack Snipe**—  
Oct. 1 to Nov. 30 both dates in-  
clusive.

**Daily bag limit**—Ducks, 25; geese, 15; Brant 15; ralls 25; Black-bellied and Golden Plover, Greater and Lesser Yellowlegs, 15 of all kinds; Wilson Snipe 25; and Woodcock, 10.  
Shooting any game on Sunday or to any park or pleasure resort or game refuge is prohibited.

## To Begin Boring For Oil and Gas In P. E. Island

Interest has been revived in the  
oil and gas survey in Prince Edward  
Island by the fact that two experts,  
Messrs. R. E. Poinsett and Ross M.  
Stuntz, of the Henry L. Doherty com-  
pany of New York have arrived in  
the island and that the boring mach-  
inery has been ordered. There are  
three areas in the province of simi-  
lar geological strata in any one of  
which there are strong probabilities  
of oil or gas. Just in which area op-  
erations will be begun have not yet  
been divulged. The Doherty interests  
recently secured prospecting rights  
over large areas in Prince Edward  
Island.

## FISHERIES OFFICERS HAVE GUN FIGHT

Chatham World: Last week Fish-  
eries Officers Bell and Barry and as-  
sistants seized over one thousand  
lobster traps engaged in illicit fishing  
on the south shore. A few nights ago  
a Pt. Sapin automobile making in the  
direction of Richibucto containing a  
load of lobsters was spotted by Of-  
ficers Barry and Long who gave  
chase. On the car refusing to halt the  
officers opened fire which was re-  
turned by the occupants of the lob-  
ster car. One bullet, striking a stone  
on the road caused a splinter of the  
rock to strike Capt. Barry on the  
chin, giving him a severe wound. As  
the officers were gaining on the car  
the occupants started to throw boxes  
of lobsters out. The officers kept  
straight on, and finally the pursued  
car left the road plunging through a  
fence and field, followed by the of-  
ficers. On coming to the woods the  
culprits abandoned their auto and  
took to the tall timbers. The car was  
placed under seizure, with the load.  
The name of the owner has been as-  
certained, and proceedings will be  
taken. The charge will be a serious  
one.

## Tagged Salmon Travels From N. S. To Quebec

The Department of Marine and  
Fisheries has marked a considerable  
number of Atlantic salmon by at-  
taching silver tags to their dorsal  
fins, for the purpose of learning some  
thing regarding the movements of  
these fish.

A salmon that was marked and  
liberated off Burn's Point, Por-  
tland, Yarmouth County, N.S.,  
on June 11 last, was killed in the  
Moisis River, Que., in the early part  
of July.

If this fish took the most direct  
route, it traveled about 800 miles;  
but if it followed the larger inden-  
tations of the shoreline it travelled  
over 1,200 miles.

## Ambling Along With the Trail Riders

(1) Chief Buffalo Child Long Lance. (2) Lunch on the Wolverine Plateau. (3) One of the Guides. (4) On the Wolverine Plateau with Tumbling Glacier in the background. (5) Chief Louis Arbel with his Kootenay Indians.

The Official Ride of the Trail Riders of the Canadian Rockies, commenced  
this year on the morning of August 8th and ended at Wapta Camp on  
the night of the tenth. Over a hundred members participated. They rode across  
country between Marble Canyon, on the Banff-Windermere Highway, to the  
Bungalow Camp at Lake Wapta.

The Riders, among them a number of prominent society people, scientists  
and artists, all travelling on horse-back, blazed a new passage across the  
Wolverine Plateau. Six countries were represented: Canada, the United  
States, Australia, France, the West Indies and England. The artists, of  
whom there were six, made sketches of the virgin scenery along the route  
of the newly discovered trail.

Seven Indians were in the party, six being Kootenays under Chief Louis  
Arbel, while the seventh was Chief Buffalo Child Long Lance who gave a  
lecture on the Indian Races of Canada to the Canadian Club of Montreal  
during the winter, and is rapidly becoming famous as an authority upon  
Indian affairs.

The artists included Leonard Richmond, R.B.A.; and A. L. Leighton of  
England; Carl Rungius, Belmonte Brown and Richard M. Kimbal of New  
York; and B. Falasck of Chicago. Paris was represented by the Duc de  
Nemours, who recently purchased a ranch near Calgary.

This was the second annual Ride and Pow-wow of the organization. On  
the morning of August the eighth, motor cars conveyed the Riders from

Lake Louise and Banff to the point of departure on the Banff-Windermere  
Highway. There guides and horses were in readiness and the party im-  
mediately mounted and the Ride commenced. The trail led up Tumbling  
Creek, past Tumbling Glacier and on the Wolverine Plateau where lunch was  
served. The ride then proceeded along the Plateau with the Wolverine  
Plateau, Mount Helmet and the Washnawapta Icefield and Waterfalls on  
the left, giving the riders a view of the Ten Peaks on the right.

That night camp was pitched on the Goodair Plateau and before retiring  
the campers gathered around the fire for the usual sing-song, in the shadow  
of the cliff which rises sheer six thousand, five hundred feet above its valley.

On the second day the ride led down to Goodair Creek and up McArthur  
Creek, past Lake McArthur. That night was spent on the shores of Lake  
O'Hara, the camp there being placed at the disposal of the Trail Riders by  
the Alpine Club of Canada. The day ended again with a sing-song.

On the third day, August 10th, the final ride was made from Lake O'Hara  
to Wapta Lake, where the expedition was concluded with a Pow-wow, sing-  
song and pale-face dance at Tipi Camp. It is expected that another ride of a  
similar nature will take place next year as the undertaking impressed those  
who took part as one of the most enjoyable outings they have experienced.

Not only does the Ride provide an uncommonly pleasant holiday for sports-  
men from Canada and the United States, but it also serves the excellent  
purpose of making the scenery and the fishing and hunting facilities of the  
Rockies known abroad.

## Genuine BAYER ASPIRIN

Say "Bayer" - Insist!

Co., Limited  
Toronto, - - N.A.

**Local and General News**

**TAKE WARNING**  
Girls, be careful with your powder puffs. Dr. J. A. Murphy, of Des Moines, warns that they aggravate persons subject to hay fever and asthma.

**MOONLIGHT EXCURSION**  
A Moonlight Excursion on the Str. "Max Aitken" was held last Wednesday evening. There was a fair attendance and the sail on the Miramichi by moonlight was much enjoyed.

**MEMORIAL EXERCISES**  
On Friday, 11th inst., at 2 p. m. the opening of the Newcastle Composite High School will take place. Memorial Day Exercises will also be held on the Memorial Field where a program of sports will be carried out.

**DELIGHTFUL SAIL**  
The sail given last Wednesday afternoon to the citizens of Chatham on board the Str. "Max Aitken" was largely attended and much enjoyed. The trip to Red Bank is a delightful one and is becoming more popular each year.

**BONAR LAW MEMORIAL**  
The unveiling of the cairn to the memory of the late Right Hon. Bonar Law, Prime Minister of Great Britain, will take place at his birthplace, Rexton, Kent County on September 17th at three o'clock p. m. Mr. Richard Law a son of the deceased statesman will unveil the memorial. A large number of invitations have been issued for the ceremony.

**MEMORIAL DAY**  
Friday, 11th inst is Memorial Day in the Soldiers' Memorial field. Suitable memorial exercises will be conducted; the Newcastle Composite High School will be opened officially; a baseball game between Richibucto and Newcastle will be played and other field sports will be held. Plan to be in attendance and make the day a success.

**SUCCESSFUL COMPETITION**  
Mr. W. E. Russell the popular local representative of the Ontario Equitable Life Insurance Co. Ltd. has had the fortune of being one of the successful competitors for the free trip offered by the company to the agent, who secured the largest amount of business from Sept. 1st, 1924 to Sept. 1st, 1925. In consequence Mr. Russell is now enroute to Jasper Park, Alberta, to attend a convention of the Insurance Company.

**MISSIONARY SOCIETY FORMED**  
The Ladies of the Continuing Presbyterian Church of Redbank and Whitney met at the home of Mrs. Allan Tozer on Aug. 6th. and organized a Ladies' Missionary Society in the interests of the Presbyterian Church.

The officers elected for the coming year were Mrs. Wm. MacTavish, Pres; Mrs. Elizabeth Machett, Vice-Pres; Mrs. Allan Tozer, Tres; Mrs. Henry Matchett Sect; Mrs. Daniel Mullin, Cor-Sect.

All the Ladies who are interested in the Presbyterian Church are kindly invited to attend the next meeting which is to be held at Mrs. Wm. Newlan's on 1st. day of Oct.  
Cor-Sect.

**BUY AT HOME**

**LABOR DAY**  
Yesterday was Labor Day and observed as a public holiday. Many took advantage of the holiday to enjoy a day in the country, while others enjoyed motoring.

**PICNIC**  
The Orangemen of Douglastown held a delightful picnic yesterday at which there was a large attendance and a most enjoyable time was spent by those in attendance.

**BASEBALL**  
Bathurst defeated Chatham yesterday in Nelson by a score of 17-3, thus eliminating Chatham from the provincial championship play-off series.

**APPLE BLOSSOMS**  
On Friday of last week we received by mail from Mr. Joseph W. Sutherland, of Cassilis, an apple blossom in full bloom. Mr. Sutherland said he plucked it from a tree in his orchard which was laden with blossoms.

**Nearing A Breakdown**  
A Condition That Calls For a Reliable Tonic.

Many women give so much of their time to the cares of their household that they neglect their own health and sometimes reach the verge of a breakdown before they realize that their health is shattered. Often the heart palpitates violently at slight exertion, the stomach fails to digest food and discomfort follows. The nerves become weak and headaches grow more frequent. The body grows weak and they are always depressed. This condition requires immediate treatment with such a reliable tonic as Dr. Williams' Pink Pills which enrich and build up the blood, carrying renewed energy to every part of the body. The value of Dr. Williams' Pink Pills in a rundown condition is proved by the following statement from Mrs. Alex. McInnes, Bowman River, Man., who says:—"About a year ago I had a serious illness which left me very anaemic. I was not able to get around to do my work; in fact I could scarcely walk. I was troubled with palpitation of the heart with the least exertion. One day a friend advised me to try Dr. Williams' Pink Pills as they had done her much good. I followed this advice and took the pills for some weeks when I felt as well as ever. I have since been able to attend to all my household duties. The dizziness and palpitation have left me and I bless the day I tried Dr. Williams' Pink Pills. They are just the medicine for those who are weak and rundown."

You can get these pills from any medicine dealer, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**CANADIAN CHURCHES ATTACKED**

Canadian churches are fast becoming effete because of their bigotry and ignorance, is the opinion of Dr. W. S. Ramsford, former Toronto minister, now of Connecticut. "You have had a union of three churches," Dr. Ramsford said, "and I see the head of the United Church is reported to have said: 'Now that we are united we shall be able to strengthen the Sunday blue sky law.' That is not christianity—it is the subjection of christian principles to tradition and legalism. That is the sort of downright bigotry which is driving young people from the church today."

Dr. Ramsford was at one time assistant of St. James cathedral, Toronto.

**BATHURST FORFEITS TO CHATHAM TEAM**

Chatham, Sept. 2—The first game between Chatham and Bathurst in the Provincial baseball championship semi-finals was forfeited to the local Wednesday night when Bathurst retired from the field following an inquiry to their catcher, Lawlor. The visitors had completed their half of the first inning and while the locals were at bat for their half, Lawlor's hand was injured by a pitched ball. As the visiting team did not have an extra catcher they were forced to forfeit the game. The second game of the series will be played in Bathurst on Friday. Should the locals win they will earn the right to meet the winner of the Water Dept.-Sussex-Moncton series.

**GIVES FULL PLAY TO SUSPICIONS IN WILL**

The unhappiest man in the world was apparently an Englishman who died recently. Not many poor men would have been willing to change places with him if they could have read the will which he wrote to dispose of his property. This is the document which proves that it takes more than wealth to bring happiness.

"To my wife I leave her admirers and the knowledge that I wasn't the fool she thought I was. To my son I leave the pleasure of earning his living. For thirty years he thought the pleasure was mine. He was mistaken. To my daughter I leave \$50,000. She will need it. The only good piece of business her husband ever did was to marry her. To my valet I leave the clothes he has been stealing from me regularly during the past 10 years. To my chauffeur I leave my cars. He has almost ruined them and I want him to finish the job. To my partner I leave the suggestion that he take some other clever man in with him at once if he expects to do business."
